### Group Discusses County Relief Plans

EVERY TOWN IN THE COUNTY REPRESENTED

County Administrator Call Meeting "To See What Can Be Done."

Representatives from practically every town in Eastland county county-wide relief meeting today at Eastland indicated applications would be made near future for work relief. Promptness is essential in preparation of suitable proposals to uphold the amount of Eastland county receives month. H. E. Driscoll, county administrator, stated.

A meeting which was held in county courtroom was called Driscoll who stated the purpose "to see what can be done or form an outline in the way of relief work projects for the county."

It was the problem that existed in the county so said Driscoll stated that 35 per cent of the population in relief work should be allocated to work projects.

Figures cited by Driscoll show the necessity of approval of the following: In Ranger, 360 employable men and 31 women work projects and only 62 employed in that type of work; In Star, 204 employable men and 24 employable women work; In 22 engaged in that type work; In 358 employable men and women with only 115 engaged in that type work; In Gorman, 333 men and 23 women with 18 engaged in that type work; In Eastland, 1,200 employable men, 41 women, only 128 working on relief projects. Totaled, Driscoll stated, only 345 in county were working on work projects when the number of employable was over 1600.

Representatives of communities belonging to the group which numbered over 100 spoke on what work projects were doing in and to working up projects.

Chief Murphy of Ranger said he was ready any way possible to help the situation. He said city had from \$12,000 to \$16,000 worth of projects ready to go. Handicap of the city was truck hire was not available, stated. Murphy said city equipment was available for use in the work projects. Chat transportation from a crusher about three miles presented a problem, Murphy said. Road improvements among the projects named by Murphy.

F. F. Holloway, superintendent of schools, stated projects which he had in mind were improvement of football field, tennis courts and basketball grounds. The American Legion of Cisco, League of Eastland and the department of Ranger, it was agreed at the meeting, contribute to the project of repairing of toys each year for children at Christmas.

Mayor T. J. Beery of Cisco stated projects were being prepared for the city which would be beneficial. Projects included: repair of roofs and erection of sidewalks. The fish hatchery projects would be ready to submit to the city.

W. N. Clark, superintendent at the school, stated that as far as the schools were being concerned, projects included: repair of roofs and erection of sidewalks. The fish hatchery projects would be ready to submit to the city.

W. N. Clark, superintendent at the school, stated that as far as the schools were being concerned, projects included: repair of roofs and erection of sidewalks. The fish hatchery projects would be ready to submit to the city.

### From a Princess To Plain "Mrs."

Born in the White House while her grandfather, U. S. Grant, was in office, the Princess Julia Cantuzene-Speransky (above) was restored to United States citizenship in a brief ceremony at Washington, D. C., and will be known hereafter as Mrs. Julia Cantuzene.

### RANGERS WIN FROM DECATUR BY 7-0 SCORE

The Ranger Junior College Texas Rangers, playing their first conference game of the season at Decatur Friday night, defeated the Decatur Baptist college by a score of 7 to 0.

The Rangers were rated as the underdogs at the beginning of the game, but their fine defensive work held the Baptists at a standstill almost the entire game, much to the surprise of the Decatur fans, who figured the Ranger game would be nothing more than a good workout.

On the other hand the Rangers' offense was clicking as never before this season and they were able to advance the ball almost at will, making many gains, but failing to reach pay territory until the last quarter.

Outstanding on the offense for the Rangers were Williams, Mackall and Townsend, who turned in good games, while on the defense Taylor, Jordan, Allison, Townsend, Williams and Mackall were outstanding on the defense.

### MAVERICKS ARE OUTCLASSED IN FRIDAY'S GAME

Britt Scores Three Times To Lead Bulldogs To First Win.

The Ranger Bulldogs turned in their first conference victory, while the Eastland Mavericks were being administered their second conference defeat at Lillard field, Ranger, Friday afternoon, the Bulldogs winning by a score of 34 to 7.

Eastland scored first near the end of the first quarter when Anderson kicked out of bounds on the Eastland 25-yard line. On the first play from scrimmage Tully was back in punt formation and passed to Mackall on Eastland's 40-yard line and he raced across the goal line untouched. Tully kicked the goal as the Eastland section went wild.

Eastland did not maintain its lead long, however. Early in the second quarter Tully got off a bad punt that carried only to the Eastland 27-yard line. Anderson picked up four yards and on the next play Britt broke through for a 23-yard gallop for a touchdown, dragging two Eastland players the last five yards. Britt going over the goal line backing the last five yards with one player holding his arms and another holding the ball trying to snatch it out of Britt's hands. Britt was successful in his tug of war, however, and Anderson kicked the goal to tie the score.

After the kickoff and an exchange of fumbles with first Ranger and then Eastland recovering on the Eastland 13-yard line, Hart picked up one yard and Sikes slipped and fell, losing eight. Tully kicked to Walsh on the 45-yard line and he returned to the Eastland 29. Anderson picked up one yard and then passed to Walsh on the 14 yard line. Britt made a yard, Agnew failed to gain and Anderson made a first down on the Eastland two-yard line in two tries. Britt plunged over for the touchdown and Anderson kicked the goal to make the score 14 to 7 in Ranger's favor.

With Ranger leading Tully tried to pass on his own 21 yard line on fourth down and Ranger got possession of the ball deep in Eastland territory. Had Tully kicked Ranger probably would not have scored, but Anderson passed to Britt for a touchdown, but Ranger drew a five yard penalty. As the half was only about a minute away Anderson passed again, this time to Payton, but it was incomplete, but his next heave was good for a touchdown. Payton carrying it over the last five yards untouched. A bad passback almost got away from Walsh, who was holding the ball, and Anderson's attempt to kick goal failed, just as the half ended.

After the first touchdown play by the Mavericks every play was hogged down at the Ranger line, or their passes went for naught, as they failed to make a first down.

### President Speaks Of New Conditions

WILLIAMSBURG, Va., Oct. 20.—In a setting of colonial Virginia culture, President Roosevelt today called on the citizens to meet changing conditions with the spirit of the pioneer.

### Mrs. Davenport Is Named As Acting Ranger Postmaster

J. E. Meroney, for the past eight years postmaster of Ranger, received a message from the post office department in Washington, stating that Mrs. Mills Davenport had been appointed acting postmaster of Ranger, and instructing Meroney to check the office over to her at the close of business on Saturday.

Mr. Meroney was appointed postmaster eight years ago and has served in that capacity ever since. In relinquishing his post to Mrs. Davenport he expressed his sincere thanks to the citizenship of Ranger as a whole for the wholehearted co-operation that has been extended him during his tenure in office, and urged that the same co-operation and consideration be extended to the new postmaster.

Mrs. Davenport was elected to the position in September when a meeting of the post office patrons was called by Congressman Thomas L. Blanton several weeks ago and the assembly was requested to vote upon three names submitted. Mrs. Davenport, on the second ballot, secured the most votes and it was stated by Congressman Blanton that she would be appointed to the position in the very near future.

Mr. Meroney will devote his entire time to the oil and gasoline agency he purchased several months ago.

### Robinson Has Been Indicted In Stoll Kidnaping

LOUISVILLE, Oct. 20.—A federal grand jury returned indictments today against Thomas H. Robinson, Jr., his wife and his father, charging them with the kidnaping of Mrs. Alice Stoll.

The indictments were voted by the grand jury after it had listened for two hours to evidence in the case. The jury deliberated only about five minutes. The indictments were returned under the Lindbergh kidnaping law.

Meanwhile an army of federal agents combed the entire country for the young former college student and insane asylum inmate who engineered the abduction.

### Ranger's Big Opportunity

Ranger's First Federal Savings & Loan Association is now set up and ready for business in the office of C. E. May, on Main street. Officers and directors were elected on Friday evening and the entire city is behind the new business.

### NETHERLANDS LEADING IN BIG AIR RACE

ATHENS, Greece, Oct. 20.—The Netherlands plane No. 44 in the England-Australia air race, arrived here at 3:30 p. m. Greenwich meridian time today, apparently leading the classic.

The Flying Dutchmen, K. D. Parmentier and J. J. Moll, outdistanced the other 19 entrants in their big American-built air liner on the first leg of the flight to Melbourne, which started at Millenhall, Eng., at 6:30 a. m. Greenwich meridian time.

Col. Roscoe Turner and Clyde Pangborn, American entrants, were close behind. They landed here at 4:38 p. m. after a non-stop flight from England.

The Dutchmen halted briefly at Rome to refuel. They passed at Athens only 20 minutes, taking off for Syria at 3:50 p. m.

Messages from Bucharest said that the third U. S. plane, flown by Miss Jacqueline Cochran and Wesley Smith, had abandoned the race there, due to trouble with their landing gear. The other planes were strung out over Europe, some delayed by fog and rains in France.

### Meeting to Be Held Monday to Select Post Office Site

Notices were mailed Saturday afternoon to all members of the Ranger Chamber of Commerce, urging them to attend a meeting called for Monday night at 7:30 in the Gholson hotel, at which time a site for a postoffice building in Ranger is to be selected.

At the same time those who have sites which might be suitable for a postoffice have been urged to have the specifications, including the location of the site, the size and the price wanted for it written out and turned in to the office of the Chamber of Commerce before Monday night.

The sites which are submitted, in writing, will be the ones to be taken under advisement by the members of the Chamber of Commerce in their meeting.

### Hauptmann Is Guarded In Jail At Flemington, N. J.

FLEMINGTON, N. J., Oct. 20.—Bruno Hauptmann will be arraigned Monday on an indictment charging him with the murder of the Lindbergh baby and will be tried before Nov. 15, it was said today.

He was brought to this county, within whose border the crime took place, last night after he lost his appeal to prevent extradition from New York state.

Precautions were taken to safeguard the prisoner who was led through a mob of booing and shouting farmers and townsmen when the motorcade that brought him from New York City arrived. State troopers stood guard inside and outside the jail, regarded as both escape proof and mob proof.

### Rabies Epidemic Causes Cats and Dogs to Be Killed

GRAHAM, Oct. 20.—Thirty dogs and cats had paid the supreme penalty today for being possible carriers of rabies as city police obeyed Mayor J. J. Gallagher's order to "destroy every dog in town."

The order was given after 72 persons were bitten during a rabies outbreak. All the victims are reporting daily injections of serum, and several are being kept under close observation for indications of rabies.

No new outbreak of the epidemic has been reported since a small dog was killed and found to be suffering from rabies yesterday.

### Annual Shoot to Be Held Today On Ranger Rifle Range

Ranger will be host to shooters from over this section of the county today when their annual shoot will be held at the rifle range.

Shooters from over a large territory are expected to be present. An entrance fee is to be charged and the winners in three classes will be awarded cash prizes.

Large and small bore rifle shooting and pistol matches are on the program. The shoot is to begin at 10 o'clock and will continue all day.

There'll be more leisure for us in the future, predicts a famous theologian. Is he thinking of another era of unemployment?

### HEARINGS ARE BEING HELD ON CENTENNIAL

AUSTIN, Oct. 20.—Recital of the work and blood paid for Texas liberty was resumed today by a senate committee studying state appropriations for the state Centennial in 1936.

Gonzales, where Texas was first given its battle flag, and Goliad, famous for the massacre that inspired Texas colonists, presented their claims for recognition.

Hearings have been scheduled for Monday for Victoria, Refugio, San Patricio, Houston and San Antonio.

Both house and senate were adjourned until Monday. The Brazos river bill will be pending in the house next week. Senate attention is due on bills to remit interest and penalties on taxes.

### Two Are Ready To Hop Off On Three-Leg Flight

BRISBANE, Australia, Oct. 20.—Sir Charles Kingsford-Smith and Captain P. G. Taylor were ready to take off at 4 a. m. tomorrow in their American Lockheed low winged monoplane for the Fiji Islands, 1700 miles away, on the first of a three-stage flight for the United States.

They hope to reach the Fiji Islands in 10 or 12 hours and to leave for Honolulu, 2736 miles away, on Monday. From Honolulu, which they expected to reach at 11 a. m. Tuesday, they plan to start on the 2000 mile hop to San Francisco Wednesday and arrive at noon Thursday.

Man Is Shot As He Drives Off In Wrong Automobile

FOET WORTH, Oct. 20.—P. G. Craig, mistakenly drove off in the wrong car today and as a result is suffering from a bullet wound in his neck.

Craig, a railway mail clerk, came hurriedly out a lumber company office and climbed into Deputy Sheriff H. W. Rhodes' car, a similar make, which had been parked behind his own car.

Rhodes came out of the office much more hurriedly when he saw the man driving away in his car. He jumped into the man's car which still had the keys in it and pursued.

The deputy said when the man failed to halt at his command he "cut loose" with his pistol. Evidently each man thought the other was trying to rob him.

### RATLIFF IS PRESIDENT OF ORGANIZATION

Directors Hold First Meeting After Being Elected By Stockholders.

Stockholders of the First Federal Savings and Loan Association of Ranger met in the Gholson hotel Friday night and perfected a permanent organization under the direction of Sam Strauss, federal organizer.

Theoretically the association is ready to make loans now, but, it was stated Saturday, a little time must be allowed to get the printed forms necessary for carrying on the business and this will likely take two or three days.

The association has on hand funds for making the first loans and this can be matched, three for one, by federal money whenever it is found necessary.

After the stockholders had elected a board of directors consisting of seven members, the newly elected directors elected A. J. Ratliff as permanent president; G. D. Chastain, vice president; C. E. May, secretary-treasurer, and L. H. Flewellen, attorney.

The directors elected by the stockholders were A. J. Ratliff, G. D. Chastain, J. E. Meroney, Walter Harwell, John Hansen, D. Joseph and J. C. Smith.

When the stockholders' meeting was called to order the official call for the meeting was read by Wayne C. Hickey, temporary secretary, after which the by-laws, as recommended by the federal government, were read by Mr. Strauss, and were unanimously adopted.

Upon motion of L. H. Flewellen, seconded by Calvin Brown, it was decided that the board of directors should be composed of seven men. Upon motion by E. L. Fontaine and seconded by J. E. Meroney the chair appointed J. C. Smith, Walter Harwell and John Hansen as a nominating committee to nominate seven directors. When their recommendations were brought in it was voted unanimously that the names of the nominating committee be added to the list. After the result of the election was announced it was unanimously voted, upon motion of L. H. Flewellen and seconded by R. F. Holloway, that the election be made unanimous.

It was voted by the stockholders that the interest rate upon loans be left up to the board of directors, after which the stockholders adjourned and the directors went into their first official meeting.

With G. D. Chastain presiding, it was voted that the officers be a president, vice president, a secretary-treasurer, and an attorney, after which the officers were elected. It was voted that the secretary assume his duties without pay until the association is started and at that time the salary will be set by the board of directors. The meetings in the future will be held at 214 Main street, the office of the secretary.

It was voted that the attorney prepare a form of note and mortgage and that the borrower should pay the recording fee, the abstract and \$3 for appraisal. R. A. Jameson, E. A. Ringold and Edwin George Jr. were named as appraisers.

Interest rate on all loans was set at 7 per cent, with loans to run for not more than 10 years nor less than five years.

The board is to meet each second Monday evening in the month at the office of the secretary.

WORLD STILL REQUIRES SAFETY OF DEMOCRACY

This troubled world may yet be forced to understand that it will have to make itself safe for democracy before it can carry on with the ordinary business of living.

Democracy has gone out of style since the war. That magnificent slogan that Woodrow Wilson handed out in war days has become something to laugh at—partly because the war no longer looks like the holy crusade we once thought it, and partly because democracy itself has shown more defects than we used to think it had.

But when all the shams and hypocrisies of the war are admitted and all the faults of democratic government are reviewed, it is still true that democracy does provide a safety valve which eases tensions and prevents the kind of explosions that have been tormenting Europe lately.

Historians are still arguing about what caused the World War, and the argument won't be settled for a long time to come. One thing, however, is very clear; a large part of the trouble was the ceaseless struggle of oppressed minorities to win their freedom.

This struggle centered in the old Austro-Hungarian empire, and it touched off the war. The finest thing Wilson ever did was to tell the whole world that freedom and self-determination must be the heritage of all peoples if a repetition of the holocaust was to be avoided.

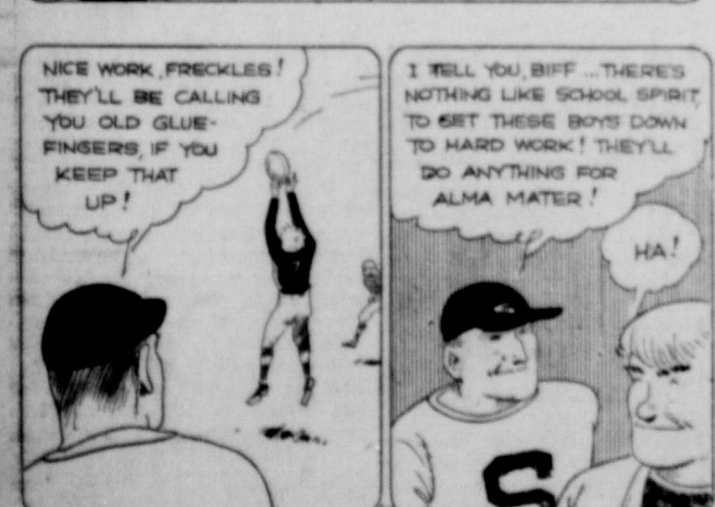

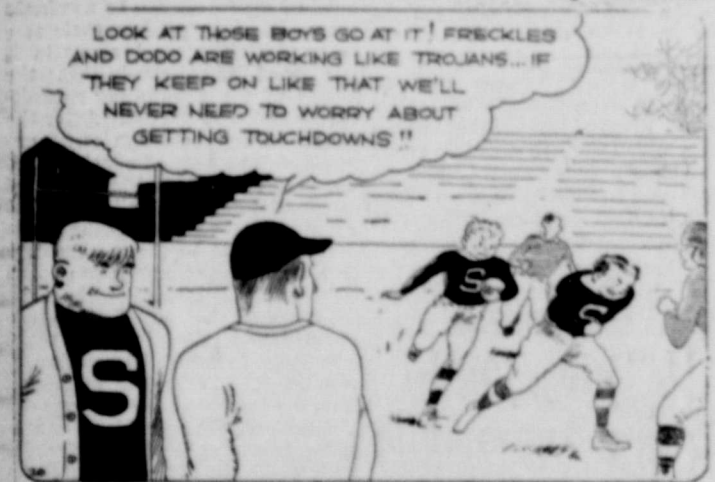

But the post-war readjustments failed to reach this goal. Democracy was discarded. Croats, Austrians, Russians, Germans, Italians, one people after another, were forced into the strait-jacket of autocratic government. That priceless safety valve, the ballot box, was tossed out of the window.

The result? Violence and bloodshed. In country after country the secret police must go about smelling out plots and conspiracies. Prisons must be enlarged, executioners must be kept busy.

The dictators fear their own people and they fear one another. Riots and assassinations come in an ever-increasing crop; and each one disturbs an unstable equilibrium so dangerously that people catch their breath and wonder, "Will this start a new war?"

Maybe it's time to revive that old war slogan. A world that was safe for democracy would certainly have fewer danger spots than the one in which we are now living.

### Cause of Divorce Is Because People Want to Re-Marry

**By United Press**  
 EL PASO, Texas, Oct. 19.—The cause of divorce, at least about 80 per cent of the cases filed under Chihuahua, Mexico, and Texas laws prove, is that people want to marry someone else.

That opinion was reached by Attorney Salvador Franco Urias, El Paso and Juarez divorce specialist, through his own experiences. "They often talk about wanting their freedom," Urias said, "but what they really want is freedom to take another spouse. They no longer get their marital freedom when they are ready to give it up again."

"Now and then one will admit that improper relations caused the trouble, but usually they say they just 'can't get along.'"

The state of Chihuahua has about 20 grounds for legal separation under the law, but "incompatibility," which covers practically anything from petty squabbles to near-madness, is the usual plea, Urias said.

**McKinley Homestead May Be Retained**

CANTON, O.—Action by city council on proposed razing of the homestead of the late President William McKinley has been deferred in hope that the old mansion yet can be rehabilitated.

Condemned by health department officials as a nuisance and literally falling to pieces from decay after standing uncared for on its present site for several years, the famous home has been branded as an eyesore to the city and a disgrace to the memory of the martyred president. From it President McKinley conducted his famous "front porch" campaign.

SAVE MONEY MAYBE SAVE YOUR LIFE!

BUY GOLDEN PLY SILVERTOWNS PROVED 3 TIMES SAFER FROM BLOW-OUTS AT HIGH-SPEEDS

Don't take foolish chances with blow-outs. Especially when the protection of the Life-Saver Golden Ply costs you nothing extra. This amazing new invention resists the heat generated inside the tire—prevents the great, unseen cause of blow-outs before it begins. And that's not all. The big, rugged Silvertowns give you months of extra tire mileage. Play safe and save money, too. See us today about putting Golden Ply Silvertowns on your car. ### Film a Year Enough For Cantor

Cantor is the only star in the industry who consistently and successfully follows the practice of making one picture a year. "Roubidoux" showing at the Coliseum Sunday, is his annual screen musical comedy for Samuel Goldwyn. The other three were "The Kid From Spain," "Palmy Days" and "Whoopie."

Four years ago, Eddie announced that he was through with the stage. Taking up a picture career, he wanted to concentrate. That meant long and careful preparation for his single yearly film. And the spare energy it left him was

### Ohio Health Officer Finds Typhoid Germ

CHILLICOTHE, O.—A new germ, related to the typhoid fever group, has been discovered here by L. M. Allwardt, bacteriologist of the Chillicothe and Ross county health departments, after long research.

Dr. Morris Fishbein, editor of the Journal of the American Medical Society, described the germ as evidently an atypical member of the typhoid group. Medical society researchers have been unable to find any previous report on the particular type of bacillus discovered by Allwardt, he said.

Allwardt began his research when investigating an apparent epidemic here last June. The usual method of typhoid immunization was not effective against the disease. Allwardt induced the disease in animals and produced an effective immunizing agent.

The findings will be reported in the American Public Health association publication for November.

### Prison Bars Mean Home to a Veteran

AMARILLO, Texas, Oct. 19.—Prison bars mean "home" to Owen Boulter, 61-year-old Spanish-American war veteran of Amarillo.

His attachment to the Potter county jail has presented a perplexing problem to county, state and federal officials.

Boulter, called "Major" by other prisoners, got into jail after he pleaded guilty to a charge of disturbing the peace and asked the judge to "give me the limit." He was sentenced to 71 days.

At the expiration of the term, he was turned out, penniless, homeless and forbidden to return to his cell cot.

He begged officers to allow him to stay, but they sent him to the county farm instead. That didn't suit him so he came back to the jail where he spent two nights. But officers refused to let him stay longer.

So the old man walked to the federal building and smashed two windows—admittedly to be sentenced again.

He is back in jail on a charge of defacing government property—and officers are scratching their heads.

### GAS ATTENDANTS' PAY RAISED

CLEVELAND.—Gasoline station operators and attendants won pay increases ranging from 10 to 35 per cent in an award handed down here by Dr. John A. Lapp, chairman of an arbitration board, at a meeting of company and union representatives. The increases were retroactive to May 16. All Cleveland filling stations were closed during part of last May when operators struck for pay boosts.

### REPLICA OF TOWN SHOWN

BRIDGEPORT, O.—A miniature replica of West Wheeling, in the days when it was an important river port, before railroads came, was constructed by Willis Fortney, of Lansing, O., for a Methodist church homecoming there. The replica included representations of the big warehouses which lined the Ohio river shore opposite Wheeling, W. Va.

# EASTLAND BANK WILL OPEN NOV. 1ST

## COMMITTEE HAS COMPLETED ITS DETAIL WORK

Message Telephoned From Dallas Saturday Afternoon.

Eastland is to have a National Bank, which is to open on November 1st.

That was the brief message telephoned from Dallas Saturday afternoon by members of the depositors committee, which had been working for several months in hopes that some day in the near future that glad word could be broadcast throughout the city of Eastland.

Several months ago when plans for a bank for Eastland, which was considered the most outstanding need of the city, were in an embryo state, a committee composed of P. L. Parker, J. A. Beard and Jess Williams was appointed to work out some feasible and workable plan by which the bank could be assured.

The committee immediately began work and through personal contact with a great majority of the depositors of the old Texas State Bank, secured their approval of the plan whereby it was possible to give the county seat a bank.

Many trips were made and many messages were exchanged with people in various parts of the country in order that the bank might be made a possibility. The aid of the RFC was asked and several trips were made to conferences with RFC officials.

It was while on one of these trips that the committee finally,

after several months of hard and patient work, completed all the minor details and the opening of the bank within less than a week was assured.

When the First National Bank of Eastland opens its doors a week from next Thursday, it is expected that a large line of depositors, awaiting their first opportunity of patronizing a local bank for three years, will be on hand ready to make their deposits.

## Fun Rivals Romance In New Film With Gaynor and Ayres

Monday and Tuesday the Arcadia theatre shows Fox Film's "Servants' Entrance," which brings again to the silver screen the sweethearts of "State Fair," Janet Gaynor and Lew Ayres. The two young stars are again cast opposite each other as screen lovers in an amusing and laugh-provoking comedy-drama in a modern setting.

The picture marks a departure from Miss Gaynor's usual type of role. Previously, she has always played straight romantic parts. But in "Servants' Entrance," she blossoms forth as an able comedienne and she reaches the heights of amusement in a very funny sequence with Ned Sparks, playing the part of a sour-dispositioned cartoonist, in which she finally gets up with a pie which she has tried to serve Sparks for dinner.

## Connecticut Forests Cafeterias For Birds

HARTFORD, Conn.—It may be a tough winter for many folks, but not for the birds.

Connecticut state forests have been made over into picnic grounds for wild bird life by the planting of thousands of berry, seed and other food-bearing shrubs, serving as perennial bird "cafeterias."

Civilian conservation corps units were employed in setting out

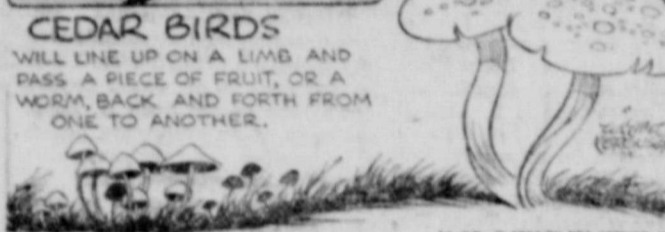

## THIS CURIOUS WORLD By William Ferguson

POETS HAVE WRITTEN OF A STAR INSIDE THE CRESCENT MOON, BUT NO ONE WILL EVER SEE SUCH A SIGHT! A STAR IN THIS POSITION WOULD BE BEHIND THE MOON, TOTALLY ECLIPSED!

SIAMESE TWINS ARE NOT UNCOMMON IN THE MUSHROOM FAMILY!

CEDAR BIRDS WILL LINE UP ON A LIMB AND PASS A PIECE OF FRUIT, OR A WORM, BACK AND FORTH FROM ONE TO ANOTHER.

THE crescent of the new moon is only that part of the moon on which the sun is shining. The enlightened side usually is invisible and tends to give the observer the impression that he is looking through empty space between the two horns of the crescent.

Siberian pea trees, Japanese rose, bloom and provide food when the snow buries normal food supplies.

## Eastland Personals

Mrs. A. H. Johnson had as her car guests in attendance at the

Sixth District Music Club convention in Colorado, Texas, Misses F. V. Williams, E. C. Satterwhite, and A. F. Taylor, who returned home last night.

Kearby Peery of Wichita Falls and Ernest Lockhart of Lubbock were visitors in the 11th Court of Civil Appeals Friday.

## Appellate Court Held Hearing On Underpass Friday

Preferential consideration promising an early decision, will be given by the 11th Court of Civil Appeals at Eastland to the case involving a proposed Butternut-Cypress street railway underpass for Abilene.

Hearing on an appeal of 45 Abilene property owners, who sought an injunction in 42nd district to restrain the city of Abilene, the Texas & Pacific railroad company and the state highway commission from constructing the underpass, was held before the Eastland court Friday. Supreme Justice Judge J. E. Hickman and Associates O. C. Funderburk and W. P. Leslie were on the bench.

Judge Milburn S. Long in district court at Abilene on October 13 refused the plaintiff an injunction and dissolved a temporary writ granted on October 6.

Three motions were placed before the Eastland court Friday by A. K. Doss and T. P. Davidson of Abilene, plaintiff counsel. One was for supersedeas of the judgment in district court, the second was to mandamus Judge Long to fix the amount of a supersedeas bond, and the third, an alternative motion, was for a writ of injunction to hold in abeyance of the underpass until the appeal is settled.

J. M. Waestaff of Abilene, representing the T. & P., contended before the Eastland court that the plaintiffs did not have cause for action in the original application, and further for the reason that

## Tells of Ghandi

Madeleine Slade, daughter of a British admiral and one of Mahatma Ghandi's closest disciples, said she had found life in his colony all and more than she hoped for when she arrived in New York for a brief lecture tour. She is shown in her traveling costume.

the temporary writ granted by Judge Long has expired. Wiley Caffey, for Abilene, also represented the defense at the hearing.

Protective relief was sought, the plaintiff counsel said, who cited cases wherein the authority of civil appeals courts was upheld in issuing an injunction similar to the one they were endeavoring to secure.

## ENGINEERS DONATE SNAKES

ST. CLAIRSVILLE, O.—Highway department engineers here have decided they don't want to be herpetologists. They brought several copperhead snake eggs into the Belmont county sheriff's office, after killing the parent snake. Deputy Sheriff B. F. Mackey cut open one egg with his

penknife. A young snake hatched, and struck at him. As the snake were both preserved and turned over to a Martins Ferry, O., school biology class.

Try a Want Ad if Pay

## WE ALL KNOW THAT . . .

A modern home elevates one in his own esteem and so in the eyes of his neighbors—it makes for better citizenship of both community and country. Certainly it is an evidence of thrift and prosperity. Therefore, our every effort should be toward attaining and maintaining ideal modern homes as everything we do to aid success, even individual success, itself can rightly be measured by just how much it promotes the happiness of our Home Life and that of mankind in general.

It is the homes of our Nation that makes and enforce our moral laws of Love and Justice, and just as this power will determine and control the laws of the nation, so it will elevate and better the life of the individual. Nothing can promote more Happiness and Contentment in a family than an attractive home and modern conveniences.

The home's spiritual foundries mould the character of growing children; in its laboratories are born countless expressions of Love and Sentiment and in its warehouse are stored undiminishable hours of Happiness and Contentment.

### LOCAL CAPITAL TO ASSIST IN REBUILDING YOUR HOME

### Or Buying a New One

## ANYONE LIVING WITHIN 50 MILE RADIUS OF CITY OF RANGER IS ELIGIBLE FOR LOAN

### HOMES NEED REPAIRS . . . MEN NEED TO BE PUT TO WORK . . . NOW IS THE TIME TO ACT!

For several years past, homes all over America have been steadily going down hill. Many property owners have been unable to pay for normal upkeep and repairs. A far greater number have delayed the larger improvements which mean better housing and better living.

You, yourself, are the best judge of whether your home would be more desirable with a new coat of paint, a new roof, additional plumbing, lighting fixtures or heating equipment. You know what would improve the appearance, rentability and efficiency of your own business property.

Now is the time to make those improvements. The Loan Association was designed to help you improve your property and increase its value and usefulness. Through one of the simplest and most reasonable systems of financing ever devised, makes it possible for you to make delayed repairs and provide better surroundings for your family.

If you have cash for property improvements, cash payment is, of course, the best method. The favorable time is now. If it seems more convenient to pay for such work out of your regular income, now is the prudent time to borrow directly from your building and loan association cooperating with the Federal government.

Here is a wonderful opportunity for those who want to build, buy or improve their homes.

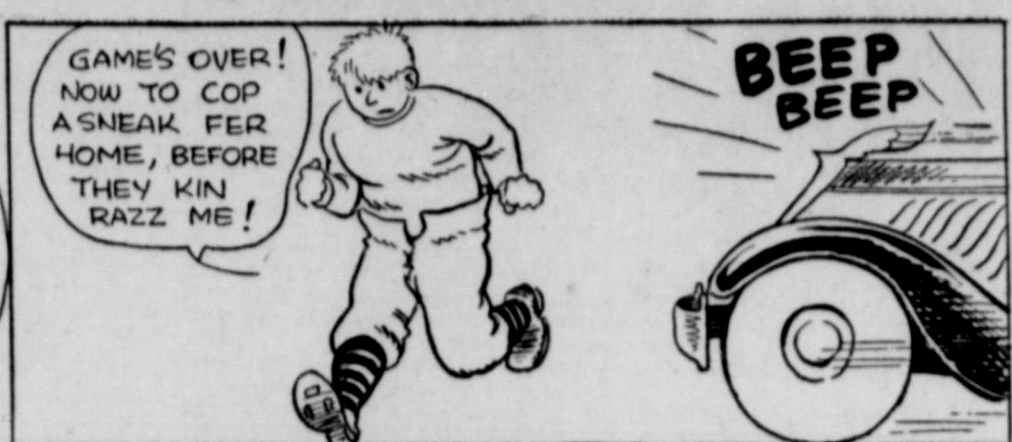

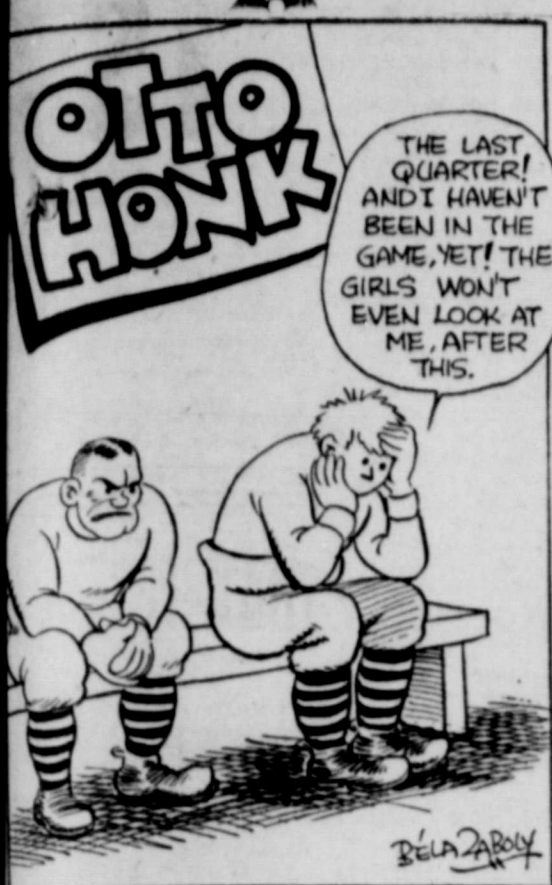

It is also a chance for people who have some idle money to put it to work — protected by U. S. Government.

### There is Something About a Well Painted, Neatly Kept Home That Conveys Cleanliness Within.

Homes, like people, reflect character, therefore we have no more right to be careless with our home investment than with our personal appearance. The slogan "New appearing homes out of our old ones every three or four years through the application of paint, varnish and lacquers" is not only a sensible one but will fully reimburse us in protection and satisfaction for money invested.

We are lovers of beauty and harmony and today we are satisfying that fancy by bringing color and brilliancy into our homes. Around the average home there are many odd jobs that should be given to some painter, paper-hanger, or carpenter, and other workmen who are in need of work. These repairs will not only give these men the work they need but will give to your home the up-keep and appearance any home justly deserves.

Inspect your house and grounds today—the plumbing, electrical wiring and fixtures, the roof, the screens, and last but not least, the foundation of the house, in fact one part of the home detracts from all the rest. Now that you can use the new Federal Loan money that is available in Ranger, you should not pass up the opportunity to recondition your home.

**Bulldogs Defeat—**  
(Continued from page 1)

until the last quarter. One pass was completed for six yards, though the heave was for much more when the passer was rushed, and Eastland lost the ball on downs. In the third quarter Ranger fumbled on the Eastland four yard line and Eastland recovered. Tully kicked from behind his goal line to Walsh on the 25 yard line and he returned to the 21. One pass was incomplete and then Anderson passed to Jacoby on the goal line and he sucked in the ball while surrounded by Eastland players. Anderson kicked the goal.

The Bulldogs made their final touchdown and goal in the fourth quarter when Anderson dropped back as though to pass and Britt slipped through right tackle and raced 46 yards to the goal line. Jacoby did some good blocking on the play and Britt sidestepped the safety on the five yard line to reach pay dirt. Anderson kicked for the final point of the game, making the score, Ranger 34, Eastland, 7.

With most of the reserves in the lineup for Ranger the Mavericks staged a last minute attempt to score. The Bulldogs drew a penalty to give the Mavericks their first first down, then a pass to Horton was good for 26-yards and another first down on the Ranger 20-yard line, where a fumble was recovered by Ranger. A few minutes later a lateral pass, in which Horton again figured, was good for a first down on the Ranger 47 yard line but Britt, Love and Westbrook broke through to throw Tully for a 12 yard loss, on an attempt to pass, and after Ranger had down a five yard penalty his second attempt to pass was smoothed by the same three men, this time throwing him for a 17-yard loss. The game ended with Eastland in possession of the ball with 41 yards to go for a first down.

In the Eastland lineup Brawner, Mackall, Horton, Tully and Mitchell were outstanding.

Britt, Anderson, Walsh, Payton and Jacoby were the mainstays of the Bulldog offense, while on the defense these five were aided materially by the playing of Warden, Love and Westbrook. Practically the entire Ranger squad saw service in the game during the last quarter with the entire reserve strength being thrown into the game.

Ranger attempted eight passes, four of which were completed, two for touchdowns, while Eastland attempted 12, completed three, one for a touchdown and nine were incomplete. Neither side intercepted a pass.

Ranger punted six times for an average of 25 yards, while Eastland punted 10 times for an average of 37 yards, the Eastland average being made despite one 17-yard punt.

The starting lineups—Ranger: Payton and Jacoby, ends; Love and Donohoe, tackles; Caroway and Warden, guards; Westbrook, center; Anderson, quarter; Walsh and Agnew, halves, and Britt, full.

Eastland: Tully and Horton, ends; Brown and Mitchell, tackles; Shoopman and Frost, guards; Butler, center; Upton, quarter; Brawner and Hart, halves, and Mackall, full.

Sixtieth Anniversary To Be Celebrated
A program celebrating the sixtieth anniversary of the founding of the Women's Christian Missionary society will be presented at the First Christian church this evening at 7:30 o'clock.

Mothers' choir; candle service; "Bearers of the Torch," Mrs. E. T. Walton, toastmistress. Tribute to the Past, Mrs. Donald Smith; Tribute to Present, Mrs. R. F. Holloway. Tribute to the Future, Mrs. Nath Pirkle. Hymn, "The Love of Christ Constrains Us;" offering; benediction.

Instructive 1920 Program
On Thursday afternoon the 1920 club met in the colonial room of the Ghoslon hotel, in a very interesting and instructive program. It was a real lesson in high school English for the subject was the play of Julius Caesar by Shakespeare. The teacher was Mrs. Lulu Riddle.

W. M. S. Circles to Study At Church Monday Afternoon
Circles Friendship and Wide Awake of the Women's Missionary society of the First Baptist church will meet at the church at 3 o'clock Monday afternoon for the regular weekly study.

Home After Visit
Miss Juanita Smith is home after a week's visit spent at the home of her sister, Mrs. M. A. Cline and husband, of Baird.

Hall Walker Leaves for Business Visit to Washington, Chicago
Hall Walker left Saturday for a 10-day business visit to Washington, D. C., and Chicago.

Mmes. Herring, Gordon and Bearden Delightful Hostesses
Mmes. Lonnie Herring, E. Gordon and H. Bearden were delightful co-hostesses at the Lone Star clubrooms Wednesday afternoon when they honored the Lone Star social club with a bridge and "42" party.

Marilyn Marries Gallant Actor

Chester O'Brien lost his job in a Broadway show because he took Marilyn Miller's part in a backstage row with an actor. Marilyn (above) resigned. Now Broadway learns the blonde beauty and O'Brien were secretly married in Harrison, N. Y., several days ago.

fray expenses to the state convention which is one of the most important club events of the year. A cordial invitation is extended members to reserve the above date for this complement.

Missionary Study Continues
All members of the Missionary society will want to be present when Mrs. S. P. Boon continues the study of the mission book by giving the fourth chapter of "Zuzuki Sees Japan," and Mrs. Fred Warren giving the fifth chapter.

Club to Entertain With Halloween Party
Club members of Child Study Club No. 2 are centering their attention upon plans for the Halloween party to be given at the home of Mrs. Odell Cole, Tee Pee camp, Caddo highway, on the evening of Oct. 25, at 8 o'clock.

Junior Circle Meeting
Junior circles of the Supreme Forest of the Woodmen Circle met Oct. 20 under the junior supervisor, Miss Lucille Woods. New officers were elected and installed for the ensuing term as follows: Guardian, Imogene Stafford; past guardian, Lucile Kennedy; adviser, Daisy Woods; chaplain, Baby Lee Shirley; clerk, Pauline Kennedy; attendant, Vivian Lee Crosshaw; assistant attendant, Ruby Limbaker; inner sentinel, Samuel E. Smith.

All juniors are asked to meet next Saturday morning at 9 o'clock at the I. O. O. F. hall, Elm street.

Visiting Mother
Louis Ratliff of El Paso is visiting in the home of his mother, Mrs. Ora M. Ratliff, and brother, Marty Ratliff. His visit here will cover several days.

Grady Healer Operated
Grady Healer is a patient at the City-County hospital, where he is resting fairly well after an operation performed yesterday morning. Mr. and Mrs. Healer announce the arrival of a daughter, who arrived at the hospital yesterday morning. She and the mother are doing nicely.

To Make Home in Breckenridge
Mr. and Mrs. John Daniels, who for the past six years have made Ranger their home, left Saturday afternoon for Breckenridge, where they will be at home, 311 North Butte street. Mr. Daniels will be associated with the Breckenridge Welding & Boiler shop of that place.

CARD OF THANKS
We wish to thank all those whose kind words, deeds and floral offerings softened our great sorrow in the illness and death of our beloved daughter, Nola Lois.—MR. AND MRS. J. F. SHARP AND FAMILY.—Adv.

HOT WATER FACILITIES LACKING
By United Press
WASHINGTON.—A survey made by the Department of Commerce shows that 75 per cent of the homes in America have no running hot water facilities.

A British woman novelist was able to see when parts of another woman's eyes were grafted on her eyes. There's the solution to the problem of getting others to see as you do.

CHURCHES

CHURCH OF CHRIST (A Friendly Church)
D. W. Nichol, Minister
Church work at 10 o'clock.
Preaching at 11 a. m.
Communion services at 11:45.
Preaching at 7:30 p. m.
Communion services at 8:15.
Ladies' Bible class Tuesday afternoon, 2 o'clock. Lesson, sixth chapter of Second Corinthians. The ladies' Bible class of Eastland will meet with us at this time.

FIRST BAPTIST CHURCH
Walnut and Marston
G. W. Thomas, Pastor
Sunday school, 9:45 a. m.; W. A. Lewis, superintendent.
Morning worship, 11 a. m. Sermon subject, "What Man Lives By."

Preaching by pastor, 11 a. m. Subject, "The Greatest Moment in Religious History or Human Life." Zone meeting of the B. Y. F. U., 2:30 p. m., at First Church. Let our members attend.

Preaching by pastor, 7:30 p. m. Subject, "Christian Religion an Experience."
Monday—2:45 p. m., the W. M. S. will meet in circles and study their mission book; teachers, Mrs. F. D. Hicks and Mrs. Frank Hickson; 4 p. m., the Intermediate G. A. meets with Mrs. Garland Powell, Sue street.

Wednesday—7 p. m., prayer service. Subject, "A Gospel Church." Every Wednesday we are studying a Bible doctrine. Great interest is being shown, with large crowds attending.

Thursday—7:30 p. m., the Y. W. A. will meet at the church with Mrs. George Robinson and Miss Ruth Shirley in charge.

High School and Junior College News of the Day

EDITORIAL
Have we, the students of R. J. C. and Hi School, ever stopped to think what it means to "yell?" Don't you think that we owe our school as much pep and spirit as we can give?

The next time we have the privilege of a pep meeting in assembly, let's get up and yell our loudest and raise the roof off this school!

PERSONALS
Anne Marie Kelly of R. J. C., has been ill at her home for the past few days.

Merle Stewart, George Turpin, and Charles Hawkins were visitors in Breckenridge Thursday afternoon.

Vivian Champion entertained a group of her friends with a dance at her home Wednesday night.

C. I. F. TO MEET
The C. I. F. club will meet Tuesday night at the home of Annie Marie Kelly.

BAND PRACTICE
Band practice Monday night at 7:30 in the band hall.

ADVISORIES
Hi School advisories meet Monday from 11:30 to 12 o'clock.

These Seniors Get to Date Several at Once
By United Press
OBERLIN, O.—Here's what Oberlin college seniors did at a senior-freshman reception and dance:

Each male senior was instructed by the class social chairman to bring three freshmen co-eds. Each senior woman brought two yearling men. Senior men signed up for their fresh girls, then made dashes to telephones to inform them that they had dates for that night.

Driver Falls Off the Wagon But Not Water

XENIA, O.—Clarence Bowermaster, 46, is driving his horse and wagon in peace, certain of his right to drive. It all started this way: Bowermaster was arrested about 10 weeks ago charged with driving his automobile while intoxicated. He was fined, deprived of his driving rights for six months. Determined not to walk, he resurrected a wagon and acquired a horse.

A few days ago he drove down a main street. He fell from the wagon seat into the street. Police arrested him. Prosecutors strived in vain to find a statute against driving a horse and wagon while intoxicated. Municipal Judge F. L. Johnson fined Bowermaster \$25.

AUTOGRAFED BALL GIVEN
By United Press
SANDUSKY, O.—A baseball bearing the signature of each

member of the Detroit Tigers baseball team was presented the Junior baseball team representing Denig Post, American Legion, here, when the team was feted by the Forty and Eight society. This Speaker, banquet speaker, made the presentation.

WE HAVE found that owners who do not neglect little troubles, but bring their cars to us for regular inspections, keep their repair bills at a minimum.
Big repair bills often grow from little troubles which are not corrected in time.
Bring your car to us today, or we will gladly call for and deliver it to you free of charge. Our experienced service men will give it a rigid inspection and if anything is wrong, you will be advised about it. Perhaps we can save you a big repair bill! We like to save our customers money.

TONIGHT FORD SUNDAY EVENING HOUR
Made of familiar themes, with masterly direction, this picture is one of the best of the season. Truly a masterpiece.
DOLBY FRANTZ
From 7 to 9 o'clock KRLD

YOU'LL laugh AT THEIR TROUBLES AS YOU thrill TO THEIR romance
The sweethearts of "State Fair" are in love again!...She as a society girl who turns kitchen maid!...He as a chauffeur who turns inventor!... Each loved by another!... Both loving each other!
