## Garrett Tells Defense of U. S.

Nov. 5.—A vigorous defense of the United States was made by Congressman Garrett of Eastland in an address before the Abilene chapter of officers at the hotel Friday night. Garrett was principal speaker at the meeting, which was attended by local military officers, National Guardsmen, naval reserve officers, and other dignitaries. He said that America's vast resources are not being used to the advantage of the "inscrupulous nations," and that the United States must be strong enough to stand up to any aggressor.

## Tax on Green Estate Urged for One State

WASHINGTON, Nov. 5.—A special master recommended to the Supreme Court today that only Massachusetts levy inheritance taxes against the \$36,000,000 estate of the late E. H. R. Green, son of the famed multimillionaire, Hetty Green. A report filed with the court today by John Flannery, Washington attorney, appointed in June, 1937, to establish Green's domicile in connection with conflicting state tax claims, in effect recommended rejection of the claims to Texas, Florida and New York for the right to impose taxes on the estate. Flannery based his recommendations on the finding that Green's "domicile" when he died in June, 1936, was his 270-acre estate at South Dartmouth, Mass. Texas claimed that his legal residence was Terrell, Texas.

## Where Hungary Slices a Piece of Czecho

For the third time this fall another nation has sliced off a big chunk of Czechoslovakia. The beneficiary this time is Hungary. The above map shows the 4635 square miles of Czech territory along Hungary's northern border that has been parceled out in this latest re-mapping of Central Europe. Earlier German and Polish acquisitions also are shown. The indicated Hungarian territory is not official, but is sketched on the basis of latest information as to Czech towns ordered ceded to Hungary by an Italo-German conference. Note that Hungary did not achieve the common boundary with Poland she had hoped to gain. Important Bratislava still belongs to the Czechs.

## EMPLOYES AND RAIL HEADS TO MAP PROGRAM

CHICAGO, Nov. 5.—A presidential committee of three railroad officials and three labor executives will meet in Washington Monday to draft a broad legislative program for rehabilitation of the railroad industry. The committee scheduled its conference after the presidents of 139 Class 1 railroads had voted to abandon a plan for a 15 per cent wage cut for their 960,000 employees, thereby eliminating the possibility of a national strike. The carriers hoped for a solution to their financial plight, centered on the committee recommendation. The program is expected to be presented to the next session of congress.

## It's Moving Day for Cavalrymen

This unusual picture of the crack Royal Household Cavalry was taken on Great West Road near London as the cavalrymen, each leading a spare horse, made their annual shift along with the change of residence of the British Royal Household. The household cavalry, which traces its origin to the Parliamentary army of the 17th century, is composed of the Royal Horse Guards and the Royal Life Guards.

## NEW DEAL IS WORKING FOR CLOSE RACES

The general election campaign entered the stretch tonight with the New Deal making an aggressive fight to hold its own in the great industrial states. President Roosevelt led off with a direct appeal for democratic candidates in New York and Michigan. Cabinet members and others deployed to stave republican works in Pennsylvania and New Jersey. Surveys foretell close contests in most states north of the Ohio and east of the Mississippi River, where the new deal found much popular support in 1932 and 1936. Mr. Roosevelt took the offensive in a radio appeal for the new deal, with special emphasis on Gov. Frank Murphy, new deal candidate for re-election in Michigan and for the democrats in New York. His speech charged old line republicans as well as communists with fascist objectives. From Chicago came a parallel accusation. Earl Browder, leader of the American communist party, said that former President Hoover represented fascism. A new election issue was proposed in dispatches from Germany quoting Dr. Angriff, which spread across its front page a charge that the visit of George Cardinal Mundelein of Chicago to the Pope was part of an "election deal." The paper argued that 21,000,000 American Catholics would decide Tuesday's election and Mr. Roosevelt had won them with a promise to re-establish diplomatic relations with the Vatican.

## Only Nine Votes Cast Absentee In Tuesday Election

Absentee voting in the Tuesday general election Nov. 11, ended at midnight Friday with total number of ballots cast totaling nine. Five had been mailed, but had not been returned. The number of absentee ballots reflected unusual light interest in the vote, officials stated. Among the later absentee voters were Mrs. M. H. Hagaman of Ranger, B. E. McGlamery of Eastland and R. E. Sikes, also of Eastland.

## Hard Rains Halt Damaging Fires In Northeast States

Heavy rains, driven by strong gales, swept across Indiana and Illinois today and halted forest and brush fires which had destroyed thousands of acres of timber lands. The rains were expected to bring relief to volunteers and CCC workers fighting fires in 10 other states. The fire belt extended from Michigan to Northern Alabama and from the Mississippi to the Atlantic. The situation was so desperate in Southern Illinois Gov. Horner issued a proclamation prohibiting open fires in the state forest areas. The rains came after winds swept across Illinois, Missouri and Indiana. The storm killed one man and uprooted trees. An estimated 6,000 men still were battling fires in Kentucky, Michigan, West Virginia and Virginia.

## Garrett Leaves Saturday TO PROTEST BUDGET CUTS OF EMPLOYMENT SERVICE

With a two-fold purpose—protest of a cut in the appropriation of the Texas State Employment Service for the final quarter of the year and a conference on the Brazos River Reclamation project—Congressman Clyde L. Garrett of Eastland left Saturday for Washington. But ahead of Garrett on his trip to the capital was a telegram to Arthur J. Altmeyer, chairman of the Social Security Board at Washington, which he dispatched before his departure in protest to the budget cut of the TSES. The social security projected quarterly budget cut of \$75,000 will mean the discontinuance of small offices of the TSES in Texas or the closing of all for a short time in December. In this TSES district, should the short state-wide closing alternative not be chosen, offices at Brockton, Eastland, Coleman, McCamey and Sweetwater would be closed Nov. 15.

## Democratic Heads Will Meet Monday At Mineral Wells

WASHINGTON, Nov. 5.—A plan for re-organization of the Chicago, Milwaukee, St. Paul and Pacific railroad company, under which holders of \$117,000,000 in common stock would receive nothing, was proposed to the Interstate Commerce commission today by examiner M. S. Jameson. Jameson said his investigation showed the common stock "has no value." MINERAL WELLS, Texas, Nov. 5.—Texas' new Democratic executive committee, which will meet Monday, will be asked to lead a campaign for redistribution of power in the national party convention. A more equitable allotment of votes given the southern states a larger voice in national conventions and to return to the two-thirds rule for presidential nominations will be cardinal points of campaigns if Van Kenedy, committee secretary, puts through his program.

## German-Americans Are Opposing Bund Their Leader States

WASHINGTON, Nov. 5.—Bernard Hoffmann, Milwaukee radio salesman and head of the Wisconsin Federation of German-American Societies, told the House committee investigating un-American activities that George Froboes, German-American Bund leader, once urged him to join the bund, to "change the form of government here." Hoffmann testified that Froboes promised to make it "worthwhile" if he would throw the weight of German-American societies behind the bund. The German-American Federation is opposed to the bund, Hoffmann testified, as is the St. Louis Society of America. Hoffmann estimated 40 per cent of the citizens of Wisconsin are of German descent and said "at least 99 per cent are opposed to the bund."

## Rev. Chas. T. Tally Invited to Speak At Big Convention

Rev. Chas. T. Tally, Jr., pastor of the First Baptist Church of Ranger, has been invited to make a speech before the Baptist General Convention of Texas, which meets in Dallas Nov. 8 through the 11th. This is a distinctive privilege for Rev. Tally, and brings honor to the church at Ranger since this convention is the largest of its kind in the Southern Baptist year. Some 8,000 delegates attend the meeting annually, and the invitation to speak before the body comes as recognition of outstanding work during the past year.

## Bullock Club Has A Regular Meeting

The 4-H club met at Mrs. Henry Wilson's, the sponsor, recently. She tested the sewing boxes. All were good. They had thread, scissors, a book to keep a record on, needles, pin cushion, ruler and measuring gauge. Mrs. Wilson explained the wardrobe plan. She said, "We must have four shelves in our wardrobe. There should be a door at the top to put quilts and hats in. You should have a place to put your winter clothes in, and put moth balls in, and keep the mice out. The wardrobe should be 2-1/2 feet wide and 6 feet long. The wardrobe should be painted a light color and a window close to it so you can have light and see what you wish to get." Those present were: Billie Jean Bush, Lillian Adams, Helen Dempsey, Dorothy Evelyn Hatton, Joyce Bush, Maxine Clark, Eunice Souyres, and Mrs. Henry Wilson.

## GO-AHEAD SIGN VOTED BY EASTLAND LEGION ON CLUBHOUSE PLANS

Ex-servicemen of Eastland in session Friday night at the Knights of Pythias hall voted to proceed with plans of the American Legion for a clubhouse to be located at the city park. The clubhouse topic was chief among discussions of the evening at the meeting, attended by 50 ex-servicemen, and at which H. P. Pullman, post commander, presided. White, H. J. Tanner and P. L. Cressley, comprising one committee, and V. O. Hatcher, K. B. Tanner and Pullman comprising the other. According to present plans, the additions to the building will make one of the most modern Legion club headquarters in West Texas. The organization expects to gain revenue by renting the dance floor to responsible organizations following its lease by the city. An Armistice day program on Friday, Nov. 11, also was one of the main topics of discussion at the session. Commander Pullman also told members at the session that meeting nights are each Thursday night. Business sessions are held the first Thursday night of each month at the K P building and regular sessions at the Harrison building. J. H. Mitchell was commended for aid in finance work. Visitors from other posts commended Pullman on the organization's activities, including the new membership increase and finance drive. A lunch was served following the business session.

## Final States of Czech Partition Is Now Completed

The final stage of Czechoslovakia's dismemberment was started Saturday. By agreement between Czech and Hungarian military commissioners, Hungarian troops marched across the Danube to the island of Suseit, first of five occupation zones in the territory ceded to Hungary under a German-Italian arbitration award. Since the Munich agreement Czechoslovakia has been deprived of 16,077 square miles of territory, containing 1,999,000 people to satisfy German, Polish and Hungarian claims to minority areas. She has left a little over 38,000 square miles and about 10,500,000 people.

## Pastor Is Held In Alleged Attack On 11-Year-Old Girl

GONZALES, Texas, Nov. 5.—Rev. R. O. Ekrut, 33, pastor of a church at Nixon, was held in the county jail here today, charged with assault on an 11-year-old girl and attempted assault on a 13-year-old member of his church. Sheriff B. Neighbors arrested the pastor after the 13-year-old child informed her mother, "Rev. Ekrut is not the kind of a man you think he is." The child said the minister had asked her to accompany him to San Antonio.

## Clemency Releases Most State Prisoners

AUSTIN, Texas.—Those who complain that the state board of pardons and paroles is not lenient enough will be surprised to learn that more prisoners leave the state penitentiary and its farms by the clemency route than are released by completion of sentences. Last month the ratio was 96 released on completion of sentence and 143 released by the clemency route.

## Schedule Given By C. H. O'Brien For Tax Gathering

A schedule for collection of state and county taxes was announced Saturday by C. H. O'Brien, assessor-collector for Eastland county. The schedule: Deadweight, Nov. 17; Carbon, Nov. 18; Gorman, Nov. 19; Dothan (morning), Nov. 21; Seranton (evening), Nov. 21; Nimrod (morning), Nov. 22; Sabanno (evening), Nov. 22; Ranger, Nov. 23; Pignee (morning), Nov. 23; Romney (evening), Nov. 23; Rising Star, Nov. 28; Cisco, Nov. 29; Okra (morning), Nov. 30; and Olden (evening), Nov. 30.

## Cockrill Is Heard By Mail Carriers

Representing Congressman Clyde L. Garrett, who was unable to attend, J. W. Cockrill spoke Saturday at a meeting of the 17th Congressional District Rural Mail Carriers' Association at Mineral Wells. Cockrill, secretary to Congressman Garrett, filled the engagement because the official was enroute to Washington on business.

## Increase of 800 Barrels Is Noted

Daily average crude oil production in West Central Texas for the week ending Oct. 29 was 31,850 barrels, an increase of 800 barrels over the previous week, the American Petroleum Institute announced Saturday. For the four weeks ended Oct. 29 this year daily average production was 33,500 barrels. For the week ended Oct. 30, 1937, the daily average production amounted to 34,700 barrels.

## Jewish Refugees Threatened With Typhus Epidemic

WARSAW, Poland, Nov. 5.—The Jewish relief committee said today that typhus had broken out among 5,000 Jews deported from Germany who are held in barracks on the Polish side of the frontier. The number of cases was not established. Fourteen doctors were dispatched with medical supplies and the Polish Red Cross, cooperating with Jewish relief organizations, took precautions against the spread of the disease.

## Contracts Let Upon A. & M. Dormitories

DALAS, Nov. 5.—Contracts for construction of \$1,600,000 worth of buildings at Texas A. & M. College were awarded by the school's board of directors. Bellows Construction company of Houston was given a contract to build 12 dormitories and a mess hall.

## Freedom of Capital Vital as Freedom of Speech

An ominous murmur is beginning to be heard in the land in connection with the new re-armament program.

This program, it is explained, will be terribly expensive. Further, it will have to be rushed. In rearming we shall be competing, more or less indirectly, with the great totalitarian nations, and because we are a free country we shall be at a great disadvantage in the competition.

Therefore, it is argued, we might as well face the fact that in order to re-arm we shall have to surrender some of our cherished liberties. Neither labor nor capital can expect ordinary treatment; national security is at stake, and we shall have to countenance all sorts of interference with profit levels, wage scales and the like.

It would be a fine thing if, before this sort of talk spread any farther, the people as a whole would get up on their collective hind legs and shout it down once and for all.

At first blush it sounds reasonable enough, to be sure. The totalitarian states can re-arm cheaply—comparatively cheaply, anyway. They can conscript labor and commandeer factories and raw materials. They can tell working men to toil longer hours at reduced wages and make them like it. They can set whatever prices they choose for materials and can ration the supplies as they choose. They can force industrialists to produce at any profit level the bureaucracy may decide on. For the duration of the rearmament drive they can suspend any or all of the ordinary laws of economics.

A land which can do none of those things will have a hard time matching, ship for ship, gun for gun and plane for plane with these dictator-ruled nations. It will pay much more for what it gets and it will take longer to get it. And so we meet this new argument—that until we have re-armed sufficiently we ought to borrow a few ideas from the people we are re-arming against.

Now it happens that one of the principal things we are re-arming for is the defense of the American way of life. It is not merely our commercial interests which seem to be threatened; it is the whole system of a free society, the whole network of ideals and beliefs and privileges under which, as we believe, human beings have the best possible chance to gain a little ground in their never-ending pursuit of happiness.

And it also happens that these "handicaps" which make our re-arming slow and costly are fundamental parts of that system. Give them up, and the system itself is no longer recognizable. Freedom of capital and labor are as vital in the American way of life as freedom of speech and freedom of religion.

So if we suspend or infringe on them in order to compete with the Fascists, we lose the battle before it begins. Whatever happens after that, we don't win. We give Fascism its greatest victory right at the start.

It is of the highest importance that we get straight on that point right now. We can pay any price for re-arming—except that price.

Now that the fighting in China has moved down to the south, that rumbling you hear is the British telling their furnurers to go back where they came from.

Shoes made out of frogskin have appeared in Louisiana. When they're new, instead of squeaking they croak.

Comes news that the Lithuanians, after 12 years of martial law, are deciding not to call their condition a state of emergency any more. Oh, they're just trying to be different.

## SISTER MARY'S KITCHEN

BY MRS. GAYNOR MADDOX  
SEA SERVICE NAUT WRITER

THINGS men like to eat make good menus. Take a few examples and you'll understand. Achmed Abdullah, author, playwright and adventurer, told Marian Squire, who compiled "The Stag at Ease," a collection of favorite recipes of noted men, that this Gascon dish delights him.

Achmed Abdullah's Stew  
(Serves 6 to 8)

Two pounds lamb, 1 very small duck, 1-2 pound genuine French or Italian pork sausage, 1 pound white beans, 4 ripe tomatoes, 3 onions, 3 cloves garlic, 1-2 teaspoon thyme, small piece bay leaf, 2 tablespoons butter, 2 tablespoons olive oil, salt, pepper.

Cut lamb into large pieces. Cut up duck. In large saucpan, heat butter and olive oil. Brown sliced onions, cut up tomatoes, garlic, lamb and duck in hot fat. Cook about 30 minutes. Then add tomatoes, salt, pepper, thyme and small piece bay leaf. Cover and simmer.

In separate pot, cook beans with a little onion and parsley until nearly tender. Then drain beans and add to other mixtures. Turn stew into casserole. Cover top with slices of sausage and pour a little melted butter and oil over top. Bake in hot oven for 15 minutes.

Veal Kidneys and Mushrooms  
(Serves 2)

Lewis Mumford, whose books on architecture have helped America rediscover America, is an enthusiastic kidney and mushroom fan.

### Tomorrow's Menu

BREAKFAST: Grapefruit on half shell, dry cereal, Lewis Mumford's veal kidneys and mushrooms, buttered toast, coffee, milk.  
LUNCHEON: Canned corned beef hash, ketchup, cole slaw, whole wheat bread and lettuce sandwiches, fruit bowl, tea, milk.  
DINNER: Abdullah's stew, steamed brown rice, buttered broccolis, escarole and green pepper salad, ginger pears, cup cakes, coffee, milk.

Two veal kidneys, 1-2 pound fresh mushrooms, 1 medium white onion, flour, salt, pepper, 2 tablespoons sherry or white grape juice, parsley.  
Peel mushrooms and cut in half. Season with salt and pepper. Sauté in butter for 10 minutes in separate saucpan. Skin and cut up veal kidneys. Slice onions and saute lightly in butter. When onion is almost browned, add more butter and saute the kidneys rapidly until red of center verges on brown. Season well with salt and pepper. Then sprinkle flour over kidneys, stir and add enough boiling water for gravy. When the gravy thickens, add sherry or grapejuice mixed with a little lemon juice to mushrooms. Combine kidneys and mushrooms over hot fire and serve at once with a dash of chopped parsley or a sprinkle of paprika on top. Cook the kidneys quickly and not for long, otherwise they will become tough.

## PROGRAM AT OIL MEETING IS OUTLINED

ABILENE, Nov. 5.—Program for the seventh annual convention of the West-Central Texas Oil & Gas Association to be held in Abilene Dec. 10, has been announced here by J. C. Hunter, president.

For the first time in the history of the association's annual membership meeting, women will be invited to attend and participate in the sessions.

Local arrangements for entertainment are to be under the general direction of the Abilene Chamber of Commerce and its oil and gas committee, headed by Russell Stephens, Association chairman of entertainment is A. J. (Art) Frazier, vice president of the organization.

Hunter, Frazier and Stephens, aided by Mierle Gruver, new manager of the chamber of commerce, are determined that the 1938 convention will be a more outstanding event than the one last year.

The 1937 convclave, which attracted more than 700 members and guests at the annual banquet, was acknowledged the largest district meeting of independent operators in Texas. Plans are being mapped for a gathering of at least 1,500 at the Dec. 10 meeting.

The all-day program will open with a breakfast for directors and officers at 8 o'clock Saturday morning, followed by a business meeting at 10 a. m. Nominating and resolutions committees will report at the business session, although election of officers and final reports will not be made until the evening affair.

Luncheon at a downtown hotel for oil operators will be served at noon. A football game will be on the schedule for afternoon.

Feature of the convention will be a banquet at an exhibition hall of the West Texas fair grounds, for which Coke Stevenson, Lieutenant-Governor elect and chairman of the state senate, will be chief speaker. Typical West Texas dinner will be served.

During the business meetings, special programs will be planned for wives of visiting oil men, who will join in the luncheon and evening gatherings. Finale of the day will be a dance at one of the local hotel ballrooms.

Speakers for the noon luncheon will be Gerald C. Mann, Attorney General elect, with Col. E. O. Thompson, chairman of the Texas Railroad Commission, C. V. Terrell, retiring member, G. A. (Lon) A. Sadler, member elect, and Lon A. Smith, to be presented.

Members of the Texas Senate and the House of Representatives have also been invited to the noon meeting and the evening banquet.

Industry leaders who have already accepted invitations to attend include: Charles F. Roesser, Fort Worth, president of the Independent Petroleum Association of America; Harold B. Fell, Ardmore, Okla., executive vice president of the IPA; Russell B. Brown, general counsel of the IPA, Washington, D. C.; C. E. Buchner, executive manager of the IPA, Tulsa; Clarel B. Maper, Tulsa, secretary of the General Mid-Continent Oil & Gas Association; Charles P. McGaha, Wichita Falls, president of the Texas Mid-Continent Oil & Gas Association; George C. Gibbons, Dallas executive vice president of the Texas Mid-Continent; Wm. R. Boyd, New York, executive vice president of the American Petroleum Institute; W. G. Skelly, Art Olson and D. E. Buchanan, Tulsa, and Al Buchanan, San Antonio.

Adoption of an enlarged work program is scheduled on the business portion of the evening membership meeting, as well as reports from the following committees: Safety and accident prevention committee, E. A. Ungren, Abilene, chairman; taxation, J. H. Sedwick, Albany, chairman; production, Harold G. Neely, Fort Worth, chairman; membership, J. D. Sandifer, Jr., Breckenridge, chairman; theft prevention, W. W. Wallace, Cisco, chairman; executive, P. W. Pitzer, Breckenridge, chairman.

Sessions of the convention will be open to membership of 2,300, and special invitations to district towns are being sent through local chambers of commerce, which are slated to have a part in the annual meeting. Each chamber of commerce in the district has formally endorsed and approved the organization and has promised to aid in making the 1938 program of the association effective.

# The Ford Motor Company

now offers

# FIVE QUALITY CARS

FORD DE LUXE FORD MERCURY LINCOLN-ZEPHYR LINCOLN

**THE FORD V-8** is built to provide comfortable, dependable transportation at the lowest possible cost. It offers a choice of two V-type 8-cylinder engine sizes—the famous 85-horsepower engine for better performance—or the thrifty 60-horsepower engine for better economy. "60" owners regularly report 22 to 27 miles a gallon. The 1939 Ford is a handsome big car, inside and out. It has more room and an unusually large luggage compartment. It has big hydraulic brakes, built to strict Ford standards of safety and precision. There are three body types, three colors. Lower prices.  
**PRICES BEGIN AT \$584**  
(Delivered in Detroit—taxes extra)

**THE DE LUXE FORD V-8** is designed for people who want the basic Ford advantages with a little more luxury and style. Its flowing lines for 1939 are more modern than ever. It is roomy and richly appointed. Like the Ford V-8, it embodies important improvements in comfort, as well as big hydraulic brakes. The smooth efficiency of its 85-horsepower V-type 8-cylinder engine has been proved by millions of owners. In appearance and performance, in completeness of equipment, the De Luxe Ford sets a new high for low-price cars. Five body types, six colors. Lower prices.  
**PRICES BEGIN AT \$684**  
(Delivered in Detroit—taxes extra)

**THE MERCURY 8** is an entirely new car—and a new value. It takes its place between the De Luxe Ford and the Lincoln-Zephyr, promising in its price class the same satisfaction and pride of ownership. Skilful streamlines and a wide, roomy body give the Mercury something of the character of the Lincoln-Zephyr. Rich interior appointments reflect its outward beauty. Advanced engineering makes it unusually quiet and comfortable. It has a big new 95-horsepower V-type 8-cylinder engine and hydraulic brakes. Choice of four body types, eight colors.  
**PRICES BEGIN AT \$894**  
(Delivered in Detroit—taxes extra)

**THE LINCOLN-ZEPHYR V-12** is acknowledged to be the style leader of its era. It has turned modern automotive design in a new direction. Beneath the car's graceful streamlines, in closed types, is the first structure of its kind—the unit-body-and-frame. Steel panels are welded to a steel, truss-type framework. Powering the Lincoln-Zephyr is the V-type 12-cylinder engine—giving outstanding performance with unusual economy. Owners report from 14 to 18 miles on a gallon of gasoline. Performance is brilliant. The 1939 car has hydraulic brakes. Six body types, eight colors.  
**PRICES BEGIN AT \$1326**  
(Delivered in Detroit—taxes extra)

**THE LINCOLN V-12.** "As new perfect a motor car as it is possible to build." Such is the Lincoln. This magnificent automobile is created unerringly in one of the world's famous precision plants, where the first condition is to build the best regardless of cost. The result is a car which provides luxurious transportation through the Panhandle and the second hundred thousand miles. The Lincoln V-type 12-cylinder engine is admired wherever motor cars are mentioned. There are many body types, including a wide range of designs by leading custom builders.  
**PRICES BEGIN AT \$480**  
(Delivered in Detroit—taxes extra)

**THE FIVE CARS** in the Ford-Lincoln line for 1939 give you a choice of more than thirty different models—from which you can pick the one that fits your own ideas of size, style, power and price. Whichever you choose, whatever you pay, you'll get top value for your money.

The quality of Ford and Lincoln cars comes first from the fine materials that go into them—and the precision workmanship that produces them. But quality comes most of all from the fact that back of these cars is the only automobile plant of its kind—where production processes are controlled from iron ore to finished car—and savings passed along as extra value.

Typical of the quality in each car is its V-type engine—once found only in very expensive cars—and brought to all price fields only by Ford. V-type engines are compact and efficient. They deliver horsepower in proportion to their size—smooth performance with unusual economy. They hold world's records on land, sea and in the air.

SERIAL STORY

MURDER TO MUSIC

BY NARD JONES

COPYRIGHT, 1935 NEA SERVICE, INC.

CAST OF CHARACTERS MYRNA DOMBEY—heroine, wife of the sensational swing band leader...

CHAPTER XXIX UNDER the leadership of "Torchy" Stephens, immaculate in his tails and white tie, the Swingsters were in the groove.

At a table alone sat Bob Tait, idly smoking a cigar. To the casual observer he was indolently at ease.

He saw Nelda and Rogers now, being led through the maze of tables by a waiter. The Starr girl was as strikingly beautiful as ever.

A new voice sounded beside him. "Not me. Not when I hear somebody ordering a drink!"

It was while Dannie and Rogers were shaking hands that Leonard Macy arrived. Expecting anything, Tait stood close to Feely.

Well in Northeast Part of County Is Estimated Making 50 Barrels Oil

Commanding attention with its estimated production of 50 barrels daily in an area about as many projects in recent years was James C. Ellis No. 2 Seett and Gentry, in the northeast corner of Eastland County 11 miles southwest of Strawn.

Ellis, of Owensboro, Ky., who took over the well which was started March 10, 1936, by R. H. Murray, planned an 80-wart shot to stimulate production in the sandy lime, 2,059-1,117 feet.

In Palo Pinto county A. & C. Drilling company abandoned No. 1 Holt, section 17-8-TE&L, three miles south of Graford, at total depth of 4,250 feet in shells and broken lines.

Rush Oil Company staked location for No. 16 E. G. Houser, a 250-foot project, 1,950 feet from the north line and 139 feet from the south line of the lease.

"I think so," said Dannie. "Of course," said Macy urbanely. "Mr. Feely and I have a lot in common."

"Well, I don't know what it is said Feely. "You're a millionaire and I'm not even close."

MACY spoke up. "I am glad to be here, Mr. Tait. But I don't believe I quite understood your reference to me."

He danced by the band, nodded to "Torchy." The band swung to a stop, the lights went up, and a silver spot bathed the leader.

Parents, Teachers At M. V. to Meet

The Morton Valley Parent-Teacher Association will meet Tuesday afternoon, Nov. 8, at 3:45 in the school auditorium.

When the Nazis come again, the Vienna cardinal's butler will say, "Initzier is out, sic."

VALUABLE HARD FRUIT

HORIZONTAL Answer to Previous Puzzle

When Rogers and Myrna left the table Tait excused himself and sought "Torchy" on a band stage.

When he reached the table, Nelda Starr looked at him indolently. "Why don't you ask me to dance?"

Tait stumbled awkwardly in his stride. "I'm sorry, Nelda. I'm afraid I'm not a wonderful dancer."

THE SACREDNESS OF HUMAN LIFE

Text: Exodus 20:13; Matthew 5:21-26, 28-32.

BY WILLIAM E. GILROY, D.D., Editor of Advance

WASHINGTON

WASHINGTON.—Election of 32 governors, 27 senators and 52 members of the House of Representatives on Nov. 8 may be expected to produce a net Republican gain for the first time since Hoover's landslide of 1928.

Democracy, holding 39 of the 46 governorships, 76 of 96 Senate seats and 328 of the 435 House seats, admittedly are on the defensive, although party control of Congress isn't even remotely threatened and they will keep control of most state capitals.

The 1940 presidential nominations and election are on many political minds. Recovery of a few large states lost in the last 10 years would boost G. O. P. hopes of a national comeback two years hence.

IF ONE were to judge the importance of a lesson by the need of it in the world surrounding us, there could surely be no more important lesson than this.

OUR lesson, too, emphasizes the fact that killing and maiming are not simply matters of taking of life. They have roots in positive terms of wrong attitudes, in prejudice, hate, and in all unbecoming ways and conduct.

## 1920 Club Members and Their Guests are Entertained in Eastland

The 1920 club held its regular meeting Thursday afternoon at 2:30 in the blue room of the Gholson hotel. Following the business session, over which Mrs. Johnnie Ducker, club president, presided, the club members and their guests motored to the home of Mrs. Allen D. Dabney in Eastland. There they spent a most enjoyable hour studying her elaborate collection of early American glass, composed of products of the most famous early manufacturers. A very interesting lecture in keeping with the subject was given by Mrs. Philip Pettit of Cisco.

The club was further entertained with a tea given by Mrs. Geo. L. Davenport at her home in Eastland. The attractive plate consisted of assorted sandwiches, dainty sweets and coffee.

The committee responsible for his novel program was composed of Mrs. Bob Hodges, chairman; Mrs. John M. Gholson, Mrs. Arthur Murrell and Mrs. Fred Warren.

## Adkins, Betty Lou Robinson, Alene Stafford.

Scrapbook committee: Betty Jean Pugh, Elsie Ellen Hummel, Margaret Lou Hargraves, Ben Patterson.

The club is to begin work on their first program, a Christmas program, soon.

Mrs. L. R. Herring Presides at Cooper School P-T. A. Meeting Tuesday

## Showing the Public Just How a Newsreel Is Born

Myrna Loy gets lessons from Clark Gable in the difficult art of assisting a news reel cameraman in the above scene from "Too Hot To Handle," an M-G-M production now playing at the Arcadia theatre. "Too Hot To Handle" is a \$250,000.00 Movie Quiz Contest.

## Football Service For Bulldogs Will Be Held Tonight

Tonight at the regular hour for services, Rev. H. B. Johnson will preach his annual "football sermon," with members of the Ranger Bulldogs squad, the high school football team as especially invited guests of the pastor.

Each year, for the past 10 years, Rev. Johnson has had the high school football team as his guests at services on the Sunday prior to the Ranger-Cisco football game, which is played each year on Armistice Day.

Acceptance of his invitations have been received from all three organizations. Others are also invited to attend.

## Legion Post Issues Challenge to Ladies in Ticket Campaign

Members of the Carl Barnes Post, No. 69, have issued a challenge to members of the post-auxiliary to a ticket selling campaign in connection with the picture, "Army Girl," which will be shown at the Arcadia Theatre Wednesday and Thursday, Nov. 9 and 10. All money derived from the sale goes toward improvement of the memorial plot in Evergreen cemetery.

Only the money obtained from the tickets sold by the two organizations will go toward the memorial plot, while all sold at the theatre box office will go to the theatre. Losers in the contest will have to furnish a banquet for the winners.

Tickets have been printed and the active selling campaign will begin Monday and will continue throughout the showing of the picture.

"Army Girl" is a Republic picture, with two stars, Madge Evans and Preston Foster, and 15 featured players, including James Gleason, H. B. Warner, Ruth Donnelly, Neil Hamilton, Heather Angel, Billy Gilbert, Ralph Morgan and Guinn "Big Boy" Williams.

## Calvary Baptist to Have Three Services

Calvary Baptist church, as well as all of Ranger, is to have an unusual treat on Sunday, Nov. 29, at which time Dr. Joe Jeffers, a close friend of Pastor Lovell, will speak three times.

Dr. Jeffers has just returned from England, Russia and all of Europe, and was there during all of the recent crisis and war scare. Consequently, he will have some unusually interesting things to tell the people of Ranger.

Plans are being made for a late evening service and early services so all church members can enjoy this special treat.

## Bank to Be Closed On Election Day

Announcement was made Saturday that the Commercial State Bank would be closed all day Tuesday, Nov. 8, because of the general election.

All banks in the country close on election days, so anyone having business with the bank is urged to transact it Monday, because of the holiday.

## INJURED AT GAME

C. J. Moore, Hudson-Terraplane dealer, Ranger, suffered a painful injury Friday evening at the football game when he was overjoyed at the second touchdown made by the Bulldogs and leaped to his feet, only to fall and sprain his right ankle. While it is a painful injury, Moore is about town on crutches.

A movie actress boasts of evening slippers she can tie in knots. Those are knot evening slippers.

At 7:30, the pastor will give a religious lecture on "The Native Life in the Holy Land," particularly as it helps us to understand our Bible. He will wear the native costume, and will also give some explanation of the present uprising in that land.  
Everyone is cordially invited.

## Plans to Operate Barges on Trinity

By United Press  
FORT WORTH, Tex.—Capt. Eddie Lutz, who has operated boats on Galveston Bay and the Trinity River for 33 years, revealed to Fort Worth friends that he hopes to operate barges to Mile 180 on the Trinity.

Captain Lutz, whose home is at Anahuac, said he planned to form a company to operate two steel, Diesel-powered barges on the lower 100 miles of the river (to Mile 180).

Citizens of Liberty, Tex., raised \$8,000 to clear the Trinity of snags along the 38 miles from their town to Anahuac, on the gulf. Commercial barge service below Liberty is expected to start before Jan. 1.

Captain Lutz said that actual barge operation was the only way to convince skeptics that the river would be navigated. He anticipated enough water most of the year to permit barge operation over his proposed route.

"I know what's along that river to be barged out," he said. "I've taken out lumber, oil and pulp-wood myself and helped sail with charcoal cargoes when I was a boy. Perhaps there would be no returns for the first couple of years, but I know there's freight and that the line would pay its way after the river is made more free of obstructions."

He estimated that \$20,000 would be needed to begin the barge service to Mile 180.
