The Lincoln tunnel was traversed four times, and the tunnel is 137 feet under the Atlantic Ocean. The Lubbock Christian University tour was the first allowed to go to the top of the Empire State Building. After 9-11 (nine one one) some chose to stay on the ground floor, including Loyd and Jane! Mildred Bradford and her sister, Louise Lust of Littlefield, have been to Nashville, Tenn. to visit Mildred's sister, Earline Lust Settle. Earline is a native of Dimmitt, graduating with the Dimmitt High School Class of 1940.

Mildred and Louise took the "grand tour" of Nashville. They also visited the Opry Land Hotel. Mildred says a half day is not too long to spend there.

They really enjoyed the Country Music Hall of Fame and the museum which is a new attraction. Elvis' Caddilac was probably the most outstanding collection. They enjoyed the Grand Ol' Opry and a senior citizen folly that was real cute.

During their time in Nashville Earline treated Mildred and Louise to a luncheon at a Nashville church. Each table was hosted and decorated by a different woman. Each table had a glass slipper flower arrangement in keeping with the them, "If the Slipper Fits." The table setting were done in the choice of its hostess. They plastic and paper.

The first song Dr. Joplin sang was God Will See Us Through It All, written by Margaret Eschevarria who is a teacher at Richardson Elementary School in Dimmitt. Some of the other songs he sang are The Power of the Lord and Within from his CD album, Just A Closer Walk With Me and I Know Who Holds Tomorrow.

V.C. and I were at the table with Pat Cowell Foster, formerly of the Dimmitt Class of 1959, and Barbara Kitchens Howell, Dimmitt High School Class of 1958. Barbara is the daughter of Nell DiCuffa of Dimmitt.

Several of Leon's family were present including his wife Pam, his parents Hank and Vera Brunk, his brother Gerald Joplin, his brother and sister-in-law Ronnie and Joyce Joplin, his sister and brother-in-law Linda and Gordon Brattin all of Amarillo.

In past years, the ladies have been to Branson, Mo., Fredericksburg, Austin and Dallas. This year they chose to "find their roots." They learned about Castro County's "shoot-out", complimented the Courthouse Gazebo and landscaping, took lots of pictures and shopped Dimmitt's retail stores.

"Good judgment comes from experience, which generally comes from a lack of good judgment."

Not everything about the "good old days" was so good. Ask Ben Wilson. At ninety, he remembers what life was like before electricity: wood stoves, oil lamps. His father was a farmer and when Ben started his own place, in '42, the cooperative hooked him up.

Ben still depends on co-op power for his home. He belongs to a Smart Choice cooperative. What's "Smart Choice?" We're a coalition of Texas co-ops committed to making the right decision on electric deregulation.

Smart Choice Co-ops have made it possible for farm and ranch families, no matter how remote, to enjoy the same comforts and amenities as urban dwellers. For rural Texans, co-op power means more than lights and television and farm machinery and household appliances. It means freedom from drudgery, independence from the dictates of corporate boardrooms, and the power to decide their own path to the future. We intend to use that freedom to decide whether deregulation is right for our members.

Electric cooperatives in Texas have been providing power to Texans since 1937. As co-ops, we are non-profit and memberowned. To learn more about deregulation, visit us at our web site, or call your local Smart Choice cooperative.

Cotton Talks

By SHAWN WADE

With crop projections still ranging between 2.1 to 2.6 million bales, and harvest activities advancing at what seems like a snail's pace, the Texas High Plains continues to be a question mark in 2001.

The main reason for the slow start is that most producers in this area have been hard hit by the poor economics of agriculture over the past three to four years and many have been hesitant to put much extra money into preparing the crop for harvest.

Another factor playing a role is that no single harvest aid treatment combination has proven to be the magic bullet that consistently works.

The good news is that Mother Nature sent some help that should speed up the pace of harvest activity.

Freezing temperatures arrived in many areas over the past week and should help increase the pace of harvest activity. Though not uniform across the entire area, the low temperatures should help get plants These presentations will be made ready for harvest and get things moving ahead as the better, irrigated cotton begins to come out of the

reduced yields in other areas.

A significant, and possibly under appreciated yield robber of late has been scattered hailstorms during the past four to five weeks. These storms have mostly impacted fields with lots of open cotton and could lower the yield potential in many.

Quality-wise, cotton continues to display a significant level of higher than average micronaire. A full 25% of the bales classed so far at Lubbock have returned a 5.0 or greater mike reading. That figure is expected to drift down as better cotton is harvested and classed.

According to some, the potential still exists for the corp to have one of the highest micronaire averages in decades.

Length, on the other hand, is drifting up and could be one of the better aspects of the 2001 crop. With better cotton yet to come, length could average at or above 34 staple in the Lubbock classing territory and boost the overall value of the crop significantly.

The next few weeks will tell the tale of the 2001 growing season in terms of production as growers finally get to harvest cotton that looks as if it could be some of the best in recent memory.

County plans to adopt new Internet policy

Castro County Commissioners discussed implementing a new computer and Internet-use policy for courthouse employees.

During a brief meeting Monday, Commissioners authorized County Judge Irene Miller to visit with Richard Slagle about drafting a policy for the county.

Commissioners also agreed to enter into a contract with Vertex Target Opportunities, a group that will file for government reimbursement on behalf of Castro County under Title IV-E Administration. Under the program, the county could be reimbursed for expenses incurred while housing juveniles. The contract has already been approved by the Castro/Swisher County Juvenile

Shallowater received the opening nine and 10 yards respectively. Sophomore Kiel Kitchens hit Paul Crosthwait for the score with 10:06 left in the first quarter. Kitchens hit the PAT for a 7-0 Shallowater lead.

The Bobcat faithful probably thought as I did at this point. "No problem! We've been here before." The Bobcats put the ball into play from their own 25 yard line. On third and ten, Wight hit Raul Ontiveros for a 28 yard gain and a first down at the Shallowater 48. Unable to move the ball, Dimmitt is forced to punt and gives the ball back to the Mustangs at the Shallowater 20.

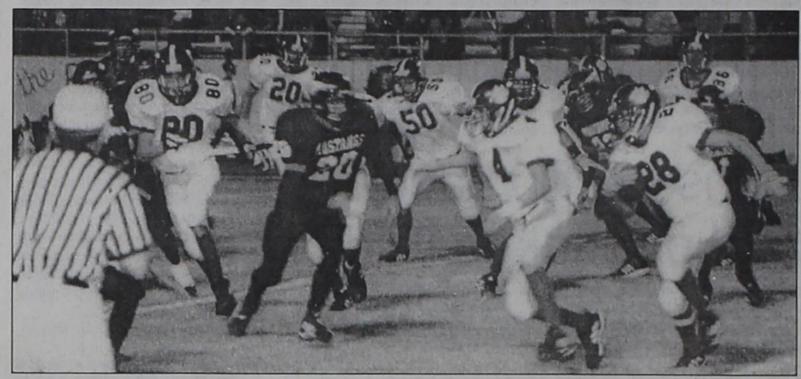

The Mustangs gained 12 yards, 17 yards, 18 yards and 27 yards on successive plays taking them down to the Dimmitt five yard line. After a penalty and an incomplete pass, Marburger scores the touchdown with 5:27 left in the first quarter. The kick is good for a Mustang lead of 14-0.

Dimmitt goes three and out and punts to the Mustangs where they put the ball in play at the Dimmitt 40 yard line. The Mustangs gain 16 yards on the first play and eventually score from the five yard line on a pass play from Kitchens to Crosthwait for a 21-0 lead.

Dimmitt is forced by the score and a very aggressive Shallowater defense to throw the ball. Three straight incomplete passes forces Dimmitt into punt formation. Shallowater returns the punt to the Dimmitt 37.

After Mustang gains of 13 and 9 yards the first quarter ends with Shallowater on the Dimmitt 15 yard line and on the happy end of a 21-0 score. Three plays into the second quarter, Eric vonBerg scores the touchdown for the home team. The kick was good for a 28-0 score.

Dimmitt returned the Mustang kickoff back out to the Dimmitt 28. A pass interference call against Shallowater gives Dimmitt a first down on the 40 yard line. Wright completes a pass to the Mustang 47 and it appears Dimmitt has found

Shallowater returns the punt for an apparent touchdown but they are flagged for holding and settle for the ball at the Dimmitt 32. After a keeper by the Mustang quarterback, Kitchens hits his receiver in the end zone for the touchdown. The successful kick makes the score 35-0, Mustangs.

Dimmitt fails to move the ball with three incomplete passes and punts to Shallowater. The punt is returned to the Dimmitt 25 yard line. Marburger scores for the 17 yard line to make the score 41-0 with 3:30 left in the half.

The offensive woes continue for Dimmitt and they are forced to punt and Shallowater appears to score on the punt return but a holding call against Shallowater gives them the ball on the Dimmitt 35 yard line.

The Bobcats hold on fourth down and take over the ball with 28 seconds left in the half but aren't able to move and the half ends with Shallowater out in front 41-0.

The Bobcats start the second half at the their own 21 with a fumble that Shallowater recovers. The Bobcat defense rises to the occasion and shuts down the Mustang offense, taking over the ball on downs at their own 21.

Ruben Espinoza explodes out to good for a score of 48-8. the Dimmitt 43 for a 22 yard gain. But, the offense stalls at this point and after the punt, the Mustangs put the ball in play from their 20 yard line. The Mustangs continue to move the ball and a quarterback keeper good for 24 yards gives the Mustangs a first down on the Dimmitt 16 yard line. A valiant effort by the Bobcat defense is not enough and the Mustangs score their final touchdown of the game with 2:10 left in the third quarter. The kick is good for a 48-0 Mustang

Early in the fourth quarter, the Dimmitt offense sets up on their own 21 where Wright connects with Ontiveros for the 24 yard gain. On First Quarter: the next play, Wright hits Austin SHALLOWATER-Paul Crosthwait Sherman with the 34 yard aerial down to the Shallowater21.

The Bobcats attempt another pass and are picked off at the goal line.

The Mustangs drive back out across mid-field where the Bobcats jump on a Shallowater fumble at the Dimmitt 41 yard line. A couple of power runs by Ruben Espinoza takes Dimmitt down to the Shallowater 43 where Wright hits Sherman for a gain down to the Mustang 30. LUBBOCK COOPER PIRATES

7:30 p.m.

Key district matchups on tap Friday

District races are heating up across 257 yards per game. the area, and the battle for the 2-AAA and 2-A crowns are among the hottest contests on the area schedule these days.

This week, Dimmitt will host Lubbock Cooper in a 2-AAA matchup while Hart travels to Boys Ranch and Nazareth hosts Kress in District 2-A

All games will begin at 7:30 p.m.

Cooper at Dimmitt

The Lubbock Cooper Pirates have a 3-4 overall mark this season, but that record is deceiving, because many of those losses were at the hands of some of the best AAA teams in the area.

Dimmitt will host Cooper in a District 2-AAA matchup Friday at 7:30 p.m. at Bobcat Stadium.

Dimmitt needs a win to stay in the District 2-AAA race. With three teams advancing to the playoffs, the Bobcats can win their next three games and have a shot at qualifying for the post-season.

Cooper has beaten Lubbock Roosevelt (21-0) and lost to Muleshoe (2-47) in district play. In other games this season, Cooper is 2-3, with victories over Seminole (27-0) and Tulia (26-18) and losses to Lamesa (14-45), Brownfield (12-14) and Denver City (0-14).

Cooper has amassed 1,094 yards on the ground and another 448 through the air this season, an average of 220.29 yards per game.

The Pirates allowed Roosevelt just 81 yards a week ago, but on the year, Cooper has given up an average of

Cooper's leading offensive threats are running backs Austin Lyon (5-10, 164) and Jeff McNeely (5-11, 168), and quarterback Blake Malick (5-10, 166).

When Malick throws the ball, McNeely is one of his targets along with wide receivers Marcus White (6-2, 182) and Steven Gould (5-11,

The Pirates' offensive line is one of the biggest the Bobcats have faced this year, and it is anchored by Bryce Ray (6-4, 251), Josh Shepard (6-3, 214), Adrian Mendez (5-11, 209) and Thad Politte (6-0, 312).

Against Roosevelt, Malick completed a nine-yard pass to White for a touchdown, and hit him again for the two-point conversion. McNeely rushed for one touchdown and caught another TD pass from Malick.

Look for Dimmitt's defense to key on those players this week as the Bobcats go for their first district win.

On defense, Cooper features a 4-3 formation with Brandon Kellum (5-10, 181) and Shepard at linebackers, a single back set featuring either Tyson Welch (6-2, 187) at defensive end, White in the defensive backfield and Mendez and Politte on the line.

Hart at Boys Ranch

Boys Ranch hasn't scored a point in two weeks, and the Rough Riders (3-4) may not get a chance to score this week, either, as they host the state-ranked Hart Longhorns in a District 2-A battle Friday night.

Kickoff in the game is planned for 7:30 p.m. at Boys Ranch.

Hart (6-1) suffered its first loss of

the season Friday night, and the son and Dustin Merritt (5-8, 145). Longhorns are fired up and ready to get back on the winning track.

The Longhorns are 1-1 in district play while Boys Ranch is 0-2.

Deer (0-54) in its first game of the season, Boys Ranch rebounded with a 48-15 win over San Jacinto Christian, a 51-0 shutout of Shamrock. and a 50-32 win over Claude. Gruver handed the Rough Riders their second loss, 20-27.

In district play, the Rough Riders have suffered two straight shutouts, 0-54 to Nazareth and 0-56 to Stratford.

The Rough Riders' defense has allowed an average of 365.14 yards per game this season, giving up a total of 1,009 yards on the ground and another 1,547 through the air in Swift Field. seven games.

Offensively, Boys Ranch is averaging 233.4 yards per outing, with a total of 882 yards on the ground and 682 passing.

Boys Ranch runs the football with Justin Carver (5-10, 195) or Ronnie Anderson (5-10, 155), who has been clocked at 4.6 in the 40.

Anderson has scored nine touchdowns in seven games and is Boys Ranch's leading scorer. Five of those touchdowns came against Claude when he caught touchdown passes of 90 and 61 yards from Caleb Rodgers, returned a kickoff for another and rushed for two more.

Creyshun Cromer (6-0, 150) handles quarterback duties for Boys Ranch, and he has thrown for 188 yards. His favorite targets are Ander-

Up front, the line is anchored by tackle John Strong (6-5, 285).

On defense, Boys Ranch runs a 5-2 with Anderson at cornerback, Dan-After getting drummed by White iels and Greg Trent (5-8, 155) at linebacker, Merritt at a defensive back, and Derrick Waldon (5-11, 270) and Josh Murphy (5-8, 225) at

Kress at Nazareth

Kress and Nazareth are both coming off of big, emotional victories Friday, and this week's District 2-A match-up between the two will be a big step forward in the playoff race.

Kress is 4-3 overall and 1-1 in district while the Swifts are 6-1, 2-0. Game time will be 7:30 p.m. at

Meadow (7-6), and Lubbock Christian (36-0). The Roos have lost to Stratford (0-43), Tahoka (8-48) and Whiteface (12-13).

Tailback Gabriel Vasquez (5-9, 155) is the Kangaroos leading ground gainer this season, and he's the main cog in the I-formation attack. Joining him in the backfield is fullback Steven Hinojosa (5-9, 155). Other offensive leaders include tight

ends Chase Watson (6-0, 230) and (6-1, 240), guard Julian Hinojosa (5-Isaiah Barrera (5-7, 215), and quarterback Dusty Street (5-8, 150).

> Quarterback Blake Birkenfeld connected on his first three passes, and the running combo of Kern and Trey Robb kept the chains moving.

A big, 26-yard gain on a pass from Birkenfeld to Chase Schulte moved the Swifts into Hart territory for the first time.

Nazareth worked its way to Hart's 32 before the Longhorn defense killed the drive by stripping the ball from Birkenfeld, then recovering it at the Hart 36 with 8:03 left in the quar-

Albert Velasquez attacked Birkenfeld from the back side,

knocking the ball from the quarterback's hands as he was attempting to pass. Velasquez then dove for the loose ball and caught it before it hit the ground.

Hart couldn't capitalize on the turnover, though, going three and out after gaining just seven yards.

Hart's offense finally got on track in the second quarter, alternating rushes by Finch and quarterback Salvador Velasquez to drive deep into Nazareth territory at the 11. But after 10 plays and 39 yards, Hart was forced to attempt a 29-yard field goal when the Longhorns failed to convert on third-and-11.

Finch's kick bounced off the bottom of the goal post, then hit the side of the upright before bouncing harmlessly into the end zone.

The stalemate continued with 6:15 left in the half.

The Swifts started their next drive at their own 20 and they covered 80 yards in nine plays while chewing up four minutes and 17 seconds off of the clock.

The big play of the drive was a 38yard run by Robb on second-andfour from the Nazareth 42. Finch brought Robb down at the Hart 20, saving the touchdown.

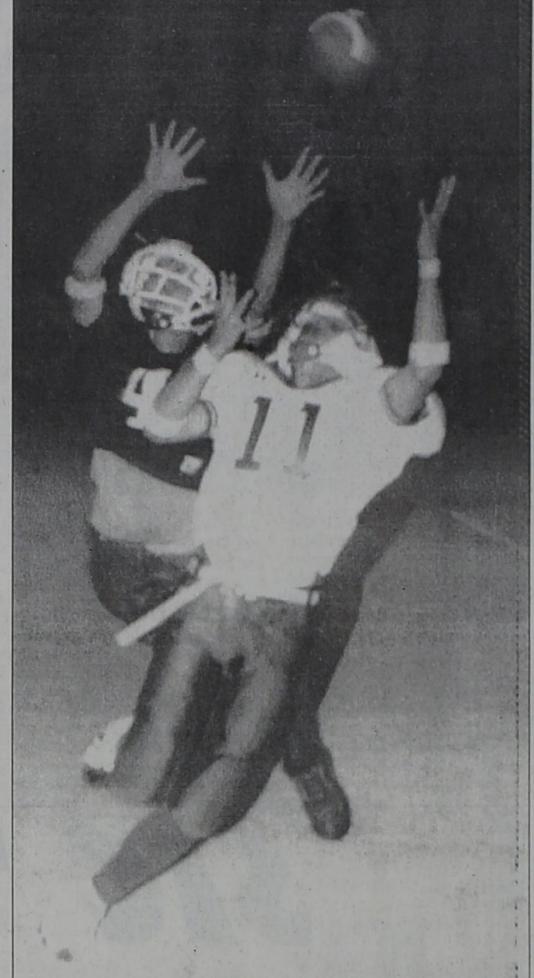

Kern picked up 11 yards for another first down, but was held for no gain on the next play.

Facing a third-and-goal from the 17, Nazareth went to the air. Kade Wilcox juggled a Birkenfeld pass before finally pulling it in for the 17yard touchdown with 1:58 left in the half. Wilcox added the extra point for a 7-0 Swift lead at intermission.

Hart didn't waste any time when taking possession in the second half.

Finch and Salvador Velasquez were catalysts on the drive again, rushing for a combined 25 yards to penetrate the Swifts' territory. One of the biggest plays of the drive was a six-yard run by Finch on a fourthand-two play from the Swifts' 32yard line.

Salvador Velasquez zipped up the drive by rifling a pass to Jacob Reyna for a 25-yard touchdown play with 8:39 left. The extra point kick failed, but a Nazareth penalty gave Hart a second chance. This time the Longhorns tried for the two-point conversion, but Salvador Velasquez was chased back to the 10, where he was dropped. Nazareth was left

clinging to a 7-6 lead.

The Swifts were driving toward Hart's end zone with big runs by Kern on the next series, but the Longhorn defense trapped Jordy Rowland in the Swift backfield, then recovered a fumble at the Swift 38 with 6:32 left in the third quarter.

This time, the Longhorns turned the fumble recovery into six points.

After Josh Finch picked up 12 yards on the first carry, Salvador Velasquez gained nine to move Hart to the Nazareth 17. From there, Hart used a penalty and runs by Keith Finch to move to the Nazareth 4yard-line. Hart was pushed back because of a penalty, but The Longhorns wouldn't be denied.

Velasquez and Reyna teamed up again, this time for a 10-yard touchdown with 3:53 left. Hart wasn't able to convert the two-point play, but had taken the lead, 12-7.

After Nazareth was forced to punt, Hart got the ball back at midfield.

On the first play of that series, Finch found a hole and exploited it for a long gain before he was dragged down from behind by Daryl Pohlmeier at the Swifts' 23-yardline. As he was making the tackle, Pohlmeier knocked the ball from Finch's hands and Adam Acker recovered it for Nazareth.

Neither team could sustain a drive until the final half of the fourth quar-

On fourth down, Josh Finch caught a pass from Salvador Velasquez, but the gain was only good for nine yards and the Swifts took over on downs, taking a knee to run out the clock.

Electrical problem causes fire

Faulty electrical wiring on a refrigerator is being blamed for a fire last Thursday that severely damaged a fifth wheel motor home owned by Misty Davis.

The fifth wheel was parked near -North Gin in Dimmitt and several -Dimmitt firefighters responded to the scene.

Davis is the district supervisor for Texas Boll Weevil Eradication Foundation, and she said she moves around a lot in relation to her job, so the fifth wheel was the best option

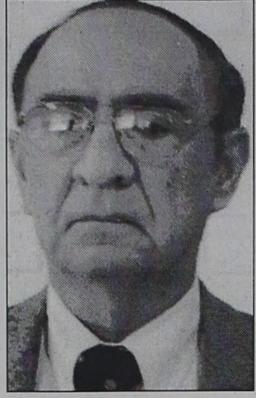

Davis was on her way to Uvalde to visit her mother who was ill when she was notified of the fire.

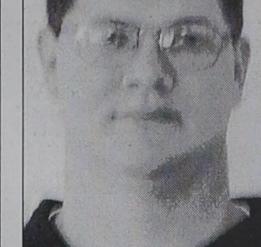

"I was always so careful when I left the house. I would turn off the propane and everything when I was going to be away," Davis said.

"You can't tell it from the outside, but the fire totally ruined the inside of the trailer. I lost clothes, pictures-this was my home.'

Davis said she is living in another camper she borrowed until she can find other accommodations.

Each kernel of popcorn contains a small drop of water stored inside a circle of soft starch surrounded by "the kernel's hard outer surface. As the kernel heat up, the water begins to expand, and pressure builds against the hard starch. Eventually, his hard surface gives way, causing the popcorn to explode.
