## Two Races Shape Up

Robert Buntyn

### Buntyn Files For Attorney

Attorney Robert Buntyn filed Friday as a candidate for county attorney in the May 4 Democratic primary.

The 45-year-old lawyer bids to succeed County Attorney Jimmy Ross, who did not file for reelection.

**BUNTYN** moved to Dimmitt in August 1966 from Denton, where he had practiced law 10 years. He was associated with Cowsett Abstract Co. here for three months before opening his law office in the old First State Bank building November 1966.

A Dallas native, Buntyn served three years in the South Pacific with the US Marine Corps in World War II. He took part in the landings at Guadalcanal and Tarawa, and earned the Purple Heart medal for machine-gun wounds he received during the Tarawa landing. He was hospitalized for a year at Pearl Harbor and San Diego, and his wounds left him with only partial use of his right hand.

After the war he studied pre-law at North Texas State University, and in 1947 he graduated from the School of Law at Southern Methodist University.

Buntyn and his wife, Margaret, have three daughters, all of whom are married.

### Bobbie Playoff Expected Tuesday

Dimmitt and Hale Center school administrators will huddle this weekend to pick a time and place for the district championship playoff game between the Bobbies and the Owlettes.

Local coaches expect the game to be played Tuesday night, either at Plainview or Olton.

**OLTON'S** Fillies scuttled the Bobbies Tuesday night, 60-58, in a hair-raising double overtime game at Olton.

It was the Bobbies' third loss, and cinched the second-half title for Hale Center. However, as the first-half winner, the Bobbies still have a chance at the championship in a playoff.

**THE BOBBIES** led all the way Tuesday night until they lost forward Debra Summers via fouls in the fourth. The Fillies tied the score at 56-56 before the buzzer, throwing the game into an overtime.

The teams were able to pick up only two points apiece as the first overtime ended, 58-58, but the Fillies outscored the Bobbies 2-0 in the second one.

Fouls cost the Bobbies the game. Although they outshot the Fillies in field goals, 20-15, they gave up 37 free throws to Olton's 20.

Allan Webb scored 32 for Dimmitt, followed by Summers with 15, Suzanne Merritt with 6 and Ruth Dyer with 5.

### Heck to Oppose McLain in Race

George Heck of Nazareth filed last Thursday as a candidate for county commissioner from Precinct 1.

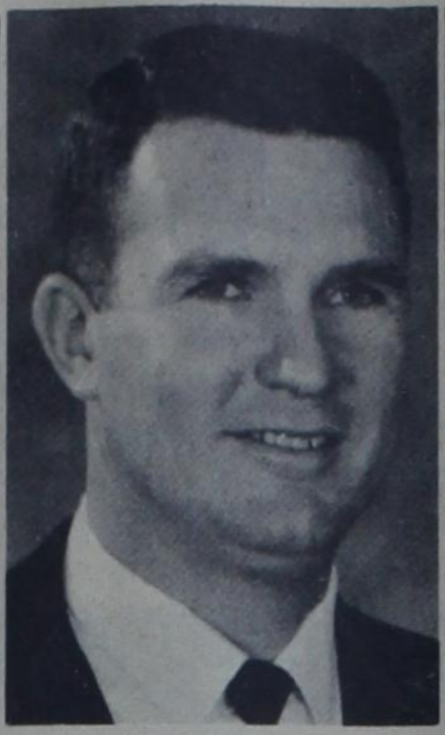

**HE WILL** oppose incumbent E. I. "Tump" McLain in the May 4 Democratic primary.

This is the first political race for Heck, 42, who owns and operates a farm four miles east and two south of Nazareth.

"My main purpose in running is to try to get better country roads for the people in our precinct," Heck said.

**A LIFETIME** resident of the county, Heck served four years with the 187th Airborne Division in the Pacific in World War II, seeing combat in Manila, Leyte and Okido, and later serving with the American Occupation Forces in Japan.

He and his wife, Vera, have seven children. He is a member of Hart's First Methodist Church and the Castro County Farm Bureau.

Frank Ford

### Ford Announces For Legislature

J. Frank Ford, Deaf Smith County farmer and businessman, has announced as a candidate for state representative in the 72nd District, subject to the action of the May 4 Republican Primary. The district includes Deaf Smith, Parmer, Castro, Bailey, Lamb, and Cochran Counties.

**FORD IS** a native of the area, and is a 1955 graduate of Texas A&M. He served in the US Army from 1956 to 1958, and was an "Honest John" rocket battery commander, attaining the rank of captain.

"We are all concerned about the rapid increase in taxes, crime rates, and the general unrest which we see now in our country," Ford said in announcing his candidacy, "and the best way we can stop this trend is to work harder to make our state and communities better places in which to live. It is my desire to see more responsibility placed at the state and local levels, rather than in Washington, D.C."

"I consider vocational training as a high priority item for progress in Texas," he added. "Skills and training for our youth must be matched with the jobs which will be available in the next two decades. The 1969 session of the legislature will be the most important one in many years in the field of education."

**"IN MATTERS** requiring state-federal cooperation, such as the importation of water to this area, I will work closely with our congressman to insure that our cities and farms have adequate water for the generations to come."

Ford worked in the legal division of the State Board of Water Engineers in 1959, and served as bill clerk for the 56th Legislature that year.

He and his wife, Margie, live in Hereford with their four children, Davis, 10, Cindy, 7, Dan, 5, and Susan, 4. They are active in the First Methodist Church. Ford has been Scoutmaster of Boy Scout Troop 52 for seven years, recently completed a year as president of the Hereford Migrant Ministry, and is currently vice-president of the Deaf Smith County Chamber of Commerce. He is president and manager of Arrowhead Mills, Inc., a stone grinding flour mill in Hereford.

**"IN ENTERING** this campaign," Ford said, "it is my hope to help encourage all citizens, especially our young people, to take a more active part in their government. This will help preserve our freedom and extend the opportunities which are our American heritage."

**NOW ON SALE** — Chamber of Commerce Secretary Dorothy Magness shows what you'll need to get into the organization's 1968 banquet — an oversize ticket featuring a caricature by "Cow Pokes" cartoonist Ace Reid, who'll be the main speaker. The Feb. 17 banquet will be open to the public, and tickets at \$4 each may be purchased in the chamber office in city hall or from any chamber director.

### Industrial Seminar in Austin To Focus on Dimmitt Prospects

The Texas Industrial Commission will conduct an all-day industrial planning seminar for Dimmitt on Tuesday, March 19, in Austin.

Dr. J. D. Blackburn, Chamber of Commerce president, urged all interested Dimmitt residents to sign on as delegates to the Austin seminar. He has listed industrial planning as the No. 1 project of the chamber this year.

**THE MEETING** will be in Room 510 of the Sam Houston State Office Building, and will feature speakers from the Industrial Commission staff, the University of Texas Bureau of Business Research, Texas Tourist Development Agency and Texas Employment Commission.

Sponsored by the Chamber of Commerce, the meeting will cover every phase of community and economic development and will open with a commentary by Jim Heath, West Texas industrial development consultant for the Texas Industrial Commission.

**THIS IS** one of 20 such programs held each year by the commis-

sion, and the March 19 seminar will be designed specifically for Dimmitt.

The meeting is scheduled to run from 9 a.m. to 3:30 p.m.

EARL BROCK, WITH SCOUT CITATION AND MEDAL... Silver Beaver hangs from blue-and-white ribbon

### Brock Receives Silver Beaver, Highest Scout Award for Men

Earl Brock, who has worked with Boy Scouts 26 years, last week received the highest award available to an adult Scout worker—the Silver Beaver Award.

**BROCK, who is manager** of Southwestern Public Service Co. here, is only the second Dimmitt man ever to receive the coveted award. R. D. Rogers was presented a Silver Beaver in 1956.

Brock received his award at last week's meeting of the Dimmitt Lions Club, of which he is a member. On hand for the presentation was Gordon Gibson, district Scout executive, a delegation of fellow Scout workers from the South Plains Council, and his wife, Mabel, who placed the Silver Beaver pendant on him.

**THE SILVER** Beaver Award is conferred by the National Council, Boy Scouts of America, and only six other men in the South Plains Council received the award this year.

The citation accompanying Brock's award stated:

"Twenty-six years ago this Scouter first saw the need for boys having Scouting and became a Scoutmaster in Slaton. Since then he has been active in three different counties of our council. He has served as institutional representative, troop committee chairman, troop committee member, and is currently registered as a member-at-large of this council.

"He is a member of the First Baptist Church and has given assistance in the financial betterment of his church through his work with the finance committee.

**"HE IS** an active member of the Lions Club, and past president. He also serves on the civic betterment committee of the Chamber of Commerce and in the local Salvation Army program.

"Many hours of his time have been given to Scouting in the securing of adequate financing of the council and assisting in local membership emphasis for new boys to know the benefits of Scouting.

"The South Plains Council proudly presents the Silver Beaver Award to Earl J. Brock."

After receiving his award, Brock said, "If what I've been able to do has helped just one boy to become a better citizen through Scouting, that's reward enough for me."

Elvon DeVaney

### DeVaney Files For JP Office

Elvon DeVaney, 33-year-old vegetable plant manager, filed on the Democratic ticket Monday for justice of the peace in JP Precinct 2.

**THE PRECINCT** does not have a justice of the peace at present. T. E. Harrison, justice of the peace in neighboring Precinct 3, handles the misdemeanor cases for both precincts.

DeVaney has lived in Dimmitt and Precinct 2 for two years, moving here in 1966 from Muleshoe to organize and manage the local Western Vegetable Co. plant and cucumber contracting operation.

**"I WILL** have the time that the job requires," he said, "and I have definite ideas about how the basic court of our judicial system should operate."

He added, "I believe counseling is more important than the prescribed fine and punishment. A lecture at the right time can sometimes avert future trouble."

Before joining Western Vegetable Co., DeVaney was the manager of a Bracero association that included Castro and four other counties. He worked with both farm laborers and employees, and is fluent in Spanish.

**AN ACTIVE** Jaycee, he is a past state director for this area, and is presently a director and member of the junior baseball committee of the Dimmitt Jaycees. He was chairman of the steering committee that organized the Castro County Agricultural Housing Association, and is a director in the Chamber of Commerce and chairman of its agriculture and publicity committees. He is a member of the Dimmitt Teen Club advisory committee, the Dimmitt Volunteer Fire Dept., and the Presbyterian Church.

### Visitors Drop In -- From Africa

What would you do if two young men from South Africa dropped in for an unexpected visit?

**MRS. PAUL BROOKS** of Hart whipped up a batch of cookies and iced down some soft drinks, while her husband showed the young men what they had stopped to see—a modern Texas farm.

The two surprise visitors were Louis and Francois Naude, of Kroomstedt OFS, Republic of South Africa. The two brothers are conducting their own three-month unguided tour of the US to observe American farming practices first-hand.

**THEY HOPE** to learn all they can about modern American farming practices during their three-month tour of the US, and put some of the knowledge to use on their 2,000-acre farm in South Africa.

Incidentally, the young men told the Brookses that most people think of Africa as a land of jungles and natives—although it's the country that recently gave the world its first human heart transplant.

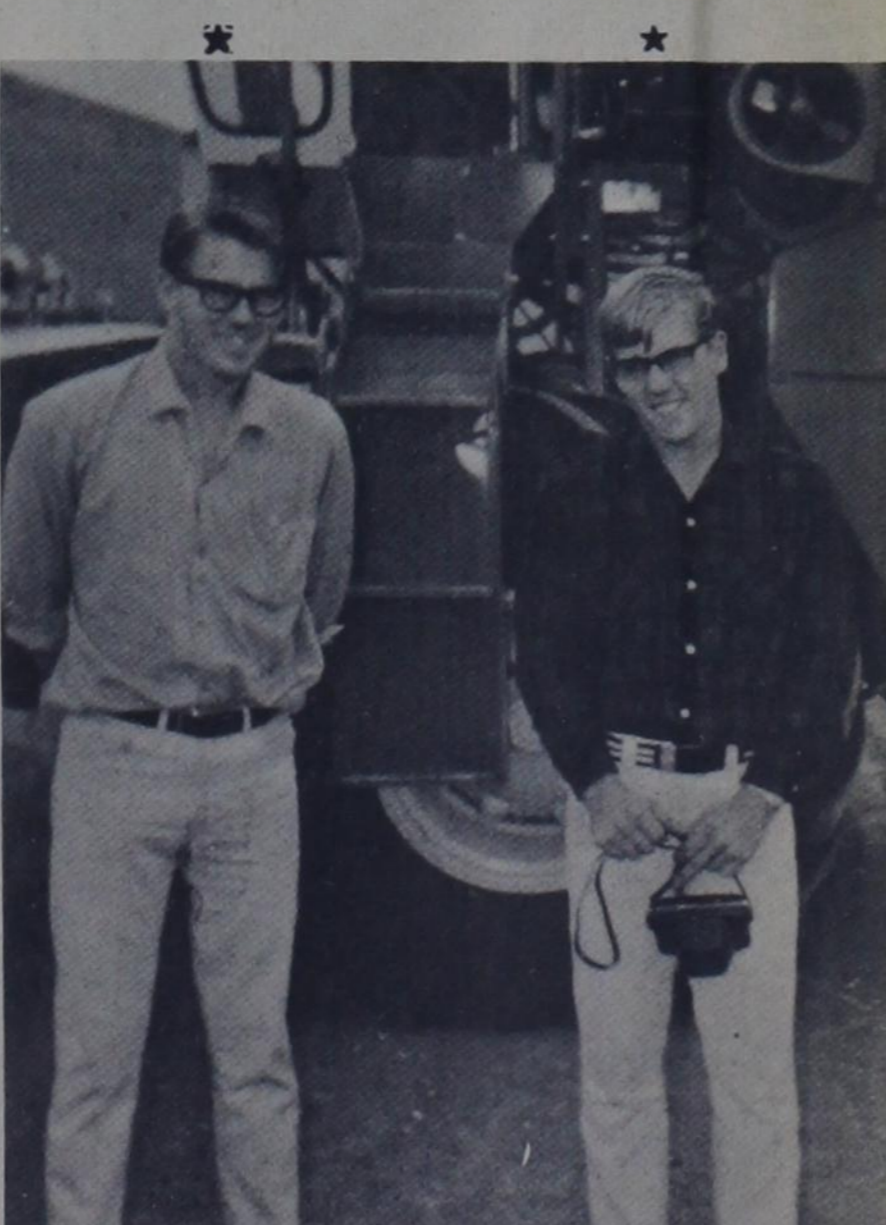

**WHERE THEY** live, they said, is quite similar to Texas, and the people are mainly French. Their farm employs 33 families, and their most profitable crops are corn, milo and soybeans. A good portion of their farm is kept in grass, they said.

The Naude brothers flew to New York, then bought a car to tour the US. The South African Embassy gave them some camping equipment, so they have divided their time between camping out and enjoying American motels.

The young men are 23 and 19, and the older brother has attended a university three years. The older one speaks English fluently, and the younger one still has some difficulty with our language, the Brookses said.

**"THEY WERE** very impressed with our modern farming equipment and the vast abundance of water here," Mr. and Mrs. Brooks reported. They have very little water, and what they have comes from streams.

Mrs. Brooks decided that while the two brothers were being shown the farm, they should be shown some Texas hospitality, too—so she served them cookies and soft drinks in the field as they talked with Mr. Brooks.

### Rehearsals Set For '68 Follies

Rehearsals will start Tuesday night for the 1968 Lions Club Follies, to be staged next month in Dimmitt High School auditorium.

**THE FOLLIES** Chorus will rehearse at 7:30 p.m. Tuesday in Lamar Fellowship Hall of the First Methodist Church.

Theme of this year's Follies will be the "Roaring 20's," and most of the show's music will be from that era. Music Teacher Dwight Joiner is the Follies director this year, and Russell Nelson is general chairman.

Dimmitt Lions Club sponsors the two-night Follies here each year to finance the American Field Service exchange student program.

**MUSIC** packets were distributed in pre-rehearsal meeting at the First Methodist Church Tuesday night. However, Nelson said that singers who weren't on hand for the first meeting can get their music before Tuesday night's rehearsal starts.

### School Board Rehires All Administrators

Dimmitt's school board rehired all school administrators, signed five new teachers and set the date for this year's trustee election at their regular meeting Monday night.

**CONTRACTS** were renewed for Ike Moore, Helen Richardson, Emmett Broderson and Robert Crooks, Curriculum Director Weldon Skinner and Assistant Curriculum Director Virgil Young. All were rehired at their present salaries.

April 6 was set as school board election day, with three trustees to be chosen. Trustees whose terms are expiring are John Merritt, Jim Golding and Carroll Webb. Ray Bearden was appointed election judge.

**FOUR NEW** teachers were hired under the Title I program for migrant students. They were Mrs. Laverne Bates, Mrs. Mary McGaughy, Mrs. Mary Wakefield and Mrs. Lyndell Sinclair. Also, Mrs. Mairies Gibson was hired to teach seventh grade physical education and athletics.

### 4,004 Register

Castro County is primed for a big election year with the highest voter registration in its history.

**KENT BIRDWELL,** county tax assessor-collector, reported the final voter tally for the county at 4,004 after closing out the 1968 registration.

The registration figure dwarfed last year's record total by 1,154, but Birdwell explained that it was mainly because this was the first time voters over 60 were required to register here. Until this year, voters over 60 in cities of less than 10,000 didn't have to register.

Another factor that possibly gave voter sign-ups a boost here is that this is the first general election year without a poll tax in Texas.

**THE COUNTY'S** '68 registration total of 4,004 compares with 2,850 last year and 2,750 in 1964, the last general election year. The latter two figures do not include voters over 60.

### Colt League To Be Formed

Pony League boosters Monday night elected new officers, decided to establish an inter-city Colt League, and vowed to have two new ball parks ready for play when the junior baseball season starts in three months.

**DR. DAVID BECHTOL,** who has spearheaded the drive for the two new parks, was elected league president. Other new officers are Francis Wilhelm, vice-president; Andy Schumacher, treasurer; John Wood, secretary; and Carroll Webb, players' agent.

Those present at Monday night's meeting voted to set up a four-team Colt League between Dimmitt and Hereford, with two teams from each city.

Jimmie Chapman, Pony League sectional director, said all boys 15 and 16 who are interested in playing Colt League baseball should contact him by this week-end at 647-4264 or at the Castro County News office.

**MONDAY NIGHT,** Pony League officials will meet with the city baseball commission to take final action on plans for two new ball parks at the Castro County Recreation Center.

GLENN GRIPP IS READY TO GET WORKERS, EMPLOYERS TOGETHER . . . State employment office now in new labor housing complex

# Employment Office Moves

The Texas Employment Commission office here has a new home. **GLENN CRIPP**, in charge, and Mrs. Ollene Williams, clerk, have finished "setting up shop" in their new office in the headquarters building of the migrant housing complex in East Dimmitt.

Office hours are 8 to 5 Monday through Friday.

The local employment service, which officially is the Dimmitt Farm Sub-Office, working under aims mainly at getting the farmer and the farm worker together, Gripp explained.

**BUT IN** addition to handling farm employment, the office lines up employment opportunities for workers in other fields upon request, Gripp said.

Although the Dimmitt office has been here less than two years, it already had compiled a record of brisk activity. It has lined up employment at the rate of 4,000 to 5,000 workers per year, and Gripp said he expects the number to rise this year with the labor housing complex providing more centralized facilities for both the worker and the farmer.

## The View From Your Library

By VIRGINIA NEWSOM Librarian

For just plain fun, we have a book in the library that fills the bill. It has the unusual title — "O Ye Jigs & Juleps" — and is written by Virginia Cary Hudson.

**I WOULD** like to give you a short sample from a chapter called "Etiquette at Church."

"Etiquette is what you are doing and saying when people are looking and listening. What you are thinking is your business. Hallelujah thine the glory. If you want to stay awake in church, go to bed early on Saturday night. You can't go to the altar rail until you are 12. That is God's etiquette. You can't put on perfume until you are 16. That is Leesville etiquette. After you are confirmed, your sponsors in baptism can't be blamed for what you do. You are on your own then, and if the devil gets you it's your own fault and serves you just right. Amen and Lord have mercy.

If you are in the mood for a bit of light reading and a good laugh, this is the book for you.

**THANKS** to Marilyn Carver for coming down to do story hour Friday. She brought some of her youngsters from Lollipop School and I'm sure everyone had a good time.

I spent a very interesting and profitable day at the publicity workshop at the Amarillo library Friday. I might add that I gave full credit to the Castro County News and Radio Station KDHN for all the help so willingly given the library.

We circulated 122 books this week, which is 40 more than last week. Great. Let's try for 162 next week.

My assistant, Sylvia, has been ill with the flu this past week and she has really been missed. Sylvia works after school and on and I am lucky to have her. She is learning library work, under a government-sponsored job program for young people.

Sylvia and I will be happy to see you and help you select a book when you come down to see us this next week.

## Bible Thoughts

STAND UP AND BE COUNTED  
By Ronnie Parker

In the early days of the church persecutions were very real. Immediately after the church began on Pentecost there were persecutions from the Jews. Later Christians were made scape-goats by Nero and they had to go underground in Rome. Early Christians were martyred because they confessed faith in Christ.

We live in an age of comfortable Christianity. Few people have sacrificed very much for Christ and few people give very much of themselves to the Lord. It seems that very few people have deep enough convictions about anything that they are willing to die for them. Ours is an age of complacency, of compromise, of toleration.

It is always thrilling for me to read of courage and loyalty in the lives of persons. Some of our boys are dying in the battle for freedom. A few political leaders are standing firm for principles. Some parents are going against the tide to raise their children properly.

Yes, it is still important to stand up and be counted. Confessing Christ in our day will not likely get us killed. But God would still have us to be out-spoken for Christ. Courage and loyalty to Christ is as needed today as it was in the first century. Jesus still says, "Everyone therefore who shall confess me before men, him will I confess before my father who is in heaven" (Matt. 10:32). Now is the time to stand up and be counted.

# PROGRESS

Progress is on the march. There is a great boom in building. Cures are being found for maladies that have killed mankind for centuries. Industry is doing magnificent things. But what sort of progress is being made in human relations—this term that includes respect for the person and property of others and good will among men.

There is one agency striving for progress in this field. This agency is the church. At the birth of Jesus Christ, the following prophesy and promise was given to mankind by a host of angels: "Glory to God in the Highest Heaven! Peace upon earth among men of goodwill!" Luke 2:14, (Phillips translation). Only when the majority of men on earth are men of goodwill, will we have peace.

Attend church this week and align yourself with the forces of God.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

# Record 1967 Feed Grain Crop Leaves 213 Million Ton Supply

The supply of feed grains for the marketing year 1967-68 amounts to about 213 million tons, some 7 percent larger than last year. John G. McHoney, Extension economist at Texas A&M University, said the 1967 feed grain crop produced a record 176 million tons, 12 percent above the near record output in 1966.

**THE DOMESTIC** demand for feed grains is expected to continue strong in 1967-68. The number of grain-consuming animal units to be fed is now expected to be a little above the post-war high of 178 million units in 1966-67.

Because of more favorable livestock-price ratios in prospect, feeding per animal will be heavier, McHoney explained. Total domestic consumption may be around five percent higher than the 141 million tons consumed last year.

Exports are expected to be about 22.5 million tons compared with 21.9 million tons in 1966-67. McHoney said U.S. exports will continue to meet strong competition from larger feed grain crops in Europe and from large supplies in surplus producing countries during the 1967-68 marketing year.

**ACCORDING** to McHoney, with lower corn prices, larger exports of corn are in prospect, probably around 10 to 15 percent above the 488 million bushel export of 1966-67. Exports of sorghum grain, on the other hand, probably will fall below the heavy exports of the past two years when substantial quantities were shipped to India under the Public Law 480 Program.

He said total utilization of feed grains is expected to amount to about 170 million tons. This would indicate a carryover at the close of the 1967-68 marketing year of around 43 million tons, up 6 million from a year earlier.

The sorghum grain supply for the present marketing year is estimated at 1,034 million bushels. This is a little smaller than last

year's supply, and 160 million bushels below the five-year average, McHoney said. **WHILE** sorghum grain production has increased during the past three or four years, carryover stocks, pointed out the economist, have been reduced from over 600 million bushels in 1963 to 245 million bushels on October 1, 1967.

He said that the record 1967 crop of 789 million bushels is expected to about equal total requirements and foresee little change in the carryover on Oct. 1, 1968.

Feed grain prices during this marketing year are much nearer the loan rates than in 1966-67. Feed prices are expected to be somewhat below a year earlier well into 1968. With prospects for heavier domestic use and larger quantities placed under price support, a seasonal rise in prices seems probable later in the marketing year, the economist said.

**McHONEY** believes the extent of the seasonal increase will depend, to a considerable degree, on the rate of feed grain consumption, and on 1968 crop prospects.

The 1968 Feed Grain Program carries provisions for increasing the acreage diverted from corn and sorghums.

To adjust output more in line with prospective demand, the 1968 feed grain program is designed to encourage a diversion of about 30 million acres from corn and sorghum grain compared with about 20 million acres in 1967, McHoney explained.

# Foundation Gives Results Of Test Grains

Fifty-one grain sorghum hybrids were included in a performance test conducted under irrigation at the High Plains Research Foundation in 1967. Yields ranged from 7,021 to 9,082 pounds per acre and were higher than normal because of more timely rainfall in June and July.

**THE TEST** was planted May 16 and harvested Oct. 23 and 24. Fertilizer was applied at the rate of 120-60-0 from ammonium phosphate and anhydrous ammonia. The crop received a preplant irri-

gation and 13.9 inches during the summer from three irrigations. Rainfall during the growing season amounted to 17.34 inches. The test area had been planted to cotton in 1966.

The 1967 research report will include the following information on each hybrid; yield, percent moisture at harvest, bloom date, plant height, exertion, head compactness, head length, and protein percentage. Also included in the report is a table listing the average yields for all hybrids tested during the previous five, four, three and two years. This report will be printed and issued to members of the Foundation in the near future.

Lloyd Langford, associate agronomist on the foundation staff, conducted the grain sorghum variety test.

## FCI Pays Out \$2.2 Million

Some \$25.6 million in Texas crop production expenses on more than 437,000 acres was protected by Federal Crop Insurance in 1967.

An estimated \$2.2 million was paid to Texas farmers to cover approximately 2,500 losses during the past year.

A recent USDA announcement said the protection in 1968 would be available on irrigated cotton in Culberson County and on cotton and grain sorghum in Matagorda County and will bring the total Texas counties to 66 where the insurance is available. Grain sorghum insurance will also be available in Wharton and Fort Bend Counties.

## ASCS Notes

### Sign-ups Underway

By CHARLEY HILL, County Secretary

The sign-up began Monday and will close on Friday, March 15.

**ADVANCE** payments will be available in 1968 on the feed grain and cotton programs. The amount of such advance payments will be 50 percent of the diversion payments to be earned. No advance payments are authorized on the price support payments for either cotton or feed grain or on wheat certificates.

There will be no 1968 feed grain price support payment for soybeans planted in lieu of feed grains on permitted acreage.

Program regulations have been amended to provide that land is ineligible for designation as diverted acreage if there is a restriction in a lease or operating agreement which prohibits the production of the crop being diverted.

**CASTOR** beans, crambe, flaxseed, guar, mustard seed, plantago ovata, and sesame have been approved as alternate crops for 1968 at a payment reduction of 50 percent of the additional diversion rate. Safflower and sunflower have been approved as alternate crops for 1968 at a reduction of 100 percent.

Always be kind to old ladies. Some of the darndest people are learning karate these days.

### MEASUREMENT SERVICE

March 15 is the final date to sign-up for pre-measurement service for 1968 row crops and measurement service for wheat and diverted acres.

### NEW GROWER FEED GRAIN BASE

The final date to make application for a new grower feed grain base is March 1.

### REAPPORTIONED COTTON ACREAGE

March 8 is the final date to request or release cotton acreage. We do not know if Castro County will have a reapportioned cotton acreage.

### RED RIVER '68 WHEAT

We have been notified that Red River '68 will be classified as wheat and will qualify for wheat certificate payments and will be subject to offsetting compliance provisions.

Thought: So many of us spend so much time griping, we haven't time to count our blessings.

## Nazareth Girls Hold Style Show

Nazareth High School's freshman and junior homemaking girls presented a style show recently in which many girls were "mannequins" and others portrayed "salesgirls."

**THE JUNIOR girls**, wearing wool suits, were pictured in a display window while the freshman girls modeled their dresses by acting as salesgirls.

After modeling their garments, the girls displayed their home projects. Cookies and punch were served to the FHA girls, their parents and other guests.

**JUNIORS** taking part in the style show were Connie Aberant, Genevieve Braddock, Jo Ann Guggemos, Joyce Brockman, Anna Beth Hoelting, and Angela Conrad. Freshmen were Philomena Anderle, Joyce Venhaus, Edna Braddock, Janelle Venhaus, Bea Schulte, Elaine Dobmeier, Veronica Lange and Monette Pohlmeier.

## Mrs. Tidwell To Review Book

The Dimmitt Book Club will meet Wednesday at 4 p.m. in the community room of the First State Bank.

Mrs. Buster Tidwell will review "The Beloved Invader," by Eugenia Price.

**DURING THE years** in which Miss Price was writing her 11 non-fiction books, she was searching for a true story to form the basis of a novel. She found it in 1961 on St. Simon's Island, Georgia, and "The Beloved Invader" is the basis of that finding. It is a true story using real names and places.

The setting is St. Simon's Island at the close of the 19th Century. There, Anson Dodge Jr., a young, handsome, wealthy Yankee, invaded the poverty and destruction of the Civil War-torn South with a dream — a dream that built something lasting and beautiful out of the debris that he found.

## Hardwoods Get 'Super Finishes'

"Super finishes" for hardwood veneers were unveiled recently at one furniture market.

**HARDWOODS** with these finishes are expected to compete with the laminated plastics and molded plastics in care and performance because in some of the performance tests the new hardwood finishes performed better than did the plastic laminates, says Bonny Lay, Extension housing and home furnishings specialist.

One of the new finishes is heat-catalyzed liquid plastic. This is actually a plastic encasement of the wood furniture. Another new finish is catalyzed varnish.

Both of these finishes will be appearing on furniture this fall, so be on the alert for them, says the Texas A&M University specialist.

## Camp Fire Girls Will Sell Cakes

Okichi Camp Fire Girls will hold a cake sale all day Saturday at Taylor and Sons Food Store to earn money for their camp fund.

**AT THEIR** weekly meeting last Thursday in the C. B. Welch home, the girls made plans for the cake sale and also started work on their board pictures.

**PAM FORREST** served refreshments to Ann Welch, Marlene Lankford, Jaci Johnson, Charlotte Fisher, La Cretia Sandlin, Jan Noble, Nancy Vardell, and leaders Jean Johnson and Juanita Welch.

**SENIOR CHAMPS** in Saturday night's 4-H "Share the Fun" contest were these four members of the Nazareth 4-H Club, who presented a skit entitled "The Fate of a Jaywalker." From left are Terry Huse-

man, Rita Womack, Debra Hochstein and Raymond Huseman. They'll represent the county in the district "Share the Fun" contests.

Cubs See Birds Banded at Buffalo

By MYRTLE SHEFFY

A group of Cub Scouts with their sponsors went to Buffalo Lake Sunday afternoon on a guided tour of the waterfowl and wildlife refuge. They watched some of the birds having bands put on the legs. There were not as many ducks and geese on the lake as usual, but the yards in Dimmitt were full of robins and blue jays. Going to the Lake with the boys were the Jack Millers, the Herb

Mayfields, the Glen Merritts, the George Sideses, and the Bill Birdwells.

★ GERALD AND Patti Summers are the parents of a new baby girl, born Sunday. Her name is Camille Denise. The grandparents are Juanita and Melvin Summers and Bobbie George. The great grandparents are Cletha George of Dimmitt, Mrs. Lillian Holister of Plainview, Mr. and

Mrs. Jack Holister, Mr. and Mrs. A. R. Lamb and Mrs. Ross Summers. Most of them were at the hospital to see this pretty baby, as were Dub and Louise George from Plainview.

Another new baby is the son of Dennis and Kathryn Huseman of Nazareth. I didn't get the kin-folks' names.

We saw Mrs. Joe Drerup and her little boy at the hospital. He was sick but is better now.

Mrs. Sam Butler was the honoree at a surprise birthday party Wednesday afternoon when her husband Sam called a few friends. Dugan Butler, daughter-in-law, cooked a good lemon sponge cake and made a pot of coffee. I saw son Joe washing their plates, and grandson Jimmy Jack and his wife Jerry brought flowers and gifts. We wish for you many more birthdays, Mrs. Butler.

★ THE JIM LAKES came in from the cherry farm country at Flat Head Lake Monday to see the Joe Butlers. They all decided to drive out to southern California. Dugan said "We don't know just where we are going — just going!" George Froehner, student at UT, came home for a few days' visit with his parents Nolan and Evie Froehner. George is studying aero-space engineering.

Sue Chaney of Lubbock, Mrs. Mike Chaney and son Michael spent Thursday with their parents, Mr. and Mrs. Earl Chaney, and grandmother, Mrs. Cooper.

★ WE MET the very attractive RN, Helen Foster, at the hospital nurses station. Her home is Tulsa, and Ginger Gibbs Dowry tells us that her husband, is in the US Navy, cruising the Mediterranean. There he is in that pretty blue sea, while she is here nursing the sick. Maybe the war will soon be over.

The hospital is full of sick folks — mostly flu, I hear. Dickie and Ben Holcomb flew out to California to attend a big business meeting of the Young Farmers. They planned to see some of the places of interest while there.

Mrs. Ollie Carver visited another son, Leroy, in Amarillo that weekend. Joe is her Dimmitt son.

★ WE HAVE a card from Kathleen and Edd Burrus telling us about the new baby boy that was born to them Jan. 18. He is named William Bentley. Kathleen taught school here and directed the last several Lions Club Follies. Edd was a farmer and gin-ner at Olton before moving to Paris, Texas. Best wishes to you all.

Mrs. Phillip Mote and son, Robert, of Decatur, were here for a few days' visit with her parents Mr. and Mrs. H. B. Thomas.

Joe C. Newton and wife Kathy and small son left for San Francisco to visit her aunt. They plan

to see the ocean, Disneyland and other places of interest before coming home.

★ MRS. GLADYS MOBLEY and daughter, Nell Miller, and Mrs. Dell Parish were Sunday dinner guests of a friend, Mrs. Lillian Sevier in Clovis. Another day, Mrs. Mobley and Mr. and Mrs. Claude Price of Floydada went to Throckmorton to visit their 82-year-old mother, Mrs. Lelia Taylor.

About 40 teenagers — Methodist MYF members and guests went to Lubbock Saturday night to see "Gone With the Wind." Mr. and Mrs. David Hardison were the sponsors.

★ A JAPANESE theme was carried out in decorations and food Thursday when Jerry Butler and Caroly Bryant hosted a party in the Bryant home, using Oriental dishes and decorations. The girls had to eat with chop sticks. They had colorful parait for dessert, with tiny umbrellas in them, and fortune cookies. Jerry said the prizes came from Japan. That was a fun party for Nancy Ross, Martha Dannevik, Barbara Quinby, Peggy Prather, Jane Blackburn, Lucy Nelson, Kay Stafford, Maxine Horton, Pat Anthony, Sue Howell, Betty Dennis, Vaudine Giles, Ann Touchstone, Dalia Gregory and Mary Bechtol.

Mrs. Jeanne Rovenger and Ted Eddy of Dallas were weekend guests of friends, Jay Lee and Reba Touchstone. Mrs. Rovenger is the manager of the Sheraton Hotel in Dallas, and a very handsome woman she is. They say Ted cooks a very fine breakfast.

★ MRS. EUGENE MORTON of San Antonio came up on business and also visited Mrs. Joe Benson and Mrs. Robert Singer of Tulsa, and a cousin, Elouise McDougal of Hereford. They used to have a farm on the draw near Big Square.

Thursday is bridge playing day in Dimmitt. Shirley Wise served a banana nut cake and cherry pie and coffee to Joe Eddie Riley, Ruth Jackson, Dorothy Gilbreath, Darlene Nossaman, Katy Kruse, Myrna Miller, Dorothy Mayfield, Carolyn Jones, Mildred Bradford, Mona Merritt, Ina Cleavinger, Patsy Morrison, Courtenay Armstrong, Lois Wales, Carol Dyer, Avis Smith and Katy Graham. Ouida Willis had a few friends in for refreshments and bridge. Her guests were Dugan Butler, Aural Davis, Bernice Hill, Kate Beecher, Reba Touchstone, Gladys Benson and Grace Wright.

Thursday night Virginia and Sam Gilbreath were hosts at a dinner party and later bridge. Having fun were the Swain Burketts, Ray Rileys, Goodwin Millers, Edgar Rameys, Pearl Sheffy, Aural Davis, and Raymond Wilson (Margaret is with her daughter, Pat, in Kansas City).

On Tuesday evening Mr. and Mrs. Edgar Ramey entertained some friends with a special Italian dinner cooked by Rose Acker. Their guests were the G. C. Millers, Swain Burketts, O. K. Howes, J. C. Gilbreaths, Marion Bentons of Lubbock and Marty Benton.

★ WELL! WELL! Ruby Webb had another birthday Monday, and to celebrate, Ray and Gynell Belnap were hosts at a supper and later "42." Guests were Howard and Mary Hershey, the Arthur Oakleys, Alma Hendrix, Dora Mooney, Pearl Johnston, June Belnap and Glover Frazier.

The Lee Webbs of Amarillo (He is news director of KFDD-TV) came down Sunday to visit his mother, Ruby Webb. Saw the Alvin Frazier family having Mexican food, and their son Landol of Fort Worth was here for a few days visit.

★ JACK COWSERT, Maria Hut-ton, Mary Baldrige, George Bradford, Mrs. Flora Gunn and Mrs. Ruth Reisdorph, Bill's mother, are in the hospital. Maybe they will be back on the job soon. The R. J. Sandersons of Friona were Sunday guests of the J. W. Martins, and Robert Owens of Waco is a guest of Mr. and Mrs. Jack Ingram.

Mr. and Mrs. Jewell McLaety of Seymour visited her sister, Vera Webb, Saturday night.

I saw Paul and Dedra Diehl downtown. Paul teaches high school English and Dedra teaches English and seventh grade. They went to Dallas over the weekend to visit parents and attend the wedding of friends.

★ FIVE TRUCKLOADS of potatoes and maize were taken to the Methodist Childrens' Home in Waco Thursday. Going were Jim Roberts, Rayphard Smithson, Robert Yates, George Sides, Jack Ingram and Robert Duke.

Rex and Dorothy Sheffy, Scott and Brett went to Tulsa, Okla., Wednesday to visit their daughter and son-in-law, Donna and Tommy Stafford. Roy and Florene Stafford went over there Friday for the weekend. The Stafford boys, Troy and Tommy, are building a church in Tulsa.

The basketball games Friday night were very exciting — especially the Bobbies. So close, but lost by a little basket. The boys won big. I saw Bill Reisdorph there from Hartley, and

also Mr. and Mrs. Noble Howard from Hereford. There was a full house from Hale Center and Dimmitt.

Mr. and Mrs. Jack Hinson, who live south of here, were the honorees at a party celebrating their golden wedding anniversary Saturday afternoon. Going from Dimmitt were Mr. and Mrs. P. L. Cunningham, Mr. and Mrs. N. F. Cleavinger, Mrs. Bettye Vaughan, and Mr. and Mrs. Ray Riley. Mrs. Riley taught school at Springlake-Earth at the age of 18. Mr. Hinson was on the school board then.

★ MARILYN CARVER, was the story teller at Children's Hour of the library Friday morning. 32 children, ages 4 to 6, came. Do bring your children.

Virginia Newsom, the librarian, was in Amarillo attending a workshop.

Mrs. Newsom has many good books and several new ones that are on the best-seller lists. The Book Club co-sponsors the Library, located in the courthouse basement.

★ JUST HEARD that Carl Simmons and Oleta Rautio were married at Long Beach, Calif. They are long-time friends. Carl lived

SENIOR WINNERS in the annual 4-H "Share the Fun" contest at Dimmitt High School auditorium Saturday night were these members of the Lucky Jumbo 4-H Club, who presented a skit entitled, "Who

Ford of Hereford, presents the proud young winner with his keys and new blue car. Russell, a Dimmitt High School sophomore, lives with his grandmother, Mrs. Ina Hackleman.

### Young Partners Buy Drive-In; Pool to Open Hereford Store

Ray Pool, owner for five years of Ray Pool's Drive-In in Dimmitt, has sold the business and will open a men's clothing store in Hereford.

HOWEVER, Pool said he will continue to live in Dimmitt. He intends to open a store in the building formerly occupied by Dub's Men's Store of Hereford.

New owners of the drive-in here are a pair of youthful partners—Gerald Tumbow, Hereford drive-in owner, and Don Edwards, Amarillo wholesaler.

Tumbow, 23, owns and operates the Arrow Drive-In in Hereford. Edwards, 27, has been with Ponca Wholesale of Amarillo for seven years.

EDWARDS will operate the Dimmitt drive-in. He and his wife, Mary, and their two pre-

school children moved their new mobile home last week into the Roy Baylets mobile-home spaces at Northwest Second and Exter.

The drive-in officially changed hands Friday.

DESPITE the hours required to operate his drive-in, Pool has been an active worker for the Chamber of Commerce and the Highway 385 Association. He has been a chamber director and was chairman of the tourism and highways committee until his resignation last week, and is the president of the Texas Highway 385 Association.

### Jaycees Attend Area Meeting

Seven Dimmitt Jaycees attended the Area I winter meeting in Amarillo Sunday.

THEY WERE President Robert Benton, Elvon DeVaney, Don Nelson, Wade Maynard, Bill Henderson, Joe Land and Jack Clark. They were accompanied by DeVaney's father from Coahoma.

The seven men took part in Jaycee workshops and the election of new state directors and area vice-presidents. Also, Nelson spoke on "Publicity and Public Relations" at one of the workshops.

Benton left from Amarillo for Houston after the meeting to attend a convention of cooperative directors.

More than 300 Jaycees and their wives from throughout the Panhandle attended the Area I meeting.

### Dimmitt CPA Firm Now Partnership

Stanley Schaeffer, Certified Public Accountant, announced this week that Jim Ratcliff has become a partner in his firm and that the name of the business is now Schaeffer & Ratcliff, Certified Public Accountants.

RATCLIFF, 22, joined the firm as a junior accountant in January 1967, after graduating from Angelo State College with a bachelor's degree in business administration.

Ratcliff received word this week from the Texas State Board of Certified Public Accountants that he had passed his state exams to become a CPA and that he will receive his certificate in Amarillo later this month.

He completed the four state tests in Lubbock in November.

### Peace Corps Test Slated

Castro County residents who are interested in putting their skills to use in the world's developing nations are invited to take test at 1:30 p.m. Feb. 17.

THE TEST will be given at Amarillo in Room 413 of the Post Office Building, Fifth and Taylor, and at Lubbock in Room 16A of the Post Office Building.

Volunteers need not have a college degree, since a broad range of skills are needed for overseas programs in agriculture, public health, community development, education and cooperative development.

The placement test, which takes about an hour and a half, determines how an applicant can best be utilized overseas. It measures general aptitude and ability to learn a language, not education or present knowledge of a foreign language. The test requires no preparation, and an applicant neither passes nor fails.

PERSONS interested must fill out an application and present it to the tester before talking the test. The application form is available at all post offices.

### Avoid Nematodes In Peach Trees

Home and commercial peach growers are advised by Jerral Johnson, Extension plant pathologist, that they can avoid trouble from root knot nematodes by planting only peach varieties which have been budded on root stock which is resistant to the insects. The county agent's office can supply additional information.

### 'Texas' Slates Dance Tryouts

Dance auditions for the third season of "TEXAS" at Palo Duro Canyon will be held Sunday at 3 p.m. in the Branding Iron Theatre on the campus of West Texas State University.

Neil Hess, choreographer, said dancers should report in rehearsal clothes. Although formal training in dance is not required, it is helpful.

Since some dancers have speaking parts and everyone sings in the chorus, applicants should prepare short examples of their ability to speak from the stage and to sing, and should bring music for an accompanist.

At 3:30, Musical Director Royal Brantley will interview instrumentalists. There are parts for guitar, violin, accordion and double bass in the production.

Cast members must be available from the beginning of the rehearsal period, June 1, through Labor Day.

### Mrs. Pope Earns PNG Service Pin

A Dimmitt resident was honored Friday night at Pioneer Natural Gas Co.'s annual service award dinner at the Amarillo Country Club.

MORE THAN 80 employees and their wives attended the dinner. C. I. "Stoney" Wall, president and chairman of the board, presented Mrs. Lurline Pope of Dimmitt with a pin commemorating 10 years' service to Pioneer.

## Torino...for people who know there's more to a performance car than painted stripes.

1968 Torino GT Fastback (Top)  
1968 Torino GT Hardtop (Bottom)

Anyone can paint stripes on a car. Ford's performance champs earn their stripes the hard way. Torino swept the first five places in the Riverside 500. It's the Pace Car for the Indy 500. It's the hottest-selling new car in the country! Fairlane took first place in its class for braking and for economy in the Union/Pure Oil Performance Trials—in fact, Ford Motor Company cars won more classes than all other manufacturers combined! If it's performance you want, ride with a winner! See the man with Better Ideas... your Ford Dealer.

**FACTS ABOUT THE 1968 TORINO**  
When Torino takes the first five spots in the Riverside 500, first time out, you know it's tough! These cars, of course, were driven by professionals and were modified to meet the special demands of competition. But, the same kind of basic durability and maneuverability are built into every Torino we make. So if you want stripes, get 'em on the car that gives them meaning! Choose from three GT models—fastback, hardtop and convertible. All with a 289-cu. in. V-8, wall-to-wall carpeting, all-vinyl interiors, styled steel wheels and wide-ovals. Or choose the regular hardtop or 4-door sedan. Like the GT's, they've got a new, longer, 116 in. wheelbase for smoother riding comfort, more room and more trunk space. You can even have a Torino Squire wagon, with 2-way Magic Doorgate. See America's hottest newcomer at your Ford Dealer's soon!

The Shadow

Time Swings On; So Does Subject

Tick, tock, tick, tock — I am a watch owned by another great senior boy. I don't necessarily have such a hard life, but I am with my owner nearly all the time. Man, I find out a lot of things he does and doesn't do!

I guess being a watch is alright! THAT AFTERNOON, he worked 'til late and went to church that night with his girl friend. Oh, he is such a good boy!

Senior Boy of Week: Russell Johnson

It was on June 27, 1950, that a boy was born to Mr. and Mrs. C. J. Johnson. He was named Russell Dean.

AS TIME went slowly by and Russell grew older and wiser, he realized that he was interested in many things. He began to pass the time by constantly listening to records. It really moved him to hear that favorite song of his, "Distant Drums."

THEN RUSSELL woke up and began thinking about his hobby, showing his pigs. He also thought about his power mechanics class, since it is his most interesting subject.

FFA Sweetheart Receives Jacket

The FFA met to honor Barbara Hansen once again by presenting the FFA white jacket to her as their sweetheart of 1967-68.

THE SENIOR Class has chosen silver and blue as its colors with dark red rose as the class flower. The song is "The Impossible Dream" and the motto is "Look forward with hope and back with pride."

The Junior Class has had several meetings this week to plan and decide on things for the Junior-Senior Banquet. The money-making projects will be a junior car wash.

Speech Students Go to Midland

The Speech Department took a team of students to Midland Friday and Saturday to represent Dimmitt High School at the Speech Tournament held in Robert E. Lee High School, Midland. Twenty-four people made the journey, including the students and two sponsors.

MR. DIEHL was the coach for the debate teams, of which there were three. In the boys' category Dimmitt was represented by two teams, the first of which was Ronnie Burks and Robert Froehner, and the second was composed of David Harris and Danny Battles.

Until recently, sex as an ugly word used only in whispered voices or associated with people of ill respect. People shuddered at even the mention of the word. Sex education was unheard of and possibly never thought of.

Young girls and boys used to get married without an inkling of the meaning of sex. What they learned was from their parents, and usually only when approaching marriage. To young children, babies only happened; hence the term, "the stork brings the babies."

Our "hippie" generation has greatly changed the scene. Today, signs advocating free love can be seen almost anywhere, and most magazines contain articles on the "new morality" and such. Children, as young as 10 and 11 are aware of the birds and the bees, whereas 10 years ago, one was lucky to find out those things

Should School Teach of Sex?

"That's an old wives' tale." "But EVERYBODY does it!" "But mothe, she's only 13!" "Pst! Did you hear about so-and-so?"

IN THIS modern day and age, man has remodeled and given new meanings to many things, including sex.

Our generation can be concerned about sex education or it can sit back and look about in horror at the rising rate of illegitimate births, divorces, and suicides resulting from unhappy or deprived people. In some high schools, classes are being organized and used to introduce new and modern theories about "old wives' tales."

Lots of kids have learned through these classes the real meaning of sex and how it should be approached maturely and reasonably. Through such a class, a teacher can convey sex correctly and answer many questions

Senior Girl of Week:

Esther Guardiola

One day when we are all older we will look back through our senior year and remember those who made it the year it was.

THERE will always be certain people we will remember for their friendly smiles. One such person is our senior girl of this week, Esther Guardiola. Like many other seniors, she has many traits that are unforgettable.

Her parents are Mr. and Mrs. Domingo Guardiola, and her birthdate was July 5, 1949, in La Villa, Texas.

Of course she, too, has her favorites. Some of these include dancing; motorcycle and horse-back riding; the song, "I Take It Back," by Sandy Posie; the color red; the movie, "Gone With the Wind"; Firebirds; Wayne Newton; Dean Jones; chicken fried steak; art; Mrs. Hedrick; and boys and postcards.

SHE IS AN active member in the Spanish Club and Pep Club. Esther says that her pet peeve is people who are smart alec.

With such qualities as she possesses it shouldn't be hard to realize that she would like to go on to nursing school after graduation. The nursing profession can only be blessed with such a sweet person as this!

Bobbie of the Week:

Beverly Newman

Friends, Romans, and basketball fans, lend me your ears as I tell you about a guard on the DHS Bobbies basketball team.

SHE IS Beverly Estelle Newman, daughter of Mr. and Mrs. Don Newman. Since her birth in October 1951, she has lived in El Paso, Hart, Carlsbad, Plainview and Albuquerque before moving to Dimmitt.

Beverly played for DHS Freshman basketball last year and this is her first year to play for the varsity so we have two more good years of work from Beverly.

She enjoys playing basketball, as it is her favorite sport. Her height of 5 foot 11 inches gives her great power on the basketball court.

BEVERLY'S opinion of DHS is "I like DHS a lot. It is a great school with great kids." In the future she plans to go to college at Baylor or West Texas.

# Grandmother Bagwell Is Now a Great-Great

By MRS. J. T. STEHR  
647-4221

Mrs. J. A. (Grandmother) Bagwell is a great great grandmother, with the arrival of Debra Sue Weeks in Tarrington, Wyo., Jan. 29. Debra Sue is the daughter of the former Miss De Vona McEntire, who is the daughter of Mrs. Christine Bell and the granddaughter of Mr. and Mrs. Jim Bagwell of Dimmitt.

GUESTS in the Vern Lust home Sunday noon were Mr. and Mrs. Jim Bagwell, and Mrs. J. C. Williams of Dimmitt and Mr. and Mrs. Earl Lust. The Bagwells got word that their grandson, Larry McEntire, was going to stop by on his way back to Tech after visiting his mother at Perryton, so

they went home early.

The Hand Working Group met with Mrs. Houston Lust Thursday. Present were Meses. Bryan Sinclair, Charles Rickerd, Leland Smith, Earl Lust, Jim Bagwell, Moss Howell, Ivor Bagwell, Jack Howell, Max Keating, Vern Lust and Jim Howell. The next meeting will be in the home of Mrs. Jim Bagwell in Dimmitt.

Mr. and Mrs. Earl Lust and Mr. and Mrs. Vern Lust visited in the Lloyd Lust home Wednesday night. They also attended church in Littlefield that night.

MR. AND MRS. Marshal Young and little daughter, Darla Kay, had supper with Mrs. Young's parents, Mr. and Mrs. Hubert Edwards.

The Lyndon Smiths and son of Levelland spent the weekend with the Moss Howells. The Smiths moved to Ohio and lived on Lake Erie, which was too much water for Plains people, then they moved to Florida, but are now back on the Plains.

Sunday dinner guests of the Monte Boozers were Mrs. Boozers' parents, Mr. and Mrs. George Bagwell, and George and Carolyn Sides and children.

RECENT supper guests of the

A. T. Morgans were their daughter and son-in-law, Mr. and Mrs. Charles Harris, both students at Wayland College.

## Give Cheese a Warm-up

By IRENE KEATING

Did you know that the secret to serving cheddar cheese for best flavor is to let it "warm up" for 20 minutes at room temperature before serving?

CHEESE needs to be stored in the refrigerator but as soon as it is chilled, it develops "refrigerator inertia," losing flavor and texture.

Cheddar cheese is so popular it accounts for more than 80 percent of US cheese output. Current supplies of cheddar cheese are about average, so it's one of our plentiful foods for February. Why not buy some cheese — it is very nutritious.

LET'S TALK a little now about your home. Housing and home furnishings is the area of home economics that is my favorite. This is partly because the home is the "atmosphere" for family activities and living.

If you have a room you want to perk up, try using new wall coverings. You can cover one wall or all four walls. Wallpaper, wood paneling, fabrics or tile are some suggestions.

Wallpaper is available in a variety of colors, textures, prices, patterns, and degrees of durability. Use it to hide disfigured walls, architectural defects, and to add perspective to a small room. You might like to hang the wallpaper yourself.

THREE KINDS of wallpaper are typed according to soil resistance and washability; non-washable or water sensitive which must be cleaned with a commercial cleaner or can be wiped off with a damp cloth; the washable or water-resistant finishes which can be cleaned with a mild soap; and the stain-resistant scrubable finishes which can be washed. Cost varies according to the type of wallpaper.

But remember that care costs must be counted somewhere, it may be less costly to buy the best

wallpaper as it's easier to care for and it won't need replacing as soon. Of course, if you will want to change your paper in a few years you may want the less expensive.

THE NATURAL beauty of wood paneling adds a feeling of warmth and richness. It is durable, easily maintained, and provides some insulation. It is available in a variety of woods, textures, colors, grains, and prices.

Textiles, one of the oldest wall coverings, enhance modern rooms. Tapestries, embroideries, silks and damasks are still used but today we also use felt, grasscloth, canvas, burlap and plastic.

Vinyl is becoming increasingly popular. It can be made to look like almost any fabric and is waterproof, resistant to dirt, spots, stains, scuffs, and is washable.

CERAMIC tiles have long been used in kitchens and baths, but today they add interest to other rooms. They are durable, easy to clean, water, stain, and fire resistant. Vinyl and cork tiles may also be used on walls.

## The Sure Foundation

Jesus used a very simple but meaningful illustration when he declared that a man's life is much like a building. It is foolish to spend time and money on a building unless it first has a strong foundation.

On a certain school campus there was a giant beech tree. It towered high above the ground. Its great branches spread out like a giant umbrella. It looked as though it would stand for many years to come. Then one night a moderate wind blew it over. When the ground men examined the tree next morning, they found that it had hardly any roots. When the winds blew, it toppled over because of its tall trunk and spreading branches.

How often have you seen people like that? Outwardly they seem to be men and women of character and personal power, but when difficulties surround them and temptations beset them, they fall in defeat because they do not have strong spiritual foundations.

"Therefore whosoever heareth these sayings of mine, and doeth them, I will liken him unto a wise man, which built his house upon a rock: and the rain descended, and the floods came, and the winds blew, and beat upon that house; and it fell not: for it was founded upon a rock."

'Zito' Compares His Two Nations

Jose Valentim "Zito" Sartarelli, Dimmitt High School's American Field Service exchange student from Brazil, spoke Monday at the monthly meeting of Nazareth's Future Homemakers of America.

HIGH SCHOOL boys and the FHA girls' parents joined them at the meeting to hear Zito tell of his country's customs.

On dating and marriage, he pointed out that people usually don't get married as young in Brazil as they do in the US. He also said Brazilian youths take dating more seriously, but that otherwise the custom is similar to US dating practices.

He told of his family (he has three sisters and two brothers) and said many Brazilian families are larger than his. His father is a farmer and plants many tropical crops, mostly vegetables.

SPORTS in Brazil are much the same as in the US, he explained, except that Brazilian boys play soccer instead of football.

As a boy with two "home towns," he said he feels there is "very little difference" between Dimmitt and his home town in Brazil.

OTHERWISE, he said, Americans and Brazilians are much alike, and dress similarly. Public schooling is about the same, except that in Brazil teachers move from class to class instead of students, and the school year there is eight months long, six days a week, from 7:30 a.m. to noon. Also, he said he feels it's

harder for a Brazilian student to make a high grade. Food is very different in the two countries, Zito said. Rice and beans make up a major part of the Brazilian diet, but hot

dogs and hamburgers are unknown there. In his own home, he said, his mother specializes in Italian dishes because his father is Italian. THE MAIN housing materials

in Brazil are wood and stucco, he said, and farther into the Amazon jungle the housing is poorer. At present, all Brazilian money is paper, he said, but Brazil will soon put coins into circulation.

7,000 Ducks Die On County Lakes

Federal Game Warden Don Kriebel of Lubbock and Phil Evans of Canyon, game biologist for the Texas Parks and Wildlife Department, estimated that more than 7,000 ducks — mostly pintails and a few baldpates — died recently in two playa lakes north of Hart.

IN HIS report, Evans investigated the two lakes and found approximately 450 dead ducks on a seven-acre lake and 100 on a 12-acre lake.

Warden Kriebel, who personally investigated four other High Plains lakes, reported another 6,000 dead ducks. He said he had reports of still other playa lakes with several hundred dead ducks in Parmer, Lamb and Hale Counties. There are approximately 36,000 playa lakes in the Panhandle, he said.

CAUSE OF death, Evans said, will remain unknown since he was unable to get a good specimen to a laboratory in time.

In his report, Evans quoted witnesses who said the "sick ducks showed lack of coordination, couldn't move around and held their necks out stiff and down to the ground."

Others said the ducks, prior to death, looked like chickens with the limberneck.

Jack Parsons, wildlife supervisor in San Angelo, said the die-off had subsided and "It's probably over with now."

Speculation on the causes of death for the ducks ranged from avian botulism and insecticides to fowl cholera.
