

CITY BACK-HOE SCRAPES SIDES OF BACK-YARD CHASM
... It was 25 feet deep, 15 feet across

Lady's Lawn Falls In

A funny thing happened Friday afternoon to the beautiful back lawn of Mr. and Mrs. A. L. "Archie" Harris:

Part of it dropped out of sight. **THE HARRISES**, who operate Cy's Liquor Store at 300 E. Bedford St., were in their apartment behind the store when the cave-in occurred between 2 and 2:15 p.m.

The freak incident turned out

to be only an oddity, but it could have been tragic — just 10 minutes or so before the cave-in occurred, Mrs. Harris had walked across the spot while tending her lawn.

"I had been standing there just 10 minutes earlier, changing the water," she said. "I went in to fix my husband's lunch, then went up front to mind the store while he ate. By the time he went back to the apartment, it had caved in."

THE CAVE-IN wasn't a geological mystery, though — it was the final settling of an old city water well, city workmen said.

When the lawn first collapsed, it created a sink-basin with a hole three feet across.

Harris, amazed, called the sheriff's office. Sheriff Jack Cartwright notified the city hall.

WHEN CITY workmen finished searching out the edges of the hole with a back-hoe, the chasm turned out to be a neatly excavated cylindrical shaft 15 feet across and 25 feet deep. Below four feet of topsoil, the original shovel marks were still apparent in the caliche wall of the old well shaft.

Evidently, the earth originally used to fill the abandoned well had compacted underground, leaving a chasm that kept eroding upward as Mrs. Harris scaked the topsoil of her lawn.

City officials didn't hesitate — they promised to refill the old well shaft which had originally been filled in by other city workmen many years ago.

Dear Editor:

I always read with interest your column "About Dimmitt and Castro County" and noted with special interest some items about our hospital building in your column of August 10. First, we have ordered supplies necessary to do some patching on some holes, not only on the emergency driveway, but on some other paving around the hospital. Our hospital building did have a bonded guarantee for longer than one year if the people in the county were willing to pay the cost of such guarantee. At the end of the first year guarantee, the builder repaired all the cracks that we could find in the hospital building. This did not solve our problems as we had more expansion in the third summer that we were in the hospital than we had had in any other year. We do have some cracks in the area of the lobby and west wing of the hospital and, unfortunately, these cracks have occurred in that part of the building that every visitor sees. Some of the rest of the building where the public generally does not go is almost perfect as far as defects are concerned. The defects that we do have in the building at this time are minor and can be repaired. Our present plans are to repair these defects when we build on to the hospital and do the internal remodeling that we have planned because it will be a great deal less expensive for us to do it at that time.

I would have to take issue, Editor, with one statement that you made and that is that our hospital building is practically new and that it has more defects than many buildings that have been in use for decades. I don't believe that we can find a building of similar size and same type of construction that is free from cracks created by expansion. We have had the building inspected by engineers and architects that have not been connected with the construction or operation of the building and these men have advised us that there are no structural problems. This is evidenced by the fact that there are no cracks in the flooring, the outside wall, or the roof. The cracks have evidently been caused by the expansion in the steel beams supporting the roof deck and it is a common and ordinary hazard for a building of this type in West Texas where these steel beams are exposed to temperature extremes of from 0 to 100 degrees F.

Mr. Editor, I appreciate very much the interest that you have shown and continue to show in the hospital and I frankly appreciate the remarks that you made in the paper because it gives me an opportunity to inform the public about our building.

Sincerely,
R. D. NEWMAN
Administrator

Labor Day Picnic Set Monday; Feast, Concert, Games on Tap

Nazareth's annual Labor Day Picnic will start at 11:30 a.m. Monday with a chicken dinner and will continue all day with a parade, booth games, sales, auction, hamburger supper and a band concert, ending with a dance in the community hall at 9 p.m.

ON THE LUNCH menu will be fried chicken, parsley potatoes, corn, beans, cabbage slaw, relish plate, homemade bread and pies.

Please Submit Copy Earlier

Because of the Labor Day holiday Monday, please turn in your copy early for next week's issue of the News.

SINCE the store-closing holiday fall's on one of the newspaper's main production days, advertisers are requested to notify the News today, Friday or Saturday if possible so their ads can be planned for and produced on a "short week" schedule.

The News office will be open Monday, so if you're in town you may submit your copy on that day. Most of the copy for next week's issue will be processed Monday on a first-come, first-served basis. Because of expected space limitations, the News cannot promise publication of any copy submitted Tuesday.

Hart PTA Sets Teacher Party

The first fall meeting of the Hart PTA chapter will be a "Teacher Get-Acquainted Party" Monday night at 8 o'clock.

The meeting, which is open to the public, will be in Hart Elementary School gym.

FIRST DAY OF SCHOOL came early for these first graders at Hart, who attended "Pre-School Day" to get acquainted with their classrooms, the hallways, lunchroom, teachers, and the doors marked "Boys" and "Girls." Here, a group of 6-year-old

lasses check out a pin-up board of cutout figures and decide that learning just might be fun, after all. At right is Mrs. Mary Clay, who teaches non-English speaking first graders.

Bank's Surplus Hits \$500,000

First State Bank of Dimmitt has increased its surplus to half a million dollars, according to Bank President Bob McLean.

THE NEW surplus figure is \$500,000 higher than previously, McLean said, and combines with the bank's capital of \$500,000, total capital and surplus now stand at a million dollars.

Together with undivided profits and reserves, this brings the bank's total capital structure to \$1,260,000, McLean reported.

Smiley Services Are Held Monday

Funeral services for W. I. "Bill" Smiley of Hart were conducted Monday at 2 p.m. in Wallace Funeral Chapel, Tulsa.

Rev. John Sewell, pastor of Dimmitt's Assembly of God Church, officiated.

BURIAL was in Rose Hill Cemetery in Tulsa, under the direction of Wallace Funeral Home.

Mr. Smiley died Friday night in Veterans' Hospital in Amarillo. He would have been 69 Monday.

He was born Aug. 28, 1893 in Millford, Ill., and lived in Castrol, Okla., since 1952. He was a veteran of World War II, and had been a resident of the Golden Spread Nursing Home in Dimmitt for two years.

Survivors include two sisters, Mrs. Harvey Milner of Tulsa and Mrs. Horrace Ferrel of Paradise, Calif.; and four brothers, C. K. of Amarillo, C. R. of Littlefield, Sam of Ontario, Calif., and Shelby of Marlowe, Okla.

He Can Arrest — So Can She!

Mrs. Gayle Scott, a sheriff's daughter and highway patrolman's wife, has made the family circle complete by becoming a law officer herself.

SHE'S THE new lady deputy and radio dispatcher in the Castro County Sheriff's Office.

Mrs. Scott is the wife of Highway Patrolman Billy Scott, who was assigned here July 15. The Scotts and their two children, Linda, 6, and Mike, 5, came to Dimmitt from Crowell, where Scott taught school and farmed before rejoining the Texas Highway Patrol.

The new female deputy is the daughter of the late Percy W. Taylor, who was sheriff of Foard County nine years.

MRS. SCOTT succeeds Mrs. Frankie Reed, who has held the post 2½ years.

FAA Approves Airport Bid

A Plainview firm, High Plains Pavers, Inc., has won the contract to rebuild Dimmitt Airport. **PROJECT** engineer Bill McMorris said construction should start within two weeks and be completed 120 working days later — in February or March.

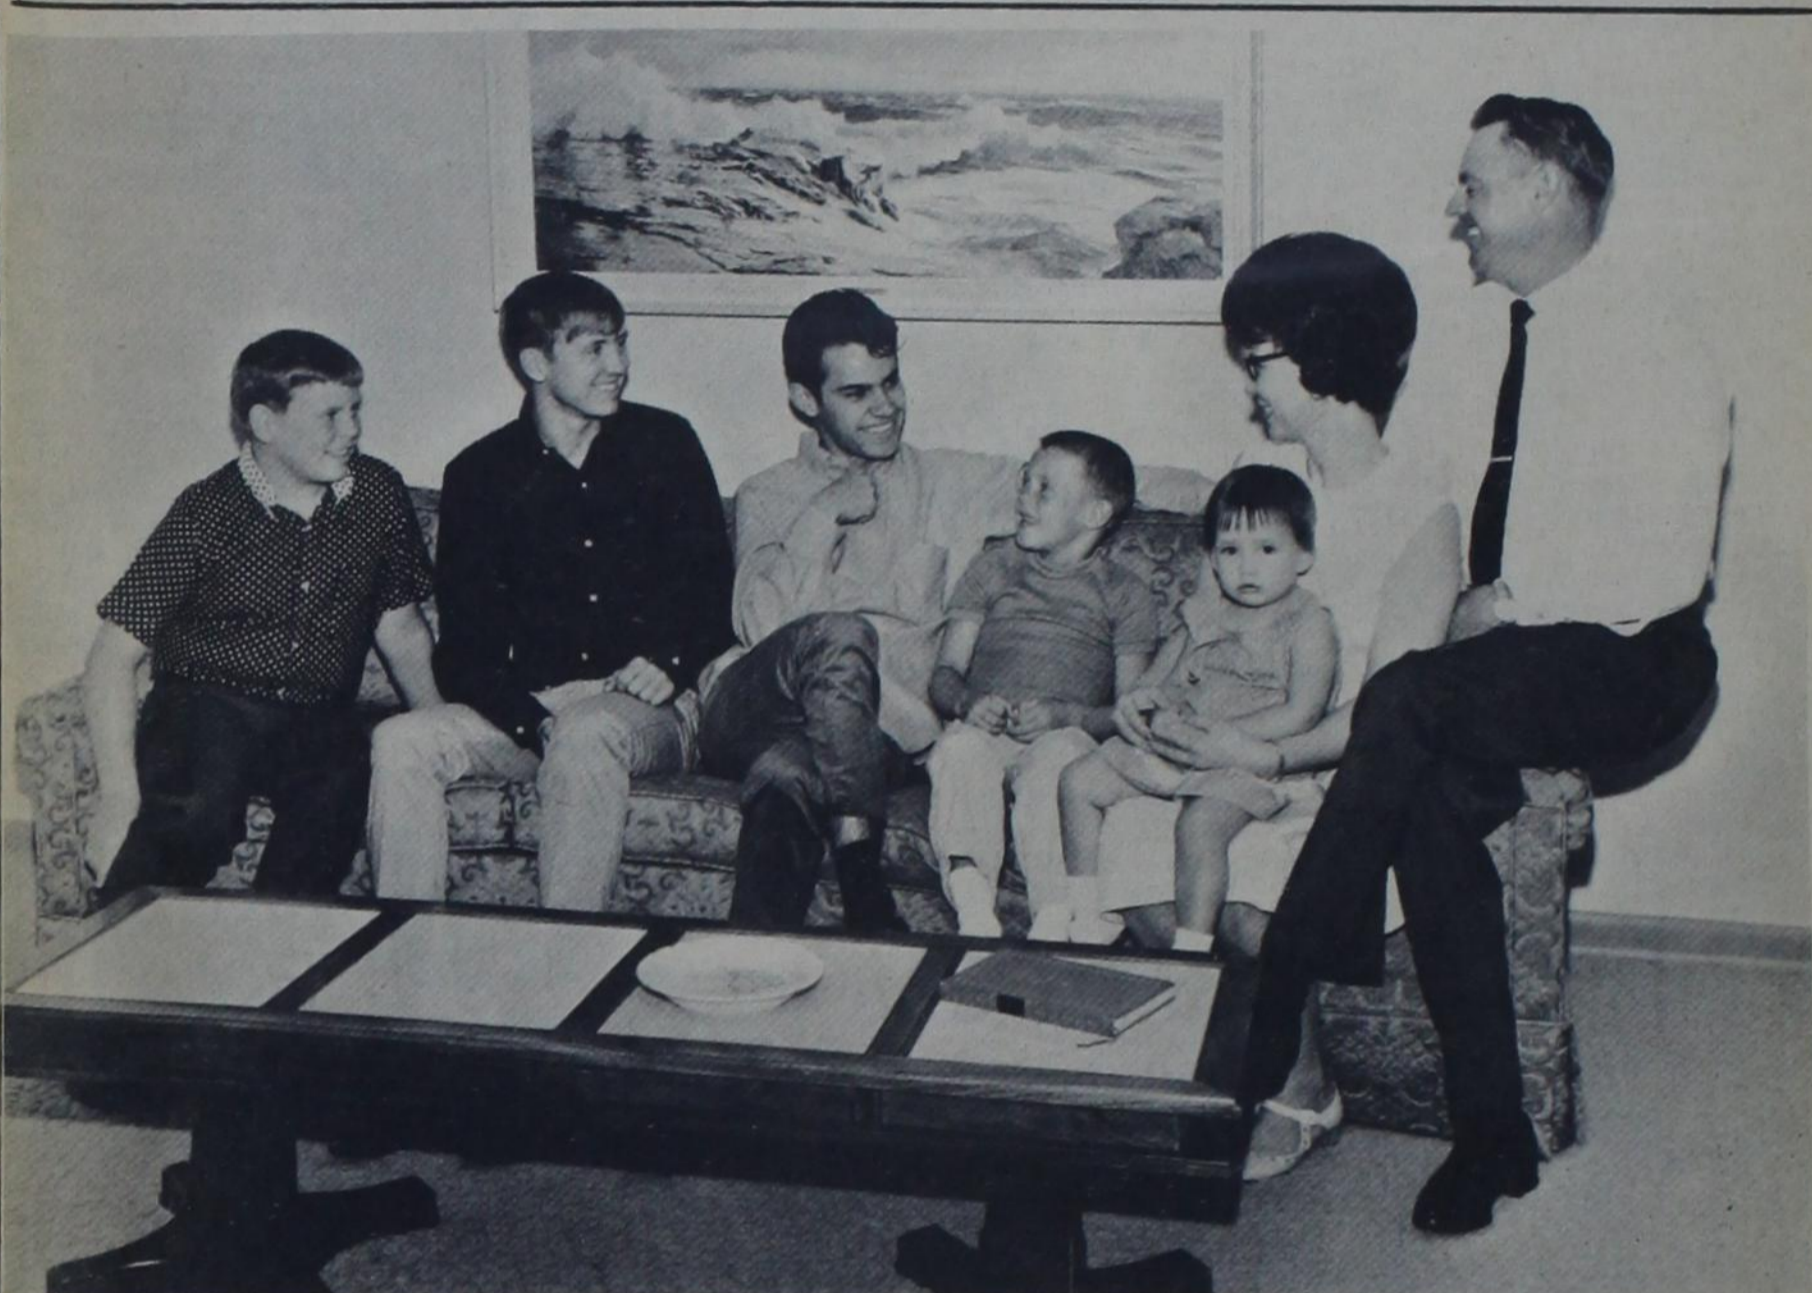

The Federal Aviation Agency's department of transportation in Albuquerque Monday gave its approval of High Plains Pavers' bid of \$144,163.98 on the construction.

OFFICIALLY, the FAA concurred in the city's award of the contract to the Plainview construction firm. It will give a "notice to proceed" as soon as title interests on the airport site are approved by FFA attorneys. McMorris said he expects this notice to come from FFA offices in Albuquerque within two weeks.

Specifications of the airport project call for excavation, fill and base work for a new runway, and construction of a 4,000-ft. paved landing strip 50 feet wide, a 1,800-ft. paved access road from US 385 to the hangar area, and a 150 x 300 ft. paved airplane parking apron.

TO THESE basic specifications, the FAA added the requirements of runway paint-stripping, fencing all around and a wind cone in a segmented circle, and called for an alternate bid from High Plains Pavers. The alternate bid was the one approved Monday, after FAA officials in Washington had hiked the federal share of the project from \$96,431 to \$120,000.

Total cost of the airport project, including land purchase, will be \$220,000. The city's \$100,000 share, to be raised by bond issue, was approved 470-102 last March by city voters.

IT'S A STRANGE NEW WORLD for Jose Valentim Sartorelli of Brazil, but the Lonnie Bell family is helping him get accustomed to it. Jose is Dimmitt's American Field Service exchange student this year, and the Bells are his American "family." From left are Rick and Mike, Jose, Jeff and Lori, and Mr. and Mrs. Bell. Jose arrived last week after two days' orientation in New York City. His

first impression of the US is "The people — they are very, very friendly, and the development of the country is very impressive." His native language is Portuguese but he also speaks English and Spanish. Jose, who is of Portuguese-Italian descent prefers the nickname "Zito" (pronounced "Seeto"), and hopes to become an engineer.

'Water Import Will Work' -- Riley

The project has been engineered out sufficiently to say that it is feasible to import water from the Mississippi River to Dimmitt.

THAT WAS the good news Dimmitt's Jaycees heard last Thursday from Ray Joe Riley of Sunnyside, who is one of the 33 directors of Water, Inc.

Using color slides, projection charts and a storehouse of personal research, Riley outlined the background and organization of Water, Inc., and described the ambitious water importation plan — which, if carried through, will be the biggest water moving project in man's history.

THE NEW PLAN was today when irate West Texans found that the Texas Water Development Board had left their area out of the original Texas Water Plan earlier this year.

Riley singled out Congressman George Mahon of Lubbock, chairman of the powerful House Ap-

propriations Committee, as the driving force behind water importation for the Panhandle and West Texas.

"He walks softly but carries a big stick," Riley said, "and he isn't afraid to swing it when he has to. He informed the water planners that the federal appropriations for any water plan had to come through his committee, and said in effect that any plan that didn't include West Texas would strike his eye with a sure note."

He added that Mahon was successful in getting a \$400,000 federal appropriation to conduct a feasibility study of the proposed water routes from the Mississippi to West Texas, and that this interstate study is now underway by the US Corps of Engineers.

THE PLAN provides for several routes, Riley explained. The primary route, known as "Phase I," would bring water uphill via a series of booster pump stations, storage basins and pipelines to Bull Lake near Littlefield, which he said will hold about a million acre-feet of water.

Most of the Phase I water would go for irrigation on the southern watershed from Bull Lake and would not reach Castro County.

"But a second route, 'Phase II,' would deliver water through Oklahoma to Panhandle area storage lakes, he said. One of the main storage points now being considered for Phase II is Garcia Lake west of Hereford, which is at an elevation of 4,100 feet, Riley explained. Buffalo Lake also would provide storage, he said.

RILEY EXPAINED, that 650 million gallons flow down the Mississippi River each year, and that Water, Inc., is asking for 18 million gallons of this.

This 18 million gallons, he said, would boost the irrigated acreage in the Water, Inc., area to 9.8 million acres by the year 2020. Without the imported water, he said, current projections show that irrigated acreage in West Texas, Eastern New Mexico and the Oklahoma Panhandle would dwindle to five or six million by 2020.

The 18 million gallons per year being sought wouldn't hamper the Mississippi's important barge traffic or the amount of water

that farmers along the Mississippi could draw from the huge river, Riley said.

ASKED ABOUT the possibility of putting this imported water into underground storage, Riley answered, "Ogallala water is privately owned, and is subject to regulation only by the land owner. This imported water must be public water, for sale and distribution to all. However, you might want to buy the water and put it into your recharge well — that would be your privilege if you bought it."

He noted that water planners say the ambitious project can be accomplished in 12 years, but he added, "My own guess is that it will be 20 to 25 years before we could start irrigating with it."

Rites Set Today For Mrs. Adams

Funeral services will be at 3 p.m. today (Thursday) for Mrs. Clara Mae Adams, 58, former Dimmitt resident who died Tuesday in Cocc Memorial Hospital at Dalhart.

SERVICES will be in Dimmitt's First Baptist Church. Officiating will be Rev. Wayne O. Perry of Lubbock, assisted by Rev. Frank Polard, pastor. Burial will be directed by Dennis Funeral Home.

Mrs. Adams had lived in Dimmitt 15 years before moving to Fairview, Mo., a year ago. Her death Tuesday followed a four-month illness.

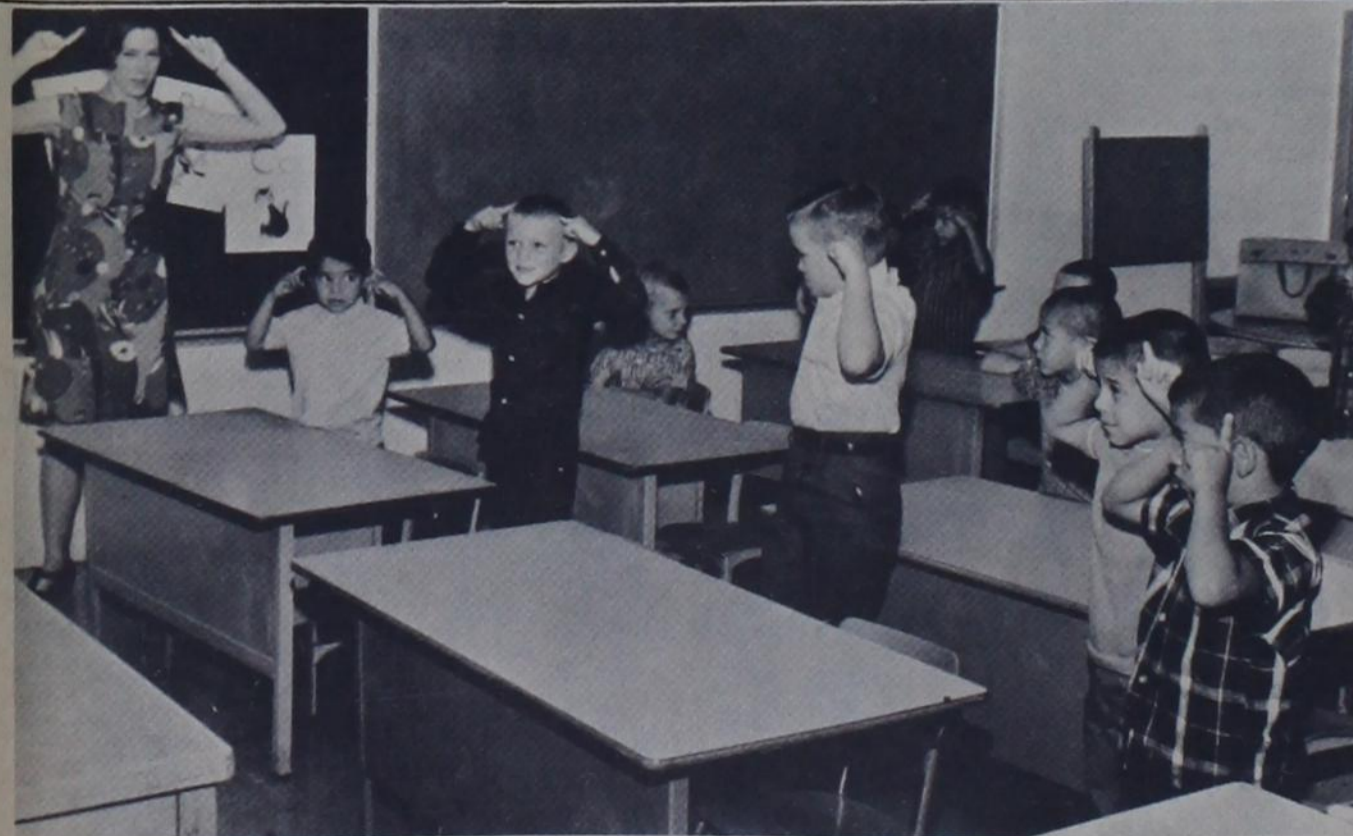

She is survived by her husband, G. R.; two sons, Douglas of Dimmitt and Donald of Hereford; and a daughter, Mrs. Patsy Barnes of Dalhart.

Caravan to Go To Texas Today

Dimmitt Garden Club members and their husbands will lead a car caravan to Palo Duro Canyon today (Thursday) for the outdoor musical drama, "Texas."

THE CARAVAN will form up at the north parking lot of First Methodist Church and will leave at 5:30 p.m. Those attending will eat barbecue dinners in the canyon before the show.

A block of seats for Dimmitt residents is being held in the \$2.25 section, front and center, at Pioneer Amphitheater.

'NOW WE TOUCH OUR HAIR,' says the singing phonograph, and these Hart first graders do what it says, under the guidance of Glynda Gragg, new first grade teacher at Hart. After Friday's pre-school day for 6-year-olds, school started

Monday for all students at Hart. Classes began Wednesday in Dimmitt schools, and Friday will be the first day of school at Nazareth. All schools will turn out Monday for Labor Day and resume Tuesday.

Paving to Start In Hart Friday

Paving is expected to start Friday on 12 city blocks in Hart.

High Plains Pavers, Inc., of Plainview won the contract to pave Avenues B, C and D, and Third Street from Avenue E to D, all in northeast Hart.

Shelley's Chatter

Family Tragedies Mar Weekend

BY MYRTLE SHEFFY
So many sad things have happened to our Dimmitt friends the past few days.

Bank. The girls' dresses were in a soft yellow. The boys were in tuxedos. The bride was wearing a long white lace and satin gown.

Mr. and Mrs. J. A. Ramsey have had a visiting trip to Bonham, back to Dallas on to El Paso and on out to Yuma, Ariz.

JOE CARVER was the surprised honoree at a birthday dinner and party Friday evening.

TO THE "Reader" who wrote me for an address of a soldier: I do not know it.

Bill and Marion Lee are vacationing at El Paso and Juarez for a few days. Their three daughters, Lori, Bonnie and Julie, with their grandmother, Mrs. Lee of Earth, are in Albuquerque visiting friends.

I MET the very pretty Dee Ann Walker at the Moran party for Jane. She is a student at Baylor and a house guest of La Dawn Kemp.

Margaret Boren and Nettie Graham visited Margaret's son, Jack one day recently. Then they went to Amarillo for a visit with Mrs. John Spikes, Margaret's sister.

Mrs. E. B. Wright is home from a trip visiting friends and relatives, first to Vernon to see Maud Barham, on to Mineral Wells, then San Angelo to visit a brother, W. H. Padgett and back by Odessa. She says it was a long hot ride.

JIMMY AND Mary Cluck and children enjoyed a sight-seeing trip to Denver, Estes Park and Colorado Springs.

J. D. Addison visited his daughter, Mrs. Ruth Ann Jones, at Big Spring last weekend. J. D. cooks barbecue at Green's.

Kathy Estes of Bovina was a Sunday guest of Suzan Bensch. The Norman Nossamans had several guests this week from Kansas. You remember, Dr. Nossaman is chief agronomist at Western Ammonia. They moved here from Friona.

A. D. AND Myrtle Ann Tweedy of Sulphur, Okla., visited their long-time friends, Ray and Lottie Bearden. A. D. is a minister at Sulphur.

I hear that all of the teachers will be honored with a get-acquainted reception at the community room of the First State Bank next Thursday from 3:30 to 6 p.m. This will be an informal party sponsored by several of the Dimmitt merchants, and is open to the public.

Friends from Earth visiting Sunday with P.L. and Winnie Cunningham were Mr. and Mrs. Jack Hinson, Mr. and Mrs. Melvin Beck and Mr. and Mrs. Hoyt Lewis of Truth or Consequences, N.M.

Mr. and Mrs. George Gray and family of Colorado City have been guests of his sister, Mrs. Nolan Froehner and family. George Froehner is home from the University of Texas in Austin for a few days and will enroll for the fall session soon.

THE FIRST Baptist church sponsored a skiing party for kids at Buffalo Lake last Saturday. Food and fun for all. The Hopsons chaperoned, and taking boats were the Gene Smiths and Bill Hackleman, Ray Robertson, T. D. Claborn and Ben Hill.

Mrs. Fred Bruegel and daughter Sandy were guests of Mr. and Mrs. Ed Herndon and son David at Corpus Christi. David is a friend of Sandy's, they met at the University of Hawaii. He is a medical student and will intern at Chelsea Naval Hospital at Beacom. The Bruegels also visited Bobbie's parents, Mr. and Mrs. Ned Biggs, at Kay Allegro, near Rockport.

Mrs. Joe Carver and Mrs. Bob Jenks will be hostesses at an open house, for parents and friends at the new Lollipop Kindergarten at 203 NW 4th St., from 3 to 5 p.m. Friday.

Theo and Jeanne Campbell are moving to Las Cruces, N.M., Oct. 1. Theo will be sales manager of Western Farm Bureau Agency. Theo has been manager of the FB office here for several years. Jeanne has been teaching self-improvement and color and designs to classes in the Hereford School and one class at WTSU. She taught several private classes here in Dimmitt.

ELAINE STOVALL, daughter of Mr. and Mrs. Calvin Stovall, was married to Danny Parker of Friona Aug. 13. They plan to attend college this winter at Okmulgee, Okla.

Peggy Webb and Jo Evans made a trip to Dallas to see a showing of Christmas holiday things. O, gee — is it that time again.

Mr. and Mrs. R. C. Miller of Iraan were here this weekend for a visit with his sister, Pearl Shelley, and brother, Goodwin Miller and the Mrs. They all went to Lubbock to visit a sister, then on to Hobbs to visit another brother. Sunday the family were dinner guests of Jack and Myrna Miller, and cake-and-coffee guests of Sue and John Merritt.

WELL, I HEAR that Sam and Virginia Gibbrenth and coming home from a month's stay in Montana. John and Dorothy have lived in their house while remodeling the farm home where they live.

The fish dinner Saturday night at the VFW Hall was reported a big success. I heard Mrs. Frank Britt was among the cooks. Mrs. Keith Howard played her new organ — it produces the sounds of all band instruments. Jack and Myrna Cowser went up to Ft. Collins last weekend for the wedding of their son, Jim, to Jan Strickland.

Tommie and Judith Roberson and daughter Krista of Oklahoma City are here for a visit with their parents, Mr. and Mrs. M.

Monday afternoon. Her guests were Gladys Benson, Koma Ratcliff, Marge Cleavinger, Helen Richardson, Evie Froehner, Eunice Thornton and Alice Cowen.

Bible Thoughts
How Would You Like To Be Treated?
By Ronnie Parker

In Claremore, Oklahoma, there is a monument to one of the most universally beloved Americans, Will Rogers. At the base of his statue is his statement, "I never met a man I didn't like."

Here we are dealing with one of the basic laws of living. Jesus said, "For with the same measure that ye mete withal it shall be measured to you again."

Jesus put it this way, "Therefore all things whatsoever ye would that men should do to you, do ye even so to them; for this is the law and the prophets (Matt. 7:12)."

Back to School...
As Summer Vacations draw to a close, and thoughts turn to the ways and needs for returning to school, give some thought to locating a church near your college or university.
Attend services regularly, worship the Lord in His house. Give a good accounting of your worship life, as well as your studies.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish.

Bride Has a Long List Of 'New Name' Signings

By IRENE KEATING County HD Agent School is here now and the shopping is all done. Isn't it? If not it soon will be.

IT SEEMS like this has been the month for brides. Here is some helpful information for all girls who were brides recently.

The excitement of wedding bells sometimes overshadows the importance of changing your name on Social Security records and insurance policies. Bank records, driver's license, employment records, car title & credit cards, membership cards, hospital records and stocks and bonds should be brought up-to-date.

Pick up the special Social Security form from your district officer or local post office. Your number remains the same, and both your maiden and married name show on your account.

If you want to transfer ownership of a life insurance policy from your parents to you and/or your husband, check beneficiaries. Remember, the responsibility of paying premiums is yours now.

While you change beneficiaries, consider names for second and third beneficiaries on the policy, the agent points out. An accident could involve both you and your husband. Without additional beneficiaries, insurance money may get tied up in estate and not be immediately available.

SEPTEMBER is better breakfast month. Breakfast is important, it helps you study, work or play better. The body needs re-fueling regularly, and breakfast is the meal that follows the longest stretch of non-eating.

Research has shown that without an adequate breakfast, fatigue sets in earlier, irritability is increased, work output is reduced and all reaction time slows down.

The first meal of the day doesn't have to fit standard breakfast patterns. Try something new.

How about an egg salad sandwich, lean meat or a cheese or

peanut butter sandwich? A bowl of hot soup may even tempt you on cool mornings. The breakfast doesn't have to be conventional to be nutritious. Particularly, when it's the difference between eating or skipping this important meal. CEREAL AND milk furnish protein and a variety of vitamins and minerals, but they don't need to become monotonous. Try waffles, pancakes, French, cinnamon or plain toast, rye or whole wheat bread, toasted cornbread or sweet rolls. Or how about ice cream or cereal to please the youngsters? If you know your children aren't interested in breakfast, plan a menu to appeal to them. Maybe they'd like their favorite fresh fruit on cereal — or maybe a hot dog suits their fancy. Just try to see that fruit, cereal and/or bread and milk — with hearty food like meat, eggs, fish or cheese — are included in some form.

APPRECIATION DAY has been scheduled by American Cyanamid Co. here Sept. 9. Bill Dannevik, manager, said the special observance "is to show our appreciation for the support our company has received from everybody here" since the blending

plant and farm store opened in February. Dannevik and Marlos Wilke, plant operator, will host the event. Free coffee and doughnuts will be served, and all who visit the plant during the day will receive free gifts, Dannevik said.

GOP Congressmen Ask Freeman To Hike Prices on Feed Grain

Rep. Bob Price was one of the six Republican members of the Subcommittee on Livestock and Grains who urged Secretary of Agriculture Orville L. Freeman last week to raise the price at which the government sells feed grains and soybeans to 100 percent of parity.

ON WHEAT, the release price should be set at full parity minus the value of domestic certificates paid for by the wheat processors, the GOP group said.

Price pointed out that the present policy of the Commodity Credit Corp. is to sell its stocks of wheat and feed grains back into the market at 115 percent of the loan level plus carrying charges. This is \$1.44 per bushel on wheat, \$1.21 per bushel on corn, and \$1.85 per cwt. on grain sorghum. Soybeans are released at 105 percent of the loan level, or \$2.62 per bushel.

UNDER THE proposal, government-owned wheat would be sold

for not less than \$1.87 per bushel, corn for not less than \$1.63 per bushel, grain sorghum for not less than \$2.58 per cwt., and soybeans for not less than \$3.31 per bushel. "I sincerely feel that the Secretary of Agriculture could materially improve the present grain price situation if he would take this action, and I certainly hope he will do so," Price said.

Art Earns \$200 For New Clinic

Dimmitt Art Guild donated nine paintings to be auctioned during Bovina's Bu'l Town Days celebration last week, to benefit the Bovina Clinic.

THE NINE paintings netted over \$200 for the clinic fund in Bovina. Sixteen other paintings from eastern New Mexico and Pomer County brought the auction's total earnings to \$615, according to Mrs. Jess Walling, chairman of the auction.

Cranford Tours Atomic Museum

Mike Cranford, 303 E. Halsell, Dimmitt, recently visited the American Museum of Atomic Energy at Oak Ridge, Tenn., which features demonstrations and displays on peaceful uses of the atom.

THE MUSEUM, operated for the US Atomic Energy Commission by Oak Ridge Associated Universities, is the first such institution in the nation devoted to nuclear science.

Especially trained lecture-demonstrators show how the power of

the atom is utilized in medicine, industry and agriculture. Most Museum visitors bring home a dime they placed in a device which briefly exposes their coin to neutrons and makes it slightly radioactive. The dime, which almost immediately loses all measurable radioactivity, is placed in a plastic case as a souvenir of the Atomic City.

PUBLIC NOTICE
Proposed CONSTITUTIONAL AMENDMENT NUMBER TWO ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:
Section 1. That Article IX of the Constitution of the State of Texas be amended by adding a new Section 13 thereto to read as follows:

"Section 13. Notwithstanding any other section of this article, the Legislature in providing for the creation, establishment, maintenance, and operation of a hospital district, shall not be required to provide that such district shall assume full responsibility for the establishment, maintenance, support, or operation of mental health services or mental retardation services including the operation of any community mental health centers, community mental retardation centers or community mental health and mental retardation centers which may exist or be thereafter established within the boundaries of such district, nor shall the Legislature be required to provide that such district shall assume full responsibility of public health department units and clinics and related public health activities or services, and the Legislature shall not be required to restrict the power of any municipality or political subdivision to levy taxes or issue bonds or other obligations or to expend public moneys for the establishment, maintenance, support, or operation of mental health services, mental retardation services, public health units or clinics or related public health activities or services or the operation of such community mental health or mental retardation centers within the boundaries of the hospital districts; and unless a statute creating a hospital district shall expressly prohibit participation by any entity

other than the hospital district in the establishment, maintenance, support, or operation of mental health services, mental retardation services, public health units or clinics or related public health activities within or partly within the boundaries of any hospital district, any municipality or any other political subdivision or state-supported entity within the hospital district may participate in the establishment, maintenance, and support of mental health services, mental retardation services, public health units and clinics and related public health activities and may levy taxes, issue bonds or other obligations, and expend public moneys for such purposes as provided by law."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on November 11, 1967, at which election all ballots shall have printed thereon the following:

"FOR the constitutional amendment to permit municipalities, other political subdivisions, and state-supported entities located within hospital districts to participate in the establishment, maintenance, support, or operation of mental health services, mental retardation services, public health units or clinics or related public health activities or services, or public health services."

"**AGAINST** the constitutional amendment to permit municipalities, other political subdivisions, and state-supported entities located within hospital districts to participate in the establishment, maintenance, support, or operation of mental health services, mental retardation services, or public health services."

PUBLIC NOTICE
Proposed CONSTITUTIONAL AMENDMENT NUMBER SIX ON THE BALLOT

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 33, Article XVI, Constitution of the State of Texas, be amended to read as follows:

"Section 33. The Accounting Officers of this State shall neither draw nor pay a warrant upon the Treasury in favor of any person for salary or compensation as agent, officer or appointee, who holds at the same time any other office or position of honor, trust, or profit, under this State, except as prescribed in this Constitution. Provided, that this restriction as to the drawing and paying of warrants upon the Treasury shall not apply to officers of the National Guard or Air National Guard of Texas, the National Guard Reserve, the Air National Guard Reserve, the Air Force Reserve, the Air Force Reserve Corps of the United States, nor to enlisted men of the National Guard, the Air National Guard, the National Guard Reserve, the Air National Guard Reserve, the Air Force Reserve, and the Organized Reserve of the United States, nor to retired officers of the United States Army, Air Force, Navy, and Marine Corps, and retired warrant officers and retired enlisted men of the United States Army, Air Force, Navy, and Marine Corps. It is further provided, until September 1, 1969, and thereafter only if authorized by the Legislature by general law under such restrictions and limitations as the Legislature may prescribe, that a non-elective State officer or employee may hold other non-elective offices or positions of honor, trust, or profit under this State or the United States, if the other offices or positions are of benefit to the State of Texas or are required by State or federal law, and there is no conflict of interest with the original office or position for which he receives salary or compensation. No member of the Legislature of this State may hold

any other office or position of profit under this state, or the United States."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on November 11, 1967, at which election all ballots shall have printed thereon the following:

"FOR the constitutional amendment allowing non-elective state officers and employees to serve in other non-elective offices or positions under this state or the United States until September 1, 1969, and thereafter only if authorized by the Legislature, if the offices or positions are of benefit to Texas or are required by state or federal law, and there is no conflict of interest with the original office or position; prohibiting elected officers under this state or the United States from holding any other office or position under this state; and adding members of the Air National Guard, Air National Guard Reserve, Air Force Reserve, and retired members of the Air Force to the list of persons exempted."

"**AGAINST** the constitutional amendment allowing non-elective state officers and employees to serve in other non-elective offices or positions under this state or the United States until September 1, 1969, and thereafter only if authorized by the Legislature, if the offices or positions are of benefit to Texas or are required by state or federal law, and there is no conflict of interest with the original office or position; prohibiting elected officers under this state or the United States from holding any other office or position under this state; and adding members of the Air National Guard, Air National Guard Reserve, Air Force Reserve, and retired members of the Air Force to the list of persons exempted."

Proposed CONSTITUTIONAL AMENDMENT NUMBER THREE ON THE BALLOT

HOUSE JOINT RESOLUTION No. 17 proposing an amendment to Section 49-b, Article III of the Constitution of Texas, so as to authorize an increase in the total amount of bonds or obligations that may be issued by the Veterans' Land Board to Four Hundred Million Dollars (\$400,000,000), providing for the issuance of said bonds or obligations and the conditions relating thereto and the use of the Veterans' Land Fund; and providing for an election and the issuance of a proclamation therefor.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:
Section 1. That Section 49-b, Article III of the Constitution of Texas, be amended so that the same will hereafter read as follows:

"Section 49-b. By virtue of prior Amendments to this Constitution, there has been created a governmental agency of the State of Texas performing governmental duties which has been designated the Veterans' Land Board. Said Board shall continue to function for the purposes specified in all of the prior Constitutional Amendments except as modified herein. Said Board shall be composed of the Commissioner of the General Land Office and two (2) citizens of the State of Texas, one (1) of whom shall be well versed in veterans' affairs and one (1) of whom shall be well versed in finances. One (1) such citizen member shall, with the advice and consent of the Senate, be appointed biennially by the Governor to serve for a term of four (4) years; but the members serving on said Board on the date of adoption hereof shall complete the terms to which they were appointed. In the event of the resignation or death of any such citizen member, the Governor shall appoint a replacement to serve for the unexpired portion of the term to which the deceased or resigning member had been appointed. The compensation for said citizen members shall be as is now or may hereafter be fixed by the Legislature; and each shall make bond in such amount as is now or may hereafter be prescribed by the Legislature.

"The Commissioner of the General Land Office shall act as Chairman of said Board and shall be the administrator of the Veterans' Land Program under such terms and restrictions as are now or may hereafter be provided by law. In the absence or illness of said Commissioner, the Chief Clerk of the General Land Office shall be the Acting Chairman of said Board with the same duties and powers that said Commissioner would have if present.

"The Veterans' Land Board may provide for, issue and sell not to exceed Four Hundred Million Dollars (\$400,000,000) in bonds or obligations of the State of Texas for the purpose of creating a fund to be known as the Veterans' Land Fund, Two Hundred Million Dollars (\$200,000,000) of which have heretofore been issued and sold. Such bonds or obligations shall be sold for not less than

par value and accrued interest; shall be issued in such forms, denominations, and upon such terms as are now or may hereafter be provided by law; shall be issued and sold at such times, at such places, and in such installments as may be determined by said Board; and shall bear a rate or rates of interest as may be fixed by said Board but the weighted average annual interest rate, as that phrase is commonly and ordinarily used and understood in the municipal bond market, of all the bonds issued and sold in any installment of any bonds may not exceed four and one-half per cent (4½%). All bonds or obligations issued and sold hereunder shall, after execution by the Board, approval by the Attorney General of Texas, registration by the Comptroller of Public Accounts of the State of Texas, and delivery to the purchaser or purchasers, be incontestable and shall constitute general obligations of the State of Texas under the Constitution of Texas; and all bonds heretofore issued and sold by said Board are hereby in all respects validated and declared to be general obligations of the State of Texas. In order to prevent default in the payment of principal or interest on any such bonds, the Legislature shall appropriate a sufficient amount to pay the same.

"In the sale of any such bonds or obligations, a preferential right of purchase shall be given to the administrators of the various Teacher Retirement Funds, the Permanent University Funds, and the Permanent School Funds.

"Said Veterans' Land Fund shall consist of any lands heretofore or hereafter purchased by said Board, until the sale thereof, together with any interest and penalties due, have been received by said Board (although nothing herein shall be construed to prevent said Board from accepting full payment for a portion of any tract), and of the moneys attributable to any bonds heretofore or hereafter issued and sold by said Board which moneys so attributable shall include but shall not be limited to the proceeds from the issuance and sale of such bonds; the moneys received from the sale or resale of any lands, or rights therein, purchased with such proceeds; the moneys received from the sale or resale of any lands, or rights therein, purchased with other moneys attributable to such bonds; the interest and penalties received from the sale or resale of such lands, or rights therein; the bonuses, income, rents, royalties, and any other pecuniary benefit received by said Board from any such lands; sums received by way of indemnity or forfeiture for the failure of any bidder to comply with his bid and accept and pay for such lands; or for the failure of any bidder for the purchase of a part of said Fund to comply with his bid and accept and pay for such lands; and interest received from investments of any such moneys. The principal and

interest on the bonds heretofore and hereafter issued by said Board shall be paid out of the moneys of said Fund in conformance with the Constitutional provisions authorizing such bonds; and the moneys of said Fund which are not immediately committed and interest on such bonds, the purchase of lands as herein provided, or the payment of expenses as herein provided may be invested in bonds or obligations of the United States until such funds are needed for such purposes.

"All moneys comprising a part of said Fund and not expended for the purposes herein provided shall be a part of said Fund until there are sufficient moneys therein to retire fully all of the bonds heretofore or hereafter issued and sold by said Board, at which time all such moneys remaining in said Fund, except such portion thereof as may be necessary to retire all such bonds which portion shall be set aside and retained in said Fund for the purpose of retiring all such bonds, shall be deposited to the credit of the General Revenue Fund to be appropriated to such purposes as may be prescribed by law. All moneys becoming a part of said Fund thereafter shall likewise be deposited to the credit of the General Revenue Fund.

"When a Division of said Fund (each Division consisting of the moneys attributable to the bonds issued and sold pursuant to a single Constitutional authorization and the lands purchased therewith) contains sufficient moneys to retire all of the bonds secured by such Division, the moneys thereof, except such portion as may be needed to retire all of the bonds secured by such Division which portion shall be set aside and remain a part of such Division for the purpose of retiring all such bonds, may be used for the purpose of the expenses herein authorized, of any other bonds heretofore or hereafter issued and sold by said Board. Such use shall be a matter for the discretion and direction of said Board; but there may be no such use of any such moneys contrary to the rights of any holder of any of the bonds issued and sold by said Board or violative of any contract to which said Board is a party.

"The Veterans' Land Fund shall be used by said Board for the purpose of purchasing lands situated in the State of Texas owned by the United States or any governmental agency thereof, owned by the State of Texas, or owned by any person, firm, or corporation. All lands thus purchased shall be acquired at the lowest price obtainable, to be paid for in cash, and shall be a part of said Fund. Such lands heretofore or hereafter purchased and comprising a part of said Fund are hereby declared to be held for a governmental purpose, although the individual purchasers thereof shall be subject to taxation to the same extent and in the same manner as are purchasers of lands dedicated to the Permanent Free Public School Fund.

"The lands of the Veterans' Land Fund shall be sold by said Board in such quantities, on such terms, at such prices, at such rates of interest and under such rules and regulations as are now or may hereafter be provided by law to veterans who served not less than ninety (90) continuous days, unless sooner discharged by reason of a service-connected disability, on active duty in the Army, Navy, Air Force, Coast Guard or Marine Corps of the United States between September 16, 1949, and the date of formal withdrawal of United States troops from the present armed conflict in Viet Nam, and who, upon the date of filing his or her application to purchase any such land is a citizen of the United States, is a bona fide resident of the State of Texas, and has not been dishonorably discharged from any branch of the Armed Forces, and whose name and who at the time of his or her enlistment, induction, commissioning, or drafting was a bona fide resident of the State of Texas, or who has resided in Texas at least five (5) years prior to the date of filing his or her application. The foregoing notwithstanding, any lands in the Veterans' Land Fund which have been first offered for sale to veterans and which have not been sold may be sold or resold to such purchasers, in such quantities, and on such terms, and at such prices and rates of interest, and under such rules and regulations as are now or may hereafter be provided by law.

"Said Veterans' Land Fund, to the extent of the moneys attributable to any bonds heretofore issued and sold by said Board as is now or may hereafter be provided by law, for the purpose of paying the expenses of surveying, monumenting, road construction, legal fees, recordation fees, advertising and other like costs necessary or incidental to the purchase and sale, or resale, of any lands purchased with any of the moneys attributable to such additional bonds, such expenses to be added to the price of such lands when sold, or resold, by said Board; for the purpose of paying the expenses of issuing, selling, and delivering any such additional bonds; and for the purpose of meeting the expenses of paying the interest or principal due or to become due on any such additional bonds.

"All of the moneys attributable to any series of bonds heretofore issued and sold by said Board (a series of bonds being all of the bonds issued and sold in a single transaction as a single installment of bonds) may be used for the purchase of lands as herein provided, to be sold as herein provided, for a period ending eight (8) years after the date of sale of such series of bonds; provided, however, that so much of such moneys as may be necessary to pay interest on bonds heretofore issued and sold shall be set aside for that purpose in accordance with the resolution adopted by said Board authorizing the issuance and sale of such series of bonds. After such eight (8) year period, all of such moneys shall be set aside for the re-

irement of any bonds heretofore issued and sold and to pay interest thereon, together with any expenses as provided herein, in accordance with the resolution or resolutions authorizing the issuance and sale of such additional bonds, until there are sufficient moneys to retire all of the bonds heretofore issued and sold, at which time all such moneys then remaining a part of said Veterans' Land Fund and thereafter becoming a part of said Fund shall be governed as elsewhere provided herein.

"This Amendment being intended only to establish a basic framework and not to be a comprehensive treatment of the Veterans' Land Program, there is hereby reposed in the Legislature full power to implement and effectuate the design and objects of this Amendment, including the power to delegate such duties, responsibilities, functions, and authority to the Veterans' Land Board as it believes necessary.

"Should the Legislature enact any enabling laws in anticipation of this Amendment, no such law shall be void by reason of its anticipatory nature.

"This Amendment shall become effective upon its adoption."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on November 11, 1967, at which election all ballots shall have printed thereon the following:

"FOR the amendment to extend the Veterans' Land Program by authorizing the sale of bonds to increase the Veterans' Land Fund for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1949, and the date of formal withdrawal of United States troops from the present armed conflict in Viet Nam, which amendment would amend Section 49-b, Article III of the Constitution of Texas, and provide for an additional \$200,000,000 in bonds, such funds to be expended in accordance with instructions and requirements that may be provided by law."

"**AGAINST** the amendment to extend the Veterans' Land Program by authorizing the sale of bonds to increase the Veterans' Land Fund for the purpose of purchasing land in Texas to be sold to Texas veterans who served in the Armed Services of the United States between September 16, 1949, and the date of formal withdrawal of United States troops from the present armed conflict in Viet Nam, which amendment would amend Section 49-b, Article III of the Constitution of Texas, and provide for an additional \$200,000,000 in bonds, such funds to be expended in accordance with instructions and requirements that may be provided by law."

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and this amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this state.

Servicing Adds To Tractor Life

Time spent servicing the farm tractor during periods of dusty fieldwork can add life and improve the efficiency of the engine. HENRY O'NEAL, Extension agricultural engineer, says special attention should be given to the air cleaner. A tractor engine takes in about 9,000 gallons of air for every gallon of fuel it burns, and filtering this air is mighty important to the well being of the engine. A clogged air cleaner permits dirt to enter the engine and grind away such parts as cylinders, rings and bearings. Service the air cleaner after each 10 hours of operation or less under extreme dusty conditions, advises O'Neal.

Whighams Earn Master's Degrees

Mr. and Mrs. Barney Whigham of Lubbock were among the 800 candidates to be awarded degrees last Saturday at the Texas Tech summer graduation exercises. WHIGHAM received his master of education degree after majoring in special education and Mrs. Whigham received a master of science degree in Home Economics education. SPEAKER for the graduation ceremony was Dr. Jack K. Williams, commissioner, Coordinating Board of the Texas College and University System. Mrs. Whigham is the daughter of Percy Shepard and the sister of Ollene Williams both of Dimmitt.

FFA Focus
Ag Student Hopes to Exhibit Barrows at All Major Shows

The FFA Focus this week falls on Larry Bills, a Vocational Agriculture III student in DHS. Larry is the son of Mr. and Mrs. R. V. Bills of Route 1, Springlake, and is a junior this year. LARRY HAS 13 feeder pigs which he is feeding commercially. Right now he has two show barrows, but he said he had some more on the way. He plans to show at least one barrow at every major show. He also has five sows, plus one boar which he plans to either show or sell. Five acres of soybeans and mile make up his agriculture, projects. —Joey Hammonds Reporter

Steer With 'Stomach Window' To Be Shown at Lubbock Fair

A fistulated steer will be displayed by the animal husbandry department of Texas Tech during the 50th annual Panhandle South Plains Fair. THE LIVE Angus steer will be exhibited throughout the weeklong run, Sept. 25-30, in the FFA building. The steer has an opening (fistula) into the first stomach from the outside. The opening is enclosed with a plastic cylinder which has a clear plastic lid to allow observation of the rumen contents. The fistula is on the left side of the animal and is about five inches in diameter. An animal husbandry student will attend the steer at all times to answer questions and to demonstrate how samples of rumen contents are obtained. A FISTULATED animal is useful in several areas of nutritional research. It allows access to the rumen contents which aids in determining the rate of digestion of various nutrients in a feedstuff; allows the measurement of end-products of digestion in rumen; allows sampling of the rumen contents to study the bacterial and protozoan populations; allows observation and study of the physical structure of the rumen; and allows estimation of the dietary intake of animals grazing on pasture. Use of the fistulated steer for determining digestion rates of various feedstuffs will be demonstrated during the fair. This will be accomplished by weighing a small amount of feed into a nylon bag, dropping the bag into the rumen, and then removing the bag after a certain number of hours, usually 24. THE DISPLAY is part of an overall movement by fair officials to bring varied entertainment to the golden anniversary edition of the exposition, which will salute longtime general manager A. B. Davis. Eddy Arno'd, the Kids Next Door and ventriloquist Jimmy Nelson will appear twice daily in Fair Park Coliseum. Tickets for the 3 p.m. matinee are priced at \$1.50, \$2, \$2.50 and \$3, and children 12 years and under will be admitted for one-half price. Tickets for the 7:30 p.m. performance are priced at \$2, \$2.50, \$3 and \$3.50, and all tickets purchased prior to the fair opening will be accompanied by free gate admission passes. Mail order requests for tickets are now being accepted by the fair association, PO Box 208, Lubbock. OTHER fair attractions include a massive military display, the 14th annual West Texas Twirling Festival, children's barmyard and junior parachute jump, the Gene Ledel carnival, which includes a special kiddie ride section, and many other interesting features. More than a quarter million persons are expected through the turnstiles.

Hay Ration Proves Tops In Coast Feedlot Tests

Research in cattle feeding underway at the Coastal Bend Experiment Station Beville may provide additional help for Texas commercial cattle feeders. WITH 15 PERCENT more cattle and calves on feed for slaughter markets in Texas on Aug. 1 than for the comparable period a year ago, increased interest is being shown in feedlot performance. Experiment Station Supt. Ed Neal and his staff explained some highlights of a 120-day roughage-concentrate drylot feeding test involving 150 crossbred steers during a recent beef cattle open house at the station. The researchers reviewed results of the first 84 days of the tests, and visitors inspected steers on the various finishing rations. Thirty of the crossbred steers are on an all-concentrate ration. Groups of 10 steers each are being fed five levels of ground Coastal bermuda hay and cottonseed hulls, at the rates of 10, 20, 30, 50 and 70 percent. Other lots of steers are receiving 2 percent oyster shell and limestone, respectively, with their milo and guar meal rations. HIGHEST average daily gains were recorded by steers receiving the 50 percent ground hay ration, with 4.08 pounds each. Next highest gainers were steers getting 30 percent Coastal hay, with an average daily gain of 3.94 pounds. They were followed by steers being fed a 50 percent ration of cottonseed hulls, which gained 3.89 pounds each. "All of the rations were formulated to contain 12 percent crude protein, 1 percent bone meal, .5 percent ammonium chloride and 4.4 mg. of antibiotic and 1,000 international units of Vitamin A per pound of mixed feed," explained B. E. Conrad, assistant agronomist and animal husbandman at the station. AVERAGE daily feed intake also was highest at the 50 percent Coastal hay and cottonseed hull level's, the researcher pointed out. This intake decreased slightly at the 70 percent level, and still more at the 30 percent level. On the Coastal ration, steers receiving 10 percent of the grass hay had an average daily gain of 3.53 pounds; 20 percent, 3.67 pounds; 50 percent, 3.74 pounds; 70 percent, 3.74 pounds; and 30 percent, 3.74. Two steers on the all-concentrate ration developed foundering problems. Average daily gains for the two groups receiving this ration were 2.31 pounds and 2.60 pounds per day. TWO GROUPS of steers receiving the 2 percent oyster shell ration recorded an average daily gain of 2.26 pounds and 2.91 pounds, while steers getting the 2 percent limestone ration had an average daily gain of 2.43 and 2.2 pounds. All rations were formulated to contain 12 percent protein, 1.5 percent bone meal, .5 percent ammonium chloride, .44 percent salt and 3.3 mg. of antibiotic and 1288 international units of Vitamin A per pound of mixed feed. Neal and Conrad also reported that grazing trials involving Coastal bermuda and Kleingrass were initiated last April 27. Because of extreme drought conditions, the summer grazing trials were terminated after 63 days on June 30, however. Twenty steers pastured on the Coastal bermuda averaged .64 pounds daily gain, while 12 steers on the Kleingrass recorded an average daily gain of 2.39 pounds. While additional research should be done since the grazing trials were cut short, the Kleingrass "looks quite promising." The limiting factor may be its scarcity, researchers pointed out.

Pete Wynn is one of the best of the best

A welder with El Paso Natural Gas Company, Pete has the high training and skills that welders everywhere must have. In addition, he has developed the special abilities of pipeline welders. Pete helps operate and maintain El Paso Natural's facilities, using materials and procedures that are exactly right for each job. A purification plant vessel, for example, is best welded with a rod that has a lower hydrogen content than a rod used on pipelines. All of Pete's welds that are subject to significant stress are x-rayed to be sure that they are flawless. Every six months Pete must pass a welding test in which he solves a problem that is equal to the most difficult he will ever meet. The passing grade: 100%. All of Pete's welds — and the welds of all other pipeline welders — must be stronger than the parent metal itself. Pete makes a profession of perfection. His skills and those of the other 5,400 employees of El Paso Natural Gas Company — whose specialties range from economics to engineering to welding — are among the reasons that the West has assured supplies of natural gas.

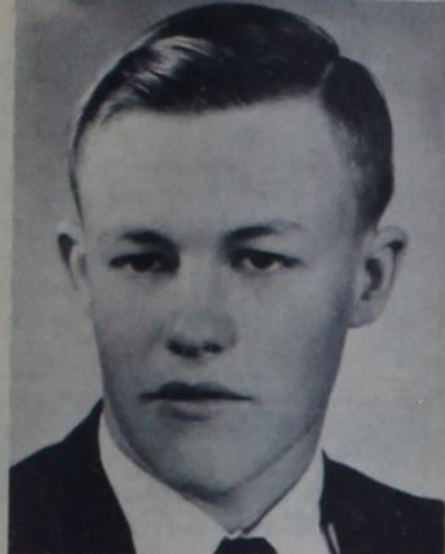

EL PASO NATURAL GAS COMPANY

Through its pipelines El Paso Natural serves Texas and ten other western states.

Latch Causes Loss of Boy's Eye

DOUGLAS WILHELM, 1967 graduate of Nazareth High School and son of Mr. and Mrs. Francis Wilhelm, has been notified that he is the winner of a four-year scholarship to Texas A&M University. The scholarship is for \$250 a year.

By **TEENY BOWDEN**
Brent Hedrick of Stratford had an eye put out Saturday about noon. He was running through the storm screen between the kitchen and garage, and the door latch hit him in the left eye and pulled it out of its socket.

He was taken to St. Anthony's Hospital in Amarillo by ambulance, and surgeons attempted to save the eye, but he reportedly will not be able to see with it again.

Mr. and Mrs. Carl Bradley, along with other relatives, went to Amarillo Saturday evening to be with the family. Bryan came home with them and will stay a few days here and then go visit

his grandmother in Ralls. Brent will undergo surgery again the last part of the week.

★ **MR. AND MRS. Pete Johnson** and Gen of Sulphur Springs visited Monday afternoon and spent Monday night and Tuesday morning with Mr. and Mrs. Weldon Bradley and Lee. Roy Lilley and Elmer Dixon of Dimmitt, Leslie Louder, Mr. and Mrs. L. B. Bowden, and Raymond Lilley visited with them at the Bradleys' Monday afternoon.

They also visited with Mr. and Mrs. E. R. Sadler and her parents, Mr. and Mrs. M. H. Fowlkes Monday afternoon and that night Mr. and Mrs. Charlie Hestand of Dimmitt, the Sadlers and the Bowdens visited with them at the Bradleys.

Tuesday morning Weldon took them for their first airplane ride over the area. They also got to see several other friends at the butane office Tuesday, and visited about noon as they left with Mr. and Mrs. W. E. Louder, Leslie and Sandy.

The Johnsons are former residents of the community, Pete having lived here first in 1924, and twice since then. They ran the Sunnyside grocery store two different times. In the reminiscing Monday night it was discovered that all present had at one time driven buses for the Sunnyside school except Mrs. Bradley. Mr. and Mrs. L. B. Bowden her father, W. E. Louder, also drove for several years. Johnson's oldest son, Tommy, recently married,

and he and his wife help out with the dairy and live on the place. The Johnsons live in town at Sulphur Springs.

TG&Y to Open 125 New Stores

C. A. Henderson, president of TG&Y Stores Co., has announced in Oklahoma City that his firm has budgeted for the opening of approximately 125 stores in 1968, stepped up from 70 in 1967, and plans to continue this heavy rate of expansion "for a number of years."

THE RATE of expansion, sales-wise, is calculated to run approximately 20 percent per year for the next five to seven years. If the company is able to attain this rate of expansion, its sales volume in a few years will approach \$500 million, Henderson said.

Henderson stated that TG&Y plans to enter South Carolina, eastern Tennessee, Georgia, Colorado, Utah, Wyoming, northern California, Nevada, Idaho, Oregon, and Washington, and will also be taking a look at Hawaii, Alaska and Old Mexico.

Lazbuddie Revival To Start Sunday

Dr. Charles B. Howard of Buies Creek, N.C., considered to be one of America's leading gospel preachers, will be the evangelist next week during a "Spiritual Feast" revival at Lazbuddie's First Baptist Church.

SERVICES will be conducted at 10 a.m. and 8 p.m. Sept. 3 and 10. Dr. Howard's first sermon will be Monday at 8 p.m.

Leading in evangelistic songs will be Dale Coody of Lawton, Okla. Special music will be presented each evening and a nursery will be provided.

Dr. Howard, who has conducted more than 1,200 revivals, was

head of the Bible Department of Campbell College for 21 years and was the founder of Howard Memorial Funds, which have financially aided almost 1,000 students in 125 colleges, 25 states and 18 countries.

COODY, 30, is a full-time evangelistic singer and has made three long-play albums of gospel music for Columbia Records.

Dannveks Have Visitors
The Bill Dannevik's guests were her sisters and families, Mr. and Mrs. Charles Potts of Garland and Mr. and Mrs. Gene Ware and Janet of Arlington.

HART NEWS

School Outlines Regulations

By MYRT LOMAN

Hart School Supt. Andy Gardenhire has announced decisions of the school board concerning student insurance.

Students will have an opportunity to buy insurance from Southwestern States General Agency for a premium cost of \$7 for the at-school plan. This premium will cover accidents at school and on school-sponsored activities and trips.

The 24-hour policy will be \$18 for all students and school personnel desiring it. This plan will be in effect from Sept. 1, 1967 to Sept. 1, 1968. The \$18 policy will cover all accidents covered in the personal premium, at school and elsewhere.

As in the past, all students 7-12 participating in athletics must have student school insurance, either the \$7 or \$18 policy.

Claim forms are available at each principal's office. In the event of an accident, the parent should pick up two claim copies, take them to the family doctor, encourage him to complete his part and return both copies to the school immediately to be sent in to the insurance company.

Under this system, all of your regular student accident claims will be regardless of other insurance and most of your athletic claims will be paid also.

Treatment must start in 30 days, and a claim must be filed in 90 days. If details are not complete in 90 days, file a claim anyway, then send in an itemized statement of additional expenses.

ALL DRIVERS are urged to watch for school buses taking on or letting off students. Drivers are to stop completely when a bus is stopped to take on or let off students, both in town and on country roads and highways.

Vehicles approaching from both directions are required to observe this state law.

Bus drivers are instructed to report all vehicles that do not observe the regulations to the county sheriff's office or to the State Highway Patrol.

Buses will deliver children as near their homes as possible, Supt. Andy Gardenhire said. Patrons are encouraged to keep their private roads, culverts, bridges and turn-around areas maintained and free of obstacles so bus drivers can give the best service.

"We will run all highways on bad days if possible, leaving the school at 7:55," Gardenhire said. "Your child may catch the bus going out or on its way back to school. It will arrive at school at 8:20. Our transportation department will give you good bus service during pretty weather. During bad weather we request your greatest efforts to see that your child arrives at school on time. A school is most important for financial reasons, but most of all for the best interests of the child.

He continued, "We appreciate the parents and patrons of our school district for your past cooperation."

MR. AND MRS. Roy Futrell returned home Saturday from a week of fishing and sightseeing in

Colorado and Canada. Mrs. Paul Smith has accepted a position in the office of G. C. Graves, grade school principal. Mrs. Smith's husband is agent in Hart for the Ft. Worth and Denver Railroad.

Mr. and Mrs. David Willis have purchased and moved into the former home of Mr. and Mrs. Wister Clevenger on Avenue E. The Clevenger family moved to farm southeast of Hart.

WORD WAS received last week of Rev. Elra Phillips suffering a heart attack at his home in Big Spring. Rev. Phillips is now retired, but served the First Methodist Church here as pastor a few years ago.

BOY SCOUT Troop 246 of Hart returned home Aug. 19 from Tres Ritos, N. M., where they had spent the week.

The boys left Hart Aug. 13. A devotional program was held at the American Legion Hut before departure with Rev. Fred Brown, pastor of the First Methodist Church conducting the service.

The boys spent the week camping, hiking, fishing and working on advancement requirements.

Ike Graves and David Arm-

strong received the Tres Ritos Hikers Award for completing a 32 mile hike to the mountain peak.

The cooks for the troop were Dirk Rambo, David Warren and Ike Graves.

In an impressive campfire Graves and David Hawkins were "Tapped out," for candidates in the Order of the Arrow. This is an organization for better campers and boys who practice more fully the ideals of Scouting.

Thirteen boys made the trip. Adult leaders and those helping with transportation were Scoutmaster Deryl Clevenger; Jack Dyer, Hayden Moore, Paul Armstrong, G. C. Graves, H. L. Cheatham and Tom Ed Benton.

BETTY PICKRELL of Gristown spent the weekend in Hart recently in the home of Mr. and Mrs. W. A. Hawkins Sr.

Rev. Fred Brown and family and Betty attended a show in Plainview and she was a dinner guest of Mr. and Mrs. Willis Hawkins Jr. while she was here.

The WSCS of the First Methodist Church are sponsoring Miss Pickrell.

Mr. and Mrs. J. P. Armstrong visited with daughter Mrs. Cody Marlow in Lorenza last week. Johnny had major eye surgery recently at the Medical Center in Plainview.

Mark Bennett, son of Mr. and Mrs. Ed Bennett had the cast removed from his legs last Wednesday after having had major surgery on both feet.

Mrs. Eldon Shive is presently employed as a clerk at the Post Office.

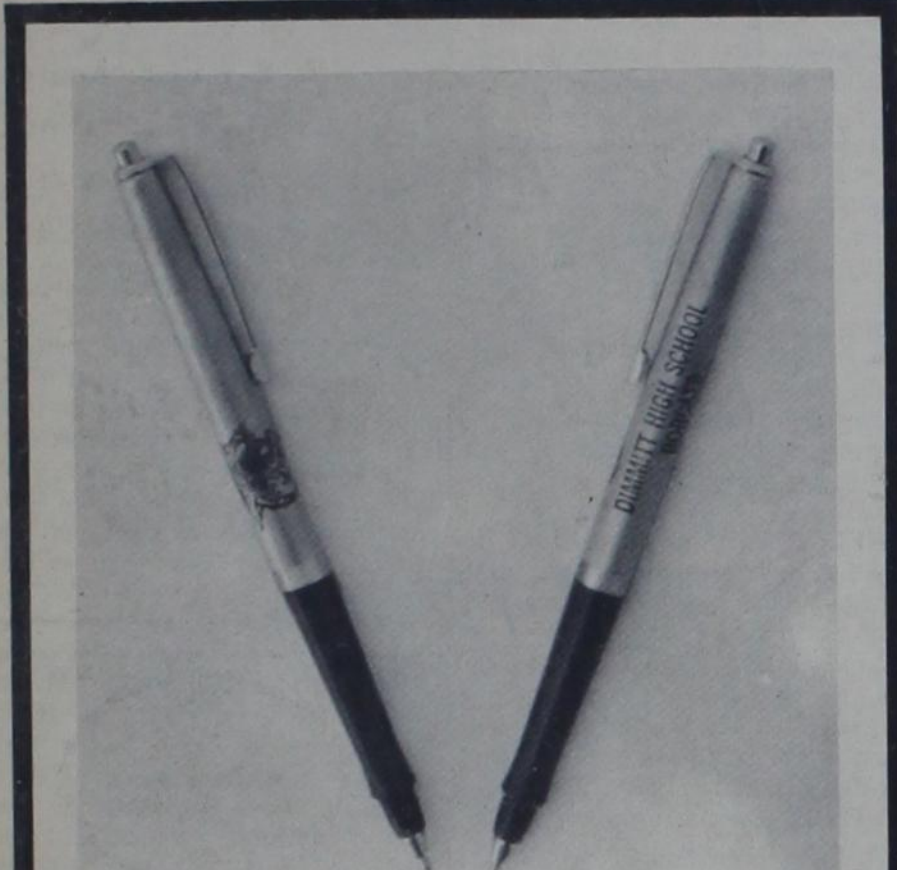

Mr. and Mrs. Charlie Fanakas and daughters, Judy and Linda left for their home in Champaign, Ill., after visiting in the home of an uncle and aunt, Mr. and Mrs. H. E. Loman.

GUESTS recently in the home of Mr. and Mrs. C. B. Landers were his sister, Mrs. Doris Hess of Amarillo and friends, Mr. and Mrs. Dick Commons of Earth.

Tom Hair, formerly of Hart, was recently honored on his 88th birthday at The Heritage Home in Plainview.

Hosting the party was his daughter and son-in-law Mr. and Mrs. Roy Burrus of Plainview.

Punch and cake was served. Mr. Hair and daughter, Mrs. Roy Burrus and family lived in Hart for several years. Mr. and Mrs. Burrus are owners of the Hart Grain Co.

LEGAL NOTICE

NOTICE OF HEARING ON PETITION FOR THE ISSUANCE OF ROAD BONDS BY COMMISSIONERS' PRECINCT NUMBER 1, OF CASTRO COUNTY, TEXAS.

THE STATE OF TEXAS,
COUNTY OF CASTRO:
TO THE RESIDENT PROPERTY TAXPAYING VOTERS OF COMMISSIONERS' PRECINCT NUMBER 1, OF CASTRO COUNTY, TEXAS, AND TO ALL OTHER PERSONS CONCERNED:

TAKE NOTICE that a petition signed by R. L. Hawkins and more than Fifty (50) other persons, as resident property taxpayers of COMMISSIONERS' PRECINCT NUMBER 1, a political subdivision of CASTRO COUNTY, TEXAS, has heretofore been submitted to the Commissioners' Court of said County, wherein such petitioners assert that they desire the Court to order an election to be held in said COMMISSIONERS' PRECINCT NUMBER 1, for the purpose of submitting the following proposition to the qualified resident property taxpayers of said Precinct, for their action thereupon:

"WHETHER or not the bonds of PRECINCT NUMBER ONE, a political subdivision of CASTRO COUNTY, TEXAS, shall be issued in the total principal sum of FIFTY THOUSAND DOLLARS, for the purpose of constructing, maintaining and operating macadamized, gravelled or paved roads and turnpikes, or in aid thereof, within and for said District, under and by virtue of the Constitution and laws of the State of Texas, particularly Section 52 of Article III of the Constitution and laws enacted pursuant thereto, and which bonds are to bear interest at a rate not to exceed 5 1/2 percent per annum, payable at such times as may be deemed most expedient by the Commissioners' Court, but not to exceed 10 years from the date thereof; and shall ad valorem taxes be levied on all taxable property within said Road District for the purpose of paying the interest on said bonds and to provide a sinking fund for the redemption or payment thereof at maturity?"

AND FURTHER TAKE NOTICE that said petition has been set down for hearing before the Commissioners' Court of Castro County, Texas, on the 11th day of September, 1967, at 2:00 o'clock P.M., the place of such hearing being the Commissioners' Court Room in the County Courthouse at Dimmitt, Texas.

AND FURTHER TAKE NOTICE that the said COMMISSIONERS' PRECINCT NUMBER 1, of CASTRO COUNTY, TEXAS, is a duly and legally established political subdivision of said County, and the boundaries of said Precinct, as described in that certain order of the Commissioners' Court passed on the 10th day of July, 1967, and recorded in Volume 6, page 309, et seq., of the Minutes of said Court, are as follows, to-wit:

PRECINCT NO. 1 of Castro County, Texas, shall hereafter be composed of the territory described by metes and bounds as follows, to-wit:

League Title Playoff Goes Into Third Week

In the Irrigation League playoff between Hereford and Nazareth, the first game was won by Nazareth here Wednesday night and Hereford won the second game Sunday at Hereford, 7-5. The final game to decide the champions of the League was to be played at the Nazareth Park Wednesday at 8:45 p.m.

TOM RHEIN of Mt. Angel, Ore., who spent a year in Nazareth working, several years ago, visited with the Albrachts Saturday. He came with Father Elmer Albracht from Kansas City, where they met at the Liturgical Convention last week. Tom is studying at the Benedictine Abbey in Mt. Angel and has two more years to study before he will be ordained as a priest.

Visiting with the Warrens the past week were their daughter, Bonnie and family; the Gordon Golders of Big Rapids, Mich.; Mrs. Mary Helen Taylor and children, Mr. and Mrs. Jim Golders and children, Elaine, Bill and Greg of Houston. The Jim Golders were camping in Colorado and stopped by to visit his brother and family, the Gordon Golders, who were visiting here.

MR. AND MRS. Tony Gerber visited in Oklahoma the past week and surprised everyone here by bringing their son Denis, who is in the Army and was stationed at Fort Gordon, Ga. He has a 30-day leave and then will go to Vietnam.

On Wednesday Mrs. Ronnie Hoelting, Mrs. Dickie Hoelting and Mrs. Cecil Hoelting and their children came to visit and celebrate Leonard Hoelting's birthday

in his home with his folks, Mr. and Mrs. Frank Hoelting.

MRS. GERTRUDE ROSNOR of Austin visited her sister and family, the Harry Birkenfelds. Mr. and Mrs. Brandt of Umbarger were here also visiting with their daughters. Mrs. Rosnor and Mrs. Birkenfeld.

Nancy Drerup returned Friday after a week spent at General Motors Training Center in Oklahoma City. She was awarded a General Motors dealers account certificate for completing the course covering the fundamentals of operating the General Motors dealer's standard accounting system.

Mr. and Mrs. Jim Ball and Mr. and Mrs. Dan Schmucker spent last week at Houston seeing several games at the Astrodome and visiting Mr. and Mrs. Franklin Forestieri. On their way home they spent some time in Dallas visiting Mrs. Ball's and Mrs. Schmucker's sister and her husband, the Arthur de Cardenas and new baby girl, Gayle Ann, born August 4.

MR. AND MRS. Ed Gerber and sons are spending two weeks here. Ed had surgery on his foot in Amarillo and was in the hospital there for a couple of days.

Mr. and Mrs. Greg Hoelting were hosts at a dinner Sunday for Mrs. Anna Albracht, Andy Albracht, sons David and Chris, daughters, Naomi and Monica of Reseda, Calif., Mr. and Mrs. Leroy Hoelting and daughters of Amarillo, Mr. and Mrs. Ray Schmucker and family, and Miss Rosella Pohlmeier.

CORN HARVEST started throughout the county this week, and all indications point to a bumper ensilage crop this year. This corn field on the Wes and Bob Anthony farm in Big Square averaged 26 to 28 tons per acre, and yields as high as 30 tons per acre have been reported elsewhere

in the county. "This is the best corn crop I've ever had," Bob Anthony said. "The rains came just right and the corn didn't have any hot spots. We could barely get it all into the silo."

HOW HIGH IS UP? That's where this corn went, as demonstrated by Bob Anthony. He planted 22 acres of Asgro Ensilage 1-A about April 25, and the crop went high and heavy, with three ears on some stalks. One stalk measured 12 ft., 10 in.

Judge to Meet With Ministers

County Judge R. E. Wilson will meet with the Castro County Ministerial Association at noon Wednesday to discuss matters of

mutual interest with the county's pastors.

THE MEETING will be at Brownie's Steak House.

Association President Bedford W. Smith said ministers of all churches in the county are invited to the meeting and take part in the informal discussion on problems concerning law, social ethics and religion.

The ministerial association meets the first Wednesday of each month.

ter and family, the Francis Kaplans of Clovis, visited Mrs. Agnes Brockman, Mrs. Helen Backus and the Paul Venhaus family last week.

Mrs. Helen Backus, Mrs. Agnes Brockman, Mrs. Max Acker and Mr. and Mrs. George Venhaus of Happy spent the weekend in Ruidoso, N.M.

From My Heart to Yours

The nominating committee is busy at the task of finding workers for the new church year, beginning in October.

It is always a joy to see the response on the part of folk who say, "Yes! I'll do anything I can."

These know that serving Christ in His church is a thing that matters mightily much. Aware that an attitude of selfishness has no kinship with the attitude of Christ, dominated by a desire to please Him, they are ready to do the difficult, not the easy.

They know that the church is the greatest organization in the world, that it is going to outlast all others, and they will show their belief in its importance by individual participation.

What great joy our Lord must feel for those who want, not to retire, but to redouble their efforts for His sake.

After all, who wants to go to a picnic all the time and eat out of other people's baskets?

It is the church and its Saviour who offer you high and holy opportunity. Support it with your undeviating loyalty.

Your pastor and friend,
Frank Pollard

WHO'S WHO?—Bobcat co-captain John Hays (left) shows the predicament Dimmitt's opponents will be in this year when they run up against the Johnson twins, Ronald and Donald. Ronald is the team's other co-captain, and Hays tries to figure out who is which. Ronald and Donald aren't any help, either, as they point to each other. Both twins play guard on offense and linebacker on defense, so opponents are liable to think they've developed double vision when they meet the Bobcats this year. (By the way, that's Ronald, the co-captain, in the center and Donald at right.)

Sophomores Hold Key To Longhorns Chances

Coach Don Ewing's Hart Longhorns will be small again this year, but they're going to dare every other team in District 1-B to beat them.

EWING HAS 15 lettermen back from the team that posted a 4-5-1 record and tied for fourth in the district last year. His Steers are expected to be the most experienced team in the district — but they'll be the lightest again, too. The offensive lineup that started in a practice scrimmage against Amherst Friday evening averaged 155, with a 192 high and a 130 low.

Whether this will be the Year of the Steer in 1-B is a big question. Ewing believes his team will be as good as its sophomores — and his squad is full of 'em.

"If our sophomores come along okay we should have a pretty good club," the coach said. "I feel like we can contend for the title if everything goes right, but I don't think we should be rated as high as the rest of the

district's coaches seem to think. All I heard at coaching school was that Hart is going to win it this year."

Ewing isn't afraid to field a light team, but a lack of speed bothers him. "Being light is okay if you have speed," he said. "But we don't have much speed, and our boys are too little for a three-yard game."

W. A. HAWKINS, a 136-lb. senior who was the shiftest runner in the district last year, will haul freight from the quarterback post this season.

"We hope to try to pass a little more this year," Ewing said, "but W. A. is only 5-4 and this is a real drawback. He can hit his receivers if he can see them, though."

Others who gained starting berths against Amherst Friday night were sophomore center Harold Bennett, 150; sophomore guard Andy Rogers, 170; senior guard Paul Guzman, 137; senior tackle Larry Henderson, 192, and David Wayne Harris, 165; sophomore ends Donnie Black, 160, and Clifford Ray, 130; junior halfback Joe Quiroz, 130; senior halfback Tommy Gonzales, 170; and sophomore fullback Danny Smith, 170.

ADDED TO the lineup on defense were junior halfback Gary Rambo, 126, and senior guard Benny Martinez, 140.

Quincy Hawkins, a 150-lb. sophomore halfback and end, will also be a probable starter when he recuperates from practice injuries, Ewing said.

Nine of these boys were starters last year. W. A. Hawkins is the most experienced crewman, having been a starter the past three years. He was honorable mention all district on both offense and defense last season.

QUIROZ AT left halfback already has two letters to his credit, and was named to the all-district defense last year, as was halfback Tommy Gonzales. David Wayne Harris at right tackle gained honorable mention on offense last year in the all-district pickings.

And Ewing said he expects sophomore Danny Smith to be "as fine a linebacker as you'll find in the district this year."

All of which leaves the coach feeling "pretty good about it." **EWING, now in his second year** as head coach at Hart, is assisted by Jim Rich. Ronald Shaw, junior high coach, rounds out the Longhorn staff of mentors.

Hart will play a full junior high schedule this season, so all boys will have their chance. Ewing said he'll divide the A squad and junior high contingent into approximately 20 each, and has timed the junior high schedule so his A squad men will have bench strength when they need it most.

Bovina to Visit Friday For Pre-Season Rumble

Dimmitt's Bobcats will get their second pre-season shakedown Friday at 7:30 when Bovina's Mustangs come to Bobcat Stadium for a game-length scrimmage.

COACH Brown L. Smith's Bobcats scrimmaged Clarendon two weeks ago, and Tuesday afternoon many of the younger players went against Hereford's sophomores in a set-to.

Approximately 27 boys will be suited out for Friday night's encounter, and all will see action, Smith said.

Coach Roy Stone's Mustangs, playing their second year in Class A, are reputed to be long on experience but are still considered to be a year away from developing the power it will take to topple such favorites as Kress and Sudan in District 3-A.

SMITH SAID he'll probably be able to name a starting lineup within the coming week. "We're experimenting and looking at them," he said.

The Bobcats are in good shape, with none on the injured list at midweek. Three players who were hurt earlier are back at workouts now, Smith said.

TATES HAVE GUESTS

Weekend guests in the Curtis Tate home were Mrs. Tate's mother, Mrs. J. L. Kay of Mooreland, Okla.; her two brothers, Cliff Kay of Ponca City, Okla., and Cecil Kay of Woodward, Okla.; Jim, Judith and Tal Tate of Lubbock; and Pat, Bruce and Brent Henderson of Amarillo. Mrs. Kay remained for a longer visit with the Tates.

MRS. DAVID WARREN SKINNER
... Nee Mary Jane Jarrett

Miss Jarrett Weds David W. Skinner

Miss Mary Jane Jarrett and David Warren Skinner were united in marriage in double ring nuptial rites read Aug. 19 at the First Presbyterian Church of Canyon.

DR. AND MRS. Robert P. Jarrett of Canyon are parents of the bride. The bridegroom's parents are Mr. and Mrs. Weldon Skinner of Dimmitt.

Rev. Strauss Atkinson, pastor of the First Baptist Church of Canyon, officiated at the exchange of vows, with Rev. Baldwin Stribling, pastor of the First Presbyterian Church assisting.

Mrs. Lee Foster, organist, accompanied the soloist, Mrs. Bruce Winn of Bethany, Okla., who sang "One Hand, One Heart" and "The Lord's Prayer."

The church altar was centered with a bouquet of white gladioli, pom-poms and white mums with white wedding tapers in candelabra flanking the center arrangements. Smaller floral bouquets accented the setting which was highlighted with draped white satin over the choir railing.

GIVEN IN marriage by her father, the bride wore a formal wedding gown of white silk organza styled along empire lines with a scooped neckline. The bodice featured a wide band of Venice lace at the lifted waistline. The lace was repeated on the elbow-length summer sleeve and terminated in a flared leaf scalloped edge. The floor-length skirt was eased into a wide A-line with gentle fullness in a back sweeping the train to chapel length.

Her veil of imported French illusion was held to a headdress of flower lace. She carried a

bouquet of white roses and a Bible during the ceremony.

The bride's sister, Mrs. Thomas William Rheinlander of San Antonio, served as the matron of honor. Bridesmaids were Mamie Elizabeth Jarrett, sister of the bride, and Sandra Mae Faulkner of McAllen. Bridesmatrons were Mrs. Jimmy Marrs of Amarillo and Mrs. Walter Curry of College Station.

FORMAL dresses of mint green linette were worn by the bridal attendants. An inset of Venice lace defined the empire line and was repeated on the wide trumpet sleeves of the A-line silhouette gowns. Each carried a large white camellia with satin streamers.

Candlelighters were Susan Caroline Williams of Lubbock and Karen Florence King of Amarillo, a cousin of the bride.

Thomas William Rheinlander of San Antonio served as best man. Groomsmen were Charles Cathy of Richardson, Dan Garner of Dallas, John Marsh of Austin and David Stalley of Denton.

Ushering for the occasion were Robert Patton Jarrett, brother of the bride, Dan Weldon Skinner brother of the groom, Bob Williams of Lubbock and Charles Holden of Austin.

JARRETT HALL at West Texas State University was the site for the wedding reception.

Presiding at the bride's table were Mrs. Al Williams of Lubbock and Mrs. Felton King of Amarillo, aunts of the bride, who served punch. Serving the wedding cake were Mrs. Flora Phillips and Mrs. Kenneth Gibson of Amarillo, a cousin of the bride.

The groom's table had his aunts, Mrs. L. D. Smith of Temple and Mrs. Tom Brittain of Abilene, serving the cake. Presiding at the coffee service were Mrs. E. J. King of Childress, grandmother of the bride, and Mrs. Brittain of Abilene, grandmother of the groom.

For a wedding trip to the Dallas area, the bride wore a three-piece green silk suit with black accessories.

THE BRIDE received her bachelor's degree in elementary education from Trinity University in San Antonio, where she was a member of the Spurs social club. She will teach in Lancaster this fall.

The groom received his bachelor's degree in secondary education from North Texas State University in Denton. He was a member of Sigma Phi Epsilon and the Talons. He will teach at Lancaster Junior High. The couple will reside in Dallas.

Visitors in Maynard Home

Mr. and Mrs. Jim Maynard of Lubbock were visitors in the Sam Maynard home Saturday. They brought Mrs. E. C. Caudle home. She had spent two weeks visiting in Midland and Elpine. Mr. and Mrs. J. S. Maynard and Polly, also from Lubbock were visitors last Sunday in the Sam Maynard home.

Grain Sorghum CHAFF

By WES ANTHONY

If all farmers would organize themselves as labor and industry have done, there is one simple thing they could do. They could agree to cut their production 10 percent (and stay with it), then the next year they could set their own prices for their products.

★ **HAVE YOU** been out in a maize field? If not, you should do so right away. It is a beautiful sight to behold.

I am wondering if we are going to be in the same situation this fall as Abraham Lincoln was. He was asked how their crops were. He replied, "Just fine—we stored all of them we could outside, and put the rest in the barn!"

★ **A LADY** drove up to the drive-in and asked for two hamburgers, telling the waiter to "hold the onions."

After a few minutes the boy returned with two hamburgers, and was holding two whole onions!

Tech Will Host Phosphorus Meet

Texas Tech will host a phosphorus symposium for agricultural producers Wednesday in its Student Union Building.

Registration will be from 8 to 9 a.m., and the fee is \$5.

★ **LEADING** authorities will speak on such subjects as future phosphate fertilizers, practical problems in the use of phosphorus, and inter-relationship with phosphorus and sulphur, zinc and iron.

The program will end at 4:30 p.m.

According to County Agent Charles Hotel, the symposium is sponsored by the Texas Plant Food Educational Society in cooperation with Texas Tech, Texas A&M Systems, West Texas State University, High Plains Research Foundation, and the West Texas and Lubbock Chambers of Commerce.

Dove Season Starts Friday

Shooting hours for mourning doves in the north zone begin Friday at 1 p.m. Daylight Saving Time.

★ **THE MAIN** point for hunters in this area to remember is that they no longer have to retain one fully-feathered wing on doves.

Dove hunters in the north zone can look forward to a good supply of birds but may have to look a little harder to find concentrations, according to the Texas Parks and Wildlife Department.

Dove call or "coo counts," released in early July, indicated virtually no change in the breeding populations from the previous year, according to Ted Clark, statewide dove project leader for the department.

★ **SINCE THE** mourning dove is migratory, populations and concentrations depend on weather and the available food and water supply.

Dove food crops in the Panhandle area were reported better than usual, so prospects look good here. Whether this holds for the entire season will depend on many factors but hinges around the weather.

Lollipop School To Start Tuesday

Lollipop School will begin classes Tuesday for kindergarten and nursery school children.

★ **PUPILS** will register Friday from 4 to 6 p.m. during an open house at the new school, 203 NW Fourth St. Mrs. Beth Jones and Mrs. Marilyn Carver, certified teachers who will conduct the school, said they expect at least 25 youngsters to register.

The private kindergarten—Dimmitt's third—will offer planned programs of creative music and art, reading readiness and numbers readiness for 5-year-olds. Nursery school children 3 and 4 will receive a program of organized play and social experience, the teachers said.

Classes will be conducted from 9 to 11:30 Mondays through Fridays.

All Patrol Units To Have Radar

Col. Homer Garrison, Jr., director of the Texas Department of Public Safety, reported today that the DPS had ordered a number of radar sets to be placed in every patrol district over the state to aid in enforcing the highway speed laws.

★ **USE OF** the sets will enable the department to secure a higher degree of compliance with the speed law. With the purchase of the new equipment, authorized by the Public Safety Commission, the department will continue its long standing policy of filing charges in every case where there is a clear-cut, substantial violation of the speed law.

The new radar units will be mounted in highway patrol cars and are designed so that only one patrolman is needed for operation. Accurate readings can be obtained on vehicles at distances of up to 1,500 feet. All highway patrolmen are trained in radar operation.

"Accident statistics indicate," Garrison said, "that speed too fast for conditions is the most prevalent violation contributing to accidents in Texas. It figured in 41 percent of the fatal accidents reported during 1966, and 29 percent of the non-fatal accidents."

Information obtained from studies conducted by the U.S. Bureau of Public Roads indicate that a driver is 20 percent more likely to be involved in an accident at 70 miles per hour than when driving 65 miles per hour. He is 50 percent more likely to be involved in an accident at 75 miles per hour, and 90 percent more likely to be involved at speeds of 80 miles per hour.

★ **THE USE** of the radar sets should enable us to patrol the highways more effectively," Garrison stated. "It is our hope that all drivers will willingly comply with the maximum speed limits of the state, but there will be those who refuse to do so. Our efforts will be directed toward apprehending these offenders in order to provide protection for the motorist who does comply with the law."

here I felt it deserved equal exposure. I am sure that the public will be proud to learn that the building has been inspected by engineers and has been found to be basically sound, of course it would be tragic if the defects were irreparable. At present day construction costs, it is reasonable to assume and expect more than three years durability in a building. The remarks made about the hospital building were not intended as criticism of the hospital management or the hospital board of directors. I realize, as everyone else does, that inexperienced people cannot detect inferior workmanship or materials, and have to depend on their technical advisers and contractors. For this reason, for the protection of the public interest, the contractor and architect should be required to repair any defects in materials, workmanship or planning.

★ **DIMMITT** may not get traffic lights every place they are needed, but we do get plenty where we qualify, according to State Highway Department standards. We now have three traffic lights at one intersection and none at four or five other intersections where they are needed.

Boys Ranch Rodeo To Have Barbecue

Giant-sized barbecue beef sandwiches, prepared and served by the boys, will be one of the special attractions of the 23rd annual Cal Farley's Boys Ranch Rodeo.

★ **THE SANDWICHES**, which will be sold for \$1 with potato chips, iced tea and trimmings, will serve two purposes. They will allow visitors to come early to the rodeo and picnic, and they will provide Boys Ranchers who are studying meatcutting and cooking in the Ranch's vocational training program with a practical opportunity to show the skill that they have learned and, at the same time, a chance to build their Ranch home through concession sales.

All the meat served will be Boys Ranch beef, prepared by boys who have received their training by cooking the dining hall meals for the 348 Ranchers.

Performances of the Boys Ranch Rodeo will begin at 2:30 p.m. on both Sunday and Monday, Sept. 3 and 4, and will be the biggest Labor Day event in the Texas Panhandle.

★ **ADVANCE** tickets for the two performances are available from the Boys Ranch office, Box 1890, Amarillo, Texas. Box seats are \$2.50, general admission tickets are \$1.50, and children and servicemen in uniform will be admitted for 75 cents.

Broomcorn Crop Down This Year

The state's broomcorn production for 1967 is estimated by the Texas Crop and Livestock Reporting Service at 1,500 tons, only 39 percent of the 1966 production and 32 percent of the average for the 1961-65 period. Only 14,000 acres were harvested. Production and acreage both were the lowest since 1933. Dry weather throughout the growing season was the contributing factor.

Band Boosters Elect Tonight

Dimmitt's Band Parents will meet tonight (Thursday) at 8 in the DHS band room to elect officers for the 1967-68 school year.

Mrs. Mildred Bradford, president, urged all band parents and boosters to attend the meeting.

Former Hart Man Dies in Arizona

A former Hart resident, Rev. T. J. Wooten, 83, died Friday in Miracle Valley, Ariz.

Funeral services and burial were in Dalhart Tuesday afternoon. Services were conducted in the Bible Baptist Church, and burial was in Memorial Park Cemetery with Boxwell Brothers Funeral Home in charge of arrangements.

Rev. Wooten had recently done missionary work among the Navajo and Ute Indian tribes near Cortez, Colo. He was a retired Forth Worth & Denver Railroad foreman, a position he held while living in Hart.

★ **HE IS** survived by five sons, Ray of Dumas, Melvin of Farmington, N.M., Rev. M. W. Wooten of Miracle Valley, Rev. Wayne Wooten of Silver City, N.M., and J. D. and Tommy of Belen, N.M.; two daughters, Mrs. Bertha Boyce of Farmington, N.M., and Mrs. Loraine Samly of Gary, Ill.; two sisters, Mrs. C. H. Warnick of Scottsville, Ark. and Mrs. Beady Wright of Russellville, Ark.; 32 grandchildren and several great grandchildren.

The Ladies Auxiliary "Labor Day Fiesta" held Saturday night was a huge success. The food was delicious. A special "thank you" goes to Mrs. Lilly Marie Howard for that wonderful music.

★ **ON BEHALF** of our post, I want to apologize to those of you who came and could not get in, due to the overcrowded condition. It was an unavoidable situation.

Our next regular meeting night will be Tuesday night, Sept. 5, instead of the usual Monday night. The Ladies Auxiliary will meet with the men on this date for a special meeting. All members, both men and women, are urged to attend. Food will be served.

Hart Marine Is In Vietnam

Marine Staff Sergeant Alfredo Gonzalez Jr. of Hart is in Vietnam serving with Headquarters and Service Co., First Battalion, Fourth Marine Regiment of the Third Marine Division.

★ **HIS COMPANY** directs and coordinates the operations of the infantry battalion, and provides the facilities with which the battalion commander controls his unit. The company also provides supporting weapons fire, including anti-tank defense for the battalion.

The unit is also engaged in a civic action program designed to assist the Vietnamese people in completing self-help projects, such as the building of wells, culverts, small bridges and schools. Equipment and materials for the projects are made available through the Marine Corps Reserve Civic Action Fund. Marines in Vietnam provide the know-how and guide the Vietnamese people in carrying out these projects.

Dairymen Using More Automation

The labor situation, generally short for the last few years, has caused dairymen to use automated equipment wherever possible. This, says Shannon Carpenter, Extension area dairy specialist, has greatly increased the capital investment per farm but has made it possible for a single worker to care for more cows.

★ **WHILE THE** number of dairies has decreased, the number of cows per herd shows a sharp upturn, says Carpenter. But, he adds, despite the labor-saving revolution in agriculture, the dairy farm continues to require a lot of labor at milking time. Manpower is required to move the cows in and out of the milking area, to do the milking, feeding and clean-up.

Since a man who is qualified to operate a grade A dairy makes a good employee in industry, many dairymen have lost their help in this way. While many new industries are moving to Texas and creating new jobs and milk drinkers, the situation has made it more difficult to keep good dairy help on the farm, explains Carpenter.

Unfortunately, he adds, dairymen haven't been able to close "old bossy" down on Friday night and start her up again on Monday morning. Labor is required on a regular schedule twice each day, and every day of the week. As dairies become larger in total number of cows milked and milk produced, they will be better prepared to give time off and perhaps use more than one shift in their operations.

★ **CARPENTER** suggests to dairymen who are considering a change in their milking system, an investigation of the herringbone system.

★ **WATT CHARM!** Brown-eyed Peggi Nester of San Antonio is the new Miss Texas Rural Electrification. She's a 21-year-old sophomore at San Antonio College and is majoring in elementary education. She succeeds Laura Gass of Comfort as the official ambassador of Texas' 79 rural electric systems and their 400,000-plus members. She won over six finalists in Houston and will be Texas' nominee for the national Miss Rural Electrification title in Dallas in February.

If you didn't come out to our Labor Day Fiesta, you should have. The Fiesta climaxed a hard week's work by some of our Ladies Auxiliary members and post members.

★ **DURING** our social hour from 5 to 6, recorded music by the Tijuana Brass provided the atmosphere and refreshments were served for half price.

Then came our dinner music at 6 o'clock by Lillie Marie Howard. The gaily decorated hall began to fill with smiling faces for the oyster and shrimp dinner. Dinner was by candlelight.

Dancing began at 9 p.m., and the crowd gathered around the organ and sang old favorites.

★ **WE WANT** to thank everyone for coming out. We always enjoy having you, even if we don't get to tell each one of you personally. We can always expect to see Mayor and Mrs. George Bradcutt out, and so many more who always come to our dinners if they can't make it any other time.

We want to especially thank the men for their help. They are always ready to back us in every way. Special thanks to Bud Griffin, Harry Hauf, Reece Kessler, Ned Smith, O. B. Wink'e, E. R. Waggoner and all others who helped prepare the shrimp and oysters.

Thanks also to R. V. McMahon for making the trip to Lubbock for us; to Frank Britt, Nub Calhoun, Red Hill and George Derrick for their help; to our cooks, Bud Griffin, Harry Hauf, Hazel Britt; to our dishwashers, Ned Smith and Frank Britt; to our table committee, Ilene McLeroy and Florene Leinen; to our waiter, Nub Calhoun; to the refreshment workers, George Derrick, Georgia Ann Derrick and Eupha Mae Griffin; to the American Legion for lending us chairs and tables.
