By United Press  
West Texas—Fair tonight and Thursday.

Monaco, in Europe, fired its army of 76 men. The problem of disposing of the barracks may be settled by converting it into a phone booth.

VOLUME XVII

## Two Arrested in Connection with Arson Case

### PEEPING THRU THE KNOTHOLE

With BILL MAYES

There is no report this morning how the Bulldogs fared the first and second days of the training camp period, as no one we have seen has been in touch with the squad and the only afternoon were out the sun was so hot it made it too tired to sit in the car alongside the road and watch them through their exercises about a quarter of a mile away.

However, reports that came out of Abilene Tuesday morning were to the effect that the Abilene Eagles started practice Monday afternoon and two of the linemen turned out to be sissies, or Dewey Mayhew turned out a slave driver. We don't know which. Anyway two linemen fainted the first ten minutes.

(Continued on page 4)

### Willows to Remain Open Until After Labor Day Holiday

Announcement was made by the swimming pool committee of the Lions and Rotary clubs today that, due to requests by the patrons, the pool would be kept open at least over the Labor Day holiday.

"There have been a number of swimming parties visiting the pool recently," one member of the committee stated today, "and all have declared it to be the cleanest, healthiest pool they have visited recently."

It was pointed out that the water has been kept pure and clean by constant treatment and by repeated draining, while many pools in the vicinity are not drained throughout a swimming season, though many local people do not believe that the water in the pool purifies when moss begins to form. However, it was pointed out, the water is now and has been receiving stronger chemical treatment than at other times during the summer and according to comments from those who have visited other pools the water is cleaner looking than is usually expected to be found in pools at this time of the year.

The committee said it was not thought to be advisable to drain the pool this late in the season, due to the uncertainty of the weather, and that the pool would be operated through Labor Day, at least.

### Masonic Picnic Draws Good Crowd

Ranger Masonic lodge and Eastland Star members enjoyed a joint picnic at the Country Club Tuesday night at which 125 Masons and their families were present.

The two groups met at the grounds at 5:30 and spread the picnic on four large tables. The menu consisted of roast beef and brown gravy, salads, pickles, potatoes, cakes, pies, cookies, lemons and ice cream.

Dr. L. B. Gray pronounced the occasion and the first number on the program was a quartet by the Spittles and Kay brothers of DeWitt and by special request young Kay sang one number, accompanied by guitar.

Mrs. Katherine Williams, associate matron of the Eastern Star, spoke briefly on the Eastern Star work and thanked the Masonic lodge for the invitation to attend the picnic.

Judge Clyde Garrett of Eastland was next introduced and in his usual jolly way told several stories and kept his audience laughing and at the same time told of the duty of Masons in regard to service and charity. He said that all might have lost all their money and possessions but that if they maintained their friends and had rendered service that no depression could have taken them away. He especially complimented the ladies for the part they had in their Eastern Star work and said he felt the two organizations should work hand in hand.

Ernest Ripstone led one song at the close in which all had a part. A. K. Wier pronounced the benediction. F. D. Hicks was master of ceremonies.

There was quite a number of members of both organizations absent on account of sickness.

### LIQUOR SALES MAY NOT BRING RANGER RAIDS

AUSTIN, Aug. 28.—Liquor dealers may sell their wares without fear of raids from rangers except in cases of violation of the Dean law, Albert Johnson, chairman of the public safety commission, said today.

Johnson said he considered it useless to arrest liquor sellers in view of the outcome of the vote on repeal.

"It would be impossible to get a jury to convict a liquor dealer in wet territory in the few days remaining before Saturday's vote is officially canvassed," he said.

AUSTIN, Aug. 28.—Texas rangers against hard liquor dispensers, scheduled to start in Houston today, will be without the sanction of Governor Allred.

Whether the raids will be staged will be problematical, as Allred said members of the public safety commission planned to instruct Ranger Sergeant Sid Kelso at Houston not to file charges.

Instead rangers were to be asked to take names of violators selling liquor in wet counties before the official vote canvass next month. Indications were such violators might be denied permits when the liquor control bill is adopted.

### Railway Company Sued for \$20,000

Damages of \$20,000 are asked from the Texas & Pacific Railway company by Mrs. Fannie Nash, whose attorney has filed suit in 91st district court.

The petition recites the damages are wanted for Mrs. Nash and two sons, Elisha, 15, and Marvin, 7, because of the husband's and father's death, allegedly caused by a T. & P. train May 17.

The petition alleges that Nash, a peddler, was halted on Daugherty street in Eastland when a train of the defendant company stopped, blocking Nash's path, who attempted to cross the train by climbing over couplings of two freight cars.

Climbing across the couplings, the petition recites, the train, which Nash thought was "dead," started with Nash thrown to the rails with a wheel cutting off a portion of his foot to the ankle.

It was because of this accident, the petitioner alleges, that Nash died May 24.

Mrs. Nash asks \$10,000 for herself and \$10,000 for her sons because they have allegedly been deprived of support, counsel and advice of the husband and father.

The railway was negligent and at fault by allowing the train to stop at the allegedly lengthy of 60 minutes and by not sounding a whistle when it re-started, the petition states.

### White Leading In Mississippi Election

JACKSON, Miss., Aug. 28.—Hugh White, millionaire lumberman, forged into a substantial lead over former Judge Paul Johnson in Tuesday's run-off primary for the governorship, returns today revealed.

White was over 14,000 votes ahead of his opponent, with returns from only a few of the state's 1,631 precincts still to be tabulated.

SAN ANTONIO.—Possibly the greatest opportunity that Texas counties and towns have ever enjoyed for the development of their public facilities is offered today by Works Progress Administration.

That hardly a city or county in the state is not in need of some type of public improvement is a statement which cannot well be denied. Works Progress Administration is prepared to provide funds for the employment of labor on scores of different types of projects. Equipments to handle thousands of project proposals promptly, the state and district WPA offices are at the service of

### He'll Represent FDR at Rally

President Roosevelt's place on the platform at the national convention of Young Democrats in Milwaukee, it has been announced, will be taken by Gov. George H. Earle III, above, 35, and the first Democratic governor to carry rock-ribbed Republican Pennsylvania since the Civil War. Too busy to leave Washington, the president will address the convention over the air.

### FIRST BALE OF SEASON GINNED ON WEDNESDAY

The first bale of cotton brought to the Ranger gin was ginned in 20 minutes Wednesday morning, the bale weighing 402 pounds.

The first bale this year was brought in by DeWitt Young, who raised the cotton about a mile and a half south of Ranger on the Eastland road.

The gin was ready for the bale when it arrived and was ginned free of charge. Those who did the ginning were Tom Lauderdale, manager of the gin; John Blankenship, press man; Walton Conley, ginner; Duke Blankenship, section man and H. W. Phillips, bookkeeper and weigher. The gin has just been thoroughly overhauled and is now ready to gin the entire cotton crop of this section.

The first bale brought to Ranger usually draws a number of prizes and premiums for its grower, and a movement was started immediately after the bale was ginned to raise premiums from the merchants of Ranger for the grower of the first bale this year.

Mrs. Nash asks \$10,000 for herself and \$10,000 for her sons because they have allegedly been deprived of support, counsel and advice of the husband and father.

The railway was negligent and at fault by allowing the train to stop at the allegedly lengthy of 60 minutes and by not sounding a whistle when it re-started, the petition states.

### State WPA Office Studies Proposals For Two Projects

Two applications for projects sponsored by the City of Eastland have been approved at district headquarters of the Works Progress Administration in Abilene, and are in San Antonio awaiting the final approval, City Manager J. F. Little stated Wednesday.

Applications that await the final approval, Mrs. Little stated, provide for graveling of streets not heretofore processed under the relief auspices at an estimated cost of \$25,000 and construction of a swimming pool, estimated to cost \$10,000.

San Antonio.—Possibly the greatest opportunity that Texas counties and towns have ever enjoyed for the development of their public facilities is offered today by Works Progress Administration.

That hardly a city or county in the state is not in need of some type of public improvement is a statement which cannot well be denied. Works Progress Administration is prepared to provide funds for the employment of labor on scores of different types of projects. Equipments to handle thousands of project proposals promptly, the state and district WPA offices are at the service of

every section of the state. It is upon their own speed in submitting proposals and upon the care of design and planning exercised by Texas sponsors that each section of the state must depend for its participation in the benefits of WPA. Unfortunately, many sponsors failed to plan carefully the early projects which were submitted to the state WPA office, consequently impeding their own progress and that of the entire program. It is hoped and believed that this type of delay will be avoided in the future.

With the Texas relief load composed largely of unskilled and semi-skilled laborers, projects of

### Revival Will Be Held at Cheaney Starting Saturday

Rev. J. D. Tant, of Arlington, will begin a revival meeting at the Cheaney Church of Christ Saturday night, Aug. 31, it was announced here today. The services will be conducted each morning at 10 o'clock and each evening at 8:15, the announcement stated, and the public is cordially invited to attend each service.

The revival will continue for two weeks.

Rev. Tant is a pioneer preacher and is well known throughout Eastland county, having conducted revivals and services at a number of churches in the past.

He has just concluded a very successful revival at Jerusalem, Ark., at the close of which 15 were received into the church by baptism.

### FRENCH FIRM IN STOOD ON WAR PENALTY

PARIS, Aug. 28.—The French cabinet in a three-hour session today was understood to have approved a firm French stand at Geneva against international penalties against Italy.

The cabinet has abandoned hope of seeing the conflict in Africa settled, but was optimistic on the chances of localizing it, avoiding a breakdown of the League of Nations and of France's policy on the conference.

Paris is hopeful that the tension between Italy and Britain would be settled as the result of the Italian decision to prevent Italy's case to the league council next Wednesday.

Success of the league depended, however, on an agreement by Italy to suspend military action pending a league decision. If Italy refused the present situation would be hopeless.

### Italy Is Moving Troops to Africa

NAPLES, Aug. 28.—Further heavy movement of troops and war supplies to East Africa was in progress here today.

Four steamers sailed with ammunition. One sails tonight with mules and war materials. Tomorrow 2,500 black shirt troops set sail.

### TAX RATE OF \$1.40 CONFIRMED BY COMMISSIONERS COURT

To meet the budget of Eastland county for the fiscal year beginning Sept. 1, a tax rate of \$1.40 on the \$100 valuation has been confirmed by the commissioner's court. The rate is 10 cents higher than last year's.

Expense of the county for the year is estimated at \$276,424 while revenues are figured at \$284,940.

The tax rate for the various county funds was confirmed as follows: Jury fund, 8 cents; road and bridge fund, 15 cents; general

fund, 25 cents; permanent improvement fund, 2 cents; courthouse interest and sinking fund, 11 cents; special hospital maintenance fund, 3 cents; road bond interest and sinking fund, 76 cents.

Compared to last year tax rate for the various county funds, the hospital maintenance fund shows a decrease of 1 cent, the road bond interest and sinking fund an increase of 16 cents, the courthouse interest and sinking fund a drop of 3 cents, the permanent improvement fund a drop of 1 cent and the jury fund a drop of 1 cent.

which, although remaining well within the \$600 per man-year expenditure restriction, anticipates a cost of a million and a quarter dollars. Replacement of gravel grounds and well-sodded, planted campuses and playgrounds is contemplated. Installation of side walks, retaining walls, drinking fountains, outdoor theater, seating arrangements for spectators, and fencing on 21 school grounds in that city reflect the result of intelligent planning.

Schoolhouses in many smaller Texas towns are sadly in need of side walks, especially in rainy weather. Numerous proposals for side walks, gutters and curbs are

### SPECIAL SESSION CALLED BY GOVERNOR ALLRED FOR MONDAY, SEPT. 16

AUSTIN, Aug. 28.—A special session of the Texas Legislature to enact liquor laws was announced by Gov. James V. Allred today to convene Sept. 16.

"In making up my mind on Sept. 16 I have not only talked to members of the legislature but particularly with Lt. Gov. Walter Woodsl, Speaker Coke Stevenson and Rep. Emmett Morse, leader of the repeal movement. All three agreed with me, but it will probably be best to call the session Sept. 16," Allred said.

He said the proclamation calling the legislature will be issued during the day. It will submit liquor legislation as first topic. What other topics are to be submitted have not been decided.

In announcing the date he said that most legislators with whom he has communicated want a little time to prepare and study legislation before the session convenes.

He said one of the reasons he decided to delay the session until Sept. 16 was the assurance that the Dean law will remain in effect in territory previously dry by local option. Even after the official canvass and declaration of passage of the repeal amendment to the state constitution.

"The attorney general has held, correctly and clearly, that the Dean law not only is still in effect in dry territory, but that it will continue in effect in dry territory

Committees for the Morton Valley Community Fair to be held Sept. 29 were announced Wednesday as follows: General superintendent, Lewis Smith; superintendent of women's department, Mrs. W. T. Butler; superintendent of men's department, John H. Nix.

Arrangements—N. A. Smith, Tobie Morton, Mmes. Rayfield and Thad Henderson.

Concession—Joe Tow, Mmes. Joe Moore and Mrs. McClarney, Plain Sewing—Mmes. W. B. Peoples, Clarence Henderson, Ed Castleberry.

Fancy Sewing—Miss Ruth Carter, Mmes. Tobie Hamilton and Lee Littleton.

Canning—Mmes. D. B. Tankersley, W. E. Tankersley and S. L. Whately.

Plain Cooking—Mmes. Guy Stoker, Roy Harbin and Orby N. Ramsower.

Fancy Cooking—Mmes. Lewis Smith, T. C. Shahan, Elnos Hensley.

Miscellaneous—Mmes. Luke Weems, Crouch, Charlie Jones.

Relief—Mmes. Charlie Bond, Judge Harbin and Robert Sneed.

Livestock Products—Mmes. Tobie Martin, Hill Wheat and Shofner, Garden and Orchard—Clarence Dunsan, Lee Littleton, Jim Carter.

Livestock—Till Wheat, Guy Stoker, Clarence Henderson.

Field Crops—D. B. Tankersley, Frank Stoker, Prentice Carter.

School Exhibit—Sam Jones, Mrs. Florence Davis and Miss Pickett.

Quilt and Bedspread—Mmes. Nell Stoker, Joe Tow, Lowell Stoker.

Ball games are being planned on the afternoon of the fair.

Mrs. J. C. Stephens today received a letter from Hollywood, Calif., which stated that Stephens' condition was not as grave as first reported. It gave in detail that his arm was hurt at the elbow and about four inches downward and that it was only a matter of a few days until he would be able to leave the hospital. Precautionary measures were taken to prevent blood poisoning setting in and the doctors advise that he is past that stage of alarm. The cuts as reported on the face were slight lacerations with no serious complications.

Eastland Man's Condition Okeh

Although our \$600 per man-year expenditure restriction prohibits the construction of large buildings, WPA can do much improvement and modernization work on public buildings. County recreational projects, roadside parks, and similar projects may also be undertaken.

Sewer plant and water supply works, both needed in many small Texas communities, are expected to form a considerable item in our list of project proposals.

Often a neglected, stagnant pool or creek can be transformed into a parkway-encircled by a smooth, pleasant drive with a

### Filmland Greet Ex-Follies Star

Another Ziegfeld Follies star crashed Hollywood when Lois Bennett, above, formerly acclaimed as one of the foremost singing stars on the New York stage, arrived in the film capital to begin her screen career. Miss Bennett is rumored to have been given an important role by a major studio.

General superintendent, Lewis Smith; superintendent of women's department, Mrs. W. T. Butler; superintendent of men's department, John H. Nix.

Arrangements—N. A. Smith, Tobie Morton, Mmes. Rayfield and Thad Henderson.

Concession—Joe Tow, Mmes. Joe Moore and Mrs. McClarney, Plain Sewing—Mmes. W. B. Peoples, Clarence Henderson, Ed Castleberry.

Sewer plant and water supply works, both needed in many small Texas communities, are expected to form a considerable item in our list of project proposals.

### PAIR STAGE A GUN BATTLE WITH OFFICERS

Cleve Barnes and Jake Lemley Are Arrested In Stephens County.

Cleve Barnes and Jake Lemley were in the Stephens county jail at Breckenridge Wednesday morning charged with arson and attempt to murder, it was stated by Sheriff W. C. Morrow. The charges were to be filed in Justice of the Peace J. W. Castleman's court.

According to Sheriff Morrow, Barnes and Lemley were arrested at the "old Jennings house," near Lacasa, about 10 o'clock Tuesday night by four of his deputies after the two had allegedly set fire to and burned the house and had then engaged in a gun battle with the four deputies.

Deputies W. R. Clepper of Caddo, R. E. Hickey of Breckenridge, Andy Sechrist and Benny Bradford were stationed at the house on a "hunch" of the sheriff's when the two approached shortly before 10 o'clock, poured gasoline or kerosene on the house and set it afire.

The officers then commanded the two men to throw up their hands, the sheriff stated today, and the two opened fire on the four officers, Lemley emptying his six-shooter and Barnes firing one shot with an automatic shotgun before it jammed. Lemley was shot in the leg, just above his ankle, by one of the officers and was captured, and Barnes surrendered.

During the gun battle, which followed the command to the two men to surrender, the house was completely destroyed, Sheriff Morrow stated this morning.

The two were taken to the Stephens county jail in Breckenridge and charges were prepared in the arson and attempt to murder cases, according to the sheriff, who said the charges were being filed at the time he was contacted.

It was stated this morning in Breckenridge that a hearing would be held Wednesday afternoon and bond set by Judge Castleman, binding the two over until the next session of the Stephens county grand jury.

Anthony Eden to Go Direct to the League Meeting

LONDON, Aug. 28.—Anthony Eden, Great Britain's chief delegate to the League of Nations council meeting, intends to go to Geneva Monday without stopping in Paris to see Premier Laval, it was said today.

In Paris it was announced that three veteran premiers, all of whom have served as foreign minister, will head France's delegation to the council. They are Laval, Edouard Herriot and Joseph Paul Boncour.

The Paris announcement showed the gravity of the Italian-Ethiopian crisis.

Well Proration Is Still Being Used

AUSTIN, Aug. 28.—Acreage was disregarded as a proration factor by the State Railroad commission in issuing a new state order under which East Texas allowances remain unchanged.

Stocks Plunge Down On N. Y. Exchange

NEW YORK, Aug. 28.—Stocks plunged today in volume heavy enough to cause tickers to lag behind the market. Utilities weakened. Motors dropped after early strength. Steels were depressed.

Germany Seeking Austrian Relations

VIENNA, Aug. 28.—Nazi Germany was said on reliable authority today to have made the first move toward resumption of cordial relations with Austria.

## TEXAS TOWNS HAVE OPPORTUNITIES UNDER WPA

fering work for this type of employment will find much favor. Roadwork, for example, is most easily adaptable to our available supply of man-power.

Replacement of rickety, worn-out culverts, erosion work on roadways, removing of sharp, blind curves, establishment of roadside parking places on scenic drives, and building of rock retaining walls on hill-country roads may be considered as typical road projects which will be welcomed by our examiners.

Possibly the best example of careful planning which has been presented for consideration is a Fort Worth school ground project

which, although remaining well within the \$600 per man-year expenditure restriction, anticipates a cost of a million and a quarter dollars. Replacement of gravel grounds and well-sodded, planted campuses and playgrounds is contemplated. Installation of side walks, retaining walls, drinking fountains, outdoor theater, seating arrangements for spectators, and fencing on 21 school grounds in that city reflect the result of intelligent planning.

Schoolhouses in many smaller Texas towns are sadly in need of side walks, especially in rainy weather. Numerous proposals for side walks, gutters and curbs are

expected from small towns.

Although our \$600 per man-year expenditure restriction prohibits the construction of large buildings, WPA can do much improvement and modernization work on public buildings. County recreational projects, roadside parks, and similar projects may also be undertaken.

Sewer plant and water supply works, both needed in many small Texas communities, are expected to form a considerable item in our list of project proposals.

Often a neglected, stagnant pool or creek can be transformed into a parkway-encircled by a smooth, pleasant drive with a

small amount of labor. Civic-minded persons should study the potentialities of their own communities for projects such as this. Swimming pools and wading pools for children certainly can be assets to any town.

Useful surveys and research work providing jobs for white collar workers are acceptable but sponsors must offer proper management and supervision in order to secure state approval. Women's work under the direction of Mrs. M. K. Taylor, will encompass such enterprises as sewing rooms, libraries, home hygiene, visiting housekeepers, and certain types of white collar work.

History Repeats Self in Ethiopian Affair

Just about the least effective way of meeting any great crisis in life is to throw up the hands in horror and declare that the whole business is shocking to the moral sensibilities.

So far, however, that seems to be about all that the statesmen of the earth have been able to do in the face of the pending war between Italy and Ethiopia.

To be sure, the whole proposition is shocking. There is something about this bold assertion that might make right, this unblinking preparation for the seizure by the strong of the weak's valuables, which sounds exactly like the conversation of some of the gas house gang as they get ready to go out to hold up a delicatessen store.

But the world's history is made up of an endless string of stories just like it, and it is hard to think of a single great nation whose people have a right to point their fingers in scorn.

The North American continent, while we're on the subject, used to belong to the Indians. They were a backward people, but they were happy in their homeland. How did we get here, anyway, if not in the same way that the Italians are preparing to get into Ethiopia?

What we did to the Indians, what the English did to the Boers, what France did to the North African tribesmen, what the Dutch did to the Javanese—that, and nothing more, is what Italy is going to do to the Ethiopians.

World peace cannot be preserved by pious expressions of horror from nations with such records. The Italian come-back is too apt.

It might help considerably if we would forget all about the "moral issues" in this and other wars and concentrate on the realities.

World civilization as at present constituted gives to each virile industrial nation certain pressing needs—needs for expanding markets, raw material sources, and the like. A modern nation must have those things if it is to avoid lapsing into a condition of slow decay. If it can't get them in any other way it will fight for them.

That is why Japan went into Manchuria. It is why Italy is going into Africa. It is why Germany is restlessly looking for a weak place in the steel wall that surrounds it.

If we hope to keep the world at peace, it is utterly useless to keep saying that war is an evil thing. These nations need some sort of outlet, and if they can't get it in one way they will in another.

If the powers which have already grabbed their share of the loot will consent to some sort of divvying-up, or if all the powers will do something to rid the world of tariff barriers, preferential trade agreements and the like, we can have the basis for an enduring peace. If not—then, no matter how it horrifies us, there are going to be more wars.

"OUT OUR WAY" ———— By Williams

LOOK OUT FOR AVERAGE MAN!

(A Cartoon by Herblock and an Editorial by Bruce Catton)

The average man is the favorite figure of cartoonists, editorial writers, statisticians and orating Congressmen. Unfortunately, however, he does not seem to be the favorite of anyone else and of late he has been getting it in the neck with dismaying and monotonous regularity.

Who is the average man, anyhow, in these days when all averages have failed? Well, he is a hard-working American citizen who has somehow managed to keep his job, his farm or his source of business all through the depression. He is the chap who buys the new autos and goes to the new movies and trudges hopefully off to the polls every so often to say who shall govern him.

He is the fellow who provides the retail stores with their patrons, the railroads and bus lines with their passengers and the morticians with their clients. He is the wage-earner, the small-scale business and professional man and the ultimate consumer, all in one.

And he is the chap whose nose has been fixed firmly against the grindstone ever since the bottom fell out of the stock market.

Do the city fathers misgovern his town so flagrantly that real estate taxes go up, schools deteriorate, street paving goes to pieces and stick-up men roam the back alleys? The average man pays taxes, sends his kids to the deteriorating schools (and provides the teachers with such pay as they are able to collect), rides on the bumpy streets and submits to the stick-up artists.

Does employment subside, so that some former workers are supported by relatives, others are carried by the Community Chest

and still more are taken care of by Uncle Sam? Mr. Average Man plays the triple part of kindly relative, Community Chest contributor and federal taxpayer.

Do mismanaged banks fail and utility empires collapse? Mr. Average Man had his savings in the banks and his investments in the utility stocks; and he also pays light and phone bills which financial phrenagias has caused to be higher than necessary.

Does the federal government invest millions in an experiment with publicly-owned utilities? Then Mr. Average Man puts up that dough also.

Do strikes break out in the home town? The average man stands right in the middle. If the traction men strike, he walks to work. If the bakers strike, his wife bakes their own bread. If power men strike, the average man burns oil lamps and candles. If it is the filling station men who walk out, the average man does without gas for his car.

At all times he runs the chance of stopping a brick or a policeman's nightstick that was meant for somebody else.

It is the average man who supports the army and navy and furnishes them with the needed recruits; the average man who pays the real estate tax, the income tax the sales tax, and all the hundred and one indirect taxes which keep the wheels turning. He gets it going and coming and in between, and all the time he keeps his mouth shut and hopes for the best.

But if he ever decides that he has had enough of all of this, and really gets up on his hind legs to squawk about it—then let politicians of all parties, persuasions and colors hunt for the nearest storm cellar!

CRACKS IN THE DOME

By GORDON K. SHEARER

United Press Staff Correspondent AUSTIN, Tex.—State officials and members of the state legislature received this week copies of a pamphlet discussing their work, problems and foibles. It was titled "Adventures in Government."

Utchert's adventurous exploring into the wherefores of government leaves unanswered the puzzling question: "Why are there special sessions of the legislature?"

The constitution was amended so there could be one long session of 120 days. It was expected that legislators would finish legislating in that time, go home and stay there for two years. Instead, there have been as many special sessions of the legislature since the long sessions were authorized, as were held before.

Utchert finds by his inquiry that the members as a rule do not want special sessions. Some may like the \$10 a day-and mileage fees, but most of them lose money by attending.

Most every one has become familiar with "57" as the designation of pickle products. Texas has a "37" as well known among the oil fraternity. "37" was promoted to the dignity of a door label in the state capitol. People are advised that "Rule 37" cases are handled inside that portal. "Thirty-seven" is the rule of the railroad commission fixing the distances oil wells must be kept from each other. The "37" cases are those in which permits are sought to vary well drilling from the usual spacing rule.

Ed Clark, secretary to Gov. James V. Allred, has found that traveling with the Executive is not all fun.

First, Clark became desperately seasick on a fishing trip off Port Isabel.

Next he had a harrowing experience when he and the Governor flew to San Augustine. Two planes were used. The Governor's plane had no difficulty. But when the plane carrying Clark left the airport at Center on the return trip, it veered suddenly at the take off.

The pilot got into the air but from the jolt decided that the landing gear had been damaged.

As the plane drew near Austin, he passed a note back to Clark telling him the landing gear was smashed.

"Do you want to jump as we go over the Austin airport or try to land with me?" the pilot wrote.

"I try to land with you," Clark scribbled in reply without regard for grammar.

The landing was perfect. It was only a rough spot, not a broken wheel, that had caused the plane to veer.

Neither the Governor nor Clark has had to use a parachute on their numerous air trips. They are always prepared to do so, if necessary.

Attorney General Bill McCraw does his own piloting. He's an expert but like good automobile drivers, he doesn't like to have any one else at the controls. He does not fly alone but he wants to be the man at the stick.

Cotton Picking Is Progressing In the Southern Sections

AUSTIN, Tex.—Cotton picking progressed rapidly in the southern districts this week, according to U. S. Department of Agriculture reports.

The crop is about two weeks late in northern sections and the yield will be "fair to good" the report said.

Temperatures were above normal over the state during the week and showers were widely scattered. The hot dry weather tended to retard insect activity.

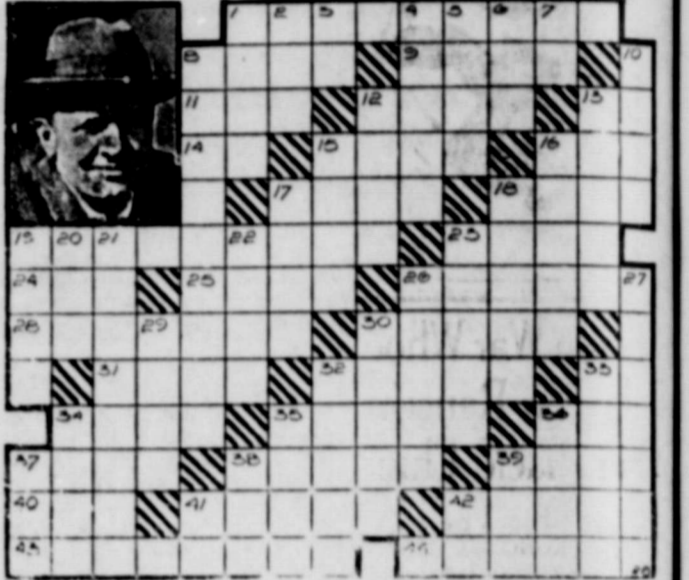

Although some sections report boll weevil, army worm and flea infestations, it was believed that no great damage would be done, except perhaps in small areas.

A number of farmers in Central Texas have said their cotton crop would be better this season than it has been in three years.

The Rev. J. R. Slaughter will preach at 11 o'clock Sunday morning at the Flatwood church. It was announced Wednesday.

Editor Looks Back To 65 Years On A Single Newspaper

STILLWATER, Minn.—How does it feel to be continuously associated with the same newspaper for 65 years, much of the time as its editor? William B. Easton, who recently observed the anniversary of his start with the Daily Gazette here, is the only man in the country who can claim such a period of service with one paper.

Dallas Oil Compact Is Signed Today

WASHINGTON, Aug. 28.—President Roosevelt today signed the Dallas oil compact ratification resolution giving congressional authority to the agreement of oil producing states made at Dallas.

At Oklahoma City Gov. E. W. Marland today asked governors of other states signing the compact whether they could meet here Sept. 12 to put the compact in operation. Congress ratified it in the closing hours of the session. States signing it include Texas, Oklahoma, New Mexico, Kansas, Illinois and Colorado.

Mussolini's troubles won't be over when the Ethiopian rains end. He'll still have Haile to contend with.

If criticism of the German Olympics continues to grow, the meet will probably feature only one race, the so-called Aryan.

New Paris frocks have a militaristic touch. And, incidentally, it's only by means of a militaristic touch that a wife can buy one.

Indian War Whoop Is Too Raucous For Placid Chinese

HONG KONG.—A band of full-blooded American Indians invaded Hong Kong on a "round-the-world tour, starting the Chinese with one of their native warwhoops, rendered by request.

There were seven in the party, all from the Osage Reservation in Oklahoma. Their boat, the President Polk, gave them a thrill by bucking its bow in landing at the Kowloon docks, slightly damaging the wharf.

## PEEPING THRU THE KNOTHOLE

(Continued from page 1)

Or maybe they got right down to scrimmage the first thing and the two fainted after seeing the brand of assassination, slaughter, mayhem, mutilation and plain and fancy brutality they were inflicting on the others. The sight of blood and gore often nauseates even the possessor of a sturdy constitution.

The Eagles, like the Buckaroos, the Mavericks, the Lobos and the Lions (Brownwood's famous searless aggregation) seem slated to be more or less tough this year, especially the Eagles, Buckaroos and Lions. But the Lions are still an unknown quantity, though they had a nice looking bunch of boys last year and almost all of them are back, with the addition of five huskies who were ineligible last year but will make the grade this season.

The Eagles have several veterans back, though all of them did not make first string letters. H. J. Jones, the perennial center, will be back on the job. We are not sure how long he has been playing but it has been years and years. Then there is Ray Moser, who was a close contestant for scoring honors last year in the district, Willis Harris, who broke into the lineup in 1933 against Eastland as a reserve, as we remember it, and looked so good we looked up maybe after the game to inquire who he was. Maybe it wasn't Harris, though, but we believe it was. Norman Compton, who played most of the game against Ranger in the backfield and William Couch who did likewise last season, are also reported back, and though they were not regulars, they were very, very promising looking. R. B. Galbraith, who is the last of a long string of Galbraiths, is another promising backfield candidate, and a number of others of whom we have not heard are listed as prospects. It looks as though Abilene will have plenty of good reserve backfield material. An speaking of Galbraith, several years from now it is going to look queer to see an Abilene lineup without that name in it, though the current member of the family may have several more years to play for all we know. The others listed as working out are just so many names to us so far, but they may turn out to be just so many pains in the neck to the Bulldogs by the afternoon of Oct. 25.

#### Rose Mary Bruce Furnishes Violin Program at Class Social

Young Rose Mary Bruce, talented violinist and daughter of Mr. and Mrs. Lloyd L. Bruce, Caddo highway, furnished a delightful violin program at the home of Mrs. George Robinson Monday night when the house hostess entertained members of the Euzelian class of the Central Baptist church with a pleasant social.

Clusters of zinnias and roses were attractively used in decorations.

Games were enjoyed during the earlier part of the hour, followed with a miscellaneous shower given honorore, Mrs. W. R. Clardy, who leaves the latter part of this week for Kilgore, where she joins her husband to establish residence there.

The class personnel deeply regrets losing Mrs. Clardy, since she is an active and devoted member, having taken part in the work at all times for a number of years. A refreshment plate of ice cream and cake was served. Mrs. Clardy, and John E. Boyd, H. H. Stephens, Wallace Wagner, Izetta Smith, Elec Robinson, Lloyd L. Bruce, J. B. Vantrose, Roy Moore, J. R. Rutherford, and hostess, Mrs. Robinson. Members unable to be present and who sent remembrances to Mrs. Clardy, Mrs. T. J. Anderson, Mrs. Joe Dennis, Mrs. L. H. Taylor and Mrs. J. L. Reed.

#### Judge and Mrs. Flewellen Home After Motor Trip

Judge and Mrs. L. H. Flewellen returned home last night after an absence of two weeks during which time they visited in Denver and Colorado Springs, Hobbs, N. M., and Amarillo, where they were guests of Mrs. Collie. The Flewellens report a pleasant trip to all points visited.

#### Guest of Aunt

Little Miss Loyne Marie Wade has arrived in Ranger for a visit as the guest of her aunt, Miss Mary Dalmont. The young lady comes from Fort Worth and pays her aunt a visit each summer.

#### Mr. and Mrs. K. C. Edmonds Home

Mr. and Mrs. K. C. Edmonds and son Babh, are home following a visit to Tona, N. M. The Edmonds made the trip via motor and enjoyed a very restful visit with friends.

## Rev. Estes Speaker At Rotary Meeting

E. L. Fontaine had charge of the Rotary club program today and presented Rev. Charles W. Estes of Eastland, who presented a very interesting talk.

He spoke on Rotary and its obligations, pointing out that it breaks a man in for better service and better work in the community in which he lives, as well as in the Rotary club to which he belongs.

He said that attendance at Rotary meetings was important and pointed out how Rotary benefits all who belong.

He also mentioned the Eastland County Fair, at which a livestock exhibit is to be staged this year for the first time in many years, the registered Jersey cow program doing much to furnish interest in livestock, particularly registered stock, in the county and in the fair this year.

Visitors at the meeting were the speaker of the day, J. E. Fullbright of Hebronville, J. C. McAfee of Cisco, and A. Neill of Eastland.

## Young People's Revival Planned At M. E. Church

Extensive preparations are being made by the Methodist young people for the revival, sponsored by them, which is to begin at the First Methodist church next Sunday night.

The meeting is being thoroughly advertised. New song books have been purchased and under the leadership of Arthur Deffebach, choir rehearsals are being conducted. Special music is planned for each of the four nights of the revival. The speaker is Jack B. Hester of Waco.

It is understood that this revival is for all the young people of Ranger and community and committees have already visited the other churches of Ranger to extend invitations.

It is hoped by Rev. J. M. Bond, pastor of the church, that something of the spirit that was in the recent young people's assembly at Georgetown may enter into this revival. At the assembly there was a large number of young people converted and reconsecrated and this occasion has inspired young people's revivals all over the Central Texas conference.

## U. S. Attorney Is Victim of a Fall

BOSTON, Mass., Aug. 28.—Joseph Hurley, first assistant United States district attorney at Boston, who died today after being found unconscious, suffered injuries when he fell and struck his head, it was reported today.

As a result of the report, orders for an investigation were countermanded. Hurley died at a hospital shortly after noon from a skull fracture.

## Mrs. Connally to Be Buried at Marlin Thursday

WASHINGTON, Aug. 28.—Senator Tom Connally was en route home today with the body of his wife, who died Monday in the senator's office.

With Connally when he boarded the train here last night was Luther Johnson, representative from Corsicana and former Lieutenant-Gov. Edgar Witt of Waco.

Funeral services will be held in Marlin at 5 p. m. Thursday. Mrs. Connally will be buried at Marlin, where she was born and reared.

Governor Allred today sent a message of condolence to Connally, which read, "I was deeply shocked at the sad news of the death of your beloved wife. I want you to know the people of Texas grieve with you."

The governor will attend the funeral.

## Chiropractic Clinic Will Continue For One More Week

Drs. Green & Green, chiropractors of Ranger, announced today the clinic will continue all this week and might go into next week. Dr. Green said it was keeping him and Mrs. Green busy taking care of all the appointments and that the auto-radioclast machine now being operated by an expert technician and was giving the people something new and different as the machine diagnosed a case from scientific facts and that there was absolutely no guesswork to it. Many ailments, such as gall bladder, appendicitis, tumor, cancer, Bright's disease, diabetes, sinus trouble and many other ailments are registered on the machine from scientific fact, Dr. Green stated. Appointments can be made for any hour by calling number 58.

## Ranger Hospital Notes

#### City-County Hospital

Master Jackie Littlefield, son of Mr. and Mrs. Onis Littlefield, had his tonsils removed this morning.

#### Gene Maquary is Convalescing from Pneumonia

Noel Collins is resting well today after an operation for removal of appendix yesterday.

#### Mrs. Grace Younce is reported to be doing nicely and condition quite satisfactory.

Mrs. C. T. Dodd underwent major surgery yesterday.

#### Elvie Rogers, who sustained a crushed leg last week when hit by an automobile, is resting well.

Harlie Gardenhire is convalescing from pneumonia.

## Rich Children To Share Their Toys

NEW YORK.—"Share your toys," slogan adopted by hundreds of children in New York's fashionable private schools to help the under-privileged children of New York who have no toys except those they borrow at the Toyery—a lending library for playthings at the Heckscher Foundation.

"Toys and games are childhood necessities as vital to normal development as bread and shelter," said May Jean Robbins, director of a children's school, who is organizing the lending campaign.

"We want equal play opportunity for every child. We want to turn Santa Claus into an everyday friend of poor youngsters, a friend who brings toys they can really use, instead of a once-a-year visitor with a grab bag. We want to

## WAKE UP YOUR LIVER BILE—

Without Colman—And You'll Jump Out of Bed in the Morning!  
The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just clogs in the bowels. Gas builds up your stomach. You get constipated. Your whole system is poisoned and you feel sour, sick and the work looks poor.  
Laxatives are only makeshifts. A mere bowel movement doesn't get at the cause. It takes those good, old Carter's Little Liver Pills to get those two pounds of bile flowing freely and make you feel "up and up." Harmonious, gentle, yet amazing in making bile flow freely. Ask for Carter's Little Liver Pills by name. Stubbornly refuse anything else. 25c. © 1935, C. & S.

# but Why is Electrolux

the ONLY refrigerator that can give me ALL the advantages I want?

- Low operating cost
- Permanent silence
- No moving parts to wear
- PLUS
- Modern conveniences
- Modern beauty

## Because, dear lady

Electrolux differs in basic principle from every other refrigerator... it's far simpler... more efficient

ONCE you understand the fundamental differences in Electrolux operation, it's easy to see why this remarkable refrigerator excels. For every point of difference means an important advantage. Electrolux hasn't a single moving part. A tiny gas flame does all the work... circulates the simple refrigerant, which is cooled by ordinary air.

This utter simplicity permits an amazingly low cost to run, keeps Electrolux always silent (there are no moving parts to cause noise!), insures fullest food protection, and eliminates depreciation due to moving parts that wear.

In addition, Electrolux brings you finest modern beauty... every worthwhile convenience to lighten kitchen work and give you more leisure hours. Today—come in and inspect the new 1935 models. Discover for yourself the secret of Electrolux's unsurpassed performance.
