## EUROPE GETS READY FOR A NEW CONFLICT

By United Press  
Europe staged a dress rehearsal for war today to warn Adolf Hitler against starting another world conflict.  
Great Britain was understood to have warned Berlin directly of the possible consequences of attacking Czechoslovakia. Paris hammered home to the Nazi leaders she would fight if her Czech ally is attacked. So did Soviet Russia. So did Yugoslavia and Rumania.  
In every capital the signs were apparent. Cabinet ministers met urgently. The stock market dipped. Ambassadors hurried home to make secret reports. Soldiers massed on the frontiers of a frightened Europe.  
Nor did the United States escape danger. The U. S. S. Monocacy, with 45 officers and men aboard, was in peril on the Yangtze River near the Kiukiang sector of the China war.  
The little gunboat, refused Japanese permission for normal activities, reported that several mines had exploded near it.

WASHINGTON, Aug. 29.—The U. S. gunboat Monocacy today advised the Navy Department that it had moved to a point three miles below Kiukiang on the Yangtze River, following an explosion of two submarine mines close to the ship.

SHANGHAI, Aug. 29.—Forty Chinese guerrillas, armed with machine guns, appeared on a golf course here today and warned several dozen foreigners, including several United States Marine officers, to return to the clubhouse.

## Kokomo School Has Large Enrollment

L. R. Higginbotham, principal of the Kokomo school, reported today that an enrollment of 64 students was registered on the first day of the school, and that more were expected to enter in the next few days.  
"This is the largest enrollment the school has had in 10 or 15 years," Higginbotham stated today, "and with the completion of the only 4-H club house in the state, we are expecting a big year, both for the school and the 4-H club. We are also building a new tabernacle."

Teachers of the Kokomo school, in addition to the principal, include Alvis Rogers, teacher of the intermediate department, and Mrs. L. R. Higginbotham, teacher in the primary department.

## Seversky Seeking New Flight Record

By United Press  
KANSAS CITY, Mo., Aug. 29.—Major Alexander de Seversky, trying for a new east-west transcontinental air speed record, refueled here today and immediately took off on the second leg of his trip.  
Seversky left Floyd Bennett field, New York, at 5:37 a. m. (CST) and left Kansas City at 10:22 a. m. It was the fastest flight ever made on a westward flight from New York to Kansas City.

## WPA Projects For Cleburne Approved

By United Press  
WASHINGTON, Aug. 29.—Congressman Fritz Lanham of Fort Worth was notified today that the Works Progress Administration and President Roosevelt had approved \$124,021 worth of new projects in the 12th congressional district.  
Approvals included \$38,917 for water mains at Cleburne. The work can start on the projects when they are approved by the comptroller general and the state WPA administrator.

## Blame for Prisoners Deaths Is Placed

By United Press  
PHILADELPHIA, Pa., Aug. 29.—Coroner Charles Hirsch charged today that orders to "turn on the heat" on four county prisoners found "roasted" to death could have been issued only by the prison superintendent or the deputy warden.

## Held on WPA Forgery Charge

New Deal politics were blamed by Senator Rush D. Holt after an indictment was returned accusing his brother, Matthew S. Holt, Jr., above, for forging endorsements of two WPA checks. The youthful West Virginia Roosevelt critic charged at Clarksburg, W. Va., that his enemies were trying to "shut me up." Matthew Holt, Jr., was fired from his WPA district engineer job in February, 1936.

## John Webb, 64, Found Dead Near Home of Relative

Funeral services for John Webb, 64, long-time resident of Eastland and native of Eastland county, who was found dead early Monday morning, had not been set at noon, although it will probably be Tuesday.  
The body of Mr. Webb was found near a home of his sister, Mrs. Mattie Miller. Officials investigating the death said it was from natural causes. He had evidently become seriously ill Sunday night while on his way home. He had been employed for several years at an Eastland cafe.

It was stated that Mr. Webb had complained of feeling ill Sunday.  
He was born at Flatwood. Survivors include three sisters, Mrs. M. J. Miller, Eastland; Mrs. W. C. McGee, California; Mrs. C. L. Young, Corpus Christi, and a brother, Will Webb, Cleburne.  
The body was at the Hamner Undertaking company.

## \$12,444 Is Total Of Assistance to Oldsters of County

A list of August pension payments, showing 848 recipients and checks totaling \$12,444, was filed Monday in the office of County Clerk R. V. Galloway by the State Old Age Assistance Commission.  
Here is a table showing the number of recipients and totals for other months this year:

July	842	\$12,401
June	846	12,497
May	840	12,443
April	833	12,413
March	836	12,411
February	829	12,283
January	827	12,339

## BS Degree Given Eastland Student At Denton School

Elmer Arthur Brown of Eastland was awarded the bachelor of science degree by North Texas State Teachers College in its summer commencement exercises on Wednesday evening, Aug. 24, it was announced Monday.  
Dr. W. J. McConnell, president of the college, conferred 52 master of science degrees, 26 master of arts, 413 bachelor of science, and 60 bachelor of arts, for a total of 551 degrees.  
President A. W. Birdwell of the Stephen F. Austin State Teachers College, Nacogdoches, delivered the commencement address.

## Two Electrocuted In Swimming Pool

By United Press  
WHARTON, Texas, Aug. 29.—A. W. Braun, 45, a rice farmer, and Bobbie Colley, 15-year-old schoolgirl, were electrocuted last night in Braun's private swimming pool.  
Braun and his wife were entertaining with a swimming party at his home.

## FUNERAL HELD FOR VICTIMS OF ACCIDENT

Funeral services for Miss Ovada Mae Anderson, 17, and Herald Nelson Hesson, 21, who were killed when their car collided with a Wichita Falls, Ranger and Southern freight train in Ranger early Sunday morning, were conducted from the First Baptist church of Ranger Monday morning at 10:30, with Rev. Charles T. Tally, Jr., pastor of the church, conducting the services, assisted by Rev. K. C. Edmonds.  
Miss Anderson was buried in Evergreen cemetery, following the church services and Hesson was buried at Strawn Monday afternoon.

Jim Everetts of Olden, whose car crashed into the same train as the bodies of the two accident victims were being removed from their car, was in the West Texas hospital, suffering a badly broken leg, cuts and bruises. His condition was reported as not critical.  
Patrolman G. C. Love and Johnnie Boyd, who were on night duty when the accident happened, had stopped at the railway crossing when the train approached, and the car driven by Hesson passed their car and crashed into the front of the train. Apparently the driver did not see the train, nor hear the whistle, until the car was within a few feet of the train.

Love assisted the engineer in removing the bodies from the wreckage of the car, while Boyd returned to town to get an ambulance. He drove the ambulance to the scene of the accident, and while he was gone the second car approached the tracks, and ran into the side of a tank car.  
The three were placed in an ambulance, which Boyd drove, and were taken to the hospital. Miss Anderson is believed to have died instantly, while Hesson died upon arrival at the hospital.

## Light Equipment For Bulldog Field Is Being Received

Ranger school board members reported today that part of the electrical equipment for lighting the Ranger high school football field, had arrived today and that other equipment which had been ordered was expected soon. At the same time it was stated that the lumber for completing the stadium had been shipped and should be in Ranger within the next day or two.  
Reflectors and fixtures, which had to be shipped from a more distant point, have not been received as yet, it was stated this morning, but should be on hand before they are received includes part of the wires, switches and other materials necessary for installing the lights on the field.

## O'Daniel to Serve Only One Term

By United Press  
FORT WORTH, Aug. 29.—W. Lee O'Daniel, Democratic nominee for governor, announced today he planned to serve only one term.  
"I'm going down there to Austin with blood in my eyes to try to do something," he said. "It don't mean a thing in the world to me to get a bulldog for a second term."  
O'Daniel believed that victory for two-thirds of the men he endorsed for state office was "pretty good."  
Two reversals were not expected to interfere with the governor's program.  
"Both Gerald Mann and Jerry Sadler made pledges promising practically the same thing I advocated," he said. "Both pledged cooperation. I believe they will give it to me."

## Fewer Accidents Reported On Roads

By United Press  
CHICAGO, Aug. 29.—The National Safety Council reported today that for nine consecutive months starting last November, there had been a steady decrease in motor vehicle fatalities from the corresponding months of 1936-37. The council recorded 23,510 fatalities during the period from October, 1937, through July this year, a reduction of 5,310.

## Why Hungary Goes Along With Reich

The map above shows why once-powerful Hungary has reason to line up with Hitler's Germany. The visit of Regent Nicholas Horthy, left, Hungary's "uncrowned king," to Berlin has brought reports that henceforth Hitler will be allowed to use Hungary as a springboard for economic penetration in the Balkans in return for formidable military protection. The Little Entente—composed of Czechoslovakia, Yugoslavia and Rumania, all of which countries gained large chunks of Hungary after the war—opposes German-Hungarian friendship because of Hungary's key position. Hitler reportedly has guaranteed the boundaries of Hungary, and the Entente fears both Germany and Hungary will benefit territorially at the Entente's expense.

## TUDOR BOX REPORTED, ACCOUNTING FOR LAST UNREPORTED PRECINCT

Reporting of returns in Saturday's second primary was completed Sunday morning, probably setting an all-time record, Oscar Lyerla, county Democratic executive committee chairman, announced Monday.  
Since Tudor previously was the only unreported box Saturday night the change in results was negligible. Lyerla expressed appreciation for the work of all precinct chairmen.

## Sadler Will Start "Biggest Headlines"

By United Press  
FORT WORTH, Aug. 29.—G. A. (Jerry) Sadler told the Fort Worth Press today that he would be the "strictest conservationist" on the Texas Railroad Commission and expressed admiration for Ernest O. Thompson.  
Sadler said he was leaving for Austin immediately "to start some of the biggest headlines you ever saw."

## Scholastic Payment Is Completed Today

By United Press  
AUSTIN, Aug. 29.—Texas today completed payment of \$34,466,124 to state school districts as state aid for the scholastic year, which ends Aug. 31.

## "WITNESS TREE" PROTECTED

By United Press  
LANCASTER, Pa.—The Donegal Society of the Donegal Presbyterian Church here has created a trust fund for perpetual care of the 350-year-old "witness tree," where American patriots swore fidelity to the cause during the Revolutionary War.

## Resolutions Are Presented to Legion

By United Press  
AUSTIN, Aug. 29.—Two resolutions of possible conflict were seen today as the 20th annual Texas American Legion convention began active sessions.  
An address by former Adjutant General Mark McGee of Fort Worth asking a law against state employment of Nazi, Fascist or Communist sympathizers and a resolution that state employees hold poll taxes will be supported by resolutions.

## Boy, 4, Risks Life To Rescue Sister

By United Press  
AUBURN, Me.—A brother and sister with the help of a 42-year-old neighbor proved the adage that heroism knows no age limits.  
When Betty Lou Murphy, 2, fell into a well near her home, her brother Clayton, Jr., 4, jumped in to save her. But he failed.

## Pipe Underreamed On Coleman Test

Hoffmann and Page of Eastland and others No. 1 T. A. Drake, 2,100-foot test five miles east of Coleman in that county, Monday was having eight-inch pipe underreamed at depth of 1,538 feet.  
It is located in the J. H. Wood survey No. 486.

## Girl, 12, Charged in Father's Death

Twelve-year-old Irene Giricz, above, was formally charged with murder after authorities said she had confessed shooting her father because he "mistreated mother." The child allegedly fired a bullet into the brain of Steve Giricz, a WPA worker, in the family's Centerville, Pa., home. Irene said she learned to shoot by practicing on tin can targets.

## Advanced Degrees Are Due Eastland County's Students

Two persons from Eastland county are among candidates who have applied for advanced degrees at the University of Texas in Austin.  
The county candidates, together with the major and minor subjects of each student, the title of the thesis submitted as part of the requirements for the degree, and the other degrees now held:

Ranger, master of education: Pearl Otto Hatley, education and history. "The History of Rural Education in Mason County, Texas," bachelor of science from North Texas State Teachers College.  
Cisco, master of arts: Mattie Ethel Manning, English and education. "Characterizations in Ten of Hugh Walpole's Novels," bachelor of arts from Southwest Texas State Teachers College.

## Railey Goes to Coaching Job at Tenaha Hi School

Randolph Railey of Eastland left Sunday for Tenaha, Shelby county, where he has been elected mathematics teacher and football coach in the high school.  
Tenaha is in East Texas.  
Railey is a graduate of East Texas State Teachers College at Commerce and is the son of Mr. and Mrs. R. S. Railey of Eastland. Sunday it was incorrectly reported Railey had been named to the high school at Lenora, Martin county.

## MONTERREY IS FLOODED BY COAST STORM

By United Press  
MONTERREY, Mex., Aug. 29.—Floods produced by eight inches of rain which accompanied a tropical hurricane, raged through the streets of Monterrey, destroying dozens of homes and washed out highway bridges leading in three directions from the city.  
No loss of life was reported.  
All bridge washouts were on important highways. The Pan-American highway to Mexico City was closed by the washout of a bridge in Monterrey.

BROWNSVILLE, Tex., Aug. 29.—Pan-American Airways today reported its Mexico City-bound plane had sighted 10 American fishermen marooned on a Mexican beach where a tropical hurricane moved inland yesterday.  
The message said that all appeared safe.  
The plane's pilot reported he sighted the fishermen on the coast about 100 miles south of Brownsville. The storm, which threatened for a time to cause serious damage to Texas coastal cities, was blowing itself out today in Northeast Mexico.

## OIL INDUSTRY WAITS RESULT OF ELECTION

AUSTIN, Aug. 29.—Texas industry today nervously awaited the effect of Saturday's election results. Present officials are closely connected with the industry were defeated and will give office on Dec. 31.  
G. A. (Jerry) Sadler of Lovelock was elected a member of the railroad commission, defeating V. Terrell, present chairman. Land Commissioner William J. Donald, whose duties include leasing of state lands for oil developments, was beaten by Bascom Giles, former land office employee.

Sadler's election probably will give the chairmanship to Lon Smith, minority member, who was outvoted usually by Terrell as Commissioner Ernest O. Thompson.  
McDonald's land office mode of leasing was attacked by major companies and by Gov. Allred. Talk of creating a special commission to handle oil and gas problems was revived. Gov. Allred, however, flatly denied any willingness to call a special session to create a new commission.

Two new Texas congressmen were nominated. In the 13th district Ed Gossett, Wichita Falls attorney, defeated Rep. W. D. Farnham, "good friend" of President Roosevelt. In the second district Lindley Beckworth of G. M. was nominated.  
Votes tabulated today did not change the results in state races. Returns were from 253 of the 254 counties, with 153 complete.

## Stock Market Drops Upon War Scare

NEW YORK, Aug. 29.—Stock market operators dumped holding today and sent the industrial average down nearly five points, wiping out more than \$2,000,000,000 in value of shares.  
The late sellout ended a day of war scares that unsettled European markets.

## Scientific Buying May Be Taught

PORT ARTHUR, Texas—Having taught scientific farming to farmers, Uncle Sam now is going to teach store employees here elsewhere how to teach "scientific buying" to the public.  
Federal and state government and the Port Arthur independent school district have agreed to sponsor the appearance here next month of a federal instructor who will tell clerks the answers to such questions as:

How can rayon be told from silk?  
Is soap good or bad?  
If the plan works here, it probably will be extended to Galveston and other cities in this area.

## REVOLTA BUILDS HOME NEAR GOLF COURSE

MIAMI, Fla.—Deciding to be near the golf courses here, John Revolta, who with Harry Picard for three years held the International Four-Ball title, is now building a new home in Coral Gables.

## NEW BRIDGE WEDDING SITE

PURCELL, Okla.—Add romantic Oklahoma spots: The new Purcell-Lexington bridge. The Canadian river span, as yet unopened to traffic, has been the site of two weddings within a month.

## Fundamental Changes Force Themselves

The old order changes constantly, as Tennyson's King Arthur remarked; and the interesting thing about it is that it changes in spite of us, and brings us up against problems that we would dodge if it were humanly possible.

A symptom of the universal change is now making another of its perennial appearances in the Mississippi delta region, in the shape of a mechanical cotton picker.

This machine has been in the news for several years, now, and some fantastic things have been predicted for it. To date it has not got out of the experimental stage; but apparently it will do so before long, and when and if it does, the whole economy of the cotton belt will undergo a change of almost unimaginable extent.

There is a big "if" attached to it, of course. But if that "if" works out—

Well, a group of white cotton growers gathered in a Mississippi field the other day to watch a demonstration. In one hour they saw the mechanical picker pick more cotton than 50 or 60 good Negro hands could have picked. They heard a Mississippi editor remark that within five years or so the Negro cotton picker would be permanently out of a job—some millions of him. And one planter, musing on this change, remarked: "God a'mighty—le's throw it in the river."

Fortunately or unfortunately, we can't solve the problem that way. The entire south is at the mercy of this machine. If the thing fails to work, of course, the problem solves itself. But if it does work, and does the things expected of it, the southland—and, indirectly, the entire nation—will suffer a change more prodigious and fundamental than anything that has happened since the abolition of chattel slavery.

Now the point of all of this is that this change which is coming upon us is not the work of any government, any reform organization or any uplifter. Nobody "planned it that way." A man invented a machine; the inexorable progress of machine-age logic will do the rest. The most we can do will be adapt ourselves to the change.

That is the way change most often comes. Earnest people plan and scheme and hope and agitate—and accomplish little or nothing. Then some unobtrusive little economic fact bobs up—and a change more sweeping than anything the planners had aimed at comes into being automatically.

Change, of course, is not necessarily change for the better. That is where our responsibility comes in. The difference between progress and the reverse depends largely on the intelligence and the spirit with which we meet these changes that we cannot avert.

Everybody was surprised when the Japanese and the Russians suddenly stopped fighting. The world found it a truce that was stranger than fiction.

## Telephone System Of Capitol Is Large

AUSTIN — Texans frequently become impatient with the endless miles of red tape, the time, trouble, effort, cost, and complicated methods involved in conducting state business. Just how complicated the Texas state government is might be judged roughly by the number of buildings the government occupies in

Austin and the number of telephones used by state officials. Government officials in the capital occupy 33 separate buildings, scattered from Austin's south side to the state schools and asylums on the northside. One hundred and forty-nine telephones are listed in the directory, plus 22 branch systems. As branch exchanges usually have ten or more phones, that means at least 220. These, plus 149, make 359 telephones used by state officers—enough to serve an average town of 1,845 population.

## Police Say the Show Must Not Go On

Police brought a rude halt to rehearsal of the "Juvenile Follies of 1939" when they raided National Talent Pictures Corporation in the heart of Hollywood. Here the mother of one of the "hopefuls" explains to the little "chorine" that police have just arrested the school president, I. C. Overdorf, charging Overdorf's promises to make the picture starring the children were false. Other youngsters continue the dance, unaware that the show must not go on.

## Chesterfield Starts New Ad Campaign

Calling all cigarette smokers with a new national advertising campaign, Liggett & Myers Tobacco company once again reminds hundreds of millions of newspaper readers to "smoke Chesterfields—for more pleasure." Each advertisement of the new series, which will continue through the week of October 31, shows Chesterfield smokers and Chesterfield Cigarettes in lively, human situations. The campaign theme is repeated in national magazine advertising and in colorful billboards and point-of-sale displays. Assisting the newspaper campaign, four separate Chesterfield radio programs will be on the air from coast-to-coast. Besides the Paul Whiteman broadcasts on Wednesday, a new program featuring Burns and Allen begins Friday, September 30, a new football broadcast by Eddie Dooley begins Thursday, September 22, and the current Paul Douglas sports reviews will continue through the baseball season. The 1938 Chesterfield advertising has been steadily popular with the public and tobacco retailers because it advertises Chesterfield Cigarettes for the smoking pleasure they give. The "pleasure" illustrations are backed up with interesting copy which shows

## SISTER MARY'S KITCHEN

**BY MRS. GAYNOR MADDOX**  
NEA Series Staff Writer

**TURKEY** about is fair play, especially in the kitchen. Mrs. P. Corbett of New York sends me this idea. It's a delicious idea, take my word for it.

**Bohemian Country Salad**  
(Serves 4 to 6)  
Two heads lettuce, 4 tomatoes, 1 pound pot-cheese (fairly dry), 6 slices bacon, French dressing, paprika.  
Tear lettuce into small pieces as for a French bowl salad. Peel tomatoes and cut into quarters. Add French dressing and toss until well mixed. Place in flat salad dish or arrange on individual salad plates. Sprinkle over top pot-cheese dusted with paprika. Fry bacon until crisp, cut into small pieces and just before serving sprinkle the hot bacon over the salad.

That's a perfect luncheon in itself. Mrs. Corbett calls it a slenderizing dish. But don't let that worry you too much.

From Jacksonville, Fla., another reader who prefers anonymity, comes this delicate hint about peaches.

**Jellied Peaches**  
(Serves 4 to 6)  
One envelope plain gelatin, 1-4 cup cold water, 1 cup hot water, 1-3 cup sugar, 1-2 cup orange juice, 1 tablespoon lemon juice, 1-4 teaspoon salt, 2 cups sliced

**Tomorrow's Menu**  
**BREAKFAST:** Fruit bowl, dry cereal, toasted corn meal muffins, maple syrup, coffee, milk.  
**LUNCHEON:** Bohemian country salad, dry toast or French bread, blackberry cake, tea, milk.  
**DINNER:** Melon mint cobbler, left-over meat croquettes, green pea sauce, boiled potatoes, buttered beets, jellied peaches, cream, coffee, milk.

fresh peaches, 1 1-2 cups crumbs, 1-4 cup melted butter.  
Soften gelatin in cold water. Add sugar, salt and hot water and stir until thoroughly dissolved. Add orange juice and lemon juice. Cool until beginning to thicken and add peaches.  
Cake, cookie or baking powder biscuit crumbs, zwieback or Graham crackers, finely crushed, may be used for a crust. Mix crumbs and melted butter thoroughly. Put part of crumbs in bottom of mold or pan that has been rinsed in cold water, packing them in firmly. Pour in peach mixture. Sprinkle top with remaining buttered crumbs and chill. When firm, unmold and garnish with more sliced peaches. Serve with either thin or whipped cream.

## Museum Exhibiting Reformatory Art

By United Press  
DALLAS, Texas—Director Everett Spruce of the Dallas Museum of Fine Arts revealed that 30 boy inmates of the Dallas City-County Boy's Industrial Home—an institution to which local juvenile first criminal offenders are sent—had their works on exhibit there.

The boys' ages range between 9 and 16. They are sent to the local "home" when authorities decide they will "go straight" in the future if they are not sent to a state reformatory where they might associate with more hardened juvenile lawbreakers.

"Art has a psychological effect," Spruce said, "and I believe it's doing a good job at the boy's home."

The boys' works are principally crayon sketches.

## Movie Quiz to Usher In Gigantic Movie Season

Motion picture theatres of Ranger are completing plans for the gigantic quiz that will usher in the new picture season.

Both theatres in the city are cooperating in putting across the \$250,000 quiz contest. This contest is the combined efforts of producers, exhibitors and distributors to introduce the new product to theatre-goers.

The movie contest, details of which are available at the Arcadia theatre in Ranger, will distribute more than 5,000 prizes. The first prize is \$30,000, and will be given to the person with the highest grade in the contest, these grades to be determined through the answers of the patron to questions.

For the first time in the history of the industry is combined in an advertising campaign that will be carried in newspapers throughout the nation. This big newspaper campaign will give complete details of the new season's contest.

The contest, involving about 80 pictures, begins on Sept. 1 or that nearest opening date of the theatre to that date.

Among the movie quiz pictures to be shown at the Arcadia in the next few weeks are: Shirley Temple's "Little Miss Broadway," on Sept. 2 and 3; "Sing You Sinners" with Bing Crosby, Sept. 4 and 5; "Mother Carey's Chickens," Tuesday, Sept. 6. One of the best pictures of the season, "Spawn of the North," starring Dorothy Lamour, George Raft and Henry Fonda, comes to the Arcadia Sept. 11 and 12. Other pictures in the contest are: "I'm From the City" with Joe

## Peoples Baby Buggy Urged in Germany

BERLIN — The creation of a "people's baby carriage" has been demanded by the German periodical "National Will." This demand follows the great publicity given the people's automobile a short time ago.

Baby carriages with bumpers, knee-action, in streamlined limousine and sport cabriolet-with-trunk models are all too inconsiderate of the purchaser's pocketbook says the magazine. The acquisition of a baby carriage, a fundamental necessity of the German family, should be made possible to all.

The "people's baby carriage," says "National Will," should be half as heavy as the present models, so that a mother would be able to reach the nearest park from her third floor apartment without assistance.

No political candidate has taken a stand on the issue. Both major parties avoided mention of the controversy in their 1933 platforms.
