### TWO FAMILIES ARE DESTITUTE AFTER A FIRE

Fire which destroyed a Mexican home in Ranger Thursday night, completely destroyed all the belongings of the families of Conde-ladino Gomez and Mary Munos, living in the house, so that today they are destitute and deserving of aid from the citizens of Ranger.

Local Relief Administrator Weakley today sent out a plea to all the citizens of Ranger to cooperate with the relief office in providing the necessities for the families, since the relief funds are not such that they can be completely outfitted. Nor do the relief provisions allow purchase of many of the things that are needed.

"The relief office is going to aid the two families as far as possible," Mr. Weakley said, "but there is no provision whereby we could completely outfit these deserving people, though we would like to do so."

A call was issued to the people to provide tables, chairs, beds, bedding, dishes, pots, pans, clothing or any kind of furniture or cooking utensils that could be used. As far as possible the needs are to be supplied by the relief office.

"These Mexicans are particularly deserving," Mr. Weakley said. "But due to unfortunate circumstances they are now completely destitute. At the time of the fire one of the men had left town to try to find work of some kind so that he could support his family and so far he has been unable to find anything to do."

Anything that can be donated to these unfortunate Mexicans can be taken to the relief office, or, if it is more convenient to do so, a call to the office will be appreciated and a list will be sent for the donations. The telephone number of the relief office is 87.

### Chastain Spoke In Eastland To Good Sized Crowd

Hon. Oscar F. Chastain, candidate for congress, brought his campaign to his home town last night when he addressed a county-wide rally of his friends and supporters on the south side of the courthouse lawn. A crowd estimated by Chastain supporters at 350 people was present.

Judge R. L. Rust of Eastland introduced Judge B. W. Patterson, who in turn introduced Chastain. A number of cars, decorated with cloth streamers on which was painted in large letters, "Chastain-for-Congress," and accompanied by the Eastland band, toured the county Thursday advertising the rally.

Chastain's speech covered largely the subjects discussed at other speaking engagements in the county. While not referring to Congressman Blanton by name Chastain said: "There is a man going about the country telling people that President Roosevelt didn't know what he was doing when he vetoed the independent offices bill."

"I would have voted to uphold the president's veto of that bill had I been in congress," Chastain said. Chastain reviewed his record as an educator and legislator and said his record fitted him for congress.

"We don't need point raisers and objectors, but red-blooded American citizens to fight the people's battles in congress," Chastain declared. He asked his hearers to send him to congress to do this "he-man" job.

Boy Scouts are Back From Annual Camp  
Scouts of Troop 10, who went to the annual encampment at Camp Billy Gibbons, have returned to Ranger and all reported that they had a good time while at the camp.

### When Ice Rhymes With Nice

No one can blame Tulsa, Okla., folks for ordering ice when they need it or not after this glimpse of Laura Colston on her rounds. At 17 she is a full-fledged "ice-man," driving her father's truck and helping in delivery.

She's barely five feet tall and her weight is less than twice that of the 50-pound chunk she's carrying.

### Coastal Area Is Rebuilding After Gulf Hurricane

HOUSTON, July 27.—The list of missing persons in the gulf storm area was reduced to six today when 25 who had been missing were reported safe. The six still unaccounted for were four fishermen at Seadrift and a woman and her small son of Bay City. The death toll remained at nine.

HOUSTON, July 27.—Residents of the Texas coast area that was struck by a gulf hurricane which claimed a total of nine lives, went about the task of reconstruction today as search continued for missing persons.

All along the 100-mile coastal storm area where the storm raged for hours Wednesday, rescue squads searched for dead and injured. Authorities rushed the checking up on more than a score of persons reported missing after the storm. The missing were reported living in lowlands, at fishing camps and other places that were were hit by the storm as it passed inland slightly north of Corpus Christi.

Roosevelt Inspects Hawaiian Defense  
HONOLULU, July 27.—Turning today to his first love—the Navy—after the most impressive military review he has seen since the World War, President Roosevelt set aside his second in Honolulu for a visit to the Pearl Harbor naval base.

In completing the picture of the defense Uncle Sam has erected to protect his mid-Pacific possession, the President planned inspection of the fortified area.

EIGHT PERSONS IMPERILED EASTON, Me.—Stamming of a door imperiled eight lives here. When it was slammed, a rifle fell from a wall in the home of E. O. Smith. As the gun clattered to the floor it discharged and a bullet passed through a partition into the room where the eight were sitting. No one was hurt.

VISITS IN RANGER  
John Hart of Eastland but with headquarters at Gladewater, was in the Times office today. He said he was not politicking for anyone and that he was glad that he was not in the race as the weather was too hot and times too hard. Mr. Hart is working for the railroad commission and has been at home in Eastland resting and meeting his old friends and neighbors.

### AUSTRIAN GOVERNMENT IN ANOTHER VICTORY OVER NAZI PLOTTERS NEAR CHANCELLORY

VIENNA, July 27.—The Austrian government today smashed another bold attack by Nazi plotters who had planned to seize the chancellory and hold the cabinet prisoners. At the same time heavy fighting with heavy loss of life was reported from the provinces. Scores of arrests were made by police spies, who reported the plotters were coming into the central section of Vienna, disguised in Heimswehr uniforms, and had planned to start their desperate coup this afternoon or evening.

Discovery of the plot brought heavy re-enforcements to the chancellory and the muzzles of machine guns were trained on the streets. While the government was frustrating the new plot in the capital, its armed forces were engaged in ruthless suppression of Nazi insurgents in the provinces. Desperate fighting spread over a wide area of southern Austria. About 165 to 185 were estimated to have been killed and 250 wounded.

The extermination of the Nazis appeared to be proceeding with thoroughness, although they fought in stubborn guerrilla warfare. As soon as driven from one point they started trouble in another. Fighting centered in Styria and Carinthia, near Italy. Nazis also were reported to have seized Lueg

### OSCAR F. CHASTAIN WILL ADDRESS RANGER VOTERS IN LAST CAMPAIGN SPEECH

Plans were completed this morning by friends and supporters of Hon. Oscar F. Chastain of Eastland, candidate for congress, for a rally here tonight at 8:30, at which time Chastain will address the voters of Ranger and this section of the county. It will be his first appearance in Ranger since he began his active campaign some time ago.

Congressman Thomas L. Blanton of Abilene, present incumbent and a candidate for re-election, and Judge Carl O. Hamlin of Breckenridge, also an opponent of Mr. Chastain, have each addressed the voters of Ranger and the talk tonight by Chastain will wind up the congressional campaign as far as Ranger is concerned.

The rally will be held on Rusk street, between Main and Walnut, where all the campaigning in Ranger has been done this year. Arrangements have been made for a lighted speaking platform and seats for a large crowd have been arranged. It is expected that one of the largest gatherings during the present campaign will be on hand for the address.

Judge L. R. Pearson of Ranger will introduce the speaker, while a number of prominent citizens of the county are expected to be in the speaker's platform. Loud-speaking equipment is to be installed so that all may hear.

Mr. Chastain is completing a strenuous speaking campaign, having recently spoken in a number of towns in this section of the county. Last night he was greeted at Eastland by a large turnout and an enthusiastic crowd listened attentively to his remarks. Throughout his campaign he has been speaking to large crowds and those managing his campaign state that they are well pleased with the prospects of the success of his candidacy at the polls Saturday.

Donkey Game Draws Another Good Crowd  
The Magnolia softball club from Olden played the Elks club team in a donkey baseball game at Lillard field Thursday afternoon before a good crowd, which enjoyed the game throughout.

The regular Twilight league game between the Elks and Sinclair was postponed until some future date in order that the game might be played while Lone Star Gas, which plays Service Club this afternoon, played a practice game with the Lone Star team from Breckenridge at the softball field.

SEIZES STILL  
Eastland county officers, following up a tip, seized a 250-gallon capacity still and 2,000 gallons of mash at an illegal liquor manufactory one mile west of Romney Thursday. No men were on the premises.

### Dillinger Aides Top U. S. 'Wanted' List

George Nelson

John Hamilton

Homer Van Meter

John Dillinger's three main lieutenants became the targets of a new intensive federal drive, when their chief went to a criminal's doom. Lester M. Gillis, alias "Baby Face" Nelson, becomes Public Enemy No. 1, the only criminal for whom federal rewards now are outstanding—\$2500 for information leading to capture and \$15000 for capture. Gillis is accused of killing U. S. Agent Carter Baum in the Little Bohemia, Wis., battle. Hamilton and Van Meter are wanted on murder and bank robbery charges in connection with Dillinger gang raids.

### Large Crowd Hears Candidates For Representative Thursday

A representative crowd of Ranger and Eastland county voters were present last night to hear the speaking of the Eastland county representatives and also the Floral representatives, consisting of Eastland and Callahan counties. Although the weather was extremely hot, comfortable seats were furnished by the committee and the crowd was in a receptive mood and enjoyed the remarks of all the candidates. Only one bit of heckling was observed and that was when E. M. Threath remarked that E. A. Ringold had been kicked off the county relief board. This statement was promptly refuted by several of Mr. Ringold's friends in the audience and Mr. Threath refrained further in his remarks from tactics of this nature.

S. J. Dean was chairman of the meeting and H. B. Johnson sat on the platform during the entire meeting. The first speaker was George Davidson, young lawyer from Eastland, who presented his views in a very concise manner and promised the voters that if he was elected he would give the people the best service possible. J. M. Nunn was the next speaker.

E. A. Ringold was the next speaker and received a well recognized applause from the audience. Mr. Ringold told the voters that he had tried to see all the people but that it was impossible and that he was taking the opportunity then to solicit their votes. A voice in the crowd remarked that he would get all of Ranger's votes.

Mr. Ringold told of the years of work that he has put in for the city and the schools. That he was well versed in tax matters and felt that with the experience gained over the past 15 years he felt that he could be of service to his county.

The bonded indebtedness of the county was then brought out and Mr. Ringold said that he believed that something should be done to relieve the burdens of the taxpayers and if sent to Austin he would immediately begin work on a bill that would assist in remedying the present condition. He further brought out that when the county, as well as Ranger, Eastland and Cisco voted to build schools and pave streets that the real estate valuations were 10 times what they are today and that it was a physical impossibility to pay even the interest on some of the indebtedness owed.

He said that when he decided to run for the office of representative that he did not ask anyone but felt that he could be of some assistance in getting some adjustments in matters of the bonded indebtedness of the county remedied.

At the close of Mr. Ringold's remarks he brought out that some folks say that you cannot get reductions on taxes. He told of a church built in Ranger when even today except a few said it could not be used.

### Bomb Explodes In Subway In Paris

PARIS, July 27.—A bomb exploded in a subway station today, killing the station chief and injuring two others at the busiest hour of the evening rush. Several hundred persons were in the station awaiting a train.

KERRVILLE.—Fifty thousand tin cans, a carload, have been received here for use in the Kerr county relief cannery.

### SIX IN RACE FOR GOVERNOR CLAIM VICTORY

Every City and Hamlet Scene of Last Minute Pleas To The Voters.

DALLAS, July 27.—Weary candidates made their last frenzied appeals to the voters today, seeking support in the democratic primary tomorrow.

In every city and hamlet in the state aspirants for local or state office gave their oratorical best as they expounded their program in the final drive for votes.

Every one of the six candidates in the race for governor claimed they would go into the runoff Aug. 26. None of them, however, claimed he would win a majority of the votes in tomorrow's balloting.

Newspaper polls favored James V. Allred and C. C. McDonald, as the two who would fight it out, but the size of the crowds that have greeted some of the other candidates indicated one or both of these two might be disappointed.

### Chicago Livestock Market Closed As Handlers Strike

CHICAGO, July 27.—The biggest livestock market in the world passed today the end of 48 hours in which not a single animal had been sold.

Commission firm clerks idled over empty desks and a few thousand head of cattle in the yard were depleted further while mediators unsuccessfully sought to end a strike of 800 livestock handlers.

### Eight Children Are Killed By a Fast Freight Train

SHELTON, Conn., July 27.—Tragic details of how eight children were crushed to death by a train were pieced together by authorities today while this entire city mourned the dead.

The children, all of whom had been swimming, stopped on their way home to play cards on a railroad embankment. They were sitting on the westbound track.

A freight train came roaring down the eastbound track. As it neared a westbound train, which the children saw, drowned in the noise of the one bearing down on them. The westbound freight was upon the children before they could scramble down the embankment. Six were killed instantly and two died in a few minutes.

### Thieves Plunder Car; Steal Watch

EASTLAND, Texas, July 27.—Two thieves this morning at 2 a. m. plundered the car of M. L. Keasler, 601 South Green street, taking an inexpensive wrist watch and papers which they later dropped along Keasler's driveway, when alarmed by the barking of the family dog.

Keasler was notified of the suspicious actions of the two thieves by neighbors who thought their intentions were in direction of the stealing of the car. Bill Mead and Ben Pryor, officers, cruised around the vicinity after notification, but no sign of the men was observed.

265 ABSENTEES  
The casting of 265 absentee votes, the largest in recent years, is a fair indication of a heavy vote Saturday, County Clerk Turner M. Collier, in a check-up of the votes, said this morning. The absentee voting period closed Wednesday.

**CHAIRMAN FLETCHER CALLS FOR NEW DEAL PROPOSALS**

Col. Henry P. Fletcher is the national chairman of the republican committee. He visited Chicago and set up a brain trust of his own. This is what he said as to the new program of legislation: "I know our program must be progressive. We can't campaign on negatives but we must work within the framework of the constitution." Col. Theodore Roosevelt, not the great Teddy but the son, advised that the republican party take a stand for social insurance, old age pensions and unemployment benefits. Chairman Fletcher seconded the Roosevelt move. He has purloined from the liberals of the period social insurance for all, old age pensions for all and unemployment benefits for all "within the framework of the constitution."

There are many brainy men in the republican organization. There are many rich men. There are many wise men. There are many crafty men. They know how to get the campaign money and they know how to build a nationwide organization or machine in all the 48 states. They predict they will capture 67 congressional seats in November but they will be satisfied with 35. There is to be a long period given over "to watchful waiting" on the part of those who are interested in governmental affairs and the elections of the future.

**RESERVE BANK FIGURES SHOW 30 PER CENT UPTURN**

Place this in the record for the information as well as the education of all the people. Federal reserve board figures indicated July 17 that member banks June 30 had nearly one-third more assets in securities than at the peak of the 1929 boom. Then place this in the record: "With the shrinkage of loans and investments from \$35,711,000,000 to around \$26,000,000,000 the proportion of security holdings to the total nearly doubled." Bonds of all classes, plus loans secured by stocks and bonds, amounted to about three-fourths of total loans and investments. Whereas, in 1929 these items slightly exceeded 55 per cent.

All the wealth of America remains in America. All the lands of America remain in America. All the public improvements of America are intact. Why the throwing of monkey wrenches into the machinery of the national recovery confidence building structure? This old world for millions of years and the place for those who are battlers at all times is ever in the middle of the road marching onward and not in the seats of the bleachers on the roadside. Man was originally intended to battle every inch of the way in the highway of life, and when he does not battle, when he loses hope and his backbone turns from steel to jelly, he falls by the wayside and that is his finish.

Some motorists seem to think that trees along the highways are there to play with at obstacle races.

**Negroes Denied Primary Votes By Supreme Court**

AUSTIN. — Although voluntary associations arising from the exercise of free will and liberty of the citizens, political parties are the effective instrumentalities by which the will of the people may be made vocal, and the enactment of laws in accordance therewith. No candidate, but the Supreme Court of the State of Texas spoke thus one hot summer afternoon last week to any who chose to listen. The words were those of Chief Justice C. M. Cureton, writing the court's opinion that the democratic party of Texas may and has legally barred negroes from voting in party primaries. The opinion was counter to a five to four decision by the Supreme Court of the United States that there could be no discrimination between the white and negro races in fixing the membership of the democratic party in Texas. The 40th Texas legislature, anxious to make doubly sure there would be no black ballots in Democratic election boxes, en-

acted a law reading in part: "Every political party in this state, through its state executive, committee, shall have the power to prescribe the qualifications of its own members. . . ."

The enactment, Justice Cardozo of the U. S. Supreme Court held, made the state executive committee an agency of the state government, and as such it could not discriminate between whites and blacks.

"With this construction of this Texas statute we cannot agree," wrote Justice Cureton. He held, first, the act did not mean to preempt the party's power to limit its membership; second, "if it be said that the purpose of the legislature was to take from the party and its state convention the power of determining who should be

members of the party, the act is plainly void."

Approximately 800,000 negroes, otherwise qualified to vote, were barred from next Saturday's election by the court's opinion.

**Lon Smith Sure He Will Win In The July Primary**

DALLAS, July 27. — Looking over the field three days before the election, Railroad Commissioner Lon A. Smith is confident he will win in the Saturday primary. He feels he is sure to get more votes in Dallas county than his three opponents who reside there, and that he will carry Harris county three

to one over his resident opponent there.

"Out of a total vote of 27,222 in Dallas county in my last race, this county gave me 22,010 votes, more than a five to one lead," he said. "Harris county gave me a majority in each of her 142 precincts with a total of 18,743 votes out of a total of 22,495 votes, more than a six to one lead. I received a majority in 254 counties. I refer to Dallas and Harris counties since my opponents hail from these counties. Prospects are fine from border counties and from the hill country and agricultural districts.

After the business session Mrs. Snodgrass passed around pictures—kodaks, photos and tin types of those present, each one taking a picture and trying to guess the original. Those of the older ones, Mrs. Glanton, Mrs. Snodgrass and Mrs. Bedford were rather amusing in the identifications had been made. ### MICAHIAH SPEAKS THE TRUTH

I Kings 22:1-14

Jehoshaphat, the good king of Judah, no doubt hearing rumors of war visited Ahab, the wicked king of Israel. The families were related by marriage; Jehoshaphat's son having married Ahab's daughter, Athaliah, who was an idol-worshiper like her cruel mother, Jezebel.

Ahab entertained Jehoshaphat and his company royally, killing many cattle for meat. Then he requested Jehoshaphat to join his larger army with his smaller one in taking Ramoth-Gilead. Jehoshaphat gave a very courteous assent but requested, "I pray thee, for the word of Jehovah."

Ahab gathered the prophets together, 400 of them, and asked, "Shall I go against Ramoth-Gilead to battle or shall I forbear?" No doubt Jehoshaphat, accustomed to being guided by the word of Jehovah, perceived that these were not true prophets of God "but prophets of the Jehovah worshiper under the image of an ox who practiced prophesying as a trade without any call from God."

He asked, "Is there not here a prophet of Jehovah besides, that we may inquire of him?" He had listened and known that the false prophets were speaking what would be pleasing to Ahab.

Ahab answered that there was one man, "Micahiah, the son of Imnah," but that he hated him because he prophesied evil of him. But Ahab sent an officer for Micahiah, who was in jail because of Ahab's displeasure.

"Now the king of Israel and Jehoshaphat the king of Judah were sitting each on his throne, arrayed in their robes." Ahab thought perhaps he could awe Micahiah with all this pomp and 400 prophets

prophesying great victory for him. It was a great and splendid scene. The messenger that went to call Micahiah explained to him the good words of the other prophets and said to him, "Let thy word, I pray thee, be like the word of one that is true, and speak thou good." But Micahiah was a true prophet of God and would not be awed by pomp and power.

His answer was, "As Jehovah liveth, what Jehovah saith unto me, that will I speak."

As Jehovah liveth was the most solemn and impressive oath the prophet could use.

But Micahiah broke out into bitter irony and told Ahab to follow the advice of his prophets. But Ahab spoke sternly commanding the truth of him.

Then Micahiah had a great vision telling of the battle and the death of Ahab.

Ahab refused to heed the advice of the true prophet and thought to outwit the prophecy by changing clothes with Jehoshaphat. "But a certain man of the Syrian host drew his bow at a venture and wounded the wicked king." He had his chariot driven quietly out of the battle that his soldiers might not be frightened. He died at sundown and was taken to Samaria for burial.

The blood-stained chariot was taken to the pool to be washed and the dogs "were seen lapping there." Elijah's prophecy concerning Ahab was fulfilled.

How masterful is the picture of Micahiah, a poorly dressed man, standing before the king and the prophets telling Ahab of his doom. He did not flinch or draw back when Zedekiah slapped him and showed him the horns of iron, which he claimed were signals that Ahab should overthrow Syria. But told Zedekiah that he himself should be in hiding soon.

The strength and attitude of Micahiah in this story has a greatly needed lesson for our times. Pastors and their flocks should take a hold stand for the cause of truth and righteousness. Strong drink is in our midst, business is full of fraud, society is vulgar and you might say vicious in worldly circles. Nations are suspicious of each other. Strikes and crimes fill our daily papers. Christians should band together in millions to oppose the evil.

When one becomes confused and asks how he can overcome the evil around him daily, he can ask with the psalmist:

Wherewithal shall a young man cleanse his way? By taking heed thereto according to thy word.—Psalm 119:9.

Be thou exalted, O God, above the heavens: let thy glory be above all the earth.—Psalm 57:5.

# OLDEN

Carl Hamlin, District Judge of Stephens county, spoke here Friday afternoon in the interest of his candidacy for congressman. Judge Hamlin made a good talk and was well received.

Mr. and Mrs. Paul Koester of Mineral Wells visited the L. V. Ford family here a short time Sunday. Mr. and Mrs. Koester were returning from Cisco, where they had been called because of the death of Mr. John Shertzer there. The Fords, Koesters and Shertzers are friends of long standing, having for years been fellow townsmen in Dewey, Okla.

Miss Hazel Woods has returned from an extended visit near Stamford.

The Magnolia soft ball team defeated the TP team in Ranger Monday evening in a close game, during which a stolen base by Dick, and a home run each by Swede Anderson and Lois Groves furnished the main thrills for the Olden fans.

Emmett Rice, who recently underwent an operation in a Ranger hospital is now at home in Olden and reported resting well.

Mr. and Mrs. Dick Canafax and children, Nanell and Manion, of Millsap, visited friends here Monday. They were enroute to Cisco where they will be located while Mr. Canafax is relief operator there for the railway company.

Revival services, being held by the Church of Christ in their tabernacle here are being well attended and greatly appreciated. Rev. Lynn of California is in charge of these services.

Rain which fell here Sunday was very beneficial to this section.

Mr. and Mrs. Jack Stephens visited in Stephenville Saturday and Sunday.

Mr. and Mrs. T. M. Maxwell were Stephenville visitors Sunday.

Mr. and Mrs. Carroll Frye and daughters, Carroll Lynn and Mary Margaret and niece, Martha Jane Hodgins, visited friends here Sunday. They were returning to their home in Dallas from a trip to Moran and Albany.

All eligible voters are urged to go to the polls Saturday and vote for the candidates of their preference. Olden has 149 paid poll taxes and between 25 and 30 exemptions this year. Voting will be held in the Methodist church.

# Large Crowd—

Continued from page 1

He promised the voters that if he was selected as their representative that he would be at Austin fighting for the needs of all the county and not for any pet measure or favored few. Mr. Ringold told of his efforts in helping get relief money for the needy of the community and said that it was his duty to do that and that he was proud to have a part in being of service to his fellowman. A large crowd of laboring men were present and gave Ringold a splendid hand at the close of his speech.

E. M. Threat was the next speaker and it was during his remarks that a bit of heckling was noticed. Mr. Threat discussed the various issues as he has done throughout the county. He was a candidate two years ago and was defeated.

Ed T. Cox was the last speaker of the representatives and his speech was broken into by the fire alarm that sounded just as he was getting started. Mr. Cox made a splendid address and told the people that he had served one term as representative from Eastland county and had held other offices in the county. Had lived in the county for 50 years and if elected would carry the banner of good government to Austin and bring it back unsullied at the close of his term.

Most of the county candidates for representatives brought out in their platform they were in favor of some reductions in the automobile licenses. That they favored old age pensions in one form or another. Others thought that all taxes should be taken off homesteads and various other measures that would lighten the present tax burdens.

At this time Mr. Dean introduced Donald Kinniard of Eastland and present mayor of that city who spoke in the interest of his candidacy for flitorial representative consisting of Eastland and Callahan counties.

Mr. Kinniard was well received and discussed at some length the record made by the present incumbent, Mr. Lotief of Cross Plains. He said that all that he

could find that Lotief had done while in Austin two years was that he was responsible for one resolution.

Mr. Kinniard promised the voters that if they would send him to Austin as their representative that he believed he could fill the job. That when he was elected mayor of Eastland the expenses of the city were too high and that a lot of people said they could not be reduced and at this point he brought out that they were cut and measures on several different propositions were taken that did better things especially living conditions in Eastland.

Mr. Kinniard is no stranger in Ranger and his remarks were listened to by the crowd with a great deal of interest.

E. Curry was the next speaker for flitorial representative—his home is at Pioneer and he said he was an independent oil man and had engaged in most every kind of business one could think of over the past several years. Mr. Curry told of the efforts he had put forth to get a measure through the House that would keep utilities from charging one rate in one town and another rate in the adjoining town.

He told the crowd that he believed that he could render some real and constructive work if they saw fit to send him to Austin.

The last and final speaker of the evening was Cecil A. Lotief, present representative. Mr. Lotief was given a glad hand when he stepped upon the platform and remarked that the mike was not too high for him to speak over but that he was not tall enough.

He immediately launched into a discussion of his record during the past 18 months and explained his vote on numerous bills that had been passed. Mr. Lotief told of the five committees that he served on when his opponents said he served on only one.

He said that he was for the common people and that if sent back he was still going to vote for the measures that would help them. Mr. Lotief is well known in Ranger and has made one of the most strenuous campaigns of any in the race.

He said that his opponents had accused him of being a foreigner—that is true he said, "but why hold that against me, I came to this country 30 years ago and my home is here, my wife is here, my children are here, all that I have is here." At the close of his speech

he was given a round of cheering. The candidates will speak the afternoon in Olden and close the campaign tonight at Cisco.

# ALL-BRAN MADE HIM REGULAR AS CLOCC

Delicious Cereal Corrected Constipation

We quote from his voluntary enthusiastic letter: "After reading your advertisement, I decided to use ALL-BRAN. I had been taking pills right along. But now I don't have to take pills.

"I take ALL-BRAN every morning, and am as regular as the clock. It has done me a lot of good." Stephen Higgins, 51 S. Neim St. South Norwalk, Conn.

Common constipation frequently causes headaches, loss of appetite and energy. Yet this condition can be overcome, usually, by eating Kellogg's ALL-BRAN.

Tests show this delicious cereal provides "bulk" and vitamin B, aids elimination. ALL-BRAN is rich in iron for the blood.

The "bulk" in ALL-BRAN is made like that in leafy vegetables. Beside the body, it forms a soft mass. Gently this clears out the intestinal wastes.

Isn't this safer than taking harmful patent medicines? Two tablespoons daily are usually sufficient. Chronic cases, with severe constipation, may require more. ALL-BRAN makes no claim to be a "cure-all."

Enjoy ALL-BRAN as a cereal with milk or cream. Use it also in making fluffy muffins and breads. Get the red-and-green package your grocer's. Made by Kellogg's Battle Creek.

# "WHAT WILL WE HAVE TO GO WITH IT?"

IT'S comparatively simple to choose the meat dish for a meal. Roast beef, baked ham, chops, or chicken are always welcome. But what should be served with the meat to prevent monotony—that's the question.

Of course you can turn to the cook-books for suggestions. For other timely ideas—food suggestions that are in season and within your price range—turn to the pages of your daily newspaper. There you will find tasty, colorful fresh vegetables and fruits displayed; appetizing variety in canned and packaged foods; delicious desserts that are easy to make; crispy, healthful breakfast cereals, beverages that are appropriate for both young and old.

As a matter of fact you'll be pleasantly surprised at the variety of foods offered in this newspaper. By reading the advertisements before you shop, you will be better able to plan interesting meals.

Hickman, Mr. and Mrs. J. L. Murphy, Mrs. K. Furman, Howard Bailey and Raymond Lain and honoree, Miss Clara Belle High.

**Ranger Girl Receives Honors At Camp Waldemar**  
Miss Mavis Murray, daughter of Mrs. Walter Murray, 912 Strawn road, was given a Waldemar "W" and also a felt star for having attained additional points above the minimum for all-star rating at Camp Waldemar, near Kerrville.

Miss Murray also won a bronze medal for being runner-up in the tennis doubles matches. She recently passed her junior Red Cross life saving examination.

Miss Murray is a member of the Waldemar glee club, which has appeared frequently on programs, particularly the Sunday morning services. She is also a member of the Comanche Tribe, whose leader, Miss Elaine Markham, of Longview, was chosen the ideal girl and awarded the "Spirit of Waldemar" trophy at a beautiful canoe pageant.

**Euzelian Class Honors Mrs. Gilbreath Before Departure**  
Mrs. T. J. Anderson acted as delightful hostess to the Euzelian class, Central Baptist church, at her home, 701 Young street, Thursday for a 1 o'clock luncheon honoring an active and departing member, Mrs. Roy W. Gilbreath, who with her family leaves in the near future for Fort Worth, where they are to make their home.

The delicious luncheon course was served picnic fashion beneath inviting shady trees in the backyard, which afforded a fitting background for the enjoyable informal courtesy.

The after luncheon hour was made interesting by a talk about through a round table discussion. Suggestions were offered and accepted regarding how the class membership might be increased.

Completing the compliment to the honoree a lovely three-piece casserole set was presented in behalf of the class personnel. Mrs. Gilbreath, since making her home in Ranger, has at all times willingly and untiringly given her complete attention and cooperation to all worth while projects. She has been an unusually active member of the Euzelian class, and it is with deep regret that the class loses such a loyal and splendid character. A few well chosen remarks were made by Mrs. Gilbreath in her gracious response to the compliment paid her.

Those present for the luncheon named: Misses J. W. McKinney, L. H. Taylor, E. V. Ingram, R. H. Tadlock, Wallace Wagner, R. T. Neville, Alex. Roberson, J. R. Rutherford, O. R. Irvin, J. E. Boyd, Ietta Smith, J. L. Reed, George Robinson, John Daniel, J. R. Irvin, Roy Moore, M. L. Taylor, C. W. Blacklock, Joe Dennis, Roy Gilbreath and hostess, Mrs. Anderson.
