NAZIS SEIZE DOLFUSS AND HIS CABINET

PRAGUE, Czechoslovakia, July 25.—The Austrian legation announced today that Chancellor Dolfuss had been killed today in a Nazi uprising. The announcement was not confirmed.

VIENNA, Austria, July 25.—Nazi forces executed a bold coup today, capturing Chancellor Dolfuss and members of his cabinet and apparently forcing a compromise which may result in an attempt to remove Dolfuss as a temporary chancellor.

After the Nazis withstood a siege in the chancellery which they captured, Major Emil Fey, director of security, announced that the ministers were free.

He asked government forces which were about to attack the building to hold off. The Nazis threatened to harm the prisoners if attacked. It was understood Dolfuss had agreed to withdraw as chancellor.

The Nazis struck swiftly. Marshal law was declared and the streets were filled with troops, police and guards with bayonets and machine guns. The Nazis in the chancellery threatened violence to prisoners if attacked. It was reported Dolfuss and Fey had been wounded.

About noon, 300 disguised Nazis led the Heimwehr barracks and equipped themselves with machine guns, rifles and ammunition. Police closed the barracks but were too late to arrest all the raiders. The best of casualties was estimated 10 killed in street fighting.

Will Hays Goes Smilin' Through

The drive to reform the movies may be weighing Will Hays down with woes, but the film czar doesn't show it here, as he appeared at a dinner given in honor of Postmaster General James A. Farley in Hollywood. With other leaders of the industry, Hays heard Farley give a speech on clean movies.

Candidates For Representative to Speak In Ranger

On Thursday night all candidates running for representative of the 160th and 107th districts will speak in Ranger at 8:30 o'clock, on Rusk street.

Those scheduled to speak are: E. M. Curry, Eastland county; Cecil A. Lotief, Callahan county; Donald Kinnaird, Eastland county, all candidates for floristal representatives.

Eastland county representative candidates to speak will be E. A. Ringold, Ranger; George A. Davidson Jr., Eastland; O. E. Lyster, P. M. Nunn, J. M. Parker, Ed T. Cox, and E. M. Threatt.

Comfortable seats will be provided and a large crowd is expected to hear these candidates.

Agents Protect "Woman In Red"

CHICAGO, July 25.—John Dillinger's "woman in red"—his companion when government agents killed him Sunday, was restrained to federal protection today after a brief stay with city police.

Department of justice agents who took her from police hands refused to reveal her whereabouts or to discuss her part—if any—in Dillinger's death.

Municipal Light Plant Proposal Is Voted Down

GAINESVILLE, Texas, July 25.—Gainesville residents today defeated a proposal for establishment of a municipal light plant. In an election yesterday they voted 744 to 629 against the project.

The proposal to establish the plant had the endorsement of three of the five members of the city council. It was defeated in all but one of the five wards in the city.

Federal Cattle Buying Will Not Be Discontinued

COLLEGE STATION, July 25.—Appraisal and execution of cattle condemned under the drought relief program will not be affected by the order stopping purchases, O. R. Martin, state drought relief director, announced today.

The order likewise will have no bearing on purchases of cattle for processing in Texas, Martin said.

LONE STAR IS WINNER OVER TIMES 15 TO 7

Lone Star came from behind after the Times had taken a 7 to 0 lead in the first inning, to win Tuesday's game by a score of 15 to 7.

Lone Star failed to score in the first half of the first inning, while the Times batted around and accounted for seven runs on six hits, two errors and a walk. In the second Lone Star began scoring when Pace hit a home run far over the cars in right field. On two other occasions fly balls that should have been handled easily for outs allowed Pace to circle the bases to score, while one of Gene Yonker's grounders got through three Times players and he raced home.

Lone Star had three men out of the lineup and used three substitutes, Ford having been traded to Naturaline so he could manage the club and no players as yet having been traded to Lone Star to replace him, Griffin being out of town and Foy sick.

Lone Star, in getting 15 hits, pulled their batting average up from .263 for the team for the season to .293, while the Times' 11 hits pulled their team average up 10 points from .270 to .280. Both teams showed a slump in fielding. Times making nine errors and Lone Star six.

After the hectic first inning when Lone Star was seven runs behind, the team scored regularly, making one in the second, as already recorded, three in the third, five in the fourth, one in the fifth and five in the sixth, while the team was retired in order in the seventh. The Times threatened to score in every inning but the sixth, getting the bases full in the third, but infield flies and good fielding prevented any further scoring.

County Candidates Speak In Ranger In Campaign Windup

Candidates for county offices held a speaking engagement in Ranger Tuesday night, carrying their appeals, their platforms and their views on the issues of their races to the voters who assembled to hear them.

A good crowd was present when the speaking began and remained throughout the evening, listening attentively to the speakers.

The movable speaking stand was put up for the occasion on Rusk street between Main and Walnut, where lights were installed, and seats were provided for all who attended.

All the county candidates spoke.

Commission to Meet On Next Thursday

Only routine business came up before the city commission at its regular meeting Tuesday night, but a special call meeting has been scheduled for Thursday night, it was announced today.

Gasoline Tax Revenue Boosted In Past Six Months

AUSTIN, Texas.—Fewer gasoline bootleggers and more automobiles combined to boost state revenues from the gasoline tax for the first half of 1934 \$2,500,000 above the same period last year, the Texas-Good Roads Association reported today.

This extra income will add \$2,250,000 to the state common school fund, \$625,000 to refund county bonds and \$1,250,000 to the highway fund.

Comptroller George H. Shepard, scanning the reports of his 60-man field "army" provided by the 1933 law, reported an increase of \$445,261 in gas tax collections for that month exceeding \$3,000,000.

The comptroller predicted an even larger gain for June, totals for which are not yet complete. He also hailed a resounding court victory for the state last week in a test case on gas tax enforcement.

In that case the head of a refinery was convicted in Travis county district court of filling false reports on motor fuel sales, and sentenced by a jury to the maximum of two years in the penitentiary. He appealed. While numerous operators have been fined under the law, this was the first prison sentence yet meted out for tax evasion, and the comptroller feels it will be a deterrent to prospective violators.

As another factor in the gas tax gains, the road association pointed to the fact that 94,952 more motor vehicles had been licensed in Texas up to July 1 than were registered on the same date last year.

Bank Bandits Spared Indiana

INDIANAPOLIS, Ind.—For the first time in many months, Indiana, home of John Dillinger and his gangster pals, occupies an enviable position so far as bank robberies are concerned, according to the Indiana State Bankers Association.

Indiana had no bank robberies during April and June.

Neighboring states did not fare so well. Some of them had bank robberies during each of the two months. Virtually all had at least one robbery during the 60-day period.

Illinois led the list for the two months with eight robberies, four each month. Ohio had four in May and three in April. Arkansas had one in April and two in May. Iowa had one in April and another in May. Kentucky had one in each of the two months. So did Kansas. Oklahoma had three in April and two in May.

States which had robberies in April and none in May were Alabama, Colorado, Georgia, Louisiana, Minnesota, North Carolina, South Carolina, Virginia, all one each, and Texas, six.

States which had robberies in May and none in April were California, Kansas, Michigan, Mississippi, New Jersey, New York, and Pennsylvania, one each, and Missouri, three.

Smith and Perkins Survive 2nd Day Coleman Tourney

James Smith, Ranger golfer, and R. L. Perkins, Eastland, carried Ranger and Eastland's banner into the quarterfinals in the championship flight and third flight in the Coleman Country Club tournament Monday.

Three of the Eastland golfers, Liles, Tully and Sikes, were crowded out of play in the first round of the championship flight while Houston Cole and James Smith won their initial events in the same flight. Cole in his next step up in the play met defeat at the hands of Schumaker of Dallas 2 and 1. To Smith went the unofficial honor of pulling the unsuspected in the second day of the meet, that of defeating Carnes Wilson of Abilene by 1 up.

R. L. Perkins Jr. of Eastland won his match in the first and second round of the third flight by default.

HAMLIN FLAYS BLANTON IN ADDRESS HERE

EASTLAND, Texas, July 25.—Asserting that the new district and the "New Deal" deserved a new dealer, Judge Carl O. Hamlin of Breckenridge, candidate for congress from the 17th district, Tuesday night brought his campaign to the attention of the voters of Eastland.

Speaking from the south courthouse steps where about two weeks ago Congressman Thomas L. Blanton, one of Hamlin's opponents, spoke to an audience of more than 2,000 people, the candidate addressed a crowd of approximately 200 seated in cars and on the lawn.

Judge Hamlin, who for 13 years has been judge of a district court at Breckenridge, was introduced by Judge B. W. Patterson of the 88th district court in Eastland.

"I am in favor of organized labor and some form of unemployment insurance," Hamlin said. He also said that he favored an embargo on arms for the purpose of preventing wars and for general disarmament, but until other nations sincerely joined in a disarmament movement he was in favor of keeping our navies and armies up to just as high a standard as was necessary to protect our country.

The speaker said he was in favor of a federal oil control bill.

Soon after beginning his speech Hamlin launched an attack on Congressman Thomas L. Blanton, calling him by name and asserting that Blanton mistated the facts regarding his (Hamlin's) war record and in regards to retired officers pay received by Hamlin while he was serving as district judge at Breckenridge. He criticized Blanton for what he termed misuse of the franking privilege and said that excerpts from the Congressional Record sent out by Blanton had cost the taxpayers more than \$17,000 whereas Blanton had said that he paid for the printing himself and that the mailing had cost the government nothing since all government employes handling it were paid annual salaries.

Hamlin made many sarcastic thrusts at Blanton's record in congress. Hamlin said that he was a great admirer of the late President Wilson and didn't like to admit that Wilson ever made a mistake, but that if Wilson ever did make a mistake it was when he refused to accept Congressman Blanton's services which Blanton said he tendered the President when the World War broke out.

"Why, if Wilson had only accepted Blanton's services at that time millions of lives and millions of dollars would have been saved for no doubt Tom would have rushed right over to the German front and by a point of order and an objection, put an end to the whole war," Hamlin said.

Legion Post Will Nominate Officers

G. E. (Bob) Robinson, post commander of the Carl Barnes Post of the American Legion, has urged all members of the post to be present at the next regular meeting, which is to be held at the Legion hall on Thursday night.

Nomination of officers for the coming year will be the principal business of the evening to come before the members of the post, and all Legionnaires have been urged to be present so that they can have a voice in selecting the officers who will carry on the affairs of the post for the next year.

Mary O'Dare to Marry Hamilton

TYLER, July 25.—Mary O'Dare expects somehow and somewhere to marry Raymond Hamilton, she has admitted.

The pretty Wichita Falls brunette who divorced her husband for the love of Hamilton, told interviewers she would marry Hamilton, "if it is the last thing I do."

Meanwhile officers continued to question her about the escape of Hamilton and two other condemned men last Sunday.

\$1000 a Week For 7 Years, Shirley's Pay

Each week for the next seven years, five-year-old Shirley Temple, curly-haired baby actress of Hollywood, will find a \$1000 check in her pay envelope. For her parents, Mr. and Mrs. George F. Temple, have just signed a contract calling for that salary from the Fox studios, with \$150 more to Mrs. Temple for coaching the girl Shirley is shown applying her pen to the contract.

Federal Agents Promoted After Dillinger Death

WASHINGTON, July 25.—Federal Agents Melvin Purvis and Samuel P. Cowley, who directed the raiding party that ended John Dillinger's career, have been rewarded with promotion and salary increases, J. Edgar Hoover of the justice department division of investigation, revealed today.

It was understood that promotion will be recommended for several others who did outstanding work in the Dillinger hunt and special recognition will be given the agents who fired the shots that brought him down.

The identity of this agent remains closely guarded. Hoover asserted it was not Purvis nor Cowley.

WARDEN WAID NOT TO FIRE PRISON GUARDS

HUNTSVILLE, Texas, July 25.—Warden W. W. Waid said today that there was little probability any prison system employee would be discharged as a result of the escape of three condemned killers from the death cells, although he indicated some of them may quit.

The prison board ended its investigation of the break by issuing a report that charged carelessness in the performance of duty by some employes and carelessness in not preventing the smuggling of arms into the prison.

What action was planned by prison officials in connection with the report had not been determined, Lee Simmons, prison manager, said.

Elijah Stuart Is Indicted In Death of Young Daughter

HOUSTON, July 25.—Elijah Stuart, 28, was indicted today by a Harrison county grand jury for the murder of his five-year-old daughter, Dorothy.

The grand jury found the girl died from choking and drowning. Six hours after the body of the girl was found partly submerged in a shallow, stagnant pool 20 miles north of here, Stuart confessed.

The case will be tried August 6, the district attorney said.

Blanton Speaks To 2500 at Break

BRECKENRIDGE, Texas, July 25.—Congressman Thomas L. Blanton of Abilene, candidate for reelection from the 17th district, spoke here Monday night to a crowd of more than 2,500 people. He came here from Palo Pinto, where he spoke in the afternoon to a large crowd.

In Blanton's audience Monday night—which gave him a cordial greeting—were citizens from Abilene, Eastland and other places in his district.

Blanton was introduced by D. T. Bowles, chairman of the democratic executive committee of Stephens county. His speech, with only minor exceptions, covered the same subjects discussed by him in his speech at Eastland two weeks ago.

Rev. Bond Speaks At Rotary Meeting

The Ranger Rotary club had an interesting meeting today when Rev. M. Bond, pastor of the First Methodist church of Ranger, appeared as guest speaker.

He spoke interestingly, bringing a message of service.

Visitors at the meeting were J. E. Lewis, Lester Gray and J. E. Fulbright.

The program for next week will be directed by Dr. G. E. Haslam, while the following week Morris Bendix will have charge of the program, and the following week J. C. Smith will be in charge.

Judge Ruled On Cones

HOUSTON.—Double dip ice cream cones will remain double dips so far as Judge Roy Campbell is concerned. He recently overruled a plea for a temporary injunction against W. N. Blanton et al., chairman of the milk industries board, to compel that board to limit the amount of ice cream sold by dispensers of double dip cones. The injunction was asked by a number of druggists who claimed such sales were in violation of the code of fair practices under NRA.

80-MILE WIND HAS REACHED SOME SECTORS

Storm Expected To Strike Near Corpus Christi This Afternoon.

WASHINGTON, July 25.—The storm whipping the Texas Gulf Coast will cross the coast line slightly north of Corpus Christi, warnings today said. Hurricane winds and high tides will accompany the storm.

AUSTIN, July 25.—Twenty-two highway patrolmen were concentrated along the Gulf Coast today, mobilized into the hurricane zone from throughout south-east Texas.

HOUSTON, July 25.—A Gulf hurricane swept toward the Texas coast today, threatening loss of life and property.

The full force of the storm was expected to strike the coast near Rockport in the afternoon. An 80-mile wind was reported blowing at Port O'Connor, indicating the storm was a severe one and had increased in intensity since morning.

Hurricane warnings were flying along the coast from Galveston to Corpus Christi, an area more than 200 miles long. Washington weather bureau advisories said the storm would strike near Corpus Christi.

Telephone lines to Freeport, Port O'Connor and Port Lavaca and other points in the storm area went down last night.

Residents at Corpus Christi, scene of a hurricane in 1919, began to grow panicky as the barometer there dropped to 29.24, lowest since the 1919 storm. The barometer had been falling all morning.

Concern was felt for 700 persons on Mustang Island between Rockport and Corpus Christi. They were marooned when storm conditions caused ferry service to the mainland to be discontinued. The island is a popular fishing and boating resort.

Houston and Galveston were believed to be out of the danger area.

Jury Finds For Gas Company In Rate Cut Case

The Texas railroad commission order issued last fall cutting Lone Star Gas company rates 20 per cent was declared to be unreasonable and unfair by a jury in Travis county district court at Austin July 23. Setting a precedent for a jury action in public utility rate matters, this verdict was the climax of the long litigation involving wholesale gas rates of the gas company in about 250 Texas towns and cities.

The jury was composed principally of farmers and city workers. After hearing testimony for 28 days, these men for three days studied the evidence on both sides. They concluded that the railroad commission was in error and that the 20 per cent reduction was not justified by either the company's operating revenues or its property valuation.

The case was the largest and longest public utility rate case on record in the southwest. It started when the railroad commission, as a result of agitation during the depression, ordered an investigation of the Lone Star Gas company rates Oct. 14, 1932. Eight months were required by the commission to hear evidence, and when the company appealed to the federal court from the order reducing the rate from 40 cents to 32 cents per thousand cubic feet, the attorney general had the case referred to the state court with a demand for a jury trial.

L. B. Dentling, president of the gas company, made the following comment on the verdict: "I consider this decision very significant. It is notice to the financial world that Texas is a safe place for investment. It shows that there is no disposition on the part of the people, as represented by this Travis county jury, at the behest of politicians to penalize a utility which is always trying to do the right thing."

SAN FRANCISCO STRIKE NOT ORDERED BY THE A. F. OF L.

William Green is the president of the American Federation of Labor. He is the authorized spokesman of an organized army of millions of wage workers. Viewing the strike at long distance from the City of Chicago, Green asserted that the general strike in the Golden Coast city was neither authorized by the American Federation of Labor and "has no national significance as far as organized labor is concerned." He declared the strike possessed no national significance, that it originated with the workers directly involved and through an assumption of authority growing out of certain autonomous rights "conferred upon local organizations . . . their representatives ordered the strike and must accept full responsibility for this action." In conclusion the big voice of the American Federation admitted officers and members of the organization "are deeply concerned over the existing situation and are hoping for a speedy and satisfactory settlement."

"Tis well. There should be a speedy and satisfactory settlement. Perhaps it is on the way.

Subsidies and loans by the government at their best are mere expedients. What we really need is a wide-spread revival of business and development of new markets for our products. Business people will have a hard time borrowing themselves into prosperity.

A whole lot of people in this world are always lamenting somebody's shortcomings and never think of their own.

**SOPHIE KERR'S SUPERB LOVE STORY
"STAY OUT OF MY LIFE!"**

By Sophie Kerr

BEGIN HERE TODAY
JANE TERRY comes to New York determined to show her home town, Newburg, and especially AMY JACKSON, the girl who was a success of her life. Amy has been her best friend until now. AMY JACKSON, however, the exasperated Jane had never upon him and married.
In New York Jane obtains a position in a real estate office and soon is making a large income. She was an affair with HOGGER THOMPSON, married, but then she was when he offers to best the expense of their child the responsibility of the child. She takes the baby, named NANCY, promising never to reveal its parentage.
When America enters the World War, Howard decides to enlist in the aviation corps. Amy, however, is obliged to stay home to a commemorative dinner party. Howard leaves for a training camp in France and his mother comes to stay with Amy who considers her "old" she is expecting a child of her own.
YOU GO ON WITH THE STORY, CHAPTER XXX
"Little by little Amy was coming back to a normal state of mind. She had begun to feel secure once more, losing the image of the shadow beast fate stalked her, capriciously ready either to pass her by, or leap and strike her down, unpredictable, unescapable outside of reason or of hope the image that had been with her since Howard's decision to enlist.
Besides this there was the good news that Howard, having won his wings, had promptly been made into an instructor and there seemed small chance that he would be sent overseas very soon, perhaps not at all. That took away another fearful image of ridicule, flaming, falling battle planes, with the added mercy of being able to have letters from him frequently, and of knowing fairly well where he was and what he was doing. But chief cause for Amy's new security was the coming child.
"I wouldn't have believed," she told Mary, "that I could possibly be so happy with Howard away. But I am happy."
"And what does Howard say?"
"I haven't told him and I'm not going to until he gets his first leave. I want to tell him myself, not put it in a letter. But from the way he behaved when I told him I'd adopted Nancy, I suppose he'll take it as a huge joke."
"BUT suppose he can't get leave until Christmas—or later? I don't think good news ought ever to be held back, especially from some one with a special reason for being glad about it. Really I don't. Amy. And in times like these— She stopped suddenly, afraid of the next words. She went on more easily—Howard would be as happy as you are, Amy—and I mean—why shouldn't he have every day of it?"
"That's true. I'm being perfectly selfish. If anything should happen, and he didn't know—oh, Mary, you don't believe anything could happen to Howard now, do you?"
"I think he's as safe as he can possibly be and beyond that we can't tell. And I don't want to

AUGUST FURNITURE SALE

And Sale of Rugs, Stoves, Washers, Curtains, Housewares, Blankets

Ward's Greatest Furniture Sale Opens Tomorrow

Montgomery Ward's semi-annual furniture sale, with companion sales of rugs, stoves, housewares, curtains, woolens, and blankets, begins tomorrow in the 500 Ward stores located in 46 states of the union.

Preparations for this event have been intensively carried on covering a period of several months. Most of the orders were placed with manufacturers as early as last March. These orders were so tremendous that 67 factories have been kept busy since then turning out furniture especially for this event. Ward officials say that a single purchase of car load proportion is a common thing in supplying quantities to meet the demand which has been built up in this extraordinary sale.

The general tendency in depression days the last few years has been to curtail buying of home furnishings. This curtailment has been lifted to the extent that Ward feels that thousands of families believe now is the time to buy new furniture and all that goes with new furniture to make their homes more attractive.

It is this urge to beautify the home and make it more comfortable, as well as the extraordinary preparation advantages that Ward has made, which leads Mr. Fessire of the local Ward store, to believe that this August will witness one of the greatest furniture buying demonstrations that America has witnessed in many years.

Nebraska Monument To Crazy Horse

By United Press
 CRAWFORD, Neb.—A monument, commemorating the career of the famous Sioux Indian chief, Crazy Horse, is in process of erection at Fort Robinson, near here. The construction is under supervision of Major E. N. Hardy, commanding officer of the fort.

Plans are being made here for a dedication of the monument which will probably be held starting Sept. 3, Labor Day, and will continue for three days.

The Indian chief was killed at Fort Robinson, near the spot where the monument will stand, on Sept. 5, 1877.

Stone for the monument is being cut from native granite from the Black Hills of South Dakota. The monument will display a bronze tablet and will show a pipe of peace, a broken bow, arrow and tomahawk.

Massachusetts Has A Canary Choir

SOMERVILLE, Mass.—The Union Square Baptist church of this city had one of the most unique services in its history—a bird choir.

The Rev. Harold Willard Arthur, pastor of the church, preached a sermon entitled, "A Bird's-Eye View of God's Plan for Man," so to express his theme more forcefully he had 25 canaries among pine trees grouped around the pulpit.

When the congregation sang the birds accompanied them and sang during the entire service.

ELECTROCUTED BY FAN

GLOUSTER, O.—Death by electrocution while she was using an electric fan, came to Mrs. Fred Householder, 32. Corner L. P. Jones said the current was induced through her body because her feet were wet from sprinkling the lawn.
