

Tex. House Votes to Submit Relief Bond Issue

WEEK PRAISES TCC FOR ITS FOOD PROGRAM

By United Press
SPRING, May 12.—President Wilbur C. Hawk, in his annual report to members of the West Chamber of Commerce, issued here today, paid tribute to the "never say die spirit" that prevails in West Texas. "The most important of the chamber's achievements," he said, were three. Obtaining and distributing relief to West Texas cities and counties. K. F. C. funds. "Promulgation of a program for reducing public expenditures. Beautification work in West Texas cities."

The chief activities of the chamber, Hawk said, "this work has been done in 132 West Texas counties receiving and distributing approximately \$2,500,000 during the year from November 1 to April 1. We adopted the slogan 'milk and honey' but not one cent of overhead and the record shows less than one per cent of the money went for overhead. That 99 per cent went for other relief."

The chamber is at work on a new project, an attempt to obtain for West Texas its share of public works. A public work and self liquidating loan has been created to this end. Expressing pride in the fact that the chamber has a balance of \$100,000 with which to carry out its work during the remainder of the year, Hawk announced that 51 cities have become affiliated with the chamber, bringing the total to 168.

State Food Plan Gets Approval

HARRISBURG.—Pennsylvania's community market plan as applied to the distribution of food to the unemployed has gained strong endorsement from the surgeon general of the United States.

A federal survey found it offers the economy of wholesale buying and the health advantages of distributing an adequate diet. Food orders were criticized as more expensive than either the commissary, or community market plan.

One of the principal sources of greater expense is that the full retail price must be paid under the order system. This food order plan also is unsatisfactory from the health point of view because the control is maintained over those purchased," the report states.

As a result the small amount of money available to the individual is not spent advantageously. Furthermore, it is the opinion of some people handling food orders that they have been used by some individuals for the purchase of other than food," the report continues.

The officials agree that a lack of facilities for the proper handling of fresh meat and the lack of variety in the food offered are major faults of the community market system which easily may be solved by proper management.

Stradivarius Secret Is Believed Found

STOCKHOLM.—The secret by which Stradivarius obtained the mellowed tone of his famous violins is claimed to have been found by Otto Sand, a skilful Swedish violin maker.

For 12 years Sand has tried to solve the problem. As has been previously assumed, the solution lies in the composition of the wood used by the old master. Sand does not want to disclose the secret, but states that in analyzing the lacquer he has been aided by the smell, and that by means of a special kind of rosin found from Egypt he has been able to invent a lacquer of the quality as that found on the old instruments.

HOG PRICES UP

PORT WORTH, May 12.—Hog prices swung up to \$4.00 per 100

FARM RELIEF BILL SIGNED BY ROOSEVELT

WASHINGTON, May 12.—President Roosevelt today signed the currency inflation-relief bill, giving him sweeping powers over the nation's currency and empowering the administration to raise farm commodity prices.

"The act extends relief, not only to farm borrowers, but to mortgage creditors as well," the president said. "Holders of farm mortgages will have the privilege of exchanging them for federal land bank bonds. The interest payments on these bonds are to be guaranteed by the treasury of the United States. Farmers, whose mortgages are to be exchanged, will reap the benefit of lower interest rates and more liberal terms of payment."

"It is in the interest of all the people of the United States that the benefits of this act should be extended to all who are in need of them and that none shall be deprived of them through ignorance. I urge upon mortgage creditors, President Roosevelt said, 'to abstain from bringing foreclosure proceedings and making any effort to dispossess farmers who are in debt to them.'"

"This is in line with public duty and private interest. The president's signature to the bill brought to a close a measure which was one of the key parts of the administration's emergency program.

Business Revival Is Forecast By College Economist

AUSTIN.—Revival of business activity in the immediate future is indicated, believes Dr. F. A. Buechel, expert economist of the University of Texas Bureau of Business Research.

"Business activity had been showing more than a seasonal upturn and prices of such commodities as wheat, cotton and sugar had been making rapid gains when the president's announcement of the temporary abandonment of the gold standard by the United States and his request to inflate the currency created a veritable delirium of speculative activity," Dr. Buechel said.

"Expectation of materially higher price levels for all basic raw materials has caused not only such commodities as wheat, cotton, coffee, rubber and sugar to register spectacular gains but it has also stimulated speculation in the so-called 'inventory stocks' corresponding to these commodities."

"An accelerated revival of business activity in the immediate future is therefore quite clearly indicated but the longer term outlook is becoming increasingly more uncertain.

This situation is in direct contrast to that which prevailed a few weeks ago when the immediate outlook was rosy, but the more distant prospects seemed to forebode a gradual restoration of more nearly normal business conditions.

"It may reasonably be expected that the added momentum which is now being imparted to all lines of industrial activity may become self-perpetuating without resort to dangerous inflationary measures for the purpose of artificially raising prices."

"But even if the president should decide to exercise the full authority which it is expected will be conferred upon him, its application would be far less dangerous than that of any of the proposals which were receiving serious consideration by congress, that is to say, bi-metalism and certain features of the farm relief bill."

Means Tells Where Ransom Money Is

WASHINGTON, May 12.—Gaston B. Means testified in district supreme court today that the \$100,000 which Mrs. E. B. McLean gave him for ransom of the kidnaped Lindbergh baby was now in Max Hassel's name in a bank at Elizabeth, N. J.

Means had named Hassel as one of the kidnapers of the flier's baby. He also testified the \$50,000 which Col. Lindbergh paid the supposed kidnapers was in the same bank.

Governor Signs 3.2 Beer Measure

AUSTIN, May 12.—A popular vote on 3.2 beer and wines was assured today with Gov. Miriam A. Ferguson's approval of the beer bill and of the submission resolution, both of which were on file in the Secretary of State's office.

Victim Traps His Kidnapers

William Trevilian, above, wealthy Freepport, Ill., manufacturer, allowed himself to be kidnaped for \$25,000 ransom so his abductors might be trapped. Trevilian was found bound and gagged in a cabin with two men accused as his kidnapers.

Funeral Rites For Marvin Williams To Be Sunday

Funeral services for Marvin Williams, 35, who died today of injuries received in an automobile accident, are to be held Sunday afternoon at 2:30 at the First Baptist church of Ranger, with Rev. G. W. Thomas conducting the services. Following the services at the church the Masonic Lodge of Ranger will take charge and will conduct the services at the grave.

The decedent was born at Clarkson, Miss., September 27, 1898 and had been a resident of Ranger for a number of years, where he had a host of friends.

He is survived by his widow, the former Miss Louise Diez, whom he married in Ranger in 1923; three children, Mary Belle, Emma Dell, 6, and Marlow, 4, and his father and mother, who reside in Longview. Both his parents and the parents of his wife are in Ranger for the funeral.

Farmers of Three States Make 68,719 Loan Applications

DALLAS.—Farmers of Texas, New Mexico and Arizona applied for a total of 68,719 loans during the 1933 spring crop loan period which closed with the advent of May, said Owen W. Sherrill, manager of the southwestern office of the government aid agency.

Sherrill said the exiguous per-acre wheat crop in the Texas Panhandle and in New Mexico because of storm damage done to wheat crops probably will begin May 15, by which date special application blanks and other forms are expected from Washington.

Courtesy Gave Boys Singed Hair

TAFT, Calif.—Three young Taft boys went about with singed hair today because of their curiosity.

The three—David Hill, 13; Robert Widden, 12, and Leonard Widen, 10—tossed a match into an abandoned oil well near here the other day to see what would happen.

Gas remaining in the well ignited with a roar, sending up a blue flame that scorched the faces and hair of the trio as they bent over the opening watching the match fall.

Means Tells Where Ransom Money Is

WASHINGTON, May 12.—Gaston B. Means testified in district supreme court today that the \$100,000 which Mrs. E. B. McLean gave him for ransom of the kidnaped Lindbergh baby was now in Max Hassel's name in a bank at Elizabeth, N. J.

Means had named Hassel as one of the kidnapers of the flier's baby. He also testified the \$50,000 which Col. Lindbergh paid the supposed kidnapers was in the same bank.

Governor Signs 3.2 Beer Measure

AUSTIN, May 12.—A popular vote on 3.2 beer and wines was assured today with Gov. Miriam A. Ferguson's approval of the beer bill and of the submission resolution, both of which were on file in the Secretary of State's office.

RECEIVERSHIP FOR CITY OF CROSS PLAINS

CISCO, May 12.—The City of Cross Plains has gone into receivership according to information to the Cisco Daily News, Thursday. Voluntary application for receivership was filed in the 42nd district court at Baird Monday and the application granted that day by Judge M. S. Long, who named S. M. Buitt, clerk of the city of Cross Plains, as receiver, the News says.

This action followed a suit in federal district court at Abilene by Brown-Crummer Company for the collection of about \$5,000 in interest coupons and payments on bonds allegedly due the plaintiff by the City of Cross Plains, the News was informed. A judgment in favor of the plaintiff was handed down in federal court sometime ago.

Wednesday application of the plaintiff for a writ of mandamus requiring the city of Cross Plains to pay over to Brown-Crummer Company what money it had in its treasury and also to levy a tax sufficient to make up the remainder of the \$5,000 was denied in federal court which also granted a plea in abatement for the city of Cross Plains.

The Daily News' informant stated that he understood the federal court at Abilene had approved the receivership arrangement.

Mrs. W. C. Gorman To Be Buried At Big Sandy Today

Funeral services were conducted this afternoon at Big Sandy, Texas for Mrs. W. C. Gorman, 56, who passed away at a local hospital Thursday afternoon, following an operation for ruptured appendix.

Mrs. Gorman, who has made Ranger her home for the past few years, was highly respected and had acquired a host of friends through her cordial and pleasing manner. For the past four years she has been an instructor of piano, taking an active lead in social affairs and doing much toward the development of music.

Friends in Ranger and surrounding towns extend sympathy to the bereaved husband and two daughters.

Funeral Held For Drowning Victim

Funeral services for Johnnie Brooks, 22, who drowned in Olden lake Wednesday night, were to be conducted at Breckenridge today from the home of his parents, Mr. and Mrs. N. E. Brooks, North Ross avenue and second street.

Rev. Dalton Purvis is to be in charge of the services, with Rev. H. G. Markley, Rev. Ross A. Smith and Mayor A. J. Morgan of Breckenridge assisting.

The deceased is survived by his parents, two brothers, H. A. of St. Louis and Edgar R. Brooks of Breckenridge, and two sisters, Misses Bonnie and Dorothy Pauline of Breckenridge.

Farm Relief Bill Hailed As End of Debt Oppression

WASHINGTON, May 12.—Chairman Morgenstau of the farm board today hailed the agricultural credit section of the new farm relief law as the beginning of an attack on farm debt oppression.

The act provides \$200,000,000 of federal funds for direct loans to farmers to begin Monday.

These loans will be made through agents in the offices of the 12 federal land banks. Farmers may borrow up to \$5,000 to pay debts, provide working capital or redeem foreclosed property.

Texas farmers are directed to apply to A. P. Graves of Houston, regional agent.

43rd Session Cost Passes Half Million

AUSTIN, May 12.—Expenses of the 43rd Texas legislature climbed above the half million dollar mark today as the senate passed today an additional sum of \$125,000.

Five hundred thousand dollars was previously appropriated for the legislature's expense.

Economy Bill Is Approved by House

WASHINGTON, May 12.—The independent offices supply bill, granting economy powers to President Roosevelt and effecting direct governmental savings of \$460,000,000 was approved today by the house.

SQUIRES CASE IS DUE TO GO TO JURY TODAY

Both the state and defense rested in the case of the State of Texas versus Gene Squires this morning at 10 o'clock and a recess of the court was taken until afternoon for the preparation of the charge to the jury. It was expected that the charge will be presented at the beginning of the afternoon session, followed by the arguments in the case.

The taking of testimony was begun Thursday afternoon. Neither side used all the witnesses summoned in the case, calling some half dozen each for the state and the defense and closing the taking of evidence rather unexpectedly this morning. The defendant, Gene Squires, took the stand in his own behalf late Thursday afternoon.

The evidence adduced by the state disclosed the main features of the case to be that, following a dance at the home of Ed Franklin in Ranger on May 5, last year, a difficulty arose in the street in front of the home between Joe Pugh and others who had attended the dance; that the altercation began with William Bratton throwing Joe Pugh to the ground and getting up, leaving Pugh in a sitting posture and handing Gene Squires some knucks; that Squires then struck Pugh, using an underhand swing and uppercut with his right fist, knocking Pugh to the ground, remaining on top of him, kicking him on the head while he was in this position. However, all the witnesses were not in accord on these points, some failing to testify to the blow and some saying that Pugh was kicked while still in a sitting position.

Squires, while on the stand, stated that, when he came from the house into the street, Pugh came toward him with a threat that he would get the defendant; that it was then Pugh was thrown by Bratton and while still down Pugh remained on a rock, renewing his threat to get Squires, that it was then that he kicked Pugh, but that the blow landed in the ribs and not in the head. Squires further stated that as he walked away from Pugh, the lights, which had been shining from a car, were switched off for a second and that he heard a sound as if someone had been struck but that he did not know who was hit or who delivered the blow.

Evidence also showed that Squires, with the help of others, took Pugh, unconscious, from the ground, placed him in a car and started home with him. Further evidence showed that Pugh regained consciousness before reaching his home and was able to be up the next day, but died the following night. The attending physician testified that the death was due to a fracture of the skull caused from a blow on the head.

The difficulty was said to have arisen over the stopping of the dance sooner than the boys thought it should stop.

Former B. E. F. Head Has Job

WALTER W. WATERS, head of last year's bonus army march to Washington, is shown above working at his first job since the B. E. F. was disbanded. He is a gasoline station attendant in Omaha, Neb.

Rice Will Quit Being High School To Houston Boys

HOUSTON.—Rice Institute, a higher institution dedicated to the advancement of letters, science and art is going to quit being a "high school" to about 750 male students.

At the opening of the 1933-34 school year next September, its officials say, Rice is going to be the university it is supposed to be. It has been since opened to its first class in September, 1912.

The change will be brought about by the simple expedient of adopting a rule requiring male students to live in the dormitories for at least one of their four college years. The same rule would be applied to girls, but there are no women's dormitories.

Explaining the board of trustees' recent announcement of the one-year residence ruling, Dean R. G. Caldwell said "living on the campus will cause the male students to realize they're going to college."

"Students who live at home—in Houston—think that college is just a place where one listens to lectures, recites, and goes home," he said. "It's just another high school to them."

"These students—we have about 750 of them this year—go through Rice without getting the full benefits of college life. They might as well learn now as later about what it's like to be away from home."

"They have been missing the finest sort of thing that college life affords. There is no denying that living on the campus has a value."

The plan will have other advantages, Dean Caldwell pointed out, one of the more important being of a financial nature.

The rooms will rent for \$90 a year and meals will be served at cost in the commons.

The commons no longer will be a haven for athletes working their way through school. There will be six non-athletes in charge of the dining halls and 32 waiters who, Dean Caldwell pointed out, do not necessarily have to be athletes.

Individual radios in rooms will be barred, said the dean, who declared a survey showed a total of 62 sets in the "dorms" at present. A single radio will be available to all in the recreation hall.

SOME CHANGES ARE MADE IN SENATE BILL

AUSTIN, May 12.—The house of the Texas legislature today voted for submission of a \$20,000,000 unemployment relief bond issue. The vote was 114 to 22. The resolution to submit the bonds to popular vote on Aug. 26 has been amended in minor particulars from the form in which it passed the senate. It must, therefore, go back to the senate for concurrence before the action becomes final.

The house amendments to the senate resolution are: (1) a provision that the bonds must be sold for not less than par value and accrued interest, without the payment of any commission for the sale; (2) a declaration that the legislature shall provide for payment of the interest on the bonds and their redemption from a source other than a tax on real estate.

The amended resolution went back to the senate early this afternoon with the hope that final action can be completed today.

If the bond issue is submitted, assurance has been given the legislature that federal funds will again be available to carry on relief work Monday.

Last night mayors of several Texas cities told the legislature that withdrawal of federal aid has resulted in such a depletion of funds that relief work could not be carried on after this week.

ANNUAL WORKING OF CEMETERY AT MERRIMAN FRI. 19

J. H. Clemmer, president of the Merriman cemetery association, has issued a call for the annual cemetery working Friday, May 19.

Those who have friends and loved ones buried in the Merriman cemetery and others interested in keeping this resting place of the dead in good repair and beautified, are invited and urged to be present at the cemetery Friday morning, May 19, at 10 o'clock. Bring your lunch with you and bring a hoe or something of the kind to work with.

A BIBLE THOUGHT FOR TODAY

THE THIRSTY LAND: O God, thou art my God; early will I seek thee: my soul thirsteth for thee, and my flesh longeth for thee in a dry thirsty land.—Psalm 63: 1.

BRATTON GIVEN LIFE JOB

U. S. Sen. Sam G. Bratton of New Mexico has been handed a life job by President Roosevelt. Senator Bratton is a democrat; he is widely known in Texas from the Gulf to the Rockies, and has been one of the outstanding leaders of the democrats of the Spanish-American commo-

wealth. He has accepted an appointment to be a judge of the 10th district court of appeals but will remain in the senate until the special session ends. Bratton and Senator Bronson Cutting are warm personal friends.

Cutting is a newspaper publisher, a man of wealth and high culture, an independent republican who followed the flag of Roosevelt as against the flag of Hoover in the election last year. He is the scion of an old New England family, one of the scholars of the American senate, and a power in the politics of his adopted state.

Bratton fought his way to the top. Now a life job as a federal judge is a position of honor and trust not to be sneezed at in these so-called days of world-wide economic wars and strife with Japan working a strangle hold on China and preparing to give battle some day to the communistic Russian Bear, the pet riding animal of Dictator Stalin, known to the world as the steel-handed successor of the Romanoffs.

COMMINGS PROMISES TO GO DOWN THE LINE

Attorney Gen. Homer Cummings has made a new departure. He has pledged his department to press forward the prosecution of "those in high places who have committed financial crimes." His attitude: "Those who have considered it legitimate to gamble with other people's money must abdicate their leadership and those who thought the center of government was located in the financial district must learn that its proper seat is at Washington." This must have sent cold chills down the backs of those vitally concerned.

NATIONAL GUARDSMEN GIVEN FEDERAL RECOGNITION

National guardsmen are to be given federal recognition. Legislation authorizing the federal government automatically to take over the national guard in the event of a national emergency has been approved by the house military committee of congress. "Preparedness" is said to be the thing.

DID YOU EVER STOP TO THINK

By EDSON R. WAITE, Shawnee, Oklahoma

LAWRENCE W. HAGER, publisher of the Owensboro (Ky.) Messenger and Inquirer, says:

"The average subscriber in an average American town would pay \$10 a year more than at present for his daily paper if there were no advertising, provided the number of subscribers equaled the present average.

"The number of subscribers would decline under such an increase in subscription price, and the necessity of still higher subscription rates would run the cost up, per subscriber, until none could afford a daily newspaper such as we enjoy today.

"Without newspaper advertising, towns of 25,000 people would probably support no more than a twice-a-week four-page sheet devoted to little other than local 'news' and discussions of local interest.

"Advertising pays for every service that goes into your daily paper. Subscriptions pay for nothing but paper, printing and distribution.

"Your patronage, when bestowed upon non-advertisers, tends to destroy the modern newspapers; when local merchants pay to send their message to you, through your local newspaper, and find you inattentive or perhaps supporting merchants in other cities or those who do not advertise, they must restrict their advertising appropriations, which threatens to restrict newspaper services to a disquieting degree.

"During the recent economic disturbance your merchants fed and clothed all trustworthy people whether they had the money to pay or not.

"Progressive merchants are indispensable to community progress. What they need is not sympathy but loyal support.

"You should realize the extensive wire news, feature services, the daily pages of comic pictures and numerous other additions to your daily paper made in the last 14 years—some the last three years—must go when the support that made them possible goes.

"Patronize local advertisers. Buy the nationally advertised brands you see in your favorite newspaper. 'Believe the ad,' your intelligent self-interest dictates this course."

OUT OUR WAY

BORN THIRTY YEARS TOO SOON. REG. U. S. PAT. OFF. J. WILLIAMS

Beer and Anti-Beer Factions Beginning Fight

DALLAS.—Wet organizations and the political and professional dries are being left out of the directing groups of beer and anti-beer forces as both sides prepare for the campaigns preceding the statewide prohibition referendum Aug. 26.

The battle lines are forming without the presence and evidently without the counsel of many of the old warriors. It is a matter of conjecture whether even the preponderantly wet personnel of the state democratic executive committee will take a hand as a body.

The campaign for legalization of beer is directed by a central group of business and professional men rather than by wet organizations that have been agitating for prohibition changes. The brewery interests are reported to be remaining out of the fight, even financially.

The chief dry organization long since has announced its campaign will proceed without the assistance of persons who are ultra-dries but who have been active politically in the past in such ways they might arouse harmful antagonism against the cause now.

Through the closely-knit "United Forces for Prohibition" the dries have launched a well-organized campaign among college students, Sunday school attendants and members of church young people's social unions. The forces are headed by prominent church and university men. William Nehemiah Wiggins, veteran Sunday school worker-organizer, is in active charge.

Dr. W. E. White, prominent non-political Baptist pastor of Fort

MAX IN THE MOUNTAINS

In the peaceful setting of the foothills of the Ramapo mountains, at Oak Ridge, N. J., Max Schmeling, former heavyweight champion of the world, is in training for his coming fight with Max Baer, California heavy. The above photo, taken at the camp, shows, left to right, Schmeling's manager, Joe Jacobs; Schmeling; Jack Dempsey, promoter, and Max Machon, trainer.

Worth, is executive secretary of the Forces.

The wet campaign will be directed by a committee on organization, with State Senator W. K. Hopkins, Gonzales, and Sam Myers, Fort Worth, actively in charge. The committee will coordinate activities of the beer-desiring and temperance groups and will guide efforts of the business men who are expected to agree to speaker for the beer amendment.

The newly announced personnel of the wet central committee includes such such as C. L. Wakefield, Dallas, ice manufacturer and president of the Dallas Public Library association; E. L. Kurth, Lufkin, president of the East Texas Chamber of Commerce; S. M. Nixon, Corpus Christi, hotel man; Lud Lincoln, Waco, attorney and American Legion leader.

Veteran dries like Thomas B. Love and veteran wets like John Henry Kirby have no evident connection with the campaign yet but they may be behind-the-scenes advisers and strategists.

Brewery interests plan careful

avoidance of any part in the fight, fearing their participation would damage the cause. Anti-prohibition groups have complained they have had a hard time raising funds, the little money they obtain coming from small individual contributors.

In this connection, the Crusaders group in Dallas has been conducting a "shot-in-the-dark" fund solicitation by telephone. The United Press "phone" rang one morning, the caller professing to have obtained the wrong number and then asking "how about sending a boy over for a couple of bucks" to aid the cause.

Two meetings, one in Waco and the other probably in Dallas or Austin, are expected to define more sharply the lines of campaign for both factions within a few days.

The Waco meeting, of dry leaders from all 31 state senatorial districts, will further the United Forces' efforts.

The other meeting will be a special assembly of the state democratic committee to name a new national committeeman to succeed Jed C. Adams, who has become a federal appointee. The question whether the committee as a body will actively espouse the beer cause may be decided then.

Blind Student To Be Salutatorian

EL PASO.—Kenneth Kirby, 21, totally blind senior student at Austin high school, El Paso, will be salutatorian at the coming graduation exercises. He has an average grade of 93.6 for his four-year high school course.

Long hours of study each day enabled the blind youth to make his high grades and rank second in the class. His mother, Mrs. John H. Kirby, or sister, Elizabeth, read his lessons to him and he retained the vital portions in memory.

Kirby plans to become a music teacher after completing his education.

South Texas Ball League Organized

McALLEN.—Organization of the six-team McAllen Recreational Baseball league has been completed. The season opened May 8 and closes July 4.

Teams represent the First Methodist church, First Baptist church, Rio Grande Valley Telephone company, Young's Music Store, McAllen American Legion post and Yoder Motor company started the season.

The McAllen league is one of a dozen baseball leagues now playing regular schedules in Lower Rio Grande Valley cities.

FARMERS WATCH FOR PLANE

MONROE, La.—Farmers in isolated places north of here have learned to watch for the approach of an airplane, that flies close to the ground and frequently drops off newspapers and magazines to them. Most of them do not know their benefactor. He is E. B. McMahon, who inspects the St. Louis-to-Maine gas main, flying no higher than 250 feet from the ground most of the time, to look for leaks in the main. In one trip recently he dropped off 150 pounds of literature to farmers, who waved their appreciation.

Speaker says America has learned nothing from Britain's experiences with the dole. So what? Has Britain learned anything?

North Austin Street

Forest Army Is Calling Farm Labor

AUSTIN.—Rep. Harry Graves, Georgetown, says he has letters from farmers in Williamson county, reporting that the federal employment camps are making farm labor scarce.

He cited letters in which farmers said men offered employment as cotton choppers replied that they preferred to enter the "forest army."

FAKE JEWELS STOLEN

FORT WORTH.—Glittering replicas of rare gems, made by students of the College of Industrial Arts, Denton, were stolen from an unlocked case during an exhibition in Carnegie library here. The imitation jewels "looked like a million," according to a librarian, but had only a nominal value.

TATTOOED CHICKENS ADVISED

TULARE, Calif.—Poultrymen should tattoo their names or marks on their chickens, Constable C. C. Castle advised today. He said it was the only way he could devise to check an outburst of chickens thefts, with resale of the birds as their object.

Fort Worth to Test 3.2 Beer In C

FORT WORTH.—District attorneys are preparing Tarrant county's first test case on the legality of 3.2 beer sold here. Lee Copeland, arrested and charged with selling beer brewed in New Orleans, was charged under the state's prohibition law. W. P. McLean Jr., Copeland's attorney, said he would defend on two grounds: first, ing policemen had no search warrant; second, Congress has 3.2 beer is not intoxicating.

EASTLAND PERSONALS

Mrs. H. O. Satterwhite, Mrs. A. H. Johnson spent Thursday in Fort Worth. Miss Pauline Randolph was Ranger visitor Thursday noon. Mrs. Morgan Myers has called to San Angelo on account of the illness of her mother. The Chanyata Group of Fire Girls has been busy with their closing school which has disrupting their meetings. Mrs. Agnes Harwood Doy turned home Tuesday from Fort Worth, where she attended a show.

OFFICE 601 TELEPHONES RESIDENCE 288

Tonight
 Women's Missionary society, Christian church, sponsors daughter banquet, 6:30 p. m. Sunday school classroom. In Old Japan, operetta, South school glee club, assisted by students of director, Mrs. F. Taylor, 8:15 p. m., high school auditorium. Free to public.

Saturday
 Junior auxiliary, Baptist church, 8 a. m., Mrs. W. J. Herring, Lee Bishop and J. P. Truly, hosts. Eastland County Home Demonstration council, 2 p. m., court-house. Public library, 2 to 5:30 p. m., community clubhouse. Junior-senior banquet, 8 p. m., community clubhouse.

Week Nearing End
 With the presentation of the colorful and delightful affair, "In Old Japan," which holds the boards of the high school auditorium tonight. Eastland observance of National Music Week draws to the Music club, "Open Meeting" for this Friday afternoon, was called off by request of chairman, on account of the many visits of the week.

Informal Luncheon
 Mrs. J. M. Armstrong was hostess, noon, Thursday, to a little group of intimates, in honor of Mrs. Lennie King of Thurber, her guest from Wednesday to today. The attractive luncheon table, laid in madeira, and centered with roses, had places indicated for Mrs. H. S. Howard, Mrs. Theodore Ferguson, Mrs. P. G. Russell, Mrs. Mary Gilbreath, Mrs. King, and hostess.

Compiling Interesting Books
 The Christian Science Monitor workers held their regular Thursday afternoon session with eight members in attendance, each of whom worked on a classified book of clippings. Several of these books have already been made and presented various organizations in Eastland. Mrs. Agnes Harwood Doyle is compiling one on aviation, and this will be placed either in the public library or Chamber of Commerce for the benefit of the public.

Postponements
 The Bluebonnet club called off their meeting, due to the many activities of the week and will hold their session next Thursday afternoon at the home of Mrs. J. O. Earnest.

West Ward Music Festival
 Thursday, May 11, at 7:45 p. m., the West Ward school honored National Music Week observance with a splendid music festival, in

Thursday Afternoon Club Final Program
 The Thursday Afternoon Study club held their final program of this season at yesterday's meeting, in community clubhouse, when Mrs. W. A. Whitley was hostess and chairman for the afternoon.

Those present, Meses. E. M. Collier, C. U. Connelley, D. L. Childress, Horace Conley, Leslie Gray, M. C. Hayes, J. E. Hickman, James Horton, Hubert Jones, F. M. Kenny, Julius B. Kratz, W. P. Leslie, W. A. Martin, W. H. Mullings, J. R. McLaughlin, W. D. R. Owen, J. M. Perkins, M. J. Pickett, Grady Pinkin, E. Roy Townsend, W. A. Whitley, Ben E. Hamner, and Ira L. Hanna.

Pretty Little 3-Year-Old Has Lovely Party
 Charming little Opal Allene Hunt, 3, had her birthday celebrated one afternoon this week by her aunt, Miss Opal Hunt, in the entertainment of a group of youngsters at the family home.

Miss Hunt was assisted by her sister, Mrs. W. O. Welch, in many games played on the lawn by the children, who were given candy and gay balloons. The children enjoyed the cake with iced fruited punch, many pretty gifts were showered on the little honoree, by her friends, Winnie Belle Thomason, Norma Joanne Walters, Virginia Earline Dick, Eva Lou Carlyle, Billie Floy Hunt, Bobby Ray Guthrie, Bobby Pierce, Ellis Milton Hunt Jr.,

ALAMEDA NEWS
 ALAMEDA.—Gravestone work was attended by a large crowd. Mrs. Gus Reynolds died Saturday and was buried at German Sunday afternoon. She didn't live in this community but lived in the Cross Roads community. Her husband has taught in our school. She is survived by her husband, two children, Imogene, 12, and James, 6, and her mother, Mrs. Jones, and several sisters.
 Rev. Frank Skaggs will preach Saturday night and Sunday morning. Everyone is invited to come.
 Miss Bilye Elliott has been visiting friends in this community. There were several from this community that attended the funeral of Mrs. Reynolds Sunday evening and there wasn't any singing Sunday evening.
 L. H. Walton and Mr. and Mrs. Everett Walton of Sweetwater and Mrs. Henry Walton of Wastalia were visiting relatives of this community last week-end.
 A large crowd attended the party at the home of Mr. and Mrs. Minniour Saturday night and it was enjoyed by all.
 Mr. and Mrs. Frank Walker were guests of Mr. and Mrs. Lonzo Melton Sunday.
 There are several cases of measles in this community.

Mrs. Smith Opens Iretta Beauty Shop

Mrs. Grady Smith opened today an attractive and modernly equipped beauty shop, Young street, where special prices on all work is offered during the coming week. Mrs. Smith holds a Graciosa and Dallas degree and is fitted to take care of your beauty needs. Aside from this work she also does plain and fancy sewing. An invitation is extended to you to visit this new Iretta shop in the near future.

Shower Compliments Mrs. Bernie Marlow

The ladies of the Bible class of the Church of Christ enjoyed a very profitable lesson Monday afternoon after which hour a group motor to the home of Mrs. Bernie Marlow and complimented her with a prettily arranged shower. Gift packages were wrapped in color of pink and white, bringing an sincere expression of appreciation from the recipient. An ice cream and cake course was served during the social hour to the honor and guests.

Oil And Gas Leases Will Be For Sale

SAN ANGELO.—Oil and gas leases in more than 30 sections of West Texas land will be offered for sale May 20 by the board for the least of University of Texas lands.

The lease sale is the first in this section since September, 1932. University acreage under lease for oil and gas development at present totals approximately 2,000,000 acres in 13 counties, according to J. H. Walker, state land commissioner. Under recent legislation the lease board is permitted to include 6,000 acres in one lease. A minimum yearly rental of 25 cents per acre, a minimum bonus of \$1 per acre, and a royalty of one-eighth of the gross production of oil and gas, are required by the lease board.

Kansas City man lost 45 cents from bridge game and shot himself because he couldn't pay. Must have lost it to his wife.

Reindeer End Trek Of Over 1000 Miles

OTTAWA, Ont.—Experts believe that a great world meat reserve can be established in Northern Canada, and that the millions of acres hitherto regarded as wasteland will give the Empire a useful and cheap addition to its meat supply. They expect that a vast business organization with a cold storage plant and transport installations will result from the successful migration of a large herd of Alaskan reindeer.

After a three years' trek across 1,000 miles of wilderness, 3,000 reindeer have been herded to the western bank of the Mackenzie River. They now are less than 70 miles from their eventual destination, but the fawning season has caused a halt.

This concludes one of the strangest migrations in history, as a result for which it may be possible for every housewife in Great Britain to buy reindeer meat. The enterprise started three years ago when the Canadian government bought 3,000 head of reindeer from a New York Corporation operating in Alaska. The immediate object was to provide a source of food and clothing supply for the Indians and Eskimos in the Mackenzie district, who have suffered in recent years from the diminishing number of caribou.

When the herd has developed sufficiently, tinned reindeer meat and reindeer tongue—held to be a great delicacy—will be exported. The animals will be of the great use, as they provide milk, materials for tents, and warm durable clothing and provide their own food, even in midwinter. They are generally regarded as the most widely versatile animals in the world.

Worker Failed To Teach Son Secret

BROCKTON, Mass.—Death took Daniel Stittis, Montello shoe worker, before he could transmit to his son, Stanislaus, the secret of how to construct an intricate wooden cross without using string, nails, or glue.

The custom of building such a cross had been handed down in the Stittis family, of Lithuanian origin, for generations. Despite the lack of instruction Stanislaus plans to examine closely the cross built by his late father in an attempt to learn the secret of its construction.

STRICTLY IN THE SWIM!

One family in Utah holds just about all the state swimming laurels. Three sisters of the family, Shirley, Veda and Helen Van Buren, shown above, are the title holders. Shirley, 16, is the backstroke queen; Veda, 17, owns the breaststroke title, and Helen, 19, is the free-style swim and springboard diving champion. They are shown above as they competed at a meet in Los Angeles.

BEHIND THE SCENES IN WASHINGTON WITH RODNEY DUTCHER

BY RODNEY DUTCHER
NEA Service Writer

WASHINGTON — The administration is armed with an extraordinary amount of delegated power, but it might have had a lot more.

Many provisions of vast import have kept cropping up in legislation bearing the administration tag and have required frequent official explanations that no such grant of authority was desired. A couple of the more far-reaching ones have been hurriedly cut out of the measure before passage, and others have created furor.

Canceling Contracts
In the independent office appropriation bill, for instance, this section was found among those aimed at giving the president powers to achieve economy.

"Whenever it shall appear to the president that the interest of the United States will be served thereby, he is hereby authorized, in his discretion, to modify or cancel any contract to which the United States is a party and which was executed prior to the date of enactment of this Act."

The Budget Bureau framed that one. If it had gone through unchallenged, according to common opinion, Mr. Roosevelt would have been empowered to stop paying the nation's bills, to default on its bonds or do almost anything he pleased. The explanation was that the administration merely wanted to be able to economize on items such as the air and ocean mail subsidies. No protest was made when Congress changed the bill so as to limit it to those objectives.

Another measure, which came from the State Department, would have imposed a severe censorship on the press. Newspapermen studied the bill and found that they might be sent to jail for 10 years if they revealed the contents of any official document without "competent authority" and that revelations of in-

Freeport Regatta To Be Held Sunday

FREEPORT.—The fourth annual Freeport regatta will be held here May 7, with a larger number of entrants, more trophies and a crowd of 40,000 spectators expected.

The regatta, comprising nine powerboat races, will be staged on a sporty one-mile circular course on the Brazos river. The feature event will be the ninth on the program a 10-mile free-for-all race. A total of \$210 will await the three winners, first place getting \$120, second \$60 and third \$30.

Farm For of Rich

Defending radicalism, John Simpson, president of the Farmers' Union, exhorted 4,000 delegates to the Congressional Congress for Economic Reconstruction in Washington, D. C., "to do everything possible" to take control of the country from the "19,000 ultra-rich." Here's Simpson at the congress.

10-mile free-for-all be awarded a silver trophy.

The Lecheur cup, given up Commodore R. B. Lecheur, Houston, president of the Mississippi Valley Powerboat association, will go to the winner of the Class C amateur vent. Ivy Bliffey, Goose Creek, has won the cup the last two years and will gain permanent possession of it if he repeats this year. The U. S. destroyers Taylor and Claxton and the coast guard cutter Saranac, of Galveston, will be here for the regatta.

2,500 Jobless May Receive Work Soon

By United Press
GLACIER NATIONAL PARK, Mont.—Employment may be given 2,500 men in Glacier National Park under the Roosevelt Re-forestation program, Superintendent E. T. Scoyen has estimated.

"We can work wonders in the park next season if given an ample number of men," Scoyen said.

Several hundred acres of forest land in the park were burned over by fire in 1926 and 1929. This land would be cleaned of debris and replanted if Scoyen obtains necessary aid and supplies. Plans for development of the park have been made for the coming six years, and the government employment relief project would merely speed this program, the superintendent explained.

Galveston To Have Thirteen Conventions

By United Press
GALVESTON.—Thirteen state or regional conventions will be held in Galveston during the month of May, drawing an estimated total of 3,000 persons to the city.

The calendar:
May 4, 5, 6—Texas Association of Osteopathic Physicians and Surgeons.

May 5, 6—Texas division, the American Society of Civil Engineers.

May 8, 9—Forty-seventh district conference, Rotary clubs.

May 9, 11—Texas Funeral Directors and Embalmers association.

May 12, 13, 14—Southwest Foreign Trade Conference.

May 13, 14—Texas Tubercular association.

May 15, 20—Texas Women's Golf association.

May 21, 22, 23—Retail Credit Men's association of Texas; Retail Merchants association of Texas; Texas Retail Credit Bureau.

May 25, 26—Texas Rice Millers association.

LOOSE PRAIRIE WOLF—14 Worried Police

By United Press
CLEVELAND.—Mischief-makers caused police some anxious hours here recently when they released a dangerous prairie wolf from its pen at Brookside Park.

City Dog Warden Manuel Sevior managed to track the animal and shoot it before any damage was caused. He found the wolf on the edge of a densely populated residential district.

The animal was released from its cage during the night by vandals who pried large holes into the heavy mesh wire around the wolf pen. The female of the wolf pair escaped, and zoo keepers arrived only in time to keep the male from escaping, also.

Grain Corporation Is Reorganized

By United Press
FORT WORTH.—The Rosenbaum Grain corporation, once a leading southwestern grain trader with elevators throughout Texas and Oklahoma, has reorganized its local offices here and placed Leo Potishman at its head.

Potishman has directed activities of the Transit Grain and Commission company here since its organization in 1929.

The Rosenbaum corporation is reputed to be one of the largest grain traders in the United States, with 18,000,000 bushels of storage in Chicago alone.

Saying Nice Things

The importance of Mule Haas in White Sox rejuvenation this year has been marked . . . the former athletic outfielder pulls every line that used to go for triples last year . . . and makes the job look easy.

Whatever else may be said about Rogers Hornsby, he must be granted the nice sporting tribute of generous . . . he would fight Cump and Harriett together in a two-foot ring . . . even though he can't fight a flea.

50 Cents Nicar
TICKETS for the final day's events of the Big Ten track and field meet at Chicago May 19 and 20 will sell at \$1 tops . . . a reduction in price is a nice thing to say about a great many things.

A Nice Point
CONSIDER Tommy Loughran . . . here is a nice boy from Philadelphia about whom many nice things might be said . . . he showed in his most recent comeback effort against Isidoro Gastanaga that he still is a nice big puncher . . . and it's to be hoped Tommy can stick around long enough to become a nice punching tag.

So many nice things are being said about Dick Bartell that some of the boys seem may be rating the Phillies star as a nice shortstop.

Tommy can't say things that are nice about the management for letting him get away.

having the two best shortstops in the business. . . .
But Not Nice Enough
YALE has served notice on Southern California and Stanford . . . to the effect that Yale will have something to say about the intercollegiate in May . . . but between the Trojans and the Cardinals, it may turn out that the nicest thing to be said about Yale after this one is that she was brave.

Gene Sarazen has been keeping his name in print pretty well the last two years . . . one of the nice things to say about Gene is that one day last week he didn't say anything.

Boy, 7, Causes £100,000 Wreck

Junior Cardwell, 7, above, wanted to see what would happen when he put a spike on a rail at Stacey, N. C. A fast freight train was wrecked, its engineer killed, damage of \$100,000 done. Punishing for Junior was a spanking.

The crowds that visited the United's Quitting Business Sale on Friday, the opening day, is proof enough, said George Bloomberg, sales manager, that people really read the advertisements in the Times and that advertising pays.

Sufficient sales help was arranged for on Thursday, it was thought, but 12 extra salespeople were added when the sale had been on no more than an hour.

The United has operated here in Ranger for the last four years and has built up a loyal trade following who with hundreds of others flocked to the store early Friday morning for the tremendous savings they offered in their page advertisement Thursday. The United factors have expressed their sorrow at having to discontinue their store here but due to a retrenchment policy they have instituted find it necessary and in this last sale are offering everything including the fixtures.

Junior Cardwell, 7, above, wanted to see what would happen when he put a spike on a rail at Stacey, N. C. A fast freight train was wrecked, its engineer killed, damage of \$100,000 done. Punishing for Junior was a spanking.

Ranger Society Personal

Aubrey Jameson of Ottawa, Kan., was a visitor here Thursday, the guest of his father, D. L. Jameson, and brother, Roy Jameson.

L. E. Daniel of Fort Worth spent yesterday transacting business in Ranger.

Mrs. Saunders Gregg and brother, L. N. Thompson, have returned home from a visit to Austin, where they visited Saunders Gregg, son of Mrs. Gregg, who has been quite ill but is much improved.

Mr. and Mrs. Walter Harwell and Mr. and Mrs. H. C. Anderson left this morning for San Benito, where they will be the week end guests of Mr. and Mrs. W. W. Housewright, formerly of Ranger.

B. A. Tunnell has resumed work following several days' absence, during which time he was with his mother, Mrs. J. S. Tunnell of Ballinger, who is slowly improving after a three weeks serious illness.

Miss Maggie Kim, former associate of the Southwestern Bell Telephone company, who is now connected with the company at Tyler, is visiting friends and relatives in Ranger.

C. C. Lucas of Eastland was a visitor in the Times office today, and was transacting business in Ranger most of the afternoon.

BINGHAMTON, N. Y.—The Rev. Bernard R. Hubbard, Binghamton's "Glacier Priest," has begun his seventh annual exploration of volcanoes in which he hopes to find a wonderland of ice and fire. His latest expedition will take him to the Aleutian Islands.

Big Crowds Visit Closing Out Sale at United's Store

The crowds that visited the United's Quitting Business Sale on Friday, the opening day, is proof enough, said George Bloomberg, sales manager, that people really read the advertisements in the Times and that advertising pays.

Sufficient sales help was arranged for on Thursday, it was thought, but 12 extra salespeople were added when the sale had been on no more than an hour.

The United has operated here in Ranger for the last four years and has built up a loyal trade following who with hundreds of others flocked to the store early Friday morning for the tremendous savings they offered in their page advertisement Thursday. The United factors have expressed their sorrow at having to discontinue their store here but due to a retrenchment policy they have instituted find it necessary and in this last sale are offering everything including the fixtures.

Junior Cardwell, 7, above, wanted to see what would happen when he put a spike on a rail at Stacey, N. C. A fast freight train was wrecked, its engineer killed, damage of \$100,000 done. Punishing for Junior was a spanking.

At Last—Offensive Body Odor Ended

Laboratory tests now show that ordinary soap, with its thick, slippery lather, will cleanse only the surface of the skin. But body odor is deep-seated, caused by stale perspiration curds. Ordinary soap can't remove these curds!

That's why deep-pore cleansing is needed—and it is a scientific fact that there is only one way to accomplish this. Kirk's Coco Castile, being a 100% pure vegetable oil soap, mixes with the particles of perspiration curds, loosens them, then rinses out completely. Thus it ends body odor in the only effective way—by removing the cause.

Kirk's Coco Castile is stimulating to the skin—leaves no offensive medicine smell—ends body odor the odorless way. A BIG cake, half again larger than the average toilet soap, is today selling at the lowest price in history. Be sure to ask for Kirk's Castile by name—at your grocer's.

Filling The Farm Storehouse
A Plan For Producing A Living At Home
It costs an average family of five about \$600 per year for food if every member is properly nourished, and all food is bought. How much of this can the farm supply? From 40 to 60 per cent has been the rule on most good farms in times past. During these depression years many of the most alert farm families have raised the percentage produced at home to 75 per cent and even to 90 per cent. By following the demonstration plan here outlined a family may produce 100 per cent of its annual food requirements. To do this it will take 25 acres of average Texas land, about \$200 worth of livestock, and the ordinary work stock, farm implements, fences, and buildings that most farms already possess.
This living at home demonstration, toward which any farmer can work in a short time, calls for 2 meat hogs, a flock of 50 hens, one beef animal, 4 milk cows, and if desired a few sheep. Under average conditions six acres would be devoted to sudan grass pasture in fall and winter; 12 acres in

corn or grain sorghums or other grain crops; four acres in hay and ensilage crops; half acre in garden, half acre in orchard and two acres for such crops as sweet potatoes, melons, cane for syrup, and field peas.
Such a system will produce all the food needed for a family of five, and all the feed required for maintaining the livestock indicated, including work stock, without any cash expense except about \$100 for buying cans and jars, sugar, coffee, some flour, and spices, and a small amount for purchase of seed, livestock medicines and incidentals. This cash will be forthcoming from sales of surplus dairy, poultry and other products available in certain seasons of the year in excess of family requirements. Protein for chickens and hogs comes from skim milk; protein for dairy cows and beef animals comes from pasture and from whole cottonseed which it is presumed most Texas farms have or can have on hand. Where oats or bran are needed in dairy cow and poultry rations, they may be obtained, on farms in sections where they are not produced, by trading corn for bran or oats at the local feed store. Two meat hogs may usually be obtained by barter. Grinding meal or feed may be paid for by following the customary grinding system.
(Tomorrow—Dairy Products)

Scottsboro Witness Leads March

Ruby Bates, who caused a sensation in the trial of the nine Scottsboro, Ala., negroes by recanting her previous charge against them, is shown here as she marched between two negro women at the head of a march to the White House to appeal for release of the Scottsboro youths.

Couple Get Word of Death of Friend
Mr. and Mrs. W. K. Jackson were wired Thursday of the death in San Antonio of Robert Underwood Hendrick, aged 92 years, who passed away at the family residence of Mr. and Mrs. Wilson S. Hendrick, following a brief illness.
The decedent was the father of Mrs. Jackson's sister's husband, and a friend of many years' standing.
R. U. Hendrick had lived in San Antonio 20 years, going there from St. Joseph, Mo., upon his retirement from active business, that of a wholesale and retail jeweler. The body was taken to St. Joseph, Mo., where the funeral services will be held tomorrow afternoon.
It seems that in some cities the people are satisfied to sit down and lament over the past and give no thought to the future. If they won't wake up, pep up and get behind some real leaders, they might just as well let the home city die and have some one preach the funeral oration and the live ones move on to some other city.

Guards Take Iowa

Iowa national guardsmen have established martial law in two counties following acts of violence by mobs of farmers fighting foreclosures. At Le Mars, Ia., a judge was dragged from the bench and nearly hanged. The picture shows state troops unloading machine guns at the farm war front.

Budweiser Malt is made by the same master brewers and maltsters who are again producing the biggest-selling bottled beer on Earth. No wonder it gives results.

MOTHER HAD DAUGHTER JAILED
By United Press.
PORTLAND, Ore.—This girl threatened to turn bootlegger unless her mother gave her \$25; but she didn't scare her 20th century mother any. Frances Hartman, 20, went to jail instead and was given a six months jail sentence for attempted extortion.

Bright, Fresher After Taking Black-Draught
"Seven years ago, I was troubled with constipation," writes Mrs. L. E. Williams, of Jackson, Miss. "My mother told me she thought it would help me to take Black-Draught. She had used it herself and it had helped her. I found it relieved me of this troublesome complaint. I suffered from sick headache and biliousness which made me feel dull and listless. I felt bright and fresh after I took Black-Draught. It is a splendid medicine for constipation. I take it dry, at night, followed by a generous glass of water."

U. S. Changes Airmen Tests

WASHINGTON.—Ability to recover from plane stalls and to prevent spins from stalled altitudes has been substituted in place of effecting intentional spins and recoveries as a requisite for persons seeking licenses as private pilots, according to Col. Clarence M. Young, assistant secretary for aviation.

"The amended regulations require 50 hours of accredited solo flying time as a pre-requisite for

'NOW CAN EAT ANY KIND OF FOOD, AND NO CONSTIPATION'

Dr. Durigan Finds Relief in Kellogg's ALL-BRAN

Here is his enthusiastic letter: "Am 70 years of age, and for 40 of these years there never was a week but what I had to take a pill or some kind of cathartic."

"I took everything, but gained only temporary relief. Until last spring my daughter, who is a nurse in a hospital, brought me some Kellogg's ALL-BRAN."

"At the end of the week, I knew I had something that was it, and I kept on taking it. I haven't taken any cathartic since. I can eat meat any time, as often as I like, or any other kind of food, and no constipation." Mr. L. M. Durigan, 6811 Buffalo Ave., Jacksonville, Florida.

Laboratory tests show Kellogg's ALL-BRAN provides "bulk" to exercise the intestines, and vitamin B to help muscle tone. Also iron for the blood.

"The 'bulk' in ALL-BRAN is much like that of lettuce. Inside the body, it forms a soft mass. Gently, it clears out the intestinal wastes."

How much safer than patent medicines. Two tablespoons daily are usually sufficient. With each meal in serious cases. If not relieved this way, see your doctor.

Sold in the red-and-green package. At all grocers. Made by Kellogg in Battle Creek.

THIS CURIOUS WORLD

THE "DESERT ROSE"
A FORM OF CRYSTAL ROCK, FOUND THROUGHOUT THE DESERTS OF THE WORLD. THE FORMATIONS ARE CAUSED BY WATER FILTERING THROUGH LAYERS OF SAND, AND DISSOLVING OF THE MINERALS FOUND THERE.

THE BODY CELLS DO NOT CHANGE COMPLETELY IN SEVEN YEARS. SOME PARTS OF THE HUMAN BODY ARE REPLACED EVERY THREE WEEKS, WHILE CERTAIN CELLS, SUCH AS THE BRAIN CELLS, REMAIN LAST A WHOLE LIFETIME.

THE WATER FROM ONE SMALL COLORADO RAIN-STORM MAY REACH THE SEA AT THREE WIDELY SEPARATED POINTS, PORT ISABEL, IN THE GULF OF CALIF., BROWNSVILLE, TEX., AND NEW ORLEANS, LA.

IT has often been stated that every living cell of the human body is replaced each seven years, but Dr. Edward Adolph, of the University of Rochester, lists parts of the body thus: potassium changes every 72 days; magnesium, 193 days; nitrogen, 290 days; iron, about every 300 days; phosphorus, 500 days; lime, 2300 days.

Natural Outcome of a War to End War

OUR IDEA IS A WAR DEBT PAYMENT TO END WAR DEBT PAYMENTS!

TORNADO MAILMAN
By United Press
MERIDIAN, Miss.—A letter addressed to Austin McGowan, of Sandersville, and a pillow believed to have come from the same neighborhood, about 40 miles away, were found by O. C. Culpeper while traveling a rural mail route near here recently. The objects were apparently blown here by a recent tornado.

Morton Valley Is Warring on Rats

Members of the Morton Valley evening school, conducted by Ranger's vocational agriculture teacher, are using Red Squill to kill the rats on their farms. The farmers that are following the directions are killing all the rats on their place with one application of the poison.

Here is the way that gets the best results: Use a pound of fresh ground lean meat and place out in the places where the rats feed just before dark. Place the bait out in small piles not larger than a marble. Be sure to keep your cats and dogs up; so they will not eat up the bait before the rat comes along. Do the same thing the second night and by the third time you have gained the confidence of the whole rat tribe and they notify their neighbors and by the third night they are there waiting. On the third night take a pound of fresh ground lean meat and mix one ounce of Red Squill and mix with a paddle and place the meat as you have done for the first two nights. The poison is not effective on cats and dogs as they will vomit it up and the rat cannot do so. Also, all animals, with the exception of the rat do not like the taste and usually will not eat the poison bait.

It is very important that your poison is fresh and of a good strength and that the prebait is put out two nights before. All the farmers that have used the bait under the above plan have had unusually good results. The members are trying to get every farmer in the community to put out the bait as the rats seem to be causing more damage than ever before.

JEAN HARLOW CLARK GABLE and DONALD CRISP-RED DUST

CANNY COOKERY

Sister Mary Gives You Hints on
Using Fruits and Vegetables

This is the last of three articles by Sister Mary advising young brides on the problems of house-keeping.

BY SISTER MARY
NEA Service Writer

MANY a bride approaches her first days in the kitchen with some misgivings but the science of cooking is as definite and obvious as two plus two.

Undoubtedly, there is a "knack" for various branches of cookery, but success is not a matter of luck.

If you think of a recipe as nothing more nor less than a "formula" you will understand the necessity for accuracy in measuring, precision in method of procedure and careful attention to detail. And remember that those cooks of long standing who say they "never measure a thing" DO MEASURE. Repetition has taught their eyes and hands to gauge the quantity with comparative accuracy.

Hints for Cooking Fruits

There are certain well established rules for the cooking of meats and fruits and vegetables. Since this is the season for fresh fruits and vegetables, let's begin with them.

Whenever fruit is cooked, be it fresh or dried, do not add sugar until the fruit is tender. If sugar is added sooner, the skin tends to toughen and the texture of the fruit is hard, nor will the fruit be as sweet and delicately flavored.

Never let fruit stand in water. Wash it thoroughly and carefully, then drain and use.

This same rule applies to vegetables, too. Wash them well and prepare for cooking. If they are wilted, they may be put into water just long enough to freshen them. This should be done before they are trimmed or cut in any way.

Don't "Drown" Vegetables
Vegetables should be cooked in as little water as possible to pre-

vent burning. Take care not to over-cook them and serve them as soon as they are done. Cook in actively boiling water and add salt when they are half-cooked. Since most of the succulent summer vegetables will cook in 20 to 30 minutes, add salt at the end of 10 minutes if the "half-done" stage confuses you.

Monday's Menu

BREAKFAST: Orange juice, cereal, cream, baked eggs, toast, milk, coffee.

LUNCHEON: Casserole of spring vegetables, brown bread and cottage, cheese sandwiches, drop cookies, milk, tea.

DINNER: Roast shoulder of lamb, browned new potatoes, peas in cream, tomato stuffed with cabbage and pineapple, rhubarb parfait, milk, coffee.

Cook green vegetables uncovered if you would preserve their color.

When a sauce is made for vegetables, it will be finer flavored if half milk and half vegetable stock is used.

To Make White Sauce

White sauce of varying degrees of richness is generally liked with most vegetables. A thin sauce, the consistency of rich cream, is delicious over green beans and peas. A thicker sauce that coats the vegetable is used for new potatoes and cauliflower. But no matter how thick the sauce may be, it is always made the same. Melt the butter, stir in the flour and slowly add, stirring constantly, the liquid which should be cold. Two tablespoons butter, from two teaspoons to two tablespoons flour are the proportions to use with one cup of liquid to make one cup of white sauce. The less flour, the thinner the sauce. Vegetables must of course be drained before combining with the sauce.

Booklets to Pay
For Texas Exhibit
At World's Fair

AUSTIN.—The first edition of 10,000 copies of the Texas World Fair commission booklet, "Texas Under Six Flags," has been distributed, L. E. Snavely, chairman of the commission announced here today.

A second edition of 20,000 copies of the booklet, sale of which is expected to finance the Texas exhibit at the Century of Progress exhibition in Chicago, is on the presses, Snavely added.

The booklets are to be sold through schools of the state, their distribution being directed by district chairmen, with the approval of L. A. Woodie, superintendent of education. They also will be sold at the Texas exhibit in Chicago during the period of the fair, June 1 to Nov. 1.

Van Camp of Fort Worth, author of the booklet, released his copyright to the commission without cost. He and J. L. Duncan of Dallas, are joint chairmen of the booklet sales division of the commission.

The Texas exhibit before the more than 50 million persons expected at the fair will depict 100 years of the state's progress in education, agriculture and industry. It will be presented in a fashion offering the opportunities the state offers to new settlers and to new investments.

Prof. W. T. Rolfe, University of Texas, and Ivan H. Riley, architect of Harlingen, Texas, and Chicago, are supervising preparation of the exhibit which they will forward to Chicago soon, Snavely said.

FISHERMEN MUST
HAVE LICENSE

CLARKSON, Wash.—Members of the Austin County Sportsmen's Association have disapproved the recent ruling making it necessary for all persons fishing to have a license. Johns of this vicinity catch suckers, shiners and other non-game fish for food.

JUDGE FINED MAN ONE CENT

SPOKANE, Wash.—Adam Roskam testified he was flat broke—

didn't have a cent, while before Federal Judge J. Stanley Webster, on a charge of selling liquor to a government agent. So the judge adjusted the scales of justice, fined young Roskam one cent, friend came forward with the and the lad, 19, was set free.
