## **PROCLAMATION**

TO THE CITIZENS OF RANGER

Fire Prevention Week is again at hand. The object of the occasion is to remind the public of the seriousness of the large fire loss of this country. both as to life and property, and bring to the attention of everyone the fact that nearly all of this destruction could be avoided if greater care were taken in the construction of buildings, if litter and rubbish were removed from homes and places of business, if children and grown people were thoroughly educated in the handling of fire and taught the importance of extreme carefulness

NOW, THEREFORE, I, HARRY A. LOGSDON, Mayor of Ranger, in co-operation with the nationwide movement for the elimination of preventable fires, do hereby designate October 7 to 13, 1934, as Fire Prevention Week in this city.

On those days I ask our civic and commercial organizations, our school officials and teachers, and our citizenship as a whole, to join with the chief of our fire department and our city fire marshal in arranging meetings and exercises for a study of ways and means of preventing fires, as well as to impress the seriousness of the wastage that it causes and the need for utmost care for the protection of life and property.

During Fire Prevention Week I urge that a thorough inspection of the entire city be conducted for the purpose of locating and removing fire hazards, and that the work thus inaugurated be hereafter expanded into a Fire Prevention Year.

IN TESTIMONY WHEREOF, I hereunto sign my name and affix my seal of office on this, the 5th day of October, 1934, A. D.

HARRY A. LOGSDON,

## DID YOU EVER STOP TO THINK

Ly EDSON R. WAITE, Shawnee, Oklahoma

JOHN GARLAND POLLARD, says:

"Equality of all religions before the law is firmly established throughout the Nation, but it is not completely enthroned in the hearts of all the people. There was a religious syranry in law now happily passed away, but there still remains in all of its cruelty a tyranny which ostracizes, condemns and denounces men on account of their religious affiliations. I need hardly remind you that in many American communities membership in some religious sects still constitutes a social, political and business handicap. Converseyl, membership in other sects is considered an asset. Wherever public sentiment allows such a condition to prevail, the spirit of religious liberty is dead.

-"I can exercise my rights of property and my rights of that is advertised. person without the slightest criticism anywhere in this country, but there are many places where I cannot exer- merchandise at prices that make shopping worth while. cise my freedom of conscience without being made to suffer, I plead for a broader and more tolerant spirit towards | tunities appearing in the advertisements. Everyone should the adherents of other faiths, to the end that we may bring | do the same. to its complete fruition the work which our forefathers so nobly began when they embodied religious liberty in the is a constant advertiser.

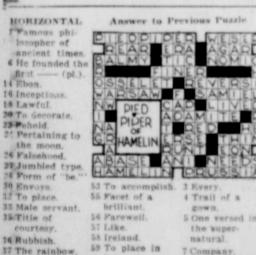

Rights of person, rights of property, rights of con- quality builds up a reputation for honesty. science, these three, but the greatest of these are the rights of conscience."

Inflations and deflations are both bad. What is needed is stability, which has been lost in a world suffering from violent world deflations, and must be corrected in a way which will enable debtors to pay their obligations and potential buyers to resume full activity without fear that when trade revives there will not be enough money available to carry it on.

Pleasure cruising in luxuriously appointed ocean going liners is quite an industry. It has grown with a rapidity that is nothing short of amazing. Through the newspapers they advertise short seven day cruises or four week cruises around the world. Newspaper advertising has brought them the business.

The success of a business is judged not by the sales, but by the receipts in comparison with the investment and expense of operation.

## ... and while we're talking about cigarettes

I don't suppose you were ever in a warehouse where they were storing hogsheads of tobacco. Anyway bere's something interesting:

Liggett & Myers, the people who make Chesterfields, have about 41/2 miles of storage warehouses where they age the tobacco.

Down South where they grow tobacco folks say . . .

It's no wonder so many people smoke Chesterfields. The tobaccos are mild and ripe to start with, and then they're aged the right way to make a milder, bettertasting cigarette.

### "Choose Fashions Most Becoming To You"

Says Orry-Kelly Famous Hollywood Designer in the Sixth of a Series of Personal Interviews

JOAN BLONDELL

Star of Warner Bros. First National

"In choosing the colors best

lights. Do it in the cold light

of day. Study yourself at your

worst in private if you want to

appear your best in public. In

choosing evening colors, look at them under artificial light.

No one knows better than we

do how many tricks lights can

play. But be sure the light is

strong, that it gives you the

tume should be chosen from

the point of view of 'how be-

coming' it is as well as 'how

smart'. Even stockings, I be-

lieve, should be keyed to the

complexions of their wearers in

addition to the ciothes they

complement, By this I do not

mean that one should wear

tones. The smartest stockings

are much much darker than

one's skin. But they should

possess the same tonality. For

this reason I have designed

Screenlite shades which provide

each siar I dress with the exact smart shade of hosiery that

insists upon perfection!

"Every detail in your cos-

whole truth!

Designer of Fashions for Warner Bros. Pictures

"In dressing the stars of the burn and the shade of red. In screen," says Orry-Kelly, dedressing the stars I often dissigner for Warner Bros. First cover that seemingly impossible National Pictures, "one must colors are very flattering to carefully consider their various them. Joan Blondell, for inpersonalities, must choose stance, because she is a blonde, clothes which emphasize them. should by right avoid the pale Just as all the details of an enneutral colors, but because of the vivacity of her coloring, semble must work together to produce a harmonious effect of she happens to wear them very smartness, so this completed well. ground for the personality of the star who wears them. No clothes, no matter how smart or how beautiful, should ever suited to you, do as we do in the studio. Test them, against submerge the person. And, as every woman is the star in her your face and hair. But one word of caution-don't make own picture, the same thing these tests under soft flattering

"I am not going to attempt to tell you exactly which clothes are most suited to you as an individual. There are too many subtleties to personalities for anyone to sit down, sight unseen and give definfte rules. However, I can tell you a few general principles which I apply here in the studio. Perhaps they will help you to discover which clothes will do the most for you.

"First of all, in selecting the fabric of your costume, rememer, that dull finishes are most slenderizing. Diagonals and up an I down ribs tend to give you height. Cross-wise effects make you look shorter. If you wish to achieve a slender appearance, avoid shiny or glittery fabrics such as satins or metallics. You know how mirrors give the illusion of size to a room. Mirror-like fabrics do the same to the figure. Nothing shows up these tricks that fabrics play so perfectly as the moving picture camera.

Color Important "Color, too, can either contribute to your beauty or de-tract from it. I would not attempt to tell you that because yours is such and such a color you can or cannot wear certain specific shades. So many other things about you can influence this—the color of your eyes, your complexion, your personality. It is generally conceded that if your hair is auburn, you | you'll find they bring out new cannot wear red. But much charms you never knew you depend: upon the shade of au-

## WHAT HELPS HAIR and HURTS MOTOR OIL?

The answer is petroleum jelly! This thick, jelly-like substance gives motor oil, when cold, a deceptive body which turns water-thin the moment your engine heats up. Don't be fooled-ask the nearest Sinclair dealer for the oil with the genuine full body-Sinclair Opaline. Petroleum jelly is removed from Opaline at as low as 60° F. below zero-a much lower temperature than is required for just removing wax. Ask the Sinclair dealer.

### Highways Will Be Beautified For Centennial

DALLAS, Tex.-A blanket of eauty, expressed by the blosson ng of countless acres of flowers and shrubs to be planted over the State in preparation for the Texas Centennial celebration in 1936, will result from work of the State

In the section around Dallas, comprehensive program in sever counties is due to be launche oon through co-operation of city and county governments. As soon as first choice has been determined for the flower or shrub in this sec tion, every highway leading into

Highway Beautification Commit

Dallas will be planted. Similar work is due to be car ried on in every section of the State so that thoroughfares leading to historic shrines in such cities as San Antonio, Houston, Go-Nacogdoches, Huntsville and other cities, where Centennial celebrations are to be staged, will be similarly beauti-

Corsicana has led this section of the State in selecting the flower that will be used to decorate the highways in her community. The red rose will be used on rights-ofway in that vicinity. Houston has chosen the crepe myrtle, while Galveston long has been identified with the cleander. Since the rose bud and bluebonnet have beer chosen for the entire State, other

hrubs and flowers will be choses by the individual communities. The highway work calls for the ecuring of a number of wayside parks and parkways along the najor highways so that the entire State will be covered by a system atic program of beautification.

Bets are on as to what will fin-ish first—the Bolivia-Paraguay war or NRA reorganization. But we won't make bets our grandchildren might have to collect.

Hiking Club Meets In Interesting Program

High School and

The Hiking club of the Ranger James H. Nowlin, Mr. Melton High School met for the second Echols, Mr. and Mrs. N. R. Iley, time Wednesday morning, Oct. 3, Mr. and Mrs. C. S. McNeely, Mr. Louise Arnett, president of the and Mrs. Charles Chandler, Mr. club presiding over the meeting, and Mrs. Leo Hurst, Miss Violette Each member was given a chance Rose Echols. to spend their opinion as how our following year's work should be carried on. The officers were called on to spend their opinion. Bobbie Reese gave an interesting talk on what type of clothes would be appropriate to wear in our club. Flo Harris gave a talk on type of hikes, and good sportsmanship. Doris Hamilton made a talk on the way which we might finance the club. The sponsor of the club, Miss Lucille Buchanan, gave suggestions.

The social and program com-mittees were appointed by the president as follows: Inez Baker, chairman; Imogene Powell, Mary Etta Bashiers, Rachel Martin, Mary Frances Strong and Mildred Forn Mitchell.

The meeting was closed in regular order by President Arnett.

## HUDSON-TERRAPLANE RUGGEDNESS TOUR HAS STARTED!

THIS CAR "The Centennial Scout" WILL BE IN RANGER

at the C. J. MOORE AUTO MART at 8:30

Saturday morning on its first lap of the 2,000-Mile Grind.

Watch Your Papers for Further Announcement

## That the Advertisers May Know---

The Ranger Daily Times and the Ranger Weekly Times reach every community in this trade territory in plenty of time for the people of each community to study the advertisements of the Ranger merchants and take advantage of specials advertised in these two papers-especially does this apply to Friday and Saturday bargains.

### WEEKLY MAIL SCHEDULE

In order that the readers of Strawn, Mingus, Thurber, Gorman, Carbon and other community centers may receive their weekly paper in fime to take advantage of the merchants advertisements the paper is published on Thursday night and goes into the post office in time to make the midnight and early morning trains out of Ranger so as to reach the designated post office early Friday morning in sufficient time to be handled by the rural carriers-we invite the business men to check these records—anything put in the mails later than Thursday night does not get to the readers until late Saturday and in many instances it is Monday.

The Times is giving the merchants of Ranger complete coverage in this territory. We appreciate the interest and the cooperation of the Ranger merchants and business men in the support given the Weekly which is one of the best in Texas and is less than a year old.

### DAILY TIMES SCHEDULE

The Daily Times is distributed by carrier in Ranger and makes the, mail each afternoon in which papers are sent to Thurber and Strawn and goes into the homes of the rural subscribers each morning as they are handled by the rural carriers. On each afternoon The Times has a special route from Ranger to Olden and some 20 people between Ranger and Olden read the Times each afternoon, besides the city of Olden itself which has a special route and the people in Olden read The Times about as early as do the Ranger readers.

The Ranger Weekly Times has filled a long felt want in the weekly field. The Ranger Daily Times is read and appreciated in 75 per cent of Ranger homes-there can be no substitute for PAID circulation.

expected.

Two years have elapsed since the Back to the Films Crazy." During that period Lloyd decided on a definite change in policy. Straight gag comedies, he realized, were becoming passe. He was facing a critical moment in his

stead of trying to surpass the gags in "Movie Crazy," characterization, which offered comedy possibilities of course.

When Clarence Budington Kel-

land submitted the proofs of his

story, "The Cat's Paw," which ran in the Saturday Evening Post as a serial, and subsequently, produced as a novel, the comedian found it to be exactly what he had in mind. It had an unusual story, a definite characterization, smart dialogue, as well as comedy and drama mingled. Lloyd stayed right with the main stem of the story, deviating only when necessary for picture purposes, and Lloyd feels he ndoubtedly has produced the 'different" picture he visualized. Whether prolonged absence from the screen has taken a popularity swered by "The Cat's Paw," which comes to the Arcadia theatre on "This is a fast-moving ige," Lloyd says, "and people forin a hurry, but I am hoping, say the least, that absence the Arcadia for a midnight show nakes the heart grow fonder-ing Friday.
