Drought Cattle Clearance Seen In New Orders

Recent authorized orders to buy
5,000 head of cattle is expected to
clear up the drought cattle situa-
tion in the county.
Order to buy 1,000 head was
received Nov. 15, and then was
bolstered on Nov. 24 and Dec. 6
with orders to buy additional 1000
and 3,000 head, respectively.
On Wednesday 1,311 of the al-
lotment had been purchased. Of
the number, 935 were shippers and
376 were condemned. The recent
purchases bring the total purchas-
ed since the inception of the pro-
gram to a total of 8,872.
Cattle bought must fall into the
classification of being owned by
persons since April 1. Cattle sell-
ers must be in need of ridding
themselves of the stock, W. W.
Kelly, in charge of the program
states.
Wednesday cattle buyers were
at Carbon and Rising Star.

ROOSEVELT TO CALL PARLEY ON MUNITIONS

By United Press
WASHINGTON, Dec. 12.—Presi-
dent Roosevelt called a confer-
ence today to map out a legislative
program designed to take the pro-
fits out of war.
Cabinet officers and Gen. Hugh
S. Johnson were summoned by the
President for the meeting to pre-
pare the program which he regards
as one of the most important to
be presented to congress.
"The time has come to take the
profits out of war," Mr. Roosevelt
remarked as he outlined in his
press conference today one of the
broadest programs he has yet em-
barked upon.
The President made it clear that
everyone knows what munition
profits and other profits have
been, and that the world is espe-
cially alive to the financial gains
of those in the first category.
He explained the hearings con-
ducted by the special committee
of Sen. Gerald Nye, Rep., N. D.,
into munitions profits had made
the nation conscious of the subject.
Furthermore, he added, he be-
lieved the time opportune in view
of the fact there are no war clouds
on the horizon.
He indicated the whole discus-
sion would cover a wide range not
merely from the profits standpoint
but from the economic side, as
well, keeping in mind bitter les-
sons learned in the last war.

Boy Stowaway Stirs Custody Fight

Carroll L. Wainwright, Jr.

The desire of Carroll L. Wainwright, Jr., to spend Thanksgiving holidays with his paternal grandmother, Mrs. Carl F. Wolff, of Park Avenue, New York, has launched what looms as another sensational custody battle. Young Carroll ran away from his mother, Lady Hector MacNeal (the former Edith Gould), in Bermuda, stowing away on a liner to reach

New York. Now Mrs. Wolff threatens to resist his mother's attempts to reclaim the boy, although Carroll Wainwright, Sr., had agreed to let Lady MacNeal have custody of their children when they were divorced in 1932.

TERROR HAS SWAY IN RICH TULSA HOMES

By United Press
TULSA, Ok., Dec. 12.—Terror stalked the homes of the rich here today with at least three youths under guard and others moving cautiously and usually only in the company of friends. Violence, threats, and vague rumors in the wake of the slaying of John Gorrell, dental student, were the cause.
Homer Wilcox, 17, Jack Sneed, 17, and Press Cochran, 21, were given guards at the request of Dixie Gilmore, assistant prosecuting attorney.
"I had a talk with Philip Kenamer yesterday afternoon and he told me to keep a close watch on these boys. He seemed to be afraid they were in danger, so I ordered guards for them," Gilmore said.
Kenamer, 19, son of a district judge, is in jail charged with first degree murder of Gorrell. He has confessed the shooting. The boys are likely state witnesses in the case.
Miss Betty Watson, 19, fiancee of Kenamer, and a student at the University of Oklahoma, revealed she had been "warned" to be careful. She did not say from the warning came.
"I am staying close to my sorority house and am not going out nights. Around the campus I always have someone with me."
Another student, Charles Bard, who double-dated with Gorrell the night he was slain, withdrew from Oklahoma A. & M. at Stillwater yesterday. He asked county authorities for protection. After two days being accompanied by a campus policeman.
Ted Bath and Robert Thomas, two more witnesses, were reported in hiding. Bath told police Sunday he was leaving Tulsa because he feared for his life. Thomas the same day asked permission to carry a gun.

Theatres Bomed In Boston Today

By United Press
BOSTON, Dec. 12.—Terroristic tactics, inaugurated at dawn with the bombing of four New England theatres, apparently continued today when fire swept the Davis Square theatre, in a suburb of Boston.
The Davis Square and two of the other theatres are in the E. M. Loew chain.
Gov. Joseph Ely assented it was "time to call a halt" and demanded that law officers find the placers of the bombs, believed to be labor agitators.
Damage to the Majestic and Tremont theatres in Boston, the Capitol Theatre in Lynn and the Capitol Theatre at Pawtucket, R. I., totaled \$15,000. None were open for business today.

SAID TO HAVE USED MAILS IN EXTORTION PLOT

Ed Mackall Makes Bond At Abilene Tuesday.
Edward Mackall, 21, former player on the Eastland Maverick team, made bond of \$1,000 Tuesday when arraigned before United States Commissioner Ida M. James in Abilene, on a charge of using the mail in a scheme to extort money by threat.
With another youth, now thought to be in Arizona, who is not arrested, Mackall was charged in connection with a threatening letter sent Mrs. C. U. Connelley, Mrs. Connelley made the youth's bond with Samuel Butler, also of Eastland.
Mrs. Connelley received the alleged threat note on June 17. Immediately Department of Justice agents at Dallas were notified. The following day, newspapers were rolled up and planted in a can in the field bearing Mrs. Connelley's name. A federal agent and other officers hid. When two youths came up to take possession of contents, shots were fired as the boys fled.
Federal Agent E. L. McCormick of Dallas was in Eastland today and was thought to be investigating the case.
Mackall was graduated from Eastland High school in the spring term of this year. He played on Ranger Junior College's football team this year.

Man Kills Wife and Then Shoots Himself

By United Press
TEXARKANA, Tex., Dec. 12.—While his three daughters and neighbors watched, horrified, W. E. Preston, 56, today shot and killed his wife and then fatally wounded himself.
Neighbors said the man fired pistol shots at random up and down a street while they covered behind doors. They said Preston was intoxicated.
The resolution reads as follows: "County of Eastland, State of Texas.
"Be it remembered, That on this the 11th day of December, A. "No Bill" Returned In Bachus Affair

Grand jurors who recessed Monday, in a special report to Judge George L. Davenport failed to find any evidence with the shooting of Steve Bachus that would justify finding of any indictment.
Bachus, alleged illicit still operator near Nimrod, died after an accidental pistol fire from the hands of Virge Foster, sheriff. The fatality was the first in the administration of Foster.
The grand jury report on the affair was as follows: "That we have failed to find any evidence in connection with the shooting and death of said Steve Bachus that would justify finding of any indictment. That although it is a very regrettable affair, we have failed to find any evidence of any violation of the law in that connection, and we accordingly return a no bill."
H. L. Vestal was foreman of the jury.

County Wide Meet At Eastland On Thursday Night

Ross Jenkins, county agent of Callahan county, will be present at the county wide meeting for discussion of the AAA program in Eastland Thursday. The meeting is called for 7 p. m., in the county courtroom.
The Callahan county agent, says O. W. Ewing, assistant cotton adjustment assistant, has made a special study of the program and it is a near guarantee that his address to farmers will be of value.
Persons interested in the program were invited by the cotton adjustment assistant. Ladies were no exception, if they desire to hear the speaker, it was said.

Roosevelt Asks MacArthur to Be Retained at Post

By United Press
WASHINGTON, Dec. 12.—President Roosevelt today sent a letter to Secretary of War Dern directing that Chief of Staff Douglas MacArthur be retained in that post until his successor has been named.
The president explained that he was having MacArthur continue so he could handle war department legislation.
The president indicated a successor would be selected when the latter has completed his job of guiding such legislation at the capitol.

Raymond Hamilton Seen Near Houston

HOUSTON, Dec. 12.—Raymond Hamilton, the southwest's No. 1 outlaw, today was reported to have crossed the Houston ship channel on a ferry and poses immediately were formed to search for him.
He was seen on the Beaumont highway in company with two other men and was traced to the ferry, officers reported.
H. L. Hilton, operator of the ferry, positively identified pictures shown him as those of Hamilton.

Rehearing In Three Murder Cases Denied

AUSTIN, Dec. 12.—Rehearings in four murder cases in three of which death sentences have been assessed, were refused today by the court of criminal appeals.
Three men facing death as the result of the court's refusal, were Leonard Burns, of Bowie county; Johnnie Dade, of Brazos county; and C. B. Robbins, of Harris county. Robbins was convicted in the murder of Eda Enderli in Harris county, Jan. 23, 1934.

Rotarians Hear An Interesting Program

An interesting program was presented today at the Rotary club meeting with Miss Irene Chadwick, librarian at the Ranger High school and Rev. G. W. Thomas on the program.
Miss Chadwick talked on the library in Ranger and the free features that are to be resumed in January. She said that an attempt was being made to determine the kinds of books that are wanted and that an effort to keep the kind for which there is a demand.
Rev. Thomas spoke on the subject of "Citizenship." He said that in the early days people banded themselves together through fear and for protection rather than for the contacts that they could receive, but that everyone benefited from citizenship.
He said that no man is entitled to live in a community who does not give something back to the community. He pointed out that the constitution of the United States was not for the protection of one group of individuals, but for all.

INTERNATIONAL PRESIDENT OF LIONS CLUBS PAYS OFFICIAL VISIT TO RANGER ON TUESDAY

Vincent C. Hascall of Omaha, Neb., president of Lions International, paid an official visit to the Ranger Lions club Tuesday night, at a banquet held at the American Legion Hall in Ranger. More than 130 Lions from over a wide area were present, towns as far away as Decatur and Sweetwater being represented.
The ladies of the Methodist church, served the meal, which was one of the best ever served at a banquet in Ranger, and which was enjoyed by all present. The menu consisted of tomato juice cocktail, turkey, dressing, gravy, string beans, candied yams, parker-house rolls, perfection salad, mince pie and coffee.
The program was in keeping with the meal served, as it was interesting and entertaining from start to finish, with not a dull moment throughout the evening.
The program was opened with the assembly singing "America," followed by the invocation, pronounced by Rev. H. H. Stephens. The banquet followed.
After the meal the visitors from other clubs were introduced by Col. Brasher, president of the Ranger Lions club.
Dr. Harry A. Logsdon, as mayor of Ranger, delivered an address of welcome, with the response being

INTERNATIONAL PRESIDENT OF LIONS CLUBS PAYS OFFICIAL VISIT TO RANGER ON TUESDAY

given by Lion Horace Condliey of Eastland, past district governor.
President Brasher then introduced D. T. Boles of Breckenridge, district governor of District 2-E, which was followed by a delightful entertainment provided by the Breckenridge club. Gov. Boles introduced the distinguished guests, after which the Albany Lions club presented their part of the entertainment.
Governor Boles also introduced the guest of honor, Vincent C. Hascall, international president, who delivered a wonderful address. He visualized a thinker and dreamer, who had big ideas but never did anything in a constructive way, drawing a comparison between the dreamer and the one who really did things.
His talk was interesting from start to finish and was declared by all to be one of the best of its kind ever heard locally.
The Ranger part of the entertainment was provided by Dorothy Henry, who presented an acrobatic dance, and by the American Legion Tickville band, which presented a floor show.
The closing song of the evening, "Smile, True Lions" was sung by the entire assembly.
The banquet was pronounced by all to be the most entertaining of any held in Ranger in some time.

DEATH TOLL IN HOTEL FIRE IS MOUNTING

LANSING, Mich., Dec. 12.—The known death toll of the Hotel Kearns fire rose slowly today as firemen and police probed the still smoking ruins.
Twelve of the victims died leaping into the street before the hotel or into the river behind it when the fire trapped them in their rooms early yesterday. They may be the only ones who can be identified.
Earl today the searchers ventured a few feet into the hot brick and ashes and debris and found the charred bones of another victim.
When the heat halted their work they called a machine to pull the wreckage out to cool. Within a short time they found four bodies, making a total of 17. Estimates of the number missing varied greatly. The number missing varied greatly. The number missing varied greatly. The number missing varied greatly.

Who Owes Who a Living?

After it is all said and done, any recovery program depends upon business, industry and agriculture.

Every government expenditure is financed by money that is taken from the earnings or reserves of business, industry or agriculture. With no earnings to be taxed, government must go bankrupt.

It is useless to blind ourselves to the fact that today industry is afraid of radical legislation, radical labor policies and radical taxation.

Under the guise of "social service" plans a lot of people are being made to think that somebody owes them a living. That's the "grasshopper theory." It works fine until winter comes.

The fad of social service can live on existing "crops" (productive wealth) until it has eaten it all up like the grasshopper did the seasonal crops and then the beneficiaries of the "service" plans die like the grasshoppers unless they rustle some food. It's just the law of nature. Try to beat it and see where you land—out in the cold like the grasshopper.

Conferences are being held in this nation to devise means of promoting social security to lessen fear of unemployment, deprivation and dependence. All men regard that goal as most desirable. The great danger is that overly enthusiastic theorists will allow their hopes to dominate their good judgment and smother the virtue of individual thrift.

At such times they should be guided by the lowly grasshopper who found out that no one owed him a living and that if he wished to share in the stored labor of others he had to fiddle for the food he received.

Nearly every day you can read about an automobile accident—somebody hurt or killed, cars smashed, one of the drivers claiming it was not his fault as he had the "right of way." He might be right, but every driver should be careful to protect life and property and at a crossing, whether or not he has the "right of way," he should watch the other fellow. It is plain "Safety First" to do so, as there are always a lot of drivers who have no respect for stop signs or right of ways.

The outstanding characteristic of the American citizen has always been his individualism. It is this more than anything else which has made this nation great in every respect, whether in the realms of business or anything else.

It doesn't pay to rest on your oars too long.

Cyclone Davis to Run For Governor

By United Press
SAN ANTONIO, Dec. 12.—James H. (Cyclone) Davis, 80, visiting his son here, announced today through Sidney Tapp that he will formally announce for governor of Texas on Jan. 1.

Tapp said that Davis would make public his platform on that date and that he would advocate state ownership of all mineral over 200 feet underground.

State control of gas now piped out of the state, public ownership of utilities, require all corporations to take out a Texas charter and call for a constitutional convention.

Keeping of Texas University Campus Is Quite a Job

AUSTIN, Tex.—With the expansion of the original "Forty Acres" to an area several times that size, the University of Texas campus requires a large corps of gardeners and caretakers. Headed by O. J. Herrington, a staff of twelve men is constantly employed in caring for the thousands of shrubs and plants and the spacious lawns and greenways that have been used in the campus landscaping scheme.

FRECKLES and HIS FRIENDS—By

that gardening is a profession in which one never graduates, but learns constantly. With this in mind, he has organized his twelve assistants into a club which meets weekly for instructions and general lectures of various phases of horticulture. Lectures on the pruning of plants, how certain plants got their names, the cultivation of plants and other subjects are among the topics which have been or will be discussed before the group during the year.

"There are many many topics which we must learn about and discuss, such as weeds, propagation, identification, fertilizing and others," Mr. Herrington said. "We intend, on some week-ends, to visit different schools and universities so that we can see what they are doing in the way of gardening and see the general condition of other campuses. We may be able to profit by these visits. We also make visits to different nurseries and learn about many plants and shrubs."

During the early part of this year, Mrs. C. B. Whitehead, who came to the campus over a year ago, has organized a University campus with ornamental plants and flowers. The main plants on the campus are Texas, the rarer plants are cultivated in the greenhouses. The Amour River plants, live oaks, yupon holly, laurel, cherry laurel, agave, purple sage or amaranth and honeysuckle.

Along the west entrance campus, Mr. Herrington has arranged beds of rotating flowers. He now has a growing there and says the next flowers will probably be portulacas. Larkspur and anias are grown there at other parts of the year.

There are about four roses on the campus, and Herrington furnishes many cuttings and flowers. He also has main offices of the University with flowers, as they are cut every day.

ARRITTA DAVENPORT, Editor

Social Happenings Thursday

Mrs. Odelle Cole will open her home, Tee Pee camp, to members of Child Study Club No. 2, Thursday afternoon at 2:30, for a session listed as the monthly meeting.

Last minute details for the Christmas party will be made and a complete report from the delegate who attended State convention will be heard. Every member of the club will be interested in the program.

One of the prettiest social notes of the week comes Thursday afternoon when ladies of the First Christian church entertain with a silver tea in the church annex at 3 o'clock. The tea comes in observance of Women's day, and a large number of guests are expected to be present for the hour which is anticipated to be a very pleasing one.

The following program will be heard during the hour: "Japan, Geographically Speaking," Mrs. L. R. Herring; "Historical Sketch of Japan," Mrs. B. S. Dudley; "The Economic Situation in Japan Today," Miss Nadine Porter; "Through the Years With Our Missions in Japan," Mrs. R. F. Holloway; Song, Peace Hymn of the World, "Kagana, Great Present Day Christian Leader of Japan," Mrs. Nath Pickle, and "Customs and Anecdotes of Japan," Miss Mary Helen Childs.

Important Practice at Central Baptist This Evening

All girls who are taking part in the Christmas pageant to be given at the Central Baptist church, are asked by Mrs. H. B. Stephens, to be present at the church this evening at 7:30 for a very important practice.

Reorganized Thurber Club To Entertain With Dance

The reorganized Thurber Club wishes to announce that the Annual Dance will be held at Thurber on Monday evening, December 31st.

The club has been favored for a large number of seasons as the ideal place for dance affairs, and it is more than likely the coming dance will be added to a group of other entertainments which have played a big part in helping to usher in another New Year.

1920 Club's Christmas Luncheon in Colonial Room Thursday, 1:30 o'clock

Thursday afternoon at the 1:30 o'clock hour, the 1920 club will be entertained with their annual Christmas luncheon, in the Colonial Room.

lial room, Gholson hotel. Special floral decorations will be predominant and a very delightful program awaits the guests.

The operetta, "Bitter Sweet," by Noel Coward, will be given by Mrs. O. L. Phillips, and soloist for the occasion is Miss Maxine Henderson.

Covers will be laid for the entire personnel and the hour promises to be a pleasant one.

Personally Speaking

Mrs. R. A. Steele, who was the victim of a spider bite Monday night, is quite ill at her home, Pine street. Even though Mrs. Steele was reported resting more comfortably she remains very disturbed from the poisonous effects of the bite.

Mack Martin of Haskell, arrived in Ranger this week to be associated with the Swaney Pharmacy. Mr. Martin is quite experienced in this particular connection of work and is extended a cordial welcome to the city. It is likely Mr. Martin will be joined by his family in the near future.

Among visiting Lions who attended the banquet at the Legion hall last evening, were Representative Herman Jones of Decatur, and Messrs Dodson and Burton.

Apaches Putting Foes On the Spot

PARIS.—French apaches of the underworld here have started putting rival racketeers on the spot in the most approved American gangster fashion.

Up on the slopes of Montmartre, dotted with night clubs, dance halls, exotic cafes and all night bars, shootings have taken place to determine the leadership of what Parisians call the milieus.

The first victim of the Montmartre "gangster" guns was Louis La Fabre, known to his intimate associates as Louis the Surprising, who ran a chain of lucrative gambling joints. He was rubbed out as he emerged from a tiny bar on the Rue Montaine.

Louis the Surprising came into gangster prominence at 20, when he was the bodyguard of Dede of the Broken Nose. That was back in 1917. He soon became more prominent and then he was not heard of for several years.

But in the very height of his depression it became known that he was enjoying a good income from a number of clandestine gambling dens. His success at such a time apparently aroused the ire of less prosperous members of the milieus. Anyway, he was snuffed out and the following victims were his closest friends.

Counterfeit Bills Again Being Found

The merchants of Ranger were today warned to be on the lookout for counterfeit money, as evidence had been found that some was being passed in the city. Every few months a counterfeit \$10 bill makes its appearance here, but is detected at the bank.

The latest counterfeit bill was taken in at the J. C. Smith store. It also was a \$10 bill.

Garner Has Chosen White Parade As Unusual Picture

B. E. Garner, manager of the Arcadia theatre, has personally endorsed over his signature, the feature "The White Parade" now showing at the Arcadia theatre.

For a theatre man to recommend his feature pictures is not unusual, but Garner has, for years, made a practice of recommending very few pictures. In fact this is the fifth in five years which has carried his endorsement.

It will be remembered by many that several years ago he showed a picture, "Congress Dances," which he advertised as "the world's worst talking picture," and urged the people to stay away unless they had an afternoon to waste and a quarter they wanted to squander.

Believing in the truth in advertising Garner has never made a practice of boosting pictures he thought the public would not like, and when he especially urges everyone to see a picture, as he has done in the case of the "White Parade," it is only because he believes that the picture has unusual merit.

FORMER RANGERITE ILL

J. E. Collins, formerly with the Prairie Pipe Line company in Ranger, and now with the Shell Oil company at Wichita, Kansas, is in a hospital in Wichita with double pneumonia, according to word received here. He has been suffering with pneumonia for the past two weeks.

Activities of the H. Demonstration Clubs of County

Cuttings

"Strip all leaves except top two to save vitality and prevent moisture loss when putting out cuttings," states Mrs. Louis Pitcock, yard demonstrator for the Ranger Co-Workers Home Demonstration club. Mrs. Pitcock has her cutting bed well spaded and cultivated and the soil is in the best shape for rooting these cuttings. This is a good time to get the cutting row started in the garden where it can be cultivated along with the garden from time to time. Mrs. Pitcock will put approximately 250 or 300 cuttings in her bed to use in the spring and fall planting. The screen planting will be made in February, using as many native plants as are available at this time.

"Work all milk and water out of butter, pack solid in No. 2 or 3 cans, to overflowing, wipe off around edge with clean dry cloth and seal," states Mrs. J. B. Everhardt, food supply co-operator of the North Star Home Demonstration club. Mrs. Everhardt cans butter in this way and sends to her daughters who are attending the university. She uses cans which have been used one or more times and the cost includes the new lid and postage which totals 15 cents for a No. 3 can. The butter will stay fresh for several weeks when canned this way. The girls have fresh butter at all times at a cost of only 15 cents for more than two pounds when packed in a No. 3 can. This is helping keep the expense of the food down. Mrs. Everhardt has been sending butter to the girls this way for two years and is still doing so.

Fralins (Mexican Pecan Candy)

Mrs. L. J. Hazlewood, farm food supply co-operator for the Carbon Home Demonstration club, gives the following recipe for pecan candy. Mrs. Hazlewood got the recipe from a friend in town who is interested in helping the clubs with new recipes. This can be used as given or peanuts may be substituted for the pecans. The farm women like the peanuts as they are available on most of the farms and the pecans are short this season:

- 2 cups brown sugar
 - 1/2 cup butter (Crisco or other compound may be substituted for butter, but use only one tablespoon)
 - 2 cups pecans or other nuts
 - 1/2 cup water
- Mix sugar, butter and water together and heat to boiling. Add pecans and cook until the candy forms a hard ball in cold water. Beat for about five minutes and then drop from the spoon onto waxed paper. When cold remove from the paper and serve or put in candy jar for later.

Clothing Demonstration

"A foundation pattern (individually fitted) is the way for all women to have well fitting garments," states Mrs. W. E. Morris, Class I clothing demonstrator for the Reich Home Demonstration club. Mrs. Morris has completed her pattern and will keep a record of the clothing purchased during the year's time and improve her storage to make it adequate for the family of four. In the storage she will include a low rod at one end for the children's garments. With this, the children will be able to take care of keeping their garments up out of the way and in good condition.

SHE MUST DECIDE

Loretta Young, a student nurse, must choose between her love for John Boles and the life of service to which she is dedicated in "The White Parade." This is the touching and dramatic screen story which Jesse L. Lasky has produced for Fox release. It comes to the Arcadia today recommended as one of the outstanding films of the year.

LEGIONNAIRES TO MEET

G. E. (Bob) Robinson, post commander of the Carl Barnes Post, announced today that an important meeting of the post would be held Thursday night, to which all Legionnaires are invited.

MASONS WILL MEET

A stated meeting of the Royal Arch Masons will be held at the Masonic Hall Thursday night at 8 o'clock, it has been announced.

EGYPT HAS AN AREA OF 383,000 SQUARE MILES... BUT, DUE TO ITS LACK OF RAINFALL, ONLY 12,000 SQUARE MILES ARE CULTIVATED.

FIRECRACKER SALES WILL BE TAXED BY CITY

A warning was issued today from the city hall to all who plan to sell fire crackers in the city of Ranger this Christmas and the statute which calls for a \$250 city tax for all sellers of cannon crackers was cited. The definition of a cannon cracker is any firecracker or other combustible package that is more than two inches in length and more than one inch in circumference.

It was pointed out that some of the firecrackers sold on Armistice Day, and fired on the streets of Ranger, were three inches in length and two and a half inches in circumference. An ordinary lead pencil is about an inch in circumference, which limits the size of firecrackers that can be sold to only the very small varieties.

It was also pointed out that if anyone sold firecrackers beyond the maximum size all their property could be confiscated and sold to pay the tax.

The state statute, which prohibits the sale of the cannon crackers, reads in full, as follows:

"Tax on dealers in cannon crackers, etc.—From every person, firm or corporation engaged in the occupation of selling cannon crackers, or toy pistols used for shooting explosive cartridges, within this state, an annual tax of \$500 and counties and incorporated cities or towns in which such business is located shall have the power to levy a tax of one-half the above amount as now provided by law in addition to the above tax, and such person, firm or corporation so selling such cannon crackers shall be required to pay an additional license for each separate establishment or place in which such can-

non crackers shall be sold, by the term 'cannon cracker' is meant any firecracker or other combustible package more than two inches in length and more than one inch in circumference, commonly sold and exploded for the purpose of amusement. Nothing herein shall be construed as to prohibit the sale of, or to place a tax on the sale of cartridges, combustible packages or explosives commonly used for firearms or artillery, mining, excavating earth or stone, scientific purpose or for any public or private work."

Brothers Will Head Churches In England

By United Press

LONDON.—The Church of England and the Church of Scotland will be headed simultaneously by two brothers next May, when Rev. Marshall Buchanan Lang formally is elected moderator of the general assembly of the latter church.

Rev. Lang is a younger brother of the Archbishop of Canterbury, head of the Episcopal Church of England. He was recently nominated at a meeting of the general assembly of the Church of Scotland in Edinburgh.

The father of the two church leaders was at one time minister of the Church of Scotland, and later principal of Aberdeen university.

The new moderator has been minister at Whittinghame for 16 years.

CANADA SHOWS BIRTH INCREASE

By United Press

OTTAWA, Ont.—Births and marriages in Canada increased during October in 1934, compared with the same month in 1933, while the number of deaths remained practically unchanged, a government report here shows. Registrations from 70 cities and towns in the Dominion showed that births increased by five per cent and marriages by 10 per cent.
