Top gun

When 25 peace officers from seven counties competed in a pistol match here Saturday, it was Driver's License Inspector C. D. Fitzgearld of Dimmitt who emerged as the top gun. Fitzgearld posted the highest individual score of the match, and teamed with Texas Highway Patrol Sgt. Joe Rex Smith of Tulia to win the top team trophy. With peace officers from Dimmitt, Hart, Tulia, Canyon, Hereford, Plainview, Pantex and Brownfield zeroing in at the airport pistol range, Dimmitt was no place to commit a crime Saturday.

Fall fun breakfast scheduled unter The Castro County News

The Fall Fun Breakfast of Dimmitt Chamber of Commerce will be an event of Oct. 25, Chamber Manager Shirley Hall has announced.

New members and their wives will be the honored guests at breakfast in the First United Methodist fellowship hall, at 6:30 a.m. that day. The chamber enrolled 20 new members as it passed its goal in a summer membership drive.

Games, contests and surprises, all planned to add to the fun, will be on the program. The breakfast of sausage, bacon, eggs, coffee and biscuits will be prepared and served by Chamber members. Tickets are priced at \$2.50

and are on sale now by Chamber directors or at the Chamber of Commerce office

Court denies Lemons appeal

A furious seven-month court battle between countydistrict attorney candidates Jimmy Davis and Keith Lemons apparently ended Monday with a final skirmish in the state's highest court.

As a result, Davis' name will remain on the November General Election ballot as the Democratic nominee, and Lemons will have to run as a write-in candidate.

heard the Texas Supreme Court dismiss his appeal to overturn a lower-court ruling that he could not be the Democratic nominee because he was not a qualified candidate at the time of the May Primary Election.

The high court dismissed Lemons' appeal "for want of jurisdiction," bowing to the earlier rulings of the 64th District Court and the Seventh Court of Civil Appeals. In so doing, the Supreme Court in effect refused Lemons' application for a writ of error. At the same time, the Supreme Court overruled a motion for a writ of mandamus

which Lemons filed Monday in Austin. So the County Democratic

Executive Committee still is prohibited by court order from putting Lemons' name on the General Election ballot as the party nominee for countydistrict attorney.

However, Lemons and Davis both are now qualified and eligible to hold the countydistrict attorney's post if elected in November, according to Jack Miller, attorney for the County Democratic Executive Committee.

Davis' name had been knocked off of the Primary Election ballot after Lemons filed suit last March, claiming that Davis had not lived in the county the required six months before the February 52 52 filing deadline. Davis appealed the case all the way to the Texas Supreme Court, but 52 lost it, leaving Lemons' name as the only one on the Pri-37 76 mary ballot. But Davis filed suit in April 10 [See COURT* Page 12]

Irene Keating, Castro County's national award-winning County Extension Agent, will take new duties in Amarillo Nov. 1 as Potter County agent. The new assignment represents an advancement for Mrs. Keating in the Texas Extension Service. She has served here for

more than 12 years, the longest tenure of any Home Demonstration Agent. Her work has been with 4-H Clubs, Home Demonstration Clubs for women and in various community projects.

Last fall Mrs. Keating received the Distinguished Service Award for 1977 from the National Association of Extension Home Economists, the highest award given by that organization.

It cited her "special abilities in organizing and leading an effective effort to carry out county-wide in-depth programs . . . that reach all segments of the population."

I was chatting with Edgar Dennis one day. He tells me about the coming Mule-orama to be at Ruidoso Oct. 6, 7 and 8. Dennis says a big show of the mules and races three days and different activities. Then the next week, Oct. 13 through 16, shows, races and big trades and sales of mules. Going from here will be the Dennises, the Kenny Ebelings and Donnie McDaniel, maybe others. Floyd Copeland says he will go watch the mules run.

Juan and Carinna Montabo and family made a trip to San Marcos to attend the wedding of a nephew and for a family get together. 30 other relatives went from Levelland and other area towns. You will see both Montabos at the Super Market.

And I met George Carroll at the market. He is a senior and has a brother, Paul, a freshman. His parents are Rev. and Mrs. Kenneth Carroll and he is minister of the Bible Baptist Church that meets in the old American Legion building or former Senior Cit-Dimmitt from Hereford.

coming to Dimmitt

State Comptroller Bob Bullock announced he is sending representative from his Plainview office to Dimmitt Oct. 10 to assist local taxpayers and answer questions about state taxes.

Enforcement Officer Benito Rocha will meet with local taxpayers at the Castro County Courthouse from 10 a.m. to 12 noon.

"If Dimmitt area merchants, or anyone else for that matter, have any questions about state taxes or need help in preparing tax forms, Rocha will be there to assist them," Bullock said. "We're trying to cut the red tape in this office and we believe these face-toface sessions with taxpayers help do just that."

Annual 'Smokeout' in view

The second annual Great American Smokeout, sponsored by the American Cancer Society, will be a nationwide event of Nov. 16, members of the Castro County ACS Unit were reminded at their recent meeting.

Coming events were planned and completed work of the year was reviewed by the group which expressed appreciation for its successful 1978 Cancer Crusade that raised \$6,348 in Castro County, thanks to the donors and the workers who made calls to raise the fund.

The local unit will sponsor

Public hearing on gas rate hike is scheduled

City Commission set Jan. 2 as the date for a public hearing on the rate increase requested by Pioneer Natural Gas Co., voted to make a \$100 donation to the Castro County Peace Officers Association, agreed to reimburse Mayor Elmer Youts for certain expenses incurred in the performance of his duties, and decided to take some action on the drainage problem between Castro County Co-op Gin and the Dairy Queen.

The same group of towns that joined in the protest of the electric rates increase is working together on the gas rate increase protest. Chairman of the steering committee for the group, Fred W. Poe, recommended this action to the cities in order to comply with the Public Utility Regulatory Act, although he added, "We are still hopeful of being able to negotiate something with Pioneer."

The mayor recommended the donation to the Peace Officers Association after he had event at their facilities.

"They've done a lot of work out there on their building and range and without any outside help," Youts said. "I just think we ought to help

Monday night the Dimmitt them out a little for some further improvements."

The mayor also mentioned several expense items, particularly meals bought for visiting dignitaries, as well as his business mileage that were not being reimbursed. The commissioners told him to go ahead and fill out an expense form each time and he will be repaid.

Manager of the Co-op Gin, Earl Chaney, appeared before the commission on the drainage problem, and presented a \$50 bill for repair to a dike on gin property that had been mistakenly dozed down when the city was trying to improve

the drainage problem for the Dairy Queen. The city agreed to rework the alley and drainage ditches in the area to promote better drainage to the advantage of both parties.

In other business, the commission: -Postponed any action on

the railway drainage project on East Jones until further information could be obtained. The commission received attended a recent shooting a bid on the work from Dimmitt Ready Mix for a total cost of \$2,596.

-Approved the quarterly report and the monthly check register list, as well as the minutes of the last meeting.

Our Company, in cooperation with the U.S. Consumer Product Safety Commission, is announcing a recall and replacement program for plastic teething rails on approximately 70,000-80,000 baby cribs of various model numbers. The affected cribs have a label on the inside of the lower portion of the headboard with the name OKLA HOMER SMITH FURNITURE MAN-UFACTURING COMPANY, INC. on it.

It is possible that the plastic teething rails used on the affected cribs may become brittle during normal use, posing a potential hazard of cracking when chewed by children. The resulting broken pieces may be ingested by the teething infant and become lodged in the child's airway, or the sharp pieces may otherwise injure the teething child. The affected cribs were manufactured from June thru December of 1976. Consumers may inspect the bottom head board rail of their crib to determine the date of manufacture.

In his address at the breakfast. Dimmitt hearers reported. Butz said he has been asked what he thinks of the Carter farm policy, and his answer is, "Well, the farm policy described by Carter himself is that his administration is not going to follow the market policy of past ad-ministrations but is going to even out the bust-and-boom in agriculture. So he started with the boom.'

The speaker said Carter's emphasis reflects the consumer viewpoint as expressed by Carole Forman, who is "capable, ambitious and politically powerful, with roots in the White House ... She has said the Agriculture Department 'must have a policy broader than agriculture . . . a food policy.' The admin-istration's 'food policy' is to have five phases."

In his comments on these phases, Butz pointed out that

SAVING FOR THE FUTURE

Coin banks help teach children how to save for the future. You can save for the future, too, with the electric heat pump. That's why we call it the electric savings machine. This efficient heating/cooling system can deliver as much as two units of heat for every one heat unit of electricity it uses. But the savings don't stop there. With fuel costs expected to rise during the next two decades, the electric heat pump is a smart investment that will save energy today and in the future.

It's never too soon to start saving . . . with the electric heat pump. Start today before your future gets here. You'll be glad you did.

Members were reminded that it will be the Lions turn to deliver Meals on Wheels next week. Days were assigned to various members for this duty.

Two injured in collision

A car-pickup collision on Hwy. 385 just north of Dimmitt sent two persons to Plains Memorial Hospital and totaled both vehicles about 3 p.m. Saturday. Both victims' of the accident have since been released from the hospital.

George Bradford was driving a 1973 Buick south on the highway when he attempted a left turn onto a dirt road .6 miles north of the city, in front of a 1974 Chevrolet pickup driven by Eloy Gonzales, State Trooper Dyrle Maples said after investigating the crash.

The front of the pickup struck the car on the right side, Maples said. Bradford was treated for numerous cuts and bruises. Gonzales was treated and released. His wife, Sylvia, a passenger in the pickup, remained in the hospital for observation of

the game, capping a 43-yard drive

His next score came five plays after the Swifts received punt on the Whiteface 33-yard line, and one play after a 23-yard TD pass by Jeff Schmucker had been called back on an illegal procedure penalty.

A penalty at the start of the second quarter pushed the Antelopes near their own goal line, where they punted to the 32. A 15-yard penalty against the Whitefaces, followed by Huseman's 18-yard run, made it 20-0 with 11:40 still left in the half.

The Antelopes picked up their longest single gain of the night (six yards) on the next series, but they were unable to get enough for the first down and were forced to punt. The Swifts took over at the 50-yard line, and a 29yard pass play and two first downs took them to the Whiteface 5-yard line, where Hugh Wilhelm carried the ball in to give the Swifts their 26-0 halftime lead.

Gary Book started things out right in the second half by catching a 37-yard pass to set up Huseman's 17-yard TD

The score remained at 33-0 for the next 6:50, until Nazareth scored a safety as the Whiteface punter snapped the ball out of the end zone. The Antelope punter kicked the free kick 40 yards, and the Swifts' return gave them the ball on their own 47. A holding penalty pushed them back to the 31-yard line and the Swifts were forced to punt, giving the desperate Antelopes a chance from their 42. The best they could do was gain three yards, then punt. Gerber got his third TD when he returned the punt 47 yards, but a clipping penalty nullified the return and the Swifts took over on their own 45. Gerber caught a 16-yard pass as the third period ended, and Dwayne Acker ran a 23-yard keeper on the next play to gain back the six points. Acker's PAT kick made the final margin 42-0. Gerber and Huseman were the top rushers for Nazareth with 131 and 90 yards respectively; each also scored 12 points.

National 4-H Week

From inner-city Newark to the sparse reaches of Montana, nearly 5.5 million young people are observing National 4-H Week Oct. 1-7. Regardless of address, these girls and boys benefit from a unique educational program that places primary emphasis on the development of the individual.

4-H offers young people a variety of "learn-by-doing' opportunities to grow into self-directed, productive and contributing members of society. Projects and activities range from pre-driver training to economic education, from community service to international exchanges, all geared to the specific interests, abilities and age levels of participants.

As the nation's largest youth-serving program, 4-H appeals to youngsters no matter where they live. During National 4-H Week we salute these 4-H'ers, their involved parents and volunteer leaders, Cooperative Extension Service personnel and representatives of American business, who work together to make possible the broad outreach and effectiveness of contemporary 4-H.

5.5 Million Youth To Observe National 4-H Week Oct. 1-7

Nearly 5.5 million young people will observe National 4-H Week Oct. 1-7 with activities centering on the theme, "4-H-Freedom to Be."

President Jimmy Carter called the theme "most appropriate for a program which is reaching out to all young Americans-rural and urban-from every cultural, economic and social background.

"For many," he said, "4-H is opening doors to a lifetime of personal growth and fulfillment. In learn-bydoing, through educational projects and through community involvement efforts, 4-H is providing useful guidance and direction to young

girls 9 to 19 years old. The program's learn-bydoing philosophy encourages young people to acquire "real life" skills and develop citizenship and leadership abilities,

Most 4-H members are enrolled in locally organized clubs on a year-round basis. Others take part in 4-H through special interest groups, nutrition education programs, instructional television, international programs, short-term activities and camping.

Total 4-H participation of urban youth has tripled since 1970. 21 percent of 4-H members now live in suburbs and cities of more than 50,000 population.

4-H operates through a partnership of government. land-grant universities, volunteer leaders and the private sector. It is administered through the universities in cooperation with the U.S. Department of Agriculture, with the Cooperative Extension Service responsible for program leadership.

'4-H provides a wide range of 'real-life' experiences for youth in a 'learning-by-doing' environment," explains Pelham.

More than 100,000 boys and girls are enrolled in 4-H in Texas, with the national enrollment totaling almost 5.5 million. There are some 2,050 organized 4-H clubs in the state and almost 650 special interest groups.

"A vital cog in a successful 4-H program are volunteer leaders," notes Pelham. "Texas boasts almost 15,150 adult leaders and more than 6,560 junior and teen leaders who give direction to specific project areas and assist 4-H members with special events and activities.'

As far as 4-H projects are concerned, Texas youth are engaged in a wide range of programs that are providing meaningful learning experiences.

By far the most popular project area is foods and nutrition, which is attracting more than 21,470 youth. The

Nazareth members are 4-H winners

With 48 members the Nazareth 4-H club is one of the largest in Castro County and one of the busiest the past year as its members have won numerous honors, culminating at the Nazareth 4-H Awards program last month when Dianne Hochstein and Randy Huseman were named Most Outstanding.

The year started well last fall as Paul Huseman was selected as the County Gold Star Boy and attended the district Gold Star banquet in Lubbock. The Nazareth Club took all

five demonstrations from Castro County to the district contests, winning four firsts and a second place and sending the four senior demonstrations to the State 4-H Round-

Edith Durbin and Kelly Altman teamed for a landscape demonstration that placed first, and their ribbons were matched by Bernard Acker with a home environment demonstration, David Huseman with a companion animal demonstration, Mary Jean Huseman and Sharon Birkenfeld with a junior demonstration of mechanical and hand skills.

Karen and Randy Huseman's pork demonstration took a second award to qualify for state. Juniors do not compete in state.

Paul, Mark and Randy Huseman represented Nazareth and Castro County in the livestock judging contest; Jimmy Kern, Bobby and Joe Hochstein as well as several junior members competed on the rifle team at district.

In the summer, Dianne Hochstein represented the county in the district Dress Revue. Edith and Dorothy Durbin were the county entrants in the district food show last November.

Until February, most members were busy with their animals for the Nazareth Kleman with her calf.

In the project show that accompanied the stock show, Mary June Hochstein won first, Dianne Hochstein second in the senior division while Mary Jean Huseman placed third.

With the start of summer it seemed as if the Nazareth Club was heading to camp. Janet, Lea Ann and David Huseman, Sharon Birkenfeld and Johnny Hochstein attended Teen Leader Lab at South Plains College in Levelland.

The Texas 4-H Center camp had Bart and Mike Huseman, Leona Gerber, Dorothy Dur-

phy for his hog and Leona bin and Donald Birkenfeld as president; Jimmy Kern, vicecampers for a few days.

Eight from Nazareth attended the Electric Camp in the New Mexico mountains. Karen and Paul Huseman, Mary Jean, Johnny and Joe Hochstein, Edith Durbin, Bernard Acker and Jimmy Kern enjoyed that vacation.

The annual Labor Day parade ended the summer and club members built a float to enter. In October attention is turned toward the "spook house" that county 4-H'ers will operate at the Halloween carnival.

SPIRIT QUEEN AND KING in Nazareth High School this year are seniors Colleen Gerber and Jimmy Huseman, who were crowned at the Homecoming Pep Rally at Swift Field last Thursday evening. Other candidates were juniors Dianne Hochstein and Dewayne Heck, sophomores Laura Kleman and Bryan Huseman, and freshmen Danelle Schmucker and Calvin Schulte. The big Homecoming Pep Rally also included comical skits, music by the Swift Band, introduction of the football players, a talk by Coach Eddie Hooper, lighting of the school etters, and lots of cheering. One can always discern people's attitude toward a certain thing by looking at how it is treated in the comics.

For example, the daily comics poke fun at married life through Blondie. The theme roughly is how an American family works and lives when the head of the household is somewhat bumbling and the wife is an efficient house manager and something of a screwball elsewhere. The characters include the boss, the door to door salesman, the dog, the children, the neighbors. Each of these plays against the Bumstead family and one can gather several attitides. Salesmen are tenacious and they sell stupid stuff. Children next door are a pain. Teenagers are flakey. The boss is a belligerent jackass and so is his wife. The neighbors are nice but good relationships with them are brief because they are so much fun to fight with.

How do the comics treat libraries? Believe it or not, comics use the library for quite a lot of humor. Once in a while a good strip appears. The humor stems from the

librarian. The librarian comes into the room with a quiet sign and an acid self righteous scowl that would sicken Pollyana, Attitude? Librarians are self righteous prudes.

In the strip called "Shoe," Shoe, the Crow asks his friend how he can stand the library -it even has mold all over the place. His friend says that he simply considers the mold as an exotic house plant. Attitude? Libraries are musty and unpleasant.

If the comics are pointing out some things, is it any wonder that libraries are getting the ax funding wise?

When we invest in our 4-H programs, we're insuring the future of our community and our nation. Let's all support our 4-H'ers!

The 4-H Club has done a great job in preparing our young people for the future. The boys and girls, young men and women between the ages of 9 and 19, are taught to respect their environment, work to better their community and become self-reliant and responsible individuals. By taking an active role in the 4-H experience, they're

having fun as they do important work across the nation . . . from anti-pollution projects in the cities . . . to livestock and agricultural projects on the farms. They're working for tomorrow . . . let's proudly salute them today! Keep up the GREAT work, 4-H'ers!

Congratulations

It's great to see our 4-H'ers at work. They learn through doing many important things in their community. From raising livestock and canning preserves on the farm . . . to cleaning up parks and planting trees in the city. Through their 4-H Club experience, these boys and girls; young men and women learn to take pride in their work, and in themselves. They become skilled farmers and homemakers, self-assured individuals, compassionate friends and responsible citizens . . . in short . . . better people. With pride and respect, we salute these 4-H members for the valuable job they do.

There's a lot of "scare" talk about America's youth these days. Every paper you read. Every time you twist a dial. You worry. Then, you start thinking about a great bunch of kids who make up 4-H. The kids who make up America. They've dedicated their growing-up years to learning and helping. Developed skills and put them to work - at home, in their communities. They're "hip" on strong bodies and strong character. They care about the world. Suddenly, the "scare" talk turns into "care" talk. And you relax. It's bright and hopeful again. Thanks, all you 4-H'ers. America's future belongs to you. You are America's future!
