T.C.U. Mentor Predicts New Rules For This Year

By W. WINSTON COPELAND
United Press Staff Correspondent
FORT WORTH.—Football fans who like lots of touchdowns get their money's worth this year, believes Coach Leo (Dutch) Meyer of Texas Christian university.

The new passing rule probably will bring about a revolution of football play with the result that teams which heretofore have lacked the punch to score within the five or ten yard lines should find it easier to make touchdowns.

The new rule permits one incomplete pass, except on fourth down, in a series of downs to fall over the goal line without penalty of a touchback.

Thus a team may pass over the goal line on its first down and if incomplete still retain possession of the ball at the original line of scrimmage. Under the old rules a team did not dare pass over the goal line except on third or fourth down, Meyer pointed out, for fear of losing the ball.

This new rule, with the removal of the five-yard penalty for second, third and fourth incomplete passes, will naturally emphasize the overhead game, he said.

Not only will it increase the effectiveness of the aerial play, he believed, but it will make ground plays more effective. Defenses will have to be spread to cope with the passweakening defensive line play.

"The pass itself will not be so

deadly as the running game it will make possible, particularly around the goal where the defense must spread to ward off a possible pass on the first, second or third downs, as well as the fourth," Meyers said.

defense could often stop a drive on the one-foot line.

"Time after time last year as an official I saw numerous scores repulsed on the very chalk of the goal."

Meyer said he "wasn't so sold" on the new ball which is smaller around than the one used last year. Passers will find it more accurate and easier to grip because of its smaller size and pebble-grained surface instead of the smooth finish.

In spring practice however, he pointed out, his punters had trouble in securing a spiral on their kicks with the new ball.

PLAN CENTURY OF PROGRESS

WALTHAM, Mass.—Chicago is not the only city to have a Century of Progress. Waltham, the Watch City, has planned for a Century of Progress in October, at which time it celebrates its centenary.

TRAIN LEAVES THE TRACK

Advocates of the "air train" for the development of commercial aviation have proved their idea feasible, although bad weather halted the initial flight at Philadelphia. The three "cars," motorless gliders, loaded with 100 pounds of mail for Philadelphia, Baltimore and Washington, are shown as they took off from Floyd Bennett Field, New York, attached by thin steel cables to the airplane "locomotive." One glider was scheduled to land at each city on the route, the "locomotive plane" making a non-stop flight to Washington.

FRECKLES and HIS FRIENDS—By Blosser

Claims Dempsey Baer Knockout

By United Press
SPRINGFIELD, Mo. — "Wild Red" Berry, professional wrestler, claims the doubtful distinction of being the only man slugged by both Jack Dempsey and Max Baer.

Both knocked him out while he was refereeing matches in which he was a participant, and Berry still is trying to decide which boxer hit the hardest blow.

"To tell the truth," Berry said, "both hit me so hard I never knew exactly how bad it hurt."

"Now, take that punch Dempsey landed on my chin down at Conway, Ark. It was a short one, traveling not more than six inches."

"It struck me like a hammer and, the next thing I knew, I was in the dressing room with my handkerchiefs fanning me, 20 minutes later. That was a pretty stiff punch."

Discussing the blow Baer landed recently, Berry said: "Baer hit me where it would hurt more, on the side of the head. I had an ache in each ear drum for several days after the blow."

"His punch was a long one. I saw it coming alright, but it paralyzed me. I just stood there until it landed. Then I was 'out' about half an hour."

JUST PLAYED SAFE

ONSET, Mass.—When firemen arrived at the home here of Mrs. Alice McLean, she explained that there wasn't really any fire, but that her landlord allegedly had threatened to fire the house and she wanted to "be on the safe side."

That the Advertisers May Know---

The Ranger Daily Times and the Ranger Weekly Times reach every community in this trade territory in plenty of time for the people of each community to study the advertisements of the Ranger merchants and take advantage of specials advertised in these two papers—especially does this apply to Friday and Saturday bargains.

WEEKLY MAIL SCHEDULE

In order that the readers of Strawn, Mingus, Thurber, Gorman, Carbon and other community centers may receive their weekly paper in time to take advantage of the merchants advertisements the paper is published on Thursday night and goes into the post office in time to make the midnight and early morning trains out of Ranger so as to reach the designated post office early Friday morning in sufficient time to be handled by the rural carriers—we invite the business men to check these records—anything put in the mails later than Thursday night does not get to the readers until late Saturday and in many instances it is Monday.

The Times is giving the merchants of Ranger complete coverage in this territory. We appreciate the interest and the cooperation of the Ranger merchants and business men in the support given the Weekly which is one of the best in Texas and is less than a year old.

DAILY TIMES SCHEDULE

The Daily Times is distributed by carrier in Ranger and makes the mail each afternoon in which papers are sent to Thurber and Strawn and goes into the homes of the rural subscribers each morning as they are handled by the rural carriers. On each afternoon The Times has a special route from Ranger to Olden and some 20 people between Ranger and Olden read the Times each afternoon, besides the city of Olden itself which has a special route and the people in Olden read The Times about as early as do the Ranger readers.

The Ranger Weekly Times has filled a long felt want in the weekly field. The Ranger Daily Times is read and appreciated in 75 per cent of Ranger homes—there can be no substitute for PAID circulation.

A book for study this fall is "Zuki Looks at Japan," and is an interesting study of various aspects of Japanese life.

W. F. MacDermott and Floyd Adams of Fort Worth were here today looking after their oil and gas business. One of their wells on the Brown was being worked out and the work was just finished.

THE ABE LINCOLN OF THE RIO GRANDE

Big Jim Neal known in the lower country as the "Abe Lincoln of the Rio Grande," will be the successor of the Duke of Duval of the 27th district or better known as Dean Archie Parr, who has held the post for a number of years and is widely known from the Gulf to the Rocky mountain foothills.

Parr accepted his defeat gracefully. He wired his congratulations to "the Abe Lincoln of the Rio Grande." He answered roll call at the special session now grinding. He wore his perpetual smile. He shook the hands of his political friends and his political enemies.

Time is the biography of the Webb county winner, who sent the Duke to the shades of private life (as carried by The Laredo Times). "He became a citizen of Webb county 28 years ago after having served Williamson county as county and district attorney. He favors support and maintenance of all state educational institutions, particularly those in his senatorial district; he favors dispensing with the poll tax as the qualifications for voting and substituting registration at a nominal fee and the inauguration of the Australian ballot in Texas; he favors protection of all state industry including sulphur and oil and gas."

His face will be in the legislative picture on and after organization of the 44th legislature in the coming month of January. Again, as has been predicted all along, there will be many new faces in the senate picture and a vast number of new faces in the picture of the house personnel. Texas was standing at the crossroads. Now Texas has turned its face and has taken the broad open highway which is said to lead to prosperity and development and protection of the natural wealth of the commonwealth and a government of the people along state lines as taught by the early fathers not only of Texas but of the American republic composed of the sisterhood of states.

IN MARYLAND A NEGRO DEMOCRAT THROWS HAT IN RING

Baltimore is the proud city of "Maryland, My Maryland." For the first time in history of the commonwealth a negro is seeking election to state office on a democratic ticket. Place Joshua F. Henry, Jr., in the picture. He shattered a Maryland precedent by announcing as a candidate for nomination in the leading negro district of Baltimore. There are thousands of negroes in Maryland who vote the democratic ticket. They could not do it in Texas where they are barred from casting primary ballots by order of leaders of the democratic party and the lawmakers of the commonwealth.

You're The Loser

WHEN you allow Headache, Neuralgia, Muscular, Rheumatic, Sciatic or Periodic Pains to keep you from work or pleasure. You can't go places and do things when you are suffering—and the work or good times won't wait for you.

Why allow Pain to rob you of Health, Friends, Happiness, Money?

DR. MILES ANTI-PAIN PILLS have been used for the relief of pain for more than forty years. They taste good, act quickly, do not upset the stomach, nor cause constipation, leave no dull, depressed feeling.

Thousands have used them for twenty, thirty, forty years, and still find that nothing else relieves pain so promptly and effectively.

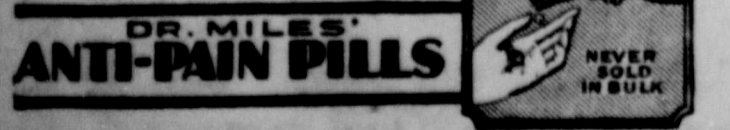

Why don't you try them? Once you know how pleasant they are to take, how quickly and effectively they relieve, you won't want to go back to disagreeable, slow acting medicines.

You too may find quick relief. Why wait forty minutes for relief when Dr. Miles Anti-Pain Pills will relieve you in ten to twenty minutes?

As a household remedy I have never found anything that equalled Dr. Miles Anti-Pain Pills. Mrs. Silas D. Keller, Penfield, Pa. I never found anything that was so good to stop pain as Dr. Miles Anti-Pain Pills. I have told many about them and I find they are all using them.

Indian, Now 88, Seeks Federal Land

By United Press
HOUSTON. — Henry Horton, born in a wigwam in the Oklahoma Indian Territory the year after Texas joined the union, at 88 has asked aid in getting his claim for an Indian allotment established.

As Indian as the head on an old-fashioned penny, Horton, half Cherokee, told his story.

"My grandfather was Jeff Moss, a full-blooded Cherokee, my grandmother also was a Cherokee. Their daughter, Minnie, married my father, a white trader named Jeff Anthony Horton, and I was born May 17, 1846.

"My mother died when I was a baby, and my father joined another trader J. W. Flaglee. We went to about where Paris, Texas, now is. When I was five years old my father died."

From that time on, Horton said he drifted here and there, working in a store for \$2 per week and board, in a planing mill, as a pump repair man on a railroad and on a saw mill.

A friend wrote to the Department of Interior, division of Indian claims. An answer received said the "citizenship rolls of the Cherokee tribe were closed."

"Horton's name does not appear on the final rolls of the Cherokee nation," the form letter from John Collier, commissioner, said, "and only those persons who are enrolled can receive tribal benefits."

"It looks as though I am cut off from my rights because I cannot read or write," Horton said. "I only want a little to take care of me in my last days."

"Did the relatives of the late millionaire Indian, Jefferson Burnette, ever get their claims settled?" Horton asked.

The Houston Social Service provides him with food.

Crimson Tide Star To Be In Scrimmage

By United Press
TUSCALOOSA, Ala. — Dixie Howell, versatile halfback on the Alabama Crimson Tide, has been pronounced recovered and in condition to resume his gridiron career this autumn after treatment for a badly injured knee.

Howell was hurt in the last game of the season last year, and physicians feared he might never return to the gridiron. The injury kept him from spring training and prevented him from playing on the Tide baseball team this year.

Coach Frank Thomas will shift Howell from left to right halfback this year. He will continue to carry most of the punting load for the Tide—a duty in which he excelled last year.

Jesse Livermore, the plunger, has made his fifth fortune in Wall Street. Which again proves the old axiom that hard work and saving the pennies is the secret of success.
