SERVICE CLUB WINS FROM NATURALINE

Service Club rapped out 17 safe hits out of 34 times at bat, including three two-base hits and a home run with the bases full, to defeat Naturaline Friday afternoon by a score of 15 to 13 in the most interesting and exciting game of the year.

The home run came in the sixth after a hectic five and a half innings after Peterson, who relieved Minter on the mound, had walked in one run. Killingsworth, next up, slapped the ball out of the park for a home run, scoring Moore, Dixon and Larson ahead of him. The blow was enough to put the game on ice, though the Service Club had to play hard to keep the lead.

The game throughout was a see-saw affair with first one team and then another in the lead and the outcome was not definitely established until Haslam caught the last fly to retire the Naturaline batters in the first of the seventh.

Service got off slowly, but hit at a 500 per cent clip for the game, making their bunched hits count for runs in the latter part of the game.

In the first inning Naturaline made two runs and Service Club one. Naturaline got four more in the second while Service Club was making one to make the count 6 to 2. Both teams went scoreless in the third, but Service Club climbed up to a 6 to 3 count in the fourth and went wild in the fifth. A bat around in the inning and a count for six runs, making the count 9 to 6 in their favor. Minter, who started on the mound for Naturaline, was removed after one was out in this inning and was being hit hard, Peterson, taking up the pitching burden, but the Service Club batters were not to be stopped and continued their scoring spree.

Not to be outdone Naturaline came back to make five runs in the sixth to make the count 11 to 9 in their favor, while Service Club again went wild in the last of the sixth, connecting for six hard-hit blows, including the home run with the bases full, to score six more to make the count 15 to 11 in their favor. Two walks, one with the bases full, aided Service Club in this inning.

In the first of the seventh it began to look as though Service Club would have to have another battling rally to win when two hits in a row, followed by an out, accounted for two runs, but Haslam stopped the rally when he took Truman Roosevelt's fly back of second to retire the side.

Fesmire, Moore and Galloway had perfect days at bat for Service Club, Fesmire getting four hits in four times at bat, Moore getting three hits out of three trips to the plate, while Galloway, who was up only once, got a single.

Galloway pitched the first three innings and retired in favor of Killingsworth, who got credit for the win as the score was six to two in favor of Naturaline when he went in the box.

Farmer Slowly Dying of Rabies

DALLAS, June 30.—James Storey, 34, Irving farmer, was dying horribly today from rabies because he did not avail himself of medical attention three weeks ago when a pet dog bit him on the hand.

Doctors sought to relieve the man's suffering with powerful doses of narcotics. They said Storey's death was a matter of hours. He was bitten when he tried to give some medicine to an ailing dog. His wife was bitten at the same time. First symptoms of the disease were noted Monday. Mrs. Storey was put under treatment.

ONE IS KILLED TWO ARE SHOT BY DILLINGER

SOUTH BEND, Ind., June 30.—A desperate gang of gunmen raided the Merchants National Bank today, shot and killed a policeman, wounded two bank officials and escaped with loot estimated at \$15,000 to \$25,000.

C. W. Coen, vice president of the bank, said he recognized the leader of the gang as John Dillinger. Policeman Howard Wagner was shot to death as he ran toward the bank while they were coming out. Inside the bank, the gang shot down Delos Coen, cashier and son of the vice president, and Perry G. Stahley, another vice president. Neither was wounded seriously.

"They shot them down in cold blood," the elder Coen said. "They didn't have a chance. They had offered no resistance." The bank is located in the heart of the South Bend business district, and South Bend is only a few miles from Crown Point, from whence Dillinger fled in his jailbreak last March.

The bandits carried machine guns and flourished automatics. Dillinger was the first to enter the bank, Coen said.

Joe and Ray Joke In Death Cells

HUNTSVILLE, Texas, June 30.—Joe Palmer and Raymond Hamilton, both former gunmen of the notorious Clyde Barrow gang and both sentenced to die in the electric chair for the murder of Major Crosson, Eastham prison guard, laughed and joked with each other from their cells today.

"How's tricks, Joe?" the 20-year-old Hamilton asked Palmer today from the two met in the dimly lighted death house.

"They trumped my last trick and broke up the game at Anderson," Palmer replied with a gesture.

A Grimes county jury sentenced Palmer to die for Crosson's death yesterday. Hamilton was given the death penalty three weeks ago.

Marie Dressler Is Slowly Sinking

SANTA BARBARA, Calif., June 30.—Marie Dressler continued to battle hopelessly today against death.

In a coma since Thursday, the noted trouper was unable to hear the clock that tolled away the remaining hours of her life.

Doctors agreed that the end was near, although it may be several days before the film world is robbed of the actress, famous for weaving threads of humor in roles of delicate tragedy.

The veteran stage and screen star was growing weaker after improving during the past 24 hours.

Concern was experienced Saturday by relatives of Bob Ray Sparr, son of Mr. and Mrs. Ed Sparr of Eastland, who was taken to the Payne & Lovett hospital Thursday for an appendicitis operation. Relatives of the sick youth say that Sparr was in a critical condition when taken to the hospital for treatment and that his recovery is doubtful.

Ox Team Appearing in Ranger

Students Invited To Hear Dry Talk By Noted Speaker

The announcement comes from Hon. William D. Uphaw, dry presidential candidate at the last election that all students are invited to be guests of honor at the Good Citizenship rally at the First Baptist church in Ranger Sunday night.

Since Mr. Uphaw got off bed where he staged seven years and where he would be now without a body brace and crutches, he has spoken to over 4,000,000 students in America and he proposes to give away a dollar bill to some student Sunday night—grade school, high school or college student—who answers a certain constitutional question which all students are supposed to have learned in their civics.

The Georgia orator's subject will be "The Blue Coast of the Red Flag" and as the local sponsors have offered a dollar bill also to the man who goes to sleep, it goes without saying that however warm the weather may be there will be a breezy time.

Prof. B. M. Dinmore of Electra, was proud of the fact that 1,800 school children who attend his schools attended the pageant in a body and declared that it was just the thing they needed to bring vividly to their minds scenes in history which will help them to understand this study in the future.

Prof. John F. Bailey, principal of the Breckenridge high school, praised the pageant highly and said that every school child should be taken to the pageant by his or her parents.

The parent depicts the rise of America in 18 episodes from the Indians in 1700 down through the years to the World war in 1917 and the "New Deal" in 1934. Beginning immediately after reading of the dedication by H. B. Johnson, pastor of the First Christian church, with a display of fireworks, the pageant plunges through the years, bringing to the mind's eye of the thousands of spectators a living history of our great country.

In order that any person who wants to can witness this great pageant the sponsors and directors have set a low popular price of 35 cents for adults and 20 cents for children for this great two-hour spectacle of history portrayal.

Tickets are on sale at convenient places of business in Ranger and you may get your tickets ahead of time to avoid the rush at the gate the night of the performance.

The pageant is being brought to Ranger by F. C. McClung, for four years director of the Little Theatre at Wichita Falls, and Bob Martin, for two years in a director capacity with Ringling Bros. circus. These men, who live in Electra, Texas, are native Texans who are receiving popular acclaim wherever they present this pageant as clean, upright gentlemen who are bringing to the people a spectacle which has long been needed in the western states.

Auto 'Blutzed' After Hitting Pedestrian

READING, Pa.—Did you ever feel your automobile blutzed? Well, George E. Sponagle did.

Testifying in his own defense on charges of having failed to stop after striking a man with his automobile, Sponagle said: "I felt the car blutzed at the crossing, but I didn't know I had struck anyone."

The word "blutzed" caused Judge R. Robert Mays to glance at the jury. The jurymen nodded understandingly and the trial continued.

"Blutzed" is Pennsylvania Dutch for "bumped," and Sponagle was acquitted.

Ranger and Olden Will Play Today

The Ranger baseball team will play a game in Ranger this afternoon with the Olden team. The game is to be played at the field on the Eastland highway.

Since dropping out of the New Deal league the Ranger team has been reorganized and his shown considerable improvement. The Olden team is one of the best in this part of the country and a fast, snappy game is anticipated.

WILLOWS CLEANED

The Willows swimming pool, which was closed last Friday afternoon to be drained and refilled, is now ready to reopen and will be in operation tonight, it was announced late Saturday afternoon.

Teachers Endorse March of Time As Educational

Every school child should see the pageant, "March of Time," to be presented at Lillard field Wednesday night, July 4, according to leading educators and school officials in cities where this historical masterpiece has been shown this summer.

Professor W. T. Lofland, superintendent of Vernon schools, was loud in his praise of this pageant and declared after he had seen it that every school child should attend and enjoy this spectacle so that they can get in mind's eye a true perspective of history.

Prof. B. M. Dinmore of Electra, was proud of the fact that 1,800 school children who attend his schools attended the pageant in a body and declared that it was just the thing they needed to bring vividly to their minds scenes in history which will help them to understand this study in the future.

Only One Strike Still In Progress

WASHINGTON, June 30.—Only one major strike threatened industrial peace today as conflict reacted to federal mediation.

Mediators settled the Milwaukee utilities strike after several days of rioting. The settlement was a capitulation of the Milwaukee Railway & Light company to labor demands.

Only the Pacific coast longshoremen's strike remained to be pacified. Federal mediators continued efforts on that front.

Huge Mass Flight Seen Over Dallas

DALLAS, June 30.—One of the greatest mass flights of the southwest was staged here today when 148 army planes, representing \$6,000,000 in equipment, participated in ceremonies dedicating Hensley field.

Three hundred pilots and enlisted men came here in the ships from southwestern and middle-western fields.

HITLER QUELLS A MEETING IN STORM TROOPS

BERLIN, June 30.—With crushing severity reminiscent of the French reign of terror, Chancellor Hitler's government tonight crushed the revolution, summarily executing seven of its leaders.

After killing Kurt Von Schleicher and his wife when Schleicher resisted arrest, the Nazi high command lined up seven of its enemies and executed them by firing squad.

Sturm troops headquarters were occupied by the state police or gendarmes and by Reichwehr soldiers. There were reports of disturbances which meant fights of the mutineers to resist arrests.

Ernst Roehm, Hitler's close friend and chief of staff of all Nazi storm troop units, was dismissed from the party and his post and was arrested. Also arrested were Karl Ernst, commander of storm troops in Brandenburg state, and others. All faced court martial.

Schleicher was indicated to have tried to take advantage of a crisis in the storm troops ranks to effect a coup.

United States In Grip of Hot Spell

CHICAGO, June 30.—All of the United States, except a few northern states and southern California, broiled today under a glaring sun which rocketed temperatures to all-time records. In 40 states the mercury climbed close to 100 degrees, while at many points it exceeded that point.

The toll in lives was inestimable. Vital statistics bureaus of the larger cities attributed more than 60 deaths to heat prostrations. A check in states most hit showed at least 85 drowned at beaches and resorts.

Livestock, still on short water rations in many western states as a result of the recently ended drought, suffered intensely. Reports of crop experts indicated grain crops are threatened anew.

Eastland Stars Defeat Olden Magnolias Friday

Eastland all-stars playing Olden Magnolias in Olden Friday won their most decisive victory of the season when they took the Olden team to an inglorious defeat, 13 to 0.

In commenting on the game one of the Eastland players said, "Winston Castleberry was the outstanding star of the day with a home run, triple, two doubles and a single. Fullington, Cooper and Tully also stood out at the plate."

"The all-stars played heads-up baseball and made several sparkling plays in the field at opportune times. The all-stars remembered the Brownwood game and did not let up at all, they failed to secure a run in the fifth."

FORD SIGNS CODE

WASHINGTON, June 30.—The Ford Motor company sent a certificate of compliance to the national recovery administration presented. The announcement is being spread out over the three-day event, making each day a big day, and a hearty welcome is in store for all who will come. The Tickville Band of Ranger has been invited to come and help with the entertainment.

Aviators Forced Down Near Paris

PARIS, France, June 30.—Benjamin and Joseph Adamowicz, Brooklyn bottlers, landed at De Fleurs de L'Or, near Alencon, today, far short of their goal, which was Warsaw.

Neither of the brothers was injured, though they were obliged to make a forced landing and their plane was damaged.

They left Harbor Grace yesterday. The fliers were forced to land because of a gasoline shortage.

A Little Gift From Dillinger

Earl Hancock, 3, would like to see his Uncle John and thank him for the gift last spring of this nice tricycle, which Earl proudly rides at his Maywood, Ind., home. But a lot of other people, too, would like to see Uncle John, and Uncle John knows it, so he doesn't show up. He's John Dillinger, the desperado, brother of Mrs. Audrey Hancock, Earl's mother.

Speakers on both sides were pessimistic. Germany's complete moratorium on foreign debts was effective Saturday night at midnight. The declaration of trade war would come when the Nazi government fails to deposit the reparations bank to the July installment of the Young reparations loan due Sunday.

Great Britain was prepared to operate as from midnight Saturday its clearing house system to seize Germany credits to pay holders of Young and Dawes loans.

Desdemona To Have Homecoming August 9th to 11th

The annual three-day homecoming will be celebrated in Desdemona Aug. 9, 10 and 11, under the management of A. B. Hensley, president; T. J. Nabors, vice president, and W. E. Barron, secretary-treasurer. This occasion attracts large crowds yearly and hundreds of old settlers meet together in happy reunions. Political speaking, free barbecue, basket dinner and good entertainment will feature the event. Music will be furnished by several outstanding bands and novelty orchestras coming from different parts of the state. Good singing will be offered by a number of neighboring singing schools, and a singing contest presented. The entertainment is being spread out over the three-day event, making each day a big day, and a hearty welcome is in store for all who will come. The Tickville Band of Ranger has been invited to come and help with the entertainment.

GERMAN DEBT POLICY BRINGS TRADE WAR

LONDON, June 30.—Outbreaks of a bitter British German trade war seemed almost certain when delegates failed today to make progress toward agreement on the German foreign debt moratorium. Speakers on both sides were pessimistic.

Germany's complete moratorium on foreign debts was effective Saturday night at midnight. The declaration of trade war would come when the Nazi government fails to deposit the reparations bank to the July installment of the Young reparations loan due Sunday.

Prison Farm Head Seeks Two Fugitives

SUGARLAND, Texas, June 30. A posse headed by A. N. Owens, manager of the Harlem state prison farm, today searched the Brazos river bottoms for two convicts who escaped from the prison last night.

The escaped convicts are M. B. Peacock, 26, serving a term for automobile theft, and Floyd Pitts, 29, serving a four-year term for burglary. The men escaped while working on a night construction crew.

Business Improved After Blue Eagle Was Taken Away

MICHIGAN CITY, Ind.—Business improved so much after Kenneth Cover, local dry cleaner, lost his NRA Blue Eagle that he doesn't want the insignia restored, he said. The emblem was taken from Cover's shop because he allegedly violated the price-fixing agreement of the code. Even though the NRA has abandoned the price-fixing clause, Cover said he did not intend to ask for restoration of his Blue Eagle.

MARLBOROUGH DIES

LONDON, June 30.—The ninth Duke of Marlborough, who wooed, won and then lost two American society beauties, died today. First he married Consuelo Vanderbilt of New York. They were divorced in 1920. In 1921, he married Gladys DeGrade.

Witt Is Second With Hunter But a Few Votes Behind, McDonald Fourth.

By RAYMOND BROOKS AUSTIN, June 30.—As of July 1, a cross-section of Texas political sentiment puts James V. Allred well out in front in the governor's race, with Tom F. Hunter holding a slight lead over C. C. McDonald for a place in the run-off and Clint Small near them for fourth place. Many Hughes was reflected in fifth place. Edgar Witt in sixth place, and E. K. Russell, prohibition candidate, getting a scattered vote for last place.

This sample of July first preferences reflects the attitude of 5070 voters, or about one-half of one per cent of the expected first primary votes July 28.

In each community, voters were polled personally. Cars were taken to poll a correct proportion of rural voters in each county.

The cross-section results do not purport to show the relative preference of hundreds of voters in typical communities, checked at random, during the past week.

Here are the figures, based as nearly as was possible, on proportionate ratios in each of the 20 areas, the cities ranging from among the larger ones to down as small as 7000 in population. Farm and rural people were checked as they visited the market square, stores and the county agent's headquarters:

Allred	1627
Hunter	851
McDonald	704
Small	476
Hughes	436
Witt	874
Russell	34

An outstanding factor in this cross-section is that Allred polled more support than the combined total of the next two highest men in the race.

Allred got approximately 35 per cent of the total; Hunter and McDonald around 20 per cent apiece, and the remaining 25 per cent was divided between Small, with a little over 10 per cent, Hughes a little less than 10 per cent, and Witt considerably under 10 per cent.

The results here summarized represent one out of approximately each 225 prospective voters in July.

A most significant factor was reflected in reports of the immense number of voters yet undecided, and those who were still hesitant between two or three of the candidates.

Not reflected in the statistical returns there has been indefinite indication of an upswing in Sen. Small's strength. This, taken into consideration with the general rule that the undecided vote finally goes to some of the stronger candidates, may indicate some pointer toward the final outcome of the race, which the present figures do not purport to contain.

The returns have been segregated into three groups, those of East Texas, those of West Texas, and those of South Texas. Returns polled at Austin have been prorated equally into the three groups, since Austin is the corner of each of the three districts.

DID YOU EVER STOP TO THINK

In these days of high pressure business and scientific competition, cities can go ahead by being careful students of economic forces and fundamentals.

One of the greatest insurances against business depression of a city is a diversity of its sources of income; such as farming, manufacturing, jobbing and retail businesses. Each one of these enterprises is a separate source of income to a certain quota of its citizens, and the failure of any one of them would not create a big depression, as the other sources of income would be able to carry the temporary load.

A city can take what comes its way without an effort and be a good city sometimes. Occasionally some valuable industry will drop in unasked, but that does not happen often.

But the city with vision, energy and a go-getting spirit is the one that has a consistent growth and creates new wealth and happiness for its constantly growing population.

DID YOU EVER STOP TO THINK

By EDSON R. WAITE, Shawnee, Oklahoma

It was Mark Twain who said, "Everybody talks about the weather, but nobody does anything about it."

Nowadays something is being done about the weather. Weather by wire is a common place happening in most of our larger cities. Thanks to the development of moderate-priced air conditioning equipment by manufacturers.

Air conditioning is more than merely cooling the air. Modern air conditioning equipment washes the air, thus removing all particles of dust and pollen; provides the correct temperature and, perhaps more important, regulates the humidity.

Working in an air conditioned room is like standing on the porch after a spring shower and reveling in the freshness and purity of the air. Air in an air conditioned room is more pure than the air supplied by nature.

Air conditioning equipment is now available for every home, store or place of business. One room of a cottage or an entire building can be air conditioned.

It takes little imagination to appreciate the hundred and one ways in which improved efficiency is achieved in both summer and winter months by air conditioning.

Every manufacturer of air conditioning equipment should advertise in the newspaper and inform the people fully as to just what air conditioning a house or place of business means for health, comfort and business.

I note that over in Jugoslavia a duel was recently fought—not with pistols as one of the participants, an Army officer, wished, but at a table, as his civilian opponents who had the choice of weapons demanded. The Army officer vindicated his honor by eating and drinking his opponent under the table. This kind of duel would be very popular in this country if tried. No doubt many duels of this nature could be started everywhere in this country and dueling would become very common.

in second place in East Texas and in South Texas.
They reflected Hunter in second place. Small in third and McDonald in fourth place in West Texas.

A very large undecided vote was shown, ranging as high as 79 out of 400 in one county, and to the remarkable ratio of 173 undecided to 173 committed to any candidate, in another county.

More than 20 per cent of those in Austin who were asked their preference in the race replied either that they had not decided, or that a final choice was yet to be made between two candidates. And nearly all the seven candidates figured in the two between whom various individuals were yet to make their choice.

To avoid any possible undue weighting of the results, none of the canvass was made in the home county of the candidates.

The figures relate to July 1 preferences. They should indicate the starting-point at least of the final first-primary wind-up though any or all the apparent showings may be greatly changed by election day.

The figures will afford the basis of much figuring as to second-primary developments, in the various combinations and permutations of the vote of candidates figured to drop out then.

For instance, the advocate of any one of the six high candidates could show that by getting certain percentages of the votes of the other four, against a run-off opponent, his candidate would win the nomination in August.

Wild West Garb Is Not Popular With the Rangers

AUSTIN.—Big hats, boots and spurs, cartridge-filled belts and prominently displayed pistols are no longer in style with Texas rangers.

Such paraphernalia may be all right for some jobs, but a ranger so attired now is the butt of his companions' jibes.

"Show-off rangers," Capt. Dennis E. Hamer, commander of headquarters company, calls the booted and spurred ones. Hamer wears

low shoes, business suits, "boiled shirt" and a small headpiece. Boots still are worn by many rangers, but with trousers outside. Handle-bar moustaches have disappeared, too. And regulations require that guns be worn under the coat.

As he entered Kandel joyously introduced him. "This is Mr. Thorpe head of Rental and Management. If you ever want to rent an apartment, apply to him. This is Miss Terry, my new secretary. Roger and a live wire, believe me. Sit still, Miss Terry—I want to go on."

So she waited and listened, and as she listened she looked at Roger Thorpe who was quite worth her attention. Three-Sixteen seemed to be an apartment house which had been having a series of mysterious troubles. Thorpe had at last traced these to the superintendent.

"The man's insane, a sort of religious mania," said Thorpe. "He's been working up a grudge against the families that dance and play cards and entertain and lead what he calls sinful lives, if you see? That explains why the best failed in some of them, and the queer noises on the roof, and the rats in Miss Harstell's pantry and the plumbing trouble in the fifth and sixth floors."

"Good Lord, Johnson reported all that himself, said he couldn't understand it!"

"Yes, but the other day when he was here he said something about they were getting no more than they deserved and his eyes looked so wicked that I had a hunch. So I went up there and had a talk with him. We're lucky he didn't run amok and commit murder."

"What have you done with him?"

"He's been sent to Bellevue, and the truck elevator man takes charge until we put in a new super. It's all been kept perfectly quiet. No body suspects what was the matter, nor where he is. I'm taking care of it personally."

As Thorpe left, he bowed to Jane. "I'm glad to have met you, Miss Terry," he said, in his pleasant even voice, and Jane knew that he had been fully conscious of her presence all the time.

BEGIN HERE TODAY

When HOWARD JACKSON, famous geology professor, comes to the small middle-western town of Harburg JANE TERRY, the prettiest girl in town, determines to win his heart.

Howard is attracted by Jane's friend, AMY LOWE, but Jane schemes to keep them apart. Then one evening Howard calls on Amy and almost immediately they fall in love.

Later that night Jane confronts Howard and accuses him of breaking her heart. When she tries to calm her she interprets his words as a declaration of love and announces their engagement.

A day later Howard is trying to explain to Amy what happened when Jane sees them together. She flies into a rage. Howard tells Jane he does not and never did want to marry her and that it is Amy he loves. Jane leaves. Amy admits her love for Howard and agrees to marry him.

Jane goes to New York and enrolls in a secretarial school. Meanwhile Howard and Amy set the date for their wedding in June.

NOW GO ON WITH THE STORY

CHAPTER IX

"It's a great opportunity," said Miss Jardine, "even if it isn't exactly what you want. I'm more flattered than I can say that they've asked me to send someone. In those big organizations there's usually someone right in line to be stepped up when a vacancy like this occurs." She looked at Jane thoughtfully, and went on: "Of course, you may not get it. My sending you won't guarantee that they may have a dozen other girls applying. Then there's the difficulty that you haven't quite finished here—"

"I've practically finished," Jane reminded her, "and I've done the whole course in a little less than eight months."

"Oh, you've worked marvelously. They said there was no use sending anyone who wasn't exceptional. Kandel's is the liveliest real estate firm in the city, even if it isn't the biggest—but you don't even know the real estate vocabulary."

"It ought to be easy enough to learn," Miss Jardine's retortance whetted Jane's desire, as Miss Jardine intended it to do.

Now that Jane was eager for the job Miss Jardine became a little serious. "I want to talk to you first. You're young. You're only starting. If you get it, this will be your first job and a first job often sets the trend of one's whole business existence. You must look it over carefully. From every point of view, and make up your mind whether or not it's the right line for you. Don't be one of those women who simply work for the week's salary and never look beyond their noses. Now, after you're there a while and know the ropes maybe you'll discover that you haven't any fair for real estate. Maybe you won't like it. Maybe you'll be dumb about it, though I don't think that. But if it doesn't suit you, if it doesn't work out so that you like it, and want to go on with it, you must drop it, cut it off clean and dry and try some thing else."

"Miss Jardine, do you honestly believe I can get this job and do things—in business—like a man?" "I honestly believe that you can and that you will—unless—"

"Unless what?"

"Unless you get yourself mixed up in some sentimental mess. That's where the average business woman loses out."

Jane looked at the pencil's point. "Go ahead," she said.

she concluded triumphantly, with out the least recollection that she had stolen that speech entirely from Miss Jardine.

"Well, by gosh!" exclaimed Mr. Kandel. "You've got the idea. You're hired!"

"Oh, no, I'm not," said Jane. "I don't know yet what the salary is. Thirty dollars to start. More in a year if you make good on that hands and brain stuff."

"No, that's not enough for me."

"But you don't know anything about the real estate business that woman over at the school told me so. You've got a lot to learn at my expense."

"Then you'd better make it worth my while to learn it."

Mr. Kandel whistled. "What do you want?"

"Forty dollars to start and a \$10 raise at the end of a year if I'm worth it."

Mr. Kandel settled himself for the pleasure of a dicker, with the double purpose of finding out whether the girl knew how to bargain, and of saving himself a third of the salary he had paid his predecessor. By dickering and haggling Mr. Kandel had already made his great financial success. But Jane, in his own phrase, sat up to him. He was to her no more than Mrs. Berwyn trying to buy for half-price the left-over of the china booth of the annual Martineau Hospital bazaar. At the end of an exhilarating 20 minutes they came to an agreement, somewhat above his intention. Mr. Kandel was to pay \$27.50 a week for six months. Then if satisfactory Jane would receive \$40 and a \$5 raise each six months after that until she had reached a maximum of \$60.

"And by that time," said Mr. Kandel, "you'll probably own this business and I'll be out on the street panhandling for a cup of coffee. When can you start?"

"Now, if you want me."

"Then your desk. Hunt up a notebook and pencil and we'll get going."

Jane put her coat and hat on the chair nearest the desk, opened by instinct the exact drawer where the notebooks and pencils were concealed, looked at the pencil's point and came over to Mr. Kandel's side. "Go ahead," she said.

When they were nearly through a tall young man stuck his head in at the door and said: "We've got

Every Conceivable Force WORKED TO TEAR THESE TIRES TO PIECES

ONE CORD LOOSENED! ONE TREAD SEPARATED! Not one Blowout!

As thirty-three demons carved their way around the steep, slick curves of the brick track, tires broke and smoked, break-neck speeds, 100 miles and more in the straightaway—magnificent centrifugal force trying to rip the tread from the body of the tire. In fact, every conceivable force worked to tear the tire to pieces, but not one cord loosened—not one tread separated—and not a blowout. What amazing safety of tire strength—Safety Quality and Dependability.

Every one of the thirty-three winners at the Indianapolis mile sweepstakes chose and used Firestone High Speed tires. The fact that not one of 32 tires failed is your best guarantee of the Extra Safety—Strength—and Dependability built into these tires.

The New Firestone High Speed Tire for 1934 is protected on the outside by a wider tread of flatter treads, deeper non-skid, more tougher rubber, giving you more than 50% longer non-skid mileage—Safety—Protected on inside by eight additional cords of pure rubber absorbed every 100 pounds of weight, additional rubber surrounds cotton fiber inside every inch in every ply. This is the best process of shipping.

LONGER INTERVAL TIME

AUSTIN.—An enlarged college campus with greater distances between buildings has forced the University of Texas to add two minutes to the five minute interval formerly allowed pupils to get from one class to another.

RANGER IN 1930 (Continued)

Oct. 2 Jim Ingram, chief of police of Ranger, won the state championship in pistol shooting at the Police Chiefs and City Marshals association meeting at Beaumont.

Oct. 2 the Lions club, in session, urged the installation of traffic lights at two Ranger street intersections. The street corners designated were Ruak and Main and Austin and Main. G. E. Robinson was appointed to look into the matter of cost of installation and operation of the lights.

Oct. 4 four youths who participated in a daylight robbery in Ranger were traced to the Texas & Pacific yards. A freight, which had left for the east, was halted at Tiffin and Chief of Police Jim Ingram rushed there in his car and arrested them. Two surrendered, but two tried to flee, but halted when he drew his gun and commanded them to halt. No shots were fired.

Oct. 7 the Hickory Oil and Gas company announced it was ready to spud in on the C. H. Fee farm one and a half miles north of the Hickory Oil and Gas company well drilled on the T. M. Terry tract about a month before and which was producing about 150 barrels of oil daily and 1,900,000 cubic feet of gas.

Oct. 7 the Oil Belt Sheep and Goat Raisers association made a sale of the fall clip and mohair, which brought \$11,000 to growers in this section. Kid hair was sold for 39 1/2 cents while mohair brought 29.

Oct. 9 the Texas Livestock Marketing association announced that it was ready to purchase feeder cattle in this section.

Oct. 10 a man in jail at McKinney confessed, according to reports, to forgeries in Ranger. He stated that he had cashed forged checks with J. C. Penney, J. C. Smith, Hassen Company, Joseph Dry Goods Company, The Globe, Shoppe Moderne, A. & P. Grocery and Henry Hagley.

Oct. 10 Rev. Henry Mayne, pastor of the First Methodist Church of Ranger, received the last note on the church building, marked paid. He announced that it would be burned before the congregation Sunday morning. The note was made out Oct. 20, 1929, and was signed by M. H. Hagaman, E. B. Mills, Thomas A. Deffenbach, M. H. Smith and John M. Ghobson.

Oct. 13 Col. R. D. Gordon's Hunt No. 1 in the Merriman Pool three miles south of Ranger came in for 1,500,000 cubic feet of gas and had 1,400 feet of oil in an eight-inch hole after five hours.

Oct. 17 completion of the airport was assured at a meeting of a committee composed of C. J. Moore, Dr. Harry A. Legdon and J. E. Merney, who conferred with County Commissioner V. V. Cosper on the project. Arrangements for removing the houses and trees on the south side of the airport were made, which would add 1,050 feet to the runway and almost double the size of the airport.

Oct. 23 an athletic club, with bowling alleys and an indoor basketball court was planned by the Elks club, according to announcements.

Oct. 28 the annual banquet of the First Methodist church was held with L. H. Flewelling as toastmaster and J. M. Edwards in charge of the program.

Oct. 30 fire swept the car shops of the Chestnut & Smith plant three miles south of Ranger, doing damage estimated at \$6,000. A 60 to 100 feet building was destroyed and the machinery was badly damaged.

Nov. 4 Shuley Davis, 43, who confessed to forgeries in Ranger, was placed in jail and confessed to a number of other forgeries, according to assistant District Attorney Willbourne Collier, before whom the confession was made.

Nov. 7 two burglaries were reported in Ranger. The wrecking yard on the Bankhead highway was robbed for the second time in a week and the Magnolia filling station on Commerce street was robbed the same night. Automobile parts, batteries and gasoline were stolen.

Nov. 9 a well eight miles northwest of Ranger, S. A. Hopkins, N. I. S. A. Davis, which was drilled to 3,361 feet, going through the Ellenburger lime into the granite wash, was creating much interest among oil men. A showing of gas made some believe oil might be encountered. This was reported to be the first well ever to go through the Ellenburger lime.

Nov. 10 reports were received in Ranger that a 6,000,000 foot gas well near Strawn was abuzz.

Nov. 14 at a joint meeting of the Lions and Rotary clubs, a movement to beautify the city to provide jobs was started.

CHURCHES

FIRST METHODIST CHURCH
James M. Bond, Pastor
-Sunday school at 9:45 a. m.
Morning preaching service at 11 a. m.
On account of revival meeting at First Christian church, and special service at First Baptist church with former Congressman W. D. Uphaw as speaker, there will be no evening preaching service at the Methodist church.
Group meetings at 7:15 p. m. A patriotic program will be given by the young people's department. Subject, "Peace or War."

ST. RITA'S CHURCH
Masses today will be at 7 and 9 a. m. by Rev. J. Fernandez.
This is the sixth Sunday after Pentecost. The epistle read today is taken from the epistle of St. Paul to the Romans, 6:3-11, and the Gospel is from St. Mark 8:1-9. Today is also the Feast of the Most Precious Blood of Jesus Christ and the month of July is devoted to honor the blood Christ shed for mankind. Next Sunday there will be only one mass in St. Rita's church and that will be at 7 a. m.

FIRST CHRISTIAN CHURCH
H. B. Johnson, Pastor
Sunday school, 10 a. m., with E. T. Walton acting superintendent.
Golden Rule Bible class taught by Mr. Holloway. This is a class for men and you would enjoy it. We are very anxious to have a large attendance in Sunday school this morning.

Preaching, 11 a. m., by Rev. G. R. Forrester. Subject, "The Old Rugged Cross." This is sure to be a great sermon and you can't afford to miss it.
Young folks service, 7:45 p. m. Let all the young folks be present at this time.
Preaching, 8:15 p. m., by Rev. Forrester. Subject, "The Great Salvation." Remember this is the last day of the revival and everyone should hear these two great Gospel messages. Let's make the last day the greatest day in this revival. At the close of the evening service there will be a baptismal service and all who can should be present at this service.
Monday afternoon at 3 p. m. the Women's Missionary society will meet with Mrs. Ratliff.

CENTRAL BAPTIST CHURCH
H. H. Stephens, Pastor
Sunday school, 9:45 a. m.; L. L. Reese, superintendent. Teachers and officers on time at 9:30 a. m. Be on time.
Preaching, 11 a. m., by pastor. Roy Moore will be in charge of the choir.
B. T. S., 7:30 p. m., under direction of Morris Jefferies. Be in our training service. Fine attendance last Sunday evening.
There will be no preaching service as our church is co-operating with the prohibition rally at First Christian church. Because of these services those approved for baptism will be baptized next Sunday night.
Monday, 2:45 p. m., the W. M. S. will meet in business and devotional at the church.

PRESBYTERIAN CHURCH
L. B. Gray, Minister
Sunday school, 9:45 a. m., S. B. Baker, superintendent.
Morning Worship, 11 a. m. Regular quarterly communion service at this hour, with a brief sermon by the pastor.
Evening Worship, 8:15 p. m. Sermon by the pastor.
You are cordially invited to worship at the little white church on the hill, and to participate in its varied activities for spiritual progress.

FIRST BAPTIST CHURCH
Walnut and Marston
G. W. Thomas, Pastor
Sunday school, 9:45 a. m.; W. A. Lewis, superintendent. Remarkable attendance and offering last Sunday. The Gideons broke all records. An inspiring scene. Men bring your friends. They will get a blessing.
Morning worship, 11 a. m. The pastor will preach. Subject, "The Pilgrim's Quest" (Hebrews 13:14).
Baptist Training service, 7 p. m.; H. A. Satterwhite, director.
At 8:15 p. m., Hon. William D. Uphaw of Atlanta, Ga., will be the speaker. Don't fail to hear this remarkable man. Several congregations of Ranger will co-operate in the meeting.
Monday—W. M. S. business meeting at the church, 3 p. m.; Intermediate G. A., 3 p. m., at the church.
Tuesday—Y. W. C., 7:45, at the church; Mrs. J. C. Cosby, counselor.

CHURCH OF CHRIST
(A Friendly Church)
D. W. Nichol, Minister
Class work begins promptly at 10 o'clock.
Preaching at 11 a. m. Subject, "Hospitality." Scripture reading, Heb. 13:1-9.
Communion services, 11:45.
Preaching, 8:30 p. m. Subject, "Slavery." Scripture reading, Jno. 8:31-59.
Communion services, 9:15.
Ladies meet Monday, 1 o'clock. The period from 3 to 4 devoted to study of First Cor., 14th chapter.
Officers meet Monday, 8:30 p. m.
Wednesday evening Bible lesson, 6th chapter First Timothy.

Playlet to Be Presented
By Junior B. Y. P. U.
This Evening
A playlet, "Soldiers of Fortune" by members of the Junior B. Y. P. U. of the First Baptist church will be presented at the church this evening at 7 o'clock under the supervision of the directors in charge, Mrs. J. H. Johns and Mrs. Ross Hodges.
Song, "America," will preface the well rounded out playlet accompanied at the piano by Mrs. Johns.
Two boys, Billy Ross Hodges and Billy Smith enter in Boy Scout uniforms. The first boy wishes there would be a war soon so he might show he is 100 per cent American. The second boy wishes to whip a whole country the 4th of July makes him want to fight and show how he loves the Stars and stripes.

While the martial music is playing, Miss America, played by Miss Huberta Mitchell, marches in with her five servants, "Courage, Helen McKewhan; Temperance, Claude Johns; Preparation, Katherine Thomas; Service, Walter Lee Jackson; and Love, Beatrice Jones. After hearing the five servants the two soldiers thanked Miss America for showing them how they might help their country by having courage, love, temperance, preparation and service in their heart instead of war. They are going to try to live for Jesus and serve others.
Entire union gives the Christian pledge beneath the American flag which is a bit overshadowed with the flag of love hoisted in mid-air by the soldiers.

Prayer for our country and our country's President, is said by Mrs. Hodges drawing the program to a fitting close.

Eighth Birthday of Helen Zoe Harris Celebrated
Honoring the eighth birthday of Helen Zoe Harris, Mrs. Doris McClary and Mrs. Luella Bray entertained with a party at the Willows pool Friday night.
The party was made enjoyable through games played during the hour brought to a close with the serving of ice cream and cake to the honoree, grand-daughter of the former hostess and party members: Juanita Love, Mary Joy Wilson, Martha and Reba Hutchinson, Maxine and Bobby Barnes, Bettie Earl Wilson, Clifton Lee Moss, and Gloria McGee.

New President to Preside
Monday, July 2 at the M. E. church marks the first meeting of the Women's Missionary Society to be presided over by the new president, Mrs. Mills Davenport.
There will be a business meeting and a short council program followed by two discussions on the subject, "Bible in Brazil," by Mrs. A. J. Wilson, and Mrs. B. H. Peacock.
The meeting will be at 8 o'clock and all members are urged to be there and show the president their support.

Over 1000 Library Books Read During First Month
Between 500 and 600 people—men, women, boys and girls, have registered for library cards up to the present time. These people have checked out nearly 1000 books. The following are a few of the books that are proving popular.
"Ten Plays for Little Theatres" by Percival Wilde. Mr. Wilde is a master of the art of writing one-act plays. His latest group proves the versatility of his manner and his distinction with high dramatic values. "Gadgets" is a novel in thought and execution to be soon forgotten; for hilarious humor there is the play with its scene laid in an elevator stuck between floors; for sparkling comedy there is "Lot's Wife" which tells (for the first time) the truth about the famous pillar of salt; for grim power there is "The Short Cut," the tragedy of two men caught in a mine disaster. And there are six more.
"Mexico: A Study of Two Americas" by Stuart Chase. "I like Mexico. I like its color, its violence, its raw rumbling mountains; its trails, purple blue sky and stinging sun. I like the way Indians look the way they walk, their utter lack of pretense, their disregard of clocks, the tilt of their sombreros. Above all I like their magnificent inertia, against which neither Spain nor Europe nor Western civilization has prevailed." So says the author.
Many novels by popular authors as well as many other timely books on a great variety of subjects are included in our collection. Come to look them over. The library is open to everyone, absolutely free of charge.
The library will be closed on the Fourth of July and the story hour regularly scheduled for Wednesday afternoons will be held on Friday afternoon at 4 p. m. for this week only.

Important Committees to Be Appointed at W. M. S. Meeting
Each member of the Women's Missionary society of the First Baptist church is courteously re-

quested to report for the Monday afternoon business session to be held at the church at 3 o'clock. The president of the society, Mrs. J. G. McGee, will preside over the important period, during which time committees are to be appointed to serve in rounding out plans for the associational meeting to be held at Rising Star in the near future.

Mrs. Tibbels Asks Presence of G. A.'s
Mrs. J. W. Tibbels asks that every member of the G. A. intermediate department of the First Baptist church be at the church Monday afternoon at 3 o'clock for an hour to be spent in discussion of the work he carried on at this time.

To Meet
Girls' Auxiliary of the First Baptist church will assemble at the church auditorium Monday evening at 7:15 o'clock for the observance of their regular weekly study.
Sunbeam groups of First Baptist church meet Sunday morning at 11 o'clock hour with Mrs. Lee Mitchell supervising. Let each member be in their place.

Ranger Couple Proud Parents
Mr. and Mrs. W. F. Haynie are the proud parents of a baby boy who arrived at the home of the Haynies Friday, June 29. The young son, who has been named Joseph Franklin, and mother are resting comfortably.

Picnic and Swim Entertain Guests at Willows
One of the largest informal gatherings of the summer entertained husbands and families of members of the Martha Durcas class of the Methodist church Thursday evening when the class personnel hosted a picnic and swim party at the Willows pool.
A bountiful spread including everything one might wish for composed the supper menu served with iced beverages.
The ladies of the class were pleasingly assisted in entertaining by the class teacher, Judge L. H. Fiewellen. There were some 75 guests present.

Mother of Ranger Women Patient at Hospital
Mrs. L. B. Frazier of Franklin, Texas, mother of Mrs. E. E. Crawford and Mrs. Jake Ralston, is a patient at the City-County hospital. Mrs. Frazier was accompanied to Ranger by Mrs. Mmes. Crawford and Ralston, who spent Thursday and Friday at the home of their mother.

Personally Speaking
Mr. and Mrs. J. E. Matthews and young daughters are entertaining as house guests Mrs. Matthews' sister and husband, Mr. and Mrs. Jim Morgan of El Paso, formerly of Denver, Colo.
Mrs. Alton Cherry leaves this week for Lubbock, where she will visit throughout the month.
Mrs. O. G. Lanier and small daughter Mary Allen and son Gilbert, accompanied by Miss Rena Mason, sister of Mrs. Lanier of Apache, Okla., are spending several days this week as guests of Bluff Dale relatives.
Young Billy Anderson, son of Mr. and Mrs. T. J. Anderson, 706 Young street, has been brought to

the home of his parents after several days spent at the Blackwell sanitarium, Gorman, where he underwent an operation for removal of tonsils. Even though Billy is recovering nicely he is not as yet permitted to receive company.

Mr. and Mrs. J. B. Hunter and son Jack have returned from Fort Worth where they attended the funeral of Mrs. Hunter's father, which was held Friday afternoon at Kennedale, near Fort Worth. They were accompanied home by Mrs. Hunter's sister, Mrs. C. L. Rusby, who is enroute to her home in Lockney.
Wallace Wagner, accompanied by his sons, Moorman and Gene Wagner and wife of the latter son enjoyed a delightful fishing party held on Colorado creek near Coleman the latter part of last week. Moorman and his father returned home Thursday night while Mr. and Mrs. Gene Wagner remained for fishing over the week-end.

Monday afternoon Women's Missionary Society of the First Christian church will meet at the home of Mrs. Ratliff, for a 3:00 o'clock study. Members are urged to be present for the interestingly outlined lesson.
Mr. and Mrs. Eugene Jenkins and children, accompanied by Miss Doris Mullins, left yesterday morning for a week's visit to Jal. N. M.
Miss Kate Kramer is visiting in Fort Worth over the week-end at the home of her sister, Mrs. Leo Miller and family.
Mrs. Carrie E. Henry, who is visiting at the home of her daughter, Mrs. Dick Elliott at Jacksonville, will remain for some time. She is under the care of Dr. Travis of that place and is reported doing nicely after an illness which covered six weeks.

Sadie McKee Has Stars in Cast
One of the outstanding screen productions of the year will be on view Monday when "Sadie McKee," new Metro-Goldwyn-Mayer film starring Joan Crawford at the head of a brilliant cast, opens at the Arcadia theatre.
With a supporting cast including such "names" as Franchot Tone, Gene Raymond, Esther Ralston, Edward Arnold, Earl Oxford, Jean Dixon, Leo G. Carroll and others, the story is said to be one of the most gripping ever translated to the screen.
Written by internationally famous novelist Vina Delmar, it was followed by millions of readers when printed serially in Liberty Magazine. With Joan Crawford as the star and Clarence Brown directing, an incomparable trio had charge of its production.
"Sadie McKee" is a vivid dramatization of the average American girl. She is the girl who lives next door, or just around the corner. She is seen everywhere—in street cars, subways, buses, the streets, shops.
In the story she is the daughter of a cook in a small town. She falls in love with the care-free young man who works for her mother's employer. Like many a modern girl, she elopes and tries her luck in a great city, in this case New York.
Hardship and struggle await her. Her young man deserts her for a glamorous vaudeville torch-singer. She takes what jobs she can get and never desponds. She is catapulted into the luxury of \$17,000,000 dollars when in desperation she marries a drunken millionaire.
Saving his life from alcohol, she seeks to save her own soul by escaping. Another man, friend of her childhood, comes into her life.

Harbriht, well known paleontologist, estimated the jawbone is from 25 to 30 feet long.
Plans are afoot to excavate the remainder of the huge beast which roamed Montana in pre-historic days.

A Million V-8 Followers

... for the Ford idea of low-cost transportation
ON June 20th the millionth Ford V-8 was produced—finest of a long line of nearly 22,000,000 Ford cars.
26 years ago Henry Ford said, "We will build a motor car for the great multitude."
This basic idea has never changed. The name Ford is synonymous with dependable, sturdy low cost motor cars. The V-8 was the answer to the need of the modern motorist for greater speed and flexibility.
Without sacrificing one whit of traditional Ford owner economy and lasting performance, the V-8 has brought to a million owners the power and comfort previously found only in the most expensive cars.
New low prices for 1934 were put into effect June 15.

CHRISTIAN SCIENCE SERVICE

"Christian Science" is the subject of the Lesson-Sermon which will be read in all Church of Christ, Scientist, on Sunday, July 1.

The Golden Text is: "Laying aside all malice, and all guile, and hypocrites, and envies, and all evil speakings, as newborn babes, desire the sincere milk of the word, that ye may grow thereby" (1. Peter 2:1, 2).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "A good tree cannot bring forth evil fruit, neither can a corrupt tree bring forth good fruit" (Matthew 7:18). The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Christian Science awakens the sinner, reclaims the infidel, and raises from the couch of pain the helpless invalid. It speaks to the dumb the words of Truth, and they answer with rejoicing. It causes the deaf to hear, the lame to walk, and the blind to see. Who would be the first to disown the Christliness of good works, when our Master says, 'By their fruits ye shall know them'" (page 342).

A military dictatorship is predicted soon for Germany, the present type being only of the Boy Scout order.

Dance at Connellee Hotel July 3

Another unusual scoop has been made by W. E. LaFon Jr., manager of the Connellee hotel, for the dance lovers of this entire section. After much persuasion, Don Irwin and his famous 12-piece orchestra has consented to come to Eastland and play for the dance to be held on the cool roof of the Connellee hotel Tuesday night, July 3, from 9:50 until 1:30. Don Irwin is well known in the southwest for his broadcasts over NBC during their stay at the Terrace Gardens at the Morrison hotel in Chicago. His orchestra was featured for an entire year's contract at the Congress hotel in Chicago. If the style of Jan Garber is dominating music to the ears then those who go to the dance Tuesday will more than enjoy Don Irwin. Mr. LaFon doesn't do things half way and makes it his business to see that the patrons who come to the Connellee hotel roof get more than their money's worth and a good time thrown in.

Another feature for the Sunday, July 1, program at the Connellee will be a beginning of Sunday dinner on the roof each Sunday evening from 6:30. A la carte service is also in order. A specially prepared wholesome dinner will be served those who take advantage of this additional service that the hotel management is inaugurating.

Norge to Conduct Summer Campaign

A intensive sales drive consisting of the Cold Cooking Carnival and Friendship Campaign among many local Norge owners will soon be announced, according to C. I. Hyatt, Norge dealer for Eastland county, at Olden, who has just returned from a meeting in Dallas sponsored by Texas Radio Sales company, Norge distributors for this territory.

"Although Kollator refrigeration is a year round necessity in home life because of its economy, food saving, convenience and health protection; its use is even more appreciated during hot summer days because of the many cold-cooking delights which the house-

wife can prepare in cool morning hours," said Mr. Hyatt. "We will conduct a Cold Cooking Carnival during July and August, consisting of daily-lecture demonstrations and a weekly cold cooking contest in which all may participate for valuable prizes. Our purpose is to educate Eastland county women in the preparation of intriguing Cold Cooking recipes for appetizers and cocktails, jellied and frozen soups, salads and green vegetables, chilled meats, frozen desserts and iced beverages. We plan to have Cold Cooking expert lectures and demonstrate each day at our store so that the women may see, learn and taste the intriguing appeal of this form of cooking.

"We will also conduct a friendship campaign among our many enthusiastic Norge owners, to gather data on operating costs and savings from quantity marketing, utilization of left-overs and the elimination of food spoilage which makes it possible to finance the purchase of a Norge from the economies it effects.

"I had a most enjoyable time at the Norge dealer meeting and was particularly impressed with the public favor which Norge is evidently enjoying nationally. Monthly sales throughout the country have broken last year's record by substantial margins. The company exceeded its entire 1933 volume by over 30 per cent in the first five months of this year; actually doubling its share of total industrial business."
