UNITED PRESS SERVICE BRINGS LATE NEWS OF THE WORLD TO TIMES READERS

RANGER, TEXAS, FRIDAY EVENING, MARCH 24, 1933

PRICE FIVE CENTS

No. 253

The 13th hardly can be considered an unlucky day any longer, since it was on March 13 that the banks began to reopen.

THE WEATHER
West Texas—Fair and colder. Probably frost in southwest portion tonight. Saturday fair. Colder in southeast.

VOL. XIV

New Texas Beer Bill Is Now Being Drafted

FARM RELIEF BILL REVOLT BREAKS OUT

WASHINGTON, March 24.—The expected senate revolt against the Roosevelt farm relief bill broke out in the agriculture committee today.

A substitute for the administration bill would allow the secretary of agriculture to lease land from producers in order to reduce crops. The substitute program would apply a processing tax on wheat, cotton, corn, hogs, cattle, sheep, and dairy products.

The committee remained in executive session this afternoon and it was ascertained that no immediate action was taken on the new plan.

GALVESTON, March 24.—The Texas Cotton association convention today heard Will L. Clayton, generally recognized as the "king" of the world cotton trade, utter a warning against President Roosevelt's farm relief bill.

"The enormous significance of this act," he said, "lies in the fact that it would launch us on a vast and complicated scheme for the nationalization of agriculture.

"The executive is to be given almost general powers over practically every phase of agricultural production, distribution and processing. This industry employing many millions of people would be forced to take its orders from Washington."

With 10,000,000 unemployed in the United States, Clayton said, he had millions of city dwellers unable to buy sufficient food and clothing at present prices, the government proposes to tax these people "to compensate other people for abstaining from work."

Eastland Revival Draws Big Crowds

The Eastland Baptist church was closed to the doors at last night's meeting, the attendance registering large groups from various churches, the Methodist church being fully represented.

The opening prayers were offered by Frank V. Williams, Judge Clyde L. Garrett and Pastor O. B. Darby.

A voice solo, "My Heavenly Father Watches Over Me," by Mrs. M. B. Darby, prefaced the striking and virile sermon by the evangelist, Rev. William H. Joyner, "Why I Am Not an Infidel."

The text, Hebrews 11:6, laid the foundation stone in "He that cometh to God, must believe he is, and that he is a rewarder of them that diligently seek Him."

The speaker drew the contrast between honest unbelievers, and infidels. For honest unbelievers will investigate the claims of Christianity, and when they investigate, they believe.

The subject of the sermon for Sunday night was announced as "Holding the Devil's Coat." Services tonight at 7:30 p. m., and tomorrow at the usual hours. The public is cordially invited to attend.

Cisco Garden Club to Have Noted Speaker at Meeting

Miss Ruth Ramey, home demonstration agent of Eastland county, announced today that meeting of the Cisco Garden club would be held in the city hall auditorium at Cisco on Saturday afternoon at 4 o'clock.

Lewis J. Tackels, landscape architect of Fort Worth will lecture on the general beautification of cities. Judge Clyde L. Garrett and Mrs. Joseph M. Perkins of Eastland will also make short talks. The public is cordially invited to be present to hear the talk on city beautification.

THREE GUESSES

Dr. C. Q. Smith

Presiding Elder of the Cisco District, who will assist Rev. G. J. Bryan in conducting revival services at the First Methodist church of Ranger.

Presiding Elder To Take Part in Ranger Revival

Rev. C. Q. Smith, D. D., will assist the pastor, Rev. G. J. Bryan, and the congregation in the revival at the Ranger Methodist church, beginning April 2. Dr. Smith will be present and preach at the first service and will do the preaching throughout the meeting. Large congregations are expected at every service.

Dr. Smith has won the interest of all who have heard him speak. His messages grip the attention of the congregation and hold it throughout. He preaches the gospel in a very interesting way, and great congregations are drawn to hear him.

In his last pastorate, at Polytchnic, Fort Worth, more than 2000 joined the church during the revivals in the spring. He has held six revivals in Fort Worth churches.

Dr. Smith resigned last fall from the work of the Methodist hospital in Fort Worth, where he was commissioner and superintendent for six years. Here under his leadership that hospital was equipped and opened and operated, and was a place as one of the great hospitals in America. But while he preached often while with the hospital, yet he wanted to get back into the pulpit regularly and so resigned to become presiding elder of the Cisco district.

Morris Addresses Eastland Men on Sales Tax Measure

F. E. Morris of Dallas appeared before a meeting of Eastland business men this week in the interest of a move to defeat the proposed sales tax in the Texas legislature.

Mr. Morris explained the proposed measure for the sales tax, and pointed out what he termed harmful features in it. He advocated the defeat of the measure and urged his hearers to wage an active campaign against it.

A committee composed of W. V. Bennicoff, Fred Mitchell and V. O. Hatcher was appointed to distribute anti-sales tax literature.

Eastland Bible Class Plans Drive for New Members

Sunday, March 26, which is next Sunday, has been designated as round-up time for members of the 9:45 Bible class which meets each Sunday morning at that time in the main auditorium of the First Methodist church of Eastland. Chief Justice J. E. Hickman of the Eleventh Court of Civil Appeals, Eastland, is the teacher, and the class is non-denominational.

The class recently put a program into effect which will feature plans to induce all members of the organization to attend more often at the same time "encourage those who have never attended the class to become members. Visitors of course are all ways welcome.

The Rippetoe male quartet of De Leon has been invited to sing at Sunday's meeting of the class.

Tablet Honors S. M. U. Founder

DALLAS, March 24.—A tablet honoring 22 members of the educational commission, which founded Southern Methodist university, was dedicated at the institution's founder's day program.

Ranger Times' Twelfth Annual Cooking School Proves To Be Very Popular With the Ladies

The "Happy Kitchen" lectures which composed the 12th annual Ranger Times Free Cooking school closed today with a large attendance. Mrs. Martina McDonald, noted lecturer and food expert, conducted the sessions in a very interesting and capable way. She was very attractive in Nellie Don and Marcy Lee frocks furnished by Joseph Dry Goods company, and Vitality shoes by Hassen company. The Zuella Beauty Shop kept her trim and neat in lovely hair-waves and manicures.

Mrs. McDonald's lectures covered subjects pertaining to her subject, "Happy Kitchens." She brought out many helpful ideas, using as the first thought, one's attitude toward work. She pointed out the fact that if you dread your work you do that work twice.

To be a successful cook, a housewife must look at cooking as a life-time job, take pleasure in making an art of it for the health of the family depends upon her skill in this branch of learning. Mrs. McDonald says, "If you don't like to cook, go into your kitchen and make it just as attractive as possible, with what ever you have and perhaps a bouquet of flowers; then experiment. Make up recipes of your own in just as an artistic way as you can think of, for a dish prepared in an attractive manner has much more appeal to the appetites of the family, aiding happy thoughts from the 'Happy Kitchen.'"

Mrs. McDonald also urges the ladies to study food value and balanced meals from an economic standpoint. She proves very conclusively that K. C. Baking Powder is the best and also the least expensive on the market today. She explains the double-rising process and points out that it is a strong baking powder and legs of it should be used than ordinary baking powder. She lets the ladies in on the secret of the unusual pungent flavor of her meats; tobacco, there being only one tobacco, McIlhenny's. Contrary to the opinion of those who have indiscriminately used it, that it is an injury to the stomach from burning, she points out its values used in moderate amounts, as a food asset. It adds a pungent flavor to both food and drink; eggs, tomato juice, etc. Mrs. McDonald says, "We use it three times a day on all meats and gravies, etc. You will be delighted at the improved flavor and more ready digestion. Tobacco stimulates the peptic glands and therefore greatly aids digestion."

Mrs. McDonald has been very ably assisted this week by Oswald Boh, representative of McIlhenny's, in the registration and other ways proving himself a man of delightful personality. Mr. T. J. Aillet, of the Morton Salt company, was also here two days exhibiting interesting displays of Morton's Iodized Salt.

The menu for final demonstration was a dinner, consisting of chicken and vegetables cooked in an automatic pressure cooker, demonstrating time and flavor saved in this pressure cooker. Killingsworth, Cox & Company furnished the cooker.

The "Happy Kitchen" lectures have been very pleasant with perfect co-operation between merchants, employees, and visiting ladies. Mrs. McDonald led the ladies in a cheer to the Ranger Times and merchants for putting on this delightful school which will (Continued on last page)

Newspaper Men Allowed to Stay in Committee Room

AUSTIN,—Whether the "privileges of the floor" extended to accredited newspaper correspondents who make the affidavit they are not lobbying, extends to attendance at executive sessions of commissions is an undecided matter by the Texas legislature.

With few exceptions the newspaper men, so far, have succeeded in remaining in committees when executive sessions are ordered. Members of the House, not members of the particular committee, are not permitted to remain.

Representative Weaver Moore of Houston, takes the position no committee should sit in closed session. It is transacting the people's business and should do it in public, he contends. He left a recent committee hearing when an executive session was ordered, though he was a committee member.

Press men were allowed to remain in this particular session. Rep. C. M. Turlington, Tatum law student member of the legislature, sought to have them excluded but withdrew his proposal under the storm of protest from older members.

Ratification Act Is Again Delayed

AUSTIN, March 24.—Senate committee decisions on whether Texas is to consider ratification of the 21st amendment to the federal constitution this year or wait until 1934 was delayed today until next Tuesday.

The state affairs committee ended its public hearings on the 18th amendment repeal question without taking definite action.

New York Banker Is Indicted Today

NEW YORK, March 24.—Charles E. Mitchell, who as chairman of the National City bank, was a powerful figure in international finance, was indicted by a federal grand jury today on charges of evading payment of more than \$100,000 in income taxes for 1929.

Rev. Chester Moss to Preach Sunday in Ranger Church

Announcement was made today that Rev. Chester Moss from Howard Payne College, Brownwood, would fill the pulpit at the Central Baptist church of Ranger at both the morning and evening services.

Rev. H. H. Stephens, pastor of the church, is still recuperating from a recent attack of influenza. An invitation is extended to the public to attend both services Sunday.

TO OPEN EAST TEXAS FIELD FOR TWO HOURS

AUSTIN, March 24.—For the first time in its history the East Texas oil field, the world's reservoir of crude petroleum, will be thrown wide open for two hours next Monday, March 27, to obtain its potential flow.

With its proration orders besieged by court injunctions, the railroad commission ordered the wells opened and then closed down for an indefinite period in order to absorb the amount of oil produced during the full production period.

The purpose of the order, Assistant Attorney General Neal Powers said, is to obtain the potential flow of the field for the basis of a new proration order.

The commission would not attempt to estimate the amount of oil that would be produced in the two hours, or whether there would be ample storage space for the output of nearly 10,000 wells.

There was no estimate of how many days the field would be closed afterward, but it was believed the shutdown will not expire until after April 3, when the commission holds a state-wide hearing for new proration orders.

Two Are Killed As Derrick Falls

CONROE, Texas, March 24.—Two members of a drilling crew were killed near here today when an overloaded derrick collapsed.

The dead were J. W. Haroldson, 38, of Kilgore, and J. E. St. John, 28, of Refugio.

Workers who escaped when the 120-foot derrick crashed to earth, said the accident apparently was caused by two great loads of tools and pipe being placed on the structure.

Jailbreakers Are Placed in Fort Worth Jail Today

FORT WORTH, March 24.—Raymond Hamilton, Dallas hoodlum who led an escape from the Hill county jail late yesterday, was brought here today and placed in the Tarrant county jail.

Starting off with a "definition of terms" that makes it difficult to read, the bill gets down to the nubbin of the matter in its second section. That is in making real assessments, the assessors shall throw aside the former yardstick of "forced sale value" and adopt instead a "true value."

This true value is declared to be the amount of its "capitalization." This in turn boiled down to plain and simple terms means the value computed on the net return on the property whether from rental, farming or other earning value.

The bill is remarkable in the declarations of an emergency clause providing for immediate effect if adopted. This clause asserts that "its own real estate in this state has become a curse and not a privilege."

County Meet Being Held at Olden With Finals on Saturday

Preliminaries in scholastic and track events in the county meet were being conducted in Olden today, with schools from all over the county participating in the many events.

Finals on the track and field events will be held at the Olden high school on Saturday afternoon.

Burns Are Fatal To Texas Woman

ELECTRA, Texas, March 24.—Mrs. J. E. Walker, 44, died here today of burns received when gasoline in which she was washing paint from her hands ignited. Practically all of her clothing was burned from her body.

LIVESTOCK IN IDAHO WEATHERED WINTER

NAMPA, Idaho.—Despite a severe winter, Idaho livestock appear to be getting through in good shape, according to Julius Jacobson, federal agricultural statistician. He said that because of deep snow, all cattle and sheep are now being fed.

BEER PERMITS ON TAP AT HIS OFFICE

Engulfed with applications for beer permits, Dr. James M. Doran, commissioner of industrial alcohol, is one of the busiest men in Washington. Here you see him at his desk in the prohibition bureau, untangling the morning mail.

Youth Arrested After Firing at County Officers

Paul Dean Barker, 16-year-old Eastland youth, was being held in the county jail Thursday following the filing of charges of assault with intent to murder against him in Justice of the Peace Milton Newman's court.

Barker, who has been sought for thirty days or more by the officers on car stealing charges, fired four shots at Sheriff Virgo Foster and Deputy Sheriff Les Woods Thursday morning when they cornered him in a pasture just east of town, according to officers.

According to the officers, they were coming into Eastland from the east when Sheriff Foster saw Barker crossing a field near Eastland. Both officers left their cars and started on foot in pursuit of Barker who ran and hid in some dense brush. The officers separated. Woods approached the place where Barker disappeared from the north while Sheriff Foster went around to come in from the opposite side.

When Deputy Woods was about sixty feet from Barker, Barker fired at him with a .38-caliber pistol without warning. His first shot went wide of the mark, but the second shot cut a twig within a few inches of Woods' leg. Woods then fired into the brush where he judged Barker to be. He missed him.

Sheriff Foster was coming down a trail approaching Barker. When within thirty feet of Barker, who had never shown himself, Barker fired point blank at Foster, but again his bullet missed its mark, but not by a wide margin.

Barker fired four shots in all and then raised his hands as a signal that he desired to surrender. The officers arrested him and brought him to Eastland.

Dr. Burma Will Preach in Ranger

On next Sunday morning and evening, Rev. J. B. Burma, D. D., L. L. D., will speak in the First Presbyterian church of Ranger.

For many years, Dr. Burma has been president of Trinity University. During his administration the school has grown more than 100 per cent in the number of its graduates from the literary department.

The same time it became a "million dollar school" under his leadership.

He will be in Ranger over the Sabbath to preach good gospel sermons for the pastor and people of the church. Every one is cordially invited to hear him.

Out-of-Town Guests At Cooking School

Miss Mabel Hart, Eastland. Mrs. M. H. Lobough, Eastland. Mrs. Robert Pearson, Eastland. Mrs. O. E. Randolph, Eastland.

Mrs. Will Keith, Eastland. Mrs. M. K. Gates, Eastland. Mrs. H. Brock, Eastland. Mrs. Nettie Fox, Olden. Mrs. S. C. Gooden, Olden. Mrs. R. F. Middleton, Olden. Mrs. V. M. Hamilton, Olden. Mrs. Carl Jones, Olden. Mrs. J. V. McKehey, Olden. Mrs. V. O. Wyatt, Olden. Mrs. C. D. Minnich, Dallas. Mrs. A. W. Eberly, Dallas. Mrs. E. O. Wortham, Fort Worth.

Mrs. J. A. Carroll, Panhandle

Demonstration Club of Olden Holds Meeting

A very interesting meeting of the Olden Home Demonstration club was held at the home of Mrs. W. P. Edwards Tuesday afternoon, March 21.

The constitution and by-laws of the organization was read by the president, Mrs. Stanton.

The general topic of discussion of the afternoon was quilt making, and the cooking of a new meat dish. Mrs. Stanton will demonstrate at the next meeting, which will be April 4 at 2 p. m. at the home of Mrs. Dave Vermillion.

Mrs. Edwards served a delicious plate of tuna fish sandwiches, home made cookies and coffee to the following members: Mrs. George Stanton, Dick Yielding, M. Hulsey, J. A. Anderson, Dave Vermillion, Henry Collins, J. R. Edwards, Mrs. Sue Hamilton and Nell Jay.

Eastland High School Honor Roll For Term

The following is the honor roll of the Eastland high school for the past semester, as announced by W. P. Palm, principal of the school:

Seniors—Florence Perkins, Norma Reagan, Wyatt Robertson, Richard White.

Juniors—Doris Field, Ralph Mahon, Ellen Pearson, E. L. Perkins, Ella Mae Taylor.

Sophomores—Carolyn Cox, Eleanor Ruth Ferguson.

Freshmen—Elizabeth Anne Harrell, Joan Johnson, Elva Lee Jones, Gates Brelsford, Jane Ferguson.

West Texas Judges In Meeting Today

WICHITA FALLS, March 24.—Business sessions of the West Texas County Judges and County Commissioners association, in annual convention here, opened today with Judge A. O. Newman of Coleman presiding.

The delegation was welcomed to Wichita Falls by Mayor Walter Nelson. Judge Newman spoke in response for the visitors who arrived here yesterday for a social program.

Pending Tax Legislation Affecting Counties was the subject of an address by Judge E. L. Pitts of Lubbock, secretary of the organization. Judge J. M. Simpson of Potter county spoke on "Problems Confronting New County Judges and Commissioners." Two speakers, Judge Joseph McGill of El Paso county, speaking on "Ways and Means of Economizing in County Government," and G. W. Whitfield, county commissioner of Hale county, speaking on "The Most Economical Way to Maintain Lateral Roads," stressed in their addresses public economy.

Otis Miller, president of the Judges and Commissioners association of Texas, brought the message of the state group. He spoke on the subject, "A Plan of County Government."

The meeting will adjourn tomorrow evening.

Two Are Killed in Airplane Crash

MIAMI, Fla., March 24.—Second Lieut. Charles Stouff, 24, and Staff Sergeant Gale Lester, 30, were killed today when their plane went into a spin at a height of 350 feet and crashed.

MORE LIBERAL OPERATION IS BEING SOUGHT

Will Be Introduced in the House Next Monday and Will Be Pushed.

AUSTIN, March 24.—A new and more liberal beer bill for Texas is in formation today.

The measure will be a revision of the Anderson-Mathis bill, Representative John Mathis of Houston announced, and probably will allow sale of beer "like any other soft drink."

Its authors planned to have the new bill ready for introduction in the house of representatives Monday and to push it through to committee hearing Monday night.

Exact contents of the re-written measure, were uncertain, Mathis said, but it will take off many restrictions in the previous bill. Since the bill declares 3.2 per cent beer non-intoxicating, it will permit the beverage to be sold in grocery stores, filling stations, lunch stands, hotels and drug stores just like other soft drinks.

Mathis expressed confidence that 3.2 per cent beer could and would be declared non-intoxicating under the Texas constitution.

He had planned to introduce the bill tomorrow, but the house today adjourned until Monday.

Two Arrested For Investigation in A Minor Racket

A new racket, some quick thinking and equally quick action, landed two men in the Ranger jail Thursday afternoon, where they were held Friday for investigation.

The two, who gave their names as George Roberts of Baltimore, Md., and W. W. Harvill of Orth, Texas, visited several of the stores in Ranger, saying that the day before they had purchased flash light bulbs for an electric lantern, but that they wouldn't fit. In each case they were given the list price on the bulbs in cash.

Chief of Police Jim Ingram arrested one for investigation, and placed him in the city jail. About an hour later a man telephoned the city hall to find out if his partner was in jail. Roy Jameson told the man to hold the line and he would go to the jail and find out.

He then stepped across the street to the Anderson-Pruett office and asked the telephone operator who was connected with the city hall and was told it was the O. K. grocery. Jameson then jumped in his car, drove to the grocery store and found the man still holding the telephone receiver to his ear.

He was arrested and locked in the city jail where he was still held today.

No charges had been filed against the two men and they were booked on the police blotter as being held for investigation.

Meteor Is Sighted Over Panhandle

DALLAS, March 24.—A meteor sighted over Northwest Texas last night and reported by airplane pilots as having struck the earth a few miles north of Amarillo, possibly ended its course several hundred miles north, Dr. J. L. Cline, U. S. weatherman here, said today.

An Amarillo report to the United Press said the blazing meteor awakened Panhandle residents. The course was reported east to west and the correspondent said no determination of the meteor's landing was made by Amarillo residents.

Dr. Cline said this report confirmed his belief that the meteor struck in the Rocky mountain area, many miles from Texas.

CONGREGATION TURNED FARMER

EVANSVILLE, Wis.—When fire on the church roof interrupted a hymn, members of the Baptist congregation rushed outside, helped firemen extinguish the blaze, returned, finished the hymn.

BURGLAR MADE OWN ENTRY

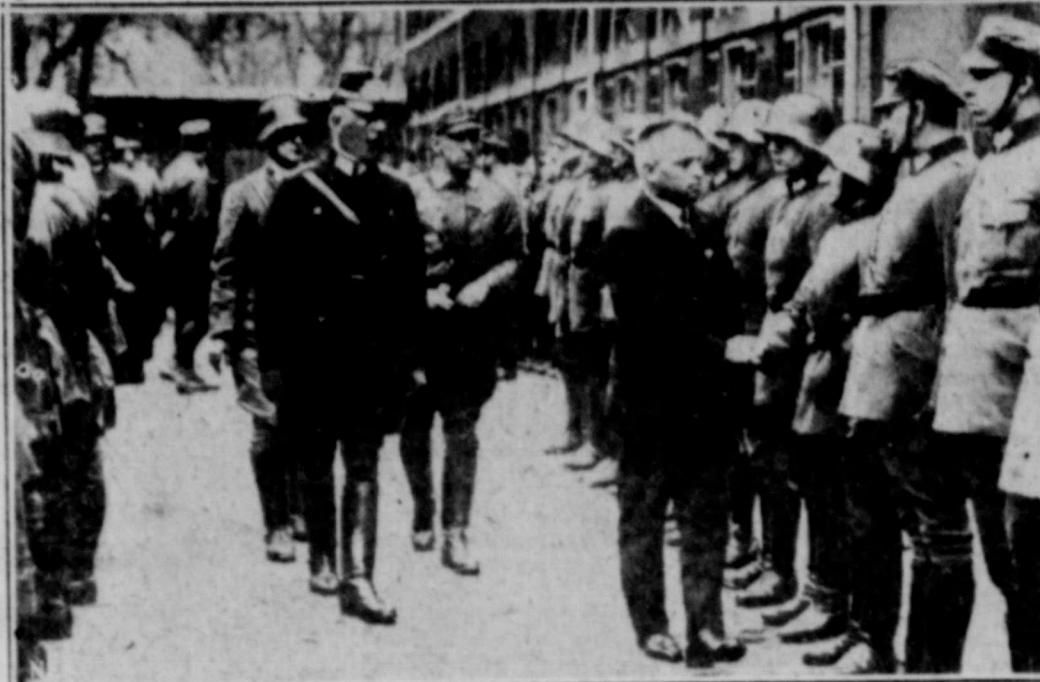

PORTLAND, Ore.—This burglar's ruse was almost like a rabbit running into a hole and pulling it in after him. For several days, he entered through a cleverly sawed hole in the floor, stole \$1,800 worth of goods from the store, and replaced the "lid" so that no one could find his place of entry.

**Why Have Taxes?
Why Have Schools?**

By H. S. VON ROEDER
Why have taxes; nobody likes them? Everybody wants schools, but few can tolerate taxes. Paid by special interests, are going over the country har-

them to protest and oppose every kind of tax that is proposed and necessary to keep the functions of government operating even half-way efficiently. Everyone wants service and protection, but many are not willing and unselfish enough to pay for these things. The schools are just now facing a crisis little realized by the average citizen. The present outlook is that the state apportionment for the coming bi-ennium will not be

Steel Helmets Enforce Hitler Rule in Reich

Taking stern measures to forestall possible outbreaks against Germany's fascist regime, Chancellor Adolf Hitler has reinforced local police in danger spots throughout the republic by men from storm detachments from the fascist and nationalist ranks. The picture shows Steel Helmets of the auxiliary force being sworn in as the reins of government in the free state of Hesse were seized by the combined fascist and nationalist parties.

regarding the operation of the general sales tax, reports the following findings:

1. The tax is exceeding estimates as a revenue producer.
2. According to the opinion of the majority of merchants interviewed, the tax is being generally paid; that is, there is not an excessive amount of evasion.
3. The tax is being economically administered. The cost of collection for the first eight months of the operation of the law was only 3.5 per cent.
4. The sales tax has proved itself possible of administration.
5. Taking into consideration the fact that the tax is a new one for the present generation of Mississippians it is not an unpopular tax. A substantial majority of merchants and manufacturers approve it. The consumer registers far more approval than disapproval. The spread of the tax over the year and the small size of the payments appeal to the taxpayers.
6. In the main merchants shift the tax.
7. There is little loss of business in the state due to the tax.
8. The incidence of the tax is primarily on the consumer.
9. Failure to shift the tax is due either to the lack of co-operation among merchants or to small sales of certain type of merchandise.
10. The sales tax, judged by its efficiency as a revenue producer and by its reaction on business in the state at a time of great business distress... has justified itself at least as an emergency measure.

CHAMPION CHICKEN PICKER
By United Press
FORT ATKINSON, Wis.—The world's champion chicken picker, Ernest Hansen, who says he can strip a fowl in three and a half seconds, is in training for exhibitions at the Chicago Century of Progress. Hansen plans to give demonstrations of his skill at the World Poultry Congress in Rome in September.

TEXAS HAS 785 LIFERS
By United Press
HUNTSVILLE, Tex.—Texas has 785 convict prisoners who never will be at liberty again, unless granted clemency. A recent tabulation showed that 237 are sentenced for life. Besides, there are 548 with sentences of more than 50 years, which penologists agree is tantamount to ending their days in prison.

LEWISTON, Idaho.—To avoid embarrassment, the church board of the First Methodist Episcopal church here banished the traditional collection plate. The collection plates will be replaced by a box in the vestibule.

**New Way Ends
Body Odor
At Its Source**

Famous chemists have discovered the effective answer for body odor—deep-pore cleansing. A new kind of bathing made possible by Kirk's Coco Castile soap.
Ordinary soaps, with their thick, sluggish lathers, are being rapidly replaced by this 100% pure vegetable oil soap, made by America's largest soap makers. Even in hard water, Kirk's Coco Castile breaks instantly into a searching lather that cleans deep into the pores, actually removes stale perspiration beyond reach of ordinary soaps, then rinses out in a flash. Thus body odor is ended in the only effective way—by removing the cause.
Kirk's Coco Castile is delightful to use and stimulating to the skin. Free from offensive M. S. (medicine smell), it ends body odor the old-fashioned way. A big bargain, 50 per cent larger than ordinary toilet soap, it is sold everywhere at the lowest price in history. Be sure to ask for Kirk's Castile by name—at your grocer's.

over \$8 per scholastic, as compared with \$17.50 for 1931-32 and \$16 for 1932-33. Due to the breakdown in the local tax system everywhere, local school budgets have been cut generally from 25 to 50 per cent over the state, and many schools have had to close with a four- or five-months term this year and couldn't even give the children of the state the six months schooling guaranteed by the constitution of Texas. Economies have been effected wherever possible in most local systems, and teachers' salaries have been cut almost in proportion to the budget cuts.

Now let us figure a little. At \$17.50 per child it costs the state less than five cents per day per child to educate its citizenship. Is it worth it? According to figures from the United States treasury department estimates for 1920, the annual bill for luxuries for the nation as a whole was in round numbers 22 billion dollars, while that for education was one billion dollars. Thus a 5 per cent tax on luxuries alone would amply support the schools on their present state of efficiency. Almost as much is spent for candy each year as for education, and more than twice as much is spent annually for tobacco than for education in the United States. Which is worth more? According to the nation-wide survey of school finance authorized by congress and conducted by the U. S. department of interior, bureau of education, "approximately 9,500,000 American children are deprived of the minimum essentials of care and education because of a breakdown in the traditional methods of supplying funds for education," and "thousands of communities throughout the country find themselves unable, under present methods of taxation, to make even elemental provision for the care and education of their children and youth." The report goes on to say, "So serious are the dangers to American children and the public welfare that immediate steps should be taken by state legislatures to prevent the deepening of the disaster."

The Texas legislature is now in session seeking earnestly to find some means of adequate support for the public schools as well as other governmental agencies. It is evident that the ad valorem tax is unjust and inequitable, and to say the least, it is unreliable and inadequate as a source of revenue. S. H. 262, postponing tax payments, has passed the senate and is in the hands of house committee on revenue and taxation. H. B. 142, releasing penalty on delinquent taxes, passed the house. A general sales tax plan has been

proposed by a subcommittee of the house committee on revenue and taxation. Immediately scheming demagogues with misguided minds and absolutely selfish interests go around over the country and stir up prejudice among the people and try to impose their petty schemes upon the legislature by urging the people to wire and write their representatives to oppose such a tax. This above all is a time when men and women must act wisely and unselfishly in the interests of good government and the public welfare.

And why not a sales tax? Perhaps there are some bad features to such a tax, but it is no doubt the most equitable tax yet proposed. Granting that the brunt of the sales tax will be borne by the consumers, by that very fact the tax will be paid very nearly according to the ability to pay, and it will be the easiest collected with the least expense to the govern-

ment. We all pay it, and no one can safely dodge it.

Other tax bills have been introduced which deserve our support, notably the Lotief bill, but these will not bring sufficient revenue and must be supplemented. Recently a delegation of school board members from 45 of the leading school systems in the state including Dallas, Houston, San Antonio, etc., went to Austin to plead for relief and proposed the sales tax as an emergency measure.

If the people want their schools supported, they must make that fact known immediately and repeatedly. Let us not do as Arkansas did and close the schools entirely. Let us not deny the youth the opportunities the school can offer and thereby destroy the security of democracy itself. Let us pass the sales tax, at least as an emergency measure. The University of Mississippi, after a careful survey of that state

Local--Eastland--Social

ELVIE H. JACKSON
OFFICE 601 TELEPHONES RESIDENCE 288

Tonight
Eastland Firemen's association, 8 p. m., city hall.
Baptist church, 7:30 p. m., Baptist church.
Rev. Joyner, evangelist.

Saturday
Missionary auxiliary, 9:30 a. m., church.
Public library, 2 to 5:30 p. m., county clubhouse.
Eastland County Council Parent-Teacher associations, 2:30 p. m., high school auditorium. All A. A. and clubwomen invited.

Eastland County
P. T. A.
Saturday afternoon at 2:30 o'clock the Eastland County Council Parent-Teacher association will have its regular meeting in the auditorium of the Eastland high school, with the president, Mrs. A. H. Hoon of Cisco, presiding.

Wakaha Meet
The Rebekah lodge held an interesting session last night, opened by Mrs. Blanche Nicols, noble sister.
Plans were made for the local part in the Eastland Association, O. O. F. and Rebekah association which convenes in Cisco on Saturday.

Little Weiner Party
A merry bunch of youngsters were in the woods at the back of the residence of Mrs. O. E. Rankin on South Seaman street, to see her little daughter, Hazel, had lots of fun at dusk, over a bonfire with roasted marshmallows and enjoyed the potatoes, buttered rolls, pickles and weiners.
The jolly time was had around the burning flames, playing games, cool spring air adding zest to the spirits.

The little crowd included Miss Coplin, Catherine Carter, Mrs. Mays, Virginia Ferguson, Edith Perkins, Eddie Frey, Bobby Perkins, Virgil Seny Jr., Bobby Ferguson, Dicky Lin, and Leon Randolph.

Delphian Chapter
Meeting
Mrs. N. N. Rosenquest was a guest hostess to the Alpha Delphian chapter at her home Thursday evening, a brief business session presided by the president, Mrs. J. Campbell, informal plans started for the Delphian picnic, to be held during better week, in community clubhouse.

Mrs. A. J. Campbell appointed a committee to see if non-attending members will become active in the chapter; personnel, Mrs. R. L. King and Mrs. Jess C. Day.
The parliamentarian, Mrs. King, gave a few instructions and reports. Mrs. Rosenquest, made report.

Garden Seeds
Most anything you call for and if we haven't what you want we will get it for you promptly!

How Cincinnati Flood Looks From Air

With hundreds of homes and business places inundated, Cincinnati is fighting its worst flood since 1927. This air view shows a small section of a residence district where great damage was done as the Ohio river reached a flood stage of 65 feet.

Jig Saw Puzzles Wanted For Men in Veterans Hospital

The Ladies' Auxiliary of the American Legion has worked out plans whereby some entertainment might be furnished for the veterans who are patients in government hospitals.
Anyone in Ranger who has one or more jig-saw puzzles, which they have worked and for which they have no further use, can call either Mrs. D. W. Johnson at telephone 572 or Mrs. Al Tule at No. 5 and a member of the auxiliary will call for the puzzles. They will then be wrapped and shipped to the hospitals where veterans are patients.
It is estimated that there are hundreds of puzzles in Ranger alone which are not being used and they would help many of the veterans to pass away the time while they are in hospitals.

TAMING A GANGSTER

Bill Boyd gets into plenty of thrilling action in "Men of America," RKO-Radio Picture in which a small town is invaded by gun-toting racketeers. Besides Boyd, the picture features Charles (Chic) Sale and Dorothy Wilson. It's the attraction Saturday at the Arcadia theatre, Ranger.

Lubbock Opens Quality Meat Show

Lubbock, March 24.—Unique in two respects, that it is the largest exhibit of home-cured and canned meats in the United States and that it is the largest calf show in Texas, the Lubbock Quality Meat show opened here today.
The entry list of between 225 and 250 calves and 150 pigs are the product of 4-H club and vocational agriculture class boys in West Texas. Prize money exceeding \$250 will go to the calf division winners and to exhibitors in the pig division will go \$180 in prize-money.
Following the judging of exhibits an auction sale will be held. Earl Garten, stock show auctioneer, will handle the sales.
Farm women from all parts of West Texas have sent 400 cans of home-cured meats which are on exhibit. In the beef classes there were roasts, steaks and chili and in the pork classes roasts, sausage, mince meat, scrapple and liver-pate. Canned chicken and other farm meats were exhibited. Prize money totaling more than \$50 will be divided among the winners.
Manfolk, not to be outdone by their womenfolk, have entered home grown, killed and cured

hams and bacon. To them also will go cash prize money.
Each of the 12 counties entered in the show has a two-girl team which will compete in the 4-H canning demonstration contest.

FIRST PUBLIC NATATORIUM

SAN ANTONIO.—This city claims to have had the first publicly regulated swimming pool in the United States. It dates back to the early 1700's, when investigations by Dr. Carl Sasteneda show, the authorities of Mission San Jose set apart two swimming pools in San Antonio river. One was for use by the Spanish soldiers and the others by the Indians attached to the mission.

Got Rid of Pains In Her Back and Sides

"I was not only weak and run-down, but I was nervous," writes Mrs. Ira Prince, of North Little Rock, Ark. "I suffered from pain in my back and sides. I did not rest well at night and would get up in the morning feeling miserable. My mother had taken Cardui with good results and advised me to try it. The first bottle helped me, so I continued taking it until I had taken four bottles. It certainly helped me. My back and sides quit hurting and I rested so much better."
Thousands of women have said that when they had built up their strength with the help of Cardui real relief was obtained and their general health and feeling of well-being improved. Cardui is sold at drug stores here.

Weekly Sunday School Lesson

Pictures of Silver

By REULAH K. HICKS
 Review of the First Quarter of the Year Taken from the Book, Mark
 Nearly 800 years before Christ the prophet, Isaiah, spoke of John the Baptist with these words:
 "The voice of him that crieth in the wilderness, Prepare ye, the way of the Lord, make straight in the desert a highway for our God."
 —Isaiah 40:3.

The first lesson of this year takes up the fulfillment of this prophecy and the baptism of Jesus where his deity was proclaimed by God, himself with these words, as Jesus came up out of the water, "Thou art my beloved son in whom I am well pleased." This is found in the first chapter of Mark and the whole quarter is an intense study of Jesus as he faces his mighty task of bringing the living word to a lost world to redeem it.

Jesus stands pre-eminently above anything the world has ever seen of heard at that time and into the present time. He began to teach men "as one that had authority" and "they were astonished at his doctrine." Their amazement grew as they followed him and saw him heal many sick and helpless people, putting joy and light into their

lives. They watched him as he bravely met persecution; as he taught them parables from a boat on the sparkling blue waters of the Sea of Galilee; as he stilled the tempest; as he healed the demoniac; as he with loving tenderness healed the woman sick many years; as he raised the little girl from death; as he, weary from teaching and healing, fed the multitude of people who followed him, with fish and bread.

But even more was the blessed Word of Life that came into the hearts of many from the poorest to the richest. So many times he tells his followers to "fear not, only believe." How wonderfully things would change today if only the followers of Jesus would reach out and touch him in faith as did the sick woman in the throng. We would hear again the kind voice, that strengthens and upholds all who hear, whisper, "Fear not, only believe." Strength would grow unto strength and happiness in service would follow.

Christ, in this series of lessons, can be pictured standing on the hill he so often spoke of looking across the blue waters of the Sea of Galilee with a great multitude of people in vari-colored garments, the robust, the sick, the lame, the blind and the soul-hungry all look-

ing to him for health of body and soul. The great candlestick and candle are in front of him, with infinite understanding and compassion he lights this glorious candle (the word) which sends his light further than the greatest beacon man can make. Its rays surround the earth for those who see, bringing knowledge and wisdom of life; stilling the tempests of fear and doubt; lifting souls from mire and planting them in the glorious sunshine of God's love; causing us to remember that "the Lord hath done great things for us; whereof we are glad." —Psalm 126:3.

A great gladness, so great that we would be up from radiant, dewy dawn working, planting the seed till the sun goes down in all its glory. Soon would these words be true, "The earth shall be full of the knowledge of the Lord, as the waters cover the sea." —Isaiah 11:9.

DERRICK SHADOWS
 By V. MARIE STEPHENS

I ran into a fellow the other day who distrusts everyone and has no faith in anything... modern. He has a special aversion to young people. The present generation is composed of a group of young reprobates who equalize their time between the gutter and the dogs... says his attitude.

But the man claims three lovely children... modern, attractive, but somewhat rebellious. They are becoming little wizards with the constant practice of "getting by Dad."

While we enumerate the faults of '33, it might be wise to remember foolish parents... who are wrecking the future with distrust and disbelief. Blessed is he who understandeth... and remembereth his own youth. Memory is a great thing.

Superstition does funny things to the civilized world. We have secret misgivings at the sight of a black cat and feel unearthly shivers climb our spines when a bird finds its way into the house. But perhaps the more effective is the good luck charm.

I was talking to an athlete not long ago. He showed me the rabbit's foot he carries to bring him medals. He has built up his morale around it... and it works. Works because he has made himself believe he can win with its assist-

Assassin

Answer to Previous Puzzle

HORIZONTAL

- 1 What man has been higher than any known bird?
- 7 Who attempted to kill President Roosevelt?
- 12 Russian mountains.
- 14 Command.
- 16 Exclamation of sorrow.
- 17 Rubber wheel pad.
- 19 To gasp.
- 20 Rock delicacy.
- 22 Taro paste.
- 23 Twilled wool fabric.
- 24 Cabinetmaker.
- 27 Upper opening of the wind-pipe.
- 31 Young cows.
- 35 Pertaining to an area.
- 36 Spacious.
- 37 To partition.
- 39 Organs of speech.
- 41 Profits which lands yield.
- 43 Consumer.
- 47 To ventilate.
- 48 The third power.
- 51 Epilepsy symptom.
- 52 Congars.
- 54 Armadillo.
- 55 To envelop with paper.
- 56 Winged.
- 57 Departed.
- 58 Permanently attached.

VERTICAL

- 1 Part of a scaffold.
- 2 Feeling melancholy.
- 3 Age.
- 4 Horsefly.
- 5 To steal.
- 6 Types of fruits.
- 7 Culmination.
- 8 Work of skill.
- 9 To yawn.
- 10 Pertaining to wings.
- 11 Sounded as a dish.

PARIS STYLES

By MARY KNIGHT
 United Press Staff Correspondent
 PARIS.—Vera Borea launched the mammoth safety pin on evening coats last season, and this year she has used the same basic idea, but changed the design of the pin. Large metal feathers and coils of bronze and nickel fasten with catches like the safety pin and because of their size do not pin directly through the material they hold together but slip through small eyelets. These are very effective used with solid color materials in silk and cotton.

The red checked table cloth now has become an evening gown and the material is a closely woven silk and wool effect. Peggy Morris, the British girl exhibiting here, uses almost the same thing, but in an artificial silk that she guarantees won't crush even if you wad it up and sleep on it as a pillow! For the week-end bag en route to the country nothing could be more acceptable, could it?

More gold was dug from the ground in 1932 than in any other year. But less from big butter-and-egg men.

... loses his self-confidence without it. A rabbit's foot has done that to him.

Maybe President Roosevelt carries one. Something has given him the power to do things to our nation. He's preparing us for something... we hope it is prosperity. We need a little variety.

With spring in the air and beer on the counter, we stand a good chance for happiness for a while. Those who can't get intoxicated on the former have something to rely on now.

Of course the politicians declare we can't get drunk on the little blessing they're giving us. But we have our doubts. Surely after all the mud-slinging and arguing, the country needs a stimulant. We'll let the states decide.

It was just a good old fashioned candy pulling, with chaparrone and popcorn and other simple ingredients. There was even a portable phonograph, and somebody sat down on all the good records. It looks like we're going back to puffed sleeves sure enough. You never can tell about this younger bunch.

BEHIND THE SCENES IN WASHINGTON

WITH RODNEY DUTCHER

WASHINGTON.—"Old Man" Betts, the capitol elevator man who reprimands Congressman when they don't step lively, has turned into something of a sardonic wit, to wit:

Two small boys approached him, timidly, asked please mister could he tell them the location of the Blue Room. Betts could and would. Said he:

"I think the Republicans have charge of that!"

Tom Blanton, the Texas Congressman who has things to say on the floor of the house on most subjects and at all times, thinks that the play "Of These I Sing" has a great moral lesson for his colleagues.

In objecting to a bill, Blanton said:

"Gentlemen, it is a damn fool appropriation like this that makes it possible to write a play like that."

The bill was assed.

Every time Senator Huey P. Long sneezes, so it seems, that is news, so:

He almost disrupted a recent debate on the Navy appropriations bill thus:

In the midst of the discussion he stroled down the aisle of the Senate. He stopped at the desk of Clerk John Crockett and bawmed:

"Got any chewing tobacco?" Crockett gave him a plug. Long bit off a chunk and returned to his chair to enjoy it.

DEER KILLERS ARRESTED
 CORVALLIS, Ore.—At least there are deer in Benton county. Game wardens have arrested 21 men in this county in the month of January for killing deer out of season. Most of them assert they are unemployed and have to eat.

DESDEMONA

Minyon Whitworth came from Stephenville for the weekend and Mrs. Bob Burns, former-Desdemona but now of Ranger left Friday on business and to see her friends.

Marion Williams and Mrs. Daniels drove up to Eastland to see some friends with whom they planned to go to Green-wood the Grand Lodge of the South. They left Sunday for the city.

E. L. Howell and wife and Mrs. Lela spent Tuesday and Wednesday at Stephenville attending the meeting of the Methodist church pastors.

Phomer Ashburn, Claude Wedler, C. W. Maltby, Henslee, A. B. Henslee, J. W. W. H. Davis, W. C. Bedford, W. H. Henry and John Arnold attended the seated tea at the club house at Eastland in the afternoon.

Mrs. Joseph M. Perkins has been presented as a candidate for president of the 8th Ward W. C. T. U. The Thursday club were the hostesses for a delightful entertainment.

Chasman of DeLeon was on business Monday.

County Commissioner T. G. Gray was on business Saturday.

Mrs. C. R. Daniels and her family left Saturday for their home at Odell, after a week's visit to her father, T. J. Henry. Mr. Daniels were reared here until a few years ago. Their many friends

proved very interesting. Hostesses served delicious refreshments to about 75 guests.

W. H. Davis made a business trip to Gorman Monday.

Miss Eleanor Yarnell of Paul's Valley, Okla., spent the weekend here with her uncle and aunt, Mr. and Mrs. W. C. Bedford.

Mrs. Clarence Ragland and Mrs. Roy Ashburn were hostesses for the "21" Study club meeting, March 13, at the home of Mrs. Ashburn. Roll-call responses were current events in the music world. Mrs. Mattie Henry gave a very interesting talk on "American Composer." Mrs. R. D. Wright was director of the program. A general discussion was had in regard to a study course for next year. The hostesses served lovely refreshments carrying out the St. Patrick motif with green ice cream individual square of cake with dainty flowers on each, toasted nuts, green mints and favors of St. Patrick's day with Shamrocks. Those present were Mrs. W. C. Bedford, Plummer Mmes. W. H. Davis, Aaron Ashburn, C. M. Bratton, J. W. Griffin, A. B. Hegstee, C. W. Maltby, John Mendenhall, Fred Wedler, R. D. Wright, Ralph Ludwick, S. E. Snodgrass, Obed Henslee, I. N. Williams and the hostesses.

GORMAN

GORMAN, March 23.—Mrs. Sally Harper of Post City is here visiting in the home of her brother, C. T. Moorman and family.

Mrs. Leon Sockwell of Fort Worth is a guest in the Maddox home.

Misses Helen Murray of Baird and Betty Mobley of Putnam are visiting the latter's sisters, Mrs. J. O. Mohaffey and Miss Ruth Mobley.

Sam Cox and M. W. Richardson of Howard Payne College at Brownwood are here assisting in the B. T. S. Study Course that is being held at the Gorman Baptist church.

Mr. and Mrs. Earnest Jones of Eastland were Gorman visitors, Friday.

Mrs. J. D. Cheatham Jr. and daughter, Betty Ann, of Eastland were here Tuesday visiting her sister, Mrs. T. E. Richardson.

Billie Dee Hamrick spent last week-end in Cisco.

Harold Shaw and M. G. Williams of Baird were Gorman visitors, Tuesday.

Leonard Pearson of Dallas was a Gorman visitor Saturday.

Mrs. W. A. Lowe and Miss Colby were in Stephenville Sunday visiting relatives.

Miss Lura Bell Ramsey spent last week in Post City.

Mr. and Mrs. W. L. McDonald were in Fort Worth Sunday attending the Fat Stock Show.

Mrs. O. H. Scott and son, Harold of Wichita Falls, have been here visiting relatives. Eldor Maddox accompanied them home.

Miss Fannie Love of Houston is here visiting relatives.

Mrs. Leont Robinson, Mrs. Fulton Robinson and Alton Robinson spent the week-end in Anton visiting relatives.

Mrs. H. E. White of Eastland has been the guest of her sister, Mrs. E. T. Jones.

Mr. and Mrs. F. S. Perry and son, Vaughn Lowe, were Dallas visitors Tuesday and Wednesday.

Mr. and Mrs. H. H. Pullig and daughter, Virginia, were Rising Star visitors, Sunday.

R. A. Love of Fort Sill, Okla., was home the first of the week.

Mmes. M. L. Stubblefield, John Kirk, Marvin Blair, E. C. Sutton, J. E. Walker Jr. and Frank Morrow were in Eastland last Thursday afternoon attending the Thursday afternoon club tea.

Mark Drake was called to May Sunday, to attend the funeral of his uncle, John Floyd.

Mrs. Louis Echols, who underwent a major operation at the

Blackwell Sanitarium Sunday, is doing well.

Miss Dixie Garrett of Sulphur Springs was here last week visiting in the Newberry home.

Mrs. Rufus Petty and daughter, Betty Jo, of Bastrop, have been here visiting relatives.

Ardith Carey and Misses Pauline Lawson and Mary Edith Brown of Abilene, were here over the week-end visiting Miss Doris Hamrick.

Clyde Sims returned Sunday from Stamford, where he has been working.

Miss Imogene Mayo is in De Leon this week visiting her sister, Mrs. Herbert Weaver.

Mr. and Mrs. J. E. Bridges of Abilene were here Wednesday visiting his mother, Mrs. Fannie Bridges.

The Eastland County Federation met in Presbyterian church here Saturday afternoon, with most of the clubs in the federation represented. Interesting reports were given by the various clubs. Sixteen rugs were on display, winners being, Bass Lake club, first place; Mrs. Milburn McCarty, Eastland, second place; Mrs. J. M. Perkins, third place. Silk hooked rug, first place, Mrs. J. E. Hickman; second place, Mrs. McCarty. Plaited rug, Flatwoods club, first place; Mrs. Perkins, second place.

Mrs. W. B. Reagan of Cisco led the parliamentary drill and at the close of the program the Excelsior club was hostess.

Mr. and Mrs. Charlie Parker and family of Roscoe were Sunday visitors of relatives here.

Mr. and Mrs. Aubrey Echols and children of Abilene are here visiting relatives.

CARBON

CARBON, March 23.—The Baptist young people of Carbon Baptist church were entertained Thursday night, March 16, at the pastor's home. St. Patrick, the good old Irish Saint, made his appearance in most of the entertaining games that were played. Solving jig-saw puzzles created an appetite that was well satisfied by dainty refreshments of chicken salad, punch and angel food cake, which carried out the color of the Irish holiday. Those who were present included: Misses Lila Gay White, Mozelle Howard, Thelma Jo Hazelwood, Mary Neil Harris, Gladys Palmer, Violet Boatwright, Vita Foreman and Mrs. Triplett.

Moore, Willard O'Brien, Derrell Moore, E. E. Powell, A. C. Hamilton, Herbert Phillips, Bruce Hampton, Truly Carter, Maurice Vaughn and the host and hostess, Rev. and Mrs. A. A. Davis.

On Friday afternoon from 3 to 5 p. m. the W. M. S. of Carbon Baptist church had a social meeting. The members of the society and their friends enjoyed the afternoon of games and jig-saw puzzles carrying out the theme of St. Patrick's day. Delicious refreshments were served to Meses. Reese, Pierce, Vaughn, F. J. Stubblefield, O'Brien, Hearn, Hines, Greer, Hazelwood, Crossley, Carter Triplett, Yarbrough, Stone, Harris, Owen, Kinyne, Hampton Davis and Miss Thelma Jo Hazelwood and Mrs. A. Pierce.

The Methodist ladies of Dublin church surprised Rev. and Mrs. J. W. Holt with a box last Wednesday. This box was greatly appreciated by Rev. and Mrs. Holt.

J. H. Reed spent last Saturday celebrating his 81st birthday. Mr. Reed is one of Carbon's home owners and enjoys the friendship of the town. He and his good wife have only been in our midst a few years but Carbon is glad to claim the man citizens. May Mr. Reed enjoy a number of birthdays.

Mrs. Ola Boles and son Jack, of Abilene were Thursday night guests of her parents, Mr. and Mrs. J. P. Doyte.

Miss Sally Mathis and Mr. Arnett of Abilene were visiting friends here Sunday.

Mr. and Mrs. H. C. Pelfrey and Mr. and Mrs. Howard Reed and two children were Sunday guests of their parents, Mr. and Mrs. J. H. Reed.

Carbon school board has elected its faculty for the next term of school, three of the present teachers going out. Those elected were F. M. Wood and Misses Betty Vaughn and Nettie Garrett.

Mr. and Mrs. Woodrow Speer and Mrs. W. W. Speer attended the Fat Stock Show at Fort Worth Thursday and went on to Dallas Friday to visit relatives.

Mr. and Mrs. J. C. Poe and Mr. and Mrs. D. Stone attended the Fat Stock Show Saturday.

Mr. and Mrs. Ed McCall had as dinner guests Sunday, Mr. and Mrs. Jim Bourland, Mr. and Mrs. Devoe Dover and Mrs. Sheppard.

Miss Gladys Palmer visited relatives in Abilene last week-end.

Prof. E. E. Powell visited friends in Abilene last week-end.

Miss Vita Foreman was the din-

ner guest of Miss Blanche Yarbrough Sunday.

Miss Rebecca White and Mrs. C. J. Williams attended the Eastern Star at Eastland Friday night.

HUGE MUSHROOM FOUND

TULARE, Calif.—A single "oyster" mushroom, which provided sufficient meat to fill 10 quart jars, was found near here recently by Quint Lo Presti, of Tulare. The huge fungus was 20 inches long, a foot wide, and weighed 20 pounds.

TRAFFIC SIGNALS SHUT OFF

WARSAW, Ind.—The city council has abandoned operation of Warsaw's two electric traffic signals as an economy move, at a monthly saving of \$15.

Relief Budget To Be Meeting Topic

FORT WORTH.—Problems in adjusting relief budgets to the needs of a community and other topics in social welfare will be discussed at the annual Southwest Regional Welfare conference here April 14 and 15.

The invitation to hold the conference here was accepted by President C. C. Day, Oklahoma City.

The area represented by the conference includes Arizona, Arkansas, Southern Kansas, Oklahoma, Northwestern Missouri, New Mexico, Northwestern Louisiana and Texas.

LONE WOLF TRAPPED

ESCANABA, Mich.—Daniel Boone Howard, a state hunter, finally has outwitted and trapped the 12-year-old lone wolf of Worner Creek deer yard. Three times the wolf escaped from Howard's traps with the loss of only a claw or toe. Finally captured, the wolf was found to be of the Canadian Siberian strain, lighter in color than the ordinary timber wolf, and weighing between 150 and 175 pounds.

A BIBLE THOUGHT FOR TODAY

A CRY OF DISTRESS: Save me, O God, by thy name, and judge me by thy strength. Hear my prayer. O God: give ear to the words of my mouth.—Psalm 54: 1, 2.

SPEAKING OF FOREIGN MONEY ORDERS

Postmaster Gen. James Farley has issued an order permitting postmasters to resume issuance of money orders for payment in foreign countries. His order stipulated, however, that such transfers of money should be restricted to the requirements for reasonable traveling and personal requirements and for the fulfillment of contracts made before March 4.

All of which is as it should be. American gold should remain in America. American hoarders of gold should obey the law of the land. American traffickers in gold, home or abroad, should be taught that America first is the demand of the hour as well as the demand of the future.

George Washington, the father of his country, sounded a thundering high note in the long ago. He sounded it in his farewell address to his country. He warned his people against entangling alliances with foreign peoples or nations. He advised peace with all nations; legitimate trade with all nations; the freedom of the seven seas. Well, Americans have fought in many wars. Away back in the early days of the republic they gave their blood and their treasure for the freedom of the seas and they won. Then those who came after them permitted the freedom of the seas to be as dead as the dodo after the warnings given by Washington and Jefferson that the nation or nations that controlled the seas controlled the commerce of the world as well as the riches of the world.

ROOSEVELTS AS NAVAL GUIDES AND WARRIORS

President Roosevelt has named Henry Latrobe Roosevelt an assistant secretary of the navy. He is a sixth cousin, and said to have all the qualifications. Theodore Roosevelt the Great was an assistant secretary of the navy. Theodore Roosevelt, the second, was an assistant secretary of the navy. P. Douglas Robinson, nephew of the first President Roosevelt, was an assistant secretary of the navy. Franklin D. Roosevelt, now president, was an assistant secretary of the navy by appointment of Woodrow Wilson after a strong endorsement by Josephus Daniels.

Henry Latrobe Roosevelt carries the title of colonel in the marine corps reserve. He is 52. He was in the service in the closing years of the war. Well, the Adams family of New England did not cop all the glory in American history—past or present. Two Adamses served as president. Charles Francis Adams served as a cabinet officer by appointment of a republican president. He had been a democrat. He deserted the flag of Woodrow Wilson for the republican flag of Warren G. Harding. There must be something in an American background that goes back 265 years.

FARM RELIEF LEGISLATION ON THE WAY

Secy. Wallace is in the picture. He hails from Iowa and he is high authority on the needs of the farmer. He has been given almost absolute authority to use any or all of a half dozen plans to keep production down and prices up. A bill has been drafted and the new secretary says in controlling production of different commodities, different systems will probably be used. Relief will cover many commodities, including cotton, corn, wheat, rice, hogs, cattle, sheep, tobacco, milk and its products. Of course, the great objective calls for the curtailment of production and increase of price.

Secretary Wallace, like his distinguished chieftain at the head of the government, has tackled a problem that is almost staggering to the mind. His job is to keep "production down and price up." Mussolini, an absolute dictator, made Italy prosperous and his farmers contented. How will it be possible to do it in the American democ? racy.

BANKERS HAVE THE LAST WORD

Secretary William H. Woodin of the treasury department has issued a ruling in which he denied the right of any banking institution to permit withdrawals for hoarding and the bank is made the judge by the treasury as to whether withdrawals are intended for hoarding. Well, this is war time. War orders are necessary to restore the government to its proper place to drive fear from the hearts of the timid; to make confidence the thing again as it was in earlier and happier days and to make prosperity an actuality and not a nightmare.

And What Do April Showers Bring?

Iron and Steel Output Worries Soviet Leaders

MOSCOW.—The continued backwardness of the iron and steel industry, despite the billions of rubles and oceans of effort poured into it by the Soviet government, remains the most serious industrial problem of the Second Five Year Plan. Iron and steel production at present is running not only below last year's level, but considerably below the average of over a year ago. Last December iron output averaged 17,700 tons a day, only about two-thirds of the amount planned. But this January the average dropped to 15,400 tons. On some days the production came to only 12,000 tons, and on others the largest Magnitogorsk and Stalinsk furnaces were shut down.

The plans for 1933 call for 9,000,000 tons of pig-iron, 8,500,000 tons of steel and 6,200,000 of rolled steel. Unless there is an improvement in operation, even these figures will not be attained. The effect of a black metal shortage on all other industries is obvious. It means expensive importation of steel and a curtailment of industrial output.

The essential trouble is what Bolshevik speakers and writers call "a failure to conquer advanced technique." In everyday language this means an inability to run the immense, well-equipped plants built at a tremendous cost. The principal cause of declined output, according to officials, is faulty administration. Loss of working hours due to accidents and other causes doubted in 1932 as against 1931. There is a tragic lack of spare parts, although the machine shops theoretically should be able to produce more than enough.

Icebergs Beginning Their Yearly Parade Down the Atlantic

PHILADELPHIA, Pa.—Icebergs which 21 years ago this April caused the greatest disaster in the annals of the sea—have begun their annual spring parade across the North Atlantic shipping lanes. This was disclosed at the U. S. hydrographic office, where it was reported that Norwegian, British and American ships have sighted more than a dozen bergs and had broken ice fields in mid-Atlantic during the past six weeks.

That icebergs and icefields are coming down prematurely this year has been established by radio reports from various ships that have encountered them east of Cape Race.

Though more than a score of years has passed since the night of April 14, 1912, when the White Star liner Titanic ripped her under-side against a gigantic berg and sank with a loss of more than 1,500 lives, the precautions taken by authorites following that tragedy never have been lessened. The customary time for big ice to reach the North Atlantic trade lanes is late in April or early in May, but the patrol boats of the U. S. government have been cruising in northern waters for weeks. Born off the ice-locked shores and Greenland, these gleaming terrors float in massive silence down across the ocean highways. Icebergs are huge parts of glaciers breaking off as the rivers of ice move down a mountain into the sea, but all glaciers do not produce icebergs. Of the hundreds on the west coast of Greenland, only a dozen produce the thousands of bergs coming south each year. A few come from the east coast and from Baffin Land and Ellesmere Island. In the Antarctic and the Pacific they practically are unknown.

DID YOU EVER STOP TO THINK

By EDSON R. WAITE, Shawnee, Oklahoma

GOV. ALF M. LANDON, of Kansas, says: "We cannot spend that which we do not have. In public as in private affairs, we need to revive the good old fashioned virtues of thrift and economy and industry. The tax burden of the nation and the STATE is breaking down business and agriculture.

"No one thing will contribute more toward the rehabilitation of business than to relieve our people of their burden of taxation. The vital need of the hour is simple economy on the part of every public official.

"We must cut some place and it will hurt wherever we start. However, under present conditions, both in private and public affairs, we must measure our expenditures not by the things we want, BUT BY THE ACTUAL NECESSITIES OF LIFE."

PERFORM ODD OPERATION heart was laid bare and its beating stopped during the four hour operation, said to be the breathless and arduous minutes eight one of its kind in the world, needed for the operation, the pausing which the patient's heart went into being practically in a was stopped for four minutes, was state of death. The operation was performed recently at the hospital successful and the patient has now of Sabbatsberg, in Stockholm. The regained full health.

THIS CURIOUS WORLD

THOMAS EDISON, IN HIS SEARCH FOR A DOMESTIC RUBBER-PRODUCING PLANT, GROW A 12-FOOT MUSHROOM! HOPE ARIZONA, FLA.

UNDER favorable conditions, the spores which fall in great abundance from the ripest mushrooms, develop into a mass of threads, known as mycelium. The threads form the true mushroom plant, and they may continue to grow for months, and even years, before suddenly bursting forth with the fruiting body which we see above ground.

ODD CHARGE WAS DISMISSED BUFFALO, N. Y.—A woman who calls a man on the telephone 10 times a day is not guilty of disorderly conduct, City Judge Robert J. Summers has ruled. He dismissed a charge against Miss Della Estinger, who was arrested on the complaint of Louis Scherhoff. Scherhoff charged that Miss Estinger called him 10 times a March 1.

LIQUOR DISAPPEARED MEDFORD, Ore.—What happened to the 143 gallons of alcohol, 50 bottles of gin, 10 gallons of wine and 27 bottles of wine that were stored in the county jail here, is what the grand jury wants to know. Some of the alcohol tins were found to contain water. The rest of the liquor was missing.

GROUPS FIND HARMONY EL PASO.—Indians, Mexicans and Anglo-Saxon Americans get along famously at Ysleta, near here, which many claim was a settlement before San Augustine, Fla. They occupy different parts of the town. The Indians still retain tribal organization, though conforming to state and federal laws.

The French resent the American policy of sending unofficial observers to Europe, says an American economist on his return from abroad. Of course they're not growing about the intrusion of some 2,000,000 who went over in '17-'18, as that was more or less official.

Clever Class: Demonstration Entertains P.-T. A. Members

When members of Young school Parent-Teacher association met at the auditorium this week, among program numbers was that of a very clever room demonstration presented by pupils of Miss Mattie Pettit. The feature came in the form of a radio broadcast, naming all states in the Union and their population along with other

interesting 1933 facts. The presentation modern in every respect was enjoyed together with a group of musical selections, rendered by other students of the school.

An interesting and important business session presided over by the president, Mrs. J. E. Jacobs, engrossed the attention of every member when a round table discussion was held relative to the district Parent-Teacher and Child Study association meeting to be held here next week.

The Mothers Singers club of this organization will take prominent part in the programs covering the three days session.

County Federation Meeting Eastland Saturday

An important meeting of the County Council of P.-T. A. and Child Study associations will be held at Eastland Saturday afternoon at 2:30 o'clock, with the election of officers—the high point of the session. Mrs. C. E. Maddocks, active member urges all Ranger members to be in attendance.

Communications Are Heard From District and State Officers

Regular proceedings of Julia Alexander grove No. 1954 of the Woodman Circle were held at the hall Wednesday afternoon with the guardian, Mrs. C. C. Cash, presiding.

Two communications of interest were heard during the hour, namely a letter from the district manager, Mrs. Deane E. Sappington, of Fort Worth, who announces the postponement of the district meeting to have convened here in April. The second letter signed by the national president, Mrs. Mary E. La Rocco, congratulated the grove highly for the splendid year's work and commended upon the present work and commendable results.

The contest opened last week in growing in personal interest and attendance with the orchid side led by Mrs. Pauline Frye, winning over the greens, with Mrs. Francis Sexton, captain. This contest feature will cover a six weeks period.

The usual penny prizes supplied by Mrs. Bray and Mrs. Williams, were won by Mrs. Emma Hodges and Mrs. McClaire.

The attendance named 12 adults and four juniors.

Next Wednesday's program will open promptly at 2:30 o'clock.

Ranger Representatives Return From Grand Lodge

Mr. and Mrs. Joe Calder have returned home from a visit to Greenville, where they attended the I. O. O. F. and Rebekah grand lodge, serving as representatives from the local chapter.

Full reports will be heard from

Mr. and Mrs. Calder at the next meeting of the I. O. O. F. and Rebekah lodge sessions.

Kelvinator Holds World's Fastest Freezing Record

The Kelvinator that has been demonstrated at the Times Free Cooking School this week by Mrs. McDonald is well worth your personal attention and admiration. In addition to this particular model Killingsworth, Cox & Co. has on display today and until tomorrow noon the world's fastest freezing Kelvinator. It will be well worth your while to pay the furniture company a visit and view this beautiful feature.

There are several high points of outstanding interest. First, correct temperature for preservation of food; second, below freezing for storage of extra ice or frozen foods, and third, world's record fast freezing, automatically.

Mr. Killingsworth and associates cordially invite you to see this Kelvinator while on display at their store.

FARMERS BEGAN BOYCOTT

INDIANAPOLIS, Ind.—Farmers here have begun a boycott of those responsible for foreclosures on farms and land acquired through tax sales. The farmers declare the action is necessary to the public good.

AMPUTATED LEG WAS BROKEN

INDIANAPOLIS, Ind.—The right leg of Charles Hilliard, 63, which is cork from the knee down, was broken just above the joint while he was attempting to kick a lamp of coal which had clogged an automatic stoker at the Baltimore and Ohio Railroad round-house here.

Outlawing most of the current attire for men, merchant tailors prescribe dress coats with long tails, gray tuxedos and silk waistcoats in pastel shades. This would give men something to think about while they meditate behind the curtains at the pants presser's.

Arcadia Today

Joan Bennett, who plays opposite Charles Farrell in "Wild Girl," at the Arcadia today.

Ranger Personals

C. E. Maddocks, accompanied by Ray Campbell, spent today at Fort Worth.

E. E. Smith of Wichita Falls, transacted business here yesterday and today.

Dr. E. C. Shirey, Ranger dentist, is now at home at the Ghoslin hotel.

Ray Weathers was a visitor in Ranger this week the guest of Herbert and Bob Weathers.

Robert Weathers left today for Gorman, where he will be the guest of his mother, Mrs. Weathers.

Old License Law Still In Effect

AUSTIN.—Defeat of the Morse bill to let counties share equally with the state highway department in motor license collections above \$350,000 leaves the old rule in force.

Under it each county keeps the first \$50,000 of such fees taken in by its county tax collector. Then the fees are divided equally with the state highway department until the county has retained \$175,000. After that, all goes to the state highway department.

Though the law remains the same the effect may be much different in the future. If the new schedule of automobile fees, adopted by the House, meets approval of the Senate and governor there will probably be no counties with much above the dividing point to turn over to the highway department. Fees in the new House bill are cut about one third.

In the past only four counties have had automobile license receipts in an amount that requires them to give the highway department all over the maximum. They are Dallas, Harris, Tarrant and Bexar. Jefferson county was near the mark. There are 164 counties of the state which do not collect more than the \$50,000, all of which they retain.

State Planning a Paradise For Vacation Days

LINCOLN, Neb.—A 10-year program for outdoor development of Nebraska, designed to make the state a paradise for hunters and fishermen and a vacation land of note, has been adopted by the state game, forestation and parks commission.

The object of the plan, State Game Warden Frank O'Connell said, is to have a businesslike and scientific plan of developing the state's outdoor resources.

Nebraska abounds in natural beauty and is ideally adapted for wild game bird life. The sand hills of the north central part of the state, were once the land of the prairie chicken and quail. Both game birds, slaughtered in early days, are coming back.

Hungarian partridge and ring-neck pheasants, wild turkeys and grouse are being planted in various sections of the state.

Lakes and streams are planted with trout and bass. Catfish and bullheads and other slow-stream fish are planted in the southern parts of the state.

The program outlined provides: 1. Increase in game birds. 2. Increase in game fish. 3. Providing suitable hunting and recreation facilities. 4. A scientific study of all wild life. 5. Turning waste lands into fish-breeding pools. 6. Reforestation of waste lands. 7. Control of sewage to prevent pollution. 8. More game refuges and sanctuaries. 9. Elimination of predatory animals and birds and a war on crows especially. 10. Conservation education. 11. Co-operation between sportsmen and civic organizations. 12. More rigid enforcement of game laws.

Acting Comptroller of the Currency Anwalt, quizzed by newspaper men in the recent rush to reopen the banks, muttered "We're snowed under! We're snowed under!" With frozen assets.

Cooking School

(Continued from page one)

cause pleasant memories to linger because of the social activity and new inspiration and new ideas in the art of cooking. Following recipes were taken from Mrs. McDonald's Thursday and Friday lectures:

Short Cuts of Beef and Pineapple

Six short cuts of beef. Prepare in the usual way with Morton's salt, pepper, etc. Dredge in Yukon's Best flour; sear in hot fat; place in the roasting pan; place one slice pineapple on each short cut; add half cup hot water and set in moderate oven of 400 degrees for 45 minutes. A delicious gravy can be made after the meat is taken from the roaster.

Liver en Casserole

2 pounds liver cut into small squares.
1 cup Yukon's Best flour.
1 1/2 teaspoonful Morton's Iodized salt.
1/2 cup chopped carrots.
1 cup diced potatoes.
2 tablespoonful minced onion.
1/4 cup minced green pepper.
6 drops Tabasco and set in moderate oven for 20 minutes.

Wash and drain the liver; mix flour and salt and mix with liver; put one-half of this mixture in the bottom of a well-greased casserole; add carrots, potatoes, onion and pepper; cover with the remainder of the liver; add six drops of Tabasco, one cup of sweet milk. Cover and cook in moderate oven for 1 1/2 hours.

String Beans au Gratin

One pound of fresh green beans, prepared and boiled in water salted to taste with Morton's Iodized salt for one hour. Drain; put in baking dish; sprinkle lightly with grated cheese, 2 tablespoonful melted butter; 1/4 cup sweet milk, dash of Tabasco and set in moderate oven for 20 minutes.

Blueberry Muffins

1/2 cup shortening.
1/2 cup sugar.
1 cup sweet milk.
1 cup blueberries.
3 cups Yukon's Best flour.
3 teasp. K. C. baking powder.
1/2 teasp. Morton's Iodized salt.
Bake in greased muffin rings for 20 minutes, in moderate oven.

Pear Salad

Soak half pear in best juice.
1/2 pear plain white.
Fill with Philadelphia cream cheese and pecans, put together with tooth pick, serve on lettuce leaf and French dressing.

Molasses Pie

3 whole eggs beat well together.
1/2 cup sugar.
1 cup molasses.
2 tsp. butter.
1/4 cup cold water.
Dash of nutmeg.
1/2 teasp. Morton's Iodized salt.
May add 1/2 cup pecans.
Pour into ungreased pie shell and bake for 45 minutes at 375 degrees.

Spanish Cake

1/2 cup butter.
2 eggs.
1/2 cup sweet milk.
1 1/2 cups of flour.
1 1/2 teasp. baking powder.
1 teasp. cinnamon.
Cream butter and sugar, add two egg yolks well beaten. Sift dry ingredients alternately with the milk. Fold in the two egg whites, well beaten. Bake in two lower plans in moderate oven for 25 minutes.

New Beauty in Capitol Circle

Washington society will be graced by a new beauty when Miss Ellen Erickson, above, arrives with her parents, Senator and Mrs. John E. Erickson. Senator Erickson, formerly governor of Montana, appointed himself to succeed the late Thomas J. Walsh.

Filling

1 1/2 cups granulated sugar.
1/2 cup brown sugar.
5 tablespoon water.
2 unbeaten egg whites.
Cook over boiling water for seven minutes, beating constantly. When stiff enough to stand in peaks add one square of melted chocolate. Spread between layers and on the top.

Cheese Pudding

6 slices of bread, diced.
1/2 pound cheese, diced.
Alternate layers of bread and cheese until all is used.
Take 3 well beaten eggs, 2 cups of sweet milk, 1/4 teaspoon Morton's Iodized salt, 2 dashes of Tabasco, mix well and pour over the bread and cheese. Bake in oven of 400 degrees for 30 minutes.

Mrs. McDonald also demonstrated a delicious recipe made of cold rice. She took two cups of cold rice, a few slices of peaches,

diced pineapple, any fruit may be used, a few pecans and mixed well. She then folded in one pint of whipped cream and it was ready to serve.

Orange Pie

3 egg yolks well beaten.
1/2 cup sugar.
Grated rind and juice of 1 orange.
Juice of 1/2 lemon.
Mix in double boiler and cook until thick. Cool. Beat three egg whites stiff and 1/2 cup sugar. Beat again until it will stand in peaks. Fold the mixtures together, pour into a cooked pastry shell and brown in a hot oven quickly. Serve cold.

The Chicken Dinner

For the housewife's day out. Select 4-pound young hen, prepare as fryer. Season and roll in Yukon's Best flour. Have the pressure cooker hot with enough shortening, place the chicken in, brown, on one side, turn over to brown on other side. Then add vegetables, 1 can peas, 2 cups diced potatoes, 1 cup diced carrots, 3 tablespoon finely chopped para-

ley, 2 medium onions chopped, drops of Tabasco, 1/2 cup fat, chopped sweet pepper, 1 small tomato juice, 1/2 cup water. Place lid on with petcock open when drops of water form in opening, close down this petcock. Cook for 45 minutes at 15 pounds pressure; open petcock slowly, let out slowly, close again, and meal will be hot at noon.
