Field Day Held At Long Farm

A field day was held on the Norrell Long farm Tuesday afternoon, Oct. 4, although the ground was wet from 2.8 inches of rain that was received the previous Saturday and Sunday. This made a total of 5.2 inches of rain received within the last 8 days, yet dry dirt was found at a depth of 41/2 inches. Everyone present agreed that something needed to be done, as the soil was in a poor condition to absorb water.

A remedy was suggested also by those present. It consisted of breaking of the "plow pan" with a chisel type plow and seeding to an adapted legume. This will give the roots of the plants an opportunity to enter the hard restricted area. Channels made by the roots will give future rains an opportunity to go much deeplater time.

ped Class A Gorman 33-6 here to get their first win of the season Friday night.

Gorman was held scoreless by the outweighted Baird team until the Panthers' Max Pierce cut loose with a 60-yard run around end. Pierce's kick for the extra point failed, and that was all for Gorman.

Baird opened a series of plays after the kickoff to bring the ball four yards from Gorman's goal in the first quarter. Halfback Paul Jones put over the score with an end run. A pass from Jones to Bobby Joy added the point.

Fullback Don Jones scored in the second quarter with a sevenyard plunge through the middle. In the third quarter, Paul Jones picked up the leather on Gorman's 23-yard-line and cut through tackle for the score.

Jimmy Barnes of Baird, a 145-pounder, scored Baird's last two touchdowns on a pitch-out play from Quarterback James Tyson. He cut through his tackle hole and with a block by Bobby Joy ran 55 yards for the first 47-yard sprint after the pitchout. Paul Jones kicked both extra points.

From where I sit ... by Joe Marsh

Shades of Tom Sawyer!

Hack Willis had just stopped the tractor so's he could cool off at the pump, when a young insurance salesman came up the drive.

Hack was tired of plowing, and needed insurance on his new barn. But he also needed to get that winter rye in fast. The salesman, an eager kid, noticed hesitation. "I come from a farm." he said. "Why don't you look at these booklets-get all the dope-and I'll take that plow a couple of rounds for you."

Young fellow laid off a pretty straight furrow, too. It was almost dark before Hack-sitting in the shade-was able to decide just what kind of policy to get.

From where I sit, to be a good salesman-or a good citizen-it always helps to "put yourself in the other man's place." He may have a different sort of job with different problems ... he may prefer to close a deal over, say, a friendly glass of beer while you might prefer something else. But both of you can co-operate if you make it a "policy" to try.

HAVING THE WORST TIME OF THEIR LIVES

By all odds, the young years should be the best. By all traffic statistics, they're the worst.

The facts: young people-15 to 25-have, proportionately, more accidents, kill more people, are themselves killed and crippled

more than any other age group up to 65. This is a national tragedy that the youngsters can do most to erase.

How? By matching grown-up activities with grown-up attitudes. By learning early to be expert drivers. By policing their own. By making known to "cowboys" that showoff driving is resented, not admired.

Level-headed young people-the vast majority-are doing just this in many communities.

Miss Floy McCaw Is Club Hostess

The Junior Wednesday Club met Oct. 3rd, 1955 at 7:30 p.m. with Miss Floy McCaw.

The program was "Our Youngsters and Their Care". Mrs. Sorrels spoke about "Hostility How It Develops in Children and How it Should be Handled" and pointed out the importance of learning to curb children's hostile behavior while they are very young, and the difference between hostile behavior and hostile feelings.

Mrs. Emil Ringhoffer spoke on "What is Good Discipline?" and pointed out the fact that most Mrs. Griffin. all parents are constantly saying no to their children and the importance of once in a while when there is really no reason not to do so to say yes to a child.

The Civic Committee submitted a plan from Elmwood Garden Nursery for lanscaping the elementary school ground. The Club approved the plan and the civic committee report that they expect the work to be begun within the next two weeks on this long awaited project. The submitted plan was very attractive and we as a club are very happy that this work is in the process of being done.

Refreshments were served to the following members: Mmes. Ray Black, Wilburn Carrico. Frank Crow, E. B. Posey, Bill Johnson, Emil Ringhoffer, Cubelle Sorrels, Coleman Walton, George Warren, Bill Womack, Misses Sarah Parks and Floy McCaw.
