City Delivery Plans Outlined

Since the establishment of city Delivery Service has been approved, and will probably be started sometime after Jan. 1, 1963. It is necessary that each house have the proper house number placed on it and provide a mail receptacle or a door slot in order to receive delivery of mail. Business Houses are not required to provide mail receptacles or door slots, if they are open and someone is on hand to receive the mail when the carrier calls. There will be two city routes one and two. Route one

will start on South West 5th & Northwest 5th and cover all of the city West from this point. Route two will cover all of the Business Areas first and then pick up the balance of the residential area over to Southwest & Northwest 5th St. It is suggested, that all patrons that plan to use City Delivery service, start at once getting their mail address changed to the street and house number. It will not effect the deliver to their box at the present time, as we know where their boxes are. Change of address

cards to be sent to the publisher may be picked up at the Postoffice. It takes from six weeks to three months for publishers to change the address on magazines and newspapers. While we are on the subject of Delivering Mail, I would like to remind the Star Route Patrons, how important it is to have their name placed on their mail box in some manner, that the carrier can see it from his approach direction. To give you an example of how important this is: Due to a death

in Route 4 Carrier Family, he and his wife (who is his substitute carrier) were gone for two days. One of the other carriers and myself carried the mail on his route. We were not familiar with where each patron lived and there were over half the boxes on this particular route that did not have names on them. This makes it very con-

mexed up and in the wrong box. Please Stencil, write or print your name on your box. This will help the regular carrier to keep your mail straight and give better service, also it will be a big help in cases of emergencies, when someone not familiar with the route has to deliver the mail. Within the next few days POD Form 5431 "Standing Delivery-Star Route" will be placed in the Star Route mail boxes, these cards must be filled out, and signed, and returned to the carrier or Postoffice. The Postal Inspectors are stressing the fact that this must be done. Please fill these cards out and return them. Ernest L. Davis, Postmaster

"TELL ME WHEN YOU SEE THE TWO LINES CROSS", asks Patsy Davis, R. N. (right) of Kim McGill (left). The attractive, vivacious young lady is co-operative nurse for Hart and Nazareth. She is checking Kim's eyes who is a student at Hart. Machine being used is the Visual Survey Telescopical. Mrs. Davis comments, "It is real fine equipment." Both schools are co-operating together in buying this checking equipment. The schools have also purchased a Maico-Adiometer which is used for checking ears. Mrs. Davis, school nurse, finds her week filled as she spends Monday, Wednesday, and Friday at Hart and Tuesday and Thursday at Nazareth. Her nursing duties include seeing all students have vaccinations for smallpox, repair of minor injuries, and taking students home who are ill. Her job concerns the health of the student. She took her training at Methodist Hospital of Dallas. —Staff Photo

THIRTY SIXTH YEAR

DIMMITT, CASTRO COUNTY, TEXAS, THURSDAY, NOVEMBER 1, 1962

16 PAGES—NUMBER 2

This column all but became a casualty of an over workload in the back shop this week. A shortage of printers and a deluge of business put a retired printer back in harness. I can't say that I am enjoying it, but I believe that I can take it. Now for the purpose of this short column, and just to keep the record straight, politically, and after much thought and meditation I have decided to vote the general election ballot straight, that is the Democratic column. If I had ever entertained the idea of voting for one or more of the Republican nominees, the urge would have been killed by their campaign tactics. There has probably never been a more vicious campaign than those waged this year by some of the Republican candidates. In many of the races the opponents were pictured as disloyal to the government and yes, even subversive. In very few instances have they presented a constructive program. We had planned to comment on the various state races, but like we said we have been busy in the mechanical department. We are especially concerned about one race and that is the one for the congressional seat from this district. Walter Rogers has served the District well, he has made an enviable record and is highly respected by the entire Congress. He deserves an overwhelming vote of confidence from his constituency, and the only way for him to get it is for the people of the district to get out and vote. If the Democrats in this district "let George do it" there is going to be an abundance of sadness come Wednesday morning. The north end of Walter's district is Republican and don't you doubt it. If the Democrats of Castro and other Democratic counties don't go to the polls you will in effect be sending a John Birchler to Congress. Another thing that is well for a Democrat or a Republican to remember is that the party delegate strength to the State convention in 1964 will be based on the number of votes cast for the party nominee in the general election. Give it some thought, then vote. —adace—

Just this and I must go and make up some pages. In a column Monday called A to Z in the Amarillo News, the writer after upholding and testifying for the John Birch Society, quoted an acquaintance, and proudly: "At long last" or something to that effect, "I am again proud to be an American." I assume the man recovered his pride in his country flowing the Cuban blockade, but the pitiful and sad part was that he had ever lost pride in his country, because it was strictly his fault, a weakness in his character or lack of stability or something. Dedicated and loyal Americans have never lost faith in their country.

Hart Social Study Classes Emphasize Citizens Voting

Social study classes of the 6th grade in Hart are working on a project each six weeks. This six-week project is emphasizing citizens going to the polls and voting November 6. According to G. C. Graves, elementary principal, the students are organized into committees which ask citizens and parents to get out and vote, November 6. Other activities on the project include making posters for the community (asking local citizens to vote) and giving information to parents on the day before election reminding them to vote. "Also, the students are studying the proposed amendments in order to talk intelligently with parents concerning voting," comments Grav Graves.

LOCAL TALENT USED at the Castro County Unit of TSTA meeting, Thursday night at W. E. Reisdorph (left), principal of North Grade School of Dimmitt; Sister Benedict Marie (center), teacher at Nazareth; and Malcolm Atwood (right), H. S. principal at Hart. These speakers presented the TSTA program, teacher ethics, and professional teaching standards. This meeting is the first of three to be conducted during the school year. The teachers were served dinner in the South Grade School Cafeteria of Dimmitt. Other local talent will be presented during the year. See page 8 for story. —Staff Photo

VOTE, NOVEMBER 6, advises these students. Six grade classes of Hart have been making posters, placards, and reminding parents to attend the polls and vote, Tuesday. Shown here is the students of Class 6B. These pupils have been studying the legislature which will be voted on during the general election. They are preparing to answer citizen's intelligently. This project covered six-weeks. Other projects of the year include making a map of the British Isles, keeping up with current events in governments, and working on the program of world peace. In the latter program, students are corresponding with 25 foreign students all over the world. Letters are sent air mail and cost 11 cents each. No mistakes are allowed in the letters, which works in conjunction with English and literature. Citizenship training begins for these students as they learn the value of being a responsible voting American. (Editor's Note: Judge Wilson is out of town this week and it has been impossible to get the names of the election judges of the 15 voting precincts. However, we assume polling places for the general election, Tuesday, November 6 will be the same places used in the past) —Staff Photo

Bobcats Bump Friona And Take Week Off

Ripping, roaring Bobcats tromped the Friona Chiefs 48-6 in Friday night's second conference game. Friona started with a rush as they put 6 points on the scoreboard in the first quarter. The Chiefs scored their only touchdown on a recovered fumble at the 4 yard line. The Chiefs made the score on a fourth down pass play. Extra point failed as Friona tried to pass. Enraged Bobcats bounced back into the second period with three TD. James Cowell scored on a 20-yard run off tackle. Extra point pass was good. After the kickoff, the teams played a defensive ballgame until the Bobcats struck again. Second TD came after a long drive downfield. Cowser bulled his way 6 yards up the middle to hit pay dirt. Battling

Bobcats were not content without a third score before the half. James Cowell high-stepped 30 yards off tackle on the right side for the final scoring of the period. Extra point pass from Ratcliff to Battles was good. Halftime score was 22-6. After the half, Dimmitt Bobcats received the Chiefs' kickoff and pounded their way into Friona territory to score after three plays. James Cowell took the pigskin 8 yards off tackle for the first touchdown in the third stanza. Extra point pass was good. After the kickoff, Dimmitt defense tightened their line and took over four plays later. Growling Bobcats slashed the Chiefs as Steve Hutton took to the air for the next TD. Hutton completed a 44-yard pass to Gary Winkle. Fourth period found the Bobcats

still stomping over the goal line. James Cowell snatched a Chief's aerial and danced 36 yards for a TD. Bobcat defense showed their training as they forced the Chiefs to punt. Still hungry for touchdowns the Bobcats marched down to the 7 yard line where Gary Winkle plowed through for the last TD. Final score 48-6. Fast running Bobcats racked up 18 first downs while the Friona Chiefs made 5. Dimmitt penetrated 8 times while allowing only one penetration by Friona. Bobcats made 201 yards in the air while they piled up 320 yards in rushing. Total yards in rushing and passing was 501. Running, dancing, and high-stepping down the field, James Cowell carried 17 times for 179 yards giving him an average of 10.1 yards per carry. Battles carried 3 times for 8 yards giving an average of 2.8 yards per play. Cowser ran 8 times for 56 yards with an average of 7 yards per play. Ratcliff carried twice for 11 yards giving him an average of 5.5 yards. Nichols carried 5 times for 24 yards giving him an average of 4.8. Summers made 19 yards in three carries giving him an average of 6.3 and Winkle carried 5 times for 23 yards averaging 4.6 yards per play. Passes completed giving the most yardage was from Ratcliff to Cowser for 30 yards, Ratcliff to Killingsworth for 25 yards, Hutton to Clint for 37 yards, Hutton three two passes for 64 yards to Winkle, and Hutton completed two passes to Harley for 30 yards. Outstanding in number of tackles and assisting in tackle were Aldridge, 11 tackles and 2 assist; Daniels, 9 tackles and 6 assists; H. Daniel, 9 tackles and 1 assist; DiCuffa, 8 tackles and 4 assists; Axe, 7 tackles and 1 assist; J. Nichol, 7 tackles; Hutton, 6 tackle and 3 assists; Dyer, 6 tackles and 1 assist; Winkle, 7 tackle; Burkett, 5 tackles and 2 assists; and Neal, 5 tackles and 1 assist. (Continued on Page 3)

ASC Office Cites Grain Program

Charlie Hill, manager ASCS office says "We wish to bring to your attention a number of important points in connection with the 1963 Feed Grain Program which should be of interest to all barley producers eligible to participate in the program." 1. Voluntary Program - The 1963 Feed Grain Program will be a voluntary program in which a farmer may divert an acreage of barley, corn or grain sorghums to a conservation use, receive a diversion payment, a price support loan and a price support payment. 2. One Program - For 1963, barley, corn and grain sorghums are combined into one program. 3. Base Acreage - Base acreages for each of the feed grains (barley, corn and grain sorghums) produced on the farm in 1959 and 1960 will be combined into a total 1963 feed grain base for the farm. 4. Minimum and Maximum Diversion - A producer may divert a minimum of 20 percent of the total feed grain base for the farm, a maximum of 50 percent or up to a total of 25 acres, whichever is higher. In order to be eligible for any payments or price support on any of these feed grains, he must comply with the intentions shown on the agreement. 5. Diverted and Permitted Acres A farmer may choose to divert from one or more of the feed grains represented in his total base and the sum of his plantings of barley, corn and grain sorghums may not exceed his permitted feed grain acreage. 6. Payment or Diversion - Advance payments will again be available at time of signup. Final payments will be made after compliance has been determined. 7. Maltng Barley - Maltng barley will be treated as all other

barley. The improved supply situation does not warrant a malting barley exemption. 8. Compliance on other farms - To be eligible for a diversion payment and price support on one farm, a farmer must not exceed the total feed grain base acreage on any other farm in which he has an interest. 9. Signup Period - Deadline Date December 14, 1962. 10. Winter Barley - Farmers who have already planted their 1963 barley crop will be able to participate in the 1963 Feed Grain Program provided they reduce their 1963 acreage of feed grains (barley, corn and grain sorghums) by at least 20 percent. As in the past, farmers will be given an opportunity to adjust any excess acreage by a disposition date. The above is a general outline of the 1963 Feed Grain Program. Additional information, which will include the base acreages, yields and payment rates established for your farm, will be mailed to you prior to the signup period.

First Baptist Pastor Attends State Convention

Rev. M. A. Smith, Jr. and wife are attending the State Baptist Convention at Fort Worth this week. Approximately 5,000 Baptists were there for the opening of the 77th annual meeting of the Baptist General Convention of Texas. Three major items of business was scheduled for consideration this year. The three-day meeting was conducted in Will Rogers Memorial Coliseum, October 29, 30 and 31.

Matters on the agenda for discussion included consideration of a record \$14,876,807 missions budget for 1963, election of more than 300 trustees and directors of the 25 Baptist institutions in the state and a convention vote on three proposed new Baptist institutions.

Voting today concerned the acceptance of the gift of a 200-bed hospital facility, proposed to be built at Amarillo by the Amarillo area Foundation.

Baptists will be required to operate the debt-free \$5,000,000 institution as a general hospital.

Other proposals were a recommendation that the convention assume ownership and operation of Mexican Baptist Bible Institute in San Antonio and the Valley Baptist Academy in Harlingen.

Delegates voted on a proposed state-wide Baptist evangelistic crusade in 1964 designed to reach more than 2 1/2 million Latin Americans.

A special report was given Wednesday night on the Japan Baptist Crusade sponsored by Texas Baptists. Featuring Billy Graham, the vast evangelistic effort will be conducted March 26-May 6, in Japan with some 600 Baptist ministers and laymen leading revival meetings in the country.

Special emphasis was placed on inspirational preaching during the convention according to Dr. James H. Landes of Wichita Falls, president of BGCT. Convention according to Dr. James H. Landes of Wichita Falls, president of BGCT. Convention theme was "God's Word for God's World".

Featured speakers of the convention were Dr. Herschel H. Hobb of Oklahoma Southern Baptist Convention, Dr. Baker James Cauthen of Richmond, Va., executive secretary of the Southern Baptist Foreign Mission Board, and Dr. Robert Hinton of Cleveland, Ohio, a medical doctor who led a recent mass inoculation project against smallpox in Liberia.

DEAR CASTRO COUNTY NEIGHBORS:

In case Frank Ford's opponent has told you that he is going to carry Hereford against Frank, we would like to set the record straight. Frank Ford is going to carry Deaf Smith County because he is respected and capable. His opponent has waited till the last minute to campaign and then resorted to such childish tactics as pasting bumper stickers all over vacant buildings without the owner's consent and making big claims about support which he doesn't have. We think people in these parts are tired of double-talk and Lyndon Johnson control of Texas politics. So let's elect Frank Ford as our State Representative and have a man that we can be proud of in Austin.

Tacky! Tacky! It Was A PARTY!

It was odd-attired men and women appearing at Lee St. Baptist Church Monday night, 7:30 p.m. Young Adult Class of the church gave a tacky party.

Each couple was given a clue on where the party was to be conducted. They were required to search until the meeting place was found. Final destination was a barn on Wayne Henderson's farm north of town.

Activities at the party included a beauty contest. Pastor Allen J. Owen was judge. Contestants were eliminated to six who were required to show their talents. Final three top contenders had to make a one minute speech before receiving their prize. Joe Weatherford spoke on "Why I Like Syrup On My Butter". Eloquent Tommy Keen Keener addressed the group concerning "Why Elites are Going In Butter". Martha Morton brought an inspiring speech on "Why I like Pancakes Upside Down".

Joe Weatherford was awarded the tackiest man while Martha Morton received the prize as tackiest woman.

Featured star attraction of the evening was Tommy Keener who came as the prettiest lady of the party. He was dressed in a white faille formal featuring a satin undershirt. His wrap for the evening was a white wool stole. Accessories included white satin hat and shoes with matching gloves. His white gown was accented with black pantloons and gold jewelry. The Halloween theme was carried out in the decorations and games. Rev. Owens ended the party with prayer.

CROP Shares With Needy People

Tell an American that two-thirds of the world's people go to bed hungry and chances are he won't believe you. Even if he does, he's likely to respond, "That's terrible, but what can I do about it?"

Individually, there is little he can do about it. But working together, Americans can share their abundance with the two billion persons who climb into bed (of they are lucky enough to have a bed) with empty stomachs.

Member churches of Church World Service—long concerned about the world's hungry—have adapted their shipping and overseas distribution facilities to handle food-stuffs collected in community appeals. The appeals are known as the Christian Rural Overseas Program (CROP).

Since 1947, CROP has handled \$14 million worth of supplies for export to relief agencies overseas, paid for the handling and distribution of a half-billion pounds of government-donated food valued at \$46 million.

Yet feeding hungry people for a few weeks does little to solve the problems that caused the hunger in the first place. Aware of this, CROP is gearing more of its aid toward "self-support" programs, especially in Latin America, the Middle East, The Congo, Korea and Hong Kong. Hundreds of the thousands of refugees from famine struck Red China have already overtaxed Hong Kong's food supply and made the situation critical.

Recently, a road project in southern Haiti was in danger of being abandoned because of a lack of funds. CROP offered food gifts as "workpayments", and the project was completed. Not only were the road workers able to provide for their families and themselves in a dignified way, but the completed road connected a remote village to a main highway. Soon after, industry moved into the area, creating work for the unemployed of the village.

Expressing their gratitude in a letter to CROP, the villagers said that "aid in this form is a neighborly handshake, not a degrading hand-out."

Nazareth Raids Bula 20-14

Nazareth Swift swept away Bula Friday night in a 20-14 win. This was Nazareth's second conference game of the season.

During the first quarter, the Swifts tore into Bula territory as Raymond Schmucker scored on a 7-yard plunge up the middle. Denis Gerber ran the two extra points. The remainder of the period was a defensive ballgame.

Nazareth Swifts poured on the power and speed in the second period to score again. Philip Brockman passed to Tommy Wethington who later ralled to Raymond Schmucker for a 40-yard touchdown play. The final TD of the first half was made from a new spread formation adopted by the Swifts. Extra point failed. Halftime score was 14-0.

Pigskin started popping in the third stanza for both teams. Nazareth took the opening kickoff and marched 50 yards for their final touchdown of the game. The TD came on a 20 yard pass from Brockman to Wethington. Extra point failed.

Bula came alive and started moving the ball. They scored on a run by Archer, quarterback. Extra points were made on a pass from Archer to Gene Autry, end. Score stood 20-8 at the end of the third quarter.

Bula hit pay dirt in the fourth stanza for their final TD. Archer

Texas Congress of Parent-Teacher Association adopted the resolution last year to encourage its member to pay their poll tax, get out and vote in all elections.

Many countries cannot express their choice of public officials by voting, we are most fortunate in this country in having the privilege of voting for our representatives.

This privilege was not given to us free. Our forefathers labored and died so we might have this honor. This is part of our American Heritage. Let's not throw away our vote by not using it. Regardless of which candidate you are for, get out and VOTE November 6.

Coach Aldridge declared, "Our defense was the weakest of the year in this game."

Cotton Center will invade the Nazareth Swifts' stadium, Thursday night at 7 p.m. This will be a conference game.

HERE'S WHY EVERY TEXAN SHOULD SUPPORT HARRY J. Hubbard for Commissioner of Agriculture

1. He will fight for individual freedom, private property rights, free enterprise, states rights, and responsible self government. He unalterably rejects New Frontier socialism and an all-powerful Federal government.
2. He knows the evils of dictatorship, and he will use his knowledge to help defeat communism and socialism.
3. He will fight to free Texas agriculture from restrictive labor legislation.
4. He will help lower food costs by eliminating wasteful, unworkable farm programs.
5. He will fight to liberate Texas agriculture from ruinous Federal controls.
6. He will help keep Texas meat producers free from Federal controls to assure a plentiful supply of meat for Texas consumers.
7. He will help prevent the kind of Federal control . . . that has almost destroyed agriculture freedom . . . from spreading its destructive power over schools and medicine.
8. He will use his 28 years of administrative experience to give the office of Commissioner of Agriculture the degree of importance that today's vital agri-business deserves in Texas.
9. He will use the office of the Commissioner of Agriculture as a point of contact and, as a voice for Texas as a whole, to stimulate the best economic interests of farmers, ranchers, industry, and consumers.

Four out of ten Texans depend on agriculture and related businesses for a living . . . and this "agri-business" affects the lives of every Texan! Wherever you live in Texas . . . in a city, or on a farm or ranch . . . you will live better when Texas has an effective Commissioner of Agriculture!

NEWSLETTER FROM Senator JOHN TOWER

Congress In Review: The Congress, in its wisdom, deleted more than from the Kennedy Administration proposals, that would have totaled \$96 billion plus, as submitted according to an Associated Press tabulation. The total would have been more than \$5 billion in savings, had Congress not increased Kennedy-McNamara proposals for the military by about \$500 million, to strengthen our defense position in several key areas. This vast spending budget of \$92 billion plus, Kennedy deficit for the fiscal year, with various Senate Committee analysts already predicting the deficit figure will be at least \$8 billion. This spending total is exclusive of the \$9.431 billion we must spend this year for interest on the national debt, which is a permanent appropriation, and is not voted on each year.

In review, Congress defeated the President's proposition that there be created a Department of Urban Affairs. I am glad that this measure was defeated because I am convinced that it would mean the further intrusion of the federal government into the affairs of the state and city governments.

Congress defeated the medical care proposal of the President which would have created a federally-sponsored medical care program, under Social Security. This was defeated by a very narrow vote, throughout the country, as bill that should have been defeated.

Congress voted large appropriations for foreign aid, but reduced JFK requests by about \$1 billion.

The Farm Bill, as passed, is bill which satisfies no one. Advo-

ates of outright regimentation of the farmer fee that it does not go far enough. There are many of us who feel that it goes too far. I look forward to the day when we regulate economy.

We defeated outright a number of the Kennedy Administration bills, and it should be noted that most of those which were passed, were not approved in the form which the President originally requested.

There are notable failures of the President in the foreign policy field as dramatized by the Cuban situation, and the failure of this Administration to save any money, and to show any fiscal responsibility, is tragic.

Administration advocates, who try to "point with pride" to the enactment of any considerable part of the President's New Frontier proposals, are hard pressed. Aside from the usual money bills, or Departmental appropriations, and the foreign trade bill, the measures that came through the legislative hopper are really only bits and pieces of what the President sought to obtain. And most of the trimming saved the taxpayers money.

Foreign Trade Bill: I regret that the Foreign Trade Bill, as passed by Congress and signed by the President, and now the law of the land, was pretty much what the Administration wanted. I testified before the Senate Finance Committee and urged that Congress retain more authority, and go so far in enactment. My resolution, introduced in the spring, provides for establishment of a Joint Congressional Committee on Foreign Trade to exercise Congressional oversight in the field, and I shall do my best to get a hearing on this measure during the next session.

Retricts Propaganda: The new postal rate measure includes a provision restricting the transmission of Communist propaganda through the mails.

Savings and Loan: I am appreciative of the resolution, passed by

the Texa Savings and Loan League, in recent convention in Austin, thanking me for assisting the industry in its effort "to secure equitable tax treatment."

Congressional Record: I receive many inquiries from those who would like to read the Congressional Record every day. My own allotment and similar organizations, where a large number of citizens can have access to it, receive most of those copies. However, if you are interested in receiving the Congressional Record for the next session, you may subscribe directly by sending \$1.50 a month to the Government Printing Office, Washington 25, D. C.

A Program For Conservatives: I am appreciative of the many favorable comments that my modest paperback, a 60,000 discussion of my affirmative conservative legislative program as introduced this year in the Senate, has received. My plans are to develop and expand this program when the Congress convene again in January. I understand my volume is now available at many book stores and news stands, and I especially enjoyed meeting many friends at an autograph party that launched it, at Cokesbury's in Dallas, September 19.

World Tour: My plans for a world tour, at my own expense, to familiarize myself with some of our areas of foreign policy concern around the world, will take me to Anchorage, Tokyo, Taipei, Hong Kong, Bangkok, New Delhi, Teheran, Ankara, Nairobi, Lagos, Lisbon, and London in the period from November 15 to December 13.

Service Academy Tests: On November 10, 384 young Texans will compete for nomination to the four Service Academies: Air Force, Military, Naval, and Merchant Marine. These young men, between the ages of 17 and 22, will undergo the Civil Service Preliminary Examination upon which I will base my competitive appointments to

these Academies. I would like to wish each and every one of them the best of luck in this examination. Although no more applications will be accepted for the class of 1963, I look forward to hearing from students who would like to enter in 1964.

National Debate Topic: This year the national debate topic, both for high schools and colleges, has to do with the United States trade and tariff policies, and the problems posed by expansion of the Common Market in the United States and the Western Hemisphere. While I have already heard from students in many parts of Texas, I will be glad to send a copy of a study which has been made by the Library of Congress on this matter, and some of my own related views, to students of this topic of all ages.

Observation: The President says he needs more members of his own party in Congress, but he already has a two-to-one majority in the Senate, and a three-to-two majority in the House, yet not one of 12 major appropriation bills was passed until after the fiscal year ended June 30, and it was mid-October, in the final week of the longest peacetime session in 20 years, before final action was taken on these important money measures.

Ratings: Americans for Constitutional Action, announcing their 1962 performance honor roll, name Buttum (R-S.D.) and Tower (R-Texas) as rating 100 per-cent, with (z.) 99 percent, and Williams (97 t.

Another Step Toward Centralized Government

On July 13, 1961, Andy Rogers, John Zahn's opponent, introduced Senate Bill No. 8, to force all Commissioners Courts to buy all their road building, road maintenance equipment, tires and tubes through the State Board of control.

JOHN ZAHN BELIEVES this is a drastic and dangerous step to deny local government and to place control of county government in the hands of the State.

If YOU believe as JOHN ZAHN BELIEVES, that local progress can be realized cheaper, more efficiently and better by local citizens, go to the polls November 6th and

Church Youth Participate In CROP Drive

Due to rain Saturday night, the Junior and Senior High School church youth made the CROP drive Tuesday evening of this week.

Meeting at the First Christian Church for the drive were young people from the Methodist, Presbyterian, and Baptist Churches. These groups were assisted by other youth. The young people went in couples to canvass Dimmitt homes.

Refreshments were served by the Methodist Church at the conclusion of the drive.

CROP week for adult canvassing will be November 4-11. Area leaders and team captains with other soliters will be working next week for donations from farmers and townspeople. Leaders in the program include Norman Clearinger, County chairman; Hugh Blaylock, campaign chairman and director; and Sal DiCuffa, treasurer.

Report day on the results of the drive will be Monday, November 12.

Funds given to the drive will be distributed by missionaries and CROP workers directly to needy recipients in famine and needy areas of the world. The government receives none of the CROP money.

Bearden Calls On Loyal Democrats

County Democratic Chairman Ray Bearden today called on all Democrats to go to the polls on election day and help strengthen the County's position in Democratic Party affairs.

"A large turn-out at the polls will serve a dual purpose," said Mr. Bearden. "It will help insure an overwhelming victory for the Democratic candidates and at the same time build up our County's strength in the 1964 political conventions."

The Chairman declared: "The voting strength of Castro County in the 1964 State Democratic Convention is at stake in this General Election. The kind of voice we have in determining the affairs of the Democratic Party of Texas depends on the number of votes cast for John Connally."

Mr. Bearden cited provisions of the Texas Election Code which provide that each County is entitled to one delegate in the State Democratic Convention for each 300 votes cast in the County for the Party's gubernatorial candidate, each precinct in 1964 will have one delegate to the County Convention for every 25 votes cast in the precinct on November 6 for John Connally.

New Postage Rate is Effective January 7, 1963

Here are the new postal rates going into effect next January 7 under the legislation signed Thursday, October 11 by President Kennedy.

First class is as follows: letters, per ounce are 4 cents, they will be 5 cents; x-drop letter per ounce are 3 cent, they will be 4 cents; cards per card are 3 cents, they will be 4 cents.

Air Mail is as follows: letters, per ounce are 7 cents, they will be 8 cents, cards are 5 cents, they will be 6 cents; parcel post per pound by zones is plus 8 cent, 8 cent.

X-drop letters are letters mailed for local delivery at post offices where city or village delivery is not established, or letters that are not collected or delivered by rural carriers.

Second Class: Rates on newspapers and magazines mailed to points outside the county of publication will increase from 1.5 cents per pound to 1.8 cents per pound in three annual steps.

In-county rates will continue unchanged for the first two years but the pound rate will advance one eighth of 1 cent in 1965. Free mail privileges are discontinued.

Advertising rates will increase 10 per cent in each of the next three years. Classroom publications may be mailed at 60 per cent of regular rates.

Controlled circulation rates go from 12 cents a pound to 13.5 cents in three annual steps. Minimum per piece rates remain at 1 cent.

Third class: Single piece mail will advance from 3 cents to 4 cents for the first two ounces. Circulars sent at bulk rates will go from 16 cents to 18 cents a pound, with the minimum per piece rate raising from 2 1/2 cents to 2 cents in three annual steps.

Per pound rate for books and catalogs goes from 10 to 12 cents, with the minimum per-piece rate rising from 2 1/2 to 2 cents in three annual steps.

Fourth class: Educational materials advance from 9 cents to 9.5 cents for the first pound in the first year and then to 10 cents in the 2nd year. Library material continues unchanged, at 4 cents for the first pound.

ATTEND INSTITUTE

Mr. and Mrs. John C. Davis were in Roswell, N.M., Saturday for the Homecoming and Visitation Day in the Military Institute. Their grandson, Scott D. Miller Jr. is a student at the academy. While there, they also visited their daughter and family, the Scott Millers.

RETURNS HOME

Steer Has One-to Many Especially in Cars

It was a bad day Friday for one young Angus steer as two cars hit and killed him, four miles west of Dimmitt. Boyd Leslie Gilbreath of Bovina driving Noash hit the steer first with a glancing blow. This knocked the bewildered An-

gus into the path of a Oldsmobile Stationwagon driven by Jimmy Charles of Bovina. Approximate damages for the cars was \$250.

SPIKES VISITS

Mr. and Mrs. J. V. Spikes of Amarillo visited Mrs. R. B. Boren, Friday evening. Mrs. Spikes is Mrs. Boren's sister.

THAT WASHINGTON FISH BOWL

or

JACK SEALE VS. THE FACTS

During the current Congressional campaign, Republican Jack Seale, an admitted John Birchler and the candidate of the John Birch Society, has repeatedly accused Congressman Walter Rogers of voting for a "fish pond" for Washington, D. C. The implication has been that this was some useless frill and a waste of the taxpayers money.

WHAT ARE THE FACTS?

Editor Tommy Thompson of the Amarillo Globe-Times writes: "I thought Walter Rogers did a proper job of squelching the 'fish bowl' jeering on the part of his opponent. Congressman Rogers told the group last week that 'had the opposition investigated the matter it would not have appeared so comical.'"

The bill is for the purpose of authorizing a National Fishery Center and aquarium for scientific research and development, similar to the soil Research Center at Bushland.

The purpose of the bill is to help pump some life into our "decaying fish industry." As Walter Rogers explained, our fishing industry has been going downhill for a long time. Almost one-half of the fish consumed in the United States is imported from foreign nations. Our fishing fleet is old and obsolete. Other nations are fishing adjacent to our shores, processing the product overseas and reshipping it to us. The National Fishery Center and Aquarium is for the purpose of saving an industry that could mean several billion dollars a year to our national product. It is an investment that will pay for itself and make the nation self-sufficient in obtaining an additional three billion tons of fish that will be needed by 1980.

Why did Mr. Seale distort the facts?

And while we're quoting Editor Thompson, here's another interesting paragraph:

The New York Times says in a Washington dateline story that 46 Conservative candidates for Congress are receiving assistance in one form or another from the Americans for Constitutional Action.

Adm. Ben Moreell, board chairman of the group, said that "publicity might jeopardize the candidates." Texas congressmen receiving aid from the ACA group include John Dowdy, Bruce Alger, Desmond A. Barry, William A. Steger, Ed Foreman and Jack Seale. The retired admiral told the New York Times that his group had been linked unfairly in the press with the John Birch Society.

Minister Smith says, "Interest and attendance is good at the newly formed Junior and Junior High youth group". These groups include grades 3 through 8. They meet each Sunday at 5 p.m. Sheila Hamilton, president will be in charge next Sunday. Mrs. George Gable sponsor, gave a Halloween party for the group named KIRO, Wednesday evening from 6 to 7:30.

Grain Sorghum Chat

By Wes Anthony

I wonder if the Golden Spread housewives realized that the cooking oil they used this morning might have been made from grain sorghum?

Do they know that the plastic bag that their nice vegetables were wrapped in could have been made from G.S.

That, that very good candy they are eating could contain sugar made from G. S.

The G. S. P.A. is constantly working on research to find new uses for G. S.

I wonder what the top yield for G. S. in Castro Co. this year is?

Schools Shows Increase In Attendance

Dimmitt Public Schools are operating 13 school bus routes this year. During the first six weeks of this school term, the buses carried 611 students in comparison with the 575 students riding last year.

Average daily attendance this year for the first six weeks shows an increase of 74 students over last year's record. First six week attendance this year was 1406.25 students.

Extension Office Evacuated By CCA and CHDA

Charles Hottel, Castro County Agent and Miss Celia Patton, Castro County Home Demonstration Agent are attending a week-long State Conference at Texas A&M College, October 29-November 4.

This conference is primarily to better equip the agents in discharging their responsibilities according to the Texas A&M Extension Service.

In this day of change, they will hear discussed and will study the latest on science and technology as it affects their work in the counties and the people they serve. And perhaps of equal importance, they will have opportunities to discuss with co-workers problems and programs of mutual interest. The State Conference, said Texas Extension Director John E. Hutchison, is a mighty important part of our continuing professional improvement program for field as well as headquarters personnel. The Conference brings together the largest single unit of the Nation's Agricultural Extension Services, a part of the Land-Grant system.

Theme for the conference is "Pursuing Excellence." Out-of-state speakers will include Administrator E. T. York, Jr., Federal Extension Service, Washington, D.C.; President Elmer ELLIS, University of Missouri; Professor of Commerce Geo. B. Strother, University of Wisconsin; President Walter Barlow, Opinion Research Corp., Princeton, N. J. and Dr. Starley Hunter, Federal Extension Service, Washington, D. C.

Other featured speakers will include Felix R. McKnight, vice president and executive editor, Dallas Times Herald; Marvin Hurley, executive vice president, Houston Chamber of Commerce; Director Geo. J. Beto, Texas Department of Corrections, Huntsville and Dr. Bernice Moore, assistant to director Home Foundation and a consultant with the Texas Educational Agency, Austin.

Texas A&M President Earl Rudder, Dean of Agriculture R. E. Patterson and Director Hutchinson will appear on the program.

Meetings of the Texas County Agents and Home Demonstration Agents Associations will be held along with their annual joint banquet. Members of the Extension honorary fraternity, Epsilon Sigma Phi, will also hold their annual banquet and meeting with the initiation of new members a highlight of the meeting.

RETURNS HOME Mrs. E. R. Rothwell returned home Monday from Missouri where she visited her sons, Billy Joe and Harry and families. She was accompanied home by Mrs. Harry Rothwell, former Dimmitt resident, who is visiting relatives and friends.

RELATIVES VISIT Mr. and Mrs. Jack Withers and son, Eldred Children of Rosebud visited in the home of her sister, Mrs. B.M. Nelson, and Mr. Nelson this week.

WHY TAKE A CHANCE?

IF YOU BELIEVE:

Good Government begins at home That strong and effective local and state government is the best answer for less Federal control.

Andy has employed every practical means (often at his own expense) to keep his record and that of your legislature open and available to the public for inspection and judgement.

Yet there has never been any large or responsible group or element who could claim that Andy Rogers has not represented, with vigor and integrity, the principles, ideals and interests of our Senate district, State and Nation.

37 Years Old - Democrat
Wife, 2 daughters, 1 son
Stock Farming and Businessman
7 Years College
14 Years Seniority (4 years in House of Representatives, 10 Years as your State Senator)
WWII Veteran, Baptist, Rotarian, Farm Bureau and several Fraternal Org., etc.

RE-ELECT

ANDY ROGERS

STATE SENATOR

Andy Rogers - Your State Senator receiving oath of office as President Pro-Tempore of our Texas Senate. Oath administered by Lt. Gov. Ben Ramsey.

This is the highest office, honor and recognition that can be bestowed upon a Senator by his colleagues. The duties of the office include presiding over the Senate and acting as Lt. Governor and Governor, when one or both or absent from their office or State.

Andy had the honor of serving in each of these capacities.

ANDY has ACTED and REPRESENTED YOU

FOR:

- Right to work law.
- Private ownership and control of underground water
- Bill that outlawed Jimmy Hoffa's operations in Texas.
- Resolution to PREVENT Red China's admission to U. N.
- More Representation for West Texas.
- More competitive free enterprise.

AGAINST:

- 80% of new State taxing and spending of last 14 years.
- More government and monopoly controls.
- Income taxes in Texas.
- Deficit spending
- Pari-mutuel horse race gambling.

In 1951 Andy (then a member of the House of Representatives) and others achieved the impossible... a 50% increase for our area in representation in the Senate. The entire South Plains Panhandle Area had only 2 Senate seats. Redistricting occurred. East Texas lost 1) Senate seat. The South Plains Panhandle area gained this seat - "Our 30th Senatorial District".

THE ANSWER "LEST WE FORGET"

In the past forty years anti-God Communism has progressed from Russia, exterminated the opposition in and enslaved the survivors in Lithuania, Estonia, Latvia, Poland, East Germany, Rumania, Hungary, Albania, Czechoslovakia, Yugoslavia, part of Finland, China, Tibet, Southeast Asia and Cuba. Missile site building has been going on in Cuba since 1961. Our off-shore waters are infested with Communist missile submarines. Chinese Communists are attacking India. For more than a year the Communists could have delivered nuclear missiles in our incumbent Congressman's district.

The greatest contribution our elected national officials have made has been the advice to build concrete shelters and go underground like the lowly rodents of the earth. In supporting the Civil Defense Act our incumbent Congressman voted for that.

Alarm? Apprehensions? Organizations of Americans, a hundred of them, from high school to college groups, revered organizations from the American Legion to the Farm Bureau, have studied and discussed how to preserve our American heritage and protect our Constitutional government. Of all of these organizations trying to preserve for posterity our American civilization, our incumbent Congressman chooses to condemn only the John Birch society and denounce his opponent as a member thereof.

Mr. Incumbent Congressman, you may have, by your charges, recommended your opposing candidate.

(This is offered and paid for as a political ad by ordinary citizens (none members of the John Birch society), in the interest of human tolerance and the preservation of our American heritage.

LETTERS TO THE EDITOR

Texas has an opportunity in the General Election on November 6 to completely destroy local government in Texas. All it takes is the passage of Amendment number 14, known as the "Trial De Novo Amendment."

Under the provision of this proposal the Legislature would be allowed to provide for "appeal from any and all actions, rulings or decisions of administration agencies and executive departments of the State of Texas or any of its political subdivisions", and to prohibit "such appeals be tried completely De Novo and independent of any executive action" - and to require the courts to determine these - "Even though such action on the part of the courts involves administrative or executive rather than judicial powers."

This amendment would effectively destroy in Texas the concept of "separation of powers" - The di-

vision of powers among the three branches of government, legislative, executive, and judicial - which forms the basis of the system of checks and balances which has made the American system of Government so admired. This provision has been in every Texas constitution since the birth of the Republic. There is no question that it is essential to our form of Government. Secondly, in providing for "Trial De Novo" of appeal, which means to mean "start anew" the amendment would strip every governmental level, state, county and local, executive and administrative, of all effective power to function. Any city, school district, hospital district, state licensing board, county commission would be subject to direct appeal to the court, with the burden on that governmental body to prove that its decision was appropriate.

This procedure is directly contrary to procedures in use since 1836 in which the "Burden of proof rests on the one attacking the decision. For instance, if an appeal is made concerning a municipal ordinance, the court must assume it valid and may not interfere unless clear abuse of municipal discretion is demonstrated. "De Novo" reverses this. Under Amendment 14, the city would have to prove that its ordinance was valid and proper. Additionally, the city could not enforce the ordinance as long as it was on appeal, perhaps

three or four years. Think what this would mean in this case of purchasing or building contracts; to highway construction to the operation of Hospitals and schools; the sale of public bonds. Government in Texas would come to a virtual standstill. Any executive or administrative proceeding would be a meaningless sham. The court will be your school board, your zoning commission, your city council.

The concept of government set forth in the Amendment Number 14 is contrary to every principal of Democratic government known to the American people.

It is my belief that Number 14 should be soundly defeated.

Sincerely, Raymond E. Wilson
County Judge.

Bobcats Keep Their Flag Flying

The Victory flag will stay flying high again this week as the Bobcats romped over the Friona Chiefs 48-6, Friday night.
 The Friona Chiefs came out fighting in the first quarter and scored their first and only touchdown early in the game. Jim Snead passed to S. D. Baize going over two yard for their touchdown, but the Bobcats stopped their extra point try.
 Early in the second quarter the Bobcats made their first touchdown when James Cowell surged twenty-one yards. Jim Ratcliff passed to Michael Calvert for the extra points. Next Jim Cowsert made a two yard plunge for the Bobcats second touchdown. The two extra points came when Jim Ratcliff passed to Roy Battles. James Cowell ran 33 yards for Dimmitt's third touchdown. Extra point tries failed, leaving the half time score at Dimmitt, 22, and Friona, 6.
 The fighting Bobcats ran wild again the third quarter picking up two more touchdowns. The first came when James Cowell scuttled 5 yards, and Jim Ratcliff passed to Cowell for the extra points. James Cowell ran 25 yards for the second touchdown, but extra points try failed.
 The fourth quarter broke loose as Jim Ratcliff passed to Gary Winkle for the Bobcats sixth touchdown. But that wasn't enough for the Bobcats, they scored again when Gary Winkle broke loose and plunged 8 yards for the seventh and final touchdown of the game. This left the final score: Dimmitt, 48, Friona, 6.
 This week will be an open date for the Dimmitt Bobcats, but everyone get out and back them in their third conference game with the Morton Indians in the Bobcats home stadium.

Mr. Fuquay Goes To Houston

Our own Mr. Fuquay has been on a trip. He went to Houston last Saturday and came back Wednesday. He attended the Texas Association of Secondary School Principals' Annual Conference.
 The conference was held in the Rice Hotel on October 14, 15, and 16. The first activity of the day was a banquet held in the Grand Ballroom. The main speaker at the banquet was Melvin Munn from Pampa.
 On Monday group discussions were held. Mr. Fuquay attended several of these. One of these dealt with "What the Principal Should Do and What He Should Delegate."
 Tuesday the convention closed with a general business session.

Teacher of the Week

Since its erection in 1929, there have been many wonderful teachers to come to Dimmitt High School, but none can surpass Mrs. Jo Beth Shackelford.
 Mrs. Shackelford's parents are Mr. and Mrs. Joe M. Stubbelfield Jr. Mrs. Shackelford was reared at Hale Center, Texas, where she attended elementary and high school. At West Texas State College in Canyon, Texas, she received the Bachelor of Business Administration Degree.
 The seniors will meet at a later date to organize and elect officers. After this, the junior members will be chosen by the faculty committee. Ten per cent of the Junior Class is permitted membership in the National Honor Society.

N. H. S. News

The National Honor Society Faculty Committee met Monday morning, October 29, 1962. The purpose of the meeting was to choose a new member from the Senior Class to fill the quota for Senior Class. The quota is seven. There were six members from last year, so only one could be added. The students are judged on leadership, character, service, and scholastic ability. They must have at least a 90 average. Michael Calvert was the senior chosen to be added to the Society.
 The seniors will meet at a later date to organize and elect officers. After this, the junior members will be chosen by the faculty committee. Ten per cent of the Junior Class is permitted membership in the National Honor Society.

Personality of the Week

Today, I saw a little ant at work. With never-failing energy, he went His motivation never seeming spent As though, in frenzy, he had gone berserk.
 And set him to some Herculean task.
 He never even stopped to take a rest. To see how far, in deed, he had progressed.
 This little pown fits a boy who tries to make friends as hard as the ant words. This boy has lovely smile and has blond hair and blue eye.
 By now you know that I have been talking about Larry Scoggin. He was born in Wichita Falls, on October 26, 1945. Larry is an active Junior who participates in the band and plays football. Although since he received a broken arm October 23, he has not been participating in practice or the games. He is also a member of the Student Senate and the Thespian club. Larry's favorites are:
 Color - blue
 car - Chevrolet
 food - fried chicken
 movie - "Blue Hawaii"
 actress - Natalie Wood
 singer - James Garner
 actor - Ricky Nelson
 song - "Teenage Idol"
 Larry pointed out that his pet peeve is people who show off. He also added that his hobby is getting a laugh out of someone.

Running Around In Circles

Scatterbrain, nervous, players, runaround, and comedian describes the person that I shadowed this week.
 Saturday night started off with a bang! He took La Dawn Kemp to the show.
 Sunday night he was with a different girl, Jane Cleavinger. He took her to see "Exodus". From all reports it was a very good show although a little long.
 Monday after school he took Suzie, Sue Boothe and Mike George to get a coke. That night he pulled a switch and studied.
 Tuesday after school, he took Arlene to get a coke and by some accident his car was moved. That night he had a date but we didn't get to see who it was.
 Wednesday afternoon he took Sharon Lilley and her little dog, Pug, to get a coke. He was also in town that night.
 Thursday after school he was seen with Greta Nelson talking about his old flame.
 Friday after school he took Sue Boothe and Ricki Goodwin to get a coke. Then he took Kaye Williams home from the Friona ballgame. It seems that they had quite a time.
 Saturday he was seen in Olton. He used the excuse of buying a tractor, but we know better. That night he was seen in town with Sue Boothe, Ricki Goodwin, and Gerald Summers. What happened to your other date, David?
 Sunday night he was seen at the show. Does anybody know who with? As the sun rises we see David Shannon sleepily and very slowly dragging into school a he slook back over his eventful week.

Word of the Week

If someone said you were "corpulent" what would you do?
 Mrs. Shackelford - I'd ask them what it was.
 Shorthand Class - same too you! Billie Kitchens - Don't worry about it, it'll be all right in the morning. Miss Duvall - It will cure with time. Sandra Scheck - I am not.
 Jacky Nichols - I'd go look in a mirror.
 Mrs. Dollar - I'd think they were complimenting me.
 Dennis Cleaver - I would run. Harley Wilke - Don't get personal Joe Johnson - Don't sweat it. Rusty McClenney - Does it show. Pam Dollar - I would cry. James Bates - I would feel like I'd been took.
 Kathy Gollehon - You wanta bet! Jim Cowsert - I would break their neck.
 Jim Ratcliff - I would play with their. Gary Winkle - You bet!
 Kristi Webb - I am.
 Corpulent means fatness

Communism

One of the many new books in the library is Communism In Our World. It was written by John C. Caldwell.
 It is important that Americans know a lot about Communism. This curse on mankind is endangering Americans more everyday. It has infiltrated Cuba, and other nation on our doorstep.
 This book tells the bare facts of Communism.
 I'm sure you will learn a great deal by reading it.

"Visitors"

Last Friday the Journalism class was honored with a visit from two very important people from Andrews, Texas. They were Johnny Huddleston, sport editor for the annual and the school paper, and Roger Byles, co-editor of the school paper. Both are eighteen years old and are seniors.
 They gave pointers on how to put out a paper and an annual. Roger told of the articles their school paper put out, and Johnny gave pointers on how to write a sports article. They compared the cost of their annual to ours and found that our annual was much lower in cost than theirs. They brought with them one of their school papers, which the Journalism class enjoyed reading.

New Seats For Auditorium

A special school board meeting was held Tuesday, October 23. The board decided to buy seats for the new auditorium in the new high school building.
 The auditorium is supposed to seat 1,012.
 They are to be purchased from Gregg's Equipment Company in Belton, Texas.
 The seats are fully upholstered foam rubber. The color will be turquoise.

North Grade School News

The Student Senate is sponsoring a "Good citizen" of the week. The names will be posted on the bulletin board each week. A boy and a girl will be chosen from each grade. Nominations are to be put in the suggestion box in Room 1.
 There is going to be a District Student Senate meeting November 10 at Seminole, Texas.
 Mr. Elliott is making a bulletin board for the North Grade School. One Student Senate member from each grade is to supply news.

F. F. A. Boys Take Trip

"What are you gonna give for him!" This was the sound coming from the sale barn at Llano, Texas. In the first row we see Mr. Dowty, Jim Alridge, and Lynn Campbell. These boys left Dimmitt on Friday, October 26, to go buy pigs for their F.F.A. projects. They went all the way to Llano, which is a little town 75 miles from Austin. The boys came home with 16 head of swine. They bought four different breeds: Yorkshire, Hampshire, Durocs, and some cross-breeds.
 Mr. Dowty said he would sell these pigs to the boys who did not have a project for the chapter. If you need a pig to show contact Mr. Dowty.

What Are You Gripping About?

Getting out the newspaper is no picnic.
 If we print jokes, people say we are silly.
 If we don't, they say we are too serious.
 If we clip things from magazines and other papers, we are too lazy to write them ourselves.
 If we stick close to the job all day, we ought to be out hunting news.
 If we go out and try to hustle, we ought to be on the job in the office.
 If we don't print contributions, we don't appreciate true genius; and if we do the paper is filled with junk.
 If we make a change in the other paper. We are too critical, if we don't we are aleep.
 Now like as not, someone will say we swiped this from some other paper.
 Well, we DID!

FHA Hayride

On October 23, 1962, two truck loads of excited kids left the high school campus for the Behrends farm. The event was the annual FHA-FHA hayride.
 After the fires were lighted, a brief FFA program was held. On the program were: Steve Meyers, Larry Odom, Gary Calhoun, David Vaughn, Tommy Gross, Donnie Heestand, Mac Wesson, and Bobby Rawls.
 This was followed by a wicker roast, which everyone enjoyed.
 Once again they climbed aboard the trucks, but this time it was much colder and terribly crowded. This only added to the fun of the hayride, as the gang returned home.

Who's Mr. Droop-

Lately, it seems that an air of droopiness and droopiness has been prevailing over our heads. These lazy diseases are brought each week by a little man with very bad intention.
 Since punctuality is his strongest point, he arrives every Friday about 3:00 p.m. and starts his move. Waving his little stick over everyone's head, he proceeds to claim us up the best way he knows how.
 By the time pep rally arrives, he ha thoroughly devious the whole school. Everyone piles into the auditorium, takes their seats, and then just pop out. Mr. Droop sets on the balcony and proceeds to laugh at us.
 When we open our mouths to yell nothing comes out, and the cheerleaders are making most of the noise. They are so vivacious that Mr. Droop can't run fast enough to catch them.
 Pep rally's have always been one of Dimmitt's strongest and noisiest activities, and because of this we have been looked up to.
 Be on the alert for Mr. Droop and his little stick, and lets get our school spirit back again.

"Bobcats on War Path"

October 26, 1962, the Bobcats and their fans met for the second pep rally of the conference season. It was a very rousing event. We were behind the cats all the way.
 Chief "Rosey" Bates was first to speak at this meeting. He made the announcements and introduced the war dances, or should we say yells? The D.H.S. cheerleaders, or witch doctors, used the chants to drive away all the evil spirits that might be near the Bobcats.
 Then the witch doctors took over, brought in the cats, and presented their war dances. The band played several songs to get the spirit of Victory aroused.
 To dismiss this special ceremony (tribe members), and all of our faculty members (chiefs) joined in and sang the school song.
 We were behind the Cats all the way, and with our support and backing our Cats brought back the scalps of those Friona Chiefs.
 We are with you all the way, Cats. Beat those Morton Indians!

Senior of the Week

Mr. William Moss was busy pacing the floor on August 28, 1945. Does anybody know the reason for this? Ah, yes I believe the nurse has the answer. He is the proud father of Thomas Robert Moss. Thomas Robert seemed to be too long a name for this young baby, so it was shortened to Tom Bob.
 As the time passed Tom Bob grew from an infant to a senior. During this time he chose his favorites which are:
 Actor - Andy Griffith
 Actress - Doris Day
 Movie - "The Alamo"
 Song - "On the Jerico Road"
 Singer - Red Foley
 Car - Plymouth
 Color - Blue
 Food - Chicken and Dumplings
 Tom has also been a member of F.F.A. for four years and received the Lone Star Farmer Degree.
 His plans after graduation are to attend W.T. and major in agriculture.

Foreign Memories

Have you felt that this year there is something missing at school? Have you missed the glowing face of three kids that really made a hit in Dimmitt High School? I am talking about the foreign exchange students.
 Do you remember two years ago when Pia Naisman, the girl from Finland, came to Dimmitt to live with Ruby Clingsmith? She was a very vivacious senior who warmed the hearts of everyone who came in contact with her. When she left, there was an empty spot in everyone's heart. But the next year that spot was filled double by our two new foreign exchange students, Motoe Terami and Garry Huntingford.
 Motoe came to Dimmitt from Japan to live with Judy Book. Although she was very small, I'm sure everyone feels that when she returned to Japan we lost a giant of a personality.
 Something else of a great loss was Garry Huntingford from Australia. He lived with Paul Easterwood. Everything was always "ducky", as he would say, when he was around.
 Articles have appeared giving reasons for failures, but what we want is reasons for not having any foreign exchange students. Have the students of Dimmitt High School lost all interest in the human race? How many of you reading this have even thought about a foreign exchange student and the wonderful joys you could share with your town by giving a home to one for a year?
 Just stop and think—are you depriving some person in a foreign land an opportunity of learning about our country and state?
 Not only do they learn from us, but also through them we get a picture of what their native land is like. We are given a chance to become acquainted with foreign lands, people, and customs. We are also given a chance of spreading Christianity and peace throughout the world through them. We also get from them, their ideas on affairs that concern both them and us. We learn to have regard for other people's feelings and to respect them.
 Are you one of the guilty people who didn't care enough to give a home to them?
 If anything is missing in our school this year, it is the lack of a smile given by some foreign exchange student. Let's try to correct this by having a foreign exchange student next year.

South Grade School News

The fourth grade classes helped decorate for the Castro County Teachers meeting.
 Anyone who walked in Mrs. Smith's second grade class had a shock in store for them. She had all sorts of fall and Halloween thing such as witch doctors, witches, cats, ghost, and leave all around the room.

Halloween Party

Friday, November 2, is the date. The American Legion Building is the place, the event is a masquerade dance for the student body of Dimmitt High School.
 Everyone who attends will be requested to dress in a masquerade which may pertain to Halloween or anything else. Prizes will be awarded to the boy and girl with the most original costume as judged by the sponsors, who will be parents.
 There will be varied kinds of entertainment. Music will be provided by a record player operated by the sponsors.
 The party will begin at 8:00 p.m. and end at 12:00 p.m. Admission is \$5.00 per person.

Around the Campus

What is your opinion of the Cuban situation? This is probably the most talked about subject around the campus for several days. Here are a few of the opinions being expressed.
 Louise Carson - It is something people should take seriously.
 Jane Cleavinger - I am proud of what the United States is doing. I believe Kennedy made a wise decision.
 Carlanne Calvert-I think we should have done something sooner and not let Russia push us around.
 Miss Duvall-I am afraid if something happens I won't get married.
 Kerry Struve-I am glad Kennedy did what he did but I think it should have been done sooner.
 Mr. Huddleston - Its a very delicate situation and Kennedy could have done it sooner without causing a threat of war.
 Donna Summers - I go along with Kennedy, it is about time we did something.
 Cason Smith - Eg Muy Malo
 Mr. Fuquay - I think President Kennedy handled the situation very nicely; maybe we are in the clear awhile.
 Carolyn Godfrey - I think we should blow up the missile bases in Cuba to show Russia we mean business.
 Harley Wilke - I think something should have been done a long time ago, and this problem would never have occurred.
 Brice McRee - I think something should have been done a long time ago.

Campus Chat

Rest, rest, oh how we need some rest! Not everyone felt that way Saturday night because I saw Avis and Ralph Smith, Georgene Blanton, Carolyn Godfrey, James Cowell, and Jim Ratcliff and Gaynell Tate leaving for Lubbock to attend the Texas Tech Homecoming. Reports were that they had a real nice time.
 Others seen at Tech were: Mrs. Robinson, Sherry Lilley and Mike Goodwin, Sandra Schreck and Gerald Summers, Kitty Robinson and Aaron Hutto.
 Those seen making the scene at Dimmitt were: Linda Schreck and Jim Axe, Glenda Minchew and Jerry Morris, Sharon Odom and Dickey Dyer, Deborah Buckmaster and Darless Goolsby, Carlanne Calvert and Gary Morrison.
 Sunday was a sun-shiny day. Those seen enjoying the sunshine and showing their willing face were Georgene Blanton and Mike Burkett, Jeri Weyer and Gary Calhoun, Fredia Webb and Gary Winkle, Ce-

Walter Rogers' WASHINGTON NEWSLETTER

OLD GLORY

Fifty stars and thirteen stripes—each star a symbol of the heavens and the divine goal to which man has aspired from time im-

memorial; the stripe a reminder of the rays of light emanating from the sun. And the colors, red, white, and blue, recognized throughout the world as the emblem of liberty. This is our flag.

But how much do we actually know about this pennant that spells freedom of religion, of speech and of peaceable assembly; the right to bear arms plus other equally important rights that give each American security and protection so that no State shall deprive a person of life, liberty or property without due process of law. This could also

be interpreted to include a man's reputation—one of his most valuable possessions.

The story of the origin of our national flag is not unlike the history of our great country. We received our birthright from the peoples of many lands who gathered on these shores to build a new life and found a new nation. So, also, did the pattern of the Stars and Stripes rise from numerous origins back in the mists of antiquity to become emblazoned on the standards of our infant Republic.

The earlier flags used by our

forefathers reflected their struggles in the new world. Oftentimes beavers, pine trees, rattlesnakes anchors and various like insignia with mottoes such as "Hope," "Liberty," "Appeal to Heaven," or "Don't Tread on Me" were used on the earlier banners.

However, the first flag to have any resemblance to the flag so familiar to us today was the Grand Union flag, sometimes referred to as the "Congress Color." It, too, was made up of 13 stripes, alternately red and white, representing the Thirteen Colonies. The blue field in the upper left hand corner bore the crosses of St. George and St. Andrew, signifying union with the mother country. This flag was first flown by the ships of our Colonial Fleet in December of 1775.

Although some historians dispute the story, it is commonly believed that Betsy Ross made the first flag and on June 14, 1778 the Continental Congress established the Stars. Establishment of a national flag became a necessity so that our ships at sea would be recognized and not mistaken for pirate ships.

When the Star Spangled Banner was first flown by the Continental Army, General Washington is reputed to have said, "We take the stars from heaven, the red from our mother country, separating it by white stripes, thus showing that we have separated from her, and the white stripes shall go down to posterity representing liberty."

As new states were admitted to the Union, it was first suggested that a star and a stripe be added but it was soon recognized that the flag could become unwieldy so the law of April 4, 1818 proclaimed that a star be added for each new state on the 4th of July after its admission. No change was made in the flag from 1912 with the admission of New Mexico and Arizona until 1959 when a star was added for Alaska and a year later our 50th star, representing Hawaiian statehood.

Recognition of the Pledge of Allegiance to the flag was given by the Congress in 1942 and in 1954 when the phrase "under God" was officially added. President Eisenhower, at that time, said that "in this way we are reaffirming the transcendence of religious faith in America's heritage and future; in this way we shall constantly strengthen those spiritual weapons which forever will be our country's most powerful resource in peace."

About Your Health

Thousands of years ago, the cave dwellers had a simple solution to the sanitation problem—when conditions became unbearable they simply moved to another cave. But, this presented problems. There were only so many caves to go around.

As urban complexes developed, the citizens realized that dumping trash in the streets and hoping that it would rain and wash away soon turned the city into a huge dump.

Today the problem is still with us. Cities pay out a major part of their annual budgets to pick up trash and dispose of it in a sanitary manner.

To better cope with this problem the Texas State Department of Health conducts a series of demonstration short-courses on the proper disposal of refuse.

This year nine such one-day demonstrations are being conducted—one within easy travelling distance of every community in Texas.

Sponsored with the cooperation of refuse equipment manufacturers and the host cities, engineers Sanitary Engineering Division organize and conduct the demonstrations as well as notify everyone in the area who should be interested in refuse disposal procedure.

The list includes nearly everyone associated with municipal sanitation—mayors, city commissioner, city managers, health officers, sanitarians, sanitation superintendents, public works directors, city engineers, county officials, members of civic organizations and citizens interested in community sanitation and public health.

Highlight of the meeting is a demonstration of collection trucks and sanitary landfill equipment and the correct method of using the equipment.

ed to be published which gives the complete history of the flag, suggestions about displaying it, and approved customs for its use. I will be glad to obtain a copy for anyone indicating an interest in receiving one.

Sanitary landfill as opposed to other refuse disposal methods in Texas is one method which has considerable potentials in making sanitary refuse-disposal practice economically feasible for many communities.

Balcally the method employs three-steps—the refuse is dumped in an excavated trench, it is compacted by heavy tractor equipment and finally covered with compacted earth. Garbage, rubbish, and ashes are

disposed without nuisance, fire or public health hazards. Sites of this fall's courses are: Plainview, Sweetwater, Weatherford, Mount Pleasant, Lufkin, Rosenberg, Temple, Kerrville, and Harlingen.

Modern Farming Is Mechinized

College Station--The farmer who works hardest don't always get the most done. If he spends all his time logging around bulk materials that could be handled better and cheaper by machinery he is actually wasting much of his time, according to W. S. Allen, extension agricultural engineer, Texas A&M College.

Transportation, harvesting, and marketing have become mechanized and the farmer who is still using "horse and buggy" methods of hauling bulk material is wasting time and labor as well as money. The farmer who is increasing his production and profits today is the one who is moving materials mechanically on the farm, Allen says.

Good buildings and equipment substitute for much labor but remember that a proper balance must be maintained between machine and hand labor. Some jobs require a person's judgment and observation to perform them properly but many can actually be done better by machines, he says.

Mechanization may be cheaper than you think, Allen explains. Look around your farm and how many jobs could be done easier and better through mechanization. Then find out how much cheaper a machine can work than a man, he adds.

Plan before you purchase, then select equipment that will do the best job economically, efficiently, and be best suited to your operation, Allen advises.

These include such stars from the college ranks as Ron Heller, Wichita University; Jerry Shipp from Southeastern Oklahoma State; Mike Moran, Marquette University; Walter Torrence, UCLA; and Gary Thompson, Iowa State University.

Local fans will see Harold Hudgens of the 1962 Texas Tech squad who will be playing with the all-stars.

Led by 7-foot, 3-inch, 320 lb. Janis Krymisch, the Russian men are expected to field their finest team ever in international competition. Standouts on the Women's team will be team captain Nina Poxnanskaja, and 6'6" Revela Salimova.

Eight games are scheduled for the visiting Russians who are due to arrive in New York Nov. 6. Games will be played in New York, Washington, Nashville, Tenn., St. Lubbock, and Denver, Colo. Oux Falls, S.D., Mt. Pleasant, Iowa,

Tip-off time for the women's game is set for 7 p.m. and the men's contest will get underway at 8:30. Tickets for the event will be \$1.50 to \$2.50 and are on sale in Lubbock and surrounding areas. Wayland College has a block of tickets for sale and they can be purchased by writing the Business Office, Plainview, Tex.

ENTERED AS SECOND CLASS MATTER IN THE UNITED STATES POST OFFICE IN DIMMITT, CASTRO COUNTY, TEXAS, UNDER THE ACT OF MARCH 3, 1879

his Washington office commending President Kennedy's action in regard to the Communist threat to world peace in Cuba.

"President Kennedy was forthright and courageous. He set a course of action that all America—that all the Free World—can follow with honor, with conviction, with determination.

"In effect, the President has said to the world once again, and firmly what he said in his inaugural address of January 20, 1961:

"Let every nation know, whether it wishes us well or ill, that we shall pay any price, bear any burden, meet any hardship, support any friend, oppose any foe, in or-

der to assure the survival and the success of liberty."

"By his words and deeds, the President of the United States has shown his inaugural address was a permanent commitment to the forces of liberty.

"The President's momentous decision is in line with my own recommendations, which I have made for more than a year, for a strong course of action in regard to Cuba," Senator Yarborough said.

On September 6, 1962, Senator Yarborough made the following recommendation in a radio broadcast:

"In July and August Communist Russia poured supplies and technicians into Cuba, ship after shipload, and there is no indication that Russia means to stop with any token shipments. On the contrary Soviet Russia has announced a plan to help arm Cuba, to build a Communist fortress off the tip of Florida.

"We are faced with a build-up on Cuba of Communist military might including planes and missiles and ships firing missiles just 90 miles off the United States coast.

"We should now call on other Latin American countries to join the United States . . . a blockade to stop all shipment of military equipment and foreign manpower into Cuba.

"The blockade should be used to make sure no large troop movements are allowed out of Cuba to pose a threat to the Latin American countries that are trying to combat Communism.

"So, fellow Americans, what I propose is a blockade to insure that there are no big troop movements or no munitions or war movements into Cuba. And also we need to insure that there are no military movements out of Cuba. The Dominican Republic has complained that Cuba is spending subversives, is sending agitators, is sending military equipment and supplies into Dominica to try to take over the Dominican Republic, a neighboring island. So our blockade should stop that kind of movement by Castro."

Abundant Food Is Available for Thanksgiving

An abundance of farm-produced foods this fall emphasizes one of the many things for which we Americans can be thankful, reminds the Texas Agricultural Extension Service.

Eleven items will be particularly abundant this Thanksgiving month. They make up the official November list of plentiful foods, as determined by the Agricultural Marketing Service in cooperation with producers, processors and the food trade.

Turkeys and cranberries, two traditional Thanksgiving Day features, head the list, along with frozen orange juice.

Also expected to be in supply that exceeds normal trade needs are broiler-fryers, apples, shortening, grapes, pears, potatoes, Maine sardines, and dry beans and peas.

A record-large cranberry crop is being harvested this year. There'll be enough to fill 1.4 million barrels, or 30 percent more than average; 13 percent more than last year.

Turkey supplies may be down nearly 10 percent from last year's burdensome record. Stocks in storage are substantial. Prices are expected to be some higher than last season's extremely low levels, but still economical.

Frozen orange juice prices are substantially lower than a year ago. The record-large pack of 116 million gallons, this year, is one important reason.

Consumers will find it to their advantage to rely on all 11 plentiful, for economy, nutrition and good eating, this November, Extension Service food specialists suggest.

Don't Lose Clothes in Cotton Bale

Do you have any idea how much trouble an old coat or colored handkerchief can cause in a bale of cotton bound for the textile mill? Beverly Reeves, extension cotton ginning and mechanization specialist, Texas A&M College, says that colored threads mixed with the lint can be very expensive to the spinner.

Reports from textile mills indicate that they are having considerable trouble with colored yarns and fibers in the bales of cotton, Reeves says. Often the foreign fibers are not detected until they have been spun into yarn and may not be noticed until they are made into cloth. By then they have contaminated a large volume of material and the manufacturer suffers a great loss, the specialist explains.

The stiff competition cotton is receiving from synthetic fibers makes it important to use care while unloading the seed cotton, and all during the ginning process to reduce losses to the textile mill. Contamination usually occurs at the suction and a hat or sweater which accidentally gets into the gin here will be shredded and spread through many bales.

Removing the parts of bales that contain such threads is costly to both the producers and the ginners. Farmers and ginners should make every effort to keep the baled cotton as free of foreign matter as possible, advises Reeves.

Texas Soil Needs Quantities of Lime

The value of limestone in crop production has been known for many years. It can correct soil acidity, supply calcium, promote desirable bacterial activity, make other plant nutrients more available, and improve the effectiveness of fertilizers and manure.

And yet with all its value and effectiveness, farmers of Texas, and particularly those of the East Texas Timberlands and the Coastal Prairie, use only about one-twentieth the amount they should. This is according to a new bulletin published by the Texas Agricultural Extension Service entitled "Lime for Texas Soils."

The bulletin says that with proper management liming results in increased yields and better quality crops. The areas of the state that have acid soils are discussed in the bulletin and the effects of the pH of soils is explained. The different forms of lime that are available for liming soils are listed.

According to the bulletin, a soil test is the best means of determining if lime is needed on any soil. It warns that regular tests should be made because certain nitrogen fertilizers add to the acidity of soils.

Methods of applying lime are explained and it is pointed out that the lime should be worked into the soil where possible. Lime should be applied 3 to 6 months before planting time and the frequency of application depends on your soil, according to the publication. There is no need to worry about over-liming on Texas soils, it says. Most of them need a lot and an excess has no ill effect on crops.

Select Dining Room Set for Comfort

There's more to selecting a dining room set than simply picking out an attractive grouping.

If you intend to really use the furniture, the chairs should be comfortable, reminds Wanda Barkley, Extension Service home management specialist.

Since chairs are built for people of average height and weight—and few of us are truly "average"—there's only one way to judge chair. That's to sit in it the specialist points out.

Take off your coat and sit down just as you would at home, Miss Barkley suggests. Pull the chair up to the table. Do your legs fit it for a long time without feeling cramped?

If the chair meets this test, chances are that it will prove comfortable. Of course, the chair should harmonize with other furnishings in the room.

Housewives Save Money Using Convenience Foods

The American housewife saves money, as well as time, by using many convenience foods, according to USDA researchers.

Comparing costs of convenience foods with comparable home-prepared items, the researchers found that of 158 items studied, 42 were less expensive and 116 were more expensive than their home-prepared counterparts.

The typical housewife buys enough of the money-saving items so that her total food bill is smaller than if she bought only fresh items to prepare herself.

For instance, 68 cents of each \$100 spent on groceries goes for frozen orange juice concentrate. The same amount of fresh orange juice prepared at home would cost \$1.39, the researchers explain.

For each dollar spent on instant coffee, a housewife would have to spend \$1.96 for the same number of servings of regular coffee.

On the other hand, fresh ready-to-serve yeast rolls account for 10.6

cents out of each \$100 spent on food, while the ingredients to make an equal quantity of yeast rolls at home would cost 3.4 cents. Many housewives purchase such cost-increasing foods because of the time and skill required to prepare rolls at home, however, the researchers add.

THINK, IRRIGATION FARMER!

WATER is a commodity so precious that no tyrant has ever dared deny it to his people.

The earliest records of our civilization are linked to the spring and the waterhole, the river and the well

The Children of Israel faltered in the wasteland and were ready to revolt until Moses struck the rock and brought forth a spring

Wars have been fought over water rights and mighty nations have vanished because their water resources failed.

In view of these facts, can you afford the luxury of irrigation "TAILWATER"??

New Castor Bean Variety Released

College Station, Oct.—Lynn, an early, disease-resistant, dwarf-int node castorbean variety, has been developed under the cooperative research program of the U. S. Department of Agriculture and the Texas Agricultural Experiment Station.

The new variety averages three to four feet in height on the High Plains this disease is present only in very wet growing seasons. The variety has demonstrated superior wind resistance and ability to withstand weathering after frost.

Developers of the new variety report that yields on the High Plains have ranged from 2,200 to 2,400 pounds an acre in field trials. Lynn has also been a high yielder in Oklahoma, Kansas and Nebraska variety trial. Adequate soil fertility and moisture are needed for high yields. It is satisfactory for mechanical harvest.

It combines well with available dwarf-internode female lines to produce high yielding first-generation hybrids. Yields of 2,300 to 2,750 pounds an acre were produced in 1961 experimental plots by first-generation hybrids which had Lynn as the male parent.

Lynn is recommended in Texas as an early commercial variety and for use as a male parent in the production of early, dwarf-internode, first-generation hybrids. Because it is early, it can be grown in the northern extremes of the castorbean growing area—Nebraska, and Kansas—and for late plantings on the High Plains of Texas.

The new variety has performed well under irrigation in the Southern and Central Great Plains State. Though it has some drought tolerance, it is not recommended for dryland planting nor for areas with high rainfall and relative humidity due to possible capsule mold damage.

Foundation seed were made available to seed growers for 1962 plantings. Supplies for 1963 planting should be available from these sources.

Cotton Allotment And Quota is Announced for '63

College Station, Oct.—The U.S. Department of Agriculture announced on October 15 a national marketing quota of 14,367,000 bales and a national acreage allotment of 16 million acres for the 1963 upland cotton crop. December 11 was set as the date for grower referendum on 1963 marketing quotas.

The announcement also said an additional 310,000 acres would be available as a national reserve to be used for establishing minimum farm allotments. It was further stated that it is not anticipated that this will be the final national acreage authorized for 1963 since new legislation is to be recommended to Congress by the President. The 16-million acre allotment is

the maximum permitted under present law in view of the present supply-demand situation! It now appears that more than a million bales will be added to the carry-over and increase it to 8.7 million bales by August 1, 1963.

The President has announced that he will recommend legislation to remove the inequity in the present two price cotton system and has requested the USDA to make recommendations to him as to the means for accomplishing that purpose. This legislation would increase the domestic use of U.S. cotton and may also contain other provisions which would permit increases in the acreage to be planted.

In the December 11 referendum, a two-thirds majority of those voting is needed to make marketing quotas effective on the 1963 upland cotton crop. Extra long staple growers will vote on the same day on marketing quotas for their type cotton. If marketing quotas are approved, price support to cooperating growers will be available

at a level to be announced by the Secretary. It can range from 65 to 90 percent of parity. The parity price of cotton is now 39.51 cents per pound.

If marketing quotas are not approved for the 1963 upland crop,

acreage allotments will remain in effect and price support at 50 percent of parity will be available to cooperators.

Details on the allotments and referendum are available from local ASCS offices.

Castro County TSTA Conduct First Meeting

Dimmitt, Nazareth, and Hart teachers met Thursday in the South Grade School Cafeteria where they enjoyed a dinner of ham with all the trimmings.

This is the first of three meetings conducted by the Castro County Unit of Texas State Teachers Association.

Business session was presided over by J. M. Slavik, president of the Association. The group elected a new treasurer Bailey by acclamation. President Slavik appointed a nominating committee composed of Ralph Smith of Dimmitt, G.G. Graves of Hart, and Sister Borgerding of Nazareth.

Mrs. S. T. Newman, vice-president of Castro County T.S.T.A. was in charge of the program. Featured speakers of the evening were W. E. Reisdorph of Dimmitt, Malcolm Atwood of Hart, and Sister Benedict Marie of Nazareth.

Reisdorph spoke on "Texas State Teachers Association". The speaker

brought out the historical background of the association. Austin Association and North Texas Association united in 1880 as the T.S.T.A. First members of the association were school leaders. Later, classroom teacher joined the professional association. Headquarters presently in Austin of T.S.T.A. were moved there in 1919.

According to Reisdorph, the association has promoted several legislative acts for the benefit of teachers. Among these acts were salary increases for teachers, teacher retirement program and the association's fight to defeat bills which hurt the profession.

The speaker emphasized the services of T.S.T.A. such as a good research department, field service, workshops for teachers, numerous handbooks and bulletins, publishes the "Texa Outlook", film library service, speakers available for programs, and an excellent program of public relations.

"The average salary in 1961 for teachers was \$5128 which was brought about through T.S.T.A. efforts," declared Reisdorph.

In conclusion the principal emphasized, "We need to perform essential services to our school and our community. First priority should be service."

Malcolm Atwood, second speaker of the evening emphasized the importance of teachers meeting their professional standards.

"If we are going to be professional people, we must strive to take the first seat and not be content with second or third," urged Atwood.

He went on to say, "We must improve ourselves to meet the challenges of the sciences, new emphasis on foreign languages, and new modern math methods."

Many provisions are made for teachers to improve in their respective fields. In-service and pre-service programs are provided for teacher improvements.

According to the speaker, Texas ranks 4th among all the states in having degree teachers. Approximately, 79 per cent of Texas teachers have degrees.

Speaking on "Teacher Ethics" was Sister Benedict Marie of Nazareth. She read and emphasized certain aspects of the teacher's Code of Ethics. The code states a teacher is responsible to pupil, parent, public, and profession.

The teacher declared, "We cannot build ourselves up, if we tear someone else down."

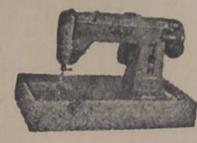

She concluded with the idea of recognizing the dignity of the whole

personality of the student and striving to develop its myriad aspects.

At the conclusion of the program each superintendent introduced new teachers in the school systems and county.

Texans don't want a Puppet Governor!

Connally has always taken orders from Lyndon Johnson!

LOOK AT THE RECORD:

- ▶ In 1937, before Connally graduated from college he was working in Lyndon Johnson's first race for Congress. Following Johnson's election, Connally went to Washington as Congressman Johnson's assistant.
- ▶ In 1948 Connally managed Johnson's Senate campaign, (87 vote landslide) which involved the scandalous vote frauds of Duval County and Box 13 in Jim Wells County. Johnson took Connally back to Washington as administrative assistant (top man) in his Senate office.
- ▶ Late in 1949 Connally joined the law firm of Powell, Wirtz and Rauhaut in Austin. State Senator Wirtz was Under Secretary of the Interior when he resigned his Washington post to return to Texas to run Johnson's first Senatorial campaign in 1941.
- ▶ In 1952 John Connally went to work for Fort Worth oil man, Sid Richardson. Attorney General Will Wilson said, "Sid Richardson did not hire (Connally) for his training or knowledge. Sid Richardson hired him because he was LBJ's campaign manager." Lyndon Johnson had this comment on Mr. Richardson, "Nobody did more to send me to the Senate than the late Sid Richardson." Fort Worth Star Telegram, January 12, 1961.
- ▶ In 1956 Lyndon Johnson tapped Connally to place Johnson's name in nomination for President at the Democratic National Convention.
- ▶ In 1956, 1958, and 1960 Connally was picked to lead the Johnson forces in the county and state conventions.
- ▶ In 1960, Johnson called on Connally to lead the drive to obtain the Presidential nomination for him. Later, Connally was active in Johnson's Texas campaign.
- ▶ As a reward, Connally was tagged for the post of Secretary of the Navy shortly after President Kennedy visited Vice-President-elect Johnson's ranch. The New York Times termed Connally's appointment as "Mr. Johnson's biggest patronage plum." (June 4, 1962)
- ▶ In 1961 Connally, after less than a year on the job he pledged to fill for four years, resigned to run for Governor of Texas. Time magazine said Connally's announcement for Governor "certainly seemed to carry Lyndon Johnson's political fingerprints." (December 22, 1961) After Connally's victory over Yarborough, Time said "His mentor Lyndon Johnson thus tightened his grip on the Texas Democratic organization." (June 8, 1962)
- ▶ All over Texas long-time Lyndon Johnson backers are spearheading Connally's million dollar campaign. Why? Federal pay offs from the Kennedy-Johnson team.

With this background it's an insult to Texans' intelligence to pretend that John Connally is not the hand-picked candidate of Lyndon Johnson. Thinking Texans will reject this brazen attempt to merge State and Federal patronage into one gigantic political machine run out of Washington by L. B. J.

Jack Cox is independent! He has no obligation to any one but the people of Texas. He owes no favors to the special interests in Texas or to anyone else. He will not betray the future of the people of Texas to get big name endorsements and big money contributions.

Texans who want to keep Texas independent of Washington control will vote for...
