## Night Of Cisco To Armistice Game Protested

### CONTENTION IS LEAGUE RULES WERE VIOLATED

Formal Letter of Protest Sent To District Committee By Holloway.

R. F. Holloway, superintendent of the Ranger public schools, Saturday sent a letter to L. E. Dudley, chairman of the Oil Belt district committee, protesting Cisco's right to accept the Armistice Day game, which Ranger won from Cisco by a score of 7 to 6, and which Cisco protested on the grounds that Horace Hill was ineligible.

The right of Cisco to accept the game is based on an interscholastic rule which says that when evidence of ineligibility of a player is found by another school the information shall immediately be forwarded to the school on whose team the ineligible player is playing.

According to Mr. Holloway and other school officials, Roy Henderson, chairman of the interscholastic league, has stated that in such instances the school filing the protest should not be eligible to accept the forfeited game. Information has been obtained to prove that the officials of the Cisco High school inspected the birth records in Eastland several days before the Cisco-Ranger game and discussed the fact that they had evidence to prove Hill was ineligible. On the basis of this evidence the Ranger school superintendent is asking that, since Ranger has lost the game by forfeit, a defeat should be charged against Cisco on the grounds that they knew of the ineligibility and did not abide by interscholastic league rules in reporting it immediately, but waited until after the Lobos had been defeated on the gridiron before any protest was filed.

The letter, which was sent Saturday morning to L. E. Dudley at Abilene by special delivery this morning, reads as follows:

"To the Executive Football Committee, District No. 2.

"Mr. L. E. Dudley, chairman.

"Now comes R. F. Holloway representing the Ranger High school in the matter of the eligibility of Horace Hill and would represent to this body that on Wednesday of this week he mailed to the chairman, L. E. Dudley, a statement announcing that Ranger conceded the ineligibility of Horace Hill who played in the football contests against Eastland, Abilene and Cisco and further stating that Ranger was forfeiting those three games. Contemporary with this statement of forfeiture was the statement to the chairman over the phone that Ranger was not conceding the right of Cisco to profit by the forfeiture but that on the other hand the right to contest the claims of Cisco to any benefit as to standing in the district because of such forfeiture. This is to assert that right and for this purpose we are asking an early meeting of your committee to decide that issue.

"Bearing on the question we would show that Ranger played Horace Hill in absolute good faith, having no intimation that he was not eligible from the standpoint of

### Texas "Talkathon" Is Predicted As Candidates Make Announcements

By GORDON K. SHEARER  
United Press Staff Correspondent  
AUSTIN, Tex.—Texas appears doomed to endure a political "talkathon."

For many years, April 21, San Jacinto Day, was considered the earliest proper date for announcement of State candidacies.

Modern politicians have broken the precedent. Pat Neff had his first race for Governor virtually won by San Jacinto Day.

Senator Walter Woodward of Coleman, started the 1934 campaign with his announcement for Attorney General. Joseph Weldon Bailey of Dallas, congressman-at-large, declared himself in the race for United States Senator. Attorney General James V. Allred is expected to make his intentions on the race for Governor clear on Dec. 15.

At Austin there is practically no doubt that Allred's answer to Del Rio friends asking him to run will be a vociferous "Yes."

Allred's announcement likely will be the signal for statements from Lieut. Gov. Edgar E. Witt of Waco; State Senator Clint Small of Amarillo and others.

Gov. Miriam A. Ferguson will

not be heard until later. Political custom permits an office holder to be considered a candidate for a second term until contrary declaration.

Like the Walkathons, the "talkathon" will start off with an easy schedule. Many of the starting contestants will drop out early. There will be a big wedding on June 4. Before that day is over a candidate must have given official notice of intention to run. Some will drop out when the campaign assessment must be paid. County candidates can remain in their local race unofficially until June 16.

A first primary to be held on July 28, will narrow the contest down to two in each race. The run-off will be on Aug. 25.

Mrs. Alex Adams of San Antonio still aspires to be Texas' first Congresswoman. This time she will run in the new 20th Texas district which comprises Bexar county alone. Mrs. Adams left the recent convention of the State Federation of Women's Clubs, here, planning to announce her candidacy. Her prominence in club affairs cannot be used in her campaign, under a rule of the State Federation.

### TEST OF FIRST 3.2 BEER CASE BEFORE COURT

By United Press  
AUSTIN, Nov. 25.—First test of the 3.2 beer law reached the court of criminal appeals here today on appeal of Harold Letcher from a \$25 county court fine in Mitchell county.

A date for argument of the case has not been set.

Mitchell county still is dry territory under the local option regulation provided for in the act legalizing beer.

Several distinct points are raised in the appeal. One is there is no law in the state prohibiting sale of 3.2 beer in dry territory. Another contention is Mitchell county has remained dry and the beer act has not taken effect in it and the case should have been tried under the Deam law.

### DR. WYNEKOOP TURNED OVER TO THE SHERIFF

CHICAGO, Nov. 25.—Dr. Alice Wynkoop was turned over to the sheriff today for incarceration in the county jail on a charge of murdering her daughter-in-law, Rheta Wynkoop. Judge Joseph David granted a continuance in the case of her son, Earl, until Monday upon the promise of prosecuting attorneys that they would place a formal charge against him before the end of the day.

Both Rheta's husband and the mother-in-law fought to shield each other.

As their attorneys went into court seeking whits in their behalf, the mother-in-law reiterated her "confession" and the husband declared it was "a pack of lies."

"The only true statement in mother's confession was the part about Rheta was in a habit of weighing herself," said Earl's statement.

### BOYS AND GIRLS PLAY 10 TO 0 TIE

The Ranger Junior College football team played their second game in the Central conference and their fourth game of the season Friday afternoon when both the Johnson Plowboys and the Rangers were unable to score.

Earl Wynkoop, 27, above, faced grilling by Chicago police in the hunt for the slayer of his wife, Rheta, victim in one of the most eerie murder mysteries in the city's history. His detention was ordered while he was on his way west, after he was traced to Kansas City, Mo.

In the second quarter the two teams played on even terms again, after making a serious threat. The Rangers registering two first downs, while the Plowboys registered three. Again the punting kept the linemen busy moving all over the field to the right and left of the goal.

Throughout the remainder of the game neither team made a serious threat.

The Rangers registered seven first downs to six for the Plowboys and each team drew 25 yards penalties. The Rangers attempted 21 passes, three of which were completed for a total of 33 yards. 16 were incomplete and were intercepted. The visitors attempted 16 passes, two were completed for a total gain of 11 yards. Nine were intercepted.

The entire Ranger and Plowboy line played good defensive games. Both backfields were unable to make any considerable gains. The punting of Landers and Howard and the defensive play of Taylor and Murray for the Rangers was outstanding.

age, but believed that he was in all respects eligible; that the records as shown by the earliest scholastic census held in 1922 showed Hill to have been born in April 1914 and that the census records during his attendance in ward school kept him well within the age limit.

Over-confidence as to his age as indicated above admittedly prevented further and more extended search of the records as should have been made.

"We would further show as touching the right of Cisco to profit by our forfeiture of said games as follows: On two separate days prior to the date of the game with Cisco in which Hill, an ineligible man, was played which resulted in the forfeiture of the game, that Superintendent Clark and, or Principal Brandon, did visit the office of the county clerk in Eastland and called for the record of births of this county and were shown the record of Horace Hill, which disclosed the fact that Horace Hill was born April 7, 1913, not at a later date as was indicated by records quoted above.

In connection therewith it is our contention that upon discovery of said evidence Ranger should have immediately been notified first as a matter of good sportsmanship which, at least theoretically, we are attempting to instill in the boys we teach through the instrumentality of football; and second as a compliance with the spirit of the rule as laid down in the constitution and rules of the Inter-scholastic League known as Article 13, for settling disputes where eligibility is the question, which says that such evidence must be filed immediately after the discovery of the facts upon which the protest is based. Although the game had not been played and no protest could have been filed on Thursday or Friday prior to the game, the spirit rule would demand that upon discovery of such disqualifying evidence the same should be furnished the opposing team immediately, both in the interest of good sportsmanship and in compliance with the spirit of the rule. Otherwise any such evidence would be withheld for the purpose of administering a defeat to a team in the committee room,

New Aggie Coach Breaks Precedent; Gives Interview

Editor's Note: Homer N. Norton, head coach for the past eight years at Centenary college and one of the most colorful men in college athletics in the southwest, has been named head football coach at Texas A. & M. college. Herewith is the first of three articles on Norton, the teams he has coached and the methods used by this young grid mentor.

SHREVEPORT, La., Nov. 25.—Homer Norton, stockily built, soft-spoken southerner has broken precedent.

Faced by seemingly insurmountable odds, he has during his eight years as head football coach at Centenary college here demonstrated that a one-time all-around college athletic star may quickly become one of the leading coaches of the country.

Norton is ending his eight-year reign as coach at Centenary this year to succeed Matty Bell as head football coach at Texas A. & M. college, Southwest conference school.

The Norton-coached football teams have been the jinx to Southwest conference foes for a college generation. Year after year

his elevens have bowled over rivals, attaining a record of undefeated games unmatched this year in the southwest. The teams have been molded despite handicaps which would have made most coaches weary. A few of these follow: The enrollment at Centenary, a Methodist co-educational school, has averaged around 600 students, half of whom are boys. Freshmen classes at most southwest schools have equaled the total enrollment at Centenary and the number of candidates for football teams at many major schools, universities and colleges has been larger than the entire male student body at Centenary.

Norton has been able to draw only the "left-overs" of football material for the school is not a conference member, has no large alumni body to assist in bringing or interesting prospective football stars in Centenary.

Centenary lacks a large athletic coaching department found at most colleges or universities; Norton has actually been running a "one-man coaching staff" since he was appointed successor to Ho M. Millan, former Centre college football star.

Yet, in the fact of these apparently insurmountable difficulties, Centenary has written a modern football romance.

When the school celebrated home-coming last week its team had played 18 games without defeat. Southern Methodist university of Dallas, a leading Southwest conference member, lost 7 to 0, to be the eighteenth consecutive team to be unable to defeat the Gents.

From 1927 to 1932 inclusive Centenary scored 1,073 points to its opponents' 356.

In 1930 Centenary lost one game, that by a 7 to 6 score to Texas Aggies. Revenge was had against three other members of the Southwest conference including Texas, Baylor and Arkansas. The University of Iowa was also defeated by the 1930 Centenary team.

In 1932 the Centenary Gents were undefeated. They romped to victory over Texas, Ole Miss, Southern Methodist university, Texas Aggies, Louisiana and Arkansas.

Baylor and S. M. U. were defeated this year and scoreless ties were played with Texas and Texas Christian university. Louisiana State was also tied.

Thus the football honors which Centenary followers aver should give the school national rating is not a hollow one. The Southwest conference teams play a brand of

football that needed no apologies anywhere. Centenary outplayed the Southwest elevens in every department in the past three years. Centenary boosters, also insist the teams' records since Norton took charge are evidence that the coach himself is something of a precedent-breaking man. When Norton came to Centenary as an academic instructor and part-time coach he was 21 years old and had been graduated from Birmingham Southern, where he was awarded the school's medal as the best all-around athlete. He had won letters in four major sports—football, baseball, basketball and track.

Pioneer Eastland County Woman Was Buried Saturday

Mrs. Mary Usery, pioneer woman of Eastland county, died Friday at her home near Carbon. Funeral services were conducted at Carbon Saturday, followed by burial in the Eastland cemetery beside her husband, who died about 35 years ago.

Survivors include W. R. Usery, P. J. Usery and Miss Minnie Usery, all of whom reside near Carbon.

Mrs. Usery and her husband lived in Eastland about 35 years ago where Mr. Usery was engaged in the mercantile business. It was while the family resided in Eastland that Mr. Usery died.

Now scientists say the universe is at least 5,000,000,000 years old. Those fellows seem to use big figures so freely, apparently a zero means nothing to them.

When the Five Senses Went to Market

SEEING, tasting, touching, smelling, hearing. All of the five senses needed to be alert when your grandmother went to do her shopping. She poked at this, tasted that, lifted covers and sniffed, asked many questions of the harassed clerk behind the counter. She had to do it that way. For the most part, goods were not standard; there were few well-known names in merchandise—few names to invite confidence and trust.

Now the sense of sight plays the important role. You SEE a brand name on a package—a name you know—a name which immediately gives you confidence. You don't need to touch, taste or smell the contents. It's an old friend; you KNOW it's always the same, wherever and whenever you buy it. It's an advertised product! Remember that consistently advertised goods must be worthy, or they couldn't be consistently advertised. Take advantage of the modern way of shopping. Read the advertisements regularly. Learn how pleasant it is—how much time and trouble you save—to be able to buy on SIGHT alone, with your mind all made up before you start.

The minutes you spend reading the advertisements are much more than made up by the minutes and steps you save in the regular routine of shopping.

### Ranger CHURCHES

#### ST. RITA'S CHURCH

Masses today will be at 8 and 10 a. m. by Rev. M. Collins. This is the last Sunday after Pentecost and the epistle read is taken from the Epistle to the Colossians 1:9-14; and the Gospel is from St. Matthew XIV.15-35. Thursday is Thanksgiving Day and Mass will be at 8 a. m. All of us should say some special prayers on that day to the good God for His kindness and mercy. He has produced more than enough of food for all but avaricious men and women keep more than they need and leave their fellow men go hungry or even starve. ### DERRICK SHADOWS

By V. MARIE STEPHENS

Did you see them Friday night?  
Hundreds of little boys and girls pressed inquisitive noses against gay Christmas windows . . . and awaited the initial 1933 appearance of the fat god . . . Santa Claus.  
We got in the milling mass . . . and immediately wished we hadn't.  
We were stepped upon, pushed, pulled, and bumped in a terrible fashion.  
We had never appreciated the real strength of small children . . . when Santa is just around the corner.

But we were a bit thrilled ourselves. You really should have seen them . . .  
Miniature telephones, automobiles and trains.  
Shaggy cats and dogs and monkeys.  
Tea sets and dolls and hoggies.  
And in the milling throng we saw some . . .  
Who looked and thrilled and hoped . . .  
And will not receive.

They were all tattered and torn, and a shade dirty, too.  
They ate the candy thrown them . . . greedily.  
They were hungry and cold and too old for their years . . .  
Right here in Ranger, they are that way.

Don't forget the Child Welfare Club . . .  
Don't forget their Christmas plea to you . . .  
Don't forget the fire department and their willingness to mend the old things around your house.  
Don't forget to GIVE on Christmas.

Little tots can't understand why there is no chimney . . . and no Santa Claus . . . and no candy and fruit.  
Let's put off such sad explanations until they must face them for themselves.  
Let's do our part by providing old toys for holiday happiness.

And with the thrill of your own Christmas coming nearer and nearer . . .  
Don't let the dread of a disappointed little boy or girl spoil it.  
Just do your part with discarded playthings.

The Child Welfare organization will do the rest.

### Billions of Hours of Electricity Made in Texas Last Year

By United Press

AUSTIN.—Enough electricity was generated in power plants in Texas last year to burn a 50-watt globe 45,120,623,660 hours.  
The figures disclosed by the United States bureau of the census have been gathered from 234 generating stations.  
They reveal the total output of electrical energy for the year was 2,256,081,183 kilowatt-hours. This was an increase of approximately 25 per cent over the output when the census bureau gathered similar figures in 1927.  
Reports came from 64 concerns, 30 of which were commercial and

### 34 municipal. There were 99 reporting establishments in 1927, of which 56 were commercial and 33 municipal.

The reduction in the number of commercial establishments, the report explains, is due to centralization of ownership of plants, and the absorption of independent concerns.  
Compared with the 233 generating stations in 1932 there were 309 in 1927.  
Four establishments reported idle generating equipment during the year.

### SQUAWS PICK TRIBE'S CHIEF

By United Press

MONTREAL.—Squaws and maidens of the Wolf clan, one of seven Indian tribes living peacefully side by side on the govern-

### ment reservation at Caughnawaga, near here, have chosen a 10-year-old boy as their new chief.

The braves had nothing to say in the matter of the choice. The new chief, little Joe Two Axe, the son of Grand Chief Diminick Teharif-ho-ken, was chosen because he is a pure blooded Indian, one of the main requisites for clan chieftainship. Henceforth, he will be known as Swatis-sarahoe-wanah.

### AUCTION END OF FORTUNE

By United Press

LA CROSSE, Wis.—The end of a \$2,000,000 fortune, accumulated and lost within 50 years, was marked here with the auction of furnishings, paintings, books and curios of the late Jason C. Easton. The fortune was built up by Easton at Chatfield, Minn., in the '70s through banking, farm develop-

### ments and railroad building. He came to La Crosse in 1888, built an ornate, three-story mansion, tables, cottages for employes and a half-mile race track.

### SEATTLE FOOTBALL FANS GET "FOG CHECKS"

By United Press

SEATTLE, Wash.—It was a new one on 1,500 football fans when they were issued "fog checks" at a scheduled double-header at Civic stadium. Broadway and Olympic Heights started their contest but it became so foggy at the end of the first half that the game was cancelled. Spectators left the stands at the first kickoff and were about 10 yards behind the offensive team to follow the play in the old-fashioned London "pea souper."

**Mrs. Maddocks Gives Report Of Sherman Convention**

Mrs. C. E. Maddocks, Seventh Vice-President of the Texas Congress of Parents and Teachers, and local delegate to the convention which was held in Sherman November 20-23, has returned to Ranger and reports a convention attendance of 500.

Mrs. Maddocks is also director of health and chairman to nominate chairmen of committees. She reports six more vacancies to be filled by the board of managers naming parent education, publicity, program service, rural extension, school education and character education.

The convention theme for 1934 was "The Child and His Community."

Mrs. A. F. Wood of Athens, President of the Texas Congress of Parents and Teachers, extended convention greetings. She reminded the group that the convention held was in the welfare of the children of the state, pointing out that the "program of service to our membership, schools and community is so broad in scope and of such vital importance to the well-being of the citizenry of Texas, that we should pledge ourselves to uphold the policies of the organization and carry the 'Gospel of Child Welfare' into every school district within the confines of our borders. The strong should help the weak, should be 'Child Welfare Missionaries' so to speak."

Sherman has 17 Camp Fire groups and 14 Boy Scout groups. Members of these gave a ceremonial at the opening session of the convention Tuesday. Mrs. H. S. Hall organized Camp Fire in Sherman and has been president of district 4 and a national director. She won for her Camp Fire group a few years ago the Harriman Medalion offered to the most outstanding group in the United States.

Outstanding speakers during the meeting period included the mayor of the city of Sherman; Mrs. Edward Kneeland, Dallas, State Honorary Life Vice President from District; Mrs. Noel P. Armstetter, treasurer; Mrs. L. E. Ledbetter, State Chairman; Mrs. C. E. Roe, National Field Secretary; Miss Marian Telford, National Chairman of Safety, and numerous other state and national officials.

New officers were installed, resolutions under Mrs. Maddocks read, and adjournment voted.

The 1934 convention of Texas Congress of Parents-Teachers will meet in Corpus Christi.

**Thanksgiving Dinner Will Be Served by Cooper P. T. A.**

There will be a Thanksgiving dinner served at the Cooper school Tuesday, Nov. 2, at high noon. The menu will consist of turkey and dressing, gravy, vegetable salad, candied sweet potatoes, cranberries, pie and coffee.

Mrs. Tom Shaeffer entertained with a dinner at her home, Cisco, Friday evening honoring Miss Charlotte Ratliff and James Wilson Burrage, whose approaching marriage has been announced for

Nov. 30. Mrs. Clem Ratliff, mother of the bride-elect, was a guest at the affair.

Mr. and Mrs. Shaeffer are former residents of Ranger. Mr. Shaeffer is an employe of the Lone Star Gas company.

**Club Again Urges Help In Christmas Plan**

The Child Welfare club of the city continues the plea for broken and discarded toys, looking forward to making this a happy Christmas for the more unfortunate children.

This year, baskets will be presented the children, only, each one containing toys, fruit, and candy. The public is urged to cooperate as quickly as possible in this plan, in order that the gifts may be put in good condition before the rush of the last few days.

The club requests that all used and discarded toys which might possibly be mended and put in "playable" condition, be carried to the fire station. Those who cannot take them there, are asked to call Mrs. I. H. Flewellen, phone 548, or Mrs. E. L. McMillen, ring 316, who will call for the toys and carry them to the station. The Ranger firemen will mend the otherwise useless playthings, which will be packed in the good cheer baskets for children who, without the aid of the club, might not see Saint Nicholas this year.

For the sake of little boys and girls who cannot understand the depression and who, in spite of it, still dream of a bewhiskered Santa, the club extends the plea for toys.
