### BIG FOURTH CELEBRATION IN RANGER WILL BE BEST EVER STAGED IN THE CITY

The biggest Fourth of July celebration ever staged in Ranger, including entertainment throughout the day from early in the morning until late at night, began today with a big pageant depicting the march of progress of the United States from the days when the country was inhabited only by Indians, through the era of the New Deal.

The day will open with a political rally and speaking engagements at the Willows, with State Senator Clint Small, candidate for governor, as the first speaker of the day. His talk will begin at 10 o'clock in order that he may be at Mineral Wells by noon, where he has an engagement to appear.

Following the talk by Senator Small Mark McGee will speak in behalf of United States Senator Tom Connally, candidate for reelection. In the afternoon political speeches from the county and district candidates will be heard at the same location.

Beginning at 3 o'clock in the afternoon a playground ball game between the Service Club team, composed of Lions and Rotarians, will meet the Sinclair team at the old playground ball grounds east of the Willows on Main street. The two teams will play either a seven or nine inning game. No admission charge is to be made and everyone is invited to be present.

Following the playground ball game a big water carnival will be held at the Willows, free of any charge. Eleven events will be staged, including swimming and diving events, water polo games, a bathing revue for men and a girls' bathing revue and other features.

Prizes are to be awarded in all events and no entrance fee is to be charged for the contestants. Races for children and events for grown-ups will be on the program.

In the evening the March of Time pageant is to be staged, beginning at 8 o'clock. The pageant is to be staged by 300 people from the surrounding communities and the city of Ranger.

The Lone Star band, directed by A. J. Campbell, will furnish the music for the pageant, which will begin with a band concert while the crowd is gathering and preceding the enacting of the episodes. Rev. H. B. Johnson will open the pageant with a short dedication address, after which a fireworks display will be staged.

The 20 episodes of the pageant will then be enacted by the cast of more than 300 people from all over this part of the county.

Rehearsals were staged Tuesday night under the lights and everything was reported to be running smoothly.

Although a complete list of the characters to take part in the pageant was not available Tuesday, the lists turned in showed the following would enact part of the episodes:

From Colony L. C. Cooksey will take the part of the Big Chief and L. D. Tarrant will be Little Chief while the Indian warriors will be composed of Bill England, Jack Stewart, Raymond Tarrant, Odie Anderson, W. D. Poyner, W. L. Poyner, Homer Donley, Bill Kilgough, Bob Langford, Nervo Bowman and Gerald Bowman. The squaws will be Ruby Moore, Mamie Moore, Mrs. D. Anderson, Ovada Anderson, Mrs. G. W. Moore and Mrs. Gene Mills. Charles Hodges will have his horse in the episode pulling a travois, which the Indians used in moving from one place to another. According to F. C. McClung, this is the first time he has presented the episode with the horse pulling the travois as no horse had been found that would

Upon their arrival in Ranger they were met at the station by Wade Swift, driving four horses to a stagecoach, and were taken for a ride over the city.

### Dr. D. T. Wier To Practice Medicine With His Father

Dr. D. T. Wier, who has just recently finished a year's internship at the St. Louis City Hospital, St. Louis, Mo., has returned home to begin the practice of medicine with his father, Dr. A. K. Wier.

Dr. D. T. Wier graduated from the Ranger high school in 1923 and then spent three years in Simmons university, Abilene, completing his pre-medical work. He attended Baylor College of Medicine at Dallas, receiving his M. D. degree in June 1933. In July, 1933, Dr. Wier entered the City Hospital at St. Louis, where he finished his work arriving home the first of this month. During the year at the hospital he was actively engaged in the general practice of medicine and surgery in the above named institution. Upon completion of this medical work he also completed four years' work in the Medical Reserve Officers Training Corps and received a first lieutenant's commission in the United States army. Dr. Wier is also a member of the national medical fraternity, Phi Alpha Sigma.

Dr. Wier was born at Staff, Texas, in 1907, and has spent his entire life in and around Ranger. True, as he is known to his host of friends and neighbors, is a young man of sterling quality and we feel no hesitancy in predicting for him a life of service and usefulness in his chosen profession.

work to one, but that the Hodges pony had been worked out and did the job perfectly.

The state commander of the Texas Spanish War Veterans has designated Judge Advocate Col. Frank Roberts of Breckenridge to represent the Spanish-American War Veterans at the pageant and the Abilene camp has indicated it will send a delegation to take part in the episode about the Spanish-American war. Marching in the episode will be District Commander R. H. Hansford, Carl Christian, Tim Reeves, John Lines, Hampton Aires, Ira Gist, William Dunn, William Armstrong, Capt. Karl White, Captain Timmons, W. O. Walton, Butch Harber, Jack Kilpatrick, Harold Plumley and Edwin Tittle.

Although the names of those who will participate have not been turned in, the casts have been selected from the following communities and organizations: Spaniards, Alameda-Cheaney; Colonial Days, New Era Club; Pioneer Days, Bullock community; Emigrant Train, Staff community; Cowboys to Rescue, Morton Valley; Old Prospectors, Cross Roads community; Pony Express, Frank community; Stage Coach, Wade Swift, driver; Life on Old Plantation, local colored choir; Civil War Days, 1920 Club; Reconstruction Days, Olden Spanish-American War, Sam McKinnon camp; Harsback Riding, Mrs. Nannie Walker and Mrs. Guy Pledger; March of Transportation, Ranger automobile dealers; World War, Carl Barnes Post, American Legion, and National Guards; Grand Finale.

### SMALL HAS TWO COUNTY SPEECH DATES

Senator Clint Small, candidate for governor, will address the voters of Eastland and surrounding communities in the interest of his candidacy at 2 o'clock Thursday afternoon, July 5, from the east steps of the Eastland county court house. He will be introduced by County Judge C. L. Garrett.

Senator Small will speak at the July 4th celebration in Ranger Wednesday morning and in Mineral Wells at a similar gathering Wednesday afternoon. Thursday morning he is scheduled to speak at Strawn.

Friends and supporters of Senator Small are very enthusiastic over the prospects for his being the leading candidate in the July primaries. They declare that developments over the state show that he is rapidly gaining ground every day and that this, with the strength he had to begin with, assures him finishing first in the first race. And, finishing first in the first heat, he would be a sure winner in the finals.

Eastland county supporters of Senator Small point out that it was he who was largely responsible for the road bonds of Eastland and other counties in the state, being transferred from the shoulders of the counties to those of the state, and say that this alone should recommend his candidacy to Eastland county voters.

### Hansford Named As Delegate to Annual Veterans Convention

H. Hansford, commander of the Sam McKinnon Camp No. 59, Spanish-American War Veterans, has received a letter from State Commander Will G. Schroth, stating that Hansford has been named delegate-at-large to the thirty-sixth annual convention of Spanish-American War Veterans to be held in Pittsburgh, Pa., Aug. 19 to 23.

All who attend will have part in the Spanish-American war episode in the March of Time pageant.

WASHINGTON, July 4.—Today the United States of America celebrates its 154th birthday. And in the 158 years that have passed since that hot July of 1776 when Americans took their lives and fortunes in their hands and told the world they were cutting loose on their own, governments all over the world have come and gone.

Today, America, accustomed to think of itself as a young nation, finds its government one of the oldest in the world.

England, whose parliament was first summoned in 1265, has continued down the years depending increasingly on that one ruling body—nearly 670 years. And for nearly 500 years before that she was groping toward representative government.

So Britain gets the palm for age. Little Leichtenstein, which assumed its present form in 1719, is one of the few other governments that are older than our republic.

Old Forms Fall  
Old countries, yes, far older than the United States. But time has rung changes in them all. China, often considered the cradle of the race and the oldest civilization, became a republic only in 1912, and the present Nanking government was established only in 1928.

Japan, ancient though her dynasty is (founded in 660 B. C., legend says), saw this power restored to the throne only in 1868, when the Shogun power was overthrown. So the present empire is really only a youngster.

### Returns to Ranger

Dr. D. T. Wier, son of Dr. A. K. Wier, who has completed a year's internship in St. Louis and has begun the practice of medicine with his father in Ranger.

### Spanish-American Veterans Celebrate On Four of July

Spanish-American war veterans from over the district are celebrating the Fourth of July in Ranger with a number of those who saw service during the conflict on hand for the celebration.

The Sam McKinnon Camp No. 59 is acting as host in an open house meeting all day July 4, to which all veterans are invited. The J. T. Garrity Camp No. 34 of Breckenridge is to be on hand in full force with veterans from Abilene also expected to take part in the celebration.

The department of Texas is to be represented by Judge Advocate Colonel Frank Roberts of Breckenridge. Refreshments are to be served at noon to all Spanish-American war veterans who attend, it was announced by R. H. Hansford, commander of the Sam McKinnon post.

All who attend will have part in the Spanish-American war episode in the March of Time pageant.

### POOL CLEANED FOR EVENTS IN BIG CARNIVAL

A. N. Larson, chairman of the swimming pool committee, announced Tuesday afternoon that the Willows had been drained, cleaned and refilled in order that the water would be perfectly sanitary for swimming over the Fourth of July.

The trees around the park have been trimmed and the entire grounds have been put in readiness for the Fourth, and it is anticipated there will be a large number of swimmers on hand.

At 4:30 in the afternoon a big water carnival will be staged, which will include 11 events in which prizes are to be awarded.

The first event will be a free-for-all for boys between the ages of 8 and 12 years with first and second prizes consisting of \$2 and \$1 books of swim tickets. The second race will be for girls of the same ages and the prizes will be the same.

The third event will be a 150-foot race for boys with swimming books as prizes for first and second places, while the fourth race will be a mixed affair for boys and girls.

Events five, six and seven will be diving contests and for which prizes of bathing suits will be presented to the winner of first place in each event.

A men's bathing revue will follow with an all-day sucker or ice cream cone to be presented to the winner, followed by a water polo game between the Lions and Rotarians, a Yiddies bathing review and a girl's bathing review. In the last event a complete bathing ensemble will be presented to the winner in this event. A suitable prize is also to be given in the kiddies bathing revue.

Young John Jacob Astor has given his bride more than \$1,000, 000 in gifts, so he couldn't be expected to call off the engagement this time.

### NAZI CRISIS REACHED WHEN PAPAN QUILTS

By United Press  
BERLIN, July 3.—The crisis in the Nazi party reached a climax tonight in a forceful drive to remove Vice Chancellor Franz von Papan, confidant of President Paul von Hindenburg and spokesman for the conservative element in the government.

Von Papan, it was learned, submitted his resignation for the second time in the last week.

Hitler prepared to get his permission to accept the resignation.

The cabinet held a three-hour session today and decided on von Papan's political fate. It will meet again tomorrow.

The cabinet appeared convinced it held the whip hand in Germany and that the revolt was over. This was expressed in a decree by Hitler announcing violations of the government decree suppressing the revolt would be dealt with in the ordinary course.

With the estimated death toll of the revolution standing at probably 50, several new executions were revealed today. They included Gustav von Kahr, Catholic leader in Munich, who was one of the leaders against Hitler in 1923.

Another to die was Ediger Jung, an assistant of von Papan's, who wrote his speech attacking the radical Nazi element, starting the crisis. The third was Colonel Vredow, former right-hand man of the late General von Schleicher, one of the revolt leaders who also was executed.

### HITLER'S SWIFT, RUTHLESS STROKE ON REBELLION IS TOLD BY NEWSPAPERMAN

Editor's Note: Webb Miller, European General News Manager of the United Press, who has just returned to Europe after an eight months' tour of the United States, flew to Berlin to take charge of coverage of the political crisis there. In his dispatch from Berlin Miller tells the outstanding political results of Germany's bloody week-end.

By WEBB MILLER

BERLIN.—Chancellor Adolf Hitler's swift, ruthless stroke against rebellion has suddenly shifted the basis of power of the Nazi regime from wild-eyed radicalism toward the right or conservative wing.

The extermination of his enemies stifled the incipient movement before it began and he emerged from his first big internal crisis with his personal popularity and prestige heightened and his political position strengthened.

His decisiveness and ruthlessness seemed to have captured the imagination of the people. Crowds in front of the chancellery in the Wilhelmstrasse Sunday afternoon cheered wildly when he appeared momentarily at a window.

In striking at the SA, Hitler is smashing the instrument which was his original source of power and contributed principally to his rise to the dictatorship.

In executing his friend and confidante, Ernst Roehm, head of the storm troops, Hitler boldly excised a diseased spot from his body politic and earned the admiration of the public, to whom Roehm's moral perversities were well known.

Roehm rose to a powerful position and became a Reich's minister, occupying a palatial home opposite the Italian embassy in Berlin's aristocratic quarters.

There he gave lavish parties and orgies which were the open scandal of Germany. It was estimated he spent 30,000 marks (\$11,700) a month on entertainment.

Despite Roehm's personal character Hitler trusted him until his fanatical extremism led to a breach. The real fight began when Roehm demanded eventual incorporation of the SA into the Reichswehr or regular army, with himself and his Brown Shirt officers retaining their rank.

Such a move would have brought violent opposition from France and other powers and also was opposed by strong elements in Germany which could not consent to such terrific concentration of power in the hands of the radical Nazis. President Von Hindenburg, Hitler himself, and the Reichswehr objected vehemently. Roehm felt that Hitler should have supported him and the rift widened rapidly.

Hitler apparently is determined to reduce the strength of the storm troops to its normal quota of 100,000 men or perhaps less. He ordered a 30-day vacation for the SA without uniforms and at the end of the period many thousands of its members probably will be cut from the party payroll and returned to civilian life.

The outstanding results of Hitler's action may be summarized as follows:

1. His personal position is greatly strengthened.  
2. He has shifted the foundations of his regime's power further to the right.  
3. He has rid himself of his greatest internal difficulty, namely elimination of the SA interests.  
4. He has weakened and divided the left elements of the Nazi party.

5. He has taken steps to pull the teeth of the SA which had become a soft praetorian guard.  
6. He has created a division among leaders of the Nationalist right wing weakening their solidarity and compromising some of them with his own movement.

The most substantial increases occurred in Houston and Lubbock which accounted for most of the rise that occurred from April to May. Other cities showing considerable increases were Beaumont, Dallas, El Paso, Longview and Cleburne.

The increase in Houston was entirely due to a permit issued to one of the big oil companies for an addition to their headquarters in Houston, the amount involved being about one million dollars.

**VOTE FOR THOMAS L. BLANTON For Congressman 17th Congressional District of Texas**

This advertisement paid for by friends and supporters of Tom Blanton and run without his knowledge or consent because he remained at his post of duty in Washington looking after the people's interests while his opponents were campaigning against him.

**REMAINED AT POST OF DUTY**

Since reaching Washington last December and actively engaged in his official duties, working long hours each day, and giving little or no thought to his approaching campaign for re-election.

Since January 1 Mr. Blanton's opponents have been actively campaigning against him, but notwithstanding this Judge Blanton remained at his post of duty, faithfully and diligently protecting the interests of his constituents and with an abiding faith that under such crucial crises as daily confronted our President, the people at the polls would take good care of the man who would support the President and stay on the job, and "Carry On" at his own personal sacrifice.

After 12 years of continuous Republican misrule, all honest persons admit that during the short period the Democrats have been in control, they have passed more constructive legislation of real benefit to the long suffering American people than has ever been passed before by any previous administration and no man has done more to accomplish this than has Thomas L. Blanton.

**SENIORITY IN CONGRESS COUNTS MOST**

John Garner is now vice-president because Uvalde kept him in Congress 30 years; Henry Rainey is now speaker of the House because Illinois kept him in Washington 30 years; Joe Byrns is now Democratic majority leader because Tennessee has kept him in Congress 26 years. Buchanan and Blanton now help to handle all appropriations, and Hatton Sumners controls the Judiciary committee, Sam Rayburn the Interstate and Foreign Commerce committee, Fritz Latham the Public Buildings Committee, and Marvin Jones the Committee on Agriculture, which means much to their districts and Texas, because their districts have kept them in Congress.

In Congress seniority means everything and Tom Blanton's ripe experience, his knowledge of the rules and precedents, his intimate knowledge respecting all government business, and his appropriations Committee membership are valuable assets his district has already paid for and acquired so why throw them away by replacing him with some virtually unknown, inexperienced and untried man.

Tom Blanton is needed in Congress not only by his district and his state, but by the nation. Read the following excerpts from editorials and letters from over the country praising him for valuable services and asking for a continuation of them.

**EDITORIAL**  
 By Crandall Mackey  
 Former Commonwealth Attorney of Va.  
 (The Chronicle, Charlottesville, Va.)

**OH! RARE TOM BLANTON**

The recent statement of Frederick Vinson, chairman of the Ways and Means Committee of the House of Representatives, that Congressman Thomas L. Blanton of Texas would not be overpaid if his salary were raised to fifty thousand dollars per year, is no more than others in congress have said about that remarkable man.

Blanton during his long service in congress has blocked more bad legislation than any other member. Nothing escapes his vision.

He has put through more good legislation than any other member.

Blanton is always in his seat when congress opens and has never been known to miss a roll call. He is always the first to arrive at a committee meeting, and always knows to the greatest detail every matter that comes up for consideration.

It was Blanton who discovered that insane World War veterans were being robbed by many of those appointed their guardians. In one case a guardian for 155 insane World War veterans was charged with having stolen more than a million dollars than they had gotten. Blanton got legislation through putting the matter of the estates of insane World War veterans under the Veterans Bureau and knocked out the exorbitant fees that unconscionable attorneys, acting as guardians, had been getting.

There is no man in congress more familiar with parliamentary laws, practice, and procedure, and Blanton uses this knowledge often with surprising results. Blanton knows more ways for obstructing and defeating bad legislation than any member of the House. His achievements along that line would fill a big book. He is the terror of the treasury raiders.

With Blanton everything is open and above board. With him candor is the courage of the soul. To know him is to hold him in the highest esteem and respect. Few men in public life are as unselfishly working for the good of others. His example is exciting and inspiring to those who seek honesty and purity in public and private life. His influence in congress is steadily growing until he is now one of its most powerful leaders.

**EDITORIAL**  
 In The Washington Post  
 Wednesday, May 23, 1934

George Terrell is going back to Texas when Congress adjourns, and he is not coming back. He decided last night it is not worth the candle.

"At my age, I could not hope to remain in Congress long enough to reach a prominent position on any of the important committees," he told newspapermen.

"And no one can command much influence until he has been in Congress 10 years longer and has become chairman of some important committee."

When George Terrell who has been Commissioner of Agriculture for the State of Texas, and has held other important positions after serving here two years, admits that a new member is helpless, and cannot expect to perform service of value until he has stayed here ten years, it is quite an argument against sending a new man to Congress.

Through years of hard work Blanton has already acquired his influential position on the most important committee there—the Committee on Appropriations—which frames the big supply bills of the nation.

**THANKS 17th DISTRICT FOR BLANTON**

Congressman Clarence Cannon, of Missouri, Chairman of the Committee handling certain appropriations, with 23 years of experience in the House of Representatives, and author of the new Revised Rules and Precedents in 12 Volumes, in his recent

speech in the House on April 25, 1934 (Record, page 7792) said:

**MR. CANNON:** "Mr. Chairman, no reference to the personnel of this Congress would be complete without mention of the other of the two brilliant Texans to whom I have just referred. It has been my privilege to serve in various capacities on the floor of this House for 23 years this month. In that time I have observed no Member who has rendered slier or more conscientious service than the gentleman from Texas, Judge Blanton. In the legislation which he has supported, in the legislation which he has opposed, and especially in the vast sums of money which he has saved the Federal Treasury, no Member of the House in the last quarter of a century has surpassed the wise and courageous and unswerving gentleman from Texas, Thomas L. Blanton. (Applause.) And speaking in behalf of the people of my State—and expressing, I am certain, the sentiments of those of every other State in the Union—I desire to thank the citizens of the Seventeenth District of Texas for sending Judge Blanton here and keeping him here all these years. His services to the House and to the country have been invaluable." (Applause.)

**Monday, June 12, 1933 HOUSE OF REPRESENTATIVES**

Washington, D. C., May 26, 1933.  
 Hon. Thomas L. Blanton,  
 House of Representatives, Washington, D. C.

My Dear Colleague: As I told you on the floor of the House a few days ago, I am planning to retire from Congress the 1st of next January to accept a judgeship in my own State; but at the time I told you of my contemplated plans it had not occurred to me that it would be but a few days until our active service together should have ended.

Under these circumstances I cannot refrain from expressing to you what is in my mind and heart concerning your services in Congress as a Representative of a great constituency and to reaffirm my appreciation of your never-ceasing diligence, industry, and fearless devotion to duty at all times and under all circumstances. In my public and business career of nearly 40 years I have not known any man more faithful and devoted to the interests of his country than you have been in all these trying years of these terrible economic times in which we are living.

Often have I been amazed at not only your parliamentary skill and cool, deliberate judgment, but I have wondered at your ever-failing skill and ability in overcoming the opposition. I wanted to say to you from the very depths of my heart and in all sincerity that, in my judgment, no district in the United States ever had a more faithful or honorable Representative in the Congress than the district you have so nobly represented.

I do not know your plans for the future, but in parting may I say that I shall devoutly hope you may continue to represent your district here; that the masses of the common people of America may continue to have at least one great champion of their cause continue in Congress; and that the Treasury, where the people's money is deposited, may have a real watchdog.

With kind regards and best wishes, I shall continue always,  
 Very cordially and sincerely yours,  
 A. J. MAY.

**HOUSE OF REPRESENTATIVES**  
 Committee on Labor  
 Washington, D. C., May 31, 1933

Hon. M. B. Harris,  
 Adjutant Vernon D. Hart Post, No. 100,  
 The American Legion, Stamford, Tex.

Dear "Buddie": Because I am a veteran of the World War, am a member of the Veterans Affairs Committee, am Chairman of the Committee on Labor, and am thoroughly familiar with all veterans' legislation here, your Congressman has just shown me your letter to him of May 28. You condemn him because he backed the President and voted for the economy bill, and I note your threat that you intend to fight him and the President, and unless Blanton appoints you postmaster, you will use your influence as district congressman of the American Legion to defeat him for re-election.

Thomas L. Blanton and I have served together here for years. He has always been a loyal, staunch friend of the veterans of all wars. When he voted for the President's economy bill he was assured that the Bureau would do no injustice to any veteran. In the last Congress Blanton was the third Member to sign the petition that forced the Patman bill to be passed in the House to pay the bonus in cash to veterans.

At his own expense Blanton spent months investigating Col. Charles R. Forbes, former Director of the Bureau, whom the Department of Justice afterward indicted and sent to the penitentiary. At his own expense Blanton investigated numerous hospitals in the United States, including old Hospital No. 25 at Houston, and on one day caused about 200 tubercular patients to be transferred to Prescott, Ariz., an Fort Bayard, N. Mex. At his own expense Blanton spent his entire vacation investigating Col. Frederick A. Fenning, and he personally conducted the trial of Fenning before the Judiciary Committee, and forced Fenning to resign and make retribution to several hundred shell-shocked veterans put in insane asylums and robbed by Fenning. At his own expense Blanton spent several years investigating the inequities and injustices carried on in the Bureau by Maj. William Wolff Smith, general counsel, and conducted the trial of Major Smith before the Committee on Military Affairs, forcing Smith to resign, and to return to the Government money he had unlawfully collected.

I mention the above to show that you are in error when you say that Blanton "has had a change of heart." Thousands of veterans scattered in every part of the United States have appealed to Blanton, and he has never yet turned one of them down. Blanton is helping now a committee that is conferring with the President to remedy injustices, and he is a personal friend of mine, and of Patman, Rankin, Browning, Jeffers, Mrs. Rogers, and others here who handle veterans' affairs.

Very sincerely yours,  
 WILLIAM P. CONNERY

**The Speaker's Rooms, House of Representatives, United States, Washington, D. C., April 15, 1933.**

Hon. Thomas L. Blanton,  
 House of Representatives.

Dear Tom: Congress has been running at a very high rate of speed. I am warned by the House physician that a number of members are overtaxing themselves.

I have been watching you and your work. You are overworking. You are rendering a splendid service. I know of no one who works harder than you. For the next few weeks there will not be so many important measures coming up, so I suggest that toward the end of the month you take a rest. I sincerely hope that you will accept this suggestion in the spirit in which it is intended.

Very truly yours,  
 Henry T. Rainey,  
 Office of the Majority Leader,  
 House of Representatives, United States,  
 Washington, D. C., June 5, 1934.

**Hon. Thomas L. Blanton, House of Representatives, Washington, D. C.**

My Dear Tom: As we approach the close of the session, I do not wish to fail to express my deep appreciation for your kindness and valuable support.

In this connection, may I say that during all my long service I have never served with a Member who was more diligent in his effort to render real service to the people, not only of his district but of the entire nation, and who watched appropriations and expenditures more closely than yourself. It will never be known just how much money you have saved to the people by your watchful care, your ability, as well as your close knowledge of parliamentary procedure and governmental affairs. It has enabled you to render a real and a great service.

With best wishes, I am, sincerely yours,  
 JO BYRNS,  
 House of Representatives, United States,  
 Committee on Appropriations,  
 Washington, D. C., June 17, 1933.

**Hon. Thomas L. Blanton, House Office Building.**

Dear Tom: I am familiar with the splendid record you have made in Congress and as a member of the Appropriations Committee for economy, and I wish to join with our Democratic majority leader, Hon. Joe Byrns; Democratic Chairman Cannon, of the subcommittee; and Hon. John Boylan, of New York, in their commendation of your services.

You will recall that just before the Republican administration expired, on March 3, 1933, the District appropriation bill was pending in conference and you refused to sign the conference report because you thought the amount carried in the bill constituted too great a burden upon the taxpayers of the Nation. The night before Congress adjourned you led the fight against this bill and succeeded in defeating the approval of the conference report. Your act in that fight has been vindicated by the President and by the Democratic Congress, who reduced the Budget and the appropriation bill to accord with your contentions, thus saving over \$6,000,000 in this bill alone.

I am not unmindful of the fact that you and I have never agreed upon prohibition, that you are a pro and I am an anti, but this question should be relegated to second place when it comes in conflict of the crying need of reduction and retrenchment of the enormous expenditures of our Federal Government.

I commend you for your many accomplishments and your great energy in the interest of economy.

Your friend,  
 JAMES P. BUCHANAN,  
 Chairman Committee on Appropriations.

**HOUSE OF REPRESENTATIVES, United States, Committee on World War Veterans' Legislation, Washington, D. C., June 25, 1933.**

Hon. Thomas L. Blanton,  
 House Office Building.

Dear Tom: When you go home, I want you to tell those ex-service men for me that they will make a serious mistake if they turn against you after all you have done for them, and especially will do themselves an injury if they help to deprive themselves of the benefit of your services in the future. Assuring you of my very kindest regards and best wishes at all times, I remain,  
 Sincerely your friend,  
 J. E. RANKIN,  
 Chairman of Committee.

**From Postmaster General James A. Farley: Democratic National Committee, Washington, D. C., June 16, 1933**

Hon. Thomas L. Blanton,  
 House Office Building.

My Dear Congressman: I want you to know that I greatly appreciate the support you gave the administration during the session just closed. I feel certain the people of the country generally realize that more beneficial legislation was passed at this session of Congress than ever before in the Nation's history.

For the part you played in those remarkable accomplishments I want you to know that I am personally grateful.

With best wishes, I am, sincerely,  
 JAMES A. FARLEY, Chairman.

**United States House of Representatives, Washington, D. C., May 27, 1933.**

Hon. Thomas L. Blanton,  
 House of Representatives.

My Dear Mr. Blanton: I realize you hardly know me, as my first service in Congress began last December, when I succeeded Judge Crisp as Representative from the Third District of Georgia.

I have carefully considered and critically analyzed all proposed legislation and listened attentively to practically every argument and colloquy occurring in the House since my entry into Congress, and it is my candid opinion that your untiring efforts in behalf of economy during this period of our greatest distress deserves grateful recognition by the Nation and the plaudits of our people.

May you live long to continue the splendid service which so few are disposed or capable of rendering.

Very truly yours,  
 B. T. CASTELLOW,

**\$83,000,000.00 working for a Greater Texas**

**LIFE INSURANCE FUNDS** are reservoirs of thrift which feed the streams of progress. The funds of Texas legal reserve life insurance companies play an important part in the progress of Texas, through financing community development projects and home ownership.

At the close of 1933 these companies had \$83,000,000.00 working for a greater Texas . . . invested in loans on farms and city property, in state, county and municipal bonds, in home office buildings and real estate.

This \$83,000,000.00 is money in motion, constantly increasing, and parts of it constantly being paid back and reinvested. Every Texan shares the benefits of these investments. Not only are needed improvements made possible, but the money is put into circulation . . . spent for raw materials and labor.

In 1933 these companies put into circulation an additional \$30,000,000.00 . . . in payrolls, taxes, purchases and payments to policyholders and beneficiaries.

When you show a preference for insurance in a Texas legal reserve life company you join hands with these companies and their 1,200,000 other policyholders in making Texas a better state in which to live and make a living.

# TEE PEE WINS SHUTOUT FROM THE MARATHON

Tee Pee had little trouble in winning from Marathon Monday afternoon when they played shut-out ball for seven innings to blank the Marathon "Runners" by a score of 8 to 0.

Tee Pee scored in every inning but the second and seventh to account for their eight runs, while Marathon failed to get man past second base throughout the game, and only one man got safely as far as second base.

Two double plays, one on poor base running and the other which cut down a man at the plate, featured the game, the first being when Peak took a run on a pop fly which E. Gibson, Tee Pee pitcher, snared and tossed to first for the putout. The second was made by Marathon when Edward lined to W. Seymour, at deep second, and E. Gibson was caught out at the plate trying to score after the catch.

Delmasso hit for the circuit with one on in the fourth, but failed to touch second base and was called out.

ing too much for the skinny lad from the Brazos City.

The wrestling match between Si Holt and Red Roberts furnished much excitement for the fans and kept them yelling throughout the card. Red Roberts is too much for Si and can beat him on every inch of the ground. The Red is powerful rough but there was not a thing to keep Si from getting rough too. Si is not in Red's class.

The main event, 10 round fight on the card. Bill Donoho and Jimmie Scallions was a splendid go of it kind and both fighters put out all they had from the start. It was soon apparent however that Bill was getting the best of the match and Jimmie was put to sleep in the fifth round.

On the card for next Monday night Woodie Windham challenged Bill Donoho for a 6-round fight. Both these boys are easy fighters and always go after their man. This ought to be a good card—if Windham does not back out.

Red Roberts and Grady Smith are booked for the wrestling event. Other events on the card will be announced later.

### Undelivered Mail Is 100 Years Old

AUSTIN.—Six letters, written more than 100 years ago to men at the battlefront of the Texas Revolution, were discovered recently in the Bexar Archives at the University of Texas.

The messages never had been delivered. A messenger enroute to the battle front either was killed, or otherwise prevented from fulfilling his mission.

The letters provided a cross-section of home life near Houston long ago. One letter began: "Dear Somerville: Some damned rascal has stolen my horse." The writer, Pat C. Jack, begged Somerville to catch the thief.

## Lavender, Old Lace Revived Courtship

By United Press

PHELPS, N. Y.—Sixty years ago, Albert Brisee, Newark, N. Y., farmer, courted the daughter of a farmer near here.

Circumstances arose which prevented their marriage. Each married another, raised a family, but pledged that if both ever were free, they would renew their courtship and possibly marry.

Seven years ago Brisee's wife died. Several months ago, he located and called upon his old sweetheart. They recalled the pledge, resumed their courtship and decided to marry.

Shortly afterwards there was a wedding uniting Mrs. Sarah F. Conklin, of Phelps, and Albert Brisee of Newark. The bride admitted having reached her 78th birthday while the groom passed off questions regarding his age with, "Well, I'm past 81."

## Swimming Pools In Clubs of Chicago

CHICAGO.—Swimming pools rapidly are making their appearance at a number of exclusive golf clubs in the vicinity. At present, three of the clubs either have completed projects of that nature, or are in the process of doing so.

At the Glenview Country club the pool is white, lined with blue tile. In the evening indirect lights shine through and upon the water. Two dance floors look directly over the pool. Tables are set around it, for afternoon tea, or for informal moonlight suppers.

The other two swimming pools, at Barrington and Geneva Country clubs, are rapidly nearing completion, one to be finished in July, the other in August.

Her repertoires included "Romeo and Juliet," Shaw's "Candida" and Rudolf Besler's "The Barretts of Wimpole Street."

The record attendance and receipts for a single performance were at Des Moines, where 4,251 persons paid \$7,795.70 to see "The Barretts of Wimpole Street."

The biggest single week's receipts totaled \$29,721.25, taken in six one-night stands at Waco, Fort Worth, Oklahoma City, Tulsa, Emporia and Wichita.

Miss Cornell played nine days in Texas.

While the government is hiring more college professors to advise it how to collect its taxes, we'd like to have one tell us how to pay ours.

### T. PAUL GOLF CLUB SEEK WALKER CUP MATCHES

By United Press.

ST. PAUL.—A bid for the 1936 Walker Cup matches is being made by the St. Paul Town and Country Club—claimed to be the second best golf in the United States still on its original site.

Acting on reports that the United States Golf association planned holding the Walker matches in a midwestern city, directors of the St. Paul club formally invited selection of their course. Jimmy Ohnson, member of the U. S. G. A.'s championship committee, promised to urge acceptance.

The Town and Country Club, established between Minneapolis and St. Paul in 1888, is in the center of the metropolitan area comprising the Twin Cities. Because of this and the fact that no Walker Cup matches have been held here, club members predict a large gallery if their course is selected.

The course is 6,254 yards long, 73. It is well-trapped and has out-of-bounds along six fairways. The course record is 67.

### Diving Equipment Doesn't Have Airline

NEW ORLEANS.—There's no air line on the new diving helmet invented by N. M. Redmond, foreman of mechanics on the new Mississippi River bridge here.

The helmet is completely self-contained, requiring neither airline nor pump. Even the conventional diving suit with weighted belt and shoes is dispensed with.

Two oxygen tanks are attached to the sides of the helmet. The diver, in an ordinary bathing suit, climbs half-way into the water and the helmet which looks like an inverted coal scuttle is placed over his head. A valve is opened allowing a constant stream of oxygen.

An electric headlight has been installed and, Redmond, who has been under the water 45 feet with the helmet, says the diver can see 20 feet under water. Only one person is required to operate the gear.

Larvae parasites have been liberated in orchards in this district by entomologists.

The parasite, a black, four-winged, wasp-like insect, lays its eggs in codling moth eggs. The egg hatches quickly and the grub enters the body of the young cod-
