GOOD CROWDS AT REVIVAL HERE SUNDAY

The First Baptist church was comfortably filled at both the morning and evening hours Sunday when the revival, now in progress at the church, was started.

Eight additions to the church were received, six by letter and two by baptism.

The message brought at the morning hour by Rev. Charles T. Kelly, Jr., pastor of the church, was "The Spirit of Evangelism." The pastor said that the spirit of evangelism is necessary to the growth of Christian life, is necessary to the growth of the church and is necessary to the growth of the Kingdom of God. He said it ought to be in the home, that it ought to be in the church, and it ought to be in the world.

At the evening hour the sermon was "The Fear of Man." The pastor said that the fear of man drives the Christian people into a snare of Christ, that it snares the Christian people into a guilty compromise with sin and snares them into silence and inactivity.

The morning service today, which began at 10 o'clock and continued until 10:45, another attendance was noted.

Tomorrow, at the morning hour, services will be in the form of Bible study. At the evening hour, which will begin at 8:30 and continue to 9:30, the pastor will speak on the "Essentials to a Successful Revival."

Joe Trussell of Brownwood, the most outstanding evangelistic singer in the Baptist church, who will arrive in time to take part in the revival being conducted at the First Baptist church, Rev. Charles T. Kelly, Jr., pastor of the church, is doing the preaching.

BLACK TAKES HIS SEAT ON HIGH COURT

WASHINGTON, Oct. 4.—The Supreme Court opened its 1937-38 session at 12:02 p. m. today. Justice Hugo L. Black, the court's new member, took his seat on the bench with his eight colleagues without formality or challenge.

As the chief justice called for admissions to the bar an attorney, Patrick Henry Kelly of Boston, who had addressed an informal letter to Justice Hughes, requesting appointment of a commission to inquire into Black's appointment, arose.

He said he desired to ask a question.

Hughes, speaking in a soft voice, asked:

"Are you moving an admission to the bar?"

"No," replied Kelly, "I merely wish—"

Agnin Hughes' low voice cut in sharply: "You are out of order."

Has Two Teen-age Brides

Neglect of the little formality of divorcing his first wife, whom he married when she was 13, clouded the honeymoon happiness of Theodore Platt, Jr., and 12-year-old Helen Black, whom he marries on so affectionately above. Arrested as a parole violator at Phillipsburg, N. J., he pleaded guilty to a bigamy charge. "He always liked them young," Platt's mother told authorities.

ROOSEVELT TO CONTINUE AID FOR FARMERS

GRAND FORKS, N. D., Oct. 4.—President Roosevelt told the Northwest today that "haste seems to be important from every angle" in dealing with control of surplus crops. His speech immediately was interpreted as the forerunner for a call for a special session of congress.

Mr. Roosevelt reiterated his intention to stabilize and improve the life of the average farmer.

"We must strive today, not tomorrow," he said, "toward two objectives. The first is called better land use.

"The other objective is the control with approval of what I believe is the sentiment of farmers themselves for what is known as crop surplus."

The President said that the Supreme Court outlawed, "in a divided opinion," the AAA type of contract by which acreage could be revised up or down.

He challenged the court's ruling insisting agriculture is not a local matter. He said the court might approve a crop control program in which farmers agree with the government without contract.

"I cannot see very much difference between the two methods," he said.

"In the one case the farmer voluntarily enters a contract, in the other case he voluntarily does something with the knowledge the government will do something. One is a contract, the other is a promise. The result is the same."

LIQUOR SALES BY THE DRINK IN COMMITTEE

AUSTIN, Oct. 4.—Sale of liquor by the drink proposed by Rep. Emmett Morse of Houston, suffered a setback today when the House voted to recommit the bill to its liquor traffic committee for hearing.

The committee voted last week 10 to 5 in recommending passage of the bill. Led by Rep. Dallas Blankenship of Dallas, opponents declared the bill was too important to pass without a public hearing and should not take precedent over taxes.

Vote to recommit the bill was 75 to 58. The House then voted to recommend a public hearing not later than Wednesday. The bill would permit sales of mixed drinks in counties voting for such sales in local option elections. It levied a tax of 10 per cent.

Several new tax measures were introduced. One put a 25 per cent levy on the gross receipts of companies selling the use of copyrighted songs in Texas. Another put a 50 per cent tax on local telephone calls from hotels. Another levied taxes of from 10 to 60 cents a ton on ores and clays mined commercially in the state.

One bill offered to remove the penalties and interest on all delinquent taxes due the state, and to give discounts up to 3 per cent for prompt payment.

Nazarene Revival Draws Big Crowd Over Week-End

A great day was enjoyed at Church of the Nazarene revival over the Sabbath. Large crowds were in attendance throughout the day and a number of bright professions resulted.

Tonight Evangelist Herschel Gandy will deliver his famous sermon in "Overalls" giving his story "from pipe-line to light." Proceeding the sermon a series of stereopticon slides will be presented; the time during the early church and the persecution of the early Christians. Some of the subjects to be discussed this week include:

"The meanness old man and man in Eastland county."

"The biggest liar in Ranger."

"The greatest day of all days." "To Hell and not back."

"Lost in eternity's night."

The public is again invited and all to hear the little Irishman. It is truly different. The special singing with guitar each night is entertaining.

Oilmen Group to Protest Tax Hike

An effort was being made Monday by the West Central Texas Oil and Gas Association to secure a delegation of independent oil operators and others to attend hearings Tuesday and Wednesday before the committee on revenue and taxation in the house or representatives.

The hearing is important, it was stated, because of its relation to proposals to increase the gross production tax on oil.

It has been stated that bills will be introduced at Austin to levy from 4 to 25 cents a barrel on the production of oil.

J. C. Hunter, Abilene, president of the association, has written directors that "My information from Austin is that the situation is extremely critical and our friends there have called on us to be present in full strength, bringing with us as many men as possible engaged in business other than oil production."

ELEVEN DIE OF VIOLENCE ON WEEK-END

Deaths of two convicts killed in an attempted break at Eastham Prison Farm, two other shootings and traffic mishaps caused 11 deaths in Texas during the week-end from violence and accidents.

A cigaret was believed to have started the blaze which caused the death of Kenneth Dodge, 25, and Kenneth Hoover, 35, who came to Sunray recently from Kansas.

Mrs. Ignacio Villa of Corpus Christi and a six year old girl were killed when an automobile in which they were riding overturned on a private road on the huge King Ranch near Kingville.

AUSTIN, Oct. 4.—Suits filed today by the attorney general in Travis county against Gulf Oil corporation and 200 landowners in the Big Thicket of Folk county as a result of oil discovery there, today threw the Texas Senate into more than two hours of heated debate. The state claims the land for its schools.

the first floor. You had to be up high, where you could look down into the rooms. Her eyes traveled slowly upward; the dark roof of the house opposite held her gaze hypnotically. Up there, on that roof, she could look down into the Bayview Apartments.

for he was in his undershirt, and only one half of his suspenders supported a sloppy pair of slacks. He held a tall drink tightly in his hand.

CHAPTER XVII
 home in her living room, Cilly paced the floor. In her hand she held Amy's locket; and again she looked at it where it held. There was no thought about it now. This was her father. The likeness was unmistakable. This was James Allan Dolan, a convict. And Jim Kerrigan, whom she loved above all else in the world, was the son who had run away and deserted him!

THE longer she thought of the idea, the more it absorbed her. The roof across the way was dark, too, and just as terrifying as the one above her. Amy's shriek of death still rang in her ears. It would be an ordeal to linger on that black roof long enough to catch a glimpse into the lives of the tenants. Cilly's mouth felt dry; her hands were clammy. But she brought her teeth together decisively and swallowed hard. If she could discover just one tiny clue, it would certainly be worth the trip.

"Oh-h-h-h! Hello, sister. Come right in."
 He lurched forward and with exaggerated gallantry held open the door. Cilly noticed that he was drunk, very decidedly drunk. She hesitated.

She went into the bedroom and looked for the old pair of opera glasses which had been her mother's. They would not be as good as field glasses, but they would do. She put on a dark coat and slipped the glasses into the pocket.

A few minutes later she was at the door of the St. Ann Apartments. She tried the door. It was locked. To get into the house, you rang the apartment bell and the tenant pressed the buzzer in his apartment. The front door clicked, and while it was clicking, you could open it.

"Shut up!" Tom ordered. Evidently he did not like the word "murder."
 "Oh, Mama!" Mrs. Corbett called across the living room, unconcerned by her husband's rudeness. "Mama, come here a minute. Here's Miss Pierce. Come, Mama, come meet Miss Pierce..."

Over and over, his words' foisted on her brain. She prayed for death a man so callous. A man who had run away. . . .

To get into the house, therefore, she had to ring somebody's bell. She looked at the name plates. Mrs. Corbett, of course! She might stop for a moment just to inquire if Mrs. Corbett had seen Sergeant Dolan. Without hesitation, she rang the bell. Almost instantly, the front door clicked, and Cilly entered. She walked up the five flights to the Corbett apartment, hoping she had not disturbed them as they were preparing to retire.

"No, no thank you," Cilly begged. "I can't drink. . . doctor's orders, you know."
 "Aw, never mind that. Have a little drink with me. Come on, be a sport, baby!"

But no. The sounds emanating from the Corbett apartment gave no indication of retirement. Cilly halted on the stairway. Were they having a party? All the better, she decided. She would have an excuse not to stop in; she could continue immediately up to the roof.

Even as she decided this, the door opened wide. A man appeared on the threshold.
 "Who's down' all this ringing. . . ?" He stopped, seeing Cilly. He was an enormous, uncouth sort of person. Preliminaries to retirement had apparently been discontinued.

WHY MOTHERS GET GRAY.

SISTER MARY'S KITCHEN

By Mrs. Gaynor Maddox

THE leaves are falling, but not the appetite. October makes the family hungry, so look about for new dishes to supply the demand. The following are "little sturdies" which though simple enough, do fill the need for food with a bit more punch to it.

Vegetable Meat Cakes

(4 to 6 servings)

Three-quarter pound ground beef, 2 potatoes, 2 carrots, 1 tablespoon chopped parsley, 1 small onion, 1 teaspoon catsup, 1 teaspoon salt, 1-8 teaspoon pepper.

Chop carrots, potato and onion very fine—all raw. Combine with meat and parsley, add seasoning and catsup and mix thoroughly. Form into small cakes. Grease an iron frying pan and heat. Brown cakes in pan, turning frequently to prevent burning. Reduce heat, add about 1 tablespoon water to pan, cover and simmer cakes for 20 minutes. Youngsters will like this method of getting part of their daily requirement of vegetables.

Broiled Mackerel for Breakfast

An ancient and honorable American custom.

Better try it some cold morning and you will understand why it belongs among the better things American. Use either fresh or salt mackerel. Salt mackerel should be soaked overnight in cold water to remove excess salt. To broil, first brush with melted butter, then sprinkle with salt and pepper. Salt mackerel will probably not require extra salt. Place skin side down on oven-proof platter under low

Tomorrow's Menu

BREAKFAST: Grape and grapefruit juice, cornmeal waffles, maple syrup, coffee, milk.

LUNCHEON: Vegetable meat cakes, buttered rye bread, cabbage and apple salad, chocolate cake, tea, coffee.

DINNER: Apple juice, lardered beef liver, mashed potatoes, scalloped broccoli, stuffed celery, cherry gelatin, custard sauce, coffee, milk.

over flame and broil for from 12 to 15 minutes, basting with melted butter. This always calls for creamed potatoes and corn bread.

Waffles, of course, but how about trying them made of cornmeal?

Cornmeal Waffles

(4 sets of waffles)

One cup sifted flour, 2 teaspoons baking powder, 1-2 cup yellow cornmeal, 1-2 teaspoon salt, 2 teaspoons sugar, 1 cup milk, 2 eggs, 1-3 cup melted butter.

Mix flour, baking powder, cornmeal, salt and sugar. Beat egg yolks into milk, and add melted butter. Stir this liquid mixture into dry ingredients. Mix just a little, only enough to blend. Beat egg whites stiff, then fold into mixture. To bake, place 1 teaspoon of batter in each waffle compartment which has been preheated to right degree of temperature. Cover and cook until brown on both sides. Serve with softened butter and maple syrup.

Superintendent Talks On Safety at Opening P. T. A. Program Here
Superintendent W. T. Walton, who has been principal speaker at parent-teacher association programs, was again presented before members of Cooper Parent-Teacher association held their initial program with 38 parents present, including two fathers.
Mr. Walton, a forceful speaker, and one who lends much color to each address, chose as his fitting topic, "Safety."
Since Fire Prevention Week opened Oct. 3rd, the well-delivered talk was indeed appropriate. Not that major stress was paid safety along the line of fires, but the topic carried many connecting branches.

A musical program was given, composed of a group of teachers. Mrs. Harry Warner will lead the membership this year and under her guidance as president the association expects to enjoy a more successful year than ever before. Persons composing this body also work untrudgingly with the city council, whose first meeting comes this week when Child Study club No. 1 serves as hostess at the home of Mrs. Edwin George.
Ranger has long been able to boast of her wide-awake parent-teacher associations and respective branches.

Meeting of the above group set the second and fourth Tuesdays in each month to gather in the school auditorium at 8:45 o'clock, for further programs carefully planned.

Club Guest One of Ranger's Favored Musicians
Wednesday of this week promises to be a special day for the City Council when the personnel of Child Study club No. 1 entertains all other associate clubs and parent-teacher associations at the home of Mrs. Edwin George, Tee Pee Camp, at 4 o'clock.

Since it is the opening meeting for activities during 1937-38, business subjects will be presented under the leadership of the council president, Mrs. Saule Perlestein, successor to Mrs. O. G. Lanier, a former member of Child Study No. 1.
Mrs. Lee Galley, a talented musician and one favored many times, has been invited as guest artist. Mrs. Galley's contribution to any entertainment is always enhanced by her charming personality.

The occasion is slated to be one of the outstanding social notes of autumn.
P. T. A. to Plan Halloween Carnival

A special process was worked out by a chemist, for blending Creosote with other ingredients and now in Creomulsion you

A Four Ton, Roaring Welcome

This is Lotus, the world's only performing hippopotamus, and one of the 800 furred and feathered creatures who will visit Ranger with the Al G. Barnes and Sells Floto Combined Circus on Saturday, October 16th, at Airport, for two performances, 2:00 and 8:00 p. m. Lotus enjoys traveling about the country in her own special swimming pool, and occasionally, when the circus plays a town she likes, roars as you see her above.

Lotus, strange as it seems, enjoys riding lovely lassies on his battleship-deck back. Let one, to a dozen, clamber up his slippery side and as soon as Lotus is satisfied all are seated, he ambles off. The journey, so far as this world renowned performing hippopotamus is concerned, could continue indefinitely. But let the same number of males attempt the ride and Lotus walks a few feet, then stops. He can be urged to continue, but again, after a few yards, comes to a quick halt, as much as if to say "you lads don't belong on my rumble seat. It's reserved for ladies fair." And literally this is true, for Lotus has never been known to stop, without his trainer steps in, when he carries his chosen cargo. For some untold reason, with fair incidents on his back, he keeps on walking and walking seemingly enjoying himself as much as the fair giggling riders. It all simmers down to old saying, beauty is always welcome.

Lotus is the only hippopotamus ever have had his picture, in two poses in the magazine LIFE. In addition Walter Winchell put his O. K. on the photographs, which it hasn't made Lotus unruly, has given her a certain dignity that the rest of the odd eight hundred furred and feathered creatures with this world's best circus can't achieve. Lotus is, indeed, a personality of some note.

The unliking of the Al G. Barnes and Sells Floto Circuses has brought these two giants of the tented world under one management and thus has been created an amusement colossus, the like of which has never before been attempted. Hundreds upon hundreds of the world's foremost arctic stars, as well as the greatest menagerie ever moved city to city, are for the first time in history, displayed under one mammoth tent. Five herds of elephants, four hundred horses and an odd one thousand people comprise the backbone of this great institution. Three double length railroad trains; 15 acres of tents and sixty clowns, the largest number of funmakers ever to be engaged by one circus, are just a few of the gargantuan features.

The colossal spectacle Old Mexico, that opens the program, uses hundreds of beautifully costumed actors and actresses, as well as several hundred animals likewise richly caparisoned. Two performances will be given. One at 2:00 and one at 8:00 p. m. In each case the doors will be open one hour earlier so leisurely inspection may be made of the many wonders contained in the menageries.

Promotion Day at Central Baptist Is Observed Sunday

Every department of the Sunday school enjoyed a large attendance, when promotion from classes was held in the departments, at the close of the Sunday school, a fine presentation of Cradle Roll Babies was made in the main auditorium, at the close of the pageant the Pastor made an installation talk urging faithfulness to the task in hand.

At the evening service, promotion in all departments of the B. T. U. was observed. Increased interest is being shown in every department of the B. T. U. Last evening the attendance reached 98. A full fall program is being outlined by Morris Jefferies general director, which is being enthusiastically entered into by all B. Y. P. U. members.

At the close of the B. T. U. the pastor spoke on "The Books of Heaven," to a splendid audience.

Dividing Up Texas Bobs Up Regularly

By United Press
AUSTIN.—Proposals to divide Texas bob up from time to time. A division was advocated once by Vice President John Nance Garner. His purpose was to obtain greater strength in the United States Senate. Some West Texans suggested the division when they became dissatisfied with the treatment of that area by a legislature, but the people of West Texas, generally, disavowed any such wish.

Arthur W. Piggott of Harlingen now has prepared a map for creation of five "watershed" states out of Texas. By his map South Texas would be the territory of the Rio Grande, Nueces and Pecos river watersheds with a northeast boundary line running in a straight line from Corpus Christi to the southeast corner of New Mexico. Texas would be in the San Antonio, Medina and Colorado river watersheds with its northeast boundary running from Fort Lavaca to the junction of Red river and meridian 100. Central Texas would be formed of the Brazos river watershed northeast of "Texas." Its northeast boundary would start between Dallas and Fort Worth. Middle Texas would be the Trinity river watershed, and East Texas the Sabine-Neches river watersheds.

Recurrence of the suggestion for additional states is due to a clause in the treaty of annexation between the Republic of Texas and the United States. The clause provides that four additional states may be set up in the annexed territory.
