## FLIER RESERVE TO BE FORMED IN CALIFORNIA

By David N. Johnson  
United Press Staff Correspondent  
SACRAMENTO, Cal. — The  
arm of national defense is  
reaching out to include on a vol-  
untary basis—the 8,500 certified  
private and commercial air-  
plane pilots in California.

Brig.-Gen. J. O. Donovan, state  
adjutant, has announced the for-  
mation of a Civilian Air Reserve  
to include competent pilots who  
are not serving in the military  
forces.

The air reserve will work in  
conjunction with the state guard,  
which is taking the place of na-  
tional guardsmen mustered into  
the regular army. Duties of the  
reserve will be communication and  
control in time of war or of emer-  
gency calling into action the arm-  
ed forces.

Donovan explained that both  
light and heavy private planes are  
being recognized as a valuable ad-  
junct to defense of homes and re-  
sources in time of emergency.  
Furthermore, he says, formation  
of the air reserve will prevent a  
waste of aerial talent which could  
be used to greater advantage in  
actual flying than in ground  
duties.

**Various Duties Suggested**  
The air reserve, according to  
plans announced by Donovan, will  
be called upon to handle com-  
munications involving the carry-  
ing of dispatches, men, or ma-  
terial between stricken areas or  
to assist in emergency, patrol  
the coast line, power lines, and  
roads, and for aerial ambulance  
work.

Its organization will be along  
military lines, and it is not neces-  
sary, he declared, for pilots to  
own their own planes. "Some of  
the best private pilots," he said,  
are young men or students who  
have been graduated from a gov-  
ernment pilot training course but  
do not own their own machines."

Many of these pilots as well as  
older men do not measure up to  
present military requirements be-  
cause of physical condition or  
other reasons which nevertheless  
do not interfere with their gen-  
eral competency, it was pointed  
out.

Their utilization as air reserve-  
men, Donovan said, doubtless  
would spare military machines and  
personnel for urgent duties else-  
where. He added that "intelligent"  
operation between such a reserve  
and the military air force would  
bring about full utilization of  
the state's vast flying re-  
sources.

**Light Planes Stressed**  
Donovan, a World War flier,  
said that light planes are of par-  
ticular value due to their ability  
to land and take off on rough  
ground and within a narrow  
space. Larger and faster ships, he  
said, could not avail themselves  
of many "natural" landing fields  
which are found in the state.

Furthermore, Donovan insisted,  
formation of the air reserve will  
prevent the occurrence of what he  
called would be a "major tragedy"  
in the lives of many private pilots,  
namely, being grounded in war  
time.

He said the air reserve would  
be intended for combat duties,  
and granted that use of light  
planes for combat purposes of a  
natural nature is not impossible.  
Donovan recalled that prior to  
the collapse of the French armies,  
light planes were used by the  
army to "spot" artillery fire, di-  
recting the efforts of the gunners  
observing and reporting range  
and results.

Donovan said that in actual  
combat, mortality of light planes  
themselves might be great, but  
that out that most such ships  
are less than a good-sized artil-  
lery shell.

## County Farmers To Grow Tenmarg Wheat

Several farmers living in the  
vicinity of Denton are planning to  
plant wheat crops which were  
developed with Tenmarg wheat, a  
highly bred up by the Denton  
Experiment Station and noted for  
quality and high yield. They  
said their seed wheat from Walter  
Duncan of Staff who obtained  
the certified seed last year from  
Denton station. Duncan grew  
seed last year on clean land  
carefully culled out all effe-  
ctive plants.

Some of those growing the  
seed this year besides Duncan  
are: Allen Crosby, Chester Hender-  
son, Edna Echols, W. S. McGaha,  
R. C. Faves.

## Feted in Fruit

It's almost unbelievable but this  
eyelet from Hollywood, Marjorie  
Woodworth, was barraged with  
overripe fruit by rowdy Harvard  
boys when she arrived in those  
classic precincts to be honor guest  
at Harvard Lampon spring  
dance. Lampon editors blame  
Harvard Crimson journalists.

## County Dairymen To Feature Cow Feeding In Program

The program which is being  
planned and sponsored by the  
Eastland County Dairymen's As-  
sociation and which will be held  
in the school gymnasium at Gor-  
man on Tuesday night, June 3  
will feature economical feeding  
of dairy cows, according to Coun-  
ty Agent Cook, who is making ar-  
rangements to have Mr. E. R. Eu-  
daly, Extension Dairymen present  
to tell about dairy feeding.

The county agent has pointed  
out that the production of milk by  
dairy cows in Eastland county can  
probably be increased at least fifty  
percent by proper feeding and the  
outlook for prices of dairy  
products is good. The U. S. Gov-  
ernment is urging an increase in  
milk production to supply de-  
mands in the United States and  
countries being fed by the Amer-  
ican farmer. Proper feeding is  
the quickest way to increase our  
present production.

Motion pictures of some of the  
outstanding dairy cattle in East-  
land county and the state will also  
be shown during the program.

## M. McCarthy To Go With Treasury On Publicity Job

Milburn McCarthy, Jr., who for  
the past two or more years has  
been connected with an advertis-  
ing firm in New York City, has  
been called to Washington, D. C.  
by the U. S. Treasury Department  
to handle the publicity on Defense  
Savings bonds. He enters upon his  
new duties next Monday.

Milburn, son of Milburn McCar-  
thy, Sr., of Eastland, is a graduate  
of Eastland High School, having  
graduated with highest honors in  
the class of 1930. He later at-  
tended school in Mexico City and  
Washington, D. C., and graduated  
from Dartmouth University, Han-  
over, N. H., in 1935. Here, like  
other places where he attended  
school, he took highest honors.

While attending school in East-  
land, Milburn delivered papers for  
the Eastland Daily Telegram and  
when he was attending Dart-  
mouth he served as managing edi-  
tor of the Dartmouth Daily and  
the last year in that school han-  
dled the circulation of the New  
York Herald-Tribune. When he  
finished at Dartmouth the Herald-  
Tribune had a position awaiting  
him on their staff. From the Her-  
ald-Tribune he went to the New  
Yorker, a magazine of New York  
City, as a member of that publi-  
cation's editorial staff, and from  
the New Yorker went with Steve  
Hannagan, Inc., an advertising  
and publicity service.

During Governor Al Smith's  
campaign for president, McCarthy,  
who had served as a page in the  
State Legislature at Austin and in  
the national congress, was select-  
ed by Governor Smith's organiza-  
tion to be the governor's personal  
page and accompanied him on his  
speaking tours over the nation.

Young McCarthy, not only has  
succeeded at everything he has  
yet undertaken, but has always  
finished the job undertaken at the  
top and with highest honors. In  
tennis and golf he rates along  
with the highest among non-pro-  
fessionals. He has a wide person-  
al acquaintance with the leaders  
throughout the country in virtu-  
ally every line of endeavor.

People of Eastland and Ranger  
will recall that McCarthy visited  
here last December, spending a  
week or ten days here.

## Gorman Boy Wins 4-H Club Trip To Chicago Meet

L. V. Mauney of the Gorman  
4-H Club, won the sectional a-  
ward in the crop enterprise phase  
of the National Farm Accounting  
Contest, which gives him a free  
trip to the 20th National 4-H Club  
Congress to be held at Chicago,  
beginning around Thanksgiving.

L. V. is seventeen years old,  
likes to farm, has been in 4-H  
Club work since 1937 and is one  
of the outstanding 4-H Club boys  
in the county. He has used peas-  
ants as his demonstration every  
year he has been enrolled in club  
work and has made a nice profit  
on every crop planted.

In L. V.'s community, during the  
period 1938-40 the average pro-  
duction of peanuts per acre was 16  
bushels. During that same period  
L. V. was able to produce 56 bush-  
els per acre. On the 1 1/2 acres he  
has devoted to peanuts he has  
averaged making a net income of  
over \$65.00. His increase in yield  
was due chiefly to good prepara-  
tion of seed bed, clean cultivation,  
and the use of fertilizers. This  
year L. V. is using Nitrogen In-  
jector on his demonstration and  
is keeping his records in "The  
Texas Farm Record Book," which  
is recommended and published by  
A&M College.

Last year L. V. was judged the  
most outstanding 4-H club boy in  
Eastland county and won the  
County Achievement Award. L. V.  
is setting a good example for  
all farmers in Eastland county  
and always tries to use the mod-  
ern practices of farming.

## Senate Overrides An O'Daniel Veto Of Appropriation

AUSTIN, May 21.—For the  
first time in the present session  
of the Texas Legislature, Gov.  
O'Daniel's veto of a bill was over-  
ruled today.

The senate voted to place in ef-  
fect, despite a veto by Gov. O'  
Daniel, an appropriation of ap-  
proximately \$30,000 for enforce-  
ment of liquor laws around mili-  
tary camps in the state.

The action followed passage of  
a bill to set up a rice development  
commission and to promote use  
and sale of rice.

## Captain Jimmy Climbs in China

Capt. James Roosevelt of the U. S. Marines and eldest son of the President climbs the 382 steps from Chungking airport to streets of Chinese capital. He stopped en route to Egypt on military mission.

## Alameda 4-H Club Very Active One

According to Wanda Myrick,  
secretary-treasurer of the Ala-  
ameda Girls 4-H Club, her club  
members will miss very few of  
the summer activities planned for  
4-H Club girls of Eastland county.  
Wanda says that it isn't hard  
to raise money if you really want  
to do it. With their sponsor, Mrs.  
S. R. Rogers, her club is ready to  
send a delegate to the A. & M.  
short course in July. The whole  
club plans to make the summer  
trip to Galveston in June from  
funds raised through their club  
work.

Members of the Alameda 4-H  
club are: Mary Jean Ferrell,  
president; Ethel Perrin, vice  
president; Wanda Myrick, secre-  
tary-treasurer; Mary Alene Fon-  
ville, Colleen Gentry, Betty Lou  
Jones, Gloria Sullivan, Billie Rae  
Meeke, Daraveilla Pilgrin and Jean  
Austin. Mrs. S. R. Rogers is the  
sponsor.

## Women of Britain Find Rations Are Means of Reducing

LONDON. — Women who for  
years have been trying to find a  
diet which would reduce those un-  
wanted bulges have discovered  
that rationing is the ideal thing.  
Many women are regaining slim  
lines they thought had gone for-  
ever.

They are not only getting slin-  
ner, but also fitter, as is gener-  
ally agreed by medical men, factory  
welfare officers and dietitians.  
People now are in a better state  
of health than they were before  
the war, and many older people  
who suffered in health during the  
last war say that they feel much  
fitter in this one.

## One Strike Ended But One Continues

The Hudson Motor Company  
and the United Automobile Work-  
ers accepted, today, a proposal to  
end the six-day strike in the com-  
pany's plants. The company has  
been working on more than \$50-  
000,000 in defense contract or-  
ders.

## Hairy Vetch Grows Well In This County

Hairy vetch, a winter legume,  
is making satisfactory growth in  
small acreage in several parts of  
Eastland county, according to  
County Agent Elmo V. Cook, who  
has been cooperating with grow-  
ers in demonstrating its value as  
a soil builder.

In some places the vetch is re-  
ported to be knee deep and still  
growing. Robert Tucker of Pleas-  
ant Hill community has several ac-  
res he is planning to harvest for  
seed and a larger field planted  
with oats to be turned under for  
soil building. Idu Echols of the  
Staff Community also has several  
acres of vetch making excellent  
growth.

Most of the acreages planted to  
vetch have been fertilized with su-  
perphosphate.

## SPRING LETTUCE PROFITABLE

By United Press  
PHOENIX, Ariz. — Arizona's  
spring lettuce deal netted \$4,500-  
000 and totaled 10,000 cars, ac-  
cording to the federal-state mar-  
ket news service.

## A RESOLUTION

WHEREAS, the British people are now waging  
the greatest war in history, for the purpose of  
preserving democracy and the free way of living, and,

WHEREAS, the civilian population of all England,  
and particularly those residing in the City of London  
have been constantly bombed and harassed by enemy  
bombers, making their living conditions uncertain  
and their welfare a matter of great concern, and,

WHEREAS, these people are carrying on bravely,  
in order that they, and all other free people of the  
earth might survive, and,

WHEREAS, we, the Citizens of Ranger, being true  
Americans, and being in sympathy with the cause of  
freedom, not only at home but throughout the world,  
and,

WHEREAS, we believe that everything possible  
should be done for these brave, deserving and self-  
sacrificing people,

NOW, THEREFORE, I, Hall Walker, Mayor of  
Ranger, do hereby endorse and commend the efforts  
of the British War Relief Society, Inc., and the work  
it is doing in the cause of humanity, and call upon the  
people of the City of Ranger to do everything in their  
power to aid in the great fight for freedom and de-  
mocracy by giving of their time, their effort and their  
money to enable the British people to carry on in their  
greatest trial in history.

(SIGNED)

HALL WALKER,  
Mayor of Ranger.

## MRS. BOBO IS NAMED HEAD OF RELIEF GROUP

At an organization meeting of  
the local branch of the British  
War Relief Society, Inc., held in  
the Chamber of Commerce offices  
Tuesday afternoon, Mrs. Charles  
Bobo was elected permanent chair-  
man.

Mrs. Bobo presided at the  
meeting, and outlined the objec-  
tives of the organization, and ap-  
pointed a number of committees  
to aid in the work of securing  
money and clothing to aid the  
British civilians in their time of  
need.

Pleas E. Moore was named as  
treasurer of the organization and  
all funds collected will be turned  
in to him to be forwarded to na-  
tional headquarters, through pre-  
scribed channels.

Committees named by Mrs. Bo-  
bo included:

Sales of emblems—Mrs. E. H.  
Hansford.

Knitting—Mrs. L. H. Flewilen.  
Publicity—Mrs. Blanche Mur-  
phy.

Checking—Mrs. Lula Riddle,  
Mrs. K. C. Jones and Mrs. Beulah  
Harrison.

Packing—George A. Murphy,  
First Baptist Church—Mrs. R.  
H. Hodges, T. J. Anderson and  
Lloyd L. Bruce.

First Methodist Church—Mrs.  
Be Griffin, Mrs. A. J. Ratliff, A.  
E. Crawley and A. N. Larson.

First Christian Church—Mrs.  
J. C. Carothers.

Church of Christ—J. E. Me-  
ronney and Mrs. G. C. Love.

Presbyterian Church—Mrs. J.  
J. Kelly.

St. Rita's Catholic Church—  
Mrs. George Fenzler.

Episcopal Church—Mrs. G. D.  
Chastain.

Lions Club—Colonel Brashier.  
Rotary Club—W. F. Cragger.

American Legion—M. M. Dut-  
ton.

Elks Club—W. A. Leith.  
Masonic Lodge—Odell Cole.

Eastern Star—Mrs. B. E. Rig-  
by.

New Era Club—Mrs. E. R.  
Green.

1920 Club—Mrs. M. H. Haga-  
man.

M. Kaykendall.

Child Welfare Club—Mrs. Stan-  
ley McAnelly.

American Legion Auxiliary—  
Mrs. R. H. Hansford and Mrs. L.  
R. Herring.

The committees are to secure  
donations in the form of money,  
clothing or other things that can  
be used to alleviate suffering and  
need in England, and the work  
being done by the society does not  
in any way conflict with work be-  
ing done by the Red Cross or  
other similar organizations, it was  
stated by Mrs. Bobo in outlining  
the duties of the various com-  
mittees.

Johnson Fast Motor Lines will  
transport all clothing received,  
free of charge, the clothing to be  
collected in Ranger, sent to Abi-  
lene and from there to the general  
distribution headquarters in New  
York.

## County Agent Is To Give Abilene Radio Program

County Agent Elmo V. Cook  
has announced that he will pre-  
sent a talk with a successful farm-  
er over radio station KRBC, Abi-  
lene at 3:15 p. m., Wednesday,  
May 21. The successful farmer is  
Ed Castleberry of the Yellow  
Mound community and the talk  
will bring out how and why Mr.  
Castleberry, with the help of Mrs.  
Castleberry, has made a success  
of livestock farming on their 360  
acre farm. The program is one  
of several that Cook is presenting  
over this station to recognize ach-  
ievements of some of the leading  
farmers of the county. He pre-  
sented a similar program with J.  
D. Inabnet of Pioneer on Wednes-  
day, April 9.

## Private Can't Pay Big Laundry Bill

CAMP BOWIE, Tex.—Private  
Robert E. McCain of San Benito  
has a unique problem.

Following a recent alert Mc-  
Cain failed to take his barracks  
bag from the supply room on his  
return to the company area. The  
laundry called shortly afterward,  
picked up McCain's bag, whisked  
it away to Dallas. Twenty-seven  
pounds of laundry, including mos-  
quito netting, a uniform and even  
a pair of shoes, came back a few  
days later. McCain is still won-  
dering how he'll pay the bill.

## GERMANS CONTINUE TO LAND REINFORCEMENTS ON STRATEGIC ISLAND

### Mary Churchill ... and Fiance?

English society circles hear Mary  
Churchill, 18, youngest daughter  
of Britain's prime minister, will  
marry Lord Duncannon, 28, son  
of the Earl of Bessborough, for-  
mer governor-general of Canada.

## Vehicle Taxes As Road Fund Only Is Being Urged

By Bernard Crandell  
United Press Staff Correspondent  
DETROIT—More than 20 states  
are considering constitutional  
amendments to prevent use of mo-  
tor vehicle taxes for anything ex-  
cept road purposes, the American  
Automobile Association reports.

Eleven states have adopted  
similar amendments "by large ma-  
jorities" in previous elections, the  
AAA said.

Road purposes should be inter-  
preted to include administration,  
construction, reconstruction, main-  
tenance, highway safety and su-  
pervision activities, and protection  
and development of areas adjoin-  
ing the right-of-ways, the AAA  
believes.

The association is seeking to de-  
velop legislative programs to pro-  
tect the nation's roadsides in the  
interests of health, safety and ap-  
pearance.

It suggests a method of road-  
side "zoning" by state planning  
commissions or highway commis-  
sioners which would authorize es-  
tablishment of "highway protec-  
tive strips" not more than 1,000  
feet wide on each side of the  
highway. After public hearings the  
commission would separate the  
strips into districts such as resi-  
dential, roadside service, business,  
industrial, etc.

The commission would be au-  
thorized to regulate location and  
the uses of buildings and land  
within the protective strips. Any  
person aggrieved by such action  
might appeal to the courts.

Many states also are proposing  
new systems of license and reg-  
istration fees. California legisla-  
tors, for instance would impose  
an annual tax of 1 1/2 per cent of  
the actual market value of the  
vehicle, in lieu of all other taxes.

Three per cent of the proceeds  
would go for administration, an  
unspecified sum to meet five out-  
standing bond issues, and of the  
remainder, 40 per cent to counties  
and cities for traffic law enforce-  
ment, 40 per cent to counties and  
cities for any use whatsoever, and  
20 per cent to the general fund.

## A & M RADIO PROGRAM

A radio program telling of the  
operations of the Southwestern  
Peanut Growers' association since  
its organization in 1937 will be  
given over the A and M farm pro-  
gram network at 6:15 a. m. Tues-  
day, May 27. The program will  
be presented in a dialogue by W.  
I. Glass, District Agent, Exten-  
sion Service and Elmo V. Cook,  
Eastland county agent.

Adolf Hitler's air war, aided  
perhaps by naval units, poured  
reinforcements into the spreading  
battle of Crete today and Prime  
Minister Winston Churchill of  
Great Britain warned that the  
struggle for the strategic Medi-  
terranean island was intensifying.

Involving parachute, glider and  
air transport troops—estimated at  
between 8,500 and 11,500 men—  
attacked Suda Bay on the north  
coast of Crete today, penetrating  
the outskirts of Canea, near the  
bay, before they were "accounted  
for," according to British reports.

Late Tuesday night, Churchill  
reported, the situation was "in  
hand" but the Germans apparent-  
ly are still being reinforced and  
fighting continued fiercely.

The German "army from the  
sky," supported by constant at-  
tacks by Nazi dive bombers, was  
seeking to knock out the British  
defense and pave the way for air  
transports and gliders which fol-  
lowed.

Many air transports were re-  
ported to have crashed in attempt-  
ing a landing on the island, pres-  
umably because of lack of air  
bases.

Churchill repeated that charges  
that the Nazi parachutists wore  
New Zealand and British battle  
uniforms but did not mention un-  
official British reports that some  
enemy ships had broken through  
the British naval screen and land-  
ed reinforcements by sea.

In Berlin Germany merely said  
that they had formidable forces in  
Crete and had occupied "import-  
ant" points.

Meanwhile the British announ-  
ced Italian surrender in Ethiopia  
had been completed with the for-  
mal surrender of the Duke of  
Aosta, supreme commander, five  
generals, a number of staff offi-  
cers and between 18,000 and 19-  
000 men.

Fighting continued in Southern  
Ethiopia, but British forces were  
said to be closing in on them rap-  
idly.

There was patrol action on the  
Western Egyptian front, and in  
Iraq the British reported that  
they were consolidating their  
positions after advancing to within  
35 miles of Baghdad.

## Three County Boys Win Honors At A Dairy Day Judging

The first three winners in dairy  
cattle judging at Stephenville  
Tuesday, at which eight counties  
were represented by Future Farm-  
ers of America, were from East-  
land County, it was announced  
here today.

Clifton Beck of Morton Valley  
won first place in the judging at  
the annual Dairy Day, while Wil-  
lie Campbell of Ranger and John  
Potter of Cisco tied for second  
place. Campbell and Potter scored  
355 points out of a possible 400.

Two other Ranger FFA boys,  
Noel Dabbs and Melvin Harbin,  
scored 325 points, although this  
was the first time they had made  
a trip to a dairy cattle judging  
contest.

Other boys from Ranger who  
attended, accompanied by Charles  
H. Bell, vocational agricultural  
teacher of Ranger, were Gail Er-  
vin, Bob Barker, Byron Gordon  
and Donald Ward.

## Rains Continue In Much of the State

Heavy showers continued to  
drench a portion of Texas today  
after thunderstorms blanketed  
the state last night, filling streams  
and battering West Texas wheat  
fields.

High winds, which accompanied  
the rain in many sections of West  
Texas, was reported today to have  
done considerable damage to  
small grain crops in many areas.

## U. S. Is Asked To Withdraw Envoy In City of Paris

WASHINGTON, May 21.—The  
German foreign office yesterday  
requested the United States to  
withdraw its diplomatic repre-  
sentative from Paris, the state de-  
partment revealed today.

In explanation of the request  
Berlin is said to have maintained  
that Paris is considered to be in  
the "zone of extended operations."

They That Take the Sword . . .

It is doubtful if any leadership, giving the command for the first shot of an aggressive war, ever envisions a long-drawn and bitter combat. Naturally, the aggressor believes himself vastly superior, or he would not start the fight at all. He conjures up a pleasant picture of a short, snappy campaign in which the enemy is vanquished with a minimum of casualties, his objective is attained, and the whole nasty business wrapped up and delivered on schedule.

Such a war was the Franco-Prussian war of 1870—a single month's campaigning, from Aug. 2 to Sept. 2, complete victory, finish. Bismarck had ever reason to be satisfied with that one.

But it doesn't often work out that way. All too often, he who draws the sword expecting quick and easy victory, lets loose forces he never expected to see unleashed. Thus Japan, still referring to the "China incident" after four years of bitter and exhausting warfare on the grand scale, is using the term it expected would apply. Probably only an "incident" was planned—a quick sweep which would defeat the Chinese military, throw the country into chaos, out of which Japan would raise a puppet state to administer in her own interest as much of China as pleased her. She roused instead the sleeping dragon, created a new China, and has not yet seen the end of the difficulties which may stem from what was intended to be an "incident."

So Germany, Hitler had ample reason to expect that a quick surgical operation could be performed on Poland, with Russia holding fast the other end of the scissors and the rest of Europe paralyzed into inaction. Instead the British and French rose in defense of Poland, and conquest has had to follow conquest in an endless succession, with the war which started so modestly with the obliteration of Poland, spreading wider and wider across the earth, with no foreseeable end.

Perhaps it is thoughts like that which filled the mind of Rudolf Hess, and caused him to view with blank dismay the consequences to European civilization of what was probably thought of two years ago as "the Polish incident."

Perhaps Hess thought too often of those terrible words: "Put up again thy sword into his place; for all they that take the sword shall perish with the sword."

Perhaps Hess has thought too often of that other time, only 20 years ago, when Germany started swinging the sword, and perished with it.

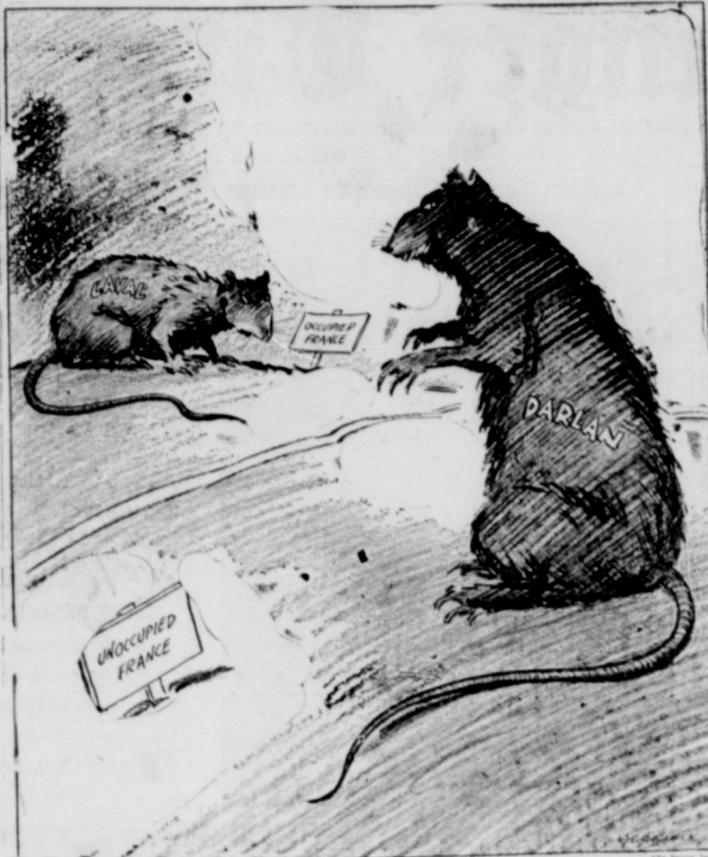

Perhaps he saw a vision of a long, long road to a European Gethsemane that was far different from the quick, flashing Blitzkrieg of 1939.

Perhaps the bright prospect of Rule by Germany became obscured by the dismal alternative of Ruin for all Europe.

Tire Opportunity Presented Now In 9 Current Sale

Anticipating the year's first new peak of tire buying, scheduling of the annual spring sale has just been announced by Frank Hicklin, local Goodyear dealer, who points out that the opportunity is timed to coincide with the beginning of what may be the country's biggest driving period in any year.

Present plan for sales dates covers the period from May 21 to 31 during the 10 days of which dealers nationally will feature the first line G-3 All Weather tread tire offered on a special trade-in deal, as well as the All-American in five popular sizes, attractively priced for the sale.

Backed by a written guarantee, these tires built with improved Superwax cord have increased body strength, the G-3 in actual tests having averaged 20 per cent longer tread wear than other first-line tires tested.

With rubber prices steady for the time being at least, despite a crucial international situation, now would be a logical time for those who need tires during the summer to make replacements on their cars in the opinion of Hicklin, especially since prices are lowered in a period when buying should be increasing because of a seasonal demand for new tires to provide safer motor car operation on crowded highways.

U. S. Navy In New Chesterfield Ads

Hollywood, take notice. The real sailors from Uncle Sam's Navy, featured in the first advertisement of the new Chesterfield cigarette schedule, could give America's screen heroes a run for their money.

The seamen, Coxswain Joseph Ellis Newton and Electrician's Mate Edward F. Hayward of the new great battleship U. S. S. North Carolina, were selected from 1000 men on the Receiving Ship Seattle, as typical of the high calibre of our U. S. Navy personnel.

Other advertisements of the new Chesterfield series are built around a foursome of goldfom's great — Grantland Rice, Sam Sneed, Jug McSpaden and Ed Oliver — and three motion picture stars, Jane Wyman, Betty Grable, and Ronald Reagan.

Pentecostal Church Will Have Services

Rev. B. A. Farrington of Los Angeles will be at the Rocky Point Pentecostal Church Thursday evening through Sunday, it was announced today.

Services will begin each evening at 8 o'clock, and the public is invited to attend.

THUNDERHEADS MAKE MOST OF THE NOISE AS WAR CLOUDS THICKEN OVER WASHINGTON

WASHINGTON—The spirit of war hangs over Washington with all the oppressive mugginess of a heat wave ready to break with a crash of lightning, a boom of thunder, a rush of wind and then a torrent of driving rain from a cloud-burst.

Official tempers are tense. Men in key positions are in a state of nervousness. The President cancels a regular semi-weekly press conference. Appointments in a day are days ahead are unkept.

Each new speech or utterance from a key man in the administration seems to edge a little closer to an inflammatory gesture. The chip on the shoulder is made just a little bigger with each braggadocio speech and anyone who will is dared to knock it off.

In Congress, the speeches of the hotheads grow daily more ill-considered and more provocative. They come to two climaxes. First, Speaker of the House Sam Rayburn rules that the dean of the House, Congressman Adolph J. Sabath, must withdraw from the records remarks made about a speech by Senator Burton J. Wheeler of Montana — charging that the President's policies were responsible for Adolf Hitler's destruction and enslavement of 14 small nations.

Second, the Senate is forced to wipe from its record a nasty exchange of remarks between Senators Claude Pepper of Florida

Just a Bit Personal . . .

Mrs. Coleman Brown is a pneumonia patient in the West Texas hospital.

Mrs. Lottie Davenport has returned from Pecos where she visited her son, Norman Davenport.

Mrs. L. C. Snyder of Springfield, Mo., is the guest of Mr. and Mrs. R. H. Snyder, Cherry St.

and Charles W. Tobey of New Hampshire over an asphalt contract for an army air field in Florida.

Oratorical screaming reaches new heights of incendiarism. "I am ready to give Japan one week, Jug McSpaden says," says the gentleman from Bentonville, Ark., Representative Clyde T. Ellis. "Upon her failure to do that we should begin at once the process of polishing her into insignificance." (Applause.)

As a sedative after that, the House votes \$20,000 to carve on an unfinished portion of the historical frieze in the rotunda of the Capitol, a design to depict the story of aviation.

Things seem normal for a moment until Good Neighbor Ham Fish of Dutchess county, N. Y., asserts: "I believe that practically every member of the cabinet is an interventionist. They have been trying to get us into the war for the last year and a half. . . . In the cabinet are three former Republicans. They are no more consistent architect-interventionists in America."

Senator Pepper, figuratively, wraps the flag around his shoulders as a toga and assumes the job of spokesman for the American people, declaring they're willing to "spill their blood" to crush Hitler. In reply, there comes from Senator Champ Clark of Missouri a timely reminder of those embarrassing words from the last campaign, the President's speech in Boston: "I have said this before, but I shall say it again and again. Your boys are not going to be sent into any foreign wars."

The country has come a long way from that in—yes, in less than six months. It seems years ago, but so swift has been this drift toward war that, whether or not the country was ever being led toward war, it now seems that we're being pushed.

Meteors Are Seen As Defense Aid

PHILADELPHIA.—A University of Pennsylvania astronomy professor has made a detailed study of meteors falling during the past 2,000 years which ultimately may prove of value in the present national defense program.

The report, made by Dr. Charles F. Olivier, director of the Flower and Cook Observatories, covered 1,136 meteors which have plunged to earth since as early as 32 B. C. Dr. Olivier couched thousands of texts and reports to produce the work.

After making a formal report before the American Philosophical Society, the scientist pointed out that "a more complete analysis" of the data might lead to some information of the upper atmosphere which would aid in the determination of how wind drifts affected projectiles fired to great heights.

German guns which bombarded Paris, he said, sent their projectiles through the meteor trains.

News Is Gathered In A Wheel Chair

CANBY, Ore.—George Nelson can't walk because his back is broken and can't use his paralyzed fingers on his typewriter keys but still he is an able county leg-man reporter for the Oregon City Enterprise.

A hundred friends contributed a dollar each the other day and bought Nelson a new electric wheel chair, with three balloon tires and powered by storage batteries. A turn of an electric switch takes him to ball games and events which he covers for the morning daily, published a dozen miles North of here.

He frequently uses a telephone which is rigged to his bed to send out news. He uses a typewriter, but not with his fingers. He pecks out the words with an old-fashioned hair curler with a rubber tip at the end.

Nelson, who is 23, was injured when he fell from a piling into the shallow Molalla river one hot

### Martha Dorcas Class To Have Luncheon

The Martha Dorcas Class of the First Methodist church will meet Thursday at 12:30 o'clock in the home of Mrs. Lillian Wolfe for a covered dish luncheon.

All members and prospective members are invited to attend.

### Miss Weekes, Mr. Faircloth Wed

Announcement has been made of the marriage of Miss Nellie Weekes, daughter of Mr. and Mrs. Frank Weekes, to Mr. S. S. Faircloth, Jr., son of Mr. and Mrs. S. S. Faircloth.

The ceremony was performed Sunday afternoon at 4:30 o'clock in the home of Rev. and Mrs. H. B. Johnson, with Rev. Johnson reading the marriage vows. The young couple was attended by Mr. and Mrs. Melvin Woods.

### Rebekahs Have Meeting

The regular meeting of the Rebekah Lodge No. 294 was held Tuesday evening at 8 o'clock in the I.O.O.F. hall with Lucille Wallace serving as noble grand.

Following the meeting which was attended by 21 members the degree team practiced. The penny prize was furnished by Rose West and won by Tom Fox.

It was announced at the meeting that an all-day meeting of the Happy Hour Club will be held Thursday in the home of Laura Melton. A covered dish lunch will be served at noon and all members are urged to attend.

### Golf Club Has Breakfast

The Ladies Golf Club of the Ranger Country Club was entertained Tuesday morning at 8:30 o'clock with a breakfast at the country club. The two course breakfast was served at a table centered with a rectangular arrangement of roses and carnations in charge of the decorations.

Following the breakfast a short business meeting was held and plans made for the bridge tournament which is to be held Friday, May 30. Committees appointed to arrange the affair are: tickets, Mrs. W. J. Van Bibber, Mrs. Brann Garner, and Fred Yonker; tables, Mrs. T. J. Powell and Mrs. Carl Heinlin; cards, Mrs. John Kinkle, Mrs. Mickey Sloan and Mrs. H. T. Schooley; food, Mrs. Eugene Baker, Mrs. Paul McDonald and Mrs. J. D. Johnson; hospitality, Mrs. A. N. Larson and Mrs. J. R. McLaughlin; dishes, Mrs. Hoyt Agnew and Mrs. O. L. Parrish.

Games of golf were enjoyed after the breakfast and a special event, "Bible Logey," was held with Mrs. Gene Yonker winning the prize.

Attending the affair were: Misses. Schooley, Fred Yonker, Gene Yonker, Brann Garner, G. C. McGowan, John Kinkle, R. H. Harrison, T. J. Powell, Carl Heinlin, W. J. Van Bibber, Paul McDonald, Eugene Baker, E. F. Latham, Joe Elliott, J. D. Johnson, Hoyt Agnew, J. D. Johnson, Walter Davis, Glenn West and Mrs. Mary Snyder of Springfield, Mo.

### Intermediate G. A. Meets

The Intermediate G. A. of the First Baptist Church held the weekly meeting Monday afternoon in the annex of the church. The president, Miss Louise Adkins, presided over the meeting which was opened with a short song service.

A short business meeting was held at which plans were made for a lawn party to be held next Monday afternoon at 3 o'clock at the home of Miss Adkins with the losing side in the recent membership contest serving as hostess.

On the program for the afternoon Misses Martha Lee Musick and Louise Adkins gave the first steps in becoming a G. A. Maiden. Mrs. Walter Davis, counselor, gave the devotional and Bible study, telling the story of "David, the Shepherd Boy of Bethlehem."

The young people's counselor, Mrs. T. J. Anderson, was a visitor to the meeting.

Members attending were: Louise Adkins, Martha Lee Musick, Fatsy Seymour, Helen Ames, Baby Bagwell, Jean Todd, Marie Lee Stiles, Betty Jean McGowan, Betty Lou Robinson, Geneva Dodd and Mrs. Davis.

### Royal Neighbors of America Meet

The Ranger Camp of the Royal Neighbors of America met for the regular meeting Monday evening at which there were 19 visitors from the Breckenridge Camp.

Candidates were initiated into the Ranger and Breckenridge Camps. Mrs. Katie Paschall was initiated into the Ranger camp and Misses. Onah Collins, Ruth Hay and Lida Williams into the Breckenridge camp.

At the meeting Mrs. Laura Todd served as Oracle, Mrs. Naomi Arterburn, vice oracle; Mrs. Clara Witt as chancellor and Mrs. Josephine Strickland, past chancellor. Mrs. Marguerite White of Breckenridge, a deputy, gave the obligation and Mrs. Myrtle Estes of Abilene gave the secret work.

Plans were made for the district convention which will be held in Breckenridge in October, and all members and friends were invited to attend the open house which will be held next Monday evening.

Music for the meeting was furnished by Mrs. Mae Peak of Eastland.

Refreshments were served to the following members and visitors:

## MOSES' CHOICE DISCUSSED AT REVIVAL HERE

Another splendid audience was in attendance at the revival meeting at the First Christian Church last night to hear the sermon on the subject, "The Choice of Moses."

Only three other services of the revival remain, as it will close with the service on Friday night, and the public is urged to attend these closing services each night at 8:15. "Our text this evening," said the evangelist, "is Hebrews 11:23-26, and introduces us to one of the greatest characters of history. All great nations have had their heroes; Greece had her Socrates; Italy her Garibaldi; Rome, her Caesar; England, her Wellington, and the U. S. A. had Washington. The ancient Israelites had their heroes; Abraham, Isaac, Jacob; Moses and others of these heroes, and our text gives us the real index to his greatness, this one decision shaped his whole later life.

Let us consider tonight what he declined. He was born an Israelite at a time when, on account of the rapid increase of that race, Pharaoh had issued an edict commanding all male children of Israel under two years of age be slain. His mother hid him in the bulrushes along the river Nile, and there the daughter of Pharaoh found him. He was brought up in the Egyptian court, and became a power among the Egyptians. As the adopted son of Pharaoh's daughter he was heir to the crown, and when he declined to longer be called the son of his back-up, he turned his back upon the throne of the nation then richest and most powerful.

He had, however, heartfelt principles, and the courage of his convictions to stand by those principles. He knew what was right, and had the manhood to do it. He looked beyond the immediate results; beyond the crumbling dynasties of Egypt; beyond the

Spencer, Gay Burton, Trevis Luby, Lily Mae Smith, Birdie Condon and Mrs. Pothoff, all of Breckenridge; Camp; also Mrs. Harbin and Mrs. Mae Peak of Eastland. The Ranger Camp members present were: Misses. Laura Todd, Carrie Henry, Julia Brown, Maudie Ellis, Mable Southers, Dorothy Gray, Leona Arterburn, Mary Johnson, Clara Witt, Letta Smith, Margerite Stevens, Zelma Williams, Lily Wilson, Pearl Childs, Laura Melton, Frances Butcher and Josephine Strickland.

fading crowns and vanishing glories of an earthly kingdom; beyond the sowing, to the harvest; beyond the beginning of life, to its end and its rewards. His decision was the turning point of his life, and shaped his whole later course. Without that decision he never would have grown to the greatness that became his, and would long since have been forgotten completely. Thus our decisions to follow Christ, and be obedient to His will, shapes our life for the high and holy and gives the promise of life eternal before God's throne. What will your decision be? Make that decision for Christ and Christianity, by accepting Him as your Lord and Savior."
