THIRTY SEVENTH YEAR

DIMMITT, CASTRO COUNTY, TEXAS, THURSDAY, MAY 7, 1964

22 PAGES — NUMBER 29

## 2,500 Tour New Hospital

An adequate hospital facility for any community is a must, whether it makes money, loses money or breaks even and chances are it will be a financial liability regardless. Be that as it may, the American public has been trained to, and expect to go to, a hospital for medical treatment and a community that doesn't afford adequate hospital facilities can expect to become a satellite of a neighboring town or city where medical treatment is available.

Dimmitt is proud of its new hospital and justly so. I have avoided doctors and hospitals as much as possible, getting by with a very minimum of repairs when possible, but I have had occasion to visit friends and relatives both in hospitals in large and small towns. Nowhere, but nowhere, have I ever seen a better constructed or equipped hospital as the Plains Memorial Hospital in Dimmitt. For that matter I have never seen one in its class. The hospital building committee and the hospital board are to be commended for the fine medical center that is a result of their planning and foresight. The entire county is indebted to them for a job well done.

Being a printer by nature and trade, I am necessarily mechanically inclined and through my trade experience I have learned to recognize and like good equipment whether it is used for farming, printing or in the healing arts. I just barely know one major piece of hospital equipment from another but after a more or less hurried trip through the new hospital and a casual observation of the various equipment in the various departments I would say that it is just about as good as money could buy, if it is not the best.

I happened to be on the hospital board, and the building committee, some sixteen years ago when the buildings for the old hospital were secured and moved to the hospital site. The old building was placed at the rear of the property expressly so that when a new building was possible the choice front of the property would be available for building. As a building committee of two Ester Noble and myself sweated that program out, and I doubt if either of us dreamed that the new building would be so long in coming, but I think Mr. Noble would agree with me that the fine new medical center has been worth waiting for.

Dimmitt may have been slow in its progress in some areas, but it is very satisfying to live in a community that when progress does come it is stable and the result of good planning and the result of a definite need. The proof of the pudding can be seen in our fine churches, school facilities, and now the hospital, water, sewer and paving programs, and our public buildings, that is except the post office building and we are going to get that fixed before too long.

### Legion Baseball Team To Begin Practice Tuesday

All boys interested in playing American Legion baseball this summer will report for their first official practice Tuesday afternoon at 5:30 in the City Park.

Coach Jimmie Chapman will be there to explain the program to the boys and a light workout will be held for pitchers and catchers. A practice game with the Littlefield team will probably be played the latter part of the week.

Chapman urges all boys in the age group of 15, 16, 17 and 18 years of age that are planning on playing ball this summer to be present.

Most of the boys have been working out on their own until the local post could get their insurance protection. Steve Hutton has been in charge of the boys during the past workouts.

Hart Senior Girl Recognized For Scholastic Rating

Linda Cole was highest-ranking senior girl scholastically announces Malcolm Atwood, principal. She maintained a grade average of 87.61 during her four years in high school.

Miss Cole was active in various extracurricular activities. She was forward for four years on the basketball team. She worked on the annual staff for three years and served as editor this year. She has been a member of F.H.A. for four years. The senior has been a member of both Junior and Senior play casts. She served in pep squad for four years.

Offices held during high school include editor of annual staff this year, treasurer of F.H.A. this year, class reporter, freshman year and class reporter, junior year.

Future plans include attending South Plains Junior College, Levelland where she plans to major in secretarial science.

DON NEWMAN, hospital administrator watches as Dr. Mayes Miller, pioneer doctor here, cuts the ribbon at the dedication service of the Plains Memorial Hospital, Sunday afternoon. —Staff Photo

Approximately 2,500 people toured then saw \$450,000 Plains Memorial Hospital Sunday afternoon at open house.

Highlighting the dedication service held at 2 p.m. was the cutting of the ribbon by Dr. Mayes Miller, pioneer doctor here.

Russell Moran, president of the hospital board served as master of ceremonies. He gave a short history of the County hospital. Burr Morris, minister of First Presbyterian here gave a short dedicatory message. The Rev. Dintel Leonard, pastor of First Baptist Church, Hart prayed the invocation. The benediction was pronounced by Father Raphael Chen of Immaculate Conception Catholic Church, Dimmitt.

The Plains Memorial Hospital Auxiliary registered the guests attending the open house and provided guides for tours through the hospital. Also the Auxiliary provided refreshments for the visitors.

The 28 bed hospital features electric beds in the patient rooms, piped oxygen and suction, all newly equipped surgery, including cardiac and delivery room features the best in safety and comfort.

Over \$90,000 worth of new equipment compliments the centrally located kitchen area. New X-Ray equipment including a portable machine and a newly equipped laboratory are available for complete diagnostic services.

The NEWS has devoted part of this issue to stories and pictures explaining in detail the many features of the hospital, as well as congratulatory advertisements from merchants and business people.

DON NEWMAN, Hospital Administrator

### Jaycees Plan Miss Dimmitt Beauty Pageant For June 6

The first annual "Miss Dimmitt Pageant" will be held June 6 in the Dimmitt High School auditorium. Larry Allen, president of the Dimmitt Jaycees announced last night.

Allen said, "The Jaycees are sponsoring this pageant in order to select a young lady to represent Castro County in various functions throughout the state of Texas."

The pageant will also provide the young ladies of Castro County with an opportunity to compete in a beauty pageant with local young ladies.

Pete Wright is serving as chairman of this year's pageant and is being assisted by Jimmy Presley and Don Newman.

At a meeting of the pageant committee last Friday night, 12 sub-committees were set up to handle various phases of the pageant. The Dimmitt Jaycee-Ettes will lend their assistance to the Jaycees in this project.

After Friday's meeting of the pageant committee, the following information was released concerning the pageant.

Contestants must be at least 15 years of age and not over 20 years of age on the date of the pageant; Any young lady who is a resident of Castro County is eligible to enter.

Deadline for entry is midnight, May 30.

Contestants will be judged on the basis of interview, appearance (street clothes) and poise in the afternoon. In the evening, judging will be on talent, balling suit and formal attire competition.

Judges will be selected from out-of-town; and

Sponsors will be secured for all contestants.

Allen commented, "Those businesses that desire to sponsor a certain young lady are urged to let their intentions be known."

Sponsorship fee is \$10 and will be used to defray cost of flowers, lunch and other expenses of the contestant such as two complimentary passes to the pageant.

Admission to the pageant will be \$1 for adults and \$5 for students.

Any girl from Castro County wishing to enter the contest urged to contact, Mrs. Jean Byrnes or Bob DuLaney in Dimmitt or any member of the Dimmitt Jaycee.

Any firm wishing to sponsor a contestant may do so by contacting either Mrs. Jean Byrnes or Bob DuLaney or any member of the Dimmitt Jaycees.

A rehearsal party will be held for all entrants and their escorts on June 5.

## Party Nominees Picked In Saturday Balloting

Countians attended the polls Saturday to cast their votes in the Democratic and Republican primaries. Approximately 1,510 votes were cast in the two primaries.

The Castro County Republican and Democratic precinct conventions were held Saturday. The two parties will hold county conventions Saturday, May 9.

Republicans will meet in the

Community Room of the courthouse at 8 p.m. All Republicans are urged to be present.

Democrats will meet in the Community Room of the First State Bank at 2:30 p.m. Ray Bearden, county Democratic chairman urges all delegates and alternates to be present. A gallery of Democrats will be allowed according to Bearden. Sgt.-at-arms will check all credentials.

Pres. 6 - Paul Armstrong 110  
Pres. 7 - Fred Bruegel, Sr. 110  
Pres. 8 - Doyle McFerrin 110  
Pres. 10 - Jon C. Little 70  
Pres. 11 - Mrs. Paul Zahn 37  
Pres. 13 - Mrs. G. E. McFarland

### Dimmitt Exchange Student To Speak At Book Club

Michele Bertonneau, exchange student from France, will speak Wednesday, May 13 at the Dimmitt Book Club. The Club will meet at 4 p.m. in the Community Room of the First State Bank.

The young student will give some facts concerning the American Field Service, program which sponsors exchange students. The public is invited.

### PONY League Meeting Scheduled

PONY League meeting will be held Friday, May 8 at 8 p.m. in the City Hall. Parents are urged to attend.

The League needs parents for managing and coaching the two Dimmitt teams. Sponsors for the PONY League teams are Flash-O-Gas, Inc. and Community Grain of Easter.

Auction of the players will be held soon. Other two teams in the PONY League are from Hart and Nazareth.

JAYCEE committee with the help of Jaycee-Ettes plan the first annual Miss Dimmitt Pageant. The pageant will be June 6 in the High School auditorium. The Jaycees are sponsoring this pageant in order to select a young lady to represent Castro County in various functions throughout the state of Texas. Committee members are (seated) Fred Bruegel, Jr., Mrs. Truman Touchstone, Larry Allen, Pete Wright, Benny Nelson, Jimmy Presley, (standing) Jimmy Ross, Don Newman, Mrs. Bud Byrnes and Don Parsons. See story. —Staff Photo

### Little League Is Reorganized

Dimmitt has reorganized their Little League program for this year announces James Wohlge-muth, president.

The Dimmitt teams withdrew from the Castro County Little League this year in order to organize a Dimmitt program. Wohlge-muth said, "We felt the need for reorganization in order to include more boys in the program." "We were forced to turn away 60 boys last year," declared the president.

He continued, "We anticipate more boys becoming interested in Little League and we may be able to expand to six teams next year."

The Dimmitt Little League will have four teams this year. Sponsors are Harry's Super Market, Farmer's Supply, West Texas Telephone Co. and Western Ammonia.

Dimmitt Little League president made the following statement: "We appreciated playing in the Castro County program and enjoyed the good sportsmanship and friendships made during our tenure in the Castro County League."

Hart and Nazareth will be playing under the old charter, Castro County Little League. Each community will have two teams.

Officers for the Dimmitt Little League are James Wohlge-muth, president; E.C. Hodge, vice-president; Robert Singer, secretary; Carrol Webb, treasurer; and Orville Malone, player agent.

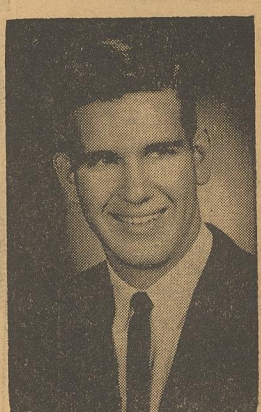

Applications for Little League are available at the office of Weldon Skinner, North Grade School principal. Birth certificates must accompany the application blank. The certificate must have an official seal. Applications are to be turned into Orville Malone at Haynes Machinery by Friday, May 8. According to Wohlge-muth, boys who are 12 before August 1 will be considered age 12 for Little League. Boys who are 12 after August 1 are considered 11 years old in Little League. Any 12 year old boy who has a birthday after August 1 may participate in Little League.

Tryouts will be Saturday, May 9 at the city park. The 10-year old tryouts will be at 1:30 p.m., 11-year old tryouts at 2:30 p.m. and 12-year old tryouts at 3:30 p.m.

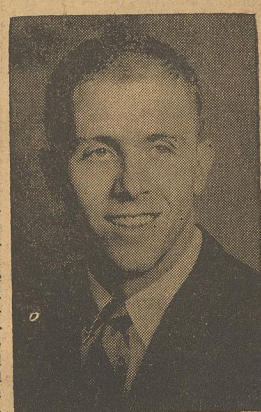

Tentative schedule calls for playing doubleheaders on Tuesday and Thursday nights in order to get 13 games for each team.

The Little League is in need of personnel for umpiring. Anyone interested in serving as an umpire should contact James Wohlge-muth.

The coaches will meet May 11 and draw for order of choice in selecting team members. Each coach will use his order of choice to select the player he desires. Players will be notified May 14 what team they will be playing on.

RONNIE BOTKIN  
President

KENT HANCE  
Vice-president

### County Students Head Texas Tech Student Council

Ronnie Botkin of Summerfield was recently elected president of the Student Council of Texas Tech, Lubbock, and Kent Hance of Dimmitt was elected vice president. Other officers are Nancy Shoemaker, Abilene, who is secretary and Garland Weeks, Wichita Falls, business manager.

Botkin is the son of Mr. and Mrs. Roy Botkin and was graduated from Hereford High School in 1961. He has served as president of Phi Eta Sigma, National honorary fraternity and was named to Who's Who in American Colleges this year. He has been a member of the Student Council two years where he headed the Allotations Committee and was Student Council representative to the Athletic Council. He is a member of the Board of Student Organizations and of Saddle Tramps and the Athletic Council.

Hance is the son of Mr. and Mrs. Raymond Hance and is a 1961 graduate of Dimmitt High School. He has been a member of the Student Council two years and is the Inter-Fraternity Council. He has served as vice president and president of Delta Tau Delta and is a member of Saddle Tramps. He is a member of the Board of Student Organizations and is chairman of the Athletic Recruiting Committee, of the Athletic Integration Committee and of the Name Change Committee.

### Norma Battles Accepted In UT Medical School

Norma Battles, a senior at Texas Tech, has been accepted to the University of Texas Southwestern Medical School, and has received invitations from other medical schools. She will begin work as a medical student in Dallas, September of this year. The class will consist of 100 students, of which less than 10 per cent will be women.

Norma will be graduated from Texas Technological College May 30 with an overall "B" average. She will receive a Bachelor of Arts degree. She majored in chemistry and minored in German.

In order to be accepted to Medical School, above average work must be completed in the following fields: the humanities— including English composition and literature, foreign language, history, philosophy, and the social

### C. R. Anthony Store To Be Constructed Here

Contract has been agreed on between C. R. Anthony Company and N. F. Cleavinger for the construction of a store building to house a C. R. Anthony store in Dimmitt.

The 50 x 120 ft. building will be located just east of the courthouse next to Western Auto Store. According to Cleavinger, the building will be of the most modern construction featuring refrigerated air conditioning.

The building will be ready for occupancy during the first part of August.

### City Commission Lets Bids To Lowest Bidders

City commission let the bids for water, sewer and paving Monday night announces E. B. Noble, city manager.

Foran Construction Company of Amarillo was awarded the total bid of water and sewer. They were low bidders with \$59,338.79. Six companies put in a bid. Main construction will be a 10-inch water main from the east tower to the west tower.

Street sealing and paving was awarded Lewis Squier of Hereford on a bid of \$75,715.68. He was low bidder out of three companies.

A weekly public service feature from the Texas State Department of Health

# Accent on Health

J.E. PEAVY, M.D.  
Commissioner of Health

Are the "childhood diseases" here to stay? Is it still necessary to have a smallpox vaccination? Do babies inherit a "natural immunity"?

The "childhood diseases" are a myth. The fact is that these diseases are so contagious among children that most people have had them and thereby developed immunity by adulthood. But adults can and do catch them, and when they do they are sometimes much sicker than children.

Two of the so-called childhood diseases—mumps and German measles—have special dangers for the adult patient. Mumps can be damaging to adults—both men and women. And German measles, when occurring in the early part of pregnancy, can result in damage to the unborn child. So, if you are exposed to any "childhood" disease and believe you have never had it, ask your doctor what you can do to protect yourself.

It is extremely important that you and your children keep protection against smallpox up to date. True, the absence of smallpox in this country has led to a lack of public concern about serious disease and large segments of adult population are unvaccinated or require boosters. In some parts of the world smallpox continues to be a serious problem. If just one single undetected smallpox case should be introduced into a U. S. community, it could touch off a serious epidemic.

Is it true that a baby is protected by his "natural immunity" acquired from his mother? Some of a mother's natural or acquired immunities, if any, can be passed on to her unborn infant as her blood courses through the placenta that nourishes him, but this inherited immunity remains effective for only a short time.

In the case of whooping cough, a highly contagious disease that is especially dangerous and often fatal for small babies, there is evidence that immunity is only occasionally passed on.

Every parent, medical authorities advise, should plan an immunization program beginning at six weeks of age against diphtheria, whooping cough, tetanus, poliomyelitis and smallpox. Booster shots to maintain complete protection should follow at prescribed intervals throughout childhood and in the case of certain diseases, well into adult life.

## Barnyard News

By Larry Pullig, Agronomist,

Red Barn Chemicals, Inc.

Cotton planting season is here and Mr. Farmer must decide if he is going to use pre-emerge herbicides. There are several pre-emerge herbicides for cotton, but Treflan and Karmex DL are the most popular in this area.

Each is a good product, but each also contains a drawback.

Treflan has to be incorporated into the soil. This runs the cost up because it may mean that the farmer has to buy some more machinery, although a rotary hoe will work to certain extent. After incorporation, Treflan is weather proof. Plant the seeds below the incorporated soil.

Karmex does not need incorporation but it must have either rainfall or overhead irrigation in order to activate the product. Furrow irrigation will not work.

Karmex should also have a surfactant in order for best results. This should be applied at the rate of one pint for each 25 gallons of the mixture. The surfactant helps to activate the Karmex.

## Air-Conditioning And Heating Add To Patient's Comfort

Complete air-conditioning and heating facilities add to patient and staff comfort in the new hospital.

The air-conditioning and heating systems are gas-fired heater-chillers with a standby boiler for heat when necessary.

Each room in the building has individual control through individual air circulators in the room. Air is drawn from the outside to maintain fresh air supply in the rooms.

This system is so designed that a small chiller supplies air for surgery, obstetrics and other rooms on the west wing. Then a large 25 ton unit and 15 ton unit supplies the remainder of the building with adequate heat and air-conditioning.

Another feature of the hospital is a new water softener system installed in the boiler room. Also in this area is a dual hot water system. This system provides 140 degree and 180 degree water for the hospital.

### Civic Interest Gives Spark To Hospital Auxiliary

(EDITOR'S NOTE: The News thanks Mrs. Joe Carver, publicity chairman for the hospital auxiliary for the following article concerning formation of the Plains Memorial Hospital Auxiliary.)

As an outgrowth of a civic-centered study, the WSCS of the First Methodist Church voted to start the ball rolling toward forming a hospital auxiliary. A committee was appointed by the president and with spontaneous enthusiasm by all in-

volved, the groundwork was laid for the Plains Memorial Hospital Auxiliary.

Mrs. Raymond Wilson took Mrs. Joe Carver, Mrs. J. E. Taylor and Mrs. Harold Bischoff to Lockney where the group obtained first-hand information from Mrs. Pat Frizzell, one of the organizers of the Hi-Plains Hospital Auxiliary. With the abundance of information Mrs. Frizzell supplied the group, an orientation meeting was held for all interested Castro County women.

Mrs. Paul Spring, doctor's wife from Friona, spoke at this meeting along with Don Newman, hospital administrator here. About 40 women attended this meeting.

Mrs. Bob McLean was elected temporary chairman and plans were made for election of officers at the next meeting. The nominating committee submitted the slate of officers which were accepted by acclamation.

Officers are Mrs. J. C. Gilbreath, president; Mrs. Charles Armstrong first vice-president; Mrs. Chet Braadfladt, second vice-president; Mrs. J.E. Taylor, secretary; Mrs. Agnes Brockman, treasurer; Mrs. Joe Carver, publicity; and Mrs. Sandy Parsons, historian.

At this meeting about 55 women attended. Organizational committees were set up.

Committee chairmen include Mrs. Raymond Wilson, By-Laws commit-

tee; Mrs. Bruce Wooddell, Uniform committee; and Mrs. Dessie Mae Cox, Naming committee.

An executive board meeting was tentatively scheduled, with another general meeting to be held in a month.

All this time, enthusiasm went everywhere an Auxiliary member went. The president, Mrs. Gilbreath remarks that never has she seen such an enthused group of women in Castro County up to this time.

To organize and utilize all the members, more committees were formed. Chairmen include: Mrs. Robert Singer, secretarial work; M. S. Ruby Wood, telephone committee; Mrs. J. D. Blackburn, patient aid; Mrs. Bob McLean, finance committee; Mrs. Nell Copeland, gift shop; Mrs. Russell Moran, coffee bar; Mrs. Chet Braadfladt, program chairman; Mrs. Raymond Wilson, information desk; Mrs. Calvin Lippard, memorial fund; Mrs. Harold Bischoff, hospital clothing needs; Mrs. Swain Burnett, hospital library and book cart; Mrs. V. C. Hopson, tray handiwork and decorations; Mrs. Cecil Vandiver, flowers for special days; Mrs. Ted Sheffy, hospital landscaping.

The Hospital Volunteer will assist the hospital staff as they see fit. She can bridge the gap between what the nurses can provide and the intangibles involved in the patients' total need.

The Volunteer can read or feed patients, provide a library book from the book cart, obtain any personal items needed and help visitors locate patients.

Another activity in the planning stage is handling babies' pictures for new parents. Mrs. Doris Portwood is in charge of this area.

Eventually each auxiliary member will be assigned a special duty in case of disaster and will be on call in any emergency.

The effectiveness of the volunteer will depend on how carefully she has been introduced to the Hospital program. With this in mind, Mrs. J. D. Blackburn will conduct an orientation program on

floor service, beginning in June. The information desk and gift shop will be staffed by Volunteers. They will be especially essential to visitors coming to the hospital.

All members working in the hospital will wear cherry "pink" pinafores, with matching caps and white tailored blouses. The patch of the Texas Hospital Auxiliary of which Plains Memorial is a member, will be on the pinafore. This is the official auxiliary uniform throughout the nation.

There are three types of membership available: active, inactive and life. Applications for charter membership closes May 9, however, membership is available at any time to any interested woman of the county. Up to the present time, there are 50 active members and 10 inactive members.

The purpose of the Plains Memorial Hospital Auxiliary is to render volunteer service for the betterment of community health and to promote the public interest in the Plains Memorial Hospital.

The hospital board, and administrator saw the need for such an organization and with the help of the women of the community—the Auxiliary was formed. Those women must be commended on their desire to serve humanity, to be useful and to engage in such a worthy project.

MEDICAL STAFF serving residents of Castro County and on the staff at Plains Memorial Hospital includes (left to right) Dr. Ray Stanley, Dr. Dennis Blackburn, Dr. R. E. Cogswell, Dr. Jack Harris of Hart, Dr. B. H. Lee and Dr. Harold Bischoff. —Staff Photo

### Clothing Course Offered Here

A county-wide clothing construction course for any woman interested in sewing has been scheduled announces Celia Simpson, Home Demonstration agent. It's free. You'll learn. Do come!

A planning meeting will be held Thursday, May 14 at 2:30 p.m. in the Castro County courthouse basement.

The sewing class is sponsored by the Extension Service but is available to all beginner seamstresses. This is NOT just for Home Demonstration Club members and

### Hart High School Commencement To Be Held May 22

Hart High School commencement exercises will be Friday, May 22 at 8 p.m. in the Hart high school auditorium announces Malcolm Atwood, principal.

Mrs. Carl Rambo will play the processional and recessional. Invitations will be NO fee.

If needing more information, go by the Extension Office or call 647-3455.

ation will be given by H. L. Cheatham.

## Cast Of Sixth Graders Entertained Near Capacity Crowd Thursday Night

by Nelda Thomas Staff Writer

A delighted audience thrilled over the children's classic "Snow White and the Seven Dwarfs" Thursday night as a cast composed of sixth graders did a phenomenal job of acting.

This play was originally chosen by director James W. Bates for high school students. The remarkable acting produced by the sixth graders awed the audience from the opening curtain to the climaxing end.

Comments are certainly due the fine cast and director, James Bates and assistant director, Kathleen Robinson for the hard work which went into making "Snow White and the Seven Dwarfs" the polished performance which was presented to over 850 viewers in the high school auditorium.

Vicki LaForet gave an eye-catching performance as she stayed in character quite well portraying Gretchen, the stern Palace Housekeeper. Her voice and carriage were trained in complete compliance with the difficult part.

Mark Cleavinger with his eternal handspans charmed the audience with his smooth acting as the Palace Footman. His clever repartees kept the play moving.

Adding enchantment to the scenes was the beautiful Snow White played to perfection by Keri Kirkpatrick. She showed fine sensitivity and electric vitality as she played the key roll in the drama. The acting skills of Jerry Keith Cartwright as Frederick were notable. He did a masterful job impersonating the charmed young prince. Keri and Jerry showed amazing technical ingenuity in the memorization of their numerous lines.

Marilyn McLeroy played to consummation the role of the Dark Queen. Marilyn did an outstanding job depicting the haughty enchantress with her all-consuming worship of her own beauty. Marilyn's execution of the subtle part in the last scene was inspiring.

Princess Jeanne Marie was portrayed successfully by the acting skills of Ruth Dyer. She kept the drama lively with her handspans and happy-go-lucky spirit. Ruth's natural buoyancy gave the character part a touch of acting beauty.

Jerry Bill Birdwell treated the audience to the artful resonance of his voice as he played The Mirror Prince. His acting style showed polish as he later appeared on stage during the final act to claim Princess Jeanne Marie as his beloved.

Adding spice and fun to the drama were the superb actors portraying the traditional characteristics of the well-known seven dwarfs. Presenting a picturesque scene in their black leotards and green hats Rex Lust, Roger Jones, Johnny Vick, Perry Graham, Carol Dean Carson, Russell Stringfield and Lloyd Singer evoked spontaneous laughter from the audience with their droll comments.

Vicki Vaughn, Jackie Schaeffer and Delores Wilke handled their assignments as Ermintude, Emily and Ernestine respectively with professional instinctiveness and just the proper amount of light-hearted gaiety.

Suzan Benson, student director, did an excellent job in keeping the cast members on their toes. Her first experience as director was well-awarded with a fine production.

The cast's memorable execution of the dramatic scene in the last act evoked a spontaneous ovation from the audience. The acting skills of the young sixth graders added an extra pinch of spice to an overall enchanting evening in fairy land.

The fourth, fifth and sixth grade choirs entertained the audience between acts with their inspired singing of "Three Cheers For Anything There's No Business Like Show Business," and "Some Where Over the Rainbow." Kathleen Robinson at the piano demonstrated her amazing versatility of skills as she directed the choirs and accompanied at the same time.

Special recognition is due Lalo Martinez for his job as stage manager. Also to be commended for their assistance in the drama are Don Leinen, lighting effects; Robert Fortner and Charles Coody, house managers; Katherine Taack, Mary Olivarez and Ann Latimer, make-up; Mrs. Ed McLeroy and Mrs. Cecil Mills, costumes; Mrs. Edd McLeroy and Mrs. Gladys Benson, donations; and Linda Bennett, Becky Sanders, Suzanne Merritt and Beverly Newman, programs.

Set was designed and executed by eighth grade speech class composed of Don Leinen, Lalo Martinez, Robert Fortner, Charles Coody, Katherine Taack, Ann Latimer and Mary Olivarez.

Plains Memorial Hospital Auxiliary will meet Saturday at 10 a.m. in the Community Room of the First State Bank announces Mrs. Joe Carver, publicity chairman.

MRS. DONALD W. GEORGE  
nee Jacquelyn Sumner

### First Presbyterian Church Is Scene Of Double Ring Wedding Ceremony

Miss Jacquelyn Sumner, daughter of Mr. and Mrs. Raymond Sumner of Hereford and Donald W. George, son of Mr. and Mrs. Woody George of Dimmitt exchanged nuptial vows April 24 in the First Presbyterian Church, Hereford.

Rev. Wingert read the double ring ceremony. Mrs. Larry Boston of Carlsbad, N.M., cousin of the bride was organist. Musical selection for the ceremony was "Oh Promise Me."

Given in marriage by her father, the bride wore a street length dress

of white brocade blended in dacron and metallic materials. She wore a white lace hat. She carried an orchid surrounded by white carnations atop a white Bible.

Dennis Hodges of Hereford served as usher for the ceremony.

Following the ceremony, a reception was held at 816 Brevard, Hereford. Presiding at the guest book was Mrs. Wayne Bishop, groom's sister. Sharon Sumner, sister of bride served the punch. Mrs. James Leinen, sister of groom, served the three tiered lav-

### Dimmitt 4-H Club Elects Officers

Dimmitt 4-H Club met Monday night and elected officers.

Serving as officers next year will be Graham Sheffy, president; Gary Webb, vice-president; David Bellinghausen, secretary; Fred Bennett, reporter; and Ricky Kuntz, council delegate.

Two new members joined the Dimmitt 4-H Monday night. They were Rocky Kay and Jackie Walthrop.

Reports were given on the county 4-H demonstration program. Gary Webb and Clayton Ellis won a red ribbon at the Castro County 4-H contest held recently. They attended the district meet in Canyon where they were awarded a white ribbon. Fred Bennett and Ricky Kuntz won a blue ribbon on their demonstration at the County contest. At district, the two boys were awarded a white ribbon.

The 4-H Club will meet Monday night, June 1.

MISS SHARON KAY ODOM

### Odom - Cox To Exchange Vows

Mr. and Mrs. M. E. Odom announce the engagement and approaching marriage of their daughter, Sharon Kay to Lynn Dale Cox, son of Mr. and Mrs. Kenneth Cox of Lazbuddie.

A home wedding for the immediate family is planned for May 9. A reception will be held at the First Baptist Church here honoring the bride and groom.

All friends and relatives are invited to attend the reception.

MISS JUDITH ANN BROWN

### Brown - Backus To Wed June 18

Mr. and Mrs. Sam Wesley Brown of Dimmitt announce the engagement and approaching marriage of their daughter, Judith Ann to Edmund Joseph, son of Mrs. Helen Backus and the late Leslie Backus of Nazareth. The bride is a graduate of Dimmitt High School.

The wedding will be Thursday, June 18 in the Holy Family Catholic Church, Nazareth at 10 a.m.

### DIMMITT GARDEN CLUB

The Dimmitt Garden Club will hold the Spring Luncheon at Raney's Cafe, Hereford, Tuesday, May 12. All members are requested to meet at the First State Bank, Dimmitt at 11:45. Come dressed in Hawaiian clothes. Mrs. Bob DuLaney and Mrs. Aaron Isaacs will be hostesses.

### COWSERTS VISITS IN COLO.

Mr. and Mrs. Jack Cowsert spent last weekend at Ft. Collins, Colo., visiting her sister, Mrs. Ray Koehler and Mr. Koehler. They also visited their son, Jim Cowsert. They attended C.S.U. College Days Parade and Chuck Wagon buffet luncheon honoring parents of CSU students.

### County Hospital History Discussed

(Editor's Note: The News thanks Mrs. Sandy Parsons, historian of Plains Memorial Auxiliary for the following facts about the history of county hospital.)

In the spring of 1933, Dr. Mayes Miller established the first hospital in Castro County. It was privately owned and consisted of ten beds located on the second floor of the old Bank building.

A short time later, Dr. R. E. Cogswell became an associate, and in 1945 he purchased Dr. Miller's interest in the hospital.

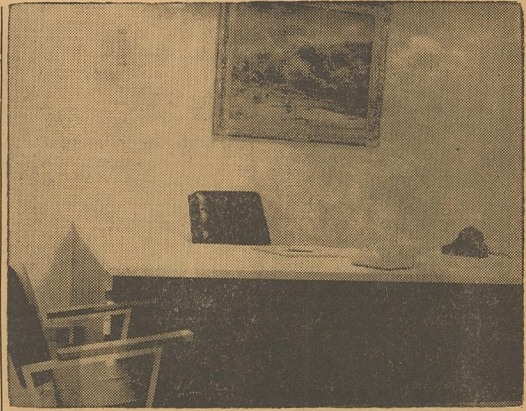

On May 8, 1945 a meeting was held in the office of T. E. Harrison for the purpose of organizing and electing a directory for the establishment of a Cooperative Hospital in Dimmitt. The officers were W. R. Simon, president; E. L. Carpenter, vice-president; T. E. Harrison, secretary and treasurer; Sam Hunter, B. M. Nelson, Walter Hodges, O. D. Dinwiddie, T. F. Bice and Ed Drerup, directors.

Plains Memorial Hospital, Inc. was the name proposed by B.M. Nelson. This name was adopted. Swain Burkett was employed as attorney. Opening day for Plains Memorial Hospital, Inc. was December 10, 1945. The hospital was located on the second floor of the old Bank building. Dr. R. E. Cogswell was employed as Chief Physician.

On March 28, 1953, a bond election was held and passed enabling the purchase by Castro County of the land, buildings and equipment from the Co-Operative Plains Memorial Hospital. On July 1, 1953, the hospital was established as a County hospital. The first board of Directors for the Castro County Hospital consisted of N. F. Cleavinger, Bob McLean, Carl Kemp, Sr., Andrew Acker, Gaines Neill, Owens Cox and Percy Hart.

Lots 1 thru 16 in block 2 of the Winona addition were purchased for the location of the hospital. Barracks from the Hereford prisoner of war camp located in Castro in serious accident cases.

The room also features an intercom system which is connected with the nurses station in central area of hospital.

AN INSIDE VIEW of the hospital administrator's office. The office furniture is black and white. The picture on the wall was painted by Mrs. Louise Jordon, director of nursing service in the Plains Memorial Hospital. See story. —Staff Photo

### Tech's Rodeo Arena Dedicated To Dub Parks

Mrs. B. A. Fuller visited in the home of her daughter and husband Mr. and Mrs. Roy Hickman of Morton last week. Mrs. Fuller and the Hickmans attended the annual Texas Tech intercollegiate rodeo at Lubbock Municipal Coliseum, Thursday evening, April 30.

The new Tech Rodeo Arena was dedicated in memory of Dub Parks, son of Mrs. Hickman. The Dub Parks Memorial Arena is located at 4th and Quaker, Lubbock.

Each year the Texas Tech Rodeo Association makes an award of a silver buckle to the individual who has contributed the most to the Club. This award is presented as a memorial to Parks, who was a former President of the Club and a graduate of Texas Tech.

Parks made great contributions to the Club in the form of leadership, honor and willingness-to-work. After his life was taken in a tragic automobile accident it was decided to establish this award as a living memorial to all who followed after him. The individual Club members conduct a secret ballot to select the member who possesses these qualities and has contributed his or her time unsparsingly to benefit the Club. This award is something to be proud of due to the manner of selection. The sentiments attached are of much greater value than the buckle.

The hand of Fate worked oddly and quaintly this year as the winner was "another Dub" announced at the dedication of the new arena. Dub Wise of Jackson, Wyoming, senior at Tech, was recipient of the 1964 Dub Parks Memorial Award.

PATIENT'S ROOM

### Medical-Surgical Rooms Located In East Wing

East wing of the new hospital contains the private and semi-private rooms for the medical-surgical patients.

There are six semi-private rooms and eleven private rooms. The semi-private rooms are equipped with electric hi-low beds, piped-in oxygen, suction and intercom to nurses station. Private rooms are furnished with all electric beds, piped oxygen, suction and an intercom station. Four of the private rooms have complete private bath units. Two of these rooms may be used for isolation.

All patient rooms contains a centron unit which features an examining light, reading light, night light, intercom, oxygen, suction, telephone outlet, nurses' call and indirect light.

Rooms are equipped with comfortable chairs which can be adjusted to patient's or visitors needs. Other room furnishing include bedside table and over-bed table which has mirror for patient use. Built in cabinets furnish plenty of space for patient's personal possessions.

In the semi-private rooms a large matching draw-drape divides the room allowing privacy for each occupant. Rooms on the medical-surgical floor are numbered 101-129. Rooms on the obstetric ward are numbered 200-212.

Nurses station is centrally located in the patient area and contains doctor's charting area, intercom system, and medicine room.

### Lloyd Glidewell Loses Brother

Services for R. L. Glidewell, 50, of Edmonson, brother of Loyd Glidewell of Dimmitt were held at 3 p.m. Friday in the First Baptist Church, Edmonson.

The Rev. Leonard Hartley, Hamlin and the Rev. Herbert Row, Edmonson minister officiated. Burial was in Plainview Cemetery.

Glidewell passed away Thursday morning in Methodist Hospital at Lubbock after a six-month illness.

Glidewell had resided in the Edmonson area several years. At the time of his death, he was employed by Edmonson Wheat Growers elevator.

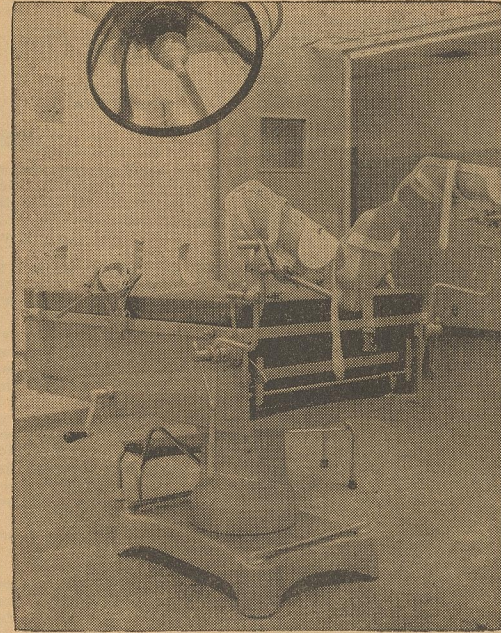

Born in Mineral Wells, he came to the South Plains several years before moving to Hale County in 1948. He was married to the former Miss Opal Simmons at Plainview in 1940.

Survivors include his wife; three daughters, Mrs. Tommy Sullivan and Mrs. Larry Adams, both of Breckenridge, and Mrs. Bill Behmer, Greeley, Colo., two sons, Gary and Doyle, both of the home; his father, Gary Glidewell, Odessa; his mother, Mrs. Earl Grant, San Pablo, Calif.; a sister, Mrs. Roy Barnhart, Odessa; four brothers, Loyd, Dimmitt, Bryce, Los Angeles, and Ralph and Roy, both of San Pablo.

#### ATTENDS SUPPER

Rev. and Mrs. E. Lee Stanford attended a Methodist Men's supper at the First Methodist Church in Shallowater last weekend.

A diamond will turn to graphite if heated to 1,000 degrees C.

OBSTETRICS DEPARTMENT

### Obstetric Dept. Well Organized

Obstetric department of the hospital includes northwest side of west wing and contains delivery room, labor room, patient's rooms, formula room and nursery.

The delivery room contains a new table, new surgical light, pip-

ed-in oxygen and suction. The room is explosion proof so that all types of gases may be used. Intercom in delivery room connects with central nursing station. Delivery room will have the added feature of an anesthetic machine.

The labor room features a new type stretcher bed which is constructed for emergency deliveries. The bed has a special mattress and removable end. The bed can be used as a stretcher and wheel-

ed into the delivery room. This avoids the delay of transferring patient from bed to stretcher and from stretcher to delivery table. An intercom connects the labor room with the nurses station.

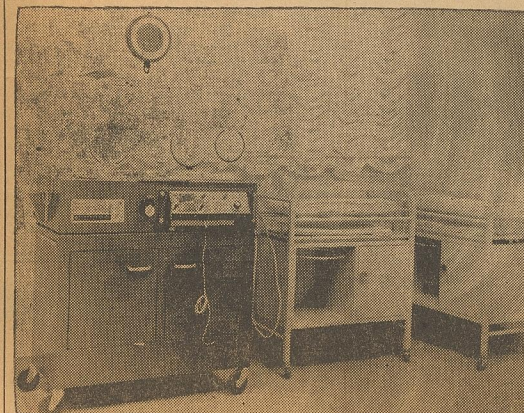

Three of the O. B. rooms are equipped with all-electric beds. One room is semi-private and is furnished with two electric hi-low beds.

The nursery is provided with 10 new bassinets and an isolette for new babies or for premature care. According to Newman, two incubators will be moved from the old hospital. A formula room is located across the hall from the nursery. Formula will be shipped to the hospital in sterile bottles ready for use according to Newman.

### Nursing Director Is Talented Artist

Mrs. Louise Jordan, Tulia, registered nurse and director of nursing service for Plains Memorial Hospital furnished all the oil paintings which hung in the hospital during open house, Sunday.

These paintings consisting of picturesque scenes in the southwest and still lifes of flowers were painted by the talented RN.

Mrs. Jordan has been painting for eight years. She lists her teacher as Mr. Louis Naugebaur.

Coupled with her artistic interests is her deep dedication in the field of nursing. She has worked for six years at Plains Memorial Hospital.

The devoted R. N. took her training at City Hospital in Columbia, Georgia. She has spent 20 years as a registered nurse.

### Cannon Heads X-Ray And Lab Of New Hospital

Jim Cannon, medical technologist, is in charge of the X-Ray and lab department in the Plains Memorial Hospital. He is one of the few registered medical technologists in the area.

Cannon attended Military Intelligence School at Ft. Riley, Kansas. He is a combat veteran of the Korean conflict.

Cannon attended Southwestern State College in Weatherford, Oklahoma where he received his degree. He majored in chemistry and biology medical technology. His minor was in physics.

The registered technologist did his internship at Mercy Hospital in Oklahoma City.

He has been working in Dimmitt since June, 1962.

JAYCEE-ETTES smile happily as they display the three certificates of award and the walnut plaque they won for the outstanding club at the State Convention held in Corpus Christi. Holding the scrapbook is Joanis Robertson, president of the Jaycee-Ettes for the past year. —Staff Photo

### Cub Scouts To Have Safety Day

Cub Scouts plan Safety Day in Dimmitt Saturday, May 9 from 11 a.m. to 6 p.m., announces Gene Ellis, Scoutmaster.

The Scouts will be stationed at stop signs around the city. They will issue tickets to anyone failing to obey the signal. Tickets when paid will go as a donation to the Cub Scouts.

The Cubs will be uniform for Safety Day.

### Cub Scouts Met Tuesday

Cub Scouts of Pack No. 267 met Tuesday, April 28 in the Scout Hut. Den 4 kept the honor flag as they had the most Scouts present. Awards were presented to following Cubs: Charles Crockett, Wolf Badge; Mike Veasey, silver arrow point; and Keith Calhoun, gold arrow point.

Mrs. Joyce Turner is serving as Den Mother for Den 1.

Plans discussed included the Cub Scout picnic to be held May 26 at the City Park.

The coral snake is one of the smallest venomous snakes.

### Zone Meeting Held In First Methodist Church

Plainview District Woman's Society of Christian Service met in the First Methodist Church of Dimmitt Friday, May 7.

Approximately 125 women attended from the Plainview District.

Highlighting the program was a report from Joyce Hill of Canyon, missionary from Argentina. She served in Argentina for two years. Previous to this assignment, she served for eight years in Cuba. She is the conference daughter of the Northwest Texas Methodist Conference.

Afternoon activities included a memorial service and pledge service. All churches from the Plainview District participated in the pledge service. June 1 is the beginning of the fiscal year for the Methodist Churches.

Mrs. Copus Boyd of Happy is the district president of Plainview District. Theme of zone meeting was "In Faith We Serve."

### Funeral Services Held Tuesday For Craig Brooks

Funeral rites for Craig Brooks, 8, son of Mr. and Mrs. Bob Brooks, Plainview were held at 4 p.m. Tuesday in the First Methodist Church chapel.

The Rev. Elmer Crabtree, visitation minister, and the Rev. Tommy Gleaton, assistant pastor, officiated. Burial was in Plainview Memorial Park under direction of Wood-Dunning Funeral Home.

Brooks passed away at 7:35 a.m. Monday in the Plainview Hospital and Clinic. He was born in Dimmitt. The family moved to Plainview three years ago where the father is parts manager at Cooper Pontiac.

Survivors include a sister, Teresa Lou, and a brother, Ricky Don, both of the home; the grandparents, Mr. and Mrs. Robert Brooks and Mr. and Mrs. J. P. Armstrong, all of Hart; a great-grandmother, Mrs. A. T. Matsler, Plainview; a great-great grandmother, Mrs. Mary Lackey of Brownfield.

### Oasis Shrine Club Announces Children's Clinic

Eighth annual Oasis Shrine Club Children's Clinic will be Saturday, May 16 at the Hereford Medical Clinic announces Wayne Phillips, president of the Club.

This Club is composed of members from Castro, Deaf Smith and Parmer Counties.

Parents in this tri-county area with children needing special medical attention are urged to enter their children in the one-day clinic.

Parents are asked to obtain a report from the family physician concerning their child before attending the Clinic. This report will eliminate preliminary examinations and the child can be taken directly to the specialist required.

There will be 13 to 14 out-of-town doctors participating in the clinic.

### World Of Religion In The News

The Woman's Division of Christian Service of the Methodist Church's board of Missions has presented to "all of the people called Methodists" the beautifully-appointed chapel in the Church Center for the United Nations. The Division made the presentation in honor of the national leader of Methodist woman, Mrs. J. Fount Tillman, of Lewisburg, Tenn., who is president of the Woman's Division.

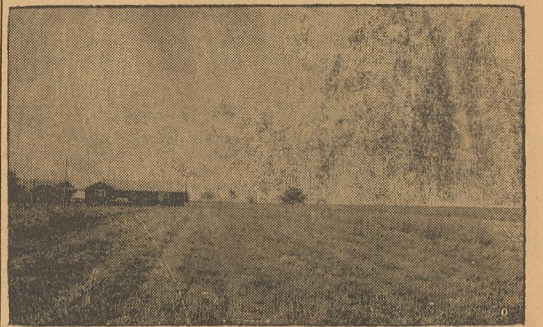

### Delta Xi Met In Farwell For Last Meeting

Delta Xi Chapter of Delta Kappa Gamma met in the Homemaking house at Farwell Saturday, May 2 for a 9:30 a.m. coffee.

The birthday of the chapter was celebrated.

Officers for the coming year were installed. The Farwell members were hostesses for the meeting.

Attending from Dimmitt were Mrs. Faun Welker, Mrs. Ralph Smith, Mrs. Glenn Render, Mrs. Glenn Rateliff, Mrs. Joe Cowen, Mrs. Claude Forson, Mrs. O. K. Howe, Bernice Littlepage, Mollie Grisham, Hazel Merritt and Beatrice Hawkins.

## LEGAL NOTICE

AN ORDINANCE AMENDING ORDINANCE NUMBER 138, WHICH ORDINANCE WAS PASSED BY THE CITY COMMISSION OF THE CITY OF DIMMITT, TEXAS, ON JUNE 1, 1955, RECORDED IN ORDINANCE BOOK 2, PAGE 31, OF THE ORDINANCE RECORDS OF THE CITY OF DIMMITT; AMENDING ORDINANCE 138 BY REDESCRIBING FIRE LIMITS, CLASS I, AND CREATING A NEW CLASS OF FIRE LIMITS, KNOWN AS CLASS IV; PROVIDING FOR REPEAL OF ANY ORDINANCE OR PORTIONS THEREOF IN CONFLICT HEREWITH; PROVIDING A SAVINGS CLAUSE AND DECLARING AN EMERGENCY.

WHEREAS, the City Commission of the City of Dimmitt, Texas, deems the passage, promulgation and enforcement of the provisions hereinafter stated necessary for the protection and promotion of public health, safety and general welfare of the community;

NOW, THEREFORE, BE IT ORDAINED by the City Commission of the City of Dimmitt, Texas:

SECTION I: Section I, Ordinance No. 138, is hereby amended by deleting said section in its entirety and substituting in lieu thereof the following:

SECTION I. FIRE LIMITS: The Fire Limits shall be divided into four (4) classes, Class I, Class II, Class III, and Class IV. The following shall be and are hereby declared to be the Fire Limits of the City of Dimmitt:

Class I: Beginning at the intersection of North Broadway and Andrews Street; thence West 1 1/2 blocks; thence south through the North-South alleys to the center of block 109; thence west through the East-West alleys to the center of block 126; thence south through the North-South alleys to the center of block 125; thence east through the

East-West alleys to the center of block 110; thence south through the North-South alleys to Stinson Street; thence east crossing South Broadway to the North-South alley in block 60; thence north through the North-South alleys to East Bedford Avenue; thence west to East Third Street; thence north to the East-West alley in block 75; thence West 1/2 block to the North-South alley in block 75; thence north to Andrews Street; thence west along Andrews Street to the place of beginning.

Class II: Beginning at the intersection of South Broadway and Stinson Street; thence west to the North-South alley in block 113; thence south through the North-South alley to the center of block 114; thence east through the East-West alleys to the center of block 88; thence south through the North-South alley to Grant Street; thence east to East Second Street; thence south to the East-West alley in block 68; thence east through the East-West alleys to East Fourth Street; thence north to Grant Street; thence west to East Third Street; thence north to Lee Street; thence east to the North-South alley in block 61; thence north through the North-South alley in block 61 to Stinson Street; thence west to the place of beginning.

Class III: The northeast one-fourth of block 89; the north half of block 42; all of block 62; east one-half of blocks 61, 60, 59 and 58; all of blocks 57, 47, 48, 31, 32, 21, 22 5 and 6; the northeast one-fourth of block 75; all of block 76 and east one-half of block 80.

Class IV: Beginning at the intersection of North Broadway and West Halsell; thence west to West Second Street; thence south to Andrews Street; thence east along Andrews Street to East Second Street; thence north to Dulin Street; thence west to the North-South alley in block 80; thence north through the North-South al-

EXECUTIVE OFFICERS of the Plains Memorial Auxiliary include (left to right) Mrs. Joe Carver, publicity; Mrs. Sandy Parsons, historian; Mrs. Chet Braadfladt, second vice-president; Mrs. J. C. Gilbreath, president; Mrs. Charles Armstrong, vice-president; Mrs. Earl Taylor, secretary; and Mrs. Agnes Brockman, treasurer. —Staff Photo

ley across block 80, Halsell Street and Block 79 to the intersection of said North-South alley in block 79 with the F.W. & D. Ry. right-of-way; thence northwesterly with said railway right-of-way to the intersection of said right-of-way with U. S. Highway No. 385; thence south along the west right-of-way of said Highway 385 to the place

of beginning.

SECTION II is amended by adding thereto Class IV as follows:

Class IV. Any building constructed in accordance with the aforementioned three classes, or any building with exterior walls of masonry veneer construction and interior walls of at least five-eighths sheetrock, with roof of wooden beams and solid wood decking of at least three-eighth inch plywood, built up with semi-fireproof roofing material.

SECTION III is hereby amended by deleting said section in its entirety and substituting in lieu thereof the following:

SECTION III: FRAME BUILDINGS: No structure whose walls are wholly, or in part, constructed of wood, except as provided in Class IV, Section II above shall hereafter be built or moved into the fire limits as herein designated or as they may hereafter be established except as follows:

(a) Temporary one-story frame buildings for the use of builders.  
(b) Wooden fences not over 8 feet high without cover or roof. Any existing frame, within the fire limits, which may hereafter be damaged by fire, decay, or otherwise, to an amount greater than one-half of its present value exclusive of the foundation shall not be repaired or rebuilt, but shall be removed. Extensions to or remodeling to change the type of construction of existing buildings shall not be considered as repairs. Repairs to existing wood shingle roofs shall be limited to minor repairs and where exceeding 50 per cent of the value of the roof, shall be replaced only with incombustible materials.

SECTION II: Any section or provision of Ordinance 138 or any other ordinance or parts of ordinances in conflict herewith are hereby repealed and superceded by this ordinance.

SECTION III: The invalidity of any section, sub-section, paragraph, sentence, clause, phrase, word or words, shall not invalidate any other part of this ordinance. It is the intent of the City Commission in enacting this ordinance that the provisions are separable and no provision hereof shall become inoperative or fail by reason of the invalidity of any other provision.

WHEREAS, an emergency is apparent for the immediate preservation of health, safety, and general welfare of the public, that requires this ordinance to become effective immediately. Therefore, all rules to the contrary requiring three or several readings of said ordinance are hereby waived, and this ordinance shall become effective from and after its passage and publication as provided by law.

PASSED AND APPROVED this 4th day of May, 1964.

George Bradford  
Mayor of the City of Dimmitt,  
Texas

ATTEST:  
E. B. Noble  
City Secretary

KITCHEN

**Kitchen Area Contains All New Equipment**

Kitchen is located in the north part of the hospital and contains all new equipment according to Don Newman, administrator.

The kitchen range features a six-burner top with grill and oven and is also complemented by a double oven unit. A large pot sink has available water supply up to a 180 degrees F. A baker's table, salad table and steam table complete the food preparation area.

A 47 cubic foot refrigerator and a 47 cubic foot freezer are new aids to food storage. A service station for wate, coffee, tea and juices completes the nicely arranged kitchen area.

For transporting food to patient rooms, a heated, refrigerated cart for tray and beverage dispensing is used.

When dishes are returned, they go to the dishwashing room located south of kitchen where a new disposal and dishwasher have been installed. All utensils go back to the kitchen via a window in the dishwashing room, clean and ready for use.

All new dishes and silverware have been purchased.

According to Newman, the kitchen area is locked following supper and a room located north of

DINING ROOM FOR HOSPITAL EMPLOYEES

the nurses station which is equipped with refrigerator and ice machine is used to supply patient's beverage needs after supper.

A dining room for employees is located south of the kitchen area.

Mr. and Mrs. Harman and her mother of Corinth, Calif. are visiting in the home of Mr. and Mrs. Carl Kemp.

Mr. and Mrs. George Bradford left Tuesday for Temple where they will receive a steam check-ups.

**Senator YARBOROUGH'S REPORT**

Dear Fellow Texan:

In the past two months, natural disasters have struck our nation in the greatest magnitude. Alaska and her sea-ravaged neighbor states down the Pacific Coast are digging out from under the debris caused by the most monumental earthquake ever recorded on instruments and the unforeseen tidal wave that followed, wiping out entire cities, towns and villages. Wichita Falls residents are rebuilding after a tornado swept their town causing tens of millions of dollars worth of damage.

These recent events have caused me to explore the possibility of making federal funds available for the replacement of public schools damaged by such acts of God.

Three to four schools a week in this country are destroyed by disasters, either by flood, windstorm, tornado, hurricane, or by accidental fires that burn them down. The replacement of these schools in a great many cases, where the tragedy also has wiped from the tax rolls the land values in the community, poses a difficult financial problem to the affected communities. This would be particularly true in Wichita Falls where some 200 homes were utterly destroyed or damaged, weakening the tax base there. It would be true in a town or city in Alaska where the tax values were practically all wiped out.

I am co-sponsor of Senate Bill 2725, of which Senator Wayne Morse of Oregon is the principal author, which will, if enacted, help restore the school plant damaged by disaster and thus permit an early resumption of school operation.

This bill has been introduced in the Senate and referred to the Committee on Labor and Public Welfare and will come before the Education Subcommittee, of which I am a member.

It provides financial assistance in the construction and operation of public elementary and secondary schools in areas affected by flood, drought, fire, hurricane, earthquake, storm or other catastrophe which, in the determination of the President, is of sufficient severity and magnitude to warrant disaster assistance by the federal government. In order to protect the rights of the states, it provides that the governor of the state certify the need for disaster assistance.

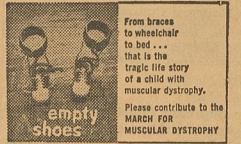

This bill will help the local districts that have had their school facilities wiped out, had their tax base weakened so that they are unable to provide as good facilities as they had in the past. I think this is a sound bill to help those school districts damaged by disaster.

**Peace Officers Convention To Be At Boys Ranch**

Hundreds of Peace Officers from the Tri-State area are expected to attend the annual Convention of the United Peace Officers of America at Cal Farley's Boys Ranch, 36 miles northwest of Amarillo on Thursday May 7th. Registration will begin at 9:00 a.m. Organized in 1954, this Organiza-

tion has helped the boys in many ways, first by their untiring efforts in the construction of a 12 grade accredited school, then a dormitory. Now their project is to help provide for additional school facilities in memory of the fine man who was responsible for Peace Officers Organization inception, the late Sheriff Gene Collins of Channing. Over 300 boys from 4 to 18 are living at the Ranch today. They will be invited to the bar-be-que provided by the Peace Officers and their friends and enjoy the fine program of entertainment including singing groups, a comedian, and a

shooting exhibition. Sheriff Lowell Sharp, of Hereford, is the present President of the association, and he invites all Peace Officers who can come, to attend this meeting. After lunch, the regular business session will commence and a tour of the Ranch facilities will be made.

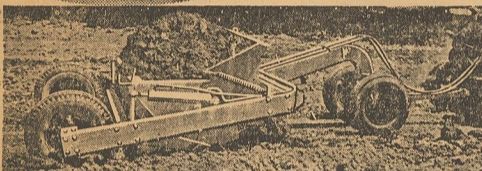

**YOUR BEST BET IS P-A-G 665**

If you're looking for a hybrid grain sorghum seed that will produce top yields, heavier grain, more profits per acre, and backed by a proven company, then by all means plant P-A-G 665. When 665 is planted with adequate moisture and fertility, you'll get a sorghum crop you can count on.

A SUPPLY OF P-A-G 665 IS AVAILABLE AT YOUR NEAREST P-A-G DEALER

**Fast Low Cost Earth Moving With an Eversman Hydraulic Controlled SCRAPER**

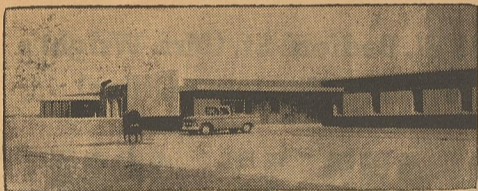

Using your own tractor and the 2 1/2 yard Eversman Scraper you can do most earth moving jobs by yourself. Level land for efficient irrigation. Grade fields to improve drainage. Fill gullies and low spots. Build farm roads. Make terraces, gross waterways, reservoirs, ponds, dams, pit sites. The Eversman responds instantly to single valve hydraulic control. Loads with low power requirements but with large scraper stability. Hauls at high speed. Front dump permits accurate control of fill. Strong rugged construction.

**Increase Yields Per Acre by Finishing Fields with an Eversman AUTOMATIC LAND SMOOTHER**

With an Eversman Smoother and your own tractor you can prepare an ideal seed bed free of back furrows and dead furrows—eliminate low spots and high spots while preparing an ideal base for mechanized farming. Smooth, level fields provide more efficient irrigation, improve surface drainage, stop excessive erosion and help retain rainfall. Low initial cost. Economical operation. Sizes to fit regular farm tractors.

JAYCEES worked on the Little League ball park during the past week, leveling and sprigging the infield with bermuda. The Jaycees also repainted the dugouts and rebuilt the backstop. See story for details. —Staff Photo

**All Have A Share**

by Donald A. Williams, Administrator

U. S. Soil Conservation Service

Never is there a moment in our lives when we are not sharing in some way in the benefits from our land and water resources.

Our Nation, from its beginning, has drawn its strength from these gifts which God put at our disposal. Their bountiful supply has enabled our people to thrive. And there is no reason why this should not continue to be so.

God gave us authority over His gifts. We are His stewards. In the Divine plan, we have much to do. Their bountiful supply as enabled can destroy their usefulness, or we can bring about for ourselves manifold blessings from their use.

Tillers of the soil many years ago recognized the need for soil and water conservation on their land. They recognized also that some soil and water problems did

not end at the fence line—that they and their neighbors shared a problem. And so they worked together to find a solution. They were quick to realize the interdependence of adjoining tracts of land.

The adoption of soil and water conservation systems has become a community event—the responsibility for which is shared by all. As population increases and cities fan out into the country, we become less of individuals and more a part of a community. We build our community to provide opportunities to be shared by all. We recognize the interdependence between rural and urban and between farm and nonfarm, just as between one farm and another.

To accept stewardship brings great fulfillment. It brings a sense of well being when our land and waters are protected and productive, and sharing the job brings the brotherhood of man closer to reality.

Despite their common interest and purpose the people in a community may see the land and streams with different eyes.

The farmer looks to the land for

his livelihood. Industry looks to the land for a factory site and for raw products to keep its machinery in motion. Those who live within the limits of the city look to the land for relaxation and for a chance to commune with nature. The builder looks to the land for sites on which to develop new houses. The town fathers look to the land for a reservoir site which is so sorely needed to supply water for their rapidly growing city's needs.

Yes, we share our interests in the land, though our interests may vary. Yet, in the nature of the land, God has provided for all these uses, but only under certain conditions. Each use can be fitted into an orderly pattern when planned ahead according to the capability of the land and the needs of the people. Most of the land can serve more than one purpose.

When we plan and carry out this multiple land use pattern we all share in the benefits—the rewards of good stewardship. But to share in the rewards, all of us must share, also, in the responsibility for the care and development of these God-given resources.

sciences, and in the sciences—including mathematics, chemistry, physics and biology. Acceptance is based on character, leadership, achievements in college work and performance on the Medical College Admissions test, a nationally standardized test given twice yearly.

Norma enrolled in Texas Tech in June of 1960. She has been active in the following organizations: Kappa Alpha Theta National Social Sorority; Der Liederkrantz, German Club for students enrolled in German classes; Delta Phi Alpha, National German Honorary Fraternity for students with 18 hours of German and with at least a "B" average; Pre-Medical Society, for students with an interest in pre-medical or pre-dental work; Alpha Epsilon Delta, International Pre-Medical Honorary Fraternity requiring at least a "B" average; and American Chemical Society, for those students interested in chemistry.

Norma has served as an officer

Dimmitt Jaycees have been working diligently preparing the ball park for the coming baseball season.

The infield has been sprigged to bermuda grass. One hundred bushels of sprigs were donated the Jaycees by Roy Taack of R & R Sprigging Service, Hart.

Dugouts have been repainted and the backstop has been rebuilt. The field is being watered according to needs. Estimated cost for operating ball park this year is \$700.

The ball park is closed and any requests for its use must be made to Larry Allen, president of Jaycees.

Park will be ready for play June 9. Park will not be used for practice or any games until this date.

In all of the above named organizations during the past year and has also served in the past three years.

She received the William F. Anderson award for outstanding work in German during the pre-medical curriculum for this year. She has been on the Dean's Honor Roll for the School of Pre-Medical Sciences.

**Dimmitt Woman Loses Mother**

Services were held Saturday, May 2 at 2 p.m. in the Cotton Center Baptist Church for Mrs. Samantha Hall, 69, a resident of Cotton Center since 1950.

The Rev. Claud Tugwell, pastor and the Rev. Bob Schmeltkopp, pastor of Halfway Baptist Church, officiated. Burial was in Castro Memorial Gardens, Dimmitt under direction of Lemons Funeral Home.

Mrs. Hall passed away Thursday in Cotton Center Hospital. She was a native of Montague County. She moved to Olton from Wichita Falls in 1926 and moved to Cotton Center on the death of her husband.

She was a member of the Baptist Church. Survivors include six daughters, Mrs. Lester McDermitt, Dimmitt; Mrs. Phillip Jones, Sunnyside; Mrs. Curtis Jaquess, Roswell; Mrs. Clyde Bliss, Tulsa; Mrs. Dovie Coleman, Cotton Center; and Mrs. Alvin Ralston, San Fernando, Calif.; two sons, Ephraim of Olton and Carl of Vacaville, Calif.; two brothers, Travis McCallip, Terrell, Oklahoma, and Charlie McCallip, Wichita Falls; a sister, Mrs. J. W. Barrett, Cotton Center; 26 grandchildren and 24 great-grandchildren.

## Thanks For The Memories

Memories are things you can not buy with money.  
 From my four years in high school I have many memories, most of which are golden memories.  
 I remember how scared I was my first day in high school. Everything was moving so fast and everything seemed to know where they were going but me. I also remember the Best Beau Banquet my Freshman year because the theme, "Candy Land", was so gay and colorful.  
 My Sophomore year things calmed down a little, and I got into the rush like everyone else.  
 My Junior year was a very busy year. We had the Jr.-Sr. Banquet to plan and present. I remember how hard we all worked to make it just perfect for the Seniors of 1963. I also remember the thrill of seeing the Seniors of '63 get up and walk out, leaving their front seat in the auditorium to us, the Seniors of 1964. I remember how exciting it was to order our Senior rings. Yes, my junior year was a busy one, but my Senior year is an even busier one.  
 From my senior year, I remember getting our Senior rings. I remember having our senior pictures taken and trying to wait patiently to get them back. I remember how excited I got when they said, "Seniors have got to get their invitations ordered." It was then I realized that I was almost through with high school. I am sure I shall always remember my four years of high school.  
 I want to say to each teacher and student I have known "thanks for the memories".

## To Our Beloved Parents

Dear Mom and Dad,  
 The time has come, and I'll soon be leaving home. Graduation is less than four weeks away, and soon Dimmitt High School will be just a wonderful memory.  
 These last weeks of school are going to be completely filled with senior activities, and I just wanted to stop and take the time to say "thanks" for all you've done. There have been so many times that I have neglected to tell you how much I appreciated you, like that night you, Mom, stayed up and finished my formal for the banquet or the time Dad barbecued chickens out in the back yard for my friends and me.  
 Yes, I might have grieved about having to be in at night at a certain time, etc, but now I want to thank you for having those certain little rules. You've made me appreciate authority and discipline, and thus I respect you even more.  
 I've had a wonderful time in high school, and I've made good friends I'll never forget. I'll never forget the greatest gift which I attained. And that gift is from you, Mom and Dad—the gift of love. Yes, you've given me love, but you've also given friendship, warmth, happiness, and most of all, a home!  
 The time has come for me to graduate, and I'm filled with mixed emotions and anxieties. I am glad to graduate, and yet, I wouldn't have missed one second of my school days. And now, I just wanted to tell you not to worry; that I feel that I'm prepared to leave Dimmitt and Dimmitt High School. I'm not saying that I know "everything" about life, but I have a good start—thanks to you! So try not to worry about me.  
 And now I'll say "Good-bye" and God Bless You and God Bless my home!  
 Love,  
 The Senior Class of 1964

## Miss Dimmitt

September 7, 1969 is the day Miss Dimmitt, Texas will ALWAYS remember. It was the day in which she was crowned MISS AMERICA. "I will never, never, NEVER forget the shock of hearing my name called. My heart thumped like crazy and I felt as though I couldn't breathe. 'Oh, I mustn't cry, I mustn't cry' I kept saying to myself, but I couldn't stop the tears. Oh, Why did I have to cry at the most beautiful moment of my life, the moment my dearest dream had come true. I had prayed and prayed for this moment and my prayers were answered." America's most beautiful girl said. "I still can't believe I won the Miss America Crown," she continued her voice barely above a whisper.

That balmy Saturday in September will also live in the memory of 35 other beautiful girls who competed for the crown on the huge open air stage at PALISADES AMUSEMENT PARK, Palisades, New Jersey. These girls, including Miss America, had reached the finals in the summer-long suspense packed beauty contest. All told, more than 15,000 girl beauties from all parts of the United States had entered the competition. But only ONE girl could wear the crown—yet, every girl who competed for the title was a WINNER. Every girl walked before the judges bench with her head held high; she walked with grace, dignity and beauty. These young beauties, from every income group and from every state in the Union, made an important contribution; they represented the symbol of youth at its finest.

The day of the finals was the most trying of all for the girls. In a secluded room in the spankingly modern Administration Building, located on 110 acres of the most glamorous and fun packed amusement park in the world, the finalists had personal interviews with the judges. It was in this room that the contestants, gowned as they would appear on the stage before an audience of 50,000 were graded for BEAUTY, POISE, PERSONALITY, SCHOLASTIC ACHIEVEMENT, citizenship and other outstanding attributes. The judges KENNETH LANDOL FRAZIER, of the MOON, SUN DAILY NEWS Syndicate; AARON EUGENE OLDHAM, Talent Director of Girl; Clint Dayle Summers, noted attorney and leader in many youth activities; Clayton Earl, Neal of WNBC-TV, Jesse Joe Wright of Cash Box Magazine and Georganna Gabel, editor of Bean Life), asked the girls for their views concerning world affairs, politics, literature, family life and other vital subjects. Each girl showed great awareness.

A half hour after each girl had been privately interviewed, they were introduced to the audience and the tense work of selecting Miss America and her runners-up began. As each girl walked across the huge stage, the audience burst into thunderous applause. Who, every person wondered, would be crowned; and who would receive the stunning new red RollsRoyce convertible, voted the car of the year by Motor Trend Magazine? This smart Royce was equipped with all the most modern gadgets. The other prizes: a part in a Fabian movie; \$1,000 worth of jewelry from LUCIEN PIGGARD, the perfume by ARPEGE and the chic wardrobe, would soon belong to the winner. All the girls, thanks to the generosity of Apege, would receive perfume; the runners-up, trophies.

The suspense mounted as Randolph Riads (James) director of The Miss America Contest, and a top executive of Palisades Amusement Park, handed Michele Francoise Bertontau, his efficient assistant, the judges, final scoring.

## What Should Be Done About Cuba?

Fidel Castro has stated that Cuba will shoot down any more U-2 planes flying over Cuba, and Russia has backed him up. The U.S. has been continuing the U-2 flights over Cuba to make sure that the Russians have removed all their missiles from Cuba.

Although the Russians have removed their nuclear ballistic missiles from Cuba, they have left behind smaller ground-to-air missiles that are capable of shooting down a U-2. These missiles are still in the control of the Russians, but the Russians are leaving Cuba and handing them over to Castro.

This new element in the Cuban situation again brings up the question of what to do about Cuba. The policy of the present administration is to isolate Cuba economically, but this has not been completely effective, as several Western powers, such as Britain, trade with Cuba. The late President Kennedy stated also that Russia was not to bring missiles into Cuba, and set up a blockade around Cuba until the Russians agreed to remove them. The Administration is also trying to limit the power of Castro by strengthening the economies of other Latin American countries through such agencies as the Alliance for Progress.

One attempt has been made by Cuban refugees to invade the island, but the well-known Bay of Pigs fiasco failed. Politicians are now divided on the question of whether to aid the Cuban exiles in invading Cuba, or to discourage them. Presently, the Republicans have formed a council encouraging the Cuban exiles to organize and defeat Castro's regime by invading Cuba from a base in Latin America.

Michele on stage and in full view of the audience, tabulated the scores on an adding machine. Silently she handed the results to Randolph, his face mirroring his excitement handed the sheet to the emcee, Dave Garza, Public Relations Director.

"First runner-up in the Miss America Contest is the once Miss Dimmitt High School, Dave announced. A roar of approval rose from the audience. "Second runner-up is the Once Personality Queen of D.H.S. Another roar of delight. "The winner and new Miss America is the Miss Dimmitt, Texas of 1964.

It was all over. Oh, but not yet! The girls who hadn't won rushed up to the winners and embraced them. The WNBC-TV cameras recorded the entire scene and that night millions of viewers throughout the country were introduced to the New Queen. Last year's winner placed the crown on the Queen head. It was quite a spectacle!

Those attending the Queen were: Dee Gibbs (Linda) Lorene Crowley (Danelle) Nola Gollehon (Kathleen) Ricki Lynn Goodwin Lou Ann Hays Carol Hays (Nancy) Jean Holcomb (Carolyn) Carole Howell (Linda) Nancy LaDawn Kemp Delores Lilley (Sharon) Gay Minchew (Glenda) Estelle Pessina Kay Yokley Wynona Wilde (Wynette) Edna Slough Sandra Schreck Marie Powell (Wilda) Fennelope Pennington (Penny) Thelva Morgan Kay Williams Lea Lively (Sandra)

The ushers for this spectacle were Dimmitt's own James Ray Faulkner and Bill Dean Myers.  
 Bees orient themselves by the position of the sun in the sky.

## Our Campus

—The hustle and bustle of senior activities is getting underway as all the plans are being made for graduation.

—The sophomores had a big splashy time as usual on their class party last Saturday.

—Hurry up with that car, we have another one waiting. "This cake will be \$1.50 please, thank you." These expressions and many more could be heard as the seniors held their car wash and bake sale last Saturday.

—Congratulations to those juniors who have been chosen as ushers at Baccalaureate and Commencement Exercises.

—Yesterday new Student Senate representatives were elected. Congratulations also to you people. Serve your Student Body well next year!

—Last Tuesday Suzie Davis and Ronald Young took their Private Flight Examination to receive their Private licenses. Good Luck, we hope you passed and receive your license.

—A wonderful time as usual was enjoyed by La Dawn Kemp, Michele Bertontau, Linda McCollum, Kay Bradley, Genita Aldridge, and Janis Baldrige along with Mrs. Snider and Mrs. Hottle at the State F.H.A. Convention in Austin.

—Santa Clause will be riding his sleigh again in 3½ months!!  
 —Mr. Johnny Bacestraw has been chosen for the Baccalaureate speaker for the services on May 24, 1964.  
 —The "D" Club will be leaving tomorrow, Friday May 8. They are going to Lake Altus, Oklahoma. Have fun boys, we will be thinking about you!!

## Former Dimmitt Student Wins In Contest

In earlier days, when our present annual photographer, Lynn Campbell, was a measly little freshman the "picture taker" for the Bobcat Annual was Joe E. Cowen (better known to some as J. O. the second).

Just recently Joe, a student at Sam Houston State College, Huntsville, entered the Inter-Collegiate Photographic Salon which was held at A & M University early this spring.

Of the photographs entered, he won ribbons in the fields of news photography and in portraiture.

## Student Senate

The Student Senate met with Jim Axe presiding.

The meeting was called to discuss sending cheerleaders and two other representatives to work shop this summer.

A National financial report was given of 174.57.

New Student Senate representative elections will be held next Wednesday.

The meeting was held April 28, 1964.

## Can We Learn From Mistakes?

The school year is passing all too fast. We all have memories which we will be able to keep with us well into the summer or maybe for many years to come. We all remember the good things, but how many of the bad things do we remember?

Next year as we start to school again, will we remember those nights we stayed up until one or two in the morning getting last minute work which should have been done weeks before? Will we remember the days we hated to go to class because we weren't prepared for the test? Will we remember those last week's of school in which we tried our best to get a passing grade for the year?

These things, once they are over, are the easiest things to forget, or apparently so, for many students do these same things year after year. As the next school year nears we all tend to forget the needless hours we have spent on last minute work, and return to the old line of thought of "I'll do it tomorrow."

If all our tomorrows were forgotten and over, today's filled with good work, there would be no need for falling lists, last minute work, and test failures.

The excuse, "I'm just not smart enough to do this," is out of date: it has been replaced with this adage—"It's not how much intelligence you have, but how you use it."

For those of you who are struggling on last minute work, or making one last, desperate attempt to get a passing year's grade, have courage. Don't give up, you may still accomplish your goals. But please remember to learn from your mistakes.

## Letters To Josephine

Dear Reader:

In reference to your problem— If the other boys are too dumb to catch on, why enlighten them? Dear Mr. and Miss X:

If you are actually serious about this and not pulling a prank on yours truly, talk to your minister and your parents and abide by their advice!

Dear Josephine,  
 Recently, I have been noticing how short the girls have been wearing their shirts and dresses. They are getting so short that they are not flattering. The other day I was admiring a certain girl, but when I looked at the bottom of her dress "Ugh."

Why do the girls in Dimmitt High School wear their clothes so short. It makes them cheap in the eyes of modest boys here to Dimmitt. Admirer

Dear Admirer:  
 First of all, if you're so modest what are you doing looking at the girls skirt lines? I agree with you that skirts and dresses are becoming to short but it is the style and there is little modest boys are anyone else can do about it.  
 Josephine

Dear Josephine,  
 I wonder if some of these smart girls consider the boy's feelings. This is in reply to your question in last week's paper.

Dear—  
 It seems that both the boys and the girls lately are trying to place the blame for their romantic troubles on each other. I think that both sides are partly at fault and that there is an easy solution. If everyone would simply try to treat their friends as they would like to be treated, they would be much happier.  
 Josephine

Black widow spider venom is 15 times as toxic as rattlesnake venom

## Personality of the Week

When she first came to Dimmitt she wondered if there were any students living in this town. The streets were all empty and everything was quiet, but we must take under consideration that she arrived around 11:00 one night.

Her name is Karen Elaine McDaniel. Karen was born on July 8, 1948, in Dalhart, Texas. She is the daughter of Mr. and Mrs. Robert L. Davis. Karen and her family have previously lived in Boise City, Oklahoma, and in Hereford, Texas, but they have moved moved to our community where Mr. Davis is employed at the Ammonia Plant.

Other members of the family are Donny, 13; Stan, 11; and Lisa, 5.

This fifteen year old sophomore has acquired the following as her schedule: Band, Biology, English II, Typing I, Basketball, Algebra I. Karen thinks that all of the faculty members are very friendly and they acted as if they were truly interested in her as an individual. She wants to give a special thanks to them for their help.

Karen, like all girls, has her favorites. She likes to drive a chevy while she eats her favorite food, pop sicles. Karen's favorite color goes right along with our high school because she likes purple. We asked her choose a song to add to her favorites and she chose "Kiss Me Quick". Boys this ought to be a big enough hint to anyone.

D.H.S. to Karen at first was large and scary. She said that in looked "unreceiving". The students, though, received her in the way as she expected any students to act. She said that some were very friendly and acted as if they were interested in making her happy and feel welcomed and others really didn't bother.

After graduation, Karen plans to go to college but she hasn't made up her mind which one she would prefer to attend. She also hasn't decided upon what field she wants to enter as her major. What ever field she enters she "intends to have fun and enjoy herself."

## Senior Class

The Senior Class met with Clint Summers presiding.

The meeting was called to select ushers for Baccalaureate and Commencement Exercises. The head ushers are Linda Schreck, Shari Willis, Steve Hutton, and Paul Easterwood. The attending ushers are Jane Cleavinger, Linda McCollum, Suzanne Dickey, Patty Catoe, Janis Moore, Tom Nichols, Don Minchew, Tommy Gross, David Vaughn, and Chuck McKinney.

The speaker chosen for the Baccalaureate Services is Johnny Rakestraw from Amarillo. The invocation and benediction will be given by Bro. M. A. Smith and Bro. Travis Loomer from Dimmitt.

Jim Axe and Dennis Cleaver will give the invocation and benediction at Commencement.

The music will be presented by Mrs. Howard and Mrs. Braafladt.

The class decided to go to McKenzie Park in Lubbock on Senior Day which will be May 26.

The meeting was held in room 10 on April 30, 1964.

## Volleyball Tournament Ends

The Student Senate's volleyball tournament ended Tuesday with Craig Fuller's junior team in top position for the boys. LaDawn Kemp's senior team took top honors in the girls decision.

On Tuesday the junior boys moved the senior team over to win two out of three games. This placed Paul Easterwood's junior team in second place.

LaDawn Kemp's senior girls slipped by Penny Hays's sophomore team and took two victories out of three games.

## The Snooper

With the frenzy of the Jr. and Sr. Banquet and the many slumber parties that took place, there were many activities. Some of these activities were:

Well, nature has finally taken its course: You guessed it, friends, Miss Redman has a "plusser". It seems that our English teacher had a very busy week. In fact, the Snooper reports that she has had a date every night this week. The girls of the Senior class would like to know your secret.

Some twenty boys have come out for American Legion baseball and lately they seem to be plagued with accidents. On the first day of practice, Mr. Chapman, the coach, was hit by a wild throw and was put in the hospital. We wonder who might have thrown that ball? Do you know anything about this Tommy Stafford? And then last Wednesday, the ball park was being planted, so the boys had to practice at the city park. It had just been freshly watered and several of the boys had a difficult time standing up. For more information about the falls of the afternoon ask Craig Fuller, Robbie Lindsey, and Bob Bradford.

Ask Miss Littlepage. It has been reported, that in American History someone asked her if there were eleven dams built in the Tennessee Valley during the depression. Then she said, "Yes, it's a dam system." By the way, she changed it and said, "I mean a system of dams."

Castro Lodge AF & AM 879, Regular meeting 3rd Monday, Practice every Thursday, Clyde R. Davis, Worshipful Master, Wayne Gipson, Secretary.

### Walter Rogers' WASHINGTON NEWSLETTER

#### WASHINGTON VISITORS

Miss Martha Diane Toles, a happy young lady from Happy, Texas, was in Washington this week to be honored as the Texas winner in the annual Betty Crocker Search for the "American Homemaker of Tomorrow." With 50 other girls (the winners from the 49 other States and the District of Columbia), Miss Toles was feted at a reception in the Senate Office Building where I was privileged to visit with her and her charming faculty advisor, Mrs. Karlen Moore, a teacher at Happy High School.

I told Martha Diane that the honor she'd received (accompanied by a \$1,500 scholarship from General Mills) should permit her to be graduated from Happy High School without further study, class attendance, or examinations. But she told me that she'd have to study all the harder to keep up with her classmates after having taken time to go on the Homemaker of Tomorrow tour to Williamsburg, Washington, and New York City. The objective of the Betty Crocker Search is to assist schools in their important work of inspiring in our young people a deeper awareness and understanding of the American home in our society and economy and to increase the prestige and acceptance of homemaking as a career. Martha Diane Toles is a grand representative of these high ideals and I greatly enjoyed visiting with her. Records are being set in Washington this spring for the number of tourists and visitors. This is a lovely time of year here; the azaleas and dogwood are in bloom, the grass is green from prolonged April rains, and shirtsleeve weather has arrived. School groups from as far away as California have come by bus to see the Capitol's attractions. Cars parked around the Capitol display license plates from virtually every State. Two weeks ago, I attempted to ob-

tain a hotel reservation for an Amarillo couple who wanted to stay one more day than they'd planned, but every hotel in downtown Washington was filled to capacity and all had lists of persons hoping for cancelled reservations. I believe there are two special reasons for the unusual number of visitors to the Capital this spring. One is that many Americans want to take the opportunity to pay their personal respects to the late President John F. Kennedy at his grave in Arlington National Cemetery. An almost constant procession of Americans files past the grave each day, and I know that for many visitors to Washington this call to Arlington takes priority over any other plans. The other reason, I think, for the large throngs is that the New York World's Fair has opened and Washington is included in the itineraries of many fair-bound visitors.

President Kennedy's grave is a solid bank of flowers by the end of each day a Last Sunday, as the line of respectful visitors lengthened so that the last persons in line would not pass the grave for an hour, a bus arrived containing school children from a town in Pennsylvania. Stepping off the bus, the children as a group presented to the soldiers of the honor guard a wreath to be placed on the grave. The children were blind. Here on Capitol Hill, past visitor records are surpassed each week. On April 2, men were posted at each door of the United States Capitol building to determine the exact number of visitors. On that one day, 30,851 persons came to the Capitol, including 7,700 visitors in 124 groups who were given half-hour tours of this most fascinating national edifice. Capitol Hill's attractions include, in addition to the Capitol itself, the House and Senate office buildings (and every visitor is always welcome in the office of his Congressman and Senators), the Supreme Court, and the Library of Congress.

Large crowds and heavy traffic are inconveniences in Washington, but they won't spoil the pleasure of a visit here. The problem of great potential danger to residents and visitors alike is the high crime rate in Washington. Young hoodlums, some of them roving in gangs, present a serious menace

after dark in many sections of the city. Because of the danger of armed robbery, many taxicab drivers refuse to work at night. Washington city streets should be avoided after darkness falls.

## Accent on Health

J.E. PEAVY, M.D.  
Commissioner of Health

If the warm spring weather has drawn you out to work in the yard, incited you to start a fertilizing project, or inspired you to plant a garden, and you haven't had a

tetanus immunization you are, in fact, giving tetanus an open invitation.

Tetanus, alias lockjaw, is no respecter of persons. A long-time gardening enthusiast learned that lesson the hard way. Her flower beds were the prettiest for miles around.

For years she fed her camellias, pruned her roses and weeded the beds just so. Last year the garden were the prettiest ever. She spread barnyard manure, as well as commercial fertilizer, over the yard. She didn't spare the water, and lovingly cared for the plants herself.

To protect her hands and manicured nails she wore work gloves, and when mosquitos were about she used insect repellent. But she didn't protect herself against the dread-invader-tetanus.

This year when gardening time came...when tiny sprigs of green began to pop up out of the earth and buds began to appear on the bushes, she wasn't there to tend her plants. You see, she died of tetanus.

Tetanus is a killer. Even when treatment is started almost immediately, about one-third of the victims die anyway.

Fortunately, there is an effective and safe immunization procedure against this disease. But an initial series of tetanus inoculations won't help if given after an injury. A booster will do, if you've had initial protection. Otherwise, only a horse serum, which is hazardous itself, must be used.

Spores of the bacteria which cause tetanus are almost everywhere. They are found in soil, street dust and animal droppings,

particularly in manured soil. A scratch, cut or open sore may allow some of the unseen spores to enter the body.

Once inside the body these tough spores turn into a form of tetanus germs that may secrete a powerful toxin - or poison. One-fourth teaspoonful of this toxin is enough to kill 100,000 people. In humans, the toxin causes muscle spasm, convulsions and, frequently death. The label "Lockjaw" refers to a spasm of the jaw muscle which clamps the jaw shut.

Unless you have had a basic tetanus immunization in the armed services or from your family doctor, you must do so before injury to be protected.

## NEWS FROM NAZARETH

Mr. and Mrs. Gus McLain and children enjoyed a Surprise birthday dinner for Mr. Tump McLain in the home of Mr. and Mrs. Herb Mayfield of Dimmitt Sunday May 3, all of the families were present.

Sunday May 3rd was National Catholic Daughters of America Communion Sunday. Members of Nazareth Court received Holy Communion in a body at the 8 o'clock mass. In the evening the members and their husbands enjoyed a pot Luck supper in the Legion Hall.

Word has been received that Sr. M. Germaine O.S.B. has received the "Award" for best Biology teacher of the state of Arkansas. She taught in Nazareth for over 20 years. The award was given at the State University at Conway, Ark.

Mr. and Mrs. Tom Annen visited his sister Mrs. Laura Whitson, out west of Hereford, Saturday.

Mrs. Lon Brockman spend a few days in Canyon hospital last week having some tests made. She is home and doing fine.

Mr. and Mrs. Edmund Gerber and Mr. and Mrs. Tony Gerber and son of Buckeye, New Mexico spent several days sight seeing in Colorado last week.

Thursday night April 30 a beautiful ceremony was held in Holy Family Church when over 300 school children and teenagers mar-

ched in procession around the block in front of church, reciting the Rosary and singing hymns to our Blessed Lady after the hymn "O Mary we crown thee with blossoms today" the crown of gems was placed on the statue of Mary, by Carol Schulte, Vice Prefect of the society of the children of Mary. She was dressed in a beautiful white gown with blue silk cape and Tiara. The weather was perfect for the occasion.

Mr. and Mrs. Urban Klemm of Tulia visited the Ed Bamaekers family Sunday afternoon.

Mr. and Mrs. Vincent Pohlmeier and family, Mr. Roy Pohlmeier, Mr. Paul Pohlmeier and Mr. Edwin Pohlmeier were dinner guests of Mr. and Mrs. Virgil Pohlmeier and family of Tulia Sunday, May 3rd.

Mr. and Mrs. Phillip Acker and Mr. and Mrs. Henry Cooper of Hereford visited in Berger Sunday, with Mr. and Mrs. Denis Acker and family.

Mr. and Mrs. John Womack moved her father Mr. John Aichlemeyer to St. Anns Home at Panhandle Saturday May 2nd.

Mr. and Mrs. August Huseman went to Albuquerque Thursday to spend weekend with their daughter, Ruth Ann, while her husband, Jim Franklin, attended an Institute for School Principals at Silver City, N.M.

Mr. Anton Thier of Spokane, Washington is visiting relatives here this week. He is staying with Mr. and Mrs. Raymond Annen.

Those attending the Catholic Order of Forester Convention in Oklahoma City over the weekend were Mr. and Mrs. Andrew Acker, Mr. Acker went as State Officer. Delegates were Mr. David Acker and Mr. Lawrence Acker. Their wives also went along and Diane Acker, daughter of Mr. and Mrs. Lawrence Acker.

Hostesses for a Bridal Shower for Miss Odetta Ball, bride elect of Dutch Roberson of Amarillo, Sunday May 3rd were, Mrs. Raymond Annen, Mrs. Tom Annen, Mrs. Jim Ball, Mrs. Dan Schmucker, Mrs. Robert Ringo, Mrs. Don Acker and Mrs. Fritz Gerber. The shower was held in the home of Mr. and Mrs. Tom Annen. Mary lovely gifts were received. The hostesses presented her with a beautiful white bedspread.

Mr. and Mrs. Gene Hubbard and daughters of Amarillo visited here Sunday.

Mr. and Mrs. Albert Schulte and Mr. Andrew Miller went to Panhandle Sunday to visit Mr. Conrad Schulte at St. Anns home there.

Word has been received that Everett Braddock of Boulder, Nevada, formerly of Nazareth, has undergone a very serious operation and is doing fairly well at this time.

Denise Margaret, daughter of Mr. and Mrs. Anthony Acker was baptized Sunday in Holy Family Church by Rev. Father Reichel. Mr. and Mrs. James Gallagher of Olton were sponsors.

Monday, Tuesday and Wednesday, Holy Family Parish is observing the Rogation Days. Rogation comes from the Latin word "Rogatio" which means to entreat. These days the members of the parish march in procession praying and singing, begging Gods Mercy on all mankind and begging

mittee. Mr. Al Mauer, Mr. Ernest Brockman and Mrs. Ed Ramaekers. Mr. Charles Heck Jr. introduced the speaker of the evening Mr. Johnny Linn from Radio Station K.D.H.N. Dimmitt. He spoke on "Human Rights". Next meeting is to be held May 18th Mr.

Doughton Band Instructor is chairman of the Entertainment Committee.

### RETURNS HOME

Mr. and Mrs. Herbert K. Burn-

ham and two sons left Sunday for their home in Albuquerque, N.M. Mrs. Burnham and boys had spent two weeks here with her parents, Mr. and Mrs. B. M. Nelson, while Mr. Burnham was in Los Angeles, Calif. on business.

## NEWS FROM BETHEL

The monthly meeting of the Bethel Community Club was held Friday evening April 24. Monte Boozer vice-president presided at brief business meeting. He introduced the visitors who were Mr. and Mrs. Bob Angle and daughter. Mr. Angle, formerly of the farm department of radio station KGNC is now working in the public relations phase of the work of the Research Foundation at Halfway. The program for the evening was given by George Bagwell who showed a number of pictures that he had made on the round the world tour which he and Mrs. Bagwell made early this year. Refreshment of cookies punch and coffee were served following the program. There were about 60 present.

Members of the Bethel Home Demonstration Club met at the Community Building Wednesday morning then went together to Boys Ranch. Mr. Berkwith a member of the staff at the ranch took them on a bus tour of all the ranch, and guided them through several of the dormitories and other buildings. The group ate lunch with the boys at the dining hall at noon. Those who made the trip were Mrs. Bob Kay, Mrs. Elbert Smith, Mrs. Houston Lust, Mrs. Hubert Edwards, Mrs. Tommy Stanton, Mrs. Melvin Edwards, Mrs. Curtis Beavers, Mrs. W. E. McClenny, Mrs. J.C. Williams, Mrs. Bunia Shwen, Mrs. Roy Dale Underwood, Mrs. James Welch, Mrs. Carl Bruegel, Mrs. Murry Snyder, Mrs. Moss Howell, Mrs. Donald Gilreath, Mrs. Bryan Sinclair, Mrs. Jack Howell, Mrs. Fate Shannon and Mrs. Earl Lust. Mr. and Mrs. Vern Lust returned on Wednesday of last week from a trip through Oklahoma and Missouri. At Elk City, Okla. they visited cousins, Mr. and Mrs. John F. Galloway. They spent one night with Mr. and Mrs. Harry Rothwell at Mt. Vernon Missouri then went on to Columbia, Missouri where they visited several days with Mr. Lust's sister, Mrs. Paul Godfrey, and her family.

Mr. and Mrs. Orville Finck and children of Tulsa visited the Houston Lust's Sunday.

Mrs. Jim Bagwell of Villa Grove, Colorado visited Friday afternoon with Mr. and Mrs. J. A. Bagwell. Mrs. Bagwell was enroute to Midland for a visit her daughter, Mrs. Dudley Holland and her family.

Mr. and Mrs. Homer Thomas and son Glenn of Hereford were recent supper guests of Mr. and Mrs. Elbert Smith.

Mr. and Mrs. Ham Smith and Mr. and Mrs. Foster Daniels of Floydada visited Mr. and Mrs. Moss Howell recently.

Mrs. Jack Howell's sister, Mrs. Carlile Sargent, and her mother, Mrs. Carl Lee of Summerfield were Thursday visitors in the Howell home.

Fate Shannon's sister Mrs. Dub Murphy and Mr. Murphy of Plainview, also his sister Mrs. Pat Veazey and Mr. Veazey and his mother, Mrs. Hester Shannon of Amarillo, were recent visitors in the Shannon home.

Rex Lust, son of Mr. and Mrs. Houston Lust, was one of the cast of the play "Snow White and the Seven Dwarfs" which was presented at the high school auditorium last Thursday night among those who came to see the play were Rex's grandmother, Mrs. Joe Finck of Tulsa, and his uncle and aunt, Mr. and Mrs. Glenn Lust of Lazbuddie.

Mrs. Bunia Shwen of Dimmitt visited Mr. and Mrs. Moss Howell and Mr. and Mrs. J. A. Bagwell

Sunday afternoon. Mr. and Mrs. Bob Kay and children and Delinda Stanton were guests of Mr. and Mrs. Duke Williamson of Edmondson for a fish fry on Friday night.

Mr. and Mrs. Elbert Smith and Mr. R. M. Dunn were dinner guests of Mr. and Mrs. Leland Smith on Sunday.

Mr. and Mrs. Leslie Kennedy of Oton visited the Bob Kays on Sunday.

Mr. and Mrs. Al Gibbs of Dimmitt and Mr. and Mrs. Monte Boozer were guests of the Houston Lusts Saturday night.

A committee from the Home Demonstration Club met with the club president, Mrs. Bob Kay on Friday afternoon and again Monday morning to work on plans for the Home Demonstration week luncheon on Tuesday. Those who worked on one or both days were Mrs. James Welch, Mrs. Tommy Stanton, Mrs. Elbert Smith, Mrs. Houston Lust, Mrs. Donald Gilreath, Mrs. Carl Bruegel, Mrs. Murry Snyder and the hostess, Mrs. Bob Kay.

Congratulations to Sharon Welch daughter of Mr. and Mrs. James Welch and also to Kent Bradford son of Mr. and Mrs. James Bradford of Flagg who tied for 1st place in the Junior division of the recent district Interscholastic League spelling contest. Each received letters from the state office of the League complimenting them on each making a grade of 100. They were told that not many contestants made that high grade.

## NORTHEdge NEWS

By Mrs. Robert McDaniel  
**GLIDEWELL LOSES BROTHER**  
The community extends its sympathy to the Loyd Glidewell family who brother, Russell Glidewell 50, died in the Methodist hospital in Lubbock Thursday at 5:20 p.m.

Funeral services were held in the Baptist Church Thursday at 3 p.m. Edmondson. Interment was in the Plainview cemetery.

He is survived by four brothers, a sister who was present from Odessa, Bryce Glidewell of Los Angeles was also present; his parents and five children.

**CLUB MEETING POSTPONED**  
The date has been postponed for the Northedge Community Club meeting. P. L. and LeTrelle will be the host and hostess on Friday, May 15th at 8 p.m.

**NEW GRANDDAUGHTER**  
Mr. and Mrs. Robert McDaniel became the grandparents for the first time Monday night when their son and wife Mr. and Mrs. Carl McDaniel of Slaton became the proud parents of a bouncing 7 lb. 2 oz baby daughter. The young lady was named Carla Carlene. Her parents are the assistant pastors of the Assembly of God Church in Slaton. Maternal grandparents are Mr. and Mrs. Nathan Stowers of Hereford.

Carla is the first grandchild for Mrs. Pearl Duty of Belton, mother of Mrs. Robert McDaniel.

**BRIEFS**  
Mrs. Royce Davis made a business trip to Plainview, Thursday. Mrs. John Merritt and Mrs. Robert McDaniel took sixth graders to the museum in Canyon and in Palo Duro Canyon Friday.

Mr. and Mrs. John Crum went to open house at the Plains Memorial hospital. They were accompanied by Mr. and Mrs. Scott Crum. Mr. and Mrs. Donald Wright were supper guests of Mr. and Mrs. Roy Dale Underwood at a cafeteria in Lubbock Sunday evening.

Mr. and Mrs. Tommy Williams and Susan of Levelland visited Mrs. Williams' parents, Mr. and Mrs. Loyd Glidewell Sunday.

**Prayer for the Week**  
Lord, we thank you for our daily blessings. Grant to us patience and understanding and to realize that until we learn the art of giving we shall not have learned the true meaning of living.

## HAVE A Picnic AT THE New York WORLD'S FAIR ON US!

Bring up to 50 of your friends

Impress your friends! Dazzle your classmates or club members! Win this latest kookie Dr Pepper contest and invite up to 50 of them to be YOUR guests at a picnic! But (you know us from past contests) this is no ordinary picnic, right — the first prize in this unusual contest is a free three-day trip to the New York World's Fair for the winner and up to 50 of his (or her) friends! You'll stay at one of New York's most modern hotels, you'll see the sights at the Fair and you and your party will be treated to an old-fashioned picnic right on the Fair grounds. For going to all this trouble (making out the guest list, etc.), we'll also give the top winner a new 1964 Comet Caliente, plus \$50.00 spending money for himself (or herself) and each member of the group!

We're having this distinctively different contest (aside from liking picnics ourselves) to remind you that Dr Pepper is the distinctively different soft drink for today's light & lively taste. It's not a cola or a root beer, but a delicious blend of fruit flavors — and you just can't have a real "picnic" without Dr Pepper.

So enter soon — and often! Contest details and official entry blanks are on Dr Pepper cartons now. Contest closes at midnight on May 23, 1964!

### Grand Prize

Three fun-filled days for the grand prize winner and up to 50 of his or her guests at the New York World's Fair, highlighted by a festive picnic, and \$50.00 spending money for each guest. Also a 1964 Comet Caliente for the top winner!

**BONUS STATE PRIZE**  
A prize winner from every state submitting entries (excluding those states where prohibited, taxed or restricted) will receive a Columbia bicycle built for two, with a fully equipped picnic basket. All you add is food, Dr Pepper and a companion — then wheel away!

See American International Pictures' Muscle Beach Party starring Frankie Avalon and Annette Funicello, and introducing Donna Loren.

### PLUS A PRIZE WINNER IN THE TULIA AREA

Win \$100 for your own picnic! Winner will be selected only from entries submitted by folks in the Tulia area.

## Jet-smooth Luxury Chevrolet makes crooked roads feel like going straight

Chevrolet's Full Coil suspension makes the crookedest S-curve seem on the level. With a double-acting shock absorber in each corner, it takes the jumps out of bumps. With 4-link leveling control, you get away with Jet-smooth acceleration. With built-in anti-dive control, you come to Jet-smooth stops. And with low-friction Ball-Race steering, you waltz over twisting roads as gracefully as a ballerina.

All seven Chevrolet engines are precision balanced for smooth operation. And because your Chevrolet has over 700 insulators and sound deadeners, you don't have to shout to have yourself heard. It's Trade 'N' Travel Time at your Chevrolet dealer's — the perfect time to try the Jet-smooth ride. Find the meanest stretch of road you can. Then see for yourself how straight a crooked road can feel.

### Hospital Provided With Adequate Storage Facilities

Storage facilities in the new hospital provide adequate space for general supplies, linen and food supplies.

Hospital employees have been well provided with locker space. On the west wing near surgery is a locker room for the doctors. Located in the central west wing are complete locker facilities for the

### AMMO NOTES

by Wm. F. (Bill) Bennett, Agronomist, Western Ammonia Corporation

#### AQUA AMMONIA

Aqua ammonia as a nitrogen fertilizer is receiving increasing attention in the area. Most of the interest occurs in the sandy, lighter textured soil area in Hale, Lamb southern parts of Castro and Parmer counties. A small amount of interest has been shown in the area of heavier textured soils in Hale, Castro and Deaf Smith County.

Aqua ammonia is not new. The main reason very little has been used is that it costs more than anhydrous ammonia and it takes longer to apply aqua than it does anhydrous.

Aqua ammonia is ammonia dissolved in water. It usually contains at least 20 percent nitrogen and is sold as 20-0-0. The material has a slight vapor pressure and has to be injected into the soil to a depth of one to two inches to avoid loss of nitrogen as ammonia. Compared to anhydrous ammonia and other nitrogen sources, aqua ammonia will give equal results when used on a nitrogen-equivalent basis.

The price of aqua ammonia will nursing staff. On the north wing there is a locker for the housekeeper and another locker for the maintenance department.

usually be quoted at a delivered price and a "picked-up" price, which is usually slightly lower if the nurse tank is picked up at the dealer's location. Some dealers do not deliver aqua to the farm. It takes four tanks of aqua to be equal to one tank of ammonia on a nitrogen-equivalent basis. Actual takes four tanks of aqua to be cost about 8 cents per pound. Actual nitrogen from anhydrous is 6 1/2 cents per pound.

The main reason given for using aqua instead of anhydrous is that heavy stalk residue, however, there would be few situations where the higher cost of aqua could be justified over the use of anhydrous ammonia as a nitrogen source.

cloddy soil or soil that is too wet, ammonia can be lost. If the chisel mark can be properly covered, there will be no loss of ammonia. If soil is too wet to close a chisel mark, compaction by tractors may cause more harm than the good you will get from either anhydrous or aqua. Even our most sandy soils that are being farmed have enough clay in them to hold the heaviest rates of ammonia normally used. The main advantage of aqua is its use on soil with very heavy stalk residue, however, there would be few situations where the higher cost of aqua could be justified over the use of anhydrous ammonia as a nitrogen source.

**ASCS MANAGER SAYS**

**1964 Wheat Program Offers Diversion Payment**

The diversion payment growers may earn under the 1964 voluntary wheat program will be based on a percentage of the county loan rate, \$1.27, Charley E. Hill, Office Manager, Agricultural Stabilization and Conservation County Committee, explained today. The national average for wheat loans is \$1.30 per bushel.

The diversion payment per acre for a farm will be 20 per cent of the county loan rate per bushel, multiplied by the normal yield per acre of wheat for the farm. This time the number of diverted acres will give the total diversion payment for a farm.

A grower will qualify for the

diversion payment if he diverts to conservation uses as many acres as he indicates in the intention-to-participate form at the time he signs up and if he carries out other program provisions. The minimum diversion is 11.11 percent of the farm wheat allotment; provision is also made for additional diversion. If the grower fails to divert all the acreage he signs up for, he loses the diversion payment.

However, he still may receive credit for marketing certificates provided he meets minimum diversion and other provisions of the wheat program.

The minimum participation includes staying within the farm's

1964 wheat allotment, devoting to conserving use an acreage equal to at least 11.11 percent of this farm allotment in addition to maintaining the normal acreage in conserving use; staying within the allotment for any other allotment crop on the farm; and staying within the wheat allotment on any other farm in which the producer has an interest in the wheat.

Hill pointed out that part or all of the acreage diverted from wheat under the 1964 program may be planted to crops approved as "substitute crops" for conservation use. In this case, the diversion payment on the acreage used for the substitute will be a percentage of the

payment the grower would otherwise have received. Substitute crop for the 1964 wheat program include castor beans, guar, sesame, safflower, and sunflower. No diversion payment is available for safflower.

The wheat program sign-up at Castro ASCS county office will extend through May 15.

**GROWERS MAY DIVERT 'ADDITIONAL' ACRES UNDER WHEAT PROGRAM**

Growers may divert additional acres under the 1964 voluntary wheat program and thereby qualify for a larger diversion payment, according to Charley E. Hill, Office Manager, Agricultural Stabilization and Conservation County Committee. The minimum diversion provision of the 1964 program is to set aside in conserving use 11.11 percent of the farm's wheat allotment.

The 1964 wheat allotments and farm normal yields are those issued prior to the marketing quota

referendum held in May of last year.

If a grower wishes to divert more than the minimum acreage, the Office Manager explained, he will in most cases be able to earn additional diversion payments by reducing plantings for harvest as much as 20 percent below the farm allotment. On farms where 20 percent of the wheat allotment is less than 15 acres, the total diversion may be 15 acres—including the minimum diversion.

The diversion payment will be 20 percent of the county loan rate per bushel and it will be made on the normal yield of the diverted acreage.

Hill reminded growers that they will qualify for the diversion payment by diverting as many acres as they sign up for and meeting other provisions of the program.

A grower who met the program's minimum provisions but who failed to keep his agreement, for extra diversion would lose all di-

version payments. However, he still would be eligible for marketing certificates and price support loans or purchase of his wheat crop.

A grower wishing to take part in the 1964 wheat program may voluntarily sign up before the May 15 deadline, and then participate by (1) staying within his 1964 acreage allotment, (2) devoting the diverted acres to a conserving use, (3) maintaining the farm's normal acreage in conserving use, (4) staying within the allotment for any other allotment crop on the farm, and (5) staying within the wheat allotment on any other farm in which he has an interest in the wheat.

Provision is made in the program for planting diverted acreage to "substitute" crops, in which case the diversion payment otherwise available is reduced.

**1964 WHEAT LOANS, CERTIFICATES EXPLAINED**

Wheat growers who take part in the voluntary 1964 wheat program

by meeting at least minimum diversion and other program provisions will be eligible for marketing certificates, Charley E. Hill, Office Manager, Agricultural Stabilization and Conservation County Committee, said today. Also, he said that growers will be eligible for wheat price support loans and purchases if the farm's wheat acreage is not in excess of the farm allotment.

The loans will be based on a county average of \$1.27 per bushel and they will be available for a participating grower's entire wheat production.

The domestic certificates—representing the producer's share of the wheat allocated for U. S. food—will have a value of 70 cents per bushel; they will cover 45 percent of the normal wheat production of the farm allotment. The export certificates will be valued at 25 cents per bushel, representing wheat for export, and these, also, will cover up to 45 percent of the farm allotments normal production.

**GAL 2—WHEAT PROGRAM**

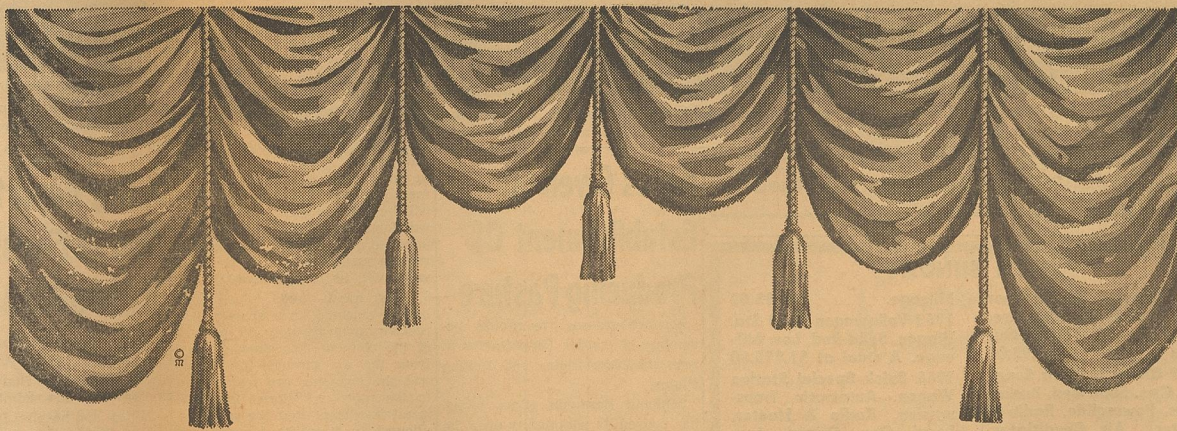

In no case, however, will the certificates cover more than the normal production of the acreage determined for the farm. In case of underplanting or extra diversion, certificates will first cover the "domestic" portion and then the remaining "export" portion.

Hill points out that the wheat program's diversion payment available on acreage shifted into a conserving use, will depend on a grower's diverting as many acres as he specifies when he signs up to participate. The diversion payment per acre will be based on 20 percent of the county's wheat loan rate on the farm's normal yield.

The grower would be eligible for the marketing certificates even if he did not divert all the acreage he agreed to, provided he met the program's minimum acreage diversion and other provisions.

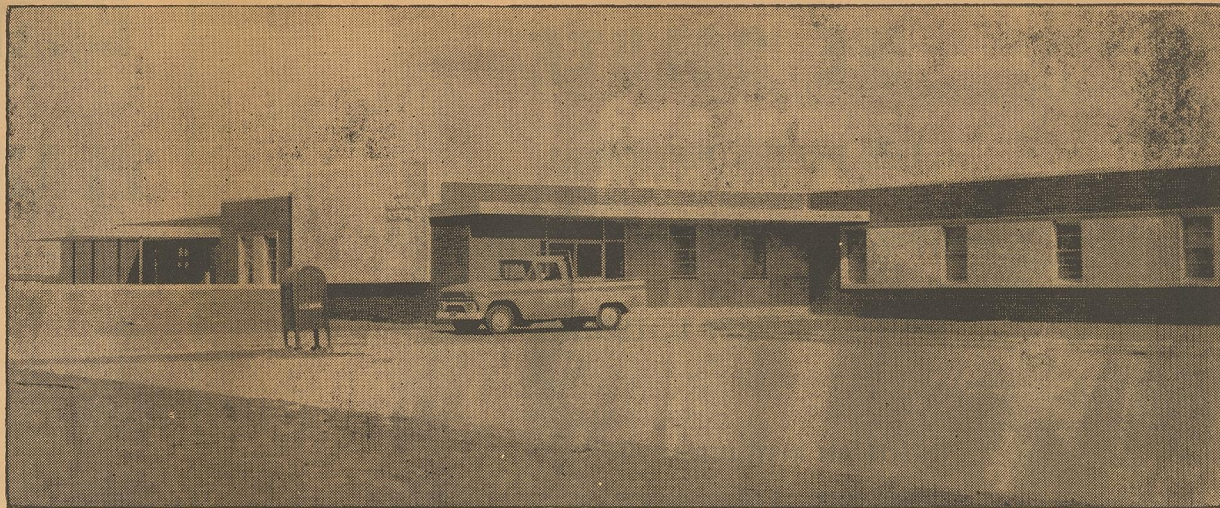

The Office Manager suggests that any questions about the 1964 vol-

2. Must select adapted species of grasses. There are many grasses adapted to the Texas Panhandle. However, many of these do not respond favorably to fertilization and or irrigation.

3. Must have proper seeded. Many failures to get grass established can be traced to improper seedbed preparation. If the seedbed is considered adequate for the planting of grain sorghum, then it is adequate for grass planting.

4. Must have good planting material. High-quality seeds may cost more in the beginning, but in the long run, they have proven less expensive. There is little loss in livability of Bermuda grass sprigs when they are planted immediately after digging. If the sprigs are to be transported any distance, dampen and cover and get them in the ground as soon as possible.

5. Material must be planted at the proper time. Failures to obtain stands after July 1 are quite common since the grass has insufficient time to establish an adequate root system and, in many instances, winter-kills.

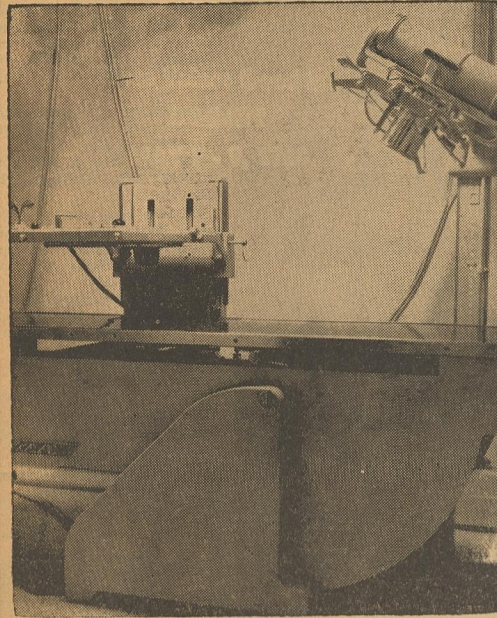

6. Must control weeds. Any plant that competes with improved pasture grass is a weed. Effective methods of control may be herbicidal sprays, cultivation, or even controlled grazing, depending upon the species of weed competition.

7. Must fertilize properly. Vigorous growing grasses such as Midland Bermuda grass, Switchgrass, and Indiangrass respond to fertilizers in many ways. The water requirement per ton of forage produced will be reduced about one-third on well-fertilized pastures as compared to non-fertilized. The tonnage will be much higher and the feed value will be almost doubled.

8. Must allow plants to establish before grazing. Since grass plants receive approximately 95 percent of the elements for growth taken from the air through the leaves and the elements are transported to the roots as "stored food," it is all important that the grass be allowed to keep its leaves until established in order to carry on the manufacturing process.

9. Must follow a timely and proper irrigation plan that will provide about one-third inch of water each day.

10. Must properly use the grass after it is established. Research and experience have shown that Midland Bermuda grass should be grazed no closer than five inches, and tall grasses such as Indiangrass and Switchgrass no closer than 12 inches during the growing season. Since over 80 percent of the total feed value of a grass is above the proper-use height, one only risks the disappointment in reduced yield if it is not properly used.

KELEKET 300 MA diagnostic X-Ray machine features the newest in X-Ray such as spot film device, motorized table, two-tubes, one for fluoroscope work and one for X-Ray picture. See story for details. —Staff Photo

### X-Ray Department One Of Finest In High Plains Area

Plains Memorial Hospital features one of the finest X-Ray departments in the High Plains according to Don Newman, administrator.

X-Ray and hospital lab are located in the southwest wing of the new hospital. Jim Cannon is in charge of this department.

Equipment in X-Ray includes Continental 60 MA portable X-Ray machine and Keleket 300 MA diagnostic X-Ray machine.

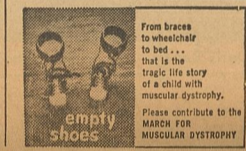

The portable X-Ray is type used by larger hospitals. Most small hospitals use only 15 to 30 MA machines. This portable X-Ray may be utilized in two ways according to Don Newman, hospital administrator. The machine may be used in surgery in a situation where immediate X-Rays are needed. The machine is especially useful when a critically injured patient has need of X-Rays. The patient would not have to be moved to X-Ray room, the X-Ray Ma-

chine would be brought to him.

The diagnostic machine features all the newest in X-Ray such as spot film device, motorized table, two-tubes, one for fluoroscope work and one for taking X-Ray pictures.

In the X-Ray darkroom, a developing tank with temperature controls provides even temperature for developing films according to Newman, administrator. Also the darkroom contains a light-proof film cabinet which when opened electric lights in darkroom automatically are cut off.

Connecting the darkroom and laboratory is the technician's office. New equipment purchased for the lab include centrifuge and blood cell calculator. Microscope and EXG machine will be transferred from old hospital. The Hospital plans to make additional purchases for lab if there is available money at end of construction.

### Diane Smith To Graduate From Hardin-Simmons

Diane L. Smith, daughter of Rev.

and Mrs. M. A. Smith, Jr., 606 West Lee, is a candidate for June graduation at Hardin-Simmons University. Miss Smith will receive a Bachelor of Science degree.

### Notes Given On Establishment Of Producing Pasture

Pasture grasses are rapidly becoming of major importance in both the High Plains and Rolling Plains.

Midland Bermuda grass, which has proven its adaptability over the past few years, along with Indiangrass and Switchgrass, which have long ago proven their adaptability, are the principal grasses being established.

High-producing pastures do not "just happen." They are planned and managed for. There are no "short-cuts" in establishing high-producing pastures. There are some ten "musts" to consider in establishing high-yielding, improved pastures:

1. Soil must be highly productive. A shallow, eroded soil can store only limited moisture and fertility. If the soil produces low yields from cultivated crops, it likewise may be expected to produce relatively low yields in grass.

# NEWS FROM SUNNYSIDE

by Teeny Bowden

Several attended the Hart Senior play last Friday night. Kenneth Fincher was one of the cast.

Janice Blackburn, Ute Unger, Ronald Blanton, Sandra Crisp, and Brenda Townsend, attended the Springlake Junior-Senior banquet last Saturday night. Marian Crisp also helped serve. Mr. and Mrs. Lloyd Blanton and Mr. and Mrs. Troy Blackburn as class parents were also present.

Rev. M. D. Durham gave the morning devotions each morning this week over radio station KDHN Dimmitt Monday through Friday. Rev. Tom Reynolds of Plainview substituted for him Saturday morning.

The Springlake Junior High Honor Society met Monday. Naomi Carr was elected Historian for next year. Debra Curtis was elected treasurer.

Debra Curtis and Naomi Carr were on the 7th Grade "A" Honor Roll for the past six weeks. Terry Crisp made all "A" and "B".

Rev. and Mrs. M. D. Durham attended the funeral services of a friend Mr. Francis Rigdon in Bovina Monday afternoon. He was a deacon in the First Baptist Church of Bovina where Rev. Durham is a former pastor. Rev. Durham helped with the services.

Brenda Townsend is a member of the Springlake Volleyball Team which took 2nd place in Regional Competition last week.

Sandra Crisp was recently elect-

ed parliamentarian for the Springlake FHA for next year.

Mr. and Mrs. Lawrence King of Roswell left Tuesday after spending last week-end with Mr. and Mrs. Irving King.

Mr. and Mrs. Ercell Keeler of Hale Center visited Tuesday afternoon with Mr. and Mrs. Ezell Sadler and Mrs. James Powell and children.

The WMS day circle met for the study of the mission book "Spiritual Life Development" Thursday afternoon. Teachers for the class were Mrs. Roy Phelan, Mrs. L. B. Bowden, and Mrs. M. D. Durham.

Mrs. E. D. Thompson, Mrs. Irving King and Mrs. E. R. Sadler attended the China Painting Class in the home of Mrs. Elmo Bell in Dimmitt Tuesday. Mrs. Thompson has had two years of instruction, Mrs. King one year, and Mrs. Sadler is just beginning.

Mr. Weldon Bradley and Mr. Ezell Sadler recently took up flying lessons from Mr. Buster Tidwell of Dimmitt for a limited license. David Sadler, who has been taking lessons for some time, has begun to fly some with the instructions.

13 attended the Spanish Story Hour at the church Tuesday afternoon.

Janice Blackburn was named Valedictorian of Springlake High School this week.

Carolyn Holcomb was on the Dimmitt Senior Class "A" Honor

NURSES on the 7-3 shift include (left to right) Edeana O'Brien, Mrs. Louise Jordan, director of nursing service, Mrs. Nino, Mrs. Cleo Guerra and Mrs. Opal Stephenson. —Staff Photo

Roll for the past six weeks.

Rev. and Mrs. Tom Reynolds and children and Marvalynne Durham of Plainview were supper guests of Rev. and Mrs. M. D. Durham Tuesday night.

Cindy Sadler of Southard, Oklahoma was honored with a Birthday Party on her 6th birthday Wednesday afternoon in the home of her grandparents, Mr. and Mrs. E. R. Sadler. Those attending were Randy, Tresa Denae, and Cheryl Powell, Brent and Brian Hedrick, Drexel and La Don Little, Resa Carson, and Susan Sadler.

The WMS night circle, the Oliver Circle, had the last session of the book "Spiritual Life Development" Wednesday night. Mrs. M. D. Durham taught the class.

Dale Durham of Brownfield ate breakfast and lunch with Rev. and Mrs. M. D. Durham Tuesday, and also spent the night with them Wednesday night.

Mrs. Troy Blackburn and Mrs. Marie Slover of Earth accompanied Janice Blackburn, Ute Unger, and several other Springlake FHA girls to Austin Thursday where they attended the State Meet. Janice and 4 others received State Degrees. Ute, the Foreign Exchange Student sponsored in Springlake High School by the FHA was a speaker on the program. They returned home Saturday night.

Mr. and Mrs. Howard Bridges returned home from Weatherford Thursday afternoon. They visited with Mr. and Mrs. John Bridges, Bruce and Brad of Earth Thursday night.

The WMS met Thursday afternoon for the regular business meeting. The Beginner Sunbeams also had their regular meeting.

Mrs. James Powell entertained in her home with a Stanley Party Thursday afternoon. Mrs. Billy Cooper conducted the Party.

Mr. and Mrs. Charles Sommers of Breckenridge visited Thursday evening with Mr. and Mrs. L. B. Bowden and Mr. and Mrs. W. E. Loudder.

Mrs. Phillip Jones' mother, Mrs. Samantha Hall of Cotton Center, passed away in the Plainview Hospital Thursday night. She had been ill for some time. Mrs. Jones had spent Thursday at the hospital with her. Several from the community attended the funeral services for her in Cotton Center Saturday. She was buried at Dimmitt.

Mrs. John Graham was honored with a birthday party in her home Thursday afternoon by the birthday club. Those present were Mrs. Irving King, Mrs. R. A. Axtell, Mrs. J. E. Shirey, Mrs. Milton Ott, and Mrs. Cecil Curtis.

Mrs. E. D. Thompson visited in the Plainview hospital Thursday afternoon with Mrs. C. E. Merriott, a friend.

Mrs. Pearl Sadler of Dimmitt visited Thursday afternoon and evening with Mrs. E. R. Sadler, Mrs. Ezell Sadler, and Mrs. James Powell and children.

Cindy and Susan Sadler of Southard, Oklahoma spent Thursday night with Mr. and Mrs. Larry Sadler.

Mr. and Mrs. Menell McWilliams of Plainview visited Friday night with Mr. and Mrs. Marlin Power and Mr. Dwight Shottenkirk and Lance. Mr. Power is still ill, but seems to be improving.

Mr. and Mrs. John Spencer visited last Sunday in Plainview with Mr. and Mrs. Henry Duncan.

Mr. and Mrs. C. H. Morrow of Dove Creek, Colorado spent the day Thursday and were dinner guests of Mr. and Mrs. John Spencer.

Mrs. M. D. Durham and Janita Blackburn attended the Jr. G. A. Houseparty at Muleshoe Friday night and Saturday. Janita is Associational Prayer Chairman and had charge of the Prayer Calendar. Mrs. Durham is Associational G. A. Director and had charge of the Houseparty.

61 voted in the Democratic Primary Election at the Community Building Saturday. John Connally, Ralph Yarborough, and Tump McClain for Commissioner carried the box. Mr. Ray Joe Riley was elected in the Precinct Convention as the Democratic Chairman to the County Convention. Mr. Howard

Bridges was Precinct Judge, Mrs. Milburn Haydon and Mrs. L. B. Bowden were clerks.

The first Republican Primary was held in the community Saturday at the home of Mr. and Mrs. Jon C. Little with Mr. Little, Precinct Judge. He was elected to the County Convention as Republican chairman.

Juanelle Conard and Jimmy Waggoner attended the 8th grade Banquet at Dimmitt Saturday night. Mrs. Tex Conard had charge of the banquet.

Mr. Lloyd Blanton, Terry and Randy were among those attending the Tech Rodeo at Lubbock Friday night.

Mr. and Mrs. Rex Jenkins spent the week-end at Copperas Cove, Texas with Mr. and Mrs. Raymond Jenkins. Raymond is stationed at Fort Hood.

Mrs. Cecil McSpadden, Mary Kay and John and Dennis Plunk all of Stratford spent the week-end with Mr. and Mrs. Lloyd Blanton and family.

Mr. John Bridges of Earth visited with Mrs. Howard Bridges Saturday afternoon.

Mr. and Mrs. Larry Don Phelan spent the week in Lubbock with Mr. and Mrs. Eddie Townsend.

Mr. Bill McWilliams of Plainview ate dinner Sunday with Mr. and Mrs. Marlin Power and Mr. Dwight Shottenkirk and Lance and visited Sunday afternoon with Mr. and Mrs. W. E. Loudder.

Mr. and Mrs. Clarence Baggett of Hereford visited Sunday afternoon with Mr. and Mrs. Leslie Loudder and family and Mr. and Mrs. Marlin Power, Mr. Dwight Shottenkirk and Lance.

Mr. and Mrs. John Spencer visited Sunday afternoon in Dimmitt with Mrs. John Turner.

Several from the community attended the Dedication Service and Open House of the Plains Memorial Hospital in Dimmitt Sunday afternoon.

Mr. and Mrs. Tom Messer and children of Lubbock spent the day Saturday with Mr. and Mrs. Alton Loudder.

Mr. and Mrs. Raymond Lilley and Donnie and Mr. Eldon Lilley attended the Lilley & Wood family reunion at McKenzie Park in Lubbock Sunday.

Mrs. Milton and Mrs. Clarence Mitchell of Springlake were honor-

ed with a family birthday dinner in the home of Mr. and Mrs. Bill Ott in Hereford Sunday. Mr. Ott, Mr. and Mrs. Milburn Haydon, and Mr. and Mrs. Alton Loudder also attended the dinner.

Mr. and Mrs. Percy Hart of Hart visited Sunday evening and were supper guests of Mr. and Mrs. Howard Bridges Sunday night.

Lance Shottenkirk has had the measles this week.

Mr. and Mrs. Ezell Sadler visited in Hale Center afternoon with Mrs. Hugh Hensley.

Mr. and Mrs. James Powell and children visited with Mr. and Mrs. Woodrow Powell, Aline, and Harold of Earth Sunday afternoon.

72 attended Sunday School with 45 in Training Union Sunday. The Youth Organization elected Eugene Oldham to be the Youth Pastor for the coming Youth Revival, Harold Spencer to be Youth Sunday School Supt. and Gene Carson to be Youth ETU Director. The Youth led revival will be June 4-7 with Rev. Jimmie Jenkins as the Evangelist and Russell Hughes as the song leader.

**PIONEER.**  
brand sorghum . . .  
Top performers from one of America's oldest and largest hybrid breeders

Pioneer hybrid sorghum delivers big yields and smooth, low-loss combining . . . as hundreds of High Plains farmers have already proved.

Research and testing built these dollar-making features into Pioneer sorghum . . . just as it made other Pioneer products leaders in their fields.

• Pioneer hybrid corn ranks as one of the top-selling brands in the U.S.

• Hy-Line layers, bred by Pioneer's Hy-Line Poultry Farms, outsell all others.

Making Pioneer brand sorghum equally outstanding: That's the goal of Pioneer sorghum breeders. Headed by J. Roy Quinby, former head of sorghum breeding at Texas Agricultural Experiment Station, Pioneer's sorghum improvement program now ranks as the country's largest.

You can put Pioneer's breeding experience to work on your farm by planting Pioneer hybrid sorghum. See or call me.

# AMBUSH!

New Bidrin® Insecticide lies in wait inside cotton—knocks out thrips, fleahoppers, aphids, mites, lygus wherever they attack tender foliage

Above: magnified cross sections of cotton leaves. In left picture, Bidrin (dark strip, top) kills cotton insect with contact action, covers and protects leaf surface. 24 hours later, Bidrin has entered leaf tissue (picture right). Insect attacking from below where spray didn't reach—sucks up Bidrin with juices. This systemic action keeps protecting 7 to 14 days.

Magnified cross sections of cotton leaves (above) show how one application of new Bidrin keeps working 7 to 14 days, rain or shine.

**B**idrin is the new phosphate insecticide that kills cotton pests with both contact and systemic actions.

- It kills all major cotton insects on contact, at time of spraying—even weevils and worms.
- It enters and spreads through plant tissue, makes cotton deadly to thrips, aphids, fleahoppers, mites, lygus.

When insects attack, they die—even if they pierce bottom of leaves where spray doesn't reach. This is systemic action. It keeps working 7 to 14 days.

**Proven by growers**  
New Bidrin's amazing two-way action paid off for thousands of cotton growers in '63. They grew more cotton. And, thanks to early insect control with Bidrin, a higher percent of their crop was early, high-quality, bottom cotton.

**Weather resistant—economical**  
Soon after spraying, Bidrin enters your cotton plants. Once inside, rain can't wash it off. Sun can't break it down. Bidrin has practically eliminated weather as a cause for re-spraying.

Bidrin costs little compared to insecticides that can't begin to do the same kind of job. Bidrin's long-lasting effectiveness means fewer sprays. With Bidrin you avoid buying early insect control at seeding before you know whether or not insects will come. Bidrin gives you systemic control, yet it lets you wait and see. Result: maximum insect control at minimum cost.

Get Bidrin from your pesticide supplier. Many brands available.

Always read and follow label directions. For more information write: Shell Chemical Company, Agricultural Chemicals Division, Post Office Box 2099, Houston 1, Texas.

Maintain control with **endrin-methyl parathion**  
During squaring and fruiting, stay ahead of insects with endrin-methyl parathion. It knocks out boll worms and weevils plus many other insects—quickly and surely. Gives you maximum length of control per spray, minimum number of sprays to do the job. Send for free, full-color booklet.

**SURGICAL DEPARTMENT** is shown here. The new operating table is the finest on the medical market. Also shown at the left is the new cardiac arrest machine. At the right is the positive pressure machine for resuscitation. See story for details. —Staff Photo

**Surgery Features Top Equipment**

Surgical department of the new Plains Memorial Hospital features some of the finest equipment on the medical market according to Don Newman, administrator. The new operating table is the finest on the market says Newman. The table may be placed in various positions as required by the surgeon. Other new surgical equipment includes a positive pressure machine for resuscitation, anaesthetic machine and cardiac arrest machine. Wall equipment includes X-Ray viewboxes, clock equipped with second and minute hands which will record up to an hour, piped-in oxygen and intercom connected with nurses station.

All electrical switches and plugs in surgery are explosion proof. Conductive floor meets all requirements for using any types of gases necessary in surgery. The \$3,000 cardiac arrest machine will monitor heartbeats of patient during surgery. If heart beat becomes uneven or stops beating completely, the machine can level the irregular beat through use of heart to beating again. This machine is used in larger hospitals. Surgical scrub-in room is located just outside of surgery. Doctor's lounge can be entered from either surgery or outside hall.

**HOSPITAL LOBBY** provides seating for 24 people at one time. The lobby is equipped with orange and blue Naugehyde chairs. See story. —Staff Photo

**Hospital Lobby Will Seat 24**

The new hospital entrance opens into a spacious lobby equipped with orange and blue Naugehyde chairs for visitors. This lobby provides seating for 24 people at one time. An information desk is located on the northside of the lobby.

The business office is located north of the lobby and has been furnished with new black and white furniture. Also the business administration has been furnished with new machines.

According to Don Newman, administrator, a new system of accounting for supplies and medicines will be used by the hospital. New posting equipment has been purchased and soon hospital bills will be figured on a daily basis for all patient care.

New storage facilities will allow keeping of better records for a longer period than has been possible in the past.

A dictaphone system with four dictating stations will allow the doctors to put on tapes those records they wish to preserve.

Administrator's office is located just off the business office and is furnished in black and white office furniture.

The Hospital board room has been established on south side of hospital next to the lobby.

This board room is open to the public for use as a prayer room at any time. Also if families need private place to talk with ministers this room may serve for this purpose.

**Hospital Contains Central Supply**

Plains Memorial Hospital has a central supply room which contains equipment for producing sterile water and sterile supplies for surgery, O. B. and the other parts of the hospital.

There are two autoclave units in central supply. One of the autoclaves was moved from the old hospital and the other one is a new unit. Ample storage has been provided in the central supply room.

Also facilities are available for producing sterile and distilled water.

Central supply has two window-type outlets which open to surgery and obstetrics through which sterile supplies may be passed quickly.

**EASTER NEWS**

## 1964 Wheat Program Offers Diversion Payment

(Continued from Page Five)  
 untary wheat program be taken up with the ASCS county office. The deadline for signing up—the first step in qualifying as program participant—is May 15.  
**1964 VOLUNTARY WHEAT PROGRAM (QUESTIONS AND ANSWERS)**  
**Q.** Will there be a wheat program for the 1964 crop?  
**A.** Yes, Congress recently passed legislation authorizing a wheat program for the 1964 and 1965 crop years.  
**Q.** I raise wheat on my farm. Must I take part in this program?  
**A.** No. The new program is completely voluntary. No producer is required to take part.  
**Q.** Who is eligible to take part in the 1964 program?  
**A.** The program is open to every wheat grower, regardless of the number of acres he produces, if he has a 1964 wheat allotment. This allotment is the acreage you're eligible to harvest this year if you decide to take part in the program. You don't need to make any further acreage cuts unless you want to.  
**Q.** I've mislaid my allotment notice. How can I find out what my allotment is?  
**A.** Call or visit your ASCS county office—they'll be happy to provide

the information you need.  
**Q.** How do I take part in the program?  
**A.** You will need to file an application at your county ASCS office not later than May 15. Since the program is voluntary, you won't be automatically enrolled. Signing an application is the first step to participate.  
**Q.** What do I gain by signing up in the wheat program this year?  
**A.** By signing up by May 15 and by meeting other program requirements, you become eligible for:  
 (1) A price support loan or purchase, at \$1.30 nation average, on all wheat you produce on an eligible farm. In Castro County the loan rate will be \$1.27 a bushel.  
 (2) You'll receive credit for "domestic" certificates valued at 70 cents a bushel for 45 percent of your allotment's normal production, and "export" certificates valued at 25 cents a bushel for an additional 45 percent of normal production in no case, may the certificates exceed the normal production of the acres planted for harvest. The certificates will be based on your normal wheat production.  
 (3) Diversion payments for having set aside in conserving use an acreage not less than 11.11 percent of your allotment. At the same time, the 1964 allotment of which

you were previously notified may be fully planted. The diversion payment will be based on 20 percent of your county price support loan rate times your normal yield. You can also set aside in conserving use an additional 20 percent of your allotment, or up to a total of 15 acres if this is larger; but this additional diversion will need to be accompanied by a corresponding reduction from the allotment in actual wheat acres planted for harvest.  
**Q.** I have planted within my farm wheat acreage allotment for 1964. Do I have to do anything further to be eligible for price support on the wheat I produce?  
**A.** No. If price support is all you are interested in for 1964, you have met the necessary requirement by planting within your farm wheat acreage allotment.  
**Q.** Suppose I sign up in the program, I'll be eligible for price support, marketing certificates, and a diversion payment. But what may I do with the wheat I produce?  
**A.** You have several choices:  
 (1) You can put it under price support.  
 (2) You can market it; or  
 (3) You can store it on your farm and feed it to your livestock, in other words, it's your wheat, and whichever choice you make, you will still receive your certificates and diversion payment as long as you've met other program provisions.  
**Q.** What happens if I sign up in the program and then have a crop failure, or part of my crop is destroyed?  
**A.** If you plant wheat for harvest and have a complete failure, you will still be eligible for certificates based on the acres planted and normal yield for your farm. If you harvest only part of a crop, you will still be eligible for certificates based on acres planted and normal yield, and the portion of the crop harvested would be eligible for price support loan.  
**Q.** Where can I get more detailed information on the 1964 voluntary wheat program?  
**A.** For more information on the wheat program and how it affects your farm, call or visit your ASCS county office. Better do it soon—final sign-up date is May 15.  
**GROWERS TO RECEIVE COTTON NOTICES**  
 Cotton notices will be mailed to farmers soon, giving certain information applicable to the individual farm under the new "domestic" choice provided by recently enacted legislation. Charley E. Hill, office manager, Agricultural Stabilization and Conservation County Committee, explained today. A notice will be mailed to each far-

mer with an allotment, informing him what the domestic allotment is for his particular farm.  
 Generally, the domestic allotment is 67 percent of the farm's 1964 "effective" allotment (the regular allotment after any release or reapportionment). If the acreage planted to cotton on the farm in 1962 or 1963 was less than the 1964 effective allotment, the farm's domestic allotment will be 67 percent of the higher acreage for 1962 or 1963, but not less than 15 acres. For small farms, the domestic allotment will be the smaller of (a) the 1964 effective farm allotment or (b) 15 acres.  
 Many cotton growers thus will be able to earn the extra price support payment without reducing their acreage below the regular cotton allotment. The office manager reminded growers that the price support payment for keeping cotton acreage within the farm's domestic allotment is intended to compensate farmers for reducing production. The acreage thus taken

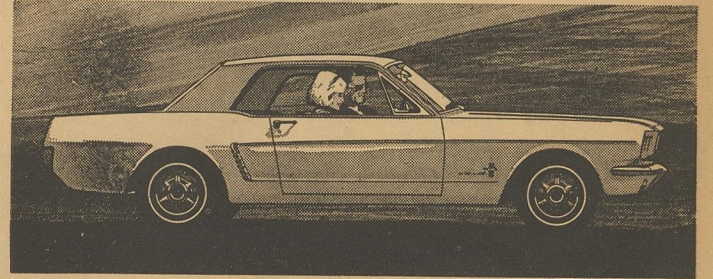

out of cotton may be planted to other crops except that the feed grains planted on the farm may not exceed the feed grain base if the farm's effective allotment is more than 15 acres.  
 The extra payment will amount to 3.5 cents per pound on the normal yield per acre established for the farm. (The normal yield and the payment rate per acre are also on the notice sent to cotton farmers.) The total price support payment for a domestic allotment farm would be the acreage determined for the farm multiplied by the farm payment rate per acre, and it will be paid in-kind after performance is checked. The Government will help in marketing the payment-in-kind certificates. The domestic allotment grower will also be eligible for the regular price support loan on his cotton crop, at the basic level of 30 cent per pound, Middling 1-inch, at average location.  
 Other "Allotment" choices under the 1964 upland cotton program are (1) keeping within the farm's regular effective allotment, and (2) growing a small export acreage in addition to the effective allotment not to exceed 5 per cent of such allotment. Price support will be available to growers choosing one of these two options through loans at the basic 30-cent level on the production from the allotment acres only. No extra payment would be available to these growers.
