Call From General Wasn't Any Joke For A Lieutenant

By United Press
FORT SILL, Okla.— Recently Lieut. Travis E. Perrenot of San Antonio was in his quarters here when the telephone rang.
"This is General Allin," the

voice said over the wire. "I would like to have the limbs on some of my trees trimmed." Sensing a practical joke, Lieut, Perrenot quiped: "Quit your kidding because I am busy.'

Perrenot was pretty brusque about the whole thing because he "recognized" the voice of a fellow officer. After the voice on the phone kept insisting on the tree strategically-located airports in trimming, Perrenot said he would let the general talk to his maid.

The young officer closed the con-

versation with a defiant "phooey." Later Perrenet, worried, decided to call the general. When he heard the commanding officer's voice he had a sinking feeling so he hung up and rushed doublequick to the general's quarters and offered his apologies.

Those 'International Bankers'

Michael Edelstein is dead and buried. Does it seem late in the day to take note of that? The New York congressman died suddenly of a heart attack in the House' cloak-room immediately after making his last impassioned speech. The customary tributes were made by his colleagues, and it was duly noted that his last words were concerned with the essential equality of men and the love they have for freedom.

It would be unwarranted, no doubt, to imply that Edelstein died from the emotional strain of that last speech. He "should have died hereafter," like Lady Macbeth, and when the heart stops suddenly, no one has a formula to say how much was contributed by this word, that emotion, the other physical failure. No one can know whether the sting of the words of the speaker preceding him contributed much, or any, to his dying.

Edelstein is gone and can no longer dispute those words, It is so much more the duty of others to discuss them

They were the old, familiar, moth-eaten charge, hurled forth in the usual general terms, that "a litle group of "Addie in the kitchen?" our international Jewish bankers" has been trying to lead the United States toward war.

Putting Around The Country Club

By A Poor Putter

Well folks, after an absence of we weeks during which time we have been "puttern" around the tate, making the acquaintance of he various golf courses, tourist amps, cafe owners, garage mehanics, crazy drivers, chiggers and sunburn, we are glad to rearn to dear old Ranger and escially to the country club which ivals the best we saw and played nour travels.

During our absence great thing taken place in the golfing ld. The national open wa yed at Fort Worth and nun; is of our members were over watching the big shots. Co ade good again. For instance his old rival, DICK AMETIN. beating him 5 and 4 in the arter finals Saturday after on-then went on to the final Y BOLT of Abilene, 1 up, fo. her Ranger players who enter the Cisco tournament were R COLE, W. R. COLE, E. L. ORRIS, CHIEF WILLIAMS. DREINHOFFER and OACH JENNINGS.

But the big news was in FEL-TON BRASHIER shooting that hole-in-one on number seven. When one stops to think and remember that many of the world's best golfers have never made a hole-in-one. This feat stands out as all the more remarkable. But this time we claim our friend, FELTON is classed as a professional, for we understand the boys who were playing with him PAID to witness this hole in one.

In spite of the fact that Cisco was holding their tournament and some of our players were over there together with a number who were in the gallery, and also in spite of the hard rain Saturday morning. We had 30 play around Saturday afternoon. We see some out-of-town people on hand again—PETE ANDREWS, VIRGIL SEAPERRY and CHAS ELIAS of Eastland were over and J. R. STUART of Strawn was register-

Sunday we had our customary turnout, but missed some regular golfers who again either were playing at CISCO or went over to each matches—43 played Sunday, Many of which played both in the morning and afternoon.

Eleven were over from Eastland: TURNER, JACK COLLINS, SPINK HOWARD, BOB STEEL, J. W. LIGDON, PARKS POE, DON PARKER, C. J. OWENS, J. W. Harvey, JERRY RAILEY, and PETE ANDREWS, all being

registered from the county scat.

MR. and MRS. W. W. BAILEY
were down from Breckenridge,
and those regulars from Gorman
were again on hand, WADE
SMITH and EARL PITTMAN.

It has been announced that Wednesday of this week the ladies of the Oil Belt Golf association will hold their monthly meet at CISCO. Many from Ranger are expected to attend this event, which always proves to be of interest. MRS, GLEN WEST of Ranger is the president of the Ladies Oil Belt Golf association and will preside.

And now since we are back on the job you can expect to see more of the "puttern" and all the news from out the country club

the ROAD AHEAD

Old Man Texas is today looking ahead and planning.

Beside the great farming and ranching country which Texans have built, he sees a new industrial empire here.

Already the start has been made. Some industries, such as petroleum, are now showing what can be done to utilize Texas' vast natural resources. Today this industry refines with Texas labor over four-fifths as much oil as the State

produces. Its products make up nearly one-half of all Texas manufacturing. Altogether petroleum provides the living for almost one-sixth of our people.

But this is only a beginning.

Texas has many other raw materials, unexceeded by any other State. Texas has in oil and gas the cheap and dependable fuel supply essential to industry. Texas is the gateway to Latin America, our new foreign market.

Each new industry means more jobs

It makes added tax values for our State and local governments, bigger payrolls for our workers, and greater prosperity for you and every other Texan.

Society Notes

Royal Neighbors To Meet Tonight

The regular meeting of the Ranger Camp of the Royal Neighbors of America will be held this evening at 7:30 o'clock in the I.O.O.F. hall.

It was stated this evening that Mrs. Carrie Henry will be at the meeting to start plans for the dis trict meeting to be held in Breck-enridge, October 9, and it is very important that all members make their plans to attend.

Mr. and Mrs. Pricking To Convention

Mr. and Mrs. Elwood R. Priesing will leave tomorrow for Wichita Falls where they will attend the convention of the Texas Music Teachers Association. The convention will be concluded Thurs

While there Mr. Priesing and Dr. William E. Jones, director the Music department of T. S. (W., will represent the Texas As-Advisory Council of the State Department of Education.

With summer here we don't

need alcohol in the radiator and we never needed it in the driver.
