TREACHERY IN **NORWAY AIDED GERMAN COUP**

STOCKHOLM, Sweden, April 6.-Information from United Press correspondents, refugees and neutral travelers from Norway today indicated the extent to well as armed force-played a part in Germany's invasion of Norway.

Out of confusing and conflicting reports emerged the outline of Adolf Hitler's methods in under mining or crippling or eliminating Norwegian defense at many points by obtaining the cooperation of Norwegian officials.

It was difficult to determine from these reports how much of the betrayal was due to coopera tion of key commanders with the Germans and now much arose from faked or misleading orders which deceived the Norwegian armed forces. The Norwegian comanders in some instances were bombardment while their own central defense system was in such chaos that opposition to the invader might have been foolhar-
