Week-End Lively
Junior and Senior Circles
Eastland society week-end saw a cheerful activity among both senior and junior social groups, that was a pleasing indication of the new outlook that brought pleasure to youngsters as well as grownups.

Mrs. Francis M. Jones entertained informally at her home on the Breckenridge highway Thursday afternoon, honoring her sister, Mrs. Joe C. Stephen, who at close of a delightful three-table contract game, was presented a daintily arranged gift shower by the intimate friends attending.

Springtime tallies and spring blossoms were in keeping with the motif of the affair.
A set of four contract bridge hands, high score award, sent to Mrs. M. H. Kelly, and the cut-for-all, an amber crystal salad tray, to Mrs. Curtis Kimbrell.

Enticing refreshments of pineapple salad, potato flakes, cheese wafers and fruit cake with whipped cream topping and coffee were served. Mrs. Joe C. Stephen, James A. Jarboe, Curtis Kimbrell, Eddy Johnston, Grady Owen, M. H. Kelly, Roy Birmingham, Jack London, Tom Wynne, C. W. Gove, J. L. Lovely Party
For Little Queen
Beautiful little Mary Dorothy Pratley had her tenth birthday charmingly celebrated Thursday afternoon in a party given by her mother, Mrs. N. K. Pratley, at the family home, prettily decorated with flowers for the occasion.

The white iced birthday cake, topped with 10 pink lighted tapers had the place of honor on the lace-covered table, fragrant with dainty bouquets of roses.
At close of an afternoon of many pleasant games, led by Miss Vera Seaberry and Mrs. Hampton, the little girls' teachers of South Ward school, the happy little party had their refreshments of ice cream and angel food cake. Each child was presented a souvenir of candy roses by Mrs. Pratley.

Mrs. Hampton and Miss Seaberry presented a picture of little Mary Dorothy, taken as the queen of the recent South Ward school carnival.
Many lovely gifts were received by the small honoree, from Winifred Pitzer, Eloise Johnson, Fannie Pitzer, Dorothy Perkins, Mary Jane Coplen, Wanda Mary Fehl, Dorothy Beas Kellert, Marjorie Murphy, Melba Ruth Wood, Norma Jean Tucker, Geraldine Coplen, Gladys Hoffmann, Amy Ruth P. Pool, Dorothy Pratley, cousin of the little honoree; John Halkias, Anell Owen Jr., Glen Petros, Estes Halkias, Miss Seaberry and Mrs. Hampton.

Virgil T. Seaberry Jr.
Party Party
Virgil T. Seaberry Jr. enjoyed the distinction of being 9 years old on Thursday, when this event was celebrated by his parents, Mr. and Mrs. Virgil T. Seaberry, who entertained a number of lads at their home in honor of the son of the house.

Valentine decorations were prettily used, in strings of red hearts on red ribbons, festooning the lace laid table, centered with a big standing heart, and using a piece of honor reserved for the white iced birthday cake, topped with red candles, and served with red peppermint ice cream and peppermint candy, at close of a jolly afternoon with games led by Mr. Seaberry.

Pocket compasses were presented each child as a souvenir of the afternoon.
Virgil received many pleasing gifts in honor of his birthday from T. J. Haley Jr., Dicky Martin, Edward Freyschlag, Bruce Pipkin, Bobby Perkins, Ralph Crouch, Billy Hoffmann, Bobby Furse, and Charles Freyschlag.

Church of Nazarene W. M. S.
The Church of Nazarene W. M. S. met at the home of Mrs. Anderson Monday afternoon. Mrs. Stiffler had charge of the meeting. The opening songs were "Revive Us Again" and "I'm in the Glory Land Way." A reading on prayer was given by Mrs. Anderson. A prayer was led by Mrs. Scott, followed by Mrs. Stiffler. Mrs. Scott read the missionary lesson and liked about India. "Amazing Grace" was sung. Mrs. Covington led the closing prayer, followed by Mrs. Anderson. Those present were Misses L. C. Anderson, Lee Campbell, H. T. Stiffler, Charles Covington, Edward Scott, and a visitor, Mrs. E. F. Library Regulations of Ranger High

Many of the students in Ranger High school do not know the library regulations. This is no doubt the main reason so many students keep books out overtime and in general break many rules made by the library committee. It is for the benefit of these students these library regulations are printed:

1. Fiction, biography and travel books may be checked out for seven days. They may be renewed once. A fine of 2 cents per day will be charged for over detention.
2. Reserves—History, magazines, dictionaries, and short selected list made up of literature, economics and language books which have been placed on reserve by the various teachers may be borrowed for one night only. They can be checked out at the close of the sixth period and must be returned by 8:15 the following morning. These books may be checked out for any one period each day. It is necessary therefore that no excuse be made or accepted for over detention. A fine of 5 cents per period will be charged for over detention of these books.
3. Please do not return seven-day books on the same day they are checked out.
4. Do not return books to shelves. A book misplaced is a book lost.
5. It will be greatly appreciated if students will enter and leave the library in an orderly manner.
6. Do not ask to go back of library desk until after school.

Eastland Personal

Dean Mattison of Abilene was a business visitor in Eastland Thursday.

Lyric Will Have Two Saturday Shows

Effective with this Saturday the Lyric will present two complete changes of programs instead of one as has been the policy. On the matinee shows this Saturday Brock Jones in "The Forbidden Trail" will be shown. This feature will be run all afternoon starting at 1:30 p. m. and continuing until 6:00 p. m.
At 6:00 p. m. a new feature will be shown, Loreta Young in "Life Begins." This feature will be run on all the night shows including a late Saturday night performance. Another change in policy will be on the Sunday attraction. The run on all Sunday pictures will be extended through Monday and Tuesday and one attraction for Thursday and Friday.

E. E. Wood is now living on his farm about three miles out of Eastland on the Cisco-Eastland highway and says that both he and Mrs. Wood like it very much. A new home with modern accommodations has been built. Also houses for chickens and other livestock have been erected.
Mrs. Wood states that she has a flock of fine chickens and is increasing his farm by putting additional land into cultivation.

By the way, I think the following poem expresses the feeling of many a student concerning geometry:

"Geometry"
"Oh, the dangle and the tangle of the corresponding angle,
And the equal length and straightness of the intersecting line;
How, with many a narrow finger, they tenaciously will linger,
In my mind, like some sweet singer, as my brain cell they enthrone."
A student-teacher tells me the reason so many errors are made by the girls in typing classes is because they keep trying to see themselves in the paper-edge guide and

A BIBLE THOUGHT FOR TODAY

FINDING THE RIGHT WAY: Seek ye the Lord while he may be found, call ye upon him while he is near; let the wicked forsake his way, and the unrighteous man his thoughts; and let him return unto the Lord, and he will have mercy upon him; and to our God, for he will abundantly pardon.—Isaiah 55: 6, 7.

SHIFTING THE LOAD FROM COMMUNITIES TO STATES

Away back in 1931 a national survey of school finance was authorized by Paul R. Mort of Columbia University supervised the gathering of data from "a notable array of educators, economists and men of finance." This was the verdict of Director Mort: "Areas exist in the United States where schools are distinctly inferior and other areas where schools are ceasing to exist." As for the survey this is its salient point: "The present breakdown of traditional methods of financing public schools is depriving approximately 9,500,000 American children of essential schooling and threatening the welfare of millions of others." Splendid propaganda to say the least.

Well, the survey of educators and economists advise a fundamental change. This is the proposal: "Transfer of the burden of support from local communities to the entire state." Hasn't this been accomplished in Texas? Away back in 1914 a democratic convention held in the city of El Paso recommended that millions should be taken from the general revenue fund for rural aid. The Texas legislature accepted the recommendation as a platform demand, and large appropriations have been made since the innovation was ordered.

Now the 43rd legislature is grinding. Senator Julian P. Greer has introduced a bill to appropriate \$4,000,000 for each year of the next biennium for rural school aid. In his introductory remarks the East Texas senator said the appropriation two years ago was only \$5,000,000 for the biennium but that fund was running two millions behind and a large appropriation was necessary to make up the deficit and maintain the school aid policy. Senator Grady Woodruff of the Wise county district has a viewpoint. In his opinion "the present 40-page itemization of the educational budget is extravagant and indefensible." He advised his fellow lawmakers that "the educational budget 'should be in lump sums with a line only for each institution, placing the funds in the hands of the institutions for the most economical possible handling." He predicted that his plan would abolish legislative salary fixing for faulty members, "though the cut in appropriations would level out an approximately general reduction of its rate of cutting."

Really, a lump sum appropriation for each institution of higher learning would be a master stroke at this time. Why should the president of a university or a president of any one of the minor institutions of learning be hogged by a legislative itemization of the salary to be paid to a faculty member? Is the head of a university or a college a dummy? If he is not, he should be fetterless and be given free hand. The 40-page budget report of the committee follows the custom of a past and dead age. If a lump appropriation seem unprecedented, let us remember 1933 is an unprecedented year and a suitable time for breaking the fetters of the dead past.

SENATORIAL COURTESY UNDER THE BIG DOME

Former Gov. Ross S. Sterling sent to the senate the nomination of J. W. Fitzgerald of Tyler as judge of the 62nd district court for Smith and Upshur counties. Thomas E. Pollard was the senatorial representative of the Tyler district for two terms. He retired to practice law. Will B. Pace was nominated and elected as Pollard's successor. Senator Pace opposed by courtesy against confirmation. The motion prevailed. Fitzgerald was rejected. Now Gov. Ferguson will name the judge.

Senatorial courtesy is all powerful under the big dome at the banks of the Potomac. It is all powerful under the big dome on the banks of the Colorado. Shaking the political patronage plum tree is great sport while the sport lasts, but in times like these when there are a hundred applicants for every job it is a very excruciating sport for those who are hit on the nose and fall outside the break-works.

CROP LOANS TO BE OKAYED BY THE SENATE

Now that the crop loan bill is said to have smooth sailing. "The hand of compromise smoothed the way for early enactment of a bill which will mean millions in credit for the farmers of the country to use in getting out their 1933 crop" reads a Washington dispatch. A compromise was effected. Now it is said the crop-production loan bill, passed in slightly different form by the house and senate, has been hammered into shape by conferees on the part of both bodies. Moreover, as agreed upon, it would make available many million dollars of Reconstruction Corporation funds for distribution through the secretary of agriculture in loans for the production and harvesting of the crop of 1933.

Harley Sadler To Bring New Plays To Connellee Stage

Harley Sadler, who has been called the Belasco of West Texas, brings a new idea in the presentation of stage plays when he brings his new company to the Connellee theatre, Eastland, next week. Every part of his show reflects the influence of the new show world.

A great many people are of the opinion that a tent show in West Texas isn't supposed to be listed among the best in the country and are only traveling this territory for the general amusement of those who care to attend, but if you could be carried to the dramatic centers of the east, you would be greatly surprised. Mr. Sadler is as well known in Kansas City, Chicago and New York as he is in West Texas and is held in such high esteem by show people that when Ethel Barrymore resigned her position as vice president of Equity Actors association and went to California to join her famous brothers, John and Lionel, Mr. Sadler was selected to fill her place.

All of the plays to be presented in Eastland next week are new and are from some of the best authors of stage plays now writing. These stories have been cut right down to the best there are in them and makes the action fast and full of fire without the least bit of drag. All the players in the new company have been selected for their particular ability to portray certain types of roles. Mr. Sadler will of course handle all the major comedy roles in his own inimitable way.

The opening play will be "Hold on." It was written by the author of "Brothers," which was conceded the most popular play on Broadway last season.

Firestone Dealers To Meet In Abilene

On Feb. 1 one of a series of nationwide tire dealer service meetings, being conducted by district executives of the Firestone Tire & Rubber company, will be held at the Hilton hotel, Abilene, Texas, at 10:30 a. m.

Firestone and its dealers realize that during 1933 the public will demand a superior service and tire merchandise. Service and economy will be the governing factors in the success of the retail tire merchants.

Through its several hundred one-stop service stores located throughout the country, Firestone has developed ideas and programs, whereby the dealer can render a higher type service, giving to the automobile users the utmost for money spent on automobile replacements and maintenance. An unusually large number of dealers have been attending these meetings, and have heartily endorsed the thoughts and plans given them.

All tire dealers, whether Firestone dealers or not, are urged to attend this meeting. Realizing that in order to put back into the hands of the service-giving dealer the control of the retail tire business it will be necessary that every tire service dealer in the country understand the importance of knowing and taking care of their customers' requirements, Firestone is anxious to have all dealers better acquainted with the problems they must face this year.

Luncheon will be served to all those in attendance.

I don't spend very much on Myself

BUT, believe ME, when it comes to what I smoke, I want it right!

You know how it is when a fellow is accustomed to smoking a good cigarette and he gets hold of one that isn't right. He's likely to get in a bad humor.

I am a great believer in the old saying that "quality will tell," and I have noticed that the things which come to stay are good things.

You can buy a package of good cigarettes for 15c. Six cents of this goes to the Government. So that outside of the 6c paid to the Government, you get a little over two cigarettes for one cent.

The right kind of tobacco, the right sort of paper—a cigarette that's pure and good-tasting and mild—that's the kind I want.

I have been smoking CHESTERFIELDS for a long time. They are mild and yet they satisfy.

DESDEMONA

An unusual treat was given to the people of our town on Monday and Tuesday last week when the "21" Study club had the 6th District Federation Exhibit of sixteen oil paintings, the work of local Texas artists. The exhibit was displayed in the lobby of the Bedford hotel and a general invitation was extended to every one to come and see the beautiful pictures. There was no charge for seeing the pictures but each one who came was requested to vote on the pictures making a first, second and third choice.

The picture that received the most votes for first choice was "A Water Hole on the Prude Ranch" (Davis Mountains) by Lewis Woods Teel, of El Paso. This picture also received the most votes for second choice. The picture that received the most votes for third place was "Scene on the Llano River Near Junction" by Fannie Tabor Camp of Brownwood. During the two days seventy-seven persons viewed the exhibit and all were surprised to know that there were so many talented artists in West Texas. Results of the votes on the pictures will be sent to Mrs. A. C. Hoover, of Ozona who is fine arts chairman of the 6th District who secured the loan of the pictures to be shown through the district. During the two days, Mrs. W. C. Bedford assisted by Miss C. M. Bratton, J. E. Heeter, Mattie Henry, W. E. Barron and Miss Nora Robert served sandwiches, pie, cake and coffee to the guests.

Mr. and Mrs. A. B. Henslee drove down to Cleburne on business Monday.

Death Stopped An Old Brass Clock

By United Press.

SEATTLE, Wash.—For the first time in ten years an old brass engine room clock ticked off the seconds in the office of Capt. Donald S. Ames, U. S. Inspector of steam vessels.

The clock's history dates back 25 years. At that time, it went to the bottom of the Columbia river when the U. S. Lighthouse Tender Shubrick, was sunk.

For ten years the 75-year-old timepiece reposed in the tender's engine room. Salvagers finally rescued it, corroded and out of order. It was cleaned and oiled, and for years ticked off the time of day in the office of the late Harry Lord, U. S. Inspector of boilers in Seattle.

Then, ten years ago, employees of the steamboat inspection service learned of the death of Lord, and almost simultaneously, noted that the old brass engine room clock stopped ticking.

It looked down on Capt. Ames for years, but recently the Captain took it down and opened it up. He accidentally touched the second hand and it began ticking. It continued for six days, before it again resumed silence.

They're talking of equipping skating rinks with timed ice. What could be more appropriate than black and blue!

TO THE PEOPLE OF RANGER

I take this medium of announcing to the citizens of Ranger my candidacy for the place of Finance Commissioner, in the coming city election.

I make this announcement with full knowledge of the financial condition of the city, fully realizing that only with the full cooperation of the city commission and the citizenship are we to hold our own during these trying times, and pledge my full co-operation if elected to that end.

I have lived in Ranger 14 years, coming here immediately after my discharge from the U. S. Navy after the World war. Prior to that I was employed by the Southern Pacific Railroad company for a period of 10 years as general supply officer.

If you like the type of citizen I have made during my stay in Ranger, the way I have conducted my personal affairs, I will appreciate your vote and influence.

Respectfully,
WALTER HARWELL

STATUTE REGULATES OPENING

By United Press.

BIRMINGHAM, Ala.—Birmingham looks back to the day of the mule and wagon twice each year, with the semi-annual opening of circuit court. Because of a statute that has remained on the code books a half century, courts in this county do not open until 11 a. m. on the convening day. The law was meant to give residents of remote sections of the county time to reach the courthouse for the session opening. New roads and fast automobiles enable persons to reach the courthouse from any section of the county within a half hour now.

Got Rid of Pains In Her Back and Sides

"I was not only weak and run-down, but I was nervous," writes Mrs. Ira Prince, of North Little Rock, Ark. "I suffered from pain in my back and sides. I did not rest well at night and would get up in the morning feeling miserable. My mother had taken Cardui with good results and advised me to try it. The first bottle helped me, so I continued taking it until I had taken four bottles. It certainly helped me. My back and sides quit hurting and I rested so much better." Thousands of women have said that when they had built up their strength with the help of Cardui, real relief was obtained and their general health and feeling of well-being improved. Cardui is sold at drug stores here.
