New Books for Young People Available at County Library

The Castro County Library has received the following new children's and young people's books:

"If It Weren't For You," by Charlotte Zolotow. This is an easy book about an older brother's speculation on how glorious it would be not to share everything.

"What's A Ghost Going To Do?" by Jane Thayer. This is another book about the popular ghost, Gus. It is an easy book.

"MY MOTHER AND I," by Aileen Fisher. This is an easy reading book written in poem form with beautiful illustrations.

"Sam, Bangs & Moonshine," by Evaline Ness. This is an easy reading book about a girl named Samantha, her cat, Bangs, and her dreams, moonshine, her father says. It is a humorous book and won the Caldecott Medal award.

"First Book of Mexico," by Sam and Beryl Epstein. This book for junior readers has excellent pictures in it. The text has a little history of Mexico but mainly describes the Mexico of today.

"MOBILES," by Harry Zarchy. This is a hobby book for junior readers telling how to make 14 different mobiles.

"Betty Crocker's New Boys and Girls Cookbook." How does Pigs in blankets, bunny salad, silhouette sandwiches, finished off with confetti pie and a red rouser appeal to you?

"The Little Man," by Erich Kastner. Maxie was a most unusual boy. He was only two inches tall and wanted more than anything to be in the circus. This is a junior fiction book.

"THE INCAS," People of the Sun, by Victor W. von Hagen. This is a book for junior readers about the Inca Indians.

"Pick a Peck of Puzzles," by Arnold Roth. This book for junior readers contains puzzles re-buses, riddles, codes, mysteries, word games, etc.

"The Triumph of the Seeing Eye," by Peter Putnam. This book tells the story of the breakthrough which occurs each time a dog and a blind man are

Poppy Byrnes to Vie For 'Wheatheart' Title

Miss Byrnes

Poppy Byrnes, the reigning "Miss Dimmitt," will vie for the "Wheatheart of the Nation" title in Perryton Saturday night.

The 17-year-old Miss Byrnes, daughter of Buddy and Jean Byrnes, will be sponsored in the Wheatheart Pageant by the Dimmitt Jaycees.

THE ANNUAL beauty pageant will be held in the air-conditioned Perryton High School auditorium at 7:30 p.m. Saturday. The high school is located at 1102 S. Jefferson St. in Perryton.

Since winning the "Miss Dimmitt" title in May, Miss Byrnes has added another star to her

heart of the Nation has been a high point of the area since 1947. Judging is based on beauty, personality, poise and figure.

The girl selected as Miss Wheatheart will receive an all expense paid trip to eastern Canada, including the Canadian National Exposition and the Canadian world's fair, "Expo 67," in Montreal, where she will make radio, TV and public appearances.

Texas Bee Picture: Sweet But Short Crop

Beekeepers in Texas, on July 1, had an estimated 234,000 colonies of bees, 2 percent less than a year ago. The Texas Crop and Livestock Reporting Service said the number ranks Texas third in the nation. Condition of colonies on July 1 averaged 75 percent of normal and nectar plants 68 percent of normal. The relatively low condition of the colonies and nectar plants was attributed to the dry spring and summer weather in many areas of the state.

Palo Duro Park Reports 'Boom' Worth \$543,000

Park visitors in Palo Duro Canyon State Park have been startled by the resonating booms coming from Sunday Canyon in the area of the Devils Tombstone. However, these are sounds of progress — not the echoes of some long forgotten Indian battle.

JERRY MULLICAN, park superintendent for the Texas Parks and Wildlife Department, said the sounds comes from blasting operations in the old quarry last used by the Civil Conservation Corps in the mid-1930's.

The old sandstone quarry was reopened recently to provide material to be used in massive improvements in facilities at the 15,000-acre state park. Some 3,000 yards of sandstone will be quarried and used in building a new entrance to the park, a concession building, additions to the headquarters building and new restroom facilities.

Park planners say the new facilities will be of the same architectural styles as those already established in the park. Original construction at the park was begun by the CCC in the mid 30's but was never finished due to World War II.

THE ECHOES through the prehistoric canyon are the forerunners of a \$542,988 massive reconstruction job. Already underway is construction of three miles of roads and two paved parking areas. Other construction in the park is scheduled to begin soon.

NEGLECT

This highway began to decay the day that it ceased to be used and repaired. Deterioration sets in with the onset of neglect. When a nation's spiritual life is neglected there is a possibility that nation will not long endure. Let us strengthen our nation and our society by attending church regularly and reaffirming our faith in God.

"And let us consider one another to provoke unto love and to good works: Not forsaking the assembling of ourselves together as the manner of some is; but exhorting one another: and so much the more, as ye see the day approaching."
Hebrews 10:24, 25.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Sen. Tower

Stokley Carmichael Owes An Explanation

By SEN. JOHN TOWER (R-Texas)

All of us continue to be deeply concerned about the summer's outbreak of civil disorders and riots. The questions confronting us now center on why these disorders happened.

WE HAVE heard a very great deal about the internal, social frustrations that supposedly engage a few of our people to lawlessness.

But, I would like to suggest to you today that there may well be other contributing causes for this summer's lawlessness — external causes.

I refer to the almost universal feeling that agitation and exploitation of these disorders has been organized and encouraged by forces outside American society the subversion of American society.

WE CANNOT now say for a fact that this theory of outside agitation is true, but it certainly is one of the first and most important questions to which the congressional and presidential investigators must address themselves.

In many of the cities where disorders have occurred local citizens have witnessed demagogic rabble-rousing by certain unscrupulous spokesmen whose words clearly are designed to inflame passions and to incite small-scale disturbances that can be turned into large-scale tragedies.

For many, many months American citizens have been treated to the "Black Power" harangues of one Stokley Carmichael of the Student Non-Violent Coordinating Committee. More recently, the spokesman for this group — popularly known as "Snick" — has been one Hubert (Rap) Brown.

THOSE OF US here in the nation's capitol were treated just recently to an example of Brown's outright call for violence among Americans. His appearance in a small Maryland town was followed by vandalism by teenagers whom police said had just been "rabble-roused a bit too much lately."

The point which our investigators must pin down about Stokley Carmichael and Rap Brown is just this — Do their agitations represent part of an organized, foreign-dominated program aimed at open guerrilla warfare inside the United States?

I can only suggest that as a priority matter our investigators take a close look at what has been happening in Havana, Cuba, the past weeks: at who is there; and at the public ties between the Student Non-Violent Coordinating Committee and pro-Communist action groups in Latin America.

THE FACTS of the matter are that in Castro's Cuba the communist parties of Latin America have been holding a massive conference of what they call the Latin American Solidarity Organization. This Havana communist

meeting was dedicated to nothing less than the exportation of communism to a dozen other Latin countries. More important, the Solidarity Conference was talking publicly for the first time of direct subversion inside the United States, including guerrilla warfare.

Present in Havana for this planning session was none other than Stokley Carmichael of "Snick." He has associated his "Black Power" movement with communist aims, and he was called for a "revolution" inside the United States, and for the assassination of our President.

This was not Carmichael's first venture into the realm of Latin communism. Last January, in a little-noted but increasingly significant action, Carmichael participated in pro-communist demonstrations against the government of Puerto Rico and then established an official alliance between his "Snick" and the communist-dominated "independence" movement in Puerto Rico.

On Jan. 26 Carmichael signed a protocol of agreement pledging "concerted actions" inside the US in cooperation with his Latin co-leagues.

THE GROUP with which Carmichael allied his American agitation group had just three days earlier referred to itself as "a bridge over which world revolution can penetrate into the United States."

Thus, the Cuban-organized communists made it no secret at all that their ultimate target is our country. They are busily training revolutionaries to carry Red subversion throughout our Hemisphere. They pointedly say that "the duty of every revolutionary is to make revolution."

The United States would be blind, indeed, not to recognize the open ties between Cuban communism and the persons who are doing their best to stir up lawlessness and destruction here at home.

AMERICANS do not even like to think about the possibility of internal subversion and internal fighting. But there are those in this world audacious enough to plan for exactly that.

I believe Americans have every right to demand that this situation be thoroughly examined and explained. Any persons engaged in plots aimed at eventual overthrow of our society are nothing less than traitors and should be dealt with accordingly.

Field Agronomist Strongly Urges Forage Analysis

A forage test is a valuable tool in developing economical livestock feeding programs. And Dr. J. Neal Pratt, extension agronomist at Texas A&M University, says forage testing not only lets a livestock producer know the quality of the forage he is feeding but also can serve as an aid in evaluating forage production practices and methods of fertilization.

PRATT SAID that forage samples received at Texas A&M's Agricultural Analytical Laboratory last year showed a tremendous variation in quality. Several grass samples contained 17 percent or more crude protein while many others contained less than 10 percent, he said. Without a forage test, the livestock producer is simply guessing as to the quality of his forage. The result is that many producers feed too much or too little supplemental feed — a costly mistake either way.

Pratt lists the major factors influencing forage quality as the amount of plant food the crop received and the stage of maturity when it was harvested for hay.

The agronomist says that county agents can supply information on how to take forage samples and where to send them for analysis.

A 21-VOLLEY SALUTE breaks the stillness at Castro Memorial Gardens last Thursday afternoon as this seven-man rifle squad from Amarillo Air Force Base pays tribute to George Wall, 22-year-old Navy technician, who died July 29 aboard the USS Forrestal. First Methodist Church was filled

to capacity for the funeral and a large crowd of friends gathered at the cemetery for the military graveside rites. Wall, son of Mr. and Mrs. Fred Wall of 700 W. Grant St., was the first Dimmitt man to lose his life in the Vietnam conflict.

THE FLAGS under which George Wall had served are brought to salute position by the color guard as a bugler across the way plays "Taps" during military graveside honor rites for George Wall at Castro Memorial Gardens last Thursday afternoon. Stores and public buildings closed from 2 to 4 p.m. and flags in the city flew at half mast all day.

Four Are Due For Induction In September

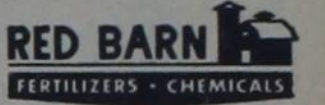

Fifteen young men in the area will take their pre-induction exams and four will be inducted during September under the quota set for Local Selective Service Board 18 of Hereford. STATEWIDE, draft boards will be called upon to furnish 1,180 men for the armed forces in September, according to Col. Morris S. Schwartz, state Selective Service director. This compares with quotas of 1,421 for August, 974 for July, 975 for June, 885 for May and 675 for April. Selective Service boards in Texas will call approximately 4,000 men for pre-induction examinations next month, Col. Schwartz said, after scheduling 6,220 for examination during August. THE TEXAS quota of 1,180 inductions for September is the state's share of a national call of 25,000, all for the Army.

Dead Spots in Your Grass? Check First for 'Fade-Out'

If dead spots are appearing in your lawn, fade-out may be the cause rather than cinch bugs or other insects.

SPECIALISTS with the Texas Agricultural Extension Service at Texas A&M University say that fading-out resembles the damage done by cinch bugs or bermuda mites, but it results from improper turf management. The absence or presence of insects may be the deciding factor.

During the hot, dry summer months the grass is under the stresses of low moisture, imbalanced fertilizing, improper mowing and build-up of thatch. In the weakened condition brought about by this stress, the grasses are attacked by disease causing organisms that cause the fading-out.

Precautions against fade-out include the proper watering of the turf. Stress occurs when the grass has been lightly and frequently watered. This causes the grass to develop a shallow root system and a sensitivity to drought

conditions.

ANOTHER factor in the control of fade-out is the maintenance of a balanced fertilization program, including nitrogen, phosphorus and potassium. When using a nitrogen fertilizer, homeowners are cautioned that excessive use can favor fade-out and the proper balance of fertilizers should be made before buying.

Soil compaction in some areas of the lawn prevents water infiltration, nutrient penetration and gaseous exchange between the soil and the atmosphere. This contributes to fade-out, and aeration of the soil in well traveled area of the yard is suggested.

Fade-out also results when trees grow thick foliage because of heavy watering and added fertilizer. This thick canopy shades out the grasses and when the grasses are mowed and the leaf surface is reduced, fade-out results.

FREQUENT mowing of the grass to avoid cutting over one third of the total leaf surface is

Beef Institute Slated at A&M

"The Future of the Industry" is the theme for the 1967 Institute to be held at College Station's Ramada Inn, Sept. 21-22, reports Ed Uvacek, Extension livestock marketing specialist.

Some 300 representatives from all levels of the livestock and meat industry are expected to attend. Feature speaker will be Congressman Graham Purcell from Wichita Falls.

recommended to protect against fade-out. Mowing too close weakens the grass and mowing after the grass is too long builds up an unhealthy layer of thatch. This thatch is the layer of partially decomposed material under the grass. It decreases the vigor of the grass by restricting the movement of water, air and fertilizers to the soil.

If these suggestions are followed and the signs of fade-out still appear in the yard, then the application of a fungicide such as maneb may be necessary. Two or three applications should be made at 14-day intervals to protect the grass during the recovery period.

By WES ANTHONY

While I was standing on the corner waiting for the light to change, a very congenial looking fellow came up and we started talking, just as several trucks of cattle passed by. He remarked that he wished he could take a load of them back home with him so that his people could see some real live cattle.

"Look there - what is that?" he asked.

"Well friend, that is a load of wheat which may be going back home to make you some bread."

"And here comes something different."

"Well, sir, that is maize, our largest source of income in the Golden Spread. It may go to a feed lot to feed those cattle or it could be shipped to your part of the country and processed into starch, or cooking oil."

"And look here, what about this?"

"That is a load of the best cabbage and lettuce you ever tasted. It is going to the vegetable plant and will be shipped to most anywhere."

"Now, what in the world is this yellow-looking load coming here?"

"Well, sir, that is carrots that sure do make good vegetable salad or carrot juice."

"Boy, oh boy, wouldn't I like to have one of those juicy looking tomatoes coming yonder, or some of that real tomato juice."

"And do you like cucumbers? Well, there is a load of them going to a pickling plant. And look here - some onions. A hamburger would not be a hamburger without onions. And over there is some corn ensilage going to one of the feed lots."

"And look, here comes a load of something in sacks."

"Well, friend, that is some real Irish potatoes. You sure would like them. And here is some alfalfa used in livestock feeding."

"WELL, A few months later I chanced to meet this same man on the same corner and this was the conversation this time:

"Here comes something we did not see before. Yes sir, that is some soy beans that makes wonderful soy bean meal, and here are some castor beans that motor oil is processed from. And here comes a trailer loaded with cotton. That shirt you have on may be made of cotton. If you like sugar, here comes a load of beets. And speaking of something sweet, my neighbor has the best watermelons, cantaloupes and peaches

to be found anywhere." He turned to me and said, "This has been a wonderful experience, I just wonder if there is anything you do not raise here?" "Yes sir," I said, "there is one thing I can think of. We are a happy, friendly, busy people and we do not have time to raise hell!"

Library Releases List Of New Books Received

The following books are new books recently received at the Castro County Library:

"YOU LEARN by Living," by Eleanor Roosevelt. Mrs. Roosevelt has expressed her basic philosophy of life in this book and gives her answer to such problems as how to conquer our fears, how to get the best out of ourselves — and other people, how to be an intelligent and active citizen and many others.

"The Story of Vietnam," by Hal Dareff. The emphasis of this book is on modern times, but it tells the history of Vietnam's 1,000 year struggle to free itself of Chinese rule, its nine centuries of independence and growth and its conquest by the French in the 19th century.

"The Captain," by Jan De Hartog. This is a novel of the sea and takes place during the second World War. Its theme is the making of a captain.

"Fantastic Voyage," by Isaac Asimov. This is a science fiction about an amazing journey through the human blood stream when a brilliant refugee scientist

who is the victim of an attempted assassination, lies in a coma with a blood clot in his brain.

"TOMORROW'S Children," edited by Isaac Asimov. This book is a collection of 18 tales of fantasy and science fiction.

"The Jewel in the Crown," by Paul Scott. This is the story of an English girl in India and begins in 1942 and comes up to the present time. The book describes the political and social crisis of India and its total atmosphere.

"When the Lion Feeds," by Wilbur A. Smith. This novel takes place in South Africa at the time of the gold rush in the 1890's. The main character, Sean Courtney, raised in the cattle country has many exciting experiences fighting Zulu tribes, hunting for ivory treasure and go'd.

"It's All News to Me," by Bob Considine. One of the best known reporters in journalism today recounts as eyewitness many of the historical and hysterical events that have determined the course of recent history. He has stories of great personalities.

"IN COLD BLOOD," by Tru-

man Capote. This is the true story of the murder of the Clutter family in Holcomb, Kansas, and of the capture of the murderers.

"Blueprint for Teen-age Living," by William C. Menninger, M.D. Et al. The aim of this book is to ease the strain of teen years. The teen-ager will like the practical, down-to-earth presentations of high interest subjects written by a group of expert authors.

"Walk Together, Talk Together," by Katharine T. Kinkead. This book is about the American Field Service Student Exchange Program. It discusses the selection of students to be sponsored, the section of host families, the meticulous and engrossing process of matching the student and family.

"Family Clothing," by Tate and Glisson. This is an excellent book for planning the family wardrobe. Special attention is given to decision making in clothing and consumer information is provided on the buying and care of clothing.

"GIVE US THIS DAY," by Nathan Haverstock. This is the life of Sister Dulce, who was born in Brazil, and has devoted her life to the daily battle against poverty, disease, local corruption and bureaucratic indifference.

"Inside South America," by John Gunther. Here is another of John Gunther famous "Inside" books. He takes each of the ten republics and describes each — the gap between the rich and poor, land reform, population pressure, U.S. policy, Communism, church and army.

"This Strangest Everything," by John Ciardi. This is a book of poems by a contemporary American poet.

"H.M.S. Ulysses," by Alistair MacLean. This is a novel about a light cruiser and her last six days on the Murransk run. It takes place in the North Atlantic during World War II.

"THE ARCHDUKE," by Michael Arnold. This is a novel based on one of history's most romantic love stories. The Crown Prince of the House of Habsburg, fired a bullet into the head of his sweetheart, Maria Vetsera. A few hours later he turned the gun upon himself.

"The Chosen," by Chaim Potok. This novel takes place in Brooklyn in the 1940's. Two Jewish boys meet for the first time in a baseball game that turns into a holy war. One is the son of a rabbi.

MR. AND MRS. EARL LUST

... To be honored at open house Sunday

'BEST FLOAT' WINNER in the Hart Day Parade Tuesday afternoon was this 'child's garden of coiffures' by Soila's Beauty Shop.

The colorful entry featured seven bewigged young beauties around a sculptured fountain in a plush outdoor scene.

UNICYCLES stole the show as they careened past during the Hart Day Parade Tuesday. Winner in unicycle competition was Gail Reed. A riding club playday followed the parade.

MOUNTED RIDERS of all varieties were featured in Hart's parade. Winner of the bike division was Kelly King. The parade

also had riding clubs, antique cars, an old surrey, a miniature horse-drawn cart, fire engines and imaginative floats.

WAKE UP, KIDS!

Students Will Begin 'Checking In' Friday

Wake up, kids — it's nearly time for school.

Those glad tidings were re-emphasized this week when Supt. Paul Hilburn announced the beginning-of-school activities for Dimmitt Public Schools.

STUDENTS can register, pay their fees and buy their lunchroom tickets starting Friday, Hilburn said.

Pupils who attended grades 1 through 5 last year are already registered, "but checking in and paying fees will save waiting in line and reduce congestion on

Wednesday, Aug. 30," the superintendent reminded.

NEW STUDENTS will need to register before Aug. 28, he said, and students in grades 7 through 12 must pick up their class schedules prior to Aug. 30.

All school principals are already on duty in their offices to aid students in pre-registration.

LUNCHROOM tickets will cost more this year. Prices will be 35 cents per meal for grades 1 through 3, 40 cents for grades 4 through 8, 50 cents for high schoolers, and 60 cents for

adults.

"This increase was necessary because the lunchrooms have lost money the past two years," Hilburn said.

Teachers will report to work Aug. 28 at 9 a.m. for a general faculty meeting in the Dimmitt High School auditorium.

CLASSES will start Wednesday, Aug. 30, with a full school day on tap. After taking Sept. 4 off for Labor Day, students will get back to their daily school routine. Buses will run on the same schedule as last year, Hilburn said.

Bethel News

Annual Chicken Fry To Be Held Tonight

By MRS. J. T. STEHR

THURSDAY NIGHT, Aug. 17, is the time chosen for the Bethel annual chicken fry. Be sure and tell all your friends and everyone to come. Have your chicken and shortening at the community building by 6 p.m., bring dessert, salads, pickles, etc. 8 p.m. will be the time to eat, if you can't possibly get your chicken over to be fried in the pot, fry it at home and come on over and eat with the rest of us.

Mr. and Mrs. Earl Lust are inviting all their friends to help celebrate their golden wedding anniversary Sunday, Aug. 20, from 3 to 6 p.m. at the home of their James Bradfords at 1603 West Bedford. Additional hosts will be Lloyd Lust and Mrs. M. B. Settel of Lebanon, Tenn.

Also present will be Miss Lois Branson, sister of Mrs. Lust and

Mrs. Carl Godfrey of Columbia, Mo. Miss Lust is from Alhambra, Calif. No cards will be sent locally, so let's all drop in and extend our best wishes to Mr. and Mrs. Lust.

MR. AND MRS. Jack Ingram visited her father, R. M. Morris and her brother and family, Mr. and Mrs. R. G. Morris at Petersburg Sunday.

Mr. and Mrs. Don Gilreath and daughters visited his mother at Needmore Sunday and returned home by her parents at Littlefield, who were celebrating their 40th wedding anniversary.

Matt and Gaines Howell went to the Hawkins Graduation Center at Hart with the Sunbeams Thursday night.

GIRLSTOWN can use jelly, preserves and jam, but they cannot accept home canned vegetables. If you have enough vegetables to take to a cannery with a license, you may get them canned and they can be accepted.

The 110 folding chairs have been ordered, but a few books of stamps are yet needed. Mrs. Don Gilreath's home was the scene of a coffee Tuesday for Mrs. Elbert Smith. Several guests attended, but I failed to get all their names, as well as

the names of all the hostesses. Mrs. Smith was presented a diamond tote bag and a coffee coat.

FRIDAY the Jack Howells took a horse to Throckmorton, to be trained by a friend, Hartsell Ash. The Howells spent the night, returning home Saturday.

Mrs. Charles Wales and daughter attended the Senior Recital of her niece, Joan Dawson Sunday.

Matt and Gaines Howell spent Saturday night with their parents, the Carl Lees at Sumnerfield, when their parents went to Childress Saturday night for the activities there. Sunday night the Howells ate supper with the Lees and returned the boys home.

Wednesday night the Jack Howells, the Brown L Smiths and Jim Howell's went to Clovis for Mexican supper.

Fo Lust has returned home from the Camp Fire Girl's Camp in New Mexico.

Mr. and Mrs. Charles Wales attended a bridge party at the home of the John Gilbreath's Tuesday night.

MRS. MONTE BOJZER honored Mrs. Wesley Smith with a surprise coffee Thursday. Mrs. Smith was presented a diaper tote bag and a make up kit. Present were Mrs. Jack Howell, Mrs. James Welch, Mrs. Houston Lust, Mrs. Rex Wooten, Mrs. Charles Wales, Mrs. Jack Ingram, Mrs. Roy Dale Underwood, Mrs. Don Gilreath, Mrs. Kay Young, Mrs. Elbert Smith and Mrs. Bojzer.

The Bob Langfords of Ruidoso, N.M. spent the weekend with his cousin and family, the Mike Langfords.

Mr. and Mrs. Monte Bojzer and children visited in the Joe Bojzer home Sunday. They are Monte's parents.

Mrs. Wesley Smith and children visited in the home of her parents in Hereford Wednesday.

Mrs. Ed Hughes and sons of Maricopa, Ariz., visited in the Earl Lust home Saturday. Mrs. Hughes was formerly a neighbor of the Lusts.

Mr. and Mrs. George Bagwell and Mr. and Mrs. George Sides and family have been spending a few days in Colorado. We hope they don't come home with any bear tales.

The Charles Wales children had a vacation in Tres Ritos, N.M. with their grandparents, Mr. and Mrs. Cleavinger of Dimmitt.

While on vacation in Colorado, Mr. and Mrs. Fred Bruegel Jr., and children visited all the sights they felt would interest the children, and also got in a lot of swimming. They visited the Art Klapp family, formerly of Dimmitt.

Mr. and Mrs. Delbert Timmons and children spent Sunday in the Ed Mayhew home. Monday Mrs. Mayhew took her mother, Mrs. Jucett to Painview to enter the hospital for a vein operation.

All the Bruegels went to Childress Saturday to see Mike play in the Greenbelt Bowl. All reports are that a wonderful time was had by all who attended the game and queen contest.

'Freedom' Observance Hits High Gear Today

Castro County residents and visitors will count their blessings, pay tribute to their freedoms and have a rip-roaring good time today, Friday and Saturday in the climactic events of the annual Roundup.

THE COUNTY celebration swings into its busiest day today with the Old Settlers' Reunion starting at 10 a.m., Roundup Parade at 4:30, grand entry and first performance of the three-day Roundup Rodeo at 8 p.m., and rodeo dance at 10:30.

Naturally, there'll be plenty of food, too. On tap today are two public meals — the old Settlers' outdoor dinner on the courthouse square at noon and a barbecue at the Catholic Community Center in East Dimmitt from 6:30 to 8 p.m.

'FREEDOMS of Yesterday and Today' is the celebration theme, and county residents have already spent four days getting into the spirit of things.

Events started Friday night with a western dance at Nazareth and have included a talent show Saturday night, a street dance at the courthouse square Monday night, a Hart Day parade, reunion and playday Tuesday, and a community sing in the Dimmitt High School auditorium Tuesday night.

THE SECOND rodeo performance and after-rodeo dance will be Friday night, and the Roundup will wind up Saturday with a pet show at 1 p.m., a youth play

day at 2:30 p.m. (both at the courthouse square) and the rodeo finals at 8 and dance at 10:30.

Old Settlers' Reunion

Elmer Dixon and Mrs. Ted Sheffy are co-chairmen of the Old Settlers' Reunion, which will get underway today (Thursday) with registration at 10 a.m. in the courthouse foyer.

The reunion will be a combination of old and young 'dressed' in pioneer costumes, western dress and modern clothing.

AN OUTDOOR lunch will be served under the huge shade trees on the south side of the courthouse square at noon, and is open to the public. All local residents attending should bring a covered dish.

At 1:30 p.m. the Old Settlers' Association will elect new officers and set the date for next year's reunion.

Parade

Co-Chairmen Maurice Campbell and Jimmy Presley are predicting a big, big parade today.

Although it apparently won't have a band, the parade will feature at least 11 riding clubs — almost twice as many as last year — plus floats from every community and many civic organizations, commercial entries, antique cars, decorated bikes and flag-bearing marchers.

THE PARADE will assemble at the Dimmitt Gin Yard on US 385 south at 1 p.m., and entries will be judged there at 2 p.m. The parade marshal will lead off at 3 p.m. sharp.

Riding clubs will be judged by rules of the American Association of Sheriff Poses and Riding Clubs, and trophies will be awarded to the first, second and third place winners in both junior and senior divisions. Presentation of trophies will be at the rodeo Thursday night, just after the grand entry.

FLOATS and individual entries will be judged on four main points: (1) Following the theme, "Freedoms of Yesterday and Today," (2) Portraying a message, (3) Originality, and (4) Appealing to the senses.

Categories for judging are: Division I — Organization floats. Cash prizes of \$25 for first, \$15 for second, \$10 for third.

Division II — Community floats. Cash prizes of \$25 for first, \$15 for second, \$10 for third.

Division III — Individual entries. Trophy and ribbon prizes.

Division IV — Antique cars. Trophies for first, second and third place.

Division V — Youth division. Trophy and ribbon prizes for the best floats, group and individual entries.

Rodeo

The Roundup Rodeo will begin with the grand entry at 8 o'clock tonight (Thursday) and will continue with the same opening times Friday and Saturday nights, with dances following each performance.

DIMMITT GIN is the rodeo headquarters, and Dale Carmichael is chairman of the event, which is expected to draw top amateur riders and ropers from throughout the tri-state area.

Events will include bareback and saddle bronc riding, calf roping, team roping, bulldogging, barrel racing and bull riding.

Charlie Phillips and the Sugar Timers will play for all three rodeo dances, which will be at the Catholic Community Center near the arena in East Dimmitt.

Pet Show

Dr. David Bechtol, chairman of the annual Pet Show which will be held at 1 p.m. Saturday at the courthouse square, said any breed of dog or cat — or any combination of breeds — is eligible.

PETS AND their owners will be awarded ribbons on longest hair, shortest hair, pet from the greatest distance, most spots, "and just about anything else," he said.

"Cats will be judged before the dogs to avoid confusion," Dr. Bechtol added.

Youth Day

Youngsters from 6 to 12 will compete in a tug-of-war, court-house relay race, sack race, football punt and pass contest and a treasure hunt Saturday afternoon during "Youth Day" activities.

CHARLES HOTTEL and Red Hill, co-chairmen, said Tramp Dumbbell will be on hand to entertain the youngsters also, and the public is invited to come out and watch the youth activities. Events will get underway on the square at 2:30 p.m.

Help Is Asked in Organizing County Historical Survey Unit

Haze Merritt, Castro County member of the Texas Historical Society and chairman of the county's Historical Survey Committee, appealed this week for a county-wide campaign to secure bronze state markers for the county's main historical sites.

SHE is scheduled to outline the project in a speech at the Old Settlers' Reunion today (Thursday).

Miss Merritt was appointed by the county commissioners court to head up the historical survey unit, which will work as a branch of the Texas Historical Foundation to preserve, restore and record historical sites and facts, and place markers.

"YOUR HELP is needed to organize and promote the work," she said. "I have names of some interested persons, and I feel sure there are others. Let me know if you are interested. Let me know also if you have a neighbor who is too timid to offer information, or who is too busy."

She has already drawn up a tentative list of sites for possible marking. The list includes: McKenzie's route along Running Water Draw; Summerfield's Hub or Dameron's Corner; old

Flag Ranch headquarters; first school building, now owned by Jack Cowart; the Hart House, where Hart's first post office was located; the old Estes home in Dimmitt; oldest living tree; any early ranch headquarters; location of the first deep water well and first irrigation well; early dugout; sites of first church; site of Castro City, which was organized July 10, 1882 and vied with Dimmitt for county seat; Rabbit Drive; and the first Fort Worth & Denver train in 1923.

Panhandle Pike Show Fast Growth

Rapidly growing northern pike, experimentally released five months ago in Greenbelt Reservoir 60 miles east of Amarillo, have grown to 10 inches in length, according to Game Warden Carl Carter of the Texas Parks and Wildlife Department.

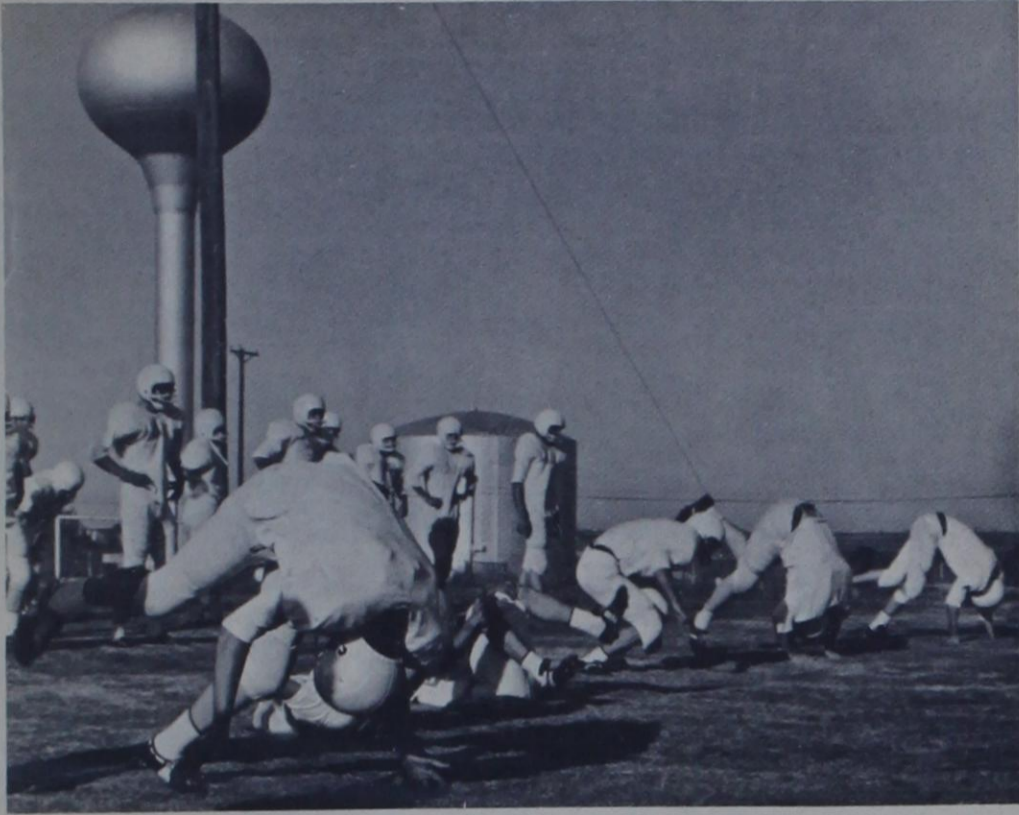

FISHERY personnel of the department, in cooperation with the US Fish and Wildlife Service, released 150,000 tiny northern pike in early April, hoping the pike would prey on the high shad and carp populations in the lake. Early indications are that survival and growth are good in the cool Panhandle Lake.

An additional 100,000 northern pike fry were released in Buffalo Lake near Umbarger at the same time, but none of these have been recaptured so far.

MARION TOOLE, fisheries coordinator for the Texas Parks and Wildlife Department, estimated northern pike will average about 20-25 pounds in Texas waters and reach a length of 40-50 inches.

'HUT! . . . NOW, FLIP!'

. . . Bobcats get early-morning wake-me-up

'NOW, HERE'S HOW WE HUDDLE'

. . . Coach Brown L Smith explains the formalities

Cats Start Two-a-Day Workouts

With a lot of shouts and groans, 50 potential Dimmitt Bobcats started two-a-day workouts Monday morning to mold themselves into a football team.

THE YOUNG gridgers, mostly sophomores, already have their immediate goals before them — to prep for the "cut" when the A Squad is pared to 26-28 players, and to get in shape for a pre-season scrimmage at Clarendon Aug. 22.

Head Coach Brown L Smith's Bobcats have only four starters back — two on offense and two on defense — from the 1966 team that posted a 5-4-1 record and finished in a tie for third in District 3-AA.

The returning starters are fullback David Land, who made all-district as a sophomore last year, senior halfback Ronnie Hallon, senior linebacker and co-captain Ronald Johnson, and senior de-

fensive halfback and co-captain John Hays.

OTHER lettermen returning are senior Don'd Johnson, junior tackles Lee Buchanan and Durwood Strickland, senior end Lint Merritt, junior end Larry Gambel, junior halfback Jimmy Coleman, and sophomore halfback Dany Newton.

They're working out at Bobcat Stadium from 3 to 10 a.m. and from 7 to 9 p.m.

In addition to their Clarendon encounter, the Bobcats will host Bovina in a second pre-season scrimmage, Smith said. Date of the Bovina tilt here hasn't yet been set.

Speaking to the Dimmitt Jaycees last Thursday, Smith described his 1967 Bobcats as "smaller . . . but quicker" than last year's.

'WE'LL BE A lot smaller this year — probably 155 to 160 in the line," he said. "The backfield should be faster, though, and we're going to be quicker this year."

He said this combination will provide Dimmitt fans with "a more exciting brand of football this year."

"Last year we had no speed but good size," he explained, "and we had to concentrate on four-yard plays and a strong defense. This year we've got some fast boys and some who can move real well, and we're going to try to break a few teams."

PRESEASON forecasts leave the Bobcats as a big question mark in District 3-AA.

Oilton, last year's spoiler, will have a big advantage with five offensive and six defensive starters back, but the Whirlwinds are expected to be classy. Lockney, the cellar team of '66, has 16 starters back (nine on defense and seven on offense), while Friona has 10 starters returning — five and five — from the team that posted a 4-5-1 mark last year.

FLOYDADA, last year's co-champ, has been as hard hit by three offensive and two defensive starters back, but the Whirlwinds are expected to be classy. Lockney, the cellar team of '66, has 16 starters back (nine on defense and seven on offense), while Friona has 10 starters returning — five and five — from the team that posted a 4-5-1 mark last year.

ABERNATHY, 7-3 last year, has three offensive returnees and five defensive starters back. Hale Center has five returnees, including quarterback Bert Ferguson, the school's finest passer in years.

SMITH MADE IT clear in his talk to the Jaycees last Thursday that his Bobcats are going to shoot high this season.

"Floydada and Oilton are supposed to be the big dogs — they're

probably the favorites to win district," he said, "but I think our boys will play both of those teams a real good game. We're not going to give away anything to anybody."

Bruegel Named Tri-Captain; Does Yeoman Service for East

Mike Bruegel, Dimmitt's all-state guard, tri-captained the East All-Stars and saw action in every quarter of the Greenbelt Bowl football classic in Childress Saturday.

BRUEGEL PLAYED both of offense and defense for the East and gave an outstanding performance, his former coaches said.

The West All-Stars, pre-game favorite, won the bout by a paper-

thin one-point margin, 13-12.

IN THE Greenbelt Bowl Queen Contest, Keith Ann Howard of Dimmitt was named first runner-up of more than 30 contestants. She competed Friday night and was featured in the Greenbelt Bowl Parade Saturday afternoon.

Nazareth Wins Playoff Over Umbarger, 18-17

By Mrs. Florance Albracht
In the Irrigation League playoff games between Umbarger and Nazareth, in a wild game at the Nazareth Park Tuesday night, Nazareth won 18-17. The score was 5-2 in Nazareth's favor when a norther blew in, blowing dust on the playing field, causing lots of errors and making pitching almost impossible. Nazareth has won two out of three and will now play the winner of Hereford-Amarillo playoff.

Baptist Church Adding Class and Dining Area

By Mrs. Owen Andrews

After Sunday morning services at Frio Baptist Church, a short ceremony was held outside the building when D. C. Miller, building contractor, explained briefly the dimensions, type of construction and purpose of rooms to be added to the church.

Rev. Sam Ogan conducted the

meeting and Mrs. B. H. Baldwin turned the first spade of dirt to start the building, which is to consist of several classrooms, a dining hall, rest rooms and storage space.

All the improvements will be included in a building added at the south end of the north wing of the present building. Work is to start this week.

PLANS ARE being made for a youth-led revival on the weekend of Aug. 24-27 at Frio. Preacher will be Bill Smith, and music leader Mike Smith, both of whom are students at Baylor University and both of whom are from Owensboro, Ky. They plan to be in the community beginning Tuesday.

The Floyd Cole family visited Cole's sister, Mrs. Harold Shearhart and family at Vinita, Okla., during the weekend.

Mrs. Raymond Mobley, Kirk and Karla of Farmington are here visiting their relatives, the Mobley and McMahon families, for a few days.

Mr. and Mrs. Earl Reno, Midland, spent the weekend visiting her mother, Mrs. H. M. Mobley and other relatives here.

Mrs. Owen Andrews visited the George Zetsches Friday, and brought Ann, Coy and Jim home for a visit. Coy spent the night as did Elizabeth Andrews, her cousin. The Zetsches cannot refer the others after attending the Kiwanis banquet that evening.

THE HERBERT BRUNS and the Glenn Andrews of Elter spent the weekend at Red River, camping out.

Mrs. Charles Self Genesee and Tony, and Mrs. Aubrey Self returned home Monday from Oklahoma from visiting Mrs. Aubrey Self's parents and other relatives.

Visiting the Earl Harkins Sunday were the Art McChasins of Edmonson. On Monday the F. B. Harkins of Plainview, the Orville Hansens of Oklahoma and the Cecil Stencys from California, all relatives of Earl's visited the Harkins.

On Tuesday, Mrs. Bill Maddox of Sayre, Okla., came and spent the night in the home of her daughter, Mrs. Z. G. Newberry, and on Wednesday Mrs. Newberry and Virginia, Paul and Preston accompanied her home for a few days' visit.

MR. AND MRS. Ben Dean and family of Dallas brought her mother, Mrs. B. H. Baldwin home

Saturday after Mrs. Baldwin visited the first spade of dirt to start the building, which is to consist of several classrooms, a dining hall, rest rooms and storage space.

All the improvements will be included in a building added at the south end of the north wing of the present building. Work is to start this week.

ON SUNDAY morning, Linda West went home with the Deans for a few days' visit. Mr. and Mrs. H. E. Lindley and their daughter, Mrs. Jack Shirley of Friona, recently returned from a trip downstate. At Kilgore they visited a cousin, M. Netette Dreamer, at Dallas they visited a nephew, John Lindley; and at Winstero they attended a Lindley family reunion. Also, they visited nephew Dick Lindley at Wellington and J. P. Warwick at Tyler.

VISITING the John Simpsons during the weekend were their daughters, Mrs. Sam Lindley of Brownwood and Mrs. Leon Roberts of Wellington. Sunday the Robert Simpsons and J. C. Simpsons joined the family gathering and on Tuesday a granddaughter, Mrs. Ronnie Ford and daughter spent the night and went home to Wellington with her mother, Mrs. Roberts. Mrs. Ford had been in Nebraska with her husband, who was with a harvesting crew.

J. C. Simpson was in Hereford Hospital after having broken his ankle in a fall while working at the Bull Barn Monday. He expected to be released the last of the week.

MR. AND MRS. Elza Warrick, Phyllis and Norma Jean Odum left Amarillo July 31 for the trip to Anchorage, Alaska.

After three stops, they arrived there about 12 hours later. The Warricks' son, Don, had received his release from the Army, having spent most of his two years at Anchorage. On Wednesday the Warricks left in Don's car for the return trip. They drove over 1,200 miles, road delayed by seven late, and with headlights on all the way because of dust.

In Grand Falls, Mont., they visited Elza's brother, Sidney Warrick and family. At Anchorage they had visited Mr. and Mrs. Bobby Townsend, who are from here. Bobby is the son of Mr. and Mrs. Archie Townsend of Hereford, and does construction work.

The Warricks drove over 4,600 miles from Anchorage to Hereford, arriving here Wednesday — one week from the time they left.

PHYLLIS AND Mrs. Warrick and Judy Osborn spent the weekend in Dallas. They expected to attend the wedding of Jim Hancy, former Hereford resident, Saturday night in Dallas.

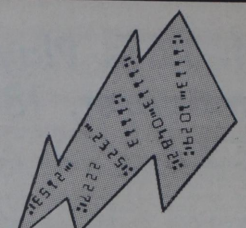

Mr. and Mrs. Elza Warrick and Mrs. M. B. Odum and Mike of Dimmitt went to Carter, Colo., during the weekend to take the Bruce Odums' car. Mrs. Odum and Mike expected to remain over a few days' visit with the Bruce Odoms.

Mr. and Mrs. W. H. Andrews attended a gathering of Mrs. Andrews' relatives at Marlow, Okla., during the weekend.

W. H. THOMPSON of Hereford was honored on his 71st birthday with a family gathering at the Bull Barn in Hereford Sunday. All of Mr. and Mrs. Thompson's 10 children and most of their families were present. They include Milton of Vallejo, Calif.; Wade of Muncie, Ind.; Mrs. Pauline Snow, Mrs. Allene Stary, and Mrs. Oma Ruth Irwin, all of Oklahoma City; Mrs. Tawana Hindeman and Mrs. Lavon Meacham of the Dallas area. Mrs. Florence Gregg of Guthrie, Okla.; Mrs. Gladys Cox and J. B. Thompson, both of Hereford. Most of the Thompson children have at some time or other lived in the community and several attended Dimmitt and Hereford schools.

Square Dance Tips

By MILDRED BAINES
Profile of a Square Dancer:
WHEN THE caller sings out, "Sets in order," a certain kind of person responds. He is then a happy, fun-loving person, who enjoys good fellowship and pleasant, wholesome entertainment. He wears a smile and displays a friendly attitude. He laughs at his own mistakes, and sets at ease others who make mistakes. Galle, envy, malice and hatred are far from his mind, for he thinks happy thoughts. He loves the precision and intricacy of the different formations for he has an orderly, well-disciplined mind. Tomorrow he may be just a little better person to be around because he has had a pleasant experience in active, friendly fellowship. Let's all make our Roundup Week one to be remembered.

And as an added service, First State Bank has purchased an encoding machine that can make any bank draft conform to the new ruling. With this machine, we can encode the FRS number of any bank in the US, and make any draft computer-ready.

Don't worry.

There's a lot of confusion now about the validity of customer's drafts and counter checks after Sept. 1.

Under a new Federal Reserve Bank ruling, effective Sept. 1, banks are required to have their Federal Reserve System number encoded on all their checks in magnetic-ink IBM numerals.

This is to allow the computerized sorting of the millions of checks and drafts that are processed through Federal Reserve branches, clearing houses, and banks that are "on computer."

The same ruling urges you to use encoded personal checks only, and it discourages the use of counter checks. In many areas, customer's drafts will no longer be available after Sept. 1.

But if you're a First State Bank customer, don't worry.

Our counter checks will still be usable after Sept. 1. Our FRS number has been encoded on our counter checks for more than a year now. All our checks complied with the new standard before it was set.

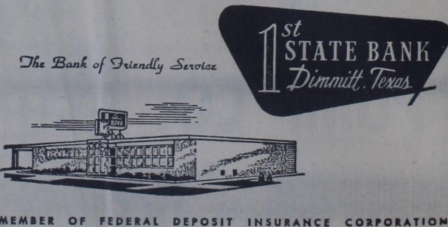

Also, we have a big supply of encoded counter checks from all our neighboring banks, and we'll gladly distribute them to any and all businesses here. They're as good as personal checks at their home banks.

So if you're a First State Bank customer, remember: When you find yourself without a personal check on hand, our counter checks are good. You'll find them throughout the area, and any bank will accept them.

And if you're a stranger in First State Bank territory, remember: Your personal, encoded check is always valid. If you find yourself without a personal check, look for an encoded counter check on your home bank — we'll accept that, too. If you can't find an encoded counter check, chances are that First State Bank will have one. If we don't have, we'll encode one for you.

We realize the necessity of computerized check processing in this credit age. But we also recognize an opportunity for service when we see one — and personal customer service is what built our bank. We'll still accept a check written on a one-by-six, if that's the way you want to write it.

First State Bank started on the strength of a man's signature and handshake. We intend to maintain that tradition. When you deal with First State Bank, the computers will serve YOU.

August Becomes 'Month of Brides'

By MRS. MYRTLE SHEFFY August has become the time of bride's showers and weddings instead of the traditional June. It seems as though there have been dozens.

Two showers were held Saturday. One in the home of Mrs. Frank Britt, for Sue Gee, who married Kenneth Lee Jones Monday, and one at the bank for Mrs.

Brice McRee, the former Martha Sharp of Hart. And of course, there was the party at my house for Georgene Blanton, who will marry Wednesday.

MR. AND MRS. Jerry Cluck were hosts at a "42" party Saturday night. Pick up foods, cake, punch and coffee were served to Norman and Sandra Nelson, who have moved back here from Sudan, Ronnie and Carl Farris, Richard and Charlene Hunter, Ted and Jean Robb, and David and Mary Bechtol. I think they plan to organize a monthly club. That will be fun.

MIKE BRUEGEL and Keith Ann Howard represented Dimmitt at the big Greenbelt Bowl celebration at Childress Saturday — a football game and the Greenbelt queen contest.

There were 33 girl contestants and Keith Ann was first runner-up. Keitha Morris of White Deer was named Miss Greenbelt Queen; she is a student at Texas University also.

The girls were all seated in boats in the big parade. One of Keith Ann's friends there was Miss Lubbock, who was in the Miss Texas contest. Her name is Jan Glen.

The Dimmitt folks I heard of who went, were all the Bruegels, the Hobrathschkes and Larry, the Brown L Smith's, Jones and Carolyn Hedrick, the Keith Howards, Mr. and Mrs. Roy Hunter of Amarillo, and Car'a Robertson. The crowning of the queen was at half time of the game.

STEVE MEYER, son of the Cliff Cooks, has arrived at Nha Trang Air Force Base in Vietnam. Maybe he will write the "News" a letter about his experiences there — how about it, Steve?

THE HOME talent show Saturday night was good! Linda Langford did a professional job with her "singing and stepping" act — and did you know that Vera Lee and Timmy Patton, children of Jack and Clara, have a fine act, singing and stuff. Several from Bovina were there and the "Missing Links" combo boys from Nazareth — no mistakes, just a loud band beat — got first in their class.

Rhonda Tidwell can play the piano nearly as well as Janice Mooney — just give her a few years. All were good — just can't name all of them, but must say that the Nazareth "Melody 6, Minus 3" make good toe-tapping sounds.

Bedford Forrest, emcee, told some good airplane jokes. He, Don Nelson, Ike Moore, Bill Henderson, Joe Land, Helen Richardson, Robert Benton and Bob Huckabay were all over the place.

Next we will see the Roundup Parade and Old Settlers' Reunion, then the rodeos. I will be among the greeters at the courthouse this morning (Thursday). Be seeing you there.

LARRY GAMBLE and Roger Henderson are home from a trip to Fort Worth and Dallas, where they visited friends. All went over or out, to "Six Flags Over Texas." The boys drove down in a small car and were very impressed with the bigness of the cities. They did visit an aunt of Roger's—who by the way is the son of Wayne Henderson. Both boys are on the Bobcat football squad.

FRANK BRITT is in the Veteran's Hospital in Amarillo getting well from recent surgery. They removed a tumor from his hip. Mrs. Britt says he is coming along fine.

Eupha Mae Griffin was telling me about the nice trip this week to El Paso. Bud won it, expenses paid, for selling the most fertilizer for Phillips 66. They have a tour planned for Juarez and the sights in El Paso. Nice banquets and parties are planned also. She must tell us about it.

EDD AND JOHNNY Wilson went to the Austin country to look at "light Okie" cattle (his words). They came back by Waco, then went to Odessa to visit his sister, Mary Jo Reynolds. Mrs. Wilson, his mama, came back home with them.

Keri Kirkpatrick and Debbie Wilson are visiting a few days with Debbie's aunt, Mrs. John Ethridge and family.

Tanya, Robert and Randy, the children of Mrs. Edd Wilson Jr., are visiting with their grandparents, the H. L. Cutrells in Tulsa.

Melvin Butler Jr., of Levelland, is a house guest of his cousin, Barbara Hansen, and family. Barbara is the daughter of the Walt Hansens, formerly of Hart now with Dimmitt Super Market. She will be a sophomore at Dimmitt High School.

RONNIE AND Wanda Nelson are home after a few months' service at Fort Ord, Calif. They will live on his farm east of town.

And Ronnie's folks, the Woodrow Nelsons, have a houseful of company. They told me they are here to can corn, beans and peas — Mrs. Lou Hood (a sister) of Fort Worth, Mrs. Sadie Lane (a sister), and Jerry Lane of Skelton, and Alma's niece, Judy Wilson and sons, Shane and Scott of Kellerville. These folks are also sisters of Ed Brock.

Mr. and Mrs. Edgar Ramey visited in Plainview Thursday with her brother, Jerome and Wanda Buchanan and their friends, the Earl Laueys, who are kin to Barber Eubanks. They visited Posie Cunningham at the hospital.

NICKIE CULPEPPER has written Rae Cate that they have reached White Horse, Alaska, on their way to Fairbanks, where Bill will coach football and counsel. She reports seeing some magnificent country across the US and Canada by car.

Clarence Bearden had a short stay at a Lubbock hospital, but guess he is okay. He is back on the job.

Mrs. Ro'and Moore and sons, Delton and Lee came by on their way home from a trip to Carlsbad Caverns. She is my sister. Ro'and will be here for the parade and rodeo.

MR. AND MRS. Bob Baker and family and their guest, Patti Jackson, were part of a hardware convention group that attended the pageant, "Texas," in Palo Duro's Pioneer Amphitheater Saturday night.

The Bill Bennetts of Midland were in Dimmitt Sunday visiting friends and conducting business.

Mr. and Mrs. Jay Wilders of Earth were in town Thursday. Jay is a brother of Dale's.

Don and Merle Franklin and their friends, Jean and Bob Brown of Houston, are here for a visit with Merle's folks, the Iris Touchstones. They and Reba and Jay Lee Touchstone, John and Maxine Childers and Truett were all guests of Merle's brother, Truman and Ann Touchstone and boys Friday evening for a steak cook-out in the backyard. The garden club delegates to Houston last spring visited one day with Mrs. Franklin.

THOMAS and Doris Harrison and children of Odessa were up this weekend to visit his parents, Earl and Margie Harrison. I saw all of them at church. And the Rogers kids were in to see their parents, the R. D. Rogers.

Donna Henley was hostess to a group of friends at a slumber party Friday night. They ate and ate, then stayed awake all night. Donna's parents are the Horace Henleys. Guests were Peggy Baldrige, Janie Shelly, Tammy Johnston and Sheri Singer.

Jerry Howe and son of Clovis were Sunday guests of the O. K. Howes.

PAULA BIRDWELL, Elaine Davis and Anthony Stanford are attending a workshop at Texas Tech this week. I believe they are all editors for the school annual.

Kirk Rule, son of the Mitchell Rules of Childress, has been visit-

ing his aunt, Mrs. Carl Bruegel and family. The Bruegel family went to Childress to see the Greenbelt Bowl football game. Mike Bruegel was one of the players. The Carl Bruegels were guests of her folks, the Garrisons over the weekend.

And a guest in the home of the Fred Bruegel Sr., was Sandy's friend, David Herndon, of Corpus Christi.

I HEARD that Johnnie and Thelma Linn are at Scottsdale, Ariz., (radio). They were with KDHN for a long time. We do miss them. I finally met the new manager of KDHN, Bedford Forrest, at the bank program.

J. R. and Mary Jo Brown and small Jill flew over the hills to Red River, N.M., for a few days rest and change of scene.

A group of Dimmitt's 9 and 10-year-old boys have been spending three weeks' hard work out at the Eddie Fisher Camp northwest of Altus, Okla., Fisher is the baseball player who was with the Boston Orioles. These kids were in the Litt'e League Baseball program all summer. Going were David and Jerry Schaeffer, Johnny Rendon, Keith Crum and Johnny Webb was there for a few days. Virginia and Cecil Crum visited the boys a couple of times.

Johnny Meyers of Frisco was one of the five boys seriously hurt coming home from the ballgame. They are in an Amarillo hospital. Johnny is a nephew to Louise Kemp.

HELEN BRAAFLADT and daughters visited this week with her mother, Mrs. Charles Galloup, in Amarillo, and her brother and family of Odessa, who were there.

The Braafladts have moved a house on the back lot and the Art Guild girls are helping fix it up. Helen says this house will serve many purposes — office for Chet, a workshop for son Chuck and a meeting place for the Art Guild. Helen says Dr. Caballero of WTSU will teach a class there once a month.

Terry Robertson told me about the time they all had fishing from a houseboat on Conchas Lake last week. Going were the Ray Robertsons and children, Carla, Sandra, Nancy, and Jeff, and their guests, Jane Ann Mooney, Sharon Flynt and Kenny Dess.

Mr. and Mrs. Russel Nelson are grandparents of a little girl the daughter of their son and his wife who live in New York. Rosalyn says you must treat her with res-

pect now. Using a red light when hunting for night crawlers is an old tip, according to the Editors of Sports Afield Magazine. But night crawlers of the empty-ump-thousandth generation are no more alarmed by red light than their ancestors were back when flashlights were invented.

NELDA THOMAS and Jeanine Wimberley are in Indiana this week for a "part vacation" trip. Nelda is attending a photography school. Jeannine will probably find more ways to do hair.

Guests of Maria and Linda Langford were relatives Phyllis and Bob Langford of Rutledge. Their daughter, Roxie, Darla, and Barbara were here, believe they visited Mike and family also.

Mrs. Burl Bradford visited her brother and family, the Watsons, in Blossom recently. They all went to Houston to see a ball game in the Astrodome. Saw the big ship and other things. Her nieces, Kaye and Jan Watson of Blossom, and her friend, Mrs. Marvin Alexander of Paris came home with her for a visit.

THE M. L. SIMPSONS and their children went to Amarillo for a couple of days to see the circus and they called it a vacation.

Myrtle and George Behrends, her sister Vera and Pats Duree of Lubbock and Claude Johnson, went to Brownwood to attend a family reunion of Arch Johnson's kin. Only one brother is living. Thirty folks came in from Oklahoma, Colorado and parts of Texas. The party was in the home of a sister, Mrs. Willie Younger.

Eddie Godfrey and his folks, the Gen Godfreys returned from a trip to Las Vegas, Nev., to visit Polly's twin sister, Mrs. Earlene Simpson and family.

Barley Acreage Okay for Wheat

A farmer who wishes to grow wheat instead of barley for 1968 harvest may substitute wheat for barley within the barley base acreage established for his farm, reports the US Department of Agriculture. In effect, this makes it possible for a wheat grower to qualify for wheat program payments even though he plants wheat on the farm barley base in addition to his wheat allotment acres.

Sp-4 Scarborough Scarborough On Helicopter

Sp-4 Donald Scarborough, son of Mr. and Mrs. J. S. Scarborough of Easter, is now serving with a helicopter company at Tuy Hoa, Vietnam.

THE LITTLE village is located on the coast of the South China Sea. Scarborough is a crew chief and gunner aboard the helicopter, and uses an M-14 rifle. His main mission is to carry cargo, food and medicine to front line troops and pick up wounded and dead for transport to field hospitals.

Scarborough enlisted in the Army in January 1956. After taking basic training at Fort Bliss, Tex., he was assigned to helicopter maintenance school at Fort Rucker, Ala. From there he was assigned to Fort Huachuca, Ariz., for training on the Mohawk airplane.

BEFORE entering service, Scarborough was employed by Western Ammonia Corp. in Dimmitt.

Local Families Host Mourners

Mrs. Vernon Williams and daughter, Mrs. Sheila Logren of Vinita, Okla., Mr. and Mrs. D. A. Gregory and son, Delmar Jr., and Gary and Daryl Tanner of Poteau, Okla., visited last Wednesday and Thursday in the homes of Mrs. J. C. Williams and the H. L. Pres'ys while making funeral arrangements for James Bates, half brother of Mrs. Vernon Williams and D. A. Gregory.

MR. BATES, 45, drowned in an irrigation ditch near Hereford Tuesday of last week.

The funeral was held in Hereford, with burial in Amarillo.

DAY CARE CENTERS FOR RETARDED

Planned Around Amarillo Center

Communities surrounding the new Amarillo Center for Human Development have been invited to submit applications for "satellite" day care centers for the severely retarded.

The announcement was made by Dr. Charles D. Barnett, deputy commissioner for mental retardation in the Texas Dept. of Mental Health and Mental Retardation.

DR. BARNETT said that setting up the "satellite" stations was made possible through a grant of \$118,100 from the US Dept. of Health, Education and Welfare for a two-year demonstration of this form of care for retarded children. The grant is effective Sept. 1. Applications or requests for additional information should be directed to H. Russell White, director of the Amarillo Center, PO Box 9013, Amarillo, 79105.

Although the Amarillo Center is still in the construction process, White is operating from a temporary office.

"DURING construction of the state center," Dr. Barnett said, "the director will be actively working with local communities. Children from the immediately surrounding area will be able to attend day care activities at the center. Those in outlying communities need services where they live. It was this recognized need which gave impetus to our federal application."

The community making application should have a commitment of appropriate facilities and volunteers. The goal of the satellite center will be to aid the retarded child to develop physically, socially, and in every way to the limit of his capability. Dr. Barnett said. The day care facilities will not take the place of public school special education programs, nor will they accept those who are eligible for vocational rehabilitation or other existing services.

DR. BARNETT pointed out that the Amarillo Center also will serve as a training center for parents and for volunteers and aides. "Day care centers," said Dr. Barnett, "are virtually non-existent in Texas. Those that do exist often have a rather vague program orientation. Their development is long overdue and successful programs will serve as models for other communities. Such services should often enable the child to grow up as a member of his family and as a participant in community life."

"A recent survey of the Amarillo and Beaumont regions indicates more than 23,000 retardates in the two areas not receiving any known service. It is estimated that about 2 percent need day care services. They are the severely and profoundly retarded. In the past these children more often than not eventually were assigned to custodial care by the state. It is conservatively estimated that each 12 admissions to the state schools eventually cost the state \$1 million. From a strictly economic viewpoint, those who can be trained for community living represent a sound investment for the state and the local communities. From a humanitarian viewpoint, the potential value of this approach cannot be estimated."

"We consider this a great opportunity and challenge," Barnett noted.

HART NEWS

Longhorns Start Football Workouts

By MYRT LOMAN
Coach Don Ewing reports that Hart High School football workouts have begun.

THERE ARE 35 boys as of now and he said he hopes to gain at least 10 between now and the time school starts Aug. 28.

"There has been only one full workout so far, and the boys seem to have great attitudes this year and really want to work and win," Ewing said.

The Longhorns are having two-day workouts this week — 8 a.m. for full sessions and 8 p.m. for workout.

"We are hoping for a very successful year, and we need every boy in high school out for football to help make it the best possible," Coach Ewing said.

ASC NEWS

By CHARLEY HILL, County ASCS Manager. You will be electing community

committeemen to serve for the coming year within the next two months. A slate of nominees will be prepared by incumbent committee men. In addition, the names of eligible candidates may be placed on the ballot by petition. Ballots will be mailed to all known

producers Sept. 8, and must be returned no later than Sept. 20. The voter's ballot and the spouse's ballot must be returned in separate envelopes, with the certification on the reverse side of the envelope being signed by the voter and the spouse's envelope being signed, using her given name. Two or more ballots returned in the same envelope will not be counted.

If the husband is eligible to vote, then the spouse is also eligible. You will be furnished additional information concerning the committee election.

Beets, Grain Being Infested

The county's sugarbeet and grain fields are being invaded by microscopic, vari-colored eron villains that are promoting big, vari-colored comments from county producers.

BUT THE advice of local agricultural consultants is to hold tight and not panic. The infestations seem to be only spotty so far and don't seem to pose a serious economic threat at this time.

A few grain fields are showing symptoms of invasions by both midge and the unfamiliar, un-fightable infestation known as MDMV — maize dwarf mosaic virus.

And beets are being hampered by that old nemesis, leaf spot.

The frustrating thing about it is that the conditions that are producing apparent bumper crops are also ideal for prompting most of the blights. A warm, wet, humid June and July have been beneficial to crops and pests alike.

MIDGE

Midge is a tiny, orange, winged insect "not as big as a sickly gnat," as described by First State Bank Farm Representative Edd McLercy. Midge flights range from south to north, and haven't caused any big problem here yet, although a few farmers are having their crops sprayed just in case.

"I DON'T think there's much buildup here yet," said County Agent Charles Hottel. "There's been no midge reported yet in Deaf Smith County. The main problem is south of Castro County."

The adult female midge uses Johnson grass and native grass as her host plants, but will go into grain sorghum fields also. She lays her eggs in the bloom, and when the seed develops it forms around the eggs.

When the eggs hatch, the pink larvae start their 18-day cycle toward adulthood by eating their way out of the seed, leaving only a hollow hull.

PRESENCE of midge larvae inside grain seed can be determined by pinching the seed. If a pink discharge oozes out, it's midge larvae.

It's almost impossible to stop the first hatch, but the problem can sometimes be lessened by spraying, according to agricultural specialists. Control measures should be based on the stage of grain development (for this year's crop) and the confirmed presence of midge (to protect next year's crop).

Since the midge is such a small insect, it can be blown harrum-scarum by winds — meaning that one field may be infested while the one next to it won't be touched, and a third field miles away could be under attack.

MDMV

The most mystifying threat to grain sorghum here this year is maize dwarf mosaic virus (MDMV). According to the High Plains Research Foundation at Halfway, farmers this year are seeing the first bona fide invasion of the virus in the High Plains area.

THE MAIN symptom of MDMV is a weird one, and easily spotted — the plant leaf turns a bright red. The most striking symptom of MDMV appear on hybrids with Redland parentage, the research foundation reports.

After turning very red, the leaves die between the veins and the plant takes on a scorched appearance. Some varieties of maize show only a faint yellow chlorosis and green mottle in the newest leaves. This mottling usually disappears, but the red-leaf symptom won't disappear.

Lab studies at Halfway have shown that the strange plant virus is causing trouble in many West Texas counties and has been found in grain fields as far south as Lockney, Hale Center and Muleshoe. The Hereford-Canyon area seems to be the hardest hit, the research foundation reported.

HIGH PLAINS specialists added that no control or correction practices should be applied to the 1967 crop. In fact, scientists are still wondering just how to fight the virus effectively.

"We've probably had smaller infestations of MDMV in previous years," Hottel said, "but the wet, warm July weather probably

created ideal conditions to bring it on and make it more noticeable this year."

BEET LEAF SPOT

Meanwhile, the 86 Castro County producers who have 6,285 acres in sugarbeets are being hampered by a more familiar problem — sugarbeet leaf spot (*Cercospora beticola*).

This problem also occurs under "bumper crop" conditions, and beets in Castro County seem headed for a bumper year — those without leaf spot, that is.

THE SPOTTING kills leaves and makes the sugarbeets re-leaf — causing a reduction in both sucrose content and tonnage.

"Prevention is the best cure for this," Hottel said. "All-out control sometimes can be excessively expensive. The best route is to keep the leaf spot suppressed with fungicides."

HE ADDED that producers who are concerned about any of the infestations now hitting crops

should contact one of the county's aerial spraying services, any of the agricultural chemical dealers, or the county agent's office for advice.

Dear Uncle Sam

(Editor's note: Below are questions now being asked at draft boards. The answers are by Col. Morris S. Schwartz, state Selective Service director.)

Q — What must I do to qualify for I-S classification as an undergraduate college student?

A — You must file a written request with your draft board. At the end of each school year you must furnish the board with convincing evidence that you are continuing to pursue satisfactorily a full-time course of instruction.

Q — How is the phrase "satisfactorily pursuing a full-time course of instruction" defined?

A — An undergraduate student taking a four-year course must earn 25 percent of the credits toward his bachelor's degree at the end of his first academic year, 50 percent at the end of his second, and 75 percent at the end of his third. If five years of study are prescribed by the school for a bachelor's degree in some field, a student must earn 20 percent of the total credits toward the degree each year.

Q — What is meant by a "student's academic year?"

A — In determining a student's eligibility for classification in Class I-S (college student), his academic year shall include the 12-month period following the beginning of his course of study.

Miss Strickland

Colorado Chapel Wedding Planned

Mr. and Mrs. Leroy Strickland of Canon City, Colo., have announced the engagement and approaching marriage of their daughter, Janet K., to Jim Cowsert of Dimmitt.

THE WEDDING is set for Aug. 26 at 4 p.m. in Danforth Chapel on the Colorado State University campus in Fort Collins.

The bride, a 1964 graduate of Monte Vista High School, is a senior in fashion design at Colorado State University. She is a member of the American Home Economics Association and of Pi Kappa Alpha fraternity.

COWSERT, son of Mr. and Mrs. Jack Cowsert of Dimmitt, is a 1963 graduate of Dimmitt High School and will graduate Aug. 25 from Colorado State University with a bachelor of science degree in range management.

Mrs. Mapes Returns

Mrs. Pearl Mapes returned Saturday from a 10-day visit with her daughter, Mrs. John F. Tate and family, in Dallas, and her son, Joe Mapes and family in Fort Worth.

Kasher Is Sent To Oregon Post

Staff Sgt. Arthur D. Kasher, son-in-law of P. M. Adams of Dimmitt, has arrived for duty at Kingsley Field, Ore.

SGT. KASHER, a command post technician, previously served at Paine Field, Wash. He is assigned to the Air Defense Command which protects the US against enemy air attack.

The sergeant, a veteran of the Korean War, has served a tour of duty in Vietnam.

He is a graduate of East Technical High School in Cleveland, Ohio, and is the son of Mr. and Mrs. Joseph Kasher of Mayfield Heights, Ohio.

HIS WIFE is the former Jean Adams of Dimmitt.

The first mistake hunters unfamiliar with caribou make is to try to catch up with moving animals. Caribou characteristically feed on the move — a mouthful here, and another there, as they walk. But a feeding caribou, moving seemingly at a snail's pace, will travel faster than a man can walk.

Vows Are Recited In Birdwell Home

The home of Mr. and Mrs. Kent Birdwell was the site Aug. 5 for the marriage of Miss Jerry Kay Dodd to Airman 2-C Sandy Lee Rhodes.

THE BRIDE is the daughter of Mr. and Mrs. Harlin Dodd, 407 NW Eighth St., Dimmitt. Rhodes' parents are Mr. and Mrs. Weldon Rhodes of Mullinville, Kan.

Rev. H. Weldon McCormick, pastor of the First Methodist Church, performed the 7 p.m. double ring ceremony before an archway of greenery, candles and wedding bells, flanked by baskets of white gladioli.

Matron of honor was Mrs. Jimmie Campbell, the bride's cousin. Robert Rhodes, the groom's brother, served as best man. Paula Birdwell, cousin of the bride, played traditional wedding music.

GIVEN IN marriage by her father, the bride wore a princess style street length dress of white linen styled with a teardrop lace yoke. Her short veil of illusion was secured by a matching linen crown. She carried a bouquet of white rosebuds and wore a gold ring belonging to her great grand-

mother. A reception followed the ceremony. Serving the cake and punch were Darlene and Billie Sue Dodd, sisters of the bride, and Karen and Jud Carole Birdwell, the bride's cousins. Jean Dodd, also a cousin, registered the guests.

THE BRIDE, a 1965 graduate of Dimmitt High School, graduated from Juliet Gibson Career and Finishing School in Fort Worth and has been employed by Montgomery Ward Co. in Amarillo.

Rhodes graduated from Wellington, Kan., High School in 1964 and attended college at Hays, Kan., before entering the Air Force.

For a wedding trip to Florida, the bride wore a pink two-piece knit dress with white accessories and a corsage from her bridal bouquet.

AFTER Sept. 1, the newlyweds will be at home in Fort Worth, where the groom is stationed at Carswell Air Force Base.

WHY IS THIS CHEVROLET THE MOST POPULAR TRUCK IN CASTRO COUNTY?

Last year Dimmitt Motor Co.'s salesmen helped break the world's record in truck sales. The most popular model was the Chevrolet Pickup shown above — the Chevrolet Fleetside.

What's the secret of this pickup's popularity? Many say that it is the many quality features — good ride — and the double walled body and cab.

Yes, in the final analysis, perhaps what convinces the most that it is a good, sound value — is the name on the back of the truck. A lot of people have come to rely on the name — CHEVROLET — the emblem that appears on more than 22 million cars and trucks on the road.
