SWEET 'N SOUR

By A. DILL

This is it — the day of the first big conference game for the Baird Bears. They pit their strength tonight against the Strawn team and the outcome really "counts" this time.

Know what Monday is? Sure you do, it's Halloween so if spooks or hobgoblins come your way ask them in for a cookie or a glass of punch. You meet some of the nicest folks that way.

Monday night is also a night of nights at school too because that's the date of the Halloween Carnival. An excellent program is planned and we think you'll enjoy every moment of it. Climax, of course, is the crowning of the Carnival King and Queen. The Royal Court is made up of representatives from the twelve grades and school organizations.

And that isn't all the news from the Baird Elementary School for this week, majorettes were elected for the Grade School Pep Squad and Linda Drennen, Linda Bryant and LeVonne Meadows were the lovely winners. The Grade School Pep Squad, by the way, is about the "up and coming-est" club you've ever seen — and all thanks to Mrs. E. B. Posey, their sponsor, who is doing the finest work with these youngsters imaginable. Mrs. Posey is a far sighted person who sees in a pep squad a means of channeling young energy in the right direction and the girls are learning team work and sportsmanship right along with all the fun they are having. We think sponsor Posey deserves a great big "Thank You" and this is our way of saying it.

And speaking of pep squads and stuff like that — did you know that our rollicking Bear Cubs nosed out the Cross Plains Juniors with a 26-13 score Tuesday. If they keep on this way, what a swell-elegant bunch of Bears those Cubs are gonna grow up to be. It was an extra good game and the Junior Pep Squad was on hand to cheer the team on and also do a really snazzy interpretation of "I'm looking over a four leaf clover" during the half time.

Have you noticed the beautiful Autumn colors in Viva Peek's yard — the berried shrubbery is beautiful and we like to go by there just to look and enjoy it.

Another very pretty yard is the W. T. Payne place — it's just miraculous what time, work and a lot of ingenuity will do for a yard. Only a few short months ago it was a rocky hillside and now it's one of the town's beauty spots.

We enjoyed immensely the lovely tea given by the Lea Macdonalds last week for the grade school faculty. Lea and Helen are gracious people and you know that the entire afternoon was bright and sparkling with the warmth of real friendship and good conversation. We enjoyed particularly Helen's paintings, so beautifully perfect that they are like excellent photography, and Lea's "nature sculpture" which is one of the most fascinating hobbies imaginable. It involves just the right piece of wind twisted wood, a great deal of creative imagination and the results are some of the finest wood pieces you've ever seen. We hope they'll be on display at our forthcoming art show and if they are be sure you see them.

Don't forget the Halloween Carnival Monday night and plan now to come early and have supper with the High School classes who are planning to serve a "progressive dinner" in the Cafeteria. You get your main dish from the seniors, dessert from another class, drinks from still another and so on. You'll enjoy the whole evening's entertainment so come early and stay late.

Cash as chairman, Mrs. I. E. Warren, Mrs. Helen Thompson, Howard Farmer and Mrs. Ray Black.

The campaign drive committee consists of J. E. Bullock, chairman, Mrs. Cubelle Sorrells, James Asbury, Farris Bennett and Tom Barton.

Publicity committee is Lynn Ault and Miss Floy McCaw.

The directors also voted the month of November as campaign month, the drive to be completed by December 1.

Citizens of this trade area are asked to be thinking about this one United Fund Drive which will replace some 8 to 12 drives for funds in this area.

Hugh Ross Heads Co. Relief Program

The appointment of Hugh W. Ross as local representative for the Governor's Committee for Refugee Relief Program has been announced by John H. Winters, Committee chairman. Mr. Ross will act on behalf of the State Committee in Callahan County.

The Committee was appointed by Governor Allan Shivers at the request of President Eisenhower to inform the people of Texas on the Refugee Relief Program. In addition to Winters, who heads the State Department of Public Welfare in Austin, members are Rev. Henry Herbst, pastor of St. Peter and Paul Church, New Braunfels; Rev. A. O. Rast, Executive Secretary of the Texas Lutheran Mission Board; Leonard L. Holloway of the Baptist General Convention of Texas; Sam W. Levy of Houston; and C. W. Pfluger, Jr., of Coupland.

Under the Refugee Relief Act of 1953, 214,000 displaced persons were declared admissible to this country. Recent figures show slightly over 43,000 have obtained sponsors and have migrated to the United States.

Of this number it is estimated that less than 500 have been brought to Texas.

To be successful in helping displaced persons get a new start in life, the Refugee Program will need assurances from 30,000 to 40,000 sponsors by early in 1956.

A sponsor is required to give assurance that the refugee will be provided with employment and housing and will not become a public charge.

The refugee's qualifications to fill the job provided him are certified by overseas officials. The Governor's Committee noted that a large percentage of the refugees are classified as agricultural workers who could be absorbed easily in the farming and ranching regions of Texas. Many skilled craftsmen are also looking for new homes in America.

"These refugees have escaped, in many instances, from prisons and concentration camps to wind up spending years in refugee camps waiting for resettlement," said Mr. Winters. "Texas is lagging in doing its part in this humanitarian program to which our nation has committed itself. Mr. Ross, as representative of the Governor's Committee for Refugee Relief Program in Callahan County, will give the details of the program to any employer or citizen interested in providing a new opportunity to a refugee."

Land Program For Veterans

Earl Rudder, Commissioner of the General Land Office, announced from Austin that the Veterans' Land Board would accept requests for application form to purchase land through the Veterans' Land Program beginning Oct. 31, 1955. Rudder stressed that all requests must be by mail. Requests received before Oct. 31, 1955, will not be honored, and will be returned.

Rudder continued that the requests received the five-day period of the first week, beginning Monday, October 31, will be placed in a locked box, and then be drawn and numbered. A limited number will be mailed application forms immediately. The remainder will be notified of their relative position. After that first week, requests for application forms will be numbered consecutively as received.

Rudder cautioned veterans on the following matters:

- (1) Old application forms will not be honored since entirely new forms have been written under the amended Veterans Land Act. These application forms can be obtained by written request to the Veterans' Land Board only.
- (2) The veteran should not send checks or cash with the request for application forms.
- (3) The veteran's request must clearly set out his mailing address.
- (4) The veteran should have the tract selected which he wishes to purchase before requesting application forms, as veterans will have only 30 days from the date the forms are mailed from the Veterans' Land Board to complete and return them.

Rudder concluded his announcement saying, "This system which we will use is designed to eliminate accumulation of paper work, enable the veteran and seller to conduct their business promptly, and to secure efficient utilization of the veterans' Land Board personnel."

Polio Chapter Gets Aid From Foundation

As a stopgap measure to meet this community's acute need for funds to continue care of polio patients, a check for \$700.00 from March of Dimes headquarters in New York was received today by the Callahan County Chapter of the National Foundation for Infantile Paralysis.

"This money," explained Mrs. Verna Burleson, Chapter Chairman, "is an advance supplied by chapters operating in the black. When it was realized that more than 1,200 chapters would exhaust the March of Dimes funds available to them, National Foundation headquarters called in funds from chapters which had surpluses."

Recognizing that polio respects no state or county lines, Mrs. Burleson said, chapters with funds have willingly answered the distress signals of those operating in the red to insure the necessary care of polio patients.

Encouraging the "haves" to help the "have-nots," Mrs. Burleson continued, is one way the March of Dimes assures that the lives and usefulness of polio patients everywhere in the country can be saved.

The check received by the Callahan County Chapter will help meet long-overdue back bills for providing treatment and equipment for polio patients in this area, she said. Mrs. Burleson predicted that because many of these patients will continue to need help, the chapter would be forced to ask for additional funds in the near future.

"The financial burden our chapter has had to assume is unfortunately shared with others," Mrs. Burleson said. "Destitute National Foundation chapters will need an estimated \$8,000,000 from Headquarters to meet patient care bills for the remainder of this year."

"Our present situation may be the lot of other communities next year," Mrs. Burleson went on to say. "It is hoped that the money we have received can be returned to National Foundation headquarters from contributions to the next March of Dimes in January of 1956 for assistance to other chapters in need."

"The promise of the Salk vaccine is bright, but the full realization of that promise is for the future. As we in Callahan County know only too well, polio isn't licked yet."

Parts of McMurry College's Indian-style Homecoming festivities, slated for Nov. 4-5, will be filmed by the Humble Company for showing on its statewide weekly television show, Texas in Review.

A Humble official, in notifying McMurry of the company's plans to film the homecoming activities, said "The McMurry College Indian ceremonies are unique and I believe we can make a clever presentation of them."

These ceremonies include erection of an authentic Indian village composed of a ring of 16 Tepees, coronation of "Chief McMurry" and the "Reservation Princess," lighting a council fire and beating a tom-tom in an all-night vigil.

Climaxing the homecoming activities will be the Texas Conference football clash between McMurry and Howard Payne College at 7:30 p.m. Saturday, Nov. 5. Some 4,000 McMurry exes are expected.

Mrs. Lillian Crawford

Tendered and Tolerably True.

Well the buckets are rolling
and the wind whistling around
the corner tonight, just a good
cool reminder that we will have
colder weather soon.

I have good news, also bad
concerning Bobby Crawford. He
stood a very serious operation
last Tuesday and has been doing
fairly well, but the sad part of
it is that another one is planned
for Wednesday of this week. The
jaw bone operation was a failure
so I guess something else
will be tried. Guess if he lives
over all this he will be a good
stout man because of so many
steel plates.

You remember in the spring
I told you about one of Ira's
and Thurman Lambert's on
ducks and dogs and we lost the
ducks as they head back toward
Thurman's, so he came over and
sold Ira and Hulon 5 pigs and

they got out and started back
home. We caught 2 and 3 are out
yet. Guess we will have to find
out what Thurman feeds his
pets.

Visiting in our home today
were Mr. and Mrs. J. B. Sherrod,
Mr. and Mrs. L. V. Harris and
also Dale and Betty.

New Arrival

Mrs. Jeffie Lambert celebrat-

It's great to be alive—and especially in
vacation-time. But staying alive often
depends on how quickly a driver responds to
highway warning signs.

Driving on crowded holiday roads is a
man-sized job that demands full attention.
It calls for a good grip on the wheel, a ready
foot for the brake, a mind alert for instant
danger.

In fact, if more drivers took their driving
habits and other people's safety as seriously
as they take their pleasures—sudden death
would not take the lives of so many innocent
victims.

Oplin Observations Odds and Ends Opportunity Offered in Open Order By Mrs. Daphne Floyd

Sunday night, Oct. 23. Dear
Diary: A stiff little norther hit
about dusk. It is getting cooler
fast and blowing up plenty of
dust with it too.

Spooks, witches, owls, black
cats, bats, jack o'lanterns, etc.
decorated the gym of the Com-
munity Center last Wednesday
night, Oct. 19. A nice crowd at-
tended the Halloween Carnival
even though it was a very busy
time for everyone. Most everyone
enjoyed bingo, the grab bag and
the Country Store. Plenty of
good home cooked food was sold
at the Snack Bar too. The host-
esses: Mrs. Dad Poindexter,
Ray Floyd, Phil West, M. C. Mil-
ler and Fuller Beaver reported
that the sum of thirty-one dol-
lars was raised and this sum
will be turned in for the main-
tenance of our Community Cen-
ter.

Mrs. J. B. Pierce, Mrs. Albert
Betcher, Mrs. Walter Johnson
and Mrs. Sebe Monto enjoyed
a visit last week from their
aunt, Addie Cowell of Rising
Star.

Mr. and Mrs. Tommie Wind-
ham attended a hunt last Tues-
day at Quanah and stayed
overnight.

Mr. and Mrs. Clyde Floyd ac-
cepted an invitation from their
grandsons, Donald Wayne and
Freddie Floyd of Midlothian to
come visit them last weekend
and attend a football game in
which both Donald Wayne and
Freddie were playing. From
what I have been hearing the
boys are star players too as
Donald Wayne is now past a six
footer and weighing close to two
hundred pounds and Freddie
weighing one hundred fifty
pounds. Maurine Beaver accom-
panied her grandparents on the
trip and visit.

Mrs. Albert Betcher visited
Mrs. Malle Johnson and Aunt
Chris last Sunday afternoon.

Mr. and Mrs. Ray Floyd vis-
ited with Mr. and Mrs. Ed Kir-
kindoll last Sunday afternoon
also.

Guess what folks? New neigh-
bors moving in! Mr. and Mrs.
Charlie Stevenson are moving

over on the old Day place that
belongs to his uncle, Charlie
Yost. Mrs. Stevenson is a sister
of Mrs. Sam Windham also.

Mr. and Mrs. Lee Straley and
Freida should be as "snug" as
the three little bugs in the rug"
this winter since they had a
butane heating system installed
in their home last week.

Mrs. Rob Roberson and
daughter, Mrs. Jimmy Breeding
of Baird were visitors at the
Community Center last Wednes-
day night.

Well, so long for this week,
Diary.

Visitors in the G. A. Gwin
home Sunday afternoon were:
Mr. and Mrs. Ernest Gwin and
Sylvia and Mrs. John Sublett all
from Abilene and Lucien Warren
from Oplin and Mr. and Mrs. J.
E. Gwin from Coleman.

MRS. SHACKELFORD GOES TO HAWAII

The following is an account of Mrs. Shackelford's trip to Hawaii:

Leaving Ft. Worth by plane Oct. 1, I arrived in Los Angeles and spent a week seeing the many wonderful places to be seen in that vicinity. Among the most interesting sights was Knotts Berry Farm, which I enjoyed very much. The scenery was beautiful and a week was spent in many other short trips to various interesting places.

Then, a week later, we flew to Honolulu. Our reservations were in the Reef Hotel on Waikiki Beach, overlooking the magnificent blue Pacific. How I wished my three grandchildren could have enjoyed the water with me. They have the most wonderful climate, the most beautiful flowers, the most delicious food imaginable. It was as interesting as it was beautiful, just as we read about it in the travel folders. I cannot begin to describe the many things seen. How I wish everyone could enjoy such a delightful vacation. It was a grand trip, but I am glad to get back home to Putnam.

Hi neighbor, this Monday evening. The weather is somewhat cooler. It was 38 last night. There was high wind and no moisture and lots of dirt.

Yes Jim and I went to church yesterday. Heard a very good sermon by our pastor, Bro. Loiry. I went to Training Union and church last evening but Little Boy Jim didn't go.

Well, I just now saw the TV crossword puzzle on TV. No winner again so guess will all take another try at it.

Bettie Mobley and Bessie Herring came over a few minutes this morning. So glad to have you gals. Come any time.

CATTLE RUN MONDAY BIGGEST OF SEASON

The twelve major markets of the nation Monday reported 163,000 cattle, the biggest run of the Fall season. The offering at Ft. Worth was of about the same size as a week ago, but the big numbers reported around the market circle put pressure on prices at Ft. Worth as well as at other points.

Again the 12 markets reported over 100,000 hogs on Monday and this put pressure on butchers at all points as well as adding to the difficulties of beef cattle and calves.

At Port Worth cattle and calves faced weak to 50 cents or more lower offers. Comparative prices included: good and choice steers and yearlings \$18.00-\$22.00; comon and medium kinds \$12.00-\$17.00. Fat cows \$9.50-\$11.50; canners and cutters \$6.00-\$9.50; bulls \$9.00-\$13.00; good and choice slaughter calves \$16.00-\$17.50, few heavier higher; cull, comon and medium kinds \$8.00-\$15.00; stocker steer calves \$21.00 down, heifers \$17.50 down; steer yearlings \$19.00 down; stocker cows \$3.00-\$12.50.

STOCKER AND FEEDER SALE AVERAGE \$96.09 PER HEAD

The special Hereford Stocker and Feeder Sale held at Ft. Worth last Friday attracted 2,219 head that sold for a gross of \$213,226.90, or an average of \$96.09 per head. Top price was \$25.50 paid for a 20 lot from the League Ranch of Benjamin. Second high price was \$25 paid for an entry from Turner Green-

The Baird Star, Baird, Callahan County, Texas, October 28, 1955

wade of Clifton. Top heifers sold at \$22 and came from the John R. Black Estate Ranch of Granbury.

Numerous lots of heifers sold in the \$18 to \$20 bracket and numerous lots of steers sold in the \$19 to \$23 field. Average of the sale was easily \$1 to \$1.50 above current market prices on most of the calves and yearlings.

Plans for a series of stocker and feeder sales starting next Spring were announced Friday. First such event for Herefords will be April. Angus Feeders reserved the Friday after July Fourth and the Friday after Labor Day for next year and likely will announce other dates later. Angus sales were held this year on those two dates.

Likely the Hereford dates will include three to five Spring and early Summer dates and two or three Fall dates next year.

In five sales this year a total of 9,974 stockers and feeders sold for a gross of \$959,995.18, and an average of \$96.29 per head.

HOGS SINK LOWER: AT LOWEST SINCE JUNE, 1946

Butcher hogs opened weak to 25 cents lower at Ft. Worth Monday, and topped at \$14.50 to \$14.75. This was the lowest figure for top hogs at Ft. Worth since the final days of the OPA, which went out of existence July 1, 1946. Sows sold at \$11 to \$13.50.

New York reported 8 to 12 pound pork loins at 37 to 40 cents per pound Monday. On Sept. 16 these 8 to 12 pound pork loins were quoted at 53 to 55 cents per pound there at wholesale meat levels.

LAMBS ADVANCE 50c FOR ONLY BRIGHT SPOT MONDAY

Fat lambs of good and choice kinds sold for \$18 to \$20 at Ft. Worth Monday, on a strong to 50 cents higher market. They were the only class of livestock able to make an advance at the market that day. Feeders were strong at \$16.50 down. Old ewes

drew \$4.50 to \$5.50, and aged wethers \$8 to \$12. Yearling muttons sold around \$12 to \$15.50, some culls below that.

WYOMING SHEEP CHECKED INTO FT. WORTH YARDS

Two big truck loads of fine yearling bucks pulled into Ft. Worth late last week from near Cheyenne, Wyoming. They were halted here for feed and rest, enroute to New Orleans. The shipment will then take a plane and their new home will be on the range lands of Peru.

Their owners reported that the combined truck and plane trip was worked out not only because of the speed, but because it would be cheaper than a boat trip.

That's what they said!

Friends of Mrs. Annye Miller of the Rowden community will be glad to learn that she is much improved at the home of relatives in Ft. Worth. Mrs. Miller was moved from the Callahan County Hospital to Ft. Worth several weeks ago.

Mrs. M. C. McGowen visited Mrs. Helen Shaw in Ft. Worth last Friday. Dr. McGowen and Carol Lynn joined them Saturday and went to Dallas to attend the Fair.

Highlights and Sidelights FROM Your State CAPITOL

By VERN SANFORD
Texas Press Association

Speculation is running high that both Gov. Allan Shivers and U. S. Senator Lyndon B. Johnson will have leading roles in the selection of the next Democratic presidential nominee.

Both have denied participation in any movement for a Southern coalition to block re-nomination of Adlai Stevenson.

Johnson denies that he is heading up a coalition. Nomination is up to the delegates, he said, and he will support whoever wins out. And, he is not a "conservative," the senator stressed, but a "moderate."

Johnson, before his heart attack last summer, was considered a likely future contender for presidential nomination. Some believe, should he regain his health sufficiently, he again will enter the picture.

Gov. Shivers, at the conclusion of the Southern Governors Conference, took a slightly different approach. He said he will vote for the presidential candidate "I think is best for the future of my country, and I hope the Democrats can produce that man." He also said he knew nothing of a drive for Southern control.

DAC vs. DSE

Texas has two Democratic organization drives, highly competitive, under way. Selection of Lt. Gov. Ben Ramsey as a harmony-unity choice for Democratic State Committeeman so far has not reduced the competition.

Leaders of the Texas Democratic Advisory Council, set up by Speaker Sam Rayburn, say they plan to carry on organizational and money-raising efforts. This liberal group, organized to "carry on the functions of national committeeman" during the years Wright Morrow was barred from the seat, has raised money the past four years for the national party. It now is busy organizing for control of presidential conventions next year.

On the other side of the picture is the Democratic State Executive Committee, conservative pro-Shivers organization. DSE also is carrying on organizational and money-raising efforts and has no intention of stopping, according to State Chairman George W. Sandlin.

A DAC meeting is scheduled for Nov. 4, to select a leader to replace Navarro County Judge Jim Sewell.

Outside observers have suggested a connection between the resignation of Sewell from the liberal group and the ousting by conservatives of Wright Morrow. It is part of an over-all effort, they hint, to rid both groups of extreme left and right-wingers and merge Democratic party factions for a strong voice in national affairs.

Third Shot Necessary
Officials of the State Health Department have declared that three Salk polio shots are necessary for maximum protection against crippling effects of polio.

Children who have had two shots should have the third

"booster shot" early in the Spring of 1956, the Department urged.

In answer to a series of questions, the Health Department explained that it is not known at present exactly how long protection from three Salk shots will last. Experts now estimate protection at about two and one-half years. Perhaps after that time, booster shots again will be advised.

Persons who already have recovered from polio also should have the shots, the Department said. There are three types of polio. Having a case of one type will not set up immunity against the other two. The Salk vaccine is aimed at giving immunity to all three types.

Only nine Texas children have been stricken with paralytic polio despite Salk inoculations, Dr. Henry A. Holle, state health commissioner announced. The nine cases were among 473,830 vaccinated children.

UT Entrance Exam Approved
Beginning next fall the University of Texas will admit students on the basis of aptitude test scores.

Tests are to be given probably three times a year, without cost to the applicant, at centers throughout the state.

Rapidly increasing enrollment necessitated tests to eliminate students who will be unsuccessful, the Board of Regents stated. Anti-Crime Strategy Outlined
A multi-fold educational program to reduce crime in Texas was proposed at an Austin conference of three law enforcement groups.

Suggestions included (1) greater publicity on the cost of crime, (2) establishment of a four-year college course in criminology, and (3) education of youngsters by a touring "crimemobile" equipped with latest detection devices.

Participants were the Texas Law Enforcement Foundation, the Attorney General's Citizens Committee on Law Enforcement

Booby Prize Stolen
Last year Austin received the "booby prize" in the Safe Driving Day contest. Award was a dented fender which was displayed — but not proudly — on the city hall lawn.

Painted on the fender in white was "Awarded to Austin, Texas for Last Place in the First Annual Safety Bowl."

Theft of the "prize" was discovered last week when preliminary work began on the upcoming S-D Day. Nobody knows who took it or when. "We never were too happy about getting that thing in the first place," said Captain Bob Miles of the City Police Department. "We didn't keep up with it very closely."

SHORT SNORTS: Amar Nandi, of Calcutta, India, on tour as a guest of the U. S. State Department, visited in Austin last week. He is assistant editor of India's largest newspaper. Only 36 years of age, Nandi spent nine years of his life in prison or in hiding during India's struggle for independence.

Veterans land program profits of \$7 to \$8 million within 10 years and \$40 million after 40 years were predicted by Land Commr. J. Earl Rudder. Restored confidence and better laws will bring about the gains, he said. Mail Christmas packages to military personnel overseas not later than Nov. 15. Austin Postmaster O. N. Bruck has urged. Even earlier mailing for personnel in Japan, Korea and the Pacific was suggested. Sen. Jimmy Phillips of Angleton said future veterans land inquiries will be hindered by complete overturn of the investigating committee. It's unusual for the coach to put in a completely new team after you have driven from the shadow of your own goal posts to the opposition's 10-yard line," he said.

Pamphlet For Pack Wrapping Available

Helpful facts about wrapping and shipping packages are contained in a well illustrated pamphlet "Packaging and Wrapping Parcels for Mailing" available free at the Baird Post Office October 15, 1955. Postmaster J. Brice Jones announced today.

A new publication excerpted from the Postal Manual, this pamphlet describes the types and sizes of cartons best suited for outer and inner shipping containers; gives details for the internal protection for goods being shipped; lists hints on wrapping china, stemware, framed pictures, books, and other goods; and gives instructions for marking various types of parcels to insure the quickest possible delivery.

Written instructions are highlighted by numerous illustrations showing how to wrap and tie packages securely. Drawings of various types of containers and boxes and the best way to use protective material to guard goods against breakage are also used.

"If used in conjunction with the free pamphlet, "Domestic Postage Rates and Fees," issued a few months ago, this pamphlet should answer practically all questions any user of the mails might have on fees, rates, special services, and protection of parcels in transit," Mr. Jones commented.

The postmaster emphasized that much of the delay in delivery of parcels, particularly at Christmas, and most of the damage enroute is due to lack of knowledge of basic rules to follow in mailing packages.

VISIT YOUR SCHOOLS

during

AMERICAN EDUCATION WEEK

NOVEMBER 6-12

Isn't it natural to want to spend a little time with the people who spend most of their time with your children? Isn't a first-hand knowledge of your schools worth while? Especially in these difficult years of swiftly rising enrollments—when teachers, principals, and school boards deserve the active interest and support of every citizen.

One of the best ways to learn about schools—their programs and their problems—is through local community conferences on education. If one is held in your community during American Education Week, be sure to attend. The work you do for better schools is your investment in America.

American Education Week has become an annual community custom across the nation. This year, the 35th annual observance, some 20 million Americans will visit their local schools during the second week in November. Shall we see you then?
