## 'We MUST Win' -- Tower

about

by b. m. n.

I have always been fairly cocky, and at least tried to appear to be a cool collected individual at all times, regardless of circumstances.

That little farce came to an end Saturday night, and very abruptly, when it dawned on me that Bill Bennett had me in mind when he was leading up to the awarding of the Citizen of the Year plaque.

Although I, and undoubtedly others, was very skeptical about the merits of Bennett's accolade, I found it impossible to maintain my usual composure, and as a consequence, employed the only defense at my disposal — a very uncomfortable and uncustomary silence. I did manage to get out a "Thank You," and a more sincere thank you was never spoken.

Anything that our family may have contributed to the development or advancement of Dimmitt and Castro County has been repaid many fold. What I am trying to say is that Dimmitt has been much better to us than we have been to Dimmitt. Dimmitt has proven to be the kind of community that Viola and I had dreamed of as an ideal place to raise our family. In the pursuit of making a living and giving our kids the advantages we coveted for them, we were able at the same time to contribute to the development of our community, we are proud.

We have no illusions that there are not many others who merit the award of Citizen of the Year more than we did, or do, but I am just selfish enough not to ask for a recount.

I had had hopes of letting up a bit in the routine that the operation of a newspaper requires of its publisher, but since being honored by my neighbors Saturday night I am not only obligated, but covet the opportunity, of being of service to my community in any way that could possibly contribute to its development.

Sen. Tower

### Press Quizzes, Tower Answers

In a press conference before his speech at the Castro County Chamber of Commerce banquet Saturday night, Sen. John Tower fielded a hopper of questions that ranged from his views on Medicare to his chances for the GOP Vice-Presidential nomination.

Here are his answers to the main questions of seven area newsmen:

How would you define our present goals in South Vietnam?

"To guarantee the independence of South Vietnam and not abandon Southeast Asia to conquest. To secure South Vietnam militarily."

How are we doing in South Vietnam now?

"We are winning — there's no question. The only question is how long it will take. We have turned the corner. And in addition to the military fighting, we have our civic action program going there, and a program aimed at stabilizing their currency."

After your third visit to Southeast Asia, do you see any progress?

"Yes. In Thailand, we're moving to head off another Vietnam, because Thailand is next on Communist China's schedule for a so-called war of liberation. It's heartening to see what happened in Indonesia. South Korea, I feel, is a shining example of our Southeast Asia policy."

You've been mentioned as a vice-presidential possibility. Are you running for the post?

"You don't run for the vice-presidency. I'll cross that bridge when I get to it."

You ran originally as a conservative. Now that you're in your second term, have you altered your political philosophy any?

"My political philosophy has not changed — it's still basically the same. You learn in the Senate that politics is the art of the

Sen. John Tower told an audience of 600 here Saturday night that "I believe my President is right" in his strategy in Vietnam, and that the US "must win there as a deterrent to future wars."

The outspoken Republican senator was interrupted by applause throughout his Chamber of Commerce banquet speech as he stated a strong case for American victory in Vietnam.

People from throughout the Panhandle joined Castro Countyans in Dimmitt High School gymnasium to hear the US Senate's leading conservative, who had spent most of the day with the President and Latin American dignitaries at the LBJ Ranch.

Before a maze of lavishly decorated banquet tables, the junior senator from Texas opened his speech by stating his position on agriculture.

NOTING THAT the population of the US will double to 350 million by the year 2000, Sen. Tower said, "At the current levels of agricultural production, we won't have the food and fiber to feed and clothe our population at that time."

He drew his first applause when he said, "I look for the time when the farm will again be free in the United States, when the farmer will receive a fair return in the free market for his efforts."

HITTING AT the "stultifying restrictions placed on our farms," he said, "Those who administer our farm programs go beyond congressional intent," and admitted, "We in Congress have not always acted in a responsible way to improve our farm problems."

He devoted most of his speech, though, to the war in Vietnam. Sen. Tower returned six weeks ago from his third tour of the war-torn country.

"We find ourselves pitted," he said, "against a great power that ruthlessly states its position: 'Power grows from the cannon's mouth.' We are fighting a power that desires war, and uses it in so-called wars of liberation as an instrument of national policy."

HE SAID President Johnson "has been very conciliatory and reasonable in tone" in his peace

### Junior Rodeo Entries Due

The annual Dimmitt Junior Rodeo for youths 19 and under will begin a three-night stand next Thursday at the Dimmitt Rodeo Grounds.

YOUNG RIDERS and ropers will compete in six events — bareback bronc riding, bull riding, ribbon roping, tie-down calf roping, barrel racing and junior bull riding (for those under 12).

Buckles will be awarded to the winner of each event.

ENTRIES will close at 4 p.m. next Thursday at the rodeo headquarters, Dimmitt Gin Co. The entry fee is \$5 for each event except junior bull riding, which requires no fee. Each entry must be accompanied by an entry fee.

Performances will be at 8 p.m. each night. Red Whitley of Crosbyton will furnish the stock.

Two dances in the Catholic Community Building are planned in conjunction with the rodeo.

V-I-C-T-O-R-Y is how you spell it, and it's a happy feeling for Sharon Brooks, County Spelling Bee champ, and Alan Shive, junior division winner. Here, the two Hart students proudly show their blue ribbons to their spelling teacher, Mrs. Max Stevens, who has coached five county champions in three years.

### Hart Lass Wins Castro Spelldown

"Kernel" and "lavendar" were the lucky words for Sharon Brooks of Hart Friday.

BY SPELLING these two words correctly, she won the County Spelling Bee championship after a long spelldown against five of the best young letter-delivers from Dimmitt, Hart and Nazareth.

The six-student contest of school co-champs (all girls) came down to a spell-off between the 13-year-old Sharon and Philomena Anderle of Nazareth.

THE TWO GIRLS went through the official word book's entire list of g's, h's and i's before Philomena finally tripped on the word, "kernel."

Sharon spelled the word correctly, then spelled "lavendar" to win the championship and the right to compete in the District Spelling Bee in Amarillo next month.

Sharon, a tall, brunette eighth grader, kept her eyes glued to the floor in front of her as she spelled. Most of her competitors studied the face of the pronouncer, Mrs. Marie Smith of the WTSU Speech Dept., as though searching for a raised eyebrow that might indicate an error as they spelled.

The six girls in the senior division went through 78 words before one of them missed.

OTHER finishers were Sharon Welch of Dimmitt, third; Susan Hochstein of Nazareth, fourth; Joy Strother of Dimmitt, fifth; and Sharon Dudley of Hart, sixth.

The county spelling champion is the daughter of Mr. and Mrs. Paul Brooks of Route 3, Hart, and is

the second girl in her family to get into the finals of the county spelling bee. Her sister, Naomi, was runner-up in 1961.

ALTHOUGH the senior bee was an all-girl event, the junior championship went to a boy. He is Alan Shive, also of Hart, a 12-year-old sixth grader who is the

### DHS Junior Wins Washington Trip

David Harris, 16-year-old Dimmitt High School junior, qualified Saturday night for an all-expense-paid trip to Washington, D.C., as winner of an oratorical contest sponsored by the Deaf Smith County Electric Cooperative.

Harris, son of Dr. and Mrs. J. A. Harris, 505 NW Eighth St., spoke on "My Future in Rural Texas."

Also qualifying for the Washington trip in the speech contest was Levenie Benefield, a Hereford High School junior. Among the finalists were Betsy Simpson of Jumbo and Sharon Hochstein and Dean Wilhe'm of Nazareth.

Leo Forrest, manager of the cooperative, said Harris and Miss Benefield will be among 100 young people from Texas to take the Texas Electric Cooperative Association's third annual "Government in Action Youth Tour" to the nation's capital June 8-20.

## B. M. Nelson Chosen 'Citizen of the Year'

B. M. Nelson is Castro County's "Citizen of the Year."

The Dimmitt newspaper publisher was announced as the 1967 winner during the annual banquet of the Castro County Chamber of Commerce Saturday night.

IN MAKING the announcement and plaque presentation, Dr. Bill Bennett, chamber president, cited Nelson's "20-odd years" of civic contributions to Dimmitt and Castro County.

Nelson, 61, who has been editor and publisher of the Castro County News 24 years, was given a standing ovation after Bennett's 10-minute presentation speech. With his eyes brimming, he made one of the shortest acceptance speeches on record:

"Thank you, Bill. I thank all of you."

THE CITIZEN of the Year was chosen by a secret committee which reported that Nelson received "half a dozen or more" nominations for the coveted award.

Nelson is president of Dimmitt Produce Co., secretary-treasurer of the Castro Vegetable Producers Association, past president of the Lions Club, Dimmitt PTA and Castro County Chamber of Commerce, former chamber manager, former steward of the First Methodist Church, and for six years was county Democratic chairman and state Democratic convention delegate.

Bennett noted Nelson's part in the establishment of Castro County's first public hospital; his role in launching the county's large vegetable industry; his work as chamber of commerce manager for four years in the 1950s; his editorial prodding and support for community improvements; his 24-year record of "telling the world" through his newspaper about the advantages of Dimmitt and Castro County; and his newspaper's "trade at home" policy, which he practices and preaches.

NELSON WAS 37 when he came to Dimmitt in 1943 to buy the Castro County News from T. A. Singer and Pete Whitlow. Dimmitt was a dirt-street town of 900 at that time, and the Tulsa highway was the only paved road out. Dimmitt, like all small towns was merely surviving for the duration of World War II.

"But after the war, Dimmitt became one of the most progressive towns in the Panhandle — and Nelson was at the forefront of the movement," Bennett told the banquet audience of 600.

In 1946 Nelson helped form the Castro Co-op Hospital and was on its first board, along with E. L. Carpenter, T. E. Harrison, Eddie Drerup, Tom Bice, Walter Hodges, Sam Hunter, Otto Dinwiddie and Bill Simon.

AFTER ITS completion (it was originally built of o'd Army buildings from a nearby prisoner of war camp), Castro Co-op Hospital was sold to the county and the Plains Memorial Hospital district was formed. It was Nelson who gave Plains Memorial Hospital its name.

Also in 1946, Nelson helped organize the Castro County Chamber of Commerce, and in the early 1950s he served as its president. Then he became manager of the chamber in 1956, serving full time two years and part time two years, after his two sons returned from college and military service.

AS CHAMBER manager, he made the first major move to put Castro County into the vegetable industry in a big way. He sent

## Voters Favor All Incumbents

In seven city, school and hospital elections Saturday and Monday, voters favored the "same old faces" by returning all incumbents to their offices in light turnouts.

ALL WERE shoo-in elections except two — the Plains Memorial Hospital board election and the Hart School Board race.

In the county-wide hospital board balloting, Dr. Bill D. Murphy and James Cannon of Dimmitt were unable to unseat any of the three incumbents.

Leading the race was Ed Bennett of Hart with 375 votes. Also returned to the hospital's governing board were Vaden L. Kirby of Dimmitt with 321 and Aubrey Epperson of Easter with 302. Dr. Murphy polled 135 votes and Cannon received 125.

HERE ARE the breakdowns on the hospital board race by boxes: Dimmitt — Epperson 164, Kirby 161, Bennett 140, Murphy 52, Cannon 41.

Hart — Bennett 183, Kirby 116, Epperson 100, Cannon 65, Murphy 58.

Nazareth — Bennett 52, Kirby 44, Epperson 38, Murphy 25, Cannon 20.

IN THE HART school board race, voters returned Ralph Futrell to office and chose Dean Sanders and Robert Hawkins to fill two vacated posts in a five-man race.

The vote was Sanders 141, Futrell 121, Hawkins 99, Dwight Miller 88 and Bob Lacy 83. Deryl Clevenger and Lorenza Lee, board members who did not seek

re-election, received a smattering of write-in votes.

HERE ARE the results of other races, in which all incumbent candidates were unchallenged:

DIMMITT MAYOR'S RACE  
Mayor George Bradford 69; Claude Forson, 10 write-in votes for mayor. Corporation Judge John Broadstreet 76.

HART CITY COUNCIL  
Mayor E. E. Foster 26, Councilman John Holloway 27, Councilman Buster Aven 27.

DIMMITT SCHOOL BOARD  
Frank Wise 161, G. L. Willis Jr. 152. Seventeen write-in votes for 11 other persons.

NAZARETH SCHOOL BOARD  
John Schacher 58, Charles Heck Jr. 56.

COUNTY SCHOOL BOARD  
Precinct 3 Incumbent Morgan Dennis 52, Precinct 4 Incumbent Ed Drerup 56, At-Large Incumbent Morgan Dennis 402.

### Swindle Gets Probated Term

Claude Swindle was sentenced to two years' probation Monday by District Judge James Joy after he pleaded guilty to a hog-stealing charge.

SWINDLE, who lives in south Castro County, was charged with helping steal 28 disease-free hogs last September from a controlled-environment barn on the farm of Fred Bruegel Jr., west of Dimmitt.

FOR THEIR WORK as "straw bosses" of Castro County's Diamond Jubilee Celebration, Maurice Campbell and Mrs. Elizabeth Huckabay received these beautiful plaques from the Castro County Activities committee at a barbecue dinner and meeting Friday night. The large plaques read, "A testimonial of a grateful organization... In honor and with deep appreciation of the distinguished and unselfish service given to the Castro County Activities Committee while serving with outstanding leadership, vision and ability." Guy Waldrop and Wesley Smith were named at the meeting as co-chairmen of the committee this year.

**UNICYCLES** are the latest fad at Hart, where a small club of one-wheelers has sprung up. From left are Gayle Reed, daughter of Mr. and Mrs. Glen Reed; Scott Rice, son of Mr. and Mrs. L. J. Rice; and Susan Hawkins, daughter of Mr. and Mrs. W. A. Hawkins Jr. All are 12 and in the sixth grade. They got the unicycles for Christmas, and have since learned the difficult art of staying on the topside of them while peddling.

## Dimmitt Pastor To Aid Crusade

Rev. H. Weldon McCormick, pastor of Dimmitt's First Methodist Church, will leave today (Thursday) for a week-long "Concern for Persons" crusade in the Pacific Northwest.

**THE CRUSADE** will include a convocation on evangelism in Seattle Friday. From there, Rev. McCormick will be assigned to the United Church in Kellogg, Idaho, church, where he will conduct worship services Sunday and work with small groups in evangelism until Wednesday.

Rev. McCormick is one of 300 Methodist ministers invited by the General Board of Evangelism to take part in the Northwest crusade. His expenses to and from the mission are being paid by the local church.

**IN HIS** absence Sunday, the Gideons, an international group of Christian businessmen, will be in charge of the 10:45 a.m. worship service. Rev. McCormick's wife, Mary, will speak at Sunday's 6:30 evening service.

## Castor Bean Clinic Slated

With the ever-increasing interest in castor production and with the demand for castor seed at an all-time high, careful consideration should be given to profitable means of producing this oil seed product, says Charles Hottel, county agricultural agent.

**A SERIES** of five meetings will be held throughout the state's castor producing area to provide producers with up-to-date information on production guidelines as well as the economic importance of the crop.

The meeting in Castro County will be held April 14 at 8 p.m. in the district courtroom of the courthouse at Dimmitt. Other similar meetings will be held Monday at Seminole, Tuesday at Springlake, Wednesday at Tulla and Thursday at Plainview.

**FEATURED** speaker at each of the sessions will be Dr. Raymond Brigham, research agronomist at the South Plains Research and Extension Center, Lubbock. Brigham, one of the foremost authorities on castor production, will discuss production of the crop on the South Plains, Hottel said.

## Airman Meyers Takes Part In Record-Setting Airdrop

A US Air Force air freight specialist from Dimmitt is a member of an airlift wing cited for setting an unofficial world's record for low-altitude airdrops by C-141 Lockheed Starlifter aircraft.

**AIRMAN** Third Class Steven L. Meyers, whose parents are Mr. and Mrs. Cliff Cook of 510 W. Bedford, Dimmitt, supported the 437th Military Airlift Wing at Charleston AFB, S.C., in its recent test airdrop of 34 tons of cargo.

The payload, a string of 28 cables, was paraded from 500 feet at 160 miles per hour. The

cargo hit a 120-foot square bullseye on the Starlifter's initial flight over the target zone.

Wing members conducted the test — part of a demonstration for a Military Airlift Command (MAC) headquarters inspection team — to prove the potential of the huge new C-141.

**MEYER**'s wing was the first unit on the East Coast to fly the C-141 on operational missions. Airman Meyers is a 1965 graduate of Dimmitt High School. He has studied at Sul Ross State College and WTSU at Canyon.

# "For Me to Live is Christ"

"And the Lord shall guide thee continually, and satisfy thy soul in draught, and make fat thy bones; and thou shalt be like a watered garden, and like a spring of water, whose waters fail not."

Isaiah 58:11.

"For me to live is Christ," is to be living for a purpose—to serve God by drawing out my soul to the poor, lonely, hungry, and lost. "For me to live is Christ," is to lead men everywhere to Jesus Christ who is the fountain of the water of life. And He has promised that when I am in His service He will guide me, and satisfy me, and I shall be like the flowers in this picture, like a watered garden, sustained by Him.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

### Smith Appointed To New FHA Post

L. J. Cappleman, state director of Farmers Home Administration in Texas, has announced the appointment of Lawrence D. Smith as Rural Development Officer.

THE POSITION is a new one created as a high level staff post in the FHA to implement newly authorized programs.

Smith will give consulting and coordinate leadership in the administration of the "Outreach" functions of development in rural areas, designed to assure that residents in rural communities are aware of, and receive, benefits of federal, state, and local program services.

Smith, the brother-in-law of Weldon Skinner of Dimmitt, was scheduled to be here for the recent signing of the FHA loan agreement for Castro County's migrant housing project, but a home accident kept him from being here.

IN HIS NEW assignment, Smith will be responsible for working closely with federal, state and local governmental agencies in making benefits available to communities and individuals in rural areas of the state through the "Outreach" programs.

Smith graduated from Texas A&M University in 1935, and holds an MS Degree from the University of Tennessee. He has been Assistant State Director for the Farmers Home Administration in Texas since June 30, 1957.

### No-Grazing Period On Diverted Land Will Start May 1

Jim Elder, chairman of the Agricultural Stabilization and Conservation Castro County Committee, announced today that the "no grazing" period for diverted acres under the 1967 feed grain and cotton programs will start May 1. It will continue for the following six months until Nov. 1.

FARMERS WHO are diverting acreage under the programs have agreed not to graze the diverted acres during a specific six-month period of the growing season and not to cut hay from diverted acres at any time during the year.

Farmers participating in the Conservation Reserve and Cropland Adjustment Programs have agreed not to graze land diverted under these programs or harvest hay from such land any time during the life of the agreements.

Castro County farm signed up to participate in the 1967 commodity diversion programs for corn, grain sorghum and cotton number about 1,000.

IT WILL BE the farmer's responsibility to measure and report his wheat acreage for 1967 if he is participating in the wheat program. May 1 is the final date to certify final measured acreage of wheat. April 30 is the final date to dispose of any excess wheat. One-fourth of all wheat farms will be spot-checked to determine the acreage reported. Failure to file your report by May 1, for wheat will cause the farm to be ineligible for program payments, Elder said.

## Nation Must Back LBJ

By GARLAND JARVIS

Recently, a White House aide said: "There's only one target-master here. The President alone puts his finger on the map at every place where the bombers are going to strike. He gets up in the middle of the night to worry about the boys who didn't make it back to their ships and bases."

WHAT THE President dishes out, he should be willing and able to take, the credit as well as the blame, for his lonely decisions and his very public mistakes.

In target-mastering, he has tried to cut with a dull knife instead of a sharp one. In managing the war, he has falsely given the impression that he could make it selective, immaculate, and harmless to civilian enemies.

Many people in this country, now getting realistic reports of the bombing, are unhappy with the President for concealing some of the truth.

The President of the United States has lost much of his early popularity because of actions at home, and a "soft policy" in Vietnam. There have been some presidents and leaders in the past who have not enjoyed the support of their people, but this time it is different. This time there's no Churchill in sight, not even a Lincoln to lead us out of the mess.

Once the situation is faced, the solution declares itself. We have to stick with the President. The Ben Franklin ultimatum "hang together, or hang separately!" applies here as seldom before. For, although we can and must allow the military professionals to win in Vietnam, the main show is not in that part of the world.

THE RUSSIANS are deploying anti-missile systems, and we have to assume that this is because the

Russians are preparing for nuclear war — or nuclear showdown. The Red Chinese have fired about five atomic test shots, and Communist China, as well as Russia, is readying for nuclear war — or nuclear showdown. What other reason could there possibly be? They are certainly not doing this for defensive purposes! Russia knows that we would never deliberately start a war. Red China doesn't care.

Add to these assumptions the fact that NATO is no longer an "alliance," that the American homfront is a hot bed of broken morale, criticism, and at times downright disloyalty, that Red China has raised a cocked Communist fist, and you can see what the American alternative is: unite or perish.

To unite, means to rally behind the only President we've got. America has a lot to answer for. Each citizen has a lot to answer for. After all, forty-three million voters gave Mr. Johnson his sweeping majority. It's too late now to decide whether or not, we made a mistake.

I AM A loyal Republican. I have been for a long time, and I will continue to be for many years to come. That is, I will continue to be loyal as long as the party advocates what, in my imperfect vision is best for the nation. You see, I am American first, a Republican second! When my party stands in the way of my country, then you can bet your bottom dollar, that one will have to go. Naturally, my party will go. The same thing applies to our President. I may not agree with some of the things he does, but after all, he is the one in the White House, not I.

We're not helping matters any by knocking our President all the time. In fact, we are making matters worse. After all, there's nothing we can do now about the last election. So why don't we give our full support until election time rolls around?

If it's forgiveness for not always telling the truth let's forgive him. If it's a belated chance

to make good, let's let him have it. If it's faith in the best that's in him, which is considerable, let's bring it out. If it's our prayers for a man in trouble, then we should pray, for the President, as we'll as for ourselves. After all, how would you like to have the fate of about 200 million Americans in your hands? How about remembering this the next time you feel inclined to criticize him, or hear others do so!

## Sharon Rea Ward, Joe Bob Sanders Seniors of Week

Our Seniors this week are two very intelligent people with a great deal of ambition.

SHARON REA WARD is our Senior Girl of the Week. She was born March 2, 1949 to Mr. and Mrs. Clarence Ward.

This year, Sharon is enrolled in bookkeeping, homemaking IV, health ed., English IV, and typing I. She is a member of FHA.

When in the eighth grade, Sharon finished with grades top in her class. This is certainly an honor. This year, she is getting some valuable experience in the business world by working after school and on Saturdays at TG&Y.

Sharon says she has certainly learned the value of money, and the importance of always being pleasant and cooperative from this job.

Sharon like to cook and sew. Her ambition is a very interesting one. She wants to become a medical records technician and go back to her hometown, Paducah, to work. In the near future, however, Sharon plans to go to college and eventually get married.

OUR SENIOR BOY this week is Joe Bob Sanders. Joe Bob is the son of Mr. and Mrs. M. L. Simpson, Jr. He was born August 15, 1949.

This year, Joe Bob is taking bookkeeping, speech III, algebra II, English IV, and major sports. He is a very active student in DHS. He played football and basketball and he is a member of the D Club, Science Club, and FTA. He is treasurer of the senior class, and he was elected the boy Most Likely to Succeed, his junior year.

Joe Bob likes to water ski, to play golf, and to read sports stories. He is certainly ambitious, a'so. His goal is to become a millionaire. He will carry out the elementary stages of realizing his ambition this fall by going to West Texas State University, and majoring in accounting.

## 15-Member Evaluation Group Spends Three Days in Dimmitt

Fifteen people visited Dimmitt April 3 and 4, to evaluate the Dimmitt School system. The purpose was to check the school, study personal records, and the student's classroom work. The committee arrived Sunday night and stayed until the evaluation was completed Tuesday.

DR. MORRIS Wallace, of the education department at Texas Tech, was head of the committee which includes the following people:

Charles Caraway — Lubbock Public School, Lubbock, who evaluated Driver Education, Health Education and Boys' and Girls' Physical Education.

Mrs. Dorothy Golden — Head of the English Department, Seminole High School, Seminole. Mrs. Golden checked the English and Foreign Language Departments.

Mrs. Elizabeth Grady — Director of Elementary Instruction, Plainview Public School's, Plainview, visited the Art and Social Science Departments.

Mrs. Ina Dora Haile — Area Agency, Plainview, evaluated the Home Economics Program and Health Services.

DR. CHARLES Jones — Associate Professor of Education, Texas Tech, evaluated the Special Education Program and Guidance System.

T. R. Jones — Texas Education Agency, Austin, evaluated the Agriculture, Vocational Trades, and Industrial Education Departments.

Dr. Robert Leigh — Associate Professor of Education and Psychology, West Texas State University, Canyon, evaluated the Ele-

## Round the Campus

## Everyone's Busy-Busy

Like the little bunnies at Easter time, things have been hopping 'round the DHS campus.

THE HIGH SCHOOL Volleyball tournament is still going on. The boys' tournament ended Wednesday March 29 and Joe Bob Sanders' team was the winners. Members of his team were: Joe Bob, Mike Bailey, John Howell, Ray Bradley, Charles Summers and Beelee Goodwin.

The second place team for the boys was a sophomore team. Butch Strickland was this team captain.

The girls' tournament got underway Tuesday, March 28.

The district contest play "An Overpraised Season" by Richard Dunlap, was given in assembly, March 29. This was the last time the cast performed before the district contest at Hale Center on March 31.

FOUR OF OUR mighty Bobcats left for Waco March 31. They tried out to play basketball for the Waco Junior College. These boys were Ronnie Kenmore, Tommy Stafford, Kent Lindsey and John Howell.

Dimmitt was the host for the Boys District Tennis tournament in Thursday, March 30. The girls tournament was at Friona the same day.

Some of our DHS students served at the annual Dimmitt Chamber of Commerce Banquet. This banquet was April 1.

The Dimmitt Bobbies were victorious over the Nazareth volleyball team on March 28. Congratulations Bobbies!

THE PANHANDLE Area History contest will be in Amarillo on April 29. Contestants from

## DHS Girls Win Tennis Doubles

Tuesday, March 28, the Dimmitt Bobbies met Nazareth to play their final game of the season. The Bobbies played four games, two of which they won.

THURSDAY, March 30, the girls' Tennis teams, both varsity and freshman, met the Friona teams on our home courts.

The freshman doubles team, composed of Keri Kirkpatrick and Marsha Baldridge, won the first two games with a (6-2) score both times.

In the singles Ruth Dyer won two games with a (6-1) score each time.

ON THE varsity doubles team, Paralynd Renter and Pam Buchanan won two out of three games with a (6-1) and a (6-3) score.

Carolyn Dunn, who plays singles wasn't quite as lucky, as she lost her games with a (6-3) and a (6-2) score. Good luck in District, Tennis Teams.

## Girls Have Daily Activities To Observe National FHA Week

Just what is FHA? Future Homemakers of America is the national organization of girls and boys studying in high schools of the United States, Puerto Rico and the Virgin Islands.

AS AN INTEGRAL part of the homemaking program, FHA provides opportunities for students to have additional experiences in planning and carrying out activities related to homemaking.

The national organization is composed of chartered state associations, which are made up of local chapters.

Membership in FHA is voluntary. Any student enrolled in any high school, public or private, who is taking or has taken a homemaking course, may become a member.

The over-all goal of the organization is to help individuals improve personal, family and community living, now and in the future.

THE WEEK OF April 2-8 was designated as National FHA Week. The Dimmitt chapter observes the week by having an activity each day to carry out the objectives and projects of the organization.

On Sunday, the club attended the Assembly of God Church as a group.

On Monday, all members wore the colors of the organization — red and white. Girls who forgot were appropriately punished for their "boner" by wearing a bone pinned to the back of their dresses.

TIWIP Week, which is observed with National FHA Week, began on Monday. Coupon books were sold to the boys who "collected" a Coke or a piece of candy when the coupon was presented to a girl. Girls were required to purchase and wear licenses which permitted them to speak to boys. Before school started, Juanele Conard and Suzanne Merritt led over a hundred girls, all dressed in red and white, in singing the FHA songs.

ON TUESDAY, each girl asked her dad to be her date for a "Daddy Date Party." This party was held in the cafeteria, where a musical and comedy program was given carrying out the project "Good Family Relations Through Communications." The program was followed by games and refreshments.

Wednesday FHA girls taught second period classes so teachers could enjoy coffee, cake, and fel-

lowship in the dining room of the homemaking department.

Thursday, the project, "Your Neighbors Near and Far," was the theme for the "Around the World Dinner" which was given in honor of the eighth grade girls, who are potential FHA members.

Our foreign exchange student, Martha Nitsa, told about the customs of young people in her homeland of Greece.

"Citizenship Challenges You" will be presented to the high school Friday in an assembly program during activity period.

Saturday, the FHA will have a bake sale in the grocery stores downtown. The specialty will be German chocolate cakes, also available will be all other kinds of cakes; and fruit, cream, and pecan pies. For advance orders, call Mrs. Snider at 647-3502 after 4 p.m. The money will be used to finance the delegates' trip to the state FHA meeting in Dallas in April.

American and World History will represent DHS in this contest. Representing American History for DHS are Robbie Sheffy, Vikki Ote, Tommie Hutcheson and Mary Lee Stone. Representing World History are Sandra Hilger, Judy Arnold, Charles Shannon and Rob Upfold.

The junior class has begun working on the junior-senior banquet. On Saturday, April 1 the class had a car wash at Jack Bradford's house. This was to raise money to pay the expenses for the banquet given for the seniors in May. A powder-puff football game is planned in April.

The freshman track team won first place at the Hereford Track Meet during the Easter weekend.

MARTHA NITSA, our foreign exchange student, visited in California during the Easter weekend. She visited one of her Greek friends who is also an exchange student.

The day for the Future teachers to get a taste of the responsibilities of a teacher has been postponed until sometime in May. (It's probably because they need to learn a little more before they teach.)

National FHA Week is April 2-8. FHA members had a week of scheduled events.

Two of the sophomore girls had their garments displayed in the homemaking showcase. Karen Birdwell made a beautiful beige dress, and Sharla Sanders made a navy blue dress trimmed in white.

AS OF MARCH the 30th, the seniors of Dimmitt High School, have only 31 days left in their high school career. We wish these seniors the best of luck in the future.

Last Saturday was April Fool's Day. Some of the DHSers, we hear by the grapevine were quite disappointed April 1 did not arrive on a school day! We wonder why!

THE SPONSOR and the staff of the Bobcat Tales wish to express our appreciation for the letter from a "Weekly Reader."

People, as a whole, do not fully realize the amount of thought, and just "plain old hard work," that goes into the preparation of a newspaper, be it a daily, a weekly, or a monthly publication! Thanks, "Reader," for the encouragement.

Stainless In Architecture Nickel stainless steel is fast becoming one of the world's most widely used architectural materials—particularly for modern skyscrapers. Although in 1927 there was virtually no stainless steel used for such applications, architectural uses of stainless steel currently approach 100,000 tons annually.

Leading Consumer The United States continued to be the world's largest consumer of nickel in 1965, using a record 350 million pounds. In 1964, industry in the United States used 308 million pounds of nickel.

## Future Teachers, Face Your Class!

One of the annual functions of the Future Teachers of America is for members to substitute for teachers. The club members act as the teachers in an average school day.

The club met March 15 (certainly the "Ides of March" to them) to specify the grade or class they wish to teach. This was the outcome:

High school — Debra Summers, world history; Robbie Sheffy, geometry, and Cecilia Vandiver, typing.

Eighth Grade — Ray Bradley, history; Rodney Hutto, science; Charles Summers, math; and Joe Bob Sanders, English.

Seventh Grade, Deanna Morgan, English; Allan Webb, math; Mary Lee Stone, science; Sue

Just, homemaking; and Vicki Otte, history.

Sixth Grade — Joan Buchanan, Garland Jarvis and Jeanne Dameron.

Grade School Band — Janice Mooney.

Fourth Grade — Sandra Coffman (Smith), and Susan Walker (Walker).

Third Grade — Peggy Godfrey (Cockerham), Chris James and Linda Bruton.

Second Grade — Janis Fuller (Smith), Tommie Hutcheson, and Sheila Hamilton.

First Grade — Mary Hays.

SINCE SOME of the members were present, they will make their selections later.

## Juniors Wash Cars Saturday

The Junior Class held a car wash at the James Bradford residence on Saturday, April 1.

Cars were washed from 10 a.m. and on. The price was \$1.50 for cars and \$2 for pickups.

## Letters To The Editor

Nazareth, Texas  
March 28, 1967

Dear Editor,

I would like to say thank you for the wonderful editorial concerning Easter finery and Easter devotion. How many really do go to church only to show off their clothes and never really know or think of the real meaning of Easter? Or worse yet I think are the students who storm the beaches of Florida on Good Friday and Easter Sunday and never think of church at all. For the life of me I cannot feature the parents who finance and support such action. Sometimes I wonder who really needs help, the parents or the children.

## Martha Receives California Trip

Martha Nitsa received a great big Easter egg from the Easter bunny last week. She flew to La Crescenta, Calif., to visit her AFS sister, Joanna Hays. Miss Hays was a foreign exchange student in Martha's home in Greece two summers ago.

MARTHA LEFT on Tuesday, March 21, by plane and returned home on Monday, March 27.

While on her Easter vacation, Martha visited Disneyland, Buena Park, Hollywood, and, of course, those beautiful California beaches.

Martha said she enjoyed most the mountains and the lovely scenery on her trip.

## A Few of Their Favorite Things

Every one has a list of his favorite things. Often this is an indication of a person's character. He unconsciously reveals his own traits and attitudes concerning life and his environment. We wonder if our readers can conclude something about the types of persons our two "victims" are.

THIS WEEK, the Bobcat Tales brings you a list of two student's pet likes.

We interviewed Teresa Cranford on her "specials," and, here they are.

Actor — Peter Faulk, because I just do.

Athlete — Donny Anderson.

Writer — Ernest Hemingway, because his books seem real to me.

Book — "For Whom the Bell Tolls", a good love story which took some of the bitterness out of the Spanish Civil War.

Artist — Picasso, his reality in painting.

Hobby — sewing.

Subject — Home Economics, because it is more practical.

President — John Kennedy, one of the truly great men of the 20th Century.

Congressman — John Tower.

Governor — Ronald Reagan, he is more interested in good politics than popularity.

Comic Strip character — "Charlie Brown."

Song — Theme from Dr. Zhivago.

Movie — "The Singing Nun." Occupation I think I'd like best — Teaching, I think it is important for every one to have an education to live in a democratic society.

Favorite trait in girls — Neatness.

Favorite trait in boys — Courtesy.

The person I would most like to be and why:

THE PERSON I would most like to be is someone whom I have never met. That person has all the qualities that other people find pleasing, and his faults are hidden from view. My ideal person is constantly striving to be the person he would like to be.

MIKE BAILEY also has a list of favorites.

Actor — Paul Newman.

Athlete — Rick Barry.

Writer — Ernest Hemingway.

Book — "For Whom the Bell Tolls."

Artist — Leonardo Di Vinci.

Hobby — Basketball and baseball.

Subject — Drafting.

## FHA Girls Plan 'Week'

The FHA girls discussed FHA Week in a meeting held Friday, March 31.

THE MEMBERS were reminded to attend Sunday services at the Assembly of God Church and to wear red and white Monday April 3.

The members of the assigned committees were also reminded to assume their duties. The food list for the "Around the World Dinner" and the bake sale will be distributed soon.

ALL STUDENTS, including girls and their dates were invited to attend the All School Party. This portion of the celebration had to be postponed until April 15, because of conflicts in the school schedule.

WINE IS treated with paster of Paris to improve the color and keeping qualities.

## Nominations In For Girls State

The Student Council nominated candidates for Girls' State. The club made the decision in a meeting, Wednesday, March 29.

IN ADDITION, reports were given on the recent state convention. Those reporting were: Vildt Otte, Scott Moran, Paralynd Rander and Bee'ee Goodwin.

The council also discussed financial problems and future assemblies.

## Legion to Send Hays and Moran To Boys State

John Hays and Scott Moran will represent Dimmitt at the 1967 session of Texas American Legion Boys State, Commander Fred Kuntz of Greer H. Estes Post 445 announced Monday.

**HAYS IS** the son of Mr. and Mrs. A. C. Hays Jr., 805 W. Bedford, and Moran is the son of Mr. and Mrs. Russell A. Moran, 1005 W. Bedford.

The 1967 Boys State will be in session from June 10 to June 17 at the University of Texas.

The American Legion will sponsor 51 of these Boys States in the US and territories this summer. Two outstanding youths from each will go to American Legion Boys Nation in July in Washington, DC, where they will study federal government organization in much the same manner as the Boys State delegates study state and local government.

**DURING** their Boys State sessions, the Dimmitt youths will take part in the organization of political parties, campaigns, elections, and the enactment and enforcement of their own laws within a mythical state.

"As one of the Legion's outstanding youth-training programs, Boys State affords these youngsters an opportunity to learn the functions of government," Commander Kuntz said. "Also, they will see the importance of the role a good citizen has in discharging his citizenship responsibilities. They soon discover how good government depends upon the active interest of every citizen."

## Bridge Club Sets Round Robin Play

The Duplicate Bridge Club of Dimmitt will hold an eight-week round robin bridge session starting Monday night at 7:30 in the First State Bank community room.

Each player must play with a different partner every night, and must play at least six times during the eight sessions. Players will count only their top six scores. Prizes will be given to the winners.

These interested may contact Mrs. Doris Smiley, club manager, or be at either of the first two sessions. Entry fee is \$1 per session.

**GALILEO'S** first telescope magnified only three times.

**ROWLAND H. MACY** is credited with having conceived the department store idea in America.

## Hightower Bill Would Create State Board for Agriculture

Sen. Jack Hightower of Vernon, warning that Texas agriculture is in serious trouble, has introduced a bill to create a state Agricultural Development Board.

**HE SAID** the board would mobilize the state's agricultural resources by providing an overall view of the agricultural economy and analyzing its weaknesses.

Citing a report by Gov. John Connally, Sen. Hightower warned that Texas is falling behind in its relative growth in the field of agriculture.

California and Texas were equal in agriculture 15 years ago, the governor pointed out in an earlier report, but California today reaps \$1.5 billion more in agricultural income than Texas.

**SEN. HIGHTOWER** said that his bill would require the new board to:

—Make an inventory of present agricultural assets, services and facilities in the state;

—Promote new agricultural bus-

ness and industries and expand existing businesses and industries;

—Promote the use and consumption of agricultural products grown by Texas farmers, both in foreign and domestic markets;

—Stimulate the development of new ways and means of converting raw agricultural products into marketable items;

—Hold such conferences, institutes, or seminars concerning agricultural development as it deems necessary and feasible.

**THE BOARD** also would advise the Coordinating Board for Higher Education in its supervision of agricultural research and extension in state supported colleges and universities.

Sen. Hightower said that the board would be required to file annual reports of its activities with the governor and legislature.

The board would consist of 15 persons appointed by the governor with confirmation by the senate. They would represent all portions of the state.

The proposal has been sent to the State Affairs Committee for study.

## Mrs. Newton Gets Surprise Party

Mrs. Dorothy Newton was pleasantly surprised Monday night when she and her husband went to visit the Dan Heards and a room full of people began singing "Happy Birthday" to her when she arrived.

**GUESTS AT** the surprise party were the Gordon Stanfords and Rebecca, the Troy Kirbys, the Martin Yunges, Ramonda and Darinda, the Andy Schumakers, Bob, Rhenea and Bobby Baker, the Newtons, the Heards and Doug Hickman.

Joy Baker prepared the birthday cake, but couldn't attend the party because of a family illness in Oklahoma. After refreshments and the opening of packages and cards, the group held an old-fashioned sing-song.

## CARD OF THANKS

I wish to take this means of thanking the hospital staff for the excellent care they gave me during my stay in the hospital. Also Dr. Harold Bischoff for his very good care, for all the lovely cards, flowers and visits.

May God reward each of you.

Year after year, we do things you'd never do to demonstrate Ford's quiet and strength. This year's tests were the toughest yet. But the durable Ford came through again —quiet and strong. That's because the 1967 Ford is the strongest, quietest Ford we've ever built. Over 150 impor-

## Castro 4-H's Go to District

Castro County will be well represented in the district 4-H method demonstration contests in Canyon Saturday.

**COUNTY** eliminations were held in the courthouse community room and at the fairgrounds Saturday, and all who took part in the county contest will compete in the district event. Also competing will be the junior and senior division "Share the Fun" winners, chosen in January.

Ribbon winners in the county contests Saturday were:

**Senior Division**

Diana Adams, money management, blue ribbon; Mickey and Patty Simpson, dairy products, blue ribbon; Arlie Petty, tractor maintenance, blue ribbon.

**Junior Division**

Patti and Gerald Robbins, safety, red ribbon; Earl Behrends and Raymond Warrick, poultry, blue ribbon; Marvin Smith and Eugene Warrick, natural resources, red ribbon; Genie Robbins, foods and nutrition, blue ribbon; Sue and Curtis Smith, field crops, red ribbon; and David Hutchins and Kenneth Adams, electricity, blue ribbon.

Don Blankenship, principal of Bluebonnet Elementary School of Hereford, judged Saturday's county contest. Donald Adams was in charge of the contest.

## Troop Elects Nancy Vardell

Luta Troop of Camp Fire Girls elected Nancy Vardell president at the March 21 meeting. Other new officers are Zenitha Mayberry, vice-president; Jan Noble, secretary; Debra Henderson, treasurer; and Helen Frierson, scribe.

**TROOP** members met March 28 in the home of Virginia Sheffy for their initiation ceremony. The eight girls attending received membership cards and beads. A cake decorated with the Camp Fire Girls law was served to the members and five mothers attending.

# 1967 Wage Rates Hiked For Sugarbeet Workers

The Dept. of Agriculture has announced the "fair and reasonable" wage requirements for sugarbeet work in all producing areas, effective April 17, 1967.

The wage determination increases the minimum time rate five cents per hour, from \$1.35 to \$1.40. Minimum piecework rates are increased by 50 cents per acre for most operations. The new rates

are \$11.25 for trimming; \$13.50 for hoeing; \$16.25 for hoe-trimming; and \$8.50 for weeding. The rate for blocking and thinning, applicable in California only, has been increased \$1.50 per acre — from \$21.50 to \$23.00.

**THE PRODUCER and worker** may agree upon a rate for other hand labor operations provided the worker's average hourly earnings equal or exceed the \$1.40 hourly minimum.

Minimum hourly wage rates of not less than 75 percent of the specified minimum rate are provided for youths 14 to 16 years of age. The prior determination permitted a reduction of one-third. Youths 14 to 16 years of age are not permitted to work more than eight hours in any one day.

**OTHER provisions of the determination** are unchanged.

USDA officials said the wage rates established by the determination are within the producer's ability to pay under prospective

price and production conditions for the 1967 sugarbeet crop.

Payment of wages not less than those set by the Secretary of Agriculture is a requirement that producers must meet to qualify for payment under the Sugar Act of 1948, as amended.

Public hearings on wage rates were held in Detroit, Fargo, Denver, San Francisco, San Antonio, McAllen and Syracuse during January.

## Stokes Finishes Field Med Course

Hospitalman Danny M. Stokes, USN, son of Mr. and Mrs. N. B. Stokes of 402 NW Eighth, Dimmitt, has graduated from the Field Medical Service School at the Marine Corps Base, Camp Pendleton, Calif.

**THE FIVE-WEEK** course is designed to instruct Navy medical men, attached to Marine units, in emergency care of casualties under combat conditions. Subjects taught at the school are practical field medicine, evacuation of the wounded, logistics and special medical procedures for nuclear and chemical warfare.

## MODERN AGRICULTURE

## Grain Sorghum Irrigation Test Shows Pre-Boot Stage Critical

"Results of the 1966 study on the irrigation of grain sorghum definitely point out the necessity of a well timed pre-boot irrigation. A six-day delay in this irrigation reduced yields in our test approximately 1,000 pounds per acre," James Valliant, soil scientist who is directing the irrigation research program at the High Plains Research Foundation, said in an interview this week.

"A PREPLANT irrigation plus

irrigation at the pre-boot and flower stages of growth in 1966 again produced the greatest practical efficiency," he reported.

"A four year average showed no significant increase in yield with three summer irrigations over two summer irrigations," Valliant added.

The soil scientist said the grain sorghum will probably be planted on more irrigated acres than any other crop in the High Plains in 1967 because of the feed grain program requiring only a 20 percent acreage diversion. With the increase in planted acreage, the use of irrigation water will also increase. This will require the farmer to carefully plan the most practical use of his available water. The declining level in the ground water formation makes this advance planning more important each year, he warned.

Efficiency of water use is highly important to the grain sorghum producer. For this reason, the High Plains Research Foundation is continually studying ways and means to maintain and improve the income from grain sorghum with reduced amounts of underground water.

**IN IRRIGATING** grain sorghum beginning with the 6 to 8 leaf stage and ending with head emergence is the most critical, Valliant noted. Pre-boot is the period when the small head can be seen forming if the plant is stripped down. During this period, the producer should watch soil moisture and signs of plant wilting closely to determine when to irrigate.

"The more definite periods of moisture needs are fairly easily seen at certain stages of growth, such as pre-boot, flower, milk, and in some cases, the soft dough stage," he said.

Further information on the timing of irrigation of grain sorghum and other crops can be found in the 1966 Annual Research Report to be published in the near future by the High Plains Research Foundation.

## Germination Key to Profit With Soybeans

It is evident that West Texas in 1967 is going to see a considerable increase in acreage planted to soybeans. The big question in every farmer's mind is, "What variety am I going to plant and where am I going to get the seed?"

**THERE ARE** a number of varieties considered acceptable for this area, according to the High Plains Research Foundation. The variety chosen by an individual will have to depend on his own situation. There are five varieties which seem to be best adapted to the West Texas soils and climate. The Hinn, Hill and Lee varieties are full season varieties with high yield potential. The Patterson and Clark 63 varieties are short season types. There are many farms where the latter will fit into a farmer's planning better than the full-season varieties.

Regardless of the variety chosen, one extremely important fact must be taken into consideration. Soybeans are no longer a "step-child crop." If you are going to expect a profitable yield from your 1967 crops you must know the germination of the seed you planted. Normal recommendations on seeding rate could result in a severe loss in yield if germination of the planting seed happened to be quite low. Due to a set of unfavorable weather conditions, many fields of soybeans grown in 1966 for seed have low germination.

## Best Combos of Fertilizer-Water For Cotton Noted

Four irrigation systems and nine different fertilizer applications were used in the cotton irrigation and fertilizer test conducted at the High Plains Research Foundation in 1966.

**EIGHTY pounds of nitrogen** produced the highest yields and net dollars returned of the nine fertilizer treatments tested under the three top yielding irrigation methods.

The irrigation system of pre-bloom and peak bloom produced the highest mean yield. Yields with this system however, were not significantly higher than the same irrigation schedule in which every other row was irrigated after a preplant irrigation of every row.

James Valliant, soil scientist, and Loyd Langford, associate agronomist on the Foundation staff, conducted the studies.

**THIS RESEARCH** project was designed to determine which combination of irrigation timing and fertilizer level will produce the greatest net return. This is based on yield, quality and the highest irrigation efficiency or "practical efficiency."

Preplant, pre-square, late first bloom and peak bloom time of irrigation of every row produced the highest mean yield. The alternate row method at the same schedule resulted in less total irrigation and produced an equal return per acre, with a solid preplant irrigation. This alternate row irrigation was used for the first time in 1966, and will be repeated in the 1967 planting for further study. Studies in the past have shown the preplant, first bloom and peak bloom method to be superior to other methods studied prior to 1966.

**VALLIANT SAYS,** "Timing of irrigation on cotton is being investigated for the following reasons:

1. "A larger stalk was desired and this could be obtained by an early irrigation. The pre-square irrigation was selected to promote a larger stalk and would be applied at a time which would not

## Farmer Magazine Cites Grain Men

Two Castro County farmers give tips on "How To Get Top Grain Sorghum Yields" in the April issue of The Progressive Farmer magazine. Billy Lytal and David Nelson are among top growers in the state who share their know-how.

**LYTAL SET** a goal several years ago for an all-farm average of 7,000 pounds per acre and a top yield of 11,000 pounds. In 1965 he produced 10,521 pounds on a test

cause square shed." (Past studies indicated that an irrigation at squaring time caused the squares to drop).

2. "Fiber length development is most critical 16 to 20 days after bloom and is controlled by the availability of moisture during this period. By applying an irrigation at late first bloom, adequate moisture was available during this crucial time.

3. "Fiber strength is developed 35 to 45 days after first bloom. An irrigation at this time supplied the necessary amounts of water during this development period.

4. "The late first bloom and the peak bloom irrigation increased the amount of available moisture during the boll development because of the closeness of the irrigation dates."

p/ot. In 1966 he managed a top yield of 9,985 pounds in spite of three hailstorms, and an overall average of 6,300 pounds on 198 acres. This year Lytal plans to put all but his "all out" field in double rows (two rows 10 inches apart on 40-inch beds). The field he hopes to be a "recordbuster" will again be planted in eight-inch rows.

David Nelson plans to use nine-inch spacing again this year. He'll also plant some 26-inch rows and two rows on a 38-inch bed. Hall reduced his yield 25 percent last year, but he still averaged 6,200 pounds per acre on narrow rows and 7,200 pounds on double rows.

# New weed killer for sugar beets

Stop weeds and grass through harvest with Treflan®. Treflan has just been cleared for weed control in sugar beets. It should be applied . . . at thinning . . . when your beets are 2 to 6 inches high. Be sure your field is free of growing weeds when you apply Treflan since it does not kill established weeds.

**Treflan is waterproof.** Once mixed with the soil, it stays on the job, killing weeds and grass as they germinate. Treflan doesn't need rain or irrigation to make it work. Yet heavy rain or repeated irrigation won't leach Treflan away or cause harmful concentrations to build up in the row. And, you can shallow cultivate without affecting the weed killing power of Treflan.

Look at the weeds Treflan controls. Annual grasses are effectively controlled, including:

Watergrass (barnyardgrass)  
All foxtails  
Johnsongrass (from seed)  
Goosegrass  
Crabgrasses  
Sawtooth  
Cheat  
Stinkgrass  
Bromegrass  
Brachiaria  
Wild cane

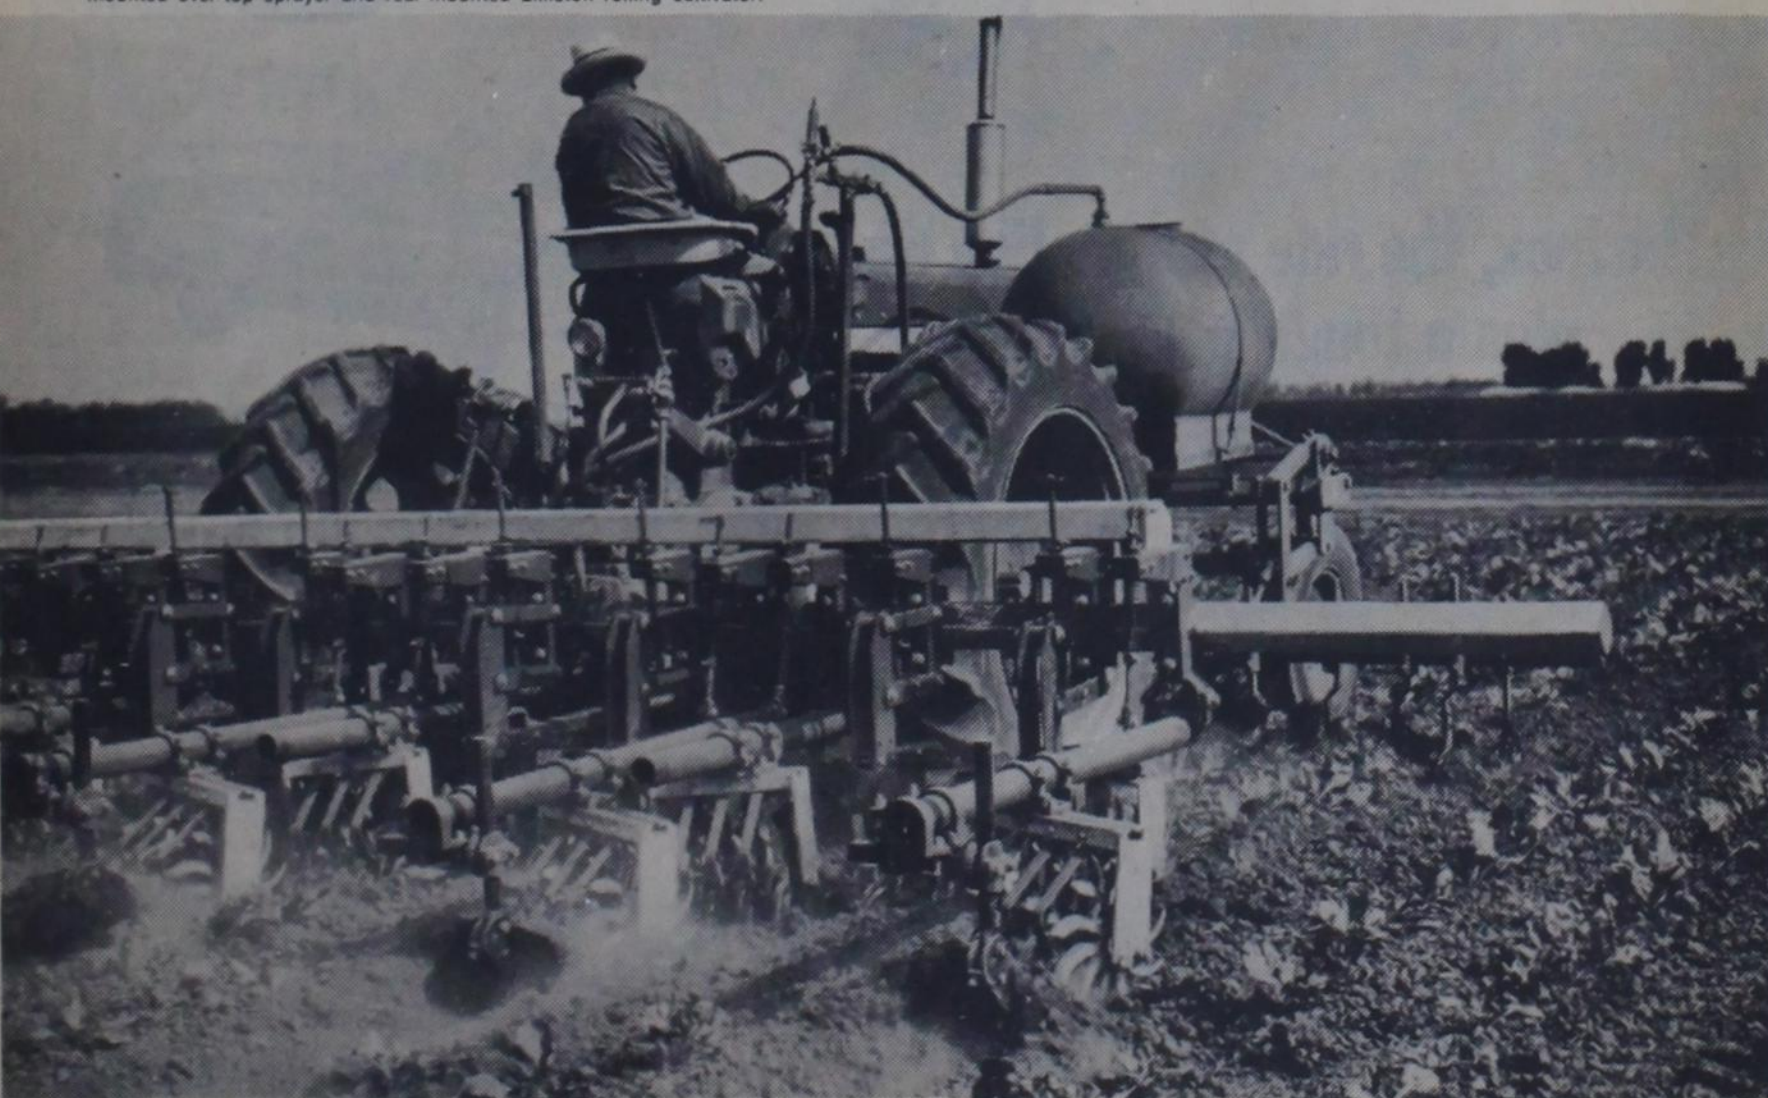

Treflan also puts an end to over a dozen of your worst broadleaf weed problems, such as:

Pigweeds (spiny, redroot)  
Carleweed  
Lambsquarters  
Purslane  
Carpetweed  
Russian thistle  
Knotweed  
Florida pusley  
Kochia  
Stinging nettle  
Puncturevine  
Goosetongue  
Chickweed

**Treflan is easy to apply.** Apply Treflan as a broadcast, over-top spray and incorporate immediately. PTO-driven tillers or cultivators set to cut 2-3 inches deep or rolling cultivators set to cut 2-4 inches deep and operated at 6-8 m.p.h. can be used for incorporation. To get effective weed control in the row, adjust the implement so that Treflan-treated soil is thrown up around the young beets.

Right now is the time to find out more about Treflan for effective weed control in sugar beets. See your local Elanco agricultural chemicals dealer today.

For use only in California, Oregon, Washington, Idaho, Colorado, Texas.

## Non-Computer Checks Now Being Phased Out

Effective Sept. 1, Federal Reserve Banks will no longer process checks that do not carry the magnetic ink symbols of the writer's bank.

CASTRO County's two banks — First State Bank in Dimmitt and Farmers State in Hart — already provide the magnetic ink symbols on all the personal, book and counter checks they issue.

To the Federal Reserve Bank's computers, First State of Dimmitt is 1029 and Farmers State in Hart is 2325, and both are in the Federal Reserve area known to the computer only as 1113.

When a check from either bank is processed through the Dallas Federal Reserve Bank, its computer "reads" the electronic symbol in a micro-second and delivers the check, assembly line style, into a sorter slot for delivery back to the home bank.

FEDERAL Reserve Bank officials in Dallas said their four offices are now handling more than 1.1 million checks daily — an 86 percent increase in volume since the start of the "Magnetic Ink

Character Recognition Program" eight years ago.

High-speed computers sort checks at more than 60,000 per hour, but they require the magnetic ink symbols in order to function. Checks without the symbols must be handled by the Fed system on low-speed machines that can sort at only 1,500 checks per hour.

Of prime importance to the general public is the proposed withdrawal of customer drafts now used by many super markets, drug and department stores, because these drafts bear no magnetic ink symbols.

THIS IS expected to be welcome news to businessmen, who suffer their largest check losses from counter checks and customer drafts.

Federal Reserve officials, with the cooperation of commercial banks, are mounting a special campaign to educate the general public on the need to carry their own personalized or preprinted checks.

Another major factor in the electronic conformity system is that you can no longer write a "changed" check on which the name of the imprinted bank is scratched out and another bank name written in. Because of the electronic symbols — which the computer can read even if you mark over them — the check will be returned to the original bank despite the change, and will not clear.

## 12 Texas Cotton Men Elected Research-Promotion Trustees

Twelve Texas cotton farmers were elected March 24 to the governing body of a 51-member belt-wide cotton producer organization to develop and implement research and promotion projects under the dollar-a-bale Cotton Research and Promotion Act.

TEXAS selections were made by representatives of 14 Texas cotton produce organization meeting in Dallas. Howard Alford of Lubbock was elected chairman of the caucus. All selections were by unanimous vote.

Alford said the 51 trustees are expected to meet about mid-April, adopt by-laws, elect a 17-man executive committee, and make application to the Cotton Board for a contract to carry out the program. The Cotton Board is a 20-member group appointed earlier this month to administer provisions of the act. Appointments to the board were made by Secretary of Agriculture Freeman from nominations by state and regional cotton producer organizations.

MEMBERSHIP on the trustee group was allotted to the states on the basis of two members for the first 400,000 bales of production and one for each additional 400,000 bales.

The 12 members from Texas were also selected on the basis of production from the various places going to the High Plains, three to South Texas, three to the combined Rolling Plains and Blacklands areas and one to the Pecos-El Paso region.

From the High Plains, elected representatives are J. D. Smith of Littlefield, Roy Forkner of Lubbock, Howard Alford of Lubbock, Joe B. Pate, Jr., of Lubbock, and L. C. Unfred, New Home.

FIRST Chamber of Commerce was organized in 1768 in New York City.

## Correction

In last week's edition the News reported that Suzanne Merritt was in charge of an Easter sunrise service at the home of Mrs. Pearl Sheffy. Actually, Kent Lindsey was in charge of the program, which was sponsored by the Baptist Young People. Miss Merritt and her grandmother, Mrs. Sheffy, were co-hostesses for the event.

**YOU ARE HEREBY COMMANDED** to appear before the Honorable District Court of Castro County, at the Courthouse thereof, in Dimmitt, Texas, by filing a written answer at or before 10 o'clock A.M. on the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 1st day of May A.D. 1967, to Plaintiff's Petition filed in said Court, on the 17th day of March A.D. 1967, in this cause, numbered 3053 on the docket of said court and styled The Estate of Jess R. Armstrong, Deceased, Plaintiff, vs. Nancy Williams Andress, et al, Defendants.

A brief statement of the nature of this suit is as follows, to-wit:

**COUNT ONE**

In Trespass to Try Title where by Plaintiff claims to be the owner of the following described real property located in Castro County, Texas, and more particularly described as follows, to-wit:

All of that part of League No. 7, Block M-10-A, patented to Richard Williams, Castro County, Texas, described by metes

and bounds as follows, to-wit: Beginning at a point 1201.3 varas north of the southeast corner of said League No. 7, THENCE North 800.9 varas to a point in the East line of said League; THENCE West 2255.5 varas; THENCE South 1001.1 varas; THENCE East 1127.75 varas; THENCE North 200.2 varas; THENCE East 1127.75 varas to the Place of Beginning, said tract containing 360 acres, more or less,

and that Defendants ejected them and withhold possession and that Defendants claim some right, title or interest in and to said land and that Plaintiff is the fee simple owner in and to all of said land.

**COUNT TWO**  
Plaintiff claims fee simple ownership in said land above described by reason of the Statutes of Adverse Possession of the State of Texas, and seeks to cut off any possible interest on the part of the Defendants, or any of them, by virtue of an erroneous acknowledgment of Nancy Williams Andress, a defective acknowledgment of Mattie Augwin, an erroneous deed, erroneously describing the property above described, executed by George W. Cochran to Mrs. Sallie E. Gibbs, by virtue of an erroneous description in a deed from Nora Mae Newsom and husband, C. F. Newsom, to H. M. Ritchie; and against the remaining Defendants to cut off any

possible interest on the part of them, or any of them, by virtue of heirship of James M. Ritchie, deceased, and that Plaintiff claims fee simple ownership free and clear of any claim and interest on the part of any of the above-named Defendants, their heirs or assigns, as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said Court at Dimmitt, Texas, on this 17th day of March A.D. 1967.

Attest: Zonell Maples Clerk, District Court, Castro County, Texas.

## Three County Ladies to Attend District HD Meeting in Claude

By IRENE KEATING  
We've just completed another busy week. Saturday we had our county 4-H contests. So we'll be taking a bunch to Canyon Saturday for the district contest.

**TUESDAY** I went to Frío 4-H Club to help their girls get ready for the Better Bake Show May 6. They made rolls and pound cake.

The Home Demonstration Club women will go to Claude Thursday to attend the District I Texas Home Demonstration Association meeting. Voting delegates from here are Mrs. D. L. Cleaver, Mulkey; Mrs. Donald Gilreath, Bethel; and Mrs. Cecil Ginn, Flagg. Mrs. S. R. Hutto is THDA Chairman for Castro County.

This week I am meeting with all the Home Demonstration Clubs. The program is Planning Family Living and Home Demonstration Programs.

LET'S THINK about improving

our bathroom facilities. Spring is remodeling time, so let's get busy.

If the morning "line up" for the family bathroom causes unnecessary friction and inconvenience, perhaps you should think about expanding your bathroom facilities. Most families need more than one bathroom unless they have made special plans for use.

Families facing the inadequate-bath dilemma have several alternatives. They can seek other housing, regiment family members to a planned "use" schedule, add costly additional bath facilities, or find existing space in the house for an extra bath. For some families, the addition of a powder room, wash room, or half-bath may be all that is necessary.

Many owners of older homes have found it practical and convenient to install first-floor bathrooms or powder rooms at the end

of a hall, a large closet, under a staircase, or in the "Butler's pantry."

**FREQUENTLY** the older bathroom is large enough to be divided or compartmentalized for multiple use. Attics and basements in older homes often provide excellent locations for showers or full baths. An unused bedroom closet area in the master bedroom or in a child's room can easily be converted to a handy bedroom lavatory which can be closed off from view. Manufacturers now produce small-scale fixtures — naturals for limited space.

Some manufacturers have designed a glass-enclosed shower stall which covers little floor space, creating the effect of "no shower at all." Shower stalls vary in size from 30 by 30 inches to 32 by 48 inches. Measure the space available for additional bathroom facilities and select the type and size fixtures best suited for your needs.

**DON'T WAIT** until retirement to join a club, develop a hobby, or participate in civic affairs. Now is the time to begin activities that will add life to your years.

Plan for exercise — whether it is as vigorous as an active sport, as relaxing as gardening, or as unorganized as an evening's walk. The important thing is regularity of exercise. Better muscle tone, improved circulation and respiration, good digestion, and relief from physical and mental tension will be rewards for regular exercise.

As your body ages, it needs fewer calories (less quantities of food, too) than when you were younger. Nutritional needs remain about the same. Think about food in relation to your own bodily needs — a balanced diet.

Watch your waistline! Staying slim is good for more than a woman's fancy. Statistics show a 13 percent increase in death rate for individuals 10 percent overweight, and a 25 percent increase for those who are 20 percent overweight. Excess weight also increases the chances of heart disease.

Adequate rest benefits adults as much as young children, so don't cheat the sandman.

Mr. and Mrs. W. E. Kirkpatrick

## Couple to Observe Golden Anniversary

Mr. and Mrs. W. E. Kirkpatrick will celebrate their golden wedding when their children honor them with a public reception in their home at 206 NW Third St.

The reception will be from 3 to 6 p.m., and is open to all friends of the couple.

**MR. AND MRS. Kirkpatrick** were married April 15, 1917, in Haskell. Here is the story of their wedding which appeared in the Haskell Free Press that week, written in the flowery journalistic style of that time:

### A Pretty Romance Leads To a Pretty Wedding

"In the class of 1913 there was graduated from the Haskell High School a gallant young man and a charming girl who took first and second honors in the class, and who mutually exalted each other in those graces of heart and mind which make up character."

"**CUPID** COULD do no other than make the most of so favorable an opportunity, hence a pretty romance was begun, which Sunday culminated in a pretty wedding."

"The fortunate bridegroom was W. E. Kirkpatrick, the son of our esteemed city officer, and the lovely bride was Miss Mary Elizabeth Hughes, the fifth daughter of Judge and Mrs. S. A. Hughes, our popular Justice of the Peace."

"A family reunion at the home of the latter helped to precipitate the happy event, so at Sunday noon, the intimate friends and relatives assembled in the spacious home of the bride."

"Miss Allie Irby gave a beautiful rendering of 'O Perfect Day' and Miss Ruby Fitzgerald, who was at the piano, struck up the Mendelssohn's Wedding March which was a signal for the entrance of the bridal party."

"**FIRST** CAME Rev. Wm. Groom, then Miss Gladys Huckabee, dressed in a beautiful gown of gold crepe de chine with picture hat, carrying pink carnations, and accompanied by the best man, Arthur Hughes. Next came the bride and groom, the bride dressed in a lovely creation of gray taffeta and georgette crepe, with white picture hat and carrying a bouquet of white carnations."

"While the soft strains of Traumerlei wafted through the room,

## June 2 Date Set

Rev. and Mrs. H. F. Dunn of Quanah announce the engagement and approaching marriage of their daughter, Treva, to Keith W. Taylor, son of Mr. and Mrs. Glenn Taylor of Dimmitt.

**THE COUPLE** will be married June 2 in Quanah's First Methodist Church.

Miss Dunn is a graduate of West Texas State University and is now a teacher in Hereford. Taylor is attending West Texas State University, majoring in industrial education.

## Mrs. J. W. Walker To Review Book By Senator's Wife

Mrs. J. W. Walker, Plainview's "Citizen of the Year" in 1961, will review Grace Jordan's book, "Home Below Hell's Canyon," when the Dimmitt Book Club meets at 4 p.m. Wednesday in the First State Bank community room.

In the book, Mrs. Jordan, wife of US Sen. Len Jordan of Idaho, recounts the depression years when their family was forced off its own ranch, and recounts how — after the final bank failure — she was left with only a gift of \$25 in her pocket.

In the depression days, the man who was to become Idaho's governor and later its US senator moved his wife and their three small children to a small sheep ranch, their only remaining possession. There, they were "home below Hell's Canyon."

**THE BOOK** has been translated into 16 foreign languages by the State Dept. to use abroad in American determination, know-how and character to other peoples.

Mrs. Walker, the reviewer, is an active church woman and civic leader in Plainview, and in 1961 was presented with the "Citizen of the Year" award by the Plainview Chamber of Commerce.

## Search Is On For '59 Grads

Addresses of Dimmitt High School's 1959 graduates are needed for planning a 10-year reunion.

**JAMES ROGERS** of Levelland, chairman of the 10-year reunion committee of the Class of 1959, has asked that all members of the class — or their parents or friends — send their names, maiden names and current addresses to James Rogers, Route 2, Levelland, Texas.

## Miss Hays Models Her Own Creation In Dallas Revue

Lou Ann Hays of Dimmitt was among 37 girls at Texas Woman's University chosen to model their own creations in the eighth annual "Americana" show of campus originals in Dallas last Thursday.

Titcher-Goettinger of Dallas sponsors the program jointly with Cone Mill's, which furnishes the fabrics for the girls' creations.

**MISS HAYS**, junior fashion merchandising major, modeled her two-piece lime green Southampton short ensemble in the "Pantomania" category.

She is the daughter of Mr. and Mrs. Jim R. Hays, 1007 W. Lee St.

## Hart Educator Tells Objectives

"We as parents must spend more time with our children; encourage them to ask questions; teach them not to take things for granted; to respect other people; to learn the difference between liking something and accepting something; and take them out of the world of fantasy and teach them to accept a few hardships."

**THAT WAS** the advice of Hart School Supt. Andy Gardenhire Wednesday of last week when he spoke to the Bi-County PTA Council, which met in the Hart High School science department.

Stating that parents should give tomorrow's leaders the criteria for leadership, Gardenhire told council members to teach their children and themselves to have "educated hearts."

He described the traits of an educated heart as "a blooming personality, kindness and love in every act, the giving of oneself along with material gifts, and graciousness toward others."

In the business session, delegates elected new Bi-County Council officers for the coming year. They are Mrs. Albert Schoenberger of Happy, president; Mrs. Lloyd Davis of Hart, vice-president; Mrs. John Butler of Happy, treasurer; and Mrs. Gus McLain of Nazareth, secretary.

The district PTA conference will be held in Texline next Thursday. Theme will be "Developing Our Neighbors."

**NEXT** Bi-County Council meeting will be in Happy next month. John McFarland will conduct a "school of instructions."

## Hart Girl Wins Modeling Contest

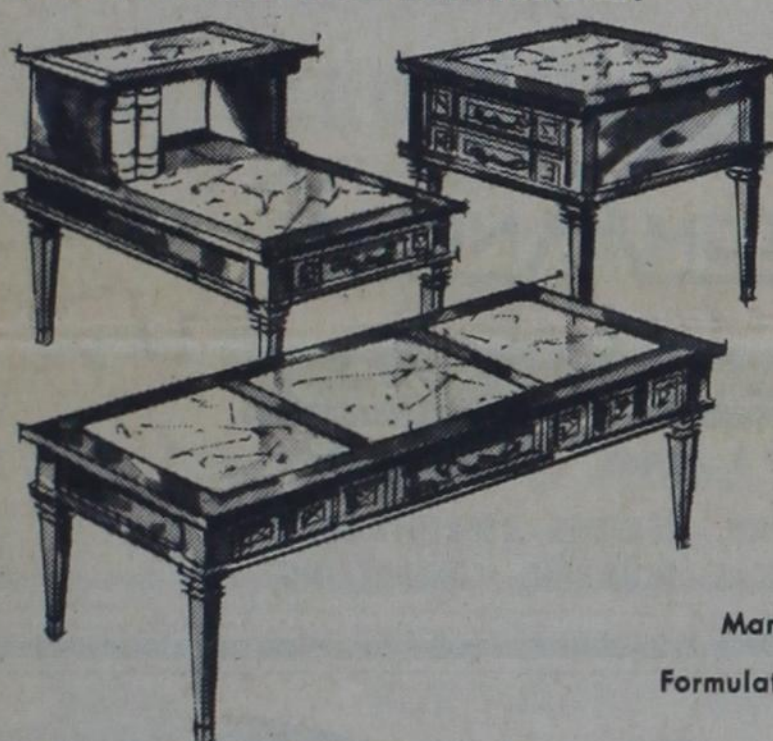

Rebecca Futrell, a 15-year-old Hart High School sophomore, has been announced as the winner of the "Miss Thermo-Jac of Dimmitt" competition held recently.

The modeling contest, held at the Village Shop, was sponsored by the Grove Co., a textile manufacturing firm.

**FIRST** runner-up was Jeanette Howard, 13, of Dimmitt. Second runner-up was Karen Lytle, 14, also of Dimmitt. C. A. Hoppin Jr., sales manager of the Grove Co., said the selection between the top three girls "was one of the most difficult decisions our judges have been faced with."

CofC Has Impressive Banquet

By Mrs. Myrtle Shelly  
The Chamber of Commerce banquet Saturday night was the highlight of events in our town last week.  
**PEGGY AND Allan Webb** were hosts at open house before the dinner to introduce Sen. John Tower, who was the guest speaker. Sen. Tower believes that the government should do for you only what you cannot do for yourself, and that we should stand behind our President in protecting the freedom of Vietnam.  
Ronnie Parker, master of ceremonies, is a master of repartee. Don Newman introduced all officers, past and present, and Dr. Bill Lee said nice things about Sen. Tower.  
We are very happy that the CofC committee chose our editor, E. M. Nelson as Citizen of the Year. He deserves the honor.  
Many folks from other towns were here. Our friend, Mary Jones of Hale Center came.  
★  
**MR. AND MRS. George Hudson** and daughters Donna and Alona have returned from a trip to Houston and Galveston. They visited son Bob and family in Pasadena. They went out to NASA, the missile base. Mrs. Hudson says, Texas is truly beautiful now with blue bonnets and the little pink flowers every where.  
★  
**MR. AND MRS. Harold Miller** of Quinlan were here last weekend for a visit with their parents, Mr. and Mrs. Cecil Mills. 19-year old Glen Field of Ladonia was also a guest. Glen says "that Dimmitt is the friendliest town and has the prettiest girls he ever saw. Mr. and Mrs. Mills have moved back here recently from Ladonia.  
★  
Mr. and Mrs. E. L. Morrison and son Gary and his wife Eva, are home from a trip to California. They stopped in Glendale and Whittier to visit E. L.'s sisters the Earnest Uveys and Albert O'Briens. On to San Francisco to see the sights and Gary went on for an interview with World Airways. He went to Stanford University for the Statine tests, and this week Gary will fly down to Miami, Fla. for an interview with Eastern Airways.  
★  
**THE BIRTHDAY Club** went to Amarillo Thursday to celebrate Mary Rice's 39th birthday. Going were Mesdames Earl Harrison, Goodwin Miller, Ward Golden, J. W. Birdwell, Jack Gregory and Mary. And other people I saw in Amarillo Thursday just off fun were Myrtle Lois Moran and daughter Pat, Mrs. Horace Carlie, Mrs. P. L. Cunningham, Mrs. George Bradford, Mrs. Donald Webb and Mrs. Carl Bruegel and Dr. and Mrs. Charles Vandiver. Looked like "o'd home week up there."

By virtue of an Order of Sale issued out of the Honorable District Court, 69th Judicial District of Texas, in and for Moore County, Texas, on the 17th day of March, 1967, by the clerk thereof, in the case of Municipal Assessment Co. vs. Raymond Palmer, and being numbered 4672 on the docket of said Court, and to me as Sheriff, directed and delivered, I will proceed to sell the hereinafter described tract of land to the highest bidder, for cash, between the hours of 10:00 o'clock a.m. and 4:00 P.M. on May 2, 1967, it being the first Tuesday of said month, at the Courthouse door of Castro County, Texas, in the City of Dimmitt, Texas; said tract of land having been levied on by me on the 24 day of March, 1967, and to be sold to satisfy a judgment rendered in the above described cause on the 20th day of February, 1967, and recorded in the Minutes of said Court in Volume 15, page 113. Said Judgment was in favor of plaintiff, MUNICIPAL ASSESSMENT CO., establishing its debt in the sum of Five Hundred Sixty-Four and 15/100 Dollars (\$564.15) thereof, together with interest thereon at the rate of eight per cent (8 percent) per annum from February 20, 1967, until paid, together with foreclosure against Raymond Palmer since the filing of Plaintiff's suit to foreclose a certain lien securing Plaintiff's debt upon the following described property, to-wit:

The North Sixty-Three Feet (N-63') of Lots Number One (1), Two (2), Three (3), and Four (4), Block Number Three (3), Unit Number One (1) of the Miller Addition to the City of Dimmitt, Castro County, Texas. Said Judgment and Order of Sale direct that the above described property be seized and sold under execution in satisfaction of said Judgment and that said lot be sold, and the proceeds of sale applied as follows: From the proceeds of the sale of the above described property, to the satisfaction of the costs of suit and sale; then to the payment of the judgment rendered in favor of Plaintiff secured by the lien foreclosed against said property, together with interest at the rate of 8 percent per annum from February 20, 1967.

GIVEN UNDER MY HAND AND SEAL OF OFFICE, this 20 day of March, A. D. 1967.

First Baptist News From My Heart to Yours

One of the church's greatest assets is her fellowship. The attitude of people working together is always of prime importance. Someone told me they like to shop at a certain store in Dimmitt because "everybody is happy there."

A visit in a home is always a joy when there is happiness and love in that home. We used to "hang out" at the Higginbotham's house when I was in High School because it was a happy place.

An attitude of love and fellowship on the part of all is a big factor in the ministry of any church. One city boy walked past three churches to attend one all the way across town. Someone asked, "Why do you go to that church?" Said he, "Because they love a little boy over there!"

I thank God that ours is a church where young and old are welcomed with warm fellowship and Christian love. Let's make it a point never to lose that!

Harold Perkins is going to preach this Sunday night. Never have I seen a man fit to quickly and so effectively into the life of a church. He is dedicated to our Lord and has the ability to serve Him well. I know you'll hear him gladly.

See you Sunday.  
Your pastor and friend, Frank Pollard

## Couples Fish at Port Aransas

By MRS. OWEN ANDREWS  
Mr. and Mrs. Jim Brooks returned home Wednesday from a three-week fishing vacation at Port Aransas. They report good weather, fair fishing and a very nice time.

Mr. and Mrs. Henry Andrews left Thursday to visit the Brooks at Port Aransas and spent a long weekend on the trip.

The Brooks also visited the J. N. Burgin family at Sinton while in that area. The Burgins are former residents of this area.

**MR. AND MRS. David Yandell** were fishing at Stamford Lake near Abilene last week, having left on Wednesday and returning the last of the week.

Mr. and Mrs. Jack Rogers, Debbie and Laura, spent the Easter weekend in the Dallas area where they visited his sister, Mrs. Jimmy Ivy, and Mr. Ivy and also visited the Mark Shadden family at Stephenville.

**MR. AND MRS. Lloyd Shultz** were in Alamogordo during the Easter weekend to attend the wedding of Mary Shultz to Paul Wright. Miss Shultz is the daughter of Lloyd, and has made her home with her grandparents, Mr. and Mrs. Clarence Walker of Alamogordo, most of her life. The wedding was in the Baptist church at Alamogordo on Saturday evening. The young couple plan to live in the Los Angeles area. He has just been released from the military service after several months overseas duty.

Mrs. Bill Williams flew to San Francisco recently to attend the wedding of their son, Lee Roy Williams, to Rochelle Winston. The wedding took place in a Baptist Church in Sunnyvale, the hometown of Miss Winston, at 8 p.m.

March 17. The bride is the daughter of Mr. and Mrs. Don Winston of Sunnyvale. Lee Roy is a member of the Coast Guard and was due for sea duty assignment within the next few weeks.

**THE ARRIVAL** of spring is bringing, along with pleasures of growing things and pleasant outdoor activities, some of the disadvantages also. One specifically was the rattlesnake which bit the Ogan's dachshund, "Sadie," this week. The family pet died shortly after being found, despite efforts to help her. Perhaps humans will be warned by this sad experience to "beware — the snakes are coming to life."

Rev. and Mrs. Sam Ogan, Debbie and Anna Ruth, visited their relatives Mr. and Mrs. Cliff Robison and Laquita of the Westway community, Tuesday evening.

Sammy Ogan spent Tuesday night with Royce Waldrup. Herbert Haseloff, Abilene, visited his daughter, Mrs. Joe Andrews and family on Tuesday night.

Mrs. John Simpson who is in the Hereford hospital receiving treatment for high blood pressure, is feeling better.

**FRIO JOLLY WORKERS** 4-H Club is studying photography with Frank Robbins giving the instructions in a series of programs. The third session was held Monday at the Robbins home. Those taking the instruction are Diana and Kenneth Adams, Rocky Andrews, Earl Behrends, David Hutchins, Genie, Jerry and Patty Robbins, Marvin and Sue Smith, Raymond and Eugene Warrick.

Mrs. Irene Keating, HD Agent, gave 4-H girls a program on making pound cake and yeast rolls on Tuesday afternoon when the club met at the Frank Robbins home.

Girls attending the meeting were Sue Smith, Diana Adams, Genie and Patty Robbins.

Jan Bruns was honored at a "cousin's birthday party" to celebrate her second birthday at her home last Thursday. Present for the "gifts and goodies" were Cay and Jim Zetzseche, Elizabeth, Valerie and Jason Andrews, besides big brother, Harlan and

baby sister, Julie. Spending the Easter holiday with the Sam Ogan family was an aunt, Mrs. Parker Rampley of Silverton.

**WORD HAS** been received here of the death of Mrs. Jennie Buchanan, 89, of Manteca, Calif. She was the aunt of Mrs. G. L. Sparkman Sr., Mrs. A. G. Jones, Mrs. Deward Roberson and Earl Springer, all of Hereford, and had visited here many times. Her body, accompanied by her son, Bill Buchanan, also of Manteca, was to arrive by train on Monday and burial was to be on Tuesday at Plainview.

Mrs. Vinnie White and Doris of Wellington, visited Tuesday until Friday with Mrs. E. B. Berryman.

The Wallace White family of Biloxi, Miss., went home the first of the week. They were called here by the death of her father, E. B. Berryman, March 18. Also, they spent time with her sister, Mrs. Clark Andrews and family.

Plaintiff further prays that the cloud cast on the title to the property above described by Defendants be removed and said title vested in the Plaintiff, all as more fully shown by Plaintiff's Petition on file in this suit.

The Officer executing this process shall promptly serve the same according to law and make due return as the law directs, and if this process be not served within ninety days from the date of issuance, it shall be returned unserved.

## Junior High Choir Sings in Contest

Dimmitt Junior High School's mixed choir, directed by Mrs. James Horton, earned a III rating in the University Interscholastic League choral competition in Lub-

bock last week.

THE 36-VOICE choir of seventh and eighth graders performed "O Western Wind" by Clokey, "The Lord Is My Shepherd" by Koschat, and "Parade of the Wooden Soldiers" by Jessel as its contest numbers.

The choir was organized in September by Mrs. Kathleen Burrus,

and has been under Mrs. Horton's direction since February. It is the first Dimmitt school choir in several years to enter UIL competition.

HIGHEST score possible in the contest was a I, with a V as the lowest. One judge gave the DJHS singers a II rating, and the other two rated the choir with III's.

The choir plans to sing in several local churches this spring, plus the annual eighth grade banquet.

## 'Miss Dimmitt' Entries Sought

Entries are now open for the 1967 Miss Dimmitt Pageant, and tickets will go on sale April 13.

THE PAGEANT, sponsored by the Dimmitt Jaycees, will be May 6 at 8:15 p.m. (DST) in Dimmitt High School auditorium.

Jack Clark, pageant chairman, said the contest is open to all unmarried Castro County girls 16 to 21. Girls will compete in formal attire, talent acts, individual interviews and sports clothes modeling. The pageant will include no swimsuit competition, Clark said.

For the winner, the Miss Dimmitt title will be the springboard for other possible honors, Clark noted.

Besides winning a \$50 savings bond, the new Miss Dimmitt will represent the Jaycees here in the Miss Grain Sorghum Pageant in August, and if she is a high school senior she will also be sponsored in the Texas Junior Miss Pageant. Also, she may be entered in the Miss Wheatheart of the Nation contest in Kansas and the Miss Firecracker contest in Hale Center July 4.

Entry deadline is April 28, and entry blanks are available at Dimmitt High School, Hart High School and the First State Bank. With her entry form, each girl should include a full length, 5x7 glossy studio portrait of herself in formal. Entries should be mailed to Jack Clark, 701 Maple St., Dimmitt.

feelers to Ho Chi Minh, Communist leader of North Vietnam.

"But if you could read the answers of Ho Chi Minh, you'd know they have no intention of talking peace," he said.

"So our President's position, now, I believe, is: 'No more peace offensives; no more feelers - we intend to maintain overwhelming military pressure until you show us, through an overt act, that you genuinely want peace, and genuinely reject war as an instrument of national policy.'"

WITH THIS statement he drew his most thunderous applause of the night.

"I fervently hope you will support your President in this endeavor," Sen. Tower said. "I believe my President is right in his strategy in Vietnam - to show the Viet Cong that if they respect only force, then we know how to use it."

"If we yield here, if we pull out there, the enemy will say, 'Ah, yes - war IS an effective instrument of national policy for expansion.'"

Alan retires undefeated, since the junior contest ends at the county level.

BOTH THE junior and senior county spelling champions are students of Mrs. Max Stevens of Hart. Mrs. Stevens has coached county champions for three years, and had another double championship in 1965.

Other placers in the junior division were Jackie Seago of Hart, third; Vicki Wilhelm of Nazareth, fourth; Mike Sheppard of Dimmitt, fifth; and Alice Hochstein of Nazareth, sixth.

All the contestants earned the right to compete in the county bee in school spelldowns earlier.

questionnaires and commitment forms to every farmer in the county and got "enough pledges on vegetables to keep a dozen plants busy here."

He helped form the Dimmitt Produce Co., a stock company of which he is still president, and started the search for a vegetable processor. In 1958, he found it on the Gulf Coast - Pacific Fruit & Produce Co., which agreed to operate a plant built to its specifications by the Dimmitt Produce Co. The main produce was to be carrots.

THEN NELSON helped organize the Castro Vegetable Growers Association to build housing for produce workers, and the county was in the vegetable business.

Today, the county has 22,000 acres planted in vegetables, and three commercial processing plants.

His main editorial campaigns through the years have been for paved streets and highways after World War II, for new schools, for diversification of agriculture here, for an economically "complete" business community, and for trading at home. His newspaper has supported every bond issue here since 1943 except for last summer's city power plant proposal, on which the News took no editorial stand.

NELSON IS part of a generation that has gone from prairie schooner to the jet in a lifetime.

Born Feb. 3, 1906 in Ferris (Ellis County), he spent his young boyhood near Artesia, N.M. In 1912, when he was 6 years old, he traveled with his father, mother and two older brothers from Roswell, N.M., to Rogers by covered wagon.

He spent the rest of his boyhood at Rogers, where his father was a cotton farmer. After graduating from Rogers High School, he joined the Rogers Weekly News in 1925.

In March 1929 he married Viola Patzke of Rosebud. They moved to Paducah in 1930, where he joined the Roaring Springs Reporter.

IN ADDITION to being editor, he was elected mayor of Roaring Springs when he was 26.

He started the Amherst Reporter in 1938, and four years later he leased the Olton Enterprise. After operating the two Lamb County weeklies jointly for a year, he moved from Olton to Dimmitt in 1943.

The Nelsons have three children - Bascom Jr. of Mineral, a staff member of the Beeville Bee-Picayune; Don, who is managing editor of the Castro County News; and Mrs. Mary Burnham of Albuquerque, N.M.

## Judge Denies Bond on Ivey

District Judge James Joy Tuesday ordered Paul Dale "Mokey" Ivey held in county jail without bond until April 18, when he will face trial for contempt of court and aggravated assault against his estranged wife.

IVEY, a young Dimmitt farmer, was arrested and jailed Saturday night after his wife was hospitalized with severe bruises and a stab wound.

Mrs. Ivey had filed for divorce earlier, and Ivey was under a temporary restraining order at the time of the alleged attack Saturday night. Judge Joy charged Ivey with contempt of court Monday, ruling that he had violated the restraining order.

IVEY'S attorney moved to have the court set bond Monday on the aggravated assault charge, but Judge Joy denied the motion and ordered Ivey held without bond until April 18, when the court will hear the divorce case, contempt charge and aggravated assault charge.

Ivey's attorney filed an exception to Judge Joy's order.
