Ranger Petition Asks Telephone Company to Cooperate by Taking Checks on Commercial State Bank

Following a meeting held in the office of the Ranger Chamber of Commerce, the petition was circulated in Ranger urging the Southwestern Bell Telephone company to cooperate with the citizens of the city by accepting checks of old accounts in the Commercial State bank as are all the other utility companies in the town.

The petition was circulated for about two hours and in that time 71 signatures were secured. The work was halted, the committee stated today, when P. Pettit, district manager, promised that some kind would be taken in the matter, if it was found possible. The committee was today getting ready to continue its work of securing signatures as nothing had been reported to them as to any action taken. The signers of the petition members said, had agreed to discontinue telephone service if an agreement was not reached to accept these checks against old accounts.

Attendance Increases At the Second Session of Times' Free Cooking School Wednesday

The second day of the Ranger Times Free Cooking School was an even greater success than the opening day, with a much greater attendance.

The "Happy Kitchen" was very attractive with its beautiful modern kitchen furniture, radio and various displays grouped around the room. A particularly attractive display of Morton's salt was arranged with the name Morton and their motto written in salt.

Mrs. McDonald brought an interesting lecture on the preparation of meat and especially of steak. Over-cooking and frying in fat takes away much of the food value. "Steak should be thick, rubbed sparingly with shortening, put on a broiler and broiled on one side, turned over and broiled on the other side and cooked until medium tender, to be the best, not only in taste but in food value," explained Mrs. McDonald. A mushroom sauce is delicious with this steak.

Her lecture included the value of salt to the human body. She explained that if all the salt in the human system were taken out that one could only live a very short time. The value of iodized salt was also given attention and she recommended Morton's iodized salt as the very best on the market.

Mrs. McDonald's demonstration of cooking is also excellent. So many different dishes are cooked and artistically displayed during the afternoon.

The Ranger Times extends a cordial invitation to all the ladies to return each day and also to those who have not had an opportunity to attend to come early for the closing day as there will be no registration after 2:45. A number of the merchants who have displays (Continued on page 3)

BEER BILLS OF STATE PRESENT NEW PROBLEMS

AUSTIN, March 23.—When and if beer will be legal in Texas is a combination cross-word and jigsaw puzzle.

After that presented the problem of finding a two-member combination meaning non-intoxicating. It involves fitting together the pieces of the state constitution, the present Beer law and 42 sections of two bills, now before the legislature.

After that is all worked out the question remains if the solution may be announced, whether newspapers, sign painters or radio may advertise beer.

If state beer bill proponents win it will be legal to advertise beer. The present law makes it a penitentiary offense to advertise intoxicating liquors, "anywhere on land or water by any means or method" one of the beer bills declares that 3.2 per cent. brew is non-intoxicating and repeals automatically anything to the contrary.

A companion bill regulates the manufacture, sale and disposition of non-intoxicating malt liquors. It carries provisions for licenses of both wholesalers and retailers, allowing retailers to sell only 12 ounce bottles with the tax stamp affixed.

There is a state tax of half a cent a bottle.

State licenses of \$50 for consumption sales and \$25 for non-consumption sales are provided and towns and counties may levy half as much.

IS FIRST BILL TO CUT DOWN COST OF STATE

Was Compromise Agreement of House and Senate on Two Measures.

AUSTIN, March 23.—The Texas legislature passed its first bill to reduce major costs of government today when both house and senate shoved through the judiciary appropriations reduction bill, trimming nearly \$2,000,000 from the appropriations for the last biennial.

The senate passed the bill by a 26 to 1 vote a few hours after the house had concurred in the joint conference report on the bill.

Several senators who voted for it expressed opposition to the bill, but acquiesced and said it was the highest figure the house possibly would accept.

The bill, as passed, is a compromise, higher than the original house bill and lower than the original senate bill, but it still leaves a reduction of more than 25 per cent. under the \$5,699,515 appropriation for the same purpose two years ago.

Under the bill the courts will get \$3,912,675 for two years' operation.

This afternoon the house buckled down further reduction of the departmental appropriation bill, upon which it has been at work for two days.

Rumored Engaged To Albanian King

European nobility is stirred by persistent rumors that Baroness Franziska De Janko (above), famous Austrian beauty, may become the bride of King Zog of Albania. The story of the engagement in Viennese papers attracted so much attention that the Austrian government issued an official communique, denying the rumors which, nevertheless, persist.

TWO CHILDREN ARE DROWNED IN A CISTERN

DALLAS, March 23.—Dallas police rushed to the Mexican colony here today when it was reported that two children were missing after two had drowned.

Bodies of two six-year-old children were recovered from an abandoned cistern at the rear of the Presbyterian mission school shortly after noon.

The children were pitched into the deep well when a decayed platform gave way. Mission authorities said it was possible that a third child had drowned inasmuch as it had not gone home.

The accident occurred while the children were carrying fire bricks from the rear to the front of the school for the purpose of building a wall. For several years the cistern had been bricked over and the teachers said they did not know it existed.

Old Time Minstrel On Legion Program At Ranger Tonight

Willis Barnes, old-time minstrel man, will be the chief entertainer at the regular meeting of the Carl Barnes post of the American Legion tonight, it was announced today by Clint Davis, post commander.

Barnes appeared before the Ranger Rotary club on Wednesday and before the Lions club at their meeting today.

All legionnaires and ex-service men are invited to be present at the meeting tonight. The entertainment will be free.

Many From Out of Town Visit Cooking School

The third day of the Times Free Cooking School opened today with another large crowd ready to absorb the knowledge of cookery that was presented to them by Mrs. Martha McDonald, with a large number of out-of-town ladies present.

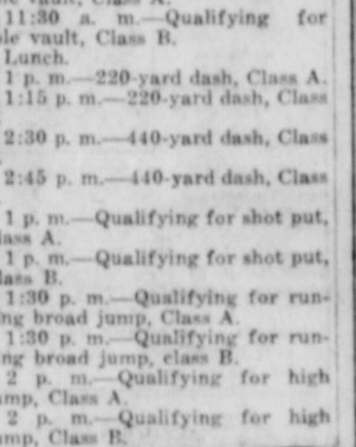

Friday at 2 o'clock the last session of the school will be held when additional prizes will be awarded, as well as another list of helpful menus will be presented during the course of the instruction.

Out-of-town ladies who were guests of the school today were: From Eastland—Mrs. C. W. Hoffman, Mrs. V. W. Hart, Anne Perkins Stewart, Mrs. Eugene Day, Mrs. R. E. Sikes, Mrs. O. E. Randolph, Miss Pauline Randolph, Cleo Neptune, Mrs. Will Keith, Mrs. Ed Sanderson, Mrs. M. H. Lobaugh, Miss Mabel Hart.

From Odessa—Mrs. Jewel Reeves, Mrs. Ida S. Ford, Mrs. V. M. Hamilton, Mrs. R. F. Biddleton, Mrs. H. H. Russell, Mrs. Nettie Fox, Mrs. Carl Jones.

From Houston—Mrs. M. H. Pittman.

BREWERS ARE ASKED TO GET THEIR LICENSES

WASHINGTON, March 23.—The government today invited brewers to step up and get their licenses to begin immediate bottling of the new 3.2 per cent. beer.

Millions of gallons of brew already have been stored up in bulk. Vats were bulging today with thousands of gallons more. The amber liquid can be bottled just as soon as the brewers get their permits.

None of the beer, however, can be distributed from the bottling plants until the modification act becomes effective on Friday, April 7.

At 12:01 a. m. that day 3.2 per cent. beer, wine and fruit juices can be sold in a score or more states.

Prohibition director Amos Woodcock's forces promised to stop shipment to dry states.

Dry leaders are preparing to test the constitutionality of the modification act. They contend 3.2 per cent. beverages are intoxicating and therefore unconstitutional under the 18th amendment. Edward Dunford, counsel for the anti-saloon league, said the new law would be attacked in the courts after the beverages are sold openly.

Mortgage Bill Is Sent to Congress

WASHINGTON, March 23.—The \$2,000,000,000 Roosevelt plan to refinance and scale down farm mortgages was submitted today to Secretary of Treasury Woodin for approval before being placed before Congress.

Speaker Rainey said the proposal would be added to the administration's farm bill passed yesterday by the House.

"The new plan," the speaker said, "will be written into the price fixing bill as a senate amendment. This will speed action."

Three Men and Two Stills Seized By Sheriff's Men

One still, a condenser and other appliances for making whiskey were evidences of the efforts of Sheriff Virge Foster and his deputies in law enforcement this week. Two raids were made the first of the week. No one was found with the first still but three men were brought in when the second was found Tuesday.

The first still was discovered on the place belonging Mrs. Bell, an aged widow lady, who lives in the Seranton country. No one was with it when it was found and the officers do not know to whom it belonged. The still, of about 80 gallons capacity, the worm, about 400 feet of hose used for siphoning water from a tank and a strong arm johnny-pump were captured by Sheriff Foster and Deputy Lost Woods in the first raid and brought to the sheriff's office.

The second raid was made on the farm of J. T. Fry, a few miles southwest of Clovis, by Sheriff Foster and Deputy Woods, accompanied by Ed Sparr and Wyatt Williams. Only the condenser and 28 barrels about, half of them filled with mash, and the other half indicating that the mash from them had just been cooked, were taken in this raid. When the location was discovered, two men were attempting to make a get-away, carrying the heavy condenser, which evidently was for a still of some 80 gallon capacity. Three men were taken into custody by the officers.

Beer Presents New Problem About Its Advertising

AUSTIN.—If beer is legalized in Texas, quite a problem will be faced by newspaper publishers, sign painters and others in determining if they are privileged to advertise it.

Consensus of opinion is that if beer of certain content is declared non-intoxicating, advertising it would be legal.

All the liquor penalties are grouped in one section of the Beer act, providing that violation of any of the matters prohibited entails for a two to five year penalty.

Attorney John Boyle, of the state organization for change in the liquor laws, contends the simple way to legalize beer is just to add a provision to this penalty shall not apply to transportation, sale, possession or any other of the now prohibited actions in connection with beer of the specified alcoholic content determined upon.

The existing provision against advertising liquor is sweeping. It says:

"It shall be unlawful to advertise anywhere, on land or water, by means or method, intoxicating liquors, or to advertise the manufacture, method of manufacture, sale, keeping for sale or furnishing of the same, or where, how, from whom and at what price the same may be obtained. The manufacturer of alcohol or wine and wholesale druggists having a permit under this law shall be allowed to send and place signs to those to whom they are lawfully permitted to sell alcohol or wine. It shall also be unlawful to permit any sign or billboard containing such prohibited advertisement to remain upon one's premises or to circulate any prohibited list, designed to induce or secure orders for such intoxicating liquors. Any advertisement or notice containing the picture of a brewery, distillery, bottle, keg, barrel, or box or other receptacle represented as containing intoxicating liquors, or designed to serve as an advertisement thereof, shall be within the inhibition of this article. It shall be unlawful for any newspaper or periodical to print in its columns statement concerning the manufacture or distribution of alcohol to be sold directly or indirectly, for which the said newspaper or periodical receives compensation of any kind, without printing at the close of said statement in type of the same size in the body of the said article the following statement: "Printed as paid advertising."

TEXAS WOMAN TO BE GIVEN LIFE SENTENCE

OKLAHOMA CITY, March 23. Mrs. Jean Collins, 32, former Sweetwater school teacher, convicted of slaying Bert Allen, 42, crippled war veteran, by beating him with two chairs, will appear in district court here Saturday to be sentenced to life in prison.

She was first tried in justice court and convicted of murder in the second degree in 20 years.

In Mrs. Collins' defense plea she had asserted she and Allen had been drinking the afternoon of Feb. 13 when she broke two heavy chairs on his head and body at his apartment here. Allen died four days later.

Prosecuting authorities to prove she was angry because Allen had ordered her to leave the apartment. Police who arrested her testified she was covered with blood, but was not drunk.

Her attorneys have not yet announced intention of appealing the case.

At the county jail today Mrs. Collins refused to discuss the case or to reveal her maiden name. A bulletin from the United States department of justice said she was wanted for investigation in nearly a score of cases including forgery, narcotic peddling, robbery and automobile theft.

During her trial here Mrs. Collins sat alone without friends or relatives. The black-eyed, tight-lipped woman said she was without funds to finance an appeal of her case.

FURLOUGH IS GRANTED

AUSTIN, March 23.—A 90-day furlough today was granted Charles McBride, 60, who has served approximately five years of a 25-year sentence from Callahan county for murder.

Records show McBride was sentenced for the fatal shooting of John Glenn in November, 1927, in Callahan county.

Ranger Scouts Have Contests at Meeting

Troop 9, Ranger Boy Scouts, had an interesting meeting Wednesday night, when two platoons, ranging between 30 and 32 boys, engaged in a series of scout contests.

Lemmie Bray was the winner of a scout oath and law contest, in which the definitions of the scout laws were given, together with the 10 points of the scout law. By winning the contest he was awarded a hiking staff.

Billy Joe Turner was the winner of the fire by flint and steel contest, and was awarded an official fire and steel set as winner of 1st place.

John Thomas Scott won the fire by friction contest and was given, first place winner, an official fire by friction set.

In addition to the scouts committee Meroney, Scoutmaster and Assistant Scoutmaster were present.

Ranger Lions Hear Musical Program

Willis Barnes, old-time minstrel man, entertained the Ranger Lions club today with glassophone and vibraphone music, which was thoroughly enjoyed by the members.

Miss Pat Coughlin was a guest of the club, presenting each member with a flower, a present from the Golden Florist, in keeping with the annual Flower week, which begins tomorrow.

Lion Cubs J. J. Kelly, R. O. With, Roy McCleskey, Floyd Kirkupworth and Calvin Brown were slated into the club.

NEW YORK LAWMAKERS AND THEIR BEER BILLS

New York lawmakers are busy. Two beer bills, one relating to sale and manufacture and the other relating to tax, were hammered into final shape by the special liquor commission and taken to Albany for submission to Gov. Herbert H. Lehman.

As for Texas, Senator Sheppard and Connally voted against the bill passed by the house of representatives legalizing the sale and manufacture of 4 per cent. Senator Sheppard, it is predicted by Washington correspondents, will lead the dry forces against the Cullen measure.

Galveston Team Has Pilot New to Texas Pitching

By STUART E. JONES
United Press Staff Correspondent
GALVESTON.—With playing managers the general order, the Galveston Buccaneers will pitch in Billy Webb, a pilot who never tasted Texas league pitching, although he is a veteran pitcher who began his career in 1916.

Webb is not a neophyte at the pitching game, for he piloted the Galveston team of the International league in 1925 and bossed the Wilmington club of the New York-Pennsylvania loop in 1930. This year will mark his Texas league debut, Webb having taken over the Buccaneer management from Del Pratt, now at Lubbock.

With prospects of 30-odd players turning up for spring practice beginning March 11, Webb has himself tentatively for second base, Dick Goldberg, first base, Charlie English, third base.

The latter two are counted by Webb as among his most valuable. Both are new acquisitions, Goldberg coming to the Buccaneers from the Baltimore Orioles and English from the Chicago White Sox.

Other infield prospects include Jerry France, Ray Rogers, Joe and Carroll Burrows, rookies, and the following holdovers from last season, Molesworth, Allyn and Fawcett.

New pitching material includes Chamberlain, a purchase from the Chicago White Sox; Orville Eggen, bought from Montreal; Albert Vinson, Houston Yarnough, John Welsh, Jay Couch, rookies, and Thormahlen, Darr, Cramer, Tubbs, Moore and other holdovers.

Pitchers on hand will include newcomers—Jack Mealey, Antonio Ni Cuzensky, Northwestern university; Ralton, experienced, and Jack Allo, another rookie.

Three holdovers, Governor, Bell and Dunlap, and a rookie, Vasco, make up the roster of outfield candidates.

SPEAKING of SPORTS

By THOMAS COPE
United Press Staff Correspondent
Francis Descamps Taming Irish Heavyweight Hope

LA GUERCHÉ (Bourges), France.—The most terrible young man on earth is virtually a prisoner here in the rural center of France.

Tamer as much as trainer, Francis Descamps, he of the hypnotic eye, watches over the terrible young man like a father, admonishes him like a priest, chastises him like a sergeant. And six or seven months from now Jack Doyle, 19-year-old Dublin demon, will have a chance to find out if he is really the world's greatest boxer, or just a terrible young man who can't make his hands behave.

"His greatest trouble," said Monsieur Descamps of the glittering eye, "is that he fights."

"Does he have any other essential flaws?"

"Well, yes, he has one in common with Georges. He has a delicate jaw."

"Who, Carpentier?"

"Georges Carpentier had a glass jaw all his life," said M. Descamps without batting an eyelash. "Jack has a soft jaw, too, but I'll teach him to protect it, like I taught Carpentier. I am going to make a boxer of him if I have to break his neck."

And the French ring wizard then admitted that, of the hundreds of fighters who have passed through his hands, only two have been allowed to share his home with him: the Adonisian Carpentier and Jack Doyle, white hope of the decade.

"I keep him a prisoner," said Descamps, "because this is the only way to teach him. He has to be trained like a lion. From dawn to dusk, from week to week, he sees nothing but this bunch of hard-hitting pugilists you see around you. They are tough babies."

They are. Some of the future champions of France are among them, as well as some of the oldest ring generals. But the trouble with Doyle, by his own admission as well as that of his mentor, is that he starts fighting the moment he enters the ring.

HOOKS and SLIDES BY BILL BRAUCHER

Ferrell's Bonus
WES FERRELL, sensational young pitcher who has won 31 games in his four years as a big leaguer, was offered a cut from \$18,000 to \$12,000 this year. He revolted bitterly.

Finally a bonus system was agreed upon. Ferrell signs for \$12,000. If he wins 20 games he gets \$14,000. If he wins 25 games he receives \$15,000. That's the most he can get.

Has Mind of His Own
FERRELL is a young man who has a wholesome respect for the dollar. He has been hard to do business with ever since coming to the majors. He also is a fellow with temperament. His quarrels with Manager Peckinpaugh, his public announcement that Joe McCarthy was the best manager in the majors and his putting and walking from the box unbidden when the batters were getting to him have been widely publicized.

He will want to win those 25 games badly. He always has earnestly wanted to win but there are many customers in Cleveland who never could be convinced of this. Naturally, since he is the best pitcher Cleveland has, Peck will pick him to pitch against the more formidable teams. Just how Ferrell will take this under his new contract is very much in doubt. He doesn't have to be told he can make more money pitching to

DID YOU KNOW THAT—
BILLY SULLIVAN, young White Sox recruit from Notre Dame, is compiling a book of baseball slang. . . . a 2 o'clock hitter is a player who hits 'em far away during batting practice and pops up during the games. . . . a collision is a college player. . . . ash hoop is a rough infield. . . . banana stalk, a bat with poor wood in it. . . . rabbit ears, players who hear what they're saying in the bleachers. . . . coaltender, one who waits them out at the plate. . . . gully jumper, railroad train. . . . base on stones, a safe hit that took a bad bounce past an infielder.

Engenders Enmities
THE bonus plan for pitchers has proved itself as baseball's worst evil. It foments bad feeling among the players, makes each player with a bonus contract an individual business man and frequently opens breaches between player and manager.

Some years ago George Uhle signed to a contract similar to Ferrell's. One of the infielders used to blow up higher than a kite upon occasion, and when he went into these erratic streaks it seemed to cost big George money every time. Uhle had no such temperament as Ferrell. It has shown but to this day Uhle looks upon that infielder with a fishy eye.

Gas Racket to Be Eliminated By New Measure

AUSTIN.—The shroud of darkness that has robbed Texas of \$4,000,000 in tax revenues yearly and permitted development of a tremendous "racket" in the gasoline business, has been torn away by the teeth in the new gas tax enforcement law, in the opinion of close observers at the capitol.

The bill, passed by both houses, was signed by the governor Tuesday. It becomes effective immediately as an emergency measure, and repeals all previous legislation on the subject.

The new law makes deliberate evasion of the gasoline tax a felony, with fines of from \$100 to \$5,000, jail sentences of from one to six months, and penitentiary terms up to two years.

It creates a motor fuel tax division under the state comptroller, with two lawyers and a full force of investigators, auditors, chemists, etc., yet at no new cost to the taxpayer, for a fraction of 1 per cent of the gas tax is set aside to pay them. Their activities are expected to recover at least \$4,000,000 a year.

The new law sets a chemical standard for gasoline. Provisions of the law dealing with manufacture, transportation and marketing of gasoline are regarded as "thief-proof" as possible. Complete sets of interlocking records must be kept, from the run of crude oil until the gasoline goes into a motorist's car. They must be open to inspection at any time. Books must also be kept on kerosene, naphtha and other tax-free fuels commonly blended with gasoline, and retailers may be checked to see if they sold such fluids under their proper names. This will be a serious check on blending, the commonest form of tax evasion, by which a retailer mixes tax-free fluids with tax-paid gasoline, and collects tax on the entire amount.

The old familiar answer of "I don't know" to official questioners is now outlawed. The records must show. Every dealer must post the gas tax separately from the price of gasoline, so that a motorist with average intelligence can draw his own conclusions. And every dealer must show the name of the firm which paid the tax.

Even trucks, tank cars and all other vehicles that transport motor fuel must be ready at all times to give proof that the tax has been paid. Every truck driver must carry a manifest showing the type and quantity of his cargo, its origin, destination and the amount of tax paid. In addition, every dealer must record the number of any truck bringing him motor fuel.

The Texas Good Roads association, which favored the new law, pointed out today the fact that every peace officer in Texas is empowered to stop and investigate any carrier, and urged them to do so. "Only by general interest and by widespread public education can this \$2,000,000 be recovered for the motorists, \$1,000,000 for schools, and \$1,000,000 for the redemption of county bonds," the association's statement said.

LONG HAIR IS LUXURY

PARIS.—Paris beauty experts say that women have let their hair grow because of the economic depression, but that the upkeep of long hair is, in reality, more expensive than that for short tresses. Hairpins, hair nets and the wear and tear on dispositions is considered more costly than a weekly trip to the hair-dresser for a cut and curl.

France Building Speedier Planes For Newest Race

By United Press
PARIS.—Thirteen bullet-shaped, high-speed airplanes are being constructed here to race May 28 for the Deutsch de la Meurthe cup in the first contest for that speed trophy. It has replaced the Schneider cup as emblematic of the world's air speed championship.

This race will be entirely French for no other nation could afford to build special planes for the contest. It is doubtful if all 13 will be ready in time, for the regulations require the planes to pass a test flight at least 15 days before the race, bettering 200 kilometers an hour over a 100 kilometers course.

The Aero Club de France has announced that a definite course now has been laid out, near Etampes, just south of here. The Schneider cup races, in which speeds up to 393 miles an hour were reached, were flown over water.

The course lies between Etampes, Sevran, Moisy, Chartres and Stamps. Each plane will fly around the course 10 times on two different flights and the average time will be taken. The only limitation is to a single motor of eight-litres cylinder capacity.

The Delage-Kellner Bechereau plane nearly is completed, the bullet shaped metal body being just large enough to hold the pilot, his motor and sufficient gasoline to fly 200 miles. There is no room for any instruments other than those required for actual flight. The wings and body are metal welded together at the seams, so that the plane is really a flying tin-can.

The Delage 12 cylinders are arranged in V-shape, 3,800 revolutions a minute to provide a speed of 400 kilometers. The motor weighs 792 pounds.

in the hall and who have helped put the cooking school over will also be present for Friday's session. Come promptly at 2 p. m. and enjoy the splendid lecture and demonstration by Mrs. McDonald.

Recipes taken from Mrs. McDonald's lecture:
Veal Loaf and Spaghetti
1 1/2 pounds ground meat, 3 tablespoons grated onion, 1 1/2 teaspoons Morton's salt, 1/4 teaspoon black pepper, 4 drops of tabasco, 1 cup cracker crumbs, 1/2 cup sweet milk, 1 egg. Mold and cook in roaster in hot oven for 45 minutes.

Boil 1 package of spaghetti in water with 1 scant teaspoon of Morton's salt 20 minutes. Drain. Sauté one small onion finely chopped in two tablespoons of fat, add one small can of tomato juice, spaghetti, 2 drops of tabasco. Morton's salt and pepper to taste. Place the meat loaf on a platter and garnish with the spaghetti.

Cabbage Slaw
Two cups shredded cabbage, sprinkled with two tablespoons of vinegar. Chill in refrigerator. Place on a platter garnished with lettuce. Cover with following dressing: Three hard-boiled eggs, mashed fine, 1/2 cup French dress-

Kelvinators Sold At Low Installed Prices In Ranger

The Killingsworth, Cox & Co. of Ranger, which has the agency for the Kelvinator in this section of the country, not only has one of the newer models of this electric refrigerator on display and use at the Times Free Cooking School, but also is demonstrating Voss washing machines and automatic pressure cookers. Today Mrs. McDonald demonstrated the proper use of the pressure cooker.

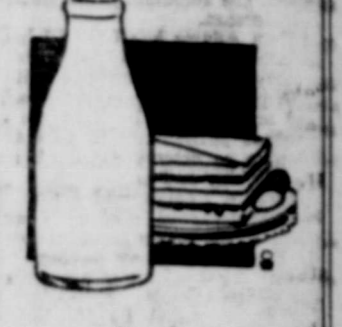

The Kelvinators, as advertised in the Times of Wednesday, are being sold in Ranger for only \$99.50 installed in your home, instead of the price of \$99.50 f. o. b. the factory, as advertised. This makes the cost of the machine much less than one would expect to pay for such an improved and compact electric refrigerator.

By special request from several women in attendance at the Ranger Times Free Cooking school, Mrs. Martha McDonald will cook a chicken in one of the automatic pressure cookers furnished the school by Killingsworth, Cox & Co., Ranger dealers. Mrs. McDonald says this cooker is manufactured by one of the oldest concerns in America and the ones shown at Killingsworth, Cox & Co. are the latest on the market and that she knows the very satisfactory results to be obtained. They are on display at the school each afternoon.

Philadelphia Shows Living Cost Drop

PHILADELPHIA.—The cost of living here shows a slight increase since 1914, as compared with that of other cities, according to a survey made by the Chamber of Commerce.

The increase stood at 33.9 per cent for Philadelphia, while Baltimore experienced 38.1 per cent increase, Cleveland 39.4 per cent, New York 40.2 per cent, and Norfolk 56.2 per cent. Buffalo however showed only 32.8 per cent increase for the same period.

PORTAGE, Wis.—Though sadder, Louis Traut, Rio farmer, was wiser today in the ways of long-distance telephone operators.

Traut, who had walked out of the Rio jail unobserved, stopped at Horicon to josh Sheriff Robert Roche—over the telephone.

"Where are you calling from?" inquired the sheriff.

"That's for you to find out," retorted Lotinutes later a Horicon marshal arrested him. He was informed that the long-distance operator in connecting him with the sheriff had said, as usual: "Horicon calling Sheriff Roche."

Stuffed Carrots
6 good sized carrots boiled tender (unpeeled); 3 tablespoons hard-boiled eggs finely mashed, 3 tablespoons butter, 3 tablespoons mushrooms or nuts, dash of tabasco, Morton's salt to taste. Scoop out centers of carrots in boat shape and fill in with creamed mixture. Sprinkle with parmesan and warm in oven before serving.

Crushed Banana Cake
1 1/2 cups sugar, 1/2 cup butter, 2 egg yolks, 1/2 teaspoon of Morton's salt, 2 crushed bananas, 1/2 cup chopped nuts, 1 teaspoon of soda, 1 teaspoon of baking powder, 4 tablespoons sour milk, 1 1/2 cups of flour sifted once before measuring, 2 egg whites well beaten, 1 teaspoon vanilla extract.

Cream butter and sugar, add egg yolks and creamed bananas, sift dry ingredients and add alternately with the sour milk. Fold in the nuts and beaten egg whites. Bake in two layers and stack with powdered sugar butter icing. Time 25 minutes at 375 degrees.

3 tablespoons of melted butter, 1/2 box powdered sugar. Mix well, using enough sweet milk and a few drops of vanilla to a spreading consistency.

Cheese Pie
4 egg yolks, 2 cups granulated sugar, 1/2 cup butter, 1 cup sweet milk, 1/2 cup flour, 1/4 teaspoon Morton's salt, 1 tablespoon vanilla extract.

Cream butter and sugar, add well beaten egg yolks and beat mixture until creamy. Mix all together thoroughly and bake in uncooked pie shell for hour at 350 degrees.

Cover with meringue made by adding two level tablespoons of sugar to one stiffly beaten egg white. Cook meringue slowly for 15 minutes.

Biscuit
2 cups Yukon's Best Flour, 3 level teaspoons K. C. baking powder, 1 teaspoon Morton's salt, sift together and rub 4 tablespoons of shortening; add 1 scant cup of sweet milk; roll and cut with favorite biscuit cutter.

Corn Croquettes
1 can of corn, 1 teaspoon sugar, 3 tablespoons butter, 1 egg. Enough crackers to make it stiff enough to mold in croquettes and fry in deep fat until golden brown.

OLDEN NEWS

Special Correspondent.
OLDEN, March 23.—Mrs. L. M. Sharratt is ill in the West Texas hospital at Ranger.
 The Baptist Training Study being conducted in this district is being well attended. This work is similar to the B. Y. P. U. work except that it is for all ages. The Olden B. T. S. work is under the direction of Mr. Moss and Mr. Early of Brownwood, who conduct the meeting each night at the Olden Baptist church, at 7 p. m. The meetings will continue through Friday. A good attendance is reported. The graduating class in this work from this district will be held in Cisco at the Baptist church Sunday, March 26, in the afternoon.

The following citizens attended the B. T. S. class in Ranger Tuesday afternoon, March 21: Lucy Ellen Getz, Mrs. J. P. Crawford, Mrs. J. A. Sepulver, Mrs. James Ward, Catherine Stanton, Pauline Gullett, Doris Stanton, T. H. Stanton, Baldridge Crawford, Mrs. Lockman, Mr. Moss and Mr. Early.

Several Olden ladies attended the Ranger Times Cooking School in Ranger Tuesday and because of their interesting report and enthusiastic approval of the school, many others expect to attend the school the remaining afternoons it is in session.

Jean Adams has been ill but is able to be back in school again.

Lloyd Woods, who was quite ill with pneumonia, is able to be up and around the house again and weather permitting he expects to be able to attend the track meet here Friday and Saturday.

Florine Reeves and Helen Adams represented Olden Tuesday night at the music memory contest in Eastland. They having won highest honors in music memory in the Olden schools. Miss Olga McCoy accompanied the girls to Eastland Tuesday night.

Charles Atchison of Los Angeles who has been visiting in Olden, returned to Los Angeles Wednesday. Mrs. Atchison and their little son, Tommie, will remain for a time to visit her parents here. Mr. and Mrs. E. R. Buckley.

J. A. Hunter left for Dallas Tuesday afternoon on business that will require a few days of his time there.

L. V. Ford was an Eastland business visitor Wednesday.

A. J. Gibson made a business trip to Strawn Wednesday.

Mr. and Mrs. John Pickens spent the week-end with their son, Thompson Pickens here, returning to their home in Overton Sunday, and stopping in Fort Worth that afternoon to attend the stock show.

Mr. and Mrs. J. L. Kuhn returned from Temple this week, where Mr. Kuhn had gone through the clinic.

A lovely tinted photograph of little Miss Mae Edna Ward, in costume, is in a window of the Ranger photograph studio and is being much admired by her friends and acquaintances. Little Mae Edna is the talented daughter of Mr. and Mrs. James Ward.

Mrs. Karl Bonneau of Trent visited friends in Olden over the week-end, going on to visit her relatives at Millsap, before returning to her home at Trent. Friends of the Bonneau family, who formerly lived at Olden, will be glad to know that Karl Jr., who always showed remarkable talent as a reader, continues to reap new laurels in that line, winning in declamation and reading contests. He is also becoming adept as a young tennis player and played in a tournament at Merkel Saturday.

Mrs. V. O. Wyatt and Mrs. J. F. Warren went to Abilene Tuesday to attend the funeral services for the little son of Mr. and Mrs. Joe Borden. His death followed an illness of several days of pneumonia. Mrs. Joe Borden was formerly Miss Katherine Harrison of Olden. Friends here deeply sympathize with them in their bereavement.

Mrs. J. W. Ray is ill at her home in West Olden, suffering from a bad case of ivy poisoning.

Mrs. V. O. Wyatt visited her mother, Mrs. Boies, in Carbon Wednesday.

N. B. Heath, electrician at the Texas Electric Service plant near here, has purchased a house and lots in East Olden from Joe Norton this week and he hopes to get moved into his new home at once. Olden will be glad to welcome Mr. Heath and his family.

ALAMEDA NEWS
Special Correspondent.
ALAMEDA.—Miss Madan Melton spent last week in Salem community visiting her brother, Troy Melton, and sister, Mrs. Jack Rogers.

Miss Mildred Love visited Junior college in Ranger Monday.

Miss Ellen Tucker is ill, and we hope her speedy recovery so that she may be back in school again.

Mr. and Mrs. Melvin Estelle and daughter, Laverne, attended the Fat Stock show at Fort Worth Thursday and Friday of last week. Basketball season being over the girls and boys are playing volleyball. There will be five more weeks of school, coming to a close April 28.

Miss Edna Earl Cason of Ranger Junior college was visiting in our school Tuesday evening.

The junior boys lost in the events they entered at the track meet Saturday at Olden, but our school has some chances next Friday and Saturday. The spellers that will represent our school in senior spelling are Moses Mimie Walker and Linnie Jayne Rogers; Cora Lee Griffith and Mason Ferrell in sub-junior spelling; Ina Gene Reynolds and Jack Hart in junior spelling. Those who will represent our school in declamation are Junior Hart, Katherine Griffith, seniors; Cora Lee Griffith, juniors; and Carter Hart, juniors. The boys are also going to enter in the field events. We all want our school to win, but someone has to lose.

Several of the boys and girls were disappointed last week when the special train didn't go to the Fat Stock show.

His father awaits an expected ransom demand, and police of Ohio, Pennsylvania and Kentucky were on the alert.

Geologists Meet In Houston For Four-Day Session

By STUART E. JONES
United Press Staff Correspondent
HOUSTON, March 23.—Men whose scientific lore has played a large part in the evolution of the American oil industry gathered here by the hundreds today for the annual meetings of their societies.

An address of welcome by Mayor Walter E. Monteith opened the three-day joint convention of the American Association of Petroleum Geologists, Society of Petroleum Geophysicists and Society of Economic Paleontologists and Mineralogists. Some 1,000 were in attendance.

Immediately after the mayor's address there began presentation of a comprehensive technical program, a large number of papers covering a wide range of subject matter having been scheduled.

The program was prepared under the direction of Ralph D. Reed, Los Angeles, editor of the geologists' association publications and Donald C. Barton, Houston, chairman of the technical program committee.

Among the numerous papers were several dealing with Gulf coast oil fields and geology, centers of much attention in recent months.

All of the papers were purely of technical interest, with the possible exception of one on "Bottom-hole Pressure in the East Texas Field" presented by D. M. Collingwood and F. E. Heath, Dallas geologists.

All of the three organizations will be elected tomorrow.

Saturday and Sunday the delegates and visitors will be taken on tours of the Conroe field, Montgomery county and the Sugarland oil field and sulphur mines at New Gulf, Fort Bend and Wharton counties, respectively, with luncheon to be served at New Gulf.

Troop 23 of Stephenville
 Scoutmaster Homer Tudor re-registered his troop to full capacity this week and sent in one of the neatest complete applications that the office has had the pleasure of receiving to date. Tudor's troop roster shows that the scouts in the troop have a total number of 53 years of scouting, which does not include about 14 years to the scoutmaster and assistant and the troop committee. We extend congratulations to Tudor on making such a splendid showing.

Kite Tournament
 Scouts of Brownwood will participate in the first annual kite tournament Saturday afternoon, April 1. Six prizes are being offered for places in the different entries.

Indian Tribe Holds Meeting
 The Tribe of the Black Arrows held a meeting last Saturday night and discussed plans of giving a public entertainment in the near future. The full membership was in attendance with the exception of one. The next meeting will be held in the form of an Indian supper about April 8.

Meeting at Concord
 O. E. Winebrinner, chairman of the troop organization committee and the scout executive held a meeting at Concord last Sunday afternoon with some 12 or 14 men interested in organizing a Boy Scout troop at that place. Otho Brutton was elected chairman of the troop committee. Mr. Brutton wanted a little time to develop his troop committee and make a selection of scoutmaster. Another meeting will be held in the near future. Rev. Melvin Livesey presided at the meeting. The community has plenty of boys for an excellent troop.

Troop 2 Has Good Stunt
 Scoutmaster Dan Gill has a way of getting scouts of his troop at the meeting on time. Each scout registers his name on a blackboard when entering the troop room. All of those whose names appear on the board by 7:30, the time for the meeting to open, enter a contest in drawing a number for a simple but practical game furnished by the scoutmaster. Dan also reports setting-up exercises, individual patrol meetings, etc., during his troop program. Each patrol went on an individual patrol hike under the supervision of the patrol leader last Saturday.

Executioner of France Is Idle

By United Press
PARIS.—With no more criminals to put to death under the guillotine, M. Antoine Deibler, "executioner of high works," as the French headman is officially described, has joined the ranks of the unemployed.

Half a dozen murderers, who were scheduled to die under the knife in the pale light of dawn during the past six months, have escaped him. Since he decapitated Dr. Gorguloff, Russian assassin of President Doumer, Deibler has not had an execution.

He was due to execute two brothers, but President Lebrun came into office. His first act was to extend clemency to them.

They were sent to Devil's Island and the executioner had to put away his machine in the dungeon of the grim Sainte prison in Paris.

While M. Deibler idles in his home in a fashionable suburb here, doing nothing to earn his 30,000 francs a year salary, the penitentiary at the Isle-de-Be, first stage on the road to the convict settlement, becomes more crowded daily.

Four hundred convicts already are stationed there. Soon, another four hundred will be drafted from various prisons throughout France to await the departure of the convict ship.

The government is considering a request by the town council of St. Martin, on the Ile de Re, in the Bay of Biscay, that the guards at the prison be increased. The council complains there are only 30 armed warders to keep under guard their hundreds of charges.

February Building Permits Show An Encouraging Gain

Special Correspondent.
AUSTIN.—February building permit made an increase substantially greater than could be accounted for as purely seasonal influence, according to the University of Texas Bureau of Business Research. Reports to the bureau from chambers of commerce in 32 of the leading cities of the state show that building permits amount to a total of \$1,127,198 were issued during February, an increase of 22 per cent over the total for the month previous, \$971,550; when it is considered that the average increase from January to February during the past six years was only 7 per cent, the showing for February is encouraging.

Building permits issued continued at a level approximately half that for the corresponding month a year earlier, a tendency which has been in evidence for more than a year.

Seventeen of the 32 cities showed increases in building permits for February, as compared with the preceding month, although an increase from \$50,624 for January to \$385,490 in February in the city of Austin accounted for a good share of the total gain. Building permits in Dallas for February totaled \$278,391, more than \$100,000 greater than in the previous month. The remaining cities showing gains as compared with January were in widely separated sections of the state, indicating that the improvement was not characteristic of any one region.

According to the Annalist index of wholesale commodity prices, there has been virtually no change in building material prices, the index averaging approximately 106

HERE--- AND THERE

More and more citizens of the United States are beginning to realize that the economic situation of our country is the direct result of private ventures in to quick money making schemes of the large banking systems of this country.

And more and more does the thinking citizen realize that public trust and confidence has been betrayed and our country plunged into its present unfortunate state through manipulations of funds deposited by patrons and invested unknown to them in various ways on the stock market and other enervating avenues.

The sidestepping of the responsibility of bringing the bankers involved into publicity and demanding of them a statement of facts and a return of funds has been in vogue so long that the public more or less was hoodwinked to the extent that when a new head of our government, a man of will and clean conscience demanded statements from the banking institutions and countermanded delays and prosecutions of bankers and financiers, the public was amazed by the revelations that inevitably followed these orders.

This is America. A man big in financial affairs, the man who lives in his Fifth Avenue home in New York, surrounded by every luxury imaginable is as amenable to the law for his deceptions and betrayal of trust as the man in his rags who steals a nickel loaf of bread, but with this difference.

One I Love

By LAURA LOU BROOKMAN

BEGIN HERE TODAY When JANET HILL is a ROLF CARLYLE has been breaking engagements with her to meet BETTY KENDALL, a society girl, she tells him their marriage is off. Janet is 23, pretty and secretary to BRUCE HAMILTON, advertising manager of Every Home Magazine.

DESK had begun to descend over the street. In the gray light Janet looked up into Jeff Grant's startled face. She was remorseful. "I meant to tell you before," she said, "only I've been so busy!"

JEFF glanced at him. She thought, with a warm feeling in her heart, that it was fine to have a friend like Jeff Grant. He had helped her over some hard places. There was the night the holding man tried to take her purse when Jeff had appeared so miraculously. Without Jeff's aid she could never have helped the Silvanis get on their feet again.

JEFF offered to drive her out to his efforts at cooking on a boyhood camping trip. Janet poured the coffee as he handed a cup to Jeff. He from the stove had curled a soft tendril of hair against his cheek into a tight curl. The hair had brought color into her cheeks, and her eyes were shining.

Thousands Witness Cermak Rites at Miami The flag-draped casket containing the body of Mayor Anton J. Cermak of Chicago, victim of an assassin's bullet intended for President Roosevelt, is shown being borne by white-clad American Legionnaires from a Miami, Fla., funeral parlor to be placed in the cortege that escorted it to the railroad station as saddened throngs looked on.

Booster Class
Conducts Prayer Meeting
The Wednesday evening prayer meeting service of the Methodist church had a courtesy program by the Booster class with the meeting opened by the class president, Mrs. W. W. Kelly.

Prayer was offered by Rev. Sam G. Thompson. Miss Kathleen Cottingham gave a fine reading, "The Book of Books."
The program, subject, "Prayer," was opened by Mrs. Ed Willman, who presented an article from the Christian Herald, "No One Would Call Me a Pious, But I Pray."
Voice solo, "Did You Pray," Miss Hillman Thompson.
Judge W. P. Leslie, Booster class teacher, in a fine and health.

Miss Peggy McLaughlin, though confined to her bed with sickness, amuses herself with knitting, and follows the class work at a distance, and is a member of this charming little coterie.

Eastland County Choral Contest Draws Huge Crowds
The Eastland high school auditorium was filled with a dense crowd Wednesday night, the gallery, aisles and doorways crowded with an audience interested in the Eastland county choral contest of the interscholastic league, directed by Miss Henderson of Oiden, the interscholastic Eastland county director of choral singing.

The seven group entrants of Class A schools and one rural entrant of Class B, represented Rising Star, Colony, Olden, and Junior high and West Ward schools of Eastland, Young and Hodges Oak park schools of Ranger, and the rural group from Pleasant Hill. Each group sang the two identical songs, that were drawn from the eight songs memorized.

There were 200 children all told in the eight groups engaged in the contest, and after each group had rendered their part, a massed singing of ensemble groups was programmed for the entertainment of the crowd. The first work was given a capella, with the keynote sounded either by the introductory bars from victrola or piano.

The Eastland groups had the piano introduction played by Mrs. F. O. Hunter.

The winners were Olden, first place; junior high school, Eastland, second place; Young ward school, Ranger, third place.

It was something thrilling both to see, the stage of the auditorium filled by those 200 students and to hear the harmony and beauty of their singing.

ALTHOUGH Bostonians prefer a brown-shelled egg and New Yorkers white, the color of the shell has no effect on the nutritive value of the egg. Calcium, phosphorus and iron and the A, B and D vitamins as well as protein and fat are present in every egg no matter what its color.

As one of the most valuable of the staple food products, eggs can be used in any meal during the day and will find a place in every course from hors d'oeuvre to dessert. As main luncheon dishes they are difficult to surpass because they are quickly and easily prepared and furnish much food value.

The following recipes for egg dishes are especially suitable for spring menus. The first rule for "Stuffed Eggs au Gratin" can be used for a company supper or lunch, but is sure to find favor with the family, too.

Stuffed Eggs au Gratin
Six hard-boiled eggs, 6 medium-sized mushrooms, 1/4 cup buttered crumbs, 1/2 cup milk, 2 tablespoons butter, 1/2 teaspoon salt, 1/2 teaspoon pepper, paprika.

Peel mushrooms and chop them fine. Melt about 1 teaspoon butter in a small saucepan, add chopped mushrooms, cover and cook over a low fire for five minutes. Shell eggs, cut a slice from top and carefully remove yolks without breaking the whites. Mash yolks with a fork, mix with mushrooms, season with a little salt and pepper as needed. Re-fill whites with this mixture and place each egg, cut side down, in a buttered baking dish. Melt butter in mushroom mushrooms.

Students of Hodges Oak Park to Present Program
A group of Hodges Oak Park ward students will present an entertaining program to be held at the Presbyterian church Monday evening at 7:30. The feature comes under the arrangement and supervision of the school's Parent-Teacher association, and the public is cordially invited to attend.

An admission price of five and 10 cents will be charged and a pleasant evening is promised for all.

Howard Payne Bible Students Conducting B. T. S.
Four prominent and fluent students of Howard Payne college are conducting the unusually successful B. T. S. training school now in progress at the First Baptist church, with 121 persons enrolled up to date.

The classes are opened each evening promptly at 7 o'clock and division classes for single, adult, intermediate, junior and primary are provided for.

All examinations will be taken on Friday evening, with the feature and climactic session to be held at Cisco on Sunday.

The pastor and teachers of the local church are more than pleased with the decidedly successful results obtained thus far, and are anticipating an even larger attendance for the remaining days. Members from other churches are taking advantage of this splendid opportunity and an invitation is extended to the general church membership of Ranger.

Be present for the inspirational service this evening at 7 o'clock.

Convention Delegates Assigned at Association Study
Mrs. R. E. Harrell acted as hostess to Child Study Association No. 1 at her Eastland Hill home Wednesday afternoon at which time Mrs. Edwin Geirge presented a very interesting program.

First speaker on program named Mrs. J. S. Reynolds, newly elected president of City Council of Parent-Teachers and Child Study association, who succeeds Mrs. C. E. Maddocks. Mrs. Reynolds outlined in a very pleasing and impressive manner plans for the summer round-up to be held during the month of April. Other high points bordered upon was that of the assignment of delegates to Ranger homes who will be in attendance at the district meeting to be held here next week.

Mrs. Guy Earp gave the paper on "Why Parents Should Visit the Schools and Observe." Mrs. George continued the splendid thought with the paper, "Co-operation of Teacher and Its Importance."

The business session was opened and presided over by the president, Mrs. E. R. Green. The amount to be donated for the convention was collected at this period and all details taken care of in an agreeable form by all present.

During the social bringing to a close a busy and pleasant afternoon meeting, Miss Juanita Smith entertained with a choice selection of vocal and piano numbers.

A refreshment course was served by Misses Joe Thompson, J. S. Reynolds, E. E. Fontaine, C. O. Bolen, E. R. Green, Doyle Lanier, Jewell Sumrall, Brown Bradley, O. G. Lanier, and Guy Earp.

Mmes. Crow and Agnew Hostesses at Pretty Party
One of the prettiest social happenings of the week came yesterday afternoon when Mrs. E. E. Crow, and co-hostess, Mrs. Hoyt Agnew, entertained with a pretty bridge party given at the Elks clubrooms, the entertainment coming among a series of such functions have been given recently by ladies whose husbands are members of the local chapter.

The attractive setting carried a spring atmosphere and beautifully emphasized the Easter motif in all table accessories.

At the close of the afternoon's diversion high score was made by Mrs. Morris Bendix; second high, Mrs. Wade Swift, and low, Mrs. Mickey Sloan. Mrs. J. D. McClister, chairman of the entertainment committee, wishes to make the announcement for the benefit of those who were not present yes-

Chapel Notes
The Eastland band, under the direction of Prof. A. J. Campbell, presented a concert in chapel on Monday afternoon. The many numbers rendered by the band were enjoyed by the students, faculty members of the P. T. A. and out-of-town visitors.

Mrs. King from Temple, who is a visitor in Eastland, sang two beautiful numbers, "Somewhere a Voice is Calling" and "The Roseary," with the band accompaniment.

We were very glad to have the Eastland band and Mrs. King as our entertainers. We hope Professor Campbell will present us with another concert soon, also that Mrs. King will be back again.

Track Meet
Eastland High won the stock show track at Fort Worth Saturday, scoring 15 points. Port Arthur and San Jacinto tied for second with 14 1/2 points.
