Ranger Times

UNITED PRESS SERVICE BRINGS LATE NEWS OF THE WORLD TO TIMES READERS.

RANGER, TEXAS, TUESDAY EVENING, JANUARY 25, 1938

PRICE TWO CENTS NO. 203

Chinese army official says China is far from being beaten. He fails to mention how far China is from winning.

REED RECEIVES APPROVAL OF U. S. SENATORS

WASHINGTON, Jan. 25.—The Senate today confirmed the nomination of Stanley Reed, to be an associate justice of the supreme court. Reed, former solicitor general, succeeds George Sutherland, who retired last week. Reed's nomination was not opposed.

The selection of Reed as Roosevelt's second nominee for the court, was generally approved by conservatives and liberals, in contrast to the controversy over his first selection, Justice Hugo L. Black.

A declaration by three western senators in favor of laying aside the anti-lynching bill to make way for other business, meanwhile encouraged Senate filibusters to predict a speedy end to the conflict.

Several other senators, including two Republicans, said privately they were about ready to lay aside the measure.

The break in the ranks supporting the bill and conflict over whether the Senate would be permitted to take final action on the measure appeared further to have weakened prospects for enactment of the anti-lynching measure.

Meanwhile Assistant Attorney General Robert Jackson told the house judiciary committee that the justice department can enforce the anti-trust laws only by the threat of criminal prosecution.

He noted that the department has no power of subpoena.

Jackson's testimony coincided with reports that President Roosevelt is clinging to his objective of streamlining anti-trust statutes.

Woodward Advises Senator Collie He Should Finish Term

KERRVILLE, Jan. 25.—On being informed that State Senator W. B. Collie of Eastland has issued a statement declaring "For many months it has been generally known that I have been planning to make the race for lieutenant governor," Walter Woodward said Monday night at Kerrville:

"Senator Collie has two more years to serve as senator from that district, and I really thought he would not want to put his district to the expense of about \$2,500 for a special election to elect a successor if he should be lucky enough to be elected lieutenant governor.

"He should serve the term for which he was elected and then run for some other office and thereby save the taxpayers in his district about \$2,500 during these hard times."

Planning Supply Of Food for Home Topic at Parleys

Planning the home food supply for 1938 is the topic for discussion at meetings of home demonstration clubs, Miss Ruth Ramey, county home demonstration agent announced Tuesday.

Meetings for the week, according to a schedule released Monday, are at Elmo, Romney, Bass Lake and Relek.

On Monday Miss Ramey will be in charge of a program to be broadcast over radio station KRBC at Abilene.

Application For Drilling Test In Byrds Area Filed

Application was filed Tuesday with I. J. Killough, deputy railroad commission supervisor, by F. S. Preston and others to drill a 2,400-foot test well two miles west of Byrds in Brown county.

The operation, to be known as the No. 1 J. M. Nichols, block 1736, Nancy Jordan survey, will be 700 feet from the west line and 1,700 feet from the north line of the 47½ acre lease.

Bettering Four-H Work Discussed at Extension Parley

Improvement of 4-H club work and extension duties was discussed Tuesday at a meeting of area county agents, club leaders and others at the 91st district court room in Eastland.

W. L. Glass of College Station, district 7 agent, presided. Specialists on the program were A. L. Smith, ex-animal husbandman of the extension service, College Station; L. L. Johnson, state boys club agent, College Station, and E. M. Regenbrecht, swine husbandman, College Station.

Club leaders attending were Lee R. Tesson of Mullin, Mills county, E. D. Roberson of Goldthwaite and Jack Kirby of Goldthwaite.

County agents attending were W. P. Weaver of Mills, G. D. Everett of Erath, J. H. Jameon of Palo Pinto, N. E. Scudder of Comanche, Elmo V. Cook of Eastland.

Assistant County Agent Hugh F. Barnhart of Eastland county and Harry K. Westernman, assistant conservation agent, of Eastland also were present.

Acid Received by No. 1 B. T. Cozart Showing for Pay

Interest of oilmen in this section Tuesday was centered on the Lone Star Gas company No. 1 B. T. Cozart, showing for an Ellenburger producer northwest of Cisco, but results from 1,000-gallon acidization were not authentically known.

The well was acidized Monday. Previously the well had encountered a show of 40.4 gravity oil from saturated Ellenburger at 3,956-58 feet.

Ellenburger had been topped at 3,946 feet and bottom was 3,956, still in the formation.

The test is one-half mile north of Hickok Producing and Development company's Van Farmer, recent 1,000-barrel Ellenburger discovery eight miles northwest of Cisco.

Hickok's No. 1 Donovan, about a mile and a half southeast of the Van Farmer, was drilling in shale at 4,179 feet.

Battle Rages In Area Near Wuhu

SHANGHAI, Jan. 25.—A battle between Japanese and Chinese regiments is raging near Wuhu, 50 miles from Nanjing. It was reported today.

The fighting, in progress for three days, was vicious and the casualties were said to be enormous. Airplanes assisted the Chinese and engaged the Japanese gunboats in battle.

In South China a heavy Japanese bombardment of Nantao, about a mile from the border of British-leased territory, was reported. Planes and warships participated.

TOKYO, Jan. 25.—Japan must consider the question of foreign powers supplying arms to China, foreign minister Hirota said today in parliament.

Allred Denounces Oil Leasing Plan

AUSTIN, Jan. 25.—Gov. Allred today denounced award of oil leases on submerged lands as a gamble in which the state was not getting favorable odds.

"If we are going to gamble on oil being under our land, we ought to gamble the whole thing, rather than to sell 13-16th of the oil for a few hundred dollars," he said.

Income from the submerged lands goes to the state permanent school fund. Ghent Sanderford, member and former president of the State Board of Education, defended the land office policy.

"It will yield a greater return in the long run," Sanderford said. "It has been good policy for successful oil companies and should be for the state."

LABOR HEADS IN SEPARATE CONFERENCES

The nation's labor leaders met in rival conferences today to consider problems of economic depression and conflict between the American Federation of Labor and the Committee for Industrial Organization.

John L. Lewis, CIO head told his United Mine Workers convention at Washington that labor would fight any plan to meet business recession by price cuts or wage reductions. He denounced William Green of the federation, a possible forerunner of the expulsion of the federation head from membership in the mine union.

At Miami, Fla., a strong group of the federation executive council launched a drive to oust all CIO sympathizers from federation unions. They said the first move would be an effort to force the Pennsylvania State Federation to expel all members of CIO unions.

DETROIT, Mich., Jan. 25.—R. J. Thomas, United Automobile Workers vice president, today said he was informed that all Chrysler divisions would close tomorrow until Feb. 8.

Chrysler spokesmen denied the report, but said no Chrysler plant had closed this morning.

Bobcat Roaming In Eastland Is Killed by Officer

Alton Reeves, night officer at Eastland, killed a young bobcat near the high school Tuesday morning at 2 o'clock while on duty.

Reeves and Artile Liles, with whom Reeves is on duty each night, were dining in the police car when they first saw the bobcat on Commerce street which was walking in the direction of town.

A 40 gauge shotgun was used to kill the animal.

Sky Is Limit On Expenses Of Some Candidates

BY GORDON K. SHEARER
United Press Staff Correspondent
AUSTIN.—Campaign expenditures promise to set an all-time high for 1938 political races in Texas.

A decision by the Court of Civil Appeals at San Antonio, that excess campaign costs cannot bar a successful candidate for governor from holding the office takes the lid off.

The state constitution fixes the qualifications of a governor. Therefore, the court said, a statute cannot provide different qualifications.

The statute upon which the ruling was made limits campaign expenditures to \$10,000 in a statewide race. It regulates corporate and group campaign contributions. There is no limit on individual aid.

With the sky thus legally the limit ample funds should be available in behalf of many of the prospective candidates for governor.

M. D. Bryant of San Angelo, backer of an around the world airplane flight, hailed Col. Ernest O. Thompson as a "logical" candidate for governor in 1938 just after Thompson had been elected railroad commissioner. If Thompson is not elected governor he has four years more to serve as railroad commissioner. In such a situation he will have more difficulty in securing financial aid.

If Gov. James V. Allred seeks a third term, he has two good oilmen friends with ample — Maj. J. R. Parten of Houston and J. T. Knight of Wichita Falls.

Should Former Governor Miriam A. (Ma) Ferguson enter, the Ferguson race could be easily financed. The Fergusons are the outstanding advocates of a two per cent retail sales tax. Many big interests are in favor of the sales tax because they believe it will shift the burden of old age assistance from their shoulders and distribute it generally.

So on through the list, any candidate with any chance of making much headway in the race has some available financing plan.

13—AND FREER

With her 14th birthday only a few weeks off, the New York Supreme Court has relaxed the restrictions that have kept Gloria Vanderbilt from leaving the state and stipulated the periods she has to spend with her mother, widowed Mrs. Gloria Morgan Vanderbilt. The young heiress to \$4,000,000, pictured above in one of her newest portraits, already is taking her place in the juvenile social life of New York's "400," and now plans a trip to Europe.

NEW POST OFFICE TO BE DEDICATED AT RANGER ON THURSDAY EVENING

The new Ranger Post Office building will be dedicated with a short program at 7:30 Thursday evening, it was announced here by Mrs. Martha Davenport, and the building would be open for inspection by the public until 10 o'clock that night.

A short program is being arranged, Mrs. Davenport stated, in order that the people will have time to inspect the new federal building and see just how nice the new post office will be when it is put into service.

If the weather permits the program will be staged outdoors, in front of the federal building, but if the cold continues it will be held inside. A number of seats will be provided for the elderly people, though there will not be room for seats for everyone, it was stated.

Present plans call for all the furniture and fixtures to be installed in the building as soon as possible in order that the office might be moved into its new quarters, but it was impossible, today, to tell just when the move would be completed. It was hoped, however, that mail would be received and distributed from the new office not later than the first of next week, possibly sooner.

Those who have already inspected the building and compared it with similar buildings in surrounding towns, declare that it is even more modern in all details than those that have been built in the past few years in neighboring towns, and that the arrangement is more convenient, both for the personnel of the local postoffice department and for the public they serve.

The public has been issued a cordial invitation to attend the dedication services and to inspect the building Thursday night.

AMBROSE IS ELECTED C. OF C. PRESIDENT AT MEETING MONDAY

At the first regular meeting of the board of directors since five new directors were elected by the city commission, Kenneth E. Ambrose was elected president of the Ranger Chamber of Commerce for the coming year, and W. F. Creager was elected vice president. J. E. Meroney was re-elected secretary.

T. J. Anderson, the retiring president, presided during the first part of the meeting and until Ambrose was elected, after which he relinquished the chair and turned the meeting over to the new regime.

As the meeting opened, minutes of the last meeting of the old regime were read and approved, after which a committee, appointed to feel out the sentiment of the people of Ranger concerning formation of a recreational association for the operation and encouragement of all recreation in the city, with particular stress upon football, reported that sentiment seemed to be 100 per cent in favor of the movement and urged the organization of such an association.

The recommendation of the committee was accepted and Dr. Harry A. Logsdon was named, at the suggestion of the committee, as temporary chairman, to conduct the drive for organizing the association, with ways and means left up to a committee composed of Dr. Logsdon, W. F. Creager, E. Ambrose, Rev. Charles T. Talley, Jr., and Bill Mayes.

The new directors present, L. R. Pearson, B. A. Tennell, Lee Decker and B. E. Garner, were each called upon for short talks and each pledged their support and effort in maintaining the chambers of commerce upon a high plane. Lloyd Bruce, the fifth new director, sent word that he would be out of town, but would attend all meetings and work for the organization whenever possible.

The retiring directors, T. J. Anderson, D. Joseph, A. J. Rathiff, J. E. Matthews and S. P. Boon, were given a vote of thanks for their accomplishments during their terms of office.

After Ambrose took the chair, (Continued on page 4)

KERRVILLE MAN IS ARRESTED IN MAIL ROBBERY

SAN ANTONIO, Jan. 25.—U. S. Postal Inspectors today announced the arrest of J. T. Morris, prominent Kerrville, Texas, fur dealer, on a complaint charging him with conspiracy in the theft of a "large amount" of currency and other valuables from the mails.

Deputy U. S. Marshal J. S. McNeel arrested Morris at Kerrville this morning and brought him to San Antonio. The U. S. Commissioner ordered Morris held under temporary bond and set hearing for Thursday.

The complaint charged Morris with "conspiring with Oscar Petty to steal a United States Mail pouch containing a valuable registered shipment of currency and coin."

The theft totaled \$28,900 consigned to an O'Donnell bank. The alleged theft occurred aboard a train near O'Donnell, Jan. 5. Petty was arrested at Lubbock and charged with the theft.

Sheriff, Deputy To Return Woman Charged In Case

Sheriff Lou Woods and Deputy Lou White were in Sweetwater Tuesday to return two persons charged in connection with the alleged passing of hot checks to Eastland merchants during December.

Deputy Sheriff Tug Underwood stated that wives of two men previously charged in connection with the case, were the persons to be returned.

The checks in question, amounting to approximately \$50, were received by J. C. Penney, L. C. Burr company and Cecil Lotief.

Port Corpus Christi Sets New Shipping Record During 1937

CORPUS CHRISTI, Texas.—Passing the five million ton mark for the first time in its history, the Port of Corpus Christi in 1937 exceeded its combined tonnage totals for the four preceding fiscal years.

The enormous tonnage increase, which saw 5,447,780 tons of cargo pass over the port's docks in the past year, is attributed to the rapid growth of oil development in South Texas and the fact that the port handled the second largest cotton receipts of its 11-year history. Preserving of existing ocean-rail rates for commodities shipped between the Atlantic seaboard and points in Texas also contributed to the increase.

Also for the first time in history the Corpus Christi tonnage exceeded that of the oil terminal at Harbor Island, a division of the local port. Harbor Island and the Humble Oil Co. terminal at Ingleside, both on the Corpus Christi ship channel, are listed as divisions of the local port, but their tonnages are recorded separately.

The combined tonnage of the port and the two oil terminals was 11,350,674 tons, the first time the combined tonnage has passed the 10-million ton mark.

Two new general cargo docks, necessitated by the increased tonnage, are now under construction and will be completed about February 1. Permit has recently been received for dredging a ship for operation of a third oil dock to augment the present over-taxed oil-loading facilities. Construction of the oil dock will be started soon.

Colony P-T.A. Will Meet on Wednesday

The Colony P-T. A. will meet on Wednesday afternoon, Jan. 26, at 3 o'clock, it was announced here today.

Mrs. O'Shields, president of the association, has urged that all members be present at the meeting.

Unauthorized Says Townsend Group of Speaker's Figures

No one has authorization to represent Or. F. E. Townsend of national headquarters of the Townsend National Recovery Plan, Inc., that the organization advocates payment of \$100 federal and \$30 state monthly pension payments, it was announced Tuesday following receipt of a communication from R. C. Townsend of Chicago, secretary-treasurer.

J. H. Taylor of Eastland, chairman of the recently organized county old age assistance organization received the information from national headquarters about the \$130 sum after a speaker in this section had asserted that was the aim of the Townsend National Recovery Plan, Inc. Taylor, was doubtful of the speaker's assertion and quizzed the organization.

The newly organized group of which Taylor is chairman has no connection with the Townsend National Recovery Plan, Inc.

Next meeting of the newly organized county group of aged persons is set for Saturday, Feb. 5, at Gorman.

Final Rites For Longtime Citizen Of Eastland Held

Final rites for Mrs. Miriam A. Frost, 81, resident of Eastland since 1890, who died Monday, were conducted Tuesday afternoon at the First Baptist church, with burial at the Eastland cemetery.

Rev. P. W. Walker, pastor of the First Methodist church of Eastland, was in charge, assisted by Rev. J. L. Cartledge, pastor of the First Baptist church.

Mrs. Frost was the widow of James K. Frost, who died July 28, 1922, at Eastland. The family moved to Eastland from Bowie in 1890.

Survivors are six children, Snow Frost of Eastland, Fred W. Frost of Abilene, Frank W. Frost of Altus, Okla., Mrs. Nellie L. Potorff of Tucson, Ariz., Leulah V. Frost of Eastland and Cyrus R. Frost of Eastland; three brothers, John Cherryhomes of Corpus Christi, T. H. Cherryhomes of Jackboro, A. J. Cherryhomes of Jackboro, and one sister, Mrs. Tom Berry of Jackboro. Seventeen grandchildren also survive.

Active pallbearers were R. E. Sikes, Earl Conner, Sr., Judge W. P. Leslie, Joseph M. Weaver, Dr. W. S. Poe, Judge George L. Davenport, A. H. Rhodes, all of Eastland, and J. Frank Dean of Gorman.

All friends of the family were listed as honorary pallbearers.

Hammer Undertaking company, Eastland, was in charge of arrangements.

Alameda Club Has Meet Day Change

The Alameda Home Demonstration Club meet Thursday, Jan. 20, in the home of Miss Addie Belle Howard.

Miss Ruth Ramey, Home Demonstration Agent, met with the club and gave an interesting talk on home to provide the necessary food for the daily need.

The club day has again been changed to every first and third Fridays of every month.

The next meeting will be held at the home of Mrs. Bud Wisdom, Friday, Feb. 4th.

Present: Meses. J. E. Blackwell, B. E. Thomas, G. O. Smith, W. E. Calvert, L. C. Cooksey, S. Rodgers, R. Myrick, Leroy Rodgers, Dee Rodgers, R. R. Browning, Ed Deean, A. H. Deean, O. D. Elrod, J. W. Seany, W. O. Weekes, R. L. Yardley, C. Lee, Tom Howard, Misses Ruth Ramey, Eva Howard, Maydelle Thomas and Addie Belle Howard.

Texas Not Present At Oil Conference

HOT SPRINGS, Ark., Jan. 25.—Gov. Clyde Tingley of New Mexico told the conference of representatives of 10 oil states today that it was regretted that Texas was not represented at the parley.

Gov. Allred declined an invitation on the supposition that representatives would discuss fixing the price of oil.

GALES SWEEP NORTHERN PART OF THE NATION

Wintry gales, reaching a velocity of 50 miles an hour and more, buffeted northern United States today with snow and ice.

A blizzard swirled out of the Northwest into upper Michigan, marooning school children and motorists with snowdrifts 20 feet deep. The storm was reportedly the worst in the history of upper Michigan.

The weather bureau at Chicago announced the storm centered over Lake Huron and was moving slowly eastward. Another storm center was moving northward along the Atlantic coast from New Jersey.

Rapidly dropping temperatures kept the rise of floodwaters in Illinois, Wisconsin and Iowa, but presaged a severe cold wave for the entire Midwest. Snow fell in sections of the deep South.

A raging west wind uprooted wheat fields in Kansas.

A school bus, missing since last night near Marquette, Mich., was found by rescuers. The bus was empty and the searchers found a note saying the driver had taken the children to a farm house.

Marquette fought a fire that destroyed two stores and threatened five more.

Fifty children were marooned in a school house five miles from Ironwood, Mich.

Suffering was intense among 400 persons made homeless by the floods at Rockford, Ill.

An Eastern Airlines transport, carrying two passengers and a crew of three, landed at Hartford, Conn., today after being lost seven hours in a gale. The ship, bound for Washington, D. C., from Newark, N. J., was approximately 100 miles off its course.

Ranger Child Is Buried at Colony

Funeral services for Charles Lee Stuard, three-year-old son of Mr. and Mrs. C. H. Stuard of Ranger, who died at the home of his parents in Ranger Monday, were conducted from the Colony school this afternoon at 3 o'clock, with Rev. K. C. Edmonds of Ranger conducting the services. Interment was in the Colony cemetery immediately after the services at the school, with Killingsworth, Cox in charge of arrangements.

The child was born in Ranger Dec. 11, 1934. Survivors include his parents and one sister, Evelyn Faye Stuard of Ranger.

BARCELONA BOMBED

BARCELONA, Jan. 25.—Nationalist planes bombed Barcelona and its environs today in two raids. It was estimated from 20 to 50 were killed.

Public Apathy Won't Solve Jail Problem

Higher and higher mounts the evidence that American jails are filthy, vermin-packed, ill-regulated fountains of crime and corruption.

Attorney General Homer S. Cummings calls the nation's jails the "worst blot on the American penal system."

Some years ago the Wickersham Commission described county lock-ups as "medieval" and said most of them were indecently crowded, ill-ventilated, unspeakably dirty, and morally degrading.

Every impartial investigator who has taken the trouble to tour the country's jails has come to the conclusion that they neither should be cleaned up or abolished.

JOSEPH FULLING FISHMAN, former inspector of jails for the Department of Justice, is one of the group who feels that the nation would be better off without its county jails. He calls them "iniquitous pesthouses ruled by apathetic sheriffs in 95 out of 100 cases."

Fishman advocates abolition of county jails, as such, and substitution of centralized prisons, maintained by groups of counties, and administered by trained officers so as to provide proper treatment of prisoners, adequate ventilation, exercise, food, sanitation and bathing facilities, segregation of youths and women, and proper regard for the rights of persons awaiting trial.

Proposals to abolish county jails as presently constituted would, of course, require some realignment of our county government. The existing fee system, under which most jails are operated by sheriffs, would have to go.

Well, why not? Penologists blame many of the ills of the present county jail system on the fact that sheriffs are allowed to keep all of the jail fees over and above the amount they spend to feed prisoners.

Possibly there would have to be a reshuffling of authority if several counties used a central jail. Again, why not? That is a conservative proposal compared with the oft-voiced demands that county government be abolished entirely as unnecessary and cumbersome.

The plain truth of the jail problem is that nothing constructive can be done until the people themselves wake up to the fact that conditions are deplorable.

Too many citizens, if they think about jails at all, consider them nothing more than wastebaskets where refuse humanity can be thrown and forgotten. They are little impressed by the fact that the Department of Justice has branded 2300 jails, out of 3000 in the country, as unsuitable for federal prisoners.

They would be roused out of their apathy if they took the time to see actual jail conditions at first hand. Some sort of a mass inspection tour of America's jails might do the trick.

When the Business Leaders Sit Down with the President

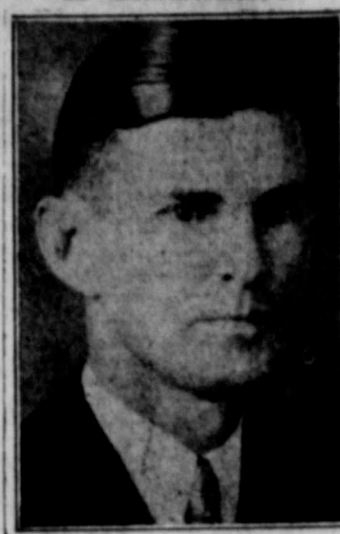

Starring in Paralysis Picture

The grim fight of the infantile paralysis victim is no new story to Mrs. Franklin D. Roosevelt who is shown above visiting two young patients in the Langdon School for Crippled Children in Washington. Supporting the President's birthday celebration to endow a national foundation for infantile paralysis, the First Lady "starred" in a new reel filmed at the school to be used throughout the country in the foundation campaign.

Japanese official contends China overestimates her strength. From the progress of the Japanese drive, compared with advance predictions, there apparently has been some underestimating, too.

Is Candidate

C. H. (Harl) O'Brien, tax assessor and collector, who has announced that he will be a candidate for the position he now holds, running for a second term on his record during the past year.

Finishing Touches Are Being Added To Narcotic Farm

By United Press
FORT WORTH. — Finishing touches were being added today to the four principal buildings on the new U. S. Public Health Service Hospital, Narcotic Farm, being erected a few miles southeast of Fort Worth.

Contracts on the \$4,500,000 project were divided into four units, three of which are under construction. Bids on the fourth probably will be let within sixty days. Construction Engineer Charles A. Sloan said that all buildings and grounds could be completed within 18 months if the final contracts are awarded this spring.

The farm, which will accommodate 1,000 narcotic addicts when finished, may be occupied before

SISTER MARY'S KITCHEN

By Mrs. Gaynor Maddox
A Service Staff Writer

CRUMBS from a rich man's table give richer flavor to simple dishes. Even the humble beet is better for a few bread crumbs now and then.

Escalloped Beets

(Serves 4 to 6)

One and one-half cups bread crumbs, 4 tablespoons melted butter, 3 cups raw beets, cut in 1-2 inch cubes, 1 onion chopped coarsely, 1 teaspoon salt, pepper to taste, 1-2 cups milk. Combine butter and bread crumbs. Mix well. Grease baking dish. Place layers of beets, chopped onion and bread crumbs in dish, having layer of bread crumbs on top. Sprinkle each layer with salt and pepper. Pour in milk. Bake in moderate oven (375 degrees F.) for about 1 hour.

Here's another use for bread crumbs. It is a heavy dish, therefore when you include it in your menu, cut down on the meat a little. It makes a perfect one-dish luncheon, too.

Tomato Custard

(Serves 4 to 6)

Two and one-fourth cups tomatoes, 1 1-2 teaspoons salt, 1-4 teaspoon pepper, 2 teaspoons butter, 3-4 cup dry bread crumbs, 3 eggs. Heat tomatoes with salt, pepper and butter. Remove from fire. Add bread crumbs and mix well. Beat eggs slightly, then slowly add tomato mixture to eggs. Stir well, then pour into greased casserole. Set in pan of water and bake in moderate oven (375 degrees F.) for 40 minutes.

Although it's still a month away to George Washington's birthday, we might experiment now with a cherry recipe, more or less a custard, too, but red in color and cherry, che-nice to taste.

Tomorrow's Menu

BREAKFAST: Slices oranges, hot cereal, poached eggs on toast, toast, jam, coffee, milk.

LUNCHEON: Tomato custard, hard rolls, canned fruit, ginger snaps, tea, milk.

DINNER: Stuffed heart, raisin gravy, potatoes, escalloped beets, salad bowl, cherry bread pudding, hard sauce, coffee, milk.

grees F.) for 40 minutes.

Although it's still a month away to George Washington's birthday, we might experiment now with a cherry recipe, more or less a custard, too, but red in color and cherry, che-nice to taste.

Cherry Bread Pudding

(8 servings)

One No. 2 can pitted sour cherries, 4 cups soft bread cubes, 3 cups liquid (cherry juice and milk), 1 cup sugar, dash cinnamon, 2 tablespoons butter.

Butter casserole. Drain cherries and combine them with soft bread cubes. Arrange cubes and cherries in alternate layers in casserole. Beat eggs slightly, sugar, cinnamon and cherry juice plus enough milk to make 3 cups of liquid. Pour this combination over the casserole.

Top with pieces of butter. Bake in slow oven (300 degrees F.) 1 1-4 hours. Serve hot with hard sauce or slightly whipped cream.

COLLEGE GETS BUST

By United Press

LUBBOCK, Texas. — A bust of Vice-President John N. Garner has been presented to Texas Technological college by Mrs. Amon Carter of Fort Worth. The bust, by Mrs. Elsie Waggoner Bowman, New York sculptress and former Texas, was placed in the West Texas museum on the campus.

C.H. (Harl) O'Brien Will Be a Candidate For a Second Term

C. H. (Harl) O'Brien, tax assessor-collector of Eastland county, has authorized this paper to announce his candidacy for the office for his second term.

O'Brien, in his year in office, has established an enviable record, having handled the office in an efficient and economical manner, as he promised during his campaign in 1936.

For the year 1937, O'Brien has operated the office of tax assessor and collector at a saving of \$1,792.07, it was revealed in an interview, while the work in the office has been handled without sacrificing any of the efficiency.

O'Brien is a native of Eastland county, having been born near Gorman, and having lived in the county all his life. He was educated in the public schools of the county, attending public schools at Carbon and Cisco.

He expects to visit as many of the voters of the county as possible between now and the Democratic primaries this summer, and to base his campaign upon his record while in office. He earnestly

Couldn't Stop Graft in CCC

Burlew Reed

Summoned before the Senate Public Lands committee investigating his nomination as assistant secretary of the interior, Ebert K. Burlew, long time Interior official, said Secretary Ickes and himself had made every effort to correct conditions in the department which resulted in embezzlement of \$64,000 in CCC funds, by a voucher clerk. Major General Walter L. Reed, right, told the committee the army honored in good faith all vouchers involved in the CCC fraud.

Lee Riggs, auctioneer, knows tobacco ... he explains why experts prefer Luckies 2 to 1

"THIS SEASON," says Mr. Riggs, "I've sold tobacco in Georgia, South Carolina, North Carolina, and Tennessee. More than 7,500,000 pounds, I figure, amounting to about \$2,000,000 in money."

"Time after time I've seen Lucky Strike get the prettiest tobacco in the auction. That's one reason I've smoked Luckies ever since I've been an auctioneer."

"Another reason I and so many other tobacco auctioneers prefer Luckies is because we have to watch out for our throats." (Luckies are extra-easy on the throat because the "toasting" process takes out certain irritants found in even the finest tobacco.)

Mr. Riggs goes on to say that Luckies are the top cigarette with people who know tobacco. And he is talking facts.

Sworn records show that, among independent tobacco experts, Luckies have twice as many — yes, twice as many exclusive smokers as have all other cigarettes put together.

Prints on Palm Beach Shore

White pique binding and halter straps provide an ornamental touch for the swim suit in which Dorothy Gould Fowler of Washington, D. C., splashes in the surf. It is boldly striped, plain bands alternating with the contrasting flowered stripes.

Anna Mae Rippey, is spending today in Dallas attending Spring market. Mrs. Rippey, has for a number of years served as head of the ready-to-wear department.

Mrs. F. E. Jacobs, will visit Cisco Thursday afternoon for the purpose of aiding in the organization of a Cisco High school Parent-Teacher association. The Ranger woman acts as president of First district Congress of Parents and Teachers. Last week took her to Breckenridge for a session of the executive committee of Breckenridge City Council. Cisco is looking forward to the organization of the association with much enthusiasm, according to current reports.

Mrs. Eva Mills, is home from an extended visit to San Francisco, Calif., where she was a guest at the home of her brother and wife.

Mrs. and Mrs. W. E. Sneed and daughter, Merl, who made Ranger their home for seventeen years, moving to Plainview last September, miss the news they enjoyed in the Times. Miss Sneed, writes they are desirous of the paper again and renews their former subscription. A severe dust storm is reported by the Sneeds, who like Plainview well with that exception.

Mrs. Fred Hughes, is in Denison, with her daughter, Mrs. Cecil J. Langston, who with her husband announce the arrival of their daughter, Linda Cecile, Sunday, January 23rd. The mother is the former Bertha Fae Sandford, of Ranger. Mrs. Hughes, will remain at the Langston home for a two weeks' visit.

ATTEND MASONIC MEET
A. K. Wier, Joe Dennis, Carl Garner, P. D. Hicks, E. T. Eubank, R. H. West, J. F. Donley, Wm. Paschall, R. V. Burns and Lee Harris attended the Masonic lodge in Eastland Monday night.

MANN AT PLAY
Before buckling down to the training grind for his 15-round world heavyweight championship fight with Joe Louis at Madison Square Garden, Feb. 23, Nathan Mann takes a cruise aboard the Transylvania, and becomes a little boy again in the ship's swimming hole.

Flood Control Is Talked at Meeting

By United Press
BIG SPRING, Texas, Jan. 25.—A program of flood control and soil conservation was discussed today at a conference of 75 representatives of ten counties along the Upper Colorado River watershed.

Building of Cargo Freighters Is Planned

By United Press
WASHINGTON, Jan. 25.—Chairman Joseph Kennedy of the Federal Maritime Commission, today announced a long-term subsidiary agreement with American Export Lines of New York which provides for construction of ten new cargo vessels in the next five years.

SOS From Trawler Reported at Boston

BOSTON, Mass., Jan. 25.—Coastguard headquarters reported today that two stations had intercepted "SOS" calls from the Boston trawler Ripple, which sailed from here Saturday with 20 men aboard.

Fox Hunter Irked, Shoots Stuffed Pet

GOSHEN, N. Y.—Herbert N. Roe, secretary of the County Seat Conservation Club, went fox hunting. He returned—with the mutilated pelt of a sawdust stuffed fox.

It all happened when companions "planted" the stuffed fox in a brush and assigned Roe to approach the spot by direct line while they closed in from the sides. Roe fired twice. Sawdust flew into the air. The "fox" was annihilated.

Ambrose Elected—

Continued from page 1)

Dr. Ross Hodges announced that the county agents had urged that Ranger sponsor a 4-H club livestock show this spring, as was done last year, and the matter was referred to a committee composed of Dr. Hodges and Sig Faircloth. J. E. Meroney mentioned that the time was drawing near for the annual chamber of commerce banquet, and the matter is to be discussed and brought up for action at the next meeting.

Those present at the meeting were T. J. Anderson, K. E. Ambrose, Dr. Ross Hodges, Lee Dockery, J. E. Matthews, A. J. Ratliff, B. E. Garner, A. N. Larson, W. F. Creager, L. R. Pearson, Sig Faircloth, B. A. Tunnell and J. E. Meroney.

have to be balanced by operating economies which cut into the workers' payroll. When this happens, especially to industries which set the pace, general wage levels suffer.

Manufacture of carbon black, considered a natural resource industry since natural gas is the sole raw material in the product, was also high on the wage-paying scale, with an average of \$1,142. Wholesale meat packing workers earned \$1,043.

Annual per capita wages for some of the other industries that are representative and widely dispersed in the state were: Flour and other grain mill products, \$870; bread and bakery products, \$931; lumber and timber products, \$583; cottonseed oil, cake and meal products, \$475; cotton manufactures, \$536; men's clothing and furnishings, \$527; women's, misses' and children's apparel, \$589; ice manufacture, 918; non-alcoholic beverages, \$946.

CAPT TOWN HAS 300,330
CAPE TOWN.—The population of Cape Town grew from 293,180 in 1936 to 300,330 in 1937, according to statistics issued by the medical officer of health.

Testimony Is Heard In Murder Trial

By United Press
LOS ANGELES, Jan. 25.—County autopsy surgeon A. F. Wagner today testified that Paul Wright's trial for the murder of his wife and best friend, John Kimmel, that four bullets were fired into Mrs. Wright's back and three of these bullets passed through Kimmel's body.

CATHARTICS GOT YOU DOWN?

If you have common constipation, due to lack of bulk in the diet, harsh purgatives don't get at the cause of the trouble. Often they leave you weakened. It is better to eat a natural laxative food. Try regular breakfasts of Kellogg's All-Bran. It contains vitamin B—the intestinal tract's great tonic. And All-Bran provides "bulk." It absorbs moisture, softens like a sponge, and forms a mass that aids elimination. Eat this crunchy cereal every day, drink plenty of water and join the "regulars." Made by Kellogg at Battle Creek.

Your telephone is seldom out of order now, because...

telephone management said...

"OUR JOB IS TO CUT TELEPHONE TROUBLES"

The men who head the telephone company have always believed even good service can be better. Their aim has been better and better service at low cost to the user. One result is that today your telephone almost never needs repairs.

In 1936, there were 23 reports of telephone trouble a month for every 100 telephones in the Southwest. Last year there were only 6 reports for every 100.
