ems to us that the Bulldogs always been suckers for doungback and single wingback. It was a single wingback produced most of the long Saturday. Back in 1932 the igs lost only to the double back teams, while in 1931 the wingback was never defeated the Bulldogs. Most of the that turned the trick against last year and the year before that system. As far as we remember Ranger has never eated a team using the system, if memory is right, the of 1931 used it and tied the Bulldogs. Maybe they didn't,

CRIMINAL WEEK OPENS MONDAY IN 88TH COURT

Eugene Franklin of Ranger, pleading guilty to a charge of burglary, was sentenced to two years in the state penitentiary when criminal week opened in 88th district court Monday.

Jurors for the trial of Pat Patterson, charged with driving while intoxicated, was chosen as follows: F. B. Altman, E. H. Jones, S. P. Ross, G. L. Bailey, W. A. Elliott, Frank Lovett, Johnnie Cox, Luther Stafford, G. F. Bennett, F. C. Williamson, W. M. Bagley, G. S. Cleveland.

Other criminal cases set for this week are: Robert Gallardo alias Steve Guyedo, robbery; Stanley Huddleston, driving while intoxicated; Bert Gilbert, theft and receiving and concealing stolen property; Dorothy Matlock, theft and receiving and concealing stolen property; Harry Matlock, theft and receiving and concealing stolen property.

San Antonio.—Relief rolls in Texas slumped again this week as Works Progress Administration projects absorbed approximately 2,700 more former relief clients on work projects scattered through the 30 WPA districts.

With 52 projects under way in various parts of the state, WPA has removed 6,838 Texans from the dole, Dr. E. E. Hale, state director of labor management, announced today.

Works authorizations for 108 additional projects have been released by state officials and an estimated 6,000 more persons now subsisting on the dole are expected to be added to the active working list of WPA within a few days, Hale asserted. Practically all of the authorizations are accompanied by advice to start work at once, state WPA officials said.

In addition to the more than 6,000 former relief clients who are now engaged in work on WPA projects, there are 120 non-relief employes working in various capacities on WPA jobs.

WPA also has been instrumental in placing 7,310 former relief clients to work on non-WPA jobs, Hale's records reveal. Non-WPA jobs have also been provided for 1,251 non-relief employes, according to Hale. Included among those who have used men supplied through WPA facilities are such organizations as: CCC camps, PWA, bureau of internal revenue, United States treasury department, alcohol tax unit, rural resettlement administration, FERA, bureau of public roads, department of agriculture, veterans' camps, soil conservation, U. S. department of labor, and various army agencies.

Allotments aggregating \$3,868,650 for work to be started in Texas have been received from Washington and, in each instance, federal allotments have been speedily followed by work authorizations to the various Texas WPA districts, state officials declared.

District officials have declared themselves ready to handle projects as rapidly as federal allotments are received. Deputy Administrator Robert J. Smith reported, and all work authorizations which have been sent to districts in the state have resulted in rapid starting of projects.

C. of C. Directors Will Meet Tonight

An important meeting of the board of directors of the chamber of commerce will be held tonight at 7:30, it has been announced by J. E. Meroney, president of the organization, and all directors have been urged to be present.

Among other items to come up for action will be action upon the resignation of R. V. Galloway as secretary. Galloway, who has been secretary since last March, has turned in his resignation in order that he might take care of other business, and has asked the board to accept his resignation by Oct. 15.

Biggest American Plane Called Lindbergh's "Dream Ship"

The largest airplane yet built in America, the "China Clipper," shown docked in the Middle River, Baltimore, for its successful test flight, is hailed by aviation officials as a materialization of Colonel Charles A. Lindbergh's "dream" for a transoceanic passenger and freight carrier. With a wingspread of 130 feet and gross weight of 51,000 pounds, the giant craft carried 43 persons on its first flight, witnessed by Lindbergh. It is to be used in trans-Pacific flights.

SCANT ATTIRE IS BASIS OF AN AMENDMENT

AUSTIN, Oct. 14.—A charge that women "without enough clothes to ward a shotgun" are being employed at places selling liquor enlivened today's session of the legislature.

Senator Clay Cotton, Palestine, made the charge. He said he had not seen these scantily clad women but based his statement on information of one who had investigated.

He sought and secured an amendment to the house liquor license bill prohibiting employment of women at any place selling liquor other than a cafe or drug store. The wording excludes all who are not 21 years of age.

Twenty-one senators voted for the amendment, three against.

Senator Will Martin of Hillsboro made the only opposition.

"Times have changed," he said. "Twenty-one senators voted for the amendment, three against."

He said he was going to sell liquor if I would say let women sell it as well as men. Some people believe the main part of drinking is done by women.

Soviet to Veil Czar's Emblem

MOSCOW, Russia.—The gilded double eagles of the Romanoff regime which for 300 years perched on the lofty towers of the Kremlin, symbolizing the might of Imperial Russia, soon will be replaced by the hammer and sickle of the Soviet Union.

First of the golden birds was erected by Michael Romanoff founder of the line of Czars who ruled Russia until the revolution of 1917. Calling to Moscow the bravest and most agile serfs he hoisted the symbol of his house, a great eagle fashioned of wood had covered with gilded iron sheets, to the top of the main spire of the Kremlin wall, facing the Red Square. Their muscles and agility proved equal to the task.

Later five other like symbols were raised—three more over the largest towers of Kremlin wall and two over the Historical Museum.

In their places will be raised six five-pointed stars, each 12 feet in diameter. Embossed upon them in semi-precious stones will be the hammer and sickle, symbol of the regime which overthrew the Romanoffs.

The stars are to be in place by Nov. 7, 18th anniversary of the Bolshevik revolution.

TRENTON, Mo.—"Names make news," believes Robert Packwood, youthful editor of the Trenton Republican-Times. In one issue of the daily, Packwood counted 610 different persons mentioned.

150 Barrels Per Day Production Is Reported on States Oil Firm's Well

Production of 150 barrels a day through one-eighth inch choke was reported Monday on States Oil Corporation's No. 1 J. O. Goson, block 2, section 65, H. & T. C. survey, near Gorman.

Acidized last week with 2,000 gallons, the well responded by the reported filling up of a 100 barrels storage tank in eight minutes.

Total depth of the well is 2,360 feet.

Motorists Will Be Penalized If Gas Tax Is Increased

AUSTIN.—A million and a quarter Texas motorists will be penalized for the principal benefit of a relatively small group of bondholders if the proposed one cent per gallon increase in the state gasoline tax is approved by the legislature, Col. Ike Ashburn, executive manager of the Texas Good Roads association, declared here today.

The present state gas tax is 4 cents per gallon, of which one cent goes to the common school fund and another cent to refund the outstanding bonds of the various counties spent on construction of state highways.

The new proposal, House Bill 89 by Alsop, would raise the state tax to 5 cents per gallon, using the additional cent to refund all outstanding county securities for lateral and secondary roads as well.

Colonel Ashburn, whose organization is composed of 25,000 motorists in all sections of the state, said, "We do not think it right to redeem bonds, many of them heavily depreciated, at the profit of the bondholder and at the expense of the motoring public." He named a Dallas bond attorney who is in Austin actively sponsoring the bill.

"We further believe," Colonel Ashburn continued, "that to tax provident counties, which have not had the benefit of large road programs, to pay off the bonds of counties which have voted large programs, is unsound and unfair."

Moreover, a higher tax does not assure greater revenue, he explained, pointing to Oklahoma, which suffered a 17 per cent decrease in revenue and a 12 per cent drop in auto registrations the year after its state gas tax was raised from 4 to 5 cents. The Oklahoma legislature reduced the tax to 4 cents the following year.

Kansas School Fund Seeks Large Estate

TOPEKA, Kan.—To gain possession of the \$600,000 estate of Ellen Doyle, Florence, Kan., spinster who died last March leaving no will or known heirs, the state of Kansas must carry to Ireland its legal battle for the estate.

The state would go to the state school fund. Clarence V. Beck, attorney general, said he had been informed recently that five persons claiming relationship to Miss Doyle had filed a claim to the estate in Ireland. Beck has not been informed yet who the five persons are.

Super Pockets For Sales Tax Tokens

WEST PLAINS, Mo.—A West Plains dry cleaner keeps up with the times. When Missouri's one per cent sales tax went into effect and cardboard "milk bottle cap" mill tokens came into use, he advertised:

"Be ready for the sales tax. Have your trousers equipped with extra large 'Super Pockets' especially designed for carrying 'milk bottle cap' mill tokens came into use, he advertised:

Aged Indian Predicts A Long, Hard Winter

WINNIPEG, Man.—This fall will be long and open and the winter sharp, Jeremiah Rundle, chief of the Swamp Creek Indians, predicts.

The aged Indian chief bases his prediction on the fact that ducks are less than this season and the muskrats scarce in the north.

HIGHER COURT WILL NOT HEAR MOONEY CASE

WASHINGTON, Oct. 14.—The supreme court today again refused the plea of Thomas J. Mooney that it take his case out of the hands of the California courts which have been hearing his plea he was illegally convicted for participating in the 1916 Preparedness Day bombing in San Francisco.

The court got down to the business of making history in its new temple of justice by promising an early ruling on constitutionality of two vital New Deal foundation stones—processing taxes and the TVA operations.

The court refused to enter the Louisiana political picture by announcing it will not consider an attack on one of the laws the late Huey Long, the state's slain democratic dictator, jammed through the state legislature to wrest control of New Orleans from Mayor T. Semmes Walmaley.

In another decision the court today refused to reconsider its decision by which it declared the original Frazer-Lemke farm moratorium act unconstitutional last spring.

FOUR KILLED OVER STATE IN CAR MISHAPS

Four persons were killed and numbers injured over the weekend in Texas automobile accidents.

W. F. Cobias, 52, of Houston, was killed Sunday when his car struck a utility pole.

Frank Burton, 77, sign painter, died Sunday in Fort Worth of injuries suffered Saturday night when struck by a car.

Harr Rogers, 67, of Denver, Colo., was injured fatally when a car driven by his brother, Foster, overturned near Dallas Sunday.

Mrs. Lena Johnson, 48, Dallas, died Monday from injuries suffered when she was crushed against a parked truck while on the running board of a car.

Allred Will Sign Chain Store Tax

AUSTIN, Oct. 14.—Governor will sign the graduated chain store tax bill as passed by the legislature.

"It is not all I wanted but its passage was one of the greatest victories for the people in years. Unless there is some palpable error that would make it invalid, I will sign it," he said.

He had requested a chin store tax without exemption. He also suggested the tax be doubly graduated with the number of chains and the amount of gross income determining the tax per store.

The bill passed, was said by opponents, to exclude more chains than it includes.

Police Seek Man Who Killed Actress

HOLLYWOOD, Oct. 14.—Police scoured the past romances of pretty Harriet Walke, 26-year-old actress today, in the hope of learning the identity of a man who shot her down on a street last night.

Although at first suspecting a woman, detectives later believed it was a man who laughed as he sped away in a small white roadster after pumping a single bullet into her thigh. The bullet ranged downward, severing an artery and causing her to bleed to death.

Vocational Head of District to Attend Waco Health Parley

B. E. McGlamery of Eastland, vocational rehabilitation supervisor for Northwest Texas, will leave this week for Waco, where he will attend a meeting of the Texas Public Health association. The meeting will be in progress Wednesday, Thursday and Friday.

Girl Involved In Poison Case

Ruth Creighton (above), 15, became a central figure in investigation of the poison murder of L. L. Ada Applegate of Baldwin, L. L., when her mother, Mrs. Mary Creighton admitted administering lethal poisons to the dead woman because she had "talked too much" about Ruth's relations with Mrs. Applegate's husband.

MAN TELLS OF MISSING FOUR BEING FOUND

ALBUQUERQUE, N. M., Oct. 14.—J. C. Sattler of Socorro, N. M., and formerly of East St. Louis, Ill., was held today after he told District Attorney C. J. Mabry a sensational story about the disappearance several months ago of two East St. Louis couples in New Mexico.

The two couples, Mr. and Mrs. George Lorus and Mr. and Mrs. Albert Heberer, disappeared en route to Albuquerque. Their car was found in Dallas and travelers' checks were cashed at several points with their signatures forged to them.

Sattler gave his story to Mabry early today. He was picked up after attempting to sell the story to various newspapers. He told Mabry he had proof Lorus was still alive and was living, he believed, in Pasadena, Calif. He said other members of the party were dead and he believed he could lead the way to their bodies, buried in the desert.

Mabry said Sattler assured him he would do all possible to aid in the search and he was not adverse to being held for questioning.

Felon Hailed By Critic As Genius

SYDNEY, N. S. W.—A musical genius, serving a life sentence for the murder of his wife by poison, sits in a cell in the Goulburn prison composing waltzes on a dummy piano.

The prisoner is Alister Jenner Clarke. In recent weeks he has composed three waltzes.

When he first entered prison he was a broken man and it merely was by chance that music made his appeal. He began to study furiously and arrangements were made to have him taught. He showed such remarkable progress that the prison authorities allowed him to practice for an hour a day. But this was not enough and the Governor had a dummy piano constructed and placed in Clarke's cell. Now, night after night, the prisoner sits playing soulless notes, imagining the melodies.

Teachers from the State Conservatoire of Music believe Clarke is a musical genius.

NO SHOTS ARE FIRED AND NO BLOOD SHED

Priests Offer Submission To Italians After Soldiers Leave.

ADUWA, Ethiopia, Oct. 14.—Aksam, holy city of Ethiopia, surrendered to Italy today without the firing of a shot.

Its priests offered submission to the Italian army and no soldiers remained in the burial place of Ethiopia's kings and one-time city of the Queen of Sheba.

Surrender was a climax to voluntary surrender of priests and chieftains who forswore allegiance to Emperor Haile Selassie of Ethiopia.

ADDIS ABABA, Oct. 14.—Italy has made indirect but definite proposals to end the war in return for substantial sessions of territory and economic advantage, it was revealed today.

Emperor Selassie's answer was a flat "no."

GENEVA, Oct. 14.—The League of Nations committee drafted six severe financial penalties against Italy today preparatory to putting into effect a general trade boycott. At London England lifted the arms embargo against Ethiopia and some feared Italians might try to block shipments of arms, causing trouble in the Mediterranean. It was reported British subjects had been advised to leave Addis Ababa. It was feared the town might be bombed when the Italian minister leaves.

At Harar it was reported chiefs were rallying their men to put up a stout resistance to the Italians.

At Athens it was reported Albania is fortifying its coast.

State Courts to Get Gas Waste Cases For Tests

AUSTIN, Oct. 14.—Attorney General William McCraw today announced a step switching to state courts a test of validity of the state law to prevent natural gas waste in the Panhandle.

Enforcement of the act has been temporarily restrained by a federal court order. A federal statute provides that if a suit is brought in state court federal proceedings shall be stayed pending a state court ruling.

To get jurisdiction McCraw filed suit against the Texas Panhandle Gas Company and the Texoma Natural Gas Company for an injunction to compel them to comply with the railroad commission order under the anti-gas waste act.

Thirty-Hour Week Urged By A.F. of L.

ATLANTIC CITY, N. J., Oct. 14.—A 30-hour work week without reduction of the weekly wage was declared today by the A. F. of L. to be its "paramount objective" for the future.

Federations beginning the second week of its annual convention voted enthusiastically for the 30-hour week after President William Green declared: We must obtain the shorter work week either through our economic strength or through legislation.

Brother of Mrs. C. W. Hoffmann Dies At Abilene Home

Funeral services for Homer Hilton, brother of Mrs. C. W. Hoffmann of Eastland, who died in Abilene Sunday were scheduled to be held this afternoon at Abilene.

Hilton, a former resident of Eastland, was believed to have succumbed from acute indigestion or heart failure.

Relief Rolls For State Show Slump As Work Starts

SAN ANTONIO.—Relief rolls in Texas slumped again this week as Works Progress Administration projects absorbed approximately 2,700 more former relief clients on work projects scattered through the 30 WPA districts.

With 52 projects under way in various parts of the state, WPA has removed 6,838 Texans from the dole, Dr. E. E. Hale, state director of labor management, announced today.

Works authorizations for 108 additional projects have been released by state officials and an estimated 6,000 more persons now subsisting on the dole are expected to be added to the active working list of WPA within a few days, Hale asserted. Practically all of the authorizations are accompanied by advice to start work at once, state WPA officials said.

Allotments aggregating \$3,868,650 for work to be started in Texas have been received from Washington and, in each instance, federal allotments have been speedily followed by work authorizations to the various Texas WPA districts, state officials declared.

District officials have declared themselves ready to handle projects as rapidly as federal allotments are received. Deputy Administrator Robert J. Smith reported, and all work authorizations which have been sent to districts in the state have resulted in rapid starting of projects.

150 Barrels Per Day Production Is Reported on States Oil Firm's Well

Production of 150 barrels a day through one-eighth inch choke was reported Monday on States Oil Corporation's No. 1 J. O. Gowen, block 2, section 65, H. & T. C. survey, near Gorman.

Acidized last week with 2,000 gallons, the well responded by the reported filling up of a 100-barrel storage tank in eight minutes.

Motorists Will Be Penalized If Gas Tax Is Increased

AUSTIN.—A million and a quarter Texas motorists will be penalized for the principal benefit of a relatively small group of bondholders if the proposed one cent per gallon increase in the state gasoline tax is approved by the legislature, Col. Ike Ashburn, executive manager of the Texas Good Roads association, declared here today.

The present state gas tax is 4 cents per gallon, of which one cent goes to the common school fund and another cent to refund the outstanding bonds of the various counties spent on construction of state highways.

The new proposal, House Bill 89 by Alsop, would raise the state tax to 5 cents per gallon, using the additional cent to refund all outstanding county securities for lateral and secondary roads as well.

Colonel Ashburn, whose organization is composed of 25,000 motorists in all sections, of the state, said, "We do not think it right to redeem bonds, many of them heavily depreciated, for the profit of the bondholder and at the expense of the motoring public." He named a Dallas bond attorney who is in Austin actively sponsoring the bill.

"We further believe," Colonel Ashburn continued, "that to tax present counties, which have not had the benefit of large road programs, to pay off the bonds of counties which have voted large programs, is unjust and unfair."

Moreover, a higher tax does not assure greater revenue, he explained, pointing to Oklahoma, which suffered a 17 per cent decrease in revenue and a 12 per cent drop in auto registrations the year after its state gas tax was raised from 4 to 5 cents. The Oklahoma legislature reduced the tax to 4 cents the following year.

FOUR KILLED OVER STATE IN CAR MISHAPS

Four persons were killed and numbers injured over the weekend in Texas automobile accidents.

W. F. Cobias, 52, of Houston, was killed Sunday when his car struck a utility pole.

Frank Burton, 77, sign painter, died Sunday in Fort Worth of injuries suffered Saturday night when struck by a car.

Harr Rogers, 67, of Denver, Colo., was injured fatally when a car driven by his brother, Foster, overturned near Dallas Sunday.

Mrs. Lena Johnson, 48, Dallas, died Monday from injuries suffered when she was crushed against a parked truck while on the running board of a car.

Soviet Awaiting Japanese Version Of Border Clashes

MOSCOW, Oct. 14.—The Soviet government waited Japan's answer to protests on clashes between Russian and Japanese troops on the Manchurian border.

Moscow has suggested to Japan appointment of a mixed commission to investigate the claim and to demarcate the frontier.

The three clashes occurred on Oct. 8, 10 and 12, but details of casualties and circumstances leading to them were not known today.

When first reports reached here yesterday it was thought to have serious circumstances as both governments seek peace.

MAN TELLS OF MISSING FOUR BEING FOUND

ALBUQUERQUE, N. M., Oct. 14.—J. C. Sattler of Socorro, N. M., and formerly of East St. Louis, Ill., was held today after he told District Attorney C. J. Mabry a sensational story about the disappearance several months ago of two East St. Louis couples in New Mexico.

The two couples, Mr. and Mrs. George Lorus and Mr. and Mrs. Albert Heberer, disappeared en route to Albuquerque. Their car was found in Dallas and travelers' checks were cashed at several points with their signatures forged to them.

Sattler gave his story to Mabry after attempting to sell the story to various newspapers. He told Mabry he had proof Lorus was still alive and was living, he believed, in Pasadena, Calif. He said other members of the party were dead and he believed he could lead the way to their bodies, buried in the desert.

Mabry said Sattler assured him he would do all possible to aid in the search and he was not adverse to being held for questioning.

State Courts to Get Gas Waste Cases For Tests

AUSTIN, Oct. 14.—Attorney General William McCraw today announced a step switching to state courts a test of validity of the state law to prevent natural gas waste in the Panhandle.

Enforcement of the act has been temporarily restrained by a federal court order. A federal statute provides that if a suit is brought in state court federal proceedings shall be stayed pending a state court ruling.

To get jurisdiction McCraw filed suit against the Texas Panhandle Gas Company and the Texas Natural Gas Company for an injunction to compel them to comply with the railroad commission order under the anti-gas waste act.

Stadium Tickets On Sale Here Next Wednesday

Ranger's Bulldogs will meet the land mavericks at Welsh Field stand, Friday afternoon in first conference game of the season, and tickets for the game will be sold at the Ranger High school.

Students tickets will be sold at high school, it was announced today by W. W. Jarvis, star of the school, on Wednesday and Thursday and until Friday.

Students have been urged to their tickets at the school, as will be sold at the gate next week, Jarvis stated today.

Soviet to Veil Czar's Emblem

MOSCOW, Russia.—The gilded double eagles of the Romanoff regime which for 300 years perched on the lofty towers of the Kremlin, symbolizing the might of Imperial Russia, soon will be replaced by the hammer and sickle of the Soviet Union.

First of the golden birds was erected by Michael Romanoff founder of the line of Czars who ruled Russia until the revolution of 1917. Calling to Moscow the bravest and most agile serfs he could find, he challenged them to hoist the symbol of his house, a great eagle fashioned of wood and covered with gilded iron sheets, to the top of the main spire of the Kremlin wall, facing the Red Square. Their muscles and agility proved equal to the task.

Later five other like symbols were raised—three more over the largest towers of Kremlin wall and two over the Historical Museum.

In their places will be raised five-pointed stars, each 12 feet in diameter. Embossed upon them in semi-precious stones will be the hammer and sickle, symbol of the regime which overthrew the Romanoffs.

The stars are to be in place by Nov. 7, 18th anniversary of the Bolshevik revolution.

Aged Indian Predicts A Long, Hard Winter

WINNIPEG, Man.—This fall will be long and open and the winter sharp, Jeremiah Rundle, chief of the Swamp Creek Indians, predicts.

The aged Indian chief bases his prediction on the fact that ducks are lean this season and the muskrats scarce in the north.

Alfred Will Sign Chain Store Tax

AUSTIN, Oct. 14.—Governor will sign the graduated chain store tax bill as passed by the legislature.

"It is not all I wanted but its passage was one of the greatest victories for the people in years. Unless there is some palpable error that would make it invalid, I will sign it," he said.

He had requested a chin store tax without exemption. He also suggested the tax be doubly graduated with the number of chains and the amount of gross income determining the tax per store.

The bill passed, was said by opponents, to exclude more chains than it includes.

Kansas School Fund Seeks Large Estate

TOPEKA, Kan.—To gain possession of the \$600,000 estate of Ellen Doyle, Florence, Kan., spinster who died last March leaving no will or known heirs, the state of Kansas must carry to Ireland its legal battle for the estate.

The state would go to the state school fund, Clarence V. Beck, attorney general, said he had been informed recently that five persons claiming relationship to Miss Doyle had filed a claim to the estate in Ireland. Beck has not been informed yet who the five persons are.

Police Seek Man Who Killed Actress

HOLLYWOOD, Oct. 14.—Police scanned the past romances of pretty Harriet Waite, 20-year-old actress today, in the hope of learning the identity of a man who shot her down on a street last night.

Although at first suspecting a woman, detectives later believed it was a man who laughed as he sped away in a small white roadster after pumping a single bullet into her thigh. The bullet ranged downward, severing an artery and causing her to bleed to death.

Thirty-Hour Week Urged By A.F. of L.

ATLANTIC CITY, N. J., Oct. 14.—A 30-hour work week with but reduction of the weekly wage was declared today by the A. F. of L. to be its "paramount objective" for the future.

Federations beginning the second week of its annual convention voted enthusiastically for the 30-hour week after President William Green declared: "We must obtain the shorter work week either through our economic strength or through legislation."

Wrestling Matches Re-Open Tonight

The Elks arena will open its doors tonight to the wrestling fans of the winter season of sports, arrangements have been made for good bouts are on the program. There will be plenty of excitement for all.

The first match, a one-hour time limit, will be Speedy Holt, who is tough and aggressive. His opponent, Bill Parr, is equally as tough as Speedy. There is enough excitement in this match to put the fans on edge for the main event.

The main event, a best two in three falls, two-hour time limit, Swanson, a fan favorite in the parts, will meet the new regional, Owen Davis. Davis was the mat star of the University of Texas, has turned pro and has been giving all the light weights plenty of trouble throughout the state. There will be plenty of action in these two and well worth the price of admission. A large attendance is expected tonight.

C. of C. Directors Will Meet Tonight

An important meeting of the board of directors of the chamber of commerce will be held tonight at 7:30, it has been announced by J. E. Meroney, president of the organization, and all directors have been urged to be present.

Among other items to come up for action will be action upon the resignation of R. V. Galloway as secretary. Galloway, who has been secretary since last March, has turned in his resignation in order that he might take care of other business, and has asked the board to accept his resignation by Oct. 15.

Felon Hailed By Critic As Genius

SYDNEY, N. S. W.—A musical genius, serving a life sentence for the murder of his wife by poison, sits in a cell in the Goulburn prison composing waltzes on a dummy piano.

The prisoner is Alister Jenner Clarke. In recent weeks he has composed three waltzes.

When he first entered prison he was a broken man and it merely was by chance that music made its appeal. He began to study furiously and arrangements were made to have him taught. He showed such remarkable progress that the prison authorities allowed him to practice for an hour a day. But this was not enough and the Governor had a dummy piano constructed and placed in Clarke's cell. Now, night after night, the prisoner sits playing soundless notes, imagining the melodies.

Teachers from the State Conservatoire of Music believe Clarke is a musical genius.

Brother of Mrs. C. W. Hoffmann Dies At Abilene Home

WASHINGTON LETTER

BY RODNEY DUTCHER

WASHINGTON—Hardly anyone realizes it, but the U. S. Supreme Court in its term just begun may rule that spending legislation, such as that for the public works and work relief acts, is unconstitutional.

PWA lawyers recently warned Roosevelt of the possibility. They thought it might be wiser to drop the government's appeal in the Louisville housing case, where plaintiffs were sure to raise the issue before the high court.

Roosevelt, refusing to duck, told them to go ahead with the appeal.

When the \$4,800,000,000 work relief bill was passed, you couldn't find an attorney in the whole New Deal legal army who thought it stood in any danger from the courts.

Because the court once held that a taxpayer couldn't sue to prevent appropriations, this was the one big New Deal measure considered immune from attack.

But property owners in Louisville obtained an injunction against condemnation of certain land for a PWA housing project. And their lawyers insist that the discretion given to Roosevelt and Administrator Harold L. Ickes as to the spending of PWA funds is an illegal delegation of legislative authority.

THE U. S. court of appeals in Cincinnati, holding against the government, decided housing was not a public purpose. It failed to pass on the delegation of power issue.

Attorneys for both sides are now set to argue the issue in the big new supreme court building. If the act providing \$3,300,000,000 of PWA funds should be held

invalid, the work relief act would also seem to be unconstitutional by reason of the broad discretionary spending powers it confers. And scores of lawyers probably would leap into court to prove it.

Effects of a defeat for the government on the delegation issue can't be entirely forecast. But hundreds of millions in PWA funds not yet paid out presumably would be held up. And Comptroller General McCarl would have to decide whether to keep on approving work-relief grants.

SECRETARY WALLACE and Administrator Chester Davis dream at nights of a queer-looking potato fashioned in the shape of a boomerang.

The unannounced big idea behind the recent potato hearing was that it would produce a hot demonstration against the unpopular potato control act. That would uphold the AAA in its intention not to try to enforce a law which everyone agreed couldn't be enforced and lead to early modification of the law by Congress.

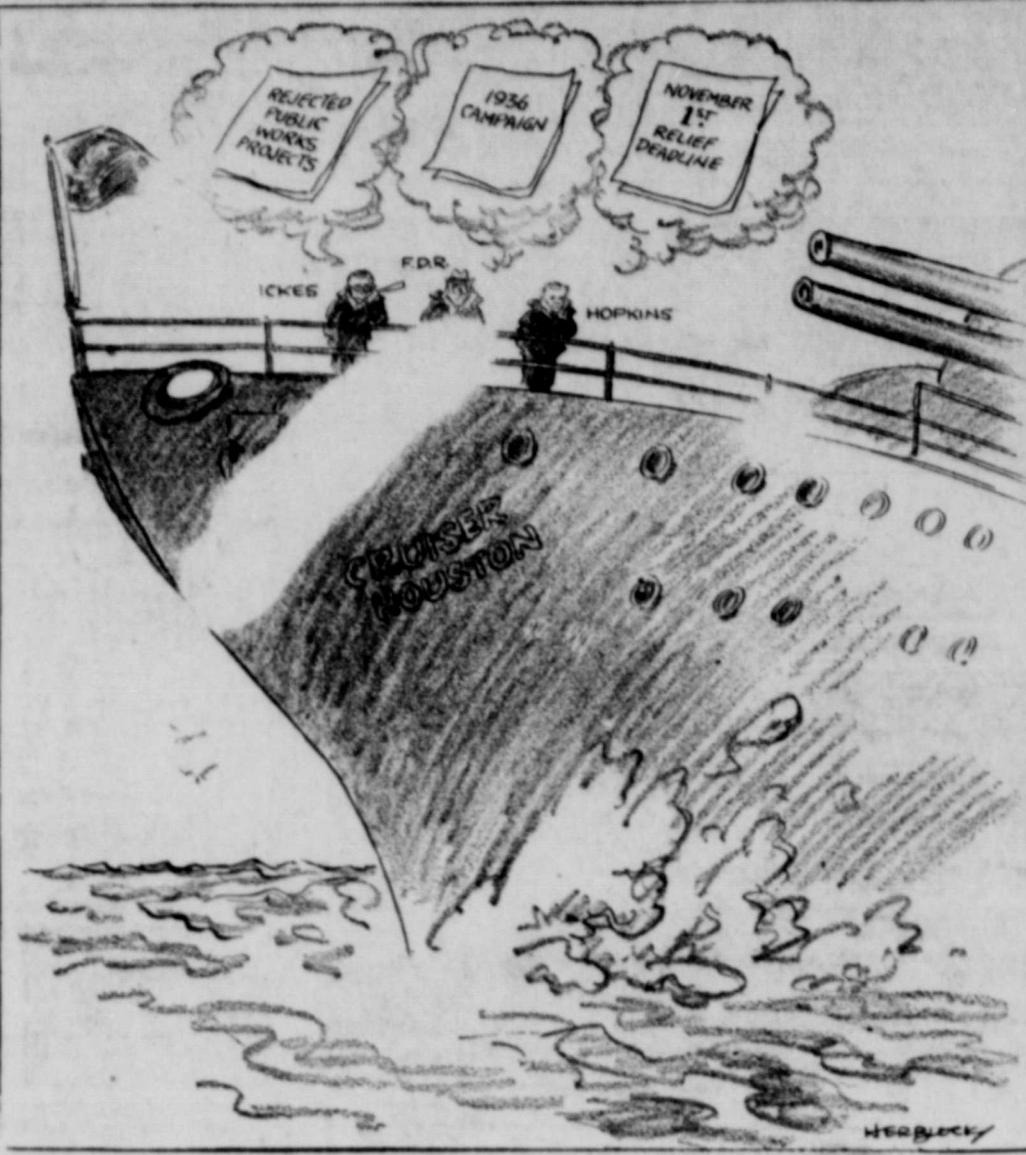

But the thousands of Republicans and small farmers who have been shrieking against the act stayed home. A few hundred big growers of potatoes swarmed into the AAA building for a field day and Senator Bailey and Congressman Warren, sponsors of the act, stole the show.

The only fellow who spoke against the act was a New Jerseyite. It turned out he raised only about 35 bushels a year and the big potato boys gave him a hearty horse-laugh on that. The AAA had an unhappy time.

Something will be done for potato growers. But no attempt will be made to enforce the act, no matter how loudly Republicans cry "nullification!"

Open Season For Common Colds Again Arrives

AUSTIN.—"The 'open season' for the so-called common cold again arrived. Victims of this general complaint will constantly increase during the winter months, larger numbers of persons will become temporarily incapacitated, many will become dangerously ill, while yet others will succumb to complications," stated Dr. John W. Brown, state health officer.

In spite of the wonderful strides in disease prevention made in the last few decades, the problem of the common cold yet remains to be solved. If the situation lent itself to mass control, there possibly would be no problem. Unfortunately, however, the matter can-

not be handled in that way. The solution, in view of present-day limitations, rests somewhat upon Hale asserted. Practically all of individual. So far, this has proved to be an insurmountable barrier. The trouble arises because the victim fails to appreciate the possibility of 'only a cold.' In fact, with the day's work to be done, it is difficult to be self-persuaded that one should remain at home, and possibly in bed, if overtaken by such an infection. Feeling quite able to move around, it is hard to realize that rest and care represent the best treatment not only for the cold itself but as a preventive of more dangerous complications.

The average person argues that home and bed are all right when one is too sick to be any place else. However, the scientific facts prove that most of the salinities now charged to the common cold could be avoided if one would at least stay at home when this infection

CHICAGO—World series pick-ups and hot downs.

Branch Rickey turns from Judge Landis long enough to say that the young Cubs should be in the thick of National League derby for several campaigns. . . . Rickey also sees the Reds as future trouble-makers. . . . The director of the far-flung Cardinal system points to the Reds' improvement this year and to their efficient chain store arrangement, fashioned after that of the St. Louis club. . . . Larry MacPhail, active head of the Cincinnati Baseball Co., is a disciple of Rickey. . . . He formerly was in charge of the Cardinals' Columbus farm. . . . Rickey admits that replacing the rapidly fading Frank Frisch at second base is his most pressing challenge at present. . . . Burgess Whitehead lacks the power demanded of a guardian of the keystones sack by the most exacting management in the business. . . . Lyle Judy, who came up from Springfield of the Western Association with the phenomenal record of something like 100 stolen bases, is a year or two away. . . . Rickey suspects that it may require some time to rebuild the Giants, with several veterans unimpeachably on the decline. . . . The Cubs celebrated the winning of the pennant by cutting off each others' knickers.

Jacobs Digs 'Em Up; Joe Louis Buries 'Em

MIKE JACOBS remarks that he intends to keep Joe Louis busy, and someone asks where he will find opponents. . . . "I'll dig 'em up," replies the promoter. . . . "That's right, Mr. Jacobs," interposes John Roxborough, "you dig 'em up and Joe'll bury 'em." Illinois defeat by Ohio University was had enough, but the loss of Lindberg for several weeks is worse. . . . An opponent's cleat penetrated the shoe of the triple threat back's kicking foot while he was throwing a pass, breaking a bone. . . . Hank Greenberg's failure to hit safely in 15 trips in the last four games with the White Sox cost him the batting leadership among the Tigers. . . . The honor again went to Charley Gehringer, the strong silent man. . . . Greenberg explains the attitude of the Detroit club and himself. . . . "We win 'em when we have to. Why waste energy trying to work up a 20-game lead when a one-game lead at the finish does the same thing?" Which will be quite all right until the Tigers draw the line a bit too fine.

Colgate Deploys Its Best Team Since '29

FRANK FRISCH, star halfback at Fordham during his college days, is a rabid Colgate fan. . . . Johnny Lucey, freshman guard at Hamilton, is a nephew of Mrs. Frisch. . . . "Even Andy Kerr says that Colgate has the finest-looking team physically since 1929," beams Frisch, "and Marty McDonough, who fractured an ankle sliding into second base last summer, will be back in the backfield by mid-November." . . . It is unnecessary for the old Fordham Flash to add that Iowa, Holy Cross, Tulane, Syracuse and Brown will find out what Kerr can do with an outfit like that. . . . Frisch would have liked to have landed McDonough, a second baseman for the Cardinals, but the spectacular senior is headed for the Yankees. . . . Because he elected to stand on a three-point lead and failed to start in either end of the Indians' closing doubleheader with the Browns, the consensus is that Joe Vosmyr did not deserve the American League batting crown, out of which he was edged by Buddy Myer.

Open House to Be Staged at Legion Clubrooms Thursday

The second open house of the year of 1935 will be held at the American Legion clubrooms on Thursday evening, October 17. Invitations are being extended every veteran, together with his family and friends. According to Post Commander Peacock, a visiting speaker has been selected for the keynote speech, and in addition there will be several other interesting features on the program.

At the first open house program which was sponsored by Carl Barnes Post during the month of September, some 80 Legionnaires and members of their families and friends were in attendance. This second affair of the season is expected to bring together persons reaching the one hundred mark.

A general sing-song directed by Buddies Harry Henry and Jess Meroney, promise to be one of the liveliest features of the program. Refreshments will be served by ladies of the Legion Auxiliary at the conclusion of the evening.

IT'S HOME TOWN SERVICE

The best part about your telephone service is that it's home town service — tailor-made for you at the switchboard by people who live and work here.

Experts on American Telephone & Telegraph Company's headquarters staff can develop better methods of giving you service. Scientists of Bell Telephone Laboratories can contribute new inventions and scientific developments. Western Electric can buy and manufacture economically for the 24 operating companies of the Bell System.

And all of these things can — and do — help us tremendously at the job of giving you good telephone service at a fair cost.

Yet not one of them could replace the qualities of friendliness and neighborliness which grow out of the fact that the men and women who operate the telephones here belong to and are part of this community.

You can't measure those qualities. You can't set them down on monthly reports. Yet they have a large part in the job of providing telephone service.

SISTER MARY'S KITCHEN

BY MARY E. DAGUE
NEA Service Staff Writer

YOU ought to have heard them. You'd have thought it was at least the Ethiopian situation or the latest Hollywood scandal. But no, a whole roomful of women had worked themselves into a perfect lather about how easy it is nowadays to make a perfect cake frosting!

No wonder—when you think how it used to be a matter completely of happenstance when one turned out all right.

The surest and simplest method of getting a delectable frosting, the women agreed, is to use light corn syrup with the sugar. The corn syrup gives no flavor, but makes and keeps the frosting soft and smooth. Be sure to measure accurately, however, for too much syrup makes for gummyness.

When you plan a cake dessert the rest of the meal should be low in starch and sugar. Unless you keep this in mind it's only too easy to let dinner lose its balance. A menu built around baked or broiled fish with spinach timbale, buttered carrots and fruit salad finishes nicely with cake.

Tomorrow's Menu

BREAKFAST: Halves of grape fruit, cereal, cream, baked French toast, honey, milk, coffee.

LUNCHEON: Baked rice and cheese, pop-overs, carrot salad, milk, tea.

DINNER: Stuffed baked whitefish, spinach timbale, baked squash, frozen peach salad, chocolate peppermint cake, milk, coffee.

Chocolate Peppermint Cake

Two cups sifted cake flour, 1 teaspoon salt, 1-3 cup butter or other shortening, 1-1/4 cups granulated sugar, 1 egg, 3 squares baking chocolate, 1-3 cup rich sour cream, 3-4 cup milk, 1 teaspoon vanilla, 1 teaspoon soda.

Sift flour once, measure and add soda and salt and sift three times. Cream butter, slowly add sugar and cream thoroughly. Add egg, unbeat, and beat hard. Add chocolate which has been melted over hot water and mix well. Add about 1-4 the flour, beat well and beat in sour cream. Add remain-

ing flour alternately with milk, beating until smooth after each addition. Add vanilla and turn into two oiled and floured 9-inch layer pans and bake in a moderate oven (350 degrees F.) for thirty minutes. Spread peppermint frosting between layers and on top and sides of cake. Decorate with a 1-inch border of chocolate flakes.

Peppermint Frosting

Two egg whites, 1-1/2 cups granulated sugar, 5 tablespoons water, 1-2 teaspoons light corn syrup, red coloring, 6 drops oil of peppermint.

Put egg whites, water, sugar and corn syrup in top of double boiler and beat with a rotary beater until thoroughly mixed. Place over rapidly boiling water, beat constantly with rotary beater and cook seven minutes or until frosting will stand up in peaks. Add coloring to give a delicate shell pink—a tiny speck of coloring on the end of a knife or a few drops of liquid coloring will be enough. Remove from fire and beat until thick enough to spread. Beat in peppermint just before spreading on cake. While frosting is still soft sprinkle chocolate flakes around the border.

According to roll call the membership showed an increase over the last meeting, and the members are continuing to work toward an even higher goal in attendance.

Secret Practice Sessions Ordered For the Bulldogs

O. M. Moore, coach of the Ranger Bulldogs, announced today that beginning this afternoon the team would hold secret practice sessions each afternoon and the fans have been requested to remain away from the field during the practice periods.

The Bulldogs go into their conference schedule against Eastland next Friday afternoon, and are now getting down to the serious part of their football program, and intensive workouts will be held each afternoon.

Moore pointed out that keeping the fans out of the park for the remainder of the practice periods was not because he was trying to keep anything from them, but in order that the team could concentrate on the football practices and would not be hampered by anyone else in the park.

Just a Bit Personal

Mr. and Mrs. Joe Dennis and small son, Dwaine, spent Sunday in Abilene, where they were guests of friends.

Mrs. Onis Littlefield, who is a patient at the City-County, recovering from an operation is doing nicely and soon will be able to receive short calls from friends. As quickly as her condition permits she will be removed to her home.

Ed Dixon of Van Horn, Texas, is paying a visit to Ranger friends while a house guest of his son, Gaston Dixon and wife. He will visit in Dublin before returning home. Having lived here several years he is well known in Eastland and Erath counties, where his many friends are extending a cordial welcome.

Mr. and Mrs. F. D. Hicks were visitors in Bluff Dale over the week-end.

Mrs. V. Wright left Saturday night for Graham, where she will spend a few days in the home of her daughter and family.

Mr. and Mrs. J. S. McDowell and daughter, Cecelia, spent Saturday in Fort Worth.

John Hassen has returned home after a business visit to Sulphur, Okla.

Mrs. E. L. McMillen of Breckenridge was a visitor in town this morning. The McMillens recently moved to Breckenridge from the Sinclair-Prairie camp of Ranger.

C. E. Maddocks of the Maddocks Insurance Company, entered the City-County Hospital Sunday, where he is reported to be resting quite well today. According to his present condition he will likely be confined to the hospital several days, after which he will be removed to his home, 700 Sixth street, for a complete rest of about two weeks. The friends of Mr. Maddocks are highly interested in a rapid recovery.

J. Halz Johnson of Breckenridge paid a business visit to Ranger today.

Mr. and Mrs. S. M. Fowler of Olden were callers at the Times office this morning. Lovely flowers from the Fowler garden were presented to the force. The place, located about a quarter of a mile north of Olden, has grown a splendid crop of figs, grapes and other fruits this year.

Miss Eva Long of Breckenridge visited friends here Saturday. Miss Long, who is a teacher in Breckenridge, was formerly associated with Hodges Oak Park ward school.

Mrs. I. N. Griffin of Eastland spent Saturday afternoon in Ranger.

Mrs. J. N. McFatter, who has been ill for the past three days is resting better at her home today.

SHERIFF'S SALE
THE STATE OF TEXAS
County of Eastland.

By virtue of a certain Order of Sale issued out of the Honorable 88th District Court of Eastland County, on the 8th day of October, 1935, by F. L. Crossley, Clerk of said Court, upon a judgment in favor of L. H. Flewelling for the sum of Two Thousand Five Hundred Thirty-five and 57-100 Dollars (\$2535.57), together with interest and costs of suit, in cause No. 15-038 in said Court, styled L. H. Flewelling, plaintiff, versus Howard R. Gholson and Boyd F. Davenport, defendants, and placed in my hands for service, I, Virge Foster, as Sheriff of Eastland County, Texas, did on the 8th day of October, 1935, levy on certain real property, to-wit:

Situated in Eastland County, Texas, and described as Lot No. 4 in Block No. 32 of the John M. Gholson Subdivision or Addition to the Town of Ranger, Eastland County, Texas, according to the map or plat of same of record in Eastland County, Texas; and levied upon as the property of said Boyd F. Davenport; and on Tuesday, the 5th day of November, 1935, at the court house door of Eastland County, in the City of Eastland, Texas, between the hours of 10 a. m. and 4 p. m., I will sell said real property at public vendue, for cash, to the highest bidder, as the property of said Boyd F. Davenport, by virtue of said levy and said Order of Sale, and in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale in the Ranger Times, a newspaper published in Eastland County.

Witness my hand, this 8th day of October, A. D. 1935.

VIRGE FOSTER,
Sheriff of Eastland County, Texas
By D. J. JOBE, Deputy.

really blocked when they started with the ball, and the mass interference, with low, hard blocking and plenty of speed behind it, made the Bulldogs look slow and ineffective. Either Cleburne had lots of speed or the Bulldogs have none. Maybe both.

We have heard many say that if the Bulldogs had the fight and spirit of the Mavericks, they would make a state championship team, or would go into the state finals at least. One must admit that they would be hard to stop.

Breckenridge still looks like the class of the Oil Belt, but we heard one more or less reliable report that Eck Curtis, who once coached the Bulldogs, had tears in his eyes as he saw the team he once coached being so helpless on the field, and some of the boys he coached doing so little. Maybe he did. Maybe he didn't. We didn't see him.

BORROW WEDDING BELLS

CLERKENWELL, Eng.—Dudley Usher and Miss Antonia Wilkinson were married in one church and the bells for the ceremony were rung in another. Thus they overcome the obstacle which has for years prevented couples from being married in the bell-less Priory Church of St. John of Jerusalem.

H. S. Von Roeder Pulls For Bulldogs

In a letter from H. S. Von Roeder, former principal of the Ranger High School, which was written from Austin, where he is teaching and attending the University of Texas, he says he is still pulling for the Bulldogs. His letter says, in part:

"I appreciate getting the Ranger Times and wouldn't do without it, but I would like to see a little more R. H. S. and R. J. C. news. I am keeping up with the Bulldogs, and although they've had a miserable start, I am still looking for them to come through the conference with flying colors and look for the Texas Rangers to make a good showing, too."

Decatur Baptists Will Play Here On Thurs. Afternoon

Coach Sealey of the Ranger Junior College Rangers announced today that the first conference game for the team would be played at Lillard Field Thursday afternoon when it meets the Decatur Baptist College team. The game will be called at 3 o'clock.

Decatur Baptists have always been noted for their football teams and have always been one of the hardest contenders for the district title, and a good, snappy game is promised for the fans for next Thursday.

In the first game of the season the Rangers lost \$50 when they played the Daniel Baker College freshmen, and it is hoped that this class can be made up in the game with Decatur Thursday afternoon.

The Rangers have proved that they have a good defensive team, having allowed but two touchdowns to be scored against them, one by the Daniel Baker freshmen last week and the other by Clifton Saturday night at Clifton, when the Rangers lost by a score of 6 to 0.

Rotarians Will Meet On Tuesday

Announcement was made today in Ranger that an assembly of all Rotarians will be held tomorrow afternoon in the Green room of the Gholson. All members are urged to attend. Important business will come before the body. The meeting will be called promptly at 3 and last only one hour.

Jess Blackwell of the Alameda community was a business visitor in Ranger today.

Start the FURNACES

The trees are aflame. The pungent scent of burning leaves is in the air. October's bright blue weather forewarns you that winter is coming.

These are the weeks to get ready . . . See to it now that the furnace is in order. Order your supply of coal, coke or oil. Weather-strip windows and doors where necessary. Fill up the car with anti-freeze. Seed the lawn for spring . . . And, of course, there's the matter of fall clothes for the family.

There is a way of doing all these jobs simply and easily. Read the advertisements in this newspaper. You will find them packed with hints and suggestions for fall purchases. They will save you much needless shopping around—and many a penny! They are safe guides to reliable goods and services. Form the habit of using them daily, for all they are worth!
