

INCREASES DIVORCES FILED SHOWN

By United Press.
 Nevada's act in making residential requirement for divorce seekers resulted in a tremendous increase in divorces filed in that state in 1931, and in the 12 months ending May 1, 1932, approximately 5,200 suits were filed.

A similar increase in divorces filed in Nevada in the preceding year is also reported because court houses are not kept open on a May 1 basis and are not segregated by counties. An increase in divorces was also reported, however, by a similar increase in 1930, the last period during which the actual requirement was three months.

2,118 Divorces
 In 1930, with three months as minimum time of residence, the number of divorces filed in Nevada was 2,118. In 1931, the number filed under the new residential requirement was 5,200. The increase in divorces was due to the change in the law, which always has been a profitable business, held its own from 1931 to May, 1932, but far behind in percentage as compared to other states.

Washoe County issued 800 marriage licenses, more than the number of divorces granted in a similar period. In 1931, 12 months since the "six month" law became effective, 5,200 divorces were issued, less than the number of suits filed.

Good Revenue
 Divorces alone, the revenue from divorces was in excess of \$300,000. The marriage license fee of \$2 a change in comparison with the 12-month period, states as to the expenditure of divorce seekers and honey-moons is difficult because one must spend \$100 per day and an average for board and rooming. The expenditures of divorce seekers are estimated at \$100 per year, and some believe that is conservative.

BEST WORLD WAR VET
 PASO—Albert E. Lawrence, resident at William Beaumont hospital, claims the distinction of Uncle Sam's youngest World War veteran. Lawrence joined the army when he was 14 at McAlester. He gave his age as 18, born Sept. 10, 1903.

Baby on 3400-Mile Box Car Trip

When his job fizzled out in San Francisco and he couldn't find another, Charles Hyatt decided he'd go back to the paternal roof at Uniontown, Pa., with his girl wife, Reva, and their baby, Charles, Jr., 8 months old. Broke, they started across country in box cars when they could get 'em. Here they are at Cincinnati on the last lap of their 3400-mile journey after 37 days on the road in freight cars and hiking.

Route of First White Settler in Texas Is Traced

By United Press.
 Cabeza de Vaca, first white settler of Texas, has been traced across the state by Geologist Robert T. Hill of Dallas, Texas, solely by applying geographical conditions to the Spanish adventurer's account of his early travels.

Dr. Hill not only has been able to mark out the route by references to the country contained in the Spanish explorer's report of his journey, but has followed it on the ground, verifying landmarks.

Part of Dr. Hill's conclusion is that Captain de Vaca, after leaving the Texas gulf coast, where he lived among the Indians for six years, traveled as far west as Bisbee, Ariz.

End of G. A. R. Is Forecast Within Next Five Years

By United Press.
 PHILADELPHIA.—Within another five years the Grand Army of the Republic will have ceased to exist as an organization.

This was the opinion expressed by Samuel P. Town, national commander in chief, as he sat in the Pennsylvania state headquarters in the city hall preparing notices for the annual encampment at Springfield, Ill., next September.

"The oldest member of the G. A. R. whom I know is William H. R. Neal, of Philadelphia," he said. "He is 96 and was in business until last January."

In the prime of the G. A. R. Town declared, the membership numbered 500,000 but now the total membership is less than 15,000.

SPEAKING OF SPORTS

National League Leads With Rookie Players

During the first month of the major league baseball season less than two dozen of the 169 recruits tried out by the 16 teams showed indications of becoming regulars.

Several of the outstanding youngsters began to weaken under the pace as early as the first few games of the season, and soon had to be benched. Among this group were Jack Saltzger, Yankees' second baseman; Len Koenecke, Giants' left fielder; Harold Anderson, White Sox center fielder, and Al Cohen, Brooklyn left fielder.

Three of the brightest prospects after receiving tests under fire were pitchers—Monte Weaver, Washington, Hal Schumacher, Giants, and Bob Brown, Braves. Weaver beat the Athletics twice. Schumacher pitched a two-hit game in his first start. Brown won his first game impressively.

The National league probably picked up the best crop of rookies, having about a dozen players who seemed likely to hold regular jobs throughout the season.

The following rookies made the best showings during the first month of the season:

National League.
 Boston—Pitcher Bob Brown, Shortstop Urbanski, and Third Baseman Fritz Knothe.
 Chicago—Second Baseman Billy Herman and Third Baseman Stanley Hack.
 Philadelphia—Pitcher Ed Holley and Outfielder George Davis.
 Cincinnati—Infielder Joe Morysey.

Brooklyn—Pitcher Van Mungo, Pittsburgh—Second Baseman Tony Piet.
 New York—Pitcher Hal Schumacher.
 St. Louis—Pitcher Tex Carleton.

American League.
 Washington—Pitcher Monte Weaver.
 Chicago—Third Baseman Carey Selph.
 New York—Third Baseman Frank Crosetti.

Detroit—First Baseman Harry Davis, Third Baseman Bill Rhoad, and Pitcher Whitlow Wyatt.
 Cleveland, Philadelphia, Boston and St. Louis—None.

AUTO ACCIDENT PEAK HOURS

By United Press.
 HARRISBURG, Pa.—Peak hours for auto accidents in Pennsylvania are between 4 p. m. and 8 p. m. on Saturday and Sunday, according to the State Bureau of Motor Vehicles. During the first three months of 1932, there were 9,898 accidents reported within the two time periods.

Pippin Princess Of West Virginia

Miss Mary Jane Youell of Hinton, W. Va., a junior at New River State College, Montgomery, will be "Princess West Virginia" at the annual Shenandoah Valley apple blossom festival in Winchester, Va., May 20. The apple princess was selected by Governor William G. Conley, who knows a peach when he sees one.

Animals Are Only Witnesses Of Murder Of Carnival Couple

CONROE, Texas.—Trial of Darel Kendall, 22-year-old Mississippian, for a crime which was witnessed only by a parrot, several monkeys, a raccoon and a wildcat, will be held here May 24.

J. T. Brownlee, 60, owner of the Brownlee Mobile Minstrels, and Martha Smith, were found beaten to death in a tent at New Caney last Dec. 10. The man had been robbed of nearly \$1,000. The killer had used a tent stake which lay nearby, and the animals, all half-starved, peered from a row of cages near the bodies.

Kendall, who had been employed by Brownlee as a moving picture operator, was arrested several days later at his Woodland, Miss., home. He had several hundred dollars in his possession.

For a time authorities hoped to obtain information from the parrot, an aged and talkative bird, Hans Nagel, parrot expert, was summoned from Houston, but he failed to make the bird contribute anything but gibberish.

Unable to furnish bond, Kendall has remained in the Montgomery county jail. He has declined to make a statement concerning the double killing.

The trial will be before District Judge S. A. McCall. County Attorney A. A. Turner will conduct the prosecution.

One Car Out Of Every Five Has Unsafe Casings

"One car out of every five on the road today is running on smooth worn tires, unsafe for present day driving conditions, according to local Firestone dealers.

"Motorists are content to go along with unsafe tire equipment only because they do not realize the danger of injury to their families and themselves that they are risking. We find it very difficult to make car owners understand just how fast they really do travel. Most car owners do not have any conception of what speed means in distance covered. Few know that at 60 miles per hour a car travels 88 feet per second, and any car can come to brief in 88 feet, with oncoming traffic, curbs or ditches. Failure of any tire and particularly a front tire means trouble."

"Firestone dealers are presenting these facts to car owners in a special mailing of Firestone dealer co-operative catalogs to 20 million car owners. This is the largest mailing of its kind in history. The Firestone dealer co-operative catalog shows important construction features and the new low price levels. Any car owner who has not received a copy may secure one at Lemley or Texas Service stations, Ranger.

"Right now we are conducting our own safety campaign. Every motorist that comes into our store receives a free tire examination and we can point out whether or not his tires are safe. Anyone who isn't sure about his tires can take advantage of our service. If we can save future troubles we'll be glad to do so."

Lumber Business Shows Improvement

AUSTIN.—For the third consecutive month, there has been an increase in output at lumber mills whose reports are summarized by the University of Texas Bureau of Business Research. While the usual seasonal tendency is for a slight increase in production from March to April, average weekly production per unit in April this year amounted to 191,240 feet, a gain of 12 per cent over the previous month.

Average weekly shipments per unit also gained during April. At 209,823 feet, average weekly shipments per unit increased 3.8 per cent over those for the previous month and exceeded average weekly output by approximately 10,000 feet.

Unfilled orders at southern pine mills have been gradually declining since the week ending March 26 when the peak for the year so far, 598,657 feet, was reached. At the end of April, bookings were only 499,800 feet, a decline of 12 per cent from those at the end of March.

Jobless Study In Idle Hours

LONDON.—Learn while you do not earn, is the new slogan for unemployed here.

An experiment started by Morley College for Working Men and Women provide free classes for the jobless in a large variety of subjects. Experienced teachers have offered their services voluntarily.

Subjects range from gymnastics and Greek dancing to psychology and Soviet Russia. Choir and community singing, play reading, modern literature, public speaking, the art of the cinema, gardening, wireless science, biology and heredity, first aid and hygiene, the industrial and financial crisis and current events are some of the subjects offered.

In the lecture classes, the courses are being so arranged that each day's lecture will be complete in itself and will be worth while even if the unemployed student can only attend for a short period of time.

What is the PRICE OF BEAUTY?

Without health there can be little natural beauty. The wise woman knows that the condition of her body shows itself on her face, her complexion, and in her eyes.

She takes care to avoid constipation. This treacherous ailment frequently causes headaches, sallow skin, pimples, premature aging.

Try the pleasant "oereal way" to protect yourself from constipation. Science has proved that Kellogg's ALL-BRAN provides "bulk" to exercise the intestines, and Vitamin B to tone the intestinal tract. ALL-BRAN also furnishes iron, which helps build up the blood.

The "bulk" in this delicious cereal is much like that of lettuce. How much safer than abusing your system with pills and drugs—so often habit-forming!

Two tablespoons daily will correct most types of constipation. ALL-BRAN is not habit-forming. If your intestinal trouble is not relieved this way, see your doctor.

Get the red-and-green package at your grocer's. Made by Kellogg in Battle Creek.

Resisting Corpse Frees a Man

By United Press. LHOUCN CITY, Miss.—Like a character from fiction, Roy Ed Smith has emerged from the past to return here and in the process murder a man, whose name never has been recorded. Despite valiant efforts of police and Smith, no corpus delicti could be found and authorities refused to hold him.

The Thirst for Knowledge

THE THIRST FOR KNOWLEDGE

The Newfangles (Mon 'n Pop)

By Cowan. 'I'm grateful to you,' said the older man stiffly. 'I know I can trust you. That's why it seemed a good idea to have you take her to that party. But if they met and if nothing happened why then—' He raised his brows inquiringly.

the MAN HUNTERS BY MABEL McELLIOTT

It's nothing except that she seemed a bit excited as we drove home," he said lamely. Heath laughed aloud, relieved. "Is that all? Well, I can see nothing in that. Any girl might be excited coming home from a big party. No, no, you're getting to be an old woman. He clapped the other affectionately on the shoulder. "I appreciate your solicitude, old chap, but honestly, I think it was pretty much wasted. Your imagination was working overtime."

FRECKLES and HIS FRIENDS—By Blosser

WOULD YOU SPEND A FEW CENTS TO Save Several Dollars?

Any one would spend a few cents to save a dollar. And that is exactly what you do again and again, when you buy this paper and read its advertisements and act on their advice.

A single fortunate purchase saves you more than the price of a year's subscription. And buys you better things—for the table, for the house, for yourself. Smarter clothes, extra convenience, increased comfort. All sorts of new satisfactions.

Form the good habit of reading the advertisements with care. The news they contain is valuable and practical. News that's good. News that means better living.

IMPORTANT When you ask for a product by name, as a result of advertising, do not accept a substitute—substitutes are offered not as a service to you, but for other reasons.
