## County Fair begins today

Admirers of fine crops, parade lovers, barbecue eaters, street dancers and kids who like to race bicycles will be among those to enjoy the annual Castro County Fair and Old Settlers Reunion this weekend.

A variety of entertainment is planned for residents and visitors of different ages, centered around traditional fair displays at the County Expo Center, afternoon contests and evening dances on the courthouse square and old-timers' gathering at the Senior Citizens Center.

Activity will begin at 1 p.m. today (Thursday) when farm, garden and craft products will be entered from 2 to 5 p.m. and commercial booths will be set up at the Expo Center before judging starts at 5:30.

These displays will be on view all day Friday and until 4:30 p.m. Saturday, and at the same time a Baby Animal Zoo will be open at the Expo quonset. A carnival which has been in progress since Tuesday on SW 2nd St. between Jones and Belsher Sts. will continue through the weekend.

Saturday morning will see registration of oldtimers and former residents at the Senior Citizens Center, 218 W. Jones, with an informal program and business at 11 a.m. and basket lunch at noon. The Castro County Museum will hold open house all day for visitors and their Dimmitt hosts.

Fun for the kids will begin at 4 p.m. on the courthouse lawn, with a pet show, tricycle races for 3 and 4-year-olds

and big wheel races for those 5 and 6.

The Fair parade will start from the Expo Center at 5 p.m. on a route through downtown streets and around the courthouse square, led by members of the Dimmitt High School Bobcat Band and the band flag bearers. Cars from the city police and county sheriff's department will precede the marchers.

Parade marshal will be Edwin "Goose" Ramey, a longtime county resident, who, with Mayor and Mrs. Elmer Youts, will ride in a six-hitch Shetland pony rig.

The wagon and trained ponies belong to Mr. and Mrs. Joe Jeter of Ada, Okla., who will be here to drive the unique "taxi". They will come at the invitation of Cliff Lewis, parade chairman, who had seen the Shetlands in a parade in another city.

Dimmitt firemen will stage a water polo match on a downtown street just after the parade, and the United Lions Club will begin serving barbecue at 6:30 p.m. on the southeast parking lot at the courthouse.

The street dances will be held downtown also, with square dancers on the south side and western dancers on the east of the courthouse square.

### Funeral mass is conducted at Nazareth

Funeral mass for Blanche Birkenfeld, 90, a longtime resident of Nazareth, was conducted Wednesday morning in the Holy Family Catholic Church there with Rev. Mario Stontz, pastor of Holy Name Church at Happy, officiating. Rosary service was held Tuesday evening in the CCD Building at Nazareth.

Burial was in the Holy Family Cemetery under direction of the Wallace Funeral Home of Tulia. Pallbearers were grandsons of Mrs. Birkenfeld: Joe Venhaus, Kent Birkenfeld, Tommy Wethington, Jerry Warren, Jeff Birkenfeld, Sidney Birkenfeld, Gerald Birkenfeld and Glen Kleman.

Mrs. Birkenfeld died Sunday morning in a Tulia hospital. She has resided in Nazareth since 1909, when she moved from her native Wisconsin.

Born Blanche Wagner Aug. 2, 1889 at Benton, Wis., she married Joe Birkenfeld Aug. 3, 1915 at Nazareth. His death occurred Sept. 29, 1966. Mrs. Birkenfeld was a teacher before her marriage. She was a member of Holy Family Church, Christian Mothers, Catholic Daughters and the Third Order of St. Francis.

Survivors include five daughters, Lillian Venhaus, Thelma Wethington and Rita Woetovech, all of Nazareth, Velma Warren of Hereford and Sister Josetta, OSB, of Kansas City, Mo.; and three sons, Clarence, Herman and Jerome, all of Nazareth.

Also surviving are three sisters, Flo Backus of Dimmitt, Meta Stork of Nazareth and Loretta Kleman of Tulia; 58 grandchildren and 44 great-grandchildren.

The family asks that memorials be made to the American Cancer Society.

ONE WEEK LATER—Texas Agriculture Commissioner Reagan Brown looks over a field of devastated cotton north of Dimmitt Friday during a personal inspection of damage from the Aug. 24 hailstorms in Castro and four other counties. Brown estimated the damage in Castro County at \$15 million, and said the total across the Panhandle-Plains may reach \$200 million.

## Brown views crop damage

"It's even worse than we thought," Texas Agriculture Commissioner Reagan Brown said as he stared in disbelief at hail-stripped crops north of Dimmitt Friday.

Accompanied by five other state officials, Brown made an aerial tour of the hail-out areas Friday, and touched down in several towns for on-site inspections.

"I don't think anyone can understand this kind of damage unless they see it," Brown commented. "It's a critical situation."

Concluding his tour with a press conference in Lubbock, Brown said monetary losses from the Aug. 24 hailstorm may top \$200 million. He set Castro County's loss total at \$3,000 acres and \$15 million; Hockley County's at 200,000 acres and \$35 million; Lamb County's at 94,000 acres and \$23 million; and Terry County's at 71,000 acres and \$11 million.

During his inspection tour here, Brown said, "I expected the disaster-area designation [See BROWN, Page 11B]

## Corn harvest underway in hail-damaged fields

The county's first corn from the 1979 crop was received this week, signaling the probability of an early harvest in hail-damaged fields.

Dimmitt Agri Industries received the county's first reported load of corn Monday from the Raybern Ott farm in Flagg.

Larry Mauldin reported that the first load had a test weight of 54 lbs. per bushel and a moisture content of 20% to 15.7% but that Ott was running it through his own dryer before bringing it to the elevator.

Flagg Grain Co. received a load of corn Tuesday from the Carl Jones farm southeast of Flagg.

Flagg Grain Manager J. R. Brown reported the grain had a test weight of 53 lbs. and a moisture content of 28.5%, 13 points above the optimum moisture level.

"The crop had been hit by hail and the stalks are dying, and I think he's afraid it will

fall if he doesn't get it harvested," Brown said. He added that Jones' corn "will be good quality corn after it's dried down."

Brown said most of the corn samples he has checked in the Flagg area this week have tested in the 30% moisture range.

Sunnyside Grain also reported receiving corn Tuesday. Ricky Byers said they got three loads of corn Tuesday from Ardis Barton.

"It's pretty good corn," Byers said. "The moisture level is 22%, better than we will get most of the year. Most will cut about 30% if they can get an elevator to take it," he added.

The corn is slow in drying, Byers said, "because the stalks are dead. Some of it will be down on the ground if they don't cut it. It is hard to tell if we will have a good harvest, some of the corn will be light and of poor quality due to the bad weather."

Other area elevators reported that they expect to receive their first loads of corn sometime within the next week to 10 days.

### About the cover picture

The windmill on the cover page of Section A has stood on the Edwin "Goose" Ramey home place east of Dimmitt for 63 years.

It was the first windmill tower Ramey ever helped build, "but I've built a lot of them since then," he said.

"John Flanagan, the former sheriff, had built a lot of them and he taught me how to build that one," Ramey recalled. The tower is made of 6x6's, 36 ft. long, and originally had a 14-ft Eclipse mill on top. The present 12-ft. Aeromotor mill was put up in 1943.

Ramey also built the tower for the water tank. "I used nine Model T's in that—two trucks and seven touring cars," utilizing the steel from the chassis frames for the corners and cross braces, "and I had enough left to build two sawhorses," he said.

The windmill's date of completion is tacked onto the first cross-brace on the escapement side of the tower—10-8-16.

The News used a windmill on the cover page of its County Fair section because the windmill is becoming the unofficial symbol of Castro County, with the forthcoming publication of the county history book. The drawing of an Eclipse windmill that appears next to the newspaper's nameplate will adorn the book's cover.

If you want your family's history to appear in the county history book, you have only until Oct. 1 to submit it. Details are available at the County Historical Museum.

DIMMITT'S STARTING OFFENSE averages 201½ lbs. per man in the line and 193 overall. Linemen, from left, are end Gary Naylor [175, Sr.], tackle Elias Perez [218, Sr.], guard Trent Armstrong [220, Jr.], center Kelly Nelson [230, Sr.], guard Ben Holcomb [178, Jr.], tackle Morris Cole [230, Jr.],

and end Chevo Ortiz [160, Jr.]. At quarterback is Robin Ryan [155, Sr.]. Other backs, from left, are halfback Adrian Stanton [150, Jr.], fullback Norris Cole [215, Sr.], and tailback Jimmy Stewart [191, Sr.]. The Bobcats will open their season Friday night at Floydada.

HART'S LONGHORNS for 1979 are [front row, from left] Leonard Washington, Jesse Gonzales, Augustine Perez, Phil Foster, Dave Ingram, Manuel Castenada, Roy Martinez and Santos Valenzuela; [second row, from left] Melvin Washington, Daniel Higgins, Guy Scoggins, Benny McLain, Danny Rodriguez, Mark Werner, John Barretero, Phillip Hawkins and

Head Coach Buddy Pierce; [back row, from left] Assistant Coach David Turner, Keith Newsom, Derek Rich, Luis Portillo, Lorenzo Valenzuela, Chad Black, Scott Jones, Marlin Marbie and Assistant Coach Bert Vandiver. Not pictured is Isaias Ponce, starting flanker-back and safety. The Longhorns will open their 1979 season at Anton Friday at 8 p.m.

THE NAZARETH SWIFTS, considered one of the stronger Class B teams in the area this year, will get a rugged test Friday night when they open their season against the Lubbock

Christian High School Eagles at Lubbock. Coached by Eddie Hooper, the Swifts have seven returning starters and can put up a defensive front that averages 180 lbs. per man.

## Football season opens

Dimmitt's Bobcats, Hart's Longhorns and Nazareth's Swifts will start their 1979 football campaigns Friday night—but their local fields will remain untouched.

All three teams will launch the new gridiron season on the road. The Bobcats will travel to Floydada to play the Whirlwinds; the Longhorns will go to Anton to take on the Bulldogs; and the Swifts will travel to Lubbock for their first-ever game against Lubbock Christian High.

Kickoff time for all three games is 8 o'clock.

Dimmitt at FLOYDADA Is this a problem, or an opportunity? Although they're fielding their biggest team in years under new Head Coach Wayne Garner, the Bobcats will be rated as underdogs against Floydada Friday night—mainly because Floydada has won the last two encounters, and because it's never safe to bet against Coach L. G. Wilson's Whirlwinds.

If the Bobcats can come home with a victory, they'll be on their way to proving that they deserve a better ranking than they've been given by the pre-season magazines and regional newspapers.

Floydada won last year's season opener here by a toe-nail, 7-6, although the Bobcats outgained the Whirlwinds on the ground. Floydada went on to post an 8-2

season, while the Bobcats finished with a 4-6 mark.

"They run a good split-six defense and a Slot-T offense," Garner said. "They've got two exceptional running backs in Mike Collins (195-lb. senior fullback) and Moody Younger (180-lb. junior halfback)."

"Their quarterback (Troy Marquis, 145-lb. senior) has a good arm—he throws real well," Garner added.

Wilson agrees. "Marquis is one of the best passers we've ever had here," the Floydada coach said.

So you can look for the Whirlwinds to use the pass freely Friday night.

Wilson lists defense as his biggest problem. He lost sev-

en defensive starters from last year's team, including a pair of all-district linebackers.

Floydada's offense, though, is likely to give fans something to watch. In front of Marquis' passing and the breakaway threat of Collins and Younger, the Whirlwinds have both guards and both tackles who started last year.

"I think our line will be real strong," Wilson commented. "Keith Nixon (205-lb. senior at right guard should be one of the best ever here. And (185-lb. junior Tim) Radloff is one of the best centers we've had around here."

"I'm confident," Wilson added. "We've got a better ball club than we've had here in the last two years."

But Garner is convinced he's got a big spoiler of a team that can knock the sand out of the Whirlwinds. The Bobcats will throw a line at Floydada that averages more than 200 lbs. per man, and a backfield that can use both speed and power.

Dimmitt's opponents saw Norris Cole as a sophomore center two years ago and as an all-district tackle last year. This year, after his first couple of looks at the big (215), speedy redhead, Garner switched Cole to fullback, and it may prove to have been a shrewd move.

"When we've needed the yards, he's been getting [See FOOTBALL, Page 12B]

## UW plans tennis tournament

A tennis tournament sponsored by the Dimmitt United Way will start Sept. 17 and go through Sept. 23 at the Ruskin Racquet Club to raise funds for the UW campaign now underway in Dimmitt.

All proceeds from the tournament will go to the United Way to support local organizations.

Three divisions, A, B and C, will have ladies and mens singles, mixed doubles, ladies and mens doubles. Division C is for beginners and novice tennis players.

"I encourage everyone to participate in the tournament

even if they aren't a good tennis player," campaign chairman Gary Moore said. "It is for a good cause."

Trophies will be awarded for first place in each event and ribbons will be awarded for second, third and consolation winners.

There will be a \$5 entry fee and entry forms will be available at a later date, Moore said.

Participation in the tournament is limited to residents of Castro County. Contributions of \$2,400 have been received from only

13 businesses in Dimmitt, Moore said. Eighty percent of the businesses have been contacted, he added.

The business drive will be concluded by Friday. "I'm very optimistic; the business drive is coming along very good," Moore said.

The home-to-home canvass will begin Sept. 8. The UW has never before held a home-to-home canvass.

Moore encourages all residents to come to the tennis tournament. "We want people to have fun and get them interested in the UW."

Sheffy's Chatter

Trips grow shorter after opening of Dimmitt schools

By MYRTLE SHEFFY

Several families went off for short trips, no long ones, since school started. But Robert and J'Lyn Ryan and kids Robin and Stephanie spent the weekend in the Palo Duro Canyon, just camping out. We love that canyon—like going "down" into the mountains. Marvin and Gwen Bryant and son Bruce went up northeast to Eagle Nest Canyon for a weekend stay in the relative's cabin or house. Will visit with her parents Ben and Merle Arthur there from Gruver.

Clyde and Clara Vick went to Ruidoso where the Vicks and son Johnny have a two bedroom mobile home. No racing or skiing, Clara says, just rest and rest.

Clara has worked hard with helpers getting out letters to everyone to come by the Museum Friday or Saturday to see it and visit.

I remind you the Old Settlers folks will be at the Senior Citizens Building for a basket lunch and visiting, the parade Saturday and street dancing.

The Rev. Marvin Roark is one of the new chaplains at Methodist Hospital. Marvin was minister at United Methodist Church here. He was with the clinical education program at Amarillo Hospital District, served as chaplain at a hospital in Big Spring, is a graduate of WTSU, School of Theology at Emory University in Atlanta, Ga., and is a native of Vega.

Paula Moore and her mother Lillis of Canyon went to Dallas last week to visit husband Gary's brothers and wives. Bill and Ivey Moore will be leaving Dallas soon, moving to Houston, where Bill will be working with Perry Hayes as a realtor. The ladies did some window shopping in Big D and Fort Worth. Paula is a nurse at Plains Memorial Hospital and will start her graduate work at WTSU this fall. I hear that university has an excellent nursing division. I believe Susan Wise is in that school.

Lois Wales says she and Charles sent three of their young ones off to Tech Wednesday.

Monette Montgomery was hostess at a brunch Saturday for Christene Moke, the bride-to-be of Roy Taack of Hart. These girls from the hospital came bringing good wishes and a gift, Glenna Fry, Karen Cox, Rae Catoe, Philomena Garza, Omega Johnson, Virginia Cowart, Colleen Byrd and Joy Mercer. Oh yes, the gift was a lovely red gown and negligee.

The news: Roy and Christene were married at the First Baptist Church here with an in-law, Rev. Jackie Lee of New Home, performing the service. Their attendants were Christene's daughter Colleen Byrd and Bill Cape of Littlefield. The Taacks will live at Hart.

Sam and Virginia Gilbreath had a visiting trip with friends Mollie Saunders at Burleson and Mr. and Mrs. M. A. Hartman at Arlington, people they knew a long time ago. Their son Zay came in this weekend from Gruver for a short visit. Charlotte may have come, I don't know. Her parents are Frank and Louise Mears.

Ray Shannon left here Friday for Houston on business. His friend Keith Hutto came by for a book. He is headed out for A&M. I believe this is his last year there. He plans to farm with his dad S. R. Hutto.

Mr. and Mrs. Schmitz of New York, who are school teachers, will live in Christene Moke Taack's house at 406 W. Bedford.

Marvin James of Lubbock was in Dimmitt Wednesday evening with friends and co-workers Tom Nagle and Rita Crowell. They are the Council on Ministries for the United Methodist Church and they presented many books and ideas on teaching the Bible in our church.

Alice Anthony and daughter Helen and Fred Kuntz and son Rick went to Lubbock Saturday to attend the wedding of a nephew, Michael Shobe, and Lisa Rue at the First Baptist Church. Also went to the reception and visited friends and relatives.

We visited a minute with Buck and Elsie Tate, who were here from Wichita Falls for the memorial service for his uncle, Doc Noble, who was buried in Memorial Gardens Friday. Buck's mother was a sister of Doc and Es Noble. Also saw Giles and Una Fay Tate. They now live in Albuquerque. All did live in Dimmitt.

Annie Lee Dobbins was the birthday girl Friday, so her friends Polly Bell, Jo Gregory and Lois Scott took her to Hereford to that new little cafe called "As You Were." They gave her gifts and good wishes and food.

Others going to Ruidoso with the Clyde Vicks were their daughter Rita and Mike and Johnny and Janie. Son Don Sheffy and daughter Kristi and Karla had dinner with me Saturday. They had bought a horse and needed a saddle they got from Ted.

Lucille Dollar is home from a recent trip and visit to Green Creek, N.C. where she was with several brothers and sisters of the Jackson clan. One brother came from Seattle, Wash. to be with them. Lucille is with the business office of Dimmitt High School.

Several people have asked why I didn't add Dr. Bill Lee's name to the doctors list. Bill Lee attended school at Spring Lake Earth and one of his teachers was Edna Riley. Doug Proffitt was telling us about the new baby at their house. The mama is Kellie, the daughter is Kimberly Dawn, born Aug. 6, a six pounder. The grandparents are Bill and Sandra Potts and James and Hazel Proffitt of Big Lake.

Lily Knox of Oklahoma City has been here for a visit with her kinslayd Maurine Henderson. Knox was my name before Sheffy, but we aren't kin, I guess. The Lamb County Old Settlers met at Littlefield last Tuesday for the annual meeting and going from here were the Gene Iveys, the Alvin Fraziers, the Virgil Justices and Coy Dunn. They made music and did some singing at the program for visitors, and later they went out to the nursing home there to entertain the people. Nora Dunn, Coy's wife, went to Flomont to visit her brother.

The Dunn brothers and Mr. Phillips of Muleshoe made music at South Hills Manor Saturday evening and several townfolks went out there. These visitors we saw, Vivian Parish from Earth to see mother-in-law Mrs. Parish and friend Mrs. Gooch. She liked the music, too. And others were G. E. Free from Big Spring and Mrs. Sally Gooch and Mr. T. L. Free of Earth, a sister Annie Runyon of Earth, all here to see their sister Mrs. Gooch and friend nurse Joyce Adrian.

Ethel and Bryan Poteet and Salina Lynn here from Sudan took their mother Mrs. Poteet from the Manor to son Bill's house, where he and Mrs. Poteet served the good birthday dinner for Mrs. Poteet's 82nd. Mrs. C. M. Bridwell came to the Manor with the Dunns from Littlefield. She was visiting friends. Connie Ivey fell on the cellar stairs and hurt herself, no broken bones, but she couldn't play the piano for the brothers. And Frances and Alvin Frazier went to Colorado for a short vacation and a visit with her sister Eleene and A. H. Howell. Mr. H. is doing some custom combining in that area now.

Opal Bearden, Ruth Coleman, Retta Cluck and I and Susie Reeves and Nell Newton and daughter Billie stopped off at Bobbie West's Bobcat Drive Inn for ice cream, Cokes and coffee and a hours talk.

Billie Kitchens Everman tells me she and husband Lt. Thomas D. Everman are leaving from New Jersey where he is in the Air Force, going to Tokyo, Japan. They will be there four years. He will be assigned to the Fifth Headquarters while there. Billie says "We will be the only people in Japan reading Sheffy's Chatter."

Neva Hickey and daughter Betty Claude and Jo Dawn Wardell went to the Dallas market to shop for Christmas things for the store. Mr. and Mrs. E. L. Settle of Hurst are here for a visit with their daughter Sharon and husband Ronnie Travis. Mr. Travis is minister of Lee Street Baptist Church. And at the cafe Sunday their little two-year-old Chris sang for us "I have decided to follow Jesus." And he has a good voice and stayed in tune. Ann Cox was showing him off.

Charles Doss was telling us about Floyd Shugart's fishing luck at Lake Texhoma last week, one catfish, a huge 49 pounds, one 36 pound, one 25. I said tell me no more. Anyway another group plans to go next weekend. They will have to fry fish for all the friends.

The RESPECTED WORD

The bible is a book translated into every known language. It is the word that men have died for, in order that it may be available to all men. It is the textbook for God's people.

The bible, itself, is not worshipped, but is respected, for it is the story of God and his relationship to man. It is man's guide for worship and daily living.

Attend church regularly, study, and seek God's will in your life.

"I wait for the Lord, my soul doth wait, and in his word do I hope."

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

## Methodist revival will begin Sunday

Revival services in First United Methodist Church will begin Sunday and continue through Wednesday, with Rev. Jesse Dea of Silverton First UMC as evangelist and Bill and Melanie Beachy of Abilene as the music team.

Rev. Howard Quiett, pastor, invites the public to attend the meetings. Presently pastor of the church at Silverton for the fourth year, Rev. Dea has served a number of churches in the Northwest Texas Conference the past 20 years, and has conducted 117 revivals in five states for four different denominations.

He is a native of Wichita Falls, attended McMurry College at Abilene and Perkins School of Theology in Dallas. Engaged in Rainbow Ministries based at Abilene, Bill and Melanie Beachy graduated from McMurry and attended Asbury Seminary in Wilmore, Ky. before going into full-time evangelistic ministry. They are acquainted with a

number of members in the Dimmitt church and have appeared at United Methodist Churches in this area.

## Clayton office visits slated

The September schedule of visits to Castro County by Rep. Bill Clayton's mobile office has been announced by Bill Sarpalus, who pilots the mobile office to cities over the district served by Clayton.

He will be in Hart from 1:30 to 3 p.m. today (Thursday) for a stop downtown on Farmers State Bank parking lot.

Visits to Dimmitt and Nazareth are scheduled for Sept. 24, when the mobile office will be at the Nazareth school from 9 a.m. to 12 noon and on the Castro County courthouse parking lot from 1 to 4 p.m.

Residents who wish to discuss any matter with the legislator's representative are invited to meet him at the mobile office during these visits.

Maude Kay of Mooreland, a sister Mrs. George Brixi, and her granddaughters Karin and Kimbre Arthaud from Vici, Okla.

Chatting with Roy or Shotgun and Florene Stafford, they tell me they had a visiting trip last week to Tulsa to visit son Troy and family, on to Muskogee to visit son Tommy and Donna and three girls and the past weekend over to Lake Sumner, N.M. to fish and for a visit with Marvin and Louise Boyd. Roy says they are going again, as it's a nice vacation spot.

Mrs. Lura Woods of Guymon, Okla. is here this week for a visit with granddaughter Beth West and helping can vegetables with Betty and Truman, who have gone to Las Vegas, Nev. for a short vacation.

Robert and Frances Duke are home from their trip to Galveston, where they attended the wedding of their son Bob to Jeannette Needles. The ceremony was beautiful and impressive and the reception was fun meeting so many people. Larry Duke, Bob's brother, was best man. He and sister Sandra also live in Galveston. She helped with hostess duties. Bob is a landscape architect for the county park system there. Jeannette will be working as a physical therapist.

Mary Burnham of Albuquerque has been here for a short visit with her dad, Editor Nelson, and brother Don and Verbie Nelson.

Mr. and Mrs. Foster Fitzpatrick of Quanah were Sunday guests of Howard and Frances Quiett. They were members of the Methodist

# Former newspaper staffer recalls ups and downs of 'Dust Bowl' days

A young newswoman's view of Dimmitt in the "Dust Bowl" days of the 1930's was recounted by Dapheene Hutchings Goodpasture when she visited the Castro County News.

She was editor of the News a year and a half, when she was about 20 years old, after she graduated from Dimmitt High in 1933.

One of four children of "Hutch" Hutchings, who had a real estate agency in Dimmitt and "sold an awful lot of land around here," Dapheene had two sisters, Faye and Billie Louise, and a brother, Herschel. They all graduated from DHS.

She was here recently to settle the estate of her husband, Maurice Goodpasture, who was killed in an automobile accident in April. Her home is in Leesburg, Va.

"Up until the Dust Bowl times, real estate was a very good business here," Mrs. Goodpasture recalled. All the Hutchings sisters, including Dapheene, eventually went into that business.

Faye is in Portland, Ore. now, and Billie Louise lives in San Diego. Herschel is a retired accountant in Portland.

But before she entered the real estate field, Dapheene, with a journalism degree from Texas Tech, edited a technical magazine for a Virginia engineering company for 17 years.

She recalled of her high school days here that "Dimmitt won state in girls' basketball for several years when I was in high school, but I was too small to play on the team."

"I was here when the first train came in on the new railroad. I rode the engine into town. The railroad was supposed to be a spur line from Childress and extend on to Clovis, but after it got here the Depression stopped railroad building everywhere.

"Tina Mae Wright and I used to drive wheat trucks to the first elevator they built here when the railroad came in."

"I don't remember a whole lot about the Dust Bowl and the Depression, because there are a lot of things we don't

DAPHEENE HUTCHINGS GOODPASTURE of Leesburg, Va., gets the "feel" of being at the news desk again as she looks over a recent issue of the local newspaper during a recent visit here. Mrs. Goodpasture was the editor of the News in the 1930s.

want to remember about those days.

"One horrible thing I do remember was the time we had to kill all the cattle and dump them in a trench. You couldn't sell them or use them after the government bought them, and people here were hungry. But we had a surplus

of cattle that were starving to death, and doing this brought money to the town. It was the first money a lot of people had seen in a long time."

When she was editor of the News her salary was \$12 a week.

"It was awful" trying to sell newspaper advertising

during the Depression, she said. "I think the only things that kept us going were the national ads we'd get for gasoline, tires, cars and other nationally marketed products."

From a news standpoint, "Most everything was social—I don't think there was anything earth-shaking happening here back then," she said.

"I used to go around the county with the county home demonstration agent. She was my best source of news. I remember she used to tell every housewife, 'You must have at least one yellow and one green vegetable a day, or your diet will be deficient.'"

The early-day resident said she hasn't lived in Dimmitt since she left in 1937 to attend Texas Tech. She worked her way through Tech journalism school with a job at the Tech Press, which printed the "To-reador," student newspaper and college bulletins.

## Big slice of state money goes to private business

Private business laid state employees in the shade when it came to taking home state money this year, State Comptroller Bob Bullock reported Friday.

"Private businesses got nearly every third dollar we spent," Bullock said as the state closed its books on this budget year.

Bullock said 226,000 private firms and individuals were paid \$2.5 billion for goods and

services they sold the state—"everything from lead pencils to trucks."

He said that 170,000 state employees took home a total of \$1.9 billion in salary and benefits or almost 10 percent less than was paid to businesses.

"These hard dollar figures just don't bear out any idea that state employees are our biggest expense," Bullock said.

In other state spending, grants to other levels of government—mostly school districts—accounted for \$3.2 billion or 37 percent of the \$8.6 billion budget. Bullock said that "we don't know how much of this money was spent in the private sector and how much went to salaries.

Confederate and Ranger pensions, social security payments, insurance company premiums, welfare and retirement payments amounted to nearly \$900 million or 11 percent of the budget.

Bullock said that a detailed accounting of the budget for the year will be issued shortly.

## Feedlot seepage controls relaxed

The Texas Department of Water Resources (TDWR) has relaxed its requirements for controlling seepage from manure treatment lagoons and feedlot runoff holding ponds.

The change resulted from national research at universities and U.S. Department of Agriculture laboratories that documented the self-sealing action of manure, reports Dr. John M. Sweeten, a waste management agricultural engineer with the Texas Agricultural Extension Service.

## Record system helps farmers manage taxes

An accurate record of farm transactions can play a big part in income tax management strategies, notes Dr. Ashley Lovell, economist with the Texas Agricultural Extension Service.

For instance, the 1978 Revenue Act increased by 10 percent the net capital gain a noncorporate taxpayer may

deduct from his gross income. The previous 50 percent deduction of net long-term capital gain over the net short-term capital loss no longer applies.

So producers should review holding periods for various assets such as breeding cattle, speculative commodity futures and farm machinery with respect to capital gains

or losses. The economist suggests that producers review purchase dates of assets that are expected to be sold to determine if holding period requirements are satisfied.

Acquisition dates are important when assets are to be sold and investment credit claimed.

## Zimmatic Low Pressure waters down overhead

Cutting overhead is one of the keys to profitable irrigation. With a Zimmatic Low Pressure System over your crop you can unlock the door to big savings. Start by cutting horsepower requirements by as much as one-third and keep saving because your system will likely be more efficient and use less water.

And choosing Zimmatic Low Pressure gives you more than an economical center pivot. You get the company that pioneered low pressure in center pivot irrigation. Lindsay developed Zimmatic Low Pressure to cut horsepower without cutting performance. Your pivot is still 100% Zimmatic with all the dependable features and top-quality material that Lindsay is known for.

If you're considering center pivot irrigation, consider Zimmatic Low Pressure—the pioneer. Come in soon and find out how to water down your overhead while you pump up your profits.

book for our children with our tastes and views in mind?

There was a good article in one of our trade journals the other day which I would like to pass along. It is good advice if you are a librarian, elementary school teacher or an interested parent of school age children.

The article is written by Barbara Elleman, a children's book reviewer for "Booklist," a major library trade journal. It is first in a series of book "talks" capsulizing issues brought out at American Library meetings.

Most of the time, these conference reports are pretty vanilla and repeat the same things everyone else is saying. This report, however, has some very interesting thoughts on children's books.

Barbara Elleman tests children's books. As they come off the press, she takes the books to various groups to evaluate them. She also compares the reviews the books get. The results are sometimes astonishing.

One book which gets very poor reviews will go over big with a young audience. Why? Ms. Elleman says that obviously the reviewer didn't have children in mind when he read the book. Now how many times have we picked a

book for our children with our tastes and views in mind? Ever read a book to the kids and have to tie them down in order to finish? The fault may not be your kids, says Elleman. Books for kids now have to be fast paced and simple and to the point. Many children's books are not written for children in mind and are too long, too wordy and too complex.

When you choose a book for youngsters, Ms. Elleman stresses the point that you should first consider the child. The child needs something fun, fast paced, and simple.

Illustrations should help fulfill these requirements, too. Don't be afraid of something which looks too unsophisticated, she adds. And remember, don't pay too much heed to adult reviewers.

MR. AND MRS. MARSHALL EARL BALES  
Bride is the former Loretta Young

## Miss Young is bride in Lubbock ceremony

Mr. and Mrs. Marshall Earl Bales are at home in Long Beach, Calif. after their recent wedding in the Monterey Church of the Nazarene at Lubbock.

Mrs. Bales was Loretta Gay Young, daughter of Mr. and Mrs. Joe M. Young of Joplin, Mo., former Dimmitt residents. Parents of the groom are Mr. and Mrs. M. F. Bales of Denver City.

Rev. Marvin James, uncle of the groom, officiated for the evening ceremony in which Sue Strickland of Dimmitt, the bride's sister, was matron of honor and Donald Bales best man.

The bridesmaid was Debbie Dannevik and the groomsmen were Morris Bales, Shandra Strickland was the flower girl and Jeremy Strickland carried the rings. Ricky Gross and Jack Benham served as ushers.

Wedding music was by Laquita Hyatt, organist, and Darla Collier, soloist.

An arch of gold-toned candleabra, with a bouquet of yellow carnations and large matching bow, made the background for the wedding party.

The bride wore white chiffon over taffeta, with French lace sleeves, beaded lace trim at the waistline and a lace ruffle around the neckline. A wide ruffle extended below lace medallions at the hemline and around the chapel train.

Her fingertip veil and blush veil were attached to a bandeau. Her bouquet was of long stemmed silk flowers in pastel colors.

Attendants' gowns were in floral pastel prints with portrait neckline and yellow rib-

bon insertions. Their bouquets were miniatures of the bride's.

For the reception in the church fellowship hall the table was laid with lace over yellow. The cake, iced in floral design, was topped with wedding bells and yellow flowers.

On their way to their new home, the couple stopped at Ruidoso, N.M. for a short stay. A graduate of Lubbock Christian High School, the bride was a Texas Tech senior. The groom graduated from South Plains College and Denver City High School. He is employed as an inspector for Shell Pipeline Co.

## Dimmitt, Hart Pro-family Forum to meet

A joint meeting of the Pro-Family Forum chapters in Dimmitt and Hart will begin at 7:30 p.m. Sept. 13 in the Rhoads Memorial Library clubroom.

Bill Sarpalius of Hereford will be the speaker at this first fall meeting of the Forum. Mrs. Olan Moore, president, announces that visitors will be welcome and all members are urged to be present.

The guest speaker is manager of House Speaker Bill Clayton's mobile office in the 74th Texas Legislative District which Clayton represents.

MISSOURI and Tennessee are the only states which touch eight bordering states.

## Book club to present new 'Sadie'

Susie Bradford will review "Sadie Shapiro in Miami" by Robert Kimmel Smith, at Dimmitt Book Club's first meeting of the new club year Wednesday in the meeting room of Rhoads Memorial Library.

A business meeting will begin at 3:30 p.m. and the book review will begin at 4 p.m. and the public is invited to hear it.

The book is a sequel to Smith's best-seller, "Sadie Shapiro's Knitting Book" and is as cheerfully sentimental as that story.

The new book portrays Sadie, now married for the second time at age 72 or 75 (depending on how you read family history) lured into helping launch Senior World in Florida, a neat-sounding old folks' Disneyland.

Smith tells how Sadie, her husband and a pair of star-crossed young lovers team up to defeat disaster when the entrepreneur behind the Senior World runs off with all the cash. Sadie, malapropisms and all, is equal to the occasion.

Publishers Weekly commented, "This is probably one of the nicest, most gently understanding novels about old people, their needs and interests, since the last Sadie."

MR. AND MRS. GORDON H. WILHELM  
Bride is the former Kim King

## Wilhelms at home after recent vows

Mr. and Mrs. Gordon Henry Wilhelm are at home at 3109 S. Washington, Amarillo, after their recent marriage in All Faiths Chapel on the campus at Texas A&M University, where both graduated. Mrs. Wilhelm is the former Kimla Gayle King.

She is the daughter of Mr. and Mrs. Joe King of Dimmitt, and Wilhelm's parents are Mr. and Mrs. Francis Wilhelm of Nazareth.

Rev. Millard Williams, the bride's uncle who performed the marriage ceremony of her parents in 1950, was the officiating minister.

Spiral plant stands twined with English ivy held foliage plants for a garden setting in the beautiful glass chapel building. The altar arrangement combined wine carnations, white gladiolas and blue silk daisies.

Judy Hefley of Walsh, Colo. was her sister's matron of honor and Sue Ann Jackson of College Station the maid of honor. Other bridesmaids were Diane King of Crandall, sister-in-law of the bride, La-Bob Ebeling of Austin and Judi Putty of College Station.

The groom's brother Douglas, of Houston, acted as best man and other brothers, Neal and Craig, both of Nazareth, were groomsmen with the bride's brother, Johnny of Crandall and Larkin Tully of Austin.

Heath Hefley, the bride's nephew, carried the rings and Amber Huseman of Nazareth, niece of the groom, was the flower girl. Malcolm Hefley of Nazareth and Stanley Gerber of Nazareth were ushers. Barbara Reed of Houston, the groom's sister, invited guests to register.

Organ selections and the marches were played by Bryan Hewitt of Torrance, Calif., the bride's uncle. Michelle Schmucker of Nazareth and Becky Hooper of Wichita, sisters of the groom, and his uncle, Elmer Albracht of Houston, sang "The Right Thing to Do," "I Believe in You" and "Circles" with guitar accompaniment.

Miss King's gown of candlelight qiana was designed with spaghetti straps and A-line skirt and worn with a fitted jacket of Chantilly lace. Her portrait hat was trimmed with the same lace.

Her bouquet of Aggie roses, the blooms showing wine shades on soft cream, had white snoflakes, pompons and stephanotis interwoven. She carried it with her grandfather's Bible.

Soft blue denim made the attendants' skirts, slit at the hemline and worn with floral print blouses in soft hues of wine, beige and blue. Their wicker hats were flower trimmed, and they carried wicker baskets of maroon pixies, white snoflakes and pompons accented with blue silk daisies.

The groom's table, also laid

## Homemakers to install new officers

New officers will be installed at the Dimmitt Young Homemakers' meeting at 6:30 p.m. today (Thursday) at the fellowship hall of First United Methodist Church.

A salad supper will be served and each member is asked to bring a salad.

Prospective members are invited to attend.

MR. AND MRS. HENRY SCITERN  
Former Flagg residents mark anniversary

## Ex-residents mark 60th anniversary

The 60th wedding anniversary of Mr. and Mrs. Henry Scitern of Gorman, former residents of the Flagg community, was celebrated Aug. 25 in the home of a daughter, Mrs. Rollo Finkler of Abilene. Scitern is a brother of Dorothy Chance of Dimmitt.

The couple lived at Flagg from 1926 to 1938, and Scitern served several terms on the school board there. Both were active in community events at Flagg. Scitern is a retired farmer and carpenter.

Oza Burleson, born Nov. 11, 1899 in Alabama, and Henry Scitern, born Dec. 13, 1900 in Comanche, were married at Eastland Aug. 24, 1919.

They lived at Gorman, then in Dickens County before moving to Castro County. When they left Flagg they went back to Gorman. They are members of the Church of Christ.

In addition to their five children they raised a granddaughter, Margrett, Mrs. John Wilson of Valley Mills. She was a hostess for the anniversary party, with the Sciterns' children, Alvis and John Hollis Scitern and Mrs. Gene (Carolyn) Foster of Gorman, Mrs. Al (Verla Fay) Gaeta of Eastland, and Mrs. Finkler.

The couple also has 12 other grandchildren and 20

great-grandchildren. Mrs. Chance went to Abilene for the celebration, as did Mr. and Mrs. Marvin Boone of Plainview, a sister and brother-in-law of Mrs. Scitern.

## New members to be honored by Auxiliary

Plains Memorial Hospital Auxiliary will welcome new members at its annual September brunch at 10 a.m. Sept. 13 in Rhoads Memorial Library.

This will be an informal get-acquainted meeting, not only for members but for any area residents interested in Auxiliary membership.

Purpose of the organization is assistance to Plains Memorial Hospital, its staff and the patients there. Auxiliary members give personal service and each year conduct fund-raising activities which make possible the purchase of equipment needed in the hospital but not available on its budget.

Manufactured ink was first produced in America in 1825 by the Thaddeus Davids Ink Company.

**President writes King he disagrees on policy**

A letter which Carl King of Dimmitt handed to President Jimmy Carter in a recent personal encounter at the White House, has been answered by the President with a note that he disagrees with the Dimmitt farmer's views.

"Carter ordered the letter returned," King said, "and had noted across the top

corner of it, "Thanks for your letter. We disagree completely regarding our farm program and its effect on farmers. Secretary of Agriculture Bob Bergland will send you some specific information. Jimmy."

King, who is president of the Texas Corn Growers Association and Texas Democratic committeeman from the 31st state senatorial district, was in Washington with a group from the state Demo Executive Committee. Carter spoke briefly to them in the White House and when King met him afterward he handed the President the letter he had prepared.

In it King had suggested to Carter that "you listen to the farmers themselves, so that you might get a true picture as to the needs of agriculture and agri-business."

He also suggested that Carter "beef up the Justice Department and have it pursue more vigorously anti-trust violations" against food processors and food chain conglomerates, as a means of keeping food prices down, rather than follow the policy of low prices to the food growers.

to come through today, but it hasn't." At the Lubbock press conference later, he criticized Gov. Bill Clements for not rushing the disaster designation through to President Carter.

"We're trying to get some of the paperwork expedited—that's why we're making this survey," Brown explained. "The Farmers Home Administration has already started making loans."

Brown said his office "is going to be calling on the Small Business Administration and the FmHA to move some more help in here. The local offices are already swamped with their regular loan programs. If they have to move mobile homes or tents onto the courthouse square, we want them to do whatever they have to do to get enough people to expedite these claims."

County Judge M. L. Simpson, who mailed Castro County's disaster-aid request to Gov. Clements last week, said he has been notified that Lt. Gov. Bill Hobby would probably sign the official state request Wednesday.

Simpson said Representa-

tive Bill Clayton had notified him Tuesday afternoon that all the state-level paperwork had been completed.

Texas Corn Growers Association President Carl King—who lost 1,200 acres of corn, soybeans and sugarbeets in the Aug. 24 storm—said the governor's office assured him Tuesday that "there is no problem at all" in having the county declared a disaster area.

"The reason our county hasn't been declared a disaster area already is that some of these other county judges in the affected area still haven't sent in their letters," King said a spokesman for Gov. Clements' office told him. "They just didn't want to designate disaster areas until they had heard from all the affected counties."

The designation would enable local farmers to get federal disaster-relief payments on their hauled-out crops, plus long-term, low-interest loans to help them get back on their feet.

WHILE fertile eggs are generally more expensive to produce, they are no more nutritious than nonfertile ones.

**Fire calls**

Dimmitt firemen Monday night were called 8 miles southeast of Dimmitt on Hwy 194 for a pickup fire. The pickup belonging to Ricky Ferris was a total loss, according to a fire department spokesman.

THIS year's Texas Station Hay Show will be held Nov. 10 at the Civic Center in Lufkin. Entries of high quality hay are expected from throughout the state due to this year's excellent growing season.

The Rhoman dovetail (20' to 30' lengths)

THE RHOMAN FLATBED TRAILER gives off-season uses to your hopper trailer. It is available in dovetail models which are excellent heavy equipment trailers.

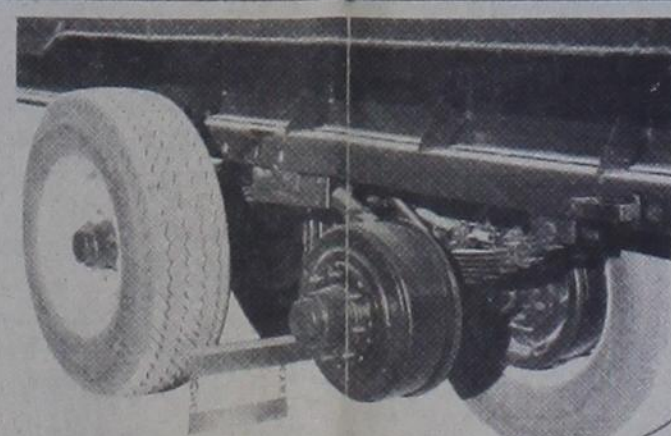

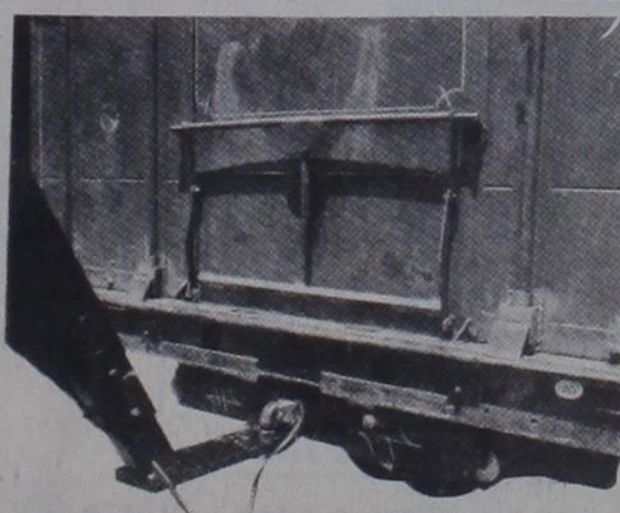

Removable floor sections for the Rhoman flatbed trailer are constructed with "V" formed cross members which give the floor support every 8" attaining maximum strength at a minimum cost. The floor sections have a safe, non-skid floor plate surface.

The Rhoman hopper unit used as a gooseneck pup

- Reduces truck investment
- Doubles capacity—cuts time in half
- Saves trips to unload

ADJUSTABLE AXLES are an exclusive Rhoman trailer feature. Attain maximum traction with proper weight transfer to any size towing vehicle—the trailer carries the load. Nail flaps eliminate excessive flats on the rear axle.

**WINTER, SPRING, SUMMER OR FALL, ONE RHOMAN TRAILER DOES IT ALL!**

THE RHOMAN DOVETAIL TRAILER (20' to 30' lengths) comes equipped with two fold-down loading ramps as standard equipment. The ramps in the up position continue the flatbed floor surface.

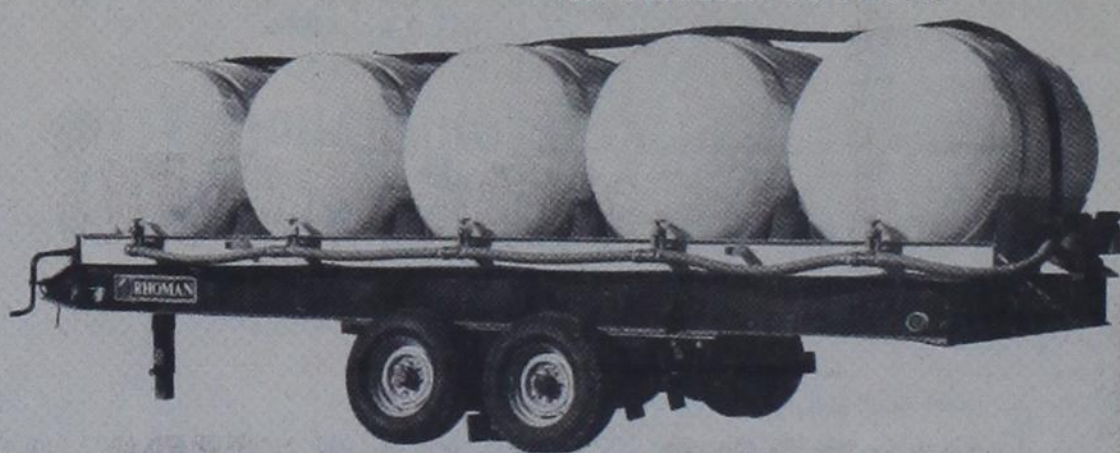

THE RHOMAN (20' to 30' length) GOOSENECK FLATBED TRAILER's quick-change ability provides the farmer with a hopper trailer, nurse unit or cattle rack with a minimum of effort. The trailer has brakes on all 8 wheels with an axle capacity up to 30,000 lbs. G.V.W. Adjustable axles are an exclusive feature with all Rhoman trailers. All trailers come equipped with a 3" (automatic latch) ball hitch on the gooseneck and a heavy duty rear hitch for tandem use is optional.

REMOVABLE RHOMAN CATTLE RACKS (available in 20' and 30' lengths) feature sliding doors for rear and side loading and unloading and a center partition. This cattle rack has a non-skid, self-cleaning slatted floor and adds an extra dimension to your Rhoman trailer.

THE RHOMAN LIQUID NURSE UNIT is available in 1,000 to 2,500 gallon capacity. Its 500 gallon tanks give a baffled effect for safer hauling. Since several liquids can be hauled at one time, the Rhoman nurse unit makes the Rhoman trailer the most versatile trailer on the market today. Rapid liquid transfer is accomplished with a 5 h.p. heavy duty 2" pump. Available in gooseneck and conventional hitch models.

# Rains soak area Sunday

Once again rains fell early this week on the area in Castro County where fields were already soaking from the deluge of hail and rain Aug. 24.

Sunday's storm dropped 1 1/2 inches of rain and some small hail in Easter according to Gene King at Easter Grain. Strong winds damaged out-buildings and fences, he said. Some fields were flooded when they received 2.4 to 2.5 inches of rain. "I sure hope it settles down and we don't get any more hail," King said.

Ronnie Truelock of Farmers Grain at Hart said that the Sunday night rainfall measured a half inch in town and that 1 1/2 to two inches fell north and northeast of town, "but they are still planting and plowing south of Hart." No hail damage was reported in that area.

Strong winds were reported east of town, Truelock said, and "the corn is stripped up pretty good, but after looking at the other areas involved we feel pretty lucky."

Ensilage cutting of corn is in progress now in the Hart area as well as other parts of

the county. Mike Boothe at Dimmitt Agri Industries in Nazareth said that about 1.4 inches of rain fell Sunday and that community received a sprinkle on Monday.

"Monday night the wind blew a little and we got a lot of lightning," he said.

Simpson Dairy 10 miles north of Dimmitt reported three-fourths of an inch during the Sunday night rain. Judge M. L. Simpson said a neighbor of his, Clyde Renfro, experienced a flood, "they received two inches there Sunday night," Simpson said.

Flagg Grain reported receiving only a shower with a little wind Monday, and Sunnyside reported no rain Sunday or Monday nights.

The Bobcats held their own in a recent scrimmage against Abernathy—which is ranked alongside Floydada in District 4-AA—and last week they turned Lubbock Coronado's JV every way but loose as they scored almost at will.

### HART at ANTON

Last year, in Coach Buddy Pierce's debut at Hart, the Longhorns started Anton toward an 0-10 season with a 38-0 loss. The Longhorns are favored to do it again when they visit the Bulldogs in the season opener Friday night.

For a close-up on the Longhorns, see Page 7-A.

Anton can claim experience, with nine seniors on this year's squad, but Coach Bobby Richardson's Bulldogs have the same depth problem that usually plagues AHS, which has one of the two smallest enrollments in District 5-A.

Anton's backfield is built around senior quarterback Thomas Decker (5-8, 155), who is reputed to be a team sparkplug and a smart play-caller. Joining him in the backfield are senior halfback Danny Garcia (125) and sophomore wingback Mike Synatschke (180).

You can expect the Bulldogs to try a lot of passes,

with many of Decker's aerials aimed at tight end Lonnie Dutton (6-3, 170).

### NAZARETH at LUBBOCK CHRISTIAN

The Swifts' first game could very well prove to be their toughest.

Lubbock Christian, as a privately endowed school, draws its students from throughout the Lubbock area, and the Eagles are a perennial power in the state's church-league playoffs.

"We really don't know as much about them as we'd like to," Swift Coach Eddie Hooper said. "We've never played them before, and because of a mix-up in schedules, we didn't get to scout their scrimmages.

For a close-up on the Swifts, see Page 6-A.

Hooper will be fielding one of the more experienced teams around, with seven returning starters among the 13 lettermen back last year.

The Swifts enjoy a high pre-season ranking as co-favorites in District 2-B North, but they're already plagued by some costly injuries.

Dwayne Heck, returning starter at halfback and line-

backer, was lost for the season when he received torn ligaments in the Swifts' first scrimmage. The 185-lb. senior was the fastest man on the squad. And Chris Hatla, 150-lb. junior back who was expected to see a lot of action, has also been lost for the season.

But the Swifts aren't looking back. With seven returning starters still left, they're planning to live up to their advance billing.

# \$5,000-plus netted at telethon

\$5,023.07 was raised during the 30-hour marathon drive for the Jerry Lewis Telethon at the County Expo Building in Dimmitt Sunday and Monday.

The marathon featured entertainment, men's beauty contest, door-to-door canvass by youngsters, telephone campaign, around town canisters and an auction.

Amounts raised were, from canisters \$388.58, fish bowls \$1,125.53, auctioning of donated merchandise \$1,057.75, beauty contest \$47.21, pledges \$2,404.

The total is the "most we ever raised—we went over our goal," Sam Killough, project chairman, said. He directed work of the Lucky 7 CB Club, which sponsors the telethon in Dimmitt each year.

"Our entertainment was terrific—it was just great," Killough said.

Performing at the Expo Building were Jimmy Ray Davis and his group from Hart, with country western and bluegrass music to kick it off.

—Tammy and Cindy Jor-

dan, who led with the theme song "I'm Proud to Be Part of the Telethon" they sang throughout the telethon;

—The Sunnyside Uppitts' puppet group, two performances;

—Sunnyside trio, singers Shannon Ross, Sharon Bradley and Cinnamon Cox;

Patsy Havenhill of Dimmitt and Susie McGee of Hereford, who sang and played piano;

—Zelda Ellison, vocalist;

—Dimmitt Promenaders, who conducted square dances both days;

—The Sharks, Spanish-music band;

—The Country Four of Hereford, headed by Billy Lytal and featuring Holly Hodges as the vocalist;

—Derrel Musick and Nita Holland, gospel singers;

—Audie Justin and the Country Times of Hereford;

The entertainment lasted more than 12 continuous hours the first day, starting at 1 p.m. The drive officially ended at 6:30 p.m. Monday, "but we were still going here at 7:30," Killough reported.

Rev. Ronnie Travis, pastor of the Lee Street Baptist Church, was the winner of the "beauty contest."

"We had several volunteers who came in and helped us throughout the campaign, and the Lucky 7 CB Club really appreciates everyone's cooperation and help," Killough said.

Jo Parks was one volunteer who stayed to help with the refreshment stand; and 22 CCL7 members worked.

Feeding the campaign workers throughout the 30-hour telethon were Dimmitt Super Market, Bobcat Drive-In, Mr. Burger, Dairy Queen and County Commissioner Anna Margaret Moss. Dimmitt Super Market also donated all the ice needed for the concession stand.

"I would say it was one of the finest shows Dimmitt has ever had for entertainment," Killough added. "It was a lot of fun, and these people were doing a great thing."

### Lions to sell brooms Tuesday

The Dimmitt Lions Club will hold its annual Broom Sale Tuesday to raise funds for its community service projects.

The Lions will set up shop on the courthouse lawn at 7:30 a.m. with a wide array of brooms, mops, rakes, brushes, sponges and household items. The sale will continue until 7 p.m.

Most of the articles are manufactured by Lighthouse Industries, which employs blind persons, and are distributed by the Caravan for the Blind.

Lions will be on hand at the Caravan truck site all day, and separate teams will call on downtown businesses, elevators, gins, implement houses, auto dealerships and industries during the day.

NYLON was invented by Dr. Wallace Carothers in 1937.

# South Dimmitt residents renew stock-pen complaints

Dimmitt's city commission at its Monday night meeting again heard protests from residents in the south area of the city concerning "intolerable conditions" created by the animal pens adjoining the south city limits.

The South Dimmitt residents complained that flies and manure odor are creating a problem for them and their children. They said that more than 100 hogs and other animals are being kept in the stock pens along South Street.

Commissioners said the city has no jurisdiction over the pens since the property is outside the city limits. But they said they had ascertained who the legal owners of the property are, and would send letters requesting the owners to clean up the area.

If this move fails, commissioners said, the next avenue would be to request that the area be declared a health hazard by the county health officer—who happens to be one of the property owners. One South Dimmitt resident

told the commission that the owners of the animals and stock pens don't care about the conditions "because they don't live close to that place."

In other action, commissioners voted unanimously to accept petitions from Tommy D. and Paula H. Portwood and Pablo F. and Elmina V. Garcia requesting annexation of two lots on Northwest Fifth Street. The Portwoods and Garcias are building homes on the two lots, which are adjacent to other lots previously annexed by the city. The lots will be zoned for single family dwellings.

# Food and fun for all ages are Fair features

Food and entertainment will be featured in the Castro County Fair weekend, closing with two street dances in the

courthouse square area Saturday night. A barbecue supper will be served on the southeast park-

ing lot of the Castro County courthouse beginning at 6:30. The United Lions Club will serve barbecue, trimmings

and drinks. Alpha Epsilon Phi Chapter of Beta Sigma Phi will operate a concession stand on the

square Saturday with candy, Cokes, popcorn and other snacks on sale.

Old settlers, other adults and youngsters will all have their share in the entertainment program that actually began when the carnival was set up Tuesday on a lot south of the County Expo Building where fair displays will be on view Friday and Saturday.

Also open both those days will be a baby animal zoo in the Expo Center quonset, planned especially to interest children but with adults invited to visit too.

Sponsored by Castro County 4-H Clubs, the zoo will include such farm animals as lamb, kid, calf and colt as well as puppies, kittens, other pets and some more unusual animals.

Saturday afternoon entertainment will feature the parade through downtown streets at 5 p.m., preceded by a pet show on the northeast courthouse lawn beginning at 4 p.m., then a tricycle race and a big wheel race on the west parking lot at 4:45 p.m.

Immediately after the parade the Dimmitt Volunteer Fire Department will stage a water polo match on the street south of the courthouse, the 100 block of E. Jones St.

That block and the 100 block of SE 2nd will be roped off at 3 p.m. and no parking will be permitted on the south and east sides of the courthouse until after the street dances, Police Chief Alan Newman has announced.

Judges for the pet show will be Dr. W. J. Hill and Dr. Ron Easley, Dimmitt veterinarians. The tricycle and big wheel races will be sponsored by the Castro County Rodéo Association, with Luan Ebeling as chairman.

Dimmitt Kiwanis Club is sponsoring parade arrangements this year with Cliff Lewis as chairman. Rotary Club members will act as judges.

Square dancing will begin at 8 p.m. on the south side of the square with the Dimmitt Promenaders as the host club.

A western dance with live band will be held on the east side of the square, starting at 9 p.m.

TWIRLERS with the Dimmitt High School Bobcat Band this year are [kneeling, from left] Tina Jones, DeNise Dobbs and Connie Dennis, and [standing, from left] Vicki Cleveland, Lori Dyer and Jeri Small.

## Texas vegetable acreage increases, value down

Texas' total vegetable acreage increased almost 11 percent last year over 1977 figures, but the value of vegetable crops dropped 2.5 percent.

Some 226,700 acres of vegetables were grown commercially in Texas last year, points out Tom Longbrake, horticulturist with the Texas Agricultural Extension Service. The 1978 crop was val-

ued at \$270.1 million. This summer's fresh vegetable picture has been highlighted by slightly larger supplies and sharply lower prices. Total vegetable acreage is up about 2 percent.

Last year's number one crop, based on acres harvested, was watermelons. There were 49,000 acres harvested compared with 58,000 in 1977, an 11.8 percent decrease.

Onions, the number two crop, increased 12.6 percent from 23,700 acres in 1977 to 30,000 in 1978.

Other vegetable acreages for 1978 were cabbage, 20,100; cantaloupes, 19,300; potatoes, 18,700; carrots, 17,800; sweet potatoes, 9,500; bell peppers, 9,100; fresh cucumbers, 9,000; and pickle cucumbers, 7,000.

Onions generated the most

revenue among vegetables in 1978—\$46.7 million but down from \$55.8 million the previous year. Cabbage was second with \$42.3 million in returns, down from \$47.5 million in 1977.

Other top revenue producing vegetable crops for 1978 were potatoes, \$27.7 million; carrots, \$21 million; cantaloupes, \$20.5 million; watermelons, \$20.1 million.

The Castro County Fair and Old Settlers Reunion are always enjoyed by the oldsters and youngsters alike. Be sure to attend these two events Friday and Saturday.

## County-grown or made items to be on view

Judging will begin at 5:30 p.m. today (Thursday) for entries in the Castro County Fair at the County Expo Building, and the public is invited to view the exhibits of farm, garden and home products until 4:30 p.m. Saturday.

Despite damage from severe weather in several parts of the county, many examples of fine crops will be entered. Commercial exhibits and non-profit organizations' booths will be set up Friday morning and also remain open through Saturday.

Entries in the various divisions for products grown or made in Castro County will be accepted today from 2 to 5 p.m. Judging will be separate for articles in the adult section—for those age 19 and over, and the youth section—age 18 and under and single.

Any resident of the county may enter items he has grown or made since last year's fair. Five ribbons will be awarded in each class, with cash

awards of \$1 for first place ribbons and 50 cents for second place ribbons, according to Nell Ingram, general chairman.

Classes are: Baking, with Margaret Womack as superintendent; Clothing, Naomi Scarborough; Canned fruits and vegetables, Reta Welch; Crafts, Carolyn Sides; Horticulture, Myrtle Sheffy; Farm and garden products, Sam Scarborough and George Sides; Photography, Mary Behrends.

Shirley Hall, Chamber of Commerce manager, and Jo Behrends are superintendents of the commercial and organization exhibits, which will be placed in booths in the Expo Building and also on the grounds.

CHECK the air pressure in tires at least once a month. Underinflated tires put an extra drag on the engine and require it to use more gasoline.

LEADING THE CHEERS at Dimmitt High School's varsity games this year will be Jackie Anthony (standing, left), Co-Head Cheerleader Cindy Sageser (standing, right) and [center, from foreground back] Spirit Mascot Kim Sides, Crystal Fitzgearld, Beth Benton, Dawn McRee and Co-Head Cheerleader Beth West.

## Band-led Fair parade expected to be best ever for Dimmitt

Music of the Dimmitt High School Band is scheduled to lead this year's Castro County Fair Parade beginning at 5 p.m. Saturday.

The line of march will form at 4 p.m. on the street adjacent to the County Expo Building before going through downtown Dimmitt.

Other area bands are also urged to march in the parade. Entry may be made at any time before the parade begins.

The parade entries will be judged at 4 p.m. and all will be judged before 5 p.m. in order for the place announcements to be made during the parade, according to Cliff Lewis, chairman.

Registration for the parade will be held at a desk in the Expo building and anyone may register before 5 o'clock, Lewis said.

Classes for parade judging will be Youth Organizations such as Cheerleaders, 4-H Clubs, etc.; Civic Clubs; other

organizations such as church groups, Senior Citizens and health organizations; Area Floats; Antique Tractors; Antique Cars and Trucks.

Also, Bicycles, which will be judged as best decorated, separate divisions for boys and girls, most original, best dressed boy and girl and youngest entrant; Riding Clubs; Miscellaneous Riders and Buggies, to be judged for best dressed cowboy and cowgirl, Little Britches, Little Miss Britches, most original and youngest rider.

A special effort has been made by the parade sponsors, the Dimmitt Kiwanis Club, to assure that this will be the best parade ever in Dimmitt, Chamber of Commerce Manager Shirley Hall said.

Entries for the parade will be welcomed even at the last minute, Lewis said.

Judges for the parade will be Rotarians, Bill Harman, Dr. Charles Vandiver, Alan Newman, Emmett Broderson

and Bill Dannevik. Three places will be given in each parade category.

## Hybrid cotton tests topic of Field Day

The Texas Agricultural Experiment Station (TAES) will highlight hybrid cotton research during the 70th Annual Field Day on Sept. 11.

The development of hybrid cotton is of interest on the Texas High Plains where about four million acres are planted to the crop.

The field day is scheduled from 1 to 4 p.m. Tuesday at the A&M Research and Extension Center north of the

Lubbock International Airport on F.M. 1294.

Development of a practical hybrid cottonseed program would be a major breakthrough for cotton breeders, according to Dr. Levon L. Ray, TAES cotton breeder. Dr. Ray will present his research findings at the cotton breeding stop on the field tour.

Some cotton hybrids have been developed but have not

been adequately tested, Ray said. The outcome of this year's field tests will give a good reading on the potential and future of hybrid cotton.

Additional stops on the field tour will include soil fertility, weed research, water use efficiency, and grain sorghum breeding. Grape vineyard tours and soybean research will be among the added attractions this year.

# Oldtimers to meet in reunion Saturday

Response to invitations mailed last month indicate attendance of more than a hundred Castro County oldtimers for the 1979 Old Settlers Reunion Saturday, an event that for the second year is being held in conjunction with the county fair.

All former residents, in addition to those who lived here in pioneer days, are asked to

take part in the reunion, and all county residents who wish to greet old acquaintances and welcome them back to the reunion are invited to come.

Headquarters during the day Saturday will be at the Senior Citizens Center, 218 W. Jones, where registration will begin at 10 a.m.

The Castro County Historical Museum on West Halsell

will be open also, from 10 a.m. to 5 p.m., for informal visiting.

Lunch will be served at the Senior Citizens Center at noon, with Dimmitt residents bringing basket lunches to share with the visiting oldtimers. Tea and coffee will be prepared by the Senior Citizens, who will play host as groups gather through the

day for conversation.

A brief program and business meeting will convene at 11 a.m., according to Helen Richardson and Sam Gilbreath, who are chairmen of reunion plans. They will welcome the visitors, and Edwin "Goose" Ramey will give a talk.

Recognition will be given to the visitors who came farthest

for the reunion, the oldest settlers present and other special guests. Plans for next year's reunion will be started in the business session.

At the museum, members of the County Historical Society will be hosts and all the exhibits will be open. Cold lemonade will be served all day, in keeping with a custom of the past two years.

THE world's first successful electric elevator was installed in the Demarest Building, Fifth Avenue and 33rd Street, in New York City in 1889.

OFFICERS of the Dimmitt Athletic Booster Club this year are (from left) John Brooks, publicity chairman; Sue Boozer, refreshments chairman; Gwen Bryant, treasurer; Louise Nelson, secretary; Joe Josselet, vice-president; and Marvin Bryant, president. The Boosters sponsored the highly successful "Meet the

Bobcats Night" recently; have the 1979 football programs in production; are meeting each Tuesday night at 8 in DHS cafeteria to view game films and hear scouting reports; and will sell booster caps, snug-bug bags and other school-color clothing at home games during the season.

After making an aerial and personal inspection of Panhandle-Plains crops that were hailed out in the Aug. 24 storm, Brown said the damage was "worse even than we had thought." Later Friday,

during a press conference in Lubbock, Brown criticized Gov. Bill Clements for not having already declared Castro, Lamb and Farmer Counties as agricultural disaster areas, since letters from county judges requesting the designation had been received by the governor's office the previous day.

### Work day to precede open house at museum

Preceding open house at the Castro County Historical Museum Saturday for old-timers and former residents, Museum Society members will have a work day Thursday, beginning at 1 p.m., they decided at a business meeting last Thursday.

A general cleanup is planned, with work on the building given to the museum by the Flagg community. It is being arranged to hold some exhibits of old farm implements and similar items.

Open house during the annual Castro County Old Settlers Day is a custom at the museum, where visitors will be welcomed between 10 a.m. and 5 p.m. and cold lemonade

will be served.

At the business session last week, Allie Mae Willis and Gene Ivey were elected as new board members to succeed Teeny Bowden and Eulless Waggoner. Clara Vick was returned to the office of secretary-treasurer for another two-year term.

Terms of Jim Elder, president, Bryce Dowell and George Sides, vice-presidents, do not expire this year. Holdover directors are Dale Winders and Lon Woodburn.

The annual report by letter from Elder and the museum Curator, Helen Richardson was mailed this week to museum members, reminding them that annual dues of \$5

per person are now payable and new members are invited. It was noted that annual payments on the museum property have been made to date without a fund drive.

Gifts to the museum this year have included the building from Flagg, which has been set on a permanent foundation beside the annex. A rose garden has been started in memory of Viola Nelson and her friends are invited to plant roses at the proper season.

A recent gift is a glass display case with keepsakes of the Gollehon family. It was presented by the twins, Nola (Mrs. Ted Wood) and Noel Gollehon.

The first major gift to the museum, which inspired the furnishing of the building as an early-day home, the grand piano given by Maurine Bice, has been repaired and tuned, and is reported to "sound very well" for a 94-year-old piano.

PROPER selection of a grain storage fan should be based on airflow rate and quantity of grain to be dried. Airflow rate depends on the grain's moisture content and quantity of grain to be dried.

FOR all practical purposes the Icelandic language has remained unchanged for over 800 years.

### Tax assistance will be offered

Benito Rocha, representative of the State Comptrollers' office, will be in Dimmitt from 10 a.m. to 12 p.m. Tuesday at the Castro County Courthouse to assist local taxpayers and answer questions about state taxes.

Those who have any questions about state taxes or need help in preparing tax forms are urged to meet Rocha at the County Commissioners' room at the courthouse.

Taxpayers who are unable to meet with Rocha on Tuesday can still have questions answered quickly by calling his tax-free tax information number in Austin, 1-800-252-5555.

SWIFT OFFENSE—Here are the probably offensive starters for the Nazareth Swifts when they open their season at Lubbock Christian High School Friday night. Linemen, from

left, are end Gary Book, tackle Dale Wilhelm, guard Norman Gerber, center Lester Backus, guard Calvin Schulte, tackle Joe Hochstein and end Jeff Schmucker. Backs are Hugh Wilhelm

[22] at flanker back, John Steffens [24] at quarterback, Dwayne Acker [44] at fullback, and Bryan Huseman [30] at tailback. Seven of these players are returning starters.

## Swifts can't wait for tomorrow

For Nazareth's Swifts, tomorrow may be here.

They've paid their dues, and now they're loaded for Eagles—and Longhorns, Patriots, Mustangs, Owls, Matadors and Cowboys.

Coach Eddie Hooper's Swifts are the co-favorites in District 2-B North this year, and are suspected at pre-season of being one of the better Class B teams in the Panhandle.

Look at this string of returning starters:

In the line, there's Jeff Schmucker, 195-lb. senior end; Joe Hochstein, 180-lb. junior tackle; Norman Gerber, 150-lb. senior guard; and Dale Wilhelm, 205-lb. senior tackle.

In the backfield, there's John Steffens, 165-lb. senior quarterback; Dwayne Acker, 170-lb. junior fullback; and Bryan Huseman, 180-lb. junior tailback.

That's seven out of 11 with previous starting experience, and they've got plenty of size, too.

For Coach Hooper—who has posted two 6-4 seasons in his two years at NHS—the main challenge will be to keep them healthy. His 31-man

varsity roster lists eight freshmen, and the weight chart drops as low as 102.

The Swifts already have lost two backs who were expected to provide punch to the offensive attack. Speedy Dwayne Heck, halfback and linebacker, 185-lb. senior, suffered torn ligaments in the Swifts' first scrimmage against Anton, and Chris Hatla, 150-lb. junior, also is out for the season.

Hooper has cause to hold his breath as the Swifts go into the 1979 season, for their first game will be one of their toughest. They'll play the Lubbock Christian High Eagles Friday night at 8 in Lubbock, in the first meeting between the two teams. LCHS is a regular state playoff contender in church-league football.

After their opener, the Swifts will play the Hereford Sophomores, Hart, Whiteface and Canyon JV. Then they'll start district warfare Oct. 12 against defending district champion Valley.

"I think Valley will be right in there—they've got more speed than they had last year, even if they don't have as much power," Hooper said.

"Silverton will be tough, of course, and I don't think you can count Claude out, either. It's liable to be a hoss race."

Joining Schmucker, Hochstein, Gerber and Wilhelm in the starting offensive line are Gary Book, 155-lb. senior end; Lester Backus, 145-lb. junior center who started the last three games last year; and Calvin Schulte, 154-lb. guard who's the only sophomore on the starting lineup.

Replacing Heck in the backfield is Hugh Wilhelm, 130-lb. junior.

The Swifts will run from the I, Slot-I and Veer formations this year.

"We've always been an I-formation team, but now we're using split backs, and we're having to get used to the change," Hooper explained. "We scrimmaged Lazbuddie last Friday, and physically we stayed with them. We had some breakdowns that hurt us, but we can correct those—we had some kids playing in new positions. We were pleased with the way our boys got after it."

On defense, the Swifts will have a 180-lb. average in their front four linemen—John Steffens (165), Dale Wilhelm

(205), Joe Hochstein (180) and Dwayne Acker (170). Starting cornerbacks will be Gary Book and Lester Backus, while Virgil and Bryan Huseman will handle the linebacking chores. The deep secondary will consist of Calvin Schulte and Norman Gerber at halfbacks and Jeff Schmucker at safety.

Hooper, who is assisted by Bruce Bagnall and Bud Birks, may worry like any other coach. But he isn't one to dwell on misfortune, or make excuses—especially this year, with all those starters back.

"We can't afford to lose anybody, and we've already lost a couple of real good boys," he lamented. Then he added, "But we're going to be all right."

Dr. Tommy G. Welch, who has served as an area range and brush control specialist with the Texas Agricultural Extension Service at Vernon since 1974, has been named to a statewide position with headquarters at Texas A&M University. He will fill the position being vacated by Garlyn O. Hoffman, who is retiring.

**HART DEFENDERS**—Here are the defensive mainstays for the Hart Longhorns when they open their season at Anton Friday night. Linemen, from left, are Daniel Higgins [65], Marlin Marble [74], Jesse Gonzales [2], Melvin Washington [41] and Scott Jones [50]. At the linebacker posts are Chad Black

[31] and Lorenzo Valenzuela [33]. Defensive secondary men are Manuel Castenada [21], Leonard Washington [12], Keith Newsom [5], John Barretero [9] and Phillip Hawkins [22]. Expected to start at safety is Isaias Ponce [not pictured].

## 'Horns have experience, heart

When Hart's Longhorns unleash their Houston Veer offense at Anton Friday night, they'll know what they're doing.

All four backs are returning starters, and every player on the first-team offense started at least two or three games last year.

That experience, and the traditional Longhorn heart, are the brightest spots in the Hart football picture as the 1979 season begins.

Size? The 'Horns don't have a lot of it. The starting offensive line averages 161½, while the defensive front five average 165½.

Speed? "Well, we've got good quickness, but not a lot of speed," Coach Buddy Pierce says. "If we ran a 100 we'd get beat, but on a 40-yard dash we'd stay with just about anybody."

That's not bad news. Any football mentor can tell you that most games are won or lost within the 40-yard range. Pierce acts like he'd rather have the quickness than the speed.

The Longhorns put on a pretty good offensive show in their first scrimmage, against Class AA Roosevelt. Hart gained 268 yards, put two good drives together and scored twice. Fumbles cost the Longhorns two more TD's, Pierce said.

"Our main weakness in the Roosevelt scrimmage was defense," Pierce said. "Roosevelt only scored twice, but we let them get by with a lot more than we should have. We're working on our defense this week."

The Longhorns return 12 offensive and defensive starters from the team that finished 3-7 last year. Their roster lists eight seniors, eight juniors, nine sophomores and a lone freshman.

Probable starters in the offensive backfield Friday night will be Derek Rich (160, sophomore) at quarterback, Lorenzo Valenzuela (170, senior) at fullback, Isaias Ponce (135, junior) at flanker back, and Keith Newsom (160, senior) or Melvin Washington (194, sophomore) at running back.

Starting linemen are likely to be Chad Black (160, junior) and Roy Martinez (160, sophomore) at ends, Benny McLain (160, junior) and Daniel Higgins (132, senior) at tackles, Marlin Marble (207, senior) and Danny Rodriguez (138, junior) at guards, and Scott Jones (175, senior) at center.

Hart's defensive front five will be Higgins, Marble, Jesse Gonzales (120, junior), Melvin Washington and Jones. Black and Valenzuela will be at the linebacker positions.

Mainstays in Hart's defensive secondary will be Ponce, Manuel Castenada (134, junior), Leonard Washington (155, freshman), Newsom, John Barretero (130, senior) and Phillip Hawkins (140, sophomore).

Another plus factor for the Longhorns is that they've got all their varsity coaches back this year—Pierce and Assistant Coaches Bert Vandiver, David Turner and Jim McBroom. The only new coach in town is Sam Browning, who's

handling the junior varsity boys' program this year. A Vega native, he coached at Morse and Lamesa before coming to Hart.

The HHS coaches are tickled maroon with the aggressiveness of many of their players—and with the attitude of all of them.

"Marlin Marble and Benny McLain have looked good in the offensive line," Pierce commented, "and Chad Black has been doing a good job at tight end."

"Derek Rich (who started all last year as a freshman) is looking real good at quarterback—we're expecting a lot out of him this year."

"Washington and Valenzuela are giving us some extra punch in the backfield. Keith Newsom ran with the ball a lot in our first scrimmage, and looked good."

"Lorenzo Valenzuela is looking good in the backfield. He would have played a lot last year but was ineligible for the varsity, so he started on the JV."

Pierce expects his Longhorns to be right in the middle of the District 3-A scramble this year.

"Kress and Vega are picked to fight it out for the district championship," Pierce said, "but the district should be pretty well balanced this year. I don't think anybody's going to walk away with it like they did last year."

Of the other teams on the Longhorns' 1979 schedule, the Hart mentor said, "Petersburg and Shallowater will both be tough, and Silverton (District 2-B North favorite) should have a good team."

So the Longhorns aren't expecting an easy year. But they don't intend to make it easy for anybody else, either.

A Consultation on Food and Hunger in Texas will be held at Texas A&M University, Jan. 22-24. Objectives will be to devise answers to existing hunger problems in Texas and to establish a continuing line of communication and actions to work on elimination of hunger in Texas.

FRESH potato consumption is up to almost four pounds per household per week,

though the frequency of serving potatoes has remained about the same.

**School shoes important**

By TERESA L. CRISWELL

Send your child back to school with well-made, well-fitting shoes that protect pliable young feet from the pounding they take. Your child's feet and shoes can affect the way he performs in the classroom and participates on the playground.

Buy the best quality shoes you can afford for your children. Materials and construction will vary with price, but do some judging, too. Buy on sale, if possible, but only if you can get the right fit—not just because the shoes are on sale. Look for the shoes that do the following:

- 1) protect the feet,
- 2) hold the foot steady and secure,
- 3) allow for some room to grow and some wiggle room,
- 4) allow the foot to breathe.

When buying shoes, don't ask for the size you think the child needs. Have both feet measured while the child is standing. There should be one-half to three-fourths inch space between the end of the longest toe and the tip of the shoe to allow for growth and wiggle room. Also, check foot shape and

girth (thickness). The shoe's widest part should match the foot's widest part. You should be able to slightly pinch up the upper part of the shoe across the widest part of the foot when the child is standing.

The heel should fit snugly and firmly so you can't insert a finger between the heel and back of shoe. The upper part of the shoe shouldn't gape widely when the foot is bent. If the shoe fits from the heel to the ball of the foot, the arch of the shoe will fit the arch of the foot. Children shouldn't wear hand-me-down shoes. It forces a child's feet to conform to the footprint in the shoe.

MRS. MAMIE McLAIN  
... Family celebrates her birthday

### Mrs. McLain is honoree on her 85th birthday

Mrs. Mamie McLain of Hart celebrated her 85th birthday Saturday with a family dinner and visits that continued through Sunday. Mrs. McLain came to Hart from Oklahoma as a bride in 1912, and except for a few years when she and her late husband, Roy McLain, lived

in Oklahoma, has been a resident of that community. Two of her children, Anna Willmon of Roswell, N.M. and Tom of Hart, were present for the birthday observance. Other relatives and friends included Mr. and Mrs. Miles Cox, Mr. and Mrs. Earnest Martin, Robby Truelock, Mr. and Mrs. Mike English, Mr. and Mrs. John B. Lilley, all of Hart; Mrs. Demmie McLain of California, Mr. and Mrs. Freddy Mayfield and Matt Butler of Spearman.

### Police calls

A 44-year old Dimmitt man was taken by ambulance to Plains Memorial Hospital after he was hit by a car while sitting on the sidewalk in front of his home Friday. The driver of the car was turning south into a parking space when the car struck the man. Police said the driver did not apply his brakes. The man received bruises, lacerations, abrasions and five broken ribs. The driver of the car was charged with "drunk in control of a motor vehicle." A brown gas heater was taken from the home of John H. Aldredge last Wednesday, police reported. The heater is valued at \$15. A driver was charged with failure to control speed Sunday after he reportedly lost control of his 1977 Ford pickup. He drove across the left side of the roadway and into a fence knocking boards loose, police said. Estimated damage is \$100. A flute was reported taken from a vehicle parked at 303 W 5th Street last Thursday. The flute is valued at \$200.
