HILTON BYBEE CAPTURED AT WOODSON

CWA Activities Ordered Ended Thursday

SENATE VOTES BANKHEAD BILL WITH CHANGES

WASHINGTON, March 29.—The Bankhead cotton control bill, heavily laden with amendments, was passed by the senate today and sent back to the house for concurrence. The vote was 46 to 29. As approved by the senate it would limit production for one year to 10,000,000 bales and impose a tax of 75 per cent on the market value on cotton produced in excess of the limitation. Passage came after hours of debate. Opponents charged the tax provision of the bill was unconstitutional and declared it would deprive cotton farmers as citizens of their rights. The bill came from the house with a provision for a 50 per cent tax. The senate agreed to an amendment to increase this to 75 per cent and the minimum to eight cents per pound. Another amendment exempts from tax the first six bales produced by any farmer. The house bill would have been operative for the crop years 1934, 1935 and 1936. Penalties were reduced from \$100 to \$10.

Amy Officer Is Badly Mangled In Fall from Plane

SAN ANTONIO, Mar. 29.—The mangled body of Capt. Ray H. Haggis, 37, Randolph field officer, was found in a field near Kirby, Texas, today after he had fallen from an airplane. The plane, piloted by Lt. S. W. Meter, landed here after a fight from Laredo, where the two officers visited last night. It was discovered Captain Skaggs was missing until the ship landed. The body was found by a farmer near Kirby. Skaggs' parachute was unopened. An investigation is pending. Skaggs' home was at Winters, Texas. He was graduated from Texas Christian university in 1918 and later obtained a medical degree from Baylor University Medical School in Dallas.

Dr. Wynekoop Is Taken to Prison

CHICAGO, March 29.—The critical end of a lifetime of pride, professional honor and human hope, came today to Dr. Alice Wynekoop as she was taken in custody to begin a 25-year sentence for the murder of her daughter-in-law, Rheta. Stimulants administered before she left the Chicago jail, rallied her only slightly from a lethargy which her doctor said probably would trouble her continually.

Federal Relief Is Sought For County Schools

Application is being made by B. McGlamery, county superintendent, to federal emergency relief program headquarters at the state capital at Austin for grants to schools in Eastland county that have been closed since the beginning of the school year in 1933 and 1934. McGlamery is making application for grants to schools at Yellow Mound, Flatwood, Van Valley, Colony, Crocker, Bullock, Pleasant Hill, and

Low Bidders For Ranger Highway Here On Business

Two representatives of the Morgan Construction company of Dallas, low bidders on grading and drainage structures on 2.7 miles of Highway 1 through the city of Ranger, were visitors in Ranger this morning in company with Highway Resident Engineer Hall. The construction company official stated that it would take about 15 days to finish the legal work in connection with the contract, which has tentatively been let for \$39,000 and on which final approval must yet be obtained and bond made. It is expected, they said, that the tentative contract will be approved and work can begin within the next three weeks, or shortly after the legal and other details are completed. A clear title to all the right-of-way was urged before the actual construction was started, if possible, in order that the work would not be delayed. The tentative contract calls for actual construction to start within 30 days after the letting, which was on Monday, March 26.

Three Have Filed For Places On the School Board Ballot

A school board election is to be held in Ranger on Saturday, April 7, for the purpose of electing two school trustees to replace two members of the board whose terms will expire this spring. Those whose terms expire are A. N. Larson and R. S. Balch, both of whom have filed for re-election. Three names have been filed to date, according to E. A. Ringold, secretary of the board, the third name being that of G. C. (Lum) Love, which was filed by William M. Myers. The secretary stated that he did not have the blanks for the candidates to sign for a place on the ballot, but that the names had been accepted and blanks would be signed later. All the other members of the board are holdovers for the positions they now hold and only two members are to be elected to fill the two vacancies that will occur upon the expiration of the terms of A. N. Larson and R. S. Balch.

Connie Hartsfield Buried Wednesday

Funeral services were conducted Wednesday afternoon at Evergreen cemetery by Rev. D. W. Nichol, pastor of the Church of Christ, for Connie Hartsfield, 52, who died at his home in Ranger Tuesday afternoon at 1:30. Interment was in the cemetery immediately following the services. The decedent is survived by his widow and nine children. He was born April 26, 1882, and had been a resident of Ranger for a number of years.

Accident Victim Is Buried On Thursday

Funeral services were conducted this morning at 11:30 for Enrique Comacho, 10, Mexican boy who was killed in an automobile accident Wednesday morning. The boy was playing, with other Mexican children, on the Bankhead highway within the city limits of Ranger, when struck by the car. Burial was in Evergreen cemetery, following services by Father M. Collins.

Kinberg Made Jack Dempsey Photo

Kinberg Studio furnished the proof and picture of the three-count group of Jack Dempsey and several Ranger citizens that appeared on the front page of the Ranger Times in Wednesday's paper. The Times is indeed grateful to Mr. Kinberg for this co-operation. Anyone desiring a picture of the group may obtain same at the studio.

WDFERA WILL NOT FUNCTION FOR SOME TIME

Program of Relief Announced For April 2 Will Not Be Ready To Start.

H. E. Driscoll, Eastland county administrator for the relief and CWA program, stated that a special telegram received this morning from State Administrator Adam R. Johnson at Austin, announces a delay in the new set-up of WDFERA. Mr. Driscoll says "that CWA activity terminate at midnight March 29 and that the program of work relief previously announced for April 2 will not start on that date." Any new program will be strictly one of relief and not of employment with the exception that the following projects as affecting Eastland county are to be continued as at present until further notice from the Austin office: 3,067 CWA personnel; 5,067 NRS personnel; 12,067 relief office personnel; 15,067 commodities personnel.

"There will be no work relief or work program otherwise until at least April 16 and in this interim I am instructed to see that every applicant is fully and completely investigated and eligibility for relief is clearly established by means test and needs budgeted," Mr. Driscoll said. "During this period direct relief 'only in kind' may be given in cases of proven need." "We have just completed our re-investigations and are of course keenly disappointed in not being able to carry on to the point we have worked so hard to accomplish. Our relief funds at present are at a low ebb, and must tide us over until further relief funds are received. We are and will do our utmost to meet the absolute needs and we kindly ask the citizenship to co-operate with us and bear with us to the present situation which comes direct from state headquarters," Mr. Driscoll said.

Oil Production Allowable May Be Increased Apr. 1

AUSTIN, March 29.—An allowable oil production in Texas, near 1,000,000 barrels a day, was expected April 1 as commissioners considered a new order based on testimony based on a hearing yesterday. With purchasers nominations calling for 1,140,993 barrels a day, a considerable jump above the present allowable of 966,000 barrels daily was expected.

Pecan Growers to See Well Developed Pecan Orchards

Pecan growers of this section will have opportunity to see well developed pecan groves and hear worthwhile talks by pecan experts Tuesday, April 10, when the Brazos Valley Pecan Growers association holds its annual spring meeting at Gorman. Near Gorman is located the Dallas Jobe 70-acre pecan orchard which is interest with fruit trees and is prospering on upland sand. In this locality has recently been located a new 150-acre pecan orchard by J. L. Rainey, San Angelo pecan nurseryman. In this area is the tree on the farm of Frank Newell which he calls his tax tree and which has paid the entire taxes on his farm since he has owned it. The program will open in the movie theatre at Gorman at 9:30 on the morning of April 19. Eastland county folks are urged by County Agent J. C. Patterson to turn out to help extend a greeting to visiting pecan growers.

Admits Killing Of 'Hex' Woman

A spirit from the sky told him to kill, Albert Shinsky, 24, declared, confessing the shotgun slaying of Mrs. Susan Mumme, 63, who, he said, put a "hex" on him that haunted him for eight years and ruined his health. He is shown here in Pottsville, Pa., jail calmly reading a magazine.

MARTIN INSULL GETS HEARING BEFORE COURT

CHICAGO, March 29.—Martin J. Insull, his flight from law ended, awoke today on a jail bunk in the city where he and his brother, Samuel, ruled a billion-dollar utilities empire two years ago. The 65-year-old prince of a vanished domain, brought back to the scene of tarnished glories from Canada last night, arose and donned a shiny blue serge suit. He was impatient as he waited for guards to take him to the criminal court room where his attorney was ready to arrange his release on \$50,000 bail.

Appropriation Is Made for Highway Right-of-Way

AUSTIN, March 29.—The state highway commission today requested Palo Pinto county to secure right-of-way for Highway 193 as a national recovery project for that road can proceed. The commission also announced an appropriation of \$9,500 for right-of-way purchase for Highway 1 in Eastland county.

Time for Taking School Census Nearing Close

Only a few days remain for school census takers to complete their records in Eastland county and those who have children who have as yet not been listed in the census, should take measures to see the census takers and see that they are listed, according to County School Superintendent B. E. McGlamery. It is important that all children of school age be enumerated, McGlamery stated. School census takers conclude their activities April 1.

DR. W. A. WIRT TO BE CALLED BEFORE HOUSE

WASHINGTON, March 29.—The house rules committee today approved a resolution to bring Dr. William A. Wirt before a special investigation committee and "require" him to reveal his "red plot" informants. Democratic Leader Joseph Byrnes warned that if the Indiana educator refused to name his informant he can be cited for contempt of the house. Wirt claims members of President Roosevelt's "brain trust" boasted to him they were thwarting the recovery program in the expectation of establishing a communist regime. The house itself was expected to adopt the investigation resolution late today. Byrnes indicated Wirt probably would be summoned before the special committee early next week.

Eastland County Cotton Contracts With State Board

Advise has been received by County Agent Patterson from the district board of review for cotton that Eastland county contracts have been through the mill by that body and are now in the hands of the state review board, and within a short time should be back in the county for final corrections and signing by those whose contracts have had any change or corrections made in them since signed by the producer. When the state board completes its work in Eastland county cotton reduction contracts they will be returned to the community committees and producers notified by mail to go to the local committee and initial any corrections.

Chevrolet Dealers Meet In Eastland

Chevrolet dealers from Eastland, Ranger, Breckenridge, Albany and Cisco met Wednesday at the Connelley hotel for a one-day meet. A number of zone and district representatives of the company attended the meet. J. A. Turpin, district manager for the Chevrolet Motor company; H. C. Howard, zone manager; E. H. Hancock, branch manager of General Motors Acceptance corporation, Dallas, and Earl F. Hayes, zone sales promotion manager from Dallas, had the principal parts on the program presented.

Mrs. Yarborough Dies at Carbon

Word was received here today of the death of Mrs. E. B. Yarborough, wife of a member of the county CWA committee, who died at her home in Carbon Wednesday night. Funeral services were announced by members of the family for Thursday afternoon at Carbon, with interment in the Carbon cemetery following the services. No further details as to funeral arrangements were announced. She is survived by her husband, a druggist at Carbon, and several children.

Corn-Hog Control Committees Named

Signing of corn-hog reduction contracts was completed last week and permanent committees elected. Community committees should complete field inspections this week and in due time producers will be notified to call on the local committee to sign the completed contracts, according to Hubbard Gilbert, who was elected president of the Eastland County Corn-Hog Control association.

Reveals 'Plot' For U. S. Soviet

A "brain trust" member revealed to him a plan for an "N. S. Soviet," with Roosevelt supplanted by a Stalin," William A. Wirt, above, noted Gary, Ind., educator, stated in a letter that stirred a storm when read to a House committee in Washington. Wirt declined to give the name of his informant. Democratic Leader Joseph Byrnes warned that if the Indiana educator refused to name his informant he can be cited for contempt of the house. Wirt claims members of President Roosevelt's "brain trust" boasted to him they were thwarting the recovery program in the expectation of establishing a communist regime. The house itself was expected to adopt the investigation resolution late today. Byrnes indicated Wirt probably would be summoned before the special committee early next week.

Story of Fight to Uphold Veto Is Told In Senate

WASHINGTON, March 29.—The story of the administration's desperate but unsuccessful fight to uphold President Roosevelt's veto was revealed today as a contest for a few votes, which, if won, would have turned into victory the defeat suffered by administration forces. The senate overrode Mr. Roosevelt's veto 63 to 27. In suffering this reversal, Mr. Roosevelt met the same fate which overcame his republican predecessors, Hoover and Coolidge. They, too, had vetoed veterans' legislation, only to be overridden by congress. It meant also: That congress had regained command of the pension rolls. The economy program was almost, if not completely wrecked. That congress, once free from white house domination, might strike out in other directions not sanctioned by the administration.

Kansas City Ired By Election Slayings

KANSAS CITY, March 29.—An indictment against a law enforcement agencies today united in a campaign against gangsters who held terroristic sway during the battle on "terrible Tuesday." Aroused by the slaying of four persons and the wounding of a dozen others as the city's "Little Tammany" was returned to power for another four years, Sheriff Thomas Bash declared war on those responsible. Twenty-eight men, mostly of Italian extraction, were arrested in raids on hideouts and other places frequented by hoodlums.

Steamship Operators Agree Upon Terms

HOUSTON, March 29.—Houston's steamship operators today agreed to abide by the arbitration of Oscar Powell, chairman of the regional labor board at San Antonio, in settling the wage dispute between longshoremen who threatened to leave their jobs Saturday. Galveston steamship operators were to meet today to talk over arbitration before meeting with other Texas and Louisiana shippers and longshoremen's representatives in an effort to settle the dispute.

The Weather

West Texas.—Partly cloudy, warmer in south portion. Friday partly cloudy except rain or snow in the Panhandle. Colder in the north portion.

Track and Field Events of County Meet Are Resumed

The county meet will be resumed Saturday afternoon at 1:00 p. m. in Eastland when the track events, scheduled for last Saturday, but postponed because of inclement weather, will be held. Several of the track and field events took place March 23, but the majority of the events are to be held Saturday. Hope is held that the weather will be favorable. Although not official, it is known that Eastland has amassed a sufficient number of points to virtually assure it to be the winner of the meet. Rumor has it that Cisco will fare well in the track events Saturday. Eastland, this year, feels the absence of the Brown twins, Elmer and Delmer, and Desmond Daniels and Trust Fulcher, who last year, were high point men of the track meet. The athletic events appeal to many, perhaps more than do the literary events.

WIDOWS OF SLAIN MEN ON STAND TODAY

FORT WORTH, March 29.—The government called the attractive widow of one of the three Handley slaying victims to the stand shortly before noon today in the \$71,000 mail robbery trial here. The widow, Mrs. J. B. Rutherford, was to be followed on the stand by the widow of Ferman (Jack) Sturdivant, another of the triple-slaying victims, and Miss Katherine Clark, sweetheart of the third victim, Harry Rutherford. Mrs. Rutherford said she met M. T. Howard, one of the defendants, while her husband was working as an automobile mechanic in Abilene. Her husband worked on Howard's car, she said. She and her husband later moved to Dallas, she said. She told the jury that one evening in their home at Dallas, Sturdivant told her and her husband that he, Harry and a man named Bill held up a mail truck and a man named M. T. Howard had showed them which truck to get.

Judges Selected For District Meet

Complete selection of judges for the district interscholastic league meet to be held in Breckenridge, April 6 and 7, has been made. The judges for the district meet are composed largely of persons from colleges in Abilene. The meet, April 6 and 7, marks the first time that any similar event has been held in any city besides Ranger in a long period of time. Winners of the district meet will compete in a regional contest at Abilene.

Poultrymen Meet In Eastland at 8 P. M. Friday

Eastland county poultry raisers will meet at the Eastland Chamber of Commerce Friday night at 8:00 o'clock, according to an announcement made public Wednesday. Poultrymen of this section formed a temporary organization at a meeting at Eastland recently. LETTER MAILED IN 1909 ARRIVES AT DESTINATION **BROCKTON, Mass.**—A letter mailed in Boston Oct. 1, 1909, has just been received by the concern to which it was addressed. The Tolman Print, Inc., received the letter with a note from the postmaster of Boston explaining that it was found behind a partition of the old postoffice building there.

CECIL LEWIS ALSO CAPTURED WITH FUGITIVE

Car They Abandoned Contained 67 Pistols, Thought Loot of Armory.

BRECKENRIDGE, March 29.—Hilton Bybee, notorious Texas desperado and escaped convict, was captured near Woodson, Texas, 20 miles northwest of here today. Failure of the convict and his companion, who told officers he was Cecil Lewis, to resist capture, was surprising to officers, who found both men were armed. In a stolen car which the fugitives abandoned a short time before their arrest, authorities found 67 pistols. It was believed the weapons were stolen in a robbery of a national guard armory at Jacksboro last night. He was being taken to Breckenridge Thursday for safe keeping. Reports from Woodson this afternoon said that Bybee had been located near there, where he was well known as he had worked in that section as a cotton picker several years ago. He was reported accompanied by a "slim companion." Plans to rob the Woodson bank leaked out and almost the entire citizenship of the town armed to await his arrival at the bank, which had been closed and locked in preparation for his coming. Later in the day he was reported cornered in a woods about one mile from Woodson, with officers from Breckenridge, Woodson, Throckmorton and other towns completely surrounding the woods and all roads within a radius of 20 miles patrolled by deputies and armed citizens, on the lookout for the desperado and his companion. Tuesday night Bybee is reported to have held up a filling station seven miles south of Woodson, when he obtained \$30 in cash and a watch from four men who were in the station at the time of the robbery. Three of the men were kidnaped by the bandit and were taken with him as hostages when he left. He later released them after admitting his identity, according to their stories, and threatened them with death if they mentioned the incident to officers. The men who were robbed at the filling station positively identified the bandit as Bybee, whom they said they knew well, and it was after they related their story that information that Bybee was planning to rob the Woodson bank Thursday leaked out and officers hurriedly formed posses and patrolled the vicinity. The bank was ordered closed and the vault locked and every store in town contained armed citizens, on the lookout for the desperado who recently escaped from the Houston county jail at Crockett and several weeks earlier was released from the Eastham prison farm by Clyde Barrow, where he was serving a 99 year term for the murder of Constable Ollie Parks at Breckenridge.

'Old Three Legs' Is Finally Trapped

OAK CREEK CANYON, Ariz.—"Old Three Legs," known to government hunters as the most notorious criminal in this section of the state, has paid for his crimes with his life. After a search of five years the snarling and defiant coyote has been trapped and killed. His past record shows he is responsible for the death of thousands of chickens in this section as well as being charged with destroying a watermelon patch valued at \$300. He has been identified in the past by his three tracks. One leg was lost in a steel trap several years ago and since the wild animal has run at large the object of every hunter in this section of Arizona.

Consumption of Cotton Shows Big February Increase

AUSTIN, Tex.—Consumption of cotton in Texas mills during February totaled 6,043 bales, against 5,860 in January and 3,990 in February, 1933, gains of 3 and 52 per cent respectively, according to the University of Texas Bureau of Business Research. A seasonal decline from January to February averaging nearly 6 per cent has occurred during the series of years in which records have been kept by the Bureau.

FRECKLES and HIS FRIENDS—By Blosser

CUMMINGS PAVES THE WAY FOR LAW ENFORCEMENT

Atty. Gen. Homer Cummings, addressing the members of the New York bar, called for drastic revision of judicial procedure under the guidance of the supreme court to remedy "a distressing breakdown of the law enforcement agencies in many parts of our land." Incidentally, he said that he was authorized to say such a method of reform carried the endorsement of President Roosevelt. This is the Cummings recommendation to the house and senate of the American congress: "I am persuaded that if the federal courts could reform their procedure and render it not only simpler but more responsible to actual needs the example of a system would have a powerful and correcting effect upon the practice in the state."

Only One-Fifth Of Tobacco Plant In Lucky Strikes

More than four-fifths of the entire tobacco plant is discarded in making Lucky Strikes cigarettes, only the choice center leaves being used, according to a statement by the manufacturers. Tobacco is one of the most sensitive plants, and is particularly susceptible to differences in climate and soils of various regions. Thus, there are many kinds and grades of tobacco and of these only relatively few are suitable for use in making a really popular cigarette.

Miracle of Plums Gets Church Honors

BRA, Piedmont, Italy—Maurilia Cardinal Fosati, archbishop of Turin, laid the foundation stone recently, for a church commemorating the miracle of the "plums." Every year for nearly six centuries—namely since December 29, 1336—the plum trees that grow in wild profusion around a small sanctuary here are covered with blossoms which flower two days before the end of the year. The sanctuary is aptly dedicated to the Blessed Virgin of the Flowers. The surrounding country is covered with snow while the strange phenomenon occurs.

A RECORD OF THE CASH PAID TO TEXAS FARMERS

Secy. Henry A. Wallace keeps books. Now his farm administration has let it be known that the cashier had distributed \$173,570,549 to 1,774,431 farmers in 46 states. A tabulation of cotton option and cotton pool rental payments, exclusive of cotton option and pool payments up to March 1, include Texas \$43,271,582 to cotton growers and \$3,528,425 to wheat growers. Of course this does not take into consideration the vast sums of money sent to Texas for relief work and building projects by the various setups of the New Deal administration. Summer is coming. Planting is on. There will be thousands of jobs for jobless men on the farms and ranches and truck plantations of Texas.

Father of J. M. Perkins Died In Massachusetts

Theodore P. Perkins, 74, father of J. M. Perkins of Eastland, died at Hudson, Mass., from the effects of injuries sustained when he fell from a ladder late Wednesday afternoon. J. M. Perkins left Eastland for Hudson, Mass., immediately upon receipt of news of his father's death. Funeral services will be Saturday. Mr. Perkins visited in Eastland several years ago and his wife, Dr. S. Manning Perkins, died in Eastland seven years ago while on a visit to her son and family. Theodore Palmer Perkins was born August 2, 1859. He was a civil engineer by profession and for 43 consecutive years was in the engineering and real estate department of the Boston & Maine railroad. He was retired by his company on a pension three years ago. Mr. Perkins worked out a quick and accurate method for determining the meridian by equal altitudes of the sun, which was recognized as a very valuable contribution to engineering and which is used in many engineering text books today. Mr. Perkins lived in a house in Hudson, Massachusetts, that was built in 1745. In addition to his son, J. M. Perkins of Eastland, the deceased is survived by a daughter, Mrs. Percy G. Doane of Brooklyn, N. Y., whom he had just visited, and four grandchildren: Elizabeth, Robert and Dorothy Perkins of Eastland, and Robert Emerson Doane of Brooklyn, N. Y.

OLDEN

Special Correspondent

Ladies of the Olden Baptist Church W. M. U. met at the home of Mrs. Col. Croft Monday afternoon and enjoyed a pleasant social hour. Games were played, a novel Easter egg hunt was held during which numbers were also found and the numbers corresponded to those on dainty Easter baskets containing delicious lunches for all present. Those present included Mrs. M. J. Baker, B. H. Baker, Bockman, J. H. Mann, James Ward, Fowler, Dan Bryant, T. H. Stanton, Carl Jones, R. L. Lester, J. P. Crawford, Cooper, Esley and the hostess, Mrs. Croft.

Lois Groves made a business trip to Electra Tuesday.

Members of Mr. James Ward's class at the Baptist church will meet Friday afternoon, March 30, at the church to practice hymns for Sunday's service.

Mr. and Mrs. Alton Clayburn, formerly of Olden but now living in Desdemona, announce the arrival of a new baby girl, born Sunday. Mother and baby are resting well at the Blackwell sanitarium in Gorman.

All those who attend the Baptist church in Olden are requested to bring a dozen Easter eggs to church Sunday morning. The eggs will be used in the Easter egg hunt that afternoon.

Mr. and Mrs. George Curry were Dallas visitors Saturday. While there they visited their son, Sydney, who is attending school in Dallas.

Word has been received from Mr. and Mrs. Gene Buckley, formerly of Olden, that they are living in Houston, where Mr. Buckley has been with the Dutch Shell Oil company for almost a year. They hope to visit friends in Olden later this spring.

Members of the Baptist church met at the home of Mr. and Mrs. Col. Croft Thursday night, March 22, and enjoyed a pleasant evening. Fifty-one were present to enjoy the social hour and partake of the refreshments served by their hostess. All reported a wonderful time.

Miss Olga McCoy had not returned Tuesday evening from Arlington, where she was called the latter part of last week because of a car wreck in which her mother was injured. While in Arlington, Miss Olga acted as bridesmaid for her sister, Dorothy, who was the bride of Mr. James E. Ringer in a pretty double ring wedding ceremony in the Methodist church in Arlington.

Mrs. Col. Croft was an Abilene visitor Thursday of last week.

Boy Scouts to Camp in July

The annual summer camp for the Comanche Trail council will be in two periods. The first period begins at noon, July 10, and ends with breakfast, July 17. The second period begins at noon, July 18, and ends with breakfast, July 25, according to announcements received from the Boy Scout headquarters today.

Many interesting projects will be carried on at the summer camp such as swimming, life saving, leathercraft, modelcraft, horsemanship, breadcraft, archery, Indian costume work, hikes of various kinds, sham battles, field play meets, handball, campfire programs and other features that will be announced later.

According to scout officials, now is the time for scouts to make preparations so that they will be ready and prepared when the time comes for the troop to encamp.

Possibly no better camp site can be found in Texas that affords as many natural resources toward making camp ideal for the boy of scout age than that of Camp Gibbons, which is located at the mouth of Brady creek on the San Saba river. Forty-two thousand acres comprise this ranch, which the scouts have the privilege of hiking over every foot of. Beautiful cliffs, and mountain peaks covered with cedars are to be found both on the banks of the San Saba river and Brady creek. Both streams are fed by springs which affords plenty of fresh and wholesome swimming water.

To the scout that wants to try his hand at the finny tribe, he will have the opportunity, and as is the custom, he gets to eat and share with his table what he catches, though it be a crawfish, turtle or whatnot.

Lometa Scouts Held Banquet The scouts of Troop 25 of Lometa of which C. W. Biggs is scoutmaster, J. B. Weaver and N. H. Nance, assistants, held a successful banquet which was attended by the scouts' parents and friends, Friday of last week. The troop has recently acquired a boxcar which they are going to turn into a regular troop meeting quarters. Scoutmaster Biggs announced that Troop 25 expected to have a regular attendance and would carry off many honors at the summer camp.

French Navy Plan for 1934 Light

By United Press

PARIS—The French navy probably will be increased during 1934 by approximately 30,000 tons.

According to the report of Deputy Pierre Appell, of the Chamber Commission on Naval Affairs, the government will be asked to provide immediate appropriation for the following units to be built by Dec. 31, 1934:

- One line battleship (Dunkerque).
- One destroyer.
- One cruising submarine.
- One coastal submarine.

It is noted that this will comprise about 30,000 tons, which despite continuous building in recent years, is under the average tonnage for the new naval program started in 1922.

The average year's tonnage between 1922 and 1932 was 35,545 tons. The highest single year being the first of the series in 1922

when 59,000 tons were authorized and built.

The 1934 tonnage is considered as the absolute minimum by which France can maintain its standard of efficiency laid down in 1922 when naval advocates pointed out the extreme urgency of rehabilitating the navy.

It is noted that these constructions are entirely within the agreements of Washington and London and well within France's commitments at the Geneva disarmament conference, although nothing at Geneva has specifically limited naval construction. The most important item of the 30,000 tons for 1934 is the super-cruiser Dunkerque, of 25,000 tons, work on which was begun last year under Naval Minister Leygues.

CINCINNATI—A pet fox terrier saved the life of his master, W. E. Lucas, here recently when his barkings prevented Lucas from being burned to death in bed. When Lucas was awakened by the

animal's alarm, he found the entire second story of his seven-room frame house afire. The dog was tugging at the bed clothes, leaping on Lucas' chest and licking his face.

Whose Fault?

The Sulky or Sulky Boy

Children seldom sulk because they are "bad." Something is wrong with them physically. Crossness is a symptom of biliousness, the same as a coated tongue. So, don't blame your child, do something to help him. Not with doses of any strong physic! Anything that drains the system and saps a child's strength only makes matters worse. There is a way to treat sluggishness in children without using violent medicines, and it straightens them out. See next column.

A healthy child is a happy child. Good health and good behavior go together. A boy whose bowels are moving every day, and moving thoroughly, couldn't stay cross five minutes! To prevent those bilious upsets in children, or to correct the constipated condition caused by the habitual use of some cathartic, just use senna. This natural laxative is preferable to any drug. California Syrup of Figs contains the proper amount of senna. You can get it anywhere, but get the genuine California Syrup of Figs.

Jackson Statue Is Given Repairing

By United Press

NEW ORLEANS.—Over a century after he waged successful warfare without injury, Gen. Andrew Jackson was "decapitated" and suffered other minor "injuries" to himself and his mount.

The bronze and iron statue of the warrior and his horse that have reared in the center of Jackson Square, the heart of the historic French Quarter in New Orleans, since 1856, has fallen prey to time. Rust split a front leg of

the horse, ate holes in the saddle and nibbled on the legs of Jackson himself.

A group of playful youngsters recently sent the head of the proud general tumbling into the dust.

Jackson's head once more, however, gazes over the surrounding scenes and Dr. Robert Glen, curator of the Louisiana State Museum, cleaned the edifice with kerosene, repaired the holes, and gave the bronze and iron likeness a coat of paraffin oil to protect it from further destruction by the elements.

General Jackson, after he had twice been President, laid the cor-

nerstone for the statue in 1840, 25 years after his celebrated defense in the battle of New Orleans. Cheered by a large crowd, he rode in state in a barge to the Place d'Armes. In 1851, the name of the plot was changed to Jackson Square and the statue was completed and unveiled Feb. 9, 1856, 11 years after Jackson's death.

In Spring a Young Man's Fancy

IN SPRING the whole world feels young once more. It is the time of new birth... of rebirth... of a revival of old longings and the stirring of new desires.

The spirit of man and woman is always young in Spring. You long for new scenes... for new clothes... for new surroundings. A tradition, old as civilization, warns us that if we don't share in this newness, we will suffer through the year from a feeling of defeat, of bitterness, of frustration, of old age creeping upon us prematurely.

Now is the time to buy something new for the house... for yourself... for those around you. Now is the time to plan ahead for a vacation... for a trip, no matter how short a distance it may be away from home... for a car, a boat, or perhaps new fishing tackle.

It is a stirring time, this Spring; and the advertisements are full of interesting news of things you need. You will find it pays to read them carefully—to be sure of satisfaction—to make your dollars go farther.

Mmes. Bohning and Bowden Honorees at Brilliant Tea Party

Brilliant Function Honors Mrs. Bohning of Chicago and Mrs. Bowden of Midland

Coming as the most brilliant function opening spring's social calendar for a number of seasons, was exemplified Wednesday during mid-afternoon hours when Mrs. John M. Gholson and sister, Mrs. Lula Riddle, entertained with a most appetizing tea at the home of the former hostess, 405 Hodges street, naming as distinguished honorees, Mrs. G. H. Bohning of Chicago and Mrs. R. W. Bowden, of Midland.

Receiving at the door were Mrs. Roy Jameson and Mrs. R. M. Daventon, while other gracious greetings were extended by Mrs. Saunders Gregg, and Mrs. E. E. Crawford, presiding at the main entrance to the living room where the charming receiving line was composed of Mrs. John M. Gholson, Mrs. G. H. Bohning, Chicago; Mrs. Eula Riddle, Mrs. W. R. Bowden, Midland; Mrs. Pete Jensen, Mrs. R. B. Rawls, Mrs. O. P. Newberry, Fort Worth; Mrs. John D. Gholson, Fort Worth; Mrs. O. F. Chastain, Eastland; Mrs. Jink Garrett, Longview; Mrs. Rena Conway, Mineral Wells, and Mrs. M. H. Hagaman.

In the rosy hued setting afforded through softly shaded lamps, a lovely color motif of pale yellow and white sent forth blending notes of color harmony, symbolical of Easter. Clusters of the favored blossom graced the rooms at intervals, adorned in their own leafy foliage.

The delicately tinted tea gowns worn by the house party members together with the smartly attired guests rounded out pleasing hints of color fashion accentuated through the perfect background of assembled shades of Easter's predominant theme.

The dining room where a lace laid table carried a handsome silver flower boat filled with shooting lilies intermingled with snapdragon sprays, tall yellow tapers in silver holders, shed their glow over the beautifully appointed board presided over by Mrs. John Tharman and Mrs. T. L. Lauderdale, who poured tea. Dining room associate hostesses added members of the house party personnel, Mrs. Leslie Hagaman, Mrs. Dick Phillips, Mrs. Cull Moorman, Misses Emily Driehof, Mary Edlo Davenport, Marguerite Adkinson, Elizabeth Garrett, and Ella Rae Kaykendall, together with D. W. Conway and Mrs. C. E. May, served a dainty tea plate with accompanying course of ice cream moulded into perfectly shaped lilies touched with the deep yellow centers, angel food squares embossed with candy eggs nestled atop the centers, and confoundations of marshmallow mints or orange and topped with white.

Some 100 guests called during the delightful tea hour including the following out-of-town guests: Mmes. J. E. Butts, Forest Wright, Charles Fee and William Geagan of Cisco; Mrs. O. P. Newberry, Miss Zillah Garrett, Mrs. Jennie Newberry and Dr. Walker of Gordon.

Germans Plan a Drive for Tourists

BERLIN.—Drastric price slashes throughout the entire list of Germany's summer attractions, coupled with the combined inducement of Bayreuth and Oberammergau, will be offered to the 1934 tourist invasion.

Hotels, railroads, the Lufthansa, bath resorts and admission fees of all types have been affected. Germans consider the reductions as something in the nature of an investment. Foreigners for a year have been hesitant of making their contemplated German trips, from uncertainty of the conditions they would find under the Nazis.

Here it is felt that once the visitors can be attracted, Germany's natural sights and scenery, coupled with the complete order into which the country has settled, will bring them again.

Oberammergau's Passion Play, celebrating its 300th anniversary this year, is the chief 1934 attraction. Foreigners and Germans from abroad, who wish to visit the production have been offered a one-third rate reduction by the national railroads, and 30 per cent one round trips by air. Reductions are conditional on a seven-day stay in Germany.

The railway round trips are most flexible, allowing numerous stops on route. For general rail-road travel, foreigners are offered a 25 per cent rate reduction. This, coupled with unusually low prices in Bayreuth, it is hoped will redeem the mediocre 1933 season of the annual Wagner festival.

The Oberammergau production runs from Whitsuntide to mid-September.
