West Texas—Sunday fair.

A western department store Santa was found on the federal relief roll, which, after all, is not a bad way to brush up on one's technique.

## TOOD PROBE MAY BE ENDED NEXT MONDAY

LOS ANGELES, Dec. 28.—Unless Rowland West can give evidence that would warrant further inquiry into the death of Thelma Todd, the investigation probably will end with his testimony Monday, county grand jurors said today.

Investigators were ready to file the death of the blond actress among "unsolved mysteries" after witnesses who had been expected to give important testimony, failed to add materially to known facts.

West, business partner of the actress, declared he knew the man Miss Todd intended taking to the Wallace Ford cocktail party, Sunday, Dec. 15, hours after the time fixed by police she died in a car-bomb moped in garage.

"I know who was to be her guest at the cocktail party on the day she was supposed to have died," West declared.

## Two Italians Planes Are Brought Down

DOME, Dec. 28.—Two Italian airplanes were lost on Christmas Day when a squadron of planes made an attack on retreating Ethiopian forces in the Takazze river zone, about 12 miles beyond the Italian front lines, official dispatches said today.

The pilots were unable to make repairs and signaled for help to other planes in the squadron, intending to reach the Italian lines afoot after setting fire to both planes. Accompanying planes kept the enemy at bay, but exhausted their ammunition. A bomber continued to protect the grounded pilots until rescued.

Brothers, who until 1934 was assistant coach of the Eastland Mavericks, has the same position with the Greenville Lions, team which played Amarillo for the state high school football championship in Dallas Saturday. ## Oil Derricks Move Into Oklahoma City

OKLAHOMA CITY, Dec. 28.—Long plumes of white steam from noisy boilers rose over the mansion of the governor of Oklahoma tonight. Another drilling rig was added to the city's new oil field just north of the mansion. Fine homes and a \$1,000,000 park, beach and lake were in the path of the ever-widening oil pool. One well was just across the street from the mansion, and it was a good one—estimated at 16,000 barrels of crude daily.

## Lives 102 Years

## AMARILLO IS AGAIN WINNER OF STATE TITLE

DALLAS, Dec. 28.—Amarillo High School's Golden Sandstorm swept into the Texas high school football championship the second consecutive year today, defeating Greenville, 13 to 7.

The game was played in a cold drizzle on the neutral ground of Owenby Stadium at Southern Methodist University before 12,000 shivering spectators.

Cleason, big Amarillo fullback, scored the first touchdown early in the first period after the Sandies took the ball on a determined march down the field. The place kick of Smith was good.

Bert Marshall, Greenville star quarterback, started but was removed in the first period. He went back into the game at intervals but was injured near the end of the final period.

Marshall, Hinton and McElrath advanced the ball in the second period until a pass from Hinton to McElrath, left end, scored Greenville's only touchdown. Marshall converted, tying the score at 7-all.

The Sandies retaliated when Cleason passed 10 yards to Taylor for a touchdown, giving the Sandies a six-point lead. Smith failed to convert.

The two remaining periods were played in mid-field or deep in Greenville territory most of the time.

## Mrs. E. Curry Dies At Age of 102 Years

## Reason For Trip Of Lindberghs Is Subject of Rumor

WASHINGTON, Dec. 28.—Sen. M. M. Logan of the senate judiciary committee suggested today that the motive for Col. Charles Lindbergh's departure from America might have been to protest against the possibility of clemency being extended to Bruno Hauptmann.

Sen. George McGill, Dem., Kan., another member of the committee charged with supervising crime legislation, expressed belief that Lindbergh's departure was less connected with crime conditions in America than popularly supposed. He said the flier might have planned his departure so as to be absent at the time of execution of Hauptmann.

"I think the real reason for his departure is obscure, although it may have been a move to make an impression on New Jersey authorities," Logan said.

## ATTORNEY GENERAL'S RULING ON POLL TAX RECEIPTS FOR JANUARY 3 ELECTION SOUGHT

Puzzled county officials Saturday awaited enlightenment from Attorney General McCraw on whether a 1934 or 1935 poll tax receipt will be requested in the local option beer and wine election January 3rd.

Inquiry on the poll tax question was telegraphed to McCraw by authoritative county officials.

Opinion that the election called by commissioner's court after presentation of a petition signed by 829 citizens for the vote to decide whether beer and wine not to exceed four per cent alcohol by weight may be sold, was the first to be called in January was borne out in county clerk records. Other county-wide elections, records in 1920 revealed, were not held in January.

## Republicans Seek A "Stop Borah" Man From East

WASHINGTON, Dec. 28.—Eastern republican leaders were reported today to be looking for the man to lead the "stop Borah" movement in the Cleveland convention which will nominate a G. O. P. candidate for president.

Reports in the midwest and now echoing in the capital, suggest either Sen. Arthur Vandenberg of Michigan or Sen. L. J. Dickenson of Iowa. Both senators told the United Press they were not aware of it if their records were being scanned by eastern leaders in search of a presidential nominee.

The tentative and unofficial presidential candidacy of Sen. William E. Borah has developed rapidly in the past two weeks.

## Uncle Henry Schmick, First Sheriff Of Eastland County Celebrates 94th Birthday; Receive Many Good Wishes

"Uncle Henry" Schmick, first sheriff of Eastland county, was remembered by Eastland friends and county officials on his 94th birthday Saturday.

This year marked the first in many years when the first county peace officer did not receive visitors. He is in the Texas Confederate Home in Austin, where he has been with Mrs. Schmick since May.

A special delivery letter expressing the good wishes of over 100 friends was sent Saturday to "Uncle Henry."

Though his 94 years have impaired his sight, his mind retains the memory of colorful incidents which began at the age of 16 when he enlisted in the Confederate army. Mrs. Agnes Harwood Doyle, a niece visiting in Eastland from Austin, said:

Uncle Henry served for the duration of the war. He then went back to his native state, Arkansas, and later came to Eastland county in 1860.

## Christmas Pageant To Be Reproduced At Central Baptist

The pageant which was given at Central Baptist Church last Sunday evening will be reproduced tonight at 7:15. This is being given again because of the many who were turned away, and because so many requests have been made that it be shown again. All decorations have been kept intact and it should be even better tonight than last Sunday night. The entire membership of the church and all friends are most cordially invited to see the play tonight.

Those taking part in the play will please come to the church at 2:30 this afternoon for rehearsal. Free costumes.

A free-will offering will be taken at the close of the service for Buckner Orphans' Home.

## Texas Capital to Have a Gridiron Dinner of Its Own

AUSTIN, Tex.—The Texas capital is to have its own gridiron dinner this winter. It will be sponsored by former legislators now living in Austin and by Austin newsmen. Truman O'Quinn, Austin attorney, former newsmen and former legislator from Beaumont, will engineer the first gridiron dinner.

O'Quinn is an expert swordsman, which may be the reason he was chosen to head the organization. He taught fencing at the University of Texas while he was in law school. Anyone who feels hurt by what is said at the dinner will be welcome to challenge O'Quinn. As challenged party he can choose the weapons and they will be rapier.

The Washington annual gridiron dinner has become a national institution. Houston's Salesman Club has had a Texas affair along similar lines for a number of years.

This year Austin newsmen were offered a bonus for a political skit to present at the Houston banquet. "Why not have our own?" the Austin writers pondered. They will.

Of the 60 the newspaper reported five definitely opposed to the Townsend plan, three non-committal and 14 undecided.

## MILNE SAYS KIDNAPING IS JUST A HOAX

NEW YORK, Dec. 28.—Caleb Milne IV, young Philadelphia aristocrat and textile heir was charged with attempted extortion today after confessing his kidnaping hoax to win stage fame and wealth.

He was held in \$7,500 bail. The denouncement to the case was brought about by J. Edgar Hoover, chief of federal G-Men, who drew a graphic confession from the blue-blooded Caleb after a night of questioning.

In short, Milne, would-be playwright, actor and author, wanted publicity, which on Broadway means fame.

Milne was charged with sending a \$20,000 ransom note to his wealthy, retired grandfather, Caleb Milne, Jr., in Pennsylvania. This is attempted extortion and a felony under the Lindbergh kidnaping law.

## Santa Was Late Visiting Sister of Mustang Star

CISCO, Dec. 28.—Santa Claus got here late for Margaret Wilson. But he got here.

Miss Wilson, office assistant for Drs. Clark and Hall, went to Dallas to spend Christmas with her family and to wish her brother, Bobby Wilson, All-American halfback for the Southern Methodist University Mustangs, the best of luck in the Pones' battle against Stanford.

When she returned to Cisco, Miss Wilson brought with her Henry Jay, a bright-eyed youngster who thinks big brother Bobby is about the grandest guy who ever set a cleat on the Rose Bowl turf—or ever will. The two of them—Margaret and Henry Jay—were going to stay in Cisco while Mother Wilson went to Pasadena with Bobby to bring back the game and maybe a rosebud or so for the Wilson home in Dallas.

But when Miss Wilson and Henry Jay reached Cisco, they found that friends of the grid star's sister had arranged for her to see her famous brother have a try at the Indians from the west—provided a ticket to the game can still be secured.

Thursday the Mustangs passed through Cisco and Miss Wilson went down to the train to see Bobby. When the star found that his sister is coming to the coast, he promised that there would be a ticket for her.

But that wasn't all. Henry Jay is a contender for a prize in a subscription contest of the Dallas Dispatch and the prize is a trip to the Rose Bowl.

When football fans on the train learned who the youngster was and what he was doing they began yelling names and addresses to him and telling him to call their offices and arrange for subscriptions. Now he has a good chance to see the game too.

Yes, Mr. Santa got here late for the Wilson family, but he got here.

## LAVAL GETS TWO VOTES OF CONFIDENCE

PARIS, Dec. 28.—Premier Laval laid bare vital secrets of "behind the scenes" diplomacy in the chamber of deputies today and won a double vote of confidence in his foreign policy during the Italian-Ethiopian crisis.

In his desperate fight for the life of his cabinet, Laval prided off the lid of his diplomatic "pandora's box" and disclosed important details of France's relations with Italy, Great Britain and Germany to prove he had clung to the traditional pattern of French diplomacy.

His daring gesture was successful. He weathered the first vote on a radical-social motion of censure by a majority of 20 and increased it to 43 on a second test on a less radical order of the day commending him.

## Pardons Requested Of Senator Collie

On the eve of his departure for Austin this afternoon, Senator Collie, senate president pro tem, stated he probably would grant several requests.

Date when Collie will become governor is dependent on date of departure of Governor Allred for California, where he will attend the Rose Bowl game. Governor Allred will leave either Monday or Tuesday. Lieutenant Governor Wood will be in New Orleans.

Senator Collie will attend an Indian centennial celebration at Livingston during his tenure as "governor" and will be made an honorary chief.

Senator Collie's debut into office holding was in 1924 when he was elected district clerk, a position which he held for two terms. Under Joe Jones he was assistant district attorney from 1929 through 1931. In 1932 he was elected to the senate.

Effort To Aid Athlete May Backfire on Him

The case of the star halfback who wants a college education has come up for discussion, due to the action of Southeastern conference colleges in removing restrictions on the giving of financial aid to athletes.

This action is both simple and logical. Hereafter an athlete in any of the 13 colleges comprising this conference can receive scholarship funds on the same basis as a non-athlete. And when the belligerent sports fan sticks his jaw out and demands, "And what's wrong with that?" the only possible answer is, "Not a thing in the world."

Not a thing in the world—except that it contains the seed of an injustice which is usually visited on the head of no one but the athlete himself.

Back of it, of course, is the simple fact that colleges are competing for football players. College authorities may let this, that, or the other scholastic department slip into sad disrepair, they may permit laboratories to go ill-equipped, and let their wisest professors go to other faculties; but if the football team falls below par and stays there, the authorities are immediately in hot water. So they go out after the athletes.

Consider all his, now, from the view-point of the high school lad who happens to be a fine football player. At the age of 17 or 18 he finds exalted educational institutions bidding for his services. He selects one of them, enrolls, and finds himself a favored person.

His expenses are taken care of, his health is looked after, he is put in a way to make many friendships, and he is given the best possible instruction in his chosen game. He has four pleasant years on the campus, and if he is unusually good he can win nation-wide fame.

But while all this is going on, does the college make an equal attempt to give him the education he is supposed to be getting? In all too many cases it does not.

The whole set-up tends to give him the idea that he is in college to play football, primarily, and only secondarily to get an education. He is drilled ceaselessly in football; he is merely exposed to an education.

Sooner or later it ends, and he goes out into the world. What then? Unless he chooses to become a professional athlete—which is a sorry justification for a college career—he leaps from the top of the heap to the bottom.

From being a hero, he becomes just another young man starting out to make a living; and he is likely to find himself less well equipped for it than his classmates who were not athletically inclined.

In other words his college experience is apt to do him as much harm as good and it is almost certain to do him less good than it should. He starts under a handicap; a handicap imposed by the very subsidization program that was supposed to benefit him.

Karkalits First To Announce For Political Office

The first political announcement of the 1936 political season was received today when Clyde S. Karkalits tendered his official announcement as a candidate for tax assessor and collector.

For the past five years Karkalits has been chief deputy in the office of the tax collector and assessor and during his tenure of office he has become well qualified for the position he seeks.

Karkalits was born in Eastland county, near Gorman, in 1884, and moved to Cisco with his family in 1890 and received his ward and high school education in that city. With the exception of a few years spent in West Texas he has been a resident of the county all his life.

In making his official announcement for the office Karkalits said that he would have a statement to make to the voters of Eastland county concerning his candidacy, which he would have ready for publication in the near future.

Two Producers Near Completion

Eastland county's latest known oil wells capable of production of appreciable quantities were nearer completion Saturday with the scheduling of routine developments.

Roy T. Hoff and associates were preparing to obtain an accurate check on production of No. 1 White, six miles southeast of Eastland and six miles south of Ranger, Lot 42, Leagues 3 and 4, McLennan county school land survey.

An unofficial check Friday placed production of the well at 80 barrels a day.

Heartened by showing of the well, Hoff was understood contemplating blasting a cellar for another in the same section. A former well drilled by Taylor in the same section was a dry hole. Production on the successful well is obtained from the 1,450-foot depth strata.

Hickok Producing & Developing Company were scheduled to treat their well on Cisco oil dump ground property with 30 gallons of nitroglycerin. Present production of the well was 48 barrels a day, according to an application to treat filed in the railroad commission office at Eastland. The well has a total depth of 3,440 feet.

Not completed, the Hoffmann & Page No. 1 Johnson near Gorman was swabbing out fluid and preparing to deepen. Though no official figures nor information could be obtained, it was known Aaron Cohen of Baltimore, Md., had completed No. 3 Murrell and No. 6 Turner near Eastland for appreciable production.

The decedent was a former resident of Ranger, having been employed by the Triplehorn Oil Company, and lived on the Nannie Walker lease for 10 years. Six years ago he was transferred to Pampa, where he had made his home since that time. He was a brother-in-law of Mrs. Jack Terry.

REVIEW

Significance of the Exile and the Restoration

Golden Text: Psalm 103:17

The International Uniform Sunday School Lesson for Dec. 29.

BY WM. E. GILROY, D. D. Editor of Advance

THE 12 lessons of the quarter, dealing with the later prophets and leaders of Judah, have come with particular appropriateness to a nation and a world in the grip of depression.

A great and prosperous city the scene of unusual splendor attaining its climax in the days of Solomon had gone down through causes easily traceable to ruin and desolation. The people of that city and the surrounding Kingdom of Judah had been carried in exile to Babylon.

Here when it was too late to save their hearts turned through great religious teachers to the spiritual values and the social traits that they had refused to recognize or follow in their days of prosperity.

OUT of the experiences of exile and suffering come Scriptures of the highest nobility and beauty, though touched with the poignant cry of expiation. We have the inspiring picture of the Staff of Life, the man of holy purpose bringing salvation through suffering, of the good bearing the burdens of the sin, and the redemption of men through this experience of purification and devotion.

We have a great prophet like Jeremiah sounding in his Lamentations in the midst of despair the note of a great optimism of recovery of the willingness to

trust in Him and of the sureness of salvation. If men will turn from their sins and will establish truth in individual and social life. Later we have the overthrow of the dynasty of Babylon itself and the coming to power of rulers favorable to the remnant of Israel, and with a vision of re-colonizing the fallen Jerusalem and of building it back into prosperity.

It is the story of this effort to rebuild that applies so strongly to our own country, seeking to find a way of security and solidity and construction out of the chaos of social debacle. The story is not all one of inspiration.

We have prophets such as Ezekiel and Haggai and Zechariah seeking to fire the people with inspiration and zeal. We have religious leaders such as Ezra, more earnest and devoted than efficient in action, and we have men of action such as Nehemiah, supreme in his unselfishness of purpose and thoroughly efficient in administration and leadership. But we have to face the sad realization that the people themselves failed to make adequate response.

When Nehemiah came with his efficient leadership, things were very much at a standstill, despite the high ideals that Ezra and his religious associates were proclaiming. Nehemiah managed to organize the people for both military defense and constructive building.

The means and attainments as well as the ways of failure are well exemplified in these lessons but they leave the clear assurance that there can be no true social building not established upon honesty and unselfish devotion to

SISTER MARY'S KITCHEN

BY MARY E. DAGUE

NEA Service Staff Writer

ONE of the supposedly complicated processes of housekeeping is making cream of tomato soup. I say supposedly complicated because it seems to me the premise is all wrong. Cream of tomato is no harder to make than a piece of toast if you know how. I'm against adding soda. In fact, it's almost impossible to add soda in small enough amount to small quantities of soup not to ruin the flavor entirely.

The following rule is carefully worked out and produces a deliciously smooth cream soup. The method is quite as important as the proportions.

Cream of Tomato Soup

Two cups canned tomatoes, 1 small onion, 2 teaspoons sugar, 1 teaspoon salt, celery tops, 3 tablespoons butter, 2 tablespoons flour, 2 cups milk, 1-8 teaspoon pepper, 1 tablespoon minced parsley, 3 peppercorns.

Melt one tablespoon butter and add onion, peeled and sliced. Cook over a low fire for five minutes. Add tomatoes, sugar, salt, celery tops and peppercorns. Cover pan and simmer fifteen minutes. Rub through a sieve. In another pan melt remaining butter and stir in flour. Cook and stir until bubbly. Slowly add milk, stirring constantly. Season with salt and pepper and bring to the boiling point. Boil one minute, stirring constantly. Take the sauce from the fire and add the sifted tomato pulp which has been kept hot while the thin white sauce was being made. Be sure to add the tomato puree to the sauce, NOT the sauce to the puree. Add parsley and serve at once. This soup will separate or curdle if allowed to stand or if

CHRISTIAN SCIENCE SERVICE

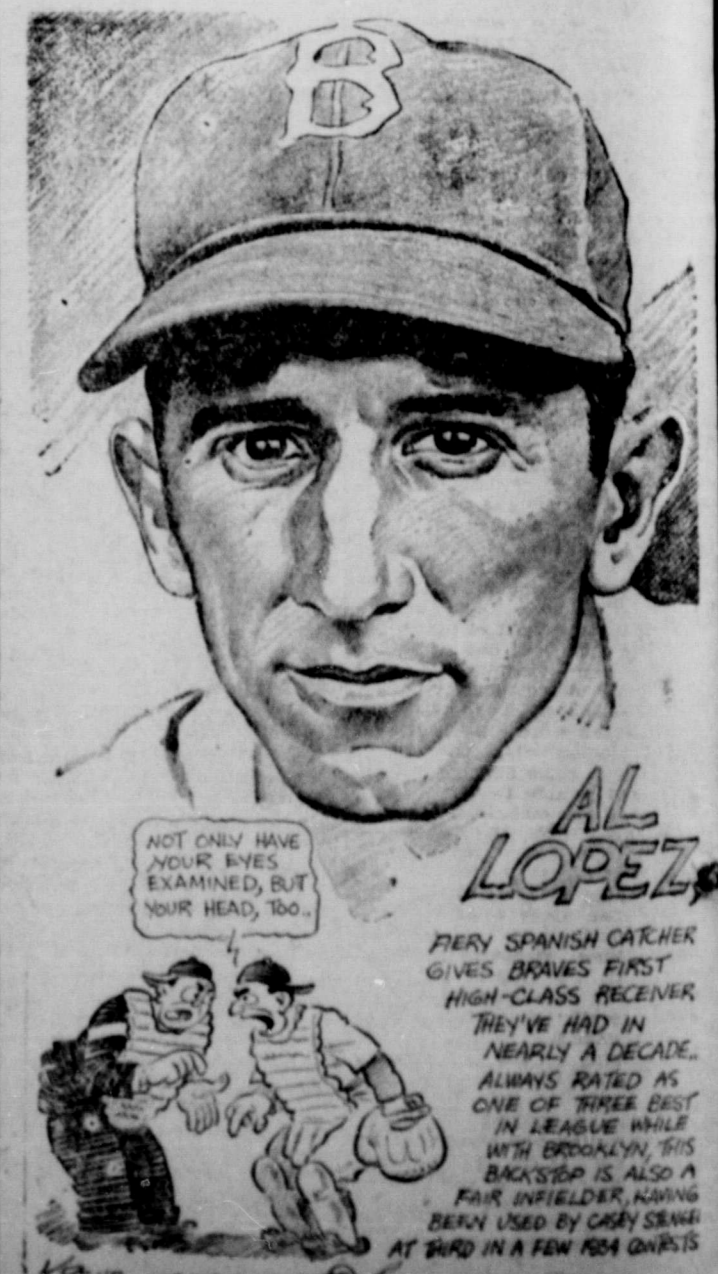

"Christian Science" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, Dec. 29.

The Golden Text is: "Arise, shine, for thy light is come, and the glory of the Lord is risen upon thee" (Isaiah 60:1).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "The Son of man is come to seek and to save that which was lost" (Luke 19:10).

The Lesson-Sermon includes also the following passage from the Christian Science textbook, "789 Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "the mission of Christian Science now, as in the time of its earlier demonstration, is not primarily one of physical healing. Now, as then, signs and wonders are wrought in the metaphysical healing of physical disease; but these signs are only to demonstrate its divine origin, to attest the reality of the higher mission of the Christ-power to take away the sins of the world" (page 150).

To BEWARE OF STRANGERS posing as salesmen, or solicitors. Strangers should not be admitted to your home until their credentials have been checked up and verified through dependable local persons or firms.

Strangers WITHOUT RELIABLE CREDENTIALS are "Spotters" for professional criminals. And according to police records there has been a great deal of the ITINERANT TYPE peddler working in this community of late.

**Do Not Cash Checks

Or issue a check as a down payment on an order. Many times these checks have been "altered" and later cashed by an innocent party.

**It's Better to Be Safe Than Sorry**

Be sure you know who THE STRANGER IS AT YOUR DOOR BEFORE allowing him to enter your home.

**Gold Brick Artist?**

The Modern Gold Brick Artist uses the same old method "SOMETHING FREE" to gain an audience.

True To Form—The Modern Gold Brick Artist Collects HIS CASH IN ADVANCE.

YOU surely have heard the story of the Gold Brick Artist --- who sold his gold bricks to the city visitor--and in many cases "wise guys" bought them.

His methods were crude--but similar to those of the Modern Gold Brick Artist. Both of these slickers fool the public.

Today's Gold Brick Artist finds it easier to prey on the Housewife who is not as well posted on the tricks of the trade. Here you find him at the door offering the bottle of silver polish--FREE. Oh yes! Absolutely Free--with ONLY ONE Requirement--that he be allowed to CALL BACK and Demonstrate the Polish--and when he returns he brings with him his Gold Bricks--the Chest of Silver, Watches, Flat Silver, etc. This STRANGER tells you all about the SAMPLES he is showing (what you receive on an order may be different) and with his Clever Manner and Glib Tongue he induces you to pay a CASH-IN-ADVANCE down-payment, which as a rule is the salesman's commission on your order.

**YOU WOULD NOT THINK OF BUYING A DIAMOND  
FROM A COAL DEALER--or From An Absolute Stranger.**

WHY? -- Because you Lack Confidence in His Judgment!

**Confidence In Your Jeweler**

If real service is being rendered to the Public by your Jeweler—sooner or later you will appreciate his efforts—and he then has your confidence.

YOUR JEWELER has his stock of watches, chests of silver, precious stones, etc., right in his store—for your examination and selection. There is no room for disappointment—you secure the very article you desire—no substitutions.

Besides You Receive The **Service** You Deserve!

If your watch is not keeping exact time, you are not required to send it in to the FACTORY for an adjustment and be without a timepiece for several days or weeks. Your Jeweler will fix it for you today.

If the Chest of Silver you order from your local Jeweler as a gift for a friend is not the pattern desired you can exchange it. Your Jeweler expects to stay in business in your city and any courtesy extended to you, naturally will bring you to HIS STORE in the future—The Gold Brick Artist may never see you again—and why should he—he has your Cash Deposit on the order—he has gone!

Your Jeweler properly protects his goods. His silver pieces are wrapped in flannel rolls—bearing the store name—which often carries a certain PRESTIGE—thus enhancing the value of the gift.

### SISTER MARY'S KITCHEN

BY MARY E. DAGUE

NEA Service Staff Writer

A CRISP salad accompanying a meal of hearty winter foods contributes in a pleasant way the healthiest minerals and vitamins which we are constantly striving to get into our meals and adds color besides.

**Apple, Cabbage and Raisin Salad**

Two cups finely shredded cabbage, 2 red apples, 1-2 cup seedless raisins, 1 teaspoon sugar, 1-2 teaspoon salt, 1-8 teaspoon pepper, 2 tablespoons lemon juice, 4 tablespoons salad oil.

Mix sugar, salt and pepper with lemon juice. Slowly add oil, beating it in with a fork or a beater, beat until thoroughly blended.

Two cups finely shredded cabbage and raisins and toss lightly with a fork until thoroughly blended. Cut in dice without peeling and drop at once into dressing to prevent discoloration. Add cabbage and raisins and toss lightly with a fork until thoroughly blended.

No lettuce is needed for this salad, which makes it a boon to the woman who lives in the country and can't get fresh greens for salads as easily as her city sister.

**Baked Bean and Bacon Salad**

This makes a hearty dish for a family luncheon. Two cups baked beans, 4 thin slices bacon, 4 tablespoons minced sour pickle, 1-3 cup tomato catsup, French dressing.

If beans are not dry, drain thoroughly. Cook bacon until crisp and cut in small dice. Combine beans, bacon and pickle with catsup and serve on a bed of crisp curly endive. Pass French dressing. Serves four.

**Lima Bean and Celery Salad**

Two cups lima beans (canned or carefully cooked dried ones),

#### Tomorrow's Menu

**BREAKFAST:** Tangerines, cereal, cream, fried cornmeal mush, maple syrup, milk, coffee.

**LUNCHEON:** Tomato bouillon, toasted crackers, baked beans and bacon salad, ice-cream rolls, chocolate brownies, milk, tea.

**DINNER:** Baked liver and bacon, baked potatoes, creamed onions, apple-cabbage and raisin salad, lemon meringue pie, milk, coffee.

1 cup diced celery, 1 tablespoon minced onion, 2 tablespoons shredded green pepper, 2 tablespoons grated cheese, French dressing.

The green pepper can be omitted but give a nice touch of color. A vivid yellow cheese is attractive, too.

Mix beans, celery, onion and pepper, tossing lightly to avoid crushing beans. Pour on French dressing and arrange on crisp romaine. Garnish with grated cheese and serve more French dressing in a separate sauce boat.

A good raw salad uses equal parts of minced green pepper, finely shredded cabbage and grated raw carrot. Each vegetable is mixed with enough mayonnaise to bind and then arranged in layers on a lettuce leaf, making the last layer of pepper. Serve with French dressing to which four tablespoons catsup has been added.

A salad of shredded red and white cabbage is very effective. Serve it with a tart French dressing made with lemon juice in place of vinegar and well seasoned with celery seeds.

### State School Tax On Several Items Will Be Proposed

By United Press  
McALLEN, Tex.—A state school tax on oil, sulphur, cigarettes and other commodities will be sought by John H. Gregory, McAllen public school superintendent, recently elected president of the Texas State Teachers' Association.

Gregory made the announcement in a talk before the McAllen Lion Club. He asserted that real estate and personal property at the present time are bearing a large part of the school tax burden, and that during his term as head of the teachers' association, he expected to develop public interest in other sources of school revenue.

He told his audience that a school tax on sulphur would bring money to Texas from all parts of the world, since four-fifths of the world's supply is produced in Texas. Likewise, Gregory asserted, about 92 per cent of Texas crude oil is marketed outside the state and hence any direct tax on this item would be borne by the purchasers and would not come entirely from Texans.

Gregory said he would seek to have Texas citizens impress their representatives in Austin with the

necessity for new school revenues and in the manner combat lobbying he believed would be launched to prevent consideration of new taxes for school support.

Burdine wrote, "states and communities will be faced with the problem of employment. In the state Texas seasonal fluctuations in demands for agricultural and industrial labor are present problems of considerable magnitude. One of the main functions of a state employment office is to organize the statewide labor market to provide maximum opportunities for placing qualified workers who are unemployed."

Washington is so crowded it has to spill over into adjacent towns, and Americans who always wanted to see the camel may some day have the edge of Mahomet.
