RANGER, TEXAS, TUESDAY, NOVEMBER 3, 1936

PRICE FIVE CENTS

NO. 133

Reading of the ex-motor magnate's restaurant in New Jersey brings the thought, how does the finance company take back the caviar?

West Texas: Fair and colder in south portion, frost and freezing, with cold wave southwest portion tonight. Fair Wednesday, rising temperatures north portion.

## MORE TALESMEN CALLED IN DELLA HENRY MURDER TRIAL AFTER JURY HALF COMPLETE

Selection of a jury for the trial of Mrs. Della Henry, 36, on the charge of killing her former husband, H. L. McLee, 42, at Rising Star May 1, 1935, was at the half-way mark Tuesday afternoon after three jurors were accepted at the morning session in 88th district court.

The jurors were: B. M. Collier, insurance firm manager, Eastland; W. L. McCorkle, Nimrod farmer; W. C. Bankston, Ranger farmer; W. F. Barton, Ranger truck farmer and dairyman; T. H. Holder, Sranton school bus driver, and E. L. Sims, Carbon farmer.

Judge B. W. Patterson Tuesday morning ordered 85 talesmen to supplement the exhausting venire of 140. Many of the 140 were excused Monday after they presented excuses which precluded their service on the jury.

Forty-four veniremen had been questioned by the counsel. Of that number the state had exercised six of its 15 peremptory challenges and the defense seven.

The defense counsel was joined Tuesday by L. H. Flewelling of Ranger. Veniremen who were questioned Tuesday morning were J. B. Dowdell of Eastland, W. F. Barton of Ranger, Frank Pierce of Eastland, T. H. Holder of Sranton, J. R. Cook of near Ranger, Tom Bryant of Carbon, Lee Gray of Carbon, W. M. Bagley of Eastland, J. J. Foster of Cisco, E. L. Simms of Carbon, Ed T. Cox, Jr., of Eastland, Jack Blackwell of Ranger, C. E. Bennett of Staff and C. G. Stubbfield of Carbon.

The defendant Tuesday took an active interest in the case and consulted often with her attorneys. Judge Patterson did not allow any smoking in the courtroom, allowing frequent intervals. At 10 o'clock the jury selection in the Henry case was halted in order that the court make assignments for trial in the November term, which began Monday.

## Ward Schools to Play Football Here Wednesday

A football game will be played Wednesday afternoon at 4 o'clock at the ball field by Hodges Oak Park and Young School, two of the classiest little teams ever developed in Ranger. The game is to be played in order that money may be raised to help pay for the new band uniforms.

Hodges Oak Park, winner of the city ward school championship in 1935, is a contender again this year, with Young school being one of the chief obstacles in the way of Hodges Oak Park on their march toward a second championship.

Those who have not attended any of the ward school games will be surprised at the teamwork, blocking, tackling and other football fundamentals that can be seen at one of these midget games. Eligibility rules require that a boy weigh 113 pounds or less in order to play on one of the four teams in the conference, and these mighty midgets turn in some exceptionally good football.

The games are usually played in four 10-minute quarters, with time out seldom being called, so that a game seldom lasts more than 50 to 60 minutes, including the time between quarters and at the half.

Scores of the two teams to date follow: Young, 12; Cooper 12, non-conference. Hodges Oak Park 20, non-conference. Young 13, Cooper 0, conference.

Young 31, High School 0, conference. Hodges Oak Park 20, Young 0, non-conference. Hodges Oak Park 12, High School 0, conference.

Hodges Oak Park 13, Cooper 0, conference. Earl Conner, Jr., criminal district attorney-elect, is assisting criminal district attorney Grady Owen and special prosecutor Allen D. Dabney. J. Frank Sparks heads the defense, assisted by R. E. Grantham of Cisco.

## Over 500 Votes Cast by 3 P. M.

A fairly heavy general election vote was indicated in Ranger today when approximately 300 votes had been cast in the City Hall box and about 275 had been cast at Young school box shortly before 3 o'clock this afternoon.

The fact that six proposed constitutional amendments are on the Texas ballots is bringing out almost as many voters as the national election, in the opinion of some observers, since it was already conceded that Texas would vote democratic by a large majority.

## Debut Near for Queen of Bridges

Completed except for minor details, the San Francisco-Oakland Bay bridge, stretching 4 1/2 miles across San Francisco bay, is seen here, ready for its official opening, Nov. 12. This \$77,000,000 bridge, largest in the world, was built to carry six lanes of autos on the upper level and trucks and railways on the lower level. As the span crosses Yerba Buena Island, left center, it passes through the world's largest bore tunnel. This view looks from the San Francisco side toward Yerba Buena Island and Oakland and Berkeley in the distance.

## SEAMEN STRIKE TAKES SERIOUS TURN TODAY

HOUSTON, Nov. 3.—The "rank and file" seamen will continue a sympathy strike until the Pacific coast maritime dispute is settled, officials of the insurgent group said today.

GALVESTON, Nov. 3.—Maritime workers aimed, today, at a general strike throughout the Gulf coast in sympathy with the walkout on the Pacific coast.

NEW YORK, Nov. 3.—The Eastern maritime strike situation took an ominous turn today as the International Seamen's Union prepared to put strikebreaking crews on all vessels.

## Woman Is Named Landscape Garden Extension Specialist

COLLEGE STATION, TEX.—Miss Sadie Hatfield, Extension district home demonstration agent who has been on a year's leave of absence, has been appointed extension specialist in landscape gardening Miss Mildred Horton, state home demonstration agent, has announced. Her appointment was effective Sept. 1.

Miss Hatfield began her Extension work as home demonstration agent in Sutor, where she served two years. Later she was home demonstration agent in Limestone county and in 1929 became district home demonstration agent. In August 1935 she was given a year's leave of absence and has spent the time touring the world.

## C. of C. Directors Hear of Projects At Regular Meet

At a meeting of the directors of the Chamber of Commerce held Monday night at the office of the secretary, a report was heard from the community fair grounds committee and several projects were suggested.

A. J. Ratliff, chairman of the site selection committee, reported that the lot formerly known as the Gholsom-Morman-Dorsey property on the corner of North Rusk and Cherry streets had been selected for the rodeo grounds, and the Everett property could be used for livestock exhibits.

Hal H. Hunter, president of the Chamber of Commerce, did not dismiss the committee, but stated that it would be held intact for a while longer. A committee was held on cleaning up and improving the old Ranger cemetery grounds, which have become badly overgrown with high grass and weeds.

Those present at the meeting were Hal H. Hunter, J. J. Kelly, F. P. Brasher, J. J. Anderson, A. J. Matliff, C. D. Woods, J. E. Matthews, J. E. Meroney and Thurman Hill, the latter being a visitor.

## TEXAS IS MORE INTERESTED IN LOCAL ISSUES

The speeches were over and Texas voters gave their verdict Tuesday, with the only question being the size of the confidence vote they will give the new deal.

Political observers agreed that Texas would give its electoral vote to Roosevelt and Garner and elect a full slate of democrats to state offices.

## For 90th Division Program Complete At Ft. Worth Nov. 6

Final arrangements have been made for the eighteenth annual reunion of the 90th Division, to be held in Fort Worth Nov. 6-7-8.

Registration will commence at noon, Friday, November 6th, at reunion headquarters in the Hotel Texas all day Saturday until 10 o'clock Sunday morning, November 7th. At 8 p. m., Friday, there will be an entertainment for the veterans and their families.

## HUGE VOTE TURNING OUT IN NATION ELECTION DESPITE BAD WEATHER IN MIDWEST

NEW YORK.—Combined early and incomplete returns from districts scattered from New England to Texas gave Roosevelt 16,976, London 10,927.

TOPEKA, Kan.—The incomplete unofficial count of 192 precincts out of 2690 in Kansas today gave Roosevelt 16,259, London 13,679.

OKLAHOMA CITY.—Twenty-four Oklahoma City precincts, incomplete, gave Roosevelt 2,494, London 1,279.

A tremendous outpouring of voters, estimated at something over 40,000,000, swarmed the polls today to choose between Franklin Delano Roosevelt and Alf M. Landon for the presidency.

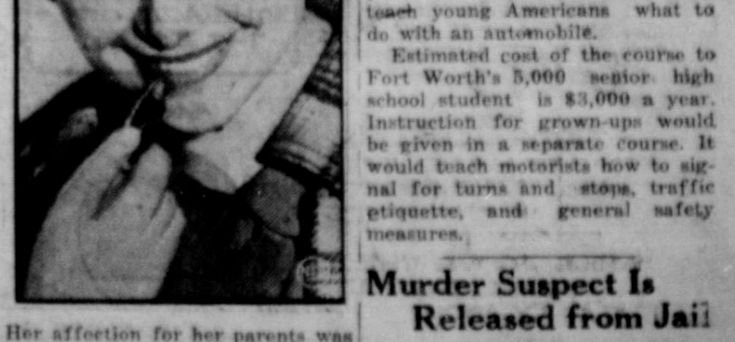

Rain, snow and even blizzards plagued citizens, particularly in the Midwest. Bad weather was expected to reduce the vote in some rural districts. The first election returns were flashed from tiny New England communities, racing to be first with news of the balloting.

## G. L. K. Smith Is Released from the New Orleans Jail

NEW ORLEANS, Nov. 3.—The Rev. Gerald L. K. Smith, Louisiana evangelist and head of the "share the wealth" movement, was paroled today against his own wishes, under a law passed during the regime of his late leader, Sen. Huey Long.

Smith and four of his associates were arrested last night after he and former Governor James Noe had delivered a final blast at the "share the wealth" movement, was paroled today against his own wishes, under a law passed during the regime of his late leader, Sen. Huey Long.

## Accuses Parents in 'Party' Issue

Her affection for her parents was lost, said Mary Gloria Perry, 18, above, when she was refused permission to have "dates," attend parties or use powder and lipstick. That, she said, is why she asked an Oakland, Calif., court to name a guardian to supplant her parents. She claimed she was threatened with a "midnight curse" that would cause her hair to fall out if she used lipstick.

## COLD WEATHER GRIPS STATE ON ELECTION DAY

Increasing cold with freezing temperatures in the northern half of the state and chilling winds reaching the coast, was the weather prospect for Texas Tuesday.

The Panhandle already had felt northern winds from the Rocky Mountains and the government weather station at Amarillo registered a temperature of 18 degrees at 7 a. m.

The north already had blanketed the upper part of Texas and observers predicted that by nightfall the entire state would be in the grip of the cold wave.

## Traffic Safety Is Urged As a Course In Public Schools

FORT WORTH, Tex.—A required course in "traffic safety" for all American schools has been proposed by Paul W. Curtis, manager of the Southwest Motor Club. Curtis said the idea seemed near realization. The American Automobile Association has prepared a series of texts, to be supplemented by oral lectures, to teach young Americans what to do with an automobile.

Estimated cost of the course for Fort Worth's 5,000 senior high school student is \$3,000 a year. Instruction for grown-ups would be given in a separate course. It would teach motorists how to signal for turns and stops, traffic etiquette, and general safety measures.

## Murder Suspect Is Released from Jail

AUSTIN, Nov. 3.—A suspect held in Travis county jail in connection with the fatal shooting of G. I. Houston, near Amarillo last Thursday, was released here today after a witness to the shooting failed to identify him. A woman suspect was also released.

## Lyerla Thanked By Demo Chief

The following telegram was received in Eastland Monday from James A. Farley, chairman of the National Democratic Committee, to Oscar Lyerla, chairman of the Eastland County Committee:

## Oh, Doctor!

Just the right remedy for that nostalgic "old grads" feel for their alma mater about this time of year, beautiful Jacquelyn Peterson, above, will rule over homecoming festivities at the University of Wisconsin with something of professional skill. For Jacquelyn, whose home is in Waukeshaw, Wis., is a premedic freshman, determined on a doctor's career.

Trust in Our Leaders Should Be Restored.

When the nation again returns to what passes for normal, after the excitement of the campaign, it might spend a little time repairing some of its shattered faiths and loyalties.

In some ways the most expensive thing about the last few years has been not the money that has gone down the sink, but the dismaying amount of bitter and unceasing criticism of men and institutions in which Americans had always previously placed confidence.

The campaign only brought this to a head. Some of it grew out of the depression and some of it was a hangover from the campaign of 1932. But wherever it came from and however it was motivated, the net result cannot be anything but very bad for us.

For example: any great nation of today is bound to look for a good part of its leadership to the men who control its financial institutions. As modern society is organized, it cannot do anything else. And how stands our confidence in bankers, these days?

For years we have heard them denounced up, down, and crosswise as "money changers," as men who need watching, as people who blindly led us into a ditch and made us wait there, helpless until the government hauled us out.

Perhaps, then, our intellectuals are in better case. Not at all. Have not we heard "brain trusters" excoriated as vain and erratic theoreticians, untrustworthy beyond belief and so impractical and childlike that it actually has been a mark against the administration that it took counsel with them? Where, oh where is our old respect for college professors?

How, then, about political leaders? Surely they do not share the unspeakable defects of bankers and professors? Alas, they are still worse. We have been assured over and over again that the bureaucrat is the worst of all public enemies; that politics is unworthy of our faith and that no political promise, no campaign summons to a cause, deserves the slightest trust.

Well, may we fall back on our leaders of business and industry? A hundred voices declare that they are pitiless and crafty exponents of "economic royalism," prepared to grind our faces in the dirt if we give them a chance. For years the sky has fairly rung with denunciations of them.

You could go on in this vein for half an hour. There is hardly a group or an institution, of the sort to which we ordinarily look for leadership, that has not been under the most bitter attack for months and years.

If we believe half that we have been told, we can only assume that we are lost souls and that there is no hope for the republic.

With the campaign out of the way, we may be able to get back to a sane viewpoint on these matters. It is highly important that we do so.

If we don't we simply are paving the way for some unscrupulous self-seeking demagog to come in and put the fetters on our wrists.

"Radio comedians are in need of gags." Dora would like to know if some old towels will do.

THIS CURIOUS WORLD

By William Ferguson

THE RATE OF DISINTEGRATION OF THE ELEMENT, URANIUM, INTO LEAD AND HELIUM, FURNISHES SCIENCE ONE OF THE MOST ACCURATE HISTORICAL CLOCKS FOR MEASURING THE AGE OF THE EARTH.

TEMPERATURE AT THE TEN-MILE LEVEL ABOVE THE EQUATOR IS ABOUT 110 DEGREES F. BELOW ZERO, WHILE ABOVE THE ARCTIC CIRCLE IT IS ONLY ABOUT 60 BELOW.

ELECTRIC EELS HAVE TO KEEP THEIR BATTERIES CHARGED! THEIR POWER TO SHOCK IS EXHAUSTED EASILY AND MUST BE BUILT UP BY REST AND FOOD.

AN ounce of uranium disintegrates into 863 ounce of lead, which is a metal, and 133 ounce of helium, which is a gas. By using this method of measuring time, the earth shows an age of more than 1400 million years.

ELECTION DAY SUGGESTION

New Pontiacs Will Be Displayed Here Wednes. Morning

Announcement was made here today that the new 1937 Pontiac Silver Streaks would be on display in the showrooms of the Simmons Motor Company, 321 West Main street.

Saved From Fall Off Cliff Ledge

Prisoner for eight hours on a narrow ledge at the brink of a 1000-foot cliff, with one leg broken, Lloyd Rawson, 21, Sandy, Utah, radio service man, is shown as he was rescued, lowered with ropes from his perilous trap. Rawson was struck by a falling boulder while hunting deer and was hurled down the mountainside. He attracted attention to his plight by building a fire of twigs.

Correct Posture Held Essential

AUSTIN—Correct posture in school children, and adults as well, is necessary to proper physical and mental development, says a warning from the Texas State Department of Health. "Good posture is a sign of self respect and plays an important part in winning the respect of others," said Dr. John W. Brown, State Health Officer.

"Many of the ills of childhood and the deformities of adult life have their beginning in poor posture acquired during childhood," he said, "and it is particularly important that the child's posture conform to nature's dictates. Most children are born in good physical condition and yet examination of large groups of school children show a high per cent to be suffering from poor posture. Malnutrition and fatigue are productive of poor posture. These lessen the size of the chest and decrease the lung capacity. Abdominal organs may also be pushed out of natural position, which may seriously interfere with their action. These conditions must be corrected before the body is able to attain normal weight and nutritional standards."

"School children who have poor posture are said often to average lower in attendance and in school mental and physical activities than those who have good posture. A child may be forced to hold his body in an unnatural position by a desk that is too high or too low. Desks and work tables should be just high enough to allow the feet to rest on the floor and the forearm and hands to rest upon the tops without the shoulders being hunched up."

"Begin early in life to teach your children to stand straight and sit straight for health and self-confidence, and they should grow into strong well-built men and women."

HONOLULU—Hawaiian grown potatoes are being flown to the mainland by Clipper ship. Air express service between Honolulu and Alameda, Cal., is widely used, according to agents, and besides potatoes, recent shipments included flower leis, a freshly baked cake, motion picture film, a steel chain and some underwear.

FRECKLES and HIS FRIENDS—By Blosser

GRIDIRON HEROES

SOUTHERN California's Trojans have turned out some brilliant stars in their glamorous football history, and one of the greatest was big Ernie "Foot" Smith, All-America tackle in 1934. A big six-footer, whose solid foundation in the line made him a bulwark around which Troy's backs could skid for big gains, he still was agile enough to be a big help to his ends on wide plays. He had a great head on his shoulders, and seldom was fooled on cutbacks at the inside of his position. Ernie's value to the Trojans was immeasurable in that, added to his stellar work in the line on offense and defense, he could boot points after touchdown and field goals with uncanny accuracy, and seldom missed sending the oval over the end zone on kickoffs.

Sport Glances - - - - - By Grayson

BY RODNEY DUTCHER NEA Staff Correspondent

THE Roosevelt-Landon battle is so close, what with Negro labor, and WPA voters all veering heavily toward the New Deal, that this writer suspects it will be decided by any strong leaning there may be among the 200,000 to 300,000 new voters who appear on this year's unprecedentedly large registration lists.

The Columbus Citizen polled 100 new voters in normally Republican Franklin county and found 76 for Roosevelt, 17 for Landon, 2 for Lemke, and 1 for Browder. The Akron Times-Press found new voters similarly strong for the president.

In Cleveland one is told that 120,000 new registrants went on the roll after conspicuous activity by Democrats and especially by the pro-Roosevelt Labor's Non-Partisan League.

But those are urban indicators. Heavier registration outside the cities may signify, as Republicans insist, a strong Landon protest vote.

Roosevelt personally has been sure of Ohio ever since Senator "Honest" Wood Donahay did him had it in the bag. Other big Ohio Democrats had previously told the president the same thing, but he remained skeptical.

The fact that Donahay recently made a hot radio speech for F. D. R. on the other hand, may be much more important than his prediction. Donahay served three terms as governor, built a big reputation as "the people's friend," and was elected senator in 1934 by the walloping majority of 437,000, after the administration had vainly opposed him in the primaries.

Many Ohioans pay a lot of attention to Vic.

## Ranger Gas Being Odorized to Help Find Any Leaks

Natural gas is Ranger's distributing system is being odorized to assist customers in locating leaks.

That announcement was made today by R. B. Canfield, local manager of the Community Public Service Co. The equipment for mixing the odorizing agent with the gas has been made ready and the first of the odorized gas was turned into the mains Monday, Nov. 2.

The odorant being used is called "calodorant." It is a volatile oil somewhat heavier than gasoline, and is mixed with the gas through an atomizer which vaporizes the oil as it enters the gas. Approximately two gallons of the odorant are used to each million cubic feet of gas. This quantity is sufficient to make escaping gas or an unlighted open burner noticeable, yet it does not affect the proper operation of the meters or appliances.

According to Mr. Canfield, the odor of calodorant is penetrating, although not unpleasant or nauseating. It is absolutely harmless and does not affect the heating value of the gas when burned. Calodorant in the gas burns completely without odor and is noticeable only in the event gas is escaping unburned.

Calodorant was developed in California and has been in use there since 1930. Since that time it has been used as a leak detector in numerous large cities such as Amarillo, Texas, and Denver, Colorado, and has been used successfully on two previous occasions in Ranger. It has its effectiveness as an aid to economy and health protection.

"Since the treated gas has been turned into the mains, customers should open an unlighted burner for a second to identify the distinctive calodorant odor," said Mr. Canfield. "Then, thereafter, if they notice this odor, it will be evidence of the presence of unburned gas."

In the event calodorant indicates a leak, customers are asked to call the gas company and an employe will assist in locating the leak. These leaks will be marked so that a local plumber can be called in to repair the leak and prevent any further loss of gas. Warning is issued against looking for leaks with matches or other fire.

No charge will be made by the gas company for inspections on customers' premises, according to Mr. Canfield. It offers this inspection service free of charge for the benefit of its customers and will answer calls as promptly as possible for the purpose of locating leaks and adjusting appliances.

McDowell Rochester, the Home of Dickens—Mrs. J. M. Gholson, Life of Dickens; Mrs. J. F. Drienhofer, The Languages and Dialects of England; Mrs. C. E. May, At the Ritz in London—Mrs. W. L. Jackson, Poem, "Upon Westminster Bridge." (Wordsworth)—Mrs. O. L. Phillips.

**Leave for Arkansas:**  
Mr. and Mrs. E. L. Fontaine, left Ranger Monday night for De Queen, Ark., where they will make their future home. Mr. Fontaine, is succeeded by Kenneth Ambrose, who will serve as manager of the Southern Ice and Utilities company.

**Fellowship Entertainment Planned for Tonight:**  
Tonight at 7 o'clock brings to the First Christian church a Fellowship program which was well planned at last Sunday morning's Sunday school hour, by the entire membership of the church.

As guest for the hour, the Rev. Paul Campbell of Weatherford, comes to Ranger for the evening only. The supper arranged in the form of a covered dish affair, will be served as shortly after 7 o'clock as possible.

**Business Meeting:**  
The Gleaners class of First Baptist church will meet Wednesday afternoon at 2:30 o'clock, with Mrs. Anderson, at home, 603 Elm Street, for a regular monthly business session followed with a social.

**Local Union to Be Presented At State Convention:**  
Ladies of Central Baptist church observed their usual Monday afternoon program at the church which was opened with singing of its opening the singing of the hymn "Blessed Assurance." Mrs. H. H. Stephens, offered prayer, and the devotional was brought by Mrs. T. A. Arney. The business feature of the session was presided over by Mrs. H. S. Packwood, president and good reports were heard.

Mrs. J. R. Watson was elected circle chairman, to serve in the absence of Mrs. Roy Baker. Mrs. J. B. Houghton was appointed to act as mother for the Margaret fund society. Misses Stephens, Packwood, E. S. Brink, and S. C. Mahoney, will go as messengers to the Baptist State Convention which meets at Mineral Wells, Monday and Tuesday, November 9th and 10th. Junior leaders for the G. A. Organization are Mrs. Brink and Mrs. J. E. Ogg. Mrs. Geo. Rogers, gave the closing prayer.

**Thursday Meeting:**  
The American Legion auxiliary meeting to be held Thursday afternoon, 2:30 o'clock, at the home of the president, Mrs. R. W. Gordon, is again called to the attention of members. Subjects of business will fill the hour.

**G. A.'s Hold Monday Afternoon Meeting:**  
G. A. members of First Baptist church met in a business session Monday afternoon and opened the program with devotional

prayer, and is completely without odor and is noticeable only in the event gas is escaping unburned.

Calodorant was developed in California and has been in use there since 1930. Since that time it has been used as a leak detector in numerous large cities such as Amarillo, Texas, and Denver, Colorado, and has been used successfully on two previous occasions in Ranger. It has its effectiveness as an aid to economy and health protection.

"Since the treated gas has been turned into the mains, customers should open an unlighted burner for a second to identify the distinctive calodorant odor," said Mr. Canfield. "Then, thereafter, if they notice this odor, it will be evidence of the presence of unburned gas."

In the event calodorant indicates a leak, customers are asked to call the gas company and an employe will assist in locating the leak. These leaks will be marked so that a local plumber can be called in to repair the leak and prevent any further loss of gas. Warning is issued against looking for leaks with matches or other fire.

No charge will be made by the gas company for inspections on customers' premises, according to Mr. Canfield. It offers this inspection service free of charge for the benefit of its customers and will answer calls as promptly as possible for the purpose of locating leaks and adjusting appliances.

given by the entire group, followed with the reading of the minutes from the previous meeting.

Plans were discussed for a program to be given in honor of the women of the church. A hymn and prayer brought the dismissal.

**At Home Gholson Hotel:**  
Mr. and Mrs. Buster Mills, Monday afternoon moved to the Gholson hotel, where they are to be at home this winter. Recent vacations visits took them to Los Angeles and San Francisco, Calif., where they were visitors in the home of Mr. Mill's brothers, Chas. and Bill Mills. Last week was spent in East Texas cities.

**Attending Workers' Conference:**  
A group of members from the Women's Missionary Union, of Central Baptist church, are in Olden today attending the Workers' conference in session.

**Leader of Missionary Program:**  
With members of the Women's Missionary society of First Christian church gathered in the home of the hostess, Mrs. R. A. Steele, Pine street, Monday afternoon an instructive lesson was heard under the leadership of Mrs. L. R. Hocking. The manner in which the lesson was brought proved entirely interesting with the subject, "The Negro and Religion," connecting topics were: "Rise of the negro churches," "Negro Disciples of Christ," Religion of the Spiritual, and Negro Religion in our Community."

Mrs. Glen Simon, presided over the business session and members present were Misses Carl Clemmer, R. A. Jones, H. B. Johnson, N. L. Bryan, Nath Pirkle, J. C. Carothers, S. B. Dudley, L. R. Herring, Glen Simons, E. T. Matthews, W. W. Warner and guest, Mrs. Annie Green, of Ohio, who is visiting Ranger friends before going to Arizona, where she will spend the winter.

The hostess passed dainty refreshments at ten time.

**Cleo Powell to Speak at City Council Meet:**  
As principal speaker at the City Council meeting on Wednesday afternoon when Cooper Parent-Teacher Association meets and acts as hostess to the council will be Cleo Powell.

From 3 to 4 o'clock will be given over to the P.-T. A. study course, with the president of the Council, Mrs. O. G. Lanier, in charge. Every president of the local units are particularly asked to attend this session. At a later date it is the intention of Mrs. Lanier and her first vice president, Mrs. H. D. Bishop to organize a Parent-Teacher association at Lameda, where one hundred and sixty families would be represented. Valued work is carried forward by each individual unit and the course mentioned above will only add further qualifications to persons acting as presidents.

## Billroy's Show To Play Here, Is Bigger, Better

An old familiar name, "Billroy's Comedians," is emblazoning the billboards around Ranger, but when the show arrives here for its performance on Thursday, November 12, the old trite saying of "everything new and different" will truly be carried out as notices from cities where the attraction has played this season say that Billroy's this year is in every respect an entirely new offering regarded by most critics as the best of the whole twelve series manager Billy Wehle has offered.

Daphne, "Queen of Fan Dancers," is the featured attraction this year, and that alone is enough to show the seasoned theatre-goer that Billroy's something new and something different—and that manager Wehle is, as usual, keeping abreast of the times. Daphne

## GUARANTEED RELIEF FROM CONSTIPATION

Common constipation is usually due to meals low in "bulk." Pills and drugs give only temporary relief. The sensible thing to do is to put "bulk" back into your meals.

Millions of people get this needed "bulk" in a delicious cereal: Kellogg's ALL-BRAN. Its "bulk" is much like that in leafy vegetables. Within the body, it absorbs moisture, forms a soft mass, gently cleanses the system.

Some years ago, an investigation was made among thousands of ALL-BRAN users. 98 per cent found it satisfactory. Only 2 per cent had the type of constipation that would not respond to ALL-BRAN.

ALL-BRAN is guaranteed. Try it a week. If not satisfactory, your money will be refunded by the Kellogg Company.

Just eat two tablespoonfuls daily, either as cereal or in cooked dishes. ALL-BRAN is sold by all grocers. Made by Kellogg in Battle Creek.

## Three Very Nice Guys

Claire Trevor, Dean Jagger, and Evelyn Venable play the part of Three Kind People in "Star For a Night" Showing Today Only at The ARCADIA Theatre.

has been the sensation of Florida winter resorts the past season and it was only by competing with metropolitan producers of stage attractions that she was persuaded to sign a contract for appearance exclusively with Billroy's. She is described by reviewers as "youthful, beautiful, graceful and exotic."

More than ever before, girls, many of them, more of them, and all beautiful, shapely and enticing, are being featured, and according to one reviewer, the costumes are "beautiful but brief." But as usual, manager Wehle has seen to it that there is nothing in the least offensive in his 12th annual production as he has built up an

invaluable reputation for giving more clean entertainment for the money than any other show on the road, and he could not afford to jeopardize that reputation.

To enumerate the various personages secured from the stage and screen would require more space than this column is allowed. However, it may be said that the old favorites, the Palais Royale orchestra, is again with Billroy, and has been augmented by the addition of several well known musical artists from Bouche's Villa Venice at Miami.

A brand new waterproof tent is to be seen this season, with more than 4,000 comfortable seats, and beautiful usherettes to see to the

comfort of the patrons. Everything possible for the comfort and convenience of patrons, just like in a theatre, has been provided. New plays, new musical numbers, seventeen vaudeville acts and nearly all new faces are to be seen. So massive is the show that it requires thirty-five huge cars, trucks and busses to transport the 80 people, all of whom are carefully selected artists and dancers from the leading clubs of Florida winter resorts.

Watch them when they reach Ranger, where the show will be located at the show lot on north Austin street, under auspices of the Ranger Band, and will present one performance on the evening of Saturday, November 12. As usual, ladies will be admitted free when accompanied by one paid adult ticket. Popular prices will prevail. Doors open at 7:15; overture at 7:30; curtain rises at 8:15 sharp, presenting a three-act play, 17 vaudeville acts, Daphne

and dozens of glorious girls. Arrange now to be there.

**"BLACK-DRAUGHT IS PURELY VEGETABLE"**  
—What Does That Mean?  
A great many things can cause constipation and there are many remedies to relieve it, but possibly none more popular than the "vegetable" laxatives.

Among these, Black-Draught is outstanding. In its manufacture, leaves of certain plants are used, and the roots of certain others. These are dried so they will keep without preservatives... no other chemical change from the way they grew in "Mother Nature's medicine garden." By their being finely ground the digestive system extracts the active medicine right where it is needed. Constipation is relieved.

Black-Draught is so economical that a 25-cent package averages upwards of 25 doses.

**LOWE BROTHERS QUICK DRYING ENAMEL.**  
There are many colors in Quick Drying Enamel, (select from which to choose). Dries so quickly without brush marks that you can use the finished pieces in a few hours. Ask for Practical Hints on Painting.

That I have taken the Gulf Service Station at Commerce and Elm St., (by postoffice).

I kindly solicit your patronage and assure you the best of service—Gulf Products.

# MERTZ RATLIFF

## FOR YOUR PROTECTION

We Are

# Odorizing Our NATURAL GAS

**I**N ORDER that you may readily detect gas leaks, we are odorizing our natural gas with CALODORANT, a vapor which gives natural gas a distinctive and easily recognizable odor. The odorizing treatment was started Monday, November 2nd.

Harmless and not unpleasant or nauseating, CALODORANT saves you money and protects your health by instantly revealing leaks that might otherwise go unnoticed because of the lack of odor in untreated gas. It does not affect the operation of meters and appliances and is noticeable only in unburned form.

After Monday, if you smell a distinctive odor that reminds you of a petroleum product, it will be CALODORANT proclaiming the presence of escaping gas. Do not look for the leak with matches or other fire but call your gas company and we will send a man to locate the trouble. If the escaping gas comes from improperly regulated appliances, we will make the necessary adjustments without charge. In case of leaks, we will mark the locations of same and make recommendations for your plumber to follow.

Remember, CALODORANT is being used for your protection. It is being mixed with the natural gas at considerable extra expense in order that you may stop the waste resulting from leaks or improperly regulated appliances. It is to your interest to report the presence of CALODORANT at once!

R. B. CANFIELD, Manager
