STRATOSPHERE FLIGHT ENDED SUCCESSFULLY

The least intelligent fish are those found in schools, says a piscatorial expert. But it wouldn't take an expert to figure that one out during the football season.

KEEPING THRU THE KNOTHOLE

With BILL MAYES

Since this protesting business gotten under way we have had no time nor inclination to write it. In fact out-of-town papers have kept us so busy writing items telling the status of the game, if any, and answering telephone calls that we have not been able to get our thoughts together. We have heard one or two solutions offered as a remedy of the game. If it is such, one of which we are sure that something of the kind will be necessary or foot- ball will probably have to be ordered as a high school sport this section, because we have had a number of people say that were through going to games some way of knowing the some of a game was devised. They say they are tired of seeing a team win a game on the field, to find out a week or so later that the other team really because of decisions of the committee.

MOVE TO OPEN R.F.C. CANNERY IN EASTLAND

The canning equipment in Eastland belonging to the RFC is to be put in operation canning beef for the use of people on state and federal relief, according to Headquarters given out at Relief Headquarters this morning.

F. E. Harrell, paying officer of the Eastland County Reemployment and Relief committee, in a letter to the Eastland committee instructed them to get the canning equipment, which is stored at present, ready for operation, organize a canning force and be ready to handle beef which is to be bought and delivered dressed to the committee here.

W. I. Allison of the Eastland Reemployment and Relief committee, stated that while the RFC owns the canning equipment arrangement will have to be made, as he understands, by either the county commissioners' court, the city of Eastland or individuals, for the necessary water, rents and gas before the plant can be put into operation. Plans are on foot, Mr. Allison stated, to secure these and put the cannery in operation as soon as possible.

Renounced Throne, But He's Not Sorry

Love and domestic happiness still mean more to Lennert Bernadotte than a kingdom. Here you see the grandson of King Gustaf of Sweden with his commoner wife for whom he renounced his royal title and his rights to the Swedish throne in a new picture of the couple just arrived in this country.

CHIEF INGRAM HAS NAMED VOLUNTEERS

Jim Ingram, chief of police of Ranger, has announced formation of a volunteer police force, which is to be used only in case of emergency, or when these volunteer members are needed to aid the regular police force. The permission to organize the force was granted the chief at the last meeting of the city commission and all are now duly deputized as members of the force.

The four who were selected for this duty by Chief Ingram are Felton Brashear, A. N. Larson, Roy Gilbreath and H. H. Vaughn.

"The men who have been appointed as volunteers," the chief said today in discussing their duties, "are in reality only emergency officers, and they are subject to call at any time by the chief of police. They will take pistol practice each week and prepare themselves as marksmen so that they will be of real service when called upon."

"It is neither their place nor their duty to act in the capacity of detectives and carry on investigations on their own responsibility. These functions will continue to be performed by the regularly salaried patrolmen, as usual, and the special men mentioned are not expected to act in any capacity except when called upon by a salaried officer or the chief of police."

"The principal function will be to hold themselves in readiness in case of an emergency, then they will be called out and shall serve under orders of the chief of police until discharged by him. They will, of course, have the right to arrest anyone caught shoplifting or breaking any other laws and have charges filed against them."

It was pointed out by the chief that often a store needed an officer to arrest someone for shoplifting or some similar offense when the regular officers were not immediately available. In such cases these volunteer policemen will be authorized to make an arrest and notify the chief of police of their action.

It is thought that many petty crimes may be stopped by this volunteer force and that the people of the city, particularly the merchants, will derive much good from the plan.

Move Soviet Records at Capital

While President Roosevelt and Maxim Litvinoff were conferring on Russian recognition at the White House, three army trucks were carrying records from the Russian Embassy to a Government building for examination by American and Soviet officials. They were believed to deal with debts of the Kerensky regime. Here one of the Army trucks waits, under guard, to load up with the "mystery cargo."

JERSEY SWAMP IS SCENE OF THE DESCENT

Major Fordney walked three miles through a swamp today to reach a telephone and spread the news of the safe landing. Settle remained with the balloon to guard the equipment.

"We made what the commander called a normal landing," said Fordney. "We were unhurt and the balloon was not damaged."

The flight to an altitude of more than 58,000 feet, only 4,000 feet under the world record, was a scientific venture to study cosmic rays.

The balloon left Akron, Ohio, yesterday, floated over Pennsylvania and was lost from sight over New Jersey. When it was not reported today scores of airplanes and land parties sought for it over a wide area.

The descent was on a mud flat along the Delaware river at 5:50 p. m. yesterday. Almost 16 hours elapsed before word of the safety of the men was spread. They apparently feared to get through the swamp during the night.

Former Mexican Athlete to Practice Law in Two Nations

AUSTIN, Nov. 21.—Mario Ballesteros, captain of the 1928 University of Mexico track team and a varsity oarsman, hopes that one day he may practice law in two nations.

He now is an E. D. Farmer international scholar in the University of Texas here. The scholarship, granted because of Ballesteros' high scholastic average, allows him \$1,200 for the academic year.

When he registered at the state university, he learned that certain requirements in mathematics and government must be completed before he can secure a law degree here. He now is enrolled in the College of Arts and Sciences of the university.

In 1927 Ballesteros was a member of a University of Mexico track team that toured Southern Texas and competed in track meets in Houston, Galveston and Austin, including the Texas Relay. In 1928 he rowed on Mexico's varsity team against German, French and Spanish shells at Xochimilco Lake. The same year he was elected president of the Society of National Preparatory schools in the University of Mexico.

PLAN WORK FOR MEN NOT NOW ON RELIEF

AUSTIN, Nov. 21.—Mayors, county judges, relief board members and administrators met here today on plans to put 100,000 men to work.

The new work army is to be made up of unemployed, other than those on relief rolls. A first 100,000 made up of relief roll men, went to work last Thursday.

Meantime the state relief commission continued its confirmation of local boards in counties where there are disputes.

Declaring it contravened the state relief law, Carl Estes of Tyler, tried unsuccessfully to get the commission to revoke its former notice to counties that relief boards, which started work without awaiting approval, never would be approved.

Oscar Privett Accepts 16 Year Murder Sentence

Oscar Privett, tried three times and convicted as many times, for the murder of Melvin Danson in Ranger in 1930, accepted the 16 year sentence given him a few days ago by a jury in the 91st district court and has been sentenced and is ready to go to the penitentiary.

At former trials of his case Privett was given 30 and 50 year sentences, each verdict being reversed and set aside by the higher courts.

Henry Ford May Hold Conference With Roosevelt

WARM SPRINGS, Ga., Nov. 21.—The possibility of a "little white house" conference with Henry Ford arose today as President Roosevelt went forward with the task of directing his gigantic recovery program from his vacation retreat here.

While the temporary executive offices said no formal engagement for Ford had been made he would be received if he came here. At the same time close administration friends made it clear that they would not at all be surprised if the motor manufacturer arrived within the next few days for a visit.

TWO TELL OF CONTRIBUTING TO CAMPAIGN

AUSTIN, Nov. 21.—Lon G. Mathews of Fort Worth, testified before a legislative committee here today that he had been promised a highway position when the Ferguson administration gets control of the state highway commission.

James E. Ferguson, husband of the governor, Mathews said, told him, "Lon, we received your application and when we get control of the highway commission you shall have that job, or anything you want." Mathews said Governor Ferguson later made the same statement to him. He said that he expects the job about Jan. 1.

Mathews said he had discussed a job with Chairman John Wood of the highway commission and that he expects Ferguson to tell him to do the right thing.

Mathews denied ever selling any jobs or collecting money but he said he did accept small contributions towards his expenses. He made 16 trips to Austin, he told the committee.

Negotiations for highway maintenance jobs in Northwest Texas were referred to by J. St. Claire, filling station operator at Mineral Wells. He expected to get a job as highway maintenance for Palo Pinto county. He and eight or nine others contributed \$250 to campaign funds and expenses, he said. The contributions made this year were to be used in re-electing Gov. Miriam A. Ferguson, St. Claire said he was told.

He said the money was paid to J. A. Jarvis.

St. Claire said his designation for the highway job was approved by Mathews. He said Mathews received \$100 of the total contributions, part of which he spent in making trips to Austin in an effort to get the appointment.

Bida Appeals Two Year Verdict In Trial for Arson

Attorneys for Frank Bida, Eastland garage man, convicted in the Stephens county district court on an arson charge and given a two year sentence, filed notice of appeal to the Court of Criminal Appeals at Austin and Mr. Bida was released on bond.

Bida is alleged to have burned his place of business in Eastland about three years ago. On three former trials in 88th district court at Eastland, the juries were unable to agree on a verdict.

The case was sent to Stephens county on the court's motion.

To Lighten Relief Rolls of Defectives

AUSTIN, Nov. 21.—The NRA, through the Texas labor department, has moved to lighten Texas relief rolls of a heavy number of mental or physical defectives.

Many such defectives are capable of doing some work but have been shunted from employers' payrolls because of NRA codes. In some instances the defectives cannot work the minimum hours, or their labors are not sufficient to justify minimum wages under the codes.

Labor Commissioner Jack Flynn has received from the recovery administration blank applications for the employment of sub-standard workers. Such applications must be approved by NRA compliance boards in the respective Texas cities. Upon approval, industries are permitted to employ workmen with physical or mental defects at specified work hours and wages.

Atheism, Not Liquor Called Main Peril

FORT WORTH, Nov. 21.—Pointing to Harvard University, Mrs. Aimee Semple McPherson Hutton, touring four-square gospel leader, said today it was not liquor but atheism in schools that is worrying her.

"It is dumbfounding the number of atheists you find in our schools," she said. "Recently I had lunch at Harvard. Students were amazed that an intelligent adult could still believe in the bible. Eleven out of twelve at the luncheon admitted they were disbelievers."

Jury Is Excused By Judge Patterson

The petit jury summoned for Monday in the 88th district court was excused for the term by Judge B. W. Patterson, there being no cases ready for trial.

First Woman to Be Married in County Dies at Staff Home

Funeral services are to be conducted Wednesday afternoon at 2 o'clock at Merriman by Rev. K. C. Edmonds of Ranger, for Mrs. Laney Ann Brashears, better known as "Aunt Laney Britton," of Staff, one of the pioneer settlers of Eastland county, who died at the home of her son by another marriage, Virgil Drake, of Staff.

The decedent was born January 19, 1846, and came to Eastland county in 1860, before the days of barbed wire fences. She is reported to be the first woman to be married in Eastland county after the county was organized.

She is survived by three sons and four daughters.

Interment is to be in the Merriman cemetery following the services at the Merriman church.

Lee Tracy Facing Charges In Mexico

MEXICO CITY, Nov. 21.—Lee Tracy, American moving picture star, faced arraignment today on charges of violating of public morals and insulting the government, the result of a personal appearance, informal and undraped, on a hotel balcony.

Specifically, it was alleged Tracy, clad only in a blanket, appeared on a balcony Sunday during a parade in celebration of the anniversary of the revolution.

EASTLAND HUNTERS RETURN

Dr. J. H. Caton, T. M. Collier, Dr. W. E. Chaney, Fred Maxey, and his father, W. B. Maxey of Oklahoma City, returned Sunday night from a hunting trip in Sutton and Kimble counties, covering a five-day outing.

Stolen Car Found To Be at Rochester

A 1928 model Chevrolet coupe, reported stolen last week, was found late yesterday at Rochester, where it was sold, according to word received last night by the Ranger police department, and C. D. Woods, owner of the car, left today to recover it.

The car was reported stolen and the police notified nearby towns. Soon after the notices were sent out the car was located in Rochester. Only the license plates had been changed on the car and it was easily identified.

Hunting Party Kills Six Bucks On Trip

A group of hunters, composed of Frank Dwyer, Galand Poe, Harry Woods and Jim Horton of Eastland; S. C. Bryant of Oklahoma City and Ray Neely and A. H. Powell of Ranger have returned from a successful hunting trip near Kerrville.

While on the five-day hunt the party killed six bucks.

Motor Drops From Plane In Flight, Hits City Street

COMMERCIAL, Tex., Nov. 21.—The heavy motor of an airplane dropped from a ship as it flew over Commerce today, fell 1,500 feet and landed in the middle of a street, directly in front of the post office.

Nine was injured when the motor crashed to the ground and the two occupants of the ship, both of Dallas, succeeded in making a landing.

Strike Ads Again Appear in Papers

HOUSTON, Nov. 21.—An advertisement seeking men willing to work under strike conditions appeared again in newspapers here today as the zero hour for calling a strike of Southern Pacific employees neared.

With railroad brotherhood officials counting their poll among 3,000 employees, indications were, the officials said, that a good majority would be sympathetic. The ballots will be counted and the result announced at 9 a. m. tomorrow.

Both the railroad executives and employees stood firmly today giving no indication of a settlement before the strike deadline. Possibility of President Roosevelt intervening was speculated.

The principal points of dispute are the railroad's proposals to extend mileage of train crew service between points in Texas and Louisiana. The brotherhoods also object to the proposed elimination of several junctions.

Searchers Find Officer's Body

EDINBURG, Tex., Nov. 21.—Revival of political warfare in the Rio Grande valley was feared when the body of E. G. Guzman, former constable, was found five miles from Edinburg today.

He had been killed with a charge of buckshot at close range, the deputy sheriff said. Officers found the body after a country-wide search started when Guzman failed to return home from a hunting trip.

The body was found soon after his abandoned machine had been discovered on a seldom-travelled road. Guzman carried a rifle.

Lindbergh Lands In Azores Islands

HORTA, Azores Islands, Nov. 21.—Col. Charles A. Lindbergh made a spectacular landing in the harbor here today after a thrilling battle against violent squalls and rainstorms in his 1,000-mile flight from Lisbon.

Appointment by President Roosevelt of James J. Hoey (above) to be Collector of Internal Revenue for the second New York district, was seen as an entering wedge in a Roosevelt-Al Smith alliance to reorganize Tammany Hall and to oust John Curry as its leader. Hoey, a personal friend of Smith, is a Tammany bolter who defied Curry.

A BIBLE THOUGHT FOR TODAY

GOD IS TRUSTWORTHY: Behold, God will not cast away a perfect man. Neither will he uphold the evil-doers.—Job 8: 20.

ROOSEVELT AND RELIGIOUS LIBERTY FOR ALL AMERICANS

President Roosevelt in his dealings with Soviet Russia, according to Washington advices, is insisting upon the right of American citizens who may be in the Soviet Russian country having religious freedom. Ambassador Litvinoff is said to have the brightest mind to be found among the diplomats of Europe. Religious freedom to the limit should exist in all the nations of the earth. But unhappily this is not the case. A thousand years hence it may take place among the so-called civilizations of the earth. Freedom of the press, freedom of political action and freedom of conscience, meaning the right for every individual to worship his God after his own fashion, should prevail in every land under the sun. Why, in America with 150 years behind the republic, there are members of all demoniations who are as intolerant today as the Soviet Russians or the Nazis of Germany ever dared to be. It is a condition of the mind. Time may change it. Education is a powerful lever as the thoroughly informed and enlightened mind believes in the three tenets of the great gospel of man as Thomas Jefferson taught it to the early Americans in days gone by.

SAMUEL STREETMAN CROSSES THE GREAT DIVIDE

Samuel Streetman is dead. He was one of the outstanding lawyers of the Texas bar. For more than three decades he had figured in the political life of Texas as well as in the famous legal court contests and civic movements of the day. He was a member of one of the noted law firms of the Bayou City. He had been a distinguished judge before he made his mark as one of the foremost corporation lawyers of the country. He was a native of Cameron county. He was a product of the Southwestern university at Georgetown. His achievements were notable in a notable age. He was a member of a law firm established in the long ago and four of its members have passed out of the picture in very recent years with the closing of his eyes and the speeding of his soul to that world invisible. Frank Andrews remains the distinguished head of the firm. More than 45 years ago Andrews was assistant attorney general of Texas and for years a power in the politics of Texas and the state and national councils of the democratic party. "Sam" Streetman was popular and generous and progressive as well as a high-minded man. He had a legion of friends in Texas. He was known to hundreds of the representative people of Austin and Central Texas. He was only 61. His death was a tremendous shock because it was unexpected. He had been under the knife of the surgeon and did not survive the operation. He numbered among his list of acquaintances and close associates the humble as well as the powerful, and now Congress avenue, which knew him so well in his walks through the years from the hotels to the capitol, will know him no more.

Did you ever notice that business executives get paid for the results they secure while the politician, on the other hand, has little responsibility? In many cases, so long as he is in the limelight and can make his constituents believe they have elected something exceptional as their representative, he is perfectly satisfied. He draws his pay and remains more or less unaffected by the depression.

How to make a living is the problem confronting most of the people today. They are too busy solving the daily bread puzzle to give much thought to anything else.

DID YOU EVER STOP TO THINK

By EDSON R. WAITE, Shawnee, Oklahoma

THAT advertising is the best selling force in existence. Advertising means the honest telling of goods or service.

Advertising brings a business before the public. Advertising is necessary for the success of any business.

It is necessary for a business concern to have quality in goods or service and to sell at a reasonable price.

Next, it is necessary to tell what they have for sale by truthful advertising and to continue that method so long as that business exists.

Newspaper advertising helps to meet outside competition more effectively and to secure trade that rightfully belongs to the home city.

Progressive business men today know that it pays to maintain quality and that it pays to advertise and tell the public about it.

The success of every business depends upon the reputation it has in the community in which it is located.

The needed reputation can be acquired only by service, quality and advertising.

Recognition of Russia Will Mean Sales of Cotton

By United Press

FORT WORTH. — Recognition of Soviet Russia by the United States and opening channels of trade should mean an annual market for 1,000,000 additional bales of Texas cotton, Dr. E. A. Elliott, head of Texas Christian University economics department believes.

This will be one of the two direct effects of Russian recognition, Dr. Elliott told the United Press. The other will be increased importation of sulphur from the United States. Texas predominates in American output of sulphur, he pointed out, and should provide the greater amount of the Russian demand.

Russia's potential cotton market will be the greatest factor felt by Texas, he continued. The Soviet Republics provide a market for 2,000,000 bales of American cotton annually, Texas will supply half of that, Dr. Elliott said, because it is the biggest cotton producer in the United States and because its type of cotton better meets the Russian demand.

Recognition of Russia with this cotton market should enable the federal government to forego the probability of plowing under or elimination in some manner of 9,000,000 acres of cotton land next year. One 9,000,000 acres between 2,000,000 and 3,000,000 bales of cotton, or the equivalent of the Russian consumption, will be raised.

Abandonment of the plow-up campaign will keep about 250,000 United States tenant farmers on their lands, Dr. Elliott said, about 80,000 of them in Texas.

The average person, the corner drug store or the village grocery probably will not be able to tell an appreciable immediate effect of Russian recognition, he said. The addition to his own private business may not be greatly felt but there will be a collective benefit which for the whole state should be of sizeable proportions.

Indirectly, recognition of Russia will have other effects on Texas, Dr. Elliott said.

Heavy industries of the East, steel and machinery, probably will be the first to profit. Workers in steel industries will consume more raw products, cotton, clothing and wheat, which Texas provides.

Russia, Elliott thinks, furnishes the world's greatest potential market for consumption goods. It's 160,000,000 people are all consumers of foreign goods, he pointed out, and not the upper classes

government and Russia have lead the best credits of any nation in the world," Dr. Elliott said. Another factor in favor of United States is the German internal policy which, he said, is alienating Soviet trade. "Moreover, the advantage of doing business with Russia is that you are doing business with the

The UNKNOWN BLOND

By Laura Lou BROOKMAN

Plans Made For Spring Racing Season In Texas

FORT WORTH. — Extensive preparations have already started for the spring horse racing meet at Arlington Downs, almost before the dust of the first meeting has cleared away.

Enlargement of the W. T. Waggoner course, with erection of larger stands and a longer track, is to begin about the first of December. Work on the track will start soon to have it in condition for the spring races.

The large crowds that swarmed to the recent meet overflowed the present stands. A new grandstand to seat 15,000 persons is to be erected.

Average daily attendance at the meet just finished was about 9,000, with the closing day attracting some 35,000. Altogether, some 200,000 persons witnessed the 21 day meet.

In addition an extension of the lawn in front of the stands and club house will be made to provide more room for spectators and to permit freer movement of bettors.

The pace at which fans played the pari-mutuels, turning over approximately \$2,000,000 in the meet, found the present booths inadequate. Additional, conveniently located betting booths are to be constructed.

With the 21-day spring meet, from March 29 to April 21, expected to attract many eastern horse training for the Kentucky Derby, stables for 200 more horses will be built. Stable facilities on the Three D farm could not take care of the more than 1,000 animals entered in the recent meet.

A larger number of horses is expected to be attracted by the \$10,000 added purse for the Texas Derby and the raising of the minimum purse from \$600 to \$700.

Grand Old Woman of Letters at 75

Back in 1909 Selma Lagerlof won the Nobel prize for literature. Still active and alert, Sweden's grand old woman of letters is shown in her latest picture as she neared her 75th birthday on Nov. 20.

HUTCHINSON, Kan.—Cooing may be a pain in the neck to some people, but a Hutchinson jury evidently liked it when attorney crowned for them just before they retired to consider a case. Barrister Don Shaffer crowned a parody on "Who's Afraid of the Big Bad Wolf," making it "Who's Afraid of the Big Bad Jury," singing the entire song. A favorable verdict to his client was returned.

THE side of the cardboard was...
...and studied the...
...a photograph of a man and a woman—the man sitting down, the woman standing, with one hand resting on his shoulder.

It must have been taken 25 or 30 years before. The woman's dress was white, a rather elaborate dress with ruffled skirt reaching to the floor and lace about the modestly cut neck. A style of dress worn, Bannister thought, in the early 1900's. In her arm she held a bouquet of roses. She was a pretty woman, young looking.

The man beside her was older. He appeared rather formidable in his black suit which must have been the utmost in elegance for its day. His dark hair, in Bannister's judgment, was badly in need of trimming. Bannister would have recognized with the heavy mustache the man in the photograph.

It was, beyond all doubt, a wedding picture. No need to take in each detail as the bride's bouquet of the sprig of orange blossoms pinned in the young woman's hair.

Yes, an old-fashioned wedding picture. A curious thing to find with the golf clubs and cocktail shaker and stack of "blues" records in the bedroom of the dead orchestra leader. Bannister studied the faces in the photograph. Neither so far as he could see, resembled Tracy King.

He did not know why he had put the photograph in his pocket except that he wanted to study it. Bannister and Link's coming had prevented that. He looked at the bottom of the card and read, "Swann Studio," in flowing gilt script. Below in smaller letters was the name of a town he had never heard of, located in another state.

For several moments Bannister looked at the two faces. Then he gave it up. There was certainly nothing in that old photograph to give him any information about Tracy King's murder. Nothing whatever. He slipped the picture back into his pocket and thought that as an amateur detective, he was probably the world's worst.

STILL he had the story of Melissa Hollister's quarrel with...

...the car turned into a wider street. The windows were already lighted and made the sky seem darker. Night had descended with the turn of that corner. This was down town Tremont—a thoroughfare on which ranged several small dress shops; a furniture store; a chain grocery store with a red front and another painted green; a second-rate hotel and a huge vacant building. A man entered...

Why Hospitals Use a Liquid Laxative

Hospitals and doctors have always used liquid laxatives. And the public is fast returning to laxatives in liquid form. Do you know the reasons?

The dose of a liquid laxative can be measured. The action can be controlled. It forms no habit; you need not take a "double dose" a day or two later. Nor will a mild liquid laxative irritate the kidneys.

The right liquid laxative brings a perfect movement, and there is no discomfort at the time, or after. The wrong cathartic may keep you constipated as long as you keep on using it! And the habitual use of irritating salts, or of powerful drugs in the highly concentrated form of pills and tablets may prove injurious.

A week with a properly prepared liquid laxative like Dr. Caldwell's Syrup Pepsin will tell you a lot. A few weeks' time, and your bowels can be "as regular as clockwork." Dr. Caldwell's Syrup Pepsin is an approved liquid laxative which all druggists keep ready for use. It makes an ideal family laxative; effective for all ages, and may be given the youngest child. Member N. R. A.

1¢ will make 6 CUPS of COFFEE ELECTRICALLY

Perhaps you need an electric refrigerator, an electric range or many of the small but convenient appliances that operate by electricity. We know that you will be astonished at the small cost of operating electric appliances. Ask us about the cost of operating electric appliances the next time you are in our store.

TEXAS ELECTRIC SERVICE COMPANY

It pays in Comfort and Dollars to make abundant use of ELECTRIC SERVICE!

There are thousands of homes in our territory making wide use of their electric service—enjoying the comfort and convenience it brings and paying a lower average rate for their electricity. In these homes an electric refrigerator cools the food automatically, an electric washer does work formerly done by hand and other electric servants do a dozen daily tasks. It is this wide use of electricity that brings a lower average rate.

In most homes, the use of electricity has reached a point that additional current may be used at a considerably lower rate. This encourages the use of many new electric appliances, for many customers find that they can double their use of electric service at only a small increase in their electric service bill.

Perhaps you need an electric refrigerator, an electric range or many of the small but convenient appliances that operate by electricity. We know that you will be astonished at the small cost of operating electric appliances. Ask us about the cost of operating electric appliances the next time you are in our store.

Welfare Club Asks Ranger's Help

The Child Welfare club is asking the help of the more fortunate citizens of Ranger looking forward to the Christmas good cheer baskets. This year these baskets will be presented to children only, each one containing gifts of candy, fruit, and toys.

This is where Ranger, as a whole, comes in. The club requests that all used and discarded toys which might possibly be mended and put in "playable" condition, be carried to the fire station. Those who cannot take their toys there, are asked to call Mrs. L. H. Flewellen, phone 568, or Mrs. E. L. McMillen, ring 316, who will call for the toys and carry them to the station. The Ranger firemen will mend the otherwise useless playthings, which will be packed in the good cheer baskets for children who, without the aid of the club, might not see Saint Nicholas this year.

For the sake of little boys and

Miss Henderson Hostess To Club

Miss Maxine Henderson entertained the Junior New Era club Monday evening with a bridge party at her home, Olden.

Orchid and white set the color scheme in simple floral decorations.

High score went to Miss Gillian Buchanan.

Bridge covers were laid for Misses Irene Chadwick, Gillian Buchanan, Lucille Buchanan, Betty Davenport, V. Marie Stephens, Ruth Shirley, Gladys Pinson, Lillian Strain, Jimmie Morgan, Eva Long, Emily Dreinhof, Marguerite Navokovich, Mrs. Susan Hunt, and the hostess.

Club Will Not Meet

The Child Study Club No. 1 will not meet tomorrow, but has postponed the next meeting time until Wednesday, Nov. 29, at which time Mrs. E. R. Green will be hostess with the program centering around the Thanksgiving theme.

Attend Congress

Among those Ranger women who are attending the Congress of Parent-Teacher Associations today at Sherman are Mmes. J. G. McGee, J. S. Reynolds, Jarvis, E. R. Green, H. Keith, and Miss Armstrong.

Y. W. A. To Meet

The Young Women's auxiliary of the Central Baptist church will meet this evening at 7:30 o'clock with the sponsor, 456 Pine. All members are urged to be present. A surprise program has been planned, with accompanying social hour.

Clinic To Be Held Here

Dr. A. G. Anderson, representative of the Educational Chiropractic Clinic, was in town yesterday arranging for a chiropractic clinic to be held here on Nov. 25 in the P. & Q. building.

Dr. H. W. McConnell, local chiropractor, will sponsor the clinic locally and act as host to the organization during their stay.

Clubs To Hear Convention Delegates

The 1920 and New Era clubs will meet Thursday in a joint hearing of local delegates to the Texas Federation of Clubs convention, in progress in Austin last week.

Mrs. M. H. Hagaman will speak for the 1920 club, with Mrs. O. B. Denny representing the New Era organization. Mrs. Clyde Davis will supplement the addresses.

All members of both groups are urged to be present at 3:30, colonial room, Gholson hotel.

Presbyterian Society In Strawn

Members of the Presbyterian auxiliary met yesterday with Mrs. L. B. Gray, Strawn, in an all-day study and social.

Places were laid for a covered dish luncheon at noon.

The study book, "America and Industry," was completed, with Mrs. Gray in charge of the discussion.

Junior Band To Be Organized

A junior band will be organized Tuesday, Nov. 28, according to an announcement by Bandmaster R. L. Maddox.

Anyone interested is urged to see Mr. Maddox this week.

The purpose of the new band is to fill vacancies which will be left open next year through the graduation of old members.

W. M. S. Has Royal Service Meeting

The W. M. S. of the Central Baptist church met at the home of Mrs. L. L. Bruce Monday in a Royal Service program.

Mrs. W. E. Mitchell, leader. The topic for discussion was "The Harvest of the Word in South America." After a song and prayer, Mrs. Sarah Scrivens gave the devotional. Mmes. J. E. Ogg and Garland Powell assisted Mrs. Mitchell with the program.

Flie and coffee were served to the following: Mmes. H. S. Packwood, E. S. Brink, J. L. Reed, Ben Whitehouse, Dan Neville, Claud Blacklock, E. Ogg, Garland Powell, D. C. Singleton, S. C. Mahoney, W. E. Mitchell, H. H. Stephens, W. P. Powell, T. J. Anderson, T. L. Dupree, Sarah Scrivens, L. M. Cook, T. A. Arney, Roy Baker, Pauline Frye, C. C. Cash and L. L. Bruce.

Circle Blanche Groves will meet with Mrs. T. J. Anderson next Monday for Mission study.

Circle Lottie Moon will meet for Bible lesson.

Eastern Star and Guests Honor Mrs. Rigby

The Eastern Star met in regular session Monday evening at the Masonic hall, honoring the deputy grand matron of the grand chapter of Texas, Mrs. Mabelle Rigby.

The chapter had as its distinguished guest, Mrs. Allie Benson of Breckenridge, chairman of unfinished business of the grand chapter of Texas, Order of Eastern Star.

Degrees were conferred upon Miss Marguerite Harmon.

The local chapter was honored with the presence of guests from Mineral Wells, Breckenridge, Eastland, Strawn, Abilene, Cisco, Desdemona, Gordon and Thurber.

Refreshments were served to 120 members and guests, one of the largest groups ever to have met in the hall in an Eastern Star session.

"Night Flight" Cast Boosts Six Stars

John Barrymore, Helen Hayes, Clark Gable, Lionel Barrymore, Robert Montgomery and Myrna Loy form the amazingly strong multi-star cast which interprets "Night Flight," picture opening Wednesday at the Arcadia theatre.

The story is a terrifically powerful tale of flying the mail by night in South America. It was directed by a man who holds a transport pilot's license, Clarence Brown. It is from the pen of Antoine de Saint-Exupery, a pilot on the very line he writes about.

Director Brown says of this tale, "Night Flight" is the only real, truly accurate, authentic and human airplane story so far written."

"Bowery" Is Drama With Many Laughs

The wicked eighties and the gay nineties may have been just that, but time is a jokester and in this year 1933 A. D., the days of Chuck Connors, Steve Brodie, John L. Sullivan and Carrie Nation, with their honky tonks, their spectacular bridge jumps, their bar-knuckled fights and their saloon wrecking, are richly, deliciously and frequently riotously funny.

At least, audiences at the Arcadia theatre yesterday found "The Bowery," the feature with which the new 20th Century Pictures

Methodist Banquet Time Changed

The Methodist get-together banquet, which had been planned for Friday night, will be held Thursday evening, 7:30 o'clock, at the church, with Dr. J. W. Hunt, president of McMurry college, Abilene, the guest speaker.

The banquet will honor Rev. W. C. Pugh.

Church of Christ In Bible Study

The Bible study of the Church of Christ met yesterday at the church with the lesson taken from the book of Romans, Rev. D. W. Nichol, teacher.

Quitting and visitation preceded and followed the lesson hour.

Reports show approximately 18 members present.

P. G. Club To Meet

There will be a meeting of the P. G. club this evening at 7:45 o'clock in Mrs. Ward's apartment, Gholson hotel. Plans will be made for the annual banquet Saturday, Nov. 25, at 8 p. m., in the home economics department, high school.

All members, new and old, are urged to be present this evening.

Society Showers

Mrs. Glenn Curry The mission society of the First Baptist church honored Mrs. Glenn Curry with a surprise miscellaneous shower yesterday following the Royal Service program. Gifts in pink and white wrap-

CONFUSION ENDED ON BRAN

New Ruling Corrects All Labels

To protect the buying public, the United States Food and Drug Administration has advised that every package of cereal labeled "Bran" state on the label exactly what it contains.

Before this ruling, even part-bran products were sometimes mistakenly referred to as "Bran." It was not easy for the purchaser to distinguish between a cereal that was entirely bran, or all bran with flavoring, and another that was mostly wheat.

Kellogg's ALL-BRAN is labeled "ALL-BRAN Deliciously Flavored with Malt, Sugar and Salt," a statement which describes the product fairly and honestly.

Kellogg's ALL-BRAN has won millions of friends because it corrects most types of common constipation safely and pleasantly. It furnishes generous "bulk"—needed to promote normal elimination.

However, ALL-BRAN is not a "cure-all." Certain types of intestinal disorders should be treated only on a physician's advice.

When you buy a bran cereal, for the relief of constipation, read the wording on the package. The facts are simple. Make sure by asking for Kellogg's ALL-BRAN. It furnishes "bulk" in concentrated form for satisfactory results.

At all grocers. In the red-and-green package. Made by Kellogg in Battle Creek.
