Attended O. E. S. Golden Jubilee.

The Order of the Eastern Star golden jubilee, which has engaged the attention of Fort Worth this week had a gorgeous setting at the First Baptist church for convention, attended by hundreds of members and visitors.

Several social affairs were given in honor of the various groups, the Texas furnishing the settings for three luncheons for sections of the Eastern Star, and several inner organizations being feted with luncheons and teas.

Gorgeous gifts were presented deputies and other officers, and green and gold obtained in all affairs, in color note. A climax was reached in the tea in the new Masonic temple, given Wednesday by the Fort Worth matrons' committee, assisted by junior matron, and patron's committee, and honoring grand officers, deputies, and visitors to jubilee.

The convention closed on Thursday night, with installation ceremony held at 8 o'clock.

One important feature was the question of changing requirements for entrance into the Eastern Star home at Arlington, the resolution recommending that five years' affiliation with Texas chapter be required before admittance was to be voted on Thursday afternoon.

A wonderful memorial service was held in the darkened auditorium of First Baptist church by Mrs. Elizabeth Lillie, grand chaplain, on Thursday night.

Eastland O. E. S. members who left Tuesday for the convention included Mmes. James A. Beard, D. J. Finney, Kahrs, who joined Mrs. W. J. Thomas, worthy matron of the Eastland O. E. S.,

Visiting Pastor First Christian Church.

Announcement is made that Rev. C. W. Lipey of Randolph college, will preach both morning and evening sermons at the First Christian church this Sunday.

The morning subject is "The Touch of the Dead," and the evening subject, "A Satisfied God."

The public cordially invited to both services.

Civic Parade.

All those participating in the civic parade, tomorrow morning, are asked by the chairman, Mrs. W. A. Martin, to be promptly at the First Christian church, 9:30 a. m., ready for formation, of high school, pep squad, Camp Fire Girls, Boy Scout troop, club clubs, rhythm bands, stunt performers, and the Spencer kindergarten.

Ghost House.

The long expected play, announced for the benefit of charity by the Parent-Teacher association of the South Ward school, is now on its way to production, under the expert direction of Miss Mary Alice Kelahan, from a dramatic house in Kansas City.

Realizing the need for quick funds for alleviation of distressing conditions among a large number of children, who should be attending school, the president of the association, Mrs. J. M. Armstrong, and her committees are working hard to place this undertaking before the public in such a way that those giving towards this charitable enterprise will receive a pleasant evening in return for their gift.

So "Ghost House" will be presented by amateur talent, on Thursday and Friday night of next week, in high school auditorium.

This mystery-comedy in three acts, has three interior scenes, the first two in living-room of the Brown home, and third act in basement of home.

Action takes place on a rainy March evening when will of the late Mr. Brown is read. Action is furnished by the eccentric house maid, a colored cook, the Widow Brown; her niece; a nephew; the butler, the attorney, a sister-in-law, and her hen-pecked husband; an enterprising newspaper reporter, a police inspector and a mysterious stranger.

Between acts will be given specialties in song and dance, a clever costume act, and a chorus by 14 leading young girls of Eastland.

The play is specially costumed and promises to be one of the most snappy amateur performances of Eastland's many successful home talent plays.

West Ward School Carnival Saturday Night.

Of the many brilliant carnivals given by the West Ward school, that set for Saturday night promises to be the most outstanding.

The old Charlotte hotel is in course of transformation by committees in charge from the Parent-Teacher association of the West Ward, who are arranging the eerie attractions, decorating gay booths, covering the walls with bright fabrics, and planning for a joyous evening of merriment with extensive arrangements for taking care of the large attendance anticipated.

All sorts of booths will be in charge of committee women, and there will also be the witch and her prophecies, the fishing pond, the toy sale booth, and other outstanding projects peculiar to Halloween.

General chairman of the carnival, Mrs. Don Parker, and her committee members, are executing brilliant and splendid plans for this outstanding event in West Ward school life.

The carnival will present on their program of amusements a famous Russian ballet dancer, Rosetteski Jazovitch under direction of manager, Olga Prepenki. This feature will be given at 7:30 p. m. sharp, and should not be missed.

Nominations for the king and queen of the school carnival will close promptly at 9 p. m., Saturday, and coronation at 10 p. m., in carnival building.

Candidates for these honors are Polly Uitz, Laure Lee Herring, Beatrice Jones, Frances Crowell, Matin Jean Lister, Julia Parker, Melba Beth Wood, and Bob Harrison, Homer Meeke, Glen Tabellman, Cy Dingle, Barney Smith, Leon Hale, and Wendell Hunter.

Send in your penny vote for your favorite, Halloween carnival, 6 to 11 p. m., Charlotte hotel building.

The crowning of the king and queen will be the supreme effort of the evening, and will finish a beautiful pageant.

The coronation committee, Mmes. Joe C. Stephen, Virgil Seaberry, Wood, Butler and A. F. Taylor, are uniting in making this a gorgeous spectacle.

The coronation takes place sharp at 10 p. m. The Parent-Teacher association will provide the coronation robe, crown and scepter.

Send in your vote for your favorite for king or queen, candidates are for queen, Billie Sue Bender, Helen Virginia Pratley, Mari Helen Armstrong, Dorothy Pratley, and Katherine Carter.

For king, Howard Wellman, Bruce Pipkin, Leon Randolph, Virgil Seaberry, and Mickie Martin.

Open 6 to 11 p. m., Saturday.

Happy Birthday Party.

Mrs. W. A. Beavers, 413 South Seaman street, entertained for her little daughter, Dorothy Beavers, on a recent happy occasion, honoring the little girl's fifth birthday.

Halloween games on the lawn with contest gifts awarded Merle Hodges Deck, who received a whistle, and Donald Berry, made happy with a horn, were the diversions.

The party was a surprise to little Dorothy, who, upon returning from the Coppell theatre matinee, found the happy group awaiting her, who marched into the living-room, as Dorothy was turning on the radio, when Nita Jean McNeese and Lawrence Berry presented her with a beautiful birthday cake, white loaf, and topped with lighted rose tapers.

Many pretty gifts were presented the honoree. Mrs. Beavers was (Continued on Page Eight)

A BIBLE THOUGHT FOR TODAY

GREAT POWER FROM GOD: Behold, I give unto you power to tread on serpents and scorpions, and over all the power of an enemy; and nothing shall by any means hurt you.—Luke 10: 19.

NEWTON D. BAKER PREDICTS A SWEEPING VICTORY

Newton D. Baker was one of the master minds of the Wilson cabinet. He is one of the able men of America noted for his achievements in his chosen field. He issued a statement predicting a huge democratic majority in Ohio. He roundly condemned industrial heads who give political advice to employes. His words: "I think there ought to be federal and state laws prohibiting the heads of industries giving political advice to employes." Speaking of conditions in Ohio covering industry as well as agriculture he said, "The industry of Ohio is profoundly depressed, agriculture is depressed, people in both industry and agriculture in Ohio want a change." He made the sweeping declaration that President Hoover had not changed a single democrat into a republican voter by his Cleveland speech. He laughed at the assertion of Ogden Mills, "that national credit would suffer through a democratic victory," and placed this in the record for the historians. "Only two administrations in history are likely to be remembered. I refer to those of Wilson and Cleveland. They were both democratic administrations. And also that of Theodore Roosevelt—but he left the republican party when he became a liberal." This is the hour of political claimants. Hoover leaders predict a clean sweep for their ticket with a large popular majority in total vote and safe majority in the electoral college. As the chicken dealer remarked to a buyer, "You pays your money and you takes your choice."

WHERE THE FARMERS FEED THEMSELVES

Over one million cans of food are on the pantry shelves of Tarrant county farmers, placed there by their wives who have during the summer converted fresh garden vegetables into a preserved state which will serve them until next spring. Tarrant is only one of the 251 counties, and it is said that hundreds of millions of containers containing food supplies from the orchards and the gardens and the pens and poultry yards of Texas are found on the shelves of farmers the state over.

TO THE DEMOCRATIC VOTERS OF THE 107TH DISTRICT.
 I wish to call your attention to the fact that the Democratic National Campaign Committee for Texas is especially urging every Democrat to do his part toward raising the necessary funds for carrying on the national campaign. I believe we have the strongest national ticket we have had in many years, and we have been especially honored by having the name of our distinguished citizen, Hon. John N. Garner, placed on the ticket as nominee for vice president. We should therefore exert ourselves to the utmost to see that Texas does her share and does not fall down on her quota. The time is short, so let us act now. Mail your remittance to the Democratic National Campaign for Texas, Austin, Texas, or see your county chairman at once, and urge your friends to do likewise. We must have a change in the national administration and this can only be accomplished by concerted action on the part of all loyal Democrats.

Sincerely yours,
Cecil A. Lotief,
 Democratic Nominee for Representative of the 107th District of Texas.—(Adv.)

PEEPING THRU THE KNOTHOLE with BILL MAYES

Ho, hum. The Cisco Lobes lost another court battle and are "definitely" out of the Oil Belt for the third or fourth time. It is like that old poem about the train that jumped the track so often that the conductor finally wired in his report: "Off again. On again. Gone again. Finnegan." The latest is the court of civil appeals at Eastland has refused an injunction asked by Cisco attorneys making it mandatory that the Lobes be vacated on the Oil Belt schedule. Now what will be the next step?

"Gripping" Gus Coleman, erstwhile Ranger and Eastland scribe but now of Breckenridge, says, "The winner of the game Friday between Eastland and Breckenridge will be the 1932 district champion team." And Gus goes on to say, "This prophecy is made after careful consideration of all that Proxy Anderson and Bill Mayes and Bruce Francis and Joe Carroll and Jake Sandefor and Cap Curry and Peck Williams and practically all the noted sports experts have said."

The readers of this column, if any, will remember that we have frequently mentioned that we are not predicting any predictions until after games are over. In other words we have developed into a first class second-guesser.

We did make one prediction. Proxy Anderson mentioned it today. He said "That J. L. Jones boy of Ranger is getting so many press notices that his will be one of the names heard when all-state chatter begins. Bill Mayes of Cisco said a lot of nice things about him before the season started and the Corporal has made Bill look smart."

We weren't smart. We just knew J. L.

And, speaking of predictions reminds us that we had just about decided to come out today and predict a victory for the Texas Rangers over the San Angelo Junior College team for tomorrow when H. S. Von Roeder informed us late yesterday that there was no San Angelo Junior College team. That shows how smart we are.

Instead a game has been scheduled between McMurry college and the Texas Rangers, which is quite another thing and one on which we do not feel inclined to predict, except to say that the Rangers will either win or will do their best to take on their older, larger and more experienced opponents. We do not have a record of the games won or lost this year by McMurry, but they are in the same conference with Daniel Baker college and Daniel Baker has played State university and T. C. U. and St. Edwards, while McMurry has played but a few games to date, according to their schedule.

Taking on a senior college the Rangers are going up against a much better team than the Rams would have been and the fans of this section are scheduled to see a much better game than they would have with the original schedule for Saturday.

The price of the game is to remain the same as it was in the two junior college teams were scheduled and all tickets sold for the game will be honored when McMurry and Ranger Junior College clash at Lillard field.

Put more SUNSHINE days on your calendar

How many days in the month do you feel your best? You can add to these sunshine days by simply obeying nature's laws.

The first of these laws is regular elimination. Avoid common constipation by eating a delicious cereal.

Tests show Kellogg's ALL-BRAN furnishes "bulk" to exercise the intestines, and vitamin B to help aid regularity. ALL-BRAN also contains twice the iron of an equal weight of beef liver.

The "bulk" in ALL-BRAN is much like that in leafy vegetables. How much more pleasant than pills and drugs—so often habit-forming.

Serve as a cereal or use in cooking. Directions on the red-and-green package. At all grocers. Made by Kellogg in Battle Creek.

HAVE YOU OLDEST CLASS PIN OR RING IN RANGER?

Will she get it? Pretty Constance Cummings is angling for Harold Lloyd's cherished class-pin, in a scene from Lloyd's latest comedy, "Movie Crazy," coming Sunday to the Arcadia theatre. Harold's saving it for THE girl.

How far back does your class pin date? Or your class ring? If it's the oldest one in Ranger it means a prize for you.

Much of the action of Harold Lloyd's latest comedy, "Movie Crazy," with Constance Cummings, which comes to the Arcadia theatre Sunday, hinges on the class pin which Harold wears. It gets him into many a jam, and then gets him out again.

The Ranger Times, curious to know how far back the oldest class pin or class ring in possession of a Rangerite goes, has decided to offer awards for the oldest such mementos. An award of 10 tickets will be made to the person owning the oldest, and a pair of tickets to see "Movie Crazy" will go to each of the five persons owning the next five oldest.

It is not necessary to send your pin or ring to the Times to enter the contest. Simply write a brief letter—keep it under 150 words,

McMURRAY PLAYS TEX-RANGERS LILLARD FIELD SATURDAY

GAME WILL BE SEVERE TEST FOR RANGERS

Fans Will See Junior College Pitted Against Strong College Team

Ranger Junior College's Texas Rangers take on what will probably be their toughest assignment of the season Saturday afternoon at Lillard field when they take on the McMurray college team. The kick-off will be promptly at 3 o'clock.

A. A. conference, has played three games to date, defeating Abilene Christian college at Abilene on Oct. 6 by a score of 9 to 0, losing to Sul Ross at Alpine on Oct. 13 by a score of 6 to 0 and losing to the strong West Texas Teachers in a night game at Canyon on Oct. 21.

The probable starting lineup of the McMurray club contains several names that were well known in the Oil Belt high school circles a few years back. C. Smith at quarter was formerly on the Eastland Mavericks. Foster at half, Jefferys at guard and Daniels at end were stars on the Abilene Eagles and Bell at the other half and T. Smith at tackle started on the Big Spring Steers only a short time back.

The probable starting lineup for McMurray will be Kenzie and Daniels at ends; Hamcock and T. Smith at tackles; Wadzack and Jefferys at guards; Carroll or Weatherman at center; C. Smith at quarter; Bell and Foster at the half-back positions and Green at full.

According to information received this morning from Coach Meadows of McMurray, the team will average about 160 to 165 pounds, with the line weighing about 145 pounds and the backfield weighing on an average of slightly less than 160. According to these figures the team will be slightly lighter in both the line and backfield than will the Ranger Junior College starters.

No starting lineup has been announced for the Texas Rangers by Coach Tricky Ward, but it will probably be about the same as in the John Tarleton game, except that Seth Hubbard will probably be back in his old position at quarter and Donald Flahie may not be in the starting backfield because of a leg injury.

Edie will probably be Mills and Landers, tackles; Murray and Mitchell; guards; Aishman or Steed and Bumpers; center; Horton or Reese; quarter; Hubbard; halves; Stevens and Weaver or Faircloth, and full; Townsend.

The game will start promptly at 3 o'clock Saturday afternoon and all tickets purchased for the Rangers-Rama game, previously scheduled for this date, will be honored at the gate.

THURBER NEWS

Special Correspondent.

CALL of the W

BY R. G. MONTGOMERY

SWERGIN picked her up and carried her to his horse. He mounted with her in his arms, a feat that only he could have accomplished. Carefully, he rode down the mountain and into camp.

Asper Delo was on the porch, finishing his preparations for flushing Three Rivers, when Swergin rode in. He started at the approaching rider. When he saw the burden the timber boss had in his arms he leaped from the porch.

Swergin delivered Dona to her father's arms and rushed for the doctor. Asper carried his daughter to her room tenderly. He was trembling with fear as he bent over her silent form.

The doctor came. Rapidly he worked over Dona's limp form. Asper stood rooted to the spot, his eyes never wavering from Dona's white face.

Finally the medical man turned to Asper. "Bad shock. Must have had a fall from her horse. You'll have to keep her in bed for some time. She must have constant attention for 24 hours."

"Will she make it?" Asper whispered, hoarsely.

"Unless complications set in, I'll stay with her until I'm sure." The doctor began setting out a few bottles and other things he might need.

Asper stood helplessly in the center of the floor. The doctor motioned him outside. "You might hunt up her husband," he suggested.

ASPER walked outside. He met Swergin coming out of his office. The timber boss was in a great hurry. But Asper stopped him.

"What happened?" he demanded.

"I came upon her and she was running away from Ball," Swergin answered slowly.

"Ball?" Asper's eyes darkened.

"Yes, he shot her horse from under her," Swergin went on.

"Wanted to get her I guess but I opened up on him," Swergin said.

"Did you get him?" There was a flinty light in Asper's eyes.

"I had to stop and pick her up but I think I planted one in him."

Swergin moved to go on.

"Where are you going?" Asper demanded impatiently.

"I'm going out to finish the job," Swergin said grimly.

"Get him," said Asper as he laid a hand on his timber boss's arm.

"Get him at sight," Swergin nodded lolly.

Asper went outside and toward the corral. He was irritated at not being able to find Dudley.

"Have you seen Winters?" Asper

asked Malloy, as the latter greeted him.

"Saw him about three hours ago. He saddled up and left." Malloy turned lazily toward the corral gate.

"We have to get him at once," Asper's voice was not too steady.

Malloy swung around suddenly. "What's up?" he asked with more life than he had shown for many days.

"My daughter was badly injured, a fall from her horse," Asper explained.

"What caused it?" Malloy was showing unusual interest.

"Ball shot the roan from under her," Asper snapped.

MALLOY'S eyes narrowed. He stood still for a long minute, then he swung around, a queer light in his eyes. "I believe I'll do a little riding after I round up Winters," he said slowly.

Asper stood nervously, watching the tall cowboy saddle up.

"Who brought in the news?" Malloy asked.

Asper did not flare up at this questioning by his corral man. Instead he leaned forward eagerly. He was grasping at every shred of comfort he could find. "Swergin," he replied.

Malloy grunted and jerked his cinch tight. "I'll take a hand from now on," he drawled. Facing Asper he asked another question. "Will she—that is, is she bad hurt?"

Asper got a grip on himself. "The Doc says she will make it if we are careful. You rush that young fool in."

"I'll have him home in no time," Malloy promised as he leaped into the saddle. He galloped across the clearing as though he knew just where he was going.

Asper turned toward the main building and hurried up the path. He entered the sick room softly and stood behind the doctor who was sitting at Dona's side. The doctor did not look up for a long time. Finally he got up with a nod of his head and walked out into the hall. Asper followed him eagerly.

"How is she?" he demanded.

"Resting easy but she will not be able to tell you anything until tomorrow. You must stay close until she comes to herself. I will likely need you then." The doctor seemed to mean this for a dismissal.

ASPER walked out on the porch and paced up and down. He was rapidly growing angry at Dudley for his prolonged absence. After a half hour he heard horses' hoof

2,000 Attend a 100th Birthday

By United Press

LOGAN, O.—Two thousand persons recently attended a community celebration at the Hocking county court house in honor of the 100th birthday anniversary of Barnhardt Stracke, retired weaver.

Those who attended included 70 citizens of Hocking County who were 80 years or older. Five were more than 90 years of age.

Stracke was escorted to the celebration in an old-time, horse-drawn phaeton by a delegation from the Logan Post of the American Legion, a band and a color guard. Common Pleas Judge Harley M. Whitecraft gave the congratulatory address.

Today is the 296th birthday of Harvard College, the oldest institution for higher learning in America. What an Alma Mater! Nature's Gift to Suffering Humanity

I have suffered with nervous indigestion and constipation for several years and have used almost every known remedy for same, and spent several hundred dollars to no avail.

After using three boxes of Crazy Crystals I can truthfully say I believe they are a gift from God to suffering humanity, and they are not a patent medicine.

Eastland County Livestock Men Will Organize

An organization, to be known as the Eastland County Better Livestock Association and having for its purpose the encouragement of livestock raisers to breed and grow better stock, will be perfected at a meeting to be held in the Eastland county courthouse here Monday afternoon, Nov. 7, at 2:00 o'clock.

Plans for the organization were launched last Saturday when a meeting, called by H. C. Davis, manager of the Eastland Retail Merchants' association, was held in the county courtroom and was attended by about 75 stockmen and others interested in livestock.

At the Saturday meeting John Berry, in a short talk outlined the purposes of the meeting. Other

talks were made and a general round-table discussion was entered into by those present.

It was pointed out that while the meeting on Nov. 7 is on the regular Eastland trades day it is not intended as a part of trades day and that the proposed organization was being organized for the benefit of the entire county and not for the town of Eastland alone.

A committee was appointed at the first meeting to further the plans of the proposed organization and this committee, which includes the following well known livestock men, is to report to the meeting on Nov. 7: Pat Butler, route 4, Ranger; Kid Moseley, route 4, Ranger; G. N. Collins, route 1, Eastland; Pearl Long, Ranger; W. B. White, Eastland; J. B. Johnson, Carbon; Guy Stoker, route 2, Eastland; J. W. Ray, Cisco; Jack Pippin, Gilman; C. H. Fee, Cisco; W. W. Do this for Your Child in TWO WEEKS

How to rid any boy or girl of sluggishness or constipation and build a big appetite.

The trouble with children who will not eat is usually *stasis*. The symptoms are a tongue that's always coated, bad breath, poor color, dull eyes that are often a bilious yellow. No appetite, no ambition—even for play. Hard to get to sleep, hard to wake in the morning.

There's an absolute remedy for this condition. It gives listless youngsters the appetite and energies of a young animal! They eat! They gain! They keep well!

The California Treatment conquers Sluggishness

It's not the stomach, but the bowel condition that keeps children from eating. But the trouble is in the lower bowel—the colon. California syrup of figs is the only "medicine" that is needed to stimulate the colon muscles. The very next day, your child is eating better and feeling better. Keep on with the syrup of figs a few days and you will see amazing improvement in appetite, color, weight and spirits.

Any drug store has the real California syrup of figs, all bottled, with directions. Nature never made a more acting or nicer tasting laxative. It is purely vegetable. Remember California syrup of figs when sickness, a cold or any upset has clogged a child's bowels.

WARNING

Even when it's something to give children, some stores will try to substitute. So be sure the bottle says CALIFORNIA Syrup of Figs.

Third Party May Be Outcome Of Economic Struggle

By United Press. FORT WORTH.—Will a new American party, molded in the same fires of hardship that gave to Germany Hitler's Nazis and to Italy Mussolini's blackshirts, arise in economic distress to wipe out old political lines?

Major James G. Howard, reserve officer, Bonus Expeditionary Force, Rank and File of America, Inc., says yes—"unless the democratic party does something to relieve economic conditions."

His prediction was made here at a meeting called to organize a district chapter of the national B. E. F. Application for a local chapter is to be forwarded to national headquarters in Washington, leaders said.

Addressing the organization meeting, Major Howard declared "our battle is not one of clubs, but of ballots. You learned that the present group of congressmen is not for you, so you must chase them out, not with force but with votes."

"Your power is political. Use it that way. In 10 years war veterans and their close relatives will number 20,000,000," he said.
