Farmers' opinions on AAA's untimely end seemed to depend on whether they had been sprinkled or drenched in the gentle rain of checks.

The expression, "Okeydoke," is frowned upon by certain U. S. business executives. Latest reports, however, reveal Okay Duce is still popular in Italy.

Ex-Soldiers Are Warned of Folly Of Seeking Blanks

A warning to Legionnaires and all ex-service men against going to Dallas or Fort Worth to get application blanks for bonus bonds was sounded here today by officers of the Carl Barnes Post.

It was stated that some ex-service men had contemplated going to these towns to get application blanks in the hopes that it would expedite payment, but that this belief was in error.

A large number of application blanks will be received in Ranger as soon as they are available and service officers of the post will aid in having them properly filled out.

As yet no blanks are available anywhere, and even if one could get one a few days earlier in the larger cities it would not mean that the bonds would be received any earlier as they all have to go through the same routine and it is not expected that any will be sent out for several months. Going to Fort Worth or Dallas would only entail additional expense, it was stated, and at the same time would accomplish nothing, as the veterans would likely have to come back here to get the blanks.

Mayhew Speaker at Rotary Club Meet

Jim Wilson, district governor, from Floydada, and Arthur Mayhew of Uvalde, were Rotary club visitors today.

Mayhew was introduced to the Ranger club members and visitors by the district governor and presented an interesting talk.

Visitors at the meeting were A. H. Henderson, Olden; Rev. Charles Estes, Eastland; Ben Hamner, Eastland, and L. H. Flewelling, Dr. Harry A. Logsdon, Eddie Sargeant, L. E. Gray, A. N. Larson and Clyde H. Davis of Ranger.

The club reported another 100 per cent meeting.

From Ranger the two visitors go to Littlefield for a meeting of the Rotary club there.

Italians May Start Concerted Advance

WITH SOUTHERN ARMY IN ETHIOPIA, Jan. 29.—The Italian armies on the Somaliland front pushed deeper into Ethiopia today, giving rise to reports a drive on Addis Ababa might be started.

Scottsboro Case Adds Tragedy

Marking another tragic chapter in the famed Scottsboro case, state militia were under arms in Birmingham, Ala., to prevent race rioting, while Ozie Powell, one of the negro defendants, above, left, fought for his life in a hospital, shot after he had slashed the throat of an officer in an escape attempt. Upper right is Heywood Patterson, 23, another of the nine defendants, just sentenced to 75 years in prison. The map shows where the escape attempt was thwarted.

PARTY LINES ARE SAGGING OVER NATION

NEW YORK, Jan. 29.—Traditional party lines were sagging and breaking today as political debate stormed the nation in prelude to the presidential nominating conventions.

Two presidential candidates bowed to the flashlight bulbs in the past 24 hours.

Red suspended Eugene Talmadge of Georgia announced he would run against President Roosevelt on some kind of a Democratic platform.

Sen. William E. Borah, who brought his program east, here last night tossed his hat in the ring. Talmadge announced from Atlanta he would like to have Borah on his ticket. That caused observers to take a second inquiring look at the Talmadge candidacy and to recall the incident of 1924 when Calvin Coolidge had a similar idea.

Coolidge sent word to Borah he would "like to have him on the ticket," meaning as a vice presidential candidate.

"Which end of the ticket, Mr. President?" was the question Borah sent back to the white house. The incident ended right there.

Three Are Killed In School Bus

COALGATE, Okla., Jan. 29.—Three children and a driver were killed and six other children injured seriously today when the Tupelo school bus was wrecked in a ditch after sliding from an icy road. The bus was wrecked half a mile west of Tupelo. A light mist, followed by a freeze and snow early today, made the road treacherous.

LETTERMEN OF RANGER HIGH GET SWEATERS

Coach O. M. Moore of the Ranger High School today made public the list of lettermen of the 1935 football team, with 19 receiving football sweaters for their activities of the past season.

Of the 19 lettermen only six will return and several of these were not considered regulars of the 1935 team, but they will form the nucleus around which the 1936 team will be built.

Returning lettermen are: Ira Sharp, tackle; Gates Barker, guard; Eugene Kribbs, back; Harmon Ainsworth, back; Walter Cox, back, and Jack Connell, back.

Those who received letters, but will not be eligible during the 1936 season were Mellinger Jacoby, Dean Walsh, Everett Danowho, Jack Mace, Lemmie Bray, Durwood Hartin, Bill Goforth, Clarence Jones, Bares Coalson, Louen Burnett, Dick Fox, Roy Speiss and Rayburn Bunton. Jack Mooney, Jr., received a manager's sweater.

Poll Taxes Being Paid at City Hall

A deputy tax collector from the office of Tom Haley, at Eastland, is in Ranger today receiving payments for poll taxes and issuing receipts.

The deputy will be at the city hall here for the next two days, where poll taxes may be secured.

Retail Merchants To Meet Thursday

A meeting of the directors of the Ranger Retail Merchants association is to be held Thursday morning for the purpose of discussing the annual retail merchants-chamber of commerce banquet.

A discussion of plans for a series of trades days will also be brought up at the meeting. All members have been urged to be present.

Textile Industry Is Slightly Better

AUSTIN.—The Texas textile industry, though still at low ebb, showed substantial improvement during December in comparison with the preceding year, according to the University of Texas Bureau of Business Research. Consumption of cotton was 29 per cent greater than in December, 1934; cloth produced increased 49 per cent; sales rose 10 per cent; and unfilled orders were up 40 per cent.

The Weather

WEST TEXAS.—Snow in the north with rain or snow in the south portion. Colder with cold wave in north portion, except in Panhandle tonight and south portion tonight or Thursday. Lowest temperature zero to 16 in north and 16 to 22 in the south. Thursday partly cloudy and colder in the south portion. Livestock warning.

Fossils Show Lions Existed In Alaska

JUNEAU, Alaska.—The climate and vegetation of Alaska 20,000 years ago were much the same as today, but the territory was the home of numerous species of animals that have long since disappeared, in the opinion of John B. Dorsch, field man for the American Museum of Natural History. Dorsch spent the past three years excavating fossils of animal and vegetable life in the interior of Alaska. He has obtained about 5,000 specimens for the museum. "Spruce, birch and willow trees flourished 20,000 years ago, and herds of caribou and moose roamed the plains as now," Dorsch said. "Wolves and bear also were present."

Poll Tax Issuance Rises to 4,019

Poll tax receipt issuance of 157 Tuesday night at the tax assessor-collector's office increased this year's total to 4,019. Issuance Wednesday was heavy. It was announced that deputies would remain at the office evenings through Friday if presence of prospective voters necessitated.

Come on Down to Texas Fete, Mrs. Garner Invites Mrs. F. R.

The second lady of the land feels that the first lady just must come down and see the Texas Centennial celebration, so here Mrs. John Nance Garner is extending the invitation to Mrs. Franklin D. Roosevelt to be her state's guest on June 6. The Garners are taking active interest in the celebration of their state's independence.

JUDGE GARRETT ISSUES CALL FOR MEET OF COUNTY HEADS TO DISCUSS RULES ON RELIEF

"Relief labor restrictions which prevent thousands destitute and in dire need from securing employment on works progress administration projects," resulted in announcement Wednesday from County Judge Clyde L. Garrett, president of the County Judges and Commissioners association of Texas, that a meeting of the group to discuss the problem will be held in Dallas at 10 a. m. Feb. 6 in the Baker hotel at Dallas.

All commissioner courts in Texas will receive notices inviting members to attend, as well as members of the State Highway commission, Judge Garrett stated. The association head declared that many who have managed to maintain economic independence are excluded from employment on WPA projects because they have never been on relief. "In many counties of the state, lateral farm-to-market road projects are being held up and in many cases cancelled because of the relief labor restriction, and the state highway program is likewise handicapped. In some instances, important projects are having to be thrown out and wholly abandoned on account of the restrictions.

Fire Destroys Home at Desdemona When Stove Left Burning

DESDEMONA, Jan. 29.—A house a mile and a half from here on property known as the G. B. Barnes' place, occupied by Mr. and Mrs. Alton Claborn, was destroyed by fire Monday.

The conflagration was blamed on a gas stove which Mrs. Claborn had ignited previous to leaving the residence, according to reports.

Package Stores May Not Make Deliveries

AUSTIN, Jan. 29.—Delivery of liquor from a package store, except to guests in a hotel is banned by order of the state liquor control board today. Assistant Liquor Administrator Frank Moss said the order is based on the contention a sale must be completed on the premises. The order makes it unlawful for grocers with permits to deliver liquor with groceries ordered from their stores.

District Judge Remands Gorman Man To Jail On Refusal To Testify To Grand Jurors At Eastland Wednesday

District Judge George L. Davenport remanded W. W. Clark of Gorman to county jail Wednesday morning for his refusal to answer questions of grand jurors. Refusal to testify before a grand jury, which is a part of the tribunal system, constitutes contempt of court. Officers stated and Clark, answering questions of a newspaper-

AL REFUSES TO REPLY BUT DOES COMMENT

NEW YORK, Jan. 29.—Former Gov. Al Smith asserted today that Senator Joseph Robinson's attack was a feeble attempt to "blatantly" and that President Roosevelt himself was the only man "who should try to answer me."

Smith issued a formal statement commenting on the Democratic senate leader's address last night in which Robinson charged Smith in the past had advocated the very new deal principles which he denounced so bitterly at the Liberty League banquet.

Smith's statement follows: "Poor Joe, I'm sorry for him. They put him on a tough spot. He did the best he knew how, but it was no answer. As I said in my talk there is only one man who should try to answer me."

"No, I won't make any reply to what Senator Robinson said, but I will say a few words about my old friend Joe. I was an unhappy warrior to hear him read a speech over which he stumbled so that I felt sure it was canned and did not come from the heart of the Joe Robinson I have known.

"It's purpose was to blatantly issue and while I won't reply to him I want the issue cut clear. Of course I said I was for farm relief. I still am. In my Omaha speech in 1928 I proposed a constitutional and effective method. That doesn't keep the American people from rising up to protest against a silly and unconstitutional plan."

Navy Department Scored For Stand At Defense Meet

WASHINGTON, Jan. 29.—The navy department's stand at the national defense conference on national defense, drew an attack by republican minority leader Bertrand Snell on the floor of the house today.

Secretary of Navy Claude Swanson only a few minutes before had expressed approval of the action of navy officers in cancelling speeches before the conference because Bainbridge Colby in a talk to the 1,000 women delegates, criticized President Roosevelt.

Last night the Marine band, after preparing to play from the conference, received orders to pack up their horns and go home. Schnell censured the withdrawal of the Marine band from the conference as "abhorrent to the American people and their ideals."

Pension Fund May Receive State Fund

AUSTIN, Jan. 29.—Hope for old age pension funds other than receipts from liquor taxes, was seen today as State Comptroller George Sheppard filed a summary of financial operations for the fiscal year. The reports show a total net gain in fund balances of \$12,596,980.

State receipts were larger than for 1934 and paid expenditures were less. Legal segregation of funds results in a continued deficit in the state general revenue fund and in the fund for payment of Confederate pensions.

Marble Board Case Rehearing Refused

AUSTIN, Jan. 29.—The Court of Criminal Appeals held steadfast to its refusal to rule on marble boards in advance of local courts. A rehearing was overruled on application of Ben Overstreet for writ of habeas corpus. Overstreet was charged with illegal operation of a marble board in Dickens county.

Police and Students Injured at Cairo

CAIRO, Egypt, Jan. 29.—Nearly 100 students and 20 police were injured today in a three-hour battle in which police used ink sprinklers to disperse the anti-British demonstrators. Police finally had to use fire arms which set fire to the theological college.

Another Actress Will Wed Doctor

Another Hollywood beauty has chosen a doctor for her mate. She is Mae Clark, upper photo, who mixes writing of poetry with her acting. She has announced her engagement to Dr. Frank G. Nolan, screen colony physician, lower photo, who had been her escort for months.

PLATFORM IS PREPARED BY TALMADGITES

MACON, Ga., Jan. 29.—The resolutions committee of the Democratic grass roots convention approved today a platform calling "on every patriotic American to aid us in wresting the government from the control of socialists and communists."

It will be submitted to the convention late today. Following the leadership of Gov. Eugene Talmadge on virtually every plank, the committee recommended a program calling for a return "to the unfulfilled pledges made in the Democratic national platform in 1932." It will be acted upon later by the full convention.

The platform included one paragraph which attempted to read President Roosevelt out of the Democratic party: "We do not regard the occupant of the white house as a Democrat. Since March 4, 1933, it has been practically a suspension of constitutional government in our country," it said.

More than a score of delegates representing 14 of the 17 states invited by Governor Talmadge were on the platform when the meeting was called to order.

Acid Influences Gorman Well Flow

Reacting to acidization, States Oil corporation's No. 1 S. H. Huckabee near Gorman was flowing and blowing considerable gas Wednesday.

Recognizing the uncertainties of duration of influence of the acid, States Oil corporation's officials advanced their opinion that the well will become a 25 or 30-barrel per day producer. The test is in section 60, block 2, H. & T. C. survey. The acid was used from 2,830 to 2,850 feet.

E. E. Parson, who with A. A. Wisdom is drilling No. 1 Gus Wende six miles south of Cisco, stated no developments had occurred in their well which recently topped gas and oil sand for a fair showing.

Plans have called for running of pipe on the Wende well. The temperature at Houston Wednesday was 30, four degrees colder than in Abilene in northern West Texas.

San Antonio which usually has the warmth of a winter resort, had a reading of 32 degrees and a cold drizzle that covered streets with ice and made driving hazardous.

PROGRAM FOR TEACHER MEET IS ANNOUNCED

Trustees, Patrons, Teachers of Schools Invited to Meeting

School trustees, patrons and teachers in Eastland county were extended an invitation Wednesday by County Superintendent C. S. Eldridge to attend a meeting of the Eastland County Teachers Association at the high school auditorium in Eastland Saturday.

The session will begin at 9 a. m. and continue until noon. Assembly of the teachers Saturday will mark the first meeting of the association, which was formed by members of the county institute in Eastland Dec. 7.

Officers of the association are W. T. Walton, president, Ranger; E. T. Dawson, vice president, Rising Star; H. Brandon, treasurer, Cisco; Miss Nell Waters, treasurer, Olden.

BITTER COLD WEATHER DUE FOR TONIGHT

Street pavements and highways were made dangerous with a coating of ice Wednesday as winter threatened a new foray into Texas expected to be the coldest this season.

Normal temperature conditions were juxtaposed as freezing weather hovered near the usually warm gulf coast. El Paso, far inland had the warmest weather in the state with temperature of 46 degrees and rain. Weather forecasters advanced the prospect that rain would turn to snow by nightfall, accompanied by a drop in temperature.

Citrus orchards in the Rio Grand had escaped damage because of a steady drizzle and low-hanging clouds. The temperature at Houston Wednesday was 30, four degrees colder than in Abilene in northern West Texas. San Antonio which usually has the warmth of a winter resort, had a reading of 32 degrees and a cold drizzle that covered streets with ice and made driving hazardous.

AAA-Less Politicians in Pitiful Plight

Mr. Dooley once remarked cynically that the supreme court follows the election returns. Right now it looks as if the election returns might follow the supreme court for a change.

Which is to say that the distinguished jurists in black robes have tossed into the approaching campaign a bombshell which may blow some of our most noted politicians right out of the water.

Decision on a great constitutional question such as that raised by the AAA may take place in cloistered chambers, in an air of vast learning and judicial calm; but the effects of the decision are bound to be political, and a heart of stone might well bleed for the politician who, preparing to go into the coming presidential campaign as a stalwart defender of the New Deal, discovers suddenly that the ground has been cut from under his feet.

Observe his plight. What he has done is wiped out, and all the remedies in sight seem to be illegal.

As he contemplates the fix the court has left him in, he must be dying a thousand deaths. Something must be done for the farmer, but everything that is suggested is apparently either impractical or unconstitutional, in addition to being pretty expensive.

As a matter of fact, the whole nation is right back where it started as far as the farm problem is concerned.

This problem, in its essentials, can be simply stated. It is the necessity of finding a way to bring agriculture into line with industry on some basis which will give the capitalist who operates a farm an equal chance to survive and prosper with the capitalist who operates a factory.

This isn't a problem which we can laugh off by remarking that farmers are a cantankerous and complaining breed who are always yelling for help. The simple fact is that the farm population makes up something like a third of the consuming public in this country. If its income drops, trade and industry are bound to feel the effects.

Add to this the fact that the farmer is a producer who, if left to himself, is compelled to operate at capacity in the face of a falling market. Any producer who has to do that is bound to make an uproar about it, and a farm belt uproar is one uproar to which no politician is ever deaf.

So we face a new presidential campaign with the old original farm problem as an added complication. What this will mean to the outcome of the race is something for the seventh son of a seventh son to glean from a crystal ball.

The one certainty is that this problem will demand a political solution, and will keep on demanding it until it is finally solved.

PERFECT UNDERSTANDING

By HARRY GRAYSON

NO heavyweight in history, including the great champions, ever overshadowed his field as does the amazing Joe Louis.

The consensus is that Max Schmeling will last no longer than two rounds with Louis in June and Jim Braddock no more than six in September.

Louis is only 21. The Detroit Negro has not yet shaved. He has been boxing professionally only 18 months. Yet before the year is out he may find himself with no more worlds to conquer. There are no bright prospects in sight. Although he is just starting, the Brown Embalmers may be forced to retire, for a time at least, due to lack of competition, as did Jim Jeffries in 1904.

Jeffries whipped all of the leading contenders twice, but required 11 rounds to fatten Bob Fitzsimmons, who scaled 170, and, after the 11 rounds to fatten Tom Sharkey who went 23 rounds and Jim Corbett 23.

Of Hat' Wills never did get a crack at Jack Dempsey. When the Man Mauler was at his peak it took him 12 rounds to dispose of Bill Brennan. Tommy Gibbons was on his pins at the conclusion of 15. Since he struck his stride, no one has won a round from Louis.

GENE TUNNEY might have further demonstrated his worth by tackling Johnny Rieko or Jack Sharkey instead of retiring after cutting up and stopping the antiquated and hand-picked Tom Heeney in 1928. Jack Johnson never was out of employment. Lili Arthur's record is studded with 29, 15, 12, and 19-round engagements.

Fitz, the freak biter, refused Corbett a second edition, and lacked the tonnage to cope with a giant like Jeffries. Corbett was too frail to combat rugged warriors of the Jeffries and Tom Sharkey type.

John L. Sullivan picked his spots and had his headaches in the bare knuckle days—before ease, dissipation, and Corbett caught up with the once Boston Strong Boy in New Orleans.

Size enabled Jess Willard to assume command of and rule a lot of loagans. It was his good fortune to catch a financially embarrassed and harassed Johnson on the decline.

The champions—so called—who have reigned since Tunney don't belong in the same league with Louis, as the Bomber of the Buckle showed when he pulverized Primo Carnera and which he will positively prove when he parks his short left hook on the dental work of Schmeling and Braddock.

Turner Collie is Candidate for County Clerk's Job

To the Voters of Eastland County:

I herewith announce my candidacy for the office of county clerk of Eastland County, subject to the action of the Democratic primaries.

I am very grateful to the people of this county for the confidence they have placed in me in electing me to a place of responsibility in the county, and it has ever been my aim to merit that confidence, and to render the very best service of which I am capable.

It has been my purpose to render the people of the county honest, efficient service, at the least possible cost to the county and if I have been successful in accomplishing this purpose it is not only because of my own efforts, but because of the whole-hearted support and efficient and courteous service rendered by those whom I have selected to assist me in the discharge of the business of the office.

office for another term, I shall continue to see that the affairs of the office are conducted in a courteous, business-like manner, and at the same nominal cost to the county.

Your vote and influence will be greatly appreciated.

Yours Sincerely, TURNER COLLIE.

T. L. Cooper to Be A Candidate For County Judgeship

T. L. Cooper, who served the county as treasurer for two terms 1927 to 1930 and tax collector for two terms 1931 to 1934 announces today for the office of county judge in this issue.

Mr. Cooper has been a resident of Eastland County since 1906, and was born on the Comanche county line. When time for reelection came up in 1934 Mr. Cooper voluntarily retired with the public statement that he would not be a candidate for reelection for his office of county tax collector.

Since retiring from public office Mr. Cooper has been selling

O'Brien Outlines His Qualifications

The formal announcement of C. H. O'Brien, candidate for tax assessor-collector, was made Wednesday as follows:

To the People of Eastland County: About 60 days ago I announced that I would be a candidate for tax assessor-collector of this county, subject to the action of the Democratic primaries.

Our family has resided in what is now Eastland county more than 60 years. My grandfather and grandmother, C. H. and C. B. O'Brien, with their first baby, came to this section in 1874. Here they reared a family of eight boys and three girls. The family has been active in educational, civic and religious circles for these more than 60 years. I happen to be the first one in the family to ask for any office in the courthouse. I am not making this race on the basis of my family relationships, but feel that the voters are entitled to this brief sketch.

I am 32 years of age and married. I was born near Gorman, and have lived my life in this county. I have lived in several towns and rural communities of the county. I received my education in the schools of Eastland county, the Metropolitan Business College of Dallas, and am just finishing a two-year course in auditing and higher accountancy, with the LaSalle School of Business Administration.

I shall make the race on my own merits, and will offer you my experience and qualifications in return for your support. I have served in every capacity of the office, from office boy to chief deputy, and am thoroughly familiar with all phases of the work in both the assessing and collecting divisions. In addition to other duties, I have for the past few years been chief clerk in the automobile division.

I shall endeavor to see and talk with every one personally, and I assure you now, that your consideration of my candidacy will be deeply appreciated. If I am elected to this important office I will ever be mindful of the fact that the office belongs to the people, and that I am a servant of the people, hired to care for its duties in the most courteous and efficient manner possible.

Sincerely, C. H. O'BRIEN.

JUDGE GARRETT IS CANDIDATE FOR CONGRESS

Clyde L. Garrett, serving his fourth term as county judge, Wednesday announced officially his candidacy for the 17th Congressional District representative position. His formal announcement will be made later.

Judge Garrett is a native county resident, born 50 years ago between Gorman and Carbon. His father, who with Mrs. Garrett were Mississippians, was a Confederate veteran. Judge Garrett is the youngest son of a family of 11 children.

In 1912 Judge Garrett was elected county clerk, served six years, not offering for re-election. He was city manager for Eastland several years. He was office deputy for John Hart when he was sheriff and in 1928 was elected county judge.

Judge Garrett has attained statewide recognition as president of the West Texas County Judges' and Commissioners' association of Texas and the State Association of County Judges and Commissioners association. Judge Garrett is the present head of the state group.

During Garrett's years as county judge, Eastland county has been operated on a cash basis. There have been no defaults in the county's obligations.

"A clean and vigorous campaign" was announced by the candidate. His headquarters will be maintained in Eastland.

Counties in this congressional district are Eastland, Comanche, Hamilton, Erath, Palo Pinto, Stephens, Jones, Fisher, Callahan, Shackelford, Taylor and Nolan.

I'M SOLD

It always works

Just do what hospitals do, and the doctors insist on. Use a good liquid laxative, and aid Nature to restore clocklike regularity without strain or ill effect.

A liquid can always be taken in gradually reduced doses. Reduced dosage is the real secret of relief from constipation.

Ask a doctor about this. Ask your druggist how very popular Dr. Caldwell's Syrup Pepsin has become. It gives the right kind of help, and right amount of help. Taking a little less each time, gives the bowels a chance to act of their own accord, until they are moving regularly and thoroughly without any help at all.

Dr. Caldwell's Syrup Pepsin contains senna and cascara—both natural laxatives that form no habit. The action is gentle, but sure. It will relieve any sluggishness or bilious condition due to constipation without upset.

THIS CURIOUS WORLD By William Ferguson
ONE OF THE DIFFICULTIES OF HIGH ALTITUDE FLYING, WHERE THE TEMPERATURE REMAINS AT ABOUT SEVENTY DEGREES BELOW ZERO, IS KEEPING THE MOTOR COOL! THE COOLING EFFECT OF AIR DECREASES AS ITS DENSITY DECREASES.
A YOUNG SNOW OWL, NOW IN THE LONDON ZOO, WAS CAPTURED ON SHIPBOARD, IN MID-ATLANTIC... 600 MILES FROM LAND.
ALTHOUGH high altitude flying affords many advantages, it also presents many problems. At an altitude of 50,000 feet, the cooling effect of air is only about 70 per cent of what it is at sea level, and, in spite of the fact that the pilot must use great precaution against freezing, the motor heats up readily in the rarefied air.

Townsendites May Form Own Party

By United Press
AUSTIN.—Those of the "Ins" among the state's politicians are hoping fervently that the Townsendites will decide to launch their own party with separate candidates in the 1936 state elections. The decision likely will be made at a state-wide meeting of Townsend Club representatives arranged to be held in Austin next week. If the Townsend plan supporters should decide to fight inside the Democratic Party, there will be much consternation among prospective primary candidates. How ambitious are the plans of the new voting group was indicated this week when they launched a candidate in opposition to Congressman James P. Buchanan of the Tenth Texas District, who happens to be chairman of the appropriations committee of the House of Representatives—the man who holds the money bags. The national aspect of this race may easily lead to the Townsend Plan leaders furnishing sinews of war for the campaign. If the Townsendites decide to stay out of the Democratic primary, many prospective candidates will breathe more freely. With the Townsendites in a separate party, they would not have to be reckoned with until November. There will be a division of the present pressure being exerted. This pressure has become acute. 17-Foot Lens will Be Shipped Soon

By United Press
CORNING, N. Y.—Astronomy's \$6,000,000 "dream eye" will begin its journey to the West Coast, where it will be mounted in the world's largest telescope, about the middle of February. Scientists at the Corning glass works where the 17-foot lens was cast more than a year ago have nearly completed the work of re-

moving the cores from the huge piece of glass and have started checking over the crate and car in which the mirror will be shipped. The crate, lined with cork, will protect the entire mirror. The railroad car is nothing more than a flat car with a sunken "well" in the center to permit the 200-inch disc to slip under tunnels and bridges.

When crated, the mirror will be placed on edge, braced and counter-braced against vibration or shock en route. Three railroad lines will be used in shipping the mirror to Pasadena, Cal. The number of lines became necessary in order to provide ample clearance for the "eye" expected to reveal objects more than a billion light years distant.

HELPS PREVENT MANY COLDS

At the California Institute of Technology the mirror will be ground to perfection, a process which will require between three and four years. Then it will be mounted in a telescope on Mount Wilson.

The STRANGE CASE of JULIA CRAIG

BEGIN HERE TODAY
JULIA CRAIG, pretty young society girl, was invited to become a night club singer. Julia shares an apartment with ANY SANDERSON. PETER KEMP, young lawyer, is in love with Julia but she never wants to see him again. Woodford gives a party aboard his yacht and asks Julia to come to sing for the guests including CINTRIA LEE, dancer; MISS JOSEPH, widow; HUGO NASH and ROYAL NESBITT. Julia asks later regrets it when she finds the cruise is to be much longer than a week-end. The yacht lands at Evergreen Island where Woodford has a lodge. Julia meets TOM FAYSON, camping neighbor, who offers to help her get over. But he is discovered and forced to leave the island. The men go hunting and Nesbitt is injured. Woodford's party leaves at once to get Nesbitt to a doctor. Julia tells Woodford she is giving up her job in his office. NOW GO ON WITH THE STORY CHAPTER XIII

DINNER that night was not as difficult for Julia as she had feared after her angry words with Woodford. When Obe announced the "accident," they had come to some definite understanding. Nash seemed a bit morose and embarrassed and Julia wondered if, perhaps his conscience were asserting itself at last. Whenever Nesbitt addressed him Hugo Nash appeared surprised and timid. "He hates him," Julia thought, "and now that he failed to kill him, he's afraid of him too." She was glad that tomorrow night she would be ashore, away from these five people with their loves and their hates and their obsessions. SHE retired early that night, with the Wood Nymph's engines throbbing mightier than ever beneath the deck. Woodford had ordered full speed on, and Julia was giving the power plant every thing it would stand and a bit more. When Julia awakened next morning and peered through the port hole above her berth she saw with delight that the scenery on shore was more familiar to her. She knew that now they were not many hours from town, and she went to breakfast almost jubilantly. Nesbitt's chair was empty. "Any time afterward Julia was so curious that the sight of the empty chair should have startled her for it could have been that Nesbitt was late for breakfast—or that his arm pained him and he had decided not to eat just then. Yet somehow the sight of that empty chair had struck her with peculiar force.

Centennial Stamps Will Go on Sale At Gonzales Mar. 2

Authorization of the advance sale was given by Postmaster General James A. Farley. Booth said the Gonzales post office was expected to have a record business on March 2. Warren Taylor, local philatelist, said that more than \$15,000 worth of Boulder Dam Stamps were sold on the first day they were placed on sale, and that the first day's sale of commemorative stamps had never been less than 175,000. Many local clubs and official Postmaster General Farley to place the stamps on sale a day early in Gonzales. A petition was sent to Farley containing the following historic facts concerning the city's importance: 1. The first shot for the Independence of Texas was fired in the Battle of Gonzales, Texas. 2. The first battle flag of Texas Revolution was made and unfurled at Gonzales, Texas. 3. A new battle cry was given to the world when the Texans defied the Mexicans with the cry, "Come and take it." 4. Thirty-two men from Gonzales responded to the call of Travis and perished in the Alamo. 5. The first Texas army was organized at Gonzales with Stephen F. Austin in command. The second army of volunteers, the one which conquered Santa Anna at San Jacinto, was organized at Gonzales under General Sam Houston. The new stamps will be the same size as the current special delivery stamp, arranged horizontally, printed in purple ink and enclosed in a double oval at the left and right and a reproduction of the Alamo at the center will be central designs. How ambitious are the plans of the new voting group was indicated this week when they launched a candidate in opposition to Congressman James P. Buchanan of the Tenth Texas District, who happens to be chairman of the appropriations committee of the House of Representatives—the man who holds the money bags. Mmes. Odelle Cole and T. L. Dupree Co-hostesses to Class Meeting

Tuesday members of the Ruth class of Central Baptist church met at the home of Mrs. Odelle Cole, Tee Pee camp, with Mrs. T. L. Dupree, co-hostesses, for the monthly business session and covered dish luncheon.

The luncheon course was served at four-course tables surfaced with white linens, and appointed with a spring motif.

In the afternoon Mrs. E. A. Williams, class president, presided over the business discussion, and roll call was answered from favorite Bible verses. Mrs. W. B. Enfinger, third vice president, gave the devotional, from the subject, "Love."

Reports from all class officers were made. Eighteen phone calls, 64 visits, and 12 cards were reported for the month of January. Mrs. Randal Blackmond, and Mrs. Bob Stagg were appointed

group captains to serve during the coming month.

The class adopted Mrs. Sarah Scrivens as their class mother, Mrs. H. H. Stephens, Bible teacher.

The following members were present: Mmes. L. L. Bruce, C. G. Franklin, Dan Neville, Roy McCleskey, H. E. Barney, Roy Wilkos, W. B. Enfinger, M. G. Martin, Randal Blackmond, Gordon Alexander, Bob Stagg, H. H. Stephens, George Rogers, J. R. Watson, F. R. Ming, Dick Williams, J. W. McKinney, O. F. Sides, Weldon Webb, J. B. Houghton, C. N. Deaton, C. C. Cash. The class will meet the last Tuesday in February at the home of Mrs. F. R. King, Blundell street, with Mrs. O. F. Sides, associate hostess.

Mrs. M. H. Hagaman Talks At P. T. A. Program

The high light of the Hodges Oak Park Parent-Teacher Association program on Tuesday afternoon came when Mrs. Saule Perstein introduced as the principal speaker for the hour, Mrs. M. H. Hagaman, whose subject was "The Home as a Basis for World Citizenship." The splendid talk was followed with fitting remarks by W. T. Walton, superintendent of Ranger public schools.

The observance of Thrift week was given emphasis through the clever posters in evidence, under the leadership of their teachers.

Two piano numbers were played by Mary Allen Lanier, pupil of Mrs. M. E. Newnam.

Mrs. E. R. Green, president, assumed charge of the business period, and again the Founders Tea slated for Wednesday afternoon, February 5th, from 3 to 5 o'clock, was announced. Mrs. O. G. Lanier will be house hostess at home, Pine street, and the entertainment is being given much attention from those in charge. The St. Valentine Day motif will be featured in decorations.

Central West Texas Oil Field

ABILENE, Jan. 24.—Operations were to start on a 3,000-foot wildcat in southern Callahan county, about a mile north of Cross Plains.

Location for the test, the Canyon Oil & Gas Company of Cross Plains No. 1 Tom Bryant, was made early last fall, but beginning of work was delayed until now.

The test is located 150 feet from the north and east lines of the Bryant 104-acre tract out of the southeast quarter of section 846, D. Millican survey.

Operations were running two-inch tubing in the Urgen & Frazier No. 1-C Henry Dorsey estate, south edge well of the Hawley field, after deciding to produce the well from the second sand (Cook).

It was first thought the test might be drilled from the present 2,033-40 foot horizon to the Hope sand about 2,150 feet, where the north offset well produces. Location is 200 feet from the north and west lines of the east half of section 4 Manuel Bueno survey No. 197.

Newton Well Spuds Samedan Oil Corporation No. 3 M. M. Newton, approximately two locations south of the original Newton production from the Tannehill sand, was spudded by Contractors Ungren & Frazier of Abilene. It is in Jones county, about 10 miles north of here.

Offsetting Vickers A west offset to the J. P. Vickers lease in extreme western Shackelford county has been spudded by the Root-Rhodes Oil company to test Bluff Creek production in the north extension area of the Mims Bluff Creek pool, about three miles southeast of Tueders. It is the Root-Rhodes No. 1 Thomas H. Latimer, located 220 feet from the south and 220 feet from the east line of the west half of the northwest quarter of section 207, ETRR survey. The Vickers fee, being produced by Ray & Stanforth of Wichita Falls, opened a half mile north extension to the pool.

North of Davis Pool

Testing for a further north extension to the G. R. Davis pool about 18 miles west of Albany in Shackelford, the Albany Oil company and William Pardue, Jr., No. 7 G. R. Davis is scheduled to spud north of the last well which proved a 250-barrel producer for the largest well of the field. The No. 7 Davis is located 1,540 feet from the east line of the east half of section 218 ETRR survey.

ABILENE, Jan. 24.—A total of 5,706 families in the 12 West Texas counties of the Abilene area are eligible for employment on works progress administration projects, reveals a survey compiled by District Administrator F. A. Wells.

Addition of 87 families, to bring the total to 5,706 was made by a ruling of the Texas relief commission authorizing the WPA to give employment to those employables, whose applications for relief were made between Nov. 1, 1935, and Jan. 1, 1936. The previous regulation had included only those on relief before Nov. 1.

Figures for the 12 counties, with the number of new families certified and the total on which certification has been made, follow:

Taylor, 13 new families, 1,114 total; Stephens, 23,353; Shackelford, 1,177; Scurry, 5,425; Nolan, 9,659; Mitchell, none, 378; Kent, 2, 97; Jones, 5, 499; Eastland, 13, 1,107; Coke, 4, 141; Callahan, none, 328; Fisher, 12, 428.

The report shows Taylor county has the largest number of families

eligible to WPA work, while Eastland is second. Both had 13 additional families added by the ruling. Stephens led in the new families, with 13.

Administrator Wells is asking that all families registering during November and December report back to their county relief offices for the certification to WPA.

Applications for relief accepted in the future will be only for employables, and rejection will be made of all families who have an employable member. Also, no new families will be certified to WPA work, unless they were on relief prior to Jan. 1.
