

Austin Sets 'Dimmitt Day'

about dimmitt and castro county by b. m. n.

West Texas weather is ideal if you like variety. Since the first day of this week we have had rain, sleet, snow, sub-freezing and at present as pretty golf weather as you could hope for. People who pine for the good old days have forgotten what it was like during cold weather before the advent of indoor plumbing.

Maybe it is an indication of things to come when a columnist in an Amarillo paper refers to the John Birch Society as a far right splinter group, and in the same paragraph takes issue with J. Evertes Haley, the darling of the Panhandle John Birchers. Tommie Thompson in his "Turnstile" column in the Amarillo Globe recently took a swat at Haley and others who oppose progress in the Amarillo-Canyon area.

Dimmitt merchants will stage a new type of promotion next weekend, when many stores will participate in a Crazy Days event. This will be a city-wide promotion and should, and no doubt will, attract large numbers of shoppers interested in purchasing quality merchandise at bargain prices. I will boost their sales by purchasing a pair of socks and maybe an undershirt if the price is right.

I believe everybody breathed a sigh of relief when the Senate Foreign Relations Committee hearing, with Secretary of State Dean Rusk as the victim, was over. The spectacle was enough to turn your stomach. Right or wrong in his views, Secretary Rusk is one of the hardest working and most dedicated men in the national government. He implements and carries out the policies of the administration, and his severest critics should give him A for effort. The chairman of the Foreign Relations Committee, Senator Fullbright of Arkansas, an avowed dove as well as being a Rhodes Scholar, shows more distrust and dislike for his fellow countrymen than he does for the aggressors and enemies of his country.

It could be reasoned that Senator Fullbright disqualified himself as a responsible member of the Senate, or the committee on which he serves, when he declared that the Senate made a mistake when ninety-eight or so of its members voted for the Bay of Tonkin Resolution, giving the President authority to use whatever force necessary to put down the invasion of South Vietnam. In our type of government we can't afford to have one branch of the government putting another branch of the government out on a limb then saving it off, this could only mean disaster in the (See "About Dimmitt" Page 6)

DON YARBROUGH of Houston became the second man in the Texas governor's race to visit Dimmitt when he appeared at a get-acquainted luncheon here Wednesday of last week. Here, he greets Mrs. Carl King. Addressing a luncheon audience of 20, he labeled poverty as the state's main problem, with more people on poverty rolls in Texas than in any other state. He said the elimination of poverty would also lead to reduction of crime in the state. Hosting the luncheon was Norman Cleavinger. (Louise Stone Photo)

Dimmitt will be the focal point of Texas Tuesday when the Texas Industrial Commission conducts an all-day seminar to boost the city along the road to new industries.

THE SEMINAR in Austin, which will last from 9:35 a.m. to 3:35 p.m., was requested by the Chamber of Commerce. Dr. J. D. Blackburn, president, has labeled industrial development as the chamber's main objective this year.

Jimmy Ross, co-chairman of the chamber's industrial development committee, said he expects at least 10 Dimmitt residents to attend, and is hoping for a delegation of 20.

"This seminar isn't just for Chamber of Commerce members," Ross explained. "It's for anyone who's interested in helping attract any kind of new industry to Dimmitt."

ROSS IS coordinating travel arrangements by both plane and car.

The TIPS program (Texas Industrial Planning Seminar) will be in Room 10 of the Sam Houston State Office Building in Austin, home of the Texas Industrial Commission. Seven of the state's top industrial planners, labor and business analysts will help conduct it.

Several of the state industrial consultants on the program have already visited Dimmitt and studied the city's facilities, labor market and business climate.

TUESDAY'S topics will include:

"What Comes First in Industrial Development."

"Ideas for Improving the Appearance of Dimmitt."

"Using Your Research and Education as a Factor in Plant Locations."

"Facts and Figures—Where to Find Them."

"EVALUATING Dimmitt's Labor Market."

"The Importance of the Industrial Vocational Training Program."

"Securing and Evaluating Industrial Sites and Buildings."

"Methods of Industrial Financing."

"Working With Your Allies and Use of Community Promotion Programs."

"Organizing an Industrial Foundation."

"Finding Industrial Prospects."

SPEAKERS will include Jim Heath and William L. Davis, TIC industrial development consultants; Mrs. Graham Blackstock, managing editor of the Texas Business Review; Hollis Lundford and Randall Keeling, labor analysts for the Texas Employment Commission; Leslie V. Ballard of the Texas Education Agency's Industrial Education Division; and Don R. Raburn, acting assistant executive director of the TIC.

During the seminar's mid-day break, the Dimmitt delegation will have a pre-luncheon meeting with Gov. John Connally in his State Capitol office.

GSPA to Meet Tuesday Night

The Castro County Grain Sorghum Producers Association will hold its annual meeting Tuesday at 8 p.m. in the courthouse assembly room.

ON TAP are nomination of officers for the coming year and reports on the progress of the national GSPA and Water, Inc.

Melvin Barton of Easter, county GSPA president, said the county elections will be computerized this year.

Nominations made Tuesday night will be placed on a mail ballot, Barton explained. Then the IBM computers used for GSPA billings and collections will mail the ballots to all paid-up members here. Later, the same computer will tally the results.

ELBERT HARP and Y. F. Snodgrass of Abernathy, both representatives of the national GSPA, will be on hand Tuesday night to report on the organization's accomplishments during the past year and its goals for the future.

In addition, Ray Joe Riley of Sunnyside, director in Water, Inc., will report of the effort of his organization toward getting water imported to West Texas in the future.

Coffee and doughnuts will be served.

Follies Enter Final Stretch

Performers in the Lions Club Follies are going into the final stretch of rehearsals this week for the annual show, which will be staged March 22 and 23.

"THE ROARING '20s" will be the theme for the entire show. Directed by Dwight Joiner, the Follies will include soloists, comic dance acts, instrumentalists and combos, a barbershop quartet, a style show of 1920's fashions, and the Lions Club Chorus.

Tickets will go on sale Tuesday. Proceeds will go toward Lions Club community projects, including the American Field Service exchange student program and the junior baseball park project.

Barton Is Sixth In Trustee Race

Melvin Barton, Dimmitt farmer, filed his candidate's petition before last Thursday's deadline to turn the Dimmitt School Board election into a six-man race.

Three trustees are to be elected April 6.

THOSE WHO FILED earlier were Cliff Cook, owner of Dimmitt Sully Lane; Cyde Dameron, Flagg farm operator and former school teacher here; and incumbent trustees Jim Golding, John Merritt and Carroll Webb.

SEASON'S REWARD — A tired, tearful squad of Dimmitt Bobbies gather at mid-court of Lubbock Municipal Coliseum to accept their Region 1-AA runner-up trophy Saturday night. Although it was the highest trophy earned by any Bobbie team in the 1960's, the girls were crestfallen after losing the championship to Spearman, last

year's state finalists, by just three baskets. Accepting the trophy are scoring partners A'llan Webb and Debra Summers, who ended their basketball careers in the championship game after putting a combined total of 4,434 points on the Bobbies' scoreboard during the last three years.

Bobbies Finish Season Among State's Top Eight

The main problem in having a team good enough to get into the playoffs is that the odds are 32 to 1 that your season will end with a loss.

THAT'S what happened to the Dimmitt Bobbies Saturday night in Lubbock as their highly successful year came to an end, three buckets short of the Region 1-AA championship.

After downing Slaton in the bi-district title game and Granbury Saturday morning in the regional semi-finals, the Bobbies bowed to the ball-controlling Spearman Lynxettes, 54-48, in a regional championship bout that went right down to the buzzer.

For the experienced Lynxettes, state champions in 1966 and state finalists last year, it was the third regional championship in a row.

BUT FOR the Bobbies, the only "new" team in the regional tourney, it was a big heartbreak—despite the fact that they finished as one of the eight top Class AA girls' teams in Texas.

The Bobbie guards were able to break up Spearman's cool ball-control game and give Dimmitt's forwards their usual number of shots, but the team's shooting percentage dropped to 40 percent and the Bobbies didn't get their regular momentum going until the final three minutes.

That's when the game took a turn for its frantic best for Dimmitt fans as the Bobbies cut a 12-point deficit in half while the clock ticked mercilessly away. **THE BOBBIES** were unable to shoot over the deficit that had been building for two quarters however, and the clock halted their frantic drive while they were still six points from the title.

Spearman won by holding the Bobbies to 12 points in the second period and nine in the third while methodically building a big 12-point lead, 42-30, going into the final frame.

A slow first quarter ended with Spearman on top by a point, 9-10. At halftime the score was still surprisingly low, 21-29 in Spearman's favor, as the Lynxette for-

wards ate up the clock with their methodical, sure-shot offense.

THE THIRD quarter was more of the same as Spearman added 13 points while the frustrated Bobbies were locating the basket for only nine.

In the lively fourth frame the Bobbies found the range and hit for 18 points, but Spearman maintained its steady pace with 12 to keep Dimmitt downhill.

Debra Summers bucketed 25 points for the Bobbies, while A'llan Webb hit for 20 and Ruth Dyer for three.

"I REALLY feel that if we had had a little more time, once we got our momentum going in the fourth quarter, our girls could have won the game," Coach Van Kountz said afterward. "But we got started a little too late."

He added, "We got the shots—I was surprised we got as many as we did against them, and that as many of them were close in. We shot 47 times—which has been our average this season—but it was the lowest score our girls had all year. Usually, when our girls get 47 shots they'll get 60 points or better."

Only once before had the Bobbies scored less than 50 points. That was against Friona in a district game Feb. 9.

"I THINK the situation, the excitement of it, had the girls a little more nervous than normal," Kountz said. "They wanted to win so badly that they couldn't relax."

But he added, "I'm very proud of the girls, and I think they did an excellent job this year. They had a real find attitude and worked very hard. I think they had a successful year even though they didn't get to go to Austin."

THE BOBBIES finished the year with a 30-9 record. Four of their losses were to last year's state finalists in three classes—Tulia, Springlake and Spearman—and another was to Class B state contender Sundown.

Saturday night's championship bout was the last game for forwards A'llan Webb and Debra

Summers and guards Betsy Simpson and Shirley Leinen.

DURING HER three-year varsity career, Webb put 2,372 points on the scoreboard for the Bobbies—1,024 this year, 841 as a junior and 507 as a sophomore. Summers was close on her heels with a career total of 2,062, including 953 in 1961 and had won a district title as a sophomore.

It was the first district championship team for Kountz in his three years here, although he had taken a Sands team to state in 1961 and had won a district title at Post in 1963.

Board Drops Bobbie Coach

The Dimmitt School Board voted Monday night not to extend the coaching contract of Van Kountz, DHS girls' basketball coach and biology teacher.

MEANWHILE, the board granted one-year contract extensions to the schools' five other coaches and Band Director Ralph Smith.

The action came two nights after Kountz's Bobbies had finished second in the Region 1-AA girls' basketball tournament in Lubbock. He has been with the Dimmitt Public Schools three years.

OFFERED one-year contract extensions with salary increases were Kenneth Cleveland, boys' basketball coach and athletic director; Brown L. Smith, head football coach; Jones Hedrick, track coach and football assistant; John Lantz, junior high coach; Mainess Gibson, junior high coach and physical education instructor; and Ralph Smith, music head and band director.

All administrators in the school system received one-year contract extensions from the school board last month. General teacher contracts are to come up for board action April 8.

Show Followed By Brisk Auction

The county's junior livestock raisers had a good show and sale over the weekend, with the help of a lucky weather break and despite a regional basketball tournament.

SATURDAY'S sale was brisk, with 180 animals bringing premium bids totaling \$28,940. The sale total was \$5,000 short of last year, however, mainly because fewer animals made it through the siting and into the sale.

Prices averaged 46.8 cents per pound on steers, 52.78 cents on barrows and 91.48 cents on lambs. Top prices were \$1 per pound on steers, \$2.20 on barrows and \$1.75 on sheep.

Facilities were better than ever this year. Youngsters had the use of a new 16x100 ft. wash rack with access doors from the stock buildings, plus more electrical outlets throughout the buildings. These improvements were arranged by the county commissioners court, and were designed to tie in later with the construction of a proposed fair pavilion.

ALSO, the sale barn had a better ring and more seating space this year, thanks to 4-H'ers and the county commissioners.

These were the top animals in the show:

Meet the Grand Champions!

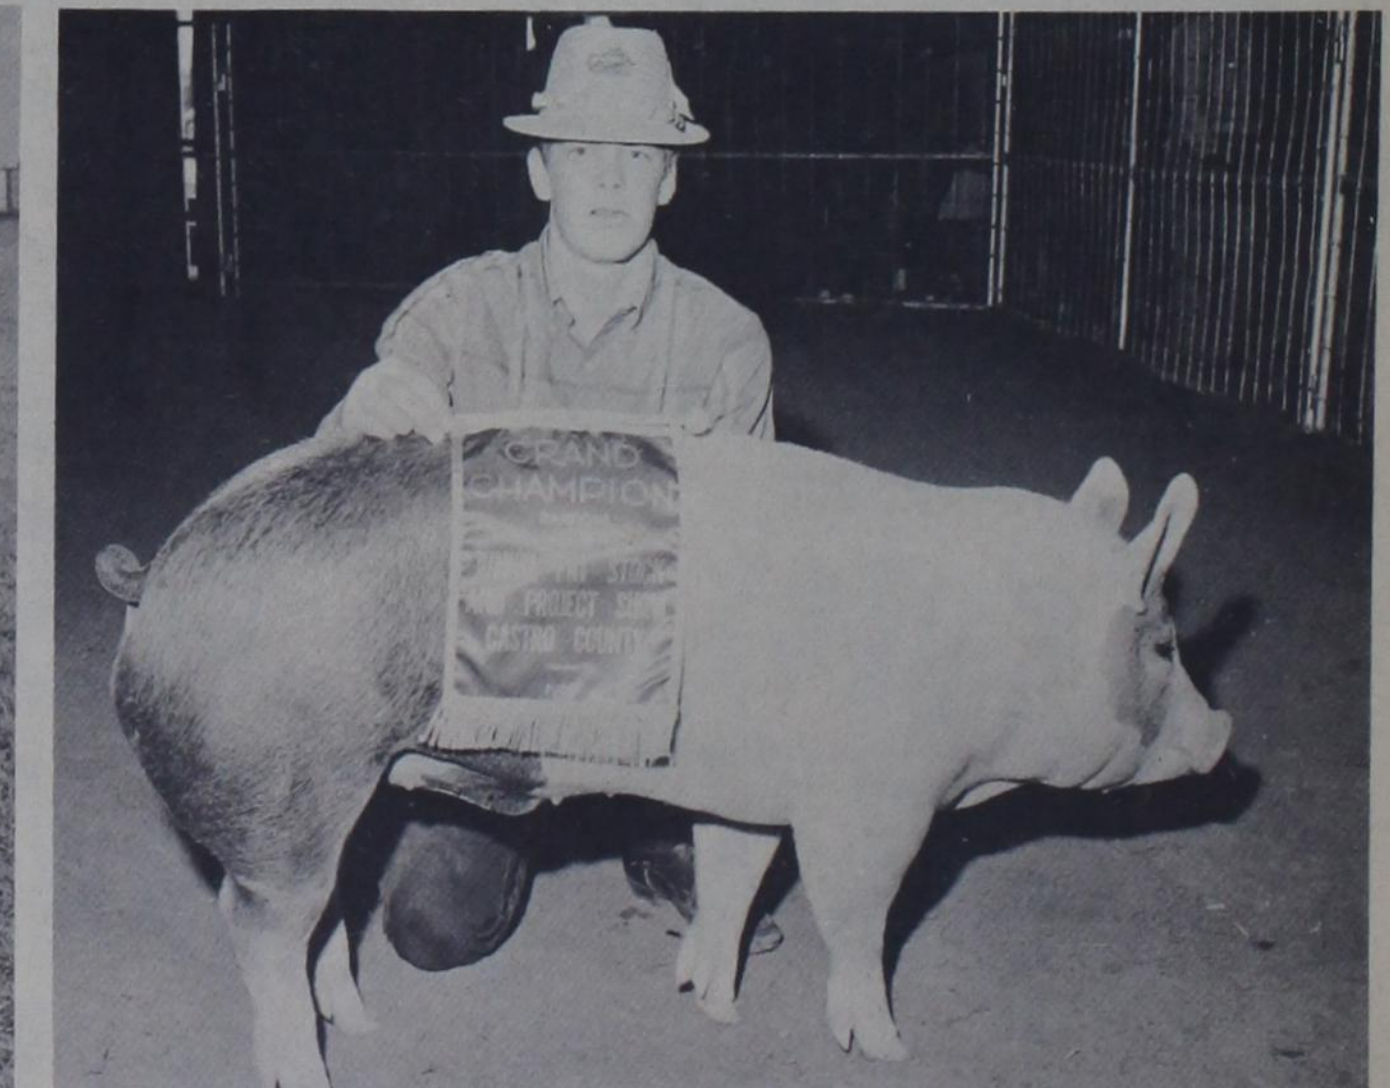

A BROTHER TEAM of Terry Hill (left) and Dean Hill of Hart raised the steer that captured the grand championship in the Castro County Junior Fat Stock Show Saturday. The 936-lb. Hereford, named "Old

Yellar," was bred by Richard Windham of Baird. Terry and Dean are the sons of Mr. and Mrs. Bill Hill and are members of the Hart 4-H Club. (Louise Stone Photo).

THE LAMB that took the grand champion banner Friday was this 100-lb. Southdown shown by Darrell Pope. Darrell, who is president of the Dimmitt FFA, is the son of Mr. and Mrs. G. C. Pope of Dimmitt. (Louise Stone Photo).

THE BIGGEST SHOW of the weekend was the barrow division, and the best barrow was this crossbred, "Arnold," raised and shown by Carroll Gerber of the Nazareth

FFA. Carroll is the son of Mr. and Mrs. Albert Gerber. The barrow won the banner over the champions of 11 other weight and breed classes. (Louise Stone Photo).

Site Tips Given On Farm Building

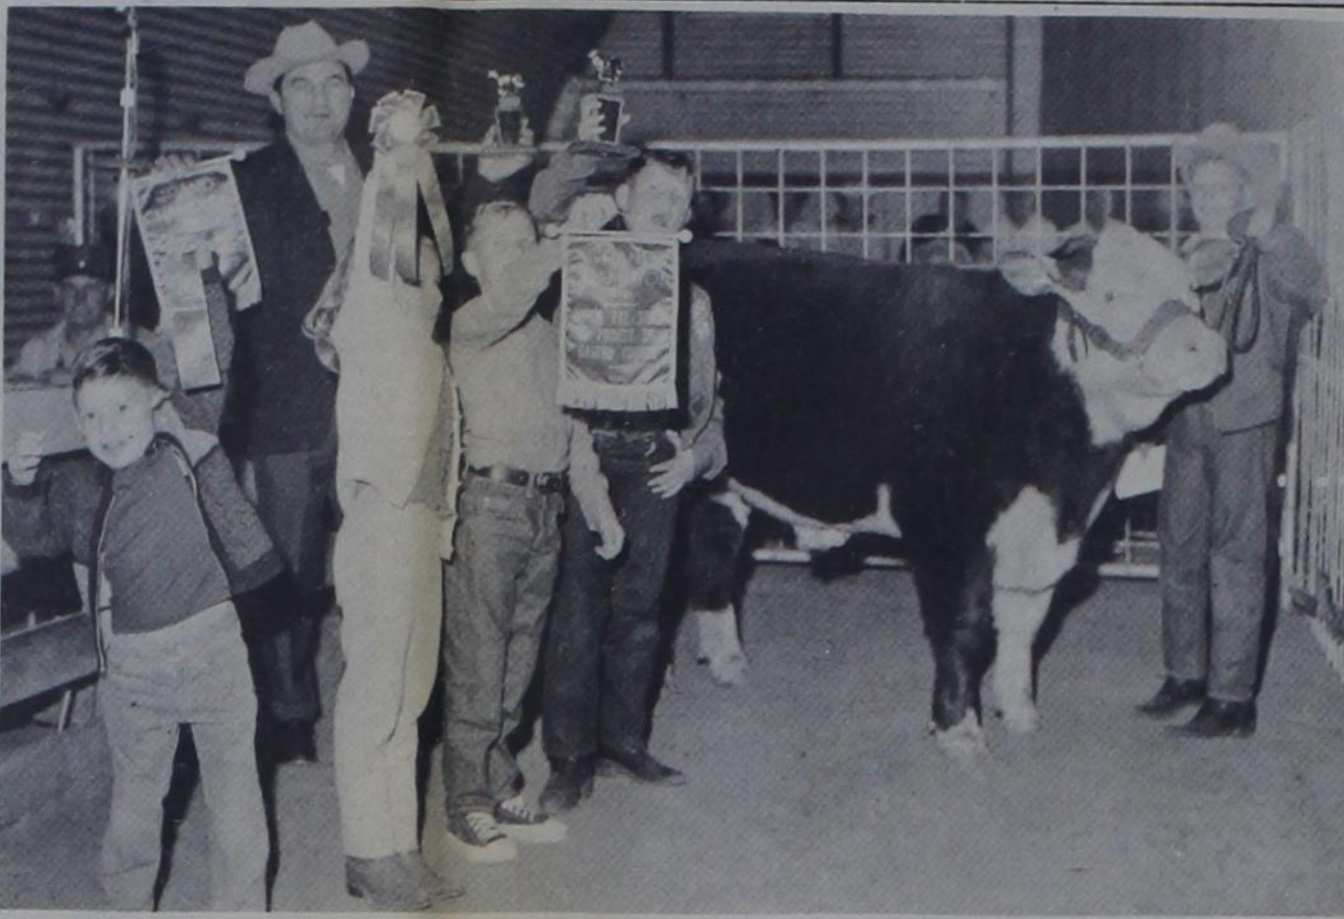

If you're planning a new farm building, proper selection of the site can reduce the cost, says W. S. Allen, Extension agricultural engineer at Texas A&M University.

IF A LEVEL, well drained site is available, it will be a big aid to keeping costs at a minimum. There will be little or no need for such equipment as bulldozers, earth movers and backhoes; and saving will also be possible on foundation materials.

If possible, he adds, do the grading before starting construction. This allows the equipment to proceed without hindrance, and it reduces costly hand labor that might be necessary to reach areas the equipment could not get to if construction were going on.

When fills are necessary, says Allen, make sure that adequate and properly reinforced foundations are provided. He advises thoroughly packing fills within buildings or lots where concrete floors or pavement will be used. If such precautions are taken, he warns, settling will cause the concrete to crack and be uneven.

He explains that earth spread and packed in shallow layers will settle less than earth dumped in greater depths and packed only from the top. Moist earth, he says, packs better than dry earth. Allen advises using sheep-foot or wheel-type rollers to pack the earth as it is spread.

BID 'EM UP! — When Terry Hill marched his calf into the ring Saturday afternoon, his brothers and sister pulled a slick sales gimmick — they came marching right in behind him, holding up all the banners and trophies the prize steer had won. Willis A. Hawkins Jr. (background) of Farmers State Bank in Hart liked their sales technique so well that he outbid everyone else for the calf — then he got a banner, too.

Bible Thoughts

PREACHING CHRIST
By Ronnie Parker

Christ is the fulfillment of man's ultimate quest and the satisfaction of man's greatest needs. There is no source of spiritual life outside Christ. He is very much alive and provides the only solution to sin. The early Christians were blunt about it. And in none other is there salvation: for neither is there any other name under heaven, that is given among men, wherein we must be saved." (Acts 4:12). Those who truly and Biblically obey Christ are freed and cleansed of all sin and guilt.

Whenever and wherever men come to know and receive Christ in their lives they thus have a message to share with others. This has been the hallmark of Christianity. Christians so filled with Christ that they could not keep from sharing His message with others. Christ is our message today. Paul said it best: "So we preach Christ to all men. We warn and teach everyone, with all possible wisdom, in order to bring each one into God's presence as a mature individual in union with Christ" (Colossians 1:27-28).

Christ will be preached during our spring meeting March 24 through the 29. Everyone is cordially invited. Service times are: Sunday — 10:30 a.m. and 6:00 p.m. Weekdays — 7:45 a.m. and 7:30 p.m.

FOURTH AND BEDFORD CHURCH OF CHRIST

INTO THE LEAD — Debra Summers, Dimmitt's all-regional forward, puts the Bobbies in the lead for the first time, 9-8, against Granbury in the first quarter of Saturday's Region I-AA semi-final bout in Lubbock. Summers paced Dimmitt's attack with 29 points in this victory over Granbury and 25 Saturday night against Spearman in the championship game. Unable to stop her shot is Granbury's Kay Davis (14).

"REMEMBER, GRANDPA, WHEN..."

How Grandpa loves to hear that young voice say those magic words that mean, "We had good times together! I appreciate all the wonderful things you did for me when you were younger and able." Old folks love attention. They need it. They deserve to have it. They've spent their lives helping us, many times at the expense of their own desires and plans.

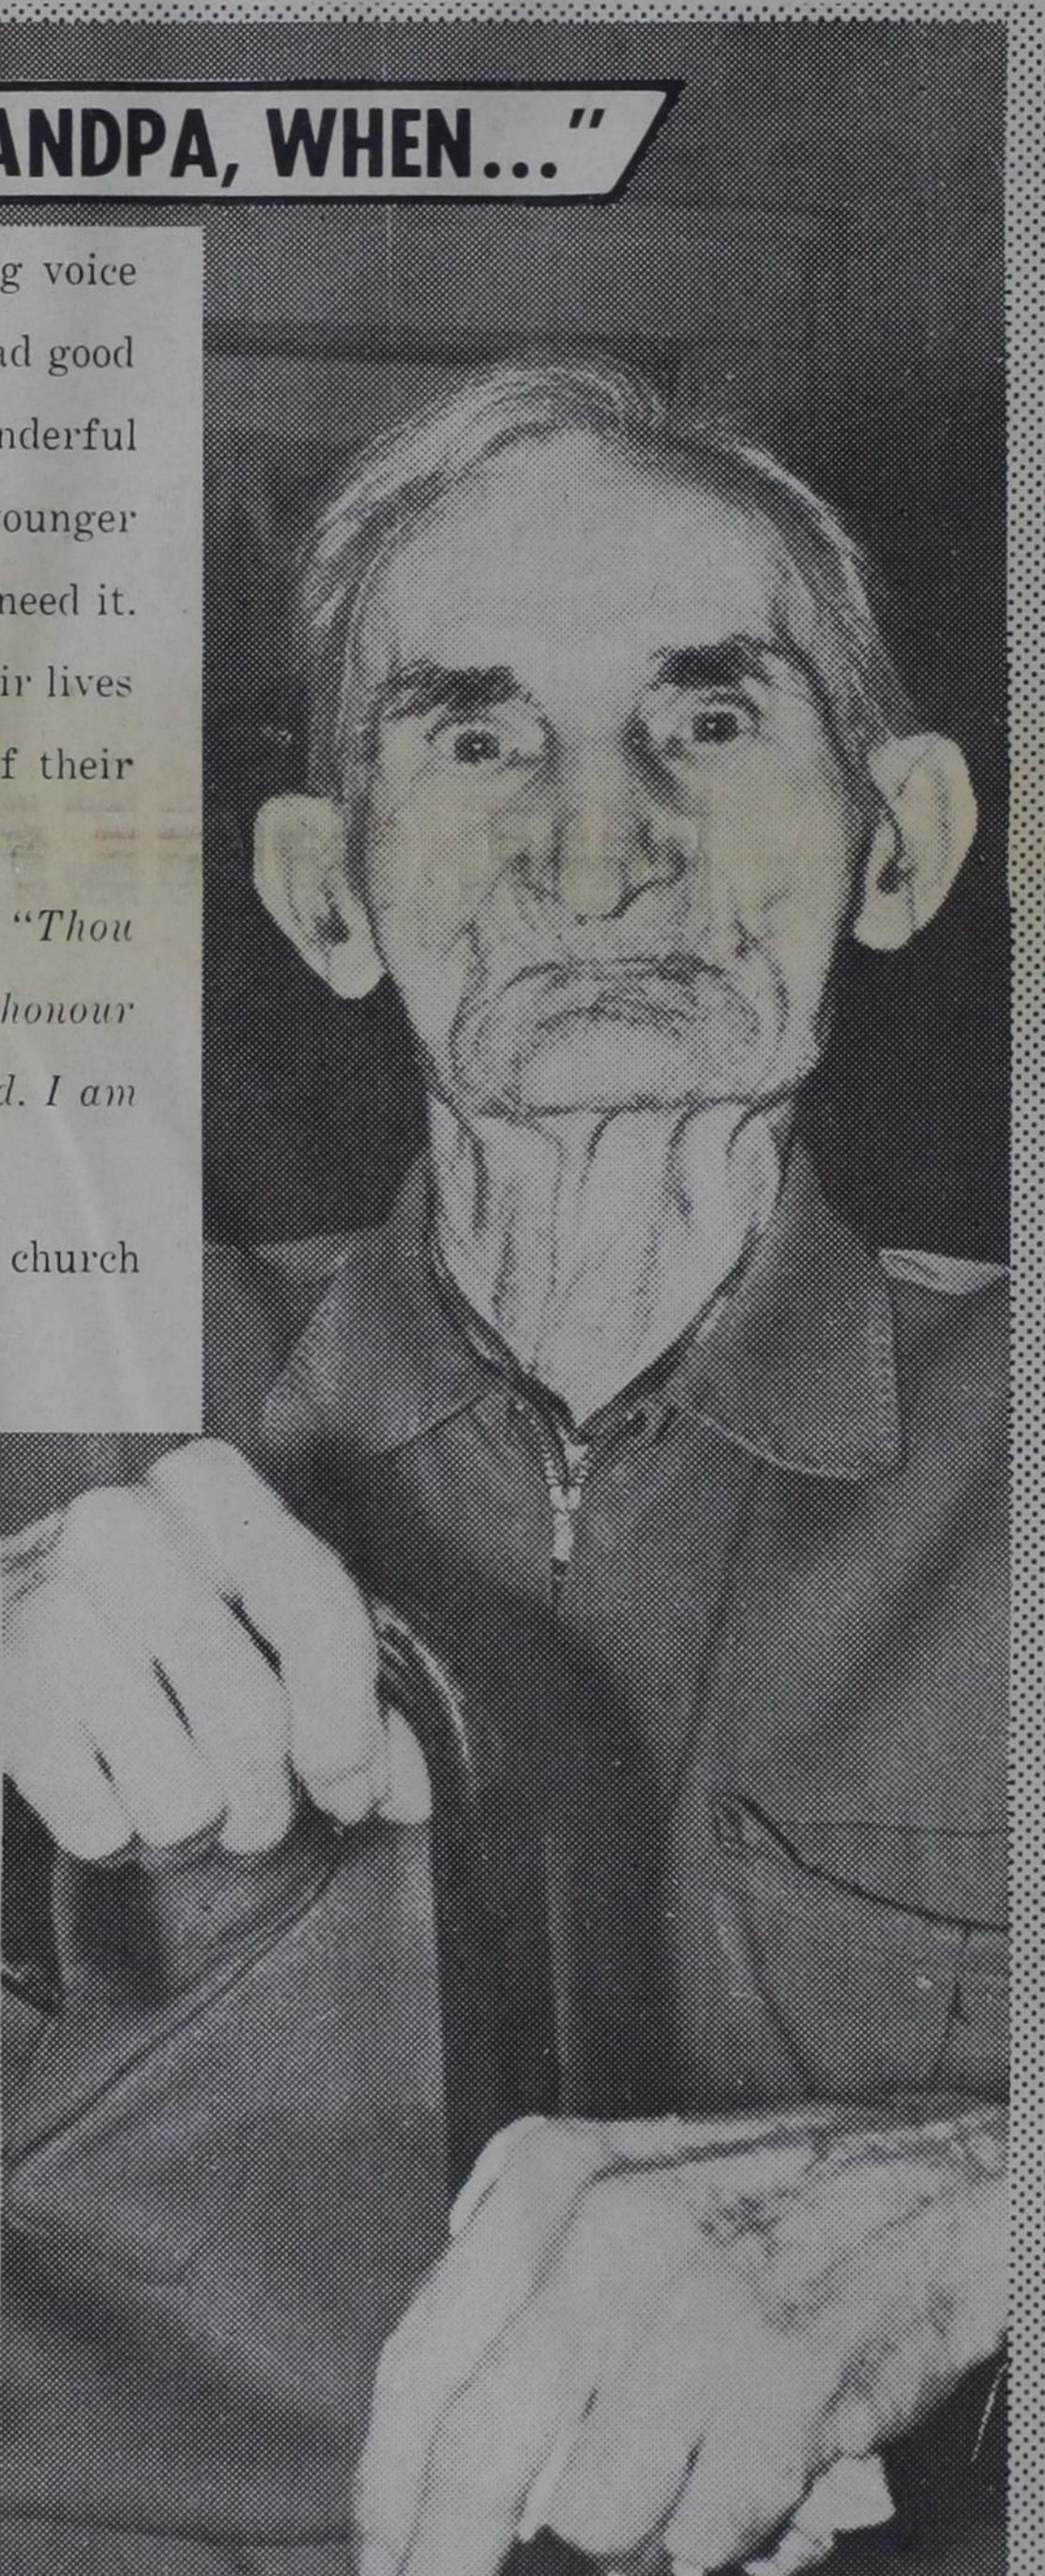

God commands us in Leviticus 19:32: "Thou shalt rise up before the hoary head, and honour the face of the old man, and fear thy God. I am the Lord."

Honor the older ones, too, by attending church this week and taking them with you.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Basketball, Stock Show Keep Residents Running

By MYRTLE SHEFFY
 "The talk of the town" was the Junior Fat Stock Show that lasted three days, and the regional tournament basketball games played by the Bobbies at Lubbock. The Bobbies were the winners until Spearman came along. But I hear they played a good game, and the main thing is how you play. We are very proud of those girls.

live at Presbyterian Children's Home. Mikey Stephens has gone to Puerto Rico for a few days. She is district manager of West Lawn Memorial Park, and will meet there with the national association. Mikey will be one of the speakers, and she will make a special trip to the Virgin Islands. She comes here from Sudan. Earl Brock is the Dimmitt manager.

Mrs. Ginger Medders teaches Art and manages a frame shop.

The paintings will be on exhibit for a month. Go in and see what smart folks we have here.

Tommie is teaching self-improvement in Hereford High School, and was the guest speaker for the Hereford Study Club one day last week.

Mrs. Woodrow Nelson and brother, Ed Brock, met their family from McLean and Fort Worth at a relative's place in Lubbock Sunday for a get-together. They attended church at Shallowater.

MR. AND MRS. Orby Moore, their son Richard and his wife Dale visited Mrs. Moore's parents, Mr. and Mrs. Norman Cooper, in Portales Sunday.

Dornie and Wanda Nelson went to Lubbock for a few days. Dornie goes for National Guard training there once a month.

Ed Brock has returned from Toronto, Canada, where he helped his daughter, Pat and Troy Warren, move back to Texas. The Warrens did missionary work there for the Church of Christ. They came by Gravette, Ark., to visit Doyle and Betty Houtchens. They all came on here to visit Dora Houtchens and son, Charles, the Staffords, Hestands and the Ed Brocks.

MR. AND MRS. Lon Woodburn and their niece, Susie Marchman of Clovis, have returned from a visit with Mr. and Mrs. Ralph Vaughan of Tucson, Ariz. While there they enjoyed seeing the Vaughans' large collection of Indian artifacts, antique bottles and glassware.

A BRIDGE party, or tournament, is planned for March 29 and 30 at the Recreation Club. Make plans to come, bring a table, cards and a partner. Each person will pay \$1 per night. The money will be used to pay for things there. Virginia and Dorothy Gilbreath, Maxine Tidwell and Mrs. Ray Robertson are in charge.

Then on April 5 and 6, a "42" tournament will be played at the same place. Come and bring tables, dominoes and partners, and be ready for fun. The Sid Sheffys, Irvin Otts, Percy Harts and Roy Clucks will be the committee for this event.

ALMA HENDRICK and Glover Frazier were married March 2 in the home of her sister, Mr. and Mrs. Elmo Hicks, in Amarillo. Another sister and family, Mr. and Mrs. Lonzo Coffee, were there. Also, Mrs. Roy Hunter (you will remember her as Miss Dimmitt (Lynda Logan), was a guest at the ceremony. The Fraziers will live in Dimmitt.

Billie Johnson visited her children last Sunday in Amarillo. They live at the Presbyterian Children's

JAMES HORTON of First State Bank is over at Texas A&M for a week's study course.

Morrison went to the regional tournament, then went on to San Antonio to attend the ginner's convention. The Tuckers will visit their daughter Shirley and Rex Easterwood who live there.

I just heard that Katy and Swain Burkett, Ola Mae Trimble and Maurine Bice represented Dimmitt well at the National Duplicate Bridge Tournament at Clovis Friday night.

Nolan Froehner attended a workshop on the Methodist Hymnal at Plainview Sunday afternoon. The workshop may lead to a few changes — maybe not so many high notes!

MR. AND MRS. Jack Kenaid of Estelline were weekend guests of friends, C. B. and Juanita Welch. Juanita is at South Grade School and C. B. is with Vardell Fuels. Dr. and Mrs. Bill Lee spent a few days vacationing at Juarez

BRAD AND Juanita Fuller left Sunday for Kearney, Neb., to visit their son, Kenneth and Peggy and children, Kenneth and Allie Grain Mills. Brad has a sprained ankle, but was able to ride up north.

It's an 8-pound boy for Marty and Robert Benton, born Saturday in Hereford. Robert called his pastor that the father was doing fine.

Mrs. Ethel Damewood of Virginia is a guest of her friends, Ethel Womack and Leola Haberger. Mrs. Damewood spends the summer months with her daughter, Mrs. Walter Myrick and family at Borger. Walt is with a big chemical company there.

Rev. Darris Egger's mother was buried at Crosbyton Monday. Darris was the pastor of the First Methodist Church here a few years ago. Our sympathy to the family.

VICTOR HUGHES, a student at Texas Tech, was a weekend guest of Mr. and Mrs. Earl Lust, and also came to church with them. Victor's parents, the Ed Hugheses, moved from Dimmitt last year to Morenci, Ariz., where they own a ranch.

I saw Janis Cates and her mother, Mary Baldrige, shopping Saturday. Janis and her husband, Kelton, live at Ringwood, Okla.,

GUESTS IN the Earl Morgan home recently were Mr. and Mrs. A. J. Shodden (aunt and uncle), Mrs. Aubry Smith of Lubbock, Mrs. Larry Brown and son of Hereford and Mrs. Homer Hill of Hart.

Mrs. George Hudson drove to Austin where she visited her daughter for a few days.

Veva and Bob Cagle visited his folks at Brownfield this week. Floyd and Fern Diekey visited his father in Fort Worth last week. Fern and daughter, Suzanne Axe, and her baby are at Wellington now visiting relatives and friends.

JUNE GLADMAN writes from Plainview that Roy Smith had an "honorary capping" at Methodist Hospital in Lubbock. Roy was so helpful during the many weeks his wife was bedfast from a broken hip. Becky Halley, head nurse, did the honors.

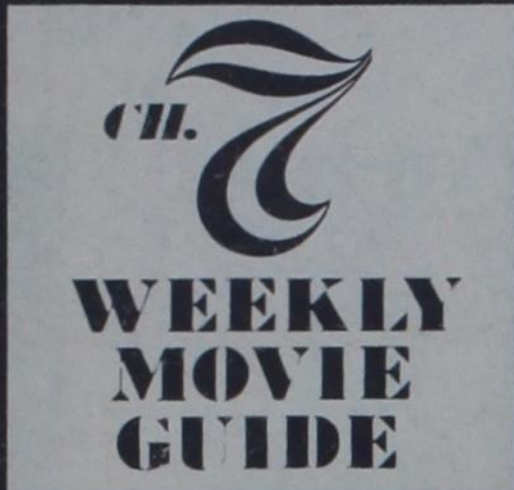

KATE BEECHER was hostess at a party Thursday afternoon when a group of friends came

MARGARET BOREN had a few ladies in for bridge and her always-good food Friday. Enjoying the fun were Mrs. George Bradford, Mrs. P. L. Cunningham, Mrs. Edgar Ramey, Mrs. Roy Cluck, Mrs. Annie Singer, Mrs. Clarence Bearden and Mrs. Sid Sheffy.

Janie Vick went to her home in Canton, east of Dallas, to sing in the weekend service commemorating the 75th anniversary of her home church. She also visited her parents, Mr. and Mrs. Edwin Vick.

Marge and M. E. Cleavinger visited their daughter, Judy, and her husband, Tommit Robertson, and the baby in Oklahoma City last weekend.

TOMMIE BISCHOFF says the art exhibit Saturday was a big success. More than 75 pictures — oils, mostly — were shown by people from Grady, Hart, Hereford and here. The Art Center is on Broadway next door to City Drug.

V.F.W. NEWS

By GEORGE DERRICK

A large group from our post attended the VFW District Convention at Plainview Saturday night and Sunday.

FRIDAY night, our post will host a special "Old Folks Dance" at our post clubhouse. Starting time is 9 p.m. Mrs. Lily Marie Howard will furnish the music.

The price of admission will be in the form of a donation at the door. All proceeds will go to the Golden Spread Rest Home of Dimmitt, to help buy a color TV set for the home. Make your plans now, to attend.

If you cannot attend this special dance, and wish to contribute to this cause, please contact any officer of our post, or call 647-5246.

A LARGE crowd attended the dance at our post clubhouse Saturday night. The "Texans" furnished the music, and they were excellent. Tentative plans are for this musical group to play another dance for our post Saturday night, March 23.

Peace Corps Test Slated Saturday

Dimmitt area residents interested in putting their skills to use in developing nations around the world are invited to take the Peace Corps Placement Test at 1:30 p.m. Saturday at Amarillo P.O. Building, Room 314, Fifth and Taylor Streets.

THE PEACE Corps uses the Placement Test to determine how an applicant can best be utilized overseas. The test measures general aptitude and the ability to learn a language, not education or achievement. The test requires no preparation and is non-competitive; and applicant can neither pass nor fail.

Persons interested in serving with the Peace Corps must fill out an application, if they have not already done so, and present it to the tester before the test. Application forms are available from post offices.

Fifteen thousand volunteers are currently serving in Asia, Africa, Latin America and the Pacific Islands, working with the people of those nations in self-help projects ranging from food production to health to education. More volunteers are needed for programs which will begin this spring and summer.

Safety In Stainless—Because of nickel stainless steel's toughness, as well as its gleaming appearance, the material is used for doors on modern bank vaults and to make safe deposit boxes.

PLANT THICK

in narrow rows

One of the best means of getting higher harvest populations and higher yields is to plant thick in narrow rows. This spreads out plants so each gets more light, moisture and fertility. DeKalb has XL Varieties bred and recommended for these conditions. See your DeKalb Dealer.

More Farmers Plant DeKalb than any other Brand.

Beef, Pork Lead Bargain Parade

The liberal supplies of beef enjoyed the past several weeks in markets will continue, says Gwendolyn Clyatt, Extension consumer marketing specialist.

BEF production is expected to be about the same as a year ago, with a supply of the high quality roasting and broiling meat. Pork supplies also will be plentiful. Both lamb and veal supplies will be well below a year ago. These meats, however, will be available in sufficient quantities for you to include them on the family menu this spring.

FRESH fruit and vegetable items in good supply at pleasing prices include apples, oranges, grapefruit, bananas, white potatoes, head lettuce, loose turnips, celery, cabbage, carrots, dry yellow onions, sweet potatoes, radishes, green onions, mustard and turnip greens.

Bobbies Scuttle Granbury, 55-44, In Region Opener

Dimmitt's Bobbies advanced to the Region 1-AA championship bout Saturday by topping Granbury of Northeast Texas, 55-44, in the semi-finals at Lubbock.

THE NORTH TEXAS tourney was held in Lubbock Municipal Coliseum, with Dimmitt and Springlake providing most of the crowd.

For Coach Shirley Hayworth's Granbury Pirates, it was the third trip in a row to the four-team regional playoffs. But the Bobbies—the only "new" team in the tourney—mutineered the Pirates and sent them home early.

DEBRA Summers, all-regional forward, was Dimmitt's big gun as she poured 29 points through the hoop. Sharpshooter Allan Webb had trouble finding the basket on the unfamiliar court in the first half, but her long shot started clicking in the second and she finished with 22. Ruth Dyer added four points while performing her regular screening and feeding chores.

USING THEIR usual girl-to-girl defense with a "sag" between the ball and the basket, the Bobbie guards kept Granbury's forwards at bay, holding them to only 12 points in each of the first two quarters, 11 in the third and nine in the fourth.

The Bobbies jumped to a 17-12 lead in the first quarter, but went cold in the second as they racked up only six points and allowed the Pirates to take a 24-23 lead into the dressing room.

DIMITT pulled out of it in the third, though, by chalking up 15 points to go back into the lead for good, 37-35, by the end of the period. The Bobbies added 18 points in the final frame for good measure to take a 55-44 victory and advance to the finals.

The final sermons at the regular Sunday worship hours: 10:50 a.m. and 6 p.m. His morning topic will be "How to Be Wise," and the evening topic will be "When Thou Art Converted."

The church has extended an invitation to hear Evangelist Carr's final sermons, Thursday and Friday evenings, as well as Minister Smith's sermons Sunday.

Dryin Out Sleeping Bags
Sleeping bags are likely to get damp, or even wet, after a night's use. However, they may be dried quickly by opening the car hood and draping them over the running engine. Tie to the radiator ornament or hook to hold the bags in place. Turn the bag, or bags, now and then, as you would any other apparel.

GIMME IT! — Dimmitt guard Carla Robertson is fouled by Granbury's Judy Drury as she retrieves a rebound in the third quarter of Saturday's Region 1-AA semi-final game. Closing in on the play are Dimmitt's Delores Wilke (22) and Sharon Barker (40). The game was nip-and-tuck at this point, but the Bobbies caught fire in the fourth to win going away, 55-44.

Rentfro Attends Auction School

By JAKE STREET
Municipal and industrial demand has, without a question, one of the highest priorities in the claims for water.

SATISFYING this demand cannot be overemphasized in its importance to the future. The population of the Southwest continues to increase and to become more concentrated in cities and towns. Such population centers must have adequate water supplies. There must be adequate water for the industries and services which accompany the increase and concentration of the population.

New businesses and industries generally consider municipal water quantity, quality and cost when seeking a new location. A real opportunity for economic growth in our region lies in encouraging industries to locate here which can process and develop final consumer products from the raw materials we produce.

IN OUR region, urban development is generally dependent on agricultural prosperity. In this same region, agricultural development hinges on irrigation. Consequently, the needs of agriculture must be considered in any region-wide water planning program, also.

Our region's economy is agricultural, or the supplying of ser-

Corky Rentfro of Dimmitt has returned from two weeks at Fort Smith Auctioneer School in Arkansas, and has started his own auction service, Rentfro Auction.

HE SAID he plans to have a complete auction service here and that auctions will be held in his former Texas Salvage Sales building, 212 E. Bedford, each Saturday night at 7:30.

BY THE year 2020, Amarillo and Lubbock are projected to have a combined population of about 800,000. And many of our region's larger cities can expect much the same growth. The influx of people makes the water problem solution imperative. But there is always the dubiously reassuring thought that unless the region gets additional water for the cities, industries and agriculture, there won't be that population worry. People are just not drawn to arid lands.

This is why water importation is everyone's problem. Studies have recently been initiated to appraise possible means to import water. But even after a way is found feasible, it means a long wait and a lot of effort to move water into our region. However, with patience and time and money — and understanding — it can be done... with support from everyone.

UPI Points to Housing Complex As Oasis of Hope for Migrants

The new migrant housing complex in East Dimmitt gained more national recognition last Thursday when United Press International pointed to it as an oasis of hope for the migrant worker.

ROY MCGHEE of UPI's Washington Bureau tied in the federally backed complex here with other efforts being made by Congress and the USDA to improve the living conditions of migrant workers.

Here is McGhee's report:
By **ROY MCGHEE**
WASHINGTON (UPI) — Any day now, a civilian army will start breaking camp in southern winter quarters and head north to work the fields that produce America's food and fiber.

First, vegetables and cotton will be planted in the southern latitudes from the Atlantic to the Pacific.

AS THE spring season moves north, so will the army. By the beginning of harvest-time, mid-summer in some areas, more than one million persons will be on the move.

These are migrant workers and their families—foot soldiers of the campaign to keep the nation fed and clothed.

More than 30 years ago, in "The Grapes of Wrath," John Steinbeck painted a shameful portrait of how America treated her migrants. They were at the very bottom of the economic heap; for the most part, their housing was miserable; sanitary facilities so rudimentary as to be unspeakable; education for their children practically nonexistent.

HAVE conditions changed materially since? Not noticeably. Here is what the Senate subcommittee on migratory labor said in a special report just issued:

"Despite their vital role in modern agriculture, particularly in filling the crucial needs at harvest time, our migrant citizens have been grossly neglected by society.

More often than not, in addition to low living standards, the influx of migrants to supplement local labor forces creates problems in the areas of health, education, sanitation and housing which the community is not equipped to meet.

"The statistics... indicating the low wages, unemployment

lack of education, poor housing, of adequate medical and dental care tell only part of the story of the shocking degree of impoverishment of the migrant."

THESE workers, the report continued, have been "expressly excluded or at best only minimally included" in worker-benefit legislation, both federal and state.

Cited were such things as unemployment insurance, workmen's compensation, Social Security insurance, general welfare assistance, minimum wage standards, child labor protection and coverage under the National Labor Relations Act.

The Senate subcommittee found the migrant stream flowing from three sources. The main stream of Mexican-Americans begins in Texas and flows north and west. It covers most of the north cen-

tral, mountain and Pacific states.

A **SMALLER** stream starts in the southeastern United States.

After the winter citrus and vegetable harvest in Florida, it runs northward along the Atlantic coast to New England. Negroes make up a large part of this stream.

The third major migratory route runs from Southern California up the Pacific coast. Many Mexican-Americans also are in this group.

Both the Senate subcommittee and its house counterpart are considering bills to permit migrant and stationary farm workers to organize under auspices of the National Labor Relations Board. The measures have the Johnson administration's backing. Grower organizations, including

the politically powerful American Farm Bureau Federation bitterly oppose the legislation.

The Agriculture Department also is trying to better the living standards of migrants through better housing. It demonstrated its interest in ceremonies dedicating a housing project at Dimmitt, Tex., March 1.

THE YEAR'S first migrants found ready in Dimmitt a new complex of 192 modern family apartments completed over the winter as a replacement for crude shacks and barracks.

Dimmitt's Castro County agriculture housing project is a \$966,820 development organized and built by a private nonprofit association of 37 farmers in the county surrounding the town and 25 business firms in Dimmitt.

CPA at Age 22 Believed Record

James Glenn Ratcliff, who attained the highest grade point average in Angelo State College's first graduating class, may have set some sort of record when he received his Certified Public Accountant certificate in January.

RATCLIFF, became a CPA just one year after completing his business degree requirements at Angelo State. San Angelo accountants say qualifying so quickly is rare if not unique.

Ratcliff got in part of the required two years' experience while still a student. He was employed by Jones, Freeze, Hay & Co. in San Angelo.

He now is a partner in the firm of Schaeffer & Ratcliff of Dimmitt, a partnership formed after Ratcliff received his CPA certificate in January. The other partner is Stanley Schaeffer, who has been in business in Dimmitt for eight years.

Ratcliff, at 22, also is one of the youngest CPAs in Texas.

IN ANGELO State, he was president of the college's Student Association in 1965-66, was a basketball letterman and also was active in Phi Beta Lambda, business education fraternity.

He completed degree requirements at ASC in January, 1967, and received the Bachelor of Business Administration degree with major in accounting at the college's first commencement in May, 1967.

Every Seed a Farmer Plants Is a Programmed 'Computer'

Farmers have had computers working for them many, many years. Every seed they plant is a tiny computer.

PLANT breeders, explains R. J. Hodges, Extension agronomist at

Texas A&M University, program the little "computers" to do a certain job. The characteristics of the plant depend on how the seed was "programmed" with built-in factors to resist diseases and insects, to increase yields, to resist lodging and to uniformly mature.

Farmers, he adds, realize they must choose a variety that is adapted to suit their needs, and they buy seeds with known origin and quality. Certified seed — the seed with the blue tag — meet these requirements.

During the past year more than 102,000 acres of Texas crops were inspected and the seed certified by the Texas Department of Agriculture. Included were more than 53,000 acres of cotton, 13,000 acres of both peanuts and small grains, 5,000 acres of grain sorghums of all types, 4,700 acres of rice, 4,100 acres of millet, 3,100 acres of soybeans and many others ranging down to 7 acres of grasses.

From these acres came the blue tag certified seed produced in the state in 1967. But, explains Hodges, the seed used to plant the above acres came from registered seed breeders who produce seed under even more stringent regulations while they in turn, in many instances, received their foundation seed from the Texas Agricultural Experiment Station's Foundation Seed Section. Some individual plant breeders produce their own foundation and registered seed, as well as the certified seed which is best known to farmers.

MODERN AGRICULTURE

HASKELL BENSON OF FRIO ... With his new tailwater pit

Tailwater Recovery System Is a Many-Factored Project

Tailwater recovery systems are becoming very important and popular in Castro County.

THERE ARE several factors to consider in designing a tailwater recovery system. Factors to be considered in planning the size of your tailwater pit are the yield of the irrigation wells that will go into the pit, the soil type, the slope of the land, the expected amount of runoff and the percentage of runoff that will be reclaim-

ed. Also to be taken into consideration is the location of the tailwater pit, and where the water will be allowed to enter it.

Then the next problem is the pumpback system. This includes the pump and the return pipeline. These must be designed for the amount of water that will be returned, and also must work in connection with the existing irrigation system.

For assistance in designing your tailwater recovery system, contact the Soil Conservation Service technicians assisting the Running Water Soil and Water Conservation District.

Starnes, Hershey Attend Workshop On Soil Erosion

Local Soil Conservation Service employees Larry Starnes and Howard Hershey, along with a number of other employees from the Amarillo area, attended a training session in Amarillo Wednesday of last week.

THE THEME of the session was wind erosion and its control. The session convened at 9 a.m. Wednesday with opening remarks and introductions by Area Conservationist Harry Rucker of Amarillo.

Area Soil Scientist Luther Gieger pointed out the losses frequently resulting from wind erosion. Besides all the ill effects of dust in the air causing numerous respiratory problems, farmers experience severe losses to growing crops, soil moisture and soil fertility through wind erosion he said.

The finer particles which blow the easiest contain the greater percentage of the soil's fertility Gieger said. One acre of soil to average plowing depth contains about 40,000 pounds of organic matter of which about 2,000 pounds is naturally formed nitrogen. So it means a farmer is dollars ahead to keep these soil nutrients available for crop use, he said.

ALLEN KING, conservation agronomist from Amarillo, provided exercises in determination of soil loss potential and loss control.

The afternoon session was led by King in the test field near Bushland. Clipping studies were made of residues of various types left on the field for wind erosion control.

Castro County farmers needing information on the control of wind erosion, may contact the local Soil Conservation Service office.

Co-op Business Tops \$15 Billion

Dollar business volume of farmer cooperatives in the nation last year hit \$15.7 billion, up 7 percent from the previous year, a new record.

THIS IS an increase of 61 percent over the business volume of 10 years ago, reports the USDA's

Farmer Cooperative Service. The total net business volume came from marketing, purchasing, and related-service cooperatives. The survey showed Texas with 511 cooperatives, 184,190 members and net business of \$803,360,000.

Planavin® is the cotton-soybean herbicide that gives you more than your money's worth.

Growers bought every pound of Planavin® Herbicide they could get their hands on last season. Read why.

Shell's Planavin® Herbicide gives you more than just excellent preemergence control. Nothing on the market does a better job.

Planavin also gives you a bonus. It frees you from immediate incorporation. Takes the pressure off. And it can save you hours of application time.

It had to be more than just another good weed killer in order to break in against established competition. Growers found out *how good* last season. Planavin proved itself under the worst weather conditions in years. It held the fort against most annual grasses and many broadleaf weeds — right through the early period when control really counts. Growers got what they paid for — freedom from weed problems during the time when weeds can strangle young cotton and soybeans. Plus a sound control base that makes season-long control programs simpler and more economical.

With Planavin you can spray by ground or air. You can use large rigs, wide booms. Covering large acreage fast saves you hours. There's no waiting for incorporation equipment to catch up. No downtime for custom applicators. The reason? Planavin doesn't require immediate incorporation. You can take your time. Even a few hours of exposure to air and sun won't wipe out your weed control when you use Planavin. Note: When you do incorporate, keep it shallow — no deeper than 1 to 1½ inches. Don't bury your Planavin below the sprouting weeds.

Get Shell's Planavin® Herbicide early — to keep the pressure on weeds and off you. Shell Chemical Company, Agricultural Chemicals Division: Suite 500, First Bank and Trust Bldg., Richardson, Texas 75080

The Shadow

Suspect, Runs, Writes Letters, Paints Signs

I'm threatening to report my department to the Union Agency for assigning me such a demanding suspect!

Many people may not realize it but this girl in an outstanding active student of DHS. She is an excellent example of an industrious student for her fellow students to follow.

Monday, after such an exhausting day in this laborious school our subject made a quick dash downtown for a quick Coke and then out to the family building project which is well under construction. Oh, such a lovely house! I was beginning to wonder if she was ever going to pull herself away! Could it be the house is actually beautiful or has she got an eye for some lucky soul? Would you believe it's the house? I believe so. Eventually we made it home with nothing big with the exception of her usual letter to Larry, and then immediately to bed.

Tuesday morning facing another drastic day of school she checked by the office to make certain the departure time to the ballgame. She had to know how much time she had to do all her good deeds between time. Nothing was happening much today with the excitement of the game. The usual thing for her again after school and to the ballgame, and I might

add quite a trip to the game it was!

She and McGowan spent the night together after the exhausting trip and managed to do her homework and once again her usual letter, departing to bed.

Wednesday she and a few other members of her group labor-

Senior Girl of Week:

Sue Lust

On November 7, 1949, the world was brightened by the birth of a very outstanding person, Rena Sue Lust, who was born to the family of Mr. and Mrs. Houston Lust in Dimmitt.

One may usually find her playing the organ unless there is something exceptional on television, or maybe enjoying her hobbies, cooking and sewing. Sue's idea of an ideal time would be to drive to a restaurant in a yellow S.S. to eat Mexican food and then go to "The Sound of Music," starring Julie Andrews or "Gone With The Wind," and on the way home, listen to Johnny Tillatson on the radio.

As far as school goes, Miss Lust's favorite class is home management, and "Smith" ranks highest on her list of teachers. Sue has Band Lyre Club, F.H.A. and F.T.A. to keep her busy and one can guess at her personality through the honors she has received in four glorious years in D.H.S. such as Drum Major, Band Favorite, Smile Queen, Most Valuable of Freshman Class, Best All Around of the Junior Class, and Friendliest of the Senior Class. She has been an F.H.A. officer for three years and is at present F.T.A. reporter. Sue seems to get along with almost everybody except smart alecs, and people who think they are always right. Her future plans include attending West Texas State University majoring in secondary education.

iously were arraying posters about the DHS halls concerning the Eastern New Mexico Childrens Theater. After school she and her faithful companion "Susan" split for town to search for (?) poster board. Incidentally she dropped by to have her report cards approved by "dear" old mom for possibly further references for more extra curricular. Kicking her faithful companion out at the dog house, she stresses herself hurriedly to prepare herself for BYC. Advancing toward the Church she finds out there is to be no BYC. Broken-hearted she heads downtown for a Coke and slowly heads for the "field of daisies" (home). Mopes around the house frantically searching for something to make herself valuable but reclines herself to the "boob tube." Later, very exhausted, retires herself to the bedroom, romantically stressing her feelings in her usual letter, immediately to bed.

This is my letter to YOU, and thinking Darla Underwood for such a tiring and exhausting week, I now frantically retire myself to the "field of lilies."

What Is America?

America. What is America? It is a seven-letter word that can mean a lot. It stands for sweat, worry, and death; yet it also is

the big difference in the lives of many people all over the world. America is a vast land; a land brimming with opportunities which shout out loud to the people that there is hope, joy, and maybe even satisfaction for everyone.

How to Cool It With a Teacher

- 1. Bring the teacher newspaper clippings at random. He thinks everything deals with his subject.
2. Look Alert. If you look at your watch, don't stare at it unbelievably and shake it. Shake your head and agree with your teacher.
3. Nod frequently and murmur "How True." Never whisper, stare out windows, or write notes to your friend.
4. Sit in front (only if you intend to stay awake).
5. Laugh at his jokes. You can tell he has told a joke if he looks up from his notes and smiles expectantly.
6. Ask for outside reading. You can buy the Classic Comic Book or the Readers Digest condensed version, then go in before or after class and discuss it with him.
7. If you must sleep, arrange to be nudged at the end of the hour. Always answer at least one question before you fall asleep, so the teacher won't call on you again.

America is our government. A solid democracy that was built on the foundations of liberty, freedom, and resourcefulness. Rome wasn't built in one day; America wasn't either. It has taken us over 300 years to build up one of the greatest countries of all time and less than twenty years to find a way to destroy it. We have a type of government that can and will work. It is in the reason for our presence to this very day. However, a slight slip-up anywhere and Communism might take over.

Americans are America. They are the people that make up what America is. They are everything good and bad. They spell the difference in communism or a democracy; between freedom and prison.

America is a lot of things. It is all the afore mentioned and much more. It is what one wants to make it.

Senior Boy of Week:

Scott Nelson

Our mighty senior boy of the week is the son of Mr. and Mrs. Russell V. Nelson. He was born in Corcoran, California, and now resides at 705 Oak here in Dimmitt. The only other member of his family is a brother, Fred, who is 23.

If you chanced to see our senior just messing around, he might be listening to soul music such as Harlem Shuffle. His favorite food is Italian, and you might find him in a yellow Dodge Coronet R/T on his way to a pizza parlor. If he wasn't headed that way it might be to watch a god ole hockey game or to the movie to see Cool Hand Luke. In his spare time he may be found reading a book such as Bambi, or just talking about his favorite actor and actress, Paul Newman and Raquel Welch.

Scott says that his pet peeve is people who don't mind their own business. In the future he plans to attend North Texas State although he says DHS is ok. Of course our best wishes go to him as he leaves us and goes his own way.

The View From Your Library

By VIRGINIA NEWSOM Librarian

What is the library's policy on overdue books? There is a charge of 2 cents per day for each book kept after the due date. This charge is made only on the five days the library is open. After an interval of another two weeks we send out a second notice. If the book is still not returned, we send out a third notice. On the third notice is a reminder that if it is necessary to turn the matter over to the County Attorney's office, they will be liable to a fine not to exceed \$25. This may sound like strong treatment but I am happy to say we have not yet had to enforce this law. If you make a trip to the library to return books and we are not open, there is a slot to the left of the door where you may deposit your books.

THE LIBRARY will be meeting Wednesday, March 13th at the library.

Mrs. Acker from Nazareth was in last week. It is my understanding she will represent her area on the board now. We will be very happy to have her. I'm sure she will have many helpful suggestions. If each section of the county is represented on the board, then

it will be possible to better serve all of the people in our county.

Do you have pre-school age children? If they are between the ages of 4 and 6, why not bring them down to story hour some Friday? Story hour is from 10:00 to 11:00 each Friday in the Library. We do have fun and there is always room for one more child.

Busy, Busy, Busy. That was the word for the D.H.S. Campus this week. Our hustling Bobbies traveled to Levelland Tuesday night and brought home a victory for Dimmitt by defeating Slaton 58 to 50. This gave our Bobbies Bi-District Championship.

The football boys and basketball boys meet Wednesday to elect their Queens. Those girls nominated for football game were Barbara Hanson, Jill Braafadt, Karen Lytle, Poppy Byrnes and Deloris Wilke.

Those girls nominated for basketball queen were Juanelle Conard, Sue Lust, Deloris Wilke, and Vicki Lawson. The Queens will be announced and crowned at the athletic banquet in May.

Bagwells Return From Japan

By MRS. J. T. STEHR 617-4221

When Mr. and Mrs. George Bagwell, members of the Texas Agricultural Leaders Delegation to the Orient and Hawaii arrived at Tokyo, their first stop, they were unable to land, due to the heaviest snow in 17 years. They had to fly 600 miles north to land and spend the first night.

Dr. Hong Y. Lee was the Delegation host. They met with the agricultural leaders at the American Embassy and visited some rural farm communities.

More families are leaving the farms in Japan every year and live in the cities but go out to farm. The land is so high to be used for buildings, they need it all for food.

A guide in Japan told them they have an average of 1,000 earth tremors a year, but feel only about two of them. Japan is 75 percent mountains.

In Taipei they visited farms and an agricultural school. Taipei is an island shaped like a tobacco leaf. They get 100 inches of rain a year and grow two rice crops a year. Some crops they grow five a year. These are fruit, such as pineapples, etc. They use water buffalo for power.

They were guests at a luncheon at the International House in Los Banos Laguna in Manila, where they also visited state farms. Most of these are on the hillsides.

AT LAST WE know what used to roam the area at Bethel - buffalo!

Mrs. Paul Langford took bones and teeth found on her farm last year to the museum at Canyon last week, and they said it was buffalo, and had been dead about 100 years. Some teeth had some enamel. The bones were found between the old house the Langfords used to live in and the road, when wind and rain exposed the bones and started our mystery bon tale.

THE CHARLES Rickerds were in Oklahoma last weekend, where they held a registered Hereford sale at Roosevelt with Mrs. Rickerds parents, Mr. and Mrs. Miller. Mrs. Rickerd and the boys came home late Sunday but Charles remained to help Mrs. Miller with the work while Mr. Miller delivered cattle to a Tulsa buyer.

The George Sides were among those taking advantage of no school Friday, leaving that day for Valley View for a visit with the Lynn Vowell family. Mrs. Vowell and Mrs. Sides are cousins. Mr. Vowell is an airline pilot and is stationed in New York at present. Mrs. Vowell is a teacher in the Gainesville Public School System. They hope for an opening for Mr. Vowell nearer home soon.

Gaines Howell was honored with a party on his tenth birthday by his parents, the Jack Howells. The following boys were overnight guests: Kyle Touchstone, Gregg Sides, Ronny Lawson, Gregory Sandlin, Kim Birdwell, Larry Shugart and Larry Robb.

T. W. Armstrong spent the day with the Jack Howells Thursday. The Ralph Yerbys were Sunday night visitors in the Moss Howell home.

REV. CHARLES Harris of Plainview was ordained at Chalk Baptist Church Sunday. The A. T. Morgans, parents of Mrs. Charles Harris and the Dan Heards attended the Baptist Church services at Quitaque Sunday, where Rev. Bill Curry, formerly of Lazbuddie is pastor. Rev. Curry accompanied the group to Chalk and held the service there. Rev. Harris and Mrs. Harris have been going to Chalk where he has been serving the congregation.

Mr. and Mrs. Martin Young and

family visited relatives in Lubbock Sunday.

Mrs. Ray Lawhorn visited in the home of her son, James Welch Tuesday night and Wednesday.

The Earl Luts were supper guests of the Glenn Stiles at Big Square Sunday night.

THE CUB SCOUTS in Den 2 were taken on a tour of the feed yards Monday afternoon by Ike Brandon. They saw how the feed was mixed and the cattle were fed. Attending were Jeff Langford, Ricky Timmons, Brad Yates, Steve Stanton, Randal Phares, Mark Welch, Ricky Bagwell, Billy Phares, Scott Bagwell and leaders, Mrs. James Welch and Mrs. Jack Phares.

Mr. and Mrs. Max Keating were guests of his parents, the W. M. Keatings at Olton Sunday.

Attending the ball game at Levelland were the Houston Luts, Donald Gilreath, Charles Wales, James Welches, Doyl Underwoods, Moss Howells, Jimmy Howells and Mike Langfords.

A VERY interesting hat skit was presented by Mrs. James Welch at the Milady Garden Club meeting Tuesday in Dimmitt.

Others attending from Bethel were Glenda Rickerd, Norma Smith, Sue Howell, Irene Keating, and Carolyn Sides.

Mrs. A. T. Morgan and Mrs. Jimmy Ivey of Lazbuddie accompanied Mrs. Charles Harris of Plainview to Lubbock Wednesday.

Mrs. Max Keating gave an interesting program on fabrics at the Bethel Home Demonstration Club Wednesday. Mrs. Jack Howell and Mrs. Jack Ingram were hostesses and served refreshments to the following ladies: Mmes. Moss Howell, G. A. Shwen, J. C. Williams, Earl Luts, Vern Luts, Gaines Neill, Donald Gilreath, James

Welch, Milton Bagwell, Dan Heard, Jim Bagwell, Martin Young, Jack Howell, Jack Ingram, Houston Luts, Jimmy Howell and Mrs. Keating.

Mrs. Karen Briggs and son of Earth visited her parents, the Moss Howells over the weekend. Also, John Howell was home from Clarendon and Terry Clark, Marisio Cantu and Irvin Meers came home with him. They attended the ball game at Lubbock Saturday.

Mrs. Jack Howell and sons went with Mrs. Houston Luts to Lubbock Saturday to the ball game. Jack Howell was auctioneer for the Castro County Livestock Show and went to Lubbock later.

The Mike Langford family visited in the home of Mrs. Paul Langford in Dimmitt Sunday. Weekend visitors in the Langford home were Will Graef of Clovis, Mrs. Frankie Lyle and two sons of Fort Worth and Mrs. Dean Myers, also the Clayton Graef of Lazbuddie.

H-D Notes

It Took a Lot of Work To Stage Project Show

By IRENE KEATING
Last week was very busy. We had our 4-H, FFA Livestock and Project Show. We're all glad it was over before this bad weather got here.

I WANT to thank all of you who took part in it and helped. I'd like to give special thanks to Laura Jean Presley and Mary Acker for their help with the Project Show and food sale.

Becky Hall, CHDA from Canyon, and WaDawn Echols, a home economics teacher from Amarillo, were judges for the girls' project show. Look for the winner's pictures in the paper. The ladies had a very hard time with the judging. The food looked delicious and the garments were well constructed.

TUESDAY and Wednesday I went to Mulkey and Bethel HD Clubs. Mulkey had a luncheon. The food was so good - that's how come several of us weigh more this week. Bethel had a nice meeting, too. I found out there IS a money tree somewhere in the community. But they didn't tell me where they keep it hidden.

If the weather is as bad all week as it was Monday, I suggest we stay indoors as much as possible. For those of you who sew, it's an excellent time to do

it if you aren't too busy with other things.

This week is almost quiet for me as far as going to meetings is concerned. I surely am looking forward to it.

THE following girls participated in our Project Show Saturday. They are listed by clubs: Flag - JoAnn Smith, Joyce Wooten and Mary Damron.

Dimmitt - Carolyn Turner, Debra Belknap, Norma Lindsey, Virginia Winchell, Julia Hottel, Judy McLeRoy and Marilyn McLeRoy.

Frio - Diane Jones, Patricia

Yerby, Sharon Hall, Sue Smith and Diana Adams.

Nazareth - Debbie Acker, Rita Womack, Debra Hochstein, Agnes Acker, Patty Hochstein, Carol Hochstein and Donna Acker.

DIVISION winners were: First year - Carol Hochstein first, Donna Acker second, Patricia Yerby third, and Joyce Wooten fourth.

Third and fourth year - Agnes Acker first, Patty Hochstein second, JoAnn Smith third and Sue Smith fourth.

Fifth and over - Debra Hochstein first, Rita Womack, second, Debra Acker third and Judy McLeRoy fourth.

Bobbies Dominate 3-AA Dream Team

Three Dimmitt Bobbies were named to the all-district first team and another received an honorable mention when District 3-AA coaches chose their "dream team" last week.

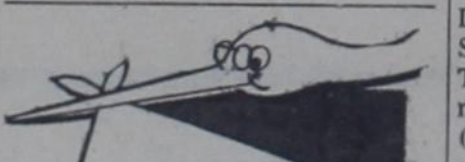

MAKING the all-district first team from Dimmitt were A'lan Webb and Debra Summers, senior scoring partners, and Carla

Robertson, junior guard. Webb was a unanimous choice of the district's coaches.

Delores Wilke, sophomore guard, received an honorable mention in the 3-AA selections.

Coaches chose six forwards and six guards for the all-district team. They were: Forwards: ALLAN WEBB of Dimmitt (unanimous); DEBRA SUMMERS of Dimmitt, Judy Townsen of Hale Center (unanimous), Hazel Falwell of Friona (unanimous), Gerry Rogers of Abemathy, and Cindy Ward of Floydada.

Guards: CARLA ROBERTSON of Dimmitt, Janet Bryan of Hale Center (unanimous), Jill Bertram of Floydada, Betty Betts of Abemathy, Linda Stone of Friona, and Pam Foster of Olton.

It's a girl for Mr. and Mrs. Willie McDonald of Dimmitt. The lass was born at 3 a.m. Monday in Plains Memorial Hospital and weighed 5 pounds, one-half ounce.

Mr. and Mrs. Robert Benton of Dimmitt are the parents of an 8-pound boy, born Saturday night in Deaf Smith County Hospital.

OUT-OF-TOWN Mr. and Mrs. Tommy Gross of Lubbock are the parents of a 7-pound, 14-ounce boy born Feb. 17 in Methodist Hospital in Lubbock. He has been named Troy Don. Grandparents are Mr. and Mrs. Al Gibbs and Mr. and Mrs. Oscar Gross, all of Dimmitt.

Dimmitt Girls Win in Twirling

Shelly Rogers, daughter of Mr. and Mrs. Jack Rogers, and Carla King, daughter of Mr. and Mrs. Carl King, won third place in their division of the High Plains Majorette Contest in Amarillo Saturday.

Both girls take baton twirling lessons in Hereford.

No one can continue a sane existence who is not loved or who loves no one. Yet love can become depraved and selfish. Too often, what we call love is little more than a self-serving emotion or action. The new love of the Christian is that which issues from his union with God in Christ. For God is love, and love is from him. This Godly love is the kind that asks not for itself, but for others. Its test is in our attitude and actions toward other human beings. Too many of us have been unwilling to face squarely what we can do to help our neighbor - that is, anyone in need - to achieve a worthwhile existence. Too often, social status, national origin, color, or creed has gotten between us and unselfish human service, which is the essence of love. The Scripture is clear, "But if a man says, I love God, and hateth his brother, he is a liar for he that loveth not his brother whom he hath seen, how can he love God whom he hath not seen?" - 1 John 4:20'
