## RUSSIA AND JAPAN BUY U. S. PLANES

WASHINGTON, Dec. 4.—Both Soviet Russia and Japan are buying American airplanes at a fast-growing pace for the Russian, Japanese-German war, which is expected to break out next spring. Russia is outstripping Japan in purchases nearly two to one. In addition Soviet factories are turning out hundreds of fighting airplanes.

In the past 30 days Soviet purchases of airplanes in this country totaled about \$1,000,000. During the same period Japan was reported to have purchased \$600,000 worth of American planes.

Virtually all the Russian order, Department of Commerce officials said, was turned out by the Martin factory, near Baltimore. Japanese purchases were distributed among several factories.

## Missing in Texas Ranch Mystery

Officers for the ensuing year were elected at the Odd Fellows meeting held Thursday evening at the lodge hall, Elm street. Installation of the new officers has been tentatively set for sometime in January.

Officers elected were: Clayton Todd, noble grand; A. L. Stiles, vice grand; Joe Calder, secretary; J. F. Mitchell, treasurer; W. F. Basham, trustee.

Fred Witt was elected a delegate to the grand lodge and J. F. Mitchell was elected as an alternate.

## PLANES DROP MORE BOMBS UPON MADRID

*By United Press*  
MADRID, Dec. 4.—Destruction of Arguelles and Rosales, districts of Madrid, was almost completed today by incendiary bombs dropped by 31 rebel bombers which flew over the city at 2 p. m.

MADRID, Dec. 4.—Loyalists, backed by heavy artillery support, launched a counter-attack today that drove rebel troops back to their trenches.

The insurgents' reversal, following an all-day and night attack, revealed government troops have received new artillery and have strengthened the city's defenses.

## County Workers to Attend RA Meeting

Four from Eastland county will attend the state meeting of workers for the Resettlement Administration in Dallas Monday, Tuesday and Wednesday.

Robert Fisher, director of Region No. 11 with headquarters at Eastland, will attend with the group which will include Louise Johnston, his secretary; Madge Wagner, supervisor of home management plans in the county, and George I. Lane, county rural supervisor. The county headquarters are also located at Eastland.

Senator Tom Connally will be the principal speaker at the convention banquet. Dr. D. P. Trent, regional director of the RA program in Texas and Oklahoma, will be director of the meeting.

## "Viva Los Presidentes!"

The wild acclaim accorded President Roosevelt on arrival at Buenos Aires to address the Pan American Peace Conference has won him designation as Argentina's most popular visitor. In this NEA radiograph he is seen conversing with President Justo (right) of Argentina as they rode between cheering crowds of enthusiastic Latin.

## VIGILANTES TO SEEK BODIES OF BLANTONS

*By United Press*  
SAN PERLITA, Dec. 4.—Vigilantes from Rawls, 600 miles northwest of here were reported enroute to San Perlita today to search for Luther Blanton and his son, John. The Blantons left home Nov. 18 to hunt ducks on the King Ranch and no word has been heard from them since.

Bob Miller, former Texas Ranger, received word of the impending arrival of six searchers from Rawls.

"We are ready to come down there and do business" the group wired Mrs. Luther Blanton, wife and mother of the missing men.

The possibility the federal government also might enter the search for persons reported missing in this part of the lower valley also was discussed.

## Continental Makes Crude Price Hike

*By United Press*  
PONCA CITY, Okla., Dec. 4.—Expressing the opinion that the statistical position of the oil industry justifies an increase in the price of crude, President Dan Moran announced today that the Continental Oil Company will advance the price in areas in which it is a large purchaser.

The increase which will become effective January 4, 1937, will be 12 cents per barrel on crude of 40 degrees gravity and above and will maintain the usual two-cent differential on crude below 40 gravity.

## Arrest Governor in Theft Probe

Free on \$6000 bond, Gov. Charles M. Smith of Vermont, above, faces charges of concealing a felony, a bookkeeper's alleged theft of \$251,000 from the Rutland Marble Savings Bank, which Smith heads. The governor defended his action as in the depositories' interests. John J. Cookin, the bookkeeper, was discharged in 1933, when the thefts were charged, and recently was convicted of embezzlement.

## BALDWIN UPON VISIT TO KING LATE TODAY

*By United Press*  
LONDON, Dec. 6.—Prime Minister Stanley Baldwin arrived at Fort Belvedere at 5:57 p. m. to confer with the king. Baldwin's visit since apparently there is little more he can have to say to the king, lead to speculation on whether he was going to present his resignation.

PARIS, Dec. 6.—Mrs. Wallis Simpson, guarded by two of the king's henchmen, members of the British Secret Service, posing as a secretary and a valet, sped southward across France today on instructions from King Edward to go into seclusion while he fights his enemies at home alone.

She was presumed to be headed for Cannes on the Riviera to join her American friends, Mr. and Mrs. Herman Rogers.

LONDON, Dec. 6.—Prime Minister Stanley Baldwin faced an historic session of parliament today and threw a clear-cut challenge to King Edward VIII to drop his plans to marry Mrs. Wallis Simpson, or abdicate.

There could be no mistaking of the meaning of Baldwin, the man who heads his majesty's government.

Baldwin informed the common law marriage is contrary to English law and anyone the king marries automatically becomes queen. Since the government has taken a firm stand against Mrs. Simpson becoming queen, the king would have choice but to give up his throne if he persists in marrying her.

There was strong indication that King Edward intends to accept the challenge and carry the issue to his people, risking losing the dominion which, Baldwin said, are opposed to the marriage.

It was said he intends to defy Baldwin, the conservatives, the clergy and the press and to form a government headed by Winston Churchill.

A general election would result and the people would decide.

The royal family was reported to be advised of the king's decision. Queen Mary, it was said, threatened to retire into seclusion for the rest of her life and the Duke of York threatened to leave the country.

Baldwin's speech today had not been expected. When the news came that he would make it, the half-empty house, filled in 20 minutes, Baldwin looked tired and worn.

After the session there were reports the king's reply to the challenge would be a radio address to the country and perhaps to the empire in which he would state his position.

## Odd Fellows Elect Officers for Year

Officers for the ensuing year were elected at the Odd Fellows meeting held Thursday evening at the lodge hall, Elm street. Installation of the new officers has been tentatively set for sometime in January.

Officers elected were: Clayton Todd, noble grand; A. L. Stiles, vice grand; Joe Calder, secretary; J. F. Mitchell, treasurer; W. F. Basham, trustee.

Fred Witt was elected a delegate to the grand lodge and J. F. Mitchell was elected as an alternate.

## Roosevelt Upon High Seas Again

ABOARD U. S. S. CHESTER, Dec. 4.—President Roosevelt was off the coast of Brazil today, enroute home from his visit to South America which he is confident will produce a united front against war in the Western Hemisphere.

He will land Dec. 14 or 15 at Charleston, S. C., and go by train directly to Washington.

## 14,000,000 Visit Canada From The United States

MONTREAL, Que. — Canada and the United States don't need any "bon ententes" or peace conferences to provide mutual understanding and good will. The tourists are seeing to the development of the "good neighbor" policy quite satisfactorily.

This year, with the Christmas and winter sports season still to be counted on, Canada has played host to more than 14,000,000 Americans, a number that exceeds the entire population of the Dominion by about 3,000,000. These figures have been secured from the Canadian Immigration by C. K. Howard, manager of the tourist and convention bureau of the Canadian National railways, and they are accurate. They represent, of course, visitors who crossed the line into Canada by all means of transportation, including Shank's Mare.

The importance of this tourist traffic is emphasized by the estimate that these visitors spent approximately \$275,000,000 for transportation, purchases and accommodation.

The balance of trade, however, is not entirely lopsided. Before the year is out, it is estimated that more than 3,000,000 Canadians will have paid a return call to the United States and figured on a per capita basis, this represents a pretty fair piece of reciprocity in neighborliness.

More than 100 American organizations held conventions in Canada this year and already the indications are that this number will be exceeded in 1937.

## I. B. Address In Eastland is Slated Tuesday Afternoon

Dr. John Potts of Fort Worth, tuberculosis specialist, will speak to the public on the subject of tuberculosis Tuesday afternoon at 4 o'clock in the Eastland high school auditorium.

The speaker was secured for the engagement by Mrs. J. R. McLaughlin of Eastland, president of the Eastland County Tuberculosis Society, and Mrs. E. Roy Townsend, also of Eastland, chairman of the public health division of the sixth district of the Texas Federation of Women's clubs.

The lecture will be free. The speaker is also known as the author of "Know Thyself."

## Arson, Robbery Charge Is Filed

The burning and robbery of a home at Olden this summer was blamed Friday on Joe Ferguson of that town in a complaint filed by Sheriff Virge Foster with Justice of the Peace Milton Newman at Eastland. The charge specifically alleged "arson and robbery."

Sheriff Foster stated filing of the charge against Ferguson culminated two months of investigation. The house which was destroyed by fire was occupied by Nettie Ferguson and was located north of the Olden railroad tracks, officers stated.

Rugs, a sewing machine and other household equipment were allegedly removed from the home.

Foster said Ferguson was at Meridian or Huntsville and he would not go for him, pending the result of a possible investigation by a grand jury which will be formed Monday in 91st district court.

## MISHAP SENDS COURT CLERK TO HOSPITAL

Dan Childress, clerk of the Eleventh Court of Civil Appeals at Eastland, was injured Friday morning when the light "pick-up" in which he was riding was struck by another automobile.

Relatives were more concerned from the shock to the clerk than they were of his injuries, which consisted of bruises, scratches and a cut on the left arm that necessitated a stitch.

Childress was riding to work with his son, Dan Childress, Jr., supervisor of the county National Youth Administration soil conservation project, when the accident occurred. Young Childress also suffered cuts, but was released soon from the hospital.

Reports stated the Childress automobile was struck by a coach driven by Henry Watkins, school boy who was transporting several other students to school. The accident occurred at the intersection of South Dixie and West Plummer street. Watkins' automobile was going west and the other party north.

The court clerk fell from the automobile after it was overturned.

## Services Are Held For Caddo Woman

Funeral services were conducted Friday morning at the Killingsworth, Cox funeral chapel in Ranger for Mrs. Theresa Elizabeth Robinson, 51, who died at a Ranger hospital after a long illness.

After the services in Ranger, which were conducted by Rev. McCord and Rev. K. C. Edmunds, the body was shipped to Warren, Ind., where services and interment will be conducted.

The decedent, a resident of Caddo, was born at Warren, Ind., Dec. 30, 1885 and had been a resident of Texas for the past 10 years. She is survived by her husband, M. A. Robinson of Caddo, and one daughter, Mrs. C. D. Minnick. She had been a member of the First Christian church for a number of years.

## Carnival Parade To Be On Saturday

All members of the high school band will appear in parade at two o'clock Saturday, to call attention to the carnival that is to be held on Saturday night.

Listen to the mighty blast of trumpets and bugles as they officially announce to the town that the carnival is in town.

The band will parade the main street, and return to one business corner to play several numbers. Arrangements have been made with police and fire departments to help in the parade and regulate traffic.

The educational, missionary and evangelistic activities of the Presbyterian church will be given in the address and illustrated with movies. Not only the members and adherents of the church are urged to attend, but the general public as well. The service should be inspiring and inspirational to all Christians. The machine used is the smaller size, or 16 millimeter projector.

The morning service at this church will observe the universal Bible Sunday, in connection with societies throughout the nation, seeking to honor the Book of God. The pastor's sermon will attempt to exalt the Book of Books and its teachings.

## Steady Increase In Farm Purchases Reported in Survey

WASHINGTON, D. C.—The steady increase in the purchase of farms during the last eighteen months may be expected to continue during the balance of this year and all of 1937, W. I. Myers, Governor of the Farm Credit Administration, stated here today. He based his prediction, he said, upon four facts: (1) that the land banks sold nearly 60 per cent more farms in the past nine months of 1936 than in the corresponding period of 1935; (2) that they have been doing an increasing amount of financing of farm purchases; (3) that long-term loans at very reasonable rates will be available; and (4) that there will be a continued general improvement in the position of agriculture.

Responsible for part of the increase in farm purchase financing, the Governor explained, is the fact that second mortgage loans by the Land Bank Commission are now being made in addition to the Federal land bank first mortgage loan to assist in farm purchasing, thus making it possible for a person with character and farming experience in finance up to 75 per cent of the appraised normal value of the farm.

The purposes for which farmers are placing mortgages on their farms are changing rather rapidly, Myers stated, hile approximately 90 per cent of the proceeds of the Federal land bank and Commission loans in 1935 and 1934 were used to refinance debts, in 1935 the percentage so used dropped to 82 per cent and during the first seven months of this year to about 79 per cent. This means that a larger proportion of the loans are being used to purchase farms. In the 12 months ending October 1 this year, the Federal land bank and Commission extended credit in the approximate amount of \$50,000,000 to finance the purchase of nearly 20,000 farms, including acquired farms sold by the land banks on mortgage or contract terms.

This year the percentage of land proceeds used to purchase farms is higher than at any time during the life of the land bank system with the exception of the period from 1917-1920 and the year 1929.

## Security Blanks Due Saturday

## Dodging Saves Two From Angry Buck

LIGONIER, Pa. — Joseph Hall and Hugh Kelly, road workers, know how a bullfighter feels during working hours.

They played a game of tag with an enraged buck around a stump near the Forbes Game Refuge and came out unscathed. With only the stump for protection against the onrushes of the infuriated animal, the men kept one jump ahead of the deer, dodging behind the stump at each charge.

Finally, the tiring animal gave it up as a bad job.

Voters' Duty: Forget Wild Campaign Talk

The last week has given the country's editorial writers a fine opportunity to describe the tremendous responsibility that the one-sided election put on the shoulders of President Roosevelt. They are entirely right, as far as that goes, but there is another side to it that hasn't been given so much attention.

The election also put a responsibility on the rest of us, as ordinary American citizens.

Mr. Roosevelt has to live up to an extraordinary triumph. The rest of us have to live up to the extraordinary emphasis with which the nation registered its will.

That is to say that some of the tall tales and shuddery prognostications of the campaign might very well be retired at once to the limbo of forgotten things. They were used overtime and the people just naturally didn't believe them. The citizens voiced their disbelief so loudly that we might as well take their word for it.

You remember, perhaps, some of the more feverish campaigners who announced that the "American way of life" was in dire peril? Some of them even insisted that the republic itself was in danger. Others swore that a second term for this particular president would lead ultimately to a third term and a dictatorship.

The responsibility which the election puts on us as citizens is that of shrugging off and forgetting this wild talk.

All that has happened has been that the American people have registered their determination that, under the framework of their traditional system, there shall be erected a social edifice which will provide due protection against poverty, injustice, and want. This threat to the American way of life ends right there. Isn't it up to us to recognize the fact?

We have had landslides before. Making allowance for the fact that no Democratic candidate can lose all the Solid South, Coolidge and Hoover were elected by majorities as decisive as the one Roosevelt just got.

It is idle to talk as if we had suddenly turned to a one-party political system. A party which can poll 16,000,000 votes, as did the Republican party, is neither dead nor dying.

There is no need to assume that we must at once become unanimous in support of the administration's program. To argue that way would be silly.

We can discharge our responsibility by discarding the synthetic terrors of the campaign and by realizing that it was neither a hurricane nor a revolution which struck us on Nov. 3, but just another presidential election.

A Cleveland coach says he can tell football practice season is over when he can begin to distinguish between players and tackling dummies.

A western opera singer suddenly stopped trilling, and cried, "I've swallowed a fly." We prefer catching them with our hand.

NYA Program for Equipping Youths Outlined at Meet

SAN ANTONIO—The program of the National Youth Administration in Texas for equipping youths to enter private employment prepared to do a full day's work for a day's pay was outlined here Thursday to the American Vocational Association by Llewellyn B. Griffith, state supervisor of the NYA program.

Griffith summarized the extent of construction and service work done by NYA youths since last January on soil conservation, road-side parks, in sewing rooms, canning plants, and public school cafeterias, and on playground improvement. Then he explained:

"The average youth worker was 19 years old with no job experience and about a seventh grade education. When he arrived on the job he was unprepared as a worker."

"He would begin to produce effectively as his morale improved, and after a training period all were expected to produce the results attained in normal private industry," Griffith said. "The employers' viewpoint was taught to them along with the other training necessary to equip them for private employment. The usefulness of each unit of work was explained. The foreman showed the youth the proper use of equipment and tools. Material and labor scheduling was illustrated."

### Santa Claus is Coming Back to Town!

Santa Claus, had so much fun when he visited J. C. Penney's on the opening night of Toyland, he has made plans to return to Ranger for a visit at Toyland Saturday afternoon and Saturday night, just to greet the little girls and boys, and assist them in their wants for Christmas.

Heaps of toys have already been put aside for Santa to pick up later, and if you haven't already made your selection then you had better visit J. C. Penney's tomorrow, in order that the old gent won't forget anything when he visits your house.

### Boys and Girls Do You Want a Mickey Mouse Mask?

I think to have one of those Mickey mouse masks would be lots of fun don't you? Well—here is

the way you can get one free. Visit Ward's toyland Saturday accompanied by either your mother or father and you will be given one, too, over, its better to plan an early visit since there is only a limited number and the first ones to visit the toy department will be the lucky ones.

Mr. H. C. Clark, manager of Ward's has announced the visit to cover the morning hours, so make a date now with mother or dad and be among the first to own a Mickey Mouse fun mask.

### In Dallas Today:

Mrs. and Mrs. Jack Urban, are visiting in Dallas today, where the time is shared in both socially and on business.

### Business Visitor:

S. M. Sube, a brother of Mrs. John Hassen, whose home is in Sweetwater, spent today in Ranger, transacting business and visiting Mrs. Hassen and children.

### Delightful Luncheon:

Members of the Althean class of Central Baptist church met yesterday in a delightful covered dish luncheon held at the home of Mrs. H. Bearden.

The afternoon hours were spent in needle work enjoyed by those present: Mmes. W. B. Patterson, Roy Baker, Annie Bankston, Nina Ward, R. D. Gregory, R. J. Taylor, G. C. McGowan, J. M. Robinson, P. C. Long, Della Moore, and hostess, Mrs. Bearden.

### Mrs. L. L. Bruce Presents Ruth Class in Program

Thursday evening Mrs. L. L. Bruce, teacher of the Ruth class of Central Baptist church, presented her class group in a program which contributed one of the series of programs observed in the week of prayer for Lottie Moon circle.

Topic interestingly discussed, "Our Unfinished Task," was made impressive with the repeating of the Lord's prayer in unison, and followed with hymn, "Must Jesus Bear the Cross Alone." Mrs. W. B. Enfinger read the well chosen

### NEW YORK

Little St. Anselm College holding powerful Holy Cross to a scoreless tie was one of the more heroic football feats of the season. The result gave Cleo O'Donnell, coach of the Manchester, N. H. school, much satisfaction. O'Donnell drilled the Crusaders for 15 years, and there has been much bitterness on his part since his dismissal.

St. Anselm finished the campaign unbeaten and with its goal line uncrossed. It repulsed Springfield, Ithaca, Providence, New Hampshire, Northeastern, and Arnold before showing the cockeyed world that it could hold its own in the majors.

St. Anselm lived up to its reputation as a second half club and took the ball as far as the Holy Cross 14 in the final period in an attack featured by the passing of left-handed Joe Kelley. It nearly won with a place-kick on the last play.

The St. Anselm boys had no training table, but did quite all right on a "frankfurk and bean diet."

### DOWN

south they say that the only way Louisiana State can lose a game is for the Tigers to toss it off themselves. What they mean is that the Baton Rouge array is so good that no other Dixie club could match it in speed, power, and precision.

New Orleans and other critics are convinced that Louisiana State could beat Alabama as it has all other Southeastern Conference foes. They contend that the Tigers have a much better line than the Crimson Tide and more and better backs. After seeing the two outfits a week apart—Alabama against Tulane and L. S. U. against Auburn—they can see no hope for the Tuscaloosans if they were matched with the Tigers. This despite the fact that Alabama played its finest game of the campaign against Tulane.

Naturally, the New Orleans observers would like to see Louisiana State in the Rose Bowl on New Year's Day, for they consider it one of the nation's greatest teams, and one of the finest, if not the best ever developed in southern football history.

### SOPHOMORE

backs often play up to their freshman form and stand out against varsity opposition, but sophomore linemen, no matter how large, can be outmanned by older and eager rivals.

"A boy must go through the mill of at least one varsity campaign to pick up all the subtle little moves and latent tricks that are a part of big league line play," explains Miller Pontius, who may be recalled as a slashing Michigan tackle of nearly a quarter of a century ago. "During my days at Ann Arbor we did not play sophomores in the line if we could help it. I notice that Army shuns yearling linemen and makes them serve a season's apprenticeship as substitutes. Personally I usually could out-manuever a huge sophomore even if he outweighed me by 50 pounds. There are all sorts of dodges and stunts that hoodwink a recruit tackle or guard."

Young forwards were the biggest handicap at Cornell this season. The Big Red improved progressively, but husky adolescents in the line were jockeyed out of position in the tighter spots. It should be an altogether different story in 1937.

devotional, and piano and violin duet was beautifully played by Miss Evelyn Long and Mrs. Weldon W. Webb.

Mrs. George Rogers talked on "Expectant South America," followed with prayer said by Mrs. H. S. Packwood. Mrs. C. C. Cash gave the closing prayer, which brought dismissal to twenty-eight members.

Mrs. E. S. Brink and her Junior G. A.'s and Sunbeams will give the concluding program tonight at the usual time.

### Life Membership Given at District Training School Held at Eastland

The Central Texas conference of Women's Missionary societies of Cisco district convened in an all day session Wednesday at Eastland Methodist church with a total of 72 attending.

Mrs. T. J. Haley of Eastland was pianist for the day. The devotional was brought by Mrs. G. A. Brown of Rising Star, and was closed with prayer.

The school of instruction for duties of officers, opened with that of Mrs. John Joyce, Rising Star, on duties of the president.

In names submitted from each auxiliary for junior life membership, those chosen were Miss Gwendolyn Tunnell, only daughter of Mr. and Mrs. B. A. Tunnell of Ragget, and Miss Lajune Smith of Rising Star.

The morning session was closed with prayer by Mrs. Sneed.

At noon, an assembled luncheon was served about a T-shaped table in the assembly room. Mrs. F. L. Drago, president of the Women's Missionary society of Eastland Methodist church, presided, and invocation was offered by Rev. P. W. Walker of Eastland.

The afternoon session convened with hymn service led by Mrs. L. N. Griffin of Ranger.

Discussions opened with the subject, "Children's Cooperative Work," by Mrs. A. C. Bradley of Cisco. The subject, "Cultivating parents of children under six

### Hobo College Is Planned In Iowa

DAVENPORT, Ia.—"Hobo Mirth Harry's college" will be founded at Colfax, Ia., as soon as the dethroned king of United States Hoboes, Amalgamated and Incorporated, gets a little rest owing government relief at Bellevue. "Hairbreath" Harry announced that he already has a promised \$500,000 of more than 500 students. He revealed that the will be for one class in "How to do academic with lost motion" and will conduct a nudist school.

Originally from Bellevue, the now 56-year-old "floater," realized his talent could not be confined to that restricted area so he took to the open road.

His associates recognized his superior achievements and acknowledged him as their king for the past years. Then he was dethroned.

### "ALL-BRAN KEEPS ME IN SHAPE EVERY DAY"

"When I had eaten a heavy breakfast, I would feel lousy. After a couple of days of this, I would have to take a laxative.

"One morning I had a dish of ALL-BRAN. Believe me, it beats any laxative, as it keeps me in shape every day."—Wm. C. Billings, 1330 19th St., Denver, Colorado.

Why put up with half-sick days, when a delicious cereal will make you feel so good? Because ALL-BRAN has "bulk" which absorbs moisture within the body. Then gently sponges out your system, wipes away the lowness, the "blues," the headaches.

Scientific tests prove this natural food is both safe and effective—worlds better than taking patent medicines. ALL-BRAN is guaranteed. Take it a week. If not satisfactory, your money will be refunded by the Kellogg Company.

Serve as a cereal or use in cooking. ALL-BRAN also supplies vitamin B and iron. At all grocers. Made by Kellogg in Battle Creek.

**Course In Physics Proving Popular**

By United Press  
EL PASO—Belief that courses in physics are too difficult for the average modern college student was being dissipated at the College of Mines this year.

Dr. E. J. Knapp, head of the department of physics at the college, believes that collegians are turning to the fields of science in ever-increasing numbers.

Enrollment in beginners' courses in physics were nearly two and one-half times greater than in the same courses last year, Dr. Knapp reported. Of the total enrollment 13 per cent of the students are beginners.

"We plan to form a section in the course for those students who are taking it by choice," stated Dr. Knapp. "This will enable us to suit the course of study to the needs and demands of the different classes of students."

John Ford directed the picture, produced by Pandro S. Berman. "Mary of Scotland" has its first local showing today at the Arcadia theatre.

**Poppy Sale Will Be Conducted Here Saturday Morning**

The ladies of the auxiliary of Carl Barnes Post No. 69 will conduct their annual poppy sale on Saturday, with a number of the members of the auxiliary taking part in the sale.

For a number of years the auxiliary members have sold poppies each year, the proceeds from the sale going to disabled veterans in hospitals who make the poppies.

The public has responded readily in the poppy sale in recent years and the same whole-hearted cooperation was today urged by officers of the organization, in order that veterans, wounded in the World War, and who are confined to their beds and wheel chairs may have a more pleasant Christmas.

The sale will be conducted throughout the business district of the town.

**Fishermen Pick Up Mail In Tin Cans**

By United Press  
MIAMI, Fla.—Fishermen and life guards here have qualified as volunteer mail carriers for an unofficial Atlantic Ocean postoffice.

Following a long established custom cans containing letters and postal cards frequently are tossed overboard from European ships which pass within two miles offshore en route to the Gulf of Mexico and points south.

The cans are either picked up by fishermen who chance by or drift in to shore where they are found by life guards and the mail is posted.

One can, recently found with 22 letters and a batch of postal cards bore a white flag on a small pole with the word, "mail" printed in black letters. Because of the general east wind, these cans usually drift to shore within a few days.

**Methodist Church**  
If the recent reports coming from the Board of Stewards should be considered a test, the interest and activities of the Methodist church seem to be decidedly on the increase. According to the financial secretary, V. V. Cooper, Jr., a splendid start was made toward the completion when the reports of the stewards were turned in last Wednesday evening.

In view of the fact that Bro. Bowman is ill and unable to fill the pulpit, two splendid substitutes have volunteered to preach in his stead Sunday morning and evening.

Rev. A. W. Franklin of the Gorman Methodist church will be with us at the eleven o'clock hour, and it is urged that our people give him a good hearing. Brother Franklin has had a very successful ministry and is now serving his third year on the Gorman charge and comes highly recommended.

We feel that we are particularly fortunate in having Brother H. B. Johnson and his congregation to worship with us at the 7:15 hour. Brother Johnson needs no introduction to the people of Ranger and if therefore goes without saying that he will bring us a splendid message.

Sunday School will be held at the usual hour, 9:45 A. M. Bro. S. P. Boon, our Superintendent is doing a splendid work and the results being achieved by the teachers under his charge is bearing fruit both in increased attendance and interest.

Special music will precede both our morning and evening worship services.
