House Votes 84 to 40 to Place '3.2' Beer Bill On Table Subject to Quick Call

MEASURE MAY BE VOTED UPON NEXT FRIDAY

Both Wets and Drys Are Hopeful As Time For Voting Nears.

AUSTIN, April 12.—The house representatives today voted 84 to 40 to place the 3.2 per cent beer bill on the table subject to a vote on Friday.

Rep. Preston Anderson, one of the authors, said he will likely call for a vote on Friday. Anderson said today's vote was highly favorable to the chances of passage. He predicted it will get 75 votes on final passage.

George Parkhouse of Dallas, defeated the beer bill, six days ago, by a vote of 150 to 130. He is now leading the fight against the 3.2 per cent beer. A vote by the Austin American today would get 17 to 20 votes in the state if the house passes it.

A personal roll accompanying the survey, listed 11 senators definitely for the beer bill, six definitely against it and 13 who are holding decision until constitutionality of the bill is qualified. Although the outcome is doubtful, advocates of the bill are expecting to go ahead with the amended plan of voting next Friday. While such a plan shortens time in which they can seek averts to the beer bill delay at the stage of the session is serious.

Apples Grow Well In Eastland County

If you want to profitably grow apples in Eastland county, plant Golden Delicious variety, says E. Jobe, Eastland county farmer and ranchman, residing on the meadow ranch near Eastland. Mr. Jobe this week was exhibiting some specimens of the Golden Delicious apples grown by his brother, Dallas Jobe, Jr., near Eastland.

Dallas Jobe, three years ago planted an orchard of Golden Delicious apples and last season all the trees produced. Some of the apples produced at two years of age. The Golden Delicious is not only the best apple for this section but is the only apple that is not killed by frost and the trees are younger than any other apple, Mr. Jobe says.

The Golden Delicious is also an apple for most every purpose, Mr. Jobe says. Mr. Jobe is planting out an orchard of the Golden Delicious on the Connellien ranch.

Canned Goods In Given To Pay For One Subscription

Mrs. A. L. Hagar, who lives on route 4, Ranger, was a visitor in the Times office Tuesday afternoon, renewing her subscription to the paper. Mrs. Hagar, who has been a regular subscriber of the paper for the past 10 years, paid for her subscription with canned goods, which she put up last summer. For the past two years the Times has been taking chickens, eggs, fruit, eggs, butter and other farm products for subscriptions to the paper where the subscriber has items of this kind he wishes to trade.

Saves Press in Censorship Bill

Representative Hutton W. Summers, above, chairman of the House judiciary committee and sponsor of the bill to provide criminal penalties for the publication of "official secrets," has declared himself in favor of radical revisions in the measure. Critics revealed the original bill would censor the press in publication of legitimate news.

Ranger Rotarians Hear Talk and District Reports

Dr. P. M. Kuykendall had charge of the meeting of the Ranger Rotary club today and presented a very interesting paper, which was prepared and read before a recent meeting at Mineral Wells by Dr. O. P. Kimbrough, a specialist from Wichita Falls.

The paper gave many details and facts about contagious diseases and proved to be of much interest to the members. H. C. "Andy" Anderson reported that the district conference would be held in San Angelo May 1 and 2 and urged the members of the club to attend and give him the same support the club and the Oil Belt has accorded him during his term of office as district governor.

He announced, also, that the attendance report of the district for March was the best of the current year, the 61 clubs showing an average of 91.08 per cent. There were 52 meetings held by the clubs at which a 100 per cent attendance was recorded. Ranger was second high in the entire district in attendance, he reported.

A short directors' meeting was held immediately following the luncheon.

P. Pettit of Cisco was the only visiting Rotarian and L. R. Pearson was a guest of the club.

Eastland Lions Postpone Meeting

The Lions club of Eastland felt that their trip to Breckenridge to attend the 2-E district meeting held from Sunday afternoon to Monday night, should take the place of their regular luncheon on Tuesday, and called this meeting off.

Thirty clubs were represented at the convention with the Breckenridge group as host at the Burch hotel.

Sunday afternoon an executive session was held by the 10 or 12 officials with Horace Conley of Eastland, immediate past district governor, in attendance.

Eastland Lions present were George M. Harper, Bert McGlamery, E. H. Jones, J. C. Patterson, Horace Conley and wife, E. M. Kenny and wife, and W. B. Pickens and wife.

Pardon Is Granted Stephens County Man

AUSTIN, April 12.—A full pardon was issued today by Governor Ferguson for Guy Warnica of Stephens and Shackelford counties, convicted in 1931 of burglary, theft and robbery by assault, and sentenced to five years.

NEILL ELECTED HEAD RANGER COUNTRY CLUB

The members of the Ranger Country Club met Tuesday night for the annual election of officers. A. Neill was re-elected for the third consecutive time and C. D. Hartnett was re-elected vice president and H. P. Earnest re-elected secretary.

On motion the officers were re-elected by acclamation and the president was empowered to select his own board of directors.

Preceding the election of officers 60 members and guests assembled for a goat barbecue with pickles, coffee, spring onions, radishes and baked Irish potatoes, which were prepared by a committee composed of Bill Dorsey, Pete Jensen, Herbert Stafford and Roy Speed.

Following the barbecue the business session was opened with a resume of the accomplishments of the club during the past year and a financial report of the club. It was pointed out that the club had a wonderful year, which is the best in Texas and the club has a deficit of only \$325. The club was described as an institution of which Ranger should be proud as other country clubs, with no better facilities, usually carry a deficit running into thousands of dollars. The club now has a membership of 53 and it was said that if they would all pay up their dues there would be a neat balance to the credit of the club.

Following the election of officers A. Neill, in a few, well chosen words, thanked the members for the honor which had been bestowed upon him and assured them that he would carry on as best he could. He said that the present board would be re-appointed for another year and that he was sure he would get the same splendid cooperation from them he had received in the past.

Sam Gamble paid Neil a beautiful tribute, saying that he was one of the most outstanding presidents in the Oil Belt Golf association.

Morris Leveille, Herbert Stafford and Jack Mooney, members of the board, joined in the tribute to Neill.

Three Sentenced In Cult Murder

INEZ, Ky., April 12.—John H. Mills, 36, leader of a fantastic Kentucky mountain cult, who killed his mother, Mrs. Lucinda Mills, 76, as a sacrifice, today was found guilty of murder and sentenced to life imprisonment.

Blaird Mills and Blaine McGinnis, relatives of John Mills and members of his cult, also were found guilty. They were sentenced to 21 years each. The remaining four defendants were acquitted.

Adventurer, 88, Waited Years To Learn Aviation

OAKLAND, Calif.—Calvin H. Blanchard has waited until he was 88 before he began taking flying lessons, but only because he has been "too busy" having other adventures.

Blanchard's adventures began when he served in the Civil War. He was twice wounded but recovered in time to participate in Sherman's famous march to the sea. After the war he came to California, participating in the events accompanying its development until 1897 when he joined the gold rush in Alaska.

Fourteen years later, he returned to California and entered the federal forestry service. He was retired recently, but tiring of that, he has taken up aviation. He hopes to obtain a private pilot's license this summer and take an aerial trip around the country.

Easter Buying Shows An Increase Over Last Year In Nation-Wide Survey

DEMAND FOR CATTLE SHOWS BIG INCREASE

SAN ANGELO, April 12.—Influx of buyers from the north by automobile, train and airplane has given life to the cattle business and today it reached the greatest activity in three years.

Prices were rising and demand had sharpened. Cows, which sold earlier this spring at \$30 a head, are bringing from \$35 to \$40. Steer yearlings are bringing 4-1/2 to 5-1/2 cents a pound. Coming two-year-old steers were selling at from \$4 to \$4.75 a hundred. Heifer yearlings were selling at \$3.50 to \$4.50 per hundred.

Prices for calves are not so high as they were once, but reports are that fall delivery contracts have been signed at 6 cents a pound. The all-time high for cows was 13 cents, when one ranchman weighed his calves out at 46¢ a head.

Eastland County Roads Bring Trade One Survey Shows

AUSTIN, April 12.—Eastland county's state highways bring \$396,000 a year in extra business to the county in the form of tourist trade, the Texas Good Roads association has estimated from a survey of the state's last official traffic census.

This business, the survey points out, does not include "natural" trade from local cars or those of adjoining counties, which obviously would increase with improved roads.

State checkers, from four days' actual count, found the average daily traffic to be 1,160 motor vehicles on highway 47, 600 on highway 67, and 500 on highway 23.

Motor traffic in Texas is divided, the experts have found, in almost equal classes. Roughly, half are local cars or from adjoining counties. The other half are from beyond the state, or from Texas points at least two counties distant. The latter are genuine tourists.

"On this basis, some 1,100 outside cars cross Eastland county each day," the association's survey said, "scattering their good American dollars among the restaurants, hotels, tourist camps, hot dog stands, garages, filling stations and stores along the important highways."

"If they spend as little as \$1 per vehicle within the borders of the county, then Eastland county's trunk roads mean \$33,000 a month in added business, or \$396,000 a year exclusive of their convenience and saving to the over 8,000 people, who operate some 8,000 cars themselves."

The survey, conducted by the association for every county in Texas, was designed to show importance of roads to each community, and thus arouse public opinion against further division of gas tax money, which would cripple the highway program.

Ranger School Board Re-elects Teachers for the Year 1933-34

The Ranger school board met Tuesday night in a meeting that continued until 12:30, and elected J. R. Phillips, principal of the public schools for the year 1933-1934. All teachers were re-elected with the exception of Mrs. H. D. Smith of Merriman and O. G. Lanier of Ranger high school, though no salaries were determined.

The question of salaries was taken up when a budget is made out and the expected revenue of the school system worked out. It was decided to discontinue the Merriman school, bringing the 40 pupils of that school to the Ranger ward schools by bus and there by making a material saving in salaries, utilities and other items of expense.

Miss Doris Mitchell, who has been teaching at the Merriman school was transferred to the Cooper school, where the 7th grade will be added in order that the Merriman pupils can be cared for.

It was pointed out that the Merriman school was the most expensive of the system, on a per capita basis, and a material saving could be made by transferring the pupils to the Ranger ward schools. No new bus will be needed for the transportation of the pupils and the expense of transporting them to school will be very small.

One other transfer was effected, Miss Mittie Pettit being transferred to the Cooper school and Miss Marie Kohn transferred from Cooper to Young.

All members of the tax department and all janitors were re-elected for another year, at the meeting and no salaries were designated for them.

The teachers elected were: High school—E. F. Holloway, H. S. Von Roeder, Mrs. Mae Heuler, Miss Gladys Pinson, Mrs. T. E. Ward, Mrs. R. L. Maddox, Mrs. Frances Burrage, Mrs. Gladys Wilbanks, Mrs. A. Neill, Mrs. Wallace Wagner, Miss Lucille Buchanan, Esker Curtis, R. L. Maddox, M. B. Hair, Adrian Hagaman and Ben Whitehouse.

Hodges Oak Park—P. O. Hatley, Mrs. Ruth Denney, Mrs. Lillian B. Strain, Miss Lelita Connelly, Miss Doris Baskin, Mrs. J. Thurman, Miss Ruth Shirley, Miss Mary Edie Davenport, Miss Eva Dennis, Mrs. Nellie Jones and Miss Eva Long.

MILLIONS ARE BEING SPENT BY THE PUBLIC

Business Outlook Brighter Than At Any Time in Two Years.

NEW YORK, April 12.—Hundreds of millions of dollars are being spent to satisfy national vanity in an Easter shopping rush, which in almost all cases, surpasses that of 1932, a nation-wide survey by the United Press showed today.

Fur strings have been loosened. Credit has eased. These two factors, plus brighter business outlook, have resulted in an increased Easter trade.

There is a possibility the dollar volume will not be so great as in 1932 because of greatly reduced merchandise prices, but most merchants agree that the unit volume will be above last year's.

Typical of the reports was one from Chicago. A Michigan buyer placed a large order. He was warned by the Association of Commerce that he was overstocking. That was last week. This week he placed another order, reporting his first stock almost depleted.

In New York one national chain store reported shoe sales were at the rate of 40,000 pairs weekly, the highest weekly average since 1929.

At Dallas Retail Department Store association reported business 15 per cent ahead of last year.

Stoney Phillips is Heavily Guarded

FORT WORTH, April 12.—W. S. (Stoney) Phillips, convicted at Breckenridge and sentenced to 99 years for the murder of E. L. Churchil, drilling contractor here, was under double guard today after a pocket knife was found in his cell.

Solitary confinement of the prisoner was threatened. Sheriff J. R. Wright is investigating how the knife came into Phillips' possession. It was discovered when jailers heard him threatening other prisoners on the fifth floor of the county jail.

Phillips is being held here pending a decision on his appeal of the murder conviction.

Dr. Smith Preaches One of Best Sermons

Dr. Smith preached one of the best sermons of the revival last night, if not the best. His message, this morning was also one of the very best he has preached.

Last night he preached on "Living-Water Christians." His sermons constantly hold before the congregation the reasonableness of the Christian life and the joy of the Christian experience.

It is believed that this last week will witness large congregations every night.

Sermons 10 in the morning and 7:45 at night.

You are urged to attend every service. The church invites you, God calls you. You are the only one who can answer.

A BIBLE THOUGHT FOR TODAY

THE AFFLICTION OF THE GODLY: Many are the afflictions of the righteous; but the Lord delivereth him out of them all.—Psalm 34: 19.

VINDICATION OF MANAGER GOVERNMENT

Dallas and Fort Worth are two outstanding Texas cities. For years and years these cities were given the practical politician plan of aldermanic government. In recent years the taxpayers revolted. They cracked down and then tossed out the antiquated and costly machinery and methods supplied by practical politicians. Fort Worth adopted the city manager plan and in its wake Dallas moved out of the old rut and gave the people the modern method employed so successfully in a great number of cities and towns the country over.

What happened on municipal election day may be ancient history. Fort Worth returned its manager-council ticket with the exception of one commissioner who was a candidate for re-election. Eight of the old municipal organization were continued in office by a safe majority. As for the ninth, he was defeated by a few votes.

In Dallas the friends or champions of the city manager plan made a clean sweep for their nominees. Fort Worth will continue under the city manager regime and as for Dallas it is said that a majority of its voters, largely taxpayers, are thoroughly convinced of the superiority of the modern plan and predict that the practical politicians or those they are said to represent will not be entrusted with municipal authority or power in coming years.

There is a New Deal on in the federal administration. It calls for honest government economical government, less expenditure of the tax money of the people, abolition of wasteful bureaus or commissions, and the consolidation of departments which are necessary for efficient service in the governmental program. Why not in Texas? Why new commissions or new boards or new jobs at the pie counter?

CUMMINGS AND THE PRO TRAPPERS

Atty. Gen. Homer Cummings has ordered pro enforcement officials to eradicate "injustices in the enforcement work relative to the dry laws of the nation." In other words the use of entrapments, meaning tapping telephone wires and extravagant use of government money by pro agents in the purchase of fancy liquors, has led to "gross injustices and we are aiming at eradication of these injustices."

As for violators of the Volstead act, the coming of 3.2 per cent beer will not open the door of the federal penitentiary for those who have been captured prior to the coming of the Cullen act. Atty. Gen. Cummings has one ambition for Maj. Dalrymple: "A program to have the cleanest service that can be developed."

Away back in 1922 and 1923 Maj. Dalrymple was in the Texas picture. He threw down the gauntlet to the Ku Klux Klan organization in the cities of Fort Worth and Dallas and made life very interesting for the leaders. What happened? The Major was transferred to another field of pro endeavor. In other words, he was bottled up but not gagged.

JOHN DICKINSON LANDS A PLUM

John Dickinson of Pennsylvania is to be the assistant secretary of commerce. He is a former law partner of William Gibbs McAdoo, was associated with the California leader in Los Angeles from 1922 to 1925 and then crossed the continent to Pennsylvania as a professor of law at the University of Pennsylvania. This is plum picking time and the California senators sees to it that his friends are not overlooked.

DID YOU EVER STOP TO THINK

By EDSON R. WAITE, Shawnee, Oklahoma

THAT the great problem of the merchant today is getting more merchandise sold.

Some merchants are business men; others simply try to run a business.

The up-to-date merchant is in business to make profits; he expects his business to grow and prosper and to become greater each year.

This class of merchants is a credit to any city. You can always find their ads in the newspapers of your city.

They are ever anxious to build a clientele of satisfied customers and they do it by advertising and backing up their advertising with service, quality and prices that are right.

Good merchandise is always in demand when people know of its quality and value.

If few people know of its value, there are few buyers.

If many people know about its worth, there will be no lack of buyers.

If many people know about its worth there will be no lack of buyers.

IT PAYS TO ADVERTISE!

Penney To Celebrate 31st Anniversary

J. C. Penney's Ranger store is planning on a big 31st anniversary event, which will begin at 8 o'clock Thursday morning.

The store has been planning this event for some time and the \$50,000 stock has been marked for this special occasion, which comes just before the Easter season.

Men's, ladies' and children's clothing may be found during this anniversary event at greatly reduced prices. In addition the piecemeals for spring have been included in these prices, which make them the lowest for the value ever offered by the store.

CORN GROWING TIME REDUCED 47 PER CENT

By United Press
LINCOLN, Neb.—Growing corn in Nebraska is taking as much as 47 per cent less time than it used to back in 1914.

This is the gist of a summary on the ten acre yield contest sponsored annually by the College of Agriculture extension service, the Crop Growers association and farm bureaus over the state.

Man labor, expended by contestants in the 10-acre contests, has been reduced 4 per cent during the eight years of contests. Reduction of labor is explained by the greater use of machinery and newer methods of planting corn.

Spanish Club Presents Program
The Spanish club had charge of the program presented in chapel Tuesday. The following program was presented: "Solo," "Farewell to Arms," by Jean Williams, accompanied by Wilma Beard. Boris Bullosky read a sham letter, which was well received, considering the writer. Solo, Eleanor "Libby" Cleveland, accompanied by Merle Stewart; tap by Cecelia McDowell. Several violin and banjo selections by Jasper Woods and James Bellah. New quartet composed of Robert Kidwell, soprano; Forest Lyon, baritone; Eleanor Cleveland, tenor, and guitarist, Homer Wright, bass. A short one-act play was presented by members of the Spanish classes. This program was enjoyed very much by the entire assembly. David Nichols announced the various numbers on this program.

Extra! Extra!
High school will be dismissed Friday due to the arrangements of the track meet to be held at Lillard field, Prin. H. S. Von Roeder stated today.

Many of the kids didn't know how to act in chapel yesterday, since the program was free. A couple of girls are wondering if they have dates for the opening of the Ghoson hotel, since they made them so long ago, and it seems their dates do have such pitiful memories.

Billy Barrett has been telling us lots about his new Swede or "sweet". We can't distinguish which.

A certain person tells me that three popular young couples of R. H. and R. J. C. were seen at church last night.

League of Nations Facing Many New Problem 13th Year

By STEWART BROWN
United Press Staff Correspondent
GENEVA.—The League of Nations is passing through its thirteenth and unluckiest year.

It entered its thirteenth year with several first class crises on hand. They were:
1. An undeclared war between Japan and China;
2. An undeclared war between Colombia and Peru;
3. An undeclared war between Bolivia and Paraguay;
4. A failing world disarmament conference;

5. An unprecedented world economic crisis for which no remedy has been found.

Since its thirteenth birthday, unobserved in Geneva, Japan has flouted the league's authority and said: Peru has refused to accept its recommendations for a peaceful settlement of the Leticia conflict. Bolivia and Paraguay have not been persuaded to cease their fighting in the Chaco. The disarmament conference has continued to totter on the brink of failure, increasing the growing feeling of uneasiness in Europe. Although a world economic conference was judged of "urgent importance," no date yet has been fixed for the meeting.

These are dark items in the league's balance sheet. Opponents of Woodrow Wilson's institution say they show the league is in the red and is headed for a decline. Its supporters hotly deny this, declaring the league will emerge from its present crisis stronger and more influential than ever.

But competent observers feel the league is going through a healthy crisis which will eventually bring about changes in its constitution which will enforce its authority.

A big factor in the reinforcement of the league's prestige would be the entry of the United States and Soviet Russia. Great Britain, France and Italy possess the only military authority in the league which commands respect from other members. But none of these three states would consent to use its force to enforce league decisions unless the United States and Soviet Russia also joined.

SPEAKING of SPORTS

By W. B. DICKINSON

 Tris Speaker Expected To Be Pinch-Hitter
 KANSAS CITY.—"Speaker now batting for Blank"
 That's the announcer's cry that Kansas City Blues fans are mighty likely to hear when the going gets tough for the home team and a hit may mean a victory at Muehlebach field this summer.
 And it will mean that the inimitable Tris Speaker, grown a bit slow, a bit gray at the temples, but still able to take a lusty wallop at a pitched ball, is out to get that necessary hit himself.
 Speaker, now manager of the Blues, is putting himself through a course of training just as rigorous as that doled out to any of his men. He's losing excess poundage, hardening his muscles under the spring sun.
 "It may take me a little longer to get in shape than the younger boys," he said, "but there's no hurry about me. The first thing is to get the team ready to go."
 With E. Lee Keyser, the new president of the local American association club, Speaker has been busy rebuilding a team that has lost rather consistently over a period of years. He believes he may have a winner in his first year here, and he promises, at any rate, that the boys will be out there fighting all the time.
 As for himself, it's been two years since he swung a bat in a regular game, the last time being with Newark in the International league. He doesn't know but what his batting eye may have dimmed a bit.
 But observers here believe he will add a formidable threat to the Blues attack—that Kansas City fans are in for some of the old thrills he gave the Cleveland baseball followers back in his palmy days.

THIEF ASKED TO PAY FOR CLOCK
 By United Press
 LOWELL, Mass.—Convicted of stealing an alarm clock from a store, Patrick Wing was given "time" to make restitution of \$1.59. The court placed him on probation for two years.
 It's hard to say which is worse for an automobile, a loose tire or a tight driver.

DERRICK SHADOWS

By V. MARIE STEPHENS

I met nine door-to-door salesmen within two hours yesterday, with the old excuse, "Sorry, but . . . Eight of them turned away with sullen, silent eyes . . . shuffling. One smiled. I was tempted to call him back, even though I didn't need sewing machine screws.
 Somehow, I felt like that man was the treader of the nine. But there was something stubborn in his smile . . . a determination to cheat the depression out of one victim. The rest of the peddlers slumped. A slumper hasn't a chance. Not even a peddler.
 Religion is a touchy subject.

Take the Russians and the Germans and the Jews for instance. Back of subtle nationality lies the big conflict, religion. And even here in the homeland, it's a question your best friend won't argue . . . if that friend is wise.
 Men have gone mad over the subject. Kentucky shamefacedly admits the presence of a cult in which mingle murder and insanity. That, patient reader, is not a religion. It is a form of barbarism. You don't have to part the underbrush of Africa to find heathenism.
 I have seen five very good friends wind their way into Oklahoma and come back just plain Mr. and Mrs. Elapement, you call it. Freedom, I say. The law has never offered any great amount of protection. It, along with a lot of other bills, has been a farce. Such is my opinion . . . worth little or nothing.
 Glimpse-glances: Wise Tulane has at last recognized womanhood with a pretty freshman girl elected to the vice presidency of the next year's law student body. Slowly we come into our own. . . The Easter spell is beginning. A little early, it seems, but beginning nevertheless. We don't mind. The depression cut our wardrobe, anyhow. . . Among those children of the famous, we see Norman Thomas' daughter is taking the long walk down a church aisle.
 Just a few more steps and it looks like we're getting rid of that bothersome three-day marriage law. Having watched a steady stream of couples elope across the line, I add my opinion to that of other repeaters: the law, having done no good, is wielding a bad influence.

 Swimmers Revealed Texas Whiskey Still
 By United Press
 TYLER, Texas.—Prohibition Officers W. R. Dickens and John D. Porter were just "browsing around" in a pine thicket one morning when they heard a splash and saw two men swimming rapidly across the Sabine river.
 Swimming at 6 a. m. when the temperature was 26 degrees seemed curious to the dry agents. They investigated, found nearby a 200-gallon still, 800 gallons of mash, 29 gallons of whiskey. The early morning bathers were arrested.

Scale Runners Club Presents Well Prepared Program

Eastland is proud of her junior music clubs and the work of the Scale Runners club evidenced in their program of Tuesday afternoon showed the careful preparation made for the entertaining of the club by young Marjorie Murphy, at the home of her parents.

The session was called to order by the president, Catherine Carter, and usual routine business transacted. Musical terms were roll call responses. Mary Lou Crossley as treasurer reported the state federation dues paid.

The program proper opened with piano solos by Helen Luens and Patsy Sparks. An article on technique was read by Johnnie Mae Pierce. Piano solos, Frankie Mae Pierce, Johnnie Lou Hart, Maxine O'Neal, and Wilma Dean Pierce. Reading, Joelle Coffman. Piano solo, Lorraine Stahr; piano duet, Ann Harrell and Marjorie Harper; piano solo, Catherine Carter; piano, "March Militaire" (Schubert), Marjorie Murphy.

The biography of Schubert was interestingly given by Catherine Carter, who concluded topic with a round-table discussion held by the speaker.

The critic's report was presented by Johnnie Mae Murphy. The musical game, had favor for most successful answers, an Easter novelty of a cunning card drawn by a chicken, and awarded in the game.

Eastland Public Library All Dressed Up

Patrons of the Eastland public library have been gingerly tiptoeing along planks laid on the floor of the reading room and library seeking the librarian, Miss Cecelia Haas, for the required change of books, the past several days.

All this to care for the floor space which has had two coats of varnish, and the last coat, of wax, applied Tuesday, by George Parvin, furnished by the R. F. C., with materials for the work provided from the proceeds of the Thursday club rummage sale held some time ago.

The floors are now a thing of beauty and a joy forever, we hope. The library certainly looks spick and span, and very attractive in its

new dress.

The book shelves will soon be enriched by the addition of the new order for 15 books, which was sent out by library committee on Tuesday.

Patrons are welcome to the spacious reading room and library on Monday, Wednesday, Friday and Saturday afternoons.

Educators Plan New Course For College Co-eds

WASHINGTON.—A pattern of study aimed toward teaching young American women their place in the home has been fashioned by educators assembled here.

The plan will be offered as a standard junior college course. It includes provision for thorough instruction in home direction and home management, its sponsors explained. They hope it will attach a new and permanent significance to women's junior colleges.

Setting forth the functions of private junior colleges, the program proposes:

1. To maintain courses virtually paralleling the first two years of university work in order that the students may enter a senior institution with two full years' credits.

2. To maintain two-year "terminal" courses designed to give younger women training in home management, home-making, music and social accomplishments.

"For the past two years," said Dr. James Ament, president of the National Park seminary, Washington, D. C., "the junior college has been appearing in various forms in girls' schools as well as in the universities of the world, winning particular high favor in America. Now it passes from the experimental to the permanent stage."

Grand Opening of Colonial Ballroom Friday Evening

Just a few days ago, it seems now, Ranger dance folk were chatting about how very nice it would be if we had a hotel ballroom, and now for the entertainment of Ranger people and out-of-town visitors, through the clever arrangement of Don Burger, manager of the new Gholson hotel, a lovely colonial ballroom will be paramount in social happenings this week, when Friday evening, at 9 o'clock marks the grand opening.

For this gala affair Terry Dantzer's Movieland Syncopeans, sponsored by Miss Mary Brian, popular motion picture star, will furnish music from 9 until 11 o'clock. This group of 12 talented musicians are directed under the personal management of Miss Brian's brother. In the event you are not listed among those having visited the beautiful ballroom before its completion, just as finishing touches were being added here and there, you indeed have a rare treat in store. A triple color motif of white and two shades of blue, form an effective background, enchanted with the modernistic finish given the walls, and cool white ceiling adorned with fleecy white lighting fixtures.

The ballroom has been enlarged to remarkable extent easily accommodating a large number of dance guests. This very attractive place will hold first appeal to meetings given by clubs and other social functions renewing wide interest to the older as well as the younger set.

According to the announcement made yesterday by Mr. Burger, the lobby will also carry special decorations for this opening and a warm and cordial invitation is extended to all of Ranger and friends to visit the Gholson hotel Friday evening.

Land Offered Jobless For Colonization
By United Press
HATTIESBURG, Miss.—Twenty thousand acres of cut over land in Lamar county near here have been offered to the unemployed for cultivation and temporary colonization.

The offer, made by W. J. Norton, Hattiesburg, involves a plan whereby some 500 or more will be allowed to settle on the property for the summer, erecting cabins or living in tents. Norton has promised to pay \$1 per ton on location for wood which the colonists gather.

Efforts are being made to secure tents through the adjacent general's office in Jackson, according to Norton, who said it is now contemplated to divide the land into two sections of 10,000 acres each, one division for whites and the other for negroes.
