## 75 KILLED IN KENTUCKY-TENNESSEE TORNADO

### KEEPING THRU THE KNOTHOLE WITH BILL MAYES

Today's mail brought us a fish permit, which entitles us to fish in Lake Cisco for the year beginning May 1 and ending Feb. 28, 1934, which is less than a calendar year, but one complete fishing year. Every year we have received one of these permits, but to date we have had no opportunity to use one. However, if the occasion arises, we shall be more than glad to take advantage of it and give the fish in Lake Cisco a boost by feeding them a few minnows.

The permit is the second we have received, one being handed to us by Jim Ingram just before the fishing season opened. Our Ranger permit has been of more use to us this year than the ones we have received from Cisco, because we have been able to get out long enough to do a little fishing at Lake Hagaman.

Last year we caught one mess of fish and this year have already equaled our 1932 record.

- Action upon the amendment to repeal the 18th amendment has been provided for in 34 states:
- Michigan, Rhode Island and Wisconsin have ratified the amendment to repeal the 18th amendment.
  - The following shows the dates on which other states in the Union will vote on repeal of the prohibition amendment to the constitution:
  - May 15—Wyoming
  - May 16—New Jersey
  - May 23—New York
  - May 27—Delaware
  - May 27—Nevada
  - June 5—Illinois
  - June 6—Indiana
  - June 6—Massachusetts
  - June 20—Iowa
  - June 27—West Virginia
  - July 11—Alabama
  - July 18—Arkansas
  - July 20—Tennessee
  - July 21—Oregon
  - Aug. 26—Massachusetts
  - Aug. 29—Washington
  - Sept. 5—Vermont
  - Sept. 11—Maine
  - Sept. 12—Maryland
  - Sept. 12—Minnesota
  - Sept. 19—New Mexico
  - Nov. 7—Ohio
  - Nov. 7—Pennsylvania.

The date for the Texas election, which also includes the election on 12 per cent, or legal beer, has been approved by both the house and the senate and awaits only the signature of Governor Miriam A. Ferguson, who has been notified as saying she will sign. We have heard she is waiting for moving picture cameras to be set up at Austin so talking pictures of the ceremony can be taken.

In Pennsylvania the bill setting the date of the election on ratification of the repeal has not, as far as we have heard, received final approval.

Dr. Harry A. Logsdon is to have an opportunity to act in one of his capacities as mayor of Ranger, tomorrow morning, when the Fort Worth special, en route to the West Texas Chamber of Commerce convention at Big Spring, stops in the city. A 30-minute stop is scheduled to be made at 10:55 tomorrow morning.

Last year when the special came through everyone expected someone else to act as a reception committee and there was no one to meet or greet the delegation that paraded up and down the street. The usual greeters were all out of town on business and the special slipped up on us rather unexpectedly. However, provisions will be made today for the reception committee to function tomorrow.

### Paraguay Declares War on Bolivia

ASUNCION, Paraguay, May 10.—Paraguay declared war on Bolivia today.

It was the first formal declaration of war since Quetzalcoatl declared war on the Central Powers in 1918.

The declaration was based on "Bolivian aggression" and also in view of the failure of all peace efforts.

### Inflation Bill Finally Passed

WASHINGTON, May 10.—The administration's currency, inflation, farm relief and mortgage reduction bill received the final approval of congress today.

President Roosevelt has assured the nation he will resort to inflation "when, as and if necessary."

The bill is in three sections. Its currency inflation and farm relief provisions are discretionary with the president, but the third section providing for scaling down the farm mortgage debt must become effective.

### WORK ARMY RECRUITS ARE BEING SIGNED

The Ranger Chamber of Commerce has started registering men for the reforestation army, which is one of President Roosevelt's unemployment relief projects.

Applicants for acceptance in the army must be between the ages of 18 and 26 and must have a dependent mother, father or both. They must sign an agreement to send at least \$25 of the \$30 monthly salary to their dependents, retaining the remainder for their own use. The officials state that from \$2.50 to \$5 a month is all the men need while in camp.

One complete change of clothes is required, and when this is worn out or new clothing is needed, it will be furnished by the government. The applicant must also furnish his own transportation to Fort Worth and the government will pay transportation charges from there to the army camp, if the applicant is accepted.

### Former District Clerk Stands Trial In Murder Case

EDINBURG, Texas, May 10.—Charles L. Fortson, former district clerk for Hidalgo county, went on trial in 92nd district court today on an indictment charging him with murdering his brother-in-law, J. Pelt, in the courthouse here last December.

While attorneys examined the 300 veniremen specially summoned for selection of a jury, curious spectators milled about outside the chamber and gathered in little groups in the very corridor through which reverberated the three shots that resulted in a mortal wound for Pelt.

Indications were that Fortson's counsel would plead he was insane at the time of the shooting.

Shortly before noon last Nov. 25, more than 200 men in the courthouse were startled by pistol shots which roared through the building while litigation between Fortson and Pelt was in progress over an estate in which they were interested.

Rushing to the first floor, citizens found Pelt, Fortson's brother-in-law, being taken to an automobile for removal to a hospital. He had a bullet wound in the abdomen. Sheriff Gill and Deputy Mac Galbreath took a pistol from the hand of Fortson.

When Pelt died a few hours later, Fortson was charged with murder.

The litigation to which the shooting was a climax had been instituted by Fortson and involved the estate of the late J. E. Pelt, father of the victim and father-in-law of the present defendant.

### Eastland Woman Arrested on A Liquor Charge

Mrs. Etta Moore was arrested on West Main street, in Eastland, Tuesday afternoon on a charge of possessing liquor. She was placed in jail and a complaint filed with Justice of the Peace Milton Newman. Later she made bond in the sum of \$1,000 and was released. Five cases of beer and six pints of whiskey were said to have been taken.

### HOUSE INVITES SPEAKERS ON BOND ISSUE

AUSTIN, May 10.—The Texas House of Representatives today invited the Texas director of federal relief, mayors of Texas cities and two members of the Texas Unemployed to address the house Thursday night on the need of a proposed \$20,000,000 bond issue for relief.

The unemployed who will be heard are H. B. Harrison and Jack Meador, both of La Porte. They arrived here this morning with 13 others and established a camp near the state capitol.

The announced purpose of the house hearing is to determine if a bond issue for relief should be submitted to popular vote. The Senate already has voted for its submission. Announcement has been received that the federal aid now being given in Texas has been withdrawn pending action on submission of the bond issue.

"Do you want people to starve?" asked Rep. Sarah Hughes of Dallas, only woman member of the house, when Rep. Joe Greathouse expressed opposition. "Did you want people in the Panhandle and in West Texas to starve?" Greathouse retorted, referring to Mrs. Hughes opposition to releasing state school land purchasers from obligations to the state.

If a state bond issue is submitted to popular vote, Rep. McGregg of Austin said, \$2,000,000 a month Federal aid will continue.

### Stock Ticker Being Installed In Office Of D. E. Pulley

Telephone company employees were busy today "cutting in" a direct wire into the offices of D. E. Pulley, representative of J. S. Bache & Co., over which direct stock, bonds, grain and cotton quotations will be received. It is expected to have the wire in operation tomorrow.

### 82 Year Old Letter Owned By Rangerite

J. D. O'Keefe has brought a letter to the Times-office, which was folded and sealed with sealing wax, part of which can still be detected on the back fold of the letter. It was addressed to "David O'Keefe, care Judge Kennin, Red Hill Post Office, Murry County, Georgia."

### Government Makes Wheat Estimate

The government report on the estimated wheat crop, which was released today, showed 537,000,000 in the last estimate.

Spring wheat in Canada was reported to show a decrease of 1,475,000 acres, which was considered bullish by traders.

### ROTARY CLUB HEARS TALKS ON GAS TAXES

Edwin George, Jr., entertained the Rotary club today with an interesting program on evasion of gasoline taxes.

He started the program with facts concerning gasoline taxes, stating that Oklahoma had a staff of 87 enforcement officers, while Texas had but 8, though the amount of money received from this source in Texas totaled \$30,000,000 while Oklahoma received only around \$7,000,000 annually.

He gave a brief outline of the history of the gasoline tax, pointing out the various departments that benefitted by this source of revenue.

H. S. Von Roeder was then called upon giving the club some of the benefits the schools received from the gasoline tax. He said that there were few businesses in the country that had not shown business decreases, but that the schools had shown an increase in attendance in many instances and they must carry on.

He pointed out that one-fourth of the gasoline tax went to the support of the schools and that one fourth of the revenue of the schools was derived from this source. He said that the per capita last year had been placed at \$16.85 of which was delinquent, but that next year this would be cut to \$14.

C. E. May spoke briefly on the effect of the gasoline tax on Eastland county, stating that in good times a bond issue of \$4,500,000 has been passed to build the roads of Eastland county and that only \$1,500,000 of these bonds had been taken up leaving \$3,000,000 to be paid. The gasoline tax is now paying off approximately 60 per cent of these bonds, lifting a burden that had formerly been paid by the taxpayers.

W. S. Adamson told what the gasoline tax means to the people in general stating that someone has to pay the expenses of the government and that he did not think any man objected to paying his sales tax, but that it was levied on his neighbors and was receiving equal benefits with his neighbors.

He called the gasoline tax one of the best ever passed by the legislature and put on the statute books. He pointed out that it was a sales tax, but that it was levied in such a way that it was not missed.

He said that the oil business was one of the largest in Texas and probably ranked second only to agriculture and that millions depended on it for a living. The oil business, he pointed out, is entitled to protection and demands it. Evasion of gasoline taxes cause the oil companies to suffer and we could all do out part by purchasing from companies and stations that are not trying to evade the tax.

Dr. Kuykendall read a letter to the club from J. E. Lewis, inviting the Lions and Rotarians of Ranger to meet with the two clubs from Eastland at the Leon power plant Monday at noon, when a luncheon and inspection of the plant would take up the program of the meeting. The club voted unanimously to accept.

Ray Newham was selected as program chairman for next week and E. L. Fontaine was selected as delegate to the national convention, to be held at Boston the latter part of June.

### Earth Opens, Nearly Swallows Mansion

The earth suddenly opened and nearly swallowed this mansion of Mayor Thomas Murphine of San Clemente, Calif. The wrecked mountain home lies in a fissure 60 feet wide and 50 feet deep. The cavern in the foreground was a spacious lawn. A landslide nearly preceded the earth's separation.

### GENE SQUIRES MURDER CASE ON TRIAL TODAY

The case of the State of Texas versus Gene Squires was called for trial in the 88th district court this morning. A special venire of 50 men from which to select a jury, and numerous witnesses were present.

### S. J. Petty Named Athletic Coach Eastland High

S. J. Petty, Jr., of Decatur, has been elected by the Eastland school board as athletic coach succeeding Joe A. Gibson, who has served in that capacity for the past four or five years. Gibson was not an applicant for the place.

Petty is a graduate of Decatur High school, Decatur Baptist college, and of Texas A. & M. college. For the past year he has been athletic director for the high school at Nocona. He is 30 years old and married, but has no children.

D. X. Bible, coach at University of Nebraska and former coach at Texas A. & M. college, says of Petty: "Petty is one of the best all-around athletes ever graduated from A. & M. college. He was in the school when I was coaching there and made variety letters every year he participated in football, basketball and baseball."

Madison Bell, present coach at Texas A. & M. college, recommends Petty very highly. Petty was freshman coach under Bell for two years. He graduated from Texas A. & M. in 1930.

Petty was an all conference end in 29-30 and played in the East-West football game at the Rose Bowl, California in 1930.

### Delegates Plan Attending WTCC Meet Tomorrow

The West Texas Chamber of Commerce convention opens at Big Spring tomorrow and a number from Ranger are planning on attending.

Roy Gilbreath, director; W. C. Hickey, and Dr. F. M. Kaykendall plan to leave early Thursday morning, arriving in Big Spring in time to attend the directors' luncheon, which is to be held at noon, and then attend the meeting in the afternoon when R. E. C. plans are to be explained.

Lawrence Westbrook, administrator for Texas, will be present at the meeting and will explain R. E. C. work, self-liquidating loans and reforestation plans of the body.

Others who have been planning on attending from Ranger are W. D. Conway and Jack Clements, who also plan to leave Thursday.

### APPEALS COURT HEARS PARKS MURDER CASE

AUSTIN, May 10.—Arguments were heard by the court of criminal appeals here today on the appeal of L. M. Parks from the 25-year murder sentence given him in Nolan county on a charge of drowning his wife in Lake Trammel, near Sweetwater.

Her death occurred while the family was on a fishing trip. Parks claimed she drowned while he was absent. He said he had returned to their automobile where part of the fishing tackle had been left. Testimony was circumstantial.

Attorney Harry Tom King of Abilene arguing for a reversal of the case, contended that the only hope of the state for a conviction at the trial was in a multiplicity of evidence and that prejudicial testimony was admitted.

Particularly he attacked the admission of testimony that Parks was slow in payment of debts. The court today reversed and ordered dismissed the case in which A. J. Remmert was charged with fee extortion as sheriff of Austin county. The court also reversed the conviction of Clint D. Lewis on a charge of fee extortion while sheriff of Burleson county.

The cases were among several tried in Travis county following fee investigations by a senate committee. All cases passed upon so far by the court of criminal appeals have been reversed.

### MAN KILLS TWO BANDITS AND CAPTURES ONE

WACO, May 10.—Awakened by a burglar alarm, Frank Cross, barefooted and in his pajamas, opened fire on three bandits he found attempting to break into his cafe early today and killed two men.

The dead are Jack Wright, former inmate of the penitentiary at Huntsville, and Ed Jones of Dallas. Jack Harper, released last Friday from the state penitentiary, was captured.

Cross slipped out of the door when the burglar alarm awakened him at 4:35 a. m. He saw the men at the door of the cafe. When they noticed him they fled for their automobile.

"I fired one shot in the air and called to them to stop," Cross said. "They didn't, and I feared that when they got to their car they would fire on me, so I cracked down."

The men were riding in an automobile stolen in Tyler.

Attending the funeral for Eastland were Judge C. L. Garrett, F. H. Jones, Mr. and Mrs. John Jones, Mr. and Mrs. E. I. Wood, and Mr. and Mrs. W. W. Herrington.

### SOME TOWNS ARE ISOLATED BY THE STORM

Death Toll May Mount in Stricken Area As Word Is Received.

NASHVILLE, Tenn., May 10.—A terrific windstorm lashed the Kentucky-Tennessee border and roared into north central Tennessee today killing at least 35 persons and injuring 150 more, according to reports to Red Cross headquarters here.

Reports listed casualties as follows:

- Beatty Swamp, Tenn., 25 dead and 75 injured.
- Tompkinsville, Ky., 8 dead and 30 injured.
- Lebanon, Tenn., 2 dead and 10 injured.

Reports said others were killed at Byrdstown, Jamestown, Eastport and Lacksboro, Tenn.

Telephone and telegraph lines into the stricken area were torn down by the storm, preventing an accurate check of the dead and injury. It was impossible to reach several towns believed in the path of the storm.

### Series of Schools At Colony Close

County Agent J. C. Patterson, in conjunction with Ben Whitehouse, teacher of vocational agriculture in the Ranger schools, will conduct the last of a series of agricultural schools at Colony Wednesday night.

Thursday night Mr. Patterson and Mr. Whitehouse will conduct a similar school at Morton Valley, which, also will be the last of a series.

These schools have been well attended and the subjects, designed to assist the farmers in solving their problems, have been closely followed.

### Tom Prater Dies At Desdemona

Uncle Tom Prater, one of the old-time settlers of Eastland county, was buried at Desdemona Tuesday afternoon, with the Masonic lodge in charge of the funeral ceremonies at the grave.

Mr. Prater with his family moved to this county about 1876 and settled at Desdemona, where he continued to reside until a few years ago when he moved to Lorenza. He was living at Lorenza at the time of his death and remains were brought back to Desdemona for burial.

Attending the funeral for Eastland were Judge C. L. Garrett, F. H. Jones, Mr. and Mrs. John Jones, Mr. and Mrs. E. I. Wood, and Mr. and Mrs. W. W. Herrington.

DES MOINES, Iowa, May 10.—The national farmers holiday association appealed today to evict planter and cattle man in country to join the strike call for May 15, ignoring report that strike congress would provide emergency relief to avert the embargo.

Milo Reno, association here predicted the strike "will end 10 days if 75 per cent of American farmers join the movement. He is confident the strike "starve congress into submission. The association has demanded guarantee of production costs a reasonable profit for farmer."

### Farmers Urged to Join In Holiday

AUSTIN, May 10.—The production order for the East Texas field that would have expired at 7 a. m. today, has been extended by order of the state railroad commission for one week. The order allows an estimated 750,000 barrels a day from the fields.

### City Commission Met Tuesday Night

The Ranger city commission held its regular meeting at the city hall last night, this being the first regular meeting held since the commission took office on May 1.

Only routine business was transacted by the body, which is making a careful survey of all the problems of the city and is going into them thoroughly in order to get a comprehensive idea of the proper method of handling the city affairs before any direct action is taken.

The next regular meeting will be Tuesday night, May 23.

### Bonus Armies Are Now In Discard

WASHINGTON, May 10.—Rival factions of the bonus army of 1933 converged on the capitol today while the administration tried to prevent trouble by recognizing differences among their leaders.

Martin visited Mr. and Mrs. Clarence Skaggs at Goldthwaite Sunday. Mr. and Mrs. Bonnie Poe and little daughter, Bonnie Jean, visited in Comanche Sunday. PARIS STYLES By MARY KNIGHT United Press Staff Correspondent PARIS.—Shoes for the evening are plain pumps, or cut-out types, to resemble sandals. They usually match the dress in color, but if the gown is too pale in tone, a vivid color often is taken for the shoe as a definite accent note. Many white shoes are to be worn at resorts, especially, we understand, with dark dresses. Be careful about this, however, because white shoes always have a tendency to increase the size of the foot (happily, not literally of course, but visually), and the contrast of the white shoe and the dark costume would accentuate further the size. Hence, in general, match the shoes both in color and fabric, and are studied with precision and semi-erotic tones. Hats, at certain times, also may be considered in this group, for we are aware that match in tone and material.

### DERRICK SHADOWS

By V. MARIE STEPHENS

**SENSELESSLY RHYMELESS**  
more jobs  
more fun,  
no cause  
to shun  
happiness,  
and what a mess  
when we become  
Depressionless.

less banis  
to fill,  
we'll miss  
the thrill  
of charity,  
bored yawns, I guess  
when we become  
Depressionless.

less bills  
to pay,  
more stocks  
to play,  
carelessly,  
too much success  
when we become  
Depressionless.

no more  
home fires  
we'll pull  
the wires  
for gay night life,  
there'll be no rest  
when we become  
Depressionless.

more trips  
to make,  
more cash  
to stake  
in foreign lands,  
such restlessness  
when we become  
Depressionless.

we'll all  
get fat,  
drink beer,  
and chat,  
and softly swear,  
so we confess  
we wish we weren't  
Depressionless!

### ...THE POET'S... CORNER...

#### OUR KINGDOM

A tiny kingdom I'll tell you of,  
A home, some trees, and a lawn;  
Where a wee little princess reigns  
supreme  
From the first gay break of dawn  
Till night closes in with its purple hue,  
And its shadows dark and deep,  
And the tired little princess nods  
her head,  
And soon is fast asleep.

In this little kingdom, Daddy is king,  
And Mother's the tired, weary queen,  
Big Brother is crown prince and all of the three,  
Are slaves, as is easily seen,  
To the princess, who rules with a smile and a tear,  
And a dip of her curly head,  
Who coos with delight at any strange sight,  
And sings at a word sharply and true.

Times may be weary, hearts may be sad,  
But not at the break of dawn,  
In the tiny kingdom I've told you of  
—A home, some trees, and a lawn.  
—MRS. MARY LEE GALLEY.

### MOTHER'S DAY!

... give flowers

**"TIRED FINGERS"**  
Tired fingers so worn, so white,  
Sewing and mending from "dawn 'til night,  
Tired hands and eyes that blink,  
Drooping head too tired to think,  
Tired arms that seem had frayed  
A curly head to a mother's breast,  
Tired voice so soft, so dear  
Saying, "Sleep well, darling, mother's near."

Tired fingers so worn, so true,  
Sewing fingers in worn, so true,  
Sewing and mending the whole day through,  
From break of dawn 'til setting sun,  
A Mother's Work Is Never Done.

Exquisite blossoms and potted plants, symbolic of the beauty of the day are first choice as gifts for the one it honors.

### SISTER MARY'S KITCHEN

ADVICE TO BRIDES

#### Sister Mary Gives Fundamentals On Equipping Kitchen

This is the second of three articles by Sister Mary discussing kitchen problems of the young bride.

**BY SISTER MARY**  
NEA Service Writer  
**UNDOUBTEDLY** there will always be young housewives who are born cooks, for in some hidden, intuitive way they not only sense, but master the cookery problems which every new homemaker is bound to meet. However, the old adage which tells us that "good cooks are born, not made" is an exploded theory.

Modern methods and equipment, standard measurements and definite and precise information regarding recipes and menu-making make it possible for the most inexperienced and unimaginative housewife to serve well prepared meals.

Accuracy in measuring and in following tested and reliable recipes is the keynote of good cooking.

**Three Rules of Success**  
Every time a meal is prepared or any bit of baking is done, there are three factors which must be measured. Time, temperature and ingredients measured exactly, all determine the goodness of the finished product.

You will need standard cups and spoons to measure the ingredients. An ordinary coffee cup or teaspoon should never be used because there is a difference in their volume and that difference may be enough to ruin the recipe. A tablespoon means a standard measuring spoon level full and while the difference between that and say other tablespoons may seem slight, the best results are obtained by using accurate and standard measurements.

**Two Cups Are Handy**  
Two measuring cups are convenient to have and mean saving of time. It's a good idea to have one of two-cup size and one of one-cup size.

**Tomorrow's Menu**  
**BREAKFAST:** Chilled tomato juice, cereal, cream popovers, marmalade, milk, coffee.  
**LUNCHEON:** Baked macaroni and cheese with tomatoes, bran muffins, chocolate roll, milk, tea.  
**DINNER:** Casserole of hamburger and potatoes, moided spinach salad, cottage pudding with pineapple sauce, milk, coffee.

It full and level it with a spatula. Cupfuls are leveled the same way. To measure one-half spoonful, divide the whole spoon after leveling, lengthwise. The sets of spoons which consist of tablespoon, teaspoon, and 1/4 teaspoon are very convenient and insure accuracy.

**Oven Temperature Vital**  
If you are baking you must be sure that the oven is heated to the correct temperature. If your oven is not equipped with a thermometer heat-control, get a portable oven thermometer to guide you.

It's amazing how soon accuracy becomes a habit. Once this habit is established, it's very easy to have perfect results every time.

**THREE CELEBRATE SAME DATE**  
**SKOWHEGAN, Me.**—Edward N. Merrill was born April 11. April 11 also is the birthday of his father, Edward F. Merrill. And his grandfather, Edward N. Merrill, was born April 11.

**TOOTH IS WORTH \$10,000**  
By United Press  
**BOISE, Ida.**—One single molar is worth \$10,000 in the opinion of Ruby Mott. She filed suit for that amount in district court here against Dr. M. W. Faylor, Nampa, charging improper extraction and subsequent treatment.

**BIRD FLEW 10,000 MILES**  
By United Press  
**KINGMAN, Kan.**—Last year Charles Ruff, high school teacher, had a warbler and let it loose. The bird recently was found in South Africa, nearly 10,000 miles from its release.

**SALES MAN CHEATED INDIAN**  
By United Press  
**SHAWANO, Wis.**—The government purchased a \$400 team of horses for Barney Hank, Menominee Indian, who traded them as a \$150 down payment on an automobile. The two automobile salesmen were bound over to federal court to face charges of cheating the Indian.

#### PERSONAL Man Tried To Rob Companion Of His Gold Teeth

**Mrs. J. S. McDowell** returned home this morning after a visit to Ballinger where she has been with her mother, Mrs. J. S. Tunnell, who remains in a very serious condition following a two weeks illness.

**B. H. Peacock** is now at his home, Travis street, after having been a patient at the West Texas Clinic and Hospital, where he underwent an operation for ruptured appendix. Mr. Peacock is showing a splendid recovery for which his many friends are pleased.

**C. C. Bradshaw**, traveling freight agent for the Texas & Pacific Railway company, of Fort Worth, was a business visitor here today.

**Mrs. Gay Pledger** was an Olden visitor yesterday, visiting at the home of her mother.

**Dr. J. T. Spratt** of Mingo was removed to his home today after two weeks spent at the West Texas Clinic and Hospital following an operation.

**EL PASO, Tex.**—Refugio Cortez complained to police that Dolores Salcido, 32, knocked him down and attempted to rob him of his three gold teeth.

"When he couldn't knock them loose, he got me down and tried to pull them out," Cortez said, as he moved his teeth back and forth with his tongue to show how they had been loosened.

Cortez insisted that Salcido be required to pay his dental bill which will accrue as a result of the assault.

Salcido, held in city jail, told a different story.

"I just slapped him when he argued with me," Salcido said.

**SIoux CITY, Ia.**—A worker on a city conduit project here uncovered a bottle of beer 30 years old, nine feet below the surface. The man was so jealous of his find that he refused to divulge his name.

Other workmen and the city clerk helped him to keep the secret. The bottle evidently had been buried when the conduit was originally constructed in 1903. E. V. Moore, city clerk, said.
