CEA Hottel is retiring

Castro County Extension Agent, Agriculture, Charles Hottel of Dimmitt is retiring from the Extension Service as of Aug. 31.

He will be honored with an ice cream social Sunday at Dimmitt City Hall from 3 to 5 p.m. The public is invited.

Hottel has been the agent for Castro County since 1958, having been with the Extension Service since 1952.

Born in Stratford, Okla., Hottel grew up on his family's farm near Davis, Okla. He started in 4-H activities at the age of nine and attended 4-H Round Up for three years at Oklahoma State University at Stillwater, Okla.

Graduating from Davis High School in 1946, he attended Cameron State University at Lawton, Okla. for two years and then went to Oklahoma State University. He received his bachelor's degree in education from Texas A&M University in 1970.

Between high school and college, he spent two years serving in the US Army in Korea with the 20th infantry division.

While at Cameron, Hottel met Estella Anderson. They later married in November of 1952 right after Hottel went to work with the Extension Service. They have two children.

His first post with the service was as assistant agent at Liberty County, just east of Houston, serving there for two years. Following that, he served as associate agent at Beaumont for about four years.

In 1975 Hottel was honored at the National Convention of County Agricultural Agents in Milwaukee, Wisc.

He received the County Agent's Distinguished Service Award along with five others from across the state of Texas. He was cited for his "long and efficient service."

"I like working with farmers and the people of the community. I like trying to help people," Hottel said.

He added that after retirement he plans to continue working in agricultural fields.

"Retirement has such a final sound, but I plan to remain active," Hottel said. "We will continue living in Dimmitt at present, and maybe move later on."

"I will miss working with the people of Castro County and the people in the office here — some of the finest people in the world — but I will still be around," he concluded.

Magic show is Saturday

A magic show will be held Saturday beginning at 7 p.m. at the Dimmitt High School auditorium, with proceeds to be used to aid fire victims.

The Fireman's Auxiliary is sponsoring the show which features magician Fred Story.

Advance ticket prices are \$2 for children and \$3 for adults. At the door, tickets will be \$4 for adults and \$3 for children.

Congressman Kent Hance was returning home to Lubbock from a Colorado vacation with his family Tuesday when US Sen. John Tower made his bombshell announcement that he would not seek reelection in 1984.

Less than seven hours after Tower's announcement in Austin, Hance held a press conference in the Federal Building in Lubbock and announced he would seek the Senate seat.

Hance's entry ended speculation throughout his 19th Congressional District, and Tower's announcement made it a whole new race.

The line of prospective candidates for Tower's post is now forming to the right, behind Hance and former Congressman Bob Krueger, New Braunfels Democrat, who announced his candidacy Tuesday afternoon.

Other potential Democratic candidates include State Sen. Lloyd Doggett of Austin and former Gov. Dolph Briscoe. Republicans being mentioned as possible candidates to retain the seat for the GOP are Congressman Phil Gramm of College Station, Bill Archer of Houston and Ron Paul of Lake Jackson, State Republican Chairman George Strake of Houston, former State Sen. Walter Mengden of Houston, White House Chief of Staff Jim Baker (who has denied he will run), and former Gov. Bill Clements.

Hance said at his Lubbock press conference that he expects a big field of contenders — as many as six or more in the Democratic Primary — and that a runoff would probably be necessary before the party's nominee is determined.

Hance said he had been "leaning toward" running against Sen. Tower, and that "I felt it was a do-able thing," citing a poll which indicated Tower was vulnerable. He said Tower's surprise announcement in Austin Tuesday afternoon forced him to "move my calendar up."

The rapid sequence of events Tuesday also forced Hance to change his personal schedule. He scheduled a press conference in Dallas Wednesday and planned to hold sessions Thursday and Friday in Brownwood, Houston, Austin and San Antonio.

Hance, the first Dimmitt native ever elected to Congress, said Tuesday that "I think I can do a good job" in the US Senate and "I think I can raise the money" — an expected \$3 million to \$6 million needed to make the race.

Hance for several months had been eyeing the possibility of opposing the powerful Tower, who

ranks second in seniority among Senate Republicans and heads the Armed Services Committee. Tower, 58, is the most successful Republican politician in Texas history and has been a leading conservative spokesman nationally since his election to the US Senate in 1961.

Sen. Tower said Tuesday that he wants to return to Texas, and to teaching. He was a political science professor at Midwestern University in Wichita Falls before his election to the US Senate.

Tower hinted that he was tired of life in the Senate after 22 years.

"It's the most interesting, most fascinating job in the world, but the longer you stay around, you probably run the risk of maybe getting a little cynical and not having as much vigor for the job. . . . I've seen some of my colleagues stay around longer than I believe they should have," he said at his press conference in the speaker's committee room of the Texas Capitol.

However, the longtime senator — who already had raised a reported \$1.5 million for a re-election campaign — said he was confident he would have won if he had chosen to seek a fifth six-year term.

Asked if he was afraid of making the race since several polls showed him to be vulnerable, Tower said, "If I felt that my situation was marginal, it would probably be a greater incentive for me to run again. I have never shied away from a fight, as anyone who knows me will attest."

He added, "My polls show me stronger politically than I have ever been in the state one year prior to the election. My approval rating is higher than it's ever been by a 3-1 ratio. . . . and my polling information indicates I'm ahead of my nearest potential opponent by over 20 percentage points."

Tower's resignation is expected to have a profound effect on the Reagan Administration as well as in the US Senate, where Republicans now hold a 54-46 seat majority. Sen. Howard Baker (R-Tenn.) has announced that he will not seek re-election in 1984, and several of the 16 GOP-held seats are considered vulnerable, while virtually all of the 14 Democratic-held seats are regarded as safe.

Tower's decision may prompt the Reagan Administration to try to push as many of its defense programs through Congress as it can during the next 18 months, while Tower is still in office.

Meanwhile, Hance and Krueger are both off and running, not knowing who the Republican opponent will be in the 1984 General Election.

"For example, a family of two can only make \$540 or less per month to qualify," Mrs. Stevens pointed out. She added that additional information on income guidelines is available from her office at 218 East Bedford in Dimmitt or by calling 647-3244.

Commissioners okay budget, vote for 3% tax increase

Monday Castro County Commissioners tentatively approved the budget for the 1983-84 fiscal year, and voted unanimously to include a three percent increase in the effective tax rate.

Henry Ramaekers of Brown, Graham and Co. auditing firm presented figures showing total disbursements of \$1,450,707.26. Figuring the three percent increase and 92 percent collection, Ramaekers stated the total receipts for the county would be \$1,435,994, leaving \$14,713.26 in disbursements over receipts.

Commissioners discussed some changes in the distribution of revenue sharing funds and set Sept. 12 as the date for the revenue sharing hearing.

Car-truck crash injures two men

A brown 1979 Buick Regal, driven by W. M. Keating of Olton, collided with a 1974 Mack truck 10 miles southeast of Dimmitt Thursday afternoon on SH 194.

Keating received knee and facial injuries and was transported to St. Anthony's Hospital in Amarillo. The driver of the truck, John Roy Johnson of Plainview, received contusions on his side and a cut on his head. He was taken to Plainview.

Apparently Keating, who was heading toward Dimmitt, crossed the

center stripe and collided with the truck head-on.

After the impact, the truck went off the opposite side of the road and became airborne when it hit the railroad tracks. When the truck landed, the cab buckled back over the trailer.

The impact of the truck on the railroad tracks ripped loose a section of track. Workers repaired the tracks Thursday afternoon to prevent any derailments.

The accident was investigated by Dept. of Public Safety Trooper John Moore.

News will move back home today

The News will move back into its building at 108 W. Bedford St. today and Friday.

The newspaper has been operating in temporary headquarters at 105 N. Broadway since June 16, when someone burglarized and set fire to the News building. The blaze caused more than \$70,000 worth of fire and smoke damage to the building, equipment and contents.

In the process of refinishing the building throughout, the newspaper also has done some minor remodeling, and has discontinued its office supplies department.

SO still looking at stolen goods

The investigation continues in the stolen merchandise recovered Aug. 15 from a barn owned by a Deaf Smith County farmer, and although several items have been identified as having been taken from Castro County as of Tuesday, nothing had been released back to Castro County.

Castro County Sheriff Lonny Rhynes said that several items have been identified "but they have no identification markings on them and it is unknown at this time whether we can claim them or not."

Rhynes said several guns had been identified and that if they were bought new it is possible

that they may be traced through the Bureau of Alcohol, Tobacco and Fire Arms (BATF).

Rhynes said the owners of the firearms identified did not have the serial numbers, but the Sheriff's department would try to identify them through the BATF.

More than \$130,000 of suspected stolen merchandise was recovered in the raid on the barn and the investigation reveals operations of the suspected burglary ring in 10 counties and indicates seven suspects in the operation.

Charges have not been filed in the case.

The time of the hearing will be announced later.

The county will receive approximately \$119,894 in revenue sharing funds, \$460,000 in ad valorem taxes, \$290,000 in vehicle registration fees, \$280,000 in county road taxes, and \$155,000 from fees of office.

The largest disbursement in the budget is for salaries, \$604,200. That figure indicates a five percent increase across the board. The budget allows for \$108,000 expenditures for oil and gas, \$95,734 for payment on time warrants, \$31,004.63 interest on time warrants, \$91,800 for maintenance and repairs, \$50,000 for utilities and \$45,500 for materials and supplies.

Gerald Elkins of Sunnyside discussed with com-

missioners the possibility of getting the Estacado Feed road paved from US 385 to East FM 168.

Rhea Bradley and Ben Alley of the State Department of Highways and Public Transportation discussed the matter with commissioners and Elkins.

Alley, district engineer from the Lubbock district, told the group that there are 17 counties in the district and the department can work with only four or five counties every two years, as each district is allocated just so much money.

Castro County is among those five counties this term, and the commissioners all agreed the county should accept whatever pavement is offered by the highway department.

On the Go

With Maru Edna Hendrix, 647-3343

Gennie Bruton flew to Nashville, Tenn. to visit relatives and attend a family reunion in Smithville. There were over 100 in attendance including Gennie's four sisters, cousins, nieces, nephews, and one aunt that is still living. They all brought food and enjoyed visiting with those they had not seen in several years. They went to Opryland and other points of interest. Gennie was the only one from Texas.

Ettie McDermitt went with her sister, Flossie Jones and husband to Springfield, Mo. to visit another sister, Dovie Coleman who had a stroke and was in the hospital but is at home now.

Our deepest sympathy to the family of John Gilbreath, as well as the family of Barry Brent Sanders.

Mrs. Cliff (Joan) Cook from Amarillo has been visiting Cliff's mother, Mrs. Myrtle Behrens for a few days.

Mrs. Cliff (Avie) Lewis and children, Kerry and Ronna visited Cliff's mother in Winters for a day or two before school started. When they came home Cliff and Avie celebrated their 19th wedding anniversary by going to Amarillo and eating at the Red Lobster.

Geneva Dennis and her two sisters from Amarillo, Mary Pyatt and Jauvada Curtiss, went to Midland and stayed a couple of days with Decimae Dennis. Then they went to Lake Graham to visit another sister, Zoe Garvin. They stayed a few days there and enjoyed eating fish that had already been caught.

Debbie Dennis from Lubbock was in Dimmitt over the weekend visiting friends and relatives.

Some of the students left for college this weekend — Brad Murdock and Dina Heard are planning to go to WTSU in Canyon. Connie Dennis, Denise Dobbs, Ron Hance, Danny Underwood, Morris Cole, Becky and Sonya Andrews will be attending Texas Tech and

John Smith and Kimberley Pegram will be going to Wayland in Plainview.

I have heard from some of the former Dimmitt people who are living in the Houston, Galveston, and Baytown areas. They are all safe but have had wind and rain damages, as well as doing without water and electricity. So they will probably lose everything in their deep freezers.

My sister and her family, Lynna and Troy, and their son and daughter, Kelley and Mikele from Ottawa, Canada came by on their way to Ruidoso. I cooked lunch for them and invited Oleta Gollehon over since she and I had stayed with Kelley in Ottawa.

Rebbie Brock and his friend, Nancy, from Phoenix, Ariz. visited with his grandparents, Earl and Mable Brock last week. Rebbie and his friend were on their way to enroll in college at the University of Bloomington, Ind.

The Thursday Bridge Club met at the Senior Citizens Center for lunch and a day of bridge playing with Ferne Dickey as hostess. Johnnie Vannoy won high score and Emily Clingsmith won second high score.

Others enjoying the day were: Helen Richardson, Betty Cartwright, Jo Gregory, Elizabeth Huckabay, Oleda Schumacher, Ruth Skinner, Susie Reeves, Opha Burks, and Alice Collyer.

More about our trip to Glorieta for the Foreign Missions Week. Those going from Dimmitt were:

Bro. and Mrs. M. A. Pennington, Bruce and Ruthie Ammons, Dorothy Hopson, Irene Carpenter, Cora West, Mary Edna Hendrix, Janet Stanford and son Chris, Barry Hill, Christian Braafladt, Darlene Stanton and daughters, Debbie and Shawn, Casey Gentry, Mecca Wilkerson, Ronna Lewis, Jason Garbaldi and from Rocky Ford, Colo. were Joyce Autry (Irene's daughter) and her friends, Marge Butcher, Judy Frazier and Beverly Thornton.

One missionary on furlough after serving in the Philippines said it was embarrassing to come back to the United States and have to ask, "What is a Smurf?"

I thought Dr. Fran Greenway, a medical missionary to Ghana, West Africa, was the most interesting missionary at the conference. She said the doctors worked hard to save the lives of people in the hospitals for them to die later and go to hell because they did not have time to save their souls by telling them about Jesus. She also said sometimes they used lanterns at night to check the hospital beds to see who was there and the next morning they

checked to see who made it through the night.

Dr. Fran Greenway said she didn't know if she is an old maid because of the way she is or if she is that way because she is an old maid!

On Thursday night they held an appointment service of the Foreign Mission Board and Louis Cobbs made the presentation of the missionary candidates. We were disappointed that Mike and Christi Pennington were not there for their appointment as missionaries to Venezuela.

One afternoon we drove to Pecos to see that beautiful country along the Pecos River. On our way back to Glorieta we stopped at a Dude Ranch Restaurant for a coke. Another afternoon we all went to Santa Fe and some of the group toured the oldest house in Santa Fe and some went to see the oldest church that had a spiral staircase that did not have a nail in it. The boards were held together

with wooden pegs. The church had a bell that is 350 years old and weighs 780 lbs. (20 lbs. gold, 110 lbs. silver, 600 lbs. copper, and 50 lbs. iron). Some in the group saw the beautiful new church in Santa Fe. We all ate Mexican food at a restaurant and hurried back to Glorieta for the evening services.

Weekend guests of the Bob Croziers were Joe and Leanne Holloway of Hico, Pat and Mary Brown, Bob's sister and husband from Houston, and Dr. and Mrs. Walton Crozier of San Antonio. All were here for

ARMED FOR Self Protection

The cactus plant requires little for its growth and sustenance. It endures where soil is rugged and barren. It has a tough coat to protect it from blowing sand and other elements. The thistles protect it from being eaten.

We need to . . .

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Exception, reply filed in RR case

Burlington Northern Railroad has filed a reply to the exceptions filed earlier by Bruegel and Sons, Inc. of Dimmitt in the proposed closing of the railroad's agency in Dimmitt. The case is being heard before the Railroad Commission of Texas.

Citing the examiner's proposal for decision and the transcript of the hearing held in March in Dimmitt, the railroad's attorney in the case, Peter M. Lee, said that he felt that Bruegel and Sons' exceptions had already been answered.

"Interestingly, . . . nowhere in these exceptions is there any mention of how specifically the closure of the Dimmitt agency will be adverse to the public convenience and necessity for agency service thereat. . . . The record clearly shows that they (the protestants) had no basis for the fear of the loss of any significant service," Lee stated in his reply.

Replies are permitted to be filed until Aug. 23, with the commission to render a decision sometime after that.

A COMMENDATION was sent Johnny Schmucker's way by the Dimmitt CUFUPU-II committee recently regarding the "excellent job" he has done in maintaining the grounds of the Castro County Courthouse in Dimmitt. Presently a Senior at Nazareth High School, Schmucker worked at the courthouse during the summer, mowing, edging, weeding, hoeing and trimming hedges to keep the lawn in top condition. He is the son of Ray and Mary Lou Schmucker of Nazareth.

Peach tree borer control is needed

By ALLEN KNUTSON EA-Entomologist

Everyone who grows peach trees needs to protect their investment against peach tree borers. Borers weaken and kill trees by feeding on the cambium layer just beneath the bark. Homeowners can control peach tree borers with a single application of chlorpyrifos (Lorsban) insecticide applied about mid-August.

The peach tree borer is the larval stage of a clearwing moth. These moths, which resemble wasps, fly during the day to lay eggs on trunks of peach trees. Newly hatched larvae bore into the bark to feed. Borers mature in 10-11 months and emerge from the soil

as moths. A single application of chlorpyrifos in mid-August will kill young larvae before or soon after they tunnel into the tree. Thoroughly spray the tree's trunk, but do not spray any fruit still present. Green Light Borer Spray is a chlorpyrifos formulation for homeowners use on peaches. Always read and follow label instructions carefully.

1984 wheat program announced

Deputy Secretary of Agriculture Richard Lyng announced last week provisions of the 1984 wheat program and set the signup period from Jan. 16 through Feb. 24.

Lyng said because Congress took no legislative action on a proposed freeze in the wheat target price before its summer adjournment, he is now putting into effect provisional measures previously announced on July 29. The U.S. Dept. of Agriculture is required by law to announce the wheat program for the following year no later than Aug. 15.

The 1984 wheat program includes:

—A \$4.45 per bushel target price.

—A \$3.30 per bushel national average loan rate.

—An acreage reduction requirement of 30 percent.

—No advance deficiency payments.

—To be eligible for program benefits, producers must limit 1984 wheat planted acreage to no more than 70 percent of the farm's wheat base and devote to conservation use an acreage of eligible cropland equal to 42.86 percent of the 1984 planted and payment-in-kind (PIK) acreage.

—The 1984 acreage base will be the average of the acreage planted and considered planted to wheat in 1982 and 1983.

—Farmers participating in the acreage reduction program may divert an additional 10 to 20 percent of their wheat base and receive payment-in-kind equal to 75 percent of the established yield times the acres diverted.

—PIK program participants will not receive wheat from Commodity Credit Corporation stocks. Producers signing up in the PIK program will agree first to use their outstanding reserve or regular CCC price support loans. Producers with no

outstanding loans agree to harvest for PIK. Those producers with no outstanding loans and who are unable to harvest for PIK will not receive a PIK payment.

—Land designated for conservation use must have been devoted to row crops or small grains in two of the last three years except for a summer fallow farm. Under summer fallow rules the land must be acreage that would have been planted to small grains or row crops in 1984 in the absence of the 1984 wheat program.

—Haying will not be permitted on the conservation use acreage. However, the acreage may be grazed except during the six principal growing months.

—Offsetting and cross compliance will not apply to the 1984 program.

—There will be no immediate entry into the farmer owned reserve for the 1984 crop of wheat. Further, USDA intends to review the size of the reserve before regular price support loans for the 1984 crop reach maturity. A ceiling may be placed on

the size of the wheat reserve at the time which will effectively preclude entry of the 1984 crop into the reserve.

—Contracts signed by program participants for

either the acreage reduction or PIK program will be considered as binding and will provide for liquidated damages for failure to comply with program requirements.

A broken air conditioner can be the best thing that ever happened to your household budget.

The add-on heat pump is an efficient air conditioner that cools your home when it's hot. But that's not all.

Southwestern Public Service Company suggests that you consider a more efficient alternative, for much less than a new heating and cooling system: the electric add-on heat pump. The add-on heat pump is a very special air conditioner that works

with your present furnace. Besides cooling your home in the summer, it helps heat your home in the winter.

As one of the most efficient ways to heat and cool, the add-on heat pump can really make a difference. And helping you manage electricity efficiently is one way we're working to justify your trust.

(Continued from Page 2) the wedding of Bobby Crozier and Shelley Simmons at Hereford Saturday evening.

Jeff Isaacs was home from Amarillo over the weekend visiting family and friends. Jeff, along with a few friends, had just returned from a good trip to Utah. They attended the Utah Shakespeare Festival in Cedar City, Utah. The festival is composed of actors and technicians from all over the world. They attended costume, stage combat, and dance seminars. They also attended The Renaissance Festival. They went sightseeing in Zion National Park and saw many beautiful sights. They had planned to stop in Vegas, but Jeff said the floods saved him money.

Mr. and Mrs. Arlon Ewing and their children and their families spent a nice day last Sunday at Palo Duro Canyon. The occasion was to celebrate a birthday and two anniversaries. The birthday boy was Bruce Ehly and those celebrating their anniversaries were H. N. and Ruth Ewing and Ed and Sharon Ewing. After a picnic lunch the kids, big and small, played football in the dry creek bed, then ate ice cream. After that it

was a big water fight. Those attending were H. N. and Ruth Ewing and girls from Amarillo, Ed and Sharon Ewing and boys, Irene and Ron Miller and girls, Peggy and Bruce Ehly, Laurie and Jody Watts and June Ewing.

Kristy is the daughter of Karen Luke of Amarillo and Dale Luke of Denver, Colo. She is the granddaughter of Mrs. Ozro Stephens of Amarillo and formerly of Dimmitt. Craig's parents are Mr. and Mrs. Jack Lewis of Amarillo. Kristy is a nursing assistant graduate of Amarillo College and is employed as a teacher at Happy Hearts Day Care and Craig is an electrical apprentice for Wallis Electric. Mauzee and Elmer Youts also attended the wedding. Their granddaughter, Janice Mooney Davis was the organist for the ceremony.

Those helping Cora West celebrate her birthday recently were a brother Frank Carrell, a sister Daisy Wallen, and a niece

Trena Jones and her son Zack, all of Olustee, Okla., her daughter Shelia Stowell and Rick of Amarillo; a sister-in-law Murl Carrell and a niece Geline McGee and Devin of Tomball; and C. D., Nancy and Mark West of Dimmitt. Also visiting were Mrs. Jewell Kirby and Wade.

Larry and Susie Gonzales, Stacy, Josh and Ysela and Johnny and Jesse Garza had a super trip to Dallas. They went to watch the Rangers beat the Cleveland Indians 6-2 Friday night. They spent all day Saturday at Six Flags, then went on to New Braunfels for fun at the Water Shoots.

Bobcats are 'way ahead of last year'

By DON NELSON

The first things you notice about Dimmitt's 1983 Bobcats are that they're executing well, and that they're enjoying the game.

"We want them to have fun with it," head Coach Gene Griffin said as he prepared his squad for the new football season. "They don't get paid to play ball, and we aren't going to treat them as if they did."

Griffin, starting his second season here, said his Bobcats are "way ahead" of where they were this time last year.

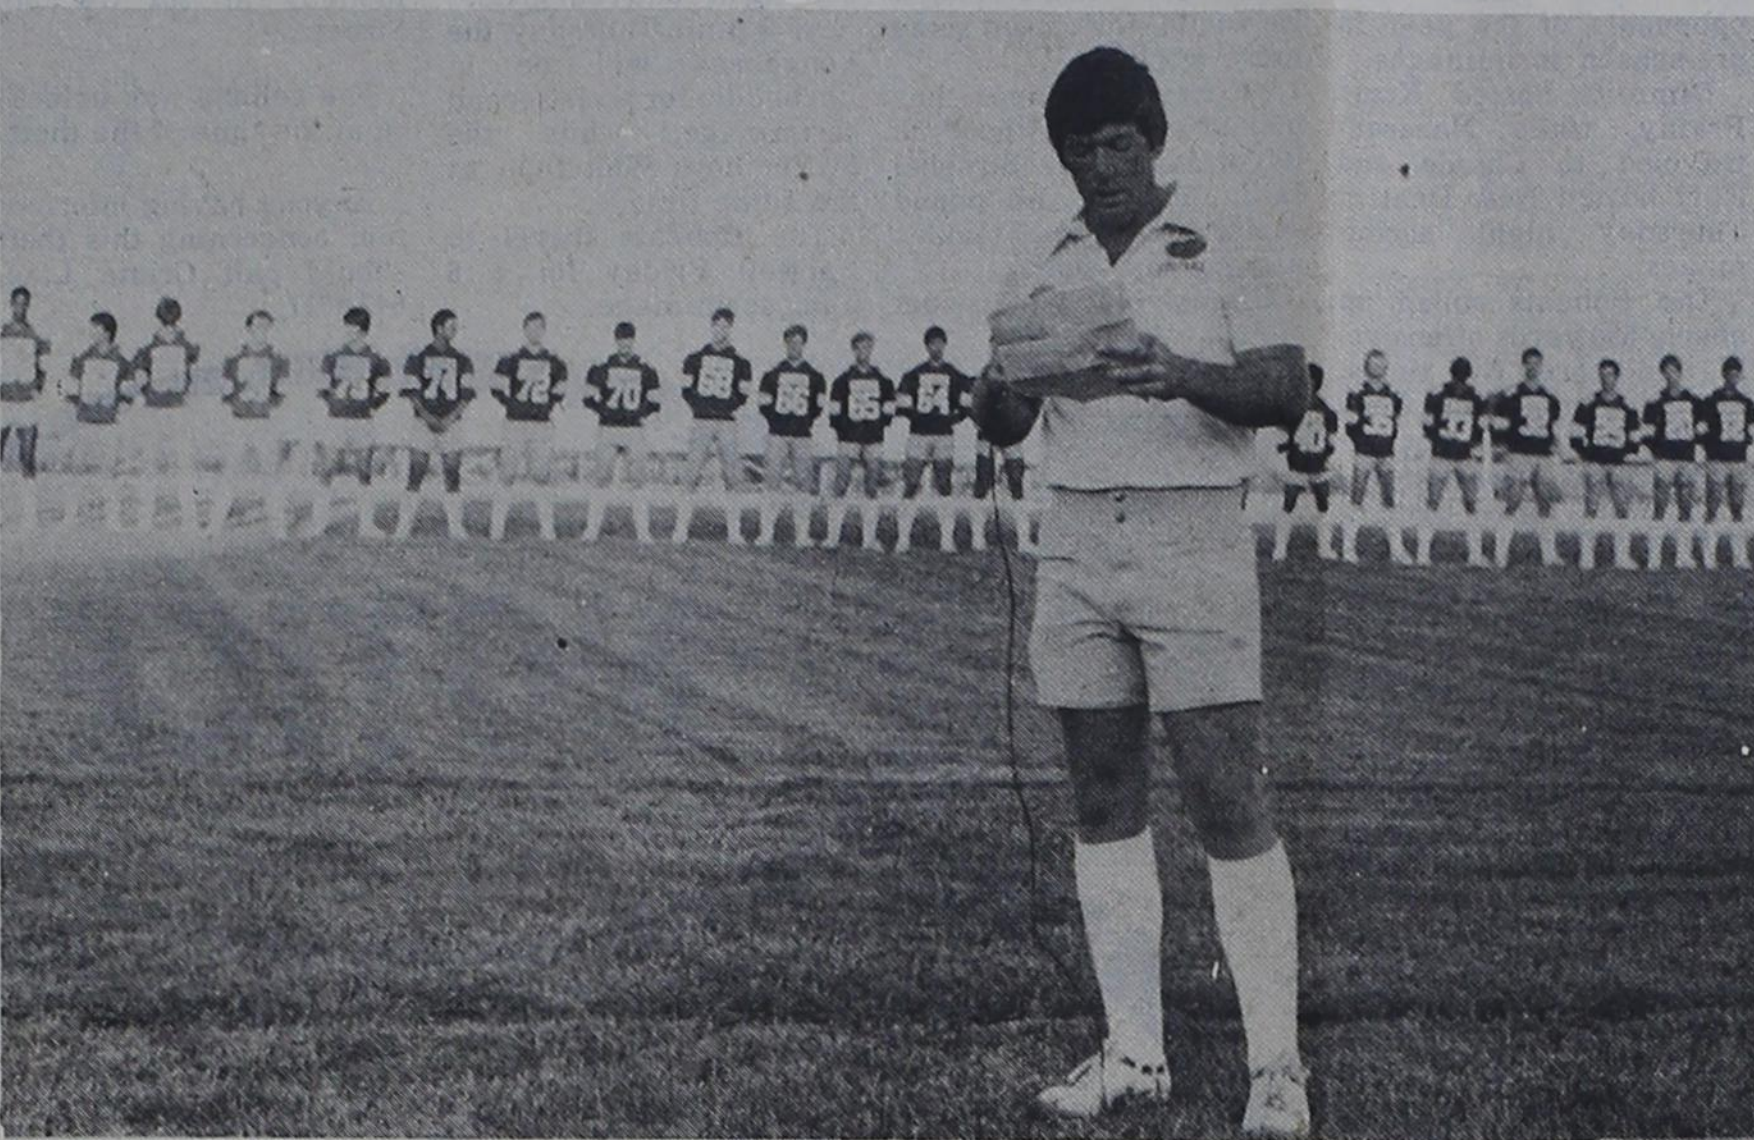

"You can't believe just how incredibly easy it is this year, compared with last year," Griffin said. "The kids came in with a good general idea of what we wanted, and gosh, we were able to go to fine-tuning right away."

"I've been working them harder than last year, but they're responding to it real well because they know what to expect," Griffin explained. "They know we're going to get them into shape, and that requires a lot of running. And they know we're not going to beat them to death with contact work during the week."

How's that again? A former Marine officer who doesn't want his football players hitting each other?

"We're of the opinion that there's only so much tread on a tire," Griffin said, "and we don't want to wear it out with unnecessary driving. We want them to be hungry to hit somebody on game night — that's when it counts. And I think it was apparent that we were in better shape than Kress was Friday night — and did you notice the way our boys were hitting?"

The Bobcats pretty well had their way with the larger Kress team in

COACH GENE GRIFFIN introduces his Bobcat varsity players during the Athletic Booster Club's ice cream supper at Bobcat Stadium last Thursday night. Cheer-

leaders, junior varsity players, coaches and Booster Club officers also were introduced before the crowd of 450 lined up for homemade ice cream.

Friday night's scrimmage, and showed spiffy execution — especially in their passing, misdirection plays and pass defense. In fact, they looked as though they were several games into the season already.

"We've got our entire starting offense in now, and last year it was the fourth or fifth game before we had the offense settled," Griffin said.

"Also, I was real pleased with the way the kids hit the other night," he said. "Last year, it was several games into the season before they were hitting right."

Griffin's system of concentrating on technique instead of crunch during the week had positive results last year. When they got rolling after mid-season, the 1982 Bobcats played the eventual state runner-up to a 7-3 count in 3½ quarters before Littlefield scored twice in the last four minutes for a 20-3 win. And DHS's concussion count dropped to zero last season.

Dimmitt lost some top-notch players from last year's team — three of whom accepted college football scholarships —

but the Bobcats have six starters back (all seniors) to anchor this year's team. They are:

—Dwight McDonald (5-9, 140), split end and quarterback, who was an all-district defensive back last year;

—Scott Nelson (6-1, 195), tackle and outside linebacker, who is considered to be an all-state candidate;

—David Barton (5-10, 165), a two-way starter at tailback and defensive back;

—Mark Bruegel (5-9, 165), tailback and inside linebacker, whose flashy running last season was interrupted by knee surgery;

—Brad Holcomb (6-2, 165) end and defensive back;

—Kennen Howell (5-9, 170), guard and defensive lineman.

"We've moved Scott from weak-side tackle to strong-side, next to Kennen," Griffin said. "We'll usually run 60 percent to the right side. But we've got two good kids on the weak side, too (guard Charley Perez, a 170-lb. junior, and tackle Leland Creek, a 180-lb. senior), so we're certainly not opposed to running to that side."

Starting at center is Greg Sava, a 175-lb. junior. Holcomb is holding down the tight-end post, while McDonald has found a home at the split-end position.

The Bobcat varsity this year has three sophomores. All of them are in the backfield, and all of them will see a lot of action.

Woody Glass (6-0, 160) is the first sophomore to start at quarterback in years here. "He and Dwight are real equal, but Dwight can help us so much at split end," Griffin said. "Also, Woody is a little bigger. He's not real experienced in reading coverages yet, but as far as his execution is concerned, I'm real pleased."

Running from the fullback slot are another sophomore, Mark Smothermon, (5-11, 190), and senior Brandon Cox (5-9, 160). "They both ran real well Friday night and blocked real well, too," Griffin said. "We've got to have that blocking from our fullback."

Dance set Saturday

Dimmitt High School's Student Senate is sponsoring a dance Saturday night from 8:30 till 12:30 at the Richardson Elementary School Cafeteria.

Doc Deweiss of KIXZ will be the D.J. for the dance, and proceeds will go to the American Field Service program and Presidential Classroom.

Please shop Dimmitt first

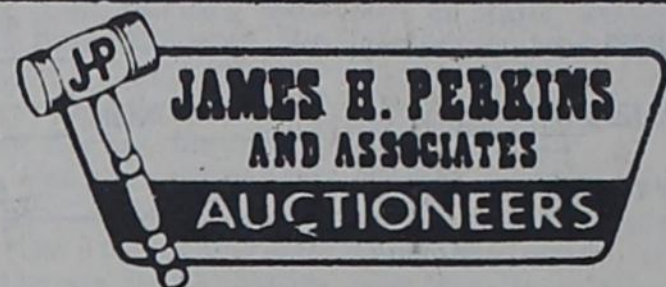

"Among the tangibles, it's our offensive line and our defensive secondary and linebackers."

And the main weakness? "We've got to get a whole lot better defensively," Griffin said.

In the meaningless but harmless game of pre-season guessing, the Bobcats have been ranked everywhere from last in District 2-AAA (by Top of Texas magazine) to No. 2 behind state runner-up Littlefield (by the Lubbock Avalanche-Journal.)

To all that, Griffin simply says, "The other team had better have their

equipment strapped on real tight when they play us."

By JERRY STUMP
 Booster Club President

On behalf of the Booster Club, we thank the fans for the support they demonstrated for Coach Griffin, his staff and the '83 Bobcats at the ice cream supper Thursday. There were close to 450 at the stadium.

A special "thank you" to those who furnished the 27 gallons of delicious homemade ice cream.

I wish I could take credit for the success of this activity, but that credit goes to you, the fans, and to Dickie Holcomb, who organized it.

If you saw the scrimmage with Kress Friday evening, you know it is going to be an exciting football season... so get your season tickets early.

Support the Bobcats and Bobbies. Join the Booster Club. We meet at the DHS Cafeteria on Tuesdays at 7 p.m.

Coaches encouraged by first scrimmages

The county's three football teams tested newly polished skills last week as they met their first opponents of the year in pre-season scrimmages.

Dimmitt hosted Kress Friday, while Nazareth traveled to Claude and Hart hosted New Deal in Thursday night scrimmages.

The Bobcats rolled up nearly 500 yards offensively, and scored five times. Second year coach Gene Griffin was "real encouraged by the scrimmage."

"I was most pleased with our offensive line, and our defensive secondary did a super job," Griffin said.

Bobcats David Barton, Mark Smothermon, Dwight McDonald and Mark Coker all scored touchdowns on short runs, and McDonald nailed Joe Alvarez with a pass for the other Bobcat score.

"We need a lot of work on defense," Griffin said. "We're not as far along as I hoped we would be at this time."

While Dimmitt is working on defense, Ken Cole's Nazareth Swifts will be looking to improve their offensive execution.

The Swift varsity outscored Claude 1-0 and Cole said he was "generally pleased with everyone's effort and aggressiveness. We looked good in some spots and not so good in others," he said.

"Our offensive execution was not like we want it to be," he said, "but that is understandable this time of year. Defensively, we need to work on reading keys and going to assigned areas."

Hart coach Mark Stroebel says his team will be working on its passing game a lot more.

The Longhorns were outscored 1-0 by New Deal.

"We looked pretty good defensively," Stroebel said. "Offensively we looked about like I thought we would — we need some more work."

"Robert Martinez has picked up right where he left off last year," Stroebel said. The 5-7, 141 pound senior averaged 19 tackles a game last year.

Offensively, Stroebel

said offensive guard Arnie Garza and offensive tackle Darrell Ethridge "are coming around real good."

At 6 p.m. Thursday the Longhorns will be in Lazbuddie for their second scrimmage, while the Swifts host Whiteface at the same time.

The Bobcats travel to Farwell Friday for a 6 p.m. scrimmage.

Rodeo scheduled for Labor Day

Approximately 10,000 people are expected at Cal Farley's Boys Ranch over the Labor Day weekend for the 39th Annual Boys Ranch Rodeo.

Performances are scheduled for 2:30 each afternoon, Sunday and Monday, September 4 and 5, with area riding clubs participating in the Grand Entry. Nearly 250 of the Ranch's boys will be riding calves, steers, bulls and bareback broncs — all competing for belt buckles.

DYH installation banquet is tonight

The Dimmitt Chapter of Young Homemakers will hold their installation banquet tonight (Thursday) in Lamar Fellowship Hall of the First United Methodist Church of Dimmitt.

All members are urged to attend, and those who are interested in joining the club are invited.

Officers to be installed

include President Jennifer Miller, Vice President Sue Rita Myatt, Second Vice President Sherri Kenworthy, Secretary Luanna Cole, Treasurer Tammy Robb, Parliamentarian Danice Wright and Reporter Darena Bentley.

Recognition will be given to Mrs. Pat Bagley, outgoing advisor of the group, who has resigned.

Freshman schedule cancelled

Head Coach Gene Griffin has cancelled Dimmitt High School's freshman football schedule for this fall, and has moved all freshman players onto the junior varsity.

"We hated to do it, but we have only 17 freshmen this year, and we have to have 20 to 30 kids on a squad in order to get anything done in workouts," Griffin said.

The Bobcat Junior Varsity squad now has 30 to 35 boys on it, including the freshmen. Three sophomores have been moved up to the varsity squad.

matching lace and pearls. Her hat of matching lace was trimmed with bridal illusion, seed pearls and lace from her maternal grandmother's wedding veil. The bride's gown and hat were fashioned by her paternal grandmother. The bridal bouquet of gardenias was cascaded by white roses and stephanotis on a bed of lemon leaves.

As something old, the bride's veil was edged with lace from her grandmother's veil. The bride's father presented her with a new white Bible before the ceremony. A denari, a Roman coin struck in honor of Mark Antony's love for Cleopatra, was borrowed from the bride's mother, who had also carried the coin in her shoe when she was married. As something blue, the bride wore a garter. Pennies with the bride's and groom's birth dates were worn in the bride's shoe as good luck, along with the denari.

Three dove hunting zones are approved

The Texas Parks and Wildlife Commission has approved a new three-zone alignment for dove hunting for the upcoming seasons.

Meeting in Austin recently, the commission established the Panhandle, Central and Rio Grande Zones. The new alignment replaces the two-zone system which had been in effect since 1946 (see map).

Ron George, dove program leader for the Parks and Wildlife Department, told commission members the three-zone system was designed to provide optimum hunting opportunity for hunters when the birds are available, within the context of proper management.

Significant changes brought about by the new alignment include a Sept. 1 opening date for a large portion of Southeast Texas which formerly had the later South Zone opening date; a straight 70-day season for the Panhandle-South Plains and much of North Texas; and allowance for two white-winged doves in the daily bag limit statewide.

The new system also utilizes highways for boundary lines for better delineation of zone bound-

aries. Under the two-zone system, county boundaries were used.

The Panhandle Zone mourning dove season will be Sept. 1-Nov. 9; the Central Zone season will be Sept. 1-Oct. 30, and Jan. 7-16; the Rio Grande season will be Sept. 17-Nov. 5, and Jan. 7-22.

The statewide bag limit will be 12 doves, not to include more than two white-winged doves. Shooting hours will be one-half hour before sunrise to sunset.

During the special four-day white-winged dove season in the Rio Grande Zone, hunting for both mourning and white-winged doves will be allowed Sept. 3-4 and 10-11. In the shaded portion of the zone, the daily bag limit will be 10 whitewings and 12 mourning doves. In the lined portion, the daily limit will be 12 mourning doves and two whitewings, for a total daily limit of 14 birds.

Shooting hours during the four-day whitewing season will be noon to sunset.

One fully-feathered wing must remain attached to the carcass of every dove taken by hunters in the Rio Grande Zone only, while the bird is being transport-

ed between the place where taken and one's abode, or a commercial processing facility.

As in the past, all persons who hunt white-winged doves will be required to have a White-winged Dove Stamp in their possession in addition to a valid hunting license. The stamp requirement applies to any person taking or hunting whitewings statewide. A hunting license is not required of persons hunting doves in the county of residence.

As in past years, hunters, in the shaded portion of the Rio Grande Zone should be aware of the white-winged dove sanctuary system, where in certain portions of the zone along the Rio Grande are closed on alternating years. This season, Zone A of the sanctuary is open for hunting during the upcoming four-day whitewing season, while Zone B is closed.

Kiwanis hears Work begins on Follies talk on 4-H

Answering questions about 4-H camp, projects, programs and funds, Castro County Extension Agent, 4-H, Menzies McWilliams spoke to the Dimmitt Kiwanis Club Monday.

He told club members that besides money raised at the county stock show, funds donated by the Kiwanians are the main source of money for 4-H activities, including attending competitions, camps and the Citizenship Short Course and Heritage Tour.

Also, 4-H funds have been used to purchase items for the County Expo building and a 35 mm camera for use in completing 4-H members' record books.

Kiwanians discussed the upcoming installation banquet. A caterer will be selected at the next meeting of the club. Erwin Tucker was a guest at the meeting.

More than one hundred cast members of all ages will be polishing their acts for the Second Annual Follies Presentation, "Young at Heart."

Outstanding talent from Dimmitt will come together for performances Sept. 17 at 8 p.m. and Sept. 18 at 2 p.m.

Directing the follies will be: Doug Henry, Dimmitt School Choir director; Jeff Isaacs, Amarillo College drama major; Norma Trigo, West Texas State University communications major. Susan Hanners will be the stage manager for the production of children's vocal and dance numbers, comedy skits and a variety of surprises.

Volunteers have been at work gathering props and making costumes to make the follies one of the highlights of the Harvest Days activities.

Tickets will go on sale Sept. 1 and will be available for \$2.50 advance and \$3.50 at the door.

Tickets will be on sale at Tots and Teens and the Chamber of Commerce office. Members of the cast also will be selling tickets.

Proceeds will go for the expense of Harvest Days activities and the Mayor's beautification program.

Rotary hears Malone speak

"Cardio-vascular fitness is an essential part of exercise — what you need to strive for," Roger Malone of Dimmitt told the Dimmitt Rotary Club Friday.

Malone, an avid runner and competitor in area races, told the club that no lasting benefit is derived from exercise unless it elevates the heartbeat to at least 120 beats per minute for an extended period.

Malone also told the club about the upcoming Harvest Days Run set for Sept. 10 in Dimmitt. Proceeds from the event will benefit

the Dimmitt Kids, Inc. program.

Twelve club members were present. Secretary Doug Pybus read thank you notes to the club from Chad Thompson and Scott Nelson. The club sponsored Thompson to attend a drug information seminar, and Nelson to attend RYLA camp.
