Louisiana is headed for Hitlerism, warns a legislator, but it's to be hoped that Huey Long stops short of the mustache.

N. R. A. Remodeling To Start In Two Weeks

SUSPECT HELD IN ROBBERY IS IDENTIFIED

PHILADELPHIA, Aug. 24.—A suspect held for investigation in connection with the \$427,000 Brooklyn robbery was identified as Arthur Lee Phillips, 40, husband of Clara Phillips, notorious "hammer slayer" of Los Angeles. Phillips, who was arrested as a suspicious character with Leo Giorgio, 23, Brooklyn, admitted his identity, according to police. Phillips was a central figure in the trial of his wife, who is now serving a 35 year sentence for the killing of Mrs. Alberta Meadows, a stenographer, because the other woman was friendly with her husband. The two suspects were held without bail.

Investigation of New Orleans City Government Urged

NEW ORLEANS, Aug. 24.—Possibility that the legislative investigation of New Orleans city government will be postponed until after the Sept. 11 primary was seen today when Allen Ellinger, speaker of the house, announced he had recommended this move. Ellinger, a loyal Long supporter, announced the house membership on the investigating committee would be composed of three attorneys and two farmers. The senatorial members have not been chosen officially. It was reliably reported that the investigation will be postponed until Senator Huey P. Long can assuage the feelings of legislative followers who clamored for places on the board.

Kidnaping Feared In Disappearance Of A Young Girl

FORT WORTH, Aug. 24.—James Butler, operator of a Palo Pinto tourist camp, today asked department of justice agents to aid in finding his 14-year-old daughter he believed was kidnaped. Butler said he believed the daughter, Hazel, was abducted for revenge for his prosecution of a holdup gang. The girl failed to return after going for a walk Monday night. Butler appealed to United States District Attorney Clyde Eastus who ordered agents to investigate the case. Agents sought to connect her disappearance with the looting of a tourist camp east of Mineral Wells. Four men and a woman took \$25 and a slot machine. Butler aided in the capture of the suspects and said three men threatened him if he appeared in the case. One man has received 12 years in the robbery case and the other two are now out under bond.

Sparrow Ate Way Into Bread Pison

WEST DENNIS, Mass.—A once tiny sparrow is busy again after fastening on a bread diet for a time. The bird ate itself into a loaf of bread and couldn't get out because of its fattened condition. Daniel A. Smith discovered it after he had given his hens the stale loaf. He freed it and the sparrow flew away.

JBRA'S GOLF HAZARD

JACKSON, Mich.—Add to the list of golf hazards the one found in Siam. Following the ball around the green there, one is very likely to meet with a king cobra. K. F. Potter, St. Louis, recently told the Rotary Club here. Potter, formerly connected with the American legation at Bangkok, said that the reptiles frequently are more than 20 feet in length.

Candidate For Representative

E. A. RINGOLD

who lead the ticket in a field of seven candidates in the Democratic primary held July 29. Friends and neighbors of Mr. Ringold feel confident that he will win over his opponent in the run-off tomorrow.

E. A. Ringold is Confident He Will Win at the Polls

E. A. Ringold of Ranger, candidate for representative from the 106th district, while somewhat non-committal as to the outcome of the election in his race for office, was somewhat confident today that he would be elected to the office he is seeking. Today he wound up his campaign with the expectation that the people of Eastland county would see fit to send him to Austin as their next representative.

Mr. Ringold has been running on a platform of more work and less direct relief, while he has been advocating economies in government and the elimination of all unnecessary expense in the management of the state's affairs. During the past month he has been actively campaigning wherever possible, though his other duties have kept him in his office a good portion of the time. "There has been a last-minute campaign started by my opponent," Mr. Ringold stated, "but I do not feel that it will be heeded or that it will do any great amount of good or harm. The people have seen so many last-minute campaigns started that they seldom pay any great amount of attention to them. For that reason I believe that in the present case it will likewise fail to influence many of the voters."

In the first primary Mr. Ringold led all the other candidates in a field of seven, and his many friends in Ranger have been working for him almost constantly since the returns came in July. Since the ballot is a short one it is expected that the tabulation of votes will be in such shape Saturday night that the outcome of the race can be determined.

Two Texas Girls On Endurance Hop

CHICAGO, Aug. 24.—Two girls from Texas, after completing successfully their first refueling at 5 a. m. today, droned back and forth over Curtis-Reynolds airport in their "Lone Star" plane, seeking a new woman's flight endurance record. The two girls, Jean Le Rene, Dallas, and Mary Owens, Fort Worth, took off at 7:13 p. m., CST yesterday. After a large breakfast at 7:30 a. m. the girls reported "Everything fine; motor functioning perfectly; oil temperature normal."

Singing Association To Practice Sunday

The Eastland County Singing association will meet at the Central Baptist church Sunday afternoon at 2 o'clock to practice songs and for a general singing hour. According to Dr. A. K. Wier, president of the association, the meeting promises to be one of interest to all singers.

COLD WAVE IS HEADED SOUTH REPORT SAYS

DALLAS, Aug. 24.—A new word appeared in the Texas weather forecast today as rain, varying from light showers to heavy downpours, was reported in scattered communities. The word was "colder" and was used in connection with the forecast for West Texas. "Colder in north portions tonight," said Weatherman J. L. Cline. The word was "colder" and was used in connection with the forecast for Amarillo, where a minimum temperature of 58 degrees, was reported this morning. Dr. Cline kept to the more conservative word "cooler" in the East Texas forecast. Rain was reported last night in the western panhandle, the south plains, west central and north central Texas.

KANSAS CITY, Aug. 24.—A "cold wave" swept southeast out of the Rockies today bringing the lowest temperatures the southwest has known since last winter.

The mercury dropped into the 40's and 50's at Bismark, N. D., and dipped to 32 to the northward in Canada. Sub-freezing marks were reported. The government weather bureau said the cool wave would hold tonight and would push into Oklahoma and Texas.

Bill is Drafted For Relief Bonds To Be Issued

AUSTIN, Aug. 24.—A bill to issue the remaining \$9,500,000 worth of state relief bonds, the maximum amount available, has been drafted by Assistant Attorney General Pat Dougherty, to facilitate action by the legislature in its session to open Monday. Dougherty has drawn the bill at the request of Rep. Bob Long, Wichita Falls, and of Dallas representatives. He has returned from Dallas where the draft was outlined at a conference.

Two Robber Gangs Escape With Loot

BUTLER, Pa., Aug. 24.—Bandits in two automobiles forced a truck carrying registered mail to the curb here today and escaped with \$30,000. The men who appeared suddenly as M. C. Lackey was driving the truck through a downtown street. The truck contained three stacks of registered mail.

ACTIVE FIRE WARDEN AT 78

AVERILL, Vt.—Jack Holmes, 78, is still an active state fire warden and keeps house for his 100-year-old father.

HITCH-HIKING, HOBOING AND TOURIST STYLES CHANGE

Hitch-hiking styles and customs are changing with the seasons, according to some who have been observing the hitch-hikers recently. Some time ago the popular mode of free travel was the freight train, and seldom did a train pass through the town without a load of men riding in the empty box cars, the gondolas, refrigerators, flats or atop the box cars. Often a train would pass on which a whole family, father, mother and children, would be seen and on many occasions one would observe a couple of girls hoboing together, sometimes in overalls and sometimes in dresses. Lately, however, the railroad officials have instructed their special officers and train crews to keep these hobos off the freights and "hoboing" rides became more popular than ever. Since the extremely hot weather set in, hitch-hiking has not been so popular, because it is uncomfortable walking down the highways in mid day, while catching a ride at night is not only hazardous, but rides are hard to find at that time. Just recently night patrolmen say a girl got out of a box car on a siding, straightened out her dress and started toward town. Being somewhat suspicious, they kept an eye on her. She was nice looking, nicely dressed and apparently her clothing had but recently been washed and ironed. After she had

Kidnapers May Be Sent to the New Government Prison

LEAVENWORTH, Aug. 24.—Harvey J. Bailey, Albert Bates and George (Machine Gun) Kelly will be making a trip to the west coast shortly unless all signs fail. These and about 100 other inmates of the two federal prisons here were being prepared, it was said, for the transfer to Alcatraz Island in the San Francisco Bay. Advance federal agents were reported here to move the prisoners. It was understood the list of convicts to be transferred had been completed. When the order comes they will be put aboard armored railroad cars in the prison wall at night.

NEW DRIVE TO START UPON OUTLAW GANG

ST. PAUL, Minn., Oct. 24.—A tremendous drive to stamp out the last remnants of the John Dillinger gang was launched here today at the scene of the slaying of Homer Van Meter. Elated by the success of an ambulance in which Van Meter, Dillinger machine gunner, was killed, federal agents and city police hoped to capture two more henchmen of the former outlaw. Their quarry was Baby Face Nelson, the gunman who killed a federal agent in escaping from an ambush last spring in Wisconsin, and John Hamilton, believed by some to be already dead. They thought Nelson was somewhere within the net of men and guns spread around the city. Every police agency was thrown into the attempt to rout him into the open.

Three Are Injured In Car Accident

BRECKENRIDGE, Aug. 24.—Three youths, two from Abilene, 9,000; Iowa, 2,374; Kansas, 1,393,114; Minnesota, 1,65,418; Missouri, 89,643; Montana, 1,77,189; North Dakota, 742,952; Oklahoma, 21,221; Oregon, 957; South Dakota, 473,499; Texas, 699,484; Utah, 47,481; Wisconsin, 35,902; Wyoming, 88,296. Checks for cattle purchases are being sent out to the states from four offices, established at St. Paul, Kansas City, San Francisco and Chicago.

New Press Service Is Being Planned Republican Says

WASHINGTON, Aug. 23.—Sen. Thomas Schall, Rep., Minn., believes the administration plans to set up a nation press service to replace the United Press, Associated Press and Hearst service. "The present plan," Schall said here, "is to make a small charge for the service, but consideration is being given a suggestion that loyal administration papers be furnished the news service free." This plan is essential for passage of the press censorship bill, he believes, because it will cause suspension of the present service.

ANCIENT HOUSE RAZED

LONDON.—Aragon Tower, Twickenham's oldest house, in which Catherine of Aragon once lived, is being pulled down for a garage extension.

EASTLAND TO GET MATTRESS FACTORY SOON

AUSTIN, Oct. 24.—The Texas Relief Commission today planned a mattress-making industry to remove some of the surplus cotton products from the market, provide employment to hundreds of women and improve the threat of Texas needy persons. Mattresses will be made in 28 plants, beginning the latter part of next week. The project was designed after a survey indicated thousands of destitute had no beds at all, were sleeping on bare floors of their homes, if they had homes. The average mattress making plant will employ from 15 to 25 persons. One factory will be located at Cleburne and another at Eastland.

Purchase of Cattle Past Three Million Mark Report Says

WASHINGTON.—More than 2,000,000 head of drought cattle have been purchased in 20 western drought states, the Agricultural Adjustment Administration has announced. Latest available figures covering purchases place the total of cattle bought at 3,124,763 head. All such cattle are turned over to the Federal Surplus Relief Corporation to be slaughtered and canned and distributed for relief purposes. Government checks issued to date indicate that the average price paid per head for drought cattle is ranging from \$13.50 to \$13.75. Vouchers totaling \$25,846,959 had been issued to the close of business August 17, covering payment, at an average of \$13.65 per head, for 1,894,886 head of cattle. The total of cattle purchased to date amounts to 30.5 per cent of all the cattle on the 215,544 farms which had sold drought cattle to the government. Cattle purchase totals by states are: Arizona, 41,861; California, 11,226; Colorado, 85,695; Idaho, 9,000; Iowa, 2,374; Kansas, 1,393,114; Minnesota, 1,65,418; Missouri, 89,643; Montana, 1,77,189; North Dakota, 742,952; Oklahoma, 21,221; Oregon, 957; South Dakota, 473,499; Texas, 699,484; Utah, 47,481; Wisconsin, 35,902; Wyoming, 88,296. Checks for cattle purchases are being sent out to the states from four offices, established at St. Paul, Kansas City, San Francisco and Chicago.

Slaying Deepens Kidnap Mystery

Mystery veiling the abduction and release of John S. Labatt, London, Ont., brewer, was deepened by the violent death of Gordon McKenzie, above, Labatt employe, found in a London street with his skull crushed. He died in a hospital without regaining consciousness, and police are without a clue as to the motive.

Texas Leads All States In Road Work Under PWA

WASHINGTON.—As the first year of Public Works highway construction draws to a close, figures just released by the Bureau of Public Roads show Texas, with 293 completed road projects, ahead of all other states in this respect. An analysis of these figures by J. E. Pennybacker, managing director of the Asphalt Institute, indicates that Texas also ranks first in PWA highway expenditures for work completed having spent \$9,327,000 to date. California is second with 19,533 men on highway jobs, it is second to Pennsylvania in where 24,518 are on road work. The Institute states that the employment showing of these two states is largely due to the number of low cost rural roads being built, because much more money spent for low cost roads goes to labor on the job than is paid to workers on high cost highways. Under the new Hayden-Cartwright Act, Texas receives \$12,291,253 for roads and it is expected that proportionately even more jobs will be furnished than under the Public Works highway provisions of the NIRA. The Hayden-Cartwright Act requires that, in the absence of satisfactory reasons to the contrary, not less than 75 per cent of any state's appropriation must be applied to secondary rural roads, whereas the NIRA set a maximum of 25 per cent for this type of road.

Captured Man is Wanted for Robbery

HILLSBORO, Aug. 24.—Sheriff Freeland revealed today that Andrew H. Nelson, fugitive from the Lubbock jail, who was captured in New Mexico, was identified as the gunman who robbed the First State Bank of Covington, 15 miles north of here, June 23rd. Freeland said three bank employes identified Nelson as the robber from photographs.

Christian Church to Hold Services in Open Air Sunday

Rev. H. B. Johnson, pastor of the First Christian church of Ranger, has announced that the services of the church for Sunday night will be conducted on the lot across the street from the city hall, as was the case last Sunday. Rev. Johnson will preach, taking as his subject, "Things Unchangeable" from the text "What I have written, I have written." It was also announced that the ant bed, which had caused considerable discomfort to some attending the open air services, would be removed so that there would be no more trouble from this source.

BREAKFAST GUEST

VINEYARD HAVEN, Mass.—Mrs. Harold Piedro has a red squirrel for breakfast every morning. The squirrel passes all the larger farms and comes to her small place and steals an ear of corn from the stalk. It carries the ear away and eats it.

Hunter Rally Is Held In Ranger Thursday Night

A crowd estimated at between 450 and 500 was present in Ranger Thursday night at a Hunter rally at which several speakers appeared on the program. Judge L. H. Flewelling presided at the meeting as chairman, but explained that he had been out of the state during much of the campaign and had not as yet decided how he would vote in the second primary. Short talks in the interest of Tom F. Hunter for governor were by Frank Jenkins of Eastland, L. K. Pearson of Ranger, Cleve Calloway of Cross Plains, and Allen Dabney of Eastland before the principal speaker of the evening was introduced. Judge John Lee Smith of Throckmorton was then introduced and gave a smoothly worded and well delivered talk in behalf of the candidate. He refrained from any mudslinging or slurring remarks against the opposing candidate, but presented the various issues of the campaign in a clear-cut and precise manner, discussing all issues clearly and frankly. His talk, as principal speaker of the day, rounded out the rally program and presented the last appeal to the voters of this section in the gubernatorial campaign.

Tickville Band to Play at Convention In Mineral Wells

The American Legion Tickville band of Ranger will present a new and unique program Sunday afternoon at the state convention of the Legion, to be held in Mineral Wells Sunday, Monday and Tuesday. The band will appear on the program at 3:30 in the afternoon. The program was originally made out without the Ranger organization included, but a committee called on Dr. Harry A. Logsdon, director of the band, and asked him to play for the assembled Legionnaires and a place on the program was provided. G. E. (Bob) Robinson has urged all Legionnaires to attend the convention, if possible, in addition to the delegates selected at a recent meeting of the Carl Barnes post. Delegates to the convention from Ranger are Lonnie Herring, Lenson Bethel, Harry Henry, Claiborne Eldridge, R. H. Hansford and W. C. Hickey.

Boyd Returns With Robbery Suspect

Patrolman John Boyd returned Thursday night from Okmulgee, where he had been to bring back a man suspected in the robbery of the Princess Ice Cream parlor in Ranger Sunday night. Receipts totaling \$123.10 were taken in the robbery. Enroute back from Oklahoma Boyd stopped in Fort Worth for a few minutes in order to have the suspect fingerprinted by the Bertillon expert of the Fort Worth police department. Upon his return to Ranger Boyd reported that he had encountered heavy rains while in Oklahoma.

Textile Workers Reject Proposals

WASHINGTON, Aug. 24.—The United Textile Workers today rejected the offer of federal mediation in its threatened strike. The proposal was made by Robert W. Bruce, chairman of the cotton textile industrial relations board.

Famous Coal Mine Building Dismantled

HARRISBURG, Pa.—Century-old buildings at Lykens and Wilcox, near here, marking the birthplace of central Pennsylvania's anthracite coal industry, are being dismantled by the Mark Hanna Company. Anthracite was discovered there in 1825 by Jacob Burd, Sr., and Peter Kimes. Crude mining operations were started by the discoverers and the product was hauled to Philadelphia in wagons. The industry grew swiftly. Huge collieries during the next few years attracted thousands of miners to this section.

JOHNSON TO CONFER WITH ROOSEVELT

To Take Two Weeks Vacation Before Conference At Hyde Park.

WASHINGTON, Aug. 24.—The whole question of NRA reorganization will be settled two weeks from Monday at Hyde Park, New York, Gen. Johnson said today after nearly an hour's conference with President Roosevelt. Johnson, in a jovial mood, left the White House insisting he was not resigning and that the only thing that brought him back was a "slight misunderstanding as to timing." "The president decided that I should go off on a two weeks vacation and we will settle the matter in two weeks at Hyde Park." He insisted that "this thing is not serious at all."

The blue eagle chief was referring to reports of sharp conflicts with Donald R. Richberg and Secretary of Labor Frances Perkins over reorganization policies. Richberg and Secretary Perkins both believe that Johnson's plan for an administrative board on which he would sit, at least temporarily, is fraught with danger of interpretation as continuing the one-man dictatorship over the government policy toward business.

Copy of Ballot to Be Used Saturday

The following is a copy of the ballot to be used in the second democratic primary on Saturday, August 25, except that the home of the state candidates has been omitted. As the ballot is a short one it will require very little time to vote and the election judges should be able to have the votes in their boxes counted early.

DESDEMONA

Special Correspondent

Edgar Garrett left a few days ago for Freer, where he will likely put in a machine shop.

Mrs. R. J. Krapf left on Tuesday last week for Ohio, where she went to visit her parents and to bring them back with her.

Mr. and Mrs. John Mendenhall, their daughter, Mrs. Mattie Henry, and her son, Walker Henry, returned Wednesday night from a 10-day vacation which they spent in southern California. At Anaheim, a suburb of Los Angeles, they were guests for two days of our former citizens, Mr. and Mrs. J. W. Griffin, who are doing well with their filling station.

Rev. and Mrs. W. M. Ford and John Alvis and family, Mr. and Mrs. Joe Turner and little son, Mrs. S. E. Browning and Miss Capitola Browning, went to Ranger on Tuesday night to hear Rev. Latimer, who is general overseer of the Churches of God of the United States. He was accompanied by a quartet from the Bible school at Cleveland, Tenn.

T. C. Williams of Cisco, candidate for county school superintendent, was here Monday in the interest of his campaign.

Rev. Z. L. Howell and son, Robert, drove down to Dallas Monday to see his brother, who was quite ill.

The Baptist revival at the tabernacle continues to grow in interest. The sermons by Rev. James Weathers are not only helpful to the Christians but are bringing sinners to repentance. Quite outstanding work is being done with the young people and children. At one meeting of 40 young people, each one reported as to how many chapters in the Bible had been read that day and the total number was over 2,000. Rev. and Mrs. Z. C. Chambliss and Rev. and Mrs. Sherrad Stover are doing much to help in the meeting.

Mr. and Mrs. Robert Snead visited his parents at DeLeon Friday.

Donald Howell returned Friday from a fishing trip near Junction. He caught a 31-pound catfish.

John Cate of Gorman was here on business Saturday.

Mrs. Roy Ashburn and Mrs. I. N. Williams drove up to Eastland and Ranger on business Friday.

The Methodist Missionary society met at the church Monday afternoon and had the regular World Outlook program. Those taking part were Mrs. W. E. Barron and Miss Mollie O'Rear. During a short business session the president, Mrs. I. N. Williams, reported on prices and styles of cook stoves and it was decided to buy one for the parsonage at once. The one selected at our local hardware store was to cost \$30 and the balance in installments. The society was able to buy the stove as the result of having sponsored five aluminum suppers week before last. The food served was furnished by the Waterless Aluminum company and was prepared and served by the salesman, Mr. Ellis, who was assisted by a young lady who was a graduate dietitian. On Monday night of that week Mr. and Mrs. I. N. Williams were host and hostess at the first supper and had as guests, Mr. and Mrs. Rhodes, Mr. and Mrs. Young, Mr. and Mrs. Roy Ashburn, Mr. and Mrs. Clarence Ragland, Arch Brown, Dean Kirk and Willa Faye David. On Tuesday night, Mr. and Mrs. W. E. Barron had as guests Mr. and Mrs. Lewis, Mr. and Mrs. Ed Parks, Mr. and Mrs. A. A. Anderson, Mr. and Mrs. John Arnold, Mr. and Mrs. A. B. Henslee, and Mr. and Mrs. R. D. Wright. On Wednesday night Mrs. S. E. Snodgrass was hostess to Messrs. and Misses Robert Snead, W. A. McMullan, W. H. Davis, A. C. Robert, Dave Parks, Hugh Roe, J. E. Heeter, R. J. Krapf, and Misses Ruth and Boyd Crenshaw. On Thursday night Miss Mollie O'Rear and her brother, John O'Rear, and her sister, Annie Daniel, had as their guests Rev. and Mrs. Z. L. Howell, Mr. and Mrs. Bill Parks, Mr. and Mrs. Joe Merrill, and Mr. and Mrs. Henry Gentry. The last of the series of suppers was with Mr. and Mrs. Gifford Acres, who had as their guests Messrs. and Misses T. L. Acres, J. H. Rushing Jr., A. C. Moore, Andy Huffman, and Plummer Ashburn. The salesman gave interesting health talks on food values at each of the suppers but did not make any sales talks until afterwards at the various homes.

Mr. and Mrs. W. E. Barron and son, Billy Jack, spent the week-end with relatives at Graham.

Mr. and Mrs. A. C. Moore drove up to Ranger Monday night and brought home their two daughters, Misses Pauline and Evelyn Moore, who had spent the week there with Mr. and Mrs. A. E. Garza and family.

Mr. and Mrs. Gifford Acres spent Sunday with her parents, Mr. and Mrs. Pritchett, of Ranger.

Claiborne Eldridge Asks Your Support

I thank you from the depth of my heart for the 478 lead you gave me in the July primary. I have done my best to see and thank you personally but time would not permit me to see each and every one of you. So I'm using this method of telling you how much I would appreciate your vote and influence Aug. 25.

I came to Eastland county in 1903. I lived 19 years at Gorman and 11 years at Carbon. My education was obtained in the rural schools and Hanks Normal College. I began teaching in 1910. I have been teaching continuously since then with the exception of time I served my country in the war.

As the larger portion of my life has been spent in the rural schools, I am sure I know rural schools and their needs. It is evident that there are certain needs peculiar to the rural school and that the curriculum should be built around those needs. The same curriculum is not exactly suited to both city and rural schools. This does not mean that there could not exist a fine spirit of fellowship and cooperation between them so that in transferring from one to the other the pupil would fit into his environment with little hindrance to his progress.

We all agree that larger school units are more efficient. But I believe rural schools should be allowed the same freedom of action enjoyed by the larger schools. I believe these centers should be maintained, whenever possible, in the rural schools where the large majority of their boys and girls expect to live. Their education should be adapted to their needs, and their community spirit should be built up and kept intact in order to have a happy and prosperous people. In doing this you are helping to improve business conditions in general.

My qualifications are not limited, as one would have you believe. It would be unfair to say that I am better qualified than my opponent. I assure you that I am as well qualified both in experience and college work. That experience is both rural and in the larger schools. I have taught in Gorman and Eastland schools.

The office of county superintendent is primarily a rural job and should be filled by one who is in sympathy with and who has vision for a great system of rural schools. If I am elected your superintendent it shall be my aim to carry out these policies to the best of my ability. At the same time I want to give assurance that my office will at all times be at the service of the larger schools in helping in whatever way possible to solve their many problems.

It seems from the July returns the rural people want me, as I carried the rural boxes by a substantial majority over both of my opponents.

I have never before asked for any public office. So let's try a rural school man just once, and I assure you that no one will appreciate it more than I.

Sincerely yours,
CLAIBORNE ELDRIDGE

Ferry Boat Family Puts On New Boat

ST. LOUIS.—A ferry boat may seem more a token of reminiscent of early St. Louis than a practical steed of commerce to most St. Louisans of 1934, but not to the Zeller Brothers.

They have obtained a new steel ferry, powered with a Diesel engine and it soon will be paddling its way across the Mississippi River from the foot of Davis

Street, 8200 south. The ferry an institution has been thrashing along at this crossing for the past one hundred years and the Zeller Brothers have been in the business for years. Their father, who died three years ago, spent 46 years at river navigation.

Girls Camps Added To Summer Courses

KERRVILLE, Tex.—Activities have become so varied at summer camps near here for boys and girls that one of the girls camps added pottery making and kodakery for its last six weeks term. The 25 girls who enrolled in camera craft will be required to take 50 pictures, the best three of which will be exhibited at the close of the season. At the same camp about 100 girls are taking archery.

There may be one good thing about living in the drought area. Apparently one needn't put anything aside for a rainy day.

SCOUTS RIDE "40 AND 8"

PARIS.—French Boy Scouts are taking vacation excursions in the famous "40 and 8" box cars used during the war by 2,000,000 soldiers of the A. E. F. The celebrated white box cars are hitched to a freight train and the Scouts permitted to "see the world" in leisurely fashion. Each Scout Troop is allowed to choose its own itinerary, and stops are made whenever desired.

ALAMEDA

It has been some time since anything has been sent in from this place, but nevertheless it is still on the map.

Mrs. Strat Sensing and little daughter, Wanda Gale, have just returned to their home in Whitney after a three weeks visit here with her home folks, Mr. and Mrs. Budie Carlile.

John Tucker, Misses Ellen Tucker, Rosa Love, Bettie Tucker, and Richard Tucker and family spent Monday with Shelly Tucker and family.

Mr. and Mrs. Hodge and family spent Sunday evening with Mr. and Mrs. J. A. Hart.

Rev. White, a Church of Christ preacher, spent a few days with his brother-in-law, Budie Carlile and family of this place, before beginning his meeting in Comanche county. He will visit in the Carlile home in a few days.

J. N. Grice and family and Miss Essie Marie Cozart spent Monday in Gorman.

Mrs. L. E. Cozart spent Friday with her daughter, Mrs. S. A. Tucker.

Delva Duane, the little son of Mr. and Mrs. S. A. Tucker has been quite ill but is much improved.

Mrs. Odessa Elliott is much improved from a bad spell of pneumonia. Glad to see her about again after being sick so long a time.

Mrs. Paston from Turnersville, Mrs. Womack from Breckenridge, and Mrs. Jones from Wheeler county, relatives of Mrs. J. W. Jones, visited her during this last week.

J. W. Peacock and family from Austin spent last week with his uncle and aunt, E. R. Underwood.

Mr. and Mrs. Aaron Cozart and little Bobby Gale spent Friday and Saturday with their home folks, Mr. and Mrs. L. B. Cozart and Mr. and Mrs. J. M. Grice.

Miss Edith Duval was in Gorman Monday.

Every one is invited to attend the Alameda Church of Christ Sunday school each Sunday morning at 10 o'clock. Have classes from the card class on up to the Bible class. For the Bible study next Sunday morning will be Rom. 14 chapter. Come be with us.

GRANDVIEW

GRANDVIEW—Health is good in this community at this writing and every one would feel better to see a good rain.

Once Thurman of Snyder is visiting his sister-in-law, Mrs. Emma Thurman and other relatives.

Pedro Choate of near Hamlin is visiting his sister, Mrs. Raleigh Goodnaugh and family.

Mrs. E. L. Choate and daughters of Burk Burnett and Mrs. Billy Armstrong of Graham visited their mother, Mrs. Brightwell and other relatives last week.

Mr. and Mrs. Fred Blair and children of Electra visited their parents, Mr. and Mrs. Blair of this community and Mr. and Mrs. Will

Coffman of Lone Star community last week. We had some fine singing Sunday afternoon and we certainly appreciate the visitors from Kokomo, Gorman and Alameda. Everyone is invited to come back every third Sunday afternoon and first Sunday night.

OAK GROVE

Still hot and dry, with the temperature ranging above 100 each afternoon. Cotton is opening prematurely on account of the dry hot weather.

Some of our farmers are thinking of digging peanuts soon to save the hay. A few good rains would make more hay for the farmers now than what we have already grown.

Mrs. M. E. Haslett is home again after a two weeks visit with friends in Carbon.

C. P. Hastings and family visited in Cisco last Saturday.

Mr. and Mrs. Tom Bryant and family spent Saturday night and Sunday in Comanche visiting with relatives.

Marvin D. Hall, who has spent the summer with his brother, W. M. Hall of Sanford, Texas, returned home again and says that crops look better here than they do at Sanford.

Some people are wondering why this drought is sent to us and some are blaming the government for it and others say "it will rain when it gets ready," but if we will turn to seventh chapter of II Chronicles and read the thirteenth and fourteenth verses perhaps we can find a better solution to the problem than any of the above. Now don't be afraid to read. May the Lord send rain on everyone that reads these verses next week.

Mr. and Mrs. Henry Johnson of Cisco were Sunday visitors in the home of Mr. and Mrs. G. D. Hall.

Dynamite Cost One Teacher a Fortune

By United Press
 EL PASO. — W. E. Easton, clerk employed by the county at a modest salary, missed riches 29 years ago because he lacked two sticks of dynamite.
 Easton taught school at Victor, Colorado, when the report came that the Cripple Creek gold field was "coming back."
 With some other teachers Easton leased a mine and staked two operators to work on it. Under terms of the lease the mine was theirs only as long as they worked

it. They failed to "strike it rich" and finally the operators quit work when the supplies ran out. Another group took over the mine and by discharging two sticks of dynamite opened the rich vein Easton's men had sought. "They took out a quarter of a dollars in gold," Easton recalled ruefully.

HOSEA PREACHES GOD'S LOVE

Hos. 11:1-4; 8, 9; 14:4-9

Golden Text: For God so loved the world, that whosoever believeth on him should not perish, but have eternal life.—John 3:16.

Hosea is pictured as the prophet of divine love, living in his native land, the northern kingdom, and beginning to prophesy in the year B. C. 722. The key word of his book is "Return."

He had a very unhappy and disastrous marriage to a young woman by the name of Gomer.

He probably procured his wife by purchase as was the custom of that day. No doubt but that she was a beautiful young woman but Hosea had not measured the extent or the influence of the degrading, licentious practices of a heathen religion. She soon abandoned her home and sank so deep in degradation that she was placed upon the block in the slave market. "Hosea could not forget his love for her and purchased her and brought her home."

Hosea did not let this experience embitter his life but let it widen his vision, seeing in his increasing love for his erring wife, the increasing love of God for his erring people.

He pled with his people, all Israel, to leave their idolatry, social sins, rotten political life, and return to God who had loved and protected them through the ages and who would pardon and cleanse them.

The key text of his book is: "Come, let us return to the Lord, for he hath torn, and he will heal us; he hath smitten, and he will bind us up."

Hosea's experience with his unhappy wife opened his heart to the blinding beauty of the revelation from God. He expressed in beautiful words of praise to God, "Let us know, let us follow on to know Jehovah; his going forth is sure as the morning; and he will come to us as the rain, as the latter rain that watereth the earth."

He pictured God's love to them, "when Israel was a child," how he

cared for and led them in the days of Egyptian captivity, the wilderness wanderings, and the settlement in Canaan; setting food before them, holding them in his arms and drawing them with cords of love. Also how holy and compassionate was God who would not wholly destroy them but greatly chastise them in their going astray.

How beautiful are the words in the picture of healing, "I will heal their backsliding; I will love them freely; I will be as the dew to Israel," are some of the words that open paths of beauty in the hearts of men down through the ages.

Backsliding, unhappy, comfortless people of today may return, be healed and claim God's promises he made at that time.

"They that dwell under his shadow shall return; they shall revive as the grain, and blossom as the vine of Lebanon."

"Could greater comfort enter the heart of man than to know that God, all powerful to keep and to save, loves, watches over and cares for him?"

How useless is the unhappy state of man out of God's protecting care. God is love. He so loved that he gave his most precious possession, His only Son. He draws the heart of man of today with cords of love that is often trampled under foot. God does not force his love upon any but stands anxious to receive, pardon and cleanse any who will call upon him and will lead them into a beautiful life of service.

"Who is wise, that he may understand these things?; he prudent that he may know them?; for the ways of Jehovah are right, and the just shall walk in them; but transgressors shall fall therein."

Mr. and Mrs. Oren Sparger of Albany visited his parents this week, Mr. and Mrs. W. H. Sparger.

LOOK OUT FOR THESE SYMPTOMS OF CONSTIPATION

Get Relief with Kellogg's ALL-BRAN

Headaches, loss of appetite and energy, sallow complexions, and helplessness are often warning signs of common constipation. Unless checked, constipation may impair health.

Today, you can usually get rid of common constipation by eating delicious cereal. Laboratory tests show that Kellogg's ALL-BRAN provides "bulk" and vitamin B to aid regularity. ALL-BRAN is also a good source of blood-building iron.

The "bulk" in ALL-BRAN is much like that in leafy vegetables. Inside the body, it forms a soft mass. Gently, it clears the intestines of wastes. How much better than taking patent medicines.

Two tablespoonfuls daily will overcome most types of constipation. Chronic cases, with every meal. If seriously ill, see your doctor. ALL-BRAN is not a "cure-all."

Enjoy ALL-BRAN as a cereal, or use in cooking. Appetizing recipes in the red-and-green package. At all grocers. Made by Kellogg in Battle Creek.

Jam-Up Boxing And Wrestling On Elks Card Monday

The Elks Arena Monday night will be the scene of another jam-up boxing and wrestling match. These cards are looked forward to each Monday night by fans over the Oil Belt and next Monday will be no exception.

In the boxing Bobby Reed will be matched against Chick Alvarez, fast and furious boxer from the Rio Grande country. Bobby will have his hands full if he gets the decision over this young scrapper.

In the wrestling the jiu-jitsu artist, who is none other than Jack Fields, will be matched against Jack Hendricks of Fort Worth. Hendricks is no stranger in Ranger and the fans will be expecting a real match for their money. On the two previous matches here Fields has put his opponents out in short style. Hendricks says he has been training for the style of wrestling that Fields uses.

The final will see Doc Poole and Pat Swanson twisting necks and arms and probably a few blows will be exchanged. Both these men are in the light heavy-weight division and will put up a real show.

It was also announced that Monday night would be Grocery Night.

Boy Writes Eulogy To Dead Bird Dog

MINERAL WELLS.—John Belcher, 13, killed two birds with one stone in writing Father W. F. Parke, Catholic minister, about the death of his bird dog.

When Father Parke left for Chicago on a visit he put his dog in John's care. The dog died. The sorrowful lad composed a eulogy to the dog and sent it to Father Parke to inform him of the death.

"Nellie, oh, Nellie! with her honest dog face. Has gone, dear Father, to her last resting place. Our skill as dog doctors, she put to a test. But, I'm sorry to state, she has gone to her rest.

"Mother, with delicacy, would throw her a bone. While barbecued meat I would order by phone. But with all that, and flea-powder, too. I saw there was nothing we could do. I had her a few days—I think about seven; But now Father Parke, she has gone to dog heaven."

El Paso Plans a Dog Racing Track

EL PASO.—Plans are under way to open the Dona Ana dog racing track near here Labor Day.

At present the plans call for a 30-day race meet, with schooling races to be held 10 days before the meet opens in order to train the dogs.

Attorney R. B. Rawlins has been appointed general manager of the meet. J. E. Ringer will be racing secretary. Other officials were to be announced later.

It was expected that more than 150 dogs from the best kennels in Kansas, Oklahoma and California would be entered. About 50 local thoroughbreds have been booked.

The racing schedule calls for between six and eight races daily.

Pari-mutuel betting under the supervision of New Mexico officials will be in effect at the track.

Houston Building Permits Increased

HOUSTON.—Houston's building record since the first of the year has passed the \$3,000,000 mark. Last year the \$3,000,000 mark was not passed until the end of September.

Most of the building permits called for erection of store and office buildings and warehouse space.

CLEVELAND, O.—Motorists one day suddenly noticed names and dates painted alongside traffic lines at principal downtown intersections. They scratched their heads. Finally, Traffic Commissioner Edward J. Dunahue explained that the police department was testing various paints to see which would last best for white traffic lines.

Canning Output at Beaumont Doubled

BEAUMONT.—The Beaumont relief canning plant, output has been increased to more than double its usual production in compliance with orders from the state relief commissioner.

The increase in production was merely getting back to the output abandoned several weeks ago. J. M. Williamson, county relief administrator, said.

The daily production now is 10,000 cans, where it formerly was 5,000.

IDAHO WAS THIRSTY

BOISE, Idaho.—This state's 445,000 persons consumed 2,617,499 gallons of beer in 13 months, according to estimates. Revenue from the total sales amounts to \$150,079.99.

HAILEY, Idaho.—This is a sea-serpent-fish story. But it's true—officially attested and signed by the United States Department of Forestry officials for this district.

Because of the drought, the Salmon River, near Salmon City, is nearly dry. About the only deep spot left is the old swimming hole north of the city.

Two boys, John Hall and Billy Harris, went swimming. They dived; scrambled to the bank and headed for town.

"There's some kind of a deep-sea monster in the swimming hole," they shouted.

Townpeople investigated, saw the huge shadow moving around in the bottom of the pool. They worked several hours and finally got a moose around it.

Forest Service men identified the "monster" as one of the largest types of sturgeon, usually found only on the bottoms of deep and slow flowing rivers. It weighed 298 pounds and was 10 feet two inches in length.

Although caught frequently in Snake River, sturgeon rarely are seen in the smaller tributaries.

Speaking of relief, it seems that someone should remember the sad plight of the corn borer, without a meal in sight.

To the Citizenship of Ranger---

This is a final message to you in the advocacy of the Hon. James V. Allred, Attorney General, and leading candidate for the high office of Governor.

Hunter's opponents are not condemning him as a man. They think and feel that as a big oil man he has been successful. The same applies to Andrew Mellon and many other notable rich men who have held important offices of public trust and have failed, in all cases to consider and understand the needs of the masses. That's a natural consequence. Why repeat previous errors of the past when these records and performances are so plain to every one? How often do you find kings, potentates, barons and financial tycoons, worrying about how the condition of the masses may be improved?

Last night you may have heard burning oratory here in Ranger about the new Moses of Texas—Tom Hunter.

Two of the speakers are large owners of downtown real estate in Ranger, drawing fat returns on long time leases from two of the largest chain store concerns in the country. Yet these gentlemen, one in particular, talked frequently, fluently and dramatically about the necessity of taking taxes off of real property. That's natural, too, is it not? Certainly take the taxes off revenue bearing, Main street brick buildings, and out on the backs of CWA workers and other unfortunate men and women, victims of the Hoover, Mellon, Wall Street depression; and saddle Mr. Hunter's SALES TAX plan upon their now over-burdened backs. That's a selfish rich man's idea of sportsmanship and fair play, is it not? Two other of the oratorical masterpieces are criminal law,yers, repudiated by the people at the polls in past elections, who would preserve the dynasty of the pardoning, highway-building Ferdsons, for no other reason than selfish gain, we firmly believe. Space prohibits further discussion. The above facts are enough to convince the thinking man or woman who has good government at heart.

Let us all deeply consider the aspirations of that fearless, courageous, able, and honest leader, James V. Allred, who by his past record, has proven that he understands the plight of 90 per cent of our people, and has and still is fighting their battle. Great leaders in this state have all been poor men and not financial tycoons and gentlemen with Wall Street and Chicago offices and connections.

Jimmy Allred does not operate in Texas under a Delaware charter and deserves your support and ballot.

And remember this: Tom Ferguson Hunter has no public record for your reference and his burning ambition to be Governor is likely to cause him to mislead the people. His platform contains nothing more than a crop of wild-eyed promises, replete with vagaries, that are impracticable and unworkable, save the Sales Tax which will get you if you don't look out. President Roosevelt said: "A Sales Tax is a Tax on Poverty." He further said he would veto it if Congress passed that infamous rich man's diabolical piece of legislation.

Do not allow yourself and friends to be fooled. An old adage says, "Beware of Greeks bearing gifts!"

A vote for Allred is a safe vote. Use it for your protection as you would buy a life insurance policy to protect your loved ones from the specter of poverty and possible degradation.

Be sure and vote, and vote for JAMES V. ALLRED, YOUR FRIEND.

SPEND TWO MILLION
 By United Press
 PARIS.—France has decided to spend two million dollars during the next few years to beautify her parks and grounds and restore her architectural structures to their former glory. A sum of 4,500,000 francs is to be spent alone on forming sculptor Bourdelle's studio into a museum. His widow has already donated the contents of the studio to the city.

Higher Education Offered to Students Of This Section
 By H. S. Von Roeder, Dean
 The Board of Education of Ranger Junior College is extending areal opportunity to towns of port students daily to R. J. C. at very nominal cost. If as many as twelve students sign up on either proposed route buses will be operated from Gorman by way of Carbon, Eastland and Olden and from Breckenridge by way of Parks Camp and Morton Valley. That number is practically assured and more are expected to sign up. These buses will leave the farthest point at about 7:30 a. m. and return at about 5:00 p. m. (no school on Saturday), and the transportation charges will be on the following monthly basis: Breckenridge, Parks and Gorman, \$5.00; Carbon, \$4.00; Eastland and Morton Valley, \$3.00; and Olden, 2.00. This plan gives all the advantages of a first class college to citizens along these routes and yet keep their boys and girls at home at less than half the cost necessary to send the students to other colleges. The cost of tuition, transportation and fees for students from Breckenridge, Parks and Gorman will in no case exceed \$150.00 for the year if paid by the semester in advance. For the towns nearer Ranger the cost will be less in proportion to the difference in transportation, amounting to a minimum of \$122 for students from Olden, for the nine months.

Theatres Have Good Pictures for Next Week

WILL ROGERS WILL BE SEEN IN 'HANDY ANDY'

Other Outstanding Pictures Have Been Secured For The Entire Week.

Ranger theatregoers will again have the thrill of seeing Will Rogers in his latest picture Monday, Tuesday and Wednesday.

Starting the week off Friday, "Double Door," a new mystery thriller which stars Evelyn Venable, Mary Morris and Anne Revere will be shown. On this date a 20-minute comedy and a 10-minute sport reel will complete the bill. Saturday Lee Tracy returns to the local screen in his latest picture, "You Belong to Me." Tracy plays the part of a second-rate vaudeville comic who is suddenly thrust in the lives of an incompetent actress and her young son, Helen Mack and Helen Morgan support Tracy in this picture. A Terry-toon, 10-minute review, and Pathe News conclude the bill for this day. Sunday the Arcadia gets "Whom Gods Destroy," which picture features Walter Connolly, Doris Kenyon and Robert Young. This picture promises to be very good entertainment.

The really outstanding picture of the week comes Monday when Will Rogers will take the local screen in his latest picture, "Handy Andy." This will mark the first time Rogers has appeared on the local screen in some time. The last time was in "David Harum." In this picture Rogers has a wife with social ambition and of course, Will, in his own way, talks himself out of a lot of social gatherings. He also serves as cupid in his daughter's romance with a young man his wife doesn't approve of. Peggy Wood has the part of his wife and Mary Carlisle as his daughter. To complete this already complete

bill, a Charlie Chase comedy and a cartoon are included.

The Columbia Saturday plays "Fighting Ranger," featuring Buck Jones, which picture offers much hard riding and fast shooting. The third chapter of "Wolf Dog" and a Merrie Melody complete the bill for this date. Sunday the Columbia will be showing the greatest musical ever produced, "Footlight Parade." This picture will be remembered as the one with the most elaborate musical scenes ever made in any picture produced by Warner Bros. Dick Powell, Ruby Keeler, James Cagney, Joan Blondell, Guy Kubbee and many others make up the cast of this picture. A 10-minute Warner Bros. short subject concludes the bill.

REALISM IN FILMS ENDS FAKE PUNCHES FOR FIGHT SCENES

Fistfighting in motion pictures, particularly westerns, are becoming more and more authentic. Instead of pulling their punches and using the camera as a means of making the fight look realistic, the battlers actually let loose occasionally and real fights ensue.

In "The Fighting Ranger," a Columbia picture showing at the Columbia Theatre Saturday, an actual fight was held, unintentionally, of course. The two participants were Ward Bond and Buck Jones.

FAMOUS SCREEN STARS HEAD LARGE CAST IN 'FOOTLIGHT PARADE'

Twelve of Hollywood's brilliant stars head the tremendous cast of acted players who appear in the Warner Bros. mammoth spectacle, "Footlight Parade," which comes to the Columbia Theatre on Sunday.

The two principals are James Cagney and Joan Blondell who played together on the stage and rose to stardom side by side on the screen, playing together in "Sinners' Holiday," "The Crowd Roars," and "Blonde Crazy" before they began to star separately. And now they are united again in "Footlight Parade" as one of the greatest teams of wise-cracking, fast-action players that ever together appeared on the screen.

Little Miss Chambers Celebrates Important Fourth Birthday With Party

Among popular visitors in Ranger this month paying visits to relatives and friends is little Miss Nancy George Chambers, darling young daughter of Mr. and Mrs. Eddie Chambers of Dallas and grand-daughter of Colonel and Mrs. Brashier, who yesterday honored Nancy George with a party celebrating her important fourth birthday, and the first party ever to have been given her marking another year.

The Brashier home was lovely in its cloak of color carrying out a theme of pea-green and yellow blending their notes in appointments and decorations.

Entertaining games were enjoyed indoors and on the lawn rounding out a merry hour of play of the wee tots. Gifts given Nancy George were arranged about the dining table daintily appointed and centered with a beautiful birthday cake, repeating the chosen motif. The little honoree with ardent enthusiasm opened the gifts encased in pastel tinted tissue and held with bits of varicolored ribbon before cutting her delicious cake which was served with ices to party guests: Billie Mae Davenport, Colleen Moore, Francis Ruth Hagaman, George and Gloria Rogers, Alpine Stafford, Peggy Robinson, Letty Lou Robinson, Marilyn Murray, Norma Mills, Betty Lou Weaver, Jo Ann Brashier, Emma Gean Gribbs, Jimmie Abney, Billy Jo Stafford, Bobby and Charles Cross, and guest of honor, Nancy George Chambers.

Mrs. Chambers is well remembered in Ranger by her host of friends as the former Miss Edna Brashier, daughter of Mr. and Mrs. Brashier.

She will be joined by her husband Saturday to pay a short visit to the Brashier home before

driving his wife and daughter back to their home at Dallas.

Guests of Mr. and Mrs. William H. Mayes, Jr.

Miss Etheridge Mayes and Mrs. O. S. Lattimore of Austin, visited in Ranger Thursday afternoon with Mr. and Mrs. William H. Mayes, Jr., enroute to Fort Worth. Miss Mayes is the sister of Mr. Mayes.

Mmes. Wilkes and Wilkes Honor Niece With Shower

Mmes. Roy Wilkes and George Wilkes, acting as co-hostesses at the home of the former hostess Thursday afternoon honored their niece, Mrs. Aaron Anderson, with a prettily carried out miscellaneous shower.

The hour was quite pleasantly spent in an informal manner with a refreshing course of ice cream and cake passed following the presentation of an array of lovely gifts.

Those present, named Mmes. Shannon, Smithes, Joe Rhodes, Cleo Gray, Minnie Wilkes, Blackie Huffman, J. M. Kimbrough, Anderson, Bonds Martin, B. H. Greer, Parsons, Jessie Smith, Fred Tibbles, and those sending gifts were: Mmes. Darwin, Rosk, Travis Minter, Bud Minter, J. E. Meroney, Aaron Stiles, Willard Swaney, Lola Brimberry, Blanche Hinman and Miss Eunice Presslar.

Mrs. Hunter to Present Piano Student

Mr. Mounds, who is suffering from a broken leg, and family, arrived several days ago for their vacation visit to be spent here.

In Ranger After Visit to Gladewater

Mrs. Dona Hartman has returned to Ranger after a three weeks visit at the home of her son, Bill Eason and family, at Gladewater.

Pleasant Entertainment Arranged for Sunday Afternoon

A very pleasant and entertaining feature in the form of an individual piano recital presenting Billie Fry, will be given at the Methodist church Sunday afternoon at 5 o'clock; for those interested in piano and lovers of music. The pianist is the pupil of Mrs. J. B. Hunter, Elm street.

Mrs. Albert Duffer in Ranger

Mrs. Albert Duffer of Brownwood is visiting Ranger friends and relatives, among whom are Mr. and Mrs. D. W. Conway and Mr. and Mrs. Ernest Fletcher.

QUESTION OF MAN'S DUTY TO MAN POSED IN DRAMATIC FILM

Just where does a man's duty to humanity stop and his duty to himself begin?

This question is treated with amazing forcefulness in "Whom the Gods Destroy," featuring Walter Connolly, Doris Kenyon and Robert Young, which opens Sunday at the Arcadia theatre.

QUESTION OF MAN'S DUTY TO MAN POSED IN DRAMATIC FILM

Just where does a man's duty to humanity stop and his duty to himself begin?

This question is treated with amazing forcefulness in "Whom the Gods Destroy," featuring Walter Connolly, Doris Kenyon and Robert Young, which opens Sunday at the Arcadia theatre.

Rodeos to Feature Eastland County's Free Fair Program

Entrants from over the county are expected to participate in two rodeos to be held on the afternoons of Sept. 20-21 during the Eastland County Free Fair.

Carl Johnson and Ira L. Hanna, who have charge of the rodeo presentation, are planning to arrange shows with a complete program of rodeo events.

Rules and regulations of the rodeos will be included in the fair catalog, H. C. Davis, general chairman of the fair, has announced.

ROGERS' 'HANDY ANDY' IS HAILED AS FUNNIEST OF HIS ENTIRE CAREER

His wife wanted him to retire and play a little, but all play and no work makes Will a wild boy.

That, in brief, is the story of Will Rogers' latest picture, "Handy Andy," coming to the Arcadia Theatre on Monday. Advance reports from the preview say this is the funniest comedy of his career. And the highlights of the story bear this out.

NEW TRACY FILM

As the shifless, broken-down comic, who lives only for a laugh and later learns the joke is on himself, Lee Tracy, fast-talking screen actor, plays the leading role in "You Belong to Me," the new Paramount film, coming Saturday to the Arcadia Theatre.

Away from his usual hand-waving newspaper reporter roles, Tracy is shown here in a role that gives him opportunity for consid-

Canadian Has Five Year Plan

MONTREAL.—A five-year "point plan" designed to solve Canada's social and unemployment problems has been drawn up by Mayor Camillien Houde, of Montreal. He will submit it to Quebec and Dominion governments for consideration.

The mayor believes his plan would afford work for the unemployed and permanent livelihood for the unemployables, yet at its object with a minimum of interference by the state in private enterprise.

The mayor's plan has six points:

1. Back-to-the-land movement on a national scale.
2. Canada-wide adoption of old age pensions.
3. Tax of 5 per cent on all incomes over \$1,200 a year to be found out of which the state would pay 50 per cent of the costs to property owners for repairing their holdings as to activate the key industry and pick up thousands of skilled artisans now idle.
4. General legislation for gradual re-establishment of the man in the home and the man in the factory and office.
5. Legislation setting maximum hours of work and minimum for all in Canada.
6. Curb on financial maneuvers by a law under which directors in each corporation would become responsible, civilly and criminally, for the acts of their organizations.
