Uncle Sam faced a real problem during the financial holiday, keeping both the banks and the speak-easies closed at the same time must have been a real job.

## Conferees Agree on 3.2 Per Cent Beer

### Prize Calf is Purchased By Ranger Grocer

The M-System grocery of Ranger has purchased and has on display this afternoon a prize-winning calf raised by Eual Bryan, vocational agricultural pupil of the Ranger high school. The calf won first place at the recent livestock show at Cisco.

Young Bryan secured the calf, which is a registered Hereford, from Dr. Butler. He fed it for six months on feedstuff purchased in Ranger as one of his projects in the vocational agricultural class. He estimated his profit on the sale of the calf at \$10.

The calf is on display in front of the M-System store this afternoon from noon until 5 o'clock.

Eual Bryan is now raising 200 baby chicks, which are being fed and cared for according to instructions of Ben Whitcomb, vocational agricultural teacher. The calf was also raised and fed according to instructions received in the vocational classes.

### VOTE MAY BE DELAYED IN THE HOUSE TODAY

#### Final Passage Tomorrow Predicted by Speaker of House Rainey.

WASHINGTON, March 20.—Senate and house conferees agreed today on a bill to modify the Volstead act to legalize 3.2 per cent beer, wine and fruit juice.

There was a possibility, however, that final action on the measure might be delayed until tomorrow. House rules provide a conference report must lie over one day unless unanimous consent is given to immediate consideration.

Some opposition has developed to the strong-arm methods by which legislation has been jammed through the house during the special session. Speaker Rainey predicted final congressional action by tomorrow at the latest.

### 1000 Expected at Medical Congress

#### By JACK BISCO

DALLAS, March 20.—Medical science, which recognizes no international boundary, will be fittingly represented in Dallas for five days, beginning Tuesday, March 21, when leading practitioners of two continents assemble here for the fourth annual congress of the Pan-American Medical association.

An estimated 1,000 persons will gather to hear 200 eminent authorities outline the latest findings of research workers in a never-ending vigilance for the conservation of human life.

Last minute preparation for the meeting, the first to be held among English-speaking peoples of the Western Hemisphere, are being directed by Dr. John O. McReynolds, Dallas, the congress president.

### Past Year Made Good Death Record

AUSTIN.—The year 1932 was the best health year, according to Dr. John W. Brown, state health officer, in commenting on the low death rate during the past year.

Of great importance was the almost entire freedom from epidemics until the influenza epidemic in December. Weather conditions throughout the year were good. The depression, undoubtedly, had curbed over-eating and over-drinking. Then, too, there have been fewer deaths charged to motor traffic, because there has been less such traffic. Accidents in industry have been fewer as the outcome of curtailment of employees and hours of work. The people, although against their will, had more leisure and more out-door life. All of these factors have evidently more than counter-balanced the ill effects of worry incidental to unemployment and difficult circumstances.

But perhaps more than any single factor, the protection given by the effective functioning of the health departments, by the generous treatment from physicians, and by splendidly organized relief work has operated to conserve life and health.

Whatever economies must be effected in view of economic conditions, there must be no further radical curtailment of the support required to permit adequate functioning of health departments. The unfavorable aspects of the 1932 health record are increases in the number of deaths from heart disease, cancer, diabetes, and suicides.

### Rep. Sarah Hughes Quick at Repartee

AUSTIN.—Mrs. Sarah Hughes of Dallas, has not only won a reputation in the Texas house of representatives but she has demonstrated that she has an ability at repartee that makes it dangerous to ask her catch questions.

While arguing that the house set an early time to dispose of prohibition ratification, a dry member asked naively: "The lady is not thirsty, is she?"

"No. But if I were I would know where to get it."

Questioning ceased.

### Crop Loan Checks Are Mailed Today

DALLAS, March 20.—A total of 8,000 checks representing the first installment of the 1933 crop loans were mailed from the Southwestern Crop Production Loan office here today.

### Sales Record Claimed

HILBERT, Wis.—Roy P. Madler claims the Wisconsin insurance sales record on the basis of one sale per week during the past five years. Only 10 other salesmen in the United States have equaled it, says.

SAN ANTONIO.—Alvin Strey, Culbertson county predatory animal trapper, caught 11 bobcats during January to lead all state trappers.

### Temperature in Texas Drops

DALLAS, March 20.—A sudden drop in temperatures over the week end left Texas shivering today. Two stations reported freezing weather for the past 24 hours. It was 24 degrees at Amarillo and 30 at Abilene. Elsewhere in the Panhandle temperatures hovered near the freezing mark.

Snow and freezing temperatures camouflaged the approach of Spring at Texarkana today.

A freeze nearly to the east coast was forecast. West Texas was promised warmer weather tonight and Tuesday.

### TIMES' FREE COOKING SCHOOL WILL START TUESDAY AT 2

Mrs. Martha McDonald, who will open the Ranger Times cooking school on Tuesday afternoon, arrived in Ranger today and is now staying at the Gholson hotel. Mrs. McDonald was busy today contacting the merchants of the city who are taking part in the cooking school and getting everything in readiness for the first session Tuesday afternoon.

The school will be conducted in the Masonic building at the corner of Elm and Rusk streets, where the latest ideas of cookery and the culinary art will be taught. As at all other Times cooking schools, a large attendance is anticipated and it is expected that every woman who attends will receive much benefit from the instruction to be given.

Each day's program will be entirely different and no housewife should miss a minute of the entertaining demonstrations. For many distinct and separate dishes are to be made by the culinary artist at her four classes. Each day's program will be correlated with the program to come, yet each day will be a complete demonstration.

When asked what her primary aim in conducting schools is, Mrs. McDonald replied, "That's easy. It's the little things about the kitchen that count most. Most women are already good cooks. I don't even try to go through a full course in cookery, from the beginning to the end. That would be almost impossible. But I can help answer some of the problems that confront the ordinary housewife in her kitchen; how to get variety in her menus; what makes meringues fall; how to use a little dash of spice and flavor that adds so much to a dish."

Every woman in this section of the country is invited to attend this free cooking school, which will be held Tuesday, Wednesday, Thursday and Friday afternoon, beginning promptly at 2 o'clock and lasting just two hours.

Those making the cooking school possible are: Killingsworth, Cox & Co., Texas-Louisiana Power company, Montgomery Ward & Co., Hansen Company, M-System Grocery & Market, Texas Electric Service Co., Joseph Dry Goods Co., J. C. Penney Co., O. K. Grocery & Market, Gholson Hotel, Ranger Floral Co., United Dry Goods, Clyde H. Davis, Jewelry and Music, Zuelch Beauty Shoppe, Oakwood Jersey Dairy, Ranger Steam Laundry, Schooley Bakery, C. J. Moore Auto Mart, Ranger Dry Cleaners, Gholson Hotel Coffee Shop, Rogers Bros. Modern Dry Cleaners, City Tailors, Bills Dry Cleaners, Tobacco Sauce, Mort Sait and K. C. Baking Powder.

Free Prizes will be given daily. An invitation is given by the Ranger Times to attend each session of the school. Many interesting displays will be at the school for inspection. Masonic Hall, Ranger, at 2 to 4, beginning tomorrow afternoon.

### Jury is Hung In Murder Trial

HILLSBORO, Texas, March 20.—The jury which heard the murder trial of Raymond Hamilton, 19-year-old Dallas gang leader, was discharged today by Judge W. L. Wray when no agreement could be reached on the penalty in the slaying of John Bucher, Hillsboro merchant.

Jury members deliberated 91 hours before being discharged, adjudged the young desperado guilty of the slaying on the first vote, it was learned.

### Tennis Meet is Held at Cisco

Cisco entertained the Eastland county tennis tournament Saturday.

Consistent results:

Boys' singles, first place to Ranger, Rayford McNabb.

Boys' doubles, Rising Star and Cisco tied, to be played off later.

Girls' singles, Eastland, first, Rachel Pentecost.

Girls' doubles, Eastland, first, Marzelle Stover and Ruth Rosenquest.

### Federated Clubs to Meet April 26 to 28

GALVESTON.—Galveston clubwomen will be hostesses April 26 to 28 at the annual convention of the fourth district Texas Federation of Women's Clubs.

A reception on the evening of April 26 for Mrs. J. L. Brock, district president of Bryan, is a feature social event planned.

The following day will be devoted to business and election of officers with the last day reserved for recreation.

Committees have been named here to prepare for the convention.

### MUST VACCINATE DOGS

MARSHALL, Texas.—All dogs here must be vaccinated, licensed and penned up for a week, City Manager H. J. Graesser has announced as precautionary steps against a rabies epidemic.

In three weeks 23 rabies-infected animals were slain by officers.

### OLD BUILDING RAZED

TYLER, Texas.—Already prepped upon by the elements and more recently by fire, the old Tyler post office building, erected in 1887 at the corner of North Bois D'arc and West Ferguson, is being razed to make way for a new \$300,000 federal building.

### 120-FOOT TREE CUT DOWN

WILLOWS, Cal.—An eucalyptus tree whose burls, according to the owner, are the largest in the world, has been cut down here. The burls measured four by six feet. The tree, 120 feet high, was planted 50 years ago.

### No Word Heard From Kidnapers of Ohio Youth

MASURY, Ohio, March 20.—Parents of Peter Myers, 15, whisked away from his home by abductors 36 hours ago, waited anxiously today for word from the kidnapers.

The youth, son of a reputedly wealthy lawyer, proprietor here, was taken away by three men who held up the family chauffeur in the driveway of the Myers home.

A note, left with the chauffeur, said "keep your mouth shut. Don't tell police. We'll be back or get in touch with you."

### RACE TRACK BILL BEFORE TEXAS HOUSE

AUSTIN, March 20.—With the result in doubt, the Texas House of Representatives today debated the Duval bill to permit wagering at licensed race tracks.

Twenty members requested recognition to discuss the bill before a vote. Unless they are cut off an all-day debate was in prospect.

Rep. Duval opened arguments for the bill. He said he is in position to announce that if it passes \$2,500,000 racing plants near Houston and San Antonio are to be built. He predicted that with these and the outlays for feed and operation, the measure will put \$15,000,000 in capital to work.

### Oil Men May Ask "Czar" Be Named

NEW YORK, March 20.—Unless conditions in the oil industry change materially President Roosevelt will be asked to appoint a "czar" to govern petroleum activities, T. F. Howe, petroleum engineer, declared today.

"This situation," Howe said, "which will be highly distasteful to some of the oil companies, is brought about by the inability or the unwillingness, for petty political reasons, of the Texas railroad commission to enforce production in East Texas and the fact that they are being bluffed by the oil racketeer."

### East Texas Chamber of Commerce to Meet

JACKSONVILLE, Texas.—Dr. George W. Truett, pastor of the First Baptist church of Dallas, and J. J. Taylor, widely known Dallas News columnist, are among the speakers on the program of the East Texas Chamber of Commerce annual meeting here April 23, 24 and 25.

According to Gus F. Taylor of Tyler, president of the organization, singing is to have a prominent part in the program. A number of glee clubs, including choruses from Baylor college, Belton, and East Texas State Teachers college at Commerce, will appear.

### Temperature Below Normal in February

DALLAS.—The temperature mean time was 2.5 degrees below normal and the rainfall average was 0.39 inches above normal, according to a climatological summary of Texas for February.

Harlingen had the highest monthly mean temperature with 66.6 degrees while Dalhart was the lowest with 31.3 degrees. The average of 138 stations was 48.5.

Greatest precipitation was 8.81 inches at Bon Wier. Three stations, including the cotton region station at Midland, reported no rainfall. A rainfall average of 2.18 inches was computed from 231 stations.

### AIR LINES FORESEE BUSINESS

CHICAGO.—The air lines are counting on a substantial volume of business to the Century of Progress in Chicago. This will be the first World's Fair in history to which there has been any substantial movement of visitors by airplane, reports K. A. Kennedy, Traffic manager of United Air Lines, which will have in effect a five-hour service between New York and Chicago, and 15 hours from California to the World's Fair city.

### ZANGARA, STILL DEFIANT, DIES IN ELECTRIC CHAIR

RAIFORD, Fla., March 20.—A snarling, scornful Giuseppe Zangara spat out his last words of hatred for a capitalistic world at 9:17 a. m. and commanded Sheriff Dan Hardie to "push the button."

Nine minutes later he was declared dead, in retribution for the assassination of Mayor Anton J. Cermak of Chicago.

With the same bravado that marked the bricklayer's behavior since he fired six shots in his mad attack on Franklin D. Roosevelt 33 days ago, he made his exit by way of state prison's electric chair.

He was the same defiant enemy of capitalistic government that he had shown himself to be throughout his trial.

"Lousy capitalists," he exclaimed as he was led into the death chamber. "What, nobody take pictures?" "No no scared of chair. Push the button."

The doomed man spurned all offers of religious solace and when the prison chaplain entered the cell to read from the Scriptures, Zangara barked out defiantly, "Get the hell out of here."

He had been given a Bible during his stay on death row, but had not read it.

"Good-bye," his lips were trying to say as the electric current was turned on, throwing his body forward in a life-taking heave.

### Moratorium on Moratoriums is Now Being Urged

AUSTIN.—Rep. W. T. Savage's proposal that the legislature call a moratorium on moratoriums is being carried until May 7, might have been carried except for doubt of the ability of the session to extend its time of meeting beyond May 10.

Savage's proposal was not a mere gesture against the moratorium bills. He pointed out conditions are now so unusual that it is highly probable the legislation that at present seems most desirable will be entirely unsuited to conditions that may come with resumed normalcy in a few months.

By recessing, he said, the legislators would get a chance to go home, study the effect of what they have been doing and come back May 10 better prepared to act wisely.

### Four Matches at Ranger Tonight

Three wrestling matches and one boxing match will be presented tonight by the Ranger Elks club at their arena tonight on their weekly card.

The first wrestling match, a special event, will bring together Bill Angus, Ranger wrestler who surprised many fans last week, and Sammy McLarrin, Philadelphia Scotchman. This match will be a one fall or 20-minute time limit event.

The six-round free boxing brings into the ring Cliff Wickman, Strawn pride, and Jack Porter, Ranger. Porter says that he likes to feel rosin under his feet and leather on his hands.

The first of the twin main events of wrestling pits Leon Palford, Eastland strong boy, against Hans Slager, the big German from Berlin. The Elks club may have a rodeo when these two step in the ring as the beef and brawn in this match trips the scales at more than 440 pounds. Possibly both boys may do a little plain and fancy bulldogging before either annexes a win. This match will be a best two out of three falls match or one hour time limit.

In the last of the twin main event card "Ug" Moore clashes with "Cherokee Kid" From "Ug" past performances here it is possible that the Denton college football star may convince the "Kid" from Oklahoma that he is still just a pupoose. The "Kid" says that he is in excellent condition and ready to go with anyone as he does not bar anyone his weight.

The matches start promptly at 8:30 p. m. A crowd is expected that will equal the one in the arena last week.

### Revival To Start At Morton Valley

A Holiness revival meeting will begin at the Morton Valley schoolhouse on Saturday night, March 25, conducted by Evangelist H. F. Wilkins of Tulsa, Okla.

Special singing and old-time gospel messages will feature each meeting. The public is cordially invited to attend each service.

### Officers Must Pay Own Telephone Bills

PALESTINE, Texas.—Anderson county has joined the economy precedent set by its neighbors and discontinued payment of telephone services. Each officer must pay his own bill out of excess fees collected.

### Roosevelt Signs Economy Measure

WASHINGTON, March 20.—The \$500,000,000 economy bill, cutting deeply into veterans' benefits and providing for reduction of government salaries, was signed today by President Roosevelt.

### DAMAGE GREAT IN FLOOD OF OHIO RIVER

CINCINNATI, Ohio, March 20.—Hundreds of families were homeless and other hundreds were fleeing from Ohio river bottom lands today as the slowly mounting river, already beyond flood stage, threatened the worst overflow since 1913.

At least seven persons were known to have died; 1,500 families made homeless in Cincinnati alone; Bellevue, Ky., authorities reported the river had swallowed the homes of 700 families.

Police in Cincinnati and other river cities commandeered boats of all descriptions to remove residents from the threatened areas.

Property damage was expected to mount into hundreds of thousands of dollars. Most communities were caught unprepared as late as Saturday. Weather bureau forecasters believed the crest would not be over 50 feet, two feet below flood stage. Torrential rains Saturday, Sunday and Sunday night brought the river up to 60 feet. In 1913 the river reached a height of 77 feet and took 240 lives in Dayton alone.

Three dead were found in a car late last night that was overturned by flood waters, while being driven along an inundated road. Two other deaths were traced indirectly to the flood. At Lawrenceburg, Ind., a youth found a bottle floating in the flood water. He tasted its contents and died a few hours later in convulsions. In Kentucky another boy climbed a power line pole to survey the flood, came into contact with a live wire and was electrocuted.

A mother and daughter were drowned when their motor car skidded over a 30-foot embankment into the Ohio river.

### Ranger Fire Does Only Slight Damage

The home of George Rogers, Ranger, was slightly damaged by fire that broke out about 4:30 Sunday morning. The Ranger fire department answered a call and soon had the blaze under control with little damage done to the house and practically no damage done to the furniture. Fire Chief G. A. Murphy announced.

Shortly after one crew had returned to the station one corner of the attic again burst into flames and this second fire was also extinguished with little additional damage done.

It was thought that the fire started from a gas heater that had been left burning.

A BIBLE THOUGHT FOR TODAY

THE CRY OF THE HELPLESS: O, God, give us help against the adversary, for vain is the help of man.—Psalm 60: 10, 11.

AN ADVOCATE OF HIGH WAGES

Philip K. Wrigley is the son of his father. He is the head of the William Wrigley, Jr., company, founded by his father. He is an advocate of wage increases "where they can be effected without imposing financial strain."

Philip K. Wrigley has started the ball rolling in the other direction. His Canadian subsidiary recently augmented its working force and at the same time announced a wage raise.

Why shouldn't the cost of government touch the same low? Why shouldn't those who employ labor at fair wages and do their level best to maintain high standards of living be given a square deal by the lawmakers of the nation and all American commonwealths?

SLASHING THE COST OF GOVERNMENT

President Roosevelt has asked the new congress for the broadest powers possible under the constitution to permit him to "slash government cost."

BILLIONS IN CURRENCY AVAILABLE

If there is a dearth of money in the United States, why not tap the sources of supply? This from Washington is a hint carried by Associated Press wires:

"Well, the congress has organized for the war on depression. Now crack down and on with the passing show and relief measures that have been outlined as well as promised to the American people."

It seems a pity, but nevertheless true, that in human affairs it is the prophecies of misfortune that come true more often than those which create hopes and appear for the good of humanity.

DID YOU EVER STOP TO THINK

By EDSON R. WAITE, Shawnee, Oklahoma

THAT it is always to your advantage to see the goods you buy before you spend your money.

The value of your dollar depends on the wisdom you use in spending it.

The stores of your city give you definite assurance of handling quality goods at prices that are right.

People should not board money. Put your dollars to work in your own home city. Working money is an asset to any community.

The man who buys at home helps not only himself, but also the community in which he lives.

Your welfare and the progress of your city depend upon you and your neighbor buying in the home city.

You should spend what you spend and invest what you invest in your own home city.

The greater the volume of trade in a city, the greater the business concerns and the entire city will be.

## COLONEL HAD A NARROW ESCAPE

**PITTSBURGH** — The recent death of Col. George C. Richards, war-time commander of the 112th Infantry, recalled his narrow escape from death or injury from one of the last shots of the World War. Ten seconds before firing ceased, the shell, last of an hour's barrage, landed 25 yards from his headquarters. It proved to be a dud.

## WANTED TO DANCE AT 110

**LISBON, N. J.** — Mrs. Mary A. Asay wanted to dance a jig on her 110th birthday, but was persuaded not to by Henry L. Worrel, superintendent of the Burlington County Home, where "Aunt Mary" lives. "Aunt Mary" had a bad cold, and Worrel persuaded her to go to bed instead of dancing and reciting poetry, as she had intended.

## Gas Range

**\$44.95**

Turn on the gas—and automatically the self-lighter ignites it! Set the oven heat for slow or fast baking—and the heat-control holds it constant!

And when the meal's done, a damp cloth will wipe clean the ivory-and-green enamel. (Inside and out this beautiful range is FULLY porcelain enameled.)

The oven's FULLY insulated—doors, top and sides; the frame and grates and 4 big burners are of absolutely first-grade cast-iron.

It bears the American Gas Association's seal of approval. Yet—it costs little more than half the average price. \$5.00 down, \$5.50 monthly. Small carrying charge.

## "THIS IS REAL COFFEE"

## VACULATOR Coffee Brewer

"Have you found a new brand of coffee?"  
"No. It's the same brand, but this coffee is made in a Vaculator coffee brewer. It brews perfect coffee by extracting the maximum amount of aromatic oils which give coffee its fine flavor, and leaves in the coffee grounds the elements which make some coffee unpleasant. After this, you'll always have 'vaculated' coffee."  
You, too, will like the new and different way of making coffee. Ask any employe of this company for an explanation or demonstration.

**\$4.95** 95c DOWN  
**\$1.00 A MONTH ...**

## HOW THE VACULATOR OPERATES

Measured water in the bottom, pulverized coffee in the top, some heating, and the water is poured into the cup of water.

Heat generates pressure that causes water to flow upward. The use of hot water hastens this preliminary action.

Coffee is brewed in upper glass where correct temperature is controlled. When upward flow stops, current should be turned off.

Removing from heat creates a vacuum in lower glass which "pulls" down filtered coffee in a jiffy.

Remove upper glass and serve. The coffee will stay hot opposite of other coffees in the de-canter.

**TEXAS ELECTRIC SERVICE COMPANY**

The Cooking School will be under the personal supervision of MRS. MARTHA McDONALD noted "Happy Kitchen" expert

THE EVENT for which we have been preparing for weeks is almost here—YOUR Cooking School. We have taken a long time to plan a superlative four-afternoon program of cookery. New ideas, new food fashions, new time-savers, entertaining shot-cuts—all will be combined in something we know you'll like—a real, practical "Happy Kitchen." And we know your kitchen will be a great deal happier, too, after you see it.

Every item on the Happy Kitchen cooking school program will be prepared and cooked before your very eyes, from start to finish. Each one of four two-hour sessions is a complete unit in itself—yet the four afternoons are a combination which you shouldn't miss. Every single minute of the Happy Kitchen hours will brighten and lighten your household tasks for months. Each individual dish is built around the theme of **less work—more fun**. There are secrets old and new, keys to the most intriguing meals you've ever cooked or tasted. And most important—the key to the way your kitchen can be turned into a real Happy Kitchen.

There is no charge—no obligation whatsoever at the Cooking School. Your presence is the only thing that's required to get you the biggest batch of kitchen time-savers you ever imagined. Come early and bring paper and pencil, or you'll miss lots of marvelous suggestions. The Happy Kitchen comes to town but once a year—it's here now!

Remember—the "Happy Kitchen" school is YOUR cooking school—we heartily invite you to make it so
