## PRESIDENT IS SAVING SOME OF PROGRAM

WASHINGTON, July 28.—President Roosevelt today summoned his congressional leaders to a White House conference to discuss legislation the administration would seek before adjournment.

Observers believed that out of the session would come the administration decision on what legislation to be made concerning the farm bill. The farm bill apparently is dead for the session, but pressure for action now has continued.

Chairman Marvin Jones of Texas of the house agriculture committee said, however, that enactment of comprehensive farm legislation before adjournment has been abandoned because of inability of farm organizations to agree on a program.

## FOUR KILLED IN CRASH NEAR WICHITA FALLS

WICHITA FALLS, July 28.—Four men were killed today when a light sedan and a truck collided near Antelope, on the Wichita Falls-Jacksboro highway.

The dead were Charles Moffitt, Fort Worth; E. C. Brannen, Fort Worth; E. E. Brumley, Bryson; Lewis Beck, Graham.

The two Fort Worth men had obtained a truck load of gasoline for a filling station, which Moffitt and his brother operate in Fort Worth. The two other men were enroute to Wichita Falls.

The gasoline exploded and wreckage of the two machines burned for more than two hours. Clothing was burned from the bodies of all four men. All but Brannen apparently died in the crash. He died in an Archer City hospital.

## Fifteen Are Killed In Air Liner Crash

AMSTERDAM, July 28.—A Royal Dutch airliner, crashed from Amsterdam to Paris, burst in flames near Brussels today, killing the 15 persons aboard.

The dead comprised 10 passengers and a crew of five.

It was reported the passengers included three American men, one Mexican, one Englishman and five Dutch of Belgians.

One of the dead American passengers was tentatively identified as Ben Mun, of Long Beach, Calif.

## Blasts Mar Visit Of King and Queen At Belfast, Ireland

BELFAST, Ireland, July 28.—An explosion in the streets of Belfast and the bombing and burning of customs houses and railway bridges along the Irish Free State border greeted King George VI and Queen Elizabeth today on their arrival for a coronation visit.

Their majesties arrived in a motorcade escorted by three cruisers and six destroyers, and motored to the city hall.

The customary address of welcome was being read when a terrific explosion occurred a quarter of a mile away. Glass within a 300 yard radius was shattered. The explosion occurred in a warehouse, apparently from gas. No one was injured.

## County Tax Board To Finish Thursday

Representatives of oil, railroad and utility companies are appearing this week before members of commissioners court for equalization of taxes, it was stated Wednesday.

The court expects to end its work as the equalization board Thursday.

## REASONS FOR VOIDING OF "BEER" ELECTION EXPLAINED IN FILING

### New U. S. Consul

Miss Margaret M. Hanna (above) joins the growing list of women serving the United States in foreign service. Chief of the division of coordination and review of the State Department at Washington, she has been named U. S. Consul at Geneva, Switzerland, the third woman career diplomat.

Pursuant to the request of respondents in the recent prohibition election, Judge B. H. Atchison of Breckenridge, who presided, Wednesday filed findings of facts and conclusions of law in the case.

The request had been made by the respondents, including members of commissioners court and Criminal District Attorney Earl Conner, Jr., nominal defendants, in preparation for perfection of their appeal for the election voiding the Eleventh Court of Civil Appeals.

It is not likely a ruling will be made by the appellate court until the latter part of September as the tribune is now in recess. The case was heard originally in 91st district court, Judge George L. Davernport, regular jurist of the court, was disqualified.

The findings of fact: 1. "That on October 15, 1931, a local option election was held in Eastland county, Texas, under order of the commissioner's court of Eastland county, Texas, and in accordance with the then existing law to determine whether or not the sale of intoxicating liquors should be prohibited, and that the result of said election was for the prohibiting of the sale of intoxicating liquors within the bounds of Eastland county, Texas, and that thereafter the sale of intoxicating liquors was prohibited in Eastland county until the year 1933.

2. "That after August, 1933, elections were held in subdivisions of Eastland County legalizing the sale of 3.2 beverages at elections called for that purpose, that said elections and results were duly and legally declared and published by the commissioner's court of Eastland county, Texas.

3. That on April 18, 1936, an election was duly ordered and held in Eastland county, Texas, to determine whether or not the sale of vinous and malt liquors, that did not contain alcohol in excess of fourteen per centum (14%) by volume should be legalized in Eastland county, Texas; that said election resulted in a majority of the qualified voters voting for legalizing the sale of vinous and malt liquors containing alcohol not in excess of fourteen per centum (14%) by volume in said county; that said appropriate order with reference to declaring the result and the object of the election was made and so recognized and same became lawful.

4. That on the 19th day of April, 1937, there was filed with the commissioner's court of Eastland county, Texas, a petition for an election to determine whether or not the sale of all liquors should be prohibited in Eastland county, Texas.

5. That on the 19th day of April, 1937, the commissioners court acting upon said petition ordered an election to be held in Eastland County, Texas, on May 1, 1937, for the purpose of determining whether or not the sale of all liquors should be prohibited in Eastland county, Texas; that on the 27th day of May, 1937, the commissioner's court convened in special session to canvass the returns of said election held on May 1, 1937; that such result was duly declared and the certificate of the presiding judge of the commissioner's court was duly issued and recorded in the minutes of such court declaring the effective date of inhibiting the sale of all liquor to be June 27, 1937.

6. That the form of ballot in the election that was held on May 1, 1937, was as follows: "For prohibiting the sale of all liquors and against prohibiting the sale of all liquors."

7. That the election notices were signed by said W. S. Adamson, county judge of Eastland county.

8. That the election notices were not posted by the clerk of the county court of Eastland county; that the county clerk only mailed such notices issued and signed by the county judge of Eastland county to the various election judges of Eastland county.

Conclusions of law: "1. The court concludes as a matter of law that the notices of election held on May 1, 1937, were not issued or cause to be issued by the county clerk of Eastland county, Texas.

"2. That Eastland county was 'dry area' under our present law so far as the sale, etc., of spirituous intoxicating liquors containing in excess of fourteen per cent of alcohol by volume is concerned and at the same time 'wet area' as it relates to the sale of malt of vinous beverages which do not contain in excess of fourteen per cent of alcohol by volume.

## Houston Brashears To Be Buried at Lone Cedar Thurs.

Funeral services for Houston Brashears, 82, who died at his home four miles south of Ranger will be conducted at Lone Cedar Thursday afternoon, with Rev. C. H. Ray of Weatherford, who married Mr. and Mrs. Brashears, conducting the services. Burial arrangements are being made by Killingsworth, Cox.

The decedent was born Sept. 29, 1855, at Jannestown, Ky., and removed to Texas in 1870, settling first in Parker county. In 1884 he moved to Eastland county, settling on the farm on which he lived until the time of his death. On April 24, 1887 he was married to Miss Mary Ella Brittain, who survives him.

Surviving relatives, in addition to his wife, are two sons, Joe Brashears of San Saba and Frank Brashears of Kermit; three daughters, Mrs. Bell Hinman, Mrs. Effie Powell and Mrs. Mollie Puryear of Weatherford; one brother, Hulon Brashears, of Graham; seven grand-children and two great-grand-children. Three children, two boys and one girl, are dead.

Mr. Brashears was one of the most prosperous and most widely known farmers in the county.

## "To Whom Shall We Go" Is Subject For Revival Tonight

"To whom shall we go" will be the subject for the evening sermon at the Christian revival tonight.

Rev. Haley preached last evening from the subject, "Soup, Soap and Salvation." This subject was a selection from the Salvation Army, the minister told the congregation. He told how these great people went into the slums, the byways and highways, singing their songs and exhorting the people to live better lives.

He told of the great number who had been saved as a result of this splendid organization. He read some scripture, justifying his subject, Jer. 2:22, "Thou wash thee with nitre, and take thee much soap, yet thine iniquity is marked before me." Mal. 3:1-2, "But who may say the day of His coming, and who shall when He appear, eth, for He is like a refiners' fire, and like Fuller's soap?" Mark 9:3, Mount of transfiguration.

"And His raiment shining, exceeding white as snow; so as no fuller on earth could whiten them."

These are the divisions of his interesting sermon: Soap for the outer man, and salvation for the soul. Soap cleanses, purifies and is a disinfectant. "The blood of Christ cleanses from all unrighteousness."

"When the Salvation Army found a poor man down in the gutter, dirty and hungry, they first cleaned him up and fed him before they tried to do anything else for him. You can't talk to a hungry man about his soul until you fill his stomach with food. It's an awful thing to starve to death, an awful thing to live in filth, breathing into your lungs deadly germs till you weaken and die."

He told what an awful thing it was to be lost in the woods, but how much worse it was to be a lost soul. "Fear not him who can destroy the body, but rather fear Him who is able to destroy both soul and body in hell."

"What would it profit a man if he should gain the whole world and lose his own soul? 'Jesus alone can save.'"

Brother Haley left these wonderful thoughts for the congregation to think over. Folks are hungry, and they need food; thirsty, and they need water; homeless, and they need shelter; naked, and they need clothing; dirty, and they need cleansing; lost, and they need Jesus. These are some of the thoughts brought to the congregation last evening.

The picture last evening was the best yet.

## WTCC Chief Goes to Brownwood Meet

Milburn McCarty, Eastland, president of the West Texas Chamber of Commerce, attended a conference Tuesday at Brownwood when a state-wide soil and water conservation bill to be introduced at a special session of the legislature was discussed.

Others attending were D. A. Bandoen, Stamford, WTCC manager; B. C. Morgan, Breckenridge, WTCC director; Tom C. Heffner, Crystal Falls, Texas agricultural association legislative committee chairman; Senator E. M. Davis, Brownwood, and Chester Harrison, manager, Brownwood Chamber of Commerce.

The bill is designed to be favorable to ranchmen and farmers, and one which will be endorsed by the federal government's agriculture department.

A soil conservation bill favored by the WTCC was vetoed at the recent session of the legislature.

## Road Project For County Is Approved

SAN ANTONIO, July 28.—Approval of fifteen new Works Progress Administration projects, involving Federal expenditures of \$177,426 and \$122,772 in sponsors' funds, was announced today by Robert J. Smith, deputy state administrator for Texas. Jobs for 1,138 workers recently released from completed WPA projects will be provided by operation of the new projects.

Included in the new approvals were nine projects for road improvements over forty miles of Texas roadways.

Projects approved include Eastland County—Farm-to-market road improvements; federal funds, \$8,06; sponsor's funds, \$3,011; workers, 132.

## Raymond Lingle Is Injured When Car Overturns In Ditch

Raymond Lingle of Ranger sustained a broken leg and a fractured shoulder in an automobile accident on the Strawn highway just outside the eastern city limits of Ranger Tuesday night, when the car in which he was riding overturned into a ditch.

According to other occupants of the car, Lingle, who was driving, narrowly averted a collision with a car driven by Bob Yeager, when Yeager turned from the highway toward the driveway of his tavern, the two cars sideswiping just enough to overturn the Lingle car.

Homer Wright, who was an occupant of the car, was slightly bruised and scratched, while Geo. Cox, the other occupant, was more painfully, but not seriously bruised and cut. Yeager was reported to have been uninjured, and his car did not overturn.

## Registered Bull Ready for Service

H. J. Tanner, secretary of the Eastland Chamber of Commerce, Wednesday again reminded farmers, dairymen and ranchmen of this section the organization owns a registered Jersey bull which is available for service.

The animal is "Wake Up Masterman," declared by the secretary as one of the finest blooded bulls in the south. Service fee is \$3. It is stationed at the H. D. Warren barn near the Eastland cemetery.

The record of the animal may be obtained from Secretary Tanner.

## CHINESE ARE REPORTED TO BE GAINING UPPER HAND OVER JAPANESE

SHANGHAI, July 28.—China's great cities were rejoicing today on reports Chinese were hurling back Japanese.

One official government spokesman said Chinese captured 300 crates Japanese war planes at Fengtai, and that Chinese captured the tow nof Yuesun, 16 miles north of Tientsin.

WASHINGTON, July 28.—The Chinese embassy today reported official advisors from Nanking stated that Chinese troops "have been gaining the upper hand in all sectors" in hostilities with the Japanese.

PEIPING, July 28.—War between Japan and China raged in the Peiping area tonight while foreigners gathered in legation quarters for protection behind handbags and the guns of their national troops.

An American Marine, Julius Fliszar was shot by mistake by the Chinese as he herded American refugees into the United States embassy compound, where 250 Americans are being protected.

Similar foreign defense precautions were taken in Tientsin. The major battling was in progress south of Peiping.

The Chinese Dragon, its patience, lashed back, at last, against the invader and a showdown fight for possession of North China was in prospect.

China's fighting spirit was aroused and the Chinese jubilantly announced important victories outside Peiping. The Japanese, on the other hand, insisted their modern war machine was prevailing against the Chinese, some of them fighting with the ancient, two-handed sword, against machine guns and artillery.

All reports indicated great slaughter. The Japanese announced they had "virtually killed the 38th Chinese division."

Savage fighting proceeded at half a dozen points and fighting persisted throughout the day.

Advices from Nanking said that 39 Chinese war planes had left for Peiping.

Japanese asserted they were winning, but Chinese reports differed radically and the continued fighting gave evidence that any victories were won dearly.

It was reported that one Japanese bomber was shot down and the Chinese destroyed an important bridge on the Peiping Tientsin Railroad, delaying Japanese reinforcements and cutting off a possible retreat.

In Peiping, where thousands of foreigners and 1,500,000 Chinese were crowded, strict martial law prevailed.

## Slate Burial For Grapvine Man at Eastland This P.M.

John Reeves, who died in the Grapevine community, was to be buried this afternoon in the cemetery at Eastland, according to reports on the death. Arrangements were to be by a Cisco undertaking company.

## Anxious Motorist Starts Fluid Flame

An over-anxious motorist who put gasoline into his automobile while the attendant was busy servicing another car, was the cause of a gasoline blaze Tuesday night at Guy Patterson Tire Service in Eastland, according to fire department officials.

After filling his tank the motorist lit a cigarette, tossing the match on the parking lane floor, where gasoline had been spilled. A flame resulted. A chemical fire extinguisher at the station "killed" the blaze before the fire department arrived.

## Companies Ordered To Odorize All Gas

AUSTIN, July 28.—Texas' 200 gas companies were sent orders today to make their gases smell so bad a leak could be easily detected.

The safety order is an aftermath of the New London school disaster, when gas exploded and killed nearly 300 children and teachers.

## Allred Answering Taxation Protests

AUSTIN, July 28.—Governor Allred today revealed that he is answering, by letter and telegram, each protest he received when the state automatic tax board refused to vote an ad valorem tax to sustain the school board's \$22 per scholastic apportionment.

He sent 1,000 letters and telegrams Monday. As protests were continued he was forced to order an additional 1,500 letters.

## Tax Committee Is Pushing Measures

WASHINGTON, July 28.—The congressional tax avoidance committee today ended its inquiry into Mrs. Franklin D. Roosevelt's tax methods and decided to rush recommendations for closing tax loopholes in order to aid the adjournment drive.

The decision came after the committee heard Asst. Atty. Gen. Robert Jackson defend Mrs. Roosevelt's radio contracts, giving charity \$30,000 without payment of income tax.

## AMERICANS IN CHINA WARNED OF AN ATTACK

HONG KONG, China, July 28.—Reports were received here today that Japanese army authorities at Peiping had advised the American embassy guard that they might be forced to bomb Peiping.

British authorities at Peiping, the report said, protested to the Japanese embassy, against the Japanese army's failure to give notice of their "war" on Peiping.

WASHINGTON, July 28.—President Roosevelt is keeping close watch on the Chinese-Japanese situation, with special interest in the safety of Americans marooned in Peiping.

There is a possibility the president will cancel his usual weekend cruise to watch developments.

## Negro Is Held In Death of a Youth

HOUSTON, July 28.—A 16-year old negro was held without bail on a murder charge today in connection with the death of Tony Black, 16, a white youth, who was pushed from a street car yesterday.

Phillip Morgan, the negro youth, pushed Black during a quarrel and the boy fell to the street, fracturing his skull.

## Traxler May Be Sent Back to Huntsville

OKLAHOMA CITY, July 28.—Pete Traxler, recovering from a bullet wound which ended a series of crimes, lasting two weeks, probably will be returned to the Huntsville, Texas, prison, from which he escaped July 8, Fred Cunningham, state pardon and parole attorney said today.

Cunningham indicated that Oklahoma would honor Texas' request for extradition.

## House Lowers Hours Below Senate Level

WASHINGTON, July 28.—The house labor committee voted today to broaden the senate wages and hours bill to permit limitation of hours down to 25 hours a week.

The senate bill, now being debated, sets 40 hours a week as a level beneath which federal limitation could not go.

## Eastland Team Has Victory In Unusual De Leon Engagement

Eastland softball circles are still discussing a game played by the Hi-Y club team of Eastland against a DeLeon team recently.

Troy Taylor pitched for the Eastland team in the 2 to 1 battle in which he struck out nine. There was no error. Twelve fly balls were caught and there was no putout at first base. Each side got four hits.

Ash scored a home run for DeLeon.

## B. M. Collie III In Austin Clinic

### Tackling the Problem of Men and Machines

The report of the National Resources Committee on unemployment as related to the invention of labor-saving machinery, shows once more how vitally these problems concern us all.

The day is definitely past when we can let these things take their course and simply hope for the best. We must look ahead and plan, and we must try to solve the problems intelligently.

To do it we must first understand the problem, and the gathering of knowledge about it is now conceded to be a government function because the problem affects everybody.

What we are up against is something like this: Population has grown so much that industrial production would have to be 120 per cent of what it was in 1929 to cut unemployment down to what it was then, even if the same kinds of machinery were being used now as then.

But we have put in use a great deal of labor-saving machinery during that time, so industrial production really would have to be far greater than 120 per cent of the 1929 figure to take up the slack. Not only that, but new developments such as the photo-electric cell, the mechanical cotton picker, plastics, and indoor chemical growing of crops may still further cut down the available jobs.

These new developments usually provide new jobs, but making men who have been cotton pickers all their lives into skilled employes in a plastic factory is not so easy. There is always a long interval of adjustment during which many men go without jobs.

This is not only bad in itself, a stalking terror for the men displaced, a reduction in their purchasing power, but it is also a concern of all other men because we now know that such displaced men must be fed and clothed and housed at public expense. Thus the problem concerns everyone.

Who then is to attack the problem? Why, the only agency in the country that represents everyone—the government. And its first step is to learn all that may be learned about the problem. That is what the National Resources Committee is attempting to do. Its findings will enable every federal and state official and legislator, every teacher, every journalist, and every citizen, to understand more clearly the problem that we face.

Gathering knowledge of what must be done is the first step. How to apply that knowledge is the second, and usually the more difficult step. But the second step can scarcely be effectively negotiated unless the first has been securely taken.

As government becomes more complex, the need for intelligence grows clearer and more insistent.

Every step toward clarifying an understanding our pressing problems is a forward step.

### Twin Troubles Don't Come Singly

Lois and Louise Coats

Ray and Roy Sebring Herbert and Hubert Sharp

Twice wed, the famous Coats twins, originally from Seattle, may be headed for single blessedness again, if anything single can happen to these girl duplicates who do everything in doubles. The Sharp twins have filed twin annulment suits in Los Angeles against their twin wives, the twin Coats, with twin allegations that the twins were not divorced from their former twin husbands, the twin Sebrings, who are also twin marines. The Sharp twins allege that divorces of the Coats twins from the Sebring twins don't become final until October.

### ROPER MAY APPROVE MATTERN'S FRIGHT

WASHINGTON, July 28.—Sec. of Commerce Daniel Roper said today he would approve a bill to allow a Russian polar flight to Russia by James Mattern, formerly of San Angelo, if inspection of the flight proved it to be suited and if it war, navy and agriculture departments agreed the flight had scientific value.

He said he would expedite his decision. Mattern said his plane was ready for a non-stop flight to Moscow.

Montgomery Ward Beats Lone Star, Dr. Pepper Winner

Montgomery Ward topped the Lone Star team off the 1,000 per cent perch of the city league percentage column Tuesday night by administering the league leaders a 9 to 7 defeat. In the second game of the evening Dr. Pepper turned in a remarkably good game to defeat Killingsworth, Cox by the score of 2 to 1.

The defeat of Killingsworth, Cox prevented them going into a tie with Lone Star for first position. Lone Star took a two-run lead in the first inning, but Montgomery Ward annexed one run in the second and five in the third, while Lone Star came back with a five-run rally in the fourth. Montgomery Ward scored three more runs in the fifth; however, while their opponents were held scoreless the remainder of the game.

Dr. Pepper scored one run in the fourth, after trailing one to nothing for three innings, and took another run in the sixth, holding Killingsworth, Cox to one lone tally in the first inning. Brilliant plays by J. Daskovich at first base and Zimicki in right field in the seventh inning saved the game for Dr. Pepper. A Daskovich held the Killingsworth, Cox batters to three hits, which were well scattered.

Tonight the Rangerettes play DeLeon girls and Palo Pinto Mutual of Mineral Wells plays Killingsworth, Cox, substituting for Baker hotel, which was scheduled to play tonight.

Rangerettes Split a Double Header at Gorman Tuesday

RANGERETTES SPLIT . . . 24
Through a misunderstanding the Eastland Fire girls team also went to Gorman where the Rangerettes were scheduled to play Tuesday night. So the Rangerettes played Gorman girls with the winner to play Eastland Fire girls. The Rangerettes won the first game 4-4. Getting away to a bad start the Rangerettes could not get started under the dull lights and Gorman scored 4 runs their first time to bat. But when the Rangerettes finally got their eyes on the ball they shut Gorman out the rest of the game, while making 6 runs themselves.

Dorothy Lane, Rangerette short fielder and captain connected with a long one over the left fielders head for a home run with one on base in the 4th. Then using the DeLeon girls' battery in the second game, Eastland Fire girls won 8 to 2. This game was not as thrilling as the first game, as the Rangerettes were somewhat tired out. Box scores of these games were not available.

Girls Scheduled In Games This Week

Wednesday night DeLeon girls vs. Rangerettes at Ranger. This will be a thriller as the DeLeon girls recently won from the Eastland Fire girls 8 to 4 and are coming here to show how they did it. It will be remembered that the DeLeon girls won from the Rangerettes early in the season, but the Rangerettes have come along strong since that time and are now in a position to give them a good game. Thursday night Rangerettes vs. Eastland Fire Girls at Eastland. Friday night Rangerettes vs. Eastland Fire girls at Ranger. So far the Rangerettes have not been able to beat the Fire Girls. But it is about time they got a break and this would be a good time to start. The Fire girls always draw a good crowd and the much improved Rangerette team should give them a good game that will satisfy the Ranger fans.

Protects Rodents As Safety Measure

By United Press
ROY, Mont. - Rats, usually hunted and destroyed by man, are protected carefully by operators of the mines south of here. According to Jim Martonic, a miner, the formation in the mines is loose and cave-ins are common. The sand in the mines is the habitat for rats and many nests are located among the workings. The management has instructed the men to protect the rats and their nests. The rats are valuable because instinctively they sense a coming slip of the earth long before the men notice the signs.

WAKE UP YOUR LIVER BILE

Without Calomel - And You'll Jump Out of Bed in the Morning Early in the morning. The liver should pour out two ounces of fluid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You get congested. Your whole system is poisoned and you feel sour, sick and the world looks gray. Laxatives are only makeshifts. A more logical movement doesn't get at the cause. It takes those good, old Carter's Little Liver Pills to get those two ounces of bile flowing freely and make you feel "up and up." Harsh, gentle, yet amazing in making bile flow freely. Ask for Carter's Little Liver Pills by name. Stubbornly refuse anything else else.

High Rating For Junior College Is Pointed Out Today

B. R. LaMance, field representative of the Ranger junior college, in speaking of the college and its rating today, pointed out that many did not understand the high rating the college has. In pointing out the rating, Mr. LaMance said: "I find in talking to the people of Ranger, that many of them are not acquainted with the high rating of our local college. Many have the idea that our junior college is not fully recognized as a first class school, that work done here cannot be transferred to other schools. This is entirely wrong. Any work passed here with a grade of "C" or above can be transferred to any school in the state. No school recognizes a "D" grade as transferrable either to or from that institution. "I quote from an article taken from our 1937-1938 bulletin: "The junior college is ranked as first class by the state department of education and is a member of the Association of Texas Colleges and of the American Association of Junior Colleges. It is also given the highest rating possible by the organizations, so that work completed in Ranger Junior college is transferrable at full value to other colleges and universities."
