Alaskan tour taken by Mrs. Riley and grandson

By MYRTLE SHEFFY

Edna Riley and grandson Jodie are home from their trip to Alaska, so I will give you their story as Edna gave it to me.

To fly into Anchorage over the snow-covered Alaskan Range is an incredible experience, as is the majestic beauty of the Big Country, with Mount McKinley towering over 20,300 feet over it all. Generally Mount McKinley keeps its head covered with clouds, but for the Rileys the sun shone for two days. The group toured some 1200 miles overland that included Turnabout Iceberg Lake, to see the icebergs, a beautiful blue green. The tour was through the rich agriculture area of Matanuska Valley where the huge strawberries and cabbages grow. On to Fairbanks by way of Mount McKinley National Park where the moose, deer and other animals are unafraid. In Fairbanks, a very modern city, they visited museums and were reminded the Arctic Circle is only 120 miles away. The guys play baseball at midnight in sunlight. Outside the city great pipelines wind like a silver ribbon over the tundra and across the evergreen-covered mountains to the sea. Signing your name on the pipe is a must.

On to Dawson City in the Yukon over the divide, the Top of the World. They visited the Gold Rush area and saw the dredges and streams. They saw the salmon leaping and swimming upstream to spawn and the fish wheels that catch the salmon. Jodie had a raft ride down the Klondike River to the Point of Confluence with the Yukon. He says it is quite a thrill to maneuver the rapids. Edna tells us they were entertained in Dawson at Klondike Kate's Theater with the Alaskan poet's "Dangerous Dan McGrew's Skits." They visited Jack London's cabin and museum. I used to read his books. And they hobnobbed with sourdough characters of the Gold Rush days, also

attended Diamond Tooth Gertie's Theater and saw the can can girls. They boarded the narrow gauge railway train at White Horse for Skagway and saw the most beautiful scenery in the World, lakes and mountains covered with pine and through White Pass for a drop of 5,000 feet in a few short miles. This engineering feat was done with horses and men who used dynamite blasting three tunnels through the mountains. In Skagway they boarded the cruise ship, The Island Princess. It and The Sun Princess are shown in the TV Series, "Love Boat." They cruised up to Glacier Bay, among the icebergs. These glaciers date back to the Ice Age, seals and porpoises swimming about. Some people saw the whales. They cruised on down to Sitka. That is the first Russian settlement in 1784, an interesting place. They saw the Russian dancers. They re-boarded the ship, sailed through the Inland Passage to Vancouver, Canada, for a two-day trip. Then took the jet home. Edna says, "A delightful and unforgettable trip with a fine grandson and hearing his comments added to the trip."

Six other ladies are up there now and this may be their tour, we will see. Frank and Shirley Wise spent a few days in the hills of Red River, a vacation and to celebrate their silver wedding anniversary. Their daughter, Linda, a student, is home for a weekend visit with grandmother Ruth Coleman. Shari and Gene Bradley spent a few days at Ruidoso. They stay in her parents, G. L. and Ouida Willis' home when there. Mrs. M. K. Lawson, Buddy Payne's grandmother and his parents E. C. and Jimmie Lea Payne and young brother Skeet Payne, all from Level-land, were Sunday guests of Buddy and the Methodist Church, where he preached the morning service. Pastor Howard Quiett and Mrs. Quiett are on vacation this week.

Saturday night Chen Chan Hen or David, his wife Chen Hwie Ming, (they call her Eunice) hosted a dinner party at the home of Dwight Overton. Guests were Connie McMannus, Jo Thurston, Marvin Crabtree, Craig Potts and Tina Swanson. The Chens served an authentic Taiwanese meal, consisting of wonton, boptze, (Jo says that is Chinese dumplings), tea eggs, Chinese sausage, plums and jasmine tea. The food was incredibly good and the conversation was about the Taiwanese culture and Oriental writings. And they showed the guests the new Taiwanese dollars or currency. They had an interesting discussion about that. The Chens are with the Amstar Plant.

Craig Potts was host to several young and restless Dimmitt people by having an ice cream party. The girls said it was that good butterfinger

ice cream. These youths played soccer and won 5 to 3. Most valued players selected by the coaches and referees were David Chen, Craig Potts, Marvin Crabtree, Dwight Overton, Eunice Chen and Jo Thurston. At half-time Guylene did a hula hoop demonstration. Sunday evening this group came by to visit me in the backyard. That is all except the Chens. I am looking forward to meeting them. Doyl Underwood tells us that on Aug. 11, there will be a two-hour musical at our high school auditorium at 8 p.m. There will be country music, string music, singing and maybe some disco. This is sponsored by the Kiwanis Club, and a love offering will be accepted for Claudia Welch who was injured in an accident a while back. This money will be used for hospital expenses. Let us all go and do what we can. Gene King is president of the Kiwanis Club. I told you last week that Opal Bearden, Cletha George, Ceal Carlile and Ruth Coleman and I spent a weekend in Ruidoso. Had a good time. We went to the Bob McLeans' pretty house in the north hills and had a good visit with Helen McLean who will be there for two weeks. Daphne Montgomery and Geneva Schaeffer are staying with Helen. And we saw and visited with Geneva's sister and husband John and Joan Milleson and son Paul from Fayetteville, Ark., and Marla

and Waldo Morgan from Lubbock. Marla is the daughter of the Herb Mayfields. We also saw Charles and Jill McLean and baby. We had a good Sunday dinner at the Inn of the Mountain Gods, after church service, and met some people from Mexico City, also Las Cruces. At church we talked to Pearl Bailey, a former Dimmitt lady. We went by the house to see Hootie (Waggoner) Moberly, who is spending the summer there. She is doing very well. Then by Helen Richardson's house. She has been at her mountain home for a month and has had much company. We met her in-laws, Mr. and Mrs. Ray Stevenson, from Irving. They are taking art lessons at the gallery from Mrs. Maxine McLaugh from Dallas and George Koutoupis, an artist from Oklahoma City. Helen says her neighbors a couple of miles off are Floyd and Nell Copeland, James and Mildred Burnam, and Robin Copeland. These people are from Dimmitt. Over for a week were M. E. and Marge Cleavinger and Mr. and Mrs. E. C. White from Whiteface, and Rev. and Mrs. Dossey. He is a retired minister and he held an informal morning religious service for all the motor home people and Helen, the Brodersons and Skinners. And at the Races we met Mr. and Mrs. C. S. Tomlinson from Coleman who used to harvest wheat north of Dimmitt around Hereford. Also met

Ronald and Debbie Colburn from Victoria. Their friend had a horse in the race. Sam and Virginia Gilbreath and G. L. and Ouida Willis were at Ruidoso last week. Didn't see them. G. L. has a house there. Oh yes, enroute home we stopped in Roswell and had a very good chocolate pie and iced tea with our oldtime neighbor and friend Ann Singer. She has a lovely home south of Hobbs Street here. I think it is Plains Circle. The Northwest Texas Conference of United Methodist Women met in Lubbock at the College Inn, a Tech student dormitory and dining room. This was a three-day study for the women. I was with the human rights group with Rev. Don Price of Madill, Okla., teaching. Two classes taught the parables and Ruth Coleman and Deanne Clark took courses and Oneida Hutto took the Far East Mosaic study. A special speaker was Mr. C. Warren Goss, attorney at Lubbock, using the topic

"The Law and Justice - Do They Equal?" He used different cases such as the T. Cullen Davis case, as an example. One speaker says our understanding of God is growing, we do not think of God as a mean jealous God but a loving father-creator. I can't tell you all I heard now, but will do so later. In the dining room at Tech I

talked with Myrle Trimble Johnson. She works at the College Inn. And Ruth Coleman talked with Dimmitt's Dennis Veals, a football player and student. And we met Mrs. Tom Christian of Claude. Her husband was Texas representative a few years ago. I chatted with Dr. Luis Flores, taking some courses at Tech. His home is

Peru in South America, but he has work at the University of Alabama. This conference of ours goes south to Midland, Seymour and north to Pampa. Mr. and Mrs. J. C. Mays are home from a vacation and sightseeing trip to Eureka Springs in northern Arkansas. Prissy and Larry Fosson [See CHATTER Page 7]

FOR EVERY PROBLEM, THERE IS A SOLUTION. Such a predicament! Stuck in mud a foot deep! What to do? Just sit in despair? Wring your hands? Of course not! There is a solution. Obviously, this is a simple predicament. But what about the enormity of some of life's problems? There is an answer. There is help. God is "a very present help in time of trouble," the scriptures say. Try Him - try Jesus. Feel His presence and let Him speak to you in church.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God. Divers, Jockeys Light and Strong INDIANAPOLIS, Ind.

What do world class women divers have in common with jockeys? They are small, light and strong.
The U.S. team of four divers that competed last year in Berlin against the Federal Republic of Germany had an average height of 5 feet 3 1/2 inches and an average weight of 107 pounds.
Cash Asmusen, a top apprentice jockey in New York, weighs 107, while Angel Cordero is 114, and Steve Cauthen 102.
IT is against the law to enter or leave a city park wearing a flower in New York City.

Four attend Camp Wigwam from Dimmitt

Jessie Olvera, Alma Silva, Albert Lopez and Timmy Lopez of the Satellite Training and Work Center spent five days at the Christian Camp facilities 12 miles north of Happy last week.

"The camp was the happy hunting grounds for the wigwam campers," Norma Conard, Therapist Technician II and Director for the Satellite Training and Work Center said.

Mrs. Conard said she wishes to thank the Legal Secretaries association and an anonymous friend for gifts of \$100 each that helped pay the way for two of the campers.

Third camper's way was paid by the United Way Fund and the fourth camper, "who is an industrious worker you have helped develop through the years, was able to pay his own way," Mrs. Conard said.

"This was a very happy first time experience for three of our students and a third time for our workshop student," Mrs. Conard said.

Mrs. Conard expressed thanks to everyone for their continued support of the Satellite School.

WHEELS—Hart youngsters on their two-wheelers, three-wheelers and four-wheelers made up a colorful array in Saturday's Hart Days Parade. Winning the prizes for best-decorated bikes were D'Lynn Hankins, first; Judy Ryan, second; and Vicki Quiroga, third.

County roping held with 52 teams entered

Fifty-two teams entered the Novice roping, while 14 individuals competed in the Open Division at the County Roping Saturday night held at the Marvin Schulte Arena east of Nazareth.

Freddie Hamilton of Dimmitt won the trophy saddle (made by Donnie Black) for posting the best aggregate time on four head (two calves and two steers) in the Open Division.

Winning the trophy buckle for the fastest time on two steers was Ricky Black of Hart. Rocky Williams of Flagg won the buckle for the fastest time on two calves. Both were in the Open Division.

In the Novice Division, James McLean and Bill Glidewell won the buckles in the team roping competition. Second place was won by Scott Bagley and Donald Ray Carmichael of Dimmitt. They received a \$15 gift certificate each from Great Plains Chemical Co.

SECOND-PLACE FLOAT—"Hart Is a Blast," proclaims this float entered in the Hart Days Parade by the Chi Phi chapter of Beta Sigma Phi sorority. Holding the flag in front of the rocket on the colorful float is Marsha Cobb, the chapter's entrant in the Miss Hart Contest. Youngsters wearing specially made T-shirts proclaiming "Hart Is a Blast" adorn the rest of the launching pad. The float was named the second-place winner in the long, colorful parade.

County keeps election judges

At Monday's meeting, the Castro County Commissioners Court decided to leave the list of voting precinct judges and alternates the same as it was for last year, and to raise the compensation for election workers to \$3 per hour.

The commission also voted to send the order for the State Treasury to return the county's portion of the lateral road fund to the county. The county's portion as of Aug. 31 will be \$31,985.88.

Rabies shots to be given

A rabies vaccination clinic will be held from 9 a.m. to 1 p.m. Saturday at the Dimmitt Fire Station, with local veterinarians giving the immunization shots at a reduced fee of \$5.

Importance of having pets immunized is underscored this year by a rabies epidemic in South Texas which caused the deaths of several children, according to the Dimmitt vets and Charles Whitman, city animal control officer. Whitman will be at the clinic Saturday to issue city dog licenses, which require a

In other business, the commission: Discussed the fundamentals of lease-purchase agreements and viewed a sample contract presented by Ronald Strawn of West Texas Equipment Co. of Amarillo. Mayor seeks

Neither Brown nor Braafladt said they were opposed at this time to an expanded city commission.

"I would welcome a six-man commission," Brown said. "One problem, though, is that we've had a very hard time getting enough men to run for a two-man commission. In the three times that I've run, two of those times there was no opposition whatsoever, and the other time there were only three men running for two positions." Braafladt said he neither supports nor opposes the proposed expansion "in general" at this time. "As far as reducing the mayor's power is concerned, I'm not interested in that," Braafladt said. "I wouldn't care to comment further until I can study the proposal."

Museum meet is scheduled

The county history book will be the main topic of discussion at the Castro County Museum Association's meeting at 8 p.m. tonight (Thursday) in the museum building on West Halsell St.

Plans for the museum's open house during fair week in September may also be discussed at the regular association meeting. "There is plenty of work to do for anyone who comes to the meeting," Clara Vick, secretary, said.

County net tourney winners announced

With play in three divisions, a full schedule of tennis matches was run off in the annual Castro County Tournament last weekend. Netters from Dimmitt, Hart and Nazareth competed on the Ruskin Racquet Club and Dimmitt High School courts.

The racquet club's open tourney is in progress this weekend on Dimmitt and Hart courts.

Zimmatic Low Pressure waters down overhead

Cutting overhead is one of the keys to profitable irrigation. With a Zimmatic Low Pressure System over your crop you can unlock the door to big savings. Start by cutting horsepower requirements by as much as one-third and keep saving because your system will likely be more efficient and use less water.

And choosing Zimmatic Low Pressure gives you more than an economical center pivot. You get the company that pioneered low pressure in center pivot irrigation. Lindsay developed Zimmatic Low Pressure to cut horsepower without cutting performance. Your pivot is still 100% Zimmatic with all the dependable features and top-quality material that Lindsay is known for.

If you're considering center pivot irrigation, consider Zimmatic Low Pressure—the pioneer. Come in soon and find out how to water down your overhead while you pump up your profits.

They also attended the wedding of Bill's nephew in Richardson. They had a dinner at Brook-hollow Country Club where they saw Mrs. Clements and family eating. She is the governor's wife.

Newt and Earlene Settle and their son and his wife Mr. and Mrs. Mike Settle from Marietta, Ga., were recent guests of parents and grandparents Earl and Grace Lust and the Bradfords.

Keri Hodges of Lubbock spent the weekend with her grandmother Beral Hance. Keri is a student at Texas Tech University at Lubbock.

George and Josie Bradford and James and Mildred Bradford went to Monahans last week to attend the memorial service for their nephew-in-

law, Don Logan. He had worked many years for the Fina Oil Co.

Mr. and Mrs. Dale Hughes and daughter Holly are moving soon to Weslaco, way in south Texas, where they will be with the school system. They were with our school.

Joe Benson was the birthday gentleman this week, so last Sunday his wife Gladys baked him a cake and made dinner for Joe, their daughter Susan and husband Gary Royal and young Jennifer from Mulsehoe. Gladys' father, A. T. Jones of Hereford has been quite ill. We wish him to be well.

Adam, Jacob and Joshua, the first two are from Tyler, Joshua is from Lubbock, are visiting grandparents J. O. and Mattie Seale. The Seales have two sons, David and Gerald and these are Gerald's boys.

James and Mildred Bradford and daughter Jean went to San Marcos this week where Jean will do her entrance work. She plans to attend the University there.

Edward, Sharon, Shawn and Chad Ewing and E. R. and Lois Waggoner have just returned from a week's vacation in New Mexico and Colorado. They left Dimmitt on Saturday morning, went through Santa Fe, N.M. and on to Antonito, Colo., stopped there and looked at the old trains. Then went on to Alamosa, Colo., the first night. Left out on Sunday morning and went to the Great Sand Dunes National Monument, from there to Salida and Canon City to the Royal Gorge, then on into Manitou Springs for five days, where they went to Cheyenne Mountain Zoo, Seven Falls, Cave of the Winds, Santa's Workshop, Ghost Town and museums.

On Thursday night they went to The Flying W Chuckwagon supper. (This is still a working cattle ranch.) This was the highlight of the stay in Manitou Springs, where E. R. lost his cap to the drummer of the Flying W. Wrangler Band.

They came back through Raton on Friday and went to the horse races where they saw one of Dr. Lee's horses run. Lost money on the races as usual. Spent the night in Raton and came back home Saturday. They recommend to everyone who goes to Manitou Springs or Colorado Springs that they eat one meal at the Flying W. Ranch.

Kelly Nelson presented the program on the Presidents classroom for Young Americans. Nelson attended the classroom in Washington, DC for one week. He was there at the same time that the farmers tractorcade took place. Nelson also gave a slide presentation of his trip.

Attendance at the Friday meeting was 75.83, secretary Bill Behrends announced.

Render Memorial draws golfers

Golfers came from four states—one was from Florida—for the fourth annual Doc Render Memorial Partnership Tournament at the Castro County Country Club last weekend.

The winning team in the championship flight was from over the New Mexico line, Clovis, made up of Eddie Kilmer and Delvin Schutes who carded a 137.

John Holloway of Lubbock teamed with Jim Larson of Houston followed with 139; Ken Bailey and K. D. Bailey of Amarillo came in third with 141.

A score of 139 was good for first place in the first flight, earned by the Plainview team of Tommy Chatham and Gary Davis. A four-way tie for second place saw two Dimmitt teams, a Dimmitt-Amarillo pair and one from Farwell shooting 144 each.

In the tie-up were Allan McClure-Jerry Watts and Ken Cleveland-John Lantz, all of Dimmitt; Jerry Heller, Dimmitt and Darrell Smith, Amarillo; Jim Berry-Jack Kirkland of Farwell.

In another tie, for third place with scores of 147, were Mike Bryant of Dimmitt and Mark Wohlgenuth of Lubbock; John Darby of Pampa and Loyd Jacuess of Littlefield.

James Ferrell and Eric Roanhaus of Clovis were first in the second flight with 146, Fred Batterman of Dimmitt

and Gene Batterman of Hereford second with 147, Cliff Arnold of Hereford and Bob Jennings of Daytona Beach, Fla. third with 155.

Topping the third flight were John Dickson and Robert Phillips of Levelland. Daniel Tapia and Larry Ray of Clovis were in second place, George Rush and D. W. Harkins of Dimmitt in third.

David Bradley and John Hair of Olton led the fourth flight, Gerald Summers of Dimmitt and Turk Cates of Binger, Okla. took second

place, Charles McLean and Jerry Killingsworth of Dimmitt third place.

Visitors were entertained with the local golfers and their guests at a barbecue dinner Saturday at the Country Club.

Police calls

A \$100 reward has been offered for a Delco battery that was removed from a white 1968 Pontiac belonging to Mildred Kyle, Dimmitt police report.

The battery was taken from her automobile sometime between July 12 and July 24. Anyone with information is asked to contact the Dimmitt Police Department.

A youth was taken to Plains Memorial Hospital last Thursday for stab wounds to the head. A boy told police he had stabbed the other youth in the head with a pocket knife after he said some "bad things about my mother." Both boys are juveniles.

Molly Porter complained to police last Friday that youngsters between the ages of 10-11 had been tearing down her fence and tearing up her garden plants.

Martha Smith reported someone shot her van with a BB gun while she was driving by the John Deere house last Friday. She told police she heard something bounce off the van, and saw boys ages 10 and under standing at the curb. When she told them she was going to call the police they ran, she said.

A blue bicycle belonging to Mike Kasher, valued at \$200, was taken last Saturday from his home. The bike, described as being blue with a black spot on the paint on the front, is a Sears brand 10-speed. The serial number AF 2628329 is stamped under the pedal sprocket and under the seat of the bike.

A red Honda 450 belonging to Albert Earl Ewing was taken from the south side of Dimmitt Safety Lane last week. Police are still investigating the case.

DU-TER stops leafspot in Texas beets. Year after year.

For top sugar beet yields and profits, you need a fungicide that delivers effective, economical control of cercospora leafspot. That's why Texas beet growers depend on DU-TER fungicide, year after year.

- **Dependable**—In more than 10 years of commercial use, leafspot has developed no known resistance to DU-TER.
 - **Economical**—In field trials near Hereford, plots sprayed with DU-TER yielded more pounds of sugar per acre, for the highest gross profits of any spray. Yet, DU-TER spray costs were lowest.
 - **Easy to use**—Wettable powder formulation makes a quick, smooth mixture that won't clog nozzles. No extra expense for spreader or wetting agents. Apply with air or ground equipment.
- This season, ask your farm chemical supplier for DU-TER fungicide from Thompson-Hayward. Because DU-TER controls leafspot in your beets, year after year.

All-Star quest ends

Dimmitt's and Childress' Little League All-Stars played two extra innings while locked in a 5-5 tie at Berger Tuesday night before Childress broke it open with three unearned runs in the eighth to end Dimmitt's playoff quest.

The first-round district tournament game had been postponed a night because of rain.

Dimmitt, coached by Glynn Mansell and George Howell, finished the playoffs as champions of Area III, District 1, with a 2-1 playoff record. Childress advanced to the district championship game Wednesday night against Berger, 7-4 victor over Dumas.

Dimmitt led off with a run by shortstop Alex Lopez in the first and added four runs by center fielder Bill Patton, Lopez, first baseman Nathan Nelson and catcher Michael Love in the third.

Childress scored a run in the second, three in the third and tied the score with a run in the fourth before getting the game-winning runs in the top of the eighth.

Winning pitcher was Childress' Dale Lankford.

Bobby Nino pitched three innings and Larry Jackson five for Dimmitt. Between them, the two hurlers fanned 12 Childress batters and gave up only three earned runs.

With Dimmitt as the home team for the third playoff game in a row, Nino started the game by fanning the first two Childress batters. He walked the next two, then fanned the fifth man up for the third out.

In the bottom of the first,

Lopez singled, then was driven home by third baseman Mark Smotherman to give Dimmitt a 1-0 lead.

Childress' Keith Later evened it up in the second when he stepped to the plate with one out and lofted the first pitch out of the park for the game's only home run.

Childress put Dimmitt down in 1-2-3 order in the bottom of the inning, then stole a pair of back-to-back runs and drove in another in the third to go out front, 4-1, with just one out. A tag by Love at the plate and a strikeout by Nino on a full-count pitch ended the Childress rally.

But Dimmitt retaliated with a four-run outburst in the bottom of the third on singles by Patton, Nelson and Nino, a walk by Lopez and a big triple by Love. The rally put Dimmitt ahead, 5-4.

After singling Love home, Nino pulled a tendon while being tagged out at the plate. He was replaced on the mound by Jackson at the start of the fourth. In his three innings of pitching, Nino had fanned five, walked four and given up five hits.

Childress got an important run in the fourth after a walk, two stolen bases and a sacrifice to knot it at 5-5. Then the game settled into a scoreless defensive battle the rest of regulation play.

After Dimmitt's third-inning rally, Childress' defense settled down—especially the infield, which became downright deadly—and didn't allow but three Dimmitt batters to get on base the rest of

the game, and only one of those advanced as far as third. Childress put Dimmitt down in 1-2-3 order in the fourth, fifth and sixth innings.

Jackson, meanwhile, fanned four Childress batters and got lots of infield help as Dimmitt held Childress scoreless in the fifth and sixth.

In the top of the first extra inning (the seventh), Dimmitt put Childress away 1-2-3, but not without a scare. Highlight play of the inning came when Childress' Freeman tried to stretch a long single into a home run on a fielder's error. But a beautiful peg-throw from second baseman Danny Martinez enabled Love to tag Freeman at the plate for the second out.

With two away in the bottom of the seventh, Patton and Lopez both singled, but they died on base as Lankford hurled a strikeout to put out the fire.

The roof fell in on Dimmitt in the top of the eighth. Lankford doubled, then scored on a Dimmitt error to start a three-run rally that gave Childress an 8-5 lead. All three Childress runs were unearned as Dimmitt committed a pair of costly miscues before getting the side out.

Smotherman and Love both cracked the ball but were out at first as Childress' infield refused to falter. Jackson singled to left field, then Doug Nelson connected on a 2-2 pitch, but Childress' shortstop ended the game by tagging second base for the force-out.

United Way drive chairman says 1979 drive will prove crucial

Launching the "Now or Never" United Way campaign in Dimmitt, as he termed the drive which will be held this year in August and September rather than later in the fall, Gary Moore, 1979 campaign chairman, is speaking to service clubs of the city this week.

Moore said this means is being used to reach business people, facing them squarely with the fact that unless the United Way drive is a success this year it probably means the end of that plan for supporting community agencies.

He spoke to Dimmitt Kiwanis Club at noon Monday, the Dimmitt Lions Club Tuesday and scheduled talks at the next meetings of Rotary and United Lions Clubs.

To each group he gave brief questionnaires from the United Way board of directors, asking members to indicate whether they prefer to support the United Way or contribute to separate drives of the nine agencies comprising the UW.

Also it asks whether it would be preferable to have heart, cancer, MD and March

of Dimes drives included in the United Way campaign, and Moore reminded the Kiwanians that this could be accomplished only if residents here do not support the separate drives, insisting that all agencies cooperate with the United Way.

Opinions are also asked on permitting member agencies to sell products to the public, such as Girl Scout cookies and Little League candy sales.

Moore sketched the history of the Dimmitt United Way, which began in 1975 with a goal of approximately \$10,000 which was reached. Goals of \$15,000 and \$16,500 were achieved the next two years, but the 1979 campaign, which raised funds for this year's operations, fell short about \$2,000 on a goal of \$17,431.

A door-to-door canvass of the city is planned for the new drive, rather than working through employers as in the past, Moore said, and he is

suggesting that each service club take responsibility for one area of the city.

The plan is to reach every resident in a three-day canvass. Moore said its success will depend upon having enough volunteer workers.

"It takes time, people, money and commitment to make a success of the United Way drive," he said, "and we need to remember that piece of distilled wisdom of the ages — there ain't no free lunch."

JOIN THE POOL MARKETING PROGRAM

The Pool Marketing Program is a way to give our member-owners more clout in the marketplace.

Many large-volume buyers are willing to pay a premium to be able to buy large quantities of grain at one time, from one source. By "pooling" our production, we can create a sizeable reservoir of grain so Dimmitt Agri Industries can effectively deal with big buyers.

With this new Pool Marketing Program, Dimmitt Agri Industries is leading the way again in Texas. Ours is the first cooperative to start a Pool Marketing Program for grain.

Farewell party held for Dalton

By VIRGIE GERBER

The Nazareth Parish Council hosted a farewell party for Deacon John Dalton who will be leaving soon for a seminary in Cincinnati, where he will study for the priesthood. This was held on Sunday

evening at the community hall with a large crowd attending. John will be missed, especially by the young people he has enjoyed working with.

A Heiman reunion honoring Sister Jeanne Heiman was given in the Denny Heiman home. Those attending were Florence and Hilda Heiman of Amarillo, the Andy, Glen and Randy Schumacher families of Dimmitt, the Ella, Cecil, Dickie and Ronnie Hoelting families, Fritz Gerber's family, the Rusty Schacher family, the Arch Johnson family of Happy and the Charles Bowen family of Plainview. The evening was spent playing tennis and horse shoes.

Albert Schulte is reported doing fine in St. Anthony's

Hospital in Amarillo.

Ted and Deanna Huseman, Cecil and Lenora Braddock are vacationing in Dallas, Fort Worth and at Six Flags.

Mr. and Mrs. Lawrence Birkenfeld flew to Rhode Island on Monday to spend a week with their son Henry and family.

Kevin and Kieran Sullivan of Chicago are spending 10 days here with their grandmother Dora Albracht and her family.

Sister Jeanne Heiman, Estelle and Suzanne Keys of Plainview and Florence and Hilda Heiman of Amarillo had dinner with Ella Hoelting on Saturday.

Monday evening Ella Hoelting was honored on her 76th

birthday by her family who took her out for dinner in Plainview. Those enjoying the dinner were Estelle Keys of Plainview, the Cecil, Ronnie and Dickie Hoelting families of Nazareth.

Mr. and Mrs. Earl Backus celebrated their 40th wedding anniversary Friday evening with a party at the Legion Hall. Many friends and relatives enjoyed the evening. On Tuesday morning a Mass was offered for them.

GEORGE EASTMAN, who founded the Eastman Kodak Company, coined the word "Kodak" as the name for his small, portable camera. The word had no meaning prior to this.

DHS' Veals in lineup of all-star grid game

Dennis Veals, Dimmitt High School's All-South Plains back, will be on the North Squad for the Texas Coaches Association all-star football game which will climax the annual coaching

school Saturday night in the TCU Amon Carter Stadium at Fort Worth.

Veals, who is headed to Texas Tech on a football scholarship after graduating from DHS last spring, will play either running back or in the defensive backfield.

Coaches from the Dimmitt school system are attending the five-day school which annually attracts coaches from over the state. Noted football and basketball mentors from around the nation are conducting clinics.

From DHS, head football coach Wayne Garner and dual coaches Clifford Smith, Robert Crawford, John Thomas and Ken Cole left Monday for Fort Worth. Junior high coaches Britt Pruitt and George Rasor are also attending the school.

In addition to Veals, grid-ers from South Plains schools who will play for the North Saturday are Royce Coleman, Plainview running back and Dewey Turner, tight end from Lubbock Estacado.

Low gas tax inducement for trips to Texas

Texans concerned over high gasoline prices will save both fuel and money if they vacation in Texas this summer, according to State Comptroller Bob Bullock.

Texas continues to have the nation's lowest gasoline tax rate at five cents a gallon, Bullock said, adding that short in-state trips will conserve more fuel than long, cross country vacations.

The highest gasoline tax rate is 12 cents a gallon in Washington.

Gasoline tax rates in the nation's nine northeast states are nearly double the Texas rate—averaging 9.5 cents a gallon.

Nine states—Arkansas, Georgia, Iowa, Michigan, Montana, Nebraska, Pennsylvania, South Dakota and Washington—have recently increased gasoline tax rates.

Bullock also said consumers who are seeing their budgets chewed up by inflation benefit from Texas' low sales tax rate. The state's four percent sales tax is lower than the tax rates levied in 18 other states and equal to the rate set by 10 states.

The highest sales tax rate—seven percent—is levied by Connecticut.

Vacations may never be free, Bullock said, but Texas' lower tax rates will stretch holiday dollars.

First Baptist mission team on trip to Brazil

A mission team of 21 persons from the First Baptist Church, scheduled to leave Wednesday morning, will be in Belem, Brazil, until Aug. 10 to take part in evangelistic crusades in five churches of that city.

The trip by Dimmitt residents is part of the "Bold Mission Thrust" being conducted in Southern Baptist Churches, according to Rev. John Street, pastor, who will head the group.

This is not the first time for the similar trip by the mission team from the Dimmitt church, Rev. Street said.

Three years ago a group of 18 made a similar visit to El Salvador.

Mrs. Street and daughter, Sharla, will be in the Dimmitt group, as will Tom Burnett, First Baptist education director, Rev. Eddie Riley, Baptist pastor at Bula, and Mrs. Riley.

Also in the party are Messrs. and Mmes. Elmer Youts, Dan Heard, M. A. Pennington, Charles Vandiver; Mrs. Wayne Mohon, Irene Carpenter, Debbie Dobbs, Laura Lapsins, Danny Heard, Matt Howell and Mike Oldham.

We certainly are a lucky library. Someone had the foresight to include a small garden on the south side of the library. It could have been one of the prettiest sights in town. However, there was one oversight—librarians usually do not include horticulture with their studies—and so, the little garden leaves a lot to be desired. Every so often I go out and wack a few weeds, pull a few things and leave it at that. Finally, Marie suggested we get a hoe. Although I have nothing against manual labor, I am not using the hoe; not in public, anyway.

For one thing, I'm no good at manual labor. I try, but people always show me how I can do the work better. I was hoeing away, for example, when this Mexican kid came by and started watching me. He watched me closely and with complete disgust. Finally, without further delay, he went up to me saying "Gah, Burro, don't y' know how to use a hoe?" Whereupon he snatched the implement out of

my hands and started furiously chopping everything in sight, our flowers included. When everything was chopped down to a stalk, the weeds, the iris, the lillies, he turned and handed me the hoe. "See? We know how to do this better than you."

Yes, they certainly do. I remain completely mortified to this day. It is this, and for other reasons that the little garden is often one of life's little irritations. If it isn't the weeds that I irradicate, it's the one which I let grow. I was letting this nice little weed grow because I thought it was pretty. Then a younger patron mentioned how similar the weeds looked to marijuana—which, on closer inspection proved how astute he was. So my pretty weed came up after all.

Yes, the library is lucky in having a garden . . . but I'm not.

LEARN TO READ YOUR ELECTRIC METER AND SAVE!!!

It will let you determine how many kilowatt hours you use in a given period of time — an hour, a day, a month or a year. That's how electricity is measured — by kilowatt hours (kwh) used.

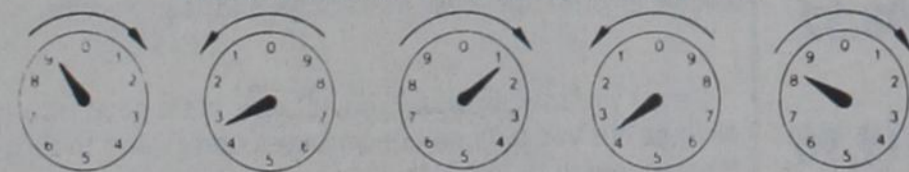

Your residential electric meter will have either 4 or 5 dials

Electric meters are easily read from right to left as you look at the meter. If the pointer on a dial is between two numbers, write down the smaller number. When the pointer is directly on a number such as one (1) (see center dial above) then read it as 1 if the pointer on the next dial immediately to the right has passed zero (0). However, read it as zero (0) if the pointer on that dial to the right has not reached zero.

The dials above read (from left to right) 9-3-1-1-5. If, however, the pointer on the second dial from the right above was between 9 and zero then the center dial would read as a zero.

Now let's read the same meter 24 hours later

The later reading is 9-3-1-3-8. Subtracting the first reading, 93115, from the new reading of 93138 — the answer is 23. Thus you would have used 23 kilowatt hours in the 24 hour period. Each kwh costs approximately five cents.

When you learn to read your electric meter, you will be able to see where your energy dollars go . . . then learn to use energy wisely & save!

Music fills the air during Hart Days

FLATLAND BLUEGRASS performs "Joshua" during an outdoor concert at Hart High School's football stadium Friday evening in one of the musical highlights of this year's Hart

Days celebration. The outdoor concert drew a large, appreciative audience.

MAKIN' MUSIC—While one fiddler and a pair of "backup men" entertain the crowd, more musicians get tuned up and

ready during the Old Fiddlers Contest Saturday afternoon, one of the highlights of this year's Hart Days celebration.

PASSING IN REVIEW—Seated atop a convertible, Mr. and Mrs. W. A. Hawkins, this year's Hart Days pioneer honorees, pass in review during the Hart Days Parade Saturday morning. The Hawkinses have been Hart residents since 1927. He was the city's first mayor, and she was once the Hart postmaster.

The Ladies Golf Association held a putting contest in conjunction with the golf tourney last weekend. Coming in first in the morning flights was Jerry Killingsworth and first in the afternoon flights was Allan McClure.

The Ladies Golf Association also had a closest-to-pin contest. Those winning in their flights were John Dixon, Dan Fox, Lloyd Jaquess and Brian Sheffield.

This Sunday afternoon this month's Scotch Foursome will be held at the Country Club course. Starting time will be approximately 5 p.m.

County sales Three from county attend for quarter at state 4-H energy congress

Castro County reported gross sales of \$21,413,063 for the first quarter of 1979, according to a sales tax analysis issued by the state comptroller's office.

Of this amount, gross taxable sales amounted to \$20,452,889.

Gross sales in the entire state reached \$48.5 billion, an increase of \$6.1 billion over the same three-month period last year, Comptroller Bob Bullock reported.

Three Castro County 4-H'ers explored current sources of energy and management methods as well as looked at energy possibilities for the future at the 1979 Texas 4-H Congress.

Kim Sides and KaKa Bruegel of Bethal 4-H Club and David Huseman of the Nazareth 4-H Club were among 500 who met in Houston for the congress program on "4-H and Energy: Partners for Progress".

The 4-H'ers toured the ARCO Refinery and NASA Space Center during the 10th anniversary of the first landing on the moon.

Featured speakers addressing the 4-H'ers were D. A. Buell of Houston Lighting and Power Co., Dr. John McKetta of the University of Texas and Ken Murphy of Gulf Oil Corporation.

They attended a workshop session and developed plans for 4-H energy programs in their own clubs and communities.

Along with the learning experiences, the 4-H'ers were given opportunities for some fun activities with a get-acquainted poolside party and water ski show. They went to Galveston to see the play "Annie Get Your Gun," and spent the day shopping and ice skating at the Galleria in Houston.

"The Soviets have gained the most from the SALT process. Salt has stimulated the arms race by allowing a Soviet buildup without any real quantitative and qualitative constraints. The U.S. traded away its ABM for a tripling of the Soviet strategic threat against it, while tolerating Soviet negotiating deception and massive operational concealments in Soviet strategic weapons deployment," from a CIA report by David S. Holly Sugar reports profit on operations

Holly Sugar Corporation today reported net earnings of \$1,050,000, or 66 cents a common share, on revenues of \$41,849,000 for the first quarter ended June 30.

This compares with a loss of \$410,000, or 26 cents a common share, on sales of \$40,912,000 for the same period last year.

Provision for federal and state income taxes is \$398,000 compared with a credit of \$753,000 last year.

In the letter to stockholders, Chairman John B. Bunker said the sale of surplus property at two California locations was the primary contributor to first quarter earnings.

He reported that sugar prices in Holly's marketing area improved slightly during the first quarter.

"This trend, together with increased processing efficiencies achieved at the corporation's California beet sugar factories, has raised operating

margins over prior quarters," Bunker said.

He pointed out that while these changes are encouraging, future operating profit depends on an increase in refined sugar selling prices, something that hasn't yet occurred.

Bunker termed sugar legislation now under consideration by the congress as "poorly-structured and potentially damaging to the industry and to Holly." And "we do not support it."

He added that the duty and fee support mechanism in the present Bill has proven ineffective since its inception nearly two years ago.

MR. AND MRS. EARL BACKUS
... Honored on 40th anniversary

Revival set at Church of Nazarene

Special revival services are scheduled for the weekend of Aug. 3-5 at the Church of the Nazarene, N.W. 5th and Hall, with Rev. and Mrs. Bill Ray of Borger as the evangelist.

The church and its pastor, Mrs. Lera Roedler, invite area residents to attend services at 8 p.m. Friday and Saturday, Aug. 3 and 4, and Sunday worship at 11 a.m. and 6 p.m.

Rev. Ray, pastor of Trinity Church of the Nazarene at Borger, has served 20 years in pastorates in Texas, Oklahoma and Louisiana. He attended Bethany Nazarene College at Bethany, Okla. Mrs. Ray will lend her talents in music and singing to the services.

MRS. WOODY BELL
... Formerly Lisa Gail Hall.

Hall-Bell wedding vows are spoken

Lisa Gail Hall and Woody Penn were married in a double ring ceremony Saturday evening in the Wolfin Avenue Baptist Church of Amarillo with Rev. Travis LaDuke officiating.

Parents of the bride are Shirley Hall of Dimmitt and Murray Hall of Weslaco. Bell is the son of Alfred and Agnes Bell of Panhandle.

An arch of green foliage with spiral candelabra on either side and a candelabrum holding the family and unity tapers provided the setting. Baskets of spring flowers were placed by the organ and piano. Handmade blue silk roses marked the pews.

Escorted to the altar by her grandfather, H. O. Markley of Dimmitt, the bride wore a white gown of lace over peau de soie, its empire bodice embroidered with seed pearls. Long full sleeves had wide cuffs finished with pleated chiffon ruffles over her hands. The Elizabethan neckline was edged in lace scallops.

A pleated chiffon insert started at the center front of the skirt and extended around the hemline, forming the train. Her fingertip veil was edged with rows of seed pearls and attached to a band of lace and pearls.

She carried a cascade of blue French carnations, lilies-of-the-valley and green leaves, centered with the orchid she later wore on her travel outfit. Luck pieces in her costume included a ruby ring borrowed from Mrs. Markley and a gold bracelet handed down to her from a paternal great-aunt.

Maid of honor was Cathy Snow of Amarillo and bridesmaids were Bobbie Wooten of Dimmitt and Eydie Henderson of Amarillo. Their dresses of twilight blue silk chiffon were fashioned with capelets formed of ruffled layers. A deep ruffle around the skirt was draped to the waistline in the back in bustle effect. Their bouquets were blue and white silk roses.

Johnny Bell of Dallas served his brother as best man. Greg Hall of Weslaco, brother of the bride, and Neal Arrant of Amarillo were groomsmen. Male attendants were dressed in blue to match the bridesmaids' dresses.

Angie Bell of Reading,

Penn. and Steve Hermesmeier of Panhandle, niece and nephew of the groom, lighted candles. Other young attendants were Jennifer Markley of Waco, the bride's cousin, as flower girl and Jeremy Britten of Panhandle, nephew of the groom, as ring bearer.

Guests were registered by Sherri Baldrige of Dimmitt and seated by Bill Hermesmeier and Jerry Britten of Panhandle.

Musicians were Chris Parra at the organ, Janis Mooney Davis of Amarillo at the piano, and Ann Murphy of Dimmitt who sang "Follow Me," "What Are You Doing the Rest of Your Life?" and "Evergreen."

A reception following the ceremony was held in the church fellowship hall. Covered with nylon and lace, the table was centered by the bridesmaids' bouquets around a crystal candelabrum holding blue candles.

The wedding cake was served from six small round cakes which formed the lower level, circling a fountain of blue water. Above the fountain the other three layers were decorated with blue flowers.

It was served by Melony Fant of Dallas and Sonia Markley of Amarillo while Peggy Britten of Panhandle ladled punch. Kathy Paetzold of Hereford and Carolyn Hermesmeier of Panhandle assisted at the reception and Karen Markley of Dimmitt distributed rice bags.

After a trip to Corpus Christi the couple will be at home at 3004 Curtis Drive in Amarillo.

Employed at Amarillo Diagnostic Clinic as an X-ray technician, the bride is a graduate of Dimmitt High School and Amarillo College. Bell recently completed training and is a registered para-medic with Metropolitan Ambulance Service of Amarillo. He graduated from Panhandle High School.

AFTER the assassination, the only money found in Abraham Lincoln's pockets was five dollars in Confederate currency. Lincoln left a personal estate valued at \$111,000.

Anniversary marked

Mr. and Mrs. Earl Backus of Nazareth were the honorees Friday evening when their children and grandchildren were hosts with a party celebrating their 40th wedding anniversary.

Earl Backus and Ruth Belinghausen were married July 24, 1939 in St. Francis Church at St. Francis. They have been residents of the Nazareth community since that

time. Mr. and Mrs. Robert Verkamp, Mr. and Mrs. John Backus and their families were hosts for the party in the Nazareth American Legion hall.

With many relatives and friends of the Nazareth community guests came from Dimmitt, Amarillo, St. Francis, Dumas, Hereford and Pep.

Teresa's topics Cookbook, recipes plus

By TERESA L. CRISWELL

Finally, the new Extension Homemakers cookbooks have arrived, with 243 new recipes, making a total of 593 tempting and delicious recipes from the recipe files of homemakers in the county.

In addition to the 593 favorite recipes, the cookbook has a section on basic kitchen information which includes equivalents, weights measures, and substitute ingredients for those days when you don't have all those ingredients you need.

There is also an everyday herb guide, a menu planner, time tables for meat cookery, and hints on ways to use your leftovers.

If you are interested in cooking for a crowd, the recipe book contains quantities to serve up to 100 people; there are 26 new fillings for sandwiches, planned menus for those on a diet, and the calorie value of foods.

The book contains suggestions for maximum home-storage periods to maintain good quality in purchased frozen foods, a section on stain removing, first aid, and "Where to look in the Bible."

Favorite recipes from our best cooks include appetizers, pickles, relishes, soups, salads, dressings, sauces, main dishes, vegetables, breads, pastries, cakes, cookies, desserts, candy, jelly, jams, and beverages.

The cookbooks sell for \$5. If you would like a cookbook, ask a member of the Castro County Extension Homemakers, or call or come by the County Extension office in the basement of the Courthouse; phone 647-4115.

We hope you'll try these recipes. They are just a sample of the delicious dishes in the cookbook.

MARKETING:

What Is Your Responsibility?

Now that your crop is up and growing, think a minute about your most important responsibility as a grain producer.

How are you going to market your grain?

How can you maximize the returns on your investment? If you are a competitive businessman, you want to have control over the pricing of your crop. You want to choose a marketing program that fits your individual operation. Confidence and trust in the merchandisers with whom you do business is important. The ideas of mass marketing and farmers having a voice in the marketplace appeal to you.

These reasons are why area producers are taking their marketing responsibility seriously, participating in the pool marketing program at Dimmitt Agri Industries, Inc.

Call or come by today. Find out why grain producers are looking to their cooperative to expand markets and increase profits through pool marketing. Dimmitt Agri Industries, Inc., is working for you and your responsibilities.

Cancer Crusade sets new record

The county-wide American Cancer Society crusade has netted the highest amount ever, \$8701.09, during its 1979 crusade, pushing the total just over the \$8700 goal set by the chapter, according to crusade chairman Paul Weaver.

The previous high total was \$8656.

Crusade workers received contributions from county businesses and residences as well as through special gifts, events and memorials.

Donations totaled \$6823.46 from the actual crusade. Special gifts totaled \$500 while \$366.21 was given in the form of memorials and \$1011.42 was made through special events.

In addition to Weaver area chairmen were: Dimmitt Business, Katy Wright; Dimmitt Residential, Vivian Pigg; Hart and Southeast Rural Ruth Bennett; Nazareth, Northeast Rural and Special Events, Nancy Acker; Northwest Rural, Carleta Harkins; Southwest Rural, Johnna Connell; Special Gifts, George Lamberth and Memorials, Rhonda Powers.

Crusade treasurer was Mary Jo Birdwell, Public Information chairman was Ina Cleavinger, Public Education chairman was Gwen Bryant and Service and Rehabilitation chairman was Cleo Forson.

Weaver expressed thanks to all the workers as well as the people of the community who donated to the crusade.

Letter to the editor

Police deserve raise

Dear Editor:
In regard to the subject of pay raises for our City Police Department:

I can't understand why our city commission or city manager would want the lower educated and motivated people as the quality of personnel for our police force. After these young men are trained and educated in the field of law enforcement, then have to work for the salaries that have been set by our city even after our taxes have paid for their training, they will go on to better paying jobs, leaving us with only the less desirable people that other cities will not hire. This doesn't speak very well for our city.

If this is the salary we are willing to pay, then someone had better explain to the citizens of Dimmitt why they will have to put up with the quality of men we will be

forced to put up with as our peace officers. We cannot expect these young men to stay on the job when there are better paying jobs available.

So, the city takes our TAXES to train new men, only to have them quit for better pay. Doesn't make very good sense, does it!

The commission says the police department is no more important a function than any other job with the city. Let our city, homes and businesses go unprotected for a time and see who suffers most. I don't think you would have too much trouble finding more qualified and better educated people for your garbage department or whatever other important jobs you force the uneducated to perform, but try to make policemen out of them! You are lowering the desirability of living in this city by your action and by your lack of concern with the tax-paying public.

Every job in Dimmitt is important—mine, yours, whether a school teacher, bank employee or whomever. If individuals would not put so much importance on SELF, it would be a better Dimmitt in which to live.

NAME WITHHELD BY REQUEST

(Editor's Note: The name of the writer is on file at the News office.)

Commission outgrown?

Letter to the Editor:
For about a year there have been many questions asked about our present form of city government.

When the original charter was granted to the city, I think it was in 1928 for the aldermanic form of government, I think there were six aldermen and a mayor.

With so few people, and all cattlemen trying to survive, there wasn't a need for that large a city government. After one year an election was called and the commission form of government voted. With our population so many times larger now, many groups need an ear to listen to their opinions and evaluate their suggestions.

There are churches, merchants, civic groups, grainmen, farm groups, equipment dealers, auto dealers, fuel suppliers, builders, livestock feeders and suppliers, aerial sprayers, manufacturing, school interests and the average taxpayers interested in where their tax dollars go and what they are spent for.

With a City Commission of three people to assess and evaluate a budget so large as ours, I personally am supporting a move to the aldermanic type of city government. It will give these groups more representation for their tax dollars.

I am so thankful to the people of Dimmitt for allowing me to serve as one of their representatives at council meetings and transacting city business. I am always conscious of the trust placed in me.

Hoping the City of Dimmitt continues to grow and prosper; it is my kind of town.
Your Mayor,
Elmer H. Youts.

More about Dimmitt ...

President Carter, in a recent speech, appealed to the American people, to mobilize behind a national effort to blunt, and eventually deal with, the pesky energy shortage. I think he deserves the cooperation of every American, instead of their unceasing criticism. If the nation refuses to cooperate with the sitting president what hope for success could his successor have, regardless of who he might be.

Fact of the matter is, so far as energy is concerned, we are at the mercy of the OPEC countries and oil companies. It is going to take American ingenuity and vision to put this nation back on track. With a lot of working, thinking and praying it can be done.

TCGA head discounts anti-gasohol remarks

Statements of federal Energy and Agriculture Department officials that no more laws or programs to encourage gasohol production are needed, made in testimony to a US Senate agriculture subcommittee in Washington last week, were shrugged off this week by Carl King, president of the Texas Corn Growers Association.

A leader in a campaign for producing industrial alcohol for use in gasohol at the Dimmitt-Amstar plant, King stressed that "The TCGA is still vigorously opposed to the use of other products than whole grain to manufacture gasohol, as long as that use is feasible."

As long, he explained, as grain prices remain low enough to make it practical for producing the alcohol.

The administration officials in their Washington testimony said such material as food-processing wastes, spoiled or substandard corn or grain sorghum should be used to make the alcohol, rather than whole grain.

King discounted this, saying that such wastes would make alcohol, but it has not been determined just what plant equipment would be required for the process, and how expensive it would be. Texas grain growers support use of whole grain in the process, as a market for their

crops.

Alvin L. Alm of the US Energy Department and Weldon Barton of the Agriculture Department testified concerning a bill to encourage farmers to produce grain, with 10 percent of the crop earmarked for gasohol, also to set up a loan program to build and operate gasohol plants. They said such a bill is unnecessary.

"They are saying the same thing the ignorant administration spokesmen have been saying," King remarked, "and it's only repeating the Carter-Bergland insistence on a cheap food policy, with the farmer expected to produce the food at a loss."

Texas farmers are going ahead with their push for

gasohol plants, he said, and he expects to attend a meeting of the Texas Energy Advisory Board in mid-August to urge that group's action in channeling funds to the program.

Doug Lapins, manager of the Amstar plant here, and King will both be on the program of a seminar on energy to be held in Austin Aug. 16.

Commenting on a news release from a farm cooperative which plans a feasibility study on use of milo to produce alcohol for use in gasohol, King said the corn growers do not oppose use of any farm products for this purpose although his main interest is in the use of corn.

Men's Softball League near halfway in season

With the Dimmitt Equipment team topping standings at four wins and no defeats, the Men's Softball League will reach the halfway mark in its season after games tonight (Thursday) and Monday night.

The league leaders are scheduled for action both nights against First Baptist in a 6 p.m. contest tonight and against the Old Timers Monday.

Two more games are set tonight, Cable TV vs Old Timers and Spartans vs. Methodist Men. The Monday program will include Cable TV vs Methodist Men. All games are played at the Babe Ruth field.

This week's games saw Dimmitt Equipment victorious over Goodpasture and First

Baptist over Cable TV Monday night, while the Old Timers downed the Spartans and Methodist Men took the measure of Goodpasture Tuesday.

Second half play begins next Tuesday with Goodpasture vs. Spartans and Cable TV vs Dimmitt Equipment. The schedule for the remainder of the season follows:

Aug. 2—Dimmitt Equipment vs Methodist Men, Old Timers vs First Baptist.

Aug. 6—First Baptist vs Goodpasture, Spartans vs Cable TV.

Former Hart teacher has record out

Lonnie Joe Howell, who taught math in Hart schools for six years beginning in 1972, also performed in country music bands and wrote songs as a sideline, has just had his first single released by the Don Caldwell Recording Studio in Lubbock.

His own songs, "Cotton-Eyed Joe Across Texas" and "There's a Little Bit of Cowboy in Us All," are recorded by the young musician who sings and plays harmonica, backed up by the Sandyland Swing Band.

Both songs are among the approximately 50 he has written the past decade, and both have been performed by bands in which Howell played. A friend who liked his song and included it in a college country music show encouraged Howell to make the recording.

Gonzales goes to ROTC camp

Cadet Eddie Gonzales of Hart recently completed six weeks of training in fundamental military skills at Army ROTC basic camp at Fort Knox, Ky. Gonzales is the son of Mr. and Mrs. Juan Gonzales Sr. of Hart, and is a 1978 graduate of Kress High School. He is a student at West Texas State University.
