UNITED PRESS SERVICE BRINGS LATE NEWS OF THE WORLD TO TIMES READERS

RANGER, TEXAS, TUESDAY EVENING, DECEMBER 4, 1934

PRICE FIVE CENTS

No. 158

Wouldn't the republican party like to have a shot of that mysterious chemical which a scientist says can prolong life at least two years?

HAMILTON NOW BELIEVED NEAR FORT WORTH

PEP SQUAD WILL GO TO AMARILLO

A meeting of the athletic committee of the Ranger school board, today attended by the band and pep squad sponsors and interested persons, including school officials, the athletic committee voted to pay the transportation for the band and pep squad to and from the bi-district game at Amarillo, which will be played at Amarillo this week.

First the committee had to pay for the transportation of the band and pep squad to and from the game, but after a meeting of the committee the proposition of paying all the transportation, which includes tickets reserved section at Butler field, was approved.

The pep squad is to leave by chartered Southland bus early Wednesday morning, stopping at Snyder Wednesday afternoon for a workout, Lubbock for a workout and possibly going on to Friday for a workout before the game, which is called for Saturday afternoon.

From points between Rand and Amarillo can purchase tickets for the train at the station in their town, but from Thurbur, Gordon and other towns east of Ranger these tickets in Ranger board the train at Ranger to take advantage of the fare.

THREE YOUTHS INDICTED IN GIRL'S DEATH

Three youths were today grand indicted here under grand jury indictment in connection with an automobile accident which a girl student of the Industrial Arts school was killed.

The youths were W. P. Whitman, 28, Whitman, 28, and Whitman, 28. Whitman was charged with driving while intoxicated.

ROD RING CAUSED BURN

WESTER, N. H.—Nelson N. Wester, 24, was burned while working on a rod ring on a car.

Call at Times Office and Get Your Ticket

Target of Hunt 'Without Mercy'

With the edict, "No mercy," U. S. agents are hunting Mrs. George "Baby Face" Nelson, shown here in a new picture distributed by the Justice Department, as the nation's first woman public enemy.

Game Tickets to Go On Sale Early Tomorrow Morning

W. W. Jarvis announced today that reserved seat tickets for the Amarillo-Ranger game would go on sale at the high school at 8:30 Wednesday morning.

The pep squad will be placed between the 25 and 30 yard line, so that the tickets offered for sale will start at the 30 yard line and will go to the 45-yard line on the opposite end of the field.

Farm Labor Paid 15 Cents Per Hour In Nueces County

CORPUS CHRISTI, Texas.—Farm laborers in Nueces county are paid an average of 15 cents an hour it was determined at a hearing by the county relief wage committee.

Cleburne Man Is Killed On Highway

TERRELL, Texas, Dec. 4.—Will Bratcher of Cleburne was killed on the highway near here yesterday because of a tire blowout on a passing oil truck.

TRAIN ORDERED FOR AMARILLO TRIP SATURDAY

The athletic committee of the Ranger school board, today placed an order with the Texas & Pacific Railway company for 110 round trip tickets to Amarillo, which will be presented to the members of Ranger high school pep squad and band so both groups can go to the bi-district game at Amarillo.

Purchase of this block of tickets assured the public that they would get the \$5 round trip fare offered by the railway company, as it took but 75 tickets to secure the special rate.

Arrangements were made this morning at a conference between members of the athletic committee and B. A. Tunnell, Texas & Pacific agent in Ranger, for sale of the tickets in nearby towns, so that fans from over this section who wish to make the trip can do so.

In Eastland, Olden, Cisco and Abilene the \$5 train tickets will be available at the Texas & Pacific railway stations in those towns, while fans from Thurbur, Strawn, Gordon and other towns to the east of Ranger who have indicated that they would make the trip must purchase their tickets in Ranger and buy another ticket from their town to Ranger at the regular rate.

The athletic committee today urged everyone who intends to ride the train to purchase their tickets as early as possible as it is necessary for the railway company to order special equipment out of Fort Worth to handle the crowd and unless a good idea of the number who will make the trip is known it will be hard to anticipate the needs and have enough equipment in Ranger ready for the start.

The train is to leave Ranger at 1 a. m., Saturday morning, will arrive in Amarillo at 11:25 a. m., will leave Amarillo at 7:25 p. m., Saturday after the game and will arrive in Ranger at 4:46 Sunday morning.

CONSOLIDATION COMMITTEES TO HOLD MEETING

Two committees, one from the Chamber of Commerce and the other from the Retail Merchants Association, are to meet in joint session Wednesday for the purpose of discussing and going into details of consolidation of the two organizations.

The members of the committee from the Retail Merchants Association are Walter Harwell, H. G. Adams, and D. Joseph, while those from the chamber of commerce are C. F. May, J. E. Meroney and Dr. P. M. Kuykendall.

CASES SET

Cases were being set for the December term of the 91st district court when the appearance docket was called this morning.

The Chief Hunter and the Hunted

Heading an outlaw hunt to the finish, without mercy, Inspector Hugh H. Clegg, Justice Department division of investigation, is shown at the left as he gives orders in the search for John Hamilton, right, and the widow of "Baby Face" George Nelson, following the Barrington, Ill., battle in which Nelson and two federal agents were slain.

BULLDOGS LEAVE WEDNESDAY FOR BI-DISTRICT GAME WITH AMARILLO ON NEXT SATURDAY

Ranger's Oil Belt district championship football team will leave Wednesday morning by bus on the first stage of its trip to Amarillo, where they will play the Amarillo Sandies in a bi-district game Saturday afternoon.

Early Saturday morning the pep squad and band, accompanied by a large number of fans, will leave for the Panhandle city to witness the game.

In winning the Oil Belt championship the Bulldogs completed three years of district competition without a conference loss, playing 14 games during that period.

The Bulldogs, in playing one more game than did the Sandies, ran up a total score of 250 points, while their opponents fared better than did those of the Sandies, making a total of 94 points in the 10 games.

American Flier Is Killed In Mexico

WASHINGTON, Dec. 4.—The state department today was notified of the death of Charles Drayton of Brownsville, Texas, while flying at Airo de Rosales, Mexico.

STRONG PHRASE IN 1800

LAFAYETTE, Tenn.—Old records of Dixon's Creek Baptist church, founded in 1800, show that a headstrong girl of long ago was excluded for giving voice to such a vicious phrase as "Durn it."

and altitude, which the Panhandle cities have been trying to work into a sort of jinx for Oil Belt teams, though the records of games played between the two districts discounts the altitude myth, as the champions of District 1 have won but three games over the Oil Belt contenders since 1922. At least one of these wins was made on an Oil Belt field, too.

The record of the team for the season is as follows:
Amarillo
27—El Paso 0.
25—West Texas Fresh 7.
25—Central 15.
20—Norman, Okla., 0.
12—Borger 0.
19—Shawnee, Okla., 12.
25—Lubbock 0.
37—Plainview 0.
13—Pampa 6.

From this schedule it will be seen that the Sandies have scored 203 points to 38 for their opponents, while no team has made more than two touchdowns against them.

The Bulldogs, in playing one more game than did the Sandies, ran up a total score of 250 points, while their opponents fared better than did those of the Sandies, making a total of 94 points in the 10 games.

FLATWOOD MAN FALLS 30 FEET TO BAD INJURY

An estimated 30 foot fall from a trestle Monday night resulted in internal injuries and confinement in Payne Lovett hospital for C. L. Horn of Flatwood.

Horn evidently fell from the trestle that is located approximately 200 yards in a northerly direction from the Ringling railroad loading rack north of the Ranger-Eastland highway.

Indictments Are Found In Morro Castle Disaster

NEW YORK, Dec. 4.—Willful negligence was charged today against the ranking officer of the ship Morro Castle, its operating company, and one of its shore officials. A grand jury investigating the disaster that took 124 lives, handed up seven indictments.

The indictments named Acting Captain William Warms, the chief engineer, the executive vice president of the New York and Cuba Mail Steamship company, and the company itself.

Funeral Is Held For J. A. Skinner

Funeral services for John Andrews Skinner, one of the settlers of the county, who died in Eastland Monday were held Tuesday afternoon at the First Baptist church with Rev. O. B. Darby officiating. Burial was in Eastland cemetery.

Mr. Skinner was transferred, because of illness, from Rising Star to Eastland Saturday to the home of a sister, Mrs. D. B. O'Rourke. He had lived with Bud Skinner, a brother, near Rising Star, for several years.

The decedent was born in Mississippi Nov. 12, 1865. He was 69 years of age at the time of his death.

Survivors are brothers, Henry, north of Eastland; J. R., of Gustine; Bud, of Rising Star; Will and Clint, of El Paso, and a sister, Mrs. D. B. O'Rourke of Eastland.

REPUBLICANS MAY BE SPLIT BY INSURGENTS

WASHINGTON, Dec. 4.—A revolt from republican leadership similar to the Bull Moose movement more than 20 years ago, appeared possible today as republican leaders appeared firm against efforts of insurgent members to turn party principles into more liberal channels.

The statement of Henry Fletcher, chairman of the republican national committee, that he had no intention of resigning, opens the way for a clean break on the part of insurgents who have been demanding his replacement.

Senator William E. Borah, republican, Idaho, who stirred up the discussion, was counted upon by some to take the leadership in a rump movement which would attempt to wrest control of the party from the Hoover-Mills group of ultra-conservatives. Borah is of the opinion that the younger and more progressive branch wants to continue under the republican banner, rather than to break off into a third party movement.

Will Speak Here

Dr. Thomas H. Taylor, governor of the 41st Rotary district, who will make his official visit to the Ranger Rotary club Wednesday at noon.

District Governor Of Rotary to Be at Ranger Wednesday

Thomas H. Taylor, president of Howard Payne College of Brownwood and governor of the 41st Rotary district, will make his official visit to the Ranger Rotary club Wednesday at noon.

Dr. Taylor will address the Ranger High school and Ranger Junior College assembly Wednesday morning before appearing at the regular meeting of the Ranger Rotary club.

Dr. Taylor has appeared on banquet programs in Ranger at one time or another and has won quite a reputation as a humorous speaker who brings in many interesting and educational facts with his talks, making them not only enjoyable but uplifting.

A number of invited guests of Rotarians and Rotarians from other towns in this section of the country are expected to be present Wednesday at noon when Dr. Taylor addresses the assembled Rotarians and guests.

CUTTER SEEKS FLIER AFTER HE BECOMES LOST

HONOLULU, H. T., Dec. 4.—A United States coast guard cutter was ordered to sea to search for Capt. Charles Ulm and his two companions who were reported to have lost their bearings while nearing Honolulu on the first leg of a proposed pathfinding flight to Australia.

Soon after 7 a. m. Ulm began to call for weather reports from the naval station at Pearl Harbor. The reports were given him, whereupon he asked that the radio beacon be turned on. The beacon had been operating continuously and the request puzzled naval men.

Immediately following the request for the beacon came a message urging action and reporting that the plane was running short of gasoline. The plane at that time was flying at an altitude of 12,000 feet and reported "visibility zero."

No position reported had been received from Ulm and his companions since 6:30 a. m. P. S. T., when they were 600 miles east of Honolulu.

Messages from the plane mentioned an S. O. S., saying that the fliers desired to avoid sending out distress calls.

Fearing the plight of the plane might be serious, coast guard officials ordered out a cutter at 10:10 a. m., P. S. T., to stand by and give help in emergency.

Thief Butchers a Pig and Steals It

TAYLOR, Texas.—Will Malish, farmer living near Circleville, had his eyes on a fat pig in his pen which he planned to butcher as soon as the weather turned cold.

Before he could get around to it, however, a bold thief entered his pen at night, butchered the hog and carried it away.

ARMS CACHE AND CAR ARE SAID TO BE HIS

Officers Believe He Is Planning Series of Robberies Near Scene.

FORT WORTH, Dec. 4.—Search for Raymond Hamilton, wil-of-the-wisp Texas gunman and murderer, turned toward Fort Worth today with the finding of an arms cache near Granbury and revelation that a stolen car abandoned here Friday had been used by Hamilton.

Thumb prints found on a glass jar in the abandoned car were proved to be those of Hamilton. The car, stolen in Oklahoma, contained six cartridge clips of the type used in high powered repeating rifles.

Sheriff E. A. Lambert of Hood county reported the discovery of three machine rifles, one loaded, under a culvert three miles east of Granbury. A farmer told officers he noticed a car stopped near the culvert Friday. He said a man got out and walked over to the culvert opening.

Authorities linking the stolen car and the rifles believe Hamilton is planning new raids in this section.

These new clues in the chase for the state's No. 1 bad man, have swung the hunt from Louisiana and Oklahoma to this area. Sunday night three gunmen, one of them identified as Hamilton, shot and wounded a watchman at Maud, Okla., when he attempted to question them.

Chivarly May Be Motive for Murder Of John Garrell

TULSA, Okla., Dec. 4.—A chivarly motive appeared in the slaying of John Garrell, 23, today, as investigation of the stories of youthful adventure and of alleged extortion plots neared completion.

Holly Anderson, county attorney, said his office had taken a signed statement from Robert Thomas, 19, in which Philip Kenamer, federal judge's son, who admitted the killing, was quoted as saying he shot Garrell because of an extortion note the latter had written.

Investigation considered the evidence of the extortion plot hints of blackmail and reports of possible narcotic importations. All uncovered as a result of inquiry into the killing of Garrell Thanksgiving.

TENDER ORDER TO BE SIGNED AT HOUSTON

AUSTIN, Dec. 4.—The railroad commission order requiring tenders for the movement of refined oil products will be signed in Houston next Thursday if the commission fails to muster a quorum here tomorrow, C. V. Terrell said today.

The order awaits the signature of two of the three commissioners to be made effective. Commissioner Ernest O. Thompson is in Washington. Lon Smith, chairman, is in North Texas hearing motor truck cases.

The by-products tender order is applicable to all kinds of oil products in all field of Texas. It is anticipated to close the last outlet for hot oil. Tenders or movement of oil products will not be given unless it can be shown the product was refined from crude oil legally produced.

The Weather

WEST TEXAS.—Increased cloudiness, slightly warmer central and southwest portions tonight. Wednesday cloudy and unsettled, possibly light rain or snow in northwest. Rain in south portion.

The Kaleidoscope of Events Shows How Funny We Are

We seem to be living in a topsy-turvy world. In big things and in little things, surprises are the order of the day. To try to summarize the current news is to get a queer feeling that someone, somewhere is having fun with us by turning everything upside down.

Thus we find a Du Pont calling for federal pruning of munitions profits in wartime, an Ogdon Mills endorsing unemployment insurance, and the U. S. Chamber of Commerce backing the New Deal; simultaneously, a Cleveland stabs another man to death in an argument over the proper way to slice bologna sausage, and a Colorado high school boy slugs nine university co-eds to see how good a boxer he is.

America's secretary of state is proposed for the Nobel Peace prize, Uncle Sam having labored nightly, one supposes, for the peace of the world. On the same day that this is announced, the U. S. War Department unveils a brand-new armored tank, which carries three machine guns and is capable of traveling 60 miles an hour across open country.

Professional baseball players travel to Japan and stir Japanese enthusiasm for things American to a new high; simultaneously, American farmers in the southwest seek to oust a colony of Japanese truck gardeners, and thereby help bring Japanese public opinion one notch nearer the stage at which it would agree to a war.

A New York woman announces that she will endow selected poets to the tune of \$5000 a year. Walter S. Gifford welcomes a proposed U. S. investigation of the American Telephone & Telegraph company, the Daughters of the Confederacy meet in New York City and a model citizen of Herkimer, N. Y., who voted in every election for 14 years, discovers that he is not a citizen after all and prepares to take out naturalization papers.

A Spokane husband accuses his wife of communicating with his rival by using the Morse Code in her snores, and a New Yorker hammers his wife to death with their framed marriage certificate.

Smedley Butler says someone invited him to march on Washington with 500,000 men, and U. S. customs men detain a quart bottle of gin shipped from the Philippines, declaring that while gin from the Philippines is duty free, there is a tax on the bottle that contains it.

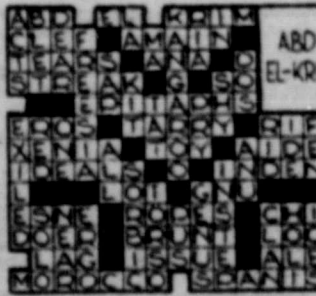

And so it goes. Try to reduce these news dispatches to some orderly significance and you will go daft. Reading the papers is almost like looking into the business end of a kaleidoscope, these days.

"OUT OUR WAY" — By Williams

Fort Worth Man Plays Violin In Spite of 92 Years

By United Press
FORT WORTH.—Despite his 92 years, Charles F. Utermohlen—known to hundreds of Fort Worth people as "The Professor"—can still hold his own when it comes to playing the violin.

Born in Oldenburg, Germany, The Professor was given a violin by his grandfather when he was only five years old. At 22 he came to New York, an accomplished violinist.

The start was at first hard, but soon he was playing in a symphony orchestra. Since then he has directed numerous organizations in schools and cities in many parts of the middle west and south. In Fort Worth he has given many musicians their first lesson on the violin.

The Professor's eyesight is so poor now that he cannot read the

Letters From Our Readers

Ranger Daily Times: Friends have called my attention to the article carried in your issue of Monday, Nov. 26, indicating that Washington had caused the headquarters office for the Eighth District Farm Census to be located in Eastland, which is not the fact. Won't you please be so kind as to publish this correction.

The census bureau at Washington located this headquarters office in another county. I caused it to be established in Eastland, and through our good friends, Hon. R. E. Sikes, Hon. Clyde Garrett, and Hon. H. C. Davis, secretary,

Chamber of Commerce, arranged for quarters to be furnished to the government. The citizens of Eastland county have been my true and tried friends for many years. I have deeply appreciated their friendship. The bureau regulations required the office officials to live in the county where the headquarters office was established. I had some good friends in Eastland county well qualified and deserving to hold these positions. Eastland is centrally located in my district. For the above reasons I persuaded the census bureau at Washington to establish this headquarters office in Eastland. Thanking you, and with kind wishes to all, I am, your friend,
THOMAS L. BLANTON.

FRECKLES and HIS FRIENDS—By Bloss

They ought to know—

MANY men of the South have been "in tobacco" for years—growing tobacco and curing it—buying it and selling it—until they know tobacco from A to Izzard.

Now folks who have been in tobacco all their lives, folks who grow it, know there is no substitute for mild ripe tobacco.

And down in the South where they grow tobacco and where they ought to know something about it—in most places Chesterfield is the largest-selling cigarette.

Tag Dance At Elks Club Tonight

There's plenty of entertainment for everyone tonight when the "tag" day comes to a close with the dance to be given at the Elks clubrooms, and music furnished by the American Legion Tickville band, under the direction of Dr. Harry A. Logsdon.

When we say "tag" dance it varies a great deal from the "tag" dances which we are familiar with. Each tag bought in Ranger today is an admission to the dance to-night. Ladies of the Child Welfare club gave their time to the worthy cause, and the proceeds are to be employed in buying candy, fruit and other things for Ranger's needy children this Christmas.

Soon Ranger's streets will be aglow with red and green lights, forming a ceiling of Yuletide color and each year unevens one with the holiday spirit and renewed enthusiasm.

Since there are only 18 shopping days until Christmas, the time between now and then should prove busy for all.

Have you as yet donated your doll or used toy to the Child Welfare club? You may do so by getting in touch with either Mrs. Saunders Gregg or Mrs. L. H. Flewelen. All one must do to get the spirit of the plea, is to pay a visit to the Ranger Fire Department where men are busy making toys, and view the bright array of Christmas gifts finished thus far. Each year lots of dolls are given, but just in time to get them hurriedly dressed and included with those to be distributed. A great deal of care is taken to see that the dolls are given children who otherwise would not be remembered.

As a final note regarding the Good Cheer Christmas dance to-night, all ladies must have escorts and what would be "stags" are asked to bring lady friends.

The Tickville band is especially prepared to play for this entertainment and a pleasant evening is promised.

Everyone had a most enjoyable evening.

TRAINING UNDER REAL ENGINEER!

Meeting of the engineer of the Union Pacific's streamlined train was a real thrill for Raymond Mott of Chicago, but he gets just as much of a thrill out of operating his Montgomery Ward model of the famous flyer. W. J. Wilson, engineer of the 112 miles per hour train, thoroughly approves of Wards authentic model and says it will teach Raymond to be a real engineer. Be sure to visit the local Ward store and see the toys on display.

High School and Junior College News of the Day

By Reba Callaway

A Grand Time was Had by all during the holidays; everyone was pleased especially with the results of Thanksgiving Day. Even the rain and too much turkey didn't stop us from seeing the Bulldogs romp over the Breckenridge Buckaroos by a score of 42 to 7. Just looking back of the scores of this season we see that only three teams scored the Bulldogs and each of those teams made only one touchdown. The Bulldogs' lowest score this season was 23—and that is just plenty good we think.

Spanish Club Organizes

The Spanish branch of the language department in the Ranger Junior College has organized a Spanish club under the direction of Miss Wesley, the foreign language teacher. The following officers have been elected: Forest Lyon, president; Veda Mae Belknap, vice president; Rena Mason, secretary, and Thelma James Thompson, reporter.

The object of the Spanish club is to obtain a practical knowledge of the language. A club of this type contributes much to a better understanding of the language and of the people who speak it.

The club will present a Spanish program in chapel in the near future.

C. L. F.

The members of the C. L. F. will meet tonight at 7:30 at the home of the president, Ann Marie Kelly. Plans for a Christmas banquet will be discussed and every member is urged to be present.

Announcement

All junior college students must have their pictures made for the annual today. Wednesday is the deadline.

Personals

Mr. Von Roeder has returned from the State Teachers Association meeting in Galveston.

Mary Jane Driehoffer and Myrtle Lucille Mills, graduates of R. J. C., who are now attending C. I. A., Denton, were guests of their parents during the Thanksgiving holidays.

Alla Ray Kuykendall, former student of R. J. C., spent Thanksgiving holidays with her parents. Alla Ray is attending State University at Galveston.

Marguerite Sloan and Viola Huffman of Abilene were guests of Mr. and Mrs. Mick Sloan and Reba Callaway during the holidays.

Frank Conley, popular member of the younger set, visited in Ranger during the holidays. Frank is attending State University this year.

Mary Alice Tomker and Elizabeth Turner, 1934 Ranger High School graduates, were guests of their parents during the holidays. They are attending C. I. A. in Denton this year.

C. J. Moore Attends Meeting at Dallas

C. G. BEECHING
Assistant Sales Manager
Hudson Motor Car Company

C. J. Moore, local dealer in Terraplane and Hudson cars, has just returned from Dallas where he attended a sales convention held by the Hudson Motor Car company for distributors and dealers in this vicinity. At the meeting the new 1935 Terraplanes and Hudsons were disclosed to the organization and the plans for the coming year were given in detail.

"We are all set for the first year we have had for a long time," said Mr. Moore on his arrival. "Not only has Hudson the finest line of cars they have ever built for 1935 but they are backing up these cars to the limit with an advertising program wide in scope. As is usual with Hudson the bulk of the appropriation will be spent in the newspapers."

"The new cars cannot be disclosed in detail as yet and it will be some time between the middle of December and the first of the year before they are on exhibition here. I can let you in on the secret to the extent of telling you that they are longer, lower and more powerful than ever. The performance which has made Hudsons and Terraplanes famous will be exceeded in 1935."

"There are some real new features in these cars. The roof for instance, is now steel like the rest of the body. This is not only a great safety feature but contributes tremendously to the rigidity of the structure. The passengers are included in a comfortable steel-walled room which has been rendered silent and comfortable. Complete ventilation is provided.

"In addition there is another feature which must remain a secret just now. The only hint I can give is that we are reorganizing in the New Deal means. Well, anything to keep the New Deal new."

Merry Christmas to the Whole Family

The Everhot Broiler-Toaster-Baker Compact, something new and different in the way of portable electric cooking appliances, is the last word in table stoves. It will do any sort of cooking job right at the table, if you desire. It is a gift the whole family will thoroughly enjoy.

Christmas Lights To Be Discussed at Meet Wednesday

A meeting of the merchants of Ranger has been called for 9:30 Wednesday morning at which time the matter of placing the Christmas lights on Main street this year will be taken up.

It has been the custom for a number of years to put the lights up on the streets of Ranger and if the merchants so decide at the meeting Wednesday, they will be installed before the end of the week.

The lights belong to the merchants, but each year there is some incidental expense connected with putting up the lights and taking them down and replacing the broken globes.

All merchants have been urged to attend the meeting in order that they may decide upon what action is to be taken in this matter. Wayne C. Hickey, who called the meeting, stated today that it would take but a very few minutes to reach a decision in the matter and no one would be kept from his business long if he attended the meeting.

French Women Want Suffrage

PARIS.—American campaign methods are being used here in the greatest woman's suffrage drive ever launched in the history of France.

Women fliers, lawyers, writers, painters and orators have joined forces to push the movement to a successful finish. The cinema, stage and radio are being utilized as well as pamphlets, buttons and billboards.

"Our present methods are passive compared to what they will be if we do not get the proper response from members of Parliament," declared Mlle. Louise Weiss, head of the movement.

"I was on a lecture tour once in the United States and I learned much of the methods that the American women used in their successful campaign. I saw them make senators tremble in Washington with their vigorous attacks and I can assure you that we can do the same here."

Mlle. Weiss, who gave up novel writing to take the leadership of the present campaign, which is uniting feminist organizations throughout the country, explained that the movement this year was unleashed as soon as state reform plans were known.

Bankruptcy Cases On Courts Docket

BROWNSVILLE.—Hearings in eight corporation bankruptcy cases in which road districts Nos. 1 to 8, Hidalgo county, seek reorganization to pay off approximately \$10,000,000 in bonds, probably will be held at Houston in January.

DEER HUNTERS RETURN

P. A. Nelson, J. B. Barnett and J. W. McKinney, Jr., were in Mason county over the week-end looking for deer. "Barney" said the deer must have known they were coming as none could be found.

Another "reorganization" in the New Deal means. Well, anything to keep the New Deal new.

Planes Become Favorite Toys

LONDON.—The favorite toy of the British boy this year is the airplane.

Girls, instead, are showing a decided predilection for American-made unbreakable dolls.

The victory of Charles W. Scott and Campbell Black, the British aviators, in the London-Melbourne air race, is responsible for the boys' enthusiasm for aviation, executives of leading department stores in London told the United Press.

British children are mostly pacifists. Lead soldiers, guns, battle-ships, submarines and other war-fare toys are selling just as any other toys.

Doll sales have increased more than 200 per cent—the largest volume since 1913—one department store reported. The toy business is closely connected with the demographic situation, it was said. The increase in the British birth rate in the past five years has been a major factor in the present boom in sales.

Mechanics, electrical toys, Mickey Mouse games, Three Little Pigs and Big Bad Wolf puppets are also best sellers.

Ninety per cent of the toys are British made. The remaining 10 per cent is divided equally between the United States and Germany.

Jurors Summoned For Service In Eastland Court

Following is the list of jurors for the fifth week of the December term of the 91st district court, summoned to appear for jury service December 17:

A. J. Hartung, C. I. Woodford, A. O. Hinman, F. D. Hicks, Fred Tibbles, J. J. Kelly, J. M. McEver, S. L. Kilpatrick, Lee Harris, James Higdon, Ranger; C. H. Lawrence, J. P. McCann, C. R. Bailey, C. H. Hogan, J. J. Honea, Cisco; Scott Nobles, Carbon; E. A. Boas, Gorman; R. B. Brasley, Eastland; D. C. Allen, Nimrod, Rt. 1; E. R. McCracken, Rising Star Rt. 1; C. W. Kemper, Pioneer; Ed Allison, Gorman; A. Neff, John H. Nix, Eastland; O. T. Hubbard, Eastland Rt. 3; C. H. McBea, Joe Tow, Eastland; Virgil Holloway, Gorman, Rt. 3; W. B. Hooker, Gorman.

What is keeping the various countries from going to war is they haven't yet agreed on the terms.

Theatre To Get Play-By-Play on Bi-District Game

B. E. Garner, manager of the Arcadia theatre, has announced that the theatre has contracted for a play-by-play report of the Ranger-Amarillo football game for Saturday afternoon.

The facilities of the theatre will be used in broadcasting the report of the game and regular admission prices will be charged.

The report of the game will start promptly at 2:30 Saturday afternoon, though preliminary reports on the lineup, the weather, the size of the crowd and other interesting details will be received prior to the receipt of the actual report on the game.

A direct wire from Butler field, Amarillo, will be installed in the theatre and the report of the game broadcast through the loudspeaking system on the Arcadia stage, so that everyone in the house will be able to hear the report of the game in comfort.
